AND SNYDER SIGNAL

SNYDER, TEXAS, THURSDAY, SEPTEMBER 23, 1926

NUMBER 15

VOLUME XL

SNYDER TO GET MODERN HOTEL

Building and Furnishings to Cost from \$125,000 to \$150,000, With Everything Strictly Modern—Construction to Begin Within Next Thirty or Forty Days.

Plans and specifications are now being drawn for a modern hotel in this city. Some local capital is going into the hotel, but the principal owners will be Messrs. R. B. Ellifritz, managing director of the Adolphus hotel of Dallas, and A. M. Matson, manager of the Dallas company, one of the largest concerns in the country.

Messrs. Ellifritz and Matson were in Snyder several days ago and while here decided on the site which a committee of Snyder business men secured at a reasonable cost. The site is a frontage of 240 feet on North Cleburn Street and extends back to the lot just north of the two-story brick occupied by Winston & Clements.

The land was surveyed Monday and Tuesday and the contract for the erection of the building will be let within the next thirty or forty days. The building will be at least two stories and will contain fifty rooms, modernly equipped in every particular. The building and furnishings will mean an outlay of between \$125,000.00 and \$150,000.00. The building will be constructed of brick, of what is known as Mediterranean architecture and will be steam heated throughout.

The Times-Signal wants to congratulate the people of Snyder on being able to enlist the interest of such men as Messrs. Ellifritz and Matson in the matter of investing their money in Snyder. Not only will a hotel such as this propose to build be a great help to Snyder, but it will identify two of the leading business men of Dallas with the business men of our city and will no doubt be the means of securing other things equally as badly needed as is a modern hotel.

LETTER TO HON. J. A. MERRITT.

September 17, 1926.
Hon. J. A. Merritt,
House of Representatives,
Austin, Texas.
Dear Mr. Merritt:
Replying to your inquiry concerning the condition of Confederate Pension Fund, you are advised that the fund has been drawn on several occasions during the past two years.

Anticipating a substantial increase in the fund on account of the increase in tax from 5 to 7 1/2 per cent, the fund was made semi-annually has been in a large amount than the fund might have justified at the time, resulting in an overdraft. Warrants overdrawing the fund were paid by the State Treasury on September 1925. It was necessary to cover the overdraft, above referred to, before any material increase in apportionment for later quarters could be made.

When the increased tax became available there was not an expected increase in quarterly payments, since apportionments had previously been increased on account of expected increased collections. During my administration quarterly warrants have been increased from \$35.00 to \$45.00, or nearly 30 per cent, notwithstanding the large number of additions to the Pension roll, on account of the liberal amendment to the pension law passed by the 30th Legislature.

The increase in tax voted in 1924 was not available earlier than quarter ending February 29, 1926, being assessed for the year 1925. It was necessary to cover the overdraft, above referred to, before any material increase in apportionment for later quarters could be made.

During fiscal year ending August 31, 1926, there was deposited in the State Treasury to the credit of the Confederate Pension Fund, from all sources, the sum of \$2,259,642.58, all but \$2,637.03 being derived from the 7 1/2 tax. This sum allows and apportionment of \$594,910.64 each quarter.

Pension rolls for quarter ending May 31, 1926, show 12,243 persons entitled to full pensions, and 26 persons in the two homes entitled to one-half the regular apportionment, \$559,170.00 and \$27,430.00 in mortuary warrants during the quarter, total \$586,600.00.

This it will be readily seen that the appropriation now being made is really more than the pension justifies, but since there is a gradual decrease in number of pensioners on the rolls and an increase in taxable values, to be expected automatically a small but gradual increase in the quarterly payments will be justified.

Trusting that this information will meet your requirements, and assuring you that I am always at your command, I am,
Yours very truly,
S. H. TERRELL,
Comptroller.

BORDEN COUNTY NEWS FROM GAIL.

We appreciate the kindness of the editor of the Scurry County Times-Signal to offer us space in his paper for all the news we can give of Borden County.

The friends of Miss Miriam Hannabass will be glad to know that she is improving from her protracted illness.

Rev. W. W. Edgars, pastor of the M. E. church, was called to Waco Friday, his wife being very sick at that place.

The attendance at Sunday School was small, only 53 were present. There being no preaching Sunday night, the young folks met at the church, and had a good singing which was enjoyed by the old folks.

Rev. W. W. Edgars, pastor of the M. E. church, preaches on first Sunday at eleven o'clock at first 7:30, also third Sunday night.

Rev. L. D. Sanders, pastor of the Missionary Baptist church, preaches on second and fourth Sunday nights and Sunday.

On Tuesday after the first Sunday in October the Baptist Workers Meeting will meet with the Gail church. All the churches are expected to be represented.

District Court will convene here Monday, Sept. 27.
Mrs. J. Williams and Mr. Ross and Welforth of Lubbock spent Saturday night in Gail.

Mrs. J. L. Cantrell and little son of Amarillo, have been visiting relatives of Gail and Vincent. She returned home Saturday, accompanied by Misses Grace and Pauline Cantrell.

Mr. C. E. Reder and sons, Sid and Roy, spent the week-end here.

Miss Maggie Williams, County Clerk, visited at the Beal & Beal ranch and the W. D. Johnson ranch Sunday. She reports the finest crops of corn, maize and feterita that she ever saw.

And everyone has enjoyed his fine watermelons. Mr. J. A. Prosser, a prosperous farmer as well as a savvy lawyer, says the W. D. Johnson ranch has the most beautiful yard and flower garden he has ever seen.

J. D. Mitchell, who is working in a bank in Snyder spent Sunday with his wife and children.

Rev. L. D. Sanders of Snyder was in Gail Wednesday.

Sheriff J. R. Jenkins was in Snyder Friday on business.

Mr. J. R. Wills of Fluvanna was in Gail Sunday.

Mr. and Mrs. J. L. Martin of Snyder were visitors in Gail Friday.

Mr. and Mrs. A. M. Clayton, who live west of town, have gone to Lamesa to enter their children in school.

Lee Francis York of the Durham community has entered school in Snyder.

Tom Watson of Winters was a visitor here Wednesday.

Mr. Ross Pipkin of Sweetwater was here Monday transacting business.

SUNDAY SCHOOL ORGANIZATION.

The time is near at hand for many of our Sunday Schools to reorganize.

The pastor of a church is by virtue of his position the Chief Officer of the Sunday School. The next officer is the general superintendent. In case there is no pastor, the general superintendent is the chief officer.

The superintendent is either appointed or elected. Before a superintendent accepts a position so responsible, he should have a well-defined conception of what is involved in this office.

He cannot discuss the qualifications of the general superintendent now. Will do that later.

The pastor and general superintendent should prayerfully go over the work that has been done and is being done; then if some teacher or officer is a failure in any one of these departments, he should be placed where they can accomplish more good.

No one who has the Lord's work at heart will be wounded because of the change.

Some More Things.
No one person should hold two positions in the Sunday School if it can be avoided. There are a few instances wherein it is unavoidable especially in the rural Sunday Schools, where they are not departmentalized.

Sunday School ethics in organization is to give to just as many as possible something to do.

A Pungent Fact.
In appointing or electing officers or teachers; always get the best material possible. God can use those who are best qualified. God can use those who are progressive and aggressive in the work better than he can those who sit down and do nothing.

Non-progressive and non-aggressive officers or teachers, like a broken cog in a wheel. They do more harm than good. Each officer and teacher should so appreciate the place with which they are entrusted, that they will study and pray and work for efficiency and skill in the Master's cause.

Running water keeps pure, but stagnant water becomes filthy.

Advantages or Organization.
It distributes responsibility. It gets the work done. It organizes the work. It gets a kindred feeling among many. It inaugurates system, and brings order out of that which would be chaos without it. It does more good with less time than would be done without it. If cooperation is maintained then it wonderfully multiplies power.

A spirit filled church, with spirit filled officers and teachers in the Sunday School will work wonders in the evangelization of the community in which they exist.

There are only three classes of people who do not organize. The fool, the insane, and those who do not believe in it.

The first and second classes do not think with God.

God believes in organization. An organized trinity God, the Father, God the Son, and God the Holy Spirit, brought into existence everything from the atom to the universe. God has organized all the forces of nature. A drop of water starts from the cloud. The infinitesimal molecules of that drop of water make haste to form a globe and then hurry to the work and on its way there comes a light, but through a rifted opening in the thunders home and sheds its rays upon that drop of water and it witnesses in silent world shall never more be dejected but beautiful splendor that it stroyed by a flood.

If this is not satisfactory to that one who said from the sacred stand, "that we are organized to death," then let him step out some cloudless night and turn his eyes toward the limitless universe and behold the millions of worlds that bend with such graceful curves around each other and never the one collide with the other. Then wonder me not that an infinite God does not believe in organization.

God is in the very heart of every organized Sunday School that has for its objective or aim, the betterment of humanity, the evangelization of the world and the glorification of a kind, loving, sympathetic heavenly Father.

I will discuss the personal qualifications and duties of the officers later. E. C. DODSON.

DR. PARSONS DEAD.
Dr. G. J. Parsons was born in Johnson County, Texas, 1874; died in a hospital in San Antonio, September 15, 1926. Dr. Parsons had been in failing health for several months and his death was not a surprise to those who knew him best.

Dr. Parsons and Miss Annie Thompson of Canyon, Texas, were married 26 years ago. To the union were born four children, three of whom survive, namely, Mrs. J. A. Williams of Hoboka, and William and Russell Parsons of Ira. Dr. and Mrs. Parsons have lived at Ira for something like 14 years and had many friends there. The Times-Signal is informed that Mrs. Parsons is in a sanitarium and is in very bad health.

COTTON INSPECTION COMMITTEE RETURNS FROM TRIP TO SOUTH TEXAS

The committee appointed by J. A. Merritt, chairman of the Scurry County Staple Cotton Raisers' Association, to inspect the Mebane cotton seed breeding farms, has returned from its trip of inspection.

The members of the committee which made this trip were: A. M. McPherson, C. N. von Roder, H. M. Murphy, W. W. Merritt and Andy Frey. Jno. F. Carmichael, county agent, was appointed to assist this committee in any way possible.

Although the standards by which the farms were judged may have seemed rather rigid, the farms were all made to stand the same tests without favor or prejudice, and according to the basis upon which they were judged by the committee they stand as follows: Thorobred Cotton Breeding Farm San Angelo, Texas.—Breeding block looked good, good type of cotton, large bolls, 1-in. to 1-1/4-in. staple, a small percentage of off type cotton in breeding block, however. Commercial blocks or fields from which seed is sold had 1-1/4-in. to 1-1/2-in. staple, 8 per cent off type, average 93 1/2 per cent off type stalks, variety 89 per cent, type fair, rather too long jointed in general. (Certified.)

Mebane Cotton Breeding Association, Lockhart, Texas.—Breeding block looked extra good, choice type cotton, 1-in. to 1-1/4-in. staple, no off types, large, drooping bolls, stormproof quality very pronounced. Commercial fields from which seed is sold had 4 to 9 per cent off type stalks, no off types, variety 93 1/3, type good. (Not certified.)—Breeder refuses to be certified.)

Qualla Seed Farms, San Marcos, Texas.—Breeding block looked extra good, choice type of cotton, 1-in. to 1-1/4-in. and a few 1-3/4-in. staple, no off types, large, drooping bolls. Commercial fields in our counts or tests showed no off types, only one off type stalk found in all the fields we visited. Purity 99 per cent. (Not certified.)

Harper Seed Farms, Martindale, Texas.—Breeding block looked good, uniform in type, commercial fields 98 per cent pure in type, bolls rather small and too upright, 90 to 95 per cent, variety 93, type good. (Not certified.)—Breeder refuses to be certified.)

Roscoe Pure Seed Farms, Roscoe, Texas.—Breeding blocks without off types. Commercial fields extra good stuff in them, extra large bolls, choice type stalks and 1-in. to 1-1/4-in. staple. With a little roguing would equal if not surpass anything we saw, and being close to home we have been our choice if commercial fields were the same quality, but the commercial fields were not akin to breeding block. They were merely mass selections, and only 80 to 85 per cent, pure type. Type fairly good. (Certified.)

Thorobred—Lint percentage 38-40, staple, 1-in. to 1-1/4-in., uniformity, 89 per cent, desirability of type, 65.

Mebane Association—Lint percentage 38-40, staple, 1-in. to 1-1/4-in., uniformity, 93 1/3 per cent, desirability of type, 85.

Qualla—Lint percentage, 40, staple, 1-in. to 1-1/4-in., uniformity, 99 per cent, desirability of type, 90.

Harper—Lint percentage, 40, 1-in. full, shrddlet 40 to 40 to 40—one Marper—Lint percentage, 40, staple, 1-in. full, uniformity, 98 per cent, desirability of type, 80.

Roscoe—Lint percentage, 40, staple, 1-in. to 1-1/4-in., uniformity, 98 per cent, desirability of type, 90.

(Breeding block.)
Cllett—Not considered. This report is respectfully submitted to the COMMITTEE.

On Saturday, October 2, there will be a meeting of the Scurry County Staple Cotton Raisers' Association in the county court room at 2:30 p. m. the meeting is for every man buying any of the Thorobred cotton seed who does not belong to some co-operative selling association is urged to see the county agent in an effort to secure better prices for this type of cotton.

Mr. and Mrs. Morgan Stulting and Mrs. Stulting's mother, Mrs. Mary Ellis, of Big Spring are visiting in Snyder this week with friends. Mr. and Mrs. Stulting are back from their honeymoon, which they spent in Colorado State and the Rocky Mountains.

They left Snyder Tuesday morning, accompanied by Miss Evelyn Irvin, for Abilene to visit with Mr. and Mrs. Earl Henry and also attend the West Texas Fair.

Mr. and Mrs. Alvin Brock have returned from attending the teachers institute on the Plains.

The Women's Club called upon Mrs. Ben Scott Tuesday evening. Mrs. Scott having just returned home from Hermleigh where she has been for several weeks. Mr. and Mrs. Scott are the proud parents of a fine baby boy now. Ben is getting up in age to be called dad, but he will get used to it.

AN ENTIRE FAMILY WIPED OUT

Walter O. Wills, Prosperous Borden County Farmer, Kills Wife, Two Children and Then Takes Own Life at Family Residence, Near Fluvanna Monday.

BY JAS. H. TATE.
Last Monday morning, September 20, 1926, opened bright, promising and sunny. The weather was calm, the air was balmy and the sun shone brightly. Following the Sabbath day's rest our citizens arose at an early hour, and farmers were soon eagerly engaged in harvesting the fruits of their former labors.

Soon a runner rushed to a neighbor. Other runners rushed to town and elsewhere bearing news of a terrible tragedy. Phone lines got busy with the result that many plans were suddenly and completely changed. Autos were placed in service. Many people, including doctors and officers from two county seats, rushed to the fateful, gruesome scene. A heavy pall of gloom and grief settled over our erstwhile cheerful and industrious community. What a change! How unexpectedly! How dreadful! A whole family of four members had come to a sudden and tragic death. The state of mind over the whole community was suddenly changed. Cheer suddenly gave way to sorrow and grief. Conversation was conducted in subdued tones, and laughter gave place to tears. An industrious, quiet, peaceable and respected family, residing on the farm some six miles northwest of Fluvanna had suddenly been ushered into eternity.

The coroner's inquest was to the effect that Walter O. Wills had killed his wife and two young daughters, then committed suicide. The writer visited and viewed the gruesome scene but he will not here undertake a detailed description of it. Suffice it to say that Walter, suffering from failing health and an unstable state of mind, suddenly set to work, with shotgun in hand, to end it all. Evidently he had a struggle with his wife and wife. The gun stock was broken off and Mrs. Wills and the two children had been beaten over their heads until dead or dying. The all was done in the open, a few yards from the residence. Then, it seems Walter went to the kitchen and attempted to cut his throat, but failing in this effort, he managed to fire a fatal charge from the broken gun, hitting the vital of his own body. Only the younger child was breathing when neighbors began to arrive on the scene; but she soon passed away.

Why all this should occur is a mystery. Walter, as he was familiarly called, was the elder son of Mr. and Mrs. J. R. Wills, who have resided in the Fluvanna community for many years. Walter grew to manhood and married Miss Olivia Whitley here and have, ever since, resided in this community. So far as the writer knows, he has been able to learn from others, Mr. Wills was a peaceable, kind and devoted husband and father. He was also a good neighbor and highly respected by those who knew him. The generation accepted excuse, or cause, of the tragedy was a wavering mental state growing out of despondency and failing health.

Having discovered that some such condition existed, the family connection had, for several days, been keeping a fairly close watch over the patient. The only brother, R. B., with his wife, had spent Sunday night in Walter's home. So far as the writer knows, it was reported that his brother was unusually cheerful Monday morning, talking freely with the members of his family and his visitors, and that he offered thanks at breakfast. Soon after the morning meal R. B., with his family, went home (about half mile away) to attend to their home affairs and resume their usual work on the farm. In less than an hour's time, R. B. heard a gun fire from the direction of Walter's home. To him this was a signal for action. He hastened at once to see if anything had gone wrong. His findings were as above indicated.

A Snyder undertaker, Mr. Forman, was called who prepared the bodies for burial. Funeral services were held Tuesday afternoon, at the open tabernacle, in the presence of the largest congregation ever assembled at that place for a funeral. More than 150 cars were parked about the tabernacle. Not including relatives, 611 people were counted as they filed through between the two lines of white and gray caskets. The floral exhibit was also the largest ever seen here. Mr. and Mrs. Wills were members of the Christian church, consequently Rev. E. Christian, a former pastor here, but now of Lubbock, assisted by Rev. S. A. Ribble and Charles Bankhead of Snyder, conducted the service over the remains of Walter O. Wills, age 33; Maggie Elizabeth, age 9, and Shirley, age 7. Following the service a large company of people repaired to the cemetery where the four caskets were placed, side by side in one large grave.

When all was done the one large dome, mountain-like, rising above the four caskets, was covered with beautiful flowers, the gifts of many friends, and fitting symbols of the high esteem and love in which the departed were held in the memory of a host of friends, as well as loving expressions of sympathy felt for all the bereft members of the stricken family.

Relatives from out of this community attending the funeral were as follows: Mr. and Mrs. John Wills and daughter, Mrs. Kirk Wills, Mr. and Mrs. Tom Bell, all of Killeen, Texas; Mr. and Mrs. John Austin of Cross Plains; Mr. and Mrs. David Whitley of Capi-

DR. WILL HOGG STRICKEN.

The report that Dr. Will Hogg was dead reached Snyder the past week, but later reports stated that he was now at his home in Memphis, Tennessee, recovering from stroke of paralysis sustained while in a meeting at Ranger, Texas.

He was discovered by a co-laborer in the meeting leaning against the railing of the basement airway. The minister thought Dr. Hogg was in a deep study and did not molest him. A few minutes later, Dr. Hogg sank to the floor. He received immediate attention, and soon revived, whereupon he smiled and said: "I believe I've been flirting with the undertaker."

Dr. Hogg was stricken on the last night of his big meeting, and it is said that there were 12,000 in the big auditorium to hear him. Rev. Hogg has many admirers here who will regret to learn of his illness, but will be pleased to know that he bids fair to recover.

OUR BORDEN COUNTY CORRESPONDENT.
The Times-Signal is pleased to announce that we have secured a Borden County correspondent in the person of Mrs. A. J. Cantrell of Gail. It is the intention of the Times-Signal and the desire of Mrs. Cantrell and a number of other leading citizens of Borden County that the Times-Signal run a whole section each week of news pertaining to Borden County. This can be done if Borden County folk will co-operate with Mrs. Cantrell in getting the news.

The Times-Signal has a large circulation, and a good newsy letter each week in the columns will be of great benefit to the entire county. Therefore, if you know of an item of interest, Mrs. Cantrell and the editor will appreciate it if you will kind enough to report it to her.

Step by step the Times-Signal is branching out in an effort to make it a better paper, and there is no other one feature that will help in this matter than a list with a large list of good assistant editors.

CAR DESTROYED BY FIRE.
A Buick car turned over and was burned on the highway near Dermott Tuesday. The car was owned by an Abilene man, it is said. No one was seriously injured.

HERMLEIGH.
Mrs. Cecil Long of Colorado, Texas, visited her mother, Mrs. Breeden, last week.

We are glad to report Miss Effie Drennan's condition is improving and that she will soon return home.

Mr. E. W. Altman was a business visitor in Loreine Monday. Mr. and Mrs. John Lynde visited at Justiceburg Sunday.

Messrs. S. C. Randalls and John Jackson transacted business in Snyder Wednesday.

On account of the rush of harvest the opening of school was postponed a week. It is announced to begin Monday, September 27.

Mr. C. H. Callis and family visited on the Plains last week.

Mr. and Mrs. S. C. Randalls visited in Loreine Saturday and Sunday. They report that crop conditions around Hermleigh look better than on the Plains.

Mr. W. L. Murphy, who has been in Amarillo the past two months, has returned home and accepted a position with Harkins Grocery Co.

Mr. J. J. Henry and son, Elmer, are in New Mexico this week on business.

Mr. P. E. Harris, brother-in-law of Mr. S. W. Seay, is visiting his brother in Rotan.

POLAR MAN SERIOUSLY INJURED.
J. H. Mitchell of Polar was seriously injured in rather an unusual manner last Sunday. He was riding the running board of a friend's car, when a blowout occurred, throwing Mitchell from the running board into a barbed wire fence. The impact against the wire cut the young man's throat from ear to ear but fortunately did not sever the jugular artery. He received other cuts and lacerations. He was brought to Snyder Monday for treatment, and later reports stated that he would recover unless complications set up.

American Railway Express has authorized that all shipments of food, clothing, medicine and other emergency supplies consigned to the Red Cross and other relief organizations in the States of Alabama and Florida, shall be sent free of charge.

tan, New Mexico; Mr. and Mrs. J. R. Whitley of Tatum, New Mex.; Mrs. Louise McCann of Snyder, Mr. and Mrs. S. R. Gidley of Luling, Texas; Mr. Copeland and family of Blackwell; Mr. and Mrs. Wyatt Sturdivant; Mr. and Mrs. A. P. Gannaway, Ira Sturdivant, Mr. Tom Sturdivant and family, all of Hermleigh; Mrs. Jake Ross of Roscoe; Mr. and Mrs. N. E. Boren of Lamesa; Mrs. Ayers of Stanton. On account of the extent of this article, we are omitting all other news items from the Fluvanna column this week.

Scurry County Times and Snyder Signal.

CANYON ITEMS.

The weather this past week has not been very favorable for the farmers of this community, but we have far better weather and better results in our field work this week.

We did not have a very large crowd out to Sunday School, Sunday afternoon, and we take this opportunity to extend a special invitation to everyone who wishes to come and join us.

Miss Evelyn Taylor of Snyder has been visiting her brothers, Ed and Roy Taylor, of this community the past few days.

Mrs. Alma and Maud Taylor and Mrs. Marie Cruse and Miss Jimmie Gardner were sent as messengers to the association this last week.

Mr. and Mrs. L. F. Sterling visited Mr. and Mrs. R. S. Burrow Sunday.

Mae Crowder, Wilma Smith, Carl Golden and Morrell Burrows took supper with Miss Zelma Huckleberry Sunday evening.

Delia Mae Hatcher visited Virginia Layne Sunday afternoon.

Carl Golden is leaving for Lubbock Thursday, where he intends to enter school.

Mr. and Mrs. Green and children spent Sunday with Mr. and Mrs. Hatcher.

Herbert Lilly of Sweetwater is visiting his mother, Mrs. R. E. Adams.

Mr. and Mrs. Horace Henry were visiting Mrs. Holley's parents, Mr. and Mrs. J. S. Golden, Sunday.

Ward Golden left last Thursday for Canyon City where he is entering school for this term.

Mr. and Mrs. Fowler visited Mr. and Mrs. John Layne Sunday evening. News is scarce this week so good evening.—Reporter.

CARD OF THANKS.

We wish to thank our friends for their kindness and goodness in our sad bereavement caused by the loss of our father. Such acts shall always be remembered by us. Mr. and Mrs. J. S. Williams, William and Russell Parsons.

CLUB REPORT.

Much pleasure and instruction was derived from the first meeting of the low seventh English Club Friday afternoon, September 17.

How can we improve the attendance of our society—Adelle Baugh. Mizpah.

TO MAKE LIFE EASY.

Jesus Christ came to make life as easy for all of us as it can possibly be made, but all burdens cannot be taken off our shoulders. Next Sunday morning at the Methodist church the subject will be, "How easy did Jesus intend to make Human Life. Don't fail to be present and hear it at night, the subject will be, "The two biggest fools in Scurry County." If you come to church and hear this sermon, I really believe that you will not be called one of these two big fools. Don't miss either of these sermons next Sunday. Extra special sermons next Sunday. Be there.

B. W. DODSON, Pastor.

G. O. Harris left Snyder Monday morning of this week for the Plains.

A Short Cut --- to Long Distance -- on Station-to-Station Calls

TO facilitate the handling of Long Distance station-to-station calls you may now give your call direct to the local operator. When she asks, "Number, please?" give her the name of the distant town or city and the number of the desired telephone. She will see that your call is completed as quickly as possible.

Calls for a number to any point in the nation may be given to the local operator. All other long distance calls must be passed to the Long Distance operator in the regular way.

Calls handled in this manner take the station-to-station rate.

Bulbs--- and the plant you don't see

HERE'S a curious reversal of nature. Bulbs in plain view, but the plants out of sight—and too often out of mind.

But if you value the electric light bulb, you must not ignore the far-reaching plants back of it.

You can light your light only because there are miles of distributing lines which connect your house with the generating stations; because there is an equipment of stokers, boilers, generators; because there are men on the job night and day to keep that equipment in order.

You ought to know about this, because they are your plants—the plants of the West Texas Electric Company. Keep posted on what we are doing, and if you like the service, good! If you don't why not tell us.

"Your Electric Servant"

West Texas Electric Co.

Mr. and Mrs. Dick Wilcox and children spent Sunday in Lamesa with Jim Bridgeman, who is now employed at the Cooper Hardware and Furniture Company of that city. Mr. Bridgeman accompanied them home and spent Sunday night, returning to Lamesa early Monday morning.

Miss Lill Jo Wilson left Snyder Sunday morning for Brownwood, where she has accepted a position as head of the ready-to-wear department of a large store in that city.

Marshall Higgins and Dave Sudeth spent Sunday in Kent County hunting.

Mrs. John Greene and Mrs. Harvey Shuler left here Monday morning for Dallas to spend the week with their mother, Mrs. O. P. Trueblood.

Mrs. Ruby Sparks, daughter of Dr. and Mrs. I. J. Sparks, began her school in Boger, Texas, Monday morning, September 20.

Mr. and Mrs. Logan Williamson of Stanton spent Sunday here with relatives.

Mr. and Mrs. R. L. Putnam of Amarillo spent Saturday and Sunday here with Mr. Putnam's sisters, Mesdames John L. Greene and Harvey Shuler. The party spent Sunday in Big Spring with another sister, Mrs. Lon Preston.

J. A. Roberts of Anson visited here Saturday and Sunday, returning to Anson Monday morning.

J. Collie Fish was over from Colorado City Sunday to visit with homefolk.

Nathan Rosenber of Brownwood has been a business visitor in our city.

Mr. and Mrs. H. O. Smith moved last week to Lubbock, where they will locate permanently.

IN THE COUNTY COURT OF SCURRY COUNTY, TEXAS. STATE OF TEXAS. County of Scurry. First National Bank, Plaintiff, vs. Coy Watkins and G. W. Edmonson, Defendants.

Whereas, by virtue of an execution issued out of the County

Court of Scurry County, Texas, on a judgment rendered in said court on the 13th day of May, 1926, in favor of the said First National Bank of Snyder, Texas, and against the said Coy Watkins and G. W. Edmonson, No. 955 on the docket of said court, I did, on the 6th day of September, at 2 o'clock p. m., levy upon the following described tract and parcel of land situate in the County of Scurry, State of Texas, and belonging to the said G. W. Edmonson, to wit:

All of the interest of the said G. W. Edmonson, in and to the

N. one-half (N. 1-2) of Section No. 437, Block 97, H. & T. C. Ry. Co. Survey in Scurry Co. Texas, the same containing approximately 329 acres of land and being generally known as the Edmonson farm near Dermott in Scurry County, Texas.

And on the 5th day of October, 1926, the same being the first Tuesday of said month, between the hours of 10 o'clock a. m. and

4 o'clock p. m. on said date, at the courthouse door of said County, I will offer for sale and sell at public auction for cash all of the right, title and interest of the said G. W. Edmonson in and to said property above described.

Dated at Snyder, Texas, this 7th day of September, A. D. 1926.

J. H. BYRD,
 Sheriff, Scurry County, Texas.

No Pellagra After Three Treatments

Dr. W. C. Rountree, Texarkana, Texas.

Dear Doctor—I had Pellagra five years. I was nervous, had stomach trouble, rash on hands and arms, skin itched and turn brown, sore mouth, could not eat or sleep, lost weight and got awful weak. I tried many treatments. Took Hypodermic six months, got no relief. I took 3 of your treatments and was well of Pellagra. I wish I could influence every one who has this terrible disease to write you, W. W. FULTON, Mico, Texas, Rt. 1.

Dodds Kash-Karry

To the Farmers Of Scurry County

We have purchased the Farmers' Union Gin and have thoroughly overhauled, re-arranged and installed machinery which includes a Hardwick-Etter Burring and Cleaning System that removes the burrs and at the same time cleans the cotton thoroughly after the burrs have been removed. By this process you are assured of clean, white cotton. We also own and are operating the Yellow Gin, formerly known as the Williams & White Gin, located east of the Square.

We earnestly solicit a share of your Business

ERNEST TAYLOR, President
H. P. WELLBORN, Vice-Pres. SAM HAMLETT, Cashier

FRIENDLY

The farmers are still gathering feed and adding to their crib room. Our enterprising neighbor, Mr. L. L. Eubanks, has been adding to his feed bins. We can't see how he has had time to raise melons he has raised and hauled off.

Some of our neighbors have been prospecting in South Texas the past week—Mr. J. L. Weathers and wife, W. F. Burney and others—looking over the Medina irrigation propositions. Some of them were delighted and some not. Anyhow they all reported a good time. They reported seeing some deer and lots of turkeys and the fish stories. Well, we cannot enlarge on them for the like of space. In fact we think they were large enough.

The health of our community is pretty good at present.

Sunday School.
We had an average attendance Sunday.

Singing was well attended Sunday evening at Bison and we had some real good singers from Murphy community. We invite you back every first and third Sundays.

The Blue Ribbon Club.
The club met with Mrs. Chas. Wellborn last Wednesday and quilted four quilts. We will meet again Thursday, Sept. 23.

Miss Roten will meet with us and give an ice cream demonstration. Born to Mr. and Mrs. Johnnie Davis of the Sharon community, a girl. The mother and baby are doing fine.

Mrs. Henry Clark was shopping in Snyder Wednesday afternoon. Mrs. T. B. Carter was shopping in Snyder Wednesday.

Mr. and Mrs. H. P. Wellborn of Snyder took dinner with Mr. and Mrs. Chas. Wellborn Wednesday. Mr. and Mrs. Owen Miller Friday night.

Mr. Paul Davis and family visited in Snyder Saturday.

Mrs. Andy Trevey was shopping in Snyder Saturday afternoon.

Mrs. Whit Thompson and children were visiting at Knapp Monday afternoon. —Reporter.

PROGRAM PARENT-TEACHERS ASSOCIATION, THURSDAY, OCTOBER 14.

Preparatory—By President. What Should Be the Keynote of This Year's Undertaking—Mrs. R. L. Howell. Reading—Elaine Rosser.

General Discussion, Some Ways of Making a Better Parent-Teachers' Association—Led by Mrs. McCoach.

MRS. J. T. WHITMORE, Chairman.

MOORE'S STUDIO CHANGES HANDS.

A deal was consummated Wednesday evening in which Mr. and Mrs. E. P. Moore of the Moore's Studio sold the photograph department of their studio to Mr. and Mrs. D. C. Rogers of Amarillo. Mrs. Rogers is an experienced photographer and is the daughter of Rev. S. A. Ribble of this city. They will take possession of the studio the first of October. Mr. and Mrs. Moore will remain in Snyder until they dispose of the Art Department of their studio.

BOY HURT BY CAR.

A son of Mr. and Mrs. Will Miller of this city was knocked down by an automobile and sustained a broken collar bone while on his way to school Wednesday. Late reports stated that he was getting along nicely.

Dr. Avary was over in Borden County last Friday on business.

Misses Lucile Strayhorn and Hattie Horn visited in Colorado City Sunday afternoon.

PATENTS GRANTED TO RESIDENTS OF TEXAS.

George Wallace Smith and Patrick Davis of San Antonio. Gas meter. This relates to gas meters and the like and particularly to means for preventing the accidental derangement of the operative members of such devices.

Robert J. Brown of Beaumont. Educational device. A further object of this invention is to provide an operating shaft below the frame of the device, and which shaft is provided with a worm which meshes with the worm gear and forms means whereby the device may be operated. Mr. Brown assigns one-half of his patent to John W. Bennis.

CANYON ITEMS.

The farmers are busy at present gathering their feed and cotton. We are having some very favorable weather for such work this week.

There was no Sunday School and singing at Canyon Sunday afternoon.

The health of our community is very good at present.

Mr. and Mrs. R. S. Burrow and children were visiting friends in Snyder Sunday.

Mr. and Mrs. Ed Taylor, Mr. and Mrs. L. F. Sterling visited Mrs. J. B. Taylor of Snyder Sunday.

Roberta Burrow spent last Sunday with Delia Mae and Clytie Rene Hatcher.

Gladys and Herbert Lilly, also Audrey Burrow and Vivian Sterling visited Evelyn Gaylor of Snyder Sunday.

Zelma Huckleberry spent last Wednesday night with Vivian Sterling. There will be Sunday School at Canyon Sunday afternoon. Everyone come and bring someone with you.—Reporter.

Rev. J. W. Watson of Lamesa passed through Snyder Tuesday en route to Abilene to attend the McMurry-Tech football game.

Mrs. Edna Tinker returned to Snyder Friday of last week from Fort Worth.

Mr. and Mrs. Warren Smith, Miss Alva Wheeler and Mrs. Yates Brown of Merkel were the weekend guests of Misses Bill and Annie Mae Swann.

Mr. and Mrs. E. W. Clark, and grandson, Gene Camp, of Fort Worth, were in Snyder last week visiting with friends.

John Mac Brooks of Dallas, a business visitor here last week.

Mr. and Mrs. J. O. Wolf of Colorado City spent Saturday night and Sunday with Mr. and Mrs. C. N. Smithers.

Pete Brady is here from Austin attending to business.

NOTICE TO THE PUBLIC

For the benefit of my friends who might be unsuspecting and unduly imposed upon, I am publishing below a portion of the Embalmers' Laws and the penalties taken from the Revised Statutes for violation of the Sanitary Code of Texas, as will be seen in Paragraphs 2 and 3.

1. Any person not a holder of an embalmers' license issued by the Texas State Board of Embalming, embalming or attempting to embalm a dead human body, except under the immediate and personal direction of a licensed embalmer holding a license issued by the Texas State Board of Embalming, same having been duly renewed and in good standing, shall be considered to be practicing embalming if he shall attempt to disinfect or preserve, or both, any dead human body, entire or in part, by the use of chemical substances, fluids of gases ordinarily used, prepared or intended for such chemical substance, fluids or gases on the body, or by the introduction of same into the body by vascular or hypodermic injection, or by the direct application into the organs or cavities.

2. Any person who shall violate any of the rules or regulations herein set forth in connection with the care or disposition of the dead shall be deemed guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not less than \$50.00 or more than \$100.00 for each and every offense.

3. "Any person who shall violate any of the rules, regulations or provisions of the sanitary code of Texas as herein set forth shall be deemed guilty of a misdemeanor and, upon conviction, shall be fined in any sum not less than \$50.00 and not more than \$1,000.00."

4. Each and every body operated on by any person not holding a license issued by the State Board shall constitute a separate and distinct offense and will lay such person liable to prosecution in each case.

5. It is the duty of every licensed embalmer in the State of Texas to report immediately any violations of the rules and regulations of the Texas State Board of Embalming and the law under which same are formulated, to the Secretary of the State Board.

Ralph H. Odom

The Only Licensed Embalmer in Scurry County

SNYDER, TEXAS

WHATLEY ITEMS.

We are having some beautiful weather now and the farmers are all making use of it. Most of the farmers are picking cotton while some are gathering their feed, some are needed very badly in our community.

Mr. and Mrs. Charlie Lyons have returned from the Plains to gather their cotton.

Mr. John Parker is going in the chicken business. He has ordered 500 little chicks. We are wishing him good luck in his undertaking.

Mr. Lane narrowly escaped getting rattlesnake bit a few days ago. He went to the corn field and gathered a sack of roasting and emptied them out on the ground near a rattlesnake and as he sat down to shuck the ears his little dog ran up between him and the snake just as the snake struck and hit the dog in the eye. Mr. Lane believes the Lord just spared his life.

Last Sunday Miss Donnie Davidson gave a birthday dinner, it being Donnie's and Bessie Lane's birthday. Those present were: Mrs. Koots and children, Mr. and Mrs. Homer Davidson, Mr. and Mrs. Butts and Misses Nellie Buffalo, Ruby Metcalf and Bessie Lane. All reported a fine dinner and a nice time.

Mr. and Mrs. Tom Vickery and son, J. T., from Turner visited with Mr. and Mrs. Henry Metcalf Sunday.

There was preaching at Whatley Sunday evening. There was a good crowd attended.

Mrs. Metcalf gave a corn canning last Tuesday. Those present were: Mr. and Mrs. Lane, Mrs. Annie Jewell Metcalf and sister, Lamb Hawkins from Camp Springs. There were 150 No. 2 cans filled.—Farmer.

POLAR CITY NEWS.

We had a large crowd at singing Sunday night.

Mr. and Mrs. J. A. Martin, Mr. S. O. McFall, and Mr. Dan Blair attended meeting at Watts Sunday evening.

Mr. and Mrs. W. J. Cargile, Mrs. Vera Cargile and Mr. Dan Blair ate dinner with J. E. Sanders of Dermott Sunday.

Mr. A. C. Cargile, Mr. Jeff Cargile, Mr. Earnest Peterson and Mr. and Mrs. Burton Moore of Polar went to Lamesa Sunday to see the ball game between Lamesa and Fort Worth.

The young folks had a party at Mr. and Mrs. A. C. Cargile's Thursday night. All had a nice time.

Mr. and Mrs. Charlie Cargile spent Sunday evening with Mr. and Mrs. W. E. Capps of the Durham community.

Misses Ray and Zayz Mitchell and Miss Era Massingill spent Sunday evening with Miss Teacy Cumble.

Mr. and Mrs. Tom Squares are back at Polar.

Miss Gill, Miss Todd and Mrs. Martin are the Polar school teachers.—Dotts.

KNAPP KNAPPLINGS.

Well, we are having some real summer weather. The worms having eaten the foliage off the cotton but it sure is popping open and the scarcity of pickers has got us to guessing what will be the results, but if the weather spared his life.

Regarding Portieres

Make home inviting for the indoor months. Portieres and other interior hangings add greatly to the beauty of the home, but they are dirt catchers and require regular cleaning. If this were a home task you would be warranted in putting off such a heavy job. But it is a task for the experienced dry cleaner. Let our scientific service come to your aid. No work for you. All you need is our telephone number and you will find it printed below. Let us help you to make home attractive for the cold winter months

Snyder, Texas

EAST SIDE CHURCH OF CHRIST.

Song and Bible study 10 a. m. Preaching at 11 a. m. and 8 p. m. by Bro. Showalter. Let us have a good attendance. It was encouraging to see so many new faces last Sunday.—Recorder.

TIMES-SIGNAL SIGNALS.

The next great invention by man will probably be something the women will refuse to wear. If all the money in the U. S. was divided equally each man in Snyder would have \$40.02 to spend for gasoline.

The greatest mistake Uncle Sam made was in not starting in to tell his troubles before France got started on hers.

Scientists say stretching is good for the health. Then catching a fish isn't as good exercise as telling about it.

Some of the young people around Snyder might think more of the future life if you could play jazz on a harp.

A woman can shingle her hair, put on knickers and smoke cigarettes, but she will still scream when she sees a mouse.

The first quarrel after marriage worries a man almost as much as the first dent he gets in a fender of his new car.

If Snyder men ever have to do the housework, factories that make paper plates and cups will be working overtime.

Why is it that when a man is satisfied with his job his wife is seldom satisfied with him in the job?

Maybe the reason the supply of homely girls never runs out is nature wants to be sure that the man who wants a good wife can get one.

We've about come to the conclusion that the amateur weather prophets around Snyder don't know much more about the weather than our government forecasters.

A couple without children always seems able to find trouble of some sort to fill the vacancy.

It takes a lot of money for a woman to keep up with the new styles—and also a lot of nerve.

Sometimes you can tell by looking at a Snyder woman's husband whether or not she married just to keep from being an old maid.

We see where a sad-looking hero has arrived in the United States to teach Americans how to be happy.

About all college does for some farmer boys is to educate them so they can't tell when it is going to rain.

If you want to find a Snyder girl who thinks she is the unluckiest girl in the world, try to find the one who has to wear her big sister's dresses when she grows tired of them.

Some residents of Texas still feel that "Ma" Ferguson may run for office so often that she'll wear the office out.

The outcome of the World Court Snyder boy one-half as much as wrangle isn't worrying the average what a new pair of shoes are going to do to his feet after he has gone barefoot all summer.

Soft words turn away wrath in some cases and in other cases they only serve until a fellow can get hold of a brick.

They can scoff if they like about "hog-calling contests," but they are far ahead of grand opera singing over the radio.

Any Snyder man who has walked along a well-traveled highway can believe that there are 24,000,000 autos in the United States.

It begins to look as though it's a rare senatorial nomination that doesn't have a few purse strings

attached to it.

President Coolidge says business is on the up-grade. Yes, we've still got a lot of steep prices.

Funny thing about some Snyder men. They'll stand up all day and argue in favor of a certain church and then never go inside it.

Elephants are said to live 300 years. Maybe that's because they never try to reduce their weight.

An eastern doctor has discovered a drug he says will abolish sleep. A new baby will do the same thing.

No Snyder citizen would object to dodging autos if it wasn't for the dirty look he gets from the driver.

Two Nebraska bootleggers are in jail on a diet of bread and water. We suppose the bread is to help get the water down.

School has been in session for sometimes now and yet it will be several weeks before all necks and ears are clean.

What the average Snyder housewife would like to know is why a cook book invariably calls for something she hasn't got in the house.

A happy home is one where father hands out generously and gives in without argument.

We see in a Georgia paper where a sheriff down there re-

cently bit a prisoner, but it doesn't say whether or not he first put a little salt and pepper on him.

The only thing more foolish than giving a Snyder boy a Park to eat cake with is giving a modern bride a darning outfit.

Miss Maurice McClinton returned from Commerce where she has been visiting with Mrs. W. E. Gallion in time to begin school last week.

Mr. and Mrs. J. V. Riley are back from Lawton, Oklahoma where they have been visiting relatives.

Mrs. J. E. Glen and daughters, Hattie and Fay, have returned to Snyder from Stiles, Texas, where they have been visiting with Mrs. Glen's sister, Mrs. E. I. Cunningham.

R. D. Johnston and daughter, Miss Ruth, of Coleman, Texas, have been in Snyder visiting Mr. Johnston's sister, Mrs. Jim Lockhart.

Mrs. R. J. Randals and baby, James Thomas, went to Hamlin Saturday to visit with Mrs. Randals' mother. They returned home Sunday.

MARION DAVIES with CONRAD NAGEL

HERE'S a picture with the charm that made "Little Old New York" such a smashing hit. Beautiful Marion Davies in a dual role in a film that sparkles with delightful comedy, and moves with authentic romance and drama.

A great picture of the days when Broadway was a love's lane!

Directed by MONTA BELL from the Broadway play, "Merry Wives of Reformation," by LAURENCE EVERT. Adapted by Carey Wilson.

PERFECTION Oil Cook Stoves and Ovens

John Keller

South Side Square

What 30 Years of Cooking taught Mrs. Rorer about Stoves

By MRS. SARAH TYSON RORER Philadelphia Cooking Expert

"I PREFER oil stoves to any other kind. I speak from the fullness of 30 years' experience with them. Oil is clean, economical, and dependable. It saves a world of work. No coal or wood to carry in, no ashes to carry out. And no dust."

"I have just completed a special experiment on the 1926 model Perfection Oil Stove, testing it under all possible cooking conditions. I cooked many meals in my own kitchen. Every dish was deliciously cooked."

"Steak began to broil and my molasses cake began to rise almost as soon as I lighted the burners. There was no waiting for the heat to 'come up.'"

"The bottom of every utensil used in the experiment was as clean as a china dish. No scouring was necessary. Those long Perfection chimneys certainly are insurance against sooty kettles."

"I cooked many things at once. For boiling beef I used a very low flame. I French-fried potatoes over a hot flame with yellow tips about 1 1/2 inches high above the blue area. I cooked white sauce over a medium flame."

"I used all grades of heat at the same time satisfactorily."

All flames remained steady and even. They did not creep or 'crawl.' This is a real blessing to the cook. She can forget her stove and keep her mind on her cooking.

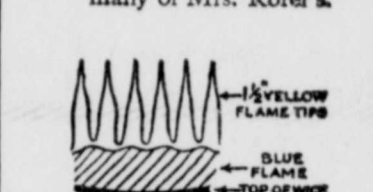

"Very Well Satisfied" "Altogether I was very well satisfied with the Perfection Stove. And, my good opinion of oil stoves has increased, if that is possible."

4,500,000 In Use The other five famous cooks were enthusiastic about the 1926 Perfection, too. And every day 4,500,000 women get real cooking satisfaction from their Perfections. You, too, will get the most cooking satisfaction the year around when you cook on the latest model Perfection.

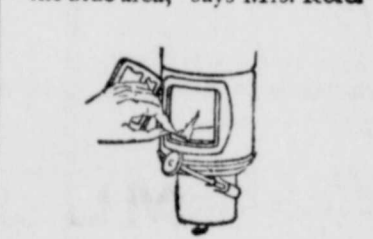

See the complete line at any dealer's today.

All sizes, from a one-burner model at \$7.25 to a large, five-burner range at \$130.00. Buy the stove endorsed by Mrs. Rorer and the other five famous cooks, the 1926 Perfection. PERFECTION STOVE COMPANY Dallas Branch: 825 Frank Avenue

Send today for our free booklet "Favorite Menus and Recipes of 6 Famous Cooks." Contains many of Mrs. Rorer's.

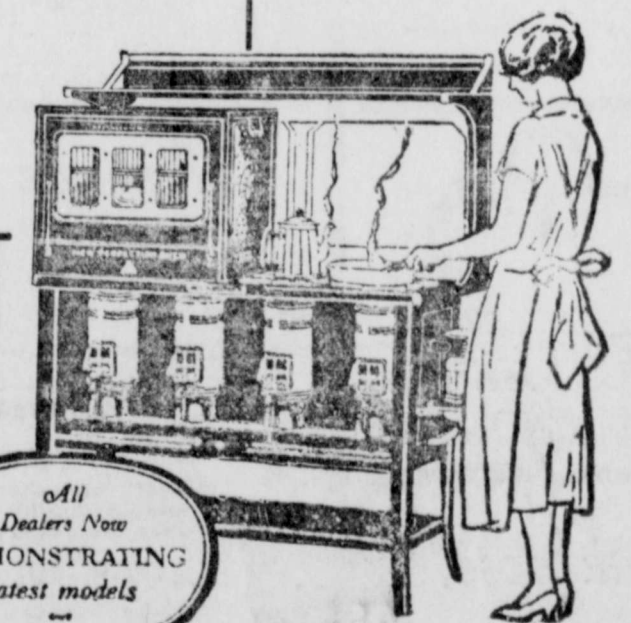

"Use this flame for pre-heating the oven for cakes. It has yellow tips about 1 1/2 inches high above the blue area," says Mrs. Rorer.

PERFECTION Oil Cook Stoves and Ovens

WARNING: Use only genuine Perfection wicks on Perfection Stoves. They are marked with red triangle. Others will cause trouble.

PERFECTION Oil Cook Stoves and Ovens

We have the Perfection Stove that the Six Famous Cooks recommend so enthusiastically. Let us show you why a Perfection in your kitchen means better cooking and greater convenience in doing it. You don't have to accept even the word of the Six Famous Cooks for what the Perfection Stove will do in your kitchen. Come in and see for yourself. Perfection owners are also invited to inspect the new 1926 Models.

A. E. DUFF

Too Much "Acid?"

Excess Uric Acid Gives Rise to Many Unpleasant Troubles.

AUTHORITIES agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic backache and headache. That the kidneys are not functioning right is often shown by scanty or burning passage of secretions. Thousands assist their kidneys at such times by the use of Doan's Pills—a stimulant diuretic. Doan's are recommended by many local people. Ask your neighbor!

DOAN'S PILLS 60c Stimulant Diuretic to the Kidneys Foster-McLure Co., Mfg. Chem., Buffalo, N.Y.

SOCIETY AND CLUBS

VERNELLE STIMSON, Society Editor

TO JUDGE AT LAMESA EXHIBIT.

Miss Laura Belle Roten, our County Home Demonstration Agent, and Miss Annie Hull will go to Lamesa Friday of this week, September 24, where they will act as judges at the Girls' Home Demonstration Clubs exhibit of Dawson County. Misses Roten and Hull will be accompanied by Mrs. Will Smith.

DOES MOTHER'S WORK PAY?

It has been asked, even disputed, that mother's work pays after all. A Texas youth gives the following record of a Texas woman (his mother) for thirty years: Meals served, 235,425 at 15 cents each, \$35,313.75; garments made, 3,190 at 50 cents, \$1,595; chickens, 7,060, at 25 cents, \$1,765; eggs, 127,732 at 15 cents per dozen, \$1,598.90; butter, 21,900 lbs. at 20 cents per lb., \$4,380; milk, 21,900 gallons at 10 cents per gallon, \$2,190; lard, 1,000 gallons, at \$1.00 per gal., \$1,000; bread, 5,000 loaves at 10 cents, \$5,000; cakes, 5,939 at 25 cents, \$1,484.50; pies, 7,960 at 1 cent, \$79.60; vegetables, 1,525 bushels at 50 cents, 762.50; fruit, 3,625 jars at 25 cents, \$906.25; fruit, fresh, quarts, 1,530 at 1 cent, \$15.30; laundry, pieces, 127,732 at 3 cents, \$3,831.75; hours spent in sweeping, washing dishes, and scrubbing, 35,640 at 10 cents, \$3,564. Total, \$61,200.65.

And even at this low cost the youth believes it does pay. Does it?

W. M. S.

An interesting lesson closing the study of "Latin America: Its History, Its Present Condition and Prospects for the Future," was discussed by the Auxiliary No. One of the Methodist church last Monday. This study has given the study class a much better understanding of their next door neighbors and a better appreciation of the efforts being made by Protestantism to help them. Next meeting will be a voice program with Mrs. W. W. Hamilton and a report from the district meeting at Rotan will be given.—Reporter.

REV. AND MRS. DODSON ENTERTAIN FOR SON AND HIS RECENT BRIDE.

Rev. Dodson and his recent bride of Detroit, Michigan, were entertained by Mr. Dodson's parents, Rev. and Mrs. B. W. Dodson, at the Methodist parsonage Tuesday evening, September 14, with a progressive forty-two party. A pink and white color scheme was carried out in the floral decorations, talleys, refreshments and the dainty pink baskets filled with white candles which were favored. Mr. and Mrs. Dodson left Friday morning of last week for Cleveland, Ohio, where they will be a time before returning to Detroit.

Henry Rosenburg and Franklin Beall spent the past week-end in Dallas. Franklin also visited in Greenville with his mother, Mrs. George F. Beall.

THE HIGH SCHOOL LUNCH ROOM.

A Times-Signal representative had the pleasure of a recent visit to the new High School Lunch Room which Miss Lizzie Smith opened last week. Miss Smith's shop will be headquarters for school supplies, drinks and light lunches. Later in the season Miss Smith states that she will serve hot rolls, soups, chili and other winter-day dishes. The interior is attractive, having been finished in the pastel shades of pink and cream. The feminine touch is evidenced by dainty curtains at the windows. On the whole, the shop presents a wholesome and pleasing appearance, and will probably be the rendezvous of many a school boy or girl who is in search of something that satisfies.

CO-OPERATIVE MEETING OF CITY'S STUDY CLUBS.

A co-operative meeting of the study clubs of our city, including the Altrurian, Twentieth Century and Mothers' Self Culture Clubs, was held at the home of Mrs. D. P. Yoder, Tuesday afternoon, September 21. The meeting was sponsored by the Mothers' Self Culture Club, with Mrs. Carl J. Yoder, the club's president, as hostess. The interesting program was led by Mrs. H. G. Towle. "America the Beautiful," was the opening song, and members responded to the roll call with "Club Houses I have seen or read about." Mrs. E. J. Anderson gave a talk on "The Community Club House as a Business and Social Asset." Mrs. D. English gave a reading "A Club House Dream." Two other talks were given by Mesdames W. R. Bell and Pat Brown on "Trees and Shrubs to be Planted on Club Grounds" and "A Club House as a Means of Creating a Common Bond of Interest." Mrs. A. C. Pruitt entertained with special music.

The social hour followed, at which time Miss Lucile Strayhorn favored the party with musical number. A plate luncheon was served to some fifty club members and Mesdames B. W. Dodson, Ino. F. Carmichael, R. H. Odum, R. J. Randais, Earl Fish, J. L. Martin, McCormick of Shreveport, La., and Miss Lucile Strayhorn.

SANS SOUCI HOLDS FIRST MEETING OF SEASON.

Mrs. Seth Bertram and Miss Mertie Akers entertained members of the Sans Souci Club and their guest, Miss Laura Belle Roten, with a picnic Tuesday evening, September 21. After the picnic lunch was enjoyed the young ladies repaired to the home of Miss Eula Richardson for their business meeting. Mrs. John R. Covey, formerly Miss Nell Patterson, was presented with a silver flower basket on which the name Sans Souci and Mrs. Covey's wedding date were engraved.

MRS. JOE MONROE ENTERTAINS WITH MORNING TEA.

Mrs. Joe Monroe, assisted by

her daughter, Mrs. Hugh Taylor, entertained friends with a morning tea at her home. The house was decorated beautifully with cut flowers and greenery. The house party included Mesdames A. J. Cody, Gerlie Smith, Harry Scott, A. J. Towle, H. G. Towle, Fritz R. Smith, Geo. Northcutt, O. S. Williamson, Com Exel, J. W. Templeton, Cullin C. Higgins, Austin Erwin, Joe Caton, C. R. Buchanan, J. C. Dorward, L. O. Smith, and R. E. Gray. Dainty refreshments were served to near one hundred guests.

The house party remained for a delicious three-course luncheon. Joe Herrington and family are visiting in Abilene and Dallas this week.

J. Monroe and the Times-Signal man saw the ball game at Lamesa Saturday. It was a good game, but the trip over the good road between Snyder and the Caprock, built under the supervision of Jodie Monroe, was enjoyed equally as much as we enjoyed the ball game.

Headache dizziness

"I HAVE headache once in a while, usually coming from constipation," says Mr. L. A. Morphis, of Pottsville, Ark., "and the very best remedy I have found to correct this condition is Theford's Black-Draught. It acts quickly and easily, and it just can't be beat." "Black-Draught is the very best laxative I have found. I always feel so much better after taking it." "My wife takes Black-Draught, too. For dizziness, constiveness and any little stomach disorder, we find it most satisfactory, and consider Black-Draught a family medicine." "Constipation locks up poisons in the body and allows them to do their dangerous work. Being purely vegetable and containing no harmful drugs, Black-Draught acts gently, helping the system get rid of impurities and preventing serious sickness. Get a package today. Sold everywhere. 25 cents."

Being purely vegetable and containing no harmful drugs, Black-Draught acts gently, helping the system get rid of impurities and preventing serious sickness. Get a package today. Sold everywhere. 25 cents.

Modern In Design

These first hints of what the fashionable will don in the fall are indicative of a trend toward plaids, checks and modernistic fancies, especially in woolens. Rodier and other French designers have sent these representative ideas, beautiful in color and texture. There are also many domestic materials, of equally fine quality.

56-inch Woolens \$3.50 to \$4.50
40-inch Woolens \$2.50 up
36-inch Woolens \$1.00 to \$1.50

Novelty Weaves Are Prominent In New Fall Frocks

Velvet and Moire are prominent for afternoon and evening wear in a variety of lovely colors. Brocades, also exceedingly smart, are shown in new designs

WOOLENS shown for street and sports wear sponsor unusual weaves, generally in small patterns and self-toned.

Woolens \$12.75 to \$29.75

VELVETS TRIM \$39.75

Moires \$23.75 to \$29.75

New Hats

Crush Their Crowns

Both large and small hats favor the high crown, which is crushed, folded or dented in innumerable smart ways. Trimmings are simple, ribbon borders, jeweled pins or modernistic motifs being modish. In felt, velour and velvet.

New Modes In New Coats

COLOR plays a prominent role in the mode of street and dressy wraps, rich tones of dark green and red being exceedingly good. They are straight of line or bloused in back, and are lavishly trimmed with fur.

\$16.75 to \$49.75

H.L. Davis Co.

ALMOST NEW

PROCLAMATION

Whereas, an election was held on the 28th day of August, 1926, in the various election precincts in Scurry County to determine whether or not horses, mules, jacks, jennets, cattle, sheep, goats and hogs should be permitted to run at large in said Scurry County; and it appearing that said election was held in conformity to law and that said returns were duly and legally made and that there were cast at said election 1327 votes of which number there were cast for the stock law 1149 votes; and there were cast against the stock law 178 votes;

And it further appearing to the Commissioner's Court that a majority of the qualified voters voting at said election voted in favor of the stock law; it was therefore declared by the Commissioner's Court of Scurry County in regular session that the stock law was adopted.

Now, therefore, I, Horace Holley, acting in my capacity as County Judge of Scurry County and under the authority given by Article 6962, Revised Civil Statutes of the State of Texas, issue this my Proclamation declaring that after 30 days from the date of this proclamation it shall be unlawful for any owner of any horse, mule, jack, jennet, cattle, sheep, goats and hogs to permit any of the above named stock to run at large in the County of Scurry, Texas, or in any precinct within said county.

Given under my hand and seal of office this 15th day of September, 1926. HORACE HOLLEY, County Judge

LITTLE THEATRE COMPANY GIVES FIRST PLAY.

On next Tuesday night, Sept. 28, the Little Theatre Company of Snyder will give their initial performance at the Palace Theatre. The title of the play is "The Heart of a Hero," a comedy-drama in four acts. This play has been chosen by the Play Reading Committee of the Little Theatre Company and is one that will afford plenty of entertainment and amusement. It has been played by Little Theatre Companies all over the United States, therefore, it is undoubtedly good.

The participants in the show and also the executive staff, receive no remuneration whatever for their services. The company was organized for the express purpose of helping some worthy charitable organization, and the funds from all plays will be turned over to some organization at the end of the season. Let everyone come out, enjoy an evening of good, wholesome amusement and at the same time help a worthy cause.

NEW NEGRI FILM, "GOOD AND NAUGHTY," MAKES LAUGHS COME IN RAPID ORDER.

It would be a good thing if the management of the Palace Theatre would exclude all patrons who haven't a sense of humor when Pola Negri's scintillating comedy-drama, "Good and Naughty," begins showing on Wednesday.

For this rollicking climax to Malcolm St. Clair's series of Paramount successes is declared to be the most humorous and human treatment of the serious subject of love that the films have thus far recorded.

This can easily be understood when one is informed that the screen play was adapted from Avery Hopwood's famous farce comedy, "Naughty Cinderella." Not that "Good and Naughty" lacks the essential elements of in-

teresting drama; no, this is far from being the case. When the paths of "love liars" and true lovers cross there is bound to be an absorbing tangle of hearts, and perhaps a tincture of misunderstandings and grief. But above the rumble of strife and discord so inseparable from love and marriage there is an insistent chuckle over droll situations.

In the picture, Miss Negri is seen in love with Tom Moore. He thinks himself in love with another man's wife. The husband is not quite sure with whom his wife is in love, but before he gets through he is convinced that he loves Pola and that nothing else matters. The wife pretends herself in love with Ford Sterling in order to make Moore jealous, but Sterling also capitulates to Miss Negri. Before Pola finishes her super-vamping she has Moore heading the list, and everything untangles nicely.

The action takes place in Palm Beach and New York, and by action we mean ACTION!

The New Florence Automatic Oil Stove

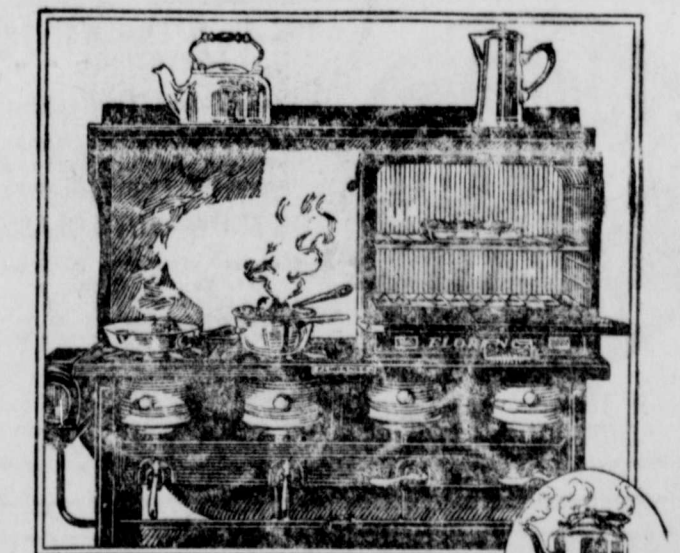

The New Florence does not have wicks to be cleaned. It generates its own gas from kerosene, the cheapest fuel. This gas burns in the powerful Florence Burner with a clean, blue flame that does not smoke or smell.

The burner contains a kindler made of asbestos, which lies in the burner bowl and becomes saturated with kerosene, making lighting easy. After the burner becomes heated, which takes only a few minutes, the kerosene vaporizes, mixes with the air, and burns as gas, thus focusing the heat.

The New Florence Oven is a steel box lined with asbestos and covered with porcelain enamel. The heat goes up the sides and the ends of the oven to the top and goes into the oven from the top, cooking the contents through and through. Ventilating holes carry off steam and odors. The indicator tells the temperature at all times.

The grates are welded steel and arranged so that you can remove a dish without jarring its contents. Peep holes permit a view of the burners at all times.

This heat is focused right on the cooking
