

Scurry County Times

AND SNYDER SIGNAL

VOLUME XXXIX

SNYDER, TEXAS, THURSDAY, NOVEMBER 5, 1925

Number 22

Neighboring County Notes

M. C. Hamilton, a large cotton grower of near O'Donnell, will plant 1,800 acres to cotton the coming season.

Two small children of Mr. and Mrs. Andrew Overstreet of O'Donnell poured gasoline in a stove and applied a match. The home was soon in flames and burned to the ground. One of the children, a boy four years old, was burned to death.

The Rev. Charles T. Whaley has been called to the pastorate of the First Baptist church at Sweetwater.

A man named Donohue of Loraine suffered a stroke of paralysis at Sweetwater Tuesday and is still in a critical condition.

A son of Dr. and Mrs. A. J. Wimberly of Sweetwater suffered a broken arm while playing on the high school campus in that city Tuesday.

A barrel of wine and half a barrel of mash was seized by Nolan County officers Tuesday. The liquor was taken from the home of W. C. Cantwell two miles west of Roscoe.

Officers are leading Lynn County chicken thieves a merry chase, and the best part of the chase is, a number have been caught and placed where they belong.

W. A. Dooley, one of the oldest residents of Kent County, died suddenly at his home at Girard last Monday. Deceased was 59 years old and apparently had been in good health up to fifteen minutes before his death.

Mrs. W. P. Coleman, for many years a resident of Sweetwater, died in that city Monday at the age of 72 years.

Charlie Kitchen, a popular young man of Post City, died the past week of injuries sustained from being kicked in the stomach by a mule.

Four persons were badly injured at Colorado last Tuesday. Ed Peach, an employe at the Herrington garage, was thrown several feet when a gas tank he was soldering exploded. The explosion was terrific, and how Peach escaped being blown into atoms seems almost miraculous. Mrs. Eddy was badly scalded when a vessel of boiling water was turned over, when one of the handles of the vessel gave way. Roy Cain had the misfortune of having three fingers of his right hand badly mangled in a gin.

T. B. Cowan, formerly of Colorado had the misfortune of losing his right arm in a gin at Lamesa the past week.

According to the Colorado Record, there are sixteen oil companies now operating in the Colorado field, and that the Colorado country bids fair to become a great oil field.

Conservative estimates place the number of bales for Mitchell County this season at 35,000 bales.

PARAMOUNT SPEED-COMEDY HAS NEW YORK BACK-GROUND.

"Wild, Wild Susan," a Paramount comedy of laughs and thrills starring Bebe Daniels and coming to the Palace Theatre on Monday next for a one day's run, is laid against a background of New York City, scenes including Riverside Drive near Grant's Tomb, the Leviathan's pier, Washington Square, interior of the Park Lane, New York's newest hotel, and scenes outside the Hotel Astor in Times Square.

The story is an adaptation by Tim Gerahy of "The Wild, Wild Child," by Stuart Emery, which ran in Liberty and brings Bebe to the screen as a vivacious society girl. Like all girls with pep and leisure, Bebe, as Susan Van Dusen, craves a "career" and seeks out a job as detective and then is assigned to locate the missing son of a wealthy man. Rod La Roque, featured opposite the star, is really the young fellow in question. It's all a put up job so he might be near Bebe.

Mrs. J. C. Dorward and little daughter, Estine, of Gail visited in Snyder early last week.

MSTOOK POTATOES FOR STUMPS

Some time last summer, L. H. Johnson, who lives twelve miles west of town planted a patch of ground to sweet potatoes. He did not pay much attention to the vines, and owing to the dry weather, he just supposed they had not amounted to anything. A few days ago, he decided to do a little fall plowing, and it so happened that he decided to break his potato patch. He had scarcely put his plow into the ground until it hit a "snag." He loosened his plow and tried it again, and he hit another "snag." He began to wonder how the "snags" managed to get into his potato patch, so he got a shovel and a grub hoe and began to investigate. He soon discovered that the "snags" were nothing more than enormous Porto Rico yams. By using his shovel, hoe and plow, he managed to dig out several, one of which weighed 6 1/4 pounds. He is now selling them by the dozen, as he has discovered that it takes only 12 to make a bushel. Next!

BAPTIST WOMEN'S MISSIONARY SOCIETY

The W. M. S. of the First Baptist church met in regular business meeting at the church Monday, November 2, with a good attendance of 33 members and two new members. Mrs. Barton and Mrs. Humphries who were introduced to the society. The devotional was given by Mrs. Ward Gross, after which the new officers for the coming year were installed by Bro. Jeff Davis who presented the new president, Mrs. Clyde Boren, who in turn presented the following officers: Corresponding Secretary, and Treasurer, Mrs. O. S. Williamson; Recording Secretary, Mrs. C. F. Sentell; Pianist, Mrs. J. M. Newton; Chairman of Circles, Mrs. F. M. Brownfield, Mrs. J. G. Lockhart, Mrs. Jim Patterson and Mrs. Horace Leath. The meeting was then turned over to the new officers. The society voted to assist the treasurer of the Church in the collecting of old pledges and the soliciting of new pledges, the work to be done within the month of November. The four Circles of the society will serve lunch to the B. Y. P. U. study course students, beginning November 9, through Friday, November 13. Lunch will be served in the basement of the church each evening. At this time a W. M. U. book will also be taught. All who will be urged to come and take this book, and aid in the raising of the standard of the society. Circle A, with Mrs. Lockhart as chairman will present the Missionary program, November 15. The W. M. S. is now fostering a Sunbeam Band, with Mrs. Geo. Alexander as leader ably assisted by Miss Lottie McMath. The Sunbeams meet in the basement of the church at the same time that the society meets up stairs. All mothers are especially urged to bring their children each first and third Monday's. The society voted to have Saturday Markets. Because of some things that have come up since the meeting the first market has been postponed until Saturday, November 14. At this time Circle A will have charge of the market. At the close of the meeting a box was packed to send to Buckner's Orphan's Home. The president has called a meeting of the executive committee, Friday, November 6, at the home of Mrs. Clyde Boren. The following members of the executive committee are urged to be present: Mesdames O. S. Williamson, C. F. Sentell, J. M. Newton, J. G. Lockhart, F. M. Brownfield, Jim Patterson, Horace Leath, J. C. Wilsford, H. E. Rosser, G. B. Clark, R. D. English, Jeff Davis, W. W. Gross, J. A. Woodfin, J. R. Huckabee, W. R. Bell, Ollie Bruton and Wade Winston.

NOTICE TO TEACHERS.

There will be a Teachers' Examination held in the district court room, Nov. 13-14. All applicants must register with me before Monday, Nov. 9, to be eligible for this examination. A. A. BULLOCK, County Superintendent.

Mr. Eugene Robinson of Abilene has been attending the bedside of his grandmother, Mrs. Pack Wolfe.

Mr. H. B. Palmer of Lubbock spent last week-end with Dr. Palmer and Mrs. Marie Palmer Green.

Mr. and Mrs. W. R. Minor left Monday for McKinney, Texas, where Mr. Minor will be under treatment of a specialist.

Mr. and Mrs. S. T. Elza were in Sweetwater Monday and attended the Nolan County fair.

Mrs. Sam Randall of Hermleigh was in Snyder Wednesday to attend the Coeterie Club.

RALPH WOLFE BACK TO FIRST PLACE

Ralph Wolfe came up from second place to first place in the Times-Signal's subscription contest this week. Miss Eva Strayhorn came up from third place to second place, and Mrs. Biggs, although making a substantial gain, fell from first place to third place. Miss Mary Belle Trevey makes good gain and still holds fourth place. Miss Mary Higgins makes gains and still holds fifth place.

Nominations are now closed, and those who intend to stay in the race, if they have taken any subscriptions to turn in, must do so between now and next Wednesday, as those who have paid contestants money want to begin receiving their paper, or if they are already getting the Times-Signal, they want to see the date of expiration marked up. Therefore, those who have never made a report must do so on or before Wednesday, November 11, 1925.

Following was the standing at noon Thursday, Nov. 5:

Ralph Wolfe	31,400
Miss Eva Strayhorn	30,100
Mrs. A. P. Biggs	28,900
Mary Belle Trevey	22,700
Miss Mary Higgins	16,500
Miss Janie Martin	9,700
Miss Nora Casey	6,200
Miss Sadie Lightfoot	5,200
Lawrence Dever	5,200
Miss Winnie Garner	5,100
Miss Pauline Merrill	5,100
Miss Opal Eppey	5,000

HERMLEIGH AND DUNN TELEPHONE DIRECTORIES.

The Times-Signal job department has just turned out telephone directories for J. J. Henry, owner of the Hermleigh-Dunn telephone system. Mr. Henry believes in patronizing home industries, and realizes that the Times-Signal is a Scurry County institution.

Mrs. W. C. Wennenger and Miss Rena Bell Carlton spent Wednesday in Sweetwater.

Carl J. Yoder, who was formerly connected with the Snyder Utilities, has purchased the Chero-Cola Bottling works from Mr. Dewey Winstead. Mr. Winstead has not yet stated his plans for the future, but it is the wish of all that he and his wife remain in Snyder.

Mr. and Mrs. R. W. Webb were in Sweetwater Wednesday where Mr. Webb attended the District Chevrolet dealers' meeting.

Mr. G. R. Bishop of Ira was in Snyder this week.

Roland Ray Autry, 9-months-old son of Mr. and Mrs. L. T. Autry of Ira, died Wednesday night in the home of Mr. N. W. Autry, the child's grandfather, here. The funeral was held Thursday afternoon at 2:30 o'clock at Ira.

Mrs. W. D. Roberts of Glendale, Arizona, daughter of Mrs. D. B. Gardner of Sweetwater and Mrs. A. S. Baker of Snyder, is visiting with relatives here.

Misses Minnie and Maude Lindsey made a business trip to Post the first of the week.

Mesdames B. S. Thorp and E. C. Neely spent Tuesday of this week in Sweetwater.

Messrs. J. H. Day and J. E. Johnson left early Thursday morning for Girard, Texas.

Mr. L. M. Deavours, a former resident of Snyder, now of San Antonio, Texas, is here on business.

We are glad to note that Mrs. Joe Caton, who has been ill for several days, has recovered.

The Times-Signal takes great pleasure in announcing to the many interested friends that Dr. Palmer is very much improved.

Messrs. C. J. Yoder and Dewey Winstead transacted business in Fluvanna Tuesday.

Misses Myram Stewart, Gladys Boren and Lillian Chatham, teachers in the Snyder public school, spent Sunday with friends in Lubbock.

Wraymond Sims attended the Baylor-A. and M. game at Waco last week-end. He was an honor guest at a luncheon of the B Letter Men's Association and visited with old teammates and friends.

S. C. Porter and daughter, Olive, visited last week-end with Mrs. Bob Preston of Midland, Texas. They were accompanied home by Mrs. Porter who had been there for several days.

Miss Edna Wilson began her school at Lloyd Mountain on Monday, November 3.

Mrs. Lewis Duke of Amarillo is visiting in the home of G. L. Autry, attending the bedside of the eight-months-old baby of Mr. and Mrs. Leland Autry.

Miss Laura Bell Roten and Mrs. A. G. Eiland visited in the home of Mr. Edwin Falls in Ira last Sunday.

Mr. and Mrs. Fred Williams and Mrs. Keith of Colorado City spent Sunday with Mr. Tom Condra and family.

PROGRAM PARENT-TEACHERS' ASSOCIATION, NOV. 12.

Solo—Mrs. Hugh Boren.

What we should expect of our Teachers—Mrs. Roland Bell.

What We Should Expect of Our Patrons—Mrs. Marie Green.

Reading—Miss Taylor.

Discussion, Should We Allow People with Tuberculosis from Other States within Our Borders.

School auditorium. All parents urged to come.

COUNTY FEDERATION.

Will meet Saturday, Nov. 14, at 3 p. m. All members are urged to attend. Clubs must send in written reports of their month's work.—Reporter.

Miss Ione Sutherlin went to Abilene Sunday where she has accepted a position with Babb-Howard Company. She was accompanied for the day by the Sutherlin family and Miss Evelyn Irvine.

Miss Elva Lemmons, who is teaching school at Hale Center, spent Saturday and Sunday with her parents here.

Mr. and Mrs. L. H. Orr and two children, Helen and Bob, were in Dallas last week where Mr. Orr attended the convention of the Southwestern Life Insurance Company.

Mr. and Mrs. Fred Crowder and little daughter, Forrest, of Ballinger, Texas, are visiting in the city. Mr. Crowder states that he is planning to locate in Dallas.

Mr. Roy McMillan returned Saturday from Dallas and will be associated with his father, Mr. T. L. McMillan, in the McMillan Grocery Co. in the old Templeton Grocery.

Mr. F. A. Cary went to Abilene last Saturday.

Mr. and Mrs. W. W. Rogers attended the Nolan County fair at Sweetwater last Friday.

G. G. Ross and family of Robstown, Texas, are new residents of Snyder, Mr. Ross having accepted a position with the Economy Store.

L. E. McCollum and family, who left here about three months ago for Gains County, are again residents of Scurry County. W. F. Holmes came through with Mr. McCollum's car of household goods. Just as sure as you take a drink from Deep Creek, you'll come back sooner or later. In Mr. McCollum's case it was mighty soon.

R. L. Lightfoot of Fluvanna was here the first of this week on business.

Jas. P. Fitch, regional Boy Scout executive of Texas, Oklahoma and New Mexico, was in Snyder Tuesday in conference with W. S. Barcus and Executive H. B. Palmer of Lubbock.

MISS BUICE JOHNSON HONORED.

Miss Buice Johnson, daughter of Dr. and Mrs. W. R. Johnson, who is a senior at Sullins College, in Bristol, Virginia, has recently received the honor of being made Activities Editor of the Sullins College publication, the "Virginia Muddle."

This is the first year of this magazine but it is thought that it will soon be ranked among the leading junior college publications of this country. Miss Johnson has done excellent work during her two years at Sullins and is considered a valuable addition to the "Virginia Muddle" staff.

WE OFFER AN APOLOGY

On the account of the receipt of a long Ordinance from the City for publication after we had set our "pegs" for 12 pages and had made one run we are compelled to leave out a large amount of real news sent to us by our Correspondents. We regret very much having to do this and also offer an apology for the appearance of our front page. We do our best to have nothing on this page but news items of general interest. We are forced, this week, to place on it a number of programs and other articles not considered front page "stuff" by the "make-up" man.

MRS. BROWN'S AND MRS. KING'S GRANDFATHER DIES.

Earl Brown and family and W. P. King and wife were called to Martha, Oklahoma, Monday on account of the death of H. C. Doughty, grandfather of Mrs. King and Mrs. Brown. The two families drove through in Mr. Brown's car.

Mr. and Mrs. W. M. Scott of Wichita Falls and Mr. and Mrs. Watt Scott of Dallas were attending to business and visiting friends last week in the city.

WOMAN'S MISSIONARY AUXILIARY.

On last Monday afternoon the Woman's Missionary Auxiliary met at the Methodist church in the regular mission study. When the lesson was finished both auxiliaries met in the basement in a very interesting week of prayer program.

Mrs. R. M. Stokes led the devotional, which was followed by the song, "Take Time to be Holy."

Mrs. C. C. Higgins read an interesting paper on Woman's Home Work. In this she told us that our week of prayer offering would be sent this year to Sue Bennett School in London, Kentucky.

Mrs. I. W. Boren and Mrs. J. G. Hicks each gave some interesting news in regard to our home and foreign missions.

We then sang "Sweet Hour of Prayer." The life of Josephine Campbell, founder of Carolina Institute in Seoul, Korea, was given by Mrs. Dewey Winstead.

Mrs. W. W. Smith brought us a message which was very instructive as well as interesting. After her message we were all thankful that we had a part in sending money to the Sue Bennett school and Carolina Institute. Although our gift may be small perhaps it will help carry on the good work being done in these schools.

Several sentence prayers were offered for the brave souls who were giving their lives to God's work.

A social hour was enjoyed by all during which time delicious refreshments were served.

Then we were given an excellent program by the juniors. How thankful we are for the children who are our week of prayer offering from the three organizations amounted to \$25.62.—Reporter.

JUNIOR CHRISTIAN ENDEAVOR

After their meeting at the Presbyterian Church last Sunday afternoon more than a score of the Juniors, in charge of their superintendent, and assistant, Mrs. Elza and Miss Mitchell and accompanied by Mesdames Abernethy and Wolcott, visited Grandfather and Grandmother Buchanan at their home in East Snyder. On their arrival they found Rev. and Mrs. Manley had preceded them. The Juniors marching up the walk and on to the front porch, gave their yell in happy voices: "Rah, rah, rah, rah, who are we?"

Juniors, Juniors, don't you see! etc."

Then followed songs, Lord's prayer in concert, the "Little Gospel" from memory by Sam Werner Wilborn, prayer by Brother Manley, songs, special greetings and good wishes from the Endeavors splendidly given by J. W. Handryx Jr., a reading delightfully given by Mary Orr, little gifts charmingly presented by Eula Ferguson, handkerchiefs waving good bye from all, including baby Lucille Wolcott. This group of fine boys and girls have made "sunshine visits" to others of their aged and shut-in friends over town and expect to make still other such visits. These pleasant occasions bring joy and cheer and will never be forgotten.

SCURRY COUNTY GIN REPORT NOVEMBER 5, 1925.

Snyder	4502
Dunn	1059
Hermleigh	1327
Inadale	1459
Ira	840
Fluvanna	449
Camp Springs, estimated	658
China Grove	757
Total	11,043

Mrs. Charles Miller came in from the ranch last week for a few days' visit with Mrs. Bill Miller.

Miss Ophelia Dorward began her school at White Bluff on Monday morning, November 2.

Mrs. Roland Irving and little daughter, Enid, of El Paso are visiting Mrs. Irving's parents, Dr. and Mrs. A. O. Scarborough.

Mr. and Mrs. Frank Miller of Gail visited relatives in Snyder the past week.

Misses Gwendolyn Chambers, Alma and Mary Edith Hood, and Orene and Judy McMillan spent Sunday with Miss Bernice Sheridan in Sweetwater.

Miss Neoma Strayhorn of Simmons University, accompanied by Miss Elizabeth Meister, also of the University, spent last week-end in Snyder.

Miss Lena Ruth Smith spent Sunday in Post with friends.

Mr. W. C. Miller came in from the ranch and spent Saturday and Sunday with home folks.

Raymond, the three-year-old son of Mr. and Mrs. Quitman Weatherall, who live near Fluvanna, fell into a pot of scalding water last Friday and was seriously burned on the face and arms.

Misses Marilu and Elaine Resser, our popular speech-arts and music instructors, attended the Cotton Palace and incidentally the Baylor-A. & M. game in Waco last week, visiting in the home of Mrs. A. C. Palmer. They also visited with old Baylor Belton friends and classmates.

Mr. Louis Blackard made a business trip to Tahoka Monday.

The Crenshaw school opened Monday, November 2 with Mr. Odell Head as principal and Miss Leola Blackard as primary teacher.

Football practice of the Snyder Hi team was resumed with the return of Coach Wraymond Sims. The boys are in high spirits and are looking forward to a "battle royal" with the opposing team at the Armistice Day game.

Mrs. J. H. Hanibus and daughter, Miriam, of Gail were in Snyder Wednesday.

C. B. Palmer from Brownwood visited relatives here last week-end.

Messrs. Roy and David Strayhorn motored to Abilene Sunday for a visit with Rex A. Smith and family of that city. They were accompanied from Roscoe by Miss Mary Strayhorn.

Mr. and Mrs. Dewey Winstead and Mr. and Mrs. Clyde Shull spent Wednesday in Jayton.

PRESBYTERIAN MISSIONARY SOCIETY, NOV. 9.

Subject—Siam.

Song—Work for the Night is Coming.

Scripture Reading—1st chapter James.

Roll Call with text from Year Book.

Prayer.

On a Tour with Mrs. Missionary—Mrs. Baugh.

A "Three Alarm"—Mrs. Granham.

Song—Rescue the Perishing.

Ten words of Mike Palermo—Mrs. McCoach.

Prayer and Benediction.

NOTICE! MEMBERS, O. E. S.

The regular meeting of the Order of Eastern Star will be held Thursday night, Nov. 12.

WORTHY MATRON.

Mrs. J. L. Brown of Crosbyton is visiting her daughter, Mrs. R. D. English.

Mr. Corlie Jenkins, who is in Lamesa for the cotton season, spent the week-end with home folks.

Miss Lena Ruth Smith spent last week-end with Miss Bertie Bell Brown in Spur.

Mr. and Mrs. R. D. Meeks of Abilene are visiting in the city. Mr. Meeks was formerly connected with Higginbotham Bros. & Co. here.

HIGH SCHOOL NOTES

WHEN I DID NOT KNOW MY LESSONS.

It was on Monday and every child was almost frozen when he got to school. There were icicles hanging on every tree outside, everything was cold and shivery. On this particular day I did not know my lessons. When the bell rang I felt a cold shudder come over me, for that was the period by history came. I marched to my room, took my seat and slightly glanced up at my teacher. She was staring me in the face. I felt that as she looked at me she read on my face. (She does not know her lesson. I was ashamed to even look at her. I thought if I did not look she would not ask me any questions. I would turn in my seat, play with my pencil and see everything that happened in the room and hall. Just as I was turning around to see what was happening behind me my teacher said, "Bammia, behind me the Burning of Rome." The first thought I had was "Oh my, I did not know there ever was a fire in Rome. I got up and told that the whole city was destroyed by a disastrous conflagration and just then I thought, well, surely they rebuilt it, so I told this. I just happened to guess it. I sat back down and said to myself, "I'll wear a big ring today." But the period was cut short, and she did not get around to me again before it was over.

The next day I looked in her grade book and saw my grade marked B. Then I felt that I had gotten by easy even though I did not know my lesson. The next day and from then on I knew my lesson, because I did not like that dreadful feeling, and was afraid that I might not be able to answer at all next time.

WHAT MAKES A NATION PROSPEROUS.

A nation's prosperity depends to a great extent upon its businesses. If a nation is to be prosperous the business organizations must be and the men who are at the head of these businesses represent our thrift. If the managers are good business men then you may well say that our nation will be prosperous.

The primary purpose of a business man is to increase his own prosperity. Under a properly organized industrial system anyone who increases his prosperity will also increase the prosperity of the nation. He may increase the nation's prosperity in several ways—by paying more taxes, both income and private property tax. The average man, if his business fluctuates very much, will enlarge his business, thereby causing him to hire more laborers.

There are many ways by which a nation can gain wealth. It may gain wealth from the direct revenue, such as public domains, public industries, confiscations and indemnities. It may gain a due portion of its wealth from derivative revenue which includes taxes, fees, assessments, fines and penalties or there is the anticipatory revenue which include the sale of bonds or other forms of commercial credit; also the sale of treasury notes. Our nation became very rich during the "World War" which was due to the fact that we exported so much munitions and food stuff. The United States had to feed the world during the war for in all of the European countries the men had to go to the front and this left no one save the women and children to till the soil and naturally they could not produce as much for they did not have as much strength as do men. It may be said we prospered under the downfall of another nation.

A great many years ago the word "economize" meant to manage a household but now the word has a much larger meaning. We speak of economizing with reference to communities, nations and even to the whole world. To economize one must give up the things for which he cares less in order to purchase those for which he care more. To economize one does not necessarily have to save money. A person may economize a great many times by spending money. The same thing holds true of a nation as does with an individual. A great many farmers in West Texas are going along through life trying to avoid spending any money on the up-keep of their farms, while their land is being washed clear off the face of the earth into the gulfs and bays. They are not broad-minded enough to see that if they would spend a few dollars for terracing and ditching the land it would more than pay for the expense of the work the first year. They think they are saving money but this method of saving money is not economy it is merely the lack of vision. This type of a man is one who is trying to live as his forefathers lived. So far as national economy is concerned he is detrimental rather than beneficial to society.

The existence of the whole world depends upon land, labor and capital and in each of these factors of production we have to economize. We have to economize on land because

that is where our food supply comes from. People cannot live without food, they usually plant on the farms just such crops as will yield the most, the product which will bring the most money when marketed. In the large cities people economize on land by erecting their buildings up in the air. They can build them as high as they please until they reach the law of diminishing returns.

We economize on labor. If a person has some work to do and suppose that he has to hire some man to do it, he will not pay this man to sit around and do the work, but he wants him to do all the thing he can. On the other hand the employee is not going to kill himself so to speak, but he will reserve some of his strength each day, for he knows that he must work the next day if it is possible. This man is economizing on labor also.

We say that we economize on capital, but then the question comes to us, how do we economize on capital? We simply invest our capital in such a way as to produce more wealth. Why we have to economize is a question that is sometimes asked. Everyone knows that our population is increasing and that sometimes in the near future the greatest problem which will confront the world is the food problem. There are two ways to meet this problem, namely: to increase our power of production and this can be done to some extent by reclaiming our waste lands such as deserts and swamps, also by caring for the land we now cultivate. Another and equally as important as this is to preserve what we have already produced. It is as bad a crime, if it is a crime, for people to be extravagant as it is to not be a producer. We must economize for the salvation of the future generations depends on begin.

Economy must begin in the homes because here it will affect the individual directly. Now since a nation is built up of individuals in order for a nation to be prosperous the individual must be thrifty.

LOCALS.

Vernon Carnes has quit school. He turned in his books Friday.

Cuby Casey was out of school last week on account of sickness.

Emel Greene was not in school

Monday on account of sickness.

We regret to report that Mrs. Greene's father is still seriously ill. We are glad to report there is a new pupil started to school this week. Ozea White, who entered as a senior.

Ora Settle has turned in her books and will not be in school longer. She is moving with her parents to Arizona. We regret very much to lose her. Ima and Allone Binnion have withdrawn from school.

Mary Holt and Bernice Blair have been out of school a week on account of sickness. We hope they will soon be back at their work.

THE HALLOWEEN PLAY.

The play given by the Spooks last Friday evening was a splendid success. The co-operation of each member of the senior class gives sufficient reasons for the success.

The seniors wish to thank the public for their kindness in lending their attention to the play. They feel that without the help of the public, in every movement they make they can not make much headway toward success.

You don't know what you missed by not being there. All people of learning understand the value of all of the Shakespearan plays and especially the weird part of Macbeth which was shown at the school auditorium last Friday evening.

ANOTHER SENIOR SOCIAL.

Friday night, October 20, all the spooks in the senior class and a number of the faculty and friend spooks met at the home of Miss Dorothy Strayhorn dressed in "evening dress" and not costumes.

These spooks met for the purpose of playing their annual "42" games. Each member was privileged to have his fortune told by a witch that was passing through here on her way to Spook-town. Any number of questions might have been asked but one was usually sufficient which happened to be, "Let me up!" A silver chiming bell was rung at the end of each "42" game, and the spooks changed tables according to winners, and losers.

Delicious refreshments were served to the poor, hungry spooks and the tiny biscuits made them think they were in home economics again, being served by Miss Greene.

Radio and Edison musical numbers were enjoyed by all and with a sad farewell and sinking heart each took his departure to the land of "Saints," "spooks" and "goblins."

A TON LITTER.

Last Friday evening when Henry Cotten went out to feed his hog he was agreeably surprised to find that he did not have just one hog but ten, a Berkshire sow and nine very Henry looked at his large herd of hogs for a moment and thought for the first time, since he started his project, 'Boy, I'm in the hog business. If that will not make a ton litter at the age of six months I want to know why.' So Henry hurried off to town to order a bale of hay to make his hogs a more comfortable bed. When he returned, to his sorrow, his fine sow had overlain four of the little pigs and killed them. This was very discouraging to Henry. It made him think that he was no part of a hog man, but nevertheless he is determined to make real hogs out of the remaining five.

We regret very much that such ill luck should befall our classmate but we have to take what comes weather we like it or not.—Reporter.

AGRICULTURE CLUB ORGANIZED

The vocational agriculture classes assembled in the high school auditorium at 3:30 p. m. Wednesday, October 28 at the call of Mr. M. D. Lewis, teacher of the agriculture department, for the purpose of organizing themselves into an agriculture club. The house was immediately called to order by Mr. Lewis who acted as temporary chairman. The election resulted as follows: Henry Cotten, president; Harold Brown, vice-president; and Arthur Snodgrass, secretary and treasurer.

The purpose of this organization is to create more interest in the course; also to stimulate that which has been acquired. We have planned to take several outings during the various week-ends after the winter season; also to work in harmony with the plans of the home economics girls club, which is a similar vocational organization.

FAILURES IN SCHOOL.

Some pupils think the reason they fail is because the teacher doesn't like them and just fails them on purpose. But this is not the reason when a pupil goes to the class room and just sits there and never tries to answer anything just because he does not know it, it is not the teacher's fault that he fails.

"But whose fault is it?" It is no one's fault but the pupils. There are not more than nine pupils out of ten

who will not pass if they really study.

A freshman on average study may put in between forty-five minutes and an hour of real studying on a subject and be able to pass it easily.

A sophomore may have to put in more time on his subjects and a junior still more time on different subjects.

A senior should, to make more than a passing grade, put in from an hour and a half to two hours on each subject.

If each pupil would put in this much study they will nearly always pass.

ATHLETICS.

There will be no definite statement made until next week concerning football. The basket ball practice has started in earnest. Thirty men are working hard every afternoon in hopes of being on the first team. Coaches Roberts and Lewis have not decided who will be in the first string yet.

The basket ball girls have been practicing for the past week. Those who have been working are improving rapidly. We hope to have a game soon with some neighboring team. Come out and help us win

our first game.

HOME ECONOMIC NOTES.

Doris Buchanan.

Courtesy.

Probably there is no one thing by which a person is so quickly judged as by courtesy or the lack of it. After we see a person only once during our life time but how long the impression lingers with us! It may be either a little act of kindness or of rudeness which makes this lasting impression. Surely there is nothing which so marks a woman as "a lady" as the little thoughtful acts of courtesy which becomes a part of her every day life.

There are many ways of being courteous that perhaps the average high school girl never thought of. Some of them are:

Patriotic Courtesy.

Standing when the national anthem is played is a mark of courtesy. Soldiers salute their superiors which is also courtesy. A very good way to show patriotic courtesy is to be friendly with men in khaki who are doing so much to protect us in time of war. Girls should help soldiers

FRIENDLY

BIRTHPLACE OF PRESIDENT COOLIDGE LIGHTED WITH DELCO.

The room in which President Calvin Coolidge was born, at Plymouth, Vermont, a little more than fifty-three years ago, is now lighted with electricity, according to word which Ed J. Thompson, the local Delco-Light dealer has just received from the factory at Dayton, Ohio.

Mr. Thompson exhibited a copy of a letter which had been written to a member of the Delco-Light organization by Miss Florence V. Cilley, who has the general store at Plymouth, and the residence in the same building which forms the Coolidge birthplace. Her letter states that her Delco-Light plant, recently installed, lights the store and residence, "including the room back of the store, where President Calvin Coolidge was born."

This room, and the village of Plymouth, as has been remarked, have attracted a great deal of attention since the President's rise to fame. The birthplace of a president is always a place of great interest to the American people. Some of the homes where our presidents were born have been very poor and primitive. Some have been splendid, even pretentious. Calvin Coolidge's was neither of these, but just a plain, unpretentious, yet substantial place, quite in keeping with the surroundings in the little Vermont village where it seems rightly to belong. It will not lose any of its attractiveness, either in the opinion of Mr. Thompson, but will gain much in the way of comfort and convenience because Florence V. Cilley has yielded to the

modern tendency of the times and has put electricity to work for her where kerosene lamps and candles held sway so long.

WORTH WHILE HAPPENING AT HERMLEIGH.

Special to Scurry Times-Signal.

The meeting of farmers held at Hermleigh last Friday night was no doubt one among the most enthusiastic meetings of farmers that was ever held in Scurry County. The discussions among those present were in general and along the line of the right kind of co-operation.

It was very much apparent that this body of farmers was not in the least a bunch of selfish human beings, as it was clearly brought out that the proper regards and interest of all were discussed and considered, as it should be.

A good portion of the time was taken up in discussing the proposed co-operative gin company for and by the farmers of Hermleigh. After a very satisfactory discussion by all farmers present on this proposition, Mr. W. W. Porter of Colorado, Mitchell

County, who by invitation appeared in the meeting was introduced, who spoke briefly of farmers' gins and the proper way of operation.

Mr. Porter is interested in a number of farmers gins in Mitchell County and his talk was informational. Mr. Porter's talk was well received by all present, after which a representative group of farmers from each community was appointed to further carry out the plans. The

names of each community representative as follows:

Hermleigh—T. W. Atchley, W. W. Early, Joe Ramisch, A. D. Higginbotham.

Ganaway Community—Mr. Gannaway, W. M. Sturdivant.

Plainview Community — Ben Brooks, L. D. Sturgeon.

Pleasant Hill Community—L. Weems, T. L. Sheppard.

Old Pyron Community—Mr. Pate-son, W. O. Moore.

Lone Wolf Community—R. Wells. Bell Community—Dr. Lliney May, A. A. Sturgeon.

Big Sulphur Community—Hoyt Hurphy.

We are cautiously thinking out this proposition. We are coming out in the open with it, because we are led to believe it is a good business proposition not only for ourselves to profit but for our towns and communities to share likewise.

If we are right Mr. Farmer and Mr. Business Man, and you think so its your duty to co-operate with us.

If we are wrong its your duty to come out in the open and tell us so, because we have no desire to injure ourselves or communities and towns not in the least.

Next meeting at Hermleigh, Saturday, Nov. 7, 7:30 p. m.

Come out to this meeting, Mr. Farmer. You to Mr. Business Man. Come out with your think tanks full of constructive ideas. Remember we do not need any destructive ideas.

C. HILL,
Acting Secretary.

METHODIST CHURCH SERVICES.

This week closes our conference

For All The Family

"We use Black-Draught in our family of six children and find it a good liver and bowel regulator," says Mrs. C. E. Nutt, of Mineral Springs, Ark. "I have taken it myself in the last two or three years for indigestion. I would feel dizzy, have gas and sour stomach, also feel a tightness in my chest. I'd take a good dose of

BLACK-DRAUGHT

Liver Medicine

when I felt that way, and it would relieve me, and I would feel better for days.

"My husband takes it for biliousness. He says he has never found its equal. When he has the tired, heavy feeling, he takes Black-Draught night and morning for a few days and he doesn't complain any more.

"I sure do recommend Thedford's Black-Draught."

Your liver is the largest organ in your body. When out of order, it causes many complaints. Put your liver in shape by taking Black-Draught. Purely vegetable.

BIG COMPANY CHANGES NAME.

The corporate name of The Cleveland Metal Products Company, manufacturers of Perfection Oil Cook stoves, heaters and other well known kerosene-burning household devices, has been changed to Perfection Stove Company, according to an announcement made public today. The change is effective as of Wednesday, October 28th.

The change is made for the pur-

pose of connecting the company's name more closely in the public mind with the trade name "Perfection" under which the products of the company (oil cook stoves, heaters, water heaters, etc.) are marketed. There is no change in the organization or policies of the company.

Factories of the Perfection Stove Company are in Cleveland, Ohio, and Sarnia, Ontario. Branch offices are in Chicago, St. Paul, Kansas City, Dallas and Oakland. Warehouses are located in the larger cities throughout the country.

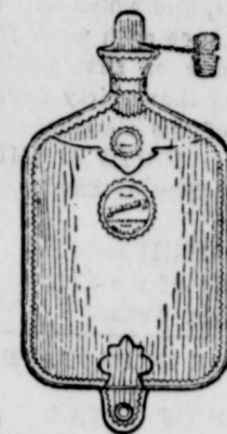

NOTICE TO THE PUBLIC.

The Rev. Chas. F. Parham of Baxter Springs, Kansas, a full gospel preacher, will hold services at Polar, Texas, beginning Friday night, Nov. 6. Will hold over Sunday the 8th. It is worth while to hear him. Come all.

PICKED UP ABOUT TOWN

"I suppose that by now," says Kin Blackard, "New York realizes that there are at least two other cities that can play baseball."

A Boston scientist is trying to find a substitute for coal. Why not try to find a substitute for a coal strike?

"They say the silk stocking was discovered in the sixteenth century," comments Liv Davis, "but not all of it was discovered until just recently."

You've probably noticed that the people who can do as they please usually don't know what to do.

H. P. Wellborn says a lot more men would be sowing wild oats if they could get someone else to harvest the crop.

"I see in the papers," observes Butch McClinton, "that the League of Nations is going to prohibit the use of gas in wars. Why don't they prohibit the kind of 'gas' that starts wars?"

According to Lee Stinson the man who trims his toenails in the morning usually has more time on his hands than nails on his toes.

"As I look at it," declares G. B. Clark, "the fellow who quits smoking is entitled to all the satisfaction he can get out of bragging about it."

WHY WOMEN USE GLYCERINE MIXTURE.

Women appreciate the quick action of simple glycerine, buckthorn bark, etc., as mixed in Adierka. Most medicines act only on lower bowel but Adierka acts on BOTH upper and lower bowel, and removes all greases and poisons. Excellent for obstinate constipation and to guard against appendicitis. Helps any case gas on stomach in TEN minutes. Grayum Drug Company. (F-3)

ELECTION ORDER.

October 5th, 1925.

THE STATE OF TEXAS,
County of Scurry,
City of Snyder.

On this the 5th day of October, 1925, the City Council of the City of Snyder, Texas, convened in a called session at the regular meeting place thereof, in the City Hall, with the following members, to-wit: Fritz R. Smith Mayor; A. C. Preuitt, City Secretary, and Aldermen J. C. Dawson, W. R. Bell, Gay McGlaun, Little Westbrook, Forrest Sears, A. C. Alexander, and among other proceedings had was the following:

At the request of a large number of citizens, which request was evidenced by a written petition, Alderman Alexander made a motion, seconded by Alderman Dawson, that there be submitted to the voters of the City of Snyder the question as to whether or not the City Council of the City of Snyder should be authorized to close perpetually those parts of Borden, Oak and Fair streets crossing Chicago Street, for the exclusive use and benefit of the Roscoe Snyder & Pacific Railway Company, the tracks and yards of said company now being laid on Chicago Street by virtue of a franchise heretofore given said railroad.

The above motion carried by the following vote:

Ayes, J. C. Dawson, W. R. Bell, Gay McGlaun, Little Westbrook, Forrest Sears, A. C. Alexander.

Noes, none.

Whereupon, the following election order was adopted:

Whereas, the City Council of the City of Snyder, Texas, seems it advisable to close perpetually that part of Borden, Oak and Fair Streets lying and being platted across Chicago Street in the City of Snyder, Texas; therefore be it

Ordered by the City Council of the City of Snyder, Texas, that an election be held on the Tenth day of November, 1925, which is not less than 30 days from the date of this order, at which election the following proposition shall be submitted: Shall the City Council of the City of Snyder, Texas, be authorized to close perpetually, by ordinance, those sections and portions of Borden, Oak and Fair Streets which transverse and cross Chicago Street, giving to the Roscoe Snyder & Pacific Railway Company the exclusive use of Borden, Oak and Fair Streets at the points where said streets intersect and cross Chicago Street, under the provisions of Articles 854b and 854c of the revised Statutes of the State of Texas.

The said election shall be held at the City Hall at Snyder, in the City of Snyder, Texas, and the following named persons are hereby appointed managers of said election, to-wit:

W. L. Shaw, presiding judge; M. Stacy, assistant judge; Mrs. Cullen C. Higgins, clerk; Mrs. C. R. Buchanan, clerk.

Said election shall be held under the provisions of the constitution and laws of Texas. All voters who favor the proposition to authorize the

City Council to close said street intersections shall have printed on their ballots the words:

For authorizing the City Council of the City of Snyder to close perpetually those portions of Borden, Oak and Fair Streets intersecting and crossing Chicago Street for use of the R. S. & P. Ry. Co.

All those opposed shall have written or printed upon their ballots the words:

Against authorizing the City Council of the City of Snyder to close perpetually those portions of Borden, Oak and Fair Streets intersecting and crossing Chicago Street for the use of the R. S. & P. Ry. Co.

The manner of holding said election shall be governed by the laws of the State of Texas regulating general elections.

A copy of this order, signed by the Mayor of the City of Snyder and attested by the City Secretary shall serve as a proper notice to said election. The Mayor is authorized and directed to cause notice of the election to be posted at three public places in the City of Snyder, one of which shall be at the City Hall of the City of Snyder (the place herein designated for holding said election) for at least thirty days prior to the date of said election; the Mayor is further authorized and directed to have said notice of the election published in the Scurry County Times-Signal, a newspaper of general circulation published in the City of Snyder, Texas, and which notice shall be published once each week for five weeks, the date of first publication being not less than thirty days prior to the date of the election.

F. RITZ R. SMITH,
Mayor City of Snyder, Texas.

ATTESTED:

A. C. PREUITT,
City Secretary of the City
of Snyder, Texas. 18-5t-c

NOTICE IN PROBATE.

THE STATE OF TEXAS,
To the Sheriff or any Constable of
Scurry County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Scurry County, a copy of the following notice:

THE STATE OF TEXAS.
To all persons interested in the estate of Clarence Curtis Bryan, non compos mentis, Mabel Bryan, guardian of the estate of Clarence Curtis Bryan, non compos mentis, has filed an application in the County Court of Scurry County, on the 27th day of October, 1925, for discharge as guardian of the estate of said ward, accompanied by her final report, which said application will be heard by said Court on the 11th day of January, 1926, at the Courthouse of said County, in Snyder, at which time all persons interested in said estate are required to appear and answer said application; should they desire to do so.

Herein said not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Snyder, Texas, this 27th day of October, 1925.

(Seal) KATE COTTEN,
Clerk County Court, Scurry County,
Texas. 21-2t-p

SOCIETY

VERNELLE STIMSON, Society Editor.

MARY ELLEN MARTIN ENTERTAINS AT HALLOWEEN.

Little Miss Mary Ellen Martin entertained her young friends last Thursday evening at her home in East Snyder. Halloween colors lent a note of weirdness to the home where the guests enjoyed games of fortune telling and a journey through the Chamber of Horrors. The prize for the best costumes was awarded Floyd Brownfield. Refreshments of hot chocolate with whipped cream and cookies were served to the following: Pauline Nicholas, Maurine Stimson, Mariwade Harless, Mildred Harless, Meva Doak, Doris Doak, Fayless Field, Dorothy Darby, Lyda Dorsett, Ora Dorsett, Eula Pearl Ferguson, Mayfair Woosley, Lily Frazier Winston, Marian Rosser, Ruth Yoder, Hazle Bannister, Lucile Brown, Charles Harless, Joe L. Johnson, Charles Pritchett, James Pritchett, Robert Howell, Lowell Graves Landrum, R. J. Roberson, Hunter Bryant and Mesdames A. B. Davidson, Chas. Harless, Ollie Stimson and H. P. Brown.

TOWNS' YOUNG PEOPLE ENTERTAINED.

The Senior Epworth League of the First Methodist Church, under the direction of Messrs. Cecil Morris and F. A. Cary, entertained members of the B. Y. P. U., Christian Endeavor, and other young people of the town with a Halloween party on last Friday evening. The basement of the church, which was the scene of the occasion, had been converted into a veritable witches' chamber where fates were read and ghosts vied with 'mid the aroma of steaming brew from a huge cauldron. Lollipop witches imposed themselves on the guests as favors.

ALATHEAN CLASS ENTERTAINS HUSBANDS.

The Alathean Class entertained their husbands and children in the basement of the Baptist Church on last Friday evening with a Halloween party. The decorations of black cats, witches and large-eyed pumpkins furnished a weird setting for the holiday event. The costumed guests enjoyed fortune telling and spook games which teamed their spirits to a high degree, almost reaching a state of panic when Mrs. Jim Chinn concluded a ghost story with a death-like scream and clatter of pans. Refreshments of pie and hot chocolate were served.

SNYDER HOME ECONOMICS CLUB.

The Snyder Home Economics Club of the Snyder High School was organized October 27. The following officers were elected: Fanna Bell Pruitt, president; Ray Morgan, vice-president; Alethe Epps, secretary and treasurer; Dorothy Strayhorn, parliamentarian; Faye Joyce, press reporter, and Miss Ouida Greene, sponsor. Various committees were appointed to plan the work for the coming year. The club will meet twice a month.

JUNIOR MISSIONARY SOCIETY CELEBRATES HALLOWEEN.

The members of the Junior Missionary Society of the First Methodist church met in the home of their president, Lucile Brown, to celebrate the terrestrial return of the

spirits on All Saints' Eve. After an hour of merry-making, refreshments of hot chocolate with whipped cream and cookies were served to the following: Pauline Nicholas, Maurine Stimson, Mariwade Harless, Mildred Harless, Meva Doak, Doris Doak, Fayless Field, Dorothy Darby, Lyda Dorsett, Ora Dorsett, Eula Pearl Ferguson, Mayfair Woosley, Lily Frazier Winston, Marian Rosser, Ruth Yoder, Hazle Bannister, Lucile Brown, Charles Harless, Joe L. Johnson, Charles Pritchett, James Pritchett, Robert Howell, Lowell Graves Landrum, R. J. Roberson, Hunter Bryant and Mesdames A. B. Davidson, Chas. Harless, Ollie Stimson and H. P. Brown.

MOTHERS' SELF CULTURE CLUB.

The Mothers' Self-Culture Club met with Mrs. Jack Harris on Tuesday, November 5. A very interesting lesson on "The Choice of Literature for Children" and "The Effect of the Fine Arts and the Imagination of the Child" was led by Mrs. Pat Brown, with Mesdames H. T. Brice, E. J. Anderson, H. G. How, Geo. W. Northcutt, P. C. Chenaux, W. W. Smith, and E. J. Richardson bringing papers and discussions on the different subjects.

MRS. MORRIS BROWNFIELD ENTERTAINS AT BRIDGE.

The members of the junior social set met on Tuesday, November 5 for bridge with Mrs. Morris Brownfield. At the business session officers for the ensuing year were elected as follows: Rosalie Clark, president; Nan Wilson, vice-president; Mrs. Morris Brownfield, secretary and treasurer, and Nell Wilson, press reporter.

SINE CURA CLUB ENJOYS RANCH LUNCHEON.

The attractive country home of Mrs. J. C. Ezell, bedecked with autumnal flowers and Halloween symbols, was the scene of a recent luncheon of the Sine Cura Bridge Club. At the business session new officers were elected as follows: Mrs. W. R. Johnson, president; Mrs. Nathan B. Reynolds, vice-president; Mrs. A. J.

J. Anderson, J. M. Harris, W. W. Lechner, obt. Curnutte, Waskom, Dixie Smith, A. J. Towle, Geo. Harris, N. B. Reynolds, Charles Cooper, Fritz R. Smith, Hugh Boren, O. P. Thrane, W. B. Lee, Austin Erwin, Billy Wilsford, Misses Harris, Strayhorn and Smith.

MISS DOROTHY STRAYHORN HOSTESS TO SNYDER HIGH SENIORS.

Halloween decorations were in evidence in the entertaining suite of the Joe Strayhorn home on last Friday evening when the seniors of the Snyder high school gathered for an evening with Miss Dorothy Strayhorn as hostess. The atmosphere of Halloween pervaded throughout the games of progressive forty-two. The hostess, assisted by Misses Mary Lynn Nation and Lena Ruth Smith to the seniors, Misses Lucy Strayhorn, Green, Clark and Mrs. I. C. Bagwell, refreshments of pressed chicken, fruit salad, hot biscuits, olives, caramel pie, and hot chocolate. The spell of the revelers was broken and the guests departed only in time for each lass to return to her home and descend the stairs backwards at the midnight hour and read her fate in her looking glass.

SANS SOUCI CLUB MEETS.

Misses Myram Stewart and Mildred Robinson were hostesses to the Sans Souci Club on last Tuesday at their club rooms in the Grayum Drug Co. Building. Autumn was evidenced by the beautiful vari-colored cut chrysanthemums. The event of the evening was the initiation of Misses Erma Taylor, Ila Martin and Lou Woosley. After a short business meeting a plate luncheon, consisting of sandwiches, fruit salad, caramel pudding and hot tea was served.

LITTLE MISS BRINTZ ANDERSON ENTERTAINS.

The young friends of little Miss Brintz Anderson assembled at her home on last Saturday evening to celebrate Halloween. They were met

THREE TIMES BETTER THAN PLAIN CALOMEL

Here is a new combination of well known drugs that regulate liver, aid digestion, stimulate kidneys and acts as an intestinal antiseptic.

Actual tests prove that calomel, in connection with pepsin, makes the ideal day-in and day-out laxative, that can be taken at any and all times.

Whenever you need a good laxative, whether for toxemia, torpid liver, biliousness, headaches, constipation, indigestion or colds, go to any drug store and get a package of "pepsinated calomel" and you'll feel fine and fresh next morning. Sold by STINER DRUG CO.

at the door by a huge and silent ghost who ushered them into the land of witches and goblins. Ghost writing and Halloween games were enjoyed by sixteen small girls and the hostess. Fortunes marked their places at the table where refreshments in keeping with the holiday were served and each received a favor of a dainty Halloween box of candy. The frolic of the young spooks was concluded with an automobile ride.

BAPTIST INTERMEDIATES ENTERTAINED.

The officers and teachers of the Intermediate Department of the First Baptist church entertained the department on last Saturday evening in the basement of the church with a Halloween party. The vari-costumed guests reveled in the land of spookdom until the hour for feasting, when they were served sandwiches, hot chocolate, and pie with dolls fashioned from all-day suckers as favors.

ALTRURIAN CLUB MEETS WITH MRS. W. M. MORROW.

The Altrurian Club met on Oct. 30 in the home of Mrs. W. M. Morrow with nineteen members and substitutes present. A brief business meeting was dispensed with after which the program, which consisted of "The Early Literature of New York and Middle Atlantic States, was conducted with Mrs. Hugh Taylor as leader. Mrs. A. C. Preuitt very effectively read Bryant's "To a Water-fowl" and Mrs. Joe Caton very ably gave Allan Seegar's "I Have a Rendezvous with Death." The Fine Arts committee entertained with period songs, "The Old Oaken Bucket," "Home, Sweet Home," and "The Battle Hymn of the Republic" and a brief history of each. The hostess served a very elaborate turkey luncheon to the club members and Mesdames Jeff Davis, Ward Gross, Clyde Shull, Pat Brown and Mrs. Fred Graham of Waco.

PREUITT HOME OPEN TO METH-ODIST FOLK.

The young married folk of the First Methodist church met in a Halloween celebration on last Friday evening at the home of Mr. and Mrs. A. C. Preuitt. Halloween symbols and motifs were in evidence, and the clever costumes of spooks, clowns, gypsies, Spanish senoras, colonial dames, pierrots, and others lent their charm to the holiday affair. Halloween games and an old-fashioned

sing-song were enjoyed and appropriate refreshments of pumpkin pie and coffee were served to Messrs. and Mesdames W. W. Hamilton, H. G. Towle, Lee Stinson, Don Jones, Clyde Shull, W. W. Smith, Abe Rogers, B. F. Thorpe, J. F. Carmichael, Earl Williams, Wellington Taylor, Claude Sims, Frank Darby, J. H. Hicks, Ivan Dodson, A. C. Preuitt, A. B. Davidson, Charles Harless, Master Charles Harless, Bro. Stewart, Mesdames Eunice Johnston, Dewey Winstead, Wren Moore, Rainwater, Doss Caton, R. P. Jones and Homer Snyder.—Reporter.

VERNIE MERRITT BADLY INJURED.

Vernie Merritt, son of Hon. Joe Merritt, had the misfortune to get his right arm badly mangled last Tuesday while working at the O. Lambeth gin in Colorado. He was cleaning a stand when the upper saw fell, catching his arm between the rapidly revolving saws, stripping off practically all the flesh on his arm clear to the bone. The accident happened at night, Mr. Merritt being on the night shift. It was feared that amputation would be necessary, but later reports stated that there was a chance to save the arm, yet no hope is held out by the attending physicians of the arm ever being of much service to the unfortunate young man.

BOILED SHOE FOR FILM COMEDY MEAL.

Famous Chaplin Footwear Serves Odd Purpose in "The Gold Rush."

The Chaplinesque scene of "Chilkoot Pass," shown as an introduction to Charlie Chaplin's great comedy "The Gold Rush" coming to the Palace Theatre, under a United Artists Corporation release, was staged in the High Sierras of the California Rockies, almost on the exact locale where the first pioneers cross—the Donner Party, famous in history of the early West.

This valiant band of pioneers crossed this range of mountains and in crossing suffered great privations.

THE R. & K. BARBER SHOP.

Your patronage will be appreciated and your work done by experienced workmen.
EMMETT BUTTS, Prop.

Many died of starvation, and it is a matter of record that they were compelled to eat their shoes, making a meal of roasted shoe leather. It is from this authentic data revealed in research that Charlie Chaplin conceived the idea for one of his great scenes in "The Gold Rush."

Charlie, as the Lone Prospector, and Mack Swain, as Big Jim McKay, are isolated in the barren wastes of Alaska. Storm bound in a deserted cabin they are without food. Converting the grim tragedy of the Donner party into laughter, Charlie removes one of his famous shoes, and boiling it, the two make a meal of this for their Thanksgiving dinner.

SENIOR EPWORTH LEAGUE PROGRAM, NOVEMBER 8, 6:30 p. m.

Leader, Vernelle Stimson. Advertising by Eula Stimson. Song Service (Patriotic Songs). Subject, "What Can Young People Do for International Friendship?" Scripture, John 4:1-16, 39-42—By Pauline Boren.

"What Are the Causes of War?" an address by Inez Beeman. Debate, "Resolved, That a Christian Should never participate in War."

Speakers for Affirmative, F. A. Cary, Ila Martin and Nan Wilson. Speakers for Negative, Albert Norred, Bernard Blair and Maurine Stokes.

Song, "Onward Christian Soldiers," by League in closing.

A TALK WITH A SNYDER MAN.

Mr. Baker Tells Something of Interest to Snyder Folks.

There's nothing more convincing than the statement of someone you know and have confidence in. That's why this talk with Mr. Baker should be mighty helpful here in Snyder.

A. S. Baker, blacksmith, Snyder, says: "The sharp, cutting pains in the small of my back were so bad, I couldn't stoop and it was impossible for me to do any heavy lifting. My kidneys acted irregularly and at times the secretions passed too freely, disturbing my rest at night. I used Doan's Pills and was cured of the attack." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Baker had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

THE TWO IN ONE SHOE FOR DRESS AND WORK

Trade Builders
"The All Purpose Shoe"

There Isn't a Man
in this country but whom we guarantee to fit a pleasing and comfortable fit in "Trade-Builders." You'll be highly pleased and will be glad to recommend them to your friends.

Note these Specifications: Full length vamp, felt lined tongue, grain sole leather inner sole, whole lift sole leather heel base, high grade twill lining, eight nail rubber heel, sole leather counters, first quality fibre oak outsole, grain leather combination inner counter pocket and back stay.

It's worth something to you to know beforehand that your shoes are good. The TRADE-BUILDER mark says "Good Shoes."

COURTHOUSE BASEMENT SHOE SHOP
E. D. Curry, Prop.

Is your house a sound investment?

Or could fire sweep it away tomorrow, leaving you uninjured, without funds to replace it. No home owner can afford to run the risk of losing all he has invested in his property. Every penny should be safeguarded by adequate insurance against reach of disaster. The time to talk insurance is now; tomorrow may be too late.

The advice of this agency has saved many a property owner from loss. Why not let us help you, too?

How Much Automobile Will \$595 Buy Today? ... Here is the Answer!

Perfect Comfort For Five

- a full size, 5 passenger Sedan—very spacious—carries five grown-up people as comfortably as a limousine... a smartly designed car, clean-cut, rakish, low, extraordinarily good-looking... body finished in polished lacquer, a rich deep blue with glistening jet-black trimmings, as handsome a light automobile as a man or woman ever looked at
- extra wide, easy entrance and exit to both front and rear seats. Like getting in and out of a limousine. No inconvenience to anybody, no discomfort. Each door has four extra heavy hinges—treat them as roughly as you like, these doors are built to stand punishment!
- the widest of any light car built! New single piece, undivided front seat, 39 inches wide, 19 inches deep. All the elbow room you want. You know what that means to your driving comfort—and freedom. Wider back seat 45 inches wide, 18 inches deep.
- especially valuable in night driving. Gives clear, unobstructed vision. No neck craning. Sit serenely back of the wheel and you can always see where you're going. More easily adjusted—when you don't have to tuss with it.
- more than 20 square feet of window space—all the air and all the broad, uninterrupted vision of a touring car with closed car protection.
- a comfort for any late model big car gives, new in the light car.

Extra Big Doors

Wider Seats

Very Latest One Piece Windshield

Big, Wide Windows

New Cowl Ventilator

Rythmical Riding

- a light car comfort unknown introduced by Overland... Triplex Springs, a patented and exclusive Overland feature, give you 130 inches of spring-supported area on a 100 inch wheelbase. No jolts. No jars. No shocks even on the roughest roads. That extra 30 inches of spring-support carries you and your passengers buoyantly, in cradle-comfort. Exclusive car, big or little, has or ever can have them.
- sturdy, fast, reliable, all the power you need to carry you 50 miles or 50,000. A noble hill-climber. A quieter engine because it has fewer working parts. Hundreds of letters from Overland owners report as high as 15,000 miles without a dollar spent for engine upkeep.

A 27-horsepower Engine

—do as thousands of others are doing throughout the country. Enjoy an Overland today. Give your family a treat. Our special, easy time payment plan makes this easily possible. \$595 l. o. b. Trade. Only a small amount down—the balance in 52 or more convenient small payments. No red tape. Your present car applied as part payment. Step in and find out how quickly and pleasantly you can settle the few arrangements.

"NO OTHER CAR WILL DO WHAT THIS CAR DOES, for \$595"

J. W. HENDRYX

AN ORDINANCE.

BE IT ORDAINED BY THE CITY COUNCIL OR COMMISSION OF THE CITY OF SNYDER, SCURRY COUNTY, TEXAS:

Section 1. Fire Limits.—The provision of this ordinance shall apply to and be co-extensive with the territory within the boundaries now designated, or which may hereafter be established as the fire limits of the city of Snyder, except such provisions as are by special reference made applicable to all the territory within the corporate limits of said city, and the said fire limits as now established are hereby declared to be as follows:

Beginning at the S. W. corner of lot No. 3, block No. 15 of the original town of Snyder and on the north line of Front Street; thence west along the north line of said Front Street 970 feet to the S. W. corner of lot No. 2, block No. 12, original plat, continue west along the north line Faught Street 316 feet to the S. W. corner of lot 4, block No. 4 of the Blankenship Addition; Thence north along the east line of Buffalo St. 1920 feet to the N. W. corner of lot 3, block 2, Blankenship Addition; Thence east along the S. line of Greene Street 316 feet to the N. W. corner of lot No. 1, block No. 5 original town of Snyder; Thence north crossing said Greene St. and along the west line of block No. 4, original plat of Snyder, 360 feet to the N. W. corner lot No. 1, said block 4; Thence east along the south line of Borden Street 1120 feet to the N. E. corner of lot 2, block 2, original plat; Thence south along west line of lots 1 and 4 said block 2, a distance of 300 feet to S. W. corner of said lot No. 4, block No. 2; Thence east along the north line of North St. 510 feet to the S. E. corner of lot No. 4, block No. 1, original plat; Thence south along west line of Chicago Street 970 feet to the S. E. corner of lot No. 1, block No. 15, original plat; Thence west along the north line of lots No. 4 and 3 said block 15, a distance of 300 feet to the N. W. corner of said lot No. 3, block 15; Thence S. along the E. line of Scurry St. 150 feet to the beginning.

Section 2. New Buildings and Buildings to be Altered.—No wall, structure, building, or part thereof, shall hereafter be constructed in the city of Snyder except in conformity with the provisions of this ordinance. No building already erected or hereafter to be built in said city shall be razed, altered, removed, or built upon in any manner that would be in violation of any of the provisions of this ordinance, or the approval issued thereunder.

Section 3. Permit Required.—Before the erection, construction, or alteration of any building, structure, or wall, or of any part thereof, or of any platform, staging or flooring to be used for standing or seating purposes, is commenced the owner of lessee or agent of either, or the architect or builder employed by such owner or lessee in connection with the proposed erection or alteration, shall apply to the Building Inspector for a permit to do such work.

Structures hereafter erected without permit, or not in conformity with this ordinance, shall be removed.

No building shall be moved until a permit has been obtained from the Building Inspector; and such official shall not issue such permit if, in his judgment, the proposed new location of the building would seriously increase the fire hazard of the surrounding buildings.

Each building permit shall recite this section.

Section 4. Incombustible Walls, Cornices, and Roofs, Required Within Fire Limits.—Every building hereafter erected or enlarged within the fire limits shall be enclosed on all sides with walls constructed wholly of stone, well burned brick, terra cotta, concrete, or other equivalent incombustible materials; and shall have the roof, also the top and sides of all roof structures, including dormer windows, covered with incombustible material. All cornices shall be of incombustible material.

Section 5. Permissible Wooden Structures Within Fire Limits.—No frame or wooden structures shall hereafter be built within the fire limits as given herein or as they may hereafter be established, except the following: and all roofs placed upon such buildings or structures shall have an incombustible covering:

(a) Temporary one-story buildings for use of builders.

(b) One-story sheds open on the long side, not over 15 feet high, with sides covered with incombustible material, and with an area not exceeding 500 square feet. A wooden fence shall not be used to form the back or side of such sheds.

(c) Wooden fences not over 10 feet high.

(d) Piazzas or balconies not exceeding 10 feet in width, not extending more than 3 feet above the second-story floor beams. No such structure shall extend beyond the lot line, or be joined to any similar structure of another building.

(e) Bay windows when covered with incombustible material.

(f) Small outhouses not exceeding 150 square feet in area, and 8 feet in height. Wooden sheds or out-houses shall not be located within

5 feet of any lot line, nor less than 30 feet from any other building over one-story high.

No frame building shall be moved from without to within the fire limits.

Buildings with wooden frame work clad with sheet metal, stucco, or veneered with brick, shall be classed as frame buildings.

Section 6. Repairing Frame Buildings Within Fire Limits.—Any existing frame building within the fire limits, which may hereafter be damaged by fire, decay or otherwise to an amount greater than one-third of its present value, exclusive of the foundation, shall not be repaired or rebuilt, but shall be removed.

Section 7. Fire-Resistive Buildings Required for Certain Occupancies Within Fire Limits.—No building within the fire limits shall hereafter be occupied as a public garage, automobile repair shop or dry cleaning establishment, unless it be of fireproof construction. Provided that buildings only one story in height may be so occupied if properly cut off from other occupancies, and if the floor is of non-combustible material.

Section 8. Limits of Height and Area.—No building hereafter erected or altered shall exceed three stories or 45 feet in height, unless it be of fireproof construction.

The floor area between fire walls of non-fireproof buildings shall not exceed the following: When fronting on two streets, 7,500 square feet; and when fronting on three streets 9,000 square feet. These area limits may be increased under the following conditions as indicated:

For fireproof buildings, 100 per cent.

For buildings fully equipped with an approved system of automatic sprinklers, 200 per cent.

Section 9. Walls.—All exterior or division walls of buildings hereafter erected, shall be of sufficient thickness to support the load to be carried; but in no case shall a brick stone, unreinforced concrete, or hollow block wall be less than 12 inches thick. Provided that, permit may be issued for the erection of buildings with 8-inch brick walls, where the area is small and the height not more than one story, if in the judgment of the Building Inspector such thickness will provide satisfactory fire-resistiveness for the occupancy involved.

Wall, excepting party walls, for all buildings of other than the dwelling house class, shall have the upper story not less than 12 inches thick increasing 4 inches in thickness for each two stories or fraction thereof below. No two-story increment shall exceed 30 feet in height.

In all buildings, except dwellings, frame buildings, and skelton construction, party walls which serve as bearing walls on both sides, shall be not less than 16 inches thick in the upper two stories or upper 30 feet, increasing 4 inches in thickness for each two stories or fraction thereof below. Portland cement mortar only shall be used in such walls.

Reinforced stone or gravel concrete walls with the steel reinforcement running both horizontally and vertically and weighing not less than one-half pound per square foot of wall, may have a thickness 4 inches less than that prescribed for brick walls.

Stone walls shall be 4 inches thicker than required for brick walls.

The foundation walls for all buildings over two stories in height shall be 4 inches thicker from footing to grade than required for the remainder of the wall.

All exterior and division or party walls shall have parapets not less than 12 inches thick, and extending at least 2 feet above the roof and be properly coped: except walls which face on a street, and are finished with incombustible cornices, gutters, or crown moldings, except also the walls of detached private dwellings with peaked or hipped roofs.

Hollow blocks of tile or concrete when used for bearing walls shall have not more than 50 per cent of cellular space. Portland cement only shall be used in the manufacture of concrete blocks. The coarse aggregate shall be of suitable material graded in size, but in no case shall the maximum dimensions exceed one-half the minimum width of any section of the finished block. Concrete block shall not be used in construction until they have attained the age of 28 days, or developed the strength required in this section. All building blocks shall be laid in Portland cement mortar.

The compressive strength of building blocks shall in all cases be calculated upon the gross area of the bedding faces, no account being taken to the cellular spaces. The average ultimate compressive strength for hollow tile blocks laid with cells vertical shall not be less than 1200 pounds per square inch: the average for concrete blocks laid with cells vertical shall not be less than 800 pounds per square inch. Concrete blocks shall be not more than 33 days old when tested. The average strength of the blocks as here given shall be obtained by testing ten blocks of average quality.

The allowable working stress of hollow building blocks shall not exceed 100 pounds per square inch of

gross area for terra cotta blocks, or 75 pounds per square inch of gross area for concrete blocks. If a wall be built of blocks with the cells horizontal, the allowable working stress shall not exceed 20 pounds per square inch of gross area.

All walls and partitions in schools, hospitals, and places of public assembly, over one story high, and all walls and partitions in theatres within the corporate limits, shall hereafter be built of brick, stone, hollow or solid blocks or metal lath and Portland Cement plaster on metal studding, or other equivalent incombustible construction.

Section 10. Concrete Construction.—Concrete for reinforced concrete construction shall consist of a wet mixture of one part Portland cement or not more than six parts of aggregate, fine or coarse, in such proportions as to produce the greatest density.

The quality of the materials, the design, and the construction shall be in accordance with the best engineering practice.

Section 11. Protection of Ends of Wooden Beams.—The ends of all floor, ceiling or roof beams, entering a party or fire wall from opposite sides shall be separated by at least 8 inches of solid masonry: such separation may be obtained by corbeling the wall, or staggering the beams: or the beams may be supported by steel wall hangers. No wall shall be corbelled more than two inches for this purpose. The ends of all wooden beams, which enter walls, shall be cut to a level to make them self-releasing.

Section 12. Protection of Wall Openings.—No opening in an interior masonry wall shall exceed 10 feet by 12 feet. If the opening be in a party or fire wall, it shall have an approved automatic fire door on each side of the wall. The total openings in a fire wall shall not exceed 25 per cent of the lineal length of the wall.

Every building within the fire limits, except churches, dwellings, tenement houses, dormitories, and lodging houses, shall have approved fire doors, shutters, or wired glass in incombustible frames and sash on every exterior opening above the first story, except when fronting on a street not less than 30 feet wide, or where no other building is within 30 feet of such opening. The wall of a building in the same plane as that in which the opening is situated, shall not be considered as coming within the intent of this rule. All openings in the side and rear walls of the first story, except show windows, shall be protected as prescribed in this section when within 20 feet of another building.

All exterior windows more than 75 feet above the curb, unless fronting on a street 30 feet or more in width, shall have incombustible frames and sash, with wired glass. Occupants of buildings shall close all exterior and interior fire doors, shutters and windows at the close of business each day.

Section 13. Stairway and Elevator Shafts.—In all buildings, hereafter erected except private dwellings, which are used above the first floor for business purpose or for public assembly or for any purpose whatever if over three stories high, the stair shaft shall be separately and continuously enclosed by incombustible partitions. Open stairs may be permitted from the first to the second floor for ornamental effect. Elevator shafts in all buildings hereafter erected shall be enclosed in the same manner. The enclosing partitions shall be constructed of brick or fire resistive material approved by the Building Inspector, and all mortar used in the construction shall be cement mortar. No such partition, if hollow, shall be less than 6 inches thick, no brick partition less than 8 inches thick, and no other solid partition less than 4 inches thick.

If the building is of ordinary wood joisted construction, the stair elevator, or hoistway shafts may be enclosed by approved hollow or solid partition blocks not less than 3 inches thick, set in Portland cement mortar: or by 4 inch stud partitions, covered on one side with not less than 3-4 inch of Portland cement plaster on metal lath: or by other types of partitions of equivalent construction. All laths used for such partitions shall be of galvanized steel weighing not less than 54 ounces per square yard. Wire lath shall be not less than No. 20 gauge, and sheet metal lath not less than No. 24 gauge. All such partitions shall be fire-stopped with incombustible material the full depth of the floor beams at each floor level.

All door openings in stair and elevator enclosures of fireproof buildings shall be protected by approved automatic or self closing fire doors mounted with wrought iron or steel hardware, and shall be securely attached to the wall or partition, or to substantial incombustible frames anchored thereto. If glass panels be used in such doors, they shall be of wired glass not exceeding 720 square inches in area: interior shaft windows shall not be permitted. In buildings of non-fire-proof construction the door openings in such enclosures shall be protected by either automatic or self closing doors. Doors opening into the stairway shaft shall swing in the direction of

exit travel and shall be at least 36 inches wide.

If, in the opinion of the Building Inspector, it is necessary to preserve an open elevator or hoistway in any building, the floor openings through which it passes shall be equipped with automatically closing trap doors not less than 1 1-2 inches thick, made of two thicknesses of matched boards, covered on the underside with tin; the trap doors when closed shall extend beyond the opening on all sides. Such trap doors shall be protected by a substantial guard or gate, which shall be kept closed at all times except when in actual use.

Section 14. Skylights Over Stairway and Elevator Shafts.—Where a stairway, elevator, or dumb waiter shaft extends through the roof and is covered by a skylight, the skylight shall be constructed with incombustible frame and sash, glazed with ordinary thin glass, and shall be protected by a galvanized wire screen with a mesh not exceeding one inch and the wire not smaller than No. 12 gauge. The screen shall have metal supports and shall be placed not less than 6 inches above the skylight. Instead of a skylight, a window may be placed in the side of the shaft above the roof which is furthest removed from a property line. The window shall have incombustible frame and sash, and be glazed with thin glass.

Section 15. Floor Lights.—Except in dwelling, or openings hereafter made in floors for the transmission of light to floors below shall be covered with glass set in metal frames and bars. The glass shall be not less than 3-4 inch in thickness, and if any glass measures more than 16 square inches there shall be a rigid wire mesh either in the glass or under it.

Section 16. Light, Vent and Dumb Waiter Shafts.—In every building hereafter erected or altered, except frame buildings, all walls or partitions forming interior light or vent shafts shall be built in accordance with the requirements for stair and elevator shafts in new buildings as specified in the first paragraph of Section 13. The walls of dumb waiter shafts, except those which extend only one story above the basement or cellar, shall be of fire-resistive construction, and shall be not less than 3 inches thick if constructed of brick, hollow or solid partition blocks or of steel studding and metal lath with 3-4 inch of Portland cement plaster on each side; or a 2-inch solid metal lath and Portland cement plaster wall may be permitted, if securely anchored at each floor. Where a dumb waiter shaft does not extend through the roof the top of the shaft shall be of fire-resistive construction of the same thickness as the walls of the shaft.

All openings in dumb waiter shafts shall be protected by doors mounted in incombustible frames securely anchored to the walls. The walls of all light and vent shafts hereafter erected shall extend not less than 2 feet above the roof level. Masonry walls shall be properly coped.

Section 18. Roof Openings.—All openings in roofs for the admission of light or air, other than those provided for in Sections 14 and 16, shall have incombustible frames and sash with wired glass.

Section 19. Exits Required.—The term "floor area" as used in this section shall mean the entire floor space between exterior walls and fire walls.

In every building hereafter erected, except in private dwellings, each floor area above the first shall be provided with at least two means of egress remote from each other.

All exit doors in schools, hospitals, theaters and other places of public assembly shall open outward.

The means of egress in all buildings three or more stories in height and so occupied as to bring them within the purview of the State Fire Escape Law, shall conform to said State law and the specifications promulgated thereunder, and the Building Inspector shall not grant a permit, as provided in Section 3 of this ordinance, for the erection of any building unless the plans and specifications for egress in such building shall conform to the requirements of the State Fire Escape Law.

Section 20. Moving Picture Theaters.—The Buildings Inspector shall not grant a permit for the erection or alteration of any buildings to be used as a moving picture theater, or in which moving pictures are to be exhibited, within the corporate limits, unless the plans and specifications for the installation and operation of said moving picture theater, or for the exhibition of moving pictures, shall conform to the rules and regulations promulgated by the State Fire Marshal for safeguarding against fire and panic.

A copy of said rules and regulations, as approved by the State Fire Marshal, shall be kept on file by the city secretary, and be subject to inspection as a public document of the city.

The Building Inspector or the City Fire Marshal shall make weekly inspection of each and every moving picture theater or place where moving pictures are exhibited, for the purposes of ascertaining if the rules and regulations for safety against fire and panic are being violated. In the event said rules and regulations

are not conformed to with respect to the arrangement of the building, and the installation and operation of all the equipment incident to the operation of said moving picture theater, or the exhibition of moving pictures, the city electrician, the Building Inspector, or the city fire marshal, is hereby empowered to cut off all electrical current from the room or building, and the supply of electrical current shall not be restored by anyone until all of said rules and regulations for safety against fire and panic are complied with.

Section 21. Fire Stops.—At each floor level in all buildings hereafter erected, all stud walls, partitions, furrings and spaces between joists where they rest on division walls or partitions shall be fire-stopped with incombustible material in a manner to completely cut off communication by fire through concealed spaces. Such fire-stopping shall extend the full depth of the joists and at least 4 inches above each floor level. Stair passages through a roof it shall be guarded by a galvanized iron ventilating thimble extending from, at least 9 inches below the underside of the ceiling or roof beams to at least 9 inches above the roof, and the diameter of the ventilating thimble shall be not less than 36 inches greater than that of the smokestacks. Metal smokestacks shall not be permitted to pass through floors.

Section 22. Areaways.—All areaways shall be guarded with suitable railing, or be protected by incombustible covers or gratings. If gratings be used, they shall have a wire screen of not more than 1-2-inch mesh securely attached to the underside.

Areaways shall not project beyond the building line.

Section 23. Frame Buildings.—No frame building hereafter erected or altered, in corporate limits, shall exceed two stories or 30 feet in height except that private dwellings may be three stories or 40 feet high.

No frame building hereafter erected for any occupancy other than for temporary exhibition purposes, shall cover a ground area exceeding 7,500 square feet.

In no case shall a frame building be erected within 3 feet of the side or rear lot line, nor within 6 feet of another building, unless the space between the studs on such side be filled solidly with not less than 2-1/2 inches of brick work or other equivalent incombustible material.

In rows of frame houses, the dividing walls or partitions between houses shall be built of brick, terra cotta, concrete or other incombustible material; and they may be built with 4-inch studs, filled solidly with brick work laid in mortar, or with other incombustible material. If lath be used on such partitions, it shall be metal lath. Such dividing partitions shall rest on masonry walls and shall extend to underside of roof boards. A flush mortar joint shall be made between the roof boards and the wall or partition. Buildings with wooden frame work clad with sheet metal, stucco, or veneered with brick, shall be classed as frame buildings.

Outside the fire limits, when any building is to be erected of brick stone, hollow block, or concrete, and could under this ordinance be constructed of wood, the Building Inspector is hereby authorized and directed to allow reasonable modification of this ordinance relating to brick buildings in consideration of the use of incombustible material instead of wood. Such modifications, however, shall not permit variations from the requirement of Sections 13, 19 and 26 of this ordinance.

Section 24.—Electrical Installations.—All electrical installations shall be in accordance with the rules and regulations promulgated by the State Fire Insurance Commission, and no installation of electrical equipment shall be made except in conformity thereto.

Section 25. Chimneys and Fireplaces.—Except as herein provided, all chimneys in every building hereafter erected, and all chimneys hereafter altered or rebuilt, shall be constructed of brick, stone or reinforced concrete. No masonry chimney shall have walls less than 8 inches thick unless it be lined on the inside with well burned terra cotta or fire-clay chimney tile set in Portland cement mortar, in which case the wall shall be not less than 4 inches thick. The lining shall be continuous from the bottom of the flue to its extreme height.

No chimney shall be corbelled out more than 8 inches from a brick wall, and such corbeling shall consist of at least five courses of brick.

Brick set on edge shall not be permitted in chimney construction.

Chimneys of all low-pressure boilers, or furnaces, also the smoke flues for baker's ovens, large cooking ranges, large laundry stove, and all flues used for similar purposes, shall be at least 8 inches in thickness and be lined continuously on the inside with well burned terra cotta or fire-clay chimney tile set in Portland cement mortar. All such chimneys shall be capped with terra cotta, stone, concrete, or cast iron.

The smoke flue of every high-pressure steam boiler, and every appliance producing a corresponding temperature in a flue, if built of brick, stone, reinforced concrete, or other approved masonry, shall have walls not less than 12 inches thick, and the inside 4 inches of such walls shall be fire-brick, laid in fire mortar, for a distance of at least 25 feet from the point where the smoke connection

of the boiler enters the flue.

All chimneys shall project at least 3 feet above the point of contact with a flat roof, or 2 feet above the ridge of a pitched roof.

Portland cement mortar only shall be used in the construction of chimneys.

No chimney in any building shall have wooden supports of any kind. Supports shall be incombustible and shall rest upon the ground or the foundation.

All chimneys which are dangerous from any cause shall be repaired, and made safe, or taken down.

Metal smokestacks may be permitted for boilers, furnaces, and similar apparatus where large hot fires are used, provided they have a clearance from all combustible material of not less than one-half the diameter of the stack, but not less than 15 inches, unless the combustible material be properly guarded by loosefitting metal shields, in which case the distance shall be not less than 12 inches. Where such a stack passes through a roof it shall be guarded by a galvanized iron ventilating thimble extending from, at least 9 inches below the underside of the ceiling or roof beams to at least 9 inches above the roof, and the diameter of the ventilating thimble shall be not less than 36 inches greater than that of the smokestacks. Metal smokestacks shall not be permitted to pass through floors.

The fireback of every fireplace hereafter erected shall be not less than 8 inches in thickness of solid brick work, nor less than 12 inches of stone lined with fire brick. When a grate is set in a fireplace, a lining of fire brick at least 2 inches in thickness shall be added to the fireback or soapstone, tile or cast iron may be used, if solidly backed with brick or concrete.

All flue holes when not in use shall be closed with tight-fitting metal covers.

Section 26. Wooded Beams Separate from Masonry. Chimneys.—No wooden beams or joists, shall be placed within 2 inches of the outside face of a chimney or flue, whether the same be for smoke, air, or any other purpose.

No woodwork shall be within 4 inches of the back wall of any fireplace.

All spaces between the chimney and the wooden beams shall be solidly filled with mortar, mineral wool, or other incombustible material.

The header beam, carrying the tail beams of a floor, and supporting the trimmer arch in front of a fireplace, shall be not less than 20 inches from the chimney breast.

No wooden furring or studding shall be placed against any chimney; the plastering shall be directly on the masonry, or on metal lathing.

Woodwork fastened to plaster which is against the masonry of a chimney shall have a layer of asbestos board at least 1-8 inch thick placed between the woodwork and the plaster.

Section 27. Smoke Pipes.—No smoke pipe shall be within 9 inches of any woodwork or any wooden lath and plaster partition or ceiling. Where smoke pipes pass through a wooden lath and plaster partition they shall be guarded by galvanized iron ventilated thimbles at least 12 inches larger in diameter than the pipes or by galvanized iron thimbles built in at least 8 inches of brick work or other incombustible material. No smoke pipe shall pass through any floor, or a roof having wooden frame work or covering.

Section 28. Hot Air Pipes and Registers.—All heater pipes from hot air furnaces where passing through combustible partitions, or floors, must be doubled tin pipes with at least 1 inch air space between them.

Horizontal hot air pipes leading from furnace shall not be less than 6 inches from any woodwork, unless the woodwork be covered with loosefitting tin, or the pipe covered with at least 1-2 inch of corrugated asbestos, in which latter cases the distance from the woodwork may be reduced to not less than 3 inches.

No hot air pipe shall be placed in a wooden stud partition or any wooden enclosure unless it be at least 8 feet horizontal distance from the furnace. Hot air pipes contained in combustible partitions shall be placed inside of another pipe arranged to maintain 1-2 inch air space between the two on all sides, or be securely covered with 1-2 inch corrugated asbestos. Neither the outer pipe nor the covering shall be within 1 inch of wooden studding, and no wooden lath shall be used to cover the portion of the partition in which the hot air pipe is located. Hot air pipes in closets shall be doubled, with a space of at least 1 inch between them on all sides.

Every hot air furnace shall have at least one register without valve or doors.

A register located over a brick furnace shall be supported by a brick shaft built up from the cover of the hot-air chamber, said shaft shall be lined with a metal pipe, and no woodwork shall be within 3 inches of the outer face of the shaft.

A register box placed in the floor over a portable furnace shall have an open space around it of not less than 4 inches on all sides, and be

AN ORDINANCE

(Continued from Page 6)

supported by an incombustible border.

Hot air registers placed in any woodwork or combustible floors shall be surrounded with borders of incombustible material, not less than 2 inches wide, securely set in place.

The register boxes shall be of metal and be double: the distance between the two shall be not less than 1 inch; or they may be single if covered with asbestos not less than 1-8 inch in thickness, and if all woodwork within 2 inches be covered with tin.

Cold air ducts from hot air furnaces shall be made of incombustible material.

Section 29. Steam and Hot Water Pipes.—No steam or hot water pipe shall be within 1 inch of any woodwork. Every steam or hot water pipe passing through combustible floors, or ceilings, or wooden lath and plaster partitions, shall be protected by a metal tube 1 inch larger in diameter than the pipe and be provided with a metal cap. All wooden boxes or casings enclosing steam or hot water heating pipes, or wooden covers to recesses in walls in which steam or hot water heating pipes are placed, shall be lined with metal.

Section 30. Dry Rooms.—No combustible material shall be permitted in the construction of any dry room hereafter erected, in which a temperature of 125 degrees Fahr. or over may exist. If a temperature under 125 degrees Fahr. is to be used the dry room may be constructed of wood but it shall be lined throughout with 1-8 inch asbestos, covered with sheet metal.

If windows are placed in walls or ceiling of dry rooms they shall be of wired glass set in fixed incombustible sash and frames.

Section 31. Stoves and Ranges.—No kitchen range or stove in any building shall be placed less than 3 feet from and woodwork or wooden lath and plaster partition, unless the woodwork or partition is properly protected by metal shields, in which case the distance shall be not less than 18 inches. Metal shields shall be loosely attached, thus preserving an air space behind them.

Hotel and restaurant ranges shall be provided with a metal hood, placed at least 9 inches below any wooden lath and plaster or wooden ceiling, and have an individual pipe outlet connected with a good brick flue. The pipe shall be protected by at least 1 inch of asbestos covering or its equivalent.

Combustible floors under coal ranges and similar appliances without legs, such as mentioned in Section 32, in which hot fires are maintained, shall be protected by a sheet of metal or 1-2 inch layer of asbestos building lumber, which shall be covered with not less than 4 inches of masonry set in cement mortar. Such masonry shall consist of one course of 4-inch hollow terra cotta of two courses of brick or terra cotta, at least one of which shall be hollow and be laid to preserve a free circulation of air throughout the whole course. Concrete may be substituted for a course of solid brick if desired. The masonry work shall be covered by sheet metal of not less than No. 26 gauge, so arranged as not to obstruct the ventilating passages beneath. Such hearths shall extend at least 24 inches in front and 12 inches on the sides and back of the range or similar heating appliance.

All coal stoves or ranges, with legs, shall be set on incombustible material, which shall extend at least 12 inches in front.

Section 32. Heating Furnaces and Appliances.—Any woodwork, wooden lath and plaster partition or ceiling within 4 feet of the sides or back or 6 feet from the front of any heating boiler, furnace, bakery oven, coffee roaster, fire-heated candy kettle, laundry stove, or other similar appliance, shall be covered with metal to a height of at least 4 feet above the floor. This covering shall extend the full length of the boiler, furnace, or heating appliance, and to at least 5 feet in front of it. Metal shields shall be loosely attached, thus preserving an air space behind them. In no case shall such combustible construction be permitted within 2 feet of the sides or back of the heating appliance, or 5 feet in front of same.

No furnace, boiler, range, or other heating appliance shall be placed against a wall furred with wood.

Heating boilers shall be encased on sides and top by an incombustible protective covering of not less than 1 1-2 inches thick.

Section 33. Open-Flame Heating Devices.—All gas, gasoline, oil, or charcoal-burning stoves or heating devices, shall be placed on iron stands at least 6 inches above combustible supports, unless the burners are at least 5 inches above the base, with metal guard plates 4 inches below the burners.

No open-flame heating or lighting device shall be used in any room where gasoline or other volatile inflammable fluids are stored or handled.

Section 34. Gas Connections.—Gas connections to stoves and similar heating devices shall be made of rigid metal pipes. For small portable gas

heating devices, flexible metal or rubber tubing may be used when there is no valve or other shut-off on the device.

Section 35. Trash Receptacles.—All receptacles for ashes, trash, garbage and refuse shall be of galvanized iron or other incombustible material.

Section 36. Vent Flues.—Vent flues or ducts, for the removal of foul or vitiated air in which the temperature of the air cannot exceed that of the rooms, shall be constructed of metal or other incombustible material, and shall not be placed nearer than 1 inch to any woodwork, and no such flue shall be used for any other purpose.

Section 37. Safety of Design.—All parts of every building shall be designed to safely carry the loads to be imposed thereon, and shall in all other respects conform to good engineering practice.

Section 38. Unsafe Buildings.—Every building, structure, or part thereof, which shall appear to the Building Inspector to be dangerous, by reason of bad condition of walls, defective construction, overloaded floors, lack of guards against fire or other causes, shall be held to be unsafe. The Building Inspector shall immediately notify the owner or lessee to cause the same to be made safe and shall also affix a notice of the dangerous character of the structure in a conspicuous place on the exterior wall of such building and no person shall remove or deface such notice so affixed. The owner or party having an interest in such unsafe building, or structure, being notified thereof in writing by the Building Inspector, shall immediately cause the same to be made safe and secure, and if any such building shall be used for any purpose requiring a license therefor, the mayor may revoke said license on neglect of the owner to comply with the notice served as herein provided. Where the public safety requires immediate action, the Building Inspector may enter upon the premises, with such assistance as may be necessary, and cause the said structure to be made secure or torn down and removed without delay, at the expense of such owner or party interested. The Building Inspector is hereby given full power to order the fire department to assist in such work.

Section 39. Duties of Enforcing Officer.—The Building Inspector is hereby authorized and empowered:

First: To enforce all ordinances relating to the construction, equipment, management and condition of all property within said city of Snyder; and it is hereby made the duty of the departments of police, health, and fire to assist in the enforcement of this ordinance, and each of these departments shall, so far as possible, act in connection with the Building Inspector in such enforcement.

Second: To supervise the construction or reconstruction of all buildings.

Third: To report monthly to the mayor or city council regarding the condition of the town on all matters pertaining to fire prevention.

Section 40. Penalty for Violations.—Any and all persons who shall violate any of the provisions of this ordinance or fail to comply therewith, or who shall violate or fail to comply with any order or regulation made thereunder, or who shall build in violation of any detailed statement or specifications or plans submitted and approved thereunder, or any certificate or permit issued thereunder, shall severally for each and every such violation and non-compliance, respectively, forfeit and pay a penalty in the sum of not less than ten nor more than one hundred dollars. The imposition of one penalty for any violation of this ordinance shall not excuse the violation, or permit it to continue; and all such persons shall be required to correct or remedy such violations or defects within a reasonable time; and when not otherwise specified each ten days that prohibited conditions are maintained shall constitute a separate offense. The application of the above penalty shall not be held to prevent the enforced removal of prohibited conditions, as provided in Section 3 of this ordinance.

Section 41. Conflicting Ordinances Repealed.—All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Section 42.—Date of Effect.—This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed and approved the 2nd day of November, 1925.

Fritz R. Smith,
Mayor.

ATTEST:
A. C. PREUITT,
City Secretary. 22-1t-c

LOST—One bay horse mule, about 15 1-2 hands high. Reasonable reward for information leading to his recovery. R. B. Smith, Hermleigh, Route 1. 21-2t-p

They Are Prepared For a Rainy Day

SOMEBODY hundreds of years ago asked the generation of that date to save for a rainy day. That advice has been imparted through the centuries, but strange as it may seem, it has gone unheeded by the thousands.

On the other hand there are countless thousands who have profited by the sound warning: "Save for a rainy day!"

If you will start an account at this bank and then make regular deposits, it will be possible to have an amount sufficient to care for the "rainy days."

This bank solicits your patronage and stands ready to assist in the promotion of any legitimate project.

The First National Bank
Snyder, Texas

BUY IT IN SNYDER

Do the out-of-town mail order houses vote for any of the various bonds that must be voted to care for the many needs of our county, city and schools? When the bonds are voted do these same houses ever send in a remittance to our tax collector to help pay these bonds? Don't the merchants of Snyder and the other towns in the county as well as the people of the towns and county pay these taxes. If this is the case isn't it fair to them that you trade with them and help those who help you? Think this over. Give it serious thought. Decide if you are playing fair with your neighbors. The merchants are your neighbors as well as the person who lives next door to you.

Interior View of the PALACE MEAT MARKET

C. T. Glen, Prop.

The Palace Meat Market is a live, progressive business of Snyder, located just north of the square on what is commonly known as "Cotton Yard Street." The genial proprietor, C. T. Glen, better known by his friends as "Charley," established this market at this location a little over two years ago. Charley is by no means a stranger to the people of Snyder and Scurry County as he came to Snyder in 1909. He has been employed by various markets since that time and he is an experienced meat cutter. He handles only the best of fresh beef, pork and a full line of smoked and cured meats, lunch loafs, boiled hams, bolognas, cheese, etc. He appreciates the patronage that has been accorded him since he has been in business for himself at this location and says that he

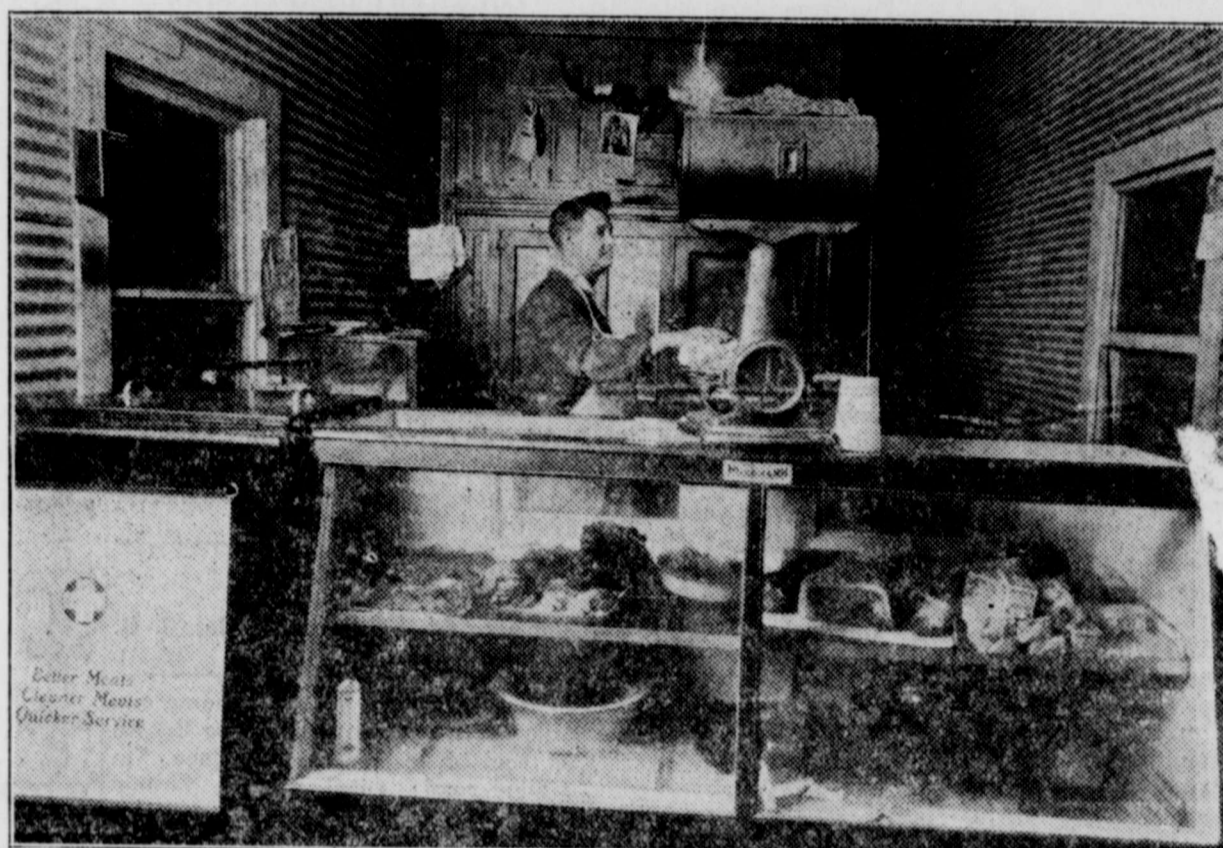

Photo by Moore's Studio

has the "stuff" and ample time o care for many more. It is not uncommon to hear someone make the remark, "these butchers and meat cutters sure do weigh their hand every time they make a sale." If you will observe carefully the picture above it w ill be noted the photographer really caught this butcher weighing his hand. When confronted with the evidence Charley said: "Well he caught me napping and I did not have time to get my hand out of the way, but since I've been caught I am not going to make any denials." With all this he s always back of every project that will be for the advancement of our town, county, and citizenry. He supports them both financially and morally. The good people of this town and trade territory will make no mistake in supporting an institution this kind.

To those interested in the price of cotton:

The Government has made another guess at the crop and the decline in price amounts to more on the unsold portion of the crop than the reported increase will sell for. From reports the recent freeze will destroy twice as much as the reported increase, but advancing the price is in the hands of the owners of the unsold cotton.

The 1925 crop should have sold for 30 cents. Some have sold for much less. The leaders of Cotton States Protective League have been leaders in such work among farmers organizations which have produced results for the past 25 years and is trying to aid the owners to get 30 cents for the balance of it. From the continued increasing sales of cotton goods, the spinners say all that has been reported will be needed.

The slumps in price and the low price before them could have been prevented if the South had been organized to resist them. Likewise the price can be advanced with proper effort.

From reliable reports there is enough cotton being held to advance the price to 30 cents if it was publicly known it was not for sale for less. Then why not let it be known. Just holding without letting the public know what it is held for counts for but little to the price.

Two of the best posted, oldest and most reliable cotton factors in the

Galveston, Texas, and R. M. Gordon & Co. of Houston, Texas, fully agree with us that the sale of cotton should cease in order to advance the price, in this connection R. M. Gordon & Co. says: "A general holding movement of sufficient magnitude would exert a greater influence in sustaining the market than any other factor." We can heartily commend the movement of the Cotton States Protective League in its campaign to assist the producers of cotton in obtaining a far margin of profit on their product, and the aims and purposes of the League are worthy of the endorsement and support of all interests which are concerned in the prosperity of this entire country."

Some of the better-known of the cotton factors announce that, in order to help the work of the Cotton States Protective League to get fair prices for cotton to the producers, they will advance as much as 75 to 80 per cent of the market value of cotton at a low rate of interest, for which shippers may draw with bill of lading attached; cotton so consigned to be held for account, and subject to the instructions of the shipper, with reasonable charges for storage, insurance, etc.

In addition to such facilities, the banks of the South report ample funds to be loaned on stored and insured cotton. With these facilities at the command of the owners of cotton, and they knowing it is well worth 30 cents, and can get it by the asking, they have no one to blame but

and protect their interest. Of course the people must be reached for them to act in unison, for which we must depend upon the friendly press to publish.

Public meetings should be held in every community and committees appointed on holding cotton and the reduction of acreage for next year. The present acreage and a fair yield over the belt with no well established organization to care for prices, would mean disaster to the entire country. Announce the results of such meetings to the local papers and send copies to the city dailies. Let your acts be known.

We asked 30 cents for cotton in the fall of 1917 when it was selling for 15 cents and received 30 cents for it. We asked 35 cents for it in 1918 when it was selling for 18

when it was selling for 22 cents and received 40 cents for it. We asked nothing for it in 1920 when it was selling for 35 cents, just sold "slow" or "orderly," and received 15 cents and bankruptcy. Will we profit or lose by past experiences? It is for the owners of cotton to say. If the Cotton States Protective League is notified of actions taken

Respectfully,
CHAS. B. METCALF,
President, San Angelo, Tex.

Greater Demand for the Improved Ford Cars

The recent improvements in Ford cars have created a demand that is establishing new sales records.

Back of this growing demand is the knowledge that Ford cars have gained their universal recognition through dependability and economy of operation. The recent improvements enhance value that has been definitely established.

See today's greater Ford value at your nearest Authorized Ford Dealer's. Place your order now to insure early delivery.

The Cash Garage located at the foot of Clairemont street is one of the busiest spots on this street. The present proprietors, J. L. Cantrell and C. N. Smithers, purchased the business from J. W. Hendryx last May. Since that time they have made many changes in the arrangement of the building. Most noticeable among them being installation of additional gasoline and oil pumps and the drive-in feature. Also the stock and accessories departments have been put into showrooms where they are enabled to display their large line of Automobile Supplies and Accessories to a much better advantage than heretofore. This is the only garage and filling station in Scurry County that maintains a 24-hour service. Any hour of the day or night they are on the job to serve. They are real believers in "service that is service." In addition to their handling of Magnolia Gasoline, Mobiloil and Magnolene Motor Oils, Tires, Tubes and Nationally known Accessories, Mr. Cantrell has the agency for the Nash and Ajax Automobiles. This is the first time that these cars have been represented in this territory but the agency has been placed in capable hands. The Nash is a car with a wide reputation as an automobile of real value and the Ajax while a new product, is made under the supervision of the Nash engineers. The Cash Garage employs skillful mechanics and ones that are onto their jobs. These men will give service on the Nash and Ajax cars as well as any make of car made. The only place you can get authorized Overland and Willys-Knight parts and service.

The proprietors of the Cash Garage join with the progressive merchants of the "Busiest Street In West Texas" in inviting you to do your trading with them. YOU ARE WELCOME ON CLAIREMONT STREET AS OFTEN AS YOU WISH TO COME AND ALSO WELCOME TO STAY AS LONG AS YOU WISH. But, when in need of garage service just remember the Cash Garage and use your telephone—their number is 99.

School Notes

(Continued from Page 2.)

maintain the high standard of honor which their uniform of their country demands of its soldiers.

Community Courtesy.

When you are on the street you quite often see a crowd of girls completely monopolizing the street. They are generally talking loudly and creating a very great disturbance. When you are in public places you are the guest of that community. You see lots of guests throwing bits of letters, banana peel or peanut hulls on the streets or in the post-office, courthouse, school grounds or street cars. How courteous would these places prove you to be?

At Church Service.

Courtesy at the church service has been sadly neglected by the average high school girl. Did you ever realize that while at a church service you are the guest of God? You very often see girls mutilating the song books with scribbling. It is not courteous if you do not enter in the form of worship with the congregation. Whispering or giggling during the church service or before it not courteous. If girls would show such courtesy the service would be of much greater value to everyone.

Courtesy to a Speaker.

In public meetings it is not courteous to turn your head when someone enters the room or when there is some disturbance in the rear of the room neither is it courteous to talk or not listen. Many people are not courteous when they are trying to enter a street car or train. Are you a courteous shopper? Do you think to thank a man who has given you his seat? Do you think to help a person with her bags or bundles?

Personal Courtesy.

Girls show personal courtesy by standing when older people enter the room, by letting an older person enter a room first and by offering any older woman your chair.

Some girls show their family no courtesy at all. They never think if they are disturbing their family when they play the Victrola or piano. Sometimes your brother isn't as courteous to you as he is to other girls and you wonder why. Maybe you show him no courtesy either. "Central" cer-

tainly must think some girls have no courtesy at all by the way they talk over the telephone. Slamming doors is another common breach of courtesy. The most important act of courtesy of all is thinking of others before self. Have you not seen this quality in some girls?

Stop and think. How many of these qualities are a part of the girl or woman whom you look upon as your ideal?

HOME ECONOMIC NEWS.

In Texas under the vocational outline H. E. is taken upon the meal basis. The first year sections have just completed the units which make up a breakfast. They have studied and learned to prepare fresh and dried fruits, cereals, eggs, breakfast meats, beverages, and breakfast breads, including biscuits, muffins, popovers, waffles and various kinds of toast. This week the girls will work in groups preparing and serving family sized breakfasts in the dining room. In this way the girls will get practice not only preparing food but also in acting as hostess and guest. Setting of the table and serving will also be taken thoroughly.

The second year girls are studying pastry this week and are learning to make an assortment of pies.

Food Sale.

The second year classes will hold a food sale at Wilhelm's store on Saturday, Nov. 7, starting at 10 a. m. Plans are being made to sell cakes, pies, doughnuts, cookies, salad dressings including mayonnaise, boiled and thousand island, cranberry jelly, perfection salad, candy and probably other articles of food.

The girls have two reasons for putting on this sale, first to show the people of Snyder what the department is doing and also to procure a bookcase which is badly needed for H. E. books. The idea of buying a small pig is also being considered. In this way the scraps from the department can be disposed of and some money earned for the department.

If you want something good for Sunday dinner don't forget to attend our sale. Orders may be given to the girls in advance.—Reporter.

SNYDER HOME ECONOMICS CLUB.

The Snyder Home Economics Club met November 3, for its first regular meeting. The house was called to order by the president and the roll called and minutes read by the sec-

retary. Doris Buchanan made a talk on "Courtesy." She said, "A girl or woman is judged by her courtesy or discourtesy and the best way to be courteous is to think of others before yourself." Nina Frances Banks played a piano solo which was enjoyed by everyone.

Business was discussed. We voted on whether or not we should pay fines when absent. The majority voted to pay five cent fines for an unexcused absence. We will have a committee which will decide whether or not the absence is to be excused.

Thora Cotten, Lena Ruth Smith, Edythe Darby and Faye Joyce were appointed for the program committee. Eupha Bertram and Bessie Burnett were appointed for the poster committee. Polly Porter, Josie Curtis, Pauline Kelly were selected to help the secretary collect dues. Josie Curtis and Bessie Burnett were appointed for sergeants-at-arms.—Reporter.

LOW FIRST GRADE PARTY

Spooks, witches, and goblins had a party in our room on Friday afternoon. Desks were arranged around the room so that there was ample room for the frolic. Much enjoyment was had when each tried to pin on the cat's tail. Robert Boyd succeeded in pinning it on and won the cucumber. Then we sat in a circle on the floor around the magic bottle which told us many interesting things. John Henry Boren was a special guest of the party. Crackerjack was served to thirty-six little folks.

CHRISTIAN ENDEAVOR AT FIRST CHRISTIAN CHURCH.

Juniors 5:30 and Seniors 6 p. m. Senior Program for Nov. 8: Subject, "What Can Young People do for International Friendship?" Leader—Herman Trigg. Scripture text, Matt. 19:20; Acts 17:22-31; Gal. 2:26-29.

Does God think as much of other nations as He does of the U. S.—Howard Martin.

Is it easy for the members of the white race to look upon other races as their equals?—Raines Sparks.

Why can more be done towards international friendship Christian young people than any other way?—Almond Martin.

What was the effect of the World War upon international friendship?—James Martin.

Can anything but the religion of Jesus bring about real friendship

between nations?—Wilford Brown.

What effect has the League of Nations and similar movements upon international friendship?—A. J. Cody.

These discussions are all freely engaged in and much good can be accomplished by our young folks taking more interest in these things and study them in connection with God's word. This we are trying to do.

Come be with us and develop that spiritual nature of yours; otherwise you will be an unbalanced man or woman.

I. O. O. F. MEETING FRIDAY NIGHT.

There will be work in the 2nd degree Friday night at the I. O. O. F.

Hall. All members are requested to be present and visiting members are cordially invited to be with them.

Miss Vashti Epps, who is attending Simmons University, spent the past week-end with her parents here. She was accompanied by Miss Lois Stone of McAllister, Oklahoma, who is also attending Simmons University.

Notice to the Users of Good Groceries

On Monday, November 2, 1925, Mr. J. W. Templeton retired from the grocery business and wishes to thank his friends and patrons for all favors and patronage extended him during his stay in business in Snyder and asks that each of his old customers continue with the new owner of the business. Mr. T. L. McMillan, in whom I have the utmost confidence as to his fair treatment of all who may trade with him.

J. W. TEMPLETON

I wish to take this opportunity and meth of telling the people of Snyder and Scurry County that I have bought the stock of Groceries from J. W. Templeton and will continue to conduct the business in such a manner as to merit your business. I will handle Staple and Fancy Groceries and will endeavor at all times to keep the stock complete. We will maintain a Prompt Delivery Service and all orders given in person or by telephone will be given prompt attention. We solicit your Grocery Business on the Quality of our merchandise together with the price and service rendered. Thanking you for all past favors and soliciting a portion of your Grocery Business, we are,

Yours truly,

T. L. McMILLAN
