AND SNYDER SIGNAL

SNYDER, TEXAS, THURSDAY, SEPTEMBER 16, 1926

NUMBER 14

VOLUME XL

HERE'S "RUDY'S" SMILE.

The smile that helped carry Rudolph Valentino, famed film sheik, from the humble life of an agriculturist, to the pinnacle of success and popularity, is shown in the photo taken before his death on August 23.

W. F. WINDHAM'S THOROBRED COTTON TOPPING VALLEY.

Mr. W. F. Windham, who moved with his family from Winters to Alamo, along about the first of the year, is a firm believer in good planting seed and as a result the gin records of Alamo show his Thorobred cotton is making a much better turnout than any other cotton being ginned by them. Mr. Windham is a high-class gentleman and a mighty good farmer and his many friends in the Winters country will be glad to learn of his good crop in the Valley.

The Thorobred Cottonbreeding Industries, Inc., headed by our good friend, W. S. Galloway, formerly of this city, but now of San Angelo, no doubt feels a pardonable pride in such a result as the following from Mr. Windham:

"Alamo, Texas, August 21, 1926.—Thorobred Cottonbreeding Ind., 611 S. Chadbourne, San Angelo, Texas. Gentlemen: I thought you might be interested in knowing that my Thorobred cotton is making very much the best turnout of any cotton being ginned here at Alamo as shown by the gin records at both the Valley Gin Company and the Alamo Gin. You will realize that to lead in this section where so many of the good seed people are represented means much. My Thorobred staple is fully up to the standard.

I want you to know that I appreciate your efforts in the cotton breeding line and realize that if there had never been any cotton breeders who made a life work of improving one of our most staple products that we would still be carrying about seventeen hundred pounds of seed cotton to the gin to get a 500-pound bale of inferior staple.

"Wishing success for you and hoping that the people in your new territory are fully awake to the importance of the cotton breeding concern, I am, Yours very truly, W. F. Windham."—In Winters Enterprise.

STUCK IN THE MUD.

M. Stacy was started to Arlington Sunday to take Buster, who will be a student at the North Texas Agricultural College this year. They reached Albany, where they got into a regular downpour of rain. The car started to bog down on its destination and the train and Mr. and Mrs. Stacy turned back. They returned by the way of Abilene and made it all right until they got to the detour this side of Roscoe, when they bogged down in the soft dirt alongside about fifteen other cars. Mr. Stacy says that they were compelled to spend the night in their car. They tried to pull them out the next morning with a tractor, which bogged down and it had to be pulled out. A strong team finally succeeded in getting the cars out of the bog.

The Times-Signal man, son and daughter returned from Dallas Sunday, and can verify what Mr. Stacy says about the big rain in the Albany country. We dragged through about 75 miles of as bad mud as we have seen in many a day in a regular downpour nearly all the way.

LIONS CLUB DISSOLVED.

At a special meeting of the Snyder Lions Club Tuesday it was unanimously voted to dissolve the club and to take preliminary steps in the matter of organizing a Business Men's Luncheon Club.

It was voted to have a meeting Tuesday, September 21 at the Wilsford Dining Hall and that an invitation be extended to every business and professional man to be present at 12:30 p. m.

There ought to be at least fifty present at this meeting, as it is a thing for business and professional men to meet once a week and enjoy an hour eating, exchanging jokes and discussing things that will make Snyder a better town. Why not come out and join the new organization? It will help you and you will help it and the town in which you live.

A CORRECTION.

T. B. Burrell died at the home of his son-in-law, Mr. Graham, east of Snyder, September 3, at the age of 81 years, 6 months and 6 days. Deceased was born in England, February 28, 1845. He leaves two children, Mrs. Graham, who lives east of Snyder, and E. W. Burrell of Matador, Texas. Funeral services were held at the city cemetery, September 4, Rev. I. D. Hull officiating.

This notice was reprinted due to the fact that the Scurry County Times got some of the dates wrong.

THE SUNDAY SCHOOL THE LITERARY SCHOOL.

Some of our literary schools are open and in a few weeks the rural schools will be hard at work. In the last meeting, the people are enthusiastic over the educational conditions that confront them.

Let ever patron of the schools be a booster and not a pessimist. You can kill a good school by knocking on it. If you will look for the good things in the teacher and his administration and mention them and leave unsaid anything that would cast a reflection upon the teacher and his work, you will have a better school. Discourage any criticism that the children may bring home from school, either about the teacher or any of the school children.

Co-Operation. Co-operate with the teacher in his work. The teacher will assign certain work for the children to do at home. Be sure and see that they do this work. Habit makes character. See that they get the habit of studying at home and they will finally get to where they will feel ill at ease to sit down without a book or paper in hand.

The children should all go to their respective homes at night. They will do much better work at home and besides this they are not preventing your neighbor's children from doing their work. Sometime a boy or girl makes a sorry grade, then in order to justify themselves they try to shift the blame to the teacher or some one else.

Visit the schools and encourage the teacher and pupils by complimenting them on their work. The idea how much this will help and encourage both the teachers and the pupils.

Encourage Education. I would urge you to encourage education, not that it will prevent crime, it will not. Leopold and Loeb were educated but they were criminals all the same. They evoked took the life of the innocent Franks boy. Their education was not balanced as it should have been. They had never attended Sunday School.

The Aim of the Day School. Its primary aim is to cultivate the mind and the body; to prepare them to take their place in the business world, to fit them for the duties and responsibilities of citizenship wherever they may live. This is a most worthy and commendable aim.

The Sunday School. Statistics prove that neither a literary education nor legislation will stop criminality. They are a wonderful help. The day school devotes about fifty hours in the work to one in the Sunday School. Statistics show that the Sunday School does reduce criminality. There are only one boy out of every 3,500 who attends Sunday School that ever goes to a reform school or the state prison. More than ninety-nine per cent of those who go to the reform school or the penitentiary are the electric chair are the product of those who never attend Sunday School.

The literary school and the Sunday School should by all means go hand-in-hand. Each needs the support of the other. The one teaches and deals with the mind, which has given to the world all that is noble in science, all that is useful in the arts and all that is grand in discovery. The other supports with the body, plus the emotions, plus the will power and then enters the domain of the soul. I would like to discuss the six differences between the two schools but cannot do so at this time.

The Text for the Sunday School Teacher. The Sunday School teacher must be a professing Christian. They must be church members and their reputation must be above reproach.

Christ said insubstantially, "They must be born of the Spirit, without it they cannot interpret spiritual things."

The Text Books. The text books of the secular schools are many. Each pupil has assigned to him certain text books and when he has mastered them, he is given other text books and so on until he has mastered them all.

The Sunday School has but one text book. It is used from the cradle roll to the adult department. It speaks in hundreds of languages. Children listen to its stories and never tire. It has a word of peace for disconsolate souls. In death and sorrow it has a word of consolation. It carries

CHRISTIAN ENDEAVOR CONVENTION.

The Abilene District Christian Endeavor convention, which met here September 10-12 was a great success. The program theme being "Choosing My Place," with the convention text, Prov. 3:5-6, and motto, "None but the best for my Master."

E. F. (Jack) Huppertz of Dallas, General Secretary of the Texas C. E. Union, arrived in Snyder Friday afternoon and remained for the entire time of the convention. He is an efficient worker and an inspirational speaker, well known throughout the United States of America, being one of the leading speakers at the Portland National convention.

The opening session Friday night at the Christian church with 122 members present, was fine. This was followed by the acquainted social held in the annex. An unusually entertaining program was given, which was much enjoyed. Refreshments consisting of delicious ice cream sandwiches were served to this crowd.

Saturday was a full day, with a wonderfully good program, concluding with the banquet in the Presbyterian basement, when 167 members and visitors enjoyed a feast of good things, temporal and spiritual. The lively songs, toasts, yells, etc., went well with the feast from fried chicken to cream and cake. Adjournment was made for the Christian church where the feature of the evening's program was a splendid address by Rev. J. T. McKissick of Sweetwater. He is very popular with the young people and was heard with pleasure.

The Sabbath morning 9 o'clock quiet hour, ably conducted by Mrs. Bessie Hart of Abilene, was well attended and opened a day of worship with its many blessings. This was followed by the denominational period in each church and the morning sermons.

The afternoon program was especially good, closing at 5 p. m. with the pledge in concert, and all joining in the Mizpah circle with its farewell songs and prayer.

Such conventions are well worth the time and effort put into them. The inspirational and social features, as well as the business sessions, having far-reaching influence for good.

Misses Longbotham and O'Brien of Abilene attended the C. E. convention and visited with Mrs. J. Longbotham, T. J. Bailey and C. L. Beacham of Rotan spent Sunday here, arriving in time for the denominational period at the Presbyterian church.

Mrs. H. Rogers, with her little daughter Ruth Rogers, of Lamesa, attended the C. E. convention here, she conducting the denominational period at the Presbyterian church.

Ben Hallock of Abilene, district chairman of publicity, attended the C. E. convention.

A goodly crowd of Fluvanna people attended the C. E. convention and furnished some fine music Sunday afternoon.

Misses Alice Laminak, Ina and Frances Hollis and Carl Hollis of Abilene attended the C. E. convention and visited with their cousin, Chas. Shell.

Coach Ivan P. Oliver reports that football practice was started last week. Twenty-seven uniforms were issued Monday and the fellows are now down to hard practice. There are five last year's men and nine other veterans. Coach declares that there is an abundance of new material from which, together with the old, may be built a good, heavy machine.

Projects are fine, he thinks, and some good games are already scheduled.

SPECIAL NOTICE.

The Times-Signal has announced several times that no want ad of any nature will be accepted over the phone and that no ad will be charged unless it is from some regular advertiser. We could tell why, but we feel that it is not necessary. Please bear this in mind—that in most cases it costs more time to collect these small accounts than we get out of them, saying nothing about the large number we never get paid for. These are cold facts, as our books will verify.

THE TIMES-SIGNAL.

H. B. WINSTON.

H. B. Winston was born at Alinsville, Kentucky, April 25, 1861. His father operated a tobacco plantation, using slaves, and the freeing of the negro as a result of the Civil War, causing him to lose heavily. He came west in 1878, settling at Fort Worth.

Here the subject of our sketch spent his early manhood, but in 1884 he moved to Archer County, Texas, and engaged in the cattle business. He continued in the cattle business until 1900, at which time he removed to Kent County, where he filed on public domain land, and remained a resident of Kent County until 1907, when he located in Snyder. He lived here continuously until his death, which occurred Wednesday, September 8, 1926, at the age of 65 years and 4 months.

Deceased was twice married. The first union were born five children—Harrie, Wade, Charlie, Mrs. Winfred Boren and Miss Georgie Winston, all of whom live in Snyder, except Charlie, who is auditor for the Texas Company in his wife and forenamed children.

Mr. Winston was a pioneer not only of Scurry County, but of West Texas. When he settled at Fort Worth in 1878 that city was then a very small place and was considered in West Texas. In 1884, when he settled in Archer County, many now thickly settled counties were not then organized. When he came to Snyder in 1907, this city was then a very small place, and supported largely by cattlemen. Mr. Winston moved along with the progress of his town and county, and was always to be found in the forefront of every movement tending to the best interests of his town, and was always to be found on the moral side of every issue. He was a consistent member of the Baptist church and his very life exemplified the life that he professed and his close work with God.

For the past ten years, Mr. Winston was engaged in the feed business in this city with W. H. Clements, under the firm name of Winston & Clements, but for a past year he had been in bad health, not being able to devote much time to his business.

Funeral services of this good man and most excellent citizen were held at the family home in this city, Thursday, September 9, conducted by Rev. W. T. Rouse, his former pastor, but now of Waco, and his remains were laid to rest in the Snyder cemetery in the presence of a large throng of friends who came from various parts of the country to pay him their last rites of respect.

Mr. and Mrs. H. V. Williams and Ted Williams returned Sunday from Brownwood, after a few days' visit with their son and daughter-in-law, Mr. and Mrs. Chloma Williams.

Leslie Berry went to Waco Sunday to visit his father and to get a load of cotton pickers. Cecil B. Smyth and sister, Miss Marjorie, of Fort Worth visited R. H. Stovall and family since our last issue.

Rev. E. W. Dodson left Tuesday for Cross Plains where he will preach for several days.

TEACHERS CAN AID.

With our schools now well under way for another term we want to take just a few lines to ask teachers around Snyder if they won't go a little farther than their regular courses of study in the interest of the young people under their care. If they will do so we feel sure they will earn their reward in the heartfelt thanks tendered them in return by the parents of our school children.

Why not take a few minutes during such work to tell them of the great need for carefulness, now that the automobile is collecting such a heavy death toll all over the country. Deliver a little safety talk; get the pupils interested in writing essays on safety.

Then go a little farther and teach them the value to both themselves and the community of respect for law. Take the newspapers now and then and read to them the fate of young people who lost respect for law, and the penalty they have to pay. You can find good examples in almost every daily paper you pick up. Teach them that the laws of the land are made to protect them but that they cannot expect protection if they do not themselves obey the law. They will also find much interest in writing essays on obedience to law.

These subjects can be discussed briefly in the school room without detracting from the regular studies, and there is no means of measuring the good effect such discussions will have on our boys and girls in after years. Could there be anything more important than teaching the children of this community the value of safety and of obedience to the laws of their land? We believe that a little of just such as this would be a whole lot more profitable than going about with a football and other things from which but little good can be accomplished.

HERMLEIGH NEWS.

Cotton is opening fast around Hermleigh and the gins are busy having ginned up to date over fifty bales, and if weather is favorable in a week it is thought half the crop will be ready to gather.

Earl McQuary entered school in Snyder this week. He is a senior this year.

Mrs. John Reynolds of Moulton, Texas, was here on business last week and visiting old friends.

Mrs. Harry Harland is visiting friends and relatives in Hermleigh this week.

Mr. H. O. Barbour spent Saturday and Sunday here with his family.

Mr. R. D. Kinney, Jr., returned Sunday from Temple. He reported Mrs. Kinney improving since her operation.

Mr. John Jackson and family are taking an outing this week. Mr. and Mrs. W. R. Terry and Mr. Elmer Louder visited in Sweetwater Sunday afternoon.

Comer Watson, son of Rev. J. T. Watson, entered McMurry College at Abilene this week.

Misses Dixie and Theo Williams of Granger, Texas, sisters of Mrs. R. D. Kinney, Jr., visited in Hermleigh Sunday evening. They will teach in the Sweetwater public school.

LOBOS WILL PLAY CATS.

The Lamesa Lobes, the fastest semi-professional baseball team in West Texas, will play the Fort Worth Cats of the Texas League, Saturday and Sunday.

The Lobes recently returned from Denver where they played in the big tournament, winning second place. These games will give Snyder baseball fans an opportunity of seeing a real game of baseball.

UNION DOTS.

Sunday being the regular Methodist preaching day the pastor, Bro. B. A. Moores, and family were on hand. Bro. Moores preached from the text found in Gen. 5:24.

The Sunday School at the Methodist church reported \$22 present, \$2.53 collection, and 682 chapters read. The Baptist Sunday School used the hour to elect their officers and teachers for another year. The following officers were elected: Superintendent, Edgar Shuler; assistant superintendent, Byron Wren; secretary, Miss Lois Huckaby. This makes a force of younger men and women in the lead and it should be the aim and the desire of every member of that church to co-operate with these officers and teachers in making that Sunday School a power for good and for the upbuilding of the kingdom in this community.

Well, the school year has come again, with schools beginning all over the state in the towns and cities where they have high schools and I want to say right here that it is a real reflection on the state, the counties and the people, that there are no more rural high schools in this, the largest state, with a diversity of soil far greater, with a varied climatic condition, excelling all other states, I say that we ought to be ashamed of ourselves to let such conditions exist. And I will say this to those who do see the need of and want better school conditions for the children in the country districts, that every good thing is not withheld from those who strive patiently and persistently.

There were quite a number of the young folk started to school at Snyder Monday from this community. Some of them in the senior class, some in the kindergarten class.

Some have started to picking cotton, some are poisoning worms and the most of us are trying to get our feed harvested where it is ready to harvest.

Byron Wren and family were visiting with his brother, Bob Wren and family Sunday.

S. D. Hays and family visited with H. H. Jeffries and family Sunday taking dinner and spending the afternoon.

H. C. Fenton was complaining Sunday night and upon investigation we found that he had eaten ice cream twice Sunday afternoon. No wonder he was feeling badly. That much ice cream is enough to make a man feel bad.

Uncle Bill Shuler and wife were in their usual place Sunday after vacation of some time. We all were glad indeed to have them in their place.

W. R. Bratton was forced to enlarge his crib for his mule and then he will have to build a pen of palings to hold all of his grain. You know that sounds good for the farmers to be harvesting a surplus of feed stuff.

Uncle Bill Shuler and wife were out with the boys Sunday getting a little mud on their feet and otherwise getting some of the town off and the country on or in, we were not certain which.

Rev. B. A. Moores and family took dinner with Elmer Bentley and family Sunday.

J. A. Morgan and family started to Colorado Sunday afternoon but their car acted like a Ford, so they failed to get to go; too bad, Rev. B. A. Moores and family took dinner with Elmer Bentley and family Sunday.

LARGE AUDIENCE ATTENDS SCHOOL OPENING MONDAY

Co-Operation Stressed by School Officials and Patron Alike. Rev. Dodson Points Out Way to Failure

In the principal address Monday morning, September 13, at the laboratory before a great audience composed of school boys and girls, patrons and interested friends, Rev. B. W. Dodson, pastor of the First Methodist church here, said: "If we want our school to be a failure we may begin right this morning moving toward that end, not begin today criticizing and finding fault. Don't co-operate; everybody pull in a different way. Always complain and have no sympathy for the teachers and school faculty in whatever they may undertake. Failure will be the result, and there will be a reason for your grouch, growl, kick, and general yow-wow."

"But in case some few of us, and maybe all of us, would have no failure of our public schools this year, then we must pull together and show our sympathy and willingness to co-operate with this faculty and school board. Let us show them that we are glad that they are here and that we are ready to join hand in hand with them to make this year in our school a success."

"A country cannot prosper without a public school system. An educated citizenship, along with a religious citizenship, is necessary if a republic is to stand. Now let us stand by the school and the church—which are the twin angels of God, that in his mercy will direct the coming generation of our nation to the honor and glory of God and the good of the human race."

Board Willing to Co-Operate. Mrs. C. R. Buchanan, secretary of the Board of Trustees, in a short talk declared that the school is the biggest factor in the upbuilding of our town.

"It belongs to all of us," she said, "and it is your business as well as ours to put it over. We must all work together for a good school this year. The board is willing and eager to co-operate with you and the teachers."

Mrs. J. T. Whitmore, Hugh Taylor, and Oscar Jones also made short talks in which they stressed the necessity of co-operation and the willingness on the part of the board to do their best.

Patrons Pledge Support. Fritz R. Smith, ex-mayor of our city and a friend of the school, emphatically expressed the readiness of many of our Snyder folk when he said:

"I feel that it is my job as a citizen of Snyder and a parent to go in and work to make this one year school year another success—the best place to live in all the State. You boys and girls are the pillars—the fundamentals of our state and nation. Our plans and best wishes are for you and we are willing to pledge myself, and we are all with you, to give you the support that with your help will make your town and churches, and school the best."

Pat A. Bullock, county superintendent of public schools, voiced the sentiment of the other speakers regarding co-operation, and expressed his appreciation of the co-operation shown by Mr. Bagwell and the faculty in the past, and of the work they had been able to accomplish. He also expressed his desire of seeing a rural high school placed in the reach of every boy and girl in the near future.

Superintendent Bagwell Expresses High Ideals. "The lessons in books are not the all-important lessons," declared Superintendent I. C. Bagwell who is returning to us to lead our school through another successful year's work, "but honesty and right dealings with our fellow-men. We want to help your boys and girls to be real men and women—mentally, physically and spiritually—with the latter, of course, surely comes. You see just how necessary it is for your trustees to be Christian men and women, just how necessary it is for the teachers who employ to be Christian men and women, and just how necessary it is that you should lead Christian lives before your boys and girls."

"We feel that your presence here shows your willingness to co-operate with your teachers and your boys and girls in making the kind of school we want—the best. We now have twenty-five and one-half affiliated credits in our high school and this, you know, means that we have raised our standard."

Mr. Bagwell stated that the Snyder high school is fast approaching the standards of the best schools in the United States.

Mr. T. Biggs and wife were in their usual place Sunday after vacation of some time. We all were glad indeed to have them in their place.

W. R. Bratton was forced to enlarge his crib for his mule and then he will have to build a pen of palings to hold all of his grain. You know that sounds good for the farmers to be harvesting a surplus of feed stuff.

Uncle Bill Shuler and wife were out with the boys Sunday getting a little mud on their feet and otherwise getting some of the town off and the country on or in, we were not certain which.

Rev. B. A. Moores and family took dinner with Elmer Bentley and family Sunday.

YOUNG GIRL COMMITS SUICIDE.

Gladya Evans, who for some time had been making her home in New Mexico, committed suicide at the home of her cousin, Mrs. Cole, in North Snyder about 8 o'clock Wednesday night, the weapon used being a 38-calibre revolver.

Only a few days ago, the unfortunate girl who was 16 years old and an orphan, arrived here from New Mexico, and on Wednesday entered the high school here. It is said that she was unusually bright in her studies and that she would have graduated this year.

The young lady had gone to Mrs. Cole's to spend the night. About 8 o'clock, while alone in a room, the report of a revolver was heard. Members of the family rushed in, only to find the unfortunate girl lying on her back in the floor. Later a revolver was found between the mattresses of a bed. The shot that caused almost instant death penetrated the girl's heart, but she was conscious long enough after firing the shot to hide the revolver. The following note was found concealed in her bosom: "It's an awful thing to do this, but no one will ever know the cause fully." Signed, "Gladya Evans."

Mrs. Clyde Shull spent last week in Jayton with her mother, Mrs. L. D. Green.

DODGE BROTHERS 1926 OUTPUT PASSE ENTIRE 1925 PRODUCTION.
When the 74th motor car shipped from Dodge Brothers factory at Detroit on August 26, 1926, left the freight yards at 1:30 in the afternoon, a new record had been established. The shipments to dealers this year had reached 259,967, the output for the entire year of 1925.
The consistent growth of Dodge Brothers business is revealed clearly by the statement from the factory showing the dates on which 1926 shipments passed the figures for previous years. The 1921 production was passed April 5, the 1922 May 27; the 1923, June 9, and the 1924, July 22.
"This constantly accelerating demand for Dodge Brothers products," says W. P. King, of the King & Brown local Dodge Brothers Dealers, "is convincing evidence of public recognition of the fact that dependability and the sound of the policy adopted twelve years ago by Dodge Brothers, that of constantly improving a well standard design instead of attempting to stimulate sales by radical changes in appearance, and construction and by annual announcement of new models."
VALENTINO'S LAST PICTURE TO BE SEEN AT PALACE THEATRE.
While in Dallas last week Mr. Lollar of the Dallas Theatre made arrangements for a quick date on Rudolph Valentino's last picture, "The Son of the Sheik." This is said to be the most entertaining and lavish of all the pictures. Valentino had ever made. In fact Valentino himself considered it his masterpiece.
Mr. Lollar says it required quite a little wire-working and a considerable outlay of money to get an early showing of this picture. The theatre-goers of Snyder should consider themselves fortunate in being able to see this production right at the same time the larger cities are showing it.
It will be remembered that Rudolph Valentino, the screen idol of millions, was stricken with appen-

dicitis and died while in New York City, recently, attending a premier showing of "The Son of the Sheik."
"The Son of the Sheik" is coming to the Palace Theatre Wednesday and Thursday, September 22 and 23.
PAT JOHNSTON'S MOTHER
A. (Pat) Johnston was called to Goree Saturday on account of the death of his mother, Mrs. Elizabeth Johnston, who died on the old Johnston homestead on that day. She was 73 years old.
Mr. Johnston has the sympathy of his many friends here in his sad loss.
DERMOTT.
The young folks of Dermott attended a party at the Dermott Hotel Saturday night and all reported a nice time.
Lautissia Elkins left Tuesday for Post where she will enter school for the coming year.
Miss Maude Adams spent the week-end with her sister, Mrs. W. K. Region, en route to her school.
Mr. and Mrs. Jim O'Donnell and daughter, Opal, of this community are leaving this week to make their home in Abilene. We regret very much to lose these good people from our community, but our loss will be Abilene's gain, and we wish them good luck in all their undertakings.
Miss Gwendolyn Coleman and Mr. Eugene Payne of Post City visited with Mr. Lewis Coleman

and the Misses Elkins of the L. P. ranch Sunday afternoon.
Brother S. A. Ribble of Snyder began his meeting at Dermott Tuesday night of this week.
Mr. Elmie and Walton Greenfield returned Friday afternoon from Roswell with a load of very nice apples.
Mr. and Mrs. Mark Hardin also Mr. and Mrs. Hanch of Post City visited Mr. and Mrs. Roy Elkins and family Sunday.
Grandma Greenfield of this place returned to her home Saturday afternoon after a 3 months' visit with her daughter, Mrs. Bertha West, of Plainview.
Mr. Wallace Bettes and mother of Lubbock visited with Dermott folks Saturday night and Sunday.
Mr. Carl Periman is visiting with home folks for a few days.
The women and girls club met Monday at Mrs. Haywood Gordon's and quilled a quilt for Mrs. Ben Darden. They also gave her a very nice shower. We will meet again the 4th Monday at the home of Mrs. Ben Darden.—Reporter.

SPORTS WEAR

In Harmony with the Season

Sport clothes have come to hold an increasingly important place in every man's wardrobe, for they are correct for many occasions not significant of active participation in games. For travelling by train or motor, or as a spectator of sports, they are the smartest and most comfortable of garments.

The New Tom Boy Skirts, Bright with Color
The new woollens lend themselves admirably to snug topcoats and warm frocks, and new sweaters are delightful. Prices are unusual.

Hurry and come to see them before they are all picked over. We are the first to show the latest in Tom Boy Skirts and Sport Coats.

Better than Ever-

Following their traditional policy of constant improvement with no yearly models, Dodge Brothers, during the past eight months, have vastly bettered their motor cars in many vital respects.

Indeed, there has never been an equal period in Dodge Brothers history when so many refinements of a popular and fundamental nature have been made.

The public is registering its appreciation of this progressive industrial service by purchasing every motor car Dodge Brothers can build—in spite of the fact that Dodge Brothers production, during these months, has broken all previous records by an impressive margin.

FLUVANNA NEWS.

Church Affairs.
The Baptist people (anti-board) held their association here last week, beginning Thursday night and continuing until Saturday night. Fifteen visitors were in attendance, five of these being ministers from other communities. Dinner and supper were served at the church on Friday and Saturday making it possible to devote full time to the services and the work in hand. We understand that these meetings were inspirational and uplifting as well as affording a general good time for those in attendance.
Rev. Anderson, lately of Phoenix, Ariz., preached for the Fluvanna Baptist congregation last Sunday at both morning and evening services. We understand that Mr. Anderson accepted a call to become the pastor of this church for an indefinite period. The new pastor has a wife and two children with him. It has not yet been decided whether he will reside here or at some other convenient point. The first Sunday in each month will continue to be the days for preaching services. Many will be interested to know that this church has received and installed their seats—240 well-built opera chairs. After a lapse of two months, due to meetings, the Village Preacher filled his pulpit at the Presbyterian church last Sunday at 11 a. m. The usual night service was called off in order to give full liberty to those members of the Christian Endeavor Society, who so desired to attend the C. E.

Convention being held in Snyder at that time.
Rev. Moore expects to fill his usual appointment at the Methodist church next Sunday.
John A. Staveland and Jas. H. Tate and wife went, Tuesday, to Lamesa to attend the fall meeting of the Presbytery of Abilene, meeting at that place Tuesday and Wednesday.
School Opens.
The Fluvanna high school will open with a full corps of six teachers on Monday, October 4. Let the young folks sit up and take notice.
Business Affairs.
Perhaps the outstanding event under this head for the past week was the winning of our first bale for this season. This bale, owned by J. B. Bley, was put up by the Fuller Gin Company on Wednesday afternoon, the 8th. It weighed 444 pounds and sold for 17 1/2 cents. Our business men quickly subscribed \$27.64 as a premium on this bale as follows: Fluvanna Mkt. Co., \$5; F. W. Wenner, \$1; H. B. Lumber Co., \$2.50; J. T. Dowdy, 50c; Moore's Grocery, 50c; J. J. Belew Hardware, \$2.50; F. W. Park's Garage, \$1; W. P. Sims Dry Goods, \$2.50; First State

Bank, \$5; Fuller Gin Co., \$6.14. John Hughes was only a short while later in his arrival with the second bale, which was put up by the same gin.
Of course our farmers are very busy now on every day, except Sunday, that is fit for work. It is well that they are for hours are golden now.
W. B. Snodgrass is making extensive improvements on his ranch home west of town. Practically the whole structure will be worked over and fully modernized.
Fluvanna Home Demonstration Club met in regular session at school building on Tuesday, Sept. 7. In absence of president, Mrs. John Boren, vice-president, presided.
Owing to a misunderstanding in regard to date of meeting attendance was small.
The chief feature of the program was a most interesting talk by Miss Roten, who, in her usual charming way, covered many important points. The subject for the afternoon was millinery. Miss Roten gave useful hints on colors and styles in both hats and dresses most becoming to different complexions and figures.
She also gave some splendid advice to girls. Among the many good things she said, "Girls, when you get a gift for mother let it be something that is hers individually. Not something the house has to have and the whole family uses."
She urged that we all get our exhibits ready for Scurry County fair in November.
Miss Josie York and Mrs. J. S. York were appointed to bring Fluvanna's report to Federated Club meeting Saturday, Sept. 11.
The next meeting day is Tuesday, September 21. The subject is "Interior Decorations."
It was decided by the club to visit the dining rooms of Mrs. Bolew and Mrs. Austin and discuss the above mentioned subject.
Miss Eunice will be received as new member.
The club adjourned with prayer by Mrs. J. G. Landrum.
Sickness.
Rayburn DeBusk, who has been very critically ill with pneumonia for several days, is now said to be getting along well.
Mrs. John Weems was reported seriously ill a few days ago, but is now better.
The same is said to be the case with Mrs. James (Aunt Tennie) Johnson.
E. L. Sewalt has again been right sick but is better.
Jess Hale was up early last Friday morning to welcome the coming of his second son—a fine new baby. Mother and child are doing well.
Visiting and Trips.
Mrs. W. G. Brashers of Abilene spent the week-end here visiting her parents, Mr. and Mrs. McGuire, and other relatives.
Henry DeVore and family of Winters, accompanied by Mrs. Elisha Smith and children, spent the week-end here visiting relatives and attending to business.
Mert Noel and family, formerly of this community, have returned from California with the intention of remaining among us. California may be a land of gold and bathing beauties but folks will come back to Fluvanna to live.
Andrew Cain and family of Big Spring are here for a few days' visit.
Wilbur Sewalt and family of Post were here Friday and Saturday visiting Mr. Sewalt's father who has been right sick again lately.
W. A. Sealy and two daughters, Misses Nora and Cora, spent Sunday here visiting the John Boren family.

GOOD music and Gospel Messages.

Mrs. J. F. Dowdy and Vibe Patterson departed Saturday for a short visit to Olney.

Ed J. Thompson and wife and Mrs. Robert Champion of Snyder came home with the Jim Holdridge family Sunday for a short visit.

Mrs. W. H. Jones spent a few days last week in Post visiting her sister, Mrs. Minnie Jones, who has recently had her tonsils removed. Hardy Hulseley of Ladonia recently came out and accepted a position with the Fuller Gin Company, and will move his family to this place soon.

Handy Higgins and family are moving to Snyder. Jim Higgins of Floydada was here on business Monday.

Rev. W. J. Higgins of Snyder was visiting with his sons here Monday.

L. H. Lester of Dallas, brother-in-law to Mrs. A. W. Browning and Will Clawson, spent Saturday night here visiting with relatives. Prof. Tom Squires and family of Snyder spent the week-end here visiting Tom's parents.

Birthday Party.
A few evenings ago Roxilee Holdridge gave a delightful party to a company of her friends, the occasion being her fifteenth birthday. A series of interesting games were played, dainty refreshments were served, making the occasion one of much pleasure and long to be remembered by the following guests: Angie Haynes, Vernay Boynton, Annie Thompson of Snyder, Mae Frances Beaver, Burline Boynton, Pauline Haynes, Clarence Dowdy, Carl Tarter, Dual Ellis, O. A. Wilson, Virgie Hanback, Emogene Wilson, Ruby Bley, Charlie Bler, Rosa Beaver, Truman Ellis, Hood Wills, Lucile Tarter, Marcus McGuire, Carrie McGuire and Era Carmichael.

The Pig Came Back.
Circumstantial evidence is to the effect that a pig-thief took a pig from J. W. Squires' pen last Sunday night, but, before noon Monday, the pig came home. It seems that the pig had too much respect for himself than to live on the premises of a hog-thief. No good citizen could blame Mr. Pig for this course. The quadruped pig is honorable by the side of a biped thief. The pig is useful while the thief is a nuisance; the pig is an asset whereas the thief is a liability. I move that pigs be given a chance for the dining room and that thieves be placed in the pen.—Jas. H. Tate, Cor.

POLAR DOTS.
Harold Anderson and Miss Irene Anderson left Polar for Lubbock where they will go to school.

Miss Irene Anderson gave a dance Saturday night. Miss Treacy Cumble and Carl Peterson furnished music.

Miss Dell Marie Cumble returned from Claremont Sunday evening.

Olen Capps seems to be all smiles Sunday night.

Miss Myrtle Wilson of Dublin is visiting Miss Fay Capps.

Mr. and Mrs. John Cumble and Mr. and Mrs. Charlie Cargile enjoyed singing at Claremont Sunday.

John Cargile, Richard Blair, Dan Blair went to Snyder Monday night and saw the play, "Desert Gold," at the Palace Theatre.—Dotts.

DERMOTT CLUB NEWS.
Eight women, eight girls and Miss Roten met with Mrs. Boss, Sept. 2. As our president and secretary were leaving soon we elected new officers. Mrs. Ray Elkins was elected president, Miss N. E. Browning, secretary of both

clubs. The club wishes that our old president and secretary will resume their offices as long as they are in our midst. We are very sorry to lose them from our club as well as our community, and we wish them good luck wherever they go.

The women and girls club are planning on attending the picnic at Snyder the 2nd Saturday of this month.

Both clubs will meet at the home of Mrs. Haywood Gordon the 2nd Monday and quilt a quilt for Mrs. Ben Durden and will also give her a miscellaneous shower.

There being no further business to come before the club we adjourned to meet again Sept. 13, at Mrs. Haywood Gordon's.—Reporter.

THE DOUBLE HAPPY NINE CLUB.
Miss Roten met at Mrs. Holmes with the women and girls Monday afternoon, September 6. Miss Dorset of Snyder came with Miss Roten and taught the girls how to make baskets.

The women and Miss Roten

canned chicken, tomatoes, pepper and okra.

Mrs. Holmes served cake to the following: Hattie Lee Hart, Era Hart, Bird Hart, Collie Mae Prather, Thelma Davis Olanne Walker, Bertha Prather, Bonnie Davis,

Davis, Treva Hart, Gillie Walker, Lena Hart, Mrs. Pete Hart, Mrs. Martin Prather, Mrs. I. S. Davis, Mrs. Henry Hart, Mrs. Ezell, Mrs. Murphy, Mrs. M. W. Cuin. All of the girls who were absent missed a great deal. Be sure and be present next meeting.—Reporter.

Cotton has been coming pretty well during the past few days, and if it should continue dry or even clear, the Times-Signal can make a pretty good ginning report next week. We hope to make a report in next week's issue and will continue to report each week.

In the death of Mr. H. B. Winston, Snyder and all Scurry County has suffered a great loss. Modest and rather unassuming, yet pleasant and agreeable. He was honest and upright and could always be depended upon in all matters pertaining to the best interest of his town and community.

The Abilene Reporter declares that small tables are needed in all modern homes. And the Reporter is exactly right. It is awfully embarrassing, especially when one has company to sit down to a large dining table and find only a bowl of soup at your plate and a bowl of beans in the center of the table.

People of Garza County should congratulate themselves on account of the excellent newspaper they now have in the new Post Dispatch. It is a large, newsy, well-printed and well-edited paper and would be a credit to a city of several thousand. Long may the Post Dispatch live and continue to prosper.

If you want to kill a town overdo it with business concerns—that is, more concerns than the town and its trade territory will support. A town, like an individual business, must have something back of it in order to support its business interests. Instead of inviting a lot more business to Snyder along lines already overdone, why not support those businesses that are already here and give those businesses a chance by your support to build their businesses bigger and better?

A BIG CONCERN WASTING MONEY.

It always causes regret when we see people waste money. Just now we are very sorry for the owner of the Sanger Bros. store at Dallas. Sunday this store carried eight pages of advertising in the Dallas News, at a cost of about \$4,000. Mind you, four thousand dollars for one advertisement in one issue of a paper. And in spite of such waste, the store goes right on making money.—Honey Grove Signal.

Scurry County has already made the largest crop of feed ever grown in the county. It is great, but the Times-Signal is just a little leary that some of it will be wasted. It is to be hoped that our farmers will do their very best to harvest every head of maize and kafir, and every ear of corn, and all other kinds of feed and hold their surplus for better prices to store it for future use as next year may be a poor feed year all over West Texas—"can't always sometimes tell." If you have no suitable place to store your surplus feed, why not try to get hold of a few good pigs and feed it to them? For goodness' sake, don't let your feed go to waste.

The two daily papers, the Journal and the Avalanche, have consolidated, which leaves Lubbock a city with one paper. Consolidation of newspapers is the order of the day, due to the fact that people are fast learning that it takes a mighty good town to support two weekly papers and a real

city to support two good dailies. People, too, have decided that they would rather have one good paper than two sorry papers and are not giving fly-by-night promoters of newspapers who want to begin business on a shoestring very much encouragement. The Lubbock papers have done the proper thing by consolidating, and the Times-Signal hopes that the real town builders of that live city of the Plains will see to it that no other paper starts up until the city really gets large enough to support two.

GILES GARNER RECORD WHEAT AT BIG SHOW.

Special to Times-Signal. STAMFORD, Texas, Sept. 15.—Visitors to the exhibit of the West Texas Chamber of Commerce exhibit at the Sesqui-Centennial Exposition at Philadelphia, have evinced great interest in the exhibit of wheat from Snyder, Texas, on display there. The wheat was taken from the famous crop of Giles Garner of Scurry County, who broke the world record, reaping 86.1 bushels of wheat per acre two years ago. The exhibit at Philadelphia is marked with a card showing where it was grown and the yield.

John Whiteker, who is in charge of the West Texas exhibit reports that this exhibit has created a sensation there. Wheat men and millers from the Dakotas, from Canada and other places who thought they knew something about wheat look over the exhibit then return later with others. They frequently ask if some mistake has not been made in the wording on the card. They comment on the unusually high quality of the grains and many of them have declared that the sample of Snyder wheat is the finest they have ever seen produced anywhere.

The West Texas Chamber of Commerce has spent a great amount of money and effort to properly represent West Texas at the Sesqui. The big agricultural exhibit is kept constantly supplied with fresh products. Advertising literature from the various West Texas towns and counties is distributed at the booth and Mr. Whiteker answers many queries from persons interested in West Texas and the opportunities afforded here. No charge is made for distributing literature or displaying products from the towns affiliated with the West Texas C. of C. The local chambers of commerce merely mail or express their literature and exhibits to the West Texas Chamber of Commerce, Exhibit Building No. 2, Sesqui-Centennial, Philadelphia. Mr. Whiteker receives the products and makes proper distribution of them. Every town in West Texas thus has an opportunity to have themselves represented at the big world fair at trifling expense.

LIVING AT THE EXPENSE OF OTHERS

The Times-Signal would like to see its readers trade in Snyder.

Of course there are some merchants that never invite you to come to their places of business and there are some so-called business men that never spend a dollar toward helping keep a paper in Snyder, but even with all that, we want to see Snyder and her business concerns prosper. But there are some really live merchants in Snyder—they want your trade and are bidding for your business each week through the columns of your home paper. We suggest that you keep posted on the latest in various lines and posted on prices by reading the advertisements in the Times-Signal from week to week. It will pay you and if you give it a fair trial, you will find out that we are right.—Snyder Signal.

That condition exists in every town in the world. There are always a few business men who decline to advertise to help bring business to town, or contribute to any public movement for betterments. They live on the enterprise of their neighbors, getting enough over-flow business from that brought to town by the enterprising merchants to make an existence. Without the hard work of their business friends and the local newspaper they would just as well be in the middle of the Sahara desert. But most of us have become reconciled to this, and consider it in the same class as donating to the charitable matters coming up. The world will always have some people who live at the expense of others. A town without a live newspaper never gets anywhere, and no newspaper can present a live appearance without the co-operation of the business men.—Dallas News.

The Bodice with the Upward Swing

Dates this Frock unmistakably Fall 1926, says Peggy Paige

Modeled upon the beautifully tailored lines favored by Vionnes, this unusual Frock of Cape Scaia is as French in feeling as it is simple and smart. The dull side of the fabric in narrow strips makes the V neckline, defines the bodice, giving it the new upward line in front, and is used again in a simple V on the long tight sleeve. Two-tone velvet bows are the only trimming.

ALL-WOOL JERSEY DRESSES

These new Fall Dresses are precisely what you have been looking for. Something you can wear on the street and that is comfortable to work in at the office or store. An Ordinance to prohibit certain stock from running at large within the corporate limits of the City of Snyder, Texas, and to prevent the driving of stock into the corporate limits of the City of Snyder, Texas. In order that the same may be impounded, providing a penalty, and establishing a City Pound.

Be it ordained by the City Council of the City of Snyder, Texas, That:

Section 1. It shall be unlawful for any person to allow or permit any cow, calf, steer, bull or heifer, or any sheep, goat or hog, or any horse, mare, colt, mule, jack or jennet or any other domestic animal, owned or controlled by him or her, to run at large upon any street or alley or other public place within the corporate limits of the City of Snyder, Texas.

Sec. 2. It shall be the duty of the City Marshal to take up any of the animals named in Sec. 1 of this ordinance, that may be found running at large within the above-described limits and dispose of the same as hereinafter provided.

Sec. 3. It shall be the duty of the City Marshal to provide a suitable place or lot in which to confine any and all animals taken up under the provision of this ordinance, and said place or lot shall be known as the City Pound.

Sec. 4. The owner of any animal placed in said pound shall have the right to repossess said animal by paying to the City Marshal all fines, costs and fees due on said animal.

Sec. 5. The City Marshal shall collect a fee of one dollar for each animal placed in said pound; and for each day that such animal remains in said pound, the owner shall pay to the City Marshal for each horse, mare, mule, colt, jack, jennet, the sum of fifty cents, and for each cow, calf, bull or heifer the sum of forty cents; and for each sheep, goat or hog the sum of twenty-five cents; and when the City Marshal shall sell any animal under the provisions of this ordinance as hereinafter set out, he shall be entitled to the further sum of fifty cents for advertising such animal for sale, and fifty cents for selling the same.

be placed in the city treasury; and if the owner of said animal shall make sufficient proof before the committee on claims of the City Council, within six months after the sale of said animal, that such animal was, at the time of its impounding and at the time of sale, his or her property, the City Council shall allow to the claimant such amount as the committee shall report as due him or her; and the City Treasurer shall pay said amount upon warrant; otherwise said balance shall escheat to and be turned into the general fund.

Sec. 9. Any person or persons who shall drive stock into the City limits of the City of Snyder, Texas, and leave the same to run at large within said city limits, shall be deemed guilty of misdemeanor and, upon conviction thereof, be fined in any sum not more than one hundred dollars.

Sec. 10. It shall be unlawful for any person to stake, or allow to be staked any animal belonging to or in charge of him or her, within the city limits of the City of Snyder, Texas, in such manner that such animal can, while so staked, go upon or across any street or alley or public place of the City of Snyder, Texas.

Sec. 11. Any person violating the provisions of section 10 of this ordinance, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, be fined in any sum not more than one hundred dollars.

Sec. 12. When any animal has been impounded as provided for in this ordinance and the same is not called for within 24 hours from the time of impounding; if the City Marshal is of the opinion that said animal will not sell for enough to pay the expenses of impounding and sale as herein provided, he shall after securing the signature of two men well acquainted with the values of live stock, to the following certificate:

We (give names of parties certifying) that in our opinion one certain (here describe the animal) now impounded in the city pound of Snyder, Texas, will not sell for enough to pay the expenses of impounding and sale; destroy said animal.

After the reading a motion was made and seconded and carried by a unanimous vote, that the above ordinance be adopted as read. Motion was duly made and carried.

A USED CAR IS ONLY AS DEPENDABLE AS THE DEALER WHO SELLS IT

History might record many a story of the parting of chums. One goes to work; the other continues in school. One follows the lure of ready money; the other the investment of time for future returns. The one has a set vision and uninspired hope; the other an enlarging horizon and increasing appreciation of service. The one may be held by the deadening influence of routine; the other moved by a desire for greater initiative, the satisfaction of independent thinking and the thrill of being creative. Their parting, based on similar hopes, may lead them poles apart.

Every community boasts one or more large industries—factories for building citizenship. This business there is a ceaseless, running at capacity, usually from nine to ten months in the year, unfortunately, operations are as low as four, five and six months. With the beginning of the year comes promotions in business. Similarly, with the beginning of the new school year, the schools pass around their opportunities for a higher grade of learning.

With the beginning of the year comes promotions in business. Similarly, with the beginning of the new school year, the schools pass around their opportunities for a higher grade of learning. The evolution to produce men and women of training and experience for higher places of leadership in that business. It is so in the schools.

With the promotion in business comes added earning power. Engineers are not wanting to demonstrate the same results from increased school training. To quote Dr. Everett Lord, of Boston University, "Labor began its activities at the age of 14 and arrives at its maximum earning power at 30. This average is \$1,200 per year. From this point on it dwindles and falls below the point of self-support at the age of 50 years. A high school graduate begins activities at the age of 18 and catches up with the laborer in 7 years. At the age of 40 he has an earning power of \$2,200. The college graduate begins activities at the age of 22. In six years, or at 28 years of age, he equals the earning power of the high school graduate of 40. The average earning power of the college graduate at 60 years of age is \$6,000.

Parents owe to their children to set a proper valuation on the advantages that adequate education bestows and to exercise care in the selection of the type of schooling that will best fit their needs. No effort should be encouraged to get away from the discipline resulting from work, but to get back to it. Idleness and misdirected energy are a menace to development. Education acquired at the expense of the will to work is superficial—a handicap. That schooling which is well-spiced with a liberal supply of toil as an avocation will prove the most effective.

Let our boys and girls acquire their education in this environment and the business of life will take care of itself. They will be better citizens, more able workers and hold to more wholesome ideals. A. A. BULLOCK, County Supt.

THE BUSINESS OF GOING TO SCHOOL.

The enthusiasm of school promotion is past. Removed from that occasion by a three months' period, parent and child face a new school year. There arises the alternative, back to school or get a "job." If the child is young there is no choice; if older, and beyond compulsory attendance laws, then the question of returning to school is before them. Such considerations as additional income for the home; inclination and capabilities of the child; the general value placed on education; the accessibility of school privileges, on the one hand, and the cost of going away to school, on the other, and such items will be determining factors.

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!

RUDOLPH VALENTINO "SON OF THE SHEIK" With Vilma Banky

VALENTINO'S LIFE A ROMANCE.

Star of "The Son of the Sheik," College Graduate, Traveler, Professional Dancer, Gardener, Before Meteoric Film Rise.

Rodolph Alfonso Raffaele Pierre Filibert Guglielmi de Valentina d'Antognoulli was born in the little village of Castelloneta, Italy, May 6th, 1875. His mother was the daughter of a learned Parisian doctor, Pierre Filibert Barbin. His father, Giovanni Guglielmi, was in his youth a captain of Italian cavalry and later a veterinary doctor.

When Valentino was eleven, his father died. He was sent to Dante Alighieri College, where he finished the course at thirteen. Then he went to a military college where he is said to have been more interested in romantic novels than in studies. It is recorded he was once sent home because he broke out of a room in which he was confined for discipline in order to see the King, a visitor to the school.

Valentino next enrolled in the Royal Academy of Agriculture to learn to be a scientific farmer; he was graduated with highest honors in his class. Several months of life in Paris and Monte Carlo followed. When the prodigal returned to his home it was decided by his family that if he were going to continue the reckless life he had pursued in France, it were better he be shipped to America.

So Rudolph Valentino arrived in New York, December 23, 1913. Although most of his money was spent in cafes, he did learn one thing that was to prove invaluable to him—how to dance. His money gone, he had to seek a job and his first position was as superintendent of the Long Island estate of Cornelius Bliss, Jr. His next position was as an apprentice landscape gardener in Central Park, New York. At the Civil Service bureau he was told he was ineligible for a regular position there. Quite penniless and literally homeless, this phase of the future star's dramatic career is best summarized by the statement that he took any little odd jobs he could get—shining brass on cars, sweeping

out, what not. Finally the head waiter at Maxim's employed him as a dancer, and so his professional career began. As dancing partner to Bonnie Glass and later with Joan Sawyer, he attained some reputation. But the Italian scientific farmer cherished hopes of forsaking the dancing profession, which was never close to his heart, to become a farmer in California. Toward this end he joined a musical comedy troupe headed for the coast, which organization pleased Fate by standing in San Francisco.

Valentino was advised by a friend he had known in the East, Norman Kerry, to try motion pictures, and on the bounty of Kerry he traveled to Los Angeles, where he did not get a job in the movies. For a long time, Valentino could not even secure the most menial form of studio employment. One day he got a part in a picture at \$5 each day he worked as an extra, from Emmett Flynn, the first to see possibilities in Valentino. That film was tied up in litigation and it was not for several years the public saw it.

Valentino's meteoric rise actually began when June Mathis selected him for the role of Julio in "The Four Horsemen," his first great triumph. This was followed by another Rex Ingram picture, "The Conquering Power," and by Nari-mova's "Camille."

Suddenly the world was electrified with a new name—new customs, new songs and sayings, "The Sheik," Valentino's picture, had caught the public fancy through its romantic appeal to all peoples. "The Young Rajah," "Blood and Sand," "Monsieur Beaucaire," and "The Sainted Devil" were among the films that followed.

When the established star had so great a personal following that it was felt his name ranked with the highest, Joseph M. Schenck, chairman of the board of directors of United Artists Corporation, signed him to make pictures for release by that organization, signing Valentino with Mary Pickford, Douglas Fairbanks, Charlie Chaplin, and other United

Artists members. "The Eagle," his first film under the new arrangement, was produced on a magnificent scale and proved eminently successful.

By popular vote in thousands of theatre box offices throughout the world, Valentino returns in his new picture, "The Son of the Sheik," a sequel to "The Sheik," to the type of role that made him famous five years ago. Vilma Banky is his leading lady.

"The Son of the Sheik" will play at the Palace Theatre Wednesday and Thursday, September 22 and 23.

NOTICE.

There has been considerable criticism in regard to the moving of the building into the street near the Higginbotham Lumber Co. I wish to inform persons objecting to same that I complied strictly to the letter of the law.

First, I secured permission from the City Council before the building was moved.

Second—Please read Article 785 of the Penal Code of Texas, 1925. With reference to street obstructions in cities, provides: Art. 785. "Permission to Obstruct." No person shall be punished under the preceding article who places obstructions in the streets or alleys of an incorporated city or town for purposes of building or improving under the sanction of the governing body thereof.

I state further for the sole benefit of some of these town builders that Mr. Shuler isn't paying or hasn't paid any rent for the use of said building since it has been moved into the street.

Why not every one boost for the development of Snyder. There should be much more pleasure in boosting than in knocking.

H. G. TOWLE. UNCLE CHARLIE CHANGES HIS SUBJECT.

I want a word or more to the readers of the Scurry County Times-Signal. I talk to the readers first. The

readers of the Times-Signal are those who are posted on everything of importance that is taking place in the county.

There is a class of correspondents in the county who give the news of their respective communities in a real artistic way. The reader is informed of what has been done and of what is announced that will be done in a few days hence. They get the advertising in which they can many times take the advantage of and save much more than the cost of the paper. They get court proceedings and the election reports in which everyone is interested.

How could we, who read the paper, get along without knowing about Miss Roten's report among those who are being so much benefited through her instructions to the young people who are interested about things that are so useful.

Then, there is Mr. Carmichael's work. We want to know about his suggestions and see if there are not many places wherein we can make a great improvement. To race our lands, get better seed to plant, conserve our moisture, get and raise better hogs, keep a better class of milk cows.

We who read this paper not only get the county news, but we get quite a lot of state and national and international news.

The county paper brings the people in closer touch with each other. It brings about a friendly association. It brings about a community interest. The welfare

and prosperity of the one becomes the welfare and prosperity of all others.

The moral status of the one community becomes the moral status to some extent of all the other communities in the county. I tell you, we just cannot afford to let our subscription expire.

One word about the editorials. They are fraught with information and thought that is worth more than we can estimate. Why? They come from the pen of a man who is well educated and they give us real food for the mind.

One thing that I like to have forgotten: The editor of the Times-Signal gives a cash prize to the farmer who grows the most maize on five acres of land without irrigation. The one who gets this prize must give an account of how he planted, the kind of seed he planted and how cultivated the crop.

I imagine this alone has behooved us to raise more than we would have raised otherwise. The extensive poultry business into which many of our farmers have gone and are making quite a success; owes much of its success to our county paper.

The columns of this paper are always open for suggestions along this line, pertaining to the farm. This paper, if you will notice, is always on the moral side of every question. It deserves our support from that standpoint. It is drastic against the sin, but says naught against the sinner. It stands for the betterment of ever-

one who peruses its columns. I tell you again that we cannot afford to let our subscription expire.

Help Some One Else. Sometimes you can just suggest to a neighbor or friend that they would do well to become a subscriber of the county paper and they will go straightway and become a subscriber for it. Last Saturday I heard one man ask another if he was taking the county paper. He said his subscription had expired. He went at once and renewed his subscription. E. C. DODSON.

RESOLUTION.

Miss Farris Stevenson of the Home Demonstration Club at Hermleigh, the young lady who gave a report of her fine tomato patch some time ago, gives us this week a recipe for tomato catsup. Miss Stevenson has tested the recipe and declares that it is very good.

Tomato Catsup.

For every 2 quarts of blanched and skinned ripe tomatoes add 4 tablespoonsful of salt, 8 table-spoonful of sugar and 2 medium sized onions and a sprinkling of cayenne pepper; cook this until thick, then run it through a sieve. Place back on the stove, adding one pint of good cider vinegar and 2 tablespoons of mustard; cook until thick and smooth; place in jar and seal. Spices may be added (ground only) in the second cooking.

SEVERAL INJURED BY LIGHTNING.

COLORADO, Texas, Sept. 14.—Lightning struck the Dr. B. F. Dulaney Building in the center of the business section Monday night, damaging the building, burning out 100 telephones in the exchange which is officed in a persons. The injure of Dr. Dulaney, the owner of the building, is on the top floor and when the lightning struck it came down the electric wires into his office, burning them out and severely injuring P. B. Grubbs, a traveling salesman from El Paso, and knocked down Dr. Dulaney and his assistant, Mrs. Dallas Martin, Dr. H. G. Whitmore, who had an adjoining office, was also painfully hurt. Mrs. E. H. Hurd, who was sitting

a minor injury in a car, received a bruise on the neck.

Scores of people in that block and a number of the girls in the telephone office were slightly injured from the shock, but they were more frightened than hurt.

CATALOGUE SEASON

Overhead in a department store clerk, "Something for you madam?" Farmers wife, "No, I just received my catalogue and we order everything." This woman and two children were in the store resting, occupying the seat that should accommodate those wishing to try on shoes. The other three customers were running around the store and getting in the way of customers. Is this a fair way to treat your home-town merchants? You accept their courtesies but refuse to give them an opportunity to sell you a part of your needs.—The Plainview News.

This is the time of the year when you see catalogues from mail order houses in every mail box, both rural and town. The family upon its spare moments in the morning through its pages and making a list of their needs for the winter. When fall comes along the money you have will be spent somewhere and why not with your local merchants, who are here to serve you. They pay taxes for the upkeep of our roads and schools the same as you and are vitally interested in everything in your community, so why not give your home town merchants a chance to serve you instead of the big mail order houses who are out for the money. Local merchants in preference to mail order houses in some distant city. Read your local merchant's ads in your home town paper and give them a chance.—Post City Post-Dispatch.

The Times-Signal endorses the foregoing, and from its two contemporaries, but it has yet another side of it. Business men who would expect a country folk to trade with them ought to set the example by trading with each other. There are business men in Snyder who send to the cities for practically everything rather than trade with their fellow-merchants, or else expect their fellow business men to sell them goods at wholesale cost. Also, there are mail order merchants who expect business men to fight mail order concerns and to give

the farmers 'down the road' for patronizing 'mail order' houses, and those same merchants have their printing done by out-of-town printing concerns. Verily, "Consistency, thou art a jewel!" The Times-Signal believes that our farmers ought to patronize home merchants just as much as possible. It believes that Snyder merchants have good stocks of merchandise and that their prices are right, but we believe that business men should set the 'trade-at-home' example by trading with each other.

PIONEER DIES.

George Nunn, one of the earliest settlers of Scurry County, died at the home of his sister, Mrs. W. R. Sharp in this city, Tuesday, September 14, aged 69 years.

Deceased, who was familiarly known as "Uncle George," came to this country when only a young man, something like 44 years ago, and was one of this county's earliest settlers. He was born in Burton, Washington County, Texas, December 27, 1857. He leaves two sons, one residing at Dallas, the other in Washington, D. C.

Funeral services were held at the home of Mrs. Sharp in this city, Wednesday, September 15, by Rev. Wm. Jourdan; interment in city cemetery.

WALTER C. WALLS.

Walter C. Walls, son of Mrs. Tom Walls of Ira, was born in Comanche, Oklahoma, May 28, 1895; died at the family home at Ira, September 12, 1926, aged 31 years, 3 months and 14 days.

Deceased was practically reared in this county, and was an honest and upright young man. He was an overseas soldier and loved the flag for which he fought valiantly. His father, Tom Walls, died August 1, 1926, and since that time he has made his home with his mother.

Funeral and burial services were held by Rev. McGaha, at 5 o'clock, Sunday, September 12; interment in the Ira cemetery.

FAIR MOVEMENT GOING FORWARD.

At a meeting of the Chamber of Commerce, Tuesday afternoon, reports from a number of committees brought out the fact that the fair movement was going forward and that everything would be

6 Per Cent Money borrowed on farms and ranches. These loans pay themselves out at the end of 33 years. Very liberal options. Inspections made promptly. See us before securing your loan elsewhere. STOVALL & STOVALL Blackard Building.

ready for the event on the opening date, November 18th. To put over such a fair as would be expected of a county like Scurry is going to call for full cooperation on the part of every progressive man, woman and child in the entire county. It is going to call for some real service and considerable money.

Mr. Carmichael, our county agent, and Miss Roten, our Home Demonstrator, the Chamber of Commerce, under the leadership of President Wellborn, are right in the harness, but no three or four persons can put over a fair.

We understand that our poultry fanciers are already taking steps in the matter of poultry exhibits, and that our cattlemen and horsemen are making arrangements for exhibits. Our farmers are thinking of their feed and cotton exhibiting and are very enthusiastic over the prospects of a county fair.

The Times-Signal has been promised a complete premium list for next week's issue. If this list gets into the office in time, the Times Signal will be pleased to publish it free of charge. We understand that it is the intention of the several committees to offer some pretty attractive premiums.

But the thing most needed now is a hearty co-operation in the matter of getting money and a lot of preliminary work in matter of making the fair a real thing. Get busy now!

Henry Brice, Wayne Boren, Ivan Dodson, Earl Fish, T. L. Lollar and Hal G. Young were in Sweetwater Sunday. While there they enjoyed a game of golf at the Sweetwater Country Club.

Mr. and Mrs. Raymond Sims have had as their guests Mr. and Mrs. B. F. Condray and baby, Ben Roger of Waco. They left Snyder Wednesday morning of this week for Lubbock, where Mr. Rogers will take up his duties as professor of economics and business administration at the Texas Tech.

Putnam Crammes of Coahoma, Texas, was here Sunday visiting with relatives.

Mr. and Mrs. J. Lee Griffith of Cranfield, Okla., are here visiting with relatives.

Marshall Mason and family, and Mrs. Duckworth and family, all of Post City were Snyder visitors Tuesday of this week. Mrs. Ethel Cherry Eiland went to Stanton Friday of last week to bring home her son, Royce Cherry, who has been visiting there with his grandparents. Miss Reva Lewis returned to Snyder Thursday of last week from Cape Girardeau, Missouri, where she has been spending the summer with relatives. Reva will attend Snyder schools again this year.

TO THE VOTERS OF SCURRY COUNTY

I wish to thank you for your votes that elected me to again serve you and especially do I thank my many friends who worked so faithfully in my behalf and indeed do I want to thank the voter of County Line for I consider the unanimous vote there as not only an expression of confidence but a great tribute to my aged father and sainted mother. It will be my desire to repay these many favors in faithful service. I hold no ill will toward those who voted for my opponent and wish to be your servant also. I humbly ask the co-operation of every citizen in the discharge of my many and varied duties realizing that the measure of success attained will depend upon your support. Respectfully, HORACE HOLLEY.

O. M. Latimer and Gus Rosenberg were over from Winters Sunday visiting with Gus' brother, Henry.

Mrs. Lee F. Newton of Dublin, who has been visiting here with Miss Inez Kay, left the city Saturday for Abilene.

Mr. and Mrs. Earl Henry and son, Billy Mac, spent the past week-end here with Mrs. Henry's parents, Mr. and Mrs. Billy Sims.

Mr. and Mrs. J. V. Riley are visiting in Marlow, Oklahoma, with Sam Parker and family.

S. S. Williams and Jack Cantrell of Gail were in Snyder Thursday on business. Mr. Williams told a Times-Signal reporter that the fleas and worms had destroyed all hopes of a top crop and that

it looked as if the cotton crop in Borden County might be rather light this year.

Mr. and Mrs. Roy W. Dodson of Detroit, Mich., have been visiting Mr. Dodson's parents, Rev. and Mrs. B. W. Dodson, for several days. Mr. Dodson is corporation auditor for Uncle Sam, and audits the tax payments of the great automobile corporations of our great country.
