

Scurry County Times

AND SNYDER SIGNAL

VOLUME XXXIX

SNYDER, TEXAS, THURSDAY, OCTOBER 8, 1925

Number 18

THE TIMES-SIGNAL SIGNALS

As we understand it every branch of the government is in favor of economy so long as the other branches do the economizing.

If Uncle Sam wants to get rid of his \$2 bills he might try putting some of them on sale in Snyder at \$1.48 each.

Somebody is saying the short skirt is sensible. So it won't be long before the girls start wearing the long ones again.

Once upon a time a criminal lawyer was supposed to know the law. Now he has only to think up some new disease.

What does the Snyder man who never has anything much to do, do when he takes a vacation?

Experience is a very faithful and persevering teacher, but we've seen a lot of other teachers who made things a lot clearer.

It's easy to put up a bluff in a big city, but in a small town everybody knows the size of your over-draft.

Why is it that some Snyder people can't realize that whatever helps the town helps them as residents?

It soon will be Halloween and time for pop corn and cider if some way can be found to keep the tasty juice

from working. We understand that since his wife started in to learn to drive the car a certain Snyder man is thinking of having the back end of his garage hung on hinges.

According to business reports the country seems to be breaking records for orders. And according to police reports, breaking records for disorders.

The price of diamonds has gone up. Maybe diamonds are only trying to keep up with the price of eatables.

Conscience tells many a Snyder man when he's doing wrong, but lucky for him it doesn't tell the neighbors.

There might be fewer divorces if men were willing to let their wives have all the money as they are willing to let them have all the religion.

It used to be when a couple was married the neighbors wondered how big a family they would have. Now they wonder how long they'll live together.

We heard a fellow say yesterday that the reason some women around Snyder like a party line is so they can keep a line on the other party.

SNYDER SQUAD WALLOPED AGAIN.

The Snyder football squad received an unmerciful drubbing by the fast Sweetwater team here last Friday. Although our boys put up a pretty good fight, they seemed to lack that necessary strategy and skilled teamwork which is always an important essential in winning a game with a thoroughly trained team. One touchdown followed another in rapid succession by the visitors who were able to get away with the ball without interference. In fact, had such a fiasco been staged in Boston, the Sweetwater squad would have been arrested for cruelty to animals.

But things are going to be different in another week or two, we hope. Mr. Roberts, who has had charge of the team, has had so much work to do as teacher, he has not had the time to give the boys the work-outs and training they should have received. But a move is on foot to secure an assistant coach to work with Mr. Roberts in the matter of coaching our boys—and some good practice is all they need—and it is the general opinion that Snyder will soon have a winning team. Our boys are plucky, good fighters, and are willing to "stay right in there," but they need some more training as to how to make use of every point of advantage as well as how to create advantages. The people of Snyder are behind the team and the boys are going to do some effective practicing from now on.

ATTEND MASS MEETING TUESDAY EVENING.

Don't forget the mass meeting at the courthouse in this city Tuesday evening at 7:30. If you are interested in the educational welfare of the children of the Snyder independent district and in the future growth of Snyder you should, by all means, be present at this meeting. Our schools are facing a crisis, which must sooner or later be met face to face, and it is always better when possible to take precautionary steps and measures in cases of such vital importance as those that pertain to the welfare of the younger generation.

The school board is desirous that every patron in the Snyder school district be present at this meeting, as its members not only need suggestions from the patrons, but they do not care to assume so great a responsibility of solving the problems the board is now facing. It is your school, your children and your town, and it behooves you, dear parent, to be present at this meeting. Therefore, remember the place, the day and the hour of this meeting, and be there willing and ready to do your part in this most important matter.

Mrs. Mary S. Brown, district deputy of the O. E. S., has been looking after the Chapters on the Plains this week and establishing a Chapter at Brownfield.

SEE "THE LITTLE FRENCH GIRL."

A fine and truth-telling story from one of the greatest novels of the decade. Played by Alice Joyce, Neil Hamilton, Mary Brian, Esther Ralston and others.

There isn't a picture in Paramount's Second Famous group that is being awaited with as much eager interest by the general public as is "The Little French Girl."

The book by Anne Douglas Sedgwick is the best selling piece of fiction in America, sales up to this writing total 300,000 copies. Herbert Brenon, who made Peter Pan, has translated this wonderful story elaborately to the screen.

John Russell, author of "Where the Pavement Ends," wrote the play. The plot centers around a fascinating French divorcee and her beautiful young daughter.

Don't forget the date, Oct. 21st and 22nd. Palace Theatre.

LAYING CABLE FOR WHITE WAY.

The city dads are now having the cable laid preparatory to erecting the posts and lamps for the white way which will be built throughout the paved area of the city. Mayor Fritz R. Smith told a Times-Signal reporter Tuesday that the white way would probably be completed by January 1, although at this time the city council has taken no definite action in the matter except having received 10,000 feet of cable and that the work of laying it was already under way.

There is nothing that adds more to the beauty of a town or city than well-kept streets, parks and other public places, and nothing goes farther toward keeping such places attractive than plenty of well-arranged lights. Therefore, by all means, let's install the lights quickly as possible.

O. N. MANKIN BUYS PLUMBING BUSINESS.

O. N. Mankin has purchased the plumbing business of the O. L. Wilkerson Lumber Company. Mr. Mankin will continue to have his headquarters at the Wilkerson lumber yard.

HIGGINBOTHAM BROTHERS BIG FALL BARGAIN HARVEST.

Higginbotham Brothers' Big Bargain Harvest starts Saturday. This is an annual event with this popular store, and the buying public always watches for its announcement with great interest, because it is a period of real bargain buying. The prices made this year seem to be unusually low, especially in the face of rising markets. Times-Signal readers are requested to read carefully the big advertisement in this issue, and see for yourselves whether or not real bargains are being offered.

SNYDER UTILITIES MERGE WITH WEST TEXAS UTILITIES COMPANY.

Mr. Jno. W. Carpenter, vice-president of the Texas Power and Light Co., of Dallas, and Mr. L. J. Geer, president of the West Texas Electric Co., of Sweetwater, appeared before the city council of Snyder at their regular meeting Monday night with reference to getting a permit or franchise to do business in Snyder in electric power, light and heating.

They have contracted for the transfer of the property of the Snyder Utilities Company to their control and propose to have a high-line built into Snyder by Jan. 1st, when the actual transfer is to take place. The local plant is owned and operated by D. P. Yoder and E. J. Anderson who organized the present corporation in 1919, taking over the old Snyder Ice and Electric Company property and rebuilding and enlarging it to its present capacity. They have more than doubled the capacity of the plant in the last six years beside building a high-line to Hermleigh and giving that enterprising little town first-class electric service.

In addition to continuing the first-class service we have enjoyed under the present company's operation the new owners will be able to furnish power for ranges, bakeries, gins, oil mills, or any other industries regardless of their size. The high-line service will probably give slight reduction in all rates and material reduction in some. This being made possible by their enormous power houses scattered over the state and which are all connected together from San Antonio to Denison and Clarksville to Big Spring and north to Wichita Falls, with further connections in prospect. Thus Snyder becomes part of a gigantic power system with all the benefits that accrue to the towns and cities so tied together.

This is one of the biggest deals ever consummated in this city. The Snyder Utilities has one of the biggest and best independent plants in West Texas and has been giving its customers the very best of service. In fact, its owners have kept pace with the growth of Snyder and with the development of her trade territory by constantly adding larger and more modern equipment and by extending its lines not only over the entire city, but even into the adjacent communities, one line serving Hermleigh, a thriving little city eleven miles to the southeast, as already stated. They have also supported every issue tending to the upbuilding of the city and are in no small way responsible for some of the public enterprises our progressive little city now enjoys. It will, therefore, be good news to our readers to know that Messrs. Yoder and Anderson are to continue to be residents of Snyder and that they will continue to work for its future growth and development.

BERTRAM WORTHINGTON.

Mr. Seth Bertram and Miss Bertha Worthington, both of this city, were united in marriage at the home of Mr. Charles Noble in this city, Saturday, 7:30 p. m., Dr. I. R. Sparks officiating. These are two of Snyder's most worthy young people and are receiving hearty congratulations of their many friends with wishes of a long and prosperous life.

LOOKING AFTER HIS BEANS.

Mr. A. B. Campbell of the H. L. Davis Company, is looking after his bean crop in New Mexico this week. New Mexico it is said has the biggest bean crop it has had in its entire history, and some of the bean growers are going to "clean up" out there this year. In fact, New Mexico is fast coming to the front.

CHAMPION BOY COTTON PICKER.

Barney, the 9-year-old son of W. W. Merritt, 9 miles west of town, holds the honor so far for the champion cotton picker. Besides his youthfulness, Barney weighs only 58 pounds and has undergone two operations. Despite these handicaps, he picked 202 pounds Monday and quit before sundown. If your boy can beat Barney's record, send in or bring in his report.

WHO'LL GET THE AUTOMOBILES.

"Who'll get the Times-Signal's automobiles?" is a question that is now being asked on every public corner. But no one knows. No one has any idea. No one will know until the last ballots are counted. But one thing the Times-Signal management does know: Two persons are each going to be awarded a valuable gift Wednesday night, December 23. An \$810 Chevrolet and a \$615 Ford are well worth working for, especially when you are guaranteed a square deal.

There are several communities in the county in which there are no contestants. Some of these communities are thickly settled, and a live contestant from any one of those localities would stand an excellent chance of winning one of the cars. So, why not get into the race? Even if you should fail to win one of the cars, you will be paid a commission on all the cash you turn in, provided you get in and stay in until the close of the contest. So you see you will win even if you lose. You will be surprised to learn how easy it is to get renewals and new subscribers to the Times-Signal.

Get nominated at once, get your receipt book and go to work at odd hours. Your friends will be glad to help you if you only show a disposition to help yourself. Remember that if you nominate the winner of the Chevrolet you get \$50.00, and if you nominate the winner of the Ford, you get \$25.00. These prizes are worth the time it takes to fill out a "Nomination Blank," one of which you will find in our page ad in this issue.

JOSEPH A. MIDDLETON.

By Dr. I. J. Sparks.

Joseph Alexander Middleton was born in Madison County, Ala., March 27, 1840; died in Snyder, Scurry County, Texas, October 1, 1925, at the ripe old age of 85 years, 6 months and 4 days. Deceased enlisted in the war between the States and served the last two years in Co. F, 4th Tennessee Cavalry. He made a brave and faithful soldier throughout his unfortunate and unhappy struggle. And as a mark of a true soldier he sustained the loss of one eye. The war closed and after the smoke of battle had settled down he returned to his home and was married to Miss Mattie Beaver in 1867. To this union eight children were born—five boys and three girls. His widow, three boys and three girls survive—Jack, Jim and Harden and Mrs. R. N. Miller, Mrs. R. E. Hester and Mrs. J. W. Leftwich, all of whom were present during his recent illness except Harden Middleton, who lives in Oklahoma.

Deceased came to Texas in 1880, and settled in Denton County, then moved to Hunt County, coming from Hunt County to Scurry County in 1888, locating 20 miles northeast of Snyder on Rough Creek, and lived there with his family for ten years, then 10 miles east of Snyder for three years, moving to Snyder in 1900.

He was an industrious, hard working man and provided well for his family. Brother Middleton was a man of strong convictions and a firm believer in God and was for several years a member of the Presbyterian church. He was baptized and united with the Christian church about 27 years ago.

It was not the writer's privilege to know this good man in the active period of his life, but the last three years I have visited in his home on several different occasions and it was always a source of great joy to talk with one who believed in God and the Bible. Bro. Middleton had been a diligent student of the Bible and a lover of the truth, and had a good knowledge of the things he had learned for one of his age. The writer tried to speak words of comfort to the bereaved and as we consigned his body to its last resting place his spirit had departed to be in the hands of a God of love, mercy and wisdom, who doeth all things well, and to the family that survive him permit me to suggest that: each of you avoid any mistake that he may have made, but emulate his many fine traits. Fear God and keep his commandments, and God will take care of you. In Brotherly Love,

FLUVANNA NEWS.

Crops and Business.

Since the frequent and abundant rains that have fallen over our territory since the latter part of August, grass and late feed stuff are growing fine, in fact the country looks like exuberant spring.

Cotton ginning is just getting started, this on account of the lateness of the crop.

Mr. James Dowdy has recently opened a new cafe in the old barber shop building.

Mr. Newt Serratt recently purchased the market and restaurant business formerly operated by Mr. Neel.

John Boren is erecting a new residence on West Main Street. R. D. Davis is erecting a new residence in the east part of our village, while Auti Gleghorn is adding two new rooms to his home. All of this means growth for our town.

We understand that H. H. Benson of Fort Worth is again among our people with the view of purchasing cattle.

Matters Religious.

Rev. A. D. Leach, pastor of the Baptist church, filled his usual appointment Saturday night and Sunday. The preacher was laboring under great difficulty on account of driving after church Saturday night, to Colorado then back here in time for the Sunday morning service. The occasion of this heavy strain was a very sick wife in Colorado.

The Baptist women had their Bible study meeting last Monday afternoon.

A goodly number of the ladies of the Christian church were very busy at quilting, in their church, Monday afternoon.

Rev. H. J. Manley will fill his appointment at the Presbyterian church next Sunday. He will be counting on your presence, reader.

A very interesting service was put on Sunday night in the Methodist church, in the form of a moving picture lesson, by a traveling concern. The object was the Pasplay. This play is in deed great, and should always be seen and studied in a most attentive and reverent manner.

Mrs. John Truss' Sunday School class was given a delightful moonshine picnic, under the direction of Mrs. E. V. Boynton, last Friday night. The class reports a great time. Of course they had it.

Sickness.

Albert Browning, accompanied by his mother, went, last Friday, to the Alexander Sanitarium of Abilene, for the lancing of a rising in the interior of the ear. The patient is back home and improving.

Mrs. E. W. Lemon returned Wednesday of last week from Lubbock, where she underwent an operation. She is said to be doing well.

Mrs. Cribbs, who returned several days ago from the Alexander Sanitarium, is still improving.

Miss Nealy Squyres recently underwent an operation in the nose, at Lubbock. As a consequence she has been very unwell for several days but is now improving.

Mrs. Dave Jones, accompanied by her husband, went to the Alexander Sanitarium Monday for special treatment. Mrs. Jones has been in a very bad state of health for some time.

Mrs. A. J. Dyess has been quite sick, but at this writing is said to be much better.

Home Demonstration Club.

The Home Demonstration Club of Fluvanna met at the home of Mrs. W. J. Beaver, Tuesday afternoon, September 29. Miss Roten, County Demonstration Agent, gave a demonstration on green bean canning. A number of women were present and took great interest in watching the canning process.

After the beans were put into the cooker, a business meeting was held. Seven new members were received into the Club.

The "Hot lunch for the school children" question was discussed and a committee appointed to meet with the teachers to discuss the question further.

The next meeting will be at Mrs. J. G. Landrum's, at which time salads and salad dressings will be demonstrated.

Those joining the club were: Mrs. G. R. Faver, Mrs. Olin Ainsworth, Mrs. Buster Deer, Mrs. G. R. Austin, Mrs. J. L. Roddy, Mrs. Oscar Sewalt and Mrs. Parks. The old members attending were: Mesdames. Bley,

Clawson, Melton, Trussell, Beaver, Jones, Landrum and Jones. Visitors: Mrs. C. E. Clawson, Mrs. Josie York Lewley and Mrs. York.

(Note.—This village preacher is wondering why a much larger number of our women are not taking an active interest in the club work above reported. This is an opportunity such as our women have never had before. This is something really worth while. Lady, if you have not attended a few of these meetings, you do not realize how much you are missing—how much you are really losing. This is a real, practical school.)

Visiting.

Mrs. John Truss is visiting her mother at Wondom, Texas, who has been quite ill but is now improving.

Mrs. H. H. Haynes is visiting in the home of her daughter, Mrs. Andrew Cain of Roscoe. Mr. Cain is said to be seriously ill with typhoid pneumonia.

Mrs. John Glover of this place and her sister, Mrs. Leona Butts of Pomona, Calif., left here Friday for Gardendale, Texas, where they will visit their parents, Mr. and Mrs. Bell, formerly of this place.

Mrs. Jake Clawson, an old-time citizen of this community, who has for some time been visiting her daughter, Mrs. A. W. Browning, and son, Will Clawson, and many friends, will depart the last of this week for her home in Fort Worth.

Mrs. Horace Benson and son of Fort Worth are visiting her parents, Mr. and Mrs. J. F. Dowdy and friends. They came this time via Alpine.

Jake Ross and family of Roscoe were visiting relatives and friends here Saturday and Sunday.

J. L. Roddy and family motored last Saturday to Colorado where they visited relatives, returning Sunday.

Mrs. Stavely and daughter, Vera, John Stavely and family, Cyrus Landrum and family and Wallace Jones and wife motored to Post last Sunday afternoon for a visit with their relatives, Mr. Wibert Sewalt and family.

The writer and wife returned Wednesday of last week from a two-weeks' trip to Cisco and Cross Plains, including short stops at four intervening points. We had a very pleasant time visiting old friends at all six points where stops were made and relatives at the two towns named. Having been closely confined at home for 16 months, the outing was a treat to us. We visited three people, in the Cross Plains country, who were near neighbors to this scribe when he was a bare-foot boy in another community. Guess how long ago. Well, it was before there was a Dallas Morning News—before there was any town in Texas by the name of Sweetwater, Abilene, Stamford, Baird or Cisco; yes, before a locomotive whistle had ever been heard between Fort Worth and El Paso. We found crop conditions in the territory visited much the same as here in Scurry—some very good, some very bad. We found highways in Scurry and Eastland Counties decidedly better than elsewhere.

This trip accounts for the failure of appearance of Fluvanna News in the Times-Signal for the two past weeks. True we had arranged with one of our town's women to supply the news for Fluvanna, but she found herself too busy with other matters to attend to this. Perhaps this will serve as a hint as to the time and effort necessary to do this work.

A Wedding.

Last Sunday afternoon Miss Neva Coleman of Fluvanna was married to Mr. D. W. Brashers of Abilene. After a short trip the happy couple will be at home in Abilene. We extend to these young people the usual felicitations.

Friendship--Business

According to an old saying "it is your friends who hurt you most in business."

REAL FRIENDS understand each other. They know the strength and the limitations of each other. One friend is not going to ask a favor of the other except in rare instances, which he does not truly feel that he deserves, nor which his friend cannot readily grant. Therefore, we are mixing friendship and business, for one cannot exist without the other.

We want your business, but above everything else we want your friendship, no matter whether you do or do not bank here.

The First State Bank & Trust Co.

ERNEST TAYLOR, President.
Sam Hamlett, Cashier.

H. P. Wellborn, Vice-President
Cecil Morris, Assistant Cashier

FRIENDLY

NOTICE TO SCHOOL PATRONS.

Snyder, Texas, Oct. 6.
To the Patrons of the Snyder School.
We extend to you a cordial invitation to meet with the trustees of the Snyder School Board at the courthouse, Tuesday evening, October 13, at 7:30 o'clock p. m., for the purpose of advising with the school board on matters pertaining to the future of the Snyder schools. The present crowded condition of our school is such that it will necessitate the building of an additional room to take care of our pupils, if we go forward in our school work as we should.

The school trustees are the servants of the people, and we want the advice of the taxpayers as to what to do and the best way to accomplish the upbuilding of the Snyder schools.
By order of the School Board.
G. B. CLARK,
President.

HERMLEIGH EPWORTH LEAGUE ENJOYS DAY OF PROFIT AND PLEASURE.

In accordance with plans previously made, members of the Epworth League met at tabernacle last Saturday afternoon at 1 o'clock and went from there to a field near town to

spend three hours in picking cotton. They were accompanied by members of the junior and Woman's Missionary Societies.

A prize had been offered to the best picker in each group, as it was with much enthusiasm that we entered into the work. At the end of three hours quite a nice sum had been netted to the different organizations represented, with Vance Cliff, R. T. Watson and Robert Lee as winners.

But the day was not ended with this. Again in the evening the Leagues gathered at the hospitable home of Mr. and Mrs. W. A. Cliff. Games had been planned for the entire evening and there were no dull moments.

A splendid climax for the day came when we were gathered around a large table laden with luscious watermelon, and with October's moon smiling down upon us we gave yells for the League.—A Leaguer.

We the undersigned members of the Epworth League desire to express our regret that our President and Mrs. Randals were unable to be with us in our social: Hugh Cliff, Mrs. Scoggins, Mrs. W. G. Lee, Eva Mae Barfoot, Beatrice Paul, Earl McCrary, Reno Paul, Vance Cliff,

Gladys Watson, Henrietta Callis, Warren Fargeson, Bob Lee, R. L. Watson, Wray Cliff, Ruth Cliff.

ROAD PROGRESS.

In view of the progress now being made in road building in this country, it is amusing to recall the sentiment of Snyder citizens along this line just a few years back. When it was first proposed in various sections of the country to spend public money to put brick, concrete and macadam on highways, the movement was bitterly resisted, not only by farmers, who saw their taxes leaping to the skies, but by town and city people who saw in the roads only fine speedways for those who could afford to own autos.

Last year 23,000 miles of highway was graded and surfaced in the various states. At the end of 1923 there were 111,140 miles of paved roads in the United States. Adding the 1924 mileage and the mileage done so far this year it is probable that today more than half of the 231,000 miles embraced in the various state road systems are hard-surfaced. And the end is not yet. The automobile plants continue their increased activity. There are

today at least 17,000,000 automobiles and trucks on the roads of this country. Since there are so many to use and support good roads it will be but a few years until an unimproved highway will be hard to find. And the last communities to build them will be the last communities to prosper. The old idea that good roads were only for the rich has about been wiped out, because citizens everywhere have learned that if they get rich, or if they even keep fairly well off in this world's goods, they've got to have good roads.

THE "EQUINE BALLET."

With one hundred beautiful girls and one hundred matchless, handsome dancing horses prancing to the strains of the famous Barnes Circus band, it is no wonder that it is called "The Act Beautiful."

The spectacle with more handsome horses and more beautiful girls than has been dreamed possible, will charm you when the Al G. Barnes Big 4 Ring Circus comes to Snyder, Saturday, October 17.

The Equine Ballet is considered throughout the show world to be one of the most brilliant acts ever brought before the public. With the hundred beautiful girls and the hundred golden and painted horses stepping to the music, it is a sight to thrill the hearts of everyone in the audience.

When the dazzling array comes into the three steel arenas, the three rings and the hippodrome track of the Al G. Barnes gigantic big top, with the gorgeous costumes and prancing steeds, the girls dismount and, keeping time with the music, make "The Act Beautiful"—reality.

These girls, in addition to over a hundred pretty ballet and chorus girls from sun-kissed California, will play an important part in the sensation circus feature of the age, "Pocahontas at the Court of Queen Anne," the extravaganza that opens the big program with a cast of three tribes

of Indians.
Among the 2000 wild educated animals will be Lotus, the largest and only blood-sweating performing hippotamus in the world. A cast of 1080 performers will accompany the show.
It's the show that's distinctly different every year.

MRS. MOFFETT RECEIVES CHECK FOR \$1,000.

On Sept. 28 Mrs. Moffett received a check for \$1,000 from the Supreme Forest Woodman Circle. Sovereign Lucille Moffett had only been a member of this order since the 17th day of February. She had only been out \$12.50 to this order. Also have papers and plans for the erection of a monument which this order pays \$100 on.

It is with pleasure of the Supreme Forest Woodman Circle to pay all death claims promptly, and only 20 days from their first notice of this death till we received the check.
DISTRICT DEPUTY.

WOODMAN CIRCLE NOTICE.

Next Tuesday night at 8 o'clock we would like to have all members present as we have several new members to initiate.

HERMLEIGH SENIOR EPWORTH LEAGUE.

Uneasy Tight Feeling

"I used Theford's Black-Draught first for constipation," said Mrs. C. E. Buntin, of R. F. D. 5, Starkville, Miss. "I would feel dull, stupid, and have severe headaches, even feverish. I had an uneasy, tight feeling in my stomach. I read quite a bit about

BLACK-DRAUGHT

Liver Medicine

I began using it and soon my bowels acted regularly and I was greatly relieved. I used it every once in a while for about 18 years.

"About two years ago I found I was having indigestion, a tight smothering in my chest, then severe pain, especially after eating sweets. I commenced taking just a pinch of Black-Draught after meals, and by doing this I could eat anything.

"I gave Black-Draught to my children for colds and headaches. I can certainly recommend it."
Black-Draught is used, with satisfaction, by millions. Get Theford's.

PICKED UP ABOUT TOWN

Clyde Shull says that maybe the reason why the Lord made Adam first was to give him a chance to say a few words.

Some folks are pleasant only as an investment, and they never waste kindness where they know it won't pay.

"The reason there are so many societies and lodges," declares Perry Morris, "is that some people are forever organizing new ones because they couldn't get an office in the old ones."

Before starting trouble it's always a pretty good idea to look around and see if there isn't already enough of it in the world.

"An auto is certainly a persevering thing," says Tom McMillan. "None of them ever butted a train off of the track and yet they keep right on trying to."

Happiness is a kind of perfume that you can't put on others without getting some of it on yourself.

David said in his haste that all men are liars, and according to Harvey Shuler, that lets the women out.

Clyde Boren is authority for the statement that the trouble with the modern bride's "going-away gown" as he sees it pictured in the daily papers is that it looks like it had already gone."

QUICK ACTION.

Less than two months ago a bandit gang swooped down on a Chicago hotel in broad daylight and killed a hotel clerk. Two of the bandits were slain in the chase that followed and two were captured. Last week the two taken in the chase were sentenced to be hanged.

Here is an example of quick action, the kind of court work that will do more than anything else to put a stop to increasing crime. Pleas of insanity were entered by attorneys for the bandits—as is usually the case nowadays—but the insanity pleas didn't make much of an impression upon the judge or members of the jury. They went on the theory that if the bandits were sane they ought to be hung and if they were insane they would be worth just as much to the community dead. So

they are going to hang.

Reports of the past few weeks indicate that this national army of bank and postoffice robbers have deserted the larger cities and are working the smaller towns. They seem to have more luck in getting away, since it is always an easy matter to steal an auto and officers of the law are not as numerous in the smaller places. We have often warned Snyder people not to feel too secure, since the auto makes it possible for these bandits to operate in any section of the country. Keep your eye on the suspicious stranger, and remember that there is no law against asking anyone who acts suspiciously to identify himself. The Chicago case will do much to discourage banditry, but hanging these two isn't going to check it completely. They'll still be bobbing up here and there, and our own community may be the next one visited.

MARTHA CLASS.

Miss Roten met with the sixteen and seventeen year old Sunday School class of the First Baptist church last Sunday. We had a short business meeting and organized our class. We selected "Martha" for our class name. The following officers were elected: President, Mable Isaacs; first vice-president, Eunice Cobb; second vice-president, Lake Howell; third vice-president, Thelma

Leslie; secretary-treasurer, Nora Byrd; librarian, Virgie Ryel; parliamentarian, Polly Harpole; reporter, Mildred Ross.

The following pupils were enrolled: Ora Settle, Lake Howell, Virgie Ryel, Mildred Ross, Lee Ella Brice, Eunice Cobb, Edna Upton, Vera Periman, Mable Isaacs, Elizabeth Nichols, Thelma Leslie, Myrl Barton, Nora Byrd and Maude Holcomb.

Miss Eura Mae Garner, who is attending Simmons visited the class. Miss Roten invited the class to meet with her for a class social and also for her to get acquainted with the class.

We are going to strive to make our class one of the best in Sunday School and we invite anyone, age sixteen or seventeen, who is not in Sunday School to come to our class. We need you and you need us.—Reporter.

METHODIST CHURCH SERVICES.

Sunday School 9:45 a. m. Epworth League 3 and 6:30 p. m. Preaching by the pastor at 11 a. m. and 7:30 p. m. Evening theme, "The Ten Commandments—Moses and Pharaoh." A. B. DAVIDSON, Pastor.

Special Exhibit

You are Invited

to take a picture trip through an automobile plant

Learn how quality is attained with modern production methods! This week we are making a special photographic exhibit illustrating the precision methods by which quality is achieved in the manufacture of the modern motor car.

Showing the Reason for Quality at Low Cost

The exhibit consists of 40 remarkable photographs of the most interesting processes in modern automobile manufacture. It will provide the same interesting knowledge that you would get by taking a trip through the plants where Chevrolet cars are built. Each picture is accompanied by a full description of the operation it illustrates. It is an exhibit of unusual interest and value. Bring the children.

GOT ANYTHING TO SELL? WANT TO BUY?

If you have anything to sell, or if you need a room, a home, a farm—anything, try "Classified" in the Times-Signal. Its readers depend on those little ads for their needs, and they are a powerful agent in bringing the buyer and seller together.

F. H. TAYLOR VISITS OLD HOME.

Mr. F. H. Taylor returned last week from a visit to his old home near Anna, Collin County. He visited his daughter in Dallas and his brother, C. M. Taylor of Van Alstyne and from there they went to the old homestead near Anna. It had been 68 years since Mr. Taylor had visited his old home. He went to the old spring, dug a hole in the soft earth with his hands in order that he might once more drink from the old spring which for sixty-eight long years had been kept dear to his heart and mind, while drinking it occurred to him that it had been a long time between drinks, and indeed it had been.

POULTRY

HIGH QUALITY EGGS IN SUMMER MONTHS

One of the biggest problems that faces the poultry producer is the production of high quality eggs through the summer months. The reason for this is the heat of the summer will start fertile eggs to incubate and thereby spoil the quality unless special effort is taken.

The biggest loss can be stopped by the production of infertile instead of fertile eggs. Supplementing and correlating with this effort to produce infertile eggs is the need for careful methods of collecting, storing and marketing.

It is a customary practice for the people who are in charge of enforcing the egg-candling laws to lift the requirements for candling during March and April, for the reason that during the heavy production season the eggs are marketed with good quality. The cool weather, plus the large supply, helps to maintain the good condition of the eggs marketed during this period.

Investigations show that at least two-thirds of the egg losses occur on the farm. The remainder is on the huckster wagons, in the country store, on hot freight and express cars and in improper storage. This loss has been estimated at \$20 per farm in Missouri, and it is doubtless as high in the other heavy poultry-producing states.

No doubt the rooster is responsible for more of this loss than any other one contributing element. He eats high-priced feed during the summer without producing any benefit and does a great deal of harm in lowering the quality of the eggs. The movement to cull the rooster out of the flock is on as soon as the breeding season is over. The young cockerels can be best developed by keeping them separated from the flock, and feed and market them as soon as possible. The cockerels that are to be kept for breeding purposes can be developed better if kept separate from the main flock.

In addition to the loss resulting from the sale of fertile eggs, there is a further preventable loss from cracked eggs, dirty eggs, shrunk and bad-flavored eggs. These different losses may be lowered by feeding oyster shell, by having plenty of nests, by gathering the eggs daily, by packing them so they will not break and eating all odd-sized eggs at home. Bad flavors are usually caused by feeding unusual feeds or by keeping the eggs in a place where they absorb unpleasant odors.

NOTICE TO CONTESTANTS.
The standing of contestants will be published next week, and while it is not imperative that a contestant report for next week's issue, it will be best for each contestant to do so, and to make as good a report as possible. Your friends will be willing to help you if you show a disposition to help yourself.

P. T. A.

Mrs. Mark A. Turner of El Paso, district president of the P. T. A., was here Wednesday and ably addressed a group of interested parents and teachers at the school auditorium at 4 p. m. Mrs. Turner is making her annual tour of the district and expects a live delegation in attendance at the State convention in El Paso, November 16 to 20.

THEY DESERVE CREDIT.

The Times-Signal feels that our postmaster and his corps of assistants deserve the praise and commendation of the public on account of the service the patrons are now getting. With thousands of pieces of mail being handled daily, the mistakes made by the department here are comparatively few.

Tom Condra is in New Mexico this week looking after some fine land he has charge of. Mr. Condra says that Texans are now turning their eyes toward Eastern New Mexico lands which are equally as fertile as any of the Texas Plains lands and selling for less, but will be selling for as much or even more when the new Santa Fe road out of Lubbock reaches the Texas-Mexico line November 1.

WHAT A CROWELL BANKER THINKS OF OUR WAY OF DOING BUSINESS.

Crowell, Texas, October 5, 1925. Mr. J. L. Martin, Snyder, Texas.

Dear J. L.: I see you are putting on a subscription contest at Snyder, and I know you will make a success of it, knowing your honest way of doing business in the past. I, therefore, can assure every one a square deal; at any rate, I know that everyone got a square deal in the contest you put on when you were here.

I may run down and see you before long. You might send me your paper occasionally, as I always like to hear from my old friends and former associates.

Yours truly,

C. P. SANDIFER.

Mr. Sandifer was acting vice-president of the Bank of Crowell for many years, and is one of Foard County's best and most substantial citizens. Mr. Sandifer is thoroughly acquainted with our way of conducting a contest and of doing business generally.

J. L. MARTIN.

WHAT ANOTHER BANKER THINKS OF US.

Roysce City, Texas, Oct. 2. To the Citizens of Snyder.

It has been my pleasure to know Mr. J. L. Martin for a number of years, both as a citizen of our town and as proprietor of our local paper. He is fair and square in all his business dealings, and is a good booster, whether promoting his own business or the welfare of his city. He put on a contest subscription here by giving away an automobile, and no suspicion of any unfairness was even hinted at in the way he conducted it. Should he promote and conduct a contest in Snyder it will be carried out strictly on the square.

Very truly,

J. D. MILLER,

President First National Bank of Roysce City, Texas.

CHAMBERLAIN'S COUGH REMEDY
Every user is a friend

REEL FIGHT IN ZANE GREY "MELLER" ACME OF REALISM

One fist fight that called for no rehearsal because both actors agreed to "let it go," has just been put on the screen.

During the filming of "Wild Horse Mesa," in which Jack Holt plays the leading role and George Magrill, one of the "heavy" parts, director George B. Seitz was confronted with the necessity of staging a desperate battle between these two players that called for a real knock-down and drag-out affair. It is pretty generally agreed that the most difficult piece of direction is to put on a screen scrap that will have all the semblance of the real thing.

But in this particular instance the director had nothing to worry about. Both players readily agreed not to hold their punches and to waive all defensive rules. Holt is a skilled boxer and loves to "mix it;" Magrill, during the World War, won the light heavyweight championship of the fleet.

When the time came for the fight, Magrill told Holt to put everything he had into his swings and depend upon him to block the blows in his own way. This idea was made to order for Holt who did let them go with a vengeance and was still going strong long after director Seitz had ordered "cut."

The net result is one of the most terrific film fights ever made—just one of the many high spots in a picture chockful of thrills. A mad stampede of five thousand wild horses is the spectacular climax in this picturization of Zane Grey's latest story.

Noah Beery, Billie Dove and Douglas Fairbanks, Jr., are the other players who are featured with Holt in the production.

CARD OF THANKS.

We wish to thank the good people of Snyder for the many acts of kindness and loving sympathy shown during the illness and death of our dearly beloved husband and father.

- Mrs. T. H. Crowder.
- A. R. Crowder.
- Dr. Ray Crowder.
- Dr. Frederick L. Crowder.
- Mrs. J. M. Harrington.
- E. W. Crowder.
- Mrs. T. P. McLeod.

Ad No. 5

There Is a Lot of Difference

In this day of so much fraud and deception, careful and conservative men and women are very loath to trust strangers, yet the average person, when he has a Prescription to be filled, does not even stop to consider whether the person behind the prescription case (and who in many instances is a stranger) is a careful, Registered Pharmacist or a Careful Dispenser of Cold Drinks.

It is shockingly strange, but there are hundreds of people who would not trust a stranger with a dollar, but at the same time are perfectly willing to place their lives in a stranger's hands. Suppose a Pharmacist in refilling an Prescription, which for want of proper care had become almost illegible, were to make a mistake in your name or in the number of your Prescription. Think what might result!

Our almost perfect filing system handled in connection with our most careful methods, makes errors in refilling Prescriptions almost impossible.

Our Prescription Department is presided over by a GRADUATE and registered pharmacist.

SNYDER, TEXAS, THURSDAY, OCTOBER 8, 1925

Number 18

HIGH SCHOOL NOTES

Elton Nichols has left Snyder to attend school at Roby.

The old rule about boys and girls riding to school has been renewed this year. It seems like some of them get awfully "hot" walking.

Mr. Bagwell tells us that they are arranging to add Mr. Raymond Sims as assistant football coach.

Miss Peak, the State Supervisor of the home economics department from Austin, was here on Tuesday.

She came unexpectedly as we were not looking for her before Thursday or Friday. Everyone got busy and the class just before dinner prepared the luncheon. The following were served: Mrs. Bagwell, Miss Peak, Mrs. Buchanan, Mrs. Whitmore, Mr. Cary and Mr. Lewis.

The color scheme of yellow was carried out. The centerpiece favors were yellow roses. This color scheme was carried out in the following menu: Cream of pea soup crutons, pineapple and cheese salad, veal birds, cream cauliflower in patty shells, cheese straws, Mashed potatoes and gravy, butter balls, bread. Orange ice, vanilla wafers, ice tea, salted almonds.

THE ORGANIZATION OF THE SENIOR CLASS.

The seniors were given the privilege of helping with the selection of their sponsor at the first of school, and were very proud that their choice, Mrs. Bagwell, was also the board's.

Then we were eager to organize the class so we could get to doing something. At last Mrs. Bagwell got Mr. Bagwell and Mr. Cary up in our room. Mr. Bagwell read the qualifications for office, which might be tightened, and Mr. Cary took charge of the election. He had us give our first four choices for president, secretary-treasurer and sergeant at arms. This was Wednesday, Sept. 25. The following Tuesday Mr. Cary told us that no one had the majority and the next day we cast our ballots again in vain.

We had found that the "first four choices" did not work. Therefore, when we met Friday, Oct. 2, by each giving their first choice only our officers were elected as follows: J. G. Morrow, president; Lura B. West, vice-president; Faye Joyce, secretary-treasurer, and Alvin Risinger, sergeant-at-arms.

President Morrow appointed a representative committee to meet with the officers, him and Mrs. Bagwell Tuesday, October 6, to discuss plans for the year.

The class wants to meet again Wednesday, Oct. 7, to further discuss

the plans so they may be submitted to the faculty for approval.

BOY SCOUTS.

Troop One meets every Tuesday night in basement of the M. E. church. Visitors are invited.

Troop Two meets every Friday night in the City Fire Department. This troop is not a full troop and therefore gives you a chance to join the scouts.

The home economics department has made some improvements lately. New screen doors have been put in and also new tea kettle added.

The girls are very proud of their new uniforms, especially because they are from a new pattern and cover the dress.

First Year Home Economics Classes Visit Wilhelm Grocery Store.

Friday morning, Oct. 2, one section of the first year home economics class visited the Wilhelm grocery store. The other section of the class made the trip in the afternoon. Both classes were given a very interesting and instructive demonstration on canned goods and fresh fruits. As each fruit or vegetable was discussed information was given concerning different brands and methods of preparation, climatic conditions were also discussed and the girls were told which states produced the best fruits and vegetables.

Several classes of foods which are unusual in this locality, such as mushrooms and rose apples, were opened in order that the girls might become familiar with them.

The girls were shown the frigidair and the method and cost of operation were explained.

After the demonstration delicious sandwiches, soda pop and wafers were served.

The girls and instructor of the department unite in expressing their sincere thanks to Mr. Wilhelm for his interest and co-operation.

The girls of the second year food class have accepted the invitation to visit the store some day this week.

The Opening of the Library and the Arrival of New Books.

After much work on the parts of Miss Mitchell and Miss Clark, teachers in charge of the library this year, the library was opened Monday morning, September 28.

The books have not been permanently arranged yet on account of the fact that some of those ordered have not yet arrived. The books that have come are Agriculture and Physiology in the library, and in the book room, new English grammar

and Histories for the grades. As soon as all of the books have been installed, the library will be in order for the year's work.

The pupils chosen by the heads of this department for librarians this year are: Alletha Epps, Myrtle Woodfin, Lura Baker, Clementine Card, Vivian Cary, Lura B. West, Dorothy Strayhorn, Bessie Burnett, Hattie Klenn, Josie Curtis, Mildred Ross, Eddyth Darby, Alma Nell Ware, Era Miller, Claire Bell Clark, Hazel Lewis and Pauline Kelley.

Another new feature of the library this year is the rubber trees for the chairs, by which means we hope that much noise will be prevented.

The library now accommodates two hundred and sixteen pupils, each for one forty-five minute period during the day.

With our new equipment, and more that we hope to have, we feel sure that the library will be an important factor in making a high record of satisfactory work for Snyder high school this term.

TEACHERS CAMP AT COBBLE RANCH.

Friday afternoon about six o'clock four cars loaded with army cots, cots and things necessary for camping met at Mrs. Hailey's house. In a few minutes seventeen of the teachers of the Snyder school were hurrying over the road to Cobble ranch.

After reaching the ranch wood was gathered and a big campfire made. Weinnies, bacon, potatoes were soon cooked and supper was spread, which was thoroughly enjoyed. After the supper table was cleared away, games were played and jokes were told until late.

The merry crowd arose early the next morning and prepared a very appetizing breakfast of bacon, toast, eggs, fried potatoes, butter and preserves.

After breakfast the crowd returned to town feeling very grateful to its hostess, Mrs. Marie Palmer Greene, for the enjoyable outing.—Reporter.

FOOTBALL NOTES.

The Snyder Yellow Jackets were defeated by the Red Coats of Sweetwater, 45 to 0. The Yellow Jackets are sorry they don't have any excuse for getting beat except that the Red Coats were the best men.

The Lion Club of Snyder has raised funds to buy sweaters for the football squad.

Mr. Lee J. D. Boren will begin his class in penmanship at the High School Thursday, Oct. 10. Class from eight to nine a. m.

A COLLECTION OF BOOKS.

Mr. Cary had been very careful along the first of school to tell us that we must all cover our books. Pupils of course will sometimes neglect things that ought to be done.

So last week he came around and took up all the books he found uncovered. He got quite a number of them. It cost only five cents to get your book back. So by the next day all had their own books covered very nicely.

VOCATIONAL TRAINING.

Although vocation agriculture is a new study in Snyder high school great interest is being taken.

The boys are trying to make a State record in the project work. The poultry industry in the major projects and the hog industry in the minor.

The shop work will start as soon as a shop can be built.

Mr. Lewis, our teacher, makes this the most interesting in school.

The State vocational agriculture inspector, Mr. J. B. Ruffland, will visit this department Wednesday Oct. 7.

WE ARE BRINGING HOME THE LOVING CUP.

A meeting of the basket ball girls was held Tuesday, October 6, and 22 girls were present. We are expecting to have an excellent team this season and with Miss Gladys Boren as coach, we are sure of having one that will fight to win. Practice will start in earnest in a few days. We are expecting the co-operation of the school and town. Come and help us win every game that is played this season.

PRIMARY CHAPEL.

The primary rooms met in the auditorium Wednesday afternoon at 2 o'clock for the first chapel program. The third and low fourth grades furnished the program. It is as follows: America—Primary Department. Reading, "Wash the Dishes"—Jettone Ware.

Fire Prevention Play—"The Cigarette That Jack Had."

Cast—Nurse, Lora Littlepage; Doctor, Curtis Sheppard; Grass, Leroy Gideon; Cigarette, Derwood Burdett; Match, Jessie Robinson; Trees, Carl Moon, Clark Sturdivant, John A. Morgan, Otis Martin; Spokesman, John Robert Joyce.

Reading—"The Girl's Lament"—Margaret Deakins. Dramatization, "The Wise Jackal." Wise Jackal—Bob Hamilton. Good Brahnam—Sam Werner Wilborn.

The Tiger—Elmer Watkins. The Horse—Jack Larue. The Dog—T. C. Watkins. Piano Solo—Margaret Miller. Song—Mabel Watkins.

SPRITTLY SMALL TOWN TALE ON PALACE SCREEN.

A small American town, the ground on which James Cruze has achieved some of his most remarkable screen successes, is the setting for his latest Paramount comedy production, "Marry Me!" which makes its initial appearance at the Palace Theatre next Monday.

It is described as a wholesome and humorous story of youth and romance, charmingly enacted by a competent cast headed by Florence Vidor. Edward Everett Horton, Helen Jerome Eddy and John Roche.

The plot concerns a lovable little school teacher who writes her name on an egg which falls into the hands of a pure food crusader, thereby precipitating an avalanche of mirth-provoking events which eventually lead to a happy conclusion.

As usual, Cruze has embroidered the story with those characteristically whimsical and human touches that make it appear so plausible and believable.

In its original form "Marry Me!" was a New York stage hit by Anne Caldwell, titled appropriately enough, "The Nest Egg." The film version was written by Anthony Coldevey from the adaptation by Walter Woods.

DERMOTT.

The Woman's Progressive Home Demonstration Club met with Miss Roten October 5, at the usual place of meeting and made a dress form for Mrs. C. B. Alexander. We had two visitors—Mrs. George Adams and Miss Anne Hull. We will remodel dresses and retrim hats at our next meeting. Our next meeting will be two weeks from our last meeting. We adjourned to meet again Oct. 19.

"The Get Up and Goers" of Dermott met with Miss Roten, Oct. 5, at the Dermott Schoolhouse and made stocking bags. We had one visitor, Miss Ina Ruth Elkins of Polar. We sang quite a number of songs and had some good sport in general. We adjourned to meet again Oct. 19.—C. B. Reporter.

SENIOR EPWORTH LEAGUE PROGRAM, 6:30 P. M.

Song Service. Prayer. Scripture, 2 Cor. 12:6-10; Phil. 4: 11-13; 2:12-13.—Bernard Blair. Subject, "Getting Strength From God."

Talk, Strength from God—Ione Sutherland.

Talk, How to Get Strength from God—F. A. Cary.

Talk, How Strength comes from God.—A. P. Norred.

General Discussion, Subject, What I intend to do When I Am Twenty-one; or, When I Am Five Years Older.

J. I. BAZE FOR TAX ASSESSOR.

Under the political announcement column in this week's Times-Signal will be found the name of J. I. Baze, for County Tax Assessor of Scurry County, subject to the action of the Democratic primaries in July.

J. I. Baze is a Scurry County boy, having resided here continuously since 1896. He has been associated with the business interests of Snyder for many years and for the past 12 years has been associated with his father in the blacksmith and coal business.

He has a wide acquaintance with the people of Scurry County and they have found him four-square in all his dealings with the public.

He served one term as city alderman in Snyder and his record of achievement during this term stands as a high mark to his credit.

Jim says that he has never had political ambitions before, but after a careful investigation he decided to offer himself for the office of Tax Assessor.

His friends have urged him to make the race, believing that if elected he can administer the affairs of the office to the satisfaction of all. His qualifications are unquestioned as his business dealings attest his ability.

The Times-Signal, therefore, takes pleasure in making this announcement, and recommends his candidacy to the citizens of Scurry County.

MEETING of "HAPPY HAMMERS."

A most interesting meeting of the Women's Club at Union occurred Friday, Oct. 2, when Miss Roten demonstrated the preparation of salads.

These suggestions were enthusiastically received as the preparation of a diversion of palatable menus for her family is the great problem of the farm wife, at this busy season.

Probably the most interesting feature of the session was the time when the table was spread with a great variety of these attractive and nutritious salads supplemented by a huge bowl of deliciously browned chicken and luncheon was announced.

The club voted in favor of federation.

The club expects a very beneficial meeting. Next meeting Friday, Oct. 16, when Miss Roten will give suggestions for the remodeling of old garments and hats. Everyone cordially invited to come and bring your old materials.—Reporter.

CARD OF THANKS.

We wish to express our sincere thanks to all who ministered in any way during the recent illness of our beloved husband, father and grandfather. May God, in his wisdom, extend to you His richest blessings.

Mrs. Mattie Middleton. Children and Grandchildren.

Cotton Insurance

Our companies paid a heavy loss on cotton in Snyder last Fall. We want to continue to insure your cotton. Many did not have insurance. Don't risk your property to exposure beyond your control without insurance. We can insure your cotton for the full market value at small cost.

Court House

LETTER FROM A. C. WILMETH.

Continuing my letter of last issue the farmers of Southern California and (and all Los Angelesans think Southern California is the State) have no easy road to fortune. They to be successful have turned their attention to many things to make ends meet. I find it here as there that those who depend as in Texas only a single item for cash find themselves often hard pressed. It is just like a one-legged man trying to walk without a crutch. If a man just has grapes alone and the rust or blight hits grapes he is done for, or one who depends entirely on walnuts, alfalfa, oranges, peaches, chickens if disaster hits his line he is ruined, but if a man has two or three different growths one is nearly certain to catch. But it is useless for one to preach diversification it seems as it is to preach the real gospel.

If they reason just as intelligently, by saying if God wished them to be saved, they would be saved anyway. California labors under adverse conditions to that of Texas, the average holdings in this land of gold is in ranches for half an acre to ten. The fruit associations require five acres of peaches, oranges, lemons or anything else before you can be a member; therefore, the man with five acres has to single shot it to get in. I hear some one say stay out and sell. You cannot do it. The man who is out is out indeed. The Jews and Italians eat him. They give him just about one-third of the value of what he raises. The cheap fruit the tourist sees on the roadside is fruit out of the exchange. The same with eggs and chickens.

A few farmers are trying to raise cotton on this high priced land. It does not grow off like it does in Texas and I do not think they will make much success except in Imperial County down around the Salton Sea.

As I have told you before the land is poor comparatively speaking to your rich lands there. The orchardist can grow trees without manure, but to be successful he has to fertilize. The manure bill is immense, they pay nine cents a cubic foot for it at the barnyards and haul it themselves. That's the big part of profit to a dairy or a chicken ranch.

Lima beans will still be high next year to you people there. The crop is below the average. By the way, looking at these bean fields it makes me think of the fortunes awaiting

the farmer who would raise butter beans to be sold in competition with the limas. You know that sections grows butter beans as easily as fruits and they can be handled easier than cotton, and they are so much better to eat than the lima.

In wandering around in California I find many things to make one think of overlooked bets there. They utilize their misfortunes here. The desert is required to give up its cactus pears to make candy, the bear grass to make cotton bagging, the sand to beautify houses and in one terrible blistering flat they have a thin place in the crust of the earth and hot water oozes out and they build great hotels and the people come from everywhere and lay in this hot mud like hogs to boil out their ills, imaginary and otherwise. It works, gives employment and money to the people who seized the desert and gives relief and new husbands and wives to many, for it is one of the society places.

One day I drifted into San Diego and enjoyed myself muchly. It has many attractions and perhaps is the most delightful place to live in the western world. Persons visiting California should come into the State by it and spend a day or week in looking it over. You remember that it gave an exposition the year that San Francisco did and it was as great as its wealthier and much better advertised city. The greater portion these expositions building are still in existence. A rich lady endowed them and made them a perpetual museum and art gallery. I have not seen many art galleries but suffice it to say this is great. It has

THREE TIMES BETTER THAN PLAIN CALOMEL

Here is a new combination of well known drugs that regulate liver, aid digestion, stimulate kidneys and acts as an intestinal anti-septic. Actual tests prove that calomel, in connection with pepsin, makes the ideal day-in and day-out laxative, that can be taken at any and all times. Whenever you need a good laxative, whether for toxemia, torpid liver, biliousness, headaches, constipation, indigestion or colds, go to any drug store and get a package of "pepsinated calomel" and you'll feel fine and fresh next morning. Sold by **STINSON DRUG CO.**

in it a reproduction of the great discoveries of Central America of ancient civilization. See it and linger long.

One evening we motored over to Tia Juana, Mexico, the most thoroughly irrigated city in the West. You know it once was famous as the greatest race course. Today the liquor interests have overshadowed the other. It is a beautiful drive out to it, down a well paved boulevard with beautiful farms nearly all the way. All of this was desert, but they built dams up in the mountains and stored the scant rainfall and made this waste a good land. Arriving at the border there is only one outlet you are there inspected for things unlawful in either country. This only takes a moment if you are not violating the laws. Tia Juana proper has about the population of Snyder. It has two or three grocery stores, some dry goods, ten or fifteen restaurants, fifteen or twenty saloons and gambling places. I'm not expert enough to tell you much about saloons. I was in one where the saloon covered one-half a block with a bar 450 feet long, I judged. They all seemed prosperous and smelled very much like the old time doggery. They are kept very orderly. You see ladies of the new freedom go in and out like the prostitute used to in the old saloons. The gambling is of every variety and of

the same class mostly, though I saw some very nice looking people from this side bucking at the tables. When we came out we were halted at the border to see if we had anything dutiful and if we were sober. If you are drunk they arrest you and hold you in the hoogan till you are sober. Your liquors are taken from you and a fine collected for the trouble. A good method if liquor ever is voted back that is the way to handle it. Make them drink it at saloons and hold him till he sobers.

A. C. WILMETH.

Pole Ross, E. M. D. Garner and a Mr. Ware of the Fluvanna country attended the reunion of Confederate veterans at Abilene last week. They

report a great time, there being something like 175 of the old "Boys-in-Gray" present. They say that they were royally entertained.

Joe Strayhorn and sister, Mrs. Sallie Johnson of Alvarado, went to Rotan the first of the week, and

from that place they went to Dallas, where Mrs. Johnson visited a few days before returning to her home at Alvarado. Mrs. Johnson is a sister of Messrs. Joe and Pope Strayhorn, Mrs. Tom Elza and Mrs. Roscoe Grantham.

All Out of Sorts?

So Was This Snyder Woman Who Tells Her Experience.

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling. Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Snyder case is one of many:

Mrs. N. B. Moore says: "My Kidneys acted irregularly and I had a dull hurting through the small of my back. At times the sharp, cutting pains through my back were so bad, it was hard for me to get around to do my housework. Doan's Pills, from the Grayum Drug Store cured me of the attack."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Moore had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Firestone

Safety and Mileage For All Roads and Seasons

OPERATORS of large truck, bus and cab fleets must have rugged, long-mileage tires if they are to make money. That is why so many of them have standardized on Firestone. Experienced race drivers, almost to a man, equip with Firestone. Car owners can have this same extra safety and economy—by using Gum-Dipped Cords.

Gum-Dipping, the Firestone extra process, impregnates and insulates every fiber of every cord with rubber—insures greater safety and comfort over rough and sandy roads—builds extra strength and flexibility into the sidewalls—an exclusive feature that adds thousands of miles to the life of a tire.

Come in—let us save you money by equipping your car with a set of these wonderful tires—prices are still low.

The First National Bank

"Aw! Nothin'! We're just doing our daily dozen."

That's what Barny, the pachyderm with the frown on his face, is saying.

He is out of sorts because he "hates to get up in the morning" but he will "snap out of it" in a minute and be as jolly as any fat man when his trainer gives him his breakfast.

Barny gets a "kick" out of doing his daily dozen with his buddies when he has a big audience under the big top, but he's not so stuck on the idea of getting up early in the morning for "stunts" at his winter gymnasi-

um at the A. G. Barnes Zoo in Culver City, California.

But, oh boy! Just wait until Barny and the other elephants with the Al G. Barnes Big 4 Ring Circus come to Snyder, Saturday, October 17, with their "trunks" an' everything. They'll be "tickled to death" to perform before admiring spectators.

In addition, over one hundred fair equestriennes will be seen upon handsome, natural gold-colored dancing horses that prance in rhythm

with the nationally famous Barnes 30-piece circus band. Three tribes of Indians from Arizona, New Mexico and Nevada will be part of the enormous cast in the historic extravaganza.

And we must not forget Lotus, the five-ton, blood-sweating, largest and only performing hippopotamus in the world. Last, but not least, there will be the greatest motion picture star of them all—Joe Martin, himself, the "Grand Old Man of the Screen." Joe will be glad to give you all his autograph.

WHAT'S DOING IN WEST TEXAS.

STAMFORD.—B. M. Whitaker, exhibit manager of the West Texas Chamber of Commerce will open the exhibit program of the organization at the East Texas Cotton Palace at Athens, Oct. 5. Seven regional fairs are included in the itinerary of the West Texas Chamber of Commerce exhibit program this year and the exhibits will advertise West Texas resources to over two and one-half million people.

GRAHAM.—Young County voted \$400,000 road bonds for the purpose of constructing over thirty miles of State highway in Young County. This sum will be matched by state and federal aid making a total of \$800,000 to be spent on county highways. Three previous elections failed.

ALPINE.—Fifty thousand pounds of Candellilla wax were shipped from here to New York by one firm. This is the largest single shipment made in months. The wax comes from a wild plant here and is used in manufacture of rubber.

ARTESIA, N. M.—A new modern four-story hotel is under construction here to cost \$140,000. The hotel will have fifty rooms and will be one of the best in New Mexico. It is needed to accommodate the oil men here.

RISING STAR.—The longest continuous asphalt highway in Texas extends from this place to Fort Worth and Dallas. Asphalt is now being placed on the gravel highway from here to Coleman and by Jan. 1, the entire distance from Fort Worth to Coleman will be asphalt paved. The

splendid highway has caused a stage line to route their busses from Fort Worth to San Angelo via Rising Star traveling over the Bankhead Highway to Cisco.

ESTELLINE.—A Chamber of Commerce has been organized here. R. H. Whaley was elected president and R. L. Erwin secretary. Two major programs to be worked out at once are incorporations of the city and the building of a larger and better school.

GOLDTHWAITE.—Construction of the new "Pecan Belt" highway has begun here. The highway is to be the artery of travel through Central West Texas and extends from Del Rio to Oklahoma City.

LUBBOCK.—The executive committee of the West Texas Chamber of Commerce met here on the opening date of the Texas Tech. R. Q. Lee, president of the organization, presided. The Board went to Littlefield Oct 1, where they were guests at a chicken barbecue given by the Littlefield Chamber.

PECOS.—The new cotton compress began operations here this week. The plant not only compresses the cotton but fumigates and sterilizes it. This compress will serve a large territory in Southwest Texas.

PADUCAH.—This city which has been handicapped for several years

by inadequate water supply has solved its problems and has secured a supply of soft water sufficient for a city of ten thousand people. A new reservoir has been installed and new mains laid throughout the city. The water system is municipally owned.

SLATON.—Surveys and field work are completed and construction is to begin at once on the surfacing of the Lubbock-Slaton highway. The highway will be 16 feet wide and will be constructed of caliche rock. The project will cost a total of \$200,000.

ROSWELL, N. M.—A silver fox farm is a new industry near here. It is located on the Roswell-El Paso highway near the Mesalero reservation. The farm will start with fifty pair of foxes and will be increased to 300 pair. H. H. Reid, who is interested in a number of such farms in Colorado is in charge of this farm.

CATARRHAL DEAFNESS

is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists. F. J. Cheney & Co., Toledo, O.

BUY IT IN SNYDER

Photo by Moore's Studio

It is well that you know from what source your milk comes from. When you deal with T. J. Gassaway, owner of the Snyder Dairy, you are dealing with a man that has been your dairyman here for the past nine years. He made the start with only five cows in his dairy herd and through his untiring efforts and delivering of "pure" milk has built his business to such proportions that today he has a Jersey herd of 35. This is the only dairy equipped to handle your milk in a strictly sanitary manner. Our bottles are sterilized with steam before filling—one of the best known methods of sterilization. All cows are tested for

tuberculosis at regular intervals. These tests will show other disease germs also, thus insuring you that your milk is from "germ free" cows. Our place is also inspected at regular intervals by the State Health Department and we have always stood the inspections with flying colors. Be sure that you buy graded milk. We grade our milk according to butter fat and the health authorities recommend as first choice for home consumption "Grade A Raw." You will always find our "Grade A Raw" milk served at the following successful businesses of Snyder: The American Cafe, Busy Bee Cafe, Montgomery Cafe, Man-

hattan, Snyder and Woodrow Hotels, Lyman Wade, Stinson Drug Co., Theatre Confectionery, Landrum & Boren, Grayum Drug Co., and several other smaller users. We believe that the use of the milk by the foregoing firms speaks volumes for the "quality of our milk. Following is a short synopsis of the importance of milk. Milk is the best all around food. It makes bone, brawn and blood. It makes our diet safe, because it contains a mixture of practically all the important things we need for life and growth. It contains sugar and fat for heat and energy, protein for tissue repair, and salts to keep the blood right.

CHILDREN MUST HAVE IT—grown ups ought to. But milk is the most difficult of foods to collect, handle and transport. It spoils quickly. The children like it, but so do the germs! Milk must come from clean, healthy cows. It must be milked by clean hands, by healthy milkers. Carelessly handled, milk may carry diseases, such as tuberculosis, typhoid, scarlet fever, diphtheria, sore throat, diarrhoea. Milk is one of the cheapest foods. The children should have a quart every day. Milk means growth for the young—youth and vigor for the grown ups.

We appreciate all past business given us and cordially invite a continuation of the same. Through your co-operation we can build a larger and better dairy farm. Should you run short of milk step to your telephone and call 75, the "Grade A Raw" milk headquarters.

The Following Progressive Firms Made This Campaign Possible

DO YOU REALIZE THE VALUE TO YOU OF GETTING YOUR MILK DELIVERED IN BOTTLES WHICH HAVE BEEN THOROUGHLY STERILIZED? EVERY PRECAUTION IS USED IN HANDLING OUR MILK TO INSURE ABSOLUTE CLEANLINESS.

The Sweetwater "Salty Pups" chewed our "Tigers" all to pieces last Friday, but wait till the Snyder "Tigers" go forth from their lair to the "Salty Pups" kennel! Just wait, we repeat, and see what happens!

But won't Snyder shine when she gets that white way! It takes lots of modern things to make a modern city out of a town. But Snyder has the natural and her citizens have the determination, so what's the use of just letting our little town "just grow?" Towns never make cities by that process—they're built. Why not build a city on the present site of Snyder? That's just what we're going to do!

Don't forge that our public school is one of Snyder's greatest institutions, and without it, there would be no Snyder. Then, let's all co-operate with our school board and the faculty in making this term the most successful in the school's entire history.

Indian relics said to be 12,000 years old were unearthed in New Mexico recently. From the age of the relics, the Indians that made the relics lived before the world was created, since according to Biblical history, that is, reckoning chronology from the Bible story given by Moses, the world was created between 7,000 and 8,000 years ago. The age of those relics will no doubt turn out to be just such a story as the story of the dinosaur eggs, found somewhere in Asia and reputed to be 250,000 years old. When some Christian scientists avowed their determination of testing the "eggs," whereupon the supposed discoverer of the "eggs" confessed that they were fakes and that he had simply lied.

All in Vain

"Have you anything to say why sentence should not be passed on you?" asked the judge.
"Not a word. I made speeches the last three times I was convicted, and they didn't seem to do me any good," replied the prisoner.—Heart of Home.

No More for Him

"Any inquiries?" asked the washing machine agent.
"Lady on Umsteenth street wants a demonstration."
"Let her tell it to somebody else. I did her washing last week."

**How Doctors Treat
Colds and the Flu**

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.
One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.
Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

**GOOD
ROADS**

**PAVED ROADS PROVE
BOON TO VILLAGES**

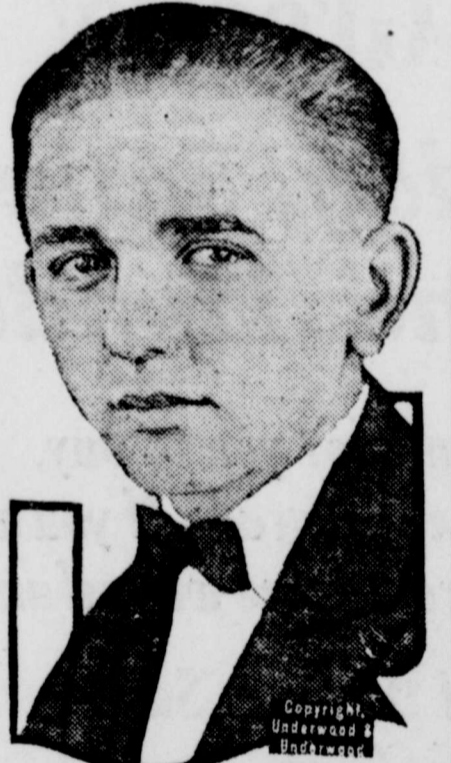

With the completion of another thousand miles of concrete highways in Illinois, there is additional proof that the new hard roads, instead of being a curse to the villages and smaller towns along their route, are a blessing instead. The pessimists in the hamlets have argued ever since these improvements were first projected that they would sound the death knell of the rural settlements and that trade would centralize in the larger at the expense of the smaller. It was maintained that farmers who were formerly forced to trade at the village store, due to the embargo of mud, would patronize only the more pretentious stores of the city.

This gloomy condition has never been realized. The "Illini boulevard," which connects St. Louis and Chicago with a band of concrete 300 miles in length, will not show a single town that has deteriorated since the new road was completed. Investigation has revealed that in every instance the population has held steady and, in most instances, increased, while there has been no loss, either in the number of inhabitants or in business.

With thousands of tourists passing through daily in automobiles, each town has become more careful of its appearance. A more attractive front has been displayed. There has been a universal cleanup. Attractive filling stations line the new highway, surrounded by shrubs and flowers and with well-kept lawns and driveways. They replaced dilapidated buildings or other eyesores. Rubbish has been removed. Stores and residence premises, visible from the hard road, are well maintained. There is an air of neatness and orderliness, never before as pronounced. It is an ever visible invitation to halt and patronize the "gas" stations or other places of business.

A count, maintained for several days during the tourist season, led to the estimate that during the year 1,000 cars from other states passed over the new boulevard every day on the average en route either to Chicago or St. Louis. This means more than 900,000 for the year. Probably the occupants of every car spent from \$5 to \$10 on the trip for supplies or food. The villages received their share of this sum, enormous in the aggregate, perhaps \$2,000,000. Roadside stands, where farm products, fruits, vegetables, eggs and butter are on sale, have been opened at many places between the villages and have been profitable.

Lad Wins Big Prize

John Liska, high school youth of Wisconsin Rapids, Wis., has been announced as winner of the H. S. Firestone four-year university scholarship for the best essay in the fifth annual good roads essay contest. More than 200,000 high school students throughout the United States and territorial possessions sought the honor which fell to this lad.

Double Tonnage Since War

Freight hauled over British highways has increased from 150 per cent to 200 per cent since the war, according to a road survey near Sheffield, reported in Motor Transport (British). Seven thoroughfares studied were supporting over 10,000 tons of traffic daily and 16 between 5,000 and 10,000 tons.
"The percentage of heavy motor vehicles has, of course, greatly increased," states the report, "the pre-war figures being 13 per cent as against a present average proportion of 53 per cent."

Abolishing Death Trap

Elimination of six dangerous grade crossings on the Montauk division of the Long Island railroad east of Jamaica, including the crossing at Merrick road, Springfield, generally regarded by experts as one of the most dangerous crossings on the Long Island lines, was ordered by the New York transit commission. One-quarter of the \$1,400,000 cost will be met by the state, one-quarter by the city and the remainder by the railroad company.

**Neighboring
County
Notes**

Bonner Aldredge, aged 18, stepson of Judge M. A. Hopson, died at Roby the past week.

Omer Dunn, aged 21 years, died the past week at Roscoe of chronic stomach troubles.

W. G. Owens, aged 55, was killed in a gin at Roscoe last Tuesday, while putting a belt on a fast revolving wheel. Owens' home was at Walnut Springs.

Dock Coker, a Jones County farmer, died Saturday night from knife wounds inflicted by Lem and Cole Nichols, brothers.

The Planters gin at Rotan burned a few nights ago, entailing a loss of \$25,000. It is said that a "short" in the power line was responsible for the fire.

Louise, the 11-year-old daughter of Mr. and Mrs. J. B. Tyler, died at the family home east of Anson Saturday of diabetes.

Anson farmers have purchased fifteen tractors within the past few days.

The gins of Anson had ginned 2,500 bales up to last Thursday, which is said to be above the average for this season of the year.

The county court of Jones County has appointed E. V. Hardwick as county attorney.

Merkel had weighed 2,781 bales up to last Thursday, which is in keeping with the number weighed on the same date last year.

Ben Johnson, a Garza County farmer, died at his home in the Pleasant Valley community the past week after a lingering illness.

ELECTION ORDER.

October 5th, 1925.
THE STATE OF TEXAS,
County of Scurry,
City of Snyder.

On this the 5th day of October, 1925, the City Council of the City of Snyder, Texas, convened in a called session at the regular meeting place thereof, in the City Hall, with the following members, to-wit: Fritz R. Smith Mayor; A. C. Preuit, City Secretary, and Aldermen J. C. Dawson, W. R. Bell, Gay McGlaun, Little Westbrook, Forrest Sears, A. C. Alexander, and among other proceedings had was the following:

At the request of a large number of citizens, which request was evidenced by a written petition, Alderman Alexander made a motion, seconded by Alderman Dawson, that there be submitted to the voters of the City of Snyder the question as to whether or not the City Council of the City of Snyder should be authorized to close perpetually those parts of Borden, Oak and Fair streets crossing Chicago Street, for the exclusive use and benefit of the Roscoe Snyder & Pacific Railway Company, the tracks and yards of said company now being laid on Chicago Street by virtue of a franchise heretofore given said railroad.

The above motion carried by the following vote:

Ayes, J. C. Dawson, W. R. Bell, Gay McGlaun, Little Westbrook, Forrest Sears, A. C. Alexander.
Noes, none.

Whereupon, the following election order was adopted:

Whereas, the City Council of the City of Snyder, Texas, deems it advisable to close perpetually that part of Borden, Oak and Fair Streets lying and being platted across Chicago Street in the City of Snyder, Texas; therefore be it

Ordered by the City Council of the City of Snyder, Texas, that an election be held on the Tenth day of November, 1925, which is not less than 30 days from the date of this order, at which election the following proposition shall be submitted: Shall the City Council of the City of Snyder, Texas, be authorized to close perpetually, by ordinance, those sections

and portions of Borden, Oak and Fair Streets which transverse and cross Chicago Street, giving to the Roscoe Snyder & Pacific Railway Company the exclusive use of Borden, Oak and Fair Streets at the points where said streets intersect and cross Chicago Street, under the provisions of Articles 854b and 854c of the revised Statutes of the State of Texas.

The said election shall be held at the City Hall at Snyder, in the City of Snyder, Texas, and the following named persons are hereby appointed managers of said election, to-wit:

W. L. Shaw, presiding judge; M. Stacy, assistant judge; Mrs. Cullen C. Higgins, clerk; Mrs. C. R. Buchanan, clerk.

Said election shall be held under the provisions of the constitution and laws of Texas. All voters who favor the proposition to authorize the City Council to close said street intersections shall have printed on their ballots the words:

For authorizing the City Council of the City of Snyder to close perpetually those portions of Borden, Oak and Fair Streets intersecting and crossing Chicago Street for use of the R. S. & P. Ry. Co.

All those opposed shall have written or printed upon their ballots the words:

Against authorizing the City Council of the City of Snyder to close perpetually those portions of Borden,

Oak and Fair Streets intersecting and crossing Chicago Street for the use of the R. S. & P. Ry. Co.

The manner of holding said election shall be governed by the laws of the State of Texas regulating general elections.

A copy of this order, signed by the Mayor of the City of Snyder and attested by the City Secretary shall serve as a proper notice to said election. The Mayor is authorized and directed to cause notice of the election to be posted at three public places in the City of Snyder, one of which shall be at the City Hall of the City of Snyder (the place herein designated for holding said election) for at least thirty days prior to the date of said election; the Mayor is further authorized and directed to have said notice of the election published in the Scurry County Times-Signal, a newspaper of general circulation published in the City of Snyder, Texas, and which notice shall be published once each week for five weeks, the date of first publication being not less than thirty days prior to the date of the election.

FRITZ R. SMITH,
Mayor City of Snyder, Texas.

ATTESTED:
A. C. PREUIT,
City Secretary of the City of Snyder, Texas. 18-5t-c

STATE FAIR OF TEXAS TO BE BROADCAST.

For the first time in its history the State Fair of Texas at Dallas, Oct. 10-25, will be broadcast by radio, making it available to thousands who cannot attend in person, according to an announcement of the Sears-Roebuck Agricultural Foundation, Dallas. A total of 50 hours of programs will be on the air from the agricultural foundation studio at Fair Park, through Station WFAA of the Dallas News and Dallas Journal.

In addition, over one hundred fair other attractions of the fair that will be broadcast, Ford and Glenn, the "Lullaby Boys" of Station WLS, Chicago, accompanied by Geo. D. Hay, the "Solemn Old Judge," chief announcer of WLS, will entertain fair visitors and radio fans of the southwest from the modern glass-front studio at fair park.

State fair superintendents, judges,

Open Staff to all Registered Physicians and Dentists. Opening date and Staff to be announced in the near future.

and other visiting farm authorities will make snappy five-minute radio talks, announcing important prize winnings, and portraying farm lessons of the fair. Farm leaders who will make brief addresses include, J. A. Moore, Grand Prairie, superintendent of agriculture; Henry C. Barlow, McKinney, beef cattle authority; D. T. Simons, Fort Worth, dairy cattle breeder; D. E. Hale, poultry judge, Chicago; W. W. Evans, county agent, Sulphur Springs; Paul B. Dunkle, director of Denton experiment station; W. J. Kennedy, horse jurde, South Saint Joseph, Mo.; John T. Orr,

president Texas Farm Bureau Cotton Association; Col. C. C. French, Fort Worth Stock Yards Company, and A. P. Swallow, J. M. Jones, A. L. Ward and E. A. Miller of the Texas A. and M. College.

Among the bands that will broadcast are the Blacklanders Farm Boys' band from the Corpus Christi section, the North Texas Agricultural College band and the Tyler City band.

Well known "sounds" of the fair such as the "spiels" of bally hoo'ers, "hot dog" and popcorn vendors will be on the air. An old-time fiddlers program is also being arranged.

Trade Builders

AS DRUGGISTS

We are entrusted with the accurate preparation of the medicines prescribed by your physician. We employ none but competent pharmacists to compound them and every precaution is taken to see that they are fixed exactly as "your doctor ordered." With the coming of the damp, cool spells incident to fall you will want the quickest possible results from your medicines. We invite your prescription compounding on the basis of pure drugs plus accuracy in filling.

DO YOU WANT ONE OF THESE CARS?

If you do, get into the Times-Signal's Big Subscription Contest. No drawing; no game of chance; not matter of luck—Just a question of who can get the most credits on subscriptions to the Scurry County Times-Signal.

PLENTY TIME TO ENTER

Although there are a number already nominated, the Times-Signal would like to have a live contestant from every community in the county—the more, the merrier, and the more there are in the contest, the easier it will be to win one of the automobiles. Call or write for full particulars. You are assured of a square deal.

WHY NOT WIN A CASH PRIZE

The one who nominates the winner of the Chevrolet will receive \$50.00 in cash; and the one nominating the winner of the Ford coupe will receive \$25.00 in cash. Why not nominate yourself and win both car and cash? Or, if you prefer, have some friend to nominate you. You will be surprised to know how easy it is to get renewals and new subscribers to the Times-Signal. So, read the rules carefully and get into the race. A fine Chevrolet or Ford coupe would make a fine Christmas present, wouldn't it? You have as good chance to get it as anybody, and the contest will close at 9:00 o'clock Wednesday night, December 23, 1925.

FIRST PRIZE CHEVROLET COUPE

Sold by Webb Motor Company of this City for
\$810.00

SECOND PRIZE FORD COUPE

Sold by Joe Strayhorn of this City for **\$615.00**

LIST OF NOMINATIONS

The following had been duly nominated at the time of going to press Thursday:

MISS EVA STRAHORN
MISS OPAL EPPLEY
MISS JANIE MARTIN
MISS ALMA HOOD
LAWRENCE DEVER
J. W. EVANS
MARY BELLE TREVEY
MRS. A. P. BIGGS
PAULINE MERRELL
THORA COTTEN

To the one nominating winner
of first prize **\$50.00**

To the one nominating winner
of second prize **\$25.00**

Standing Will Be Published October 15

The first report of the standing of the candidates will be published in next week's issue, and the report will be published in each issue thereafter until the close of the contest. Don't be discouraged if you are a little behind in the first report, but just work a little harder, and try to be at the head in the next report. Your friends will be glad to help you if you only try to help yourself.

TIMES-SIGNAL AT REDUCED PRICES

The following scale of prices will show our old subscribers that the rate of subscription has been greatly reduced in order to get subscriptions paid up more than two years in advance. We are doing this in order to be able to hold our circulation at a certain figure for at least three years without having to have another contest.

One year's subscription to the Scurry County Times-Signal, new or renewal, \$1.50, number of votes, 100. Two years' subscription, \$3.00, number of votes, 300. Three years' subscription, \$4.00, number of votes, 500. Five years' subscription, \$6.00, number of votes, 1,000. Ten years' subscription, \$10.00, number of votes, 5,000. This rate applies to any person living anywhere in the United States.

So, now is the time for subscribers, those living outside of Scurry County in particular, to renew; they can get it during the contest for the same price Scurry County subscribers pay for it. Think of it, a big 12-page weekly paper sent to any address in the United States a whole year for only \$1.50; three years, \$4.00; five years, \$6.00; ten years, \$10.00. So, send us or your favorite contestant your renewal, and you will be marked up the correct number of years and receive a receipt for the same. Also, we will cast the votes for you for the contestant you ask us to cast them for, and the votes will go on records—our Contest Book—and the votes will be put into the ballot box the same as you were here in person.

Be sure to renew or subscribe during the contest, because after it is over the subscription price will be \$2.00 and \$2.50 a year. We are putting on a "Special Sale," just like merchants put them on, and now is your chance to get a bar gain.

RULES GOVERNING CONTEST.

1. Each contestant must be duly nominated.
2. Contestant must be a resident of Scurry or adjoining county.
3. Votes will be allowed only on subscriptions to the Scurry County Times-Signal.
4. Each person subscribing or renewing must be given a receipt duly filled out, and a duplicate receipt must be left in the receipt book for checking purposes at this office, as all votes will be checked from duplicate receipts. Each ballot must be signed either by J. L. Martin or Ila Martin or it is of no value.
5. No votes will be bought or sold.
6. There will be no bonus votes given or allowed.
7. Votes cannot be transferred.
8. Any contestant found guilty of using any underhand means of securing votes will be taken from the list of contestants.
9. In the final count, the num-

ber of votes for each contestant must correspond with the number of votes recorded for each candidate in the contest book.

10. No one can enter the contest after November 5, 1925. All nominations must be in on or before that date.

11. Votes will be allowed as follows: One year's subscription to The Scurry County Times-Signal, new or renewal, \$1.50, number of votes, 100. Two years' subscription, \$3.00, number of votes, 300. Three years' subscription, \$4.00, number of votes, 500. Five years' subscription, \$6.00, number of votes, 1,000. Ten years' subscription, \$10.00, number of votes, 5,000. This rate applies to any person living anywhere in the United States.

12. Contest will positively close at 9:00 o'clock, Wednesday night, December 23, 1925.

13. Ballot box will be opened after contest closes Wednesday night, December 23, and ballots will be counted by three disinterested per-

sons. The contestant having the greatest number of votes will be declared winner of the Chevrolet coupe, and contestant having the next greatest number of votes will be declared the winner of the Ford coupe. The person nominating the winner of the Chevrolet will be awarded \$50.00 in cash, and the person nominating the winner of the Ford coupe will be awarded \$25.00 in cash.

14. No person in any way connected with the Times-Signal as owner or employe can either nominate a candidate or become a contestant.

15. A two years' subscription does not mean two individual subscriptions, nor does a five years' subscription mean 5 individual subscriptions for \$6.00, but that \$6.00 will pay one person's subscription up for five years. The same holds in all ten years' subscriptions. This is done in order to avoid having to have subsequent contests in order to hold our circulation up to a certain number.

16. No special favors will be

shown any person, but the foregoing rules and conditions will be strictly complied with.

In case of a tie the car will be sold and money it brings equally divided.

NOMINATION BLANK.

I Hereby Nominate _____
of _____ Texas, as a contestant in the
Scurry County Times-Signal Subscription Campaign and as a
contestant for one of the automobiles to be given away by the
Times-Signal to the person receiving the greatest number of
votes.

Your name on this line _____
Your Address Here _____

This Nomination Blank gives person nominated 5,000 votes,
but not good except at he time of nominaion.

The name of the nominator will not be published, and no
one will know who nominated a contestant unless the person
making the nomination makes the fact known. The name of
the successful nominator will be published after the close of
the contest.

Scurry County Times-Signal

Whenever bankers desire to promote actively agricultural improvement in their communities, the state agricultural colleges stand ready to show them the way and to give expert assistance. The purpose of this article is to illustrate the way in which the colleges are getting in contact with the banks, and the kind of assistance they render.

D. H. Otis

As soon as the college has a list of the banks in the state desiring to adopt plans to aid agriculture as indicated by project blanks sent out to all the banks in the state, by the State Bankers Association Agricultural Committee, it gives practical suggestions to each banker on the list as to what he can do to stimulate, organize, and conduct the

work in the particular project he has selected. Then either a department specialist from the college or the county agent gets in personal touch with the banker to assist him in an advisory capacity.

Samples of the project outlines are given below to illustrate the details of the procedure the college takes in accomplishing its plan.

College Provides Expert Advisers
In counties with no county agent a list of the banks desiring to carry on a project is sent to a specialist at the state college, according to the project listed. For instance, the banks desiring to carry on the farm accounts project are assigned to the farm management specialist, those desiring to carry on the legume project to the agronomy specialist, those interested in boys' and girls' club work to the junior extension specialist, and so forth.

In counties that do have a county agent a list of the banks and the projects in which each is interested is sent to him with a request that he get in touch with the bankers and help them in regard to the various projects.

The next step by the college is to write to each banker on the list sending him project outlines and informing him that the county agent or a specialist from the college will get in touch with him. If there is no agent in the county this letter reads as follows:

Union State Bank,
Bankville.
Gentlemen—You will find enclosed a brief outline of the farm accounts project in which you have indicated your interest to your State Agricultural Committee and to the Agricultural Commission of the American Bankers Association. I am sure that the specialist from the agricultural college will be pleased to assist you in carrying out the suggestions indicated. We have asked him to get in touch with you.
Director, Agricultural Extension.

The letter to bankers in counties that do have a county agent informs them that he will get in touch with them.

Suggests Things the Banker Can Do
The project outlines sent to each banker give specific suggestions as to the things he can do to organize the work in his project, and the part he can take in carrying out the work. The more simple and concrete these

suggestions are the more valuable they are to the banker. Following are samples of such project outlines:

Farm Accounts Project

1. Banker can select group of farmers who can and should undertake the work of farm accounts.
2. Arrange with county agent or specialist from agricultural college for first meeting of the group and select an account book.
3. Assist individuals at their request with information relative to entering accounts and other data properly.
4. Act as or select leader for the group.
5. Assist in checking inventories as a means of securing individual financial statement at close of the year.

Boys' and Girls' Club Work

1. The banker can arrange with the county agent or the specialist of the agricultural college for organizing a club.
2. Plan to present various types of club work at the next meeting and perfect the organization of a local club.
3. Banker may act as local leader of the club.
4. Cooperate with county agent or specialist in annual "Achievement Day."
5. Banker may offer prizes for club work or otherwise assist in financing same.

Legume Project

1. The banker can get information from county agent or specialist from the agricultural college on the value of alfalfa, soy bean, or sweet clover crops to farmers of the community.
2. Arrange for meeting of interested farmers with county agent or specialist.
3. At this meeting county agents, specialists, or others will discuss:
 - (a) Value of crop.
 - (b) Seed supply and varieties.
 - (c) Methods of handling the crop.
 - (d) Use and disposition of crop.
4. Plan with county agent or specialist meetings and demonstrations on plots or fields.
5. Secure exhibits for community or county fair.

Cow Testing Associations

1. The banker can arrange with county agent or specialist from agricultural college for meeting of interested group of farmers in the community for the purpose of organizing a cow testing association.
2. Banker may act as leader, and with county agent or specialist plan to visit prospective farmers who may join the association.
3. Organize for work and assist in securing testing equipment and other materials whenever necessary.
4. Call meetings periodically to discuss association business and hold picnics or tours.
5. Banker with county agent or specialist may arrange for C. T. A. booth at community or county fair giving testing demonstrations and explaining work of association.

This constitutes the preliminary work by the college which paves the way for constructive work by the bankers in banker-farmer projects.

Roy Brown and wife of Delta, Colo., are here to spend the winter with Mr. Brown's brother and family, L. L. Brown. Roy lived here with his father and mother, Mr. and Mrs. T. M. Brown, five years ago.

Miss Estelle King is visiting in the home of her aunt, Mrs. J. A. Howell, until the Ira school opens. Miss King will teach at Ira this winter.

W. E. Doak was taken suddenly ill last Friday and for some time it was feared that his condition might be very serious. He was taken to a Lubbock hospital, and late reports stated that he was improving rapidly.

Mrs. T. J. Gassaway spent the latter part of the week visiting her mother at Lamesa, who has been in poor health for some time.

H. G. and A. J. Towle were called this week to York, Iowa, on account of the death of a sister. We failed to learn particulars.

CARD OF THANKS.

We wish to thank the dear friends and neighbors who so tenderly assisted us during the illness and death of our husband, father and brother. Also for the beautiful flowers and expressions of sympathy.

May God's richest blessings rest upon each and everyone of you in our prayer.

Mrs. C. M. Erwin and Children.
Erwin Brothers and sisters.
Mrs. Bullock.

W. M. S.

The adult auxiliary was entertained in the beautiful new home of Mrs. C. C. Higgins, Sept. 28.

Twenty-two members answered to roll call, with a verse of Scripture bearing on God's impartial love for his children.

Mrs. Stinson with her helpers rendered a very interesting program. Mrs. Lemmons in her own sweet way gave us the Missionary News. Then Mrs. C. J. Yoder in a very impressive way told us the story of the Chinese girl and her wonderful work, after which Mrs. W. W. Smith sang for us, with Mrs. Hamilton at the piano. We were then invited into the dining room here a luncheon served cafeteria style, was awaiting us. Mrs. Higgins was assisted by Mrs. A. B. Davidson.

We voted for mission study, to study the Home Book, healing ourselves and have a lesson in it each successive Monday until the book was finished.

We will study the first chapter next Monday, Oct. 12, led by Mrs. Lee Stinson.—Reporter.

SHERIFF'S SALE.

THE STATE OF TEXAS,
County of Scurry.

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Tarrant County, on the 2nd day of October, by G. S. Williams, who is the clerk of said Court, for the sum of \$2,505.80 with interest from Sept. 9th, 1925, at 6 per cent per annum, and costs of suit, under a judgment

in favor of Ed H. Lysaght, in a certain cause in said Court, No. 70535, and styled Ed H. Lysaght vs. W. B. Thrash, placed in my hands for service, I, J. H. Byrd, as Sheriff of Scurry County, Texas, did on the 7th day of October, 1925, levy on certain Real Estate, situated in Scurry County, Texas, described as follows, to-wit: All that certain tract of land situated in Scurry County, Texas, and being all of the north half of Section Twenty (20) in block Three (3) of the H. & G. N. Ry. Co. Survey, as said survey was made by virtue of certificate No. 9-1745 issued to said railroad company, said north 1-2 section containing 320 acres of land, and being usually known as the W. B. Thrash farm and located about three miles west of the town of Hermleigh in Scurry County, Texas, and levied upon as the property of W. B. Thrash and that on the first Tuesday in November, 1925, the same being the 3rd day of said month, at the courthouse door, of Scurry County, in the town of Snyder, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said order of sale above described, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. B. Thrash.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Scurry County Times-Signal, a newspaper published in Snyder, Scurry County, Texas.

Witness my hand this 7th day of October, 1925.

J. H. BYRD,
Sheriff Scurry County, Texas.
18-41-c

Woman's Letter Will Help Snyder

She writes: "I hated cooking because all I ate turned sour and formed gas. I drank hot water and olive oil by the gallon. Nothing helped until I used Adlerika." Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel and removes all poisons. Excellent for cba, constipation. Helps any case get the stomach in TEN minutes. Gray-um Drug Co.

BIG AND LITTLE PIPES FOR NEW ORGAN AT STATE FAIR

Here's the "biggest" and "littiest" pipes for the great Barton organ, now being installed in the new auditorium at the State Fair of Texas, Dallas. There are more than 3500 pipes in the big instrument, which will be heard every day during the 1925 State Fair, Oct. 10-25. The man at the right is holding the smallest pipe in his hand. It's only 6 3/4 inches long and about as big around as a lead pencil. The others are eighteen feet in height.

THANK YOU!

We would be ungrateful indeed if we did not thank one and all who favored us with their presence on the Opening Day of our new store. The number of visitors was far greater than we had even hoped for, but to say that we were pleased not only with the business we received, but also with the many words of congratulations and well-wishes would be putting it too mildly—WE WERE DELIGHTED.

We wish to say that the same cordial invitation is still extended, and with the assurance that you will receive the same cordial treatment you received on our Opening Day, except that during regular days we can render by far much better service. In fact, our only regret is, that owing to the large number that crowded into our store, there were times during our Opening Day that we were unable to give the quick and efficient service we had hoped to be able to render.

If you have not yet visited our store, you are cordially invited to call and see what others declare to be a drug store strictly modern in every respect.

If we fail to thank you, your purchase is Free.

The Corner Drug Store
