PICKED UP ABOUT TOWN.

"It looks like France would be better off," says Judge Noble, "if she had fewer politicians and more tax collectors."

Maybe the reason they claim the old songs are the best is because nobody sings them any more.

"Farm relief in the good old days," asserts N. M. Harpole, "consisted of a tall, gangling unshaven chap who drew \$30 a month wages."

One thing hard to understand is how these modern women who shoot their husbands manage to conceal a gun.

T. C. Stinson says people who don't amount to much themselves love to brag about their smart children and prominent ancestors.

Joe Strayhorn says it used to be a common thing for a young man to start out as a clerk and then own the business himself but nowadays they have cash registers.

"There'd be mighty few fellows playing golf," declares Ed Neely, "if it was called 'work' and only paid thirty cents an hour."

Collisions between locomotives and automobiles would not be so

bad if the locomotives only got the worst of it now and then.

"I see where a Vermont man shot his wife because she didn't love him," comments Sam Hamlett, and he wonders if that improved things any.

"Money talks," asserts R. H. Curnutte, "but a dollar doesn't say much to a tax collector."

Joe Harrington is back from Dallas where he purchased a new line of beautiful goods which may now be found on display at Towle's Jewelry Co.

Mr. and Mrs. Claude Holley and Mrs. Ethel Cherry Eiland, and son, Royce Cherry, Jr., spent Sunday in Ira visiting with the Falls families.

A Word With the Old Folks

Elderly People Are Learning Importance of Good Elimination.

IN the later years of life there is apt to be a slowing up of the bodily functions. Good elimination, however, is just as essential to the old as to the young. Many old folks have learned the value of Doan's Pills when a stimulant diuretic to the kidneys is required. Scanty or burning passages of kidney secretions are often signs of improper kidney function. In most every community are scores of users and endorsers who acclaim the merit of Doan's. Ask your neighbor!

Free Ticket to State Fair

To every person that buys a CORSICANA TERRACER AND DITCHER between now and October 24, the company will give a FREE Ticket to the Dallas State Fair.

It has been thoroughly tested and proved that TERRACED LAND produces better and makes a good crop more certain than land that is NOT Terraced. So why not get a CORSICANA TERRACER and DITCHER and TERRACE your own land at odd hours? One-half day's work terracing will more than pay for the terracer the first season.

Let me show you one of these crop-producing machines at my home one and one-half miles southeast of Snyder on Colorado road.

Ask the following owners of the CORSICANA what they think of them: H. P. Wellborn, Henry Rector, John Williamson, Charlie Eastman, J. H. Sears, J. D. Boon, or any one else that has one.

"Another Story for Postoffice at Paris." Headline in Fort Worth Star-Telegram. Now, we wonder who has been telling stories, on, for or about Paris' old postoffice.

An Associated Press report to some of the leading State papers declares that a snake 16 feet long is terrorizing the people of Comal County. Comal County! Let's see! Seems like we have heard of that place before! Of course, it went solid for the Fergusons.

A scientist declares that the earth is going to hit a star and that the impact may crush the earth into atoms. The earth, the scientist further declares, is moving toward this star at the rate of 500 miles an hour, and that at that rate it will require only one million two hundred and fifty thousand years for the two heavenly bodies to come together.

A move is now on foot among the leading bankers of Texas to float a loan of \$100,000,000 to help the farmers to hold their cotton for a better price than is now being offered by speculators who seem to have a stand-in with the government cotton report makers. Goodness knows the farmers need something or somebody to come to their rescue.

Doubtless some of the Times-Signal readers will recall the fact that a few years ago a committee was appointed to investigate the work of the framers of the "Government Cotton Report," and that it was brought out that one man was paid \$40,000 a year to get up the report "according to Hoyle." The truth of the matter is, as it would appear to a man in a cotton patch from sunrise till sunset, that the farmer is going to get the dirty end of the stick, no matter what happens.

"Lack of Pickers May Cost Cotton Farmers Thousands of Bales." "Storms in the Cotton States Destroy Thousands of Bales." "The Prediction of an Early Freeze Alarms Cotton Growers in Some Cotton Growing States." The foregoing headlines appeared in many leading papers several days before the so-called "Government Report" appeared, yet cotton went down about \$6.00 a bale as a result of the "Government Report." Funny isn't it? No, not when one stops to think for a moment. Why should the Government make a report on cotton? What business is it of the Government to make a report? Why, it helps the spinner and the Eastern speculator in knowing when to buy and when to sell.

Just as soon as you get your cotton gathered would be a mighty good time to begin terracing your land for the coming season. The Times-Signal man has always been a strong advocate of terracing, and those who have terraced their land, and terraced correctly, are strong believers in terracing. It conserves moisture and distributes it more equally; it preserves the soil and the plant food, the principal amount of which is found in the first seven inches in depth, and it prevents the land from washing into gullies. So, instead of allowing the water which is so badly needed during dry seasons to run off into creeks and rivers, why not make that much-talked-of, and greatly important "under season"?

The big banking institutions of the State are to be commended on the movement they have made to lend the cotton growers money at 6 per cent to enable them to hold their cotton for a higher price. It is also reported that some of our large banking institutions, in the meantime, are going to probe into the department that issues the so-called "Government Report." It has been the belief of many for a number of years that there was something "rotten" in this department, and the Times-Signal confidently believes that if the right kind of an investigation is made, the investigators will unearth rottenness that will send a stink to the high heavens. A similar probe was started a few years ago, and the investigators had hardly begun before they discovered rottenness, which we supposed stopped them. At any rate, they quit, but not until after it was learned that "somebody" was paying one man \$40,000 for services connected with the report.

LOOK OUT FOR FAKIRS.

The Crosbyton Review says: "There will be a thousand and one foreign advertising schemes presented to our merchants this fall. In fact it has already started and numerous kinds of out-of-town advertising propositions are being proposed to our merchants. Of course you are going to advertise, this is a necessary part of your business life, but the most far-reaching and advantageous medium you have is your home town paper. It shares your sorrows and your joys, it is with you through thin years and through prosperous years. It pays heavy taxes into the school, the city and county treasury. It reports your church affairs and your building program. It boosts your fair, your good roads, your productive lands and searches the vocabulary for further and more convincing expressions and emphatic. It rejoices when you rejoice. Don't you think that the home town paper is the place to advertise?"

have this blind spot

ARE YOU one of the users of electricity who never noticed the word "Power" in the company's name?

Our figures show that many of our customers use electricity for practically nothing but light. Why not put the power on the job—to your everlasting comfort and convenience.

You are wasting a great opportunity for cheap and efficient service, if you have not yet turned over to electricity the hardest work in your home. For washing, cleaning, cooking and sewing, electric power can be depended on twenty-four hours a day.

We take care of that. It is just up to you to secure the necessary electrical appliances and to see that your house is wired with adequate circuits and switches and outlets.

This is where we can advise you how to get the most out of your electric service.

BISON HOME DEMONSTRATION CLUB.

The Bison club women and girls met at the home of Mrs. Addison, September 23, for an all-day meeting. The morning was spent in giving a demonstration of ice cream making by Miss Annie Hull and cake decoration by County Home Demonstration Agent, Miss Laura Belle Roten, and Mrs. Walter Addison, Mrs. Townsend and some of the girls demonstrated the cooking of instant tapioca. But the great surprise demonstration came about 12:30 o'clock when several men began to place tables under the beautiful hackberry trees in the yard and soon the women had the tables covered with a sumptuous dinner of fried chicken, salads, vegetables and pies. After everybody had eaten to their heart's content ice cream and cake were served.

After dinner the women and girls finished quilting two quilts, then called the club to order for a business meeting. Several new members were received. Including these and the guests there were about forty present.

FIRST LITTLE THEATRE OFFERING DRAWS CROWD

The Little Theatre of Snyder auspiciously opened its season Tuesday evening, September 28, at the Palace Theatre, when it presented Arthur Lewis Tubbs' "The Heart of a Hero" with Miss Rosalie Clark, daughter of Mr. and Mrs. G. B. Clark, Sr., playing the role of Salina Westover, the leading lady, with Ivan P. Oliver opposite. The entire cast from Robert, the office boy, in the person of Jack Deakins, to the imposing squire Westover, in the person of Warren Dodson played their parts naturally, and with a seriousness that bespoke their reverence for the noble

ideals for which this reactionary movement, the Little Theatre, stands.

The Squire and his gracious and queenly sister, Caroline, played by Miss Ruth Smith, appeared to splendid advantage as a background for the over indulged, yet sensible Salina, who played a beautifully sincere part opposite Oliver. The contrast of Mrs. Tom Gates' natural brunette beauty against the winsome blond, Miss Clark, and the beautiful costumes worn by the young ladies, added vivacity and charm to the scene.

It might probably be said of Oliver that his role was created for his type—a genuinely sincere and honest chap. Reginal Leath-erwood, as Payne, was exceptionally fine. "Reggie's" appearance doing credit to his title. F. Malcom Crouch, playing the difficult cast role of Clarence Denton, an unscrupulous forger and blackmailer, gave the audience a splendid impersonation of a character of deceit and villainy.

Miss Lou Woosley as Em, the simple-minded servant girl, together with Albert Norred, as Cyrus Bodkin, the love sick widower who was constantly longing for twilight, gave the wholesome comedy that contributed immeasurably to the success of the play. Between the acts Miss Renaberyle Carleton sang: "I Wish You Were Jealous of Me, Dear," Jim Dougherty of Dallas, a friend of Henry Rosenberg, the company's president, who was in town for the day, favored the company by giving several classical and semi-classical ballads, among them the Scotch Ballad, "My Hiam Polks," "Sing Me to Sleep," and "On the Road to Mandalay."

The Theatre-going public of Snyder would remember that this is only the modest beginning of what, with your support, can be made a permanent and most worthy institution. Very little was expended in the purchase or rental of costumes and scenery. This will probably be the last non-regular play given by this company this season, which will mean that in the future the Snyder Little Theatre will give productions that will compare with those presented in the larger cities of the country.

CORRECTING AN ERROR.

The society editor of the Times-Signal wishes to correct an error that appeared in last week's issue of this paper. The article read

ROSE BLOSSOM AND BUCK JONES IN "THE GENTLE CYCLOPE" - HILMAN FOX PRODUCTION

Palace Saturday, Oct. 2nd Matinee Every Day, 2 p. m.

that Mrs. Joe Monroe, assisted by her daughter, Mrs. Hugh Taylor, entertained friends with a tea. It should have read, "Mrs. Joe Monroe and Mrs. Hugh Taylor entertained friends with a tea."

DINNER PARTY FOR MR. AND MRS. JOHN R. COVEY.

Mr. and Mrs. Joe Caton entertained last Sunday with a dinner party at the Manhattan Hotel in honor of Mr. and Mrs. John R. Covey, Mrs. Covey being a sister of Mrs. Caton. Those present were: Mr. and Mrs. John R. Covey and Mrs. Loree Curry; Misses Hattie Herm, Lucile Strayhorn, Eula Richardson, Connie Isaacs, May McClinton, Lou Woosley, Mattie Clark, Alma Dorsett and Messrs. Albert Norred and Warren Dodson.

SUNDAY SCHOOL PUPILS ENTERTAINED.

The home of Mr. and Mrs. W. W. Smith was opened Friday night to the Methodist Sunday School pupils who are being promoted from the junior to the intermediate department. By eight o'clock the house resounded with happy laughter of the young people. A number of interesting games and contests were enjoyed. Mr. Smith and Ruth Yoder proved to be the champion potato racers while Elsie Woosley and Dianawein Bridgeman took the prize in the bean race. After the games contests and program consisting of piano solos and duets and readings, ice cream and cake with candy golf balls as favors were served to Brentz Anderson, Doris Cook, Bodkin, the love sick widower who was constantly longing for twilight, gave the wholesome comedy that contributed immeasurably to the success of the play.

Mr. and Mrs. L. T. Condra left this week for Anton where they have purchased a rooming house and lunch room.

Mr. and Mrs. A. J. Newton of Fort Worth are here on a visit with their son, J. M. Newton. They will probably spend the winter here and in California.

Mr. and Mrs. G. A. Hagan of Dallas are visiting R. H. Curmutte and family, Hagan being Mr. Curmutte's sister. This is Mr. Hagan's first trip to Snyder, but says he likes Snyder and its people fine so far.

Headache dizziness

"I HAVE headache once in a while, usually coming from constipation," says Mr. L. A. Morris, of Pottsville, Ark., "and the very best remedy I have found to correct this condition is Theford's Black-Draught. It acts quickly and easily, and it just can't be beat."

"GRAUSTARK" FILMED BY NORMA TALMADGE.

The kingdom of Graustark is in ruins. With the completion of camera work on Norma Talmadge's new starring vehicle, workmen at once began razing the streets, castles and palaces which made the mythical kingdom a reality at the Metro-Goldwyn-Mayer studio in Culver City. The picture will be shown at the Palace Theatre next Monday and Tuesday.

"Graustark," as presented with Norma Talmadge in the starring role of Princess Yevive, is a modern romance centering in a mythical kingdom to the south of Europe. Eugene O'Brien enacted the role of Grenfall Lorry, young American adventurer, and others in the cast were Marc McDermott, Roy D'Arcy, Albert Gran, Lillian Lawrence, Mitchell Vavitch, Frank Currier, Winter Hall and Wanda Hawley.

Norma Talmadge has entered a vacation period of undetermined length. She probably will start in a few weeks on her next picture.

MISSIONARY AUXILIARY MEETS WITH MRS. HAMILTON

The Missionary Auxiliary No. 1 met at the home of Mrs. Hamilton, with Mrs. Hamilton and Mrs. Cauble as hostesses. There was a large attendance for such inclement weather. We enjoyed a very interesting meeting, since it was the last one of the quarter. There were a number of reports given. Mrs. Lemons gave a very interesting report on the meeting at Rotan.

After the business was concluded, we were served with dainty refreshments and enjoyed a social hour.

We were pleased to have as our guest Mrs. Manly of Fort Worth. We were favored with special music by little Miss Mary Frances Hamilton.
