### ENNIS CREEK.

There was an average attendance at Sunday School. Plans were made for an Easter program.

A large crowd was present at the singing Sunday afternoon. We were glad to have several of our Dermott neighbors help with the songs.

### Visiting.

Homer and Lester Harbor and mother from Roscoe visited H. S. Hart and family.

Clifton Davis, Grace and Nell Floyd spent Sunday with Ola Mae Walker.

A crowd of young folks took dinner with Bertha Prather.

Frank Wilson and family spent the day with relatives in Snyder.

Mr. and Mrs. W. A. Wade and children were visitors at J. E. Smith's Sunday afternoon.

Eyron Pitner and family spent the day at Luther Gee's.

Robert and Carlos Kimbrough from Muleshoe are visiting friends here.

J. G. Galyean and family took supper at Martin Prather's Sunday night.

Bonnie Davis spent the week-end with homefolk.

Mr. and Mrs. J. E. Smith, Herman and Edna Galyean and Duella Gee attended the Teachers' Association at Fluvanna.

Mrs. Ethel Hart and daughters spent Sunday afternoon with T. C. Davis and family.

Una Hart and Leona Williams were recent visitors at H. S. Hart's.

Ennis Floyd visited at the Galyean home.

Clint Davis and family from Arizona are now making their home in Snyder.

### School.

Last Thursday was clean-up day at school. The men and boys of the community brought teams and tools. The school ground was leveled and cleaned. Some grape vines were set out.

Mrs. Smith and her pupils made two flower beds and planted flowers.

We are grateful to each and everyone who helped to make the school building and grounds more convenient and attractive.

Nell Floyd, Gillie and Ola Mae

Walker were absent from school Monday.

Honor roll in Mrs. Smith's room: Fourth grade: Moveida Brooks, Lena Hart, Richard Davis. Fifth grade: Lottie Galyean, Elmer Prather, Libby Ruth Holmes. Sixth grade: Ruby Davis, Ouida Bea Horsley. Honor roll in Miss McKeown's room—First grade: Rufus Hart, Milton Smith, Jim Walker. Second grade: Chesley Horsley.—Lillian Colclazer.

Miss Ora Thompson, who has been attending Simmons University at Abilene returned to her home in Snyder Thursday of last week. She went to Lubbock Sunday for her eyes to be examined.

self to all who knew her. She was loving and happy in the home. She had been taught many beautiful things of Jesus, heaven and angels and loved to talk of them in her child-like manner and to sing the many sweet little songs she had learned. Now that the sweet little lips are closed and in the home we listen in vain for the sound of her merry laughter and her pattering footsteps, the heartbroken parents and little sisters and brother are sad and lonely. But they know that little Inell is free forever from all suffering and is safe in the arms of Him who said, "Suffer little children to come unto me, and forbid them not, for of such is the kingdom of heaven." And the promise of heaven to them is all the brighter now that they have this shining jewel awaiting them there.

"YOU ARE ENTITLED TO KNOW THE FACTS"  
DODGE BROTHERS, INC.

# Only STEEL

could meet a test like this!

A Dodge Brothers Motor Car . . . A speeding truck racing down hill and out of control . . . A collision . . .

Take one look at this photograph. It is not pretty, to be sure, but it will convince any sensible man that all steel construction is the only safe construction for a motor car body.

That is why Dodge Brothers introduced the all steel body more than eleven years ago, and this year greatly improved and perfected it.

In fact, Dodge Brothers are convinced that the day is not far off when wooden motor car bodies will be a curiosity. People will shudder at the thought of having ridden in them and will thank Dodge Brothers for the greater safety, durability—and beauty, too—of all steel construction.

A steel body will stand up under impacts that would crush the average body to bits. Steel cannot splinter. Steel cannot burn. Steel is an armor of protection on the crowded, hurrying highway.

Outwardly, nearly all types of bodies appear to be all steel. In reality, however, most of them are simply frames of wood covered by a metal shell.

Dodge Brothers Motor Car bodies are steel through and through—steel reinforced by steel—battered and braced by steel—even the frames and running boards are steel.

And slender, stronger steel corner posts replace the customary bulky posts of wood, affording full, unhampered driving vision on all sides—a safety feature of the first importance!

Travel in safety! Powerful, quick-action brakes, a chassis world-famous for its sturdiness, and a body of steel—these explain the enviable reputation for safety enjoyed by Dodge Brothers Motor Car—and the enviable feeling of safety enjoyed by those who drive it.

The car will continue to be a "four". No reasonable buyer will be distracted from the issue of QUALITY by mere CYLINDER propaganda.

W. C. WENNINGER, Prop.

Mr. and Mrs. Bill Bachelor spent Sunday night with J. S. Head.

Miss Johnnie Horsley of the Woodard community visited our school Monday.

Mr. and Mrs. T. L. Henley and daughter, Louise, spent Saturday night and Sunday with W. R. Bratton and family.

W. R. Bratton and T. L. Henley were seen out motoring Sunday evening.

Doyle Bratton, Guy Carrell and Esker Land spent Saturday night at T. L. Henley's home, but were gone, but they reported an unusual nice time.

Mrs. Bratton has been on the pony list the past week.

Mrs. J. E. Huffman had a severe attack of pneumonia last week but is better now.

**USELESS THRIFT.**

We read in a daily paper a few days ago of an Ohio man who died recently after living for 55 years on a small farm. In settling his estate it was found he had \$29,000 deposited in the bank, and \$80,000 in cash held in fruit cans secreted about his home.

Here is a man who, from every indication, was frugal, industrious, intelligent and thrifty. He had to have these qualities to accumulate that amount of money on a small farm remote from the city and in a section where opportunities were few. Yet, because he did not trust his fellowman, almost \$40 of every dollar he had was idle when it could have been earning interest for him. In fact, that \$80,000 deposited in an Ohio saving bank paying 6 per cent would have brought him an income of \$4,800 a year, or more than he could have earned in any year by hard work of his farm.

He was, in a way, like a number of people we know of. He couldn't be called a miser, because he did have a small bank account, but he was a poor business man in that he did not realize the earning power of money. He put it away where it would not grow and reproduce; he deprived

himself of the enjoyment of his savings. Then he died without having derived a penny's worth of benefit from it. Here is as strong an argument in favor of starting a savings account as we have ever come across, and we hope and trust it will impress those who read this article the same way it has impressed us. If you must keep all your wealth in cash, better play safe by depositing it in a bank.

It would create a new bureau in Washington and mean more port barrel grabbing; it would cripple self-government by towns and counties. Our citizens should be of their guard and should notify their representatives at Washington that they are willing to accept federal aid for their high ways, but that they prefer to have Uncle Sam let the present school system alone. Let's keep the few State Rights we have.

Residents of the various school districts in Scurry County will do well to watch closely a campaign recently launched by a group of well-meaning, but seemingly misguided, citizens to obtain an annual appropriation of \$100,000-000 from the government as federal aid for schools. The scheme is this: The government will send money to states that will match the gifts with like sums, the total to be spent on schools. The government will prescribe the conditions. It will provide inspection and direction, and then state control will become federal control. The money, of course, will not be picked off the trees. It will come from the people in the form of taxes to be returned to the people under such terms as Washington may dictate. Local government of our schools will be surrendered, in small part at first

**STRONG**

**YOU---**

**CAN START THAT SAVINGS ACCOUNT NOW**

There are only two secrets to saving money, and they are: first, TO MAKE A START and second, TO KEEP IT UP. After you have once made the start and have planned your financial budget to include your weekly or monthly deposit to your savings account, it will grow with almost no effort on your part.

Why not let this strong, friendly and useful bank assist you to make the start today?

**The First State Bank & Trust Co.**

**FRIENDLY**

**H. G. TOWLE FOR MAYOR.**

The Times-Signal is authorized to announce H. G. Towle as a candidate for mayor of the City of Snyder, subject to the voters of the city at the election to be held in April.

Although Mr. Towle has had the candidacy for this important office thrust upon him by his friends, who represent practically the entire population of Snyder, there is perhaps no other person in the city better fitted for this important office than he. He has always had the very best interest of the city at heart, and while progressive and highly enterprising, he is careful and conservative. He is also a successful business man, another important qualification which should not be overlooked in the matter of choosing a man for this important office.

The retiring mayor and his able councilmen have done much during their administration toward making Snyder a bigger and better city, and it behooves every resident of the city to stand united in electing men to control the city's destinies who have the city and its best interests wholly at heart. It is with pleasure, therefore, that the Times-Signal is this week announcing Mr. H. G. Towle as a candidate for the important office of mayor. Furthermore, we move the nominations be closed.

**IT WORKS TWO WAYS.**

Residents of the various school districts in Scurry County will do well to watch closely a campaign recently launched by a group of well-meaning, but seemingly misguided, citizens to obtain an annual appropriation of \$100,000-000 from the government as federal aid for schools. The scheme is this: The government will send money to states that will match the gifts with like sums, the total to be spent on schools. The government will prescribe the conditions. It will provide inspection and direction, and then state control will become federal control. The money, of course, will not be picked off the trees. **At the Head of the Mode**

A touch of Spring in the air—and what woman does not hurry to her Milliner so that she may be the first to welcome the Season with a charming and becoming Hat?

**"The Large Hat"**

The large gracefully drooping hat of horsehair or straw is fashion typical of the United States. It is one of those styles which has come into being through real necessity. They are to be had in the most alluring shades—just the colors to accompany the soft and delicate frocks of Springtime.

**"The Gigolo"**

The gigolo is a high crowned felt hat with creases or folds running across the front of the crown. Sometimes these folds run from the front at right angles to the face and loose themselves in the greater height of soft felt at the back of the crown.

**"The Beret"**

The Beret, in new and enchanting guise, has entered the lists of fashion. Sometimes there is a wide band about the face with the crown very softly draped. This hat is developed in satin or any of the new straws.

**H. L. Davis Co.**

# School Notes

**HIGH SCHOOL NOTES.**  
**Baseball.**  
 Baseball practice has started in earnest at S. H. S. Although Lane, Sten and Fesmire were absent from practice, the "Tigers" had hard, fast workout Monday afternoon, with Joyce receiving, on on third, Woosley, short; lacy, second; Curry, first; Dennis in left; Kerner in center, and lackard in right. Coach Roberts it fungoes to the outfielders, hile Lewis hit to the infielders. i batting practice Joyce, Woosley, sakers and Boren all lined out ng hits. Suits will probably be sued Wednesday. There are respects of a game Friday. Cot- on will be missed from practice or the rest of the week as he is saving for the Fat Stock show at 'ort Worth.

**LOCALS.**  
 Orene McMillan has come back o school after a long period of illness.  
 Alethe Epps was absent Monday n account of sickness.  
 Lewis Bennett enrolled in the Snyder school Monday as a junior. He comes from a school in Ar- cansas.  
 The second year girls of the home economics department gave a style show Tuesday evening. All he dresses were made from old ma- terial or were made over dresses. Besides the dresses being very beautiful and also useful, the girls have had the experience of doing the work, and have learned the possibilities of left-over clothes. Too much credit cannot be given to Miss Green and the home eco- nomics department.  
 Some of the high school boys have already made a start toward beautifying the school ground. They dug up some of the largest rocks which were showing above the ground.  
 We regret very much that Mr. Bagwell has been ill several days. We hope he will soon be back in school.  
 The girls basket ball team of Snyder high school has been very successful this year. They won the county championship and were looking forward to the time when they would go to district meet, but they were disappointed in this. Miss Boren, the girls' coach, got word from C. Y. Freeland, the di- rector of athletics, that there would be no girls tournament in the name of the league. Mr. Tip-

pet of Hale Center, said that he might put on invitation meet for this section but it is not known for certain that he intends to do. This decision did not discourage the girls but will give them more time to practice for the track meet in the near future.

**BETTER SPEECH CLUB.**  
 The Better Speech Club was called to order by its vice-president, Lowell Stoker, Friday afternoon. The club is very sorry that its president, May Jo Glenn, is still ill but it is glad that she is now im- proving. Her letter of apprecia- tion for the flowers sent her by the club was read.  
 The program was very interest- ing and was enjoyed by all. The following program was given:  
 Kenneth Alexander—Report on Table Manners.  
 Vernon Aucutt—A Talk on Au- tomobile Courtesies.  
 Carrell Baker—Street car Cour- tesies.  
 Alva Curtis—Loud Talking in Public Places.  
 Jim Brooks—Showing Defere- nce to Elders.  
 Lowell Stoker—Showing Re- spect to Ladies.  
 Robert Howell—Theatre Cour- tesies.  
 Torrence Kilby—School Room Courtesies.  
 Blanche Turner—Conversation Courtesies.  
 Louise Carlton—Being a Host- ess.  
 Grace Wilson—Being a Guest.  
 —Reporter.

**THE STORY TELLING CLUB.**  
 The Story Telling Club met last Friday morning. The house was called to order by our president, Mattie Martin. The minutes were read and approved. The roll was called and the program was given by Doris Doak, Henry Clements, Ora Dorset and Tom Bertram, told stories.  
 Then the story tellers were chosen for next Friday by the of- ficers. The club adjourned to meet again next Friday.—Re- porter.

**JOHN Y. BOWEN PASSES AWAY.**  
 On March 4, 1926, the death angel laid his icy hand on the brow of John Y. Bowen of Pyron, an old pioneer of West Texas and said, "Come, John Y., whose body has been racked with pain for these five years answered the summons with a smile and went to sleep as a babe in its mother's arms. John Y. was born August 18, 1841, at Pickets Courthouse, South Carolina.  
 At the age of 18 he decided to

pull up his stakes and come to Texas, which at this time was scarcely settled. He settled in Collin county. He joined the Con- federate army during the Civil War. At the end of the war he met Miss Emily Kathern Chapman and on July 12 1866, he made her his bride. To this union were born six sons and three daughters—Ellak, Reece, James, Kate, Albert, Pickets, Marcus, Darcus and John L.

John Y. has joined his wife, who preceded him fifteen months ago and also his three sons. Six of the children are left to mourn his de- parture. They are Mrs. W. A. Carmack, Garland, Texas; Mrs. W. O. Moore, Hermleigh, Texas; Mrs. W. T. Thompson, Snyder, Texas, and Albert, Pickets and John L. Bowen of Pyron, Texas.  
 The remains were laid to rest in the Pyron cemetery on March 5, 1926, by the Masonic Lodge. Bro. E. C. Leslie officiated.  
 A FRIEND.

### DEMAND AND SUPPLY OF COTTON.

The greater part of this article is taken from the Agricultural Outlook, printed by the United States Department of Agriculture. The report is based upon all available information bearing on agricultural conditions both domestic and foreign.  
 For the last two seasons the rate of world-production of cotton has exceeded the rate of world-con- sumption with the result that stocks have been increased. Ac- cumulated stocks are not yet bur- densome as a whole, but further material increase might easily make them so.  
 It is almost certain that the world carry-over of American cot- ton, as well as of other countries, on July 31, 1926, will be consid- erably larger than on July 31, 1925, owing to the size of the 1925 crop. It is also probable that if the 1926 crop is as large as that of 1925, the price will be some- what less, since the world will go into the new season better sup- plied with raw cotton and proba- bly better supplied also with cot- ton goods.  
 The assumption that the carry- over on July 31, 1926, will be con- siderably larger than in 1925 is further supported by the fact that the current European demand for American raw cotton seems some- what less active than the demand at this time a year ago. Stocks of American raw cotton in foreign

ports are relatively full. Some improvement in the present slow demand from abroad is to be ex- pected, but an active and sustained demand throughout the remainder of the season is hardly likely. In- dications of conditions which may prevail during the period in which the 1926 crop will be marketed point to a foreign demand no bet- ter than that of the present season.  
 Should the acreage of the United States in 1926 equal the 1925 acreage and the yield per acre be that of the average for the last five years, 1921 to 1925 inclusive, 143.2 pounds of lint per acre, the production would be about 13,800, 000 bales, and with the probable carry-over from the current season there should be no shortage of supply and no hope for a stronger market, but rather a weaker mar- ket.

**Opinions, Brickbats and Bou- quets."**  
 The importance of a safe and sane system of diversified farm- ing for Scurry County was never so clearly apparent as it is today. After several years of high cotton prices, this country is facing the possibility of serious financial dis- tress if we do not give more atten-

tion to diversification.  
 The farmer who plants half of his land to feed, who has a few cows, one brood sow, and fifty or a hundred good hens, will not be seriously hurt if the price of cot- ton does go down, but the farmer who puts all or practically all of his land in cotton will suffer next fall if cotton drops even a few cents below present prices.  
 This country cannot look for- ward to a permanent prosperity if it relies upon a one-crop system. Diversification will do more to bring prosperity than anything we know. We would not let our ef- forts at starting this system of farming wait on an increased in- come. A better home and better living conditions depend not so much upon the income as upon the spirit and will to work.

In the past few months a number of tenants have remarked to the writer that they would like to plant more feed and have a plot large enough to grow a garden. We should like to ask what is wrong with the land-owner who makes his tenant plant all or near- ly all to cotton? He is doing him- self an injustice and a greater in- justice to the renter. Why not

give him a half acre or even an acre for gardens? A good gar- den means a good table, and meat, milk and eggs which will follow a greater amount of feed is only adding to the efficiency of the farm labor. We have farms in Scurry County that do not re- ceive the proper cultivation be- cause of the shortage of feed. These land-owners are "penny- wise and pound foolish" and are doing their country an injustice.  
 JNO. F. CARMICHAEL,  
 County Agent.

### HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold overnight or to cut short an attack of gripe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.  
 One or two Calotabs at bed-time with a swallow of water—that's all. No salts, no nausea, nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.  
 Get a family package contain- ing full directions, only 35 cents. At any drug store. (Adv.)

## Public Service and Public Opinion

**S**UCCESS in public service depends upon public opinion. Public Service—heat, power and light, etc.—is a part of the prosperity of a community. Public Service vitally concerns every person and every industry in the city, or in the town, where it is located. Public Service is, in fact, personal service. We all know that the quality of personal service which we receive depends largely upon the degree of our personal co-operation and consideration for those who serve us. Maintain an unfriendly attitude toward public service, and you injure every individual in your community, you hamper development, you balk business.  
 Unfriendliness toward public service is in reality unfriendliness toward the public itself. Constant criticism—without understanding; knocking—without investigation—all tends to react against your own interests.  
 Public Service is not defending itself. It needs no defense. It is patent that public service, by its very nature, is more interested in doing the right thing than are its critics.  
 The successful manager of an electric light and power company knows positively that the public's best interest is paramount. One of the greatest contemporary writers in the United States says: "I do not know a class of business men who are trying harder and who are succeeding more in their efforts to build up towns and cities, local interests and industries, than those of the public service companies. They are co-operating with the cities all over the country to create more industry. They are helping in every way possible to build better and bigger business in the towns where they are located."  
 Public Service and Public Opinion are interdependent.

"Your Electric Servant"

## The West Texas Electric Co.

**WIN THE MILLION DOLLAR SMILE**  
 What do you remember first about "Charlie" Schwab —his steel mills? No. If you've ever seen him, the thing that sticks is his "million-dollar-smile"—that gift of priceless health and vitality.  
**GOOD BREAD**  
 is the wholesome, perfectly balanced food that builds such health. Eat it and smile yourself.  
**SNYDER BAKERY**  
 A Good Bakery

SOCIETY AND CLUBS

MISS ROTEN'S SCHEDULE MARCH 15-20.

Monday—Meat canning demonstration at the ranch of Mrs. Ezell. Tuesday—At Hudd with the girls. Wednesday—At Pleasant Hill. Thursday—At Canyon, Sharon and Ira. Friday—At Union. Saturday—Office work.

KITCHEN KORNER.

Soap (Cold). 1. 1 can lye, 3 pints water, 1-2 pounds melted fat. Proceed as directed on can. 2. 1 can lye, 3 pints water, 1 cup kerosene, 1 cup borax, 1 cup strong ammonia, 5 pounds melted fat. After water and lye are mixed and cooled add kerosene, borax and ammonia. Then proceed as before.

Soap (Boiled). 1 gallon water, 1 can lye, 1 gallon meat scraps. Boil about twenty minutes after all scraps are eaten up. Stir until as thick as honey. This will float. The above recipes for soap have been tested and have proven

to be good. The first two above recipes may be perfumed as desired.

MRS. C. R. BUCHANAN HOSTESS TO ALTRUIANS.

Mrs. C. R. Buchanan was hostess to the Altruians Club members at her home last Friday afternoon, March 5. The lesson on "The Short Story" was led by Mrs. Joe Caton. Interesting papers were given by Mesdames A. C. Preuit and H. G. Towle. Mrs. O. P. Thrane read O. Henry's "The Last Leaf." Mesdames Cullin C. Higgins and L. L. Winston also assisted on the program.

The guests were Mesdames J. C. Hicks and Jno. F. Carmichael. The hostess, assisted by Mesdames Doris Buchanan and Margaret Dell Primm, served a delicious two-course luncheon.

SNYDER WOMEN ATTEND POST FUNCTIONS.

Mesdames O. P. Thrane and Joe Strayhorn, and Miss Cecile Strayhorn attended a tea at the Slaughter ranch, some near Post City last Thursday, March 4. The tea was given by Mrs. J. B. Slaughter, Sr., honoring her daughter, Mrs. J. B. Slaughter, Jr. Mrs. J. W. Templeton, Jr., of Snyder and Houston was in the house party.

Mesdames O. P. Thrane and J. M. Harris attended a luncheon at Post City last Saturday given by Mesdames C. D. Morrel, W. B. Roy and Giles Connell complimentary to Mrs. J. B. Slaughter, Jr.

UNION CLUB.

The Happy Hammers met at Union Chapel Friday afternoon, March 5 for the regular meeting. House was called to order by the vice-president, followed by the reading of the minutes by the secretary. Roll call was answered by on way of serving milk. Many interesting ways were mentioned.

Ladies answering roll call: Miss Lois Huckabee, Mesdames J. A. Morgan, J. T. Biggs, E. Pemberton, J. L. Carre, H. G. Moore, P. A. Mabane, H. H. Jeffries, Grady Biggs, Bob Wren, Henry Shuler, Arline Biggs, Homer Bentley, Ruthie Davis, Jake Glover, Effie Ramsey, with Mesdames A. B. Cayce, R. M. Tomlinson and Wilkerson as new members. Visitors were Mesdames W. A. Oliver, M. Combs and W. W. Williams. Following report was turned in: \$31.61 eggs sold, four quilts quilted, four garments remodeled, one hat made, 588 eggs set, 39 new garments, 21 sick visits, \$1.40 vegetable sales, 6 hot beds made, 132 baby chicks, one brooder made, 35 plants and trees put out, four gallons onion sets, 3300 onion plants, 200 cabbage plants, mustard, lettuce, radishes, tomatoes, pepper, spinach, potatoes, beans and peas planted, 245 lbs. soap made, \$83.07 chickens sold, \$65.42 butter and cream.

Three chickens were appointed by the president for the year. Membership committee: Mesdames Ruthie Davis, H. G. Moore and Effie Ramsey.

Program Committee—Mesdames Grady Biggs, Ben Scott and Miss Lois Huckabee.

Finance Committee—Mesdames Bob Wren, Jake Glover and Arlie Biggs.

Miss Roten fully explained the house dress and bread contests. Ten ladies entered the bread

contest and 13 entered the bread contest.

Our demonstration agent read some very interesting articles on "The Home" and the value of "Free Planting." This was followed by a round table discussion on Balanced Rations, led by Miss Roten.

A census was taken of the dairy cows, vegetable gardens and poultry raisers among the members. Fifteen members were shown to be trying to give to the family the proper rations. Plans for an egg circle were discussed and will be taken up at the next meeting which will be the third Friday of March. The program will be on "Home Improvements" and roll call will be answered by one convenience in the kitchen.

Every member is urged to be present and bring a written report of the home work. Let it be the aim of each member to do her "bit" toward making this the most active club of the county.

New members solicited and visitors cordially invited. Remember the date, Friday afternoon, March 19, at 2:30 o'clock.—Reporter.

HAPPY WORKERS.

Miss Roten met with the Ira club girls last Thursday, March 4. We were very glad to have her with us again, although she was rather surprised to find our club so hard at work. On account of the bad weather, and so much sickness four of our members were absent. The members of our club are: Thelma Miller, president; Durham, R. J. and Willie Daniels are absent.

We had one new pupil this week—Violet Hallman.

The basket ball game that was played here Friday evening was attended by several visitors.

We are going to Canyon to next Friday.

DEEP CREEK.

School Notes. School is going on nicely. Oscar Tankersley is absent this week on account of illness. Also Marcus Durham, R. J. and Willie Daniels are absent.

We had one new pupil this week—Violet Hallman.

The basket ball game that was played here Friday evening was attended by several visitors.

IRA SNAP SHOTS.

School. The Ira school, accompanied by the "Ira Farm Boys Band," went to Fluvanna Thursday night where they presented their play, "Farm Folks" in the school auditorium. The kindness shown us by the people of Fluvanna was very highly appreciated.

The Duval school will present their play, "The Clod Hopper" in our school auditorium next Saturday night, March 13. We hope

girls in our school who are interested in work that will help to build up our community and also be useful to them in the future. We want to make our club the best in the county, and we are going to try to make it so by striving to do our best. We want Miss Roten, our parents, our community and our country to be proud of us. We also want to be proud of each other and ourselves.

The first work Miss Roten assigned us was to make a dish towel, which we have finished. We are now to make a cook apron and cap, which is to be finished by next Thursday. Part of our club girls got the material for their cook aprons and caps Saturday and went to Miss Roten's office, where she cut them out and gave the directions for sewing.

Miss Timmie Golden came Tuesday afternoon and helped some of the girls cut their aprons and caps, while others cut the patterns. We hope to have the work Miss Roten assigned us finished by the time she returned.—Last but Not Least.
