A SUNDAY SCHOOL CHALLENGE TO YOUNG LADIES

This is the same age of the young women whom we wrote last week, from 17 to 24.

When we lift the shroud from the pale face of dead yet living and historically speaking centuries past, when we tread upon accursed, sterile and Bibleless lands of people who have forgotten God.

Now as Texas historians blush to record the fate of the unfortunate fallen child of the Alamo who could have immortalized her name and been a blessing to all the following Texas generations but did not, so I blush to call attention to a few centuries back when men in faintly enlightened lands thought it unnecessary for women to be educated. They put forth every effort and spared no money to educate their idolized sons. All the honors were bestowed upon the sons, and the daughters were held in the background, considered worthless save to the home.

Work and help to make money upon which to live and then be given away in marriage to some unworthy fellow.

I heard a young lady in Snyder say: "I will have Miss written upon my tombstone before I will marry just anything. I have married a well-to-do, scholarly, Christian gentleman of good habits, and a clean life."

I now blush to record the treatment of girls in Bibleless lands of today. I cannot command language to express the cruelty, the horrible and unthinkable details of the degradation and crime to which girls in Bibleless lands are subjected.

We talk of the cruelty of child labor in our own land. It is too bad, but it is nothing compared to the degradation and crime to which girls in Bibleless lands are subjected.

I see that young mother yonder in India, as she approaches the Ganges River. She holds in her arms her first born baby girl. Sadness and sorrow penetrate her very soul to death. I see her as she again and again presses it more closely to her breast, bleeding heart. I see her as she again turns back the cover over its sweet innocent face, before she casts it into the crocodile river. The sweet babe looks her in the face, but another's tears so stream from her eyes that she cannot see that baby face. She brushes the tears away, and tries in vain to keep them back. She resolves that she must take one more sweet kiss before she makes the sacrifice.

I see the tender-hearted sympathizing, loving and forgiving Jesus yonder in the garden of Gethsemane and I do not wonder that he said: "My soul is exceedingly sorrowful, even unto death. Think it will be final. Doctor said he thought it would be all. Am doing pretty well."

W. F. FERGUSON.

PASTOR OF SAME CHURCH THIRTY-TWO YEARS.

Rev. and Mrs. S. C. Steel of May, Texas, are here this week visiting old friends, one of whom is "Uncle" Charlie Dodson, and some of the others are W. L. Styles and family who live about 7 miles southeast of town. They are also visiting Mr. and Mrs. Henry Lindley.

Rev. Steel has served one church for 31 years and another church for 32 years. Several months ago Rev. and Mrs. Steel celebrated their golden wedding anniversary.

BACK FROM BRIDAL TOUR.

(Communicated.)

Mr. and Mrs. Melvin Blackard have returned to the city from Galveston where they enjoyed their honeymoon. They will be at home here and Snyder welcomes this young couple to its citizenship.

The bride is the charming daughter of Mr. and Mrs. J. C. Dodson. Her groom is Mr. Melvin Blackard, a graduate from high school here and also completed a course in piano under one of our local teachers.

Later she continued her literary studies in Simmonsa College. Last year she taught school at the White Bluff community and proved herself to be a very capable and efficient teacher.

The groom, the son of Mr. and Mrs. J. K. Blackard, is a Snyder boy having spent practically his entire life in our county. He received his early education in the public schools of Snyder after which he continued his studies in Fort Worth. He returned to Snyder and immediately became associated with his father in the hardware and implement business where his pleasing manner and capable salesmanship soon won for him many warm, personal and business friends. After the sale of the business to Bryant-Link Company he came with the new firm where he continues to add not only to his own business prestige but to that of his employers.

STOCK LAW CARRIES.

The county stock law carried about five to one at the election held August 28. It will not be known just what the result was until after the next meeting of the court, Monday, September 13.

MEETING POSTPONED.

Dallas, Texas, Sept. 8.

N. M. Harpole, Snyder, Texas.

Doctor said I would be unable to preach for several days. I talked to Reynolds and he agreed to come September 26. Make an announcement to that effect. Will have another sermon tomorrow. Think it will be final. Doctor said he thought it would be all. Am doing pretty well.

TELEPHONE BILLS WILL BE MAILED ON A DIFFERENT SCHEDULE.

Telephone bills have always been mailed on the first of each month. The Southern Bell Telephone Company now announces that the bills for Snyder will be received by subscribers on the 11th day of each month. This plan will give the subscribers an up-to-date bill. The charges will be posted up to within five days of the date the bill is received by the subscriber. It is thought that this will be more satisfactory to the subscribers and will make it easier to have the bills correct, as by having different dates for different cities the Company will be able to give all billing more care supervision.

Prepaid notices will accompany the bill which will explain the new plan and will show what charges are included. Nearly all water, light, gas and telephone companies have adopted this plan, which is called "rotation billing," and it has been found out that the plan is very satisfactory from the standpoint of the patrons as well as for the company.

The business office of the Telephone Company will be glad to furnish any information in connection with this that the patron may desire.

SNYDER MAN WINS GOLF TROPHY.

Quite an honor was conferred upon Mr. Earl Fish and also Snyder last Tuesday in the golf tournament held at Colorado. Mr. Fish won the trophy, which was a very nice golf bag, over about sixty players from all over the western part of Texas. The tournament was quite a success as far as interest was concerned. Over two hundred interested and enthusiastic spectators followed the players around the course and enthusiasm was manifested when some contestant made a good play.

Congratulations, Mr. Fish.

er's tears, pours into her sorrowful broken heart the balm of hope and friendship and love and makes her leap and shout for joy.

The Challenge.

More than two million young ladies from 17 to 24 who are in the Sunday Schools of our country and who are living the life beautiful and happy in a Savior's love, making the world better off because they have lived. They challenge all other young ladies, whether rich or poor, high or low, good or bad, to come and be one of our number, and help us to study and live the eternal truths of the text book of the Sunday School.

Come on, girls, and be one of us. Will you come next Sunday? Jesus wants you to come. He will be there because he said he would be there.

E. C. DODSON.

BOY SENTENCED TO REFORMATORY.

Hubert Panacey, whose father lives at Crosbyton, was given two years in the reformatory by the Scurry County court Monday.

Two pairs of pants, a blanket and a sweater were missed from cars the night of the run-off primary and a ring was taken from the Warren Sturgeon home near Hermleigh the same night. Suspicion fell upon young Panacey, who was located by Sheriff Byrd at Abilene. The boy, who is only 17, was arrested and brought here for trial, which resulted as above stated. The boy is now in jail here awaiting for a vacancy to occur in the state reformatory.

AN APPRECIATED LETTER.

Editor Martin.

Not long ago I sent you an open letter to the Dallas News condemning their "More Cotton on Fewer Acres" campaign; but now I want to express my approval of your maize contest.

In offering a \$50.00 cash prize for the best five acres of maize you show a noble public-spiritedness. You are hitting in the right direction there, and I believe it has had some influence in the good maize crop that Scurry County is growing this year. Unfortunately, however, there are still some farmers in Scurry County who have not heard of your maize contest and other activities in their behalf. In other words, there are some in the county who do not read your paper. I can't see how they can get along without their home-town or county paper, but some do.

I thank you for the favors you have shown the farmers and the Farm Labor Union, I am, Sincerely,

C. N. VON ROEDER

REV. FERGUSON IN SANITARIUM.

Rev. Ferguson, pastor of the Baptist church at Snyder, has been in the Baptist sanitarium at Dallas for several days taking treatment for an infection of the lower jaw. The infection developed rapidly and Rev. Ferguson's condition was fast becoming serious when he reached the sanitarium. Late reports, however, stated that he was improving, and that unless there were other developments, he would be able to return home in a few days.

FROM ALL OVER WESTERN PART OF TEXAS.

C. W. Bailey of near Rotan declares that he produced 29 well-developed heads of maize from one seed.

J. C. Davis, one of the first settlers of Dickens County, died last week at Spur at an advanced age.

One of the heaviest rains that ever visited Mitchell County fell over that county last Friday night. Eight inches were reported in some parts of the county. It rained so hard that the water simply could not run off as fast as it fell. As a result, water got up into some of the stores in Colorado. Some of the T-P track was washed out and the roof of the Lambert gin in Colorado collapsed from the weight of the water on it.

Mrs. Nancy Richardson, who resided with her son, J. M. Richardson, eight miles southeast of Tahoma, died the past week at the age of 56 years.

Miss Fanny Shipp, a well-known school teacher of West Texas, was struck by a freight train and killed at Abilene last Thursday.

F. P. Pittman of Sweetwater, died at Wichita Falls the past week of paralysis.

A small child died at Wichita Falls a few days ago from being bitten by red ants. The child lived only a few minutes after being attacked by the insects.

The county court of Tom Green County recently found a man named Bob Waddell guilty of assault with an automobile and fined \$100.00 and costs. The doctor bills and other costs along with the fine amounted to \$257.60.

Oil deals aggregating at least half a million dollars were consummated in the Big Spring community the past week. One tract of 1,000 acres was sold to the Magnolia Petroleum Company for \$400,000.

Hunter of Sweetwater is out under bond of \$750 for charges preferred against him for driving a car while intoxicated.

The Phillips well near Trent made a fairly good showing of oil to a depth of 2,600 feet. It is believed that it will produce in paying quantities.

Will Kimbrough, aged 67, a former resident of Sweetwater, died the past week in California.

John Teague, a farmer residing near Stanton, and his team were killed by lightning Monday while poisoning worms in his field.

Several young girls and boys of the Trent community have been awarded prizes in the maize growing contest put on by the Abilene Chamber of Commerce.

George Smith, aged 18, was shot and killed by A. F. Rhodes, marshal of Aspermont, Monday, eight miles northeast of Stanton so high that he was removed to another county for safe keeping.

M. M. Holder arrived in Snyder last week from Austin, and is now associated with D. H. Ripley and Company.

Misses Dimple Gross and Cecile Strayhorn spent Sunday and Monday in Abilene. They were accompanied here by Miss Dimple's mother, Mrs. W. W. Cross, who has been visiting in the city with relatives.

Mrs. E. C. Neely and children and Mrs. D. A. Singletary and children are back from Eastland, Clack and Ranger, where they visited last week with relatives.

"The Passing Show"

LIKES "UNCLE" CHARLIE'S ARTICLES.

San Marcos, Texas, Sept. 5.

Editor Times-Signal,

Dear Sir—I wish to express my appreciation to you for the articles you are publishing each week from Brother E. C. Dodson on Sunday School topics. It has been an inspiration and a blessing to me. I give the paper to other parties and they enjoy reading Brother Dodson's articles, too, on the Sunday School. It is the first item I read when I get the paper each Sunday afternoon.

We appreciate your paper so much. It is like receiving a letter from home. We even enjoy the advertisements. Again thanking you, I remain,

Yours respectfully,

LESLIE McQUINN, City Carrier, No. 2.

DEMONSTRATION IN PIANO TEACHING.

Last Friday evening at the home of Mrs. C. R. Buchanan, a demonstration of class work for piano pupils was given by Miss Gladys King of St. Louis, Mo., guest-teacher of Mrs. S. C. Randall, the Progressive Series text was used and the first lesson was given to beginners. After an interesting orchestra numbers, using a printed score, and showed the patrons what could be accomplished in the first lesson, when a definite text is used.

Mrs. Randall has an unusual number of interesting little boys in her class, one of whom, Sam Werner Wilborn, won a prize for highest grade made on the lesson.

Mrs. Randall will use the Progressive Series this year and put best efforts to put forth in each week and will be graded just as in their school work. Public demonstrations will be given quite often that the patrons may see the progress being made by the pupils.

COMMUNITY EXHIBITS AT FAIR.

The Scurry County Fair committee is going to put forth its best efforts to enlist the interest and best co-operation of the several communities in the county in the matter of having community exhibits at the Scurry County Fair.

There are many fine communities in the county and it seems to the Times-Signal that those communities, out of friendly emulation, ought to be able to get up some mighty fine agricultural and livestock exhibits this year, and that everything done tending toward the success of the fair will be appreciated by the committee and every other person in any way responsible for the fair movement. The Times-Signal suggests that if you intend to exhibit anything to get busy at once as the time is somewhat limited.

Cochy P. Kuhn, assistant coach in football and director of Physical Education at Simmons University, was here as field representative of that university over Sunday, visiting with old friends and meeting prospective students. Coach Kuhn left Sunday evening for Post City.

Mr. and Mrs. Ross Edwards and little daughter, Mary Ross, were down from Lubbock Sunday visiting with Mrs. Edwards' sister, Mrs. Tom Winston.

PIONEER CITIZEN OF SCURRY COUNTY DIES.

H. B. Winston, a pioneer citizen of Snyder and Scurry County, died at his home in West Snyder, Wednesday evening at 7:15 o'clock, he having been ill for several months. Funeral services were held at the home, Thursday afternoon at 4 o'clock, Rev. W. T. Rouse, of Abilene, officiating. Interment in the Snyder cemetery.

A more complete notice and obituary of this good citizen will follow next week.

THOSE NAUGHTY WORMS.

J. C. Ewell says that the leaf worms on his place have become so accustomed to having poison shot at them that they are now wearing gas masks in the day-time and that they have a stand-in with the lightning bugs to furnish them with light at night so they can eat leaves on which poison failed to fall, and that as a result worms out his way are mighty hard to put down and keep down.

WILL HOLD THREE-DAY FAIR.

There is no hesitancy on the part of the Times-Signal in stating that with the co-operation and enthusiasm manifested in the coming County Fair but that it will be a big success. Although the date is somewhat late for some agricultural products still it strikes a happy medium with the poultry and the livestock man and every dog in the whole territory should be in the prime of condition.

It is difficult to realize the tremendous advancement that has been made in the County Agents and the Home Demonstration Agents departments in our county administration until one actually sees what the results of their labor has brought forth. This work has not only been with the individual but with the community as well and special premiums or no small value will be offered for the best community exhibits. This year's equality of crop conditions will place every community of the county on a par with the other and there is every reason to believe that there will be some hot competition to see who will win the major community prize. This will be a premium that will add to your church or your school funds for the coming year and the Times-Signal specially stresses that every community in the county get their committee together and see that they are in the running.

There is nothing that helps so much as friendly rivalry; it brings back the spirit of true progress when each of us stood on his or her true merits and the best won and the loser made up his mind that this was not the final reckoning and he would take the dogfall next time.

Judges will be selected from those who have nothing to sell or give and fairness will be the keynote of this fair. We cannot say too much for this first big attempt on the part of Scurry County for a County Fair, and don't forget our neighbors are invited.

FARMERS HAD GREAT TRIP.

Andy Trevey, C. N. von Roeder, A. W. McPherson, H. M. Murphy, W. W. Merritt, chaperoned by County Agent Jno. F. Carmichael, returned Tuesday evening from a trip of nearly 1,000 miles through West, Central and South Texas, visiting some of the leading cotton breeding farms in the State. They report a great time and that they saw some of as nearly perfect cotton as they ever saw in their lives. They feel sure that with what they saw and heard they can be able to pass better judgment upon a variety of strain of cotton that will be adapted to this soil, altitude and climate.

Lee Stinson is a business visitor in Dallas this week.

TOO MUCH RAIN.

Some communities in Scurry County report too much rain for both cotton and feed. Some feed has fallen and the continued wet weather is causing it to mold. Continued rains are not only keeping the early cotton from opening, but are making it most favorable for rusting. Farmers are working hard and diligently to keep their worms poisoned as each "crowing" hatches out, but it is proving a hard and costly fight. About the time one poisoning is administered, a rain comes and washes the poison off the plant.

ENNIS CREEK.

Personal.

Luther McPherson spent Saturday night and Sunday with Finis Rushing.

The young folks enjoyed a party at the home of Mr. Greer Saturday night. All reported a nice time.

Sunday School was well attended Sunday morning. Come and be with us next Sunday.

A large crowd attended the B. Y. P. U. Sunday night. Several visitors from Ennis Creek and other communities. We invite you to come back. Report—Sixty present, forty-five cents collection and a good program.—Reporter.

SCURRY COUNTY FAIR DATES NOVEMBER 18, 19 AND 20.

Definite dates for the Scurry County Fair were set at a meeting of the Chamber of Commerce Tuesday afternoon, the last three days of the week before Thanksgiving, November 18, 19, and 20.

Committees are now at work on the catalog, finance, exhibits and a multitude of other details necessary to the successful outcome of the project.

With the splendid crop outlook and general interest in all other lines it is generally believed that this year's fair will be a big success. It will be the first opportunity Mr. Carmichael, county agent and Miss Roten, home demonstrator, have had to bring into active competition numbers of different products and full space and premiums will be allotted to their various departments.

Departments of the fair will be allotted to general agricultural exhibits, livestock, poultry, canning, home prepared foods, needle work, pot plants, community exhibits, girls club work, etc., and last but not least, the dog show.

The officers of the poultry association have very kindly designated their intention of co-operating in full at this fair and expect to put on the best demonstration of poultry ever shown in the county. A number of sheep men have already stated that they will have on hand some of the best sheep to be found anywhere while it is an assured fact that the catmen will be represented by their usual excellent showing.

Full list of entries, premiums and prizes will be published in next week's issue of the Times-Signal.

The Chamber of Commerce pledged \$1,500 to the success of the project and extended a welcome to our neighbors in Borden and Kent Counties where no fairs will be held to exhibit with us.

HERMLEIGH.

A revival meeting began Sunday at the Methodist church.

Misses Sue and Mollie Farr of Waco, are the guests of Mr. and Mrs. J. S. Farr.

Mr. and Mrs. Jim Wray and children and Mrs. Raymond Armstrong and little son, Allen, of Fort Worth, very happily surprised Mrs. Armstrong's parents, Mr. and Mrs. W. A. Clift, Saturday evening with their visit. They left early Tuesday morning.

W. A. Louder, who has been ill for several days, is able to be out again.

Mr. and Mrs. T. J. Trice spent last week-end in Abilene.

Rev. C. A. Jones of Ragtown, has been visiting his daughter, Mrs. Warren Chorn.

Messages were received Tuesday stating that Mrs. R. D. Kinney, Jr., has undergone an operation for appendicitis at Scott and White Sanitarium, Temple, and that she was doing nicely.

COMPETITION IN WORDS

One who goes into the market to buy a motor car today is naturally confused.

He has read the words *best* and *greatest* so often that they have ceased to be convincing. Where *all* is best, he reflects, there can be no best.

Thousand-dollar cars have been described to him in ten-thousand dollar language. And vice versa.

He finds himself the target in a war of adjectives; the helpless victim in a gigantic competition of words.

And so he is forced to rely on chance—the advice of friends—or his own limited experience.

Dodge Brothers, Inc., have never participated in this verbal competition.

They are content with the position they have long maintained in the far more vital competition of *honest value*.

They have continued steadily to improve their product, not only in comfort and beauty, but *basically*—beneath the body and hood where fundamental values lie.

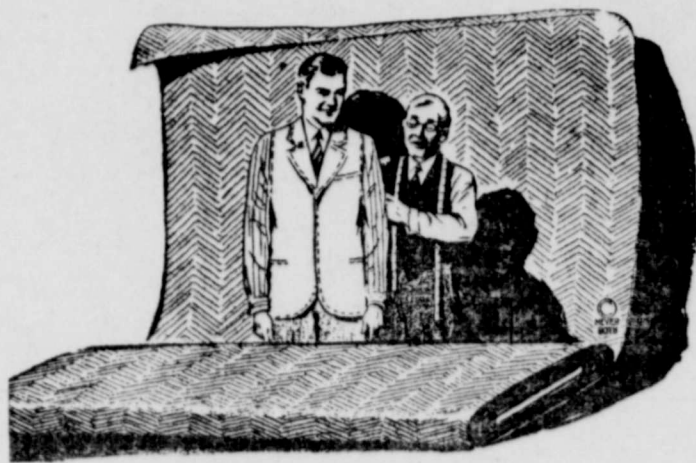

Yet they have not unduly stressed each betterment that has marked the steady progress of their motor car toward a higher perfection.

And when economic conditions or greater sales have permitted them to reduce prices without reducing quality, they have announced the fact without excessive emphasis.

Unexaggerated truth is not spectacular. But in the long run, implicit public confidence has been Dodge Brothers reward, and this they propose to preserve *forever* by continuing to build just a little better than they tell.

We have been going to preaching and cultivating our religion, so we have been absent for a few days and news has accumulated.

Lots of rain, enough for the wise and the unwise. Personally, we hate to holla enough while we live in the West, but we think the worms are having too good a time, but ye scribe has just made a new cistern so we suppose it is just trying to fill it up. So, let it rain.

The addition to the schoolhouse at Bison is nearing completion, which will give us ample room for our growing school.

Bro. McGaha has been holding a meeting at Bison this week, but the weather has been very inclement.

We are sorry to report that Burl Cox and 5 of his children are down

with typhoid fever but some of them are improving slowly.

R. E. Warren has bought Clarence Franks crop on Ben Waskom ranch. They moved Thursday to their new home and Clarence Franks has taken his place here.

Emmett Trevey and family returned the past week from visiting friends at Sierra Blanco and her brother, Mr. Stiles, at Ysleta. They report having a splendid time.

Mrs. Lee Grant is visiting her mother, Mrs. Mangum at Lubbock past week.

Prof. Buckner's singing class meets at Murphy schoolhouse every Wednesday night and practices singing and every second and fourth Sunday evenings, and Bison every first and third Sunday evenings.

Mrs. Frank visited her sister, Mrs. Jim Weathers Friday.

George Bishop and family took dinner with Mr. and Mrs. Joe Burney Sunday.

W. F. Burney and family took dinner with Mr. and Mrs. Emmett Trevey Sunday.

Henry Birdwell and family visited Mr. Emmett Trevey and family Sunday afternoon.

T. B. Carter and family visited Chas. Wellborn and family Sunday.

A large crowd attended sing-

ing Sunday evening at Bison. Song and Bible study at Sharon Sunday morning at 10:30 o'clock. Let everyone come and bring someone with you.

Gentleness and Courtesy.

Closely associated with humility is gentleness and unfeeling courtesy. Great characters are gentle. They live in a world of peace and love.

Love never storms or blusters. Love is never harsh, it does not censure. It does not scold. "Love suffereth long and is kind."

Love speaks calmly, in a sweet, low tone of voice with beautiful touches of courtesy. Reproaches are most effective if given in gentleness.

Troubled hearts grow calm and peaceful in the presence of and under the touch of gentleness. A great soul is like a great rock in a weary land. Great souls are thoughtful of the comfort and

convenience of others. Everyday courtesies cost nothing but are sweetening influences which are most valuable to society gentleness and courtesy are not effeminate and weak. Nowhere do these qualities shine with greater brilliancy than in the lives of great, strong men and beautiful women. The wealth of social life can be formed in no better way than by gentleness and everyday courtesy.—Reporter.

Every time we turn down a shirt peddler or a hosiery peddler, we wonder if our merchants use the same finished politeness in "kissing off" the numerous printing peddlers who come this way. If not, why not?—Clarendon News.

The Times-Signal man and family, in fact the entire Times-Signal force and families never fail to turn down all peddlers that come their way. We preach, "Trade at Home," believe in it and practice it. Do you?

The Times-Signal still believes that Scurry County will have a good fair this fall. But it is going to be necessary that some responsible person or organization take the initiative, and that everybody heartily co-operate in the matter.

We see where an inventor of a device to prevent one from drowning, was drowned while trying out his own invention. This again reminds us that it's the "unloaded" gun that kills a fellow; that the non-sinkable boat goes to the bottom; that the fireproof building burns, and the painless dentist gets your "goat."

The Times-Signal would like to see the Chamber of Commerce, or some other organization or some individual take in hand the matter of getting up a premium to the person who brings in the first bale in 1927. This thing of waiting until the bale has already been brought in before making up the premium occurs to the Times-Signal as having but little to it. Why not make up the premium before hand and let it be an inducement for every farmer to prepare his soil better, plant a better and earlier variety and to prepare the soil better and earlier? If some one

will do this, the Times-Signal will contribute liberally. Think it over and see if you don't agree with the Times-Signal that the old way is the wrong way.

Did you ever stop to think what the Times-Signal means to your town and community? Will you excuse us for giving you just one item in connection with your local paper that maybe you have never thought of. The Times-Signal paid out last year more than \$5000 for help alone. Practically every dollar of that money was spent right here in Snyder—none of it went to the mail order concerns—and yet some so-called loyal business men right here in Snyder are still giving their orders for printing to traveling representatives of out-of-town printing concerns.

Three job printing shops have been moved out of Snyder since

the Times-Signal was taken over by the present management. We are not boasting, but wish to say that not once have we ever cut a price. We estimate the actual cost of a job of work, and then add a reasonable profit—a thing which every business concern must have if its owners stay in business. During the past few months, since we have been permitted to have the entire field here, we have reduced some of our prices for printing. It stands to reason that the more businesses there are engaged in the same line of trade the more businesses there are for the public to support. We are now getting business which hitherto has been going to the city printers.

Mrs. Mary E. Waskom returned to Snyder Thursday of last week from Plainview where she had been visiting with her mother, Mrs. A. B. Roberts.

Harold Sweetland of Portales, N. M., visited here Sunday with friends.

Mrs. N. M. Harpole and her daughter, Mrs. Melvin Newton, are in Dallas this week.

Mr. and Mrs. John Merritt were visiting in the Plains Country last Tuesday.

Mr. and Mrs. John Merritt and their son, Cone, and their daughter, Mrs. Desie Burvis, and family of Treadway, visited with Mrs. Merritt's uncle, Lafayette Reeves and a cousin, H. E. Weaver, in Haskell County. They report fine crops and good rains in that section of the county.

What Banking Money Means

The surplus earnings of the community, when placed on bank deposit, enable the banks to help worthy individuals and enterprises to grow and prosper.

Thus, the accumulated earnings of many depositors serve the business needs of the community.

Putting money on bank deposit safeguards it for the individual depositor, and helps the community, as a whole, to advance in permanent and substantial wealth.

There is no argument against depositing your money in the bank.

A MEATLESS MEAL, "FIT FOR COMPANY"

(Ed. Note: This is one of a special series of articles contributed by 6 Famous Cooks. Their recipes are "different." Cut them out and paste them in your cook book.)

At the Battle Creek College of Home Economics they specialize in planning and preparing well-balanced meals which are both attractive to the eye and nutritious to eat.

Miss Margaret Allen Hall, dietitian and nutrition expert of the college, has prepared for our readers a "company" menu which is particularly palatable, even though it is absolutely meatless. Proportions are given for the serving of ten.

- Eggs a la King**
Eggs a la King
Glazed Sweet Potatoes
Ritai Tomatoes
Fruit Salad a la Creme
Bread Beverage
Butterscotch Pie
- Directions for each dish follow.
- Eggs a la King**
2 tablespoons butter
1/2 tablespoons minced sweet pepper
4 cups (one quart) milk
2 tablespoons flour
1 cup mushrooms (fresh or canned)
12 hard boiled eggs, cut in pieces
2 teaspoons salt
- Melt butter, add pepper and mushrooms, and cook until soft. Stir in flour and add milk. Stir until thickened, add seasoning and eggs. Heat very hot and serve on squares of toast or pour into a baking dish, sprinkle with buttered crumbs and brown in a quick oven.
- Glazed Sweet Potatoes**
12 medium-sized sweet potatoes
1 1/2 cups sugar
1/2 cup water
2 tablespoons butter
- Boil the sweet potatoes in salted water for ten minutes, remove the skins and cut in halves lengthwise. Arrange in a buttered pan. Make a syrup by boiling the sugar and water for three minutes. Add the butter. Brush potatoes with syrup and bake until brown, heating with remaining syrup. Serve in a hot covered dish.
- Ritai Tomatoes**
Slice bread in usual manner, shape with three-inch biscuit cutter and toast. Slice ripe tomatoes, place a slice on toast, sprinkle with salt, grated cheese, sliced cheese and onion, and finely chopped pepper. Bake in hot oven until tomatoes are cooked and slightly browned.
- Fruit Salad a la Creme**
3 large bananas
1 pineapple
1 pound Tokay or Malaga grapes
1 cup Cream Shaded Dressing
- Drain the pineapple and cut into small pieces. Peel the grapes, cut into halves and remove the seeds. Peel the bananas, scrape off the fuzzy portions, and dice. Mix with the Cream Salad Dressing and serve on a plate garnished with lettuce, or place a spoonful of fruit on the lettuce leaf with a smaller spoonful of the dressing.
- Cream Salad Dressing**
1/2 tablespoons butter
1/2 tablespoons flour
1 cup cream
1/2 cup lemon juice
2 egg yolks
1/2 teaspoon salt
1/2 tablespoons sugar
1/2 cup whipping cream
- Melt the butter in a double boiler, stir in the flour and the cream (scalded). Cook until thickened. Stir and it begins to thicken. Beat the egg yolks, add to them the salt, sugar and lemon juice, and stir into the thickened cream. Cook in a double boiler about five minutes, or until the eggs begin to thicken. Cook and fold in the whipped cream.
- Butterscotch Pie**
Plain Pastry:
3 cups flour
1/2 cup fat
1 teaspoon salt
1/2 cup water
- Mix salt with flour. Cut fat into flour with two knives. Add just enough ice water to hold mixture together without its being sticky. Roll lightly from center outward. This is sufficient pastry for double crusts of one large pie, or two pastry shells.
- Butterscotch Filling (for two pies)**
4 egg yolks
4 cups dark brown sugar
4 cups milk
1/2 cup flour
1/2 cup butter
1 teaspoon vanilla extract
- Beat yolks of eggs to inside of double boiler, add milk and butter. Mix flour with sugar, and add to milk mixture, cook until thickened. Remove from fire and cool. Fill cooked pastry shells. Cover with whipped cream or meringue.
- Make a meringue with the four egg whites beaten until stiff, fold in four tablespoons powdered sugar, pile irregularly on top of the pie and bake in moderate oven until brown.
- A meatless meal, yes. But who would ever miss the meat?

WHO WILL RUN THE PUBLIC SCHOOL?

Everybody is interested in the policy that directs and controls the public school, and any light upon the problems of the public school should be eagerly sought for.

Next Sunday at 11 a. m. the Methodist preacher will preach on the subject, "The Big Four, Who Intend to Try to Run the Snyder Public School." This sermon will not be full of faultfinding or abusive criticism, but will deal with the problems that enter into successful work in the public school. The preacher is actually going to preach on the subject announced. Teachers, patrons, pupils, trustees and all citizens are especially invited. Don't miss this sermon. It will be worth hearing.

Subject at 8 p. m., "Caesar's Saints; or, 'Religion in Strange Company.'" Come to "the church of the glad hand" next Sunday. You are most heartily welcome.

ERECTING OIL DERRICK FOR STINSON NO. 1.

A derrick is now under construction for Stinson No. 1, on the T. C. Stinson farm on the southwest quarter of section 101, approximately one mile south of the J. J. Moore No. 1, in the Ira field.

This well, which will be spudded in about September 15, is a location based on sub-surface geology and is considered by leading geologists and others as an important test in the Scurry County field.

J. H. Gross of Delta County is here this week visiting relatives and friends.

THEY know how to cook in New Orleans. And that is where Miss Rosa Michaelis learned. This famous southern cook tried out the Perfection in her own kitchen. She is one of the six famous cooks who recently made a nation-wide test of this stove. Each gave it a rigorous trial. Each baked, broiled, fried and boiled—not one but a number of meals. They all agreed on the merits of the Perfection. Read what Miss Michaelis said.

Quickness is Remarkable

"I never fried a veal steak more beautifully. It retained all the juices and was a lovely, rich brown after frying only ten minutes," said Miss Michaelis. "The quickness and intensity of the heat in the long Perfection chimneys is remarkable. It's clean, too. After frying pancakes and boiling rice, the bottoms of the utensils showed no signs of soot."

Like a Gas Stove

"Everything I cooked was uniformly successful. I found the Perfection just about the same as a gas stove to work with. In some respects it was better. I prefer it to broil steak, for instance. I liked the way the top and bottom browned at the same time in the Perfection broiler."

No Delay In Refilling

"It's an absolutely safe stove. The oil tank may be refilled while burners are lighted. Once when my supply of oil ran low, my rice went right on cooking. I substituted a filled reservoir and my hands never touched the kerosene."

Roomy Cooking Surface

"The oven is large and the cooking surface is roomy. I stored a number of utensils on the handy base shelf. I could see my fuel in the glass reservoir and watch my baking through the glass oven door. The flame is easy to start, easy to regulate, easy to extinguish," she concluded.

Look Over the Line

Look over the line of the latest, improved models at any dealer's. The sizes range from one burner to five burners; the prices from \$7.25 to \$130.00. Select the right size for your particular needs. Join the 4,500,000 satisfied women who now cook on Perfections.

Why Long Chimneys?

Many women wonder why oil stoves with long chimneys are superior to those with short ones. It is because the long chimneys insure perfect combustion. In other words, every drop of oil is completely burned before the heat reaches the cooking. There is no chance for soot or odor.

Short chimney stoves as a rule focus the heat in one point—the very center of the burner. Long chimney stoves focus the heat on the bottom of the kettle, but diffuse it over the entire kettle bottom. This is why food cooked on long chimney stoves is better done.

Miss Ila Martin returned last Thursday from a month's visit in Missouri. She declares that Snyder and Scurry County look better to her now than ever before.

Mr. and Mrs. P. W. Thompson and son, Preston, Jr., of Fort Worth and Mrs. Will Morton also of Fort Worth, and Mrs. Tom Rogers and children of Fort Stockton, have been the guests of Ed Darby and family. The Fort Worth guests returned to their home Monday morning of this week.

FLUVANNA NEWS.

Church Services. In accordance with previous announcement, services were held in three of our churches last Sunday—Baptist, Christian and Methodist. Rev. Moores received into the Methodist church nine new members (all children but one) Sunday morning. This represents the part of results of revival meetings.

The Fluvanna Baptists held their first preaching services in their new church. The church is not yet furnished but seats and lights were improvised for the Sunday services; thus, last Sunday may be considered the opening day of this new church.

Now, since the meetings are over, regular services will be resumed at the Presbyterian church next Sunday. A cordial welcome is extended to all.

Several Fluvanna Baptists are attending the Mitchell-Scurry County Association in Snyder this week.

Rain and Crops. It has gotten so that the mention of rain in these parts is not news. Anyway, this scribe has measured 1 7-16 inches of rain since the writing of our last news article. This gives us nearly 21 inches of rain for the year up to September 7, at noon.

Feed crops and grass are very fine. Cotton will fall somewhat short of earlier expectations. Nevertheless, picking is beginning and the gins will soon be humming.

Sickness. Rayford DeBusk, who resides with his wife and three children in the Park farm west of town, is now in the Jones Hotel down with a severe case of influenza. The patient is thought to be some better at this writing.

Ross, the young son of J. J. Belew, has for several days been suffering from abscesses in the mouth.

Visiting and Trips. D. A. Jones went, last Saturday, to the Fort Worth markets with a car of fat cattle.

John Truss and daughter, Ruth, went to Windom, Fannin County, last week and brought back with them Mrs. Truss' mother, Mrs. Payne, for an extended visit.

Grandma Coleman and son, Frank, of Gordon returned here a few days ago for an extended visit.

Harvey McGuire of Dallas was here last Sunday visiting his parents.

Willbert Sewall of Post was here Sunday visiting his father, E. L., who had been sick for several days, but is now out again.

J. A. Staveland made a flying trip to Southland Sunday, bringing back with him his wife and daughter, who had spent the week visiting Mrs. Staveland's parents at Southland. John seems to think his liberties may be somewhat restricted from now on. Of course they will, because a wife is a woman.

Mrs. D. F. Ware is just back from a visit in Dallas with her son, Clint, who is the proud father of a new son. Mrs. Ware, likewise, seems proud of the grandson. Mr. Ware and family are now planning to move to Lubbock in quest of advanced school facilities.

Mrs. Will Clawson and daughter, Marie, accompanied her uncle, Rev. A. D. Leach, home at Colorado City, last Sunday night after church. She will also visit her sister, Mrs. Odum, and family, at Westbrook, while on this trip.

Mrs. H. H. Haynes recently returned from a trip to New Mexico, previously mentioned. Her daughter-in-law, Mrs. Douglas Haynes, returned with her for a visit.

J. C. Wyatt of South Fisher County, two sons and Mrs. (Grandma) Gordon, spent the week-end visiting the Gordon family here. Grandma is remaining

for a more extended visit. Misses Nealy and Enda Squyres were off last Sunday for Lubbock, where they are attending the teachers' institute, before beginning their work as teachers at Clairmont. Of course we don't know, but it seems to us that it might be a lot better if all teachers would attend institutes before engaging in their school work in the fall. Why not? It certainly would eliminate a serious interruption of class work.

Strange Things. Little as we had expected such a thing, two men, living in towns outside of Scurry County, took the pains last week to write this humble scribe telling him of their appreciation of the Fluvanna News column in this paper. When all the contributed articles and other features of this paper are taken into account, there is no telling how much the people think of our paper. Doubtless more people would read it if only they knew about it.

Some people seem to think it their duty to "take life easy," but Benjamin Franklin used to say that "A sleeping fox never catches any poultry." Ben was a pretty wise chap. Perhaps he had been making some observations.—Jas. H. Tate, Cor.

TIMES-SIGNAL SIGNALS. Congressmen are now at home building up the fences they expect to straddle next fall.

There are times in the life of every Snyder married woman when she wonders if her husband didn't marry her just to get a good cook.

Someone is always predicting how the next war will be fought, but no one is offering any predictions as to how the next war debts will be paid.

A New York man has written a magazine article on "How the Worm Woos Its Mate." But most married women already know.

Maybe one thing wrong with the present generation around Snyder, is that too many parents'

slippers are being worn out on the dance floor. Uncle Sam says the present population of the United States is 115,000,000 which should remind some auto salesmen that they still have a lot of prospects.

Dictator Mussolini has abolished elections in Italy on the ground that they are too expensive. He must have read about the Illinois and Pennsylvania primaries.

Older citizens of Snyder can remember the time when every man who got up to make a public address really had something to say.

We sometimes doubt if the illicit still is as dangerous as the tongues that won't keep still. Maybe the reason the devil is always pictured carrying a pitchfork is because that's what he uses to harvest wild oats.

How many people in Snyder can remember the old-fashioned doctor who rolled his own pills and mixed his own medicines?

We see where a New Jersey couple were married over the radio. And we suppose the static will come later.

A girl stenographer in Chicago has retired with \$400,000. That ought to keep her in chewing gum the balance of her life.

We have again reached the time of year when Snyder gardeners are doing their hoeing with a scythe.

History says Old King Canuto tried to turn back the waves with his hands. That proves they had traffic cops in the early days.

We suppose that the fact Doc Cook is in the penitentiary only kept him from saying he crossed the English channel ahead of Gertrude Ederle.

Door-to-door salesmen are fast learning that it takes a slick talker to "snyder" a Snyder woman and get away with it.

MISSIONARY PROGRAM. Missionary Program, Presbyterian Church, Monday, September 13, 1926, at 3 P. M. Opening Son. Prayer. Roll Call, from Year Book of

Prayer. Scripture, Luke 2:40-52. Leader—Mrs. Chenaault. Topic—"The Younger Generation."

BAPTIST ASSOCIATION. The Mitchell-Scurry Baptist Association convened with the First Baptist Church of Snyder, Tuesday and Wednesday, Sept. 7 and 8. Twenty-five churches were represented, and many of those present pronounce it the best session of the Association yet held.

The reports were all encouraging, the fellowship fine, and a general spirit of optimism prevailed.

Visitors present were Rev. G. W. Land of Florence, Texas; Rev. J. G. Anderson of Phoenix, Ariz.; Rev. Milam of Robt. Lee; Rev. J. A. Reynolds of Dallas; Rev. Bacon, and Rev. R. A. Scranton, of Abilene, and Prof. Richardson of the faculty of Simmons University.

The next session of the association will be held at Fluvanna a year hence.—Clerk.

Miss Laura Bell and two brothers, J. S. and Clifton, of Cleburne, are here visiting her sister, Mrs. Lynn Henderson.

Ed Ripley was a Sweetwater visitor Monday of this week. Mrs. C. Dorfman and son, Charles, who have been visiting here with Mrs. Dorfman's daughter, Mrs. Nelson Dunn, left here Sunday for their home in Pittsburgh, Texas.

Noel Banks arrived in the city Monday of this week from Kansas City where he has been attending the Sweeney Automobile School. Noel also visited in Weatherford with friends before returning to the city.

Miss Tip Messimer is home for a few days' visit with her folks, before returning to San Marcos where she will re-enter school.

Miss Margaret Yoder left Snyder Friday of last week for Kansas City, Missouri where she will continue her musical studies in the Horner Institute-Conservatory.

Miss Florence Dever is visiting in Fort Worth before returning to school after the summer vacation.

Mr. and Mrs. J. S. Hart of Mertens, Texas, have been visiting here with their daughter, Mrs. W. E. Pritchett. They left Snyder Monday morning en route to their home.

J. Collie Fish was over from Colorado City Sunday. Mrs. J. S. Duvall and Mrs. R. V. Forsythe of Duvall visited here last week with Mrs. Duvall's relatives.

Mrs. E. J. Richardson, sons and sister, Miss Cotten, left Tuesday of this week for a week's visit in Lubbock and Slaton.

Mr. and Mrs. J. W. Massey of Sweetwater were here Friday visiting Bob Terry and other relatives and friends.

Ben F. Wilson and family have returned from a visit and vacation trip to Breckenridge. Mr. Wilson says that there were a number of heavy rains in that part of the state that several bridges and approaches to bridges went out by the sudden rises but that he managed to get over them before they went out.

Mr. and Mrs. Earl Henry and Son, Billy Mac, have moved to Abilene where they will make their home.

HEARTY WELCOME TO NEW FACULTY. The Ministerial Association of Snyder extends greetings to the members of the public school of our community. We trust that your stay among us will be a most pleasant one as well as a term of service well rendered. And as members of this body, we pledge you a sympathetic and responsive spirit of co-operation in all your activities.

A hearty welcome is extended to all teachers and members of the faculty to the various churches of our city. We trust that you may find it a community of churches with open hands to receive strangers and old friends.

Rev. H. J. Manley, Secretary.

ABOUT LIGHTENING.

You often hear someone in Snyder declaring that he wouldn't mind storms if it wasn't for the lightning and yet, according to a Boston scientist, the chance of being killed by lightning is only one in a million. The man on the farm, he says, is 10 1-2 times as likely to be struck as the man in the city because of the scarcity in rural communities of steel frame buildings, wires and other metal structures which in a city relieve

electrical tension during a storm. Lightning rods, he says, offer the country man the same advantage in a thunderstorm as wires in a big city. He has made a survey of deaths by lightning covering a period of five years, and he has also collected some interesting figures regarding traffic accidents. He finds that while more people are afraid of lightning than of autos, the chance of being struck by a bolt of lightning is but one in one million and in being struck by an auto one in 20,000.

What Is a Diuretic?

Everyone is learning the value of Occasional Use. Everyone knows that laxative assists the bowels. A diuretic performs a similar function to the kidneys. Under the strain of our modern life, our organs are apt to become sluggish and require assistance. More and more people are learning to use Doan's Pills, occasionally, to insure good elimination which is so essential to good health. More than 50,000 grateful users have given Doan's signed recommendation. Scarcely a community but has its representation. Ask your neighbor!

DOAN'S PILLS 60c Stimulant Diuretic to the Kidneys Foster-Milburn Co., Mfg. Chem., Buffalo, N. Y.

Good taste and good health demand sound teeth and sweet breath.

The use of Wrigley's chewing gum after every meal takes care of this important item of personal hygiene in a delightful, refreshing way—by clearing the teeth of food particles and by helping the digestion.

The result is a sweet breath that shows care for one's self and consideration for others—both marks of refinement.

SOCIETY AND CLUBS

VERNELLE STIMSON, Society Editor

MISS NELL PATTERSON AND JOHN COVEY MARRIED.

Miss Nell Patterson and John Covey of Arlington were married Monday afternoon, August 30, at 4:30 o'clock at the parsonage of the Methodist Church, Anson, Texas, by the pastor of that church, Rev. Gordon, a long-time friend of both families. Miss Lucile Strayhorn and Eula Richardson and Albert Norred, all of Snyder, were present at the ceremony.

MISS ROTEN'S SCHEDULE, SEPTEMBER 6-11.

Monday, at Ennis Creek with the girls and women for a canning demonstration of sweet potatoes. Tuesday, at Flavanna, with the girls and women. Wednesday, at Dunn, with the girls and women. Thursday, at Hermleigh, with the girls and women. Friday, at Plainview and Camp Springs, with the girls and women. Saturday at Snyder, in office.

EL PASO VISITOR ENTER-TAINED.

Mrs. J. C. Stinson entertained with a social hour at her home last Thursday afternoon, September 2, complimenting Mrs. C. L. Ezell, formerly of this city, now of El Paso. Light refreshments were served to Mesdames, Dixie Smith, Pat Brown, W. W. Hamilton, Culin C. Higgins, A. C. Leslie, Allen Warren, Bob Warren and Liv Davis.

ANOTHER CLUB GIRL REPORTS.

Another member of the Home Demonstration Clubs over our county has given a splendid report. Miss Farris Stevenson, fifteen-year-old daughter of W. T. Stevenson of Hermleigh, gives an account of the fine tomatoes that she has raised in her garden this year.

Miss Farris states that although this is her first experience in club work, and that she is also an inexperienced gardener, she has received a great deal of benefit from the work she has done. She states that this year her garden consisted solely of tomatoes. The entire garden was some 24 by 40 feet in size. She says that she has gathered four hundred and twenty-six pounds of ripe tomatoes. Of these, one hundred and sixty-seven pounds have been used fresh, sixty-three pounds were sold bringing \$4.60. She says that she has canned one hundred pounds of the tomatoes—thirty-one quarts and pint, and from the remaining ninety-six pounds she has made twenty-seven pints of tomato catsup.

Miss Farris declared that she intends to take gardening again next year, also darning. The Times-Signal congratulates Miss Farris on the very excellent work which she has done.

COUNTY FEDERATION MEETING.

The first regular monthly meeting of the Federation of Women's Clubs in Snyder and Scurry County will be held at the district court room at the courthouse here Saturday afternoon, September 11.

day afternoon, September 11. All members of the various clubs are urged to attend this meeting. It is the wish of the president that this meeting may open a most successful year's work. She also wishes to remind the members that the reports of each club should be on hand.

EPWORTH LEAGUE PROGRAM SEPTEMBER 12.

Subject: Renunciation and Re-ward service. Prayer. Scripture, Mark 10:23-31; Heb. 12:1-3.—Jennings Ketter. Address—Leader. Address—Eva Strayhorn. Address—Elva Lemons. Song. Address—Theodore Yoder. Special Number. Benediction. All members of the Senior Epworth League are urged to be present on this evening as the roll will be called. This is an important phase of our work and we hope that it may not be neglected.

THE CHEERFUL 16

The Cheerful 16 Club of Pleasant Hill community met at Pleasant Hill at 3:30 p. m., Wednesday, September 1st. The meeting was called to order by the president and a profitable business session followed. The plans for our exhibits at the State and County fairs were extensively discussed and each club member present was assigned a special duty.

The following monthly report was given: Sold 56 dozen eggs, 18 pounds tomatoes, and 137 pounds cream. Canned fruit and vegetables 543 cans, garments made 21, baby chicks hatched 67, hens set 7, fall gardens planted 3.

Miss Roten, having returned from her trip to Old and New Mexico with us again. She gave us an interesting account of her experiences while gone. We were all glad to have Miss Roten back with us and can look forward to another interesting meeting Wednesday evening September 15, for Miss Roten expects to be with us again at that time.

UNION DOTS.

The Sunday Schools had a fair attendance Sunday, but not what it should have been. In fact, there are some who disparage the Sunday School and its usefulness, and I have only this to say that is that

you do not see very many men or women come from these homes who are a blessing to their fellowman, or an uplift to the community in which they live. The Baptist Sunday School had present, 43, collection \$1.51; the Methodist, present, \$4, collection \$2.11. Bro. Wilkerson preached at the Baptist Church. His text for the morning hour was 1st Cor. 3:1-2. The text for Sunday night, 1st Cor. 5:11.

There were 49 chapters reported read the past week. We are hoping to get a fuller report from the Baptist Sunday School after this.

We want to say this to the parents of the community. We are very anxious for every child to read the New Testament through and will appreciate your co-operation in bringing them to the regular meetings of the League, so that they may report and get the books in their order. We will distribute the book of St. John next Sunday evening and it will be just as easy for you to drive old Henry, Lizzie, by the church and encourage your children to get their books and read God's word.

We are glad to note that J. T. Biggs and wife and daughter, Mrs. Arlie Biggs and John Hilburn also Grandpa Seabourne and daughter, Mrs. J. E. Davis, and sons, Roy and Wade, have returned from a two weeks' stay at Glenrose. They report a pleasant trip and they are apparently improved in health and especially Mrs. Biggs who was ill so long.

Union Dots was agreeably surprised to have his cousin, Jim Carrell, and son and son-in-law, Clarence Johnson, of Cooper, Texas, visit him Saturday night. Mr. Carrell is looking for a location in West Texas. We tried to show him that Scurry County was a mighty good place to live in.

Mr. and Mrs. H. C. Fenton had the pleasure of having part of their children visit them Sunday. Allan Fenton and wife, Frank Fenton and family and Mrs. Carter and family made up the party for the day.

Mrs. W. E. Clarkson and children are off for a visit to friends and relatives in Paris. We wish her a pleasant visit.

Frances Clarkson of Paris, Texas, who has been visiting Uncle W. E. Clarkson and family returned to his home at Paris Monday.

W. B. Lemons and wife and daughters, Misses Elva and Fay, were pleasant callers at the home of the writer Sunday evening. W. S. Light and wife took dinner with Union Dots and wife

Sunday. Lon Johnson and family and Arthur Turner and family took dinner with E. Pemberton and family Sunday, then Pem. to get even took all his family over to Turner's and ate all the water-melons he could find.

Mr. Powell and son, Bryant, of Colorado, visited with his brother-in-law, J. T. Biggs, and family, and attended Sunday School and preaching services at Union Sunday.

We have been having so much rain lately that T. O. Kiker is waterbound; has to swim out or get him a boat.

There are some things a Ford won't do, so says Sherman Blakeley, and one is he can't get his to swim. If it would he could get across the creek on his place easier.

Leverett Lewis drove home a brand-new Ford coupe with all the doodads and trimmings on it Saturday evening.

Miss Carrie Lee Coleman returned to her home at Cooper, Texas, Friday, going with her brother and sister, Mr. and Mrs. Booth Singleton, who have gone to visit in Delta, Wood and Rains Counties.

P. A. Mebane and family visited upon Ennis Creek Sunday evening and stayed over till Monday.

Rev. B. A. Moore will preach at Union chapel next Sunday. Everybody come and try to get your neighbors to come.—Reporter.

T. B. BURRELL.

T. B. Burrell died at the home of his son-in-law, Mr. Graham, east of Snyder, September 3, at the age of 21 years, 6 months and 6 days. Deceased was born in England, February 28, 1895. He leaves two children, Mrs. Graham, who lives east of Snyder, and R. W. Burrell of Matador, Texas. Funeral services were held at the city cemetery, September 4, Rev. I. D. Hull officiating.

ALL FARMERS INVITED.

Jno. F. Carmichael will leave Friday morning for Spur to attend the annual meeting at the Experiment Station there, which will be held September 13 and 14. Mr. Carmichael says that he would like to have every farmer in Scurry County attend this meeting or the meeting to be held at Lubbock, September 13. This will conflict some with the Spur meeting but will give the farmers two opportunities instead of one to attend these meetings which ought to be very valuable to the farmers. Although a busy season, it will give the farmers a better opportunity to get the very best re-

DALLAS FOLK HAVE GOOD TIME HERE.

J. W. Royal, vice-president of the North Texas National Bank, Eugene Bray of the State Loan and Mortgage Company, and Mr. and Mrs. Jno. L. Crosthwait, all of Dallas, spent a few days since our last issue with their old friends, J. W. Scott and family on the Scott ranch south of town. The men, who claim to belong to the Tribe of Nimrod, brought along their artillery, and had a great time shooting (at) doves. Mr. Scott declares that he would not think of "squealing" on his guests, but the sky must have been their limit, as that is what they seemed to be shooting at most of the time. The Times-Signal editor has been otherwise informed, and had we known it in time, we might have been given a good mess of doves for keeping "mum," as we understand that the Dallas sportsmen took back with them the full limit set by the law.

CARD OF THANKS.

We wish to thank this method in taking our friends during the illness and death of our father, T. B. Burrell. And May God's richest blessings be with you, is our prayer. R. W. Burrell. A. L. Graham and Families.

MISS RUTH ROSSER TO IN-STRUCT IN ABILENE PUBLIC SCHOOLS.

Miss Ruth Rosser, daughter of Mrs. Mattie Rosser, formerly of Snyder, now of Abilene, will teach in the public schools in Abilene, Texas, the coming year. Miss Ruth graduated from the Snyder high school in June, 1924. For the past two years she has been in Simmons University, Abilene.

Of the one hundred eighteen teachers in the public schools in Abilene, Miss Ruth will be the youngest. She will teach in the grades.

OPERATION FOR APPENDICITIS.

J. D. Berry was called to Lubbock Wednesday on account of the serious illness of his brother, J. W. Berry, who underwent an operation at that place Tuesday for appendicitis.

Mr. Berry, before removing to Portales, New Mexico, lived west of Snyder for a number of years.

Mrs. T. J. Gassaway returned to the city from El Paso where she has completed a course in Beauty Culture. She states that she likes the work very much and expects to locate here at some near date.

Mrs. Doe Richardson and children and also Nellie Cotton left the first part of the week for Slaton and Lubbock to visit with friends.

Pains disappeared

"SEVERAL years ago I was badly run down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed."

Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength."

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person. All druggists sell

An Ordinance to regulate the use of the streets, driveways and Alleys of the City of Snyder; to prevent the obstruction of the same; providing for the repeal of any ordinance or part thereof in conflict herewith and fixing penalties for violations hereof.

Be it ordained by the City Council of the city of Snyder, Texas; That:

Sec. 1. The driver or operator of any automobile, motorcycle, bicycle or other vehicle, whether motor driven or not, in or upon the square, any street, alley or driveway in the City of Snyder, Texas, shall drive or operate said vehicle in a careful manner with due regard for the safety and convenience of pedestrians and all other vehicles or traffic upon such square, street, alley or driveway, and with due regard for all property of every kind upon said square or along street, alley or driveway. Any person violating any provision of this Section shall be fined not less than five nor more than one hundred dollars.

Sec. 2. After this ordinance has taken effect, no vehicle shall be parked; or stopped and allowed to stand or driven in any place or in any manner, within the city of Snyder, that will prevent the free, and unobstructed passage of traffic. Drivers or operators of all vehicles, shall, at all times, comply with the directions of any member of the police force with reference to any provision of this section.

Any person violating any provision of this section shall be fined not more than one hundred dollars.

Sec. 3. After this ordinance has taken effect; it shall be unlawful for any person, firm, partnership, corporation or any other business organization, to use, or permit to be used, by property under his or its charge, any part of the square, or any part of any street or alley or public grounds in the city of Snyder, Texas, for the purpose of parking, standing or placing any automobile, truck, wagon, agricultural implements or vehicle or implements of any kind for display, advertisement or for the purpose of offering such vehicles or implements for sale to the public, or for the purpose of using such part of the square, street, alley or public place for parking or standing space; except that the provisions hereof shall not apply to any vehicle or implement in active use by the owner or person in charge thereof and stopped or parked temporarily. Any person violating any provision of this section shall be fined not more than one hundred dollars, and each day that any vehicle or implement shall be so parked, stood or placed shall constitute a separate offense.

Sec. 4. After this ordinance has taken effect, it shall be unlawful for any person, firm, partnership, corporation or any other business organization, to use, or permit to be used, by property under his or its charge, any part of the square, or any part of any street or alley or public grounds in the city of Snyder, Texas, for the purpose of parking, standing or placing any automobile, truck, wagon, agricultural implements or vehicle or implements of any kind for display, advertisement or for the purpose of offering such vehicles or implements for sale to the public, or for the purpose of using such part of the square, street, alley or public place for parking or standing space; except that the provisions hereof shall not apply to any vehicle or implement in active use by the owner or person in charge thereof and stopped or parked temporarily. Any person violating any provision of this section shall be fined not more than one hundred dollars, and each day that any vehicle or implement shall be so parked, stood or placed shall constitute a separate offense.

Sec. 5. Any person in charge of, or having the management of any firm, partnership, or corporation or business organization, violating any provision of section 4 of this ordinance, shall be held responsible for such violation and shall be subject to the fine provided therefore. If two or more persons exercise equal management or control over any such firm, partnership, corporation or other business organization, either of said persons may be held liable for such violation and shall be subject to the fine provided therefor.

Sec. 6. The provision of this ordinance shall repeal only such other ordinances or parts of other ordinances as are in direct conflict with some provision of this ordinance.

After the reading, motion was made that and seconded, carried by unanimous vote, that the above ordinance be adopted as read.

Motion was made, duly seconded and carried that the rules requiring readings at three separate readings be suspended and a motion passed to a final reading. The motion was given a second and third reading, duly voted upon, passed and adopted.

H. G. TOWLE, Mayor of the City of Snyder, Texas.

A. C. PREUITT, City Secretary.

ITS HOT! "When I call often---The Doctor doesn't". Protect your family's health with ice. To prevent diseases is even more important than curing it. Long ago scientists agreed that a large percentage of our ills can be traced to the food we eat. In more recent years they have discovered that proper refrigeration of food is highly important factor in the health of the nation, and the lack of the use of ice is responsible for much sickness and ill health.
