

## Voters split key issues in light turnout

For anyone that believes that one vote doesn't count, Tuesday's State Constitutional Amendment Election is proof that all it takes is a few people to make or break a policy.

With only 10 percent of the 3,749 registered voters in Bailey County showing up at the polls, the majority of the proposed state constitutional amendments were decided upon by narrow margins.

The closest race concerned limiting the amount of state debt that could be authorized. Only two votes separated Bailey County voters, with 192 in favor, and 194 opposed.

Local voters were in biggest agreement over whether or not to allow municipal judges to serve in more than one area. By a margin of 71 percent, voters cast ballots in opposition of this issue which would allow judges to serve in public office in separate towns.

Only two other proposed amendments were decided upon by more than a slight majority.

First, 65 percent of the voters said no to giving the local taxing authority the discretion to grant tax exemptions on property with water conservation measures. In the other lopsided vote, 63 percent of the voters decided against expanding the allowable types of home equity liens.

With such a tight race, it may not be a surprise that only six of the 14 proposed amendments were approved by local voters.

As college tuition rates increase each year, local voters showed support for family's saving for their children's higher education. Voters approved the amendment that will protect the Texas Tomorrow Fund, which is designed to allow people to pre-pay future college tuition at today's rates.

Bailey County residents also decided to allow the state legislature to place a limit on the annual

## MULES FACE FINAL TEST

By RICK WHITE  
Managing Editor

It's not the biggest District 1-3A game this weekend.

But Amarillo River Road and Muleshoe both have something to play for as the regular season wraps up at 7:30 p.m. Friday at Benny Douglass Stadium.

With a win Friday and a little help, River Road (4-5 overall, 3-3 in district) can extend its string of consecutive playoff appearances to five.

"This is the first time in five years that we don't control our own

playoff destiny," River Road head coach Craig Shores said. "This is the first time we've had to rely on someone else."

A River Road win Friday coupled with Dimmitt beating Perryton Saturday would leave the three teams tied for second, giving the Wildcats the district's second playoff berth, according to Shores.

River Road ripped Dimmitt 45-19 last week to keep its playoff hopes alive.

Muleshoe (4-5, 3-3) is out of the playoff picture, but has won two-straight games for the first time this

decade and has a shot at matching its best record since 1988 when the Mules finished 5-5 under coach Dale Keeling.

It's also a big game because Muleshoe is capable of upsetting the Wildcats.

"The kids want it real bad," said Muleshoe head coach David Wood, who admitted he wasn't sure if his team could play with the Wildcats when the season started. "It's just a case of wanting it and then going out and getting it."

## Chamber releases holiday schedule

The Muleshoe Chamber of Commerce has something special in store for Christmas shoppers.

In an effort to entice more residents to shop in Muleshoe, the chamber is hosting a series of events including "Moonlight Madness" sales, a "Lighting of the Town" and a Christmas parade.

Festivities will kick off the weekend after Thanksgiving on Nov. 28. As the sun goes down, Muleshoe will "light up" as area businesses simultaneously turn on their holiday decorations and the Chamber sponsored "Moonlight Madness" shopping celebration will begin.

"We want people to know that we have just as much to offer as Lubbock," said chamber member and local business owner Dawn Williams.

For three nights, Friday, Nov. 28, Saturday, Dec. 6 and Saturday, Dec. 20, businesses have been asked to extend hours "till the cows come home" or from 6 p.m. to midnight, officially.

Every customer who spends at least \$25 will be eligible to win prizes to be given away on Dec. 22 by the chamber.

Local organizations are being encouraged to set up fund

## Legislators get close-up view of boll weevil damage

LUBBOCK— Legislators and area cotton growers got a close-up look at damage the boll weevil is inflicting upon the cotton crop on the Texas High Plains last week during a four-county tour led by the State Sen. Robert Duncan (R-Lubbock).

"This is a major problem and we have to find a program to effectively eliminate it," said Duncan as the group of about 30 studied the insect and its damage at fields in Dawson, Terry, Lubbock and Crosby counties.

During the 75th legislative session, Duncan sponsored Senate Bill 1814, which corrected previous constitutional problems with the statewide boll weevil eradication program. The bill also established the framework for a growers

program to eradicate the boll weevil, the most economically damaging pest on the South Plains.

Legislators joining Duncan on the tour were Sen. Tom Haywood (R-Wichita Falls), and Reps. Delwin Jones (R-Lubbock), Carl Isett (R-Lubbock) and Gary Walker (R-Plains).

This summer, growers voted down a 19-county eradication program to combat the weevil in an area with more than 3 million acres planted in cotton each year. As a result, each farmer in those counties is on his own to battle the pest. Scientists say a strong, unified, multi-county attack is needed.

At the fields on the tour, the group heard from the growers, county Extension Service agricultural agents and integrated pest management

(IPM) agents, and scientists and educators with the Texas Agricultural Experiment Station and Texas Agricultural Extension Service.

Growers and agents reported having to spray fields from four to 12 times in efforts to control the weevil this season, but many areas still suffered yield losses from the insect.

In Lubbock County, veteran grower Steve Jones said he had sprayed his fields nine times, adding more than \$60 an acre to his production costs. "Even with our spraying program, we've lost as much as 25 percent of our crop" to the weevil, he said.

## Locker 3rd in 1-3A; Atwood wins JH title

AMARILLO — Muleshoe sophomore Stacy Locker finished third and Watson Junior High School eighth-grader Kyle Atwood captured his second-straight boys junior high title Saturday at the District 1-3A cross country meet at Thompson Park.

Shawna Kenworthy of Dimmitt won the varsity girls race, leading the Bobbies to the team title.

Kenworthy covered the two-mile course in 13:01.45 on a cold, windy morning. Jena Grimsley of Friona finished second with a time of 13:02.45 with Locker finishing 12 seconds back at 13:14.12.

# THE CHAIN GANG

**BAXTER  
BLACK**  
ON THE EDGE OF COMMON SENSE

Most would admit it was an unusual location to put a chain in the first place. Not that it didn't look at home amongst the rotting posts and rusty headgate, but there it was.

Miles and his wife decided their little place could carry a few more cows. It was a good year on the Montana high line but bred heifers were high. So they agreed that buyin' yearlin' heifers would be the ticket.

They could select a good sire, synchronize the heat cycle and breed them artificially. They bought forty head of light heifers.

They secured the Synchronate B and scheduled a breeding date. Miles had intentions to reinforce and repair his corral. Maybe replace some posts in the workin' alley and bend the chute handles so they worked smooth, but... he got busy with other things.

So when the neighbors showed up to help implant the Synchronate B his workin' facilities still looked like the deck of an abandoned trawler.

Running forty head through the chute sounds like a fairly simple task. But, so does changin' a flat, unless all you have is a Crescent wrench and one glove.

They corralled the heifers and started em' up the crowdin' alley toward the chute. Bein' smallish heifers a pair could stand side by side in the alley and still have six hooves on the ground. The crew actually managed to get 24 head loaded at one time before the inside wall broke and fell over with a thud.

The heifers tromped over the downed boards and escaped

back into the corral. Ingenious fellow that he was, Miles grabbed a chunk of tow chain from his pickup bed. With the neighbor's help, he pushed the side of the alley upright and secured it across the top with the chain. It held while they ran the heifers back through and applied the Synchronate B implants.

Nine days later Miles enlisted the help of his long suffering wife Linda to remove the implant pellets. She was workin' the headgate. He was often forced to get behind the heifers in the alley and push em' up. Linda, ever vigilant for his welfare, constantly reminded him about the chain.

By the time they were down to the last two heifers Linda was workin' at the head end with a flashlight. Miles had meant to get the floodlight fixed too, but everytime he thought of it, it was broad daylight.

The last heifer turned around in the chute and ran back over the top of Miles...for the second time. He ran after her cursing and chased her back up the alley screaming and whackin' at her with a flat stick. He rared back with his arm at a full gallop, just as Linda said, "Watch out for the ...!"

Miles hit the chain, just about pencil pocket high. His feet shot straight out! His chin hooked the chain. He stopped short of makin' a complete counter-clockwise revolution when gravity overcame velocity, and he dropped from the air like a hog carcass from a C-47. Whop.

The heifer whirled and galloped over him like a footlog.

Two years have passed. Miles still has good intention but a lot of cows have passed under that chain since then. And everytime he thinks about fixin' it, somethin' else comes up.

## Mighty 'M' awarded "Best in class"

The Mighty 'M' Band was recognized as "Best in Class" Saturday at the Zia Marching Festival in Albuquerque.

Competing against 30 other marching bands, the Mighty 'M' won five out of six competitions and were given "Outstanding" ratings for high general effect, high music, high marching, and high color guard.

"The judges were very impressed with Steven Madrid's solos and the excitement of our music selection," band director Anthony Gonzales said.

Even though the judges had many positive remarks, they also made suggestions that would put Muleshoe in a more competitive position. Since this was the final marching competition for the season, the changes will be a priority for next year, said Gonzales.

"This is a young group with a lot of potential. They know how to win. We just have to keep building," Gonzales said.

Band members are now preparing for December's individual competitions on Dec. 13 and the Winter Concert scheduled for Dec. 16.

## Opportunistic Mules finding ways to win

By RICK WHITE  
Managing Editor

TULIA—Muleshoe is finding ways to win after years of inventing ways to lose.

Muleshoe parlayed four Tulia turnovers and prime field position into a 28-21 win Friday in a District 1-3A game.

Muleshoe (4-5 overall, 3-3 in district) won its second-straight game despite a less than dominating performance.

The Mules appeared headed for an easy win after erupting for three touchdowns during a five-minute span late in the third quarter, but needed Manuel Campolla's interception with 29 seconds left to thwart a furious Hornet rally.

Muleshoe head coach David Wood said it was the kind of game Muleshoe might have let slip away in the past.

"I told the kids the first of the year that if they take care of their responsibilities and the little things, winning will take care of itself," Wood said.

The key was staying away from big mistakes and cashing in on opportunities, the second-year coach said.

"The kids have the attitude now that they knew they had

the game won even though they didn't dominate," Wood said.

Tulia held a 16-11 edge in first downs and a 278-243 edge in total yards.

Muleshoe took full advantage of a stiff north wind that kicked up during halftime to turn a one-point halftime lead into a 28-6 edge after three quarters.

Taking the wind to start the second half, Muleshoe forced Tulia to punt three times into a 30 mph wind in the third quarter.

The Mules blocked the first punt, returning the ball to the Hornet four. The next two punts

traveled just 15 and 8 yards.

The Mules scored each time.

Matt McClanahan scored from five yards out on fourth-and-goal after the blocked punt to give Muleshoe a 14-6 lead with five minutes left in the third quarter.

Gilbert Vela scooted 34 yards to paydirt through a big hole on the right side of the line after the first short punt. Larry Pineda leaped over the back of a Tulia defender to snare McClanahan's 21-yard pass in the left corner of the end zone after the second short punt.

Suddenly Muleshoe led 28-6 and

Tulia appeared dead. But the Hornets (1-8, 1-5) buzzed back.

A with a pair Aaron Scarborough touchdown runs shaved the Mules' lead to an uncomfortable 28-21 with five minutes left.

After forcing Muleshoe to go three-and-out for the third-straight series, Tulia took over at its 31 with 2:32 left.

After picking up one first down and advancing near midfield, Campolla intercepted Reed Underwood's long pass down the middle.

### DISTRICT 1-3A ROUNDUP

Friona beat Perryton 21-14 in the district's marquee game of the season and clinched the district title while Sanford-Fritch stunned Dalhart 27-12 and snapped a 14-game losing streak.

Perryton can still reach the playoffs by beating Dimmitt this week.

If Dimmitt wins and River Road beats Muleshoe like expected, it would create a three-way tie for second and a series of tie-breakers that River Road head coach Craig Shores said would favor the Wildcats.

Look for the Rangers to manhandle Dimmitt to earn the district's second playoff spot. **FRIONA 21, PERRYTON 14**

**PERRYTON** — Matthew Kendrick rushed for 158 yards and scored two touchdowns as Friona held off Perryton 21-14.

Friona recovered three Ranger fumbles, including one with 37 seconds left that sealed the Chieftains' 18th-straight regular-season win and second-straight district title.

Kendrick caught a 15-yard touchdown pass from Aaron King with 8:33 left in the game to give the Chieftains a 21-6 lead.

Perryton, which had its five-game winning streak snapped, responded with a 70-yard drive capped by Trey Duke's one-yard run that cut the lead to 21-14. Allan Adkison scored Perryton's first touchdown on a 30-yard run and finished with 115 yards, stopping his string of 200-yard games at three.

Friona took a 14-6 in the third quarter when Daniel Cuevas scored on fourth-and-goal from the two ran, capping a 74-yard drive.

## Longhorns clinch playoff berth

WHITHARRAL — Lazbuddie clinched a playoff berth and a share of the District 3-A six man title Friday with another impressive performance.

No. 4-ranked Lazbuddie rolled to 393 yards of total offense and forced four turnovers, waxing Whitharral 58-12 in a game that was halted by the 45-point rule in the fourth quarter.

Five of the Longhorns' nine games have ended by the "mercy" rule.

"I think this is as good a football team as we've ever had here," said Lazbuddie coach Mark Scisson, which is a mouthful considering the Longhorns have reached the state quarterfinals twice and the semifinals once this decade.

Lazbuddie (8-1 overall, 4-0 in district) can win its first dis-

Brice Foster rushed for 171 yards and three touchdowns and Don Burch (75 yards) and Adam St. Clair (33 yards) returned kickoffs for touchdowns as Lazbuddie beat Whitharral (5-4, 2-2) for the first time in

three years.

"They had some injuries and the turnovers were big," Scisson said. "But we played well."

On an off night for quarterback Josh Morris, Lazbuddie rushed for 284 yards. St. Clair backed Foster's season-best effort with a 104 yards and a touchdown.

Morris, who came into the game completing nearly 70 percent of his passes, finished 9 of 15 for 109 yards, including touchdown passes of 56 and 1 yards to Chris Smith.

"(Whitharral) did a really good job of defending the pass and putting pressure on Josh," Scisson said.

Lazbuddie held Whitharral to just 20 yards passing and

## MULES

From page 1

Like most district coaches, Shores is impressed with the progress the Mules have made this season.

"We've definitely seen a change in their competitiveness and style of play," Shores said. "There were times in the past where you tended to overlook Muleshoe. You can't do that any more. We have to prepare as hard for Muleshoe as we do for everybody else."

In order to win, Muleshoe will have to find a way to contain Wildcat quarterback Jerod Fikac, who Shores calls "the Kordell Stewart of high school football."

Fikac has thrown for 936 yards and seven TDs and rushed

for another 765 yards and eight TDs.

"He certainly makes play-calling easier," Shores said. "Twice last week, Dimmitt had him dead to rights. He put one in the end zone and the other time he picked up a critical first down."

Wood said Muleshoe has to stay home while rushing Fikac and make the Wildcat quarterback beat the Mules passing.

"He's definitely the one who makes them go," Wood said. "No one has been able to contain him all year. When he drops back, if the pass isn't there he just takes off and goes."

Fikac also has a pair of bowling-ball backs in Trent Mills (5-11, 175) and Chris Floyd (5-

11, 185).

Wood said the Wildcats have as much overall team speed as Friona, especially at linebacker and in the secondary.

Muleshoe is coming off a 28-21 victory at Tulia.

Gilbert Vela rushed for 147 yards and two touchdowns and the Mules made the most out of four turnovers and good field position.

The junior tailback has four-straight 100-yard games and needs 108 yards against River Road to top the 1,000-yard mark for the season.

"We've got to keep them honest, otherwise they'll pin their ears back and come after us," Wood said.

"In the fourth quarter, we couldn't do what we wanted to do," Wood said. "But give Tulia credit, they got after us."

Muleshoe's first score, on Vela's two-yard run in the second quarter, followed Aaron Purdy's fumble recovery at the Tulia 26.

Tulia, grabbed a 6-0 lead on a 74-yard, 12-play drive that ate up more than seven minutes. Roy Gonzales scored from 29 yards out after bouncing outside on an off-tackle play.

Muleshoe, which moved the play fairly well the first two times it had the ball, took advantage of the first of Tulia's four turnovers to get on the scoreboard early in the second quarter.

Aaron Purdy pounced on fumble to give Muleshoe the ball at the Tulia 26.

Muleshoe got the touchdown seven plays later on Vela's two-yard run.

Vela, who finished with 147

yards on 21 carries, lugged the ball on all seven plays, including a six-yard run on fourth-and-one from the 17.

Tulia responded with another long drive, reaching the Muleshoe four-yard line with

less than a minute left in the half.

But Muleshoe held, recovering a bobbled snap on fourth-and-goal from the 10.

Campolla made a touchdown-saving tackle on the first

play of the drive.

Gonzales, who gained 123 of 150 yards in the first half, broke free down the left sideline and raced 41 yards to the Muleshoe 39 before Campolla dragged him down.

**SANFORD-FRITCH 27, DALHART 12**

FRITCH — Sanford-Fritch climbed out of the district cellar with a surprising 27-12 win against Dalhart.

T.J. Clark and Travis Holland each rushed for 129 yards and a touchdown as the Eagles (1-8, 1-6) snapped a 14-game losing streak.

Sanford-Fritch took a 14-6 lead in the third quarter when Byron May recovered a fumble in the end zone. Clark sealed the Eagles' win with a 22-yard run in the fourth quarter.

Dalhart QB Michael Montoya rushed for 116 yards and a 15-yard touchdown and passed 20 yards to Chris Burrow in the third quarter for the Golden Wolves.

Dalhart is 1-8 overall and 0-6 in district.

**RIVER ROAD 45, DIMMITT 19**

AMARILLO — A potent ground game paved

the way for River Road's 45-19 upset of Dimmitt.

The Wildcats (4-5, 4-2) rushed for 310 yards, with three backs gaining more than 85 yards.

Trent Mills was the workhorse for River Road, rushing for 91 yards and two touchdowns on 24 carries. QB Jerod Fikac added 90 yards and two touchdowns and Chris Floyd finished with 85 yards and two touchdowns on six carries.

River Road scored all 45 points in the second and third quarters with a strong north win at its back.

Dimmitt (6-3, 4-2) has lost two straight games while allowing 91 points.

The Bobcats were playing without two-way standout Zack Matthews. Dimmitt scored in the first and fourth quarters on short runs by Stuart Sutton and Beau Hill.

cramp. She was still in contention until fading in the last 200 meters.

Locker did qualify for the Region I-3A this Saturday at Mae Simmons Park in Lubbock. The race starts at 8:30 a.m.

Dimmitt placed four runners in the top 10 and finished with 33 points. Dalhart was second with 46 points, followed by Friona (87 points) and Sanford-Fritch (103 points).

Muleshoe, the defending district champions, finished sixth with 142 points.

The top three teams and 10 individuals qualify for regionals.

Sophomore Lysie Black finished 21st for the Lady Mules with a time of 14:18.52 in what Kelly called a "gusty effort." Black had run in only one other meet all year and was not in cross country shape.

Black was one of three basketball players that volunteered to run at district in order to give

the Lady Mules a shot at qualifying for regionals as a team.

The Lady Mules have only four regular team members.

"We were just taking a chance," Kelly said. "I appreciate them helping out."

In the high school boys race, freshman Clint Black finished 22nd with a time of 20:32.14 and Lucio Soto 28th in 20:49.89.

Atwood breezed to the junior high title for the second-straight year, finishing the two-mile course in 12:00.12 and 30 seconds in front of his nearest rival.

Lincoln Riley finished fifth (13:26.22) and A.J. Buhrman 9th (13:40.13) for the Mules, who finished second behind Perryton.

The WJHS girls also finished second, led by Lilia Flores, who finished second with a time of 13:43.74.

Megan Barrett was the only other Lady Mule in the top-10, finishing seventh (14:30.01).

**MULESHOE AREA HOME HEALTH Agency**

**November is National Home Care Month**

We, as employees of Muleshoe Area Home Health Agency, would like to take this opportunity to thank our current and former patients for allowing us the privilege to care for you at home.

Muleshoe Area Home Health Agency was established in the Spring of 1993. The agency opened with a staff consisting of: one RN, one LVN, one office manager, one home health aide and one physical therapist. Since that time, the agency has grown to employ 25 people serving approximately 50 patients in eight counties within a 50-mile radius of Muleshoe, excluding New Mexico. The agency provides skilled nursing, IV therapy, speech therapy, medical social worker services, home health aide services and physical therapy. The agency accepts referrals from family members, hospitals, physicians and prospective patients themselves. Acceptable payment methods include Medicare, Medicaid, Workmen's Compensation and private insurance. Muleshoe Area Home Health Agency has an RN on call 24 hrs. a day.

Our agency is hospital based and is an entity of Muleshoe Area Hospital District. We are proud to say that your tax dollars allow our services to be utilized by all citizens.

Our agency strives to provide the highest standard of nursing care.

The choice is yours in selecting a home health care provider, and Muleshoe Area Home Health Agency would appreciate you deciding to let us handle all your current and future home health needs.

To receive Home Health Services, talk with your physician or talk with hospital personnel when you are hospitalized.

# Teen Leadership honors Jenkins, Wood

Members of the Teen Leadership Organization presented their first Giraffe Awards to Dave Jenkins and Jody Wood.

The award is given out to individuals who have "stuck their neck out" to help the Teen Leadership Organization.

"Mr. Jenkins, our new high school principal was unanimously selected by the members for this award," said Andrew Ruiz, President of the organization. "He has been a great supporter of Teen Leadership. We admire his positive

attitude and he is a great role model to all of us in the leadership program."

Mrs. Wood received the award for helping students with a video that captured the clubs

activities and projects last year which was the first year of the program at Muleshoe High School.

The video has been used at state training programs for schools who are considering adding Teen Leadership to their curriculum.

Each month the Teen Leadership students will recognize one school representative and

one community member that have provided help, service and support to the club.

### Giraffe awards

Jody Wood and Muleshoe High Principal David Jenkins were presented the Muleshoe Teen Leadership's first monthly Giraffe Awards.

## BAILEY COUNTY HEART ASSOCIATION NEWS

There were five volunteers present at the Oct. 8 board meeting of Bailey County heart Association.

President Joyce McGehee called the meeting to order and welcomed those present.

Joyce gave a report from the American Hart Association Convention that was held in July 19-20 in Austin.

The meeting was attended by Joyce and Lucy Mardis (voting delegate).

The Austin meeting gave reports on last year's communication, developmental, and financial goals.

Bailey County passed in communication and develop-

mental goals but failed in financial goals. Bailey County did receive honors for being the most outstanding in the region for Hoops for Heart.

Joyce Stancell gave the treasurer's report.

Elementary School Kits were delivered to Dillman and DeShazo schools. School nurses Cindi Pace and Liz Tipps agreed to be our Heart Partners for this school year. Connie Kenmore and Mrs. Finney were very helpful to our communication chairpeople

Mr. Foster agreed to help with the poster contest.

Posters will be viewed throughout the city in February

in honor of American Heart Association Month and its 50th anniversary. There will be a first, second, and third place awarded for each third, fourth, and fifth grade levels. Winning children will receive a Coke

party for their class.

Anita Mitchell and Linda Tucker, in charge of communications, delivered public service announcements to the local media. Both were received warmly at KMUL, Channel 6 on 17, and the Muleshoe Journal.

We are still in need of volunteers.

We meet monthly in the lo-

cal hospital conference room at noon. There is no fee, no dues, just a few good people trying to do a few good things for their community. If you would like to be a part of our team please call Joyce at 965-

2950. Our mission is "to reduce disability and death from cardiovascular disease and stroke."

## TOPS NEWS

TOPS Chapter Number 34 met at the Muleshoe Church of Christ on Thursday, Oct. 30, 1997, at 6 p.m. Leader, Laverne James called the meeting to order. The TOPS Pledge was recited and the fellowship song was sung. James let the group in prayer.

Alene Bryant, weight recorder, called the roll with 14 members answering with the amount they lost or gained. Minutes were read by Janie Hughes, secretary, and were approved as read.

Best loser for the week was Alene Bryant.

Betty Jo Davis was first runner-up and Mollie Davis was second runner-up.

Auction night was held. This is always a lot of fun. Each member brings an items in a bag. Then each one uses her TOPS money to buy a bag without knowing what is inside. Everyone enjoys a surprise! TOPS money is play money that has been earned during the weeks before the AUCTION by losing weight and attending the meetings. The meeting was adjourned with the good night song.

From page 1

cents a pound," Jones said. So losing a fourth of field that should yield over 600 pounds an acre—a loss of some 150 pounds of lint—means a loss of more than \$90 profit an acre, added to the additional control costs.

In Terry County, grower Tony Dill said six spray trips across his cotton "cost \$30 to \$40 an acre. And I still lost a least 100 to 125 pounds (of lint) an acre. That's \$50 to \$75 an acre in yield loss."

Extension IPM agent Phillip Kidd said the weevil pressure was much greater this year in Terry and Yoakum counties which he serves. He said that despite the heavy weevil pressure on Dill's fields, "Tony and his consultant did a good job of weevil management."

In Dawson county, the story was much the same from Brad Boyd, who has been growing cotton there for 23 years. "The

last four years (the weevil) have been very bad," he said. "Our late planted crops have had pretty heavy damage."

"The Plains Cotton Growers diapause (weevil control) program has been good," slowing the insects' onslaught, Boyd said. But the diapause program in operation for the past 30 years doesn't exist this year. "I'm looking forward to getting another program started," Boyd said.

Rep. Jones, himself a farmer, estimated Boyd's losses at \$80 an acre. "Multiply that by the 250,000 acres of cotton in Dawson County. Even if the loss is only \$40 an acre (over the county) that's an economic loss of \$10 million to the county."

Dr. Don Rummel, Experiment Station research entomologist who has studied the weevil's life in the area for three decades, tallied up date he has collected for the last to

full seasons. In 1995, he said, the weevil infested 2.3 million acres, with control costs totaling \$20.8 million, exclusive of the diapause program, and yield losses over \$41.9 million, for total losses of \$62,794,050.

Rummel listed 1996 losses of \$12.8 million for control and over \$29.8 million in yield for a total of \$42,701,565. This year's figures are incomplete, with harvest still in progress.

"That's money out of the grower's back pocket," said Duncan.

"As an accountant," said Rep. Isett, "you just have to look at the number to see this is a very serious problem."

"The Texas High Plains was basically weevil free prior to the latest invasion which started in 1991," said Dr. James Leser, Extension Service cotton entomologist. He said that was largely due to the diapause control programs conducted since 1964 by Plains Cotton Grow-

ers, Inc.

"The diapause program always depended upon help from the weather," said Leser. "By 1995, five successive mild winters had undone a 30 year successful effort." Weevil infestations have spread westward and northward into all cotton growing areas of the High Plains, he said.

A grid trapping program initiated in 1995 by the AgriPartners Program of the Extension Service has documented emerging weevils which survived the winters in all 21 High Plains counties. "Most activity was in the eastern and southern areas," Leser said.

The first moderately cold winter in six years, coupled with an enhanced diapause control program, greatly reduced the number of weevils emerging in 1996, the entomologist said. But by the end of 1996, with record yields of cotton, the

weevils had built back to levels exceeding those observed in 1995.

Bad weather delayed planting in 1997, and the late crop caused much of the emerging weevil population to perish for lack of food, Leser said. Producers in the southern area of the High Plains were aggressive in efforts to control the ones which emerged there. "This greatly reduced the level of mid-season damage in most cases," Leser said.

But the weevil numbers exploded late in the 1997 season, the entomologist said. "Our AgriPartners grid traps indicated that the potential overwintering population may be as much as three times higher than last year's record numbers," he warned.

Dr. Tom Fuchs, Extension Service IPM coordinator, from San Angelo, reported on the success of an eradication program which started in 1994 in

four counties of the Southern Rolling Plains: Runnels, Tom Green, Concho and McCulloch counties. "There has been a very significant reduction in both spring and fall populations of boll weevils since the eradication program began," he said.

"That Southern Rolling Plains zone was less than 300,000 acres," Rep. Walker noted. He said High Plains growers need to come up with a plan that will be effective and acceptable. "In the legislature we compromise a lot. You growers may have to compromise to get a program that works for you. I'd encourage you to do that."

"This problem is too big to ignore," Duncan said. "It's an important economic problem for the state of Texas, not just our region. We've got to pull together to achieve what they did in the Southern Rolling Plains."

Defendants, in their Official Capacities and on  
Behalf of a Class of Similarly Situated Officials

#### NOTICE OF PENDENCY OF CLASS ACTION

TO: All government officials in the State of Texas who have custody or control over records covered by the provisions of Senate Bill 1069, including motor vehicle records, records with information related to vehicular accidents, dispatch logs, towing records and 911 records, and/or who have authority to enforce any criminal provisions of Senate Bill 1069.

NOTICE IS HEREBY GIVEN that a suit has been filed in this Court that may affect your legal interests. This case has been certified by the Court as a defendant class action. A defendant class action is a lawsuit in which one or more persons is sued on behalf of other persons in the same or similar situation. As a governmental official within the class definition, you are a member of the class of defendants certified by the Court.

YOU ARE NOT BEING SUED INDIVIDUALLY. THERE IS NO REQUIREMENT THAT YOU ATTEND COURT, HIRE A LAWYER, OR PAY THE COSTS OF THIS LITIGATION. IF YOU CHOOSE, HOWEVER, YOU MAY HIRE YOUR OWN LAWYER. IF YOU DO SO, YOU WILL BE RESPONSIBLE FOR PAYING YOUR OWN LAWYER'S FEES.

AS A MEMBER OF THIS CLASS, YOU ARE FURTHER NOTIFIED OF THE FOLLOWING:

1. The Plaintiffs are two newspaper associations who have sued on behalf of their members. Generally, the Plaintiffs allege that S.B. 1069's restrictions on public access to motor vehicle records, accident reports, dispatch logs, towing records, 911 records, and any other records by which a person might obtain the date, specific location, or name of persons violate the Texas Constitution. The Plaintiffs also allege that S.B. 1069's prohibition against publication of motor vehicle record information on the Internet is unconstitutional.

2. The Court has certified this action as a defendant class action. The named defendants in this lawsuit have been certified as representatives of the class of defendants.

3. The Court has certified this action under Rule 42(b)(2) of the Texas Rules of Civil Procedure as a class action against the class of defendants as defined above. Under Rule 42(c)(2) of the Texas Rules of Civil Procedure, you are hereby notified that (1) Plaintiffs allege and will seek to establish that S.B. 1069 is unconstitutional; (2) as a member of this class, the judgment rendered in this suit will be binding on you, whether favorable or not; and (3) that you have the right to appear before Court and challenge the Court's determinations as to the class and its representatives.

YOU ARE ADVISED THAT YOU ARE A MEMBER OF THE CLASS and that if you choose to do so you may exercise the right set out immediately above to appear in Court and challenge the Court's judgments as to the class and its representatives. You may notify the Court of your intentions to do so at:

TO: Ms. Amalia Rodriguez-Mendoza, District Clerk, Travis County Courthouse, Austin, Texas 78701

4. For additional information, please contact the following persons:  
James Pinson, Assistant Attorney General, P.O. Box 12548, Capitol Station, Austin, Texas 78711 (512)463-2120; (512)320-0667 (fax)

Donald S. Bayne, Assistant City Attorney, City Hall, Third Floor, San Antonio, Texas 78263, (210)207-8940 (210)2074357 (fax)

5. Be aware that the Court, by initially certifying this action as a class action, has not expressed any opinion as to the merits of this action.

6. You are entitled to appear at the hearing specified in the following paragraph and request inclusion in this action as a class representative.

7. TAKE NOTICE that the Court has entered the attached Second Amended Temporary Injunction. On December 5, 1997 at 9:00 a.m., the Court will hold a hearing before Judge Paul Davis in Travis County Courthouse, 1100 Guadalupe Street, Austin, Texas 78701, to determine whether to confirm that this agreed injunction will be binding on the class. The Court at that hearing will entertain arguments in support of and against confirming application of this agreed injunction to the class.
