

THE TIMES-SIGNAL SIGNALS

The reason it's better for the average Snyder man to have a wife who can cook than one who can fix a tire is because he has more appetite than tire trouble.

Fall would be the nicest time of year if it didn't start the politicians in where the mosquitoes left off.

After he has spent several years answering mail-order ads even the dumbest man in Snyder learns that you can't get something for nothing.

A father takes a lot of pride in his children's ability to get along at school, but we never heard of one who got much joy out of their ability to spend money.

After all it means a lot more to France than to the U. S. that debts be adjusted. The bankrupt always loses more than the creditors.

The coal strike that a Snyder man notices most is the one when he strikes the bottom of the bin.

It now seems to be the fashion to kill a man then go crazy to escape punishment.

The only things the modern girl seems to be sewing these days are the wild oats.

Sunspots are said to be thousands of miles in diameter, and yet some Snyder girls make an awful fuss over a little freckle.

They say radio is still in its infancy. Maybe that's what makes it behave so badly when the owner of a set has company.

An eastern doctor says bee sting is a cure for rheumatism. If you try it and it doesn't work, you're stung.

Probably the reason some Snyder parents think their children haven't any sense is because they know when they were that age they didn't have any, either.

Fall is the season when we quit getting stung on canteloupes and start in buying slate for coal.

The rising generation may not do much worrying, but it will do its full share when the next rising generation comes along.

WHAT'S DOING IN WEST TEXAS.

THROCKMORTON—Survey of the proposed new Post-Fort Worth line of the Santa Fe is progressing rapidly. Three gangs are pushing the work and at the rate the work is moving the gang should be in Fort Worth within a fortnight. One of the gangs which ran a line from Double Mountain formed a liaison here with the other two gangs, indicating that the line might run direct from Haskell here. No public announcement of the Santa Fe policy will be made until the action of the Interstate Commerce Commission on the Denver case has been taken.

LUBBOCK—Lubbock will entertain the 1926 convention of Texas Commercial Secretaries' Association. This action was taken by the executive board which held a recent meeting in Dallas.

BRADY—Abolition of meter rents and material reductions in water and light rates have been announced by the City Water Board. Water rates receive a flat fifty cent per 1,000 gallons cut while light rates are de-

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomei compound tablet that gives you the effects of calomei and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water, that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

signed to benefit large users of electricity.

AMARILLO—The Southwest is growing better according to Judge Wilson. The extremely light criminal docket of the United States District Court reflects the prosperity of the Southwest and crime has all but disappeared. Good crops and plenty of work for all labor is the answer.

BROWNWOOD—The Brownwood Bulletin, popular Central Texas daily newspaper, celebrated its twenty-fifth birthday with a special edition. The Bulletin was founded October 15, 1900. Harry Schermer, printer, who started with the newspaper, is still on the job. Hervey Mayes, original business manager, retains his former position.

AUSTIN—A deficiency appropriation totalling \$58,180 has been granted to Texas Tech by Governor Ferguson. The money is to be used to pay instructors' salaries and defray the general expense of the year.

TAHOKA—This city has decided by election to sell the municipally-owned light and ice plant to the Mutual Light & Power Co. of Amarillo. The consideration is approximately \$66,000 and the new owners will take charge about Nov. 1.

BALMORHEA—The Toyah Valley News is a new newspaper to be published here. The owners are Lee Kingston and Geore Price and publi-

cation has already begun.

EASTLAND—Local citizens will vote on Oct. 29 to decide whether the city will take over the local gas company and operate it as a municipal utility.

SLATON—The City Commission has called an election for Nov. 17 to pass on a proposed \$1000,000 paving program here. The Slaton public Square will be the first unit paved.

SNYDER—The R. S. & P. Railway here is erecting a modern depot adequate to take care of Snyder and the city's needs. This city is making great strides in civic progress and the new station is necessary in order to keep pace with the growth of the city.

SAN ANGELO—The District convention of the West Texas Chamber of Commerce will be held here Oct. 28 during the All-West Texas Exposition which will be in full blast at the time. Porter A. Whaley, manager of the organization, also R. Q. Lee, president, and Homer D. Wade, assistant manager, will attend this meeting.

OLNEY—A new natural gasoline plant will be erected here at once. This will be the third such plant to be put in here and it has been made necessary because of increased production of wet gas in this field.

Friendship-- No Distinctions

Someone has said that friendship knows no distinctions. One man, who had friends in every class of people under the sun, said that if he had all of his friends gathered around a banquet table that many of them would be embarrassed because they would feel out of place.

We want you to know that you are welcome here no matter what avocation you follow, as long as it is honorable. We make no discriminations. We consider the bird and not the feathers. We have the same sort of high-class banking service to offer to one and to all.

We hope to get the other fellow's business sooner or later, but, right now, it is your business we want. Bring your friends with you.

TRIED TO CALL OUR HAND.

The Times-Signal's good friend, M. A. Adams, thought he had one on the editor last week, because in our write-up about the family reunion at Mr. Adam's home we said: "At the home of M. A. Adams near town." Mr. Adams, who, as a matter of fact, lives in town, wanted to know how

far one must live away from the courthouse in order to be in the country.

Mr. Adams' question was really not difficult to answer, but his question naturally suggested questions which were really difficult to answer, namely: Is a man who lives in town and tries to cultivate land from ten to twenty miles in the country, really a farmer or an agriculturist? and to which does Mr. Adams belong? On the other hand, there are three kinds of farmers—"tired," "retired" and "rubber-tired." And another question naturally following, is, to which class besides the "tired" does Mr. Adams belong? There is yet another class of farmers, the agronomist, who has a desk and a swivel-bottomed chair in the thirteenth story of a skyscraper, farms on paper and tells the practical farmer how to cultivate the soil, which, in most cases, is like the story of the modern girl, who never saw a hank of yarn or a set of knitting needles, telling grandma how to knit.

The Times-Signal believes, there-

fore, that he was excusable in believing that since Mr. Adams lays claim to being a farmer, we were excusable in believing that Mr. Adams really lived in the country which is the only place where a farmer can really and truly be a farmer and enjoy that bacolic atmosphere which the honest-to-goodness farmer actually enjoys.

WEST TEXAS WOLF HUNTERS ASSOCIATION FIRST ANNUAL MEET.

The first annual meeting of the West Texas Wolf Hunters' Association will be held at John Brown's ranch (old Bush and Tiller ranch), on November 2, and continue two or three days as members may determine after arriving there. Arrive at ranch not later than noon on opening date.

All who wish to ride bring your mounts, but if you wish to follow dogs in cars, you can do so, as roads are such you can go in all directions.

If you wish to remain over night, bring your bedding. But all arrangements will be made to feed you and your dogs.

If you enjoy the greatest sport in the world, and are capable of appreciating the finest of music, come and listen to the hounds in the chase, as they laugh and sing and cry and sob. If you have any trophies, you will forget them all!

P. C. COLEMAN,
President.

Mr. and Mrs. D. E. Barton have removed to Snyder from Baird. They were former residents of this place.

Frequent Bilious Attacks

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief.

BLACK-DRAUGHT

Liver Medicine

and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. It seemed to cleanse my whole system and made me feel like new. I would take a few doses—got rid of the bile and have my usual clear head, feel full of pep, and could do the work."

Bilious attacks are "seasonal" with many people. Millions have taken Thedford's Black-Draught to ward off such attacks, and the good results they have reported should induce you to try it.

CONDITION OF RURAL SCHOOLS.

BY A. A. BULLOCK,
County Superintendent.

The rural schools of Scurry County are starting off this year in very good condition financially. All the schools that desire to run eight months will get sufficient State aid to enable them to do so. We only have three six months schools left and I am sure that they will have seven months next year. There has been one new district created and the tax raised in several others. We are building three new schoolhouses and adding to four others. We hope by next year to have a dollar tax in every district and first class houses and equipment in all of them. We only lack a few districts now. Most of the thirty-five common school districts have a dollar tax and the most of them are in good condition as to equipment, both in the school room and on the play ground. More attention should be given to playground equipment and more attention is being given to it each year.

We have twenty-eight schools applying for State aid and all of them have been fixed up to meet every requirement of the State Department. Each of them has an approved drinking fountain, a majority of them having concrete fountains with bubblers attached, eighteen being built this summer. Shades, charts, history atlas, desks and many other things have been added this year to fit each school for better service to the boys and girls that they serve, thereby rendering them eligible for State aid.

There are in the county at this time eight one-teacher schools, seventeen two-teacher schools, seven three-teacher schools, two four-teacher schools and two five-teacher schools. We have seven teacherages and hope to build more next year. We got rid of two one-teacher schools this year and hope to lose some more next year.

Let's all work together for fewer school houses and larger centralized schools. This can be had through

consolidation. Do not think of consolidation from a selfish standpoint but think of it in terms of better educational advantages for your boys and girls. Consolidation, where it can be brought about in a practical way, is the only plan whereby the rural boy and girl will have an opportunity to get a high school education without coming to town after it and unless you live near enough to town to keep your boys and girls at home, sending them to town will cost you more than consolidation will ever cost.

Think this over seriously, not in terms of dollars and cents, but figure out which will be best for your boy or girl, or your neighbor's boy or girl. If a man has no children of his own to educate this does not relieve him of the responsibility of helping build up the best educational system possible for we are all dependent upon one another and as somebody helped to educate you, perhaps, so you owe it to your neighbor's children to give them a chance. Put your shoulder to the wheel and pull for better schools.

BIG LEAGUE MEETING HELD AT HERMLEIGH

Approximately sixty-five young people of Sweetwater, Snyder and Hermleigh met Sunday, October 25, in a tri-district League meeting of the Sweetwater District at the Methodist Church at Hermleigh. A full day was spent in discussing the purposes of the League organizations, with the discussions being interspersed with pleasing musical numbers, both vocal and instrumental. The League of Hermleigh served a very delightful plate lunch to all visitors at the noon hour.

H. Clift, the secretary for the Sweetwater District League, was in charge. Since taking over this office, he has decided to divide the large district into three portions, which makes it more convenient for the various Leaguers of the thirteen chapters of the district to meet in these quarterly conferences. In the

meeting Sunday, only the cities mentioned above participated in the meeting. Sweetwater had 18 delegates, Snyder 19 and Hermleigh 28.

The theme of the program was "Co-Operation and Responsibility." The devotional at the 11 o'clock hour was arranged by the Sweetwater chapter. This was followed by an interesting discussion by the Hermleigh leaguers on the subject of "The Responsibility of the Individual Leaguer to the Local Chapter." Preceding this number, D. P. Yoder of Snyder, accompanied by Miss Ophelia Dorward, sang a solo in his usual commendable manner. The next discussion was carried on by the Sweetwater Leaguers. Mr. Jack Mason of that city made a very forceful speech on "The Responsibility of the Local Chapter to the District." A chicken dinner was announced as ready and waiting to be devoured. All hands said they were ready and "not to let the cook wait." Accordingly, the whole company lined up two by twos and marched to the Odd Fellow Hall for the delicious lunch.

The meeting was continued at two o'clock with a devotional led by the Snyder Leaguers. The young ladies from Sweetwater then rendered two wonderful instrumental numbers. The subject of the occasion was taken up again in a discussion by the Snyder Leaguers on the subject of "The Responsibility of the District to the Conference." Sweetwater closed the program with a twenty minute discussion on the subject of "Co-Operation in Missions."

After the meeting had decided to hold its next session at Snyder on the 17th of January, 1926, a round table discussion on the problem of the local chapters was joined in by all present. For nearly an hour one chapter would ask a question to be answered by some other chapter as to how they "increased attendance," "held the interest of the leaguers," "how they got the boys out to their meetings," and "what sort of programs do you use? out of the Era or Original?"

Taking the day as a whole, it was the most profitable and interesting

that the writer has spent in many months. Each speaker seemed to be at his or her best and covered the subject fully that was assigned to him. The special music was as fine as one will hear anywhere. It is believed by the leaders of the meeting that the day's association will be of untold value to the participants in increasing their enthusiasm for and their interest in the League work. The meeting adjourned with promise that they were going to come to Snyder for the next session in full strength.—One Present.

A HALLOWE'EN PARTY.

Mesdames Bill Miller and H. P. Brown were hostesses to the 20th Century Club members and 25 guests with a Halloween party, Oct. 27.

On entering the dimly lighted reception room, Mrs. Wade Winston, dressed as a witch, served delicious "witches brew" from a huge pumpkin, black cats, witches and pumpkins were much in evidence of the gala festivities.

Forty-two was played throughout the afternoon, after which a dainty two-course Halloween luncheon was served.—Reporter.

C. E. Ferguson and family are taking in the sights at the San Angelo fair this week.

T. M. Newton of Welasco is here this week greeting old friends and boosting the Lower to Grande Valley. Mr. Newton says that the "Valley" is in fine condition this year.

Ernest Taylor made a business trip to Fort Worth Wednesday.

H. M. Blackard and family returned Monday from a stay of several days in Dallas.

Mrs. J. D. Green and Mrs. Caffey of Jayton visited Mrs. Clyde Shull the first of this week.

Clyde Shull was looking after his Jayton store Tuesday. Clyde says that his business at Jayton is pretty good considering the backward season.

Dr. J. E. Dodson of Pasadena, California, has been here this week visiting relatives and friends.

J. H. Alexander and daughter, Miss Catherine, of Lubbock are visiting George E. Alexander and family of this city.

Winston Brothers exhibited some choice Herefords at the Nolan County fair, and also placed them in the Hereford Association sale.

We see where a Toledo, Ohio, man has a collar button that's sixty-three years old. But if it is like most collar buttons, the fool thing has been lost about half of its life-time.

WORKERS PAID FOR DANGER THEY FACE

High Wages Earned in Hazardous Occupations.

According to announcement recently made in London, men who do roof work in that city will, in future, receive an extra payment of from one penny to three-pence (from two to six cents) an hour, according to the height from the street at which they work.

This payment, which has long been usual in the north of England, applies to work done where no scaffolding is provided, and to men working upon any outside roof with guttering less than a foot wide.

The equivalent of height money is paid in the United States to the men who work at bridge-building. The risks which the bridge builder takes can be gathered from the fact that the Quebec bridge cost 97 lives and the Blackwell's island bridge 60.

You see the bridge builder walking quietly along a six-inch girder, hundreds of feet in the air, or balanced on a steel beam, catching in a pall a white-hot rivet flung from a flaming forge 50 feet above him.

Divers are paid according to the depth at which they work—usually by special bonuses.

Lambert, one of the most famous men in the profession, once received a bonus of \$22,500 for recovering \$35,000 from a vessel deeply sunk and in a difficult position.

The average professional diver greatly prefers sea to land work. By land work is meant such a task as entering a flooded mine or tunnel, going

to the bottom of a deep well, or doing such work as the underpinning of Winchester cathedral. The cathedral foundations are in peat, and when the peat was dug out water flooded in.

Divers were engaged to put in new cement foundations. They were six years at their work, and earned a very high rate of pay.

A mountain guide's fees are proportioned not so much to the height of the mountain to be climbed as to its difficulty. Some years ago a Philadelphia lady—Miss Maria Stoll—made a night ascent of the Winkelturm, in the southern Tyrol. The mountain is only just over nine thousand feet in height, yet the climb is considered one of the most difficult in Europe. It is said that the guide received a fee of \$5,000 for the ascent.

English Fear Dirty Fruit

Dirty and even diseased Asiatics, working in filthy sheds in squalid lanes, are handling today the fruit we shall be eating next month, says the London Daily Mail in an editorial on "The Right to Clean Food." Continuing the paper says:

"That is the disagreeable fact revealed by Dr. Leslie Haden Guest, M. P., who has just investigated the conditions under which fruit and other food are prepared in the Near East. Doctor Guest found that in Smyrna figs, sultanas, and currants are packed on dirty floors, trodden by bare feet coming unwashed from the streets and gutters, and tainted by all the indescribable filth of the East. In theory the consumer is protected by certain safeguards. In practice, the rules are completely disregarded and the medical examination is the merest formality."

Ignorant of One Thing

Two friends were having an indignation meeting of their own. Both had suffered domestic strife and now they were comparing notes.

"Aren't women the limit?" growled the first. "We husbands don't know anything at all and our wives know everything."

"Well," said his companion in misery, reluctantly, "there's one thing my wife admits she doesn't know."

"What on earth is that?"

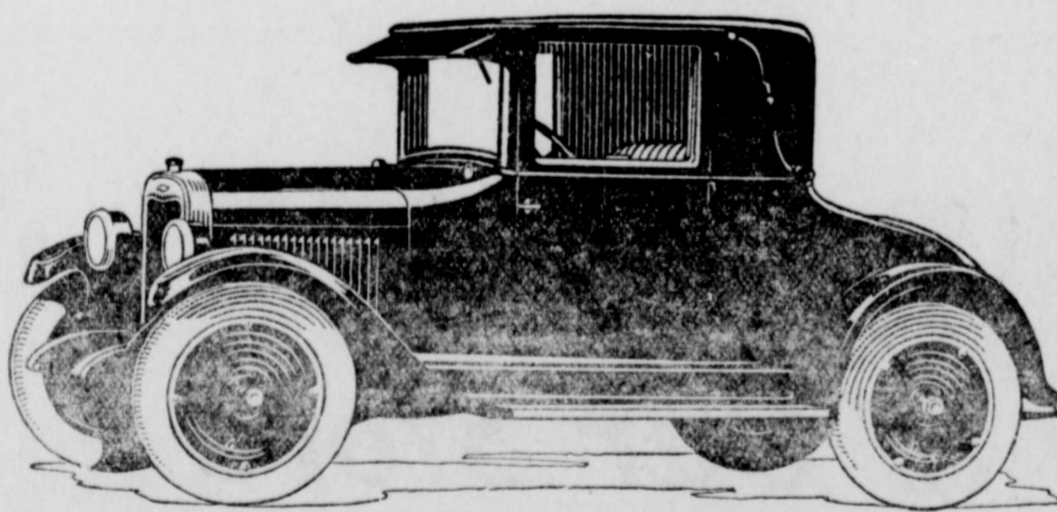

"Why she married me."

Nominations Will Close November 5

If your community has no contestant in the Times-Signal's Big Automobile Contest, why not get into the race and win a valuable Christmas present?

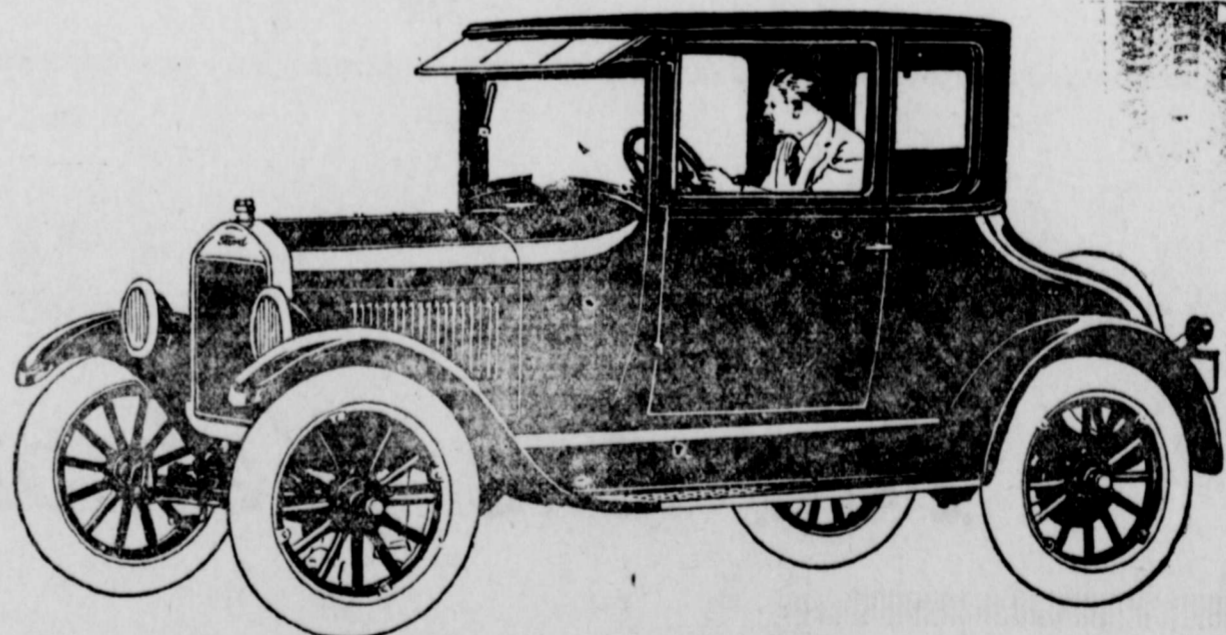

The contest is new yet, but nominations will close November 5. There are several populous communities that have not been worked because those communities have no contestants. You will stand as good chance to get an automobile as anybody, so why not get into the race? If you don't win a car, you will be paid a cash commission on all the money you turn in on subscriptions. You can't lose entirely, so why not give it a trial?

REVIVAL.

A revival will begin tonight, Oct. 22, at the Pentecostal Tabernacle. Services each night beginning at 7:15. Would be glad for everyone to come and help us in this revival. The meeting will be in charge of J. N. Hurley of Terre Haute and other workers from Virginia.

NOTICE TO CONTESTANTS.

Although it is not compulsory that contestants report each Wednesday, they are requested to do so. Thursday is the Times-Signal's busiest day, and we will not promise to accept reports on Thursdays, but will handle them on those days when possible to do so. It will be better for all concerned to report not later than three o'clock Wednesday afternoon.

THE EDITOR.

ALTRURIAN CLUB.

The Altrurian Club met with Mrs. Porter King Friday, October 16, with twenty members and substitutes present.

After a brief business session a program on Early Literature of New York and Middle Atlantic States, was rendered with Mrs. W. W. Hamilton as leader.

Mrs. Thrane gave a survey of the major and minor writers.

Mrs. Towle, a study of Irvin's "The Sketch Book."

The hostess served a very delicious plate luncheon to club members, substitutes and Mrs. E. J. Richardson.

Next meeting to be with Mrs. Morrow, October 30.—Reporter.

HOME DEMONSTRATION CLUB.

The Woman's Progressive Home Demonstration Club met at the Dermott school building, Oct. 19, 1925.

Eight members and Miss Roten were present. Miss Roten read a sketch from the Semi-Weekly Farm News, concerning kitchen conveniences. Some suggestions were given to Mrs. Gaswick in regards to making over a dress. Miss Roten will give a demonstration on salads at our next meeting. There being no further business the club adjourned to meet again Nov. 21, 1925.

The Get Up and Goers met at the Dermott school building, Oct. 19. Nine members and Miss Roten were present. Our program consisted principally of writing recipes and working on our stocking bags. At our next meeting we will also have a salad course demonstration. There being no further business we adjourned to meet again Nov. 2.—Club Reporter.

FARMERS PURCHASE NEW OVERLAND SEDAN

A glance at the pile of orders on hand at the Willys-Overland factory for the new Overland Standard sedan which was, on September 133, reduced in price from \$655 to \$95, reveals the fact that hundreds of farmers have purchased this car for their daily use.

The Overland Standard sedan offers a solution to many of the light hauling problems of the rural residents, according to dealers who report that many farmers are using these new cars to haul small loads of produce as well as for the family car. The reduction in price to \$5995 has enabled many farmers, dealers report, to purchase a five-passenger sedan for less than many touring cars, and this has brought a flood of business into dealers salesrooms for the Overland Standard sedan.

The economical operation and low upkeep costs of the Overland Standard sedan furnishes one of the reasons why this car has made such a striking appeal to the rural districts according to dealers who report sales unusually heavy in the farming country all over the United States.

MOTHERS' SELF-CULTURE CLUB.

The Mothers' Self Culture Club met with Mrs. H. L. Davis Tuesday afternoon, 3 o'clock, Oct. 21, 1925; seventeen present.

Mrs. Sentell, president, presiding. Mrs. Anderson led the lesson, which was on Child Culture, Story Telling and Good Literature.

Mesdames Scarborough, Davis, Earl Brown, Erwin, Brice brought us such interesting papers. The club discussion was interesting and very helpful.

Mrs. Buchanan gave us a splendid parliamentary drill. Mrs. Goodrich of Oregon and Mrs. Buchanan were guests of the afternoon.

Next club meeting will be with Mrs. Jack Harris.

The Means to the End A Bank Balance

Most everyone has an ambition—or a goal to attain! But it is a hopeless task for the man who does not save. Success comes soonest to the man or woman who grasps opportunity. And the one with ready money is prepared for that opportunity. If you would reach the goal of your ambitions it is necessary for you to save—and here's a strong Bank that will start you on the right road if you follow a systematic plan of consistent saving. We invite your confidence in all matters of a financial or business nature. You are welcome here.

The First National Bank
Snyder, Texas

We are very grateful to the many people that continue to come to our Harvest of Values. Faith in the House of Higginbothams and the values to be had here. There is a reason. When high quality merchandise is offered at lower and money-saving prices, it is good sense to buy that merchandise. We thank the good people of Snyder and Scurry County for the interest in this store and the Harvest of Values we now offer. Let us continue to do business. Fair dealing, efficient service and courteous treatment, and one price to all. The lowest price in keeping with the high quality of merchandise.

The Judge: — A Case Of Lie-ability — By M.B.

HIGH SCHOOL NOTES

The junior, sophomore and freshman classes have not yet organized but now that the first six weeks tests are over we hope to see a report from them soon.

The senior class has been endeavoring to make their Shakespearean play a success for the entertainment of this town. Please do not disappoint them by staying away.

We are all very glad to see Ivan Elkins in school again after a period of sickness.

Hattie Glenn was out of school a part of last week but is now back again.

Laura Belle Rogers was called home one day last week on account of sickness in her father's family. We are all glad that she is in school again.

Mrs. Greene, who is principal of grammar grades, has been out of school for a day or two. It is reported that her father has been at the point of death and is now better. Mrs. Greene is in school again.

FOOTBALL RESULTS.

The Snyder Tigers were defeated by Spur last Friday by a score of 39 to 9. The Tigers were only in scoring territory one time and that was early in the game. Wosley failed to drop-kick a field goal from the fifteen yard line.

Spur's team was much larger and more experienced than the local boys but the Tigers took the defeat in a good manner. It was a good game.

BASKET BALL.

Those boys who are not playing football have started basket ball practice, with Mr. Roberts and Mr. Cary coaching. There is much good material in this brand of athletics. Stacy, Wosley and Martin, the stars of last year, are getting into training for the coming season. Some of the new recruits are: Jones, McFarland, Percer, Reed and Curry.

Bring on your Wildcats. The basket ball girls have been practicing regularly the past week. We are expecting to play several match games before long. Several girls who have come from other schools come out for practice.

ECONOMY IN THE HOME KITCHEN.

As it is known everywhere the Americans waste enough food for all the starving Europeans. The home economics girls realize what this

means and have solved the problem of using most every kind of food that the housewife has left over. This economy used in the right way must be learned by every woman. Of course this does not mean to waste new material with something that will not be eaten.

Some uses of leftover cereals are puddings, croquettes and soup made from rice. Most everyone likes all of these and by combining them with other material and cooking them over you have an entirely new dish which costs very little. Cookies may be made from oatmeal.

Creamed potatoes may be used in potato croquettes, salmon croquettes, salad, or hash. If pickles, hard boiled eggs, pimentos, green peppers, chopped celery and boiled dressing are added to cold leftover potatoes, you have a very delicious salad as well as an attractive one.

Sweet potatoes may be used in croquettes.

Any kind of beans or peas may be used in soup.

You often have an endless variety of vegetables left over which may be used in a very wholesome soup. A soup bone for an average sized family may be purchased for ten cents, and any kind of vegetable may be used. Then the meat off of the bone may be used in either hash or chile.

Cold meats such as chicken and ham make delicious salads and sandwiches. The most attractive salad made from meat is made from celery, walnuts, lettuce and meat put in rare apples. Meat may also be used in hash or chile.

Egg yolks may be used in sunshine cakes or salad dressing. The whites may be used in angel food cakes or marguerites.

Stale bread that which is not moldy, may be used in chocolate bread puddings, after it is broken into crumbs and to form a crust on top of baked macaroni and cheese, to roll croquettes in and by cutting into cubes and making croustades for creamed peas and carrots.

Grease used for deep fat frying should always be strained and saved to use again. If it has an odor, such as salmon, a few small pieces of potato may be cooked in it, and this will take all the odor out. However, if it is not fit for use in cooking again it should be saved to make soap.

If every housewife would practice these ways of saving there would be a great decrease in the waste of food.

HOME ECONOMIC NEWS.

The two advanced classes are mak-

ing soup, potato and meat pie this week from leftovers. This is "left-over" week for us. We are using everything we can so there will not be so much waste in our cooking and to teach us how to be economical so when we get our own homes "hubby" won't be out so much for food. Home economics teaches the girls how to cook and how to prepare good meals according to food value.

The first year classes are making muffins. They also painted the new door which looks very nice.

We sold sandwiches at the football game Friday to help on a new clock.—Reporter.

UNSUPERVISED TESTS.

The civics class of Snyder high school explained very clearly the reasons that the tests should and should not be supervised. The majority of the class decided in favor of unsupervised tests. Mr. Cary says "If a fellow will not be stright enough to resist the temptations of cheating, he is not worth the time to." Well he gave his opinion anyway, and let us, the class, guess at the rest.

If a student is loyal and true to his school he will not let the absence or

presence of the teacher bother him in his work.

If a student is shown by the teacher that confidence and trust have been put in him he will do all that is in his power to show his teacher that he is capable of being trusted.

If some one in the class gives the student a hint that makes him remember one thing he has forgotten it is a great temptation to not write what he had forgotten and now knows. We will not say what the student would do in that place but we know he would do what was right.

THE STORM.

One afternoon about one o'clock there came up a big cloud. We were in school and did not think much about it. We were too busy with our studies to think about a cloud.

It kept getting darker and darker until the principal had to turn on the lights. Then it began to rain. It was a very warm day and after we shut the windows we could hardly breathe. It began to lightning and thunder. The wind began to blow so hard the little old schoolhouse began to rock. Everybody was so excited

the classes were dismissed. It rained until about three o'clock. When it stopped raining everybody went home.

When we started home it was so muddy we could hardly walk. We noticed that several houses were gone and trees were lying across the street. That evening everybody was talking about the storm. The damage done amounted to about four thousand dollars.

To think over it now it was wonderful how the principal kept us from getting so excited.—Rena Lewis.

Teacher talking to very spoiled child): Johnnie, I would like to be your mother for one day.

Johnnie: Well, I will ask daddy about it.

J. K. met a little boy crying and asked him what was the trouble:

The boy explained that a man had taken one of his quarters and he could not call for help loud enough. So J. K. took the other quarter.

Lois: My, I am chilled to the bone.

Mr. Cary: Why didn't you wear a hat?

The funniest sight at the ball game last Friday evening was to see Maurine Stokes run from some cattle, although there were twenty-five cars and a hundred people from Spur, between her and them.

It seems as if she didn't have very much confidence in their ability or willingness to protect her.

WHAT I DID THIS SUMMER.

One week after school was out one of my friends invited me to go to the country with her to visit her sister.

While we were there we visited a little school about two miles from the home of her sister. Miss Kelly, the primary teacher, let us hear some of the classes for her. Of course we were delighted, for it is very interesting to hear the little folks recite.

When our week was up we were none too glad to return home.

I have spent some of my time reading this summer. I love to read some good books and magazines.

I have also attended several pic-

We have the greatest country in the world and it was founded and built on co-operation. Every city of importance in these United States was built through co-operation. The people of Snyder and Scurry County can accomplish great things if they will adhere to that same spirit of co-operation. Let's start at home. Trade with HOME MERCHANTS—BUY PRODUCE—BUTTER—EGGS—ETC., FROM HOME PEOPLE INSTEAD OF SENDING YOUR MONEY TO OUT-OF-TOWN MAIL ORDER HOUSES. The firms below are helping to build our county, our town, our churches, and our schools. Why not help them?

Interior View of the CHERO-COLA BOTTLING CO.

Showing Sterilizer and Bottler

The Chero-Cola Bottling Co. is a Snyder Institution of which we should all be justly proud. This business was operated as the Snyder Bottling Works, Dewey Winstead and W. O. Munns, proprietors, until January, 1924, at which time Mr. Winstead bought the interest of his partner and since that time has conducted the business. During the past year Mr. Winstead acquired the Chero-Cola franchise and has changed the name of the business to The Chero-Cola Bottling Co. He is the sole distributor of Chero-Cola for this district. Mr. Winstead thoroughly sterilizes his bottles before bottling any of the drinks by a method of sterilization that has been approved by the State Board of Health. The formula used in steriliz-

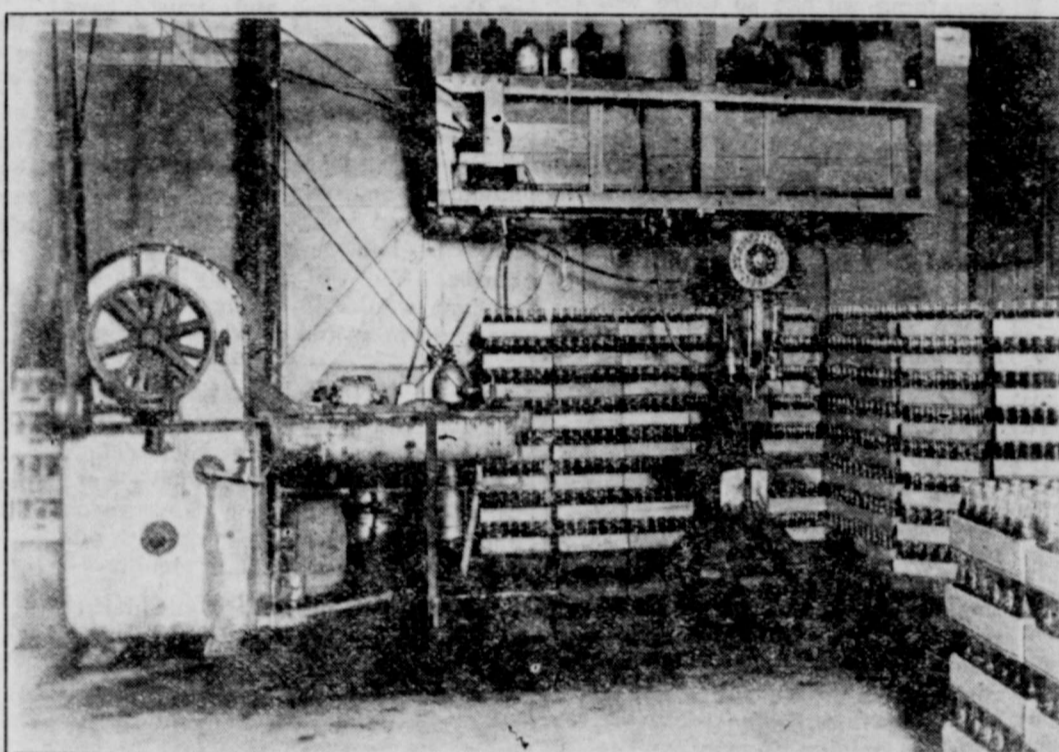

Photo by Moore's Studio

ing the bottles is one in which no germ of any kind can live. This company bottles all kinds of bottled drinks, such as: Soda Waters of all flavors, Lynola, Grape, Chero-Cola, etc. His business has grown steadily until this summer he has compelled to order an entire car load of bottles to meet the demands for his goods. Few bottling houses in West Texas can boast "we bought a carload of bottles." This business is conveniently located in the Snyder Utilities building directly across the street from the post-office. Mr. Winstead appreciates the business that has been given him and invites a continuance of same. If not convenient to call by and get your soda water just step to the telephone and call Number 2. They deliver it at once.

THE REAL CAUSE.

We read where a New York attorney recently declared that the chief cause of crime in this country today is due to the laxity of parents in rearing their children, the ease of obtaining firearms, the easy methods in which bail is secured, short sentences and quick paroles and pardons. He says those things are back of all crime in New York, and if Snyder citizens will go carefully into the question they will find that the same causes hold good in their own state.

It is worthy of notice that he placed the chief blame for crime on the laxity of parents. Correction begins at home, and parents who permit the town or the city to rear their children take long chances. The youngster who can face and overcome the temptations placed in his or her path today is certainly made of superior stuff. The properly reared child occasionally falls a victim to temptation—the improperly reared child is almost certain to. Easy spending, such as the younger generation now indulges in, begets easy getting, and pretty soon conscience is shoved aside and the question of right and wrong is forgotten.

Temptations and lures are great in the city. But do not let yourself believe that our smaller towns are entirely free of them. The need of parental guidance is as great here as in New York. Lack of it will make wayward boys and girls in the small town as quickly as in the city. If conditions are made better and life made safer it will have to be through the fathers and mothers of the boys and girls of both the towns and the cities.

M. E. CHURCH SERVICES.

Sunday School 9:45 a. m. Epworth Leagues 2 and 6:30 p. m. The Men's Quartette will sing at the men's and evening services. Be sure and hear them.

The pastor will preach at 11 a. m. We will be favored at the night service with an address by Dr. A. O.

OWN GRANDFATHER.

How a man is his own grandfather is explained by C. J. Lietenberg in this manner:

I married a widow with a daughter. My father, who was a widower at the time, frequently visited us. He fell in love with the daughter and eventually married her. My father thus became my son-in-law and my stepdaughter my mother-in-law.

Shortly afterward my wife gave birth to a son, who is naturally my father's brother-in-law and at the same time my uncle, for he is the brother of my stepmother. To make

matters more involved, my father's wife also became the mother of a son. This boy is my brother and also my grandchild.

My wife is logically my grandmother, for she is my stepmother's

mother. I am therefore my wife's husband and grandchild, and since the husband of anyone's grandmother is his grandfather, I have to acknowledge that I am my own grandfather.—Dallas News.

EXCEPTIONAL RIDING COMFORT

The riding comfort of a motor car is not dependent upon its length, weight or cost, any more than the comfort of a home depends upon its size

If the seats are deep enough and the proper distance from the floor; if the seat backs are correctly pitched for relaxation; if the upholstery is sufficiently stuffed and there is plenty of leg room; above all, if the springs are rightly designed and of proper length, you will have exceptional riding comfort. Otherwise, you will not.

Dodge Brothers, with characteristic thoroughness, studied and experimented with these details for years. Their findings were ultimately incorporated in the design of Dodge Brothers Motor Car—without question now a vehicle that ranks with the first in this vitally important feature.

First Door South of Woodrow Hotel

The Woodrow Hotel is located at the foot of this progressive street and is operated by an old Scurry County citizen, having moved to this county some twenty years ago and located near Dunn. He has been in the hotel business for a number of years, coming to Snyder from Tahoka. Mr. Hairston took charge of the Woodrow Hotel last March and since that time has built up a patronage that taxes the capacity of the place most of the time. Mr. Hairston is always ready to do anything to help any worthy cause or undertaking that will benefit the merchants of CLAIREMONT STREET. If you are working in town and want to take dinner at this hotel each day they sell you a ticket good for 21 meals for \$9.00. He also serves a special Sunday Dinner, prepared especially for those who do not feel inclined to prepare their own meals on this day. This hotel also serves the Lions Club Weekly Luncheon each Tuesday noon. Mr. Hairston says: "I especially invite the patronage of the Farmers of Scurry County and will always give them a meal for 50c that can not be duplicated any place." "I also appreciate the business that has been given me by the people of Snyder and will strive at all times to conduct my business in such a way as to merit a continuance of same."

MR. HAIRSTON, as proprietor of the Woodrow Hotel, joins with the MERCHANTS OF CLAIREMONT STREET IN ASKING THAT YOU MAKE THIS STREET YOUR SHOPPING HEADQUARTERS. JUST NOTE THE FRIENDLY ATTITUDE OF THESE MERCHANTS WHEN YOU GO INTO THEIR STORES.

HEED THIS WARNING.

Again the season is here when a heavy toll of death will be recorded among auto drivers as a result of "monoxide gas." This gas is formed by running the auto engine on a chilly day without proper ventilation in a garage. Never start the engine on a cold or chilly morning without first being sure the garage is wide open, with fresh air enough coming in to drive out the monoxide gas. You can't smell it, see it or feel it until too late. It absorbs the oxygen in the air and in many instances the victim is overcome before he can get out of the garage into fresh air. More than 4,000 deaths resulted from monoxide gas last year, everyone of which could have been averted had the motorists used a little caution. We hope every car owner will heed this warning, and tell his neighbor to be careful about starting his car in a closed garage on a chilly morning. There is no need of this community adding any names to the death list that will soon commence to mount up.

PROGRAM SOUTH PLAINS BAPTIST CONFERENCE.

November 3 and 4, 1925, to Be Held With the First Baptist Church of Slaton.

TUESDAY.

Assembly at 10 a. m. J. P. Hardesty, Presiding. Devotional, 20 minutes—L. A. Wilson, Slaton. Announcements, 10 minutes. The Missionary Message of the Old Testament, 30 minutes—C. E. Dick, Post. Christian Fellowship, 30 minutes—L. L. F. Parker, Spur. Sermon—R. A. Seranton. Field Secretary, Plainview. Noon—Reassemble at 2 p. m. Missionary O. J. Harmonson, presiding. Devotional, 20 minutes—L. E. Payne, Lubbock. Announcements, 10 minutes. The Missionary Message of the N. T., 30 minutes. Baptists and Their Institutions—

Rountable led by T. V. Herndon, Dallas. **Supper—Reassemble at 7 p. m.** Rev. J. W. King, presiding. The Place and Importance of Country Churches in Our Denominational Life, 30 minutes—G. W. Parks, Roscoe. Sermon—Ross A. Smith, Lamesa. **WEDNESDAY.** Assemble at 10 a. m. Rev. C. A. Jones, presiding. Devotional, 20 minutes—W. M. Lawrence, Southland. The Doctrine of the Resurrection; 30 minutes—M. C. Bishop, Colorado. The Doctrine of Salvation, 30 minutes—Jefferson Davis, Snyder. Address, 30 minutes—C. E. Bail, Brownfield. Sermon—T. V. Herndon, Dallas. **Noon—Reassemble at 2 p. m.** Geo. Alexander, presiding. Why the Name Baptist; 30 minutes—Pastor W. A. Bowen, Lubbock. Needs for the Present Denominational Emergency; 30 minutes—B. N. Shepherd, Tahoka. The Associational Missionary and His Problems—Roundtable, led by W. F. Markham. A meeting of the Executive Board

of the Post Encampment is called to meet at the same time of this conference. It is hoped that a full attendance will be had. This conference is held for the purpose of bringing our western people closer together in their co-operative efforts to carry forward the banner of our Savior in this section of our great state. Free entertainment will be furnished all who come. Let's all come together and spend the two days in a good time serving the Lord.—Committee.

WHAT HAPPENED TO IT?

Wonder what has become of that old "Back to the farm" cry we heard so often just a few years ago? Can it be that Uncle Sam has finally succeeded in convincing the rural youth that he is better off financially and morally on the farm than he is in the town or city? At any rate, we don't hear the old complaint any more, and the government is to send out a report in a few months now that will explain why we do not hear it. That report, it is said, will show that the tendency of Young America to desert the farm is growing smaller every year.

We hear a good deal around Snyder about work being hard to find—but we have grown used to hearing that. Today about 50 per cent of those who complain of not being able to find work are not particular whether they find it or not. Improved farm machinery hasn't reduced the demand for farm labor, because it takes labor to run the machines, larger acreage is being planted, thus increasing the number of men needed to plant, tend and harvest the crops. The auto has made additional work in the small towns and garages are far more numerous than blacksmith shops in the old days. More and more land is being cleared and cultivated, too, and that means still more employment. And the fact that \$10 a month and board is no longer considered a fair wage for a farm hand has helped to keep the farms supplied with labor. We hope to get this new report

when it comes out, because we believe it will contain some figures well worth printing, figures which will show exactly why we don't hear the old "back to the farm" slogan as frequently as we once did.

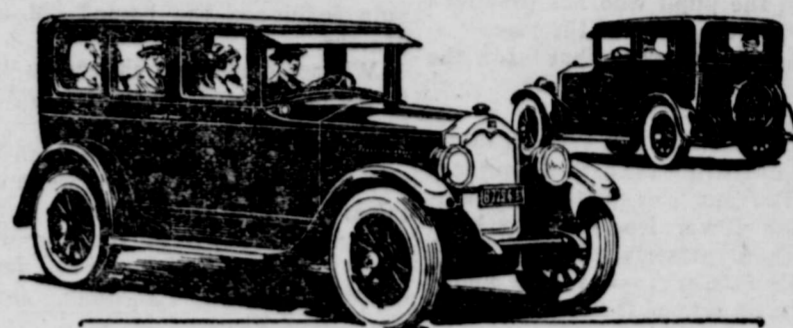

YOUR LAST CHANCE TO ENTER CONTEST.

Next week, or more definitely, November 5, will be your last chance to enter the Times-Signal's big subscription contest. If your community has no contestant, why not get into it? With the Snyder support so divided, a contestant from

any prosperous community would stand a good chance of winning one of the automobiles, if his or her friends would give their undivided support to one contestant. So why not give it a trial? The prizes are well worth working for.

STOPS CROUP

Compare these Better BUICK Sedans with "Coaches"

These finer closed cars are built on the famous Buick chassis with the 21-year-proved, 60 and 75 horsepower Buick Valve-in-Head engines. Extra power!

And they have the famous "Sealed Chassis" and the new "Triple Sealed Engine." No other car, regardless of price, furnishes this completeness of protection for driving parts.

And these Buicks have the characteristic Buick charm of body profile. They are finished in Duco. They seat five full-grown people in roomy comfort. They have the Fisher V V one-piece, ventilating windshield, automatic windshield wiper, and a host of like necessities. Buick's exacting closed car standards prevail in their Fisher-built bodies.

Come in and see how much superior these Better Buick Sedans are to "Coaches", before you spend your money!

Then Dad approved Son's Choice

Mrs. Class Praises Perfection "I have used my Perfection for six years and heartily recommend it as a safe and dependable stove. The heat is easily controlled and the oven is a wonderful baker," writes Mrs. J. Albert Class of Des Moines, Iowa.

She was pretty—Bob's fiancée—Dad admitted. But, could she cook? *** Sweet and fresh as a morning rose, she greeted Bob's folks when they came to Sunday dinner. Such a meal! Good and substantial, the kind Dad liked—tender roast pork, well-browned potatoes, dressing, ruddy baked apples, and pie. One whiff, and he was completely won over. "How did you do it?" asked Bob's mother admiringly. "It was easy," she replied. "I cooked the whole meal, except the salad and tea, in my Perfection Oven. I did not have to stand over a hot stove stirring and mixing. And I saved fuel, too. I'm glad you like it."

"What do you think of her?" Bob asked triumphantly, turning to his Dad. "Great!" responded his father enthusiastically. *** Try a Perfection oven-cooked meal on your family. For best results use Perfection Ovens on Perfection Stoves. No heat escapes, as the glass door is tightly closed at the top by a patented feature. And perfect air circulation, necessary for good baking, is assured by 108 vent holes. Ask any dealer for a demonstration of Perfection Cook Stoves and Ovens.

School Notes

(Continued from page 1, Sec 2)

nies. About a month ago I hoed a little cotton. I think it is very interesting for I have never had to work in the field.

Then it was September, time to start once more preparing to start to school.

The pupils of Miss Lucile Strayhorn are progressing nicely. A contest is to begin soon. A reward is to be given the pupil who has practiced the most at the close of the year.

We are all working hard for the prize.

The music work this term is doing very much better than this time last year. The pupils seem to be interested and fewer lessons have been missed than formerly. They will be presented in Christmas recital about the close of school for the holidays. We want to thank the school teachers for such hearty co-operation.—Marilyn Rosser.

My class is much larger than last year and is progressing nicely. We are planning to give Shakespeare, "Taming the Screw," on December 18. The younger pupils will furnish the material for between acts. The costumes for the play will be true to the time the play was written. They will be sent out by a Chicago costume company and the money for this play will go to material for the school building so watch for the date of the play.—Elaine Rosser.

ORGANIZATION OF THE HOME ECONOMICS CLUB.

All home economics girls met in the auditorium Tuesday afternoon for the purpose of arranging the Home Economics Club. The following officers were elected: President, Fana Bell Preullt; vice-president, Raye Morgan; secretary and treasurer, Aletha Epps; parliamentarian, Dorothy Strayhorn; reporter, Faye Joyce, and Miss Greene is our advisor.

We decided to pay five cent club dues each month. The club will meet twice each month.

The purpose of this club is to bring the girls closer together in their work, and to put on a program at each meeting beneficial to the girls. We have sent in our application for affiliation which will not only entitle us to membership with the state but national organization, also.—Reporter.

Neighboring County Notes

Merkel is still one of the leading cotton towns of its size in this part of the State. Up to and including last Thursday, its gins had turned out this season 6,646 bales.

Up to and including last Thursday Mitchell County had ginned nearly 15,000 bales of cotton this season.

Contract for installing a system of waterworks for Loraine was let the past week.

Eighteen quarter sections of the West pasture near Spur have been sold recently and will be put under cultivation.

J. M. Chappell of Roscoe died at Dallas recently while on a visit to his son, Asa Chappell. Deceased was an extensive land owner near Roscoe.

Nearly 8,000 bales of cotton had been ginned in Lynn County up to and including last Thursday. O'Donnell led any other place in the county with 2,336 bales.

Up to last Thursday Roscoe had ginned 3,243 bales. Cotton is said to be fine in the Roscoe community.

SUNDAY WITH THE BAPTISTS.

Sunday School at 10 a. m., A. C. Alexander, superintendent. Preaching at 11 a. m. by Rev. Sam Malone, editor of the West Texas Baptist, Abilene. Evening service at 7 p. m., preaching by the pastor. Subject, "Limitations of the Mind, vs. Faith." B. Y. P. U. s at the regular times and places. A cordial invitation to all. JEFF DAVIS, Pastor.

Subject—Can We Live by the Golden Rule?

Leader—Maurine Martin.

Songs.

Scripture readings, Matt. 7:12; Lev. 9:18; Gal. 6:1.

Is the golden rule practical for every-day life—Almond Martin.

Do business men in your community practice the golden rule?—Howard Martin.

What would you say as to the influence of the golden rule in your high school or college?—Boynton Martin.

How will the practice of the golden rule influence the home?—Maurine Martin.

What element of chance is there in the practice of the Golden Rule?—Inez Baze.

What effect would the Golden Rule have upon the relations between capital and labor?—Evelyn Kidd.

Scripture readings for the week, 1st Timothy beginning with fourth chapter and read through second chapter of Titus.

Everybody invited to be with us and learn the Scriptures.

CIRCLE D.

Circle D of the Woman's Missionary Union of the First Baptist church met at the home of Mrs. H. O. Smith, Monday, Oct. 26, with Mrs. H. O. Smith and Mrs. Hugh Scarborough as hostesses. The circle was well represented there being 18 members present including four new members. Mrs. Edgar Wilson conducted a fine devotional after which our new leader took charge and conducted the meeting in a splendid way. New committee chairmen were appointed and plans were discussed for the coming year. The circle voted to begin the study of the book "In Royal Service" at the next meeting. All the members are urged to meet in the parlor of the church, Thursday, Nov. 5. Bring your thimbles and be ready to help quilt. We entered into

an enlistment and attendance campaign. Mrs. H. O. Smith as captain, choosing the following: Mrs. Jeff Davis, Earl Henry, Clyde Boren, C. F. Sentell, R. D. English, Hugh Scarborough, Alvin Thompson and Mrs. Bill Miller. The other side is represented by Mrs. Claud Holley, who chose the following: Mesdames Horace Leath, Melvin Newton, Wade Winston, Edgar Wilson, Earl Johnson, Chas. Noble, Moore, Humphries and Wells. The losing side will entertain the winners during Christmas week with a social. All the members are urged to be present next Monday at the regular business meeting at the church. This is a very important meeting. At this time the officers of the W. M. U. for the coming year will be installed: President, Mrs. Clyde Boren; corresponding secretary-treasurer, Mrs. Williamson; recording secretary, Mrs. C. F. Sentell; Pianist, Mrs. Melvin Newton; chairman of Circle A, Mrs. Jim Lockhart, Circle B Mrs. Brownfield, Circle C Mrs. Jim Patterson, Circle D, Mrs. Horace Leath.

No man ever wakes up to find himself famous if he went to sleep on the job.

Joe Strayhorn says he can't understand why it takes a lover two hours to kiss his sweetheart good-night when a married man can kiss his wife

good-night in two seconds.

We suppose if Henry Ford's airplane plans go through we'll all have to throw our hats away and buy steel helmets.

Hugh Boren expresses the belief that women will start wearing long hair again about the time men start in growing long whiskers.

One way to recognize the road to Easy Street is to notice the "soft snaps" that have been discarded along it.

"There was a time," says G. B. Clark, "When a bride was proud if you sent her a quilt for a wedding present, but if you tried that these days she'd want to have you arrested."

BIG LAUGH SCENES IN PARAMOUNT'S "CHARMER."

The Paramount picture, "The Charmer," which will be shown on Wednesday at Palace Theatre, offers fans something a little different in the line of Pola Negri pictures—a colorful romance with as many big laugh scenes as there are dramatic moments.

"The Charmer," adapted from Henry Baerlein's unusually successful British novel, "Mariposa," a story of a Spanish dancing girl, who wins fame on Broadway, opens in Seville. Robert Frazer and Wallace MacDonald head the supporting cast in the picture. Trixie Riganza plays Pola's mother and is the center of most of the comedy in the production.

A prominent theatrical agent sees Pola, as Mariposa, dance in her mother's cafe and makes her an offer to come to America. The mother

accompanies her and some of the incidents that happen en route are sure-enough side-splitters. Mariposa and her mother had never set a foot outside of Seville before in their lives and what they don't do when they get loose amidst New York's high society isn't worth talking about. The picture starts off with a laugh and doesn't let up for as much as a single moment until the final fade-out.

Other prominent players in the cast of the picture are Cesare Gravina, Gertrude Astor, Edward Davis and Mathilda Brundage. Sada Cowan wrote the screen play.
