THIEVES GET JACK MIDDLETON'S HARNESS

Some thief or thieves entered Jack Middleton's barn just west of city limits a few nights ago and carried away two sets of harness, three check lines, a bridle and six collars. The articles stolen were worth something like \$140.

Mr. Middleton had something like \$1,000 worth of harness in his harness house and the thieves could have as easily taken every set he has, and would have taken it, no doubt, but Mr. Middleton believes that something frightened them away.

## A 500 BARREL WELL IS BLOWN IN AT JUSTICEBURG

Information came to Spur Wednesday that one of the oil test wells now drilling at Justiceburg, thirty-five miles south of Spur, came in an oil pool estimated to be producing five hundred barrels of high gravity oil per day.

While there has been very little excitement, yet it has been generally known for more than a year that an oil pool existed at Justiceburg. In fact, the discovered well has been producing around twenty barrels a day for a year.

With producing wells 35 miles to the south, and tests being drilled closer in on every side of us, it is morally certain that Spur will be benefited and possibly become an "oil center" in the future as well as a commercial center and trading point of a vast and rich territory at the present time.—Texas Spur.

### SCURRY COUNTY SCHOOL FAIR

The second annual school fair of Scurry County was held Saturday, April 24. I think that all who attended will agree with me that it was a great fair. All you people who missed seeing the exhibits of your boys and girls do not realize what you missed. The exhibits were indeed wonderful and far exceed our expectations.

I heard the expression many times, "This is wonderful. I had no idea that boys and girls could make such things." It was all the more wonderful when we consider the fact that no school outside of Snyder had any tools whatever to work with. All the things one saw over there were made by the boys and girls with very limited working tools.

There were quilts, dresses, underwear, hats, dresser scarfs, bed spreads, napkins, hot plate mats, trapezoids, etc., in the girls' exhibits, miniature windmills, with tools complete, all kinds of furniture from miniature dressers to real usable library tables, dressing tables, bed racks, cabinets, trunks, chairs, chests, miniature houses electrically lighted and completely furnished, airplanes complete in every detail, etc.

In the literary exhibits were English themes and note books, history notebooks, geography maps and books, geometry note books, etc.

If boys and girls can make so great a showing with such a limited amount of working tools, what could they do if they had a department in every school that taught these things under a trained leader and with adequate working tools. I hope to see the time come when every school will have a farm shop and a home economic department in connection with the regular school work. Boys and girls need to learn to do things that will be of help to them in every-day life on the farm. They need more practical education. The county school fair gives them an opportunity to do some of the things that will benefit them when they get out of school and start farming for themselves. We must have the literary training but we should also give them a practical common sense education along with the literary work.

Let's all get behind the school fair and make it bigger and better next year.

I wish to thank each and every one that contributed in any way to the success of the fair this year. Especially do I want to thank the fair committee and the judges who worked so faithfully in putting it over.

A. A. BULLOCK.

TOO MUCH FOR THE 'BOYS'

Messrs. Taylor Cotten, A. N. Woodard and L. W. Blackard decided that the grounds of the East Side Church of Christ needed working over and proceeded to "do the heavy" all by themselves. The 'boys' worked well for awhile, one of them actually producing a big blister on one of his thumbs, but after awhile they decided to retire from the scene serenely and call it "finished."

Some of the good women who were appraised of the 'boys' task and of what it meant to perform a work representing so much manual labor, decided to prepare some nice refreshments to be served at the proper hour. Their work of preparing the refreshments was performed and with dainties fit for the gods of Olympus, they appeared at the scene of activities. For, and behold, the 'boys' had taken their departure, and therefore missed the rare treat.

It is not for the Times-Signal to say at this time whether the 'boys' quit because they had finished the job or whether they quit because quitting was better than hanging on; but be that as it may, they all three have been kicking one another ever since because they all missed the refreshments.

It should be remembered the "Boys will be Boys," and that "There's oft a slip 'twixt cup and lip," and these old but truthful sayings could be some consolation to these three fine old men who are always to be found loyal to their church, their friends and their country.

FIRST LIAR HAS NO SHOW.

Horace Leath returned last week from a trip to the Lower Rio Grande Valley. He says that he had a great time and that he caught some mighty big fish, but prefers not to say very much about the size of the fish he caught, as the first liar has no show in Scurry County. He requests the Times-Signal to explain, however, that the largest fish he caught was but a minnow compared with the "Wampus alligatorus" captured by George Northcutt in the Gulf last Summer.

Mrs. Pierce Moffett and little daughter, Wanda Moffett, returned from visiting with relatives in Fort Worth and Midlothian.

Mrs. Fred Crowder and daughter, Forrest, of Albany are in Snyder visiting with relatives.

TELLING STORIES 'OUT OF SCHOOL'

Messrs. Loy Ramsour, Clyde Shull and Nelson Dunn returned Sunday from the Lower Rio Grande Valley and Old Mexico. The boys' "spin" Blackard, George Ralston and Dr. Monger, former residents of this city, and say that they are all doing well.

The boys have 'fessed up that they went across the border and that they were well, just for the novelty of it they tried a few swigs of what is now helping to make Mexico famous. They each took a solemn oath that they would not let their right hand know what their left hand did nor what happened on the entire trip; but, as Loy Ramsour remarked, "Some Judas has betrayed the whole outfit."

Of course, the Times-Signal, being a good friend to each of the three fine young fellows, would not tell on them for anything, but they, that is, one of the number, told it first, and that clears the editor's skirts, or pantaloons, as it is in this particular case.

The big leasing deal that has been pending between Sid Johnson of this city and the Magnolia Petroleum Company for several weeks, was closed this week. Mr. Johnson leased his entire ranch consisting of 7,443 acres lying about ten miles northeast of Snyder and in this county, for \$2.50 an acre. To be exact, Mr. Johnson received \$18,600 from the Magnolia Company, and it was one of the largest deals of its kind that has been made so far in Scurry County.

It will be remembered that the Scott ranch south of Snyder was leased some time ago by the Magnolia Company for \$25,000. We understand that this company has recently leased about three sections adjoining the Scott ranch at an attractive figure.

With land being leased by the large oil companies on practically every side of Snyder, it would naturally appear that if Scurry County might in course of time become a big oil field and Snyder the center of its activities.

FORMER SNYDER PASTOR DIES.

During the world war he volunteered for U. S. Army work and served overseas. After the war he returned to Dallas and resumed his work as city salesman for the Southwestern Life Insurance Company.

In 1916, Rev. Pearn was pastor of the First Christian church of this city and will be remembered by many of Snyder's residents. He leaves a wife and two sons living in Roanoke, Va.

Our sister city, Rotan, will dedicate her \$100,000 school building Sunday, May 2, with a big celebration. Dr. J. D. Sandifer of Simmons University, will be the principal speaker. Snyder folk have a special invitation to attend the dedication services.

### THE LANDLORD'S SHARE IN REDUCING THE COTTON ACREAGE—

The landlord who rents his land can stipulate how much cotton and feed there is to be planted on his farm. The landlord who works his own farm, naturally decides what he shall plant.

The cotton market is based nearly altogether upon the laws of supply and demand. Therefore, if we have 10 cent cotton this fall, which looks very likely now, it will largely be the fault of the landlords, because they either did not stipulate a reduction or forced their tenants to plant too large a per cent of his land in cotton.

Beyond a doubt, diversified farming has proved to be profitable to all parties concerned. If a crop is profitable to the tenant it is profitable to the landlord and one-third of the acreage planted to feed, small grains and forage crops will not be unprofitable to either.

Not only for immediate results, but the landlord who assists or allows the greater portion of his land to be planted to one crop each year is not only hurting himself and his tenant but is robbing his soil of its strength to the detriment of future generations. We reiterate that this is not an individual proposition. TALK AND ACT!

### FLUVANNA NEWS.

Note—This scribe is confining himself this week, entirely to the account of one event.

**A Tragedy.** Conditions in a small community often swing from one extreme to another like the pendulum of a clock, and sometimes almost as promptly. Such was the case last Sunday night, following the service at the Presbyterian church, when the large and attentive congregation sang Sweet By and By and received the benediction. Then followed hand-shaking, greetings and many expressions of the happy mood prevailing. Soon cars were moving in almost every direction. The weather was fine and the stars of heaven seemed to be smiling on the serenity and beauty of our village life, while the moon was bathing the verdant plain with her soft light.

But, Alas! How soon the scene must change! A terrible tragedy was impending. The dreadful scene was only a mile away. Yet, who could divine it? Rapid transit was rushing one of our lovely Christian girls to the very gate of eternity. The mile of good road soon narrowed down to the fatal spot. The car left the grade, overturned and fearfully mangled the body of Susie Mae Tartar, age sixteen years on the 18th of last November. The screams of the dying girl, together with those of other occupants of the fateful car, brought prompt relief. The tragedy having occurred just south of the old Stavely residence, Bos Stavely and others were soon to the rescue and lifted the wreck from the dying girl and others held fast by its relentless grip. Susie was rushed to the residence of Dr. A. W. Browning for medical attention, but, at about this time, the immortal spirit took its flight for Beulah Land—even the paradise of heaven.

The car belonged to the Charles E. Tartar family, residing about four miles southwest of Fluvanna.

The occupants were as follows: Carl Tartar at the wheel with Frank Taylor and Duell Ellis on front seat. On the back seat were Susie Mae and Charline Tartar and Pearl Taylor. Ellis received several bruises. Taylor, who already had a lame hip, had his old trouble renewed and otherwise bruised. Pearl escaped with only a few scratches. The driver was neither caught under the car nor hurt to speak of.

Mr. Forman, a Snyder undertaker, was called. He found the body so badly injured that it was necessary to take it to Snyder for treatment and preparation for burial. This being accomplished, it was returned to the home Monday afternoon, where the funeral service was conducted by Rev. B. A. Moores, pastor of the Methodist

Our school easily carried off the cup in our division, having a goodly number of points to spare. Our exhibits won around one hundred blue ribbons. Total number of points made by the school was 1365, this being double the number of points made by all the schools competing in our division. If we win the cup another year, it is ours to keep.

Miss Cora Sealy accompanied our contestants to the district meet Friday, April 23 and Miss Pat Jones taught in her stead. We appreciate Miss Jones' helping us out any time she is needed.

### IN MEMORIAM.

Mrs. Lizzie Rodgers was born May 3, 1897. Before her marriage to J. W. Rodgers, December 23, 1919, she was Miss Lizzie Wisdom.

In early life she professed faith in Christ and united with the Baptist Church, in which faith she died. She departed this life, March 29, 1926, at the age of twenty-eight years. She leaves her husband, two small children, her parents, many other relatives, and a host of friends to mourn her death. The loss of a young wife and mother is an irreparable one and the heartfelt sympathy and prayers of their many friends and neighbors extend to the bereaved in their hour of affliction. May their cross be lightened by the promise of a future reunion with their loved ones. They cannot call her back to a broken earthly home but they may after a life of service here, such as her own has been, join her in that heavenly home.

Miss McDonald and John Hurt of Colorado were married April 21. Mr. Hurt is a well known man in Colorado, having resided there for some time. We give them a hearty congratulation and wish them a long and happy married life.

### THE STORY TELLING CLUB.

The Story Telling Club met last Friday morning. The house was called to order by our president, Billy Morrow. The roll was called and the program was given as follows:

Frances Chenault—The Hospital

where joy, happiness and peace are everlasting, and where even the memory of the sorrows and heartaches of this life are blotted away forever.

Two great shows in one! A rip-snortin' drama, and the rarrrin', tarrrin', wild exhibition Calgary Stampede of 1925, with Hoot Gibson the wildest of them all. Crashing wagons and foaming horses lashed like mad by demonic drivers—wild cows, wild horses, wild steers—rope-spinners and trick riders—thrills and spills. Everything to make this the most spectacularly thrilling western ever thrown on the screen. It's the most exciting experience in pictures! You must see it!

MOVIE MAKERS DREW CROWDS TO CALYARY.

Gibson's Drama of Canada's West Filmed at Big Stampede Carnival.

One of the big drawing cards of the 1925 Calgary Stampede was a Universal motion picture company of 44 persons which spent the entire week filming scenes for a great epic with thrills which is starring vehicle for Hoot Gibson, noted cowboy star.

The picture was "The Calgary Stampede" and will be shown at the Palace Theatre beginning Friday. Half of the action takes place at the Stampede but it is a drama replete with thrills which is Gibson's most pretentious effort in his long motion picture career.

More than 200,000 visitors to the Canadian metropolis played the part of extras during the picture without knowing it. Dressed in their gayest cowboy and cowgirl outfits they gave an unequalled carnival atmosphere to the celebration of the fiftieth anniversary of the founding of Fort Calgary and the coming of the Canadian Northwest Mounted Police to that territory.

All the beauty and splendor of the romantic West has been captured in this thrilling tale of the outdoors. Herbert Blache, director of this, also made House Peters' "Headwinds" and "Secrets of the Night."

The supporting cast includes Virginia Browne Faire, Clark Comstock, Yves Seabury, Jim Covey, W. J. McCulley, Philo McCullough, Charles Sellon, Ena Gregory, Frank Rice, Tex Young and Bill Gillis.

THE COUNTY SCHOOL FAIR.

The Scurry County School Fair was held in the Snyder high school building Saturday, April 24.

Those who attended, say it was the best one the county has ever had. Most of the schools took part. It goes without saying that those who had something in it were present. This fact proves that the way to interest people is by having each one or as many as possible take part in something.

The exhibits were put up according to grades and standards of

schools, thus giving an equal chance.

The work exhibited was of a high class and shows that progress is being made along all lines.

One thing worthy of mention is the fact that the rural schools are taking part in the domestic work. Even though they are not able to have it taught in the schools it is carried on successfully by the help of Miss Roten through the club work.

The program given at 2 o'clock by Miss Boren was attended by a great crowd. The auditorium could not seat the crowd, nor was there standing room.

When we enjoy such programs we seldom stop to think who is back of it, and how much time and effort some one took to put it over. Too much praise cannot be

given Miss Boren, who worked so faithfully that we might be entertained. Her kindergarten orchestra was not on for the occasion, but it has played on several other occasions during the year.

We would not forget the committee who stayed on the job and made the success of the fair possible.

It is hoped that interest along this line will grow and Scurry County will have a better one next year and more children take part.

Mr. and Mrs. Bagwell, Mr. Cary and Miss Green of the Snyder school faculty attended the district meet at Lubbock last Saturday. Several of the students attended, who had parts in the meet. It was reported a great success.

It being so far away only a few in the county could attend. We

are hoping to see the time in the near future when Snyder will hold the district meet of the adjoining counties. Why not, we are as progressive in spirit as other counties. One is needed between the two districts, Abilene and Lubbock, and we ought to have it since we are about the center. Let's wake up to our opportunity, before some other county gets ahead of us.

WHIRLWIND CLUB.

The Whirlwind Club met Tuesday, April 27. The house was called to order by the president and the roll call and reading of the minutes was given by secretary.

The program was on the Battle of San Jacinto.

First on program was piano

duet, by Mary Lynn Nation and Dorothy Strayhorn.

We then had a description of the Battle of San Jacinto, by Marian Fairchild.

A reading, "Texas," by Paul Carrell.

The six flags, by a group of girls.

After the program was given there was some unfinished business discussion brought before the house, after the business was disposed of the house adjourned.

Piano Duet—Mrs. Morrow and daughter, Seretta.

Scene from Uncle Tom's Cabin—Characters, Nell Carleton, "Topsy," Theima Atnip, "Miss Ophelia," Vernell Bradbury, "Eva."

Reading—Ruth Yoder. Song, Socorro Lozano. Folk Dances—Shoemakers' Dance, Dance of Greetings, Children's Polka—First Grade. Reading—Lillie Mae Baze.

JUNIOR LEAGUE.

The following are the officers of the Junior League: Graves Landrum, president; Ruth Weaver, secretary and treasurer, and Lois Fay Gideon, reporter.

We want all the junior boys and girls to be with us next Sunday at 2:30 p. m., and know the Apostles' Creed. If we have an attendance of forty we have a "swee" surprise planned.—Reporter.

### DERMOTT NEWS.

This pleasant in the country these days. The grass is greener, the flowers are more varied since the last rains which kept the farmers out of the field for several days.

Some of them started plowing early Monday morning, others later as their ground was dry enough.

Miss Gladys Atkins and Walter of Snyder visited Miss N. E. Browning and other friends in our neighborhood this week-end. Gladys says her mother, who has been ill for some time, is improving.

Mr. and Mrs. Bob Browning stayed at the Adkins home while Gladys made her visit.

Mrs. J. M. O'Donnell made a business trip to Abilene, Stephenville and other places. She came in sight of the cyclone she has been expecting for a bit. She did not go to stormhouse either.

Mr. and Mrs. G. G. Smith and family, Mr. and Mrs. Odom, Mrs. Gordon and perhaps others returned Monday from attending the funeral of J. H. House of Loraine.

Mr. House is the father of Mrs. G. G. Smith. He has numbers of friends and some relatives in our community. He made his home here several years.

Mr. and Mrs. John Mallon, C. H. West, Marie, W. F., Mr. Scrivner and perhaps others visited at Whitley schoolhouse Sunday afternoon where they report the organization of a singing class.

Our Sunday School was pretty well attended Sunday.

Miss Evelyn Elkins was elected teacher of the young peoples' class. The class is to have a social and business meeting at 6 p. m. Wednesday, at a spring near the Elkins home.

Bro. B. W. Dodson preached a soul-stirring sermon Sunday afternoon. He will not come again, but Bro. Will Harris will preach for us regularly some Sunday, time to be arranged.

Our singing is growing as the weather is warmer.

The Dermott school is doing fine. The children are making good grades. The honor roll is cut short by absence on account of rain and some sickness.

Mrs. Forrester is getting along fine. Still at "Uncle Roberts."

Honor Roll Dermott School—Ninth grade, Welch Scrivner, 4th grade, Lehoma Gordon, 3rd grade, Lucile Mallon, 1st grade, Velma Lee Edmonson.

Opal O'Donnell attended the district meet at Lubbock and won fourth place among nine in declamation. Miss Hull, her teacher, feels quite sure Opal would have won higher honors had she not been suffering with tonsillitis at the time of the meet.

Everybody in the country is going to be busy planting now.

Miss Roten, Mrs. Curnette and Mrs. Towle judged kitchens in Dermott vicinity Tuesday morning.

Miss Roten will give a milk and egg demonstration with Mrs. C. B. Alexander. Miss Roten suggested the husbands and sweethearts be invited. Women and girls thought they would all be too busy.—Reporter.

**FLOWER EXCHANGE HELD IN SNYDER.**

A Flower Exchange was held at the home of Mrs. R. W. Bell, Thursday afternoon, April 22, under the auspices of the Altrurian Club of this city, observing National Garden Week and preparatory to observing home beautification week. During the afternoon some seventy-five women visited the place exchanging flowers.

Violets, geraniums, chrysanthemums, verbenas, larkspur, daisies, dahlias, house leaf, golden-rod, purple iris, bagonias and roses were among the flowers exchanged.

The Altrurian Club hopes to establish this exchange as an annual affair. The Times-Signal feels that the plan is a splendid idea and joins others in the hope that the plan may prove a success.

Mrs. Addison Sasstevens who has been quite sick with flu the past two weeks, we are glad to say is convalescing.

**DEEP CREEK.**

Most of our school attended the fair. We won 15 first prizes, 16 second prizes and 3 third prizes. We think that was pretty good for our school.

Deep Creek played Canyon school last week the score being 16-13.

Jack Tankersley is still absent. R. J. and Winnie Daniels are absent this week.

Our teachers were marooned here one night after the big rains, as a bridge caved in cutting them off from town.

Pearl and Ruby Appleton, also Will and Grace Watts missed two days from school as they could not cross the creek after the rain.

Visiting.

Willie Grace Watts visited with Mrs. M. G. Claybrook Saturday.

Myrtle Cason spent Sunday night with Edith Biddings.

Mrs. A. M. Cordill spent Sunday and Monday with Mr. and Mrs. W. A. Watts.

Mr. and Mrs. B. D. Durham spent Sunday afternoon with Ms. Eldridge Wade.

Mr. and Mrs. Long spent Sunday with Mr. and Mrs. O. R. Tankersley.

Mrs. West and Bobby from Snyder spent the week-end with Mrs. W. A. Watts.

Forest Huffman visited last week with Allen Watts and they killed jack rabbits on the J. D. Scott ranch.

**Sick List.**

Jack and Geneva Tankersley are improving.

Mrs. George Kennedy was thought to be improving. She has been very sick with flu.

Doyle Mayo cut his foot with an axe. It took six stitches to close the wound. He is going on crutches at present.

The big rains did dam-

age to feed crops, as it washed so bad and covered them up.

Several are getting ready and some are planting cotton this week.

The rains also played havoc with fences, bridges, etc., in this locality.

W. A. Watts is helping rebuild fences on the Scott ranch this week.—A Neighbor.

**UNION DOTS.**

Ernest Pemberton and family spent Saturday night and Sunday visiting with Mrs. Pemberton's mother, brother and family, Mr. Newby of Dunn.

The folks of Union went to the county singing at Mt. Zion Sunday, so there was no Sunday School as it is a rule to call in these services for this occasion and I am sure that the day was enjoyed by most of the folks, although we were as usual very badly crowded. These are real occasions in the county and it is a great pity that there is no building in any of the communities large enough to accommodate the people on these occasions.

The regular business session of the convention was held Saturday night and the old set of officers were re-elected for another year.

J. N. Bynum says that the girls, Misses May and Valrie just take him everywhere. Now we don't think that the girls have a very hard time taking J. N. anywhere for we believe that he just likes to go some himself.

J. T. Biggs says that since he got his light plant installed he can almost see how to sleep. He has a carbide light plant.

We are informed that Mrs. Grady Biggs has purchased a new piano. We are glad for Mrs. Biggs is a splendid musician, and will enjoy the use of a good instrument.

The farmers are beginning to plant in real earnest this week, since the good rains last week.

### Frequent Bilious Attacks

"I suffered with severe bilious attacks that came on two or three times each month," says Mr. J. P. Nevins, of Lawrenceburg, Ky. "I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief."

"A neighbor told me of

### BLACK-DRAUGHT Liver Medicine

and I found its use. I never have found so much relief as it gave me. I would not be without it. It seemed to cleanse my whole system and made me feel like new. I would take a few doses, get rid of the bile and have my usual clear head, feel full of pep, and could do twice the work."

Bilious attacks are "seasonal" with many people. Millions have taken Theodor's Black-Draught to ward off such attacks, and the good results they have reported should induce you to try it.

Dear Fellows—

What we want to write you about is—have you bought that Mother's Day package? If not, why not? Most Mothers like candy and those that don't, like Perfume, Atomizers, Vanities and many other things we have, and if you don't believe it, just come in and let us show you some of the many things we have for Mother. Now, don't you know that Mother is just a girl grown up, and if you don't believe she would appreciate a nice bottle of Perfume or Toilet Water, you try it once and watch the smile smooth out the wrinkles. For Mother says, "Why, George wants me to look young." Now, boys, let's try and make this Mother's day the best she has ever known and if we can't do anything more than go to church once on that day, (and you couldn't make her feel better) let's go.

Yours for the best one yet.

# Bank Statements Reflect Much Money Being Borrowed Now

A comparison of the bank's financial statements of April 12, 1926, and of April 6, 1925, reflect that the banks of Snyder are not in as flourishing condition as they were one year ago. That each one is in a sound and solvent condition no one doubts, but you know the banks are the financial barometers of the section which they serve. If their client has money, then, naturally, the banks will have money. In other words, a bank is but a reservoir for the community's finances, or, that portion of the community which does business with a certain bank, as in the case of Snyder which has three banks. One will note in this comparison that the loans and discounts, which means money loaned to some one in this county, nearly altogether, are around \$250,000 more this year than they were one year ago.

The banks of Snyder are the subjects for the comparison as the statements for the banks at Hermleigh and Fluvanna are not available at this time. In fact the loans at present are higher now than they were on June 30th, 1925, and lack only about \$90,000 being as high at the beginning of this crop season as they were on September 28th, 1925, the end of last year's growing season. From all indications it would appear that the loans and discounts of the banks of Scurry County will reach a higher mark this year before the crops are harvested than reached heretofore. From this we would gather that the community is not in the financial condition it was one year ago, nor is it in as good shape financially as it should be. Naturally, if the loans have increased this much, the deposits have decreased practically as much.

Many reasons can be assigned for these high loans and low deposits. One can say that as the crops were short last year, there was not as much money to begin with this year as there was last year. That would be true only to a small extent for a comparison of the deposits at December 31, 1924 and December 31, 1925, will show but a slight difference. It can be said that the crops were not large enough last year to pay their own bills. It is true that the banks had to carry over a small percentage of their farmer's paper because of the short crops and other crop ills. But, we venture to say that the carry-over was small and it now equals the increase in loans. Again, one can contend that crop preparations for the 1926 crop are more extensive and further advanced than they were at this time of year ago; more money has been spent this far on 1926 crop than had been spent at this time last year on the crop. We are glad to say that this argument has some weight. But, a close study of the underlying conditions at the comparative dates will disclose practically the same needs of the farmers.

At the beginning of 1925 we had to borrow money to buy feed. At the beginning of 1925 we had to borrow money to buy bacon, lard, beans, flour and other groceries and dry goods. At the beginning of 1926 we had to borrow money to buy the same items of our daily needs. These needs, all of them, had to be shipped into this county and bought at high prices. And there was not sufficient cotton raised to take care of the year's needs which could be raised at home. Whether are we bound!

Every indication now points to the fact that this year will bring an abundant harvest of cotton. If such is the case, we may expect

A food sale was held and a neat sum of money was realized. The hostess, assisted by Misses Myrtle Martin and Davida Curry, served a delicious plate luncheon to the members and Mesdames. J. L. Hugh Taylor, Bell Warren, Tom S. Gates, Wraymond Sims; Misses Ruth Smith, Dimple Cross and Ellie Mae Joyce.

## OBITUARY.

It may be truthfully said of Mrs. Mary E. Reynolds, "That we do fade as a leaf." For at the age of ninety-five years, five months and twenty-one days she peacefully passed away, and she was not for God took her. She had been a devout Christian for more than sixty-three years. Her last illness proved her steadfastness in the Christian religion. It was her request that no tears be shed for her, "as it is far better that I go."

## TIMBS-SIGNAL SIGNALS.

America likes good losers, but she is beginning to collect entirely too much of them. We have room in Snyder for only one kind of agitator, and that is the kind who is now busy getting ready to agitate the ground with a hoe.

What's the difference—Mexico is running her preachers out and America is starving hers out. There are many writing books in opposition to the Bible, but they don't seem to have as big a circulation.

Papers say a sardine merger is being formed in Maine. How can you merge a sardine any more than it is?

Any Snyder man can tell you that the advice he got from his parents didn't amount to much then but that it's worth a lot to him now.

The constitution of the United States guarantees you the pursuit of happiness. But you've got to do your own pursuing.

A "transcontinental hiker" is a fellow who gets across the country begging automobile rides.

If the grown-up men of Snyder would show the same willingness to dig in the dirt that is manifested by the kids, food products wouldn't cost as much.

Even when all you got of the chicken was the neck you ought to think how much better off you are than the chicken—he gets it in the neck.

Maybe auto tires will reach such a high price that we'll forget how often the gas and oil magnates have gouged us.

William B. Malcom of the Ford Motor Company of Dallas and Sam H. Walker, a traveling salesman, called at the News office Wednesday, and Mr. Malcom stated that the Ford Company had decided to discontinue all bill board advertising and would use the newspaper advertising. Henry Ford has decided that no advertising pays as well as newspaper advertising. Henry knows a good business proposition when he sees it, especially when he tries it.—Lynn County News.

Mr. Ford has tried almost every form of advertising and is in a position to know which brings the greatest returns.

## PANTHER KILLING STOCK.

We understand a large number of men and boys were engaged in a panther hunt in the extreme northwest part of the county the first of the week. There is believed to be one or more old panthers and several young ones in that section.

Two calves and a burro have recently been killed and eaten by the varmint, and stockmen fear further damage if the panthers are not killed.

Old settlers say there was, a few years ago, a large number of panthers in that part of the country, but they were killed out by Will Adair. Common hounds will not usually track or fight a panther, but Mr. Adair had some blood hounds that could handle them.—Rotan Advance.

## MAY McAVOY TRAINS FOR SPEED SHOTS IN "THE ROAD TO GLORY."

The opening shot of May McAvoy and Leslie Feinton in "The Road to Glory," a film version of Howard Hawks' original story, directed by the author, and which is coming to the Palace Theatre Wednesday for 2 days, finds them speeding along the highway in a racing car. Unconscious of the fact that he was to make such a scene, Miss McAvoy had been training for two weeks in a brand-new straight eight roadster that she had received as a birthday gift.

Tempeted by beautiful California roads, May had been dodging speed cops day in and day out as she whizzed forty-fifty-sixty miles an hour and the experience came in very useful when she was

called for the leading role in the Fox picture. In the picture, however, her joy ride comes to grief when the car, driven by Fenton, swerves and collides with an embankment. The accident, which is apparently trivial, plays a big part in the story. As the result of a slight injury, Miss McAvoy goes blind and from the heights of an ecstatic existence she is plunged to the depths of despair. The story is based upon the great par tance plays in human lives.

## COMMITTEE DISBANDED.

Some weeks ago the Ministerial association of Snyder appointed a committee of twelve members from the six churches represented by said association. These twelve with two members of the association made up a committee to assist the Colored people of Snyder in securing an addition where the negroes might have their own church and school.

The committee met last Monday and reported that the addition

had been set apart, a lot donated for a church and school purposes. Also it was reported that a committee had been appointed among the colored people to build a Mt. Olive Baptist Church and that they have the work well in hand. This being true, the committee felt that the original purpose of the body having been fulfilled, it proceeded to close out its work and disband.
