

Our Trust Department

"What do you mean by the trust department and what does the 'trust company' part of your name mean?" are questions we are very often asked. By these terms we mean that this bank has the authority under its charter to act as trustee, executor under will, administrator and guardian by appointment of the court and any fiduciary capacity. We simply mean that we will take charge of your estate in any shape or condition and administer it.

In keeping with our policy to give this section a broad, modern banking service, we maintain a trust department, which is under the supervision of the officers of this bank.

This is the first of a series of ads on this phase of our service. We urge you to read the whole series and to come in at any time and take advantage of the facilities of our trust department.

KITCHEN KORNER

In the week's Kitchen Korner we find various ways of using our cucumbers, tomatoes, cabbage, and green peppers, all of which we are at least beginning to, if not already, have a surplus. These, like the other recipes which have appeared in these columns, are tested recipes. After women have used them with much success. There is, then, no reason for your hesitating to try them. You will be delighted with the results.

Plain Cucumber Pickle.

After washing the brine from the cured cucumbers, allow them to stand in fresh, cold water for three hours. Drain and cover with a weak solution of vinegar and allow them to stand for two or three hours. Keep in kettle:

- 1 quart of vinegar.
- 1-4 cupful of whole black pepper.
- 1 or 2 pods of red pepper.
- 1 pound of brown sugar.
- 2 tablespoonful of cloves.
- 1 tablespoonful of mace.

Boil for five minutes and pour over the cucumbers which have been drained from the first vinegar. This amount is for one gallon of pickles. Pack into the jars, cover with the spiced vinegar and proceed to seal air-tight.

Cucumber Sweet Meats.

An attractive pack may be made by slicing the sweet pickled, medium sized cucumbers before packing. Cut slices one-half inch thick, also cut a small circle from the center of each slice. Place a raisin or red cherry in the center of a garnish, arrange uniformly in the jars, strain the syrup in which

the pickles have been plumping, and pour over the cucumbers in the jars, paddle to remove air bubbles, seal and process.

Mixed Pickles.

- 3 large heads of cabbage.
- 1 pound of vinegar.
- 2 pounds of sugar.
- 1-2 ounce of each cloves, cinnamon, allspice and mace.
- 1 peck of green tomatoes.
- 1 dozen medium-sized onions.
- 1 dozen green peppers.

Chop them separately and very fine. Mix all together and put in alternate layers of the mixtures and salt. Let stand overnight. Then squeeze dry and cover with cold vinegar. Let it stand twenty-four hours and squeeze as before. Mix vinegar with spices, add sugar, boil for five minutes, and pour over the chopped vegetables. Allow to stand for several hours. Pack in jars, garnish with strips of red pepper, cover with the spiced vinegar, and process.

Spiced Cucumber Salad.

- 5 pounds of sliced cucumbers (about 2 dozen).
- 1-2 cupful of chopped onions.
- 2 cupful of sweet red pepper (chopped).
- 1 cupful of sweet green pepper (chopped).

Spiced Vinegar.

- 1 quart of vinegar.
- 1-2 cupful of sugar.
- 1 tablespoonful each of salt, powdered ginger, and mustard seed.
- 1 teaspoon each of whole pepper, celery seed, cloves, cinnamon

- 1-2 lemon.
 - 3 pods of red pepper.
 - 3 cupfuls of vinegar.
 - 1 tablespoonful of whole black pepper.
 - 1 tablespoonful of whole cloves.
 - 1 tablespoonful of allspice.
 - 1 tablespoonful celery seed (crushed).
 - 1 tablespoonful of mustard seed.
 - 1 tablespoonful of ground mustard.
- Slice the tomatoes and onions thin. Sprinkle over them one-half cupful of salt and let stand overnight in a crock or an enamel vessel. To the pepper, cloves, allspice and celery seed in a cheese-cloth bag. Slice the lemon and chop two pepper pods very fine. Drain the tomatoes and onions well, add all seasoning except one pepper pod to the vinegar, then add the tomato and onion. Cook for one-half hour, stirring gently at intervals to prevent burning. Remove spice bag to prevent darkening product. Pack in pint jars and garnish with slender strips of the red pepper, placing them vertically on the opposite sides of each jar. Process for fifteen minutes.
- Chile Sauce.**
- 1 gallon of chopped ripe tomatoes.
 - 1-2 cupful of chopped white onion.
 - 1-2 cupful of chopped sweet green pepper.
 - 1-2 cupful of chopped sweet red pepper.
 - 2 cupful of brown sugar.
 - 2 tablespoonful of ginger.
 - 1 tablespoonful of cinnamon.
 - 1 tablespoonful of mustard.
 - 1 nutmeg (grated).
 - 1 quart of vinegar.
 - 5 tablespoonful of salt.
 - 1-2 teaspoonful of cayenne pepper.
- Peel the tomatoes and onions. Chop the onions and pepper fine. Boil all the ingredients except the vinegar together for two hours or until soft and broken. Add vinegar and simmer for one hour. Stir frequently. Bottle and seal while hot.
- Dish Reliah.**
- 1 quart of chopped cabbage.
 - 1 pint of chopped white onion.
 - 1 pint of chopped sweet red pepper.
 - 1 pint of chopped sweet green pepper.
 - 4 tablespoonful of salt.
 - 1 tablespoonful of mustard seed.
 - 2 tablespoonful of celery seed (crushed).
 - 3-4 cup of sugar.
 - 1 quart of cider vinegar.
- Soak the pepper in brine (one cupful of salt to one gallon of water) for twenty-four hours. Freshen in cold water for one or two hours. Drain well, remove seeds and coarse white sections. Chop separately and measure the chopped cabbage, pepper and onions before mixing. Add spices, sugar and vinegar. Let stand overnight covered in a crock or enameled vessel. Pack in small sterilized jars.
- When ready to pack, drain the vinegar off the reliah in order that the jar may be well packed. Pack the reliah in the jars, pressing it carefully; then pour over it the vinegar which was drained off. Paddle the jar thoroughly, to get every bubble out, and allow the vinegar to displace all air spaces.

and allspice. Mix the cucumber and onions and sprinkle alternate layers, with salt, using three-quarter cupful for this lot. Let stand overnight. Put peppers in brine (one cupful of salt to one gallon of water) overnight. Next morning drain vegetables and freshen for one to two hours in clear, cold water.

Green Tomato Pickle.

- 1 gallon of green tomatoes.
- 1-2 dozen large onions.
- 3 cupfuls of brown sugar.

To the Voters of Scurry County

Again I wish to say it is impossible to canvass thoroughly every community in the county. Indeed many of them I have not visited, although I would like very much to do so.

It is impossible for me to leave the office without neglecting my work, and this I cannot do. I trust you will realize that I have done and am doing all I can to see you and desire your support.

Sincerely yours,

IDA KELLEY

To the Voters of Scurry County

During my ten days' vacation I was unable to make a house to house canvass of this county to solicit many voters personally so am taking this method of asking you to consider my candidacy for County Clerk before you vote.

I would have been glad to have met every man and woman in the county, but am an employee in office work and am on duty every day from eight o'clock a. m. until six p. m., and will not be able to see many of you, however, a careful investigation of my claim will be appreciated.

"THE UNHOLY THREE" IS GREAT UNDERWORLD FILM.

There is no lack of thrills and entertainment in Tod Browning's crook drama, "The Unholy Three," Metro-Goldwyn-Mayer production, coming to the Palace Theatre next Wednesday.

Indeed, it may be said that Browning has made more than a good underworld film that will go over anywhere with a bang because it contains real heart interest, plenty of comedy and a lot of drama.

The story is a most unusual one and deals with a trio of freaks—a giant, a midget and a ventriloquist—who forsake their life in a dime museum to pursue a career of robbery and murder.

The trio cover up their misdeeds by running a bird and animal store and succeed in escaping detection after each crime until two of them murder a wealthy club man while looting his home.

After shifting the blame on another, they flee to the mountains. Fearful of the strength and cunning of his confederates, the ventriloquist brings a powerful gorilla with him for protection. How the gorilla fulfills his mission, how the innocent culprit is defended by the agency of an unknown voice at the trial, how the mystery is cleared up brings the picture to a thrilling, satisfying end.

The cast contains such celebrities as Lon Chaney, Mae Busch, Matt Moore, Vicar McLaughlin, Harry Eyles and Lon Chaney.

Miss Busch and Lon Chaney have the outstanding roles, but the others take every advantage to give a very fine performance in what may be rightly called the best crook film of the year.

The Scurry County F. L. U. has started a membership campaign as will be seen in this week's issue. The office will be located somewhere in Snyder, and it will maintain the same high-class salesmen as the Union had last year and the general supervision will be under R. C. von Roeder. "SAUCY SOUBRETTE" IS NORMA'S NEW ROLE

Screen Star to Be Here Soon in Latest Picture, "The Lady."

"The Lady," Norma Talmadge's latest photoplay, reveals her in a new guise—that of a pert, pretty an vivacious ambrette of the stage, she struts saucily across the stage, odes a buck and wing, jauntily sings a song as she tosses flowers to the Johnnies in the first row and takes her exit "cartwheel" fashion into the wings.

It's a new Norma; the world will see in "The Lady," a Norma who plumbs the heights and the depths of human happiness and despair.

From being the toast of the theatrical world, Norma plunges from the heights of gay Monte Carlo society into the toughest dives in Europe, becomes a half-demented, bedraggled flower "girl" in the streets of London after she has lost both husband and baby and finally ends as the head of a cafe just back of the world.

The picture will be shown at the Palace Theatre next Friday and Saturday.

The special cast appearing in support of Norma Talmadge includes Wallace MacDonald, Norma's leading man; Alf Gouling, Brandon Hurst, Emily Fitzroy, George H. Mathorne, Walter Long, Marc McDermott, Dorris Lloyd, John Fox, Jr., Paulette Goddard, Edwin Hubbell, Lure Bara, John Herman, Margaret Seddon, Miles McCannell and Charles O'Malley.

THEODORE YODER WILL PREACH.

Theodore Yoder will preach at the Methodist Church next Sunday morning at 11 o'clock, in the absence of the pastor who will be at Lorraine, holding a revival meeting. Let everybody encourage the young preachers coming out and giving him a hearing.

The service at night will be a union service under the direction

of the Christian church, who will furnish the preacher for this occasion.

Let everybody come to "the church of the glad hand" next Sunday.

B. W. DODSON,
Pastor.

Montevallo Coal

Alabama's highest grade domestic coal, produced by the MONTEVALLO COAL MINING COMPANY, at Aldrich, Alabama. For over sixty years, MONTEVALLO COAL has been the standard of quality for home use in the South.

MONTEVALLO COAL is noted for its long-lasting quality. Extensive tests show that it goes 25 per cent farther than any other coal produced in the South. That is the secret of its supremacy! MONTEVALLO costs more per ton—but less per season—because fewer tons are needed.

This superior coal will not clinker or coke. It is clean—free of impurities—and its rate of burning can be easily controlled. You can hold the fire overnight, or produce intense heat, as you prefer.

In three domestic sizes—fancy lump, washed domestic egg, washed furnace nut.

More Dependable Than Ever

Dodge Brothers, Inc., achieved their place in world production this Spring because they have been able—WITHOUT SACRIFICING FUNDAMENTALS—to steadily improve the smartness of their product.

Owners and engineers know well that mechanically the car is sturdier than ever—cost of upkeep lower—and performance more dependable.

Refinements and lower prices have been made possible by spectacular increases in sales. Not by violating the basic tenet of Dodge Brothers success: NEVER TO LOWER QUALITY IN A SINGLE DETAIL.

THE MERCHANTS AND FARMERS STATE BANK. Weatherford, Texas, April 7, 1926. TO WHOM IT MAY CONCERN:

Having been informed that some kind of campaign rumor is being circulated in Scurry County that Frank Sentell was a cold checker while a resident of Parker County, I wish to state to all whom it may concern that Frank Sentell's dealings with this bank have been entirely satisfactory.

I will say further that I have known Frank Sentell all his life. He was born and reared in this county and his reputation here is above reproach. Sincerely, J. H. DOSS, President.

PARKER COUNTY NATIONAL BANK. Weatherford, Texas, March 24, 1926. TO WHOM IT MAY CONCERN:

This is to certify that we have known Mr. C. F. Sentell for many years. He was reared in this county and comes from one of our best families. Mr. Sentell was representative from this county and also served as Democratic Chairman. He has been a customer of this bank and his business was always satisfactory.

We have been a valued customer of this Bank during which time we have made him a number of loans without security; all of which have been paid. We gladly recommend him as an honorable, reliable man.

Any courtesies extended him will be appreciated and not abused. Respectfully, G. A. HOLLAND, President.

THE CITIZENS NATIONAL BANK. Weatherford, Texas, March 31, 1926. TO WHOM PRESENTED:

This is to advise that we have known Mr. Frank Sentell all his life. He was known to me as a school boy, a teacher, a student in the law department of the university and as Representative in the Legislature from this county.

I was appointed Associate Justice on this Court and since June 1st, 1925, I have served as a member of the Court. I believe that the Court has given general satisfaction, and so far as I know, there has been no complaint of our service.

I am opposed by two splendid gentlemen, who were aspirants when I was appointed and the issue is, so far as I know, "We all want the place."

I invite your investigation, and if you believe that under all circumstances I am entitled to your suffrage and merit your support, I will appreciate same and request that you speak a word in my behalf to your friends.

To The People of Scurry County: Friends have advised me that the report has been circulated that I was a cold checker before coming to Scurry County.

Respectfully, C. F. SENTELL.

THE MERCHANTS AND FARMERS STATE BANK. Weatherford, Texas, April 7, 1926. TO WHOM IT MAY CONCERN:

Having been informed that some kind of campaign rumor is being circulated in Scurry County that Frank Sentell was a cold checker while a resident of Parker County, I wish to state to all whom it may concern that Frank Sentell's dealings with this bank have been entirely satisfactory.

I will say further that I have known Frank Sentell all his life. He was born and reared in this county and his reputation here is above reproach. Sincerely, J. H. DOSS, President.

HUCKABEE REUNION.

The spacious farm home of Mr. and Mrs. W. H. Huckabee was the scene of a very pleasant and merry gathering of all their children, grandchildren and other relatives and friends, Sunday, July 11, 1926.

This good couple have reared an excellent family of children here, who with their families form a group of our best citizenship.

They have fortunately settled all their children near their home except one daughter, who resides at Wichita Falls, and it was a delightful event to parents and children to all gather round together once again.

Music, merry conversation and laughter filled the morning hours, but my, when dinner was called! It was a scene which will long be remembered by those present. Two long tables were heavily laden with daintily prepared food, and such a feast as was enjoyed by all!

Only one pale of shadow was cast on the day that was when Mr. and Mrs. W. D. Jeffress left, among tender adieus, for their home at Wichita Falls.

Those present for the happy occasion were their eight children and families of Snyder, who are, Diddy, Herman, Ray and Lester Huckabee, also Mrs. Watta, Joe Eicke, Stewart, Womack, and their families; and Miss Lois Huckabee with W. D. Jeffress and family of Wichita Falls. Other relatives were: J. R. Huckabee and family of Snyder, Mrs. Nancy Smith Snyder, Mrs. N. J. Pounds, DeLeon, Mr. and Mrs. M. J. Pounds, DeLeon; Mr. and Mrs. D. C. Womack, Mrs. Lewis Dixon, Mr. and Mrs. T. J. Bynum and family, neighbors; Mr. and Mrs. H. H. Jeffress. All departed wishing Mr. and Mrs. Huckabee many more such happy reunions.—A. Guest.

MRS. DICK CROWELL HOSTESS TO W. M. S.

Mrs. Dick Crowell was hostess to members of the Young Women's Missionary Society of the First Methodist Church, Monday afternoon, July 12, at the home of Mrs. E. J. Randall. A very interesting study of the Bible was enjoyed. Mrs. McGowan, hostess, Mrs. Davida Curry were the guests.

YOUNG BUSINESS MEN'S CLASS ENTERTAINED.

Members of the Young Men's Sunday School class of the First Baptist church, and guests enjoyed a chicken fry at the grove of trees near the high school building, Tuesday evening, July 13. As the result of a recent contest, the Overlands were host to the Fords. Some thirty chickens were hastily consumed. The church pastor, Rev. Ferguson and the church secretary, Miss Mary Gardner of Dallas, were among the principal "after dinner" speakers.

Royce Cherry Elwand has been visiting in Ira with his aunt, Mrs. J. E. Falls, and family.

Dropping Engine To Chassis

A BUICK valve-in-head engine is being added to the chassis in the picture above. Previous to this step in assembly, the chassis started as a bare frame. Body brackets and running board brackets were riveted on, axles, torque tube, cantilever springs, etc. were fastened in place by automatic tools, as the chassis moved slowly forward along the assembly line on an endless conveyor.

The engine is fastened to the frame at three points. This type of suspension, with the axle automatically lubricated universal joint, takes up stresses and torsional twists and delivers the power directly to the rear wheels. Here the torque tube comes into play, taking the strain of driving away from the rear springs so that the engine is in effect pulling the car along.

As the car moves forward after receiving the engine, other important parts are added. The wheels are placed on the axles and the four-wheel brakes adjusted. The radiator is put into place and connected. The front fenders, mud guards and running boards are fastened to the chassis.

IT'S HOT!

Give it air---
—don't smother it

You will receive better service from your ICE if you do not cover it. Your refrigerator is chilled by the contact of the air with the surface of the ice. This does not happen if the ice is covered. Then, circulating air from one chamber to another in your refrigerator is important. If the air is not chilled the food spoils.

There is a proper way to prevent ice from melting too rapidly; keep the refrigerator doors closed. Never put warm foods in the refrigerator. Keep the ice chamber WELL filled.

Attention Farmers

The time is fully here for us to organize ourselves for the protection of our interests against those who live solely on that for which they do not earn either by labor or service rendered.

Not only in the sale of the product of our labor but also in the purchase of those things which are necessary for the carrying on of our business through the medium of co-operation, both in selling and buying.

The Farm Labor Union offers such protection and co-operation as will put the graffer, the price-fixer, and the profiteer out of business and help the farmer to get a fair price for the labor of himself and family.

We invite you to take membership with us and thus help us and help yourself.
