

## TIGERS TO PLAY SECOND GAME ON HOME GRID

Snyder will again become a football center for one afternoon, as the scene for their next battle shifts to the home grounds Friday of this week. Two weeks ago the cleated animals from Slaton, bearing their purple and white banners clashed with Coach Oliver's Tigers, wearers of the black and gold. The score, 21 to 0, went to the strong Slaton team who has won the district championship for the past two years. Such strong competition made the game a hard one for our Tigers, particularly with Martin and Curry on the sidelines. Throughout the entire game the younger and more inexperienced team put up a good fight. During the first quarter they outplayed the opposing eleven.

The contest was a victory for Snyder also, for in the great battle of the grid it is not so much the score as it is how the game is played, and Coach Oliver's eleven gave their best. Snyder's sons showed a great improvement over the battle of the preceding week with Loraine. And each day's practice brings them nearer to that perfecting football machine. Friday of this week they will meet the Post Antelope at Wolf Park at 3:30 o'clock. The game for last week which was to have been played with the Spur Bulldogs at Spur was called off on account of the weather. Tomorrow promises to be a fair day and it is hoped that the entire citizenship of Snyder, as nearly as possible, will turn out to see Coach Oliver give the Antelope "one grand roll on the sod."

The line-up for tomorrow's game will probably be: Center, Harvey Carrell; guards, McFarland and Brownfield; tackles, Trigg and Martin; ends, Curmutte and Curry; quarterback, Ray Fesmire; fullback, Paul Carrell, halfbacks, Wilford and Woolsey.

"The fellows are getting into better form every day," declared Coach Oliver. "They are getting interference down good, and the line play strengthens daily. We are working on both defense and offense." He added that the entire student body and the fans are an evident fact that Snyder high is coming to the front in athletics as well as her literary achievements.

The personnel of the pep squad is as follows: F. Malcolm Crouch, sponsor; Fred Yoder and Nibs Warren, song leaders; Nina Frances Banks, pep squad president. The Squad's vocalists are: Mary Edith Hood, Mrs. Lynn Lynn, Dixie Ruth Smith, Polly Harpole, Maurice McLinton, Connie Grantman, Rowena Grantman, Bulah Crowder, Zelpha Webb, Janie Wilford, Alma Nell Warren, Lake and Josephine Lowery, Ola Lee Cagle, Lora Wade, Doris Pope Elza, Gladys Teague, Gladys Lewis, Leota Glen, Edna Glen, Agnes Mitchell, Allene Bryant, Lila Mae Williamson, Thelma Leslie, Katherine Norcutt, Fay Dell Glen, Ruby Curry, Martha Gray, Dorette Beggs, Mabel Isaacs, Johnnie Lee Shaw, Margaret Dell Prim, Eloise Scott, Polly Smithers, Pauline Boren, Una Hart, Thelma Cook, Edna Gerland, Mary Bob Huckabee, Violet Bradberry, Polly Porter, and Ruby Ethel Heddy.

**DUNN DOINGS.**  
A fine rain that stopped cotton picking for a few days, put a good season in the ground, but did little damage as it fell slow and without much wind.

Mrs. Albert Johnston and children spent Saturday afternoon with Mrs. Jim Norred.

Mrs. J. E. McDermott has been on the sick list this week but is much improved at this writing.

Mrs. Jess Johnson, wife of our Methodist pastor, has returned to her home from a two weeks' stay at the West Texas Sanitarium at Lubbock where she underwent a surgical operation. We are glad to hear that she is able to be up now and her health is improving rapidly.

Dunn has three thrifty tailors now. Messrs. Lark Collum, Eugene Parker and Omar Ross. All seem to be busy measuring men's length, breadth, thickness and bank accounts.

Mr. Jim Norred has just returned from a trip to Erath County, bringing back a crew of cotton pickers. He reports bad roads met all the way.

Rev. Jess Johnson filled his regular appointment at the Methodist church Sunday at 11 a. m. also at 8 p. m. Sunday School was well attended, there being over one hundred at the Methodist Sunday school and fifty at the Baptist.

Mrs. W. M. Jordan is real sick at this writing.

## GOING THE FARMERS FIFTY-FIFTY.

Owing to the low price of cotton the editor of the Times-Signal is going the farmers fifty-fifty by cutting the price of the Times-Signal half in two. Read big ad in this issue for full particulars.

## FLUVANNA NEWS.

**School Opens.**  
Last Monday morning our public school opened with bright prospects. The full corps of six teachers were present, with Prof. H. L. Massey, of Collin County, as superintendent and principal. The grade teachers are the same as last year, except that Miss Massey, sister to the principal, takes the place of Miss Sealy, and Miss Olive Willis comes in as an additional teacher. 495 students reported for enrollment. This is considerably below the maximum prospective enrollment; the reason being the fact that many young people will be employed in the cotton fields for the next few weeks. This, of course, is a matter of necessity—the cotton crop must be gathered, even if it is cheap. Quite a number of patrons and friends of the school were present at the opening to attest their interest in the good work. The program opened with enthusiastic singing of America, followed by prayer offered by Rev. Moore. Introductory remarks by the superintendent, an address by the village preacher, some other brief remarks and the introduction of teachers. This scribe understands that an ample supply of books is on hand and everything is "ready to go." Thus, our school starts on a new era—that of an independent school. Doubtless all our citizens are wishing and expecting of it great success. We further understand that plans are being worked out by which the school will open early in the morning and close at mid-afternoon in order to give the student body the opportunity to aid in the gathering of the cotton crop. We believe this will be a fine thing to do. Naturally, it will facilitate gathering and will aid those students being detained, to get to their classes at an earlier date.

**Church Services.**  
In addition to Sunday Schools and young people's meetings, the Methodist church had right of way last Sunday, and enjoyed large and appreciative audiences at its regular services. The presiding elder is to be present, preach and conduct quarterly conference Wednesday at eleven o'clock.

**Regular services will be held at the Presbyterian church next Sunday.**  
Edna Galyean was a guest of Lillian Colclazer Saturday night. Gladys and Millie Wade were guests of Lena Hart Saturday night.

**Club Meeting.**  
The Fluvanna Home Demonstration Club met in regular session Tuesday, October 5, with Mrs. Joe Bayless, Dolph Favor, president, presiding. The chief feature of the business meeting was discussion of plans and appointment of committees preparatory to clubs exhibit at County Fair, later in the year. The business of the large crowd proceeded to dining room where draperies and other dining room decorations were very ably discussed by Miss Roten. As the dining room was beautifully and tastefully furnished there was no criticism to be offered. But we all got many helpful suggestions on interior decorations.

**Weather and Business.**  
Wednesday, Thursday and Friday of last week were moist num-bers—rainy days. 2-3 inches of water fell during that period, and, needless to say, the country "went wet." All farm work and most other activities (except house-keeping) were brought to a standstill. But this new week is bringing a new and brighter condition, which we hope may abide several days. Many are wondering now when we may have a killing frost. Of course V. P. doesn't know, but he is guessing that Jack Frost may arrive on or near November 8th, but he can tell more about it after the date.

**Miscellaneous.**  
Brother E. C. Dodson's Sunday School article of last week, was another fine contribution to our paper. If any reader failed to see that article, he has missed something worthwhile.

Our good editor, out of the magnanimity of his (or some where) is certainly offering us a bonanza, in the form of special subscription rates to the Times-Signal. It will be well to think twice before turning this offer down.

Buster and Mrs. Deer's young baby came near being smothered to death last Sunday, the result of a quilt getting close down on the child's face which was unobserved for some time. It took quite a while to resuscitate it.

Will Knowell has been quite lame several days as the result of driving a loaded wagon over his foot.

J. F. Coleman is said to be right sick.

Mrs. Will Reader was called a few days ago to see her mother at Clifton, Texas. She has returned home and reports her mother much improved.

J. R. Patterson and family made a visiting trip to Hermleigh last Sunday.

## THE SUPERINTENDENT OF A DEPARTMENTIZED SUNDAY SCHOOL

It would take several articles to exhaust the many things that pertain to the superintendent and his departmental superintendent. I will discuss only a few things that are necessary to make a good and efficient superintendent. The equipment that is taken to make a good general superintendent is pretty much the same with all the other superintendents. The duties are different. I will discuss some of the endowments common to all.

**First—Physical Endowment.** It would be unwise to select some sickly, nervous wreck to fill so important a place as the superintendent. So often they cannot be present and if present, perhaps do not feel able to function as the equipment that is taken to make a good general superintendent is pretty much the same with all the other superintendents. The duties are different. I will discuss some of the endowments common to all.

**Second—General Appearance.** He should carry sunshine and joy and gladness with him everywhere he goes. He should never be pessimistic. No one enjoys the presence of a pessimist. He should be the church house at least thirty minutes before the opening services every Sunday morning, and greet everyone that comes in with a glad shake and "how do you do?"

**Third—A Clean Life.** He should live a life that is above reproach. He should never indulge in questionable plays, games or amusements that would embarrass him to go to the worst sinner and talk to him about his soul.

**Fourth—Mental Equipment.** He should be a man of good common sense. He should have a mind well stored with useful knowledge. He should lead all the teachers and officers under him in the search of better information. If he does not lead in the teacher training work, his followers will get in front of him and depreciate his efforts as a leader.

**Friday night the young folks enjoyed a forty-two party and some music in the home of our scribe. Those present were Misses Thelma Myers, Ruby Lee Cockerell, Ora Sealy, Gladys and Oleta Mitchell, Reba Cathy, Mary and Frances Jenkins, Grace and Pauline Cantrell and Messrs. Sid Reeder, Earl Wilson, D. Mitchell, Floyd Cantrell, Don Reeder, Byrd Wilson and C. S. Harris and wife.**

**Monday night this group enjoyed a watermelon feast at the Colorado bridge given by Mr. and Mrs. Homer Beal. All report a splendid good time.**

**J. H. Cannabas don't seem to improve very much. He is some better at this time.**

**Mr. Hay Moore is sick—threatened with pneumonia.**

**Born to Mr. and Mrs. Dewey Everett, Oct. 12, a boy.**

**Mrs. C. E. Reeder of Lubbock is here with her daughter, Mrs. Dewey Everett—Mrs. A. J. Cantrell.**

**Don't fail to renew your subscription to the Times-Signal while you can get it at half price or five magazines free. Better not put it off as you only have until November 20 in which to get big bargains.**

**PLAINVIEW NOTES.**  
As we haven't seen anything from this part of the county in some time, thought we would let everyone know we still live.

**The recent rain has delayed the farmers on picking cotton.**

## GOVERNMENT GINNING REPORT.

The Government ginning report issued October 8, shows that the number of bales ginned up to October 1, was 2,044,944, as compared with 882,850 on a corresponding date last year.

Hidalgo County was in the lead with 88,204, compared with 54,582 last year; San Patricio was third with 54,394, as compared with 11,969 last year; Cameron County was fourth with 49,440, as compared with 44,922 last year; Williamson County was fifth with 45,197, as compared with 6,429 last year.

Following is a report of the leading West Texas cotton counties: Jones, 14,441; Mitchell, 4,962; Seury, 4,410; Taylor, 14,202; Willbarge, 5,192; Runnells, 19,847; Kent, 554; Knox, 3,485; Lubbock, 3,465; Lynn, 2,678; Nolan, 3,884; Baylor, 2,005; Coleman, 19,192; Crosby, 2,162; Dawson, 2,458; Fisher, 6,213; Garza, 937.

## SNYDER FOLK ATTEND STATE FAIR.

Mrs. J. W. Templeton, Jr., of Houston, who has been visiting Mr. and Mrs. Joe Strayhorn and Mr. and Mrs. J. W. Templeton, Sr., left Snyder Friday morning for Dallas, accompanied by J. P. Strayhorn and Becton Templeton. J. P. and Becton will attend the State Fair while Mrs. Templeton plans to spend Friday night with her sister, Miss Dorothy Strayhorn at Trinity University, Waxahatchie, Texas. From Waxahatchie Mrs. Templeton will join Mr. Templeton on his en route to San Antonio where Mr. Templeton will be stationed for the coming three weeks. Mr. I. W. Boren and son, Wayne, joined the party in their car to Dallas where they will also be fair visitors.

## BORDEN COUNTY NEWS FROM GAIL.

Farmers are taking advantage of this pretty weather harvesting feed and picking cotton.

## FARMER PROVES THAT LONG STAPLE PAYS

H. E. Elza, who lives on one of the Stinson farms near Ira, has proved that it pays to grow not only a uniform staple but a longer staple than the average run of cotton produces.

He has also proved that the ideas that have been advanced by County Agent Jno. F. Carmichael in regard to an uniform staple will mean tens of thousands of dollars to the farmers of Scurry County every year because of a better price the farmers would get for their cotton.

Last spring Mr. Elza ordered three bushels of Acala seed, with which he planted 9 acres. He has been raising this and gathered three bales and says that he will get four and probably five more from the 9 acres. To say the least, he is sure of three quarters of bale to the acre.

But here is the best part of the story, which is really not a story after all. Mr. Elza sold two of his three bales when cotton was at its very lowest price—Tom Jenkins bought them—and paid Mr. Elza 15 cents a pound for Acala seed, which he brought the other bale to Snyder, Tuesday, and Mr. Jenkins paid Mr. Elza 14 1-2 cents for it. And why? Because it was what cotton buyers and others declared was about the best cotton ever seen in Snyder. The staple pulled 30-28, or in other words, 1-8 inches, clear. Another thing favoring the quality of cotton grown by Mr. Elza is the fact that 1,500 pounds of seed cotton produces 600 pounds of lint, besides. Mr. Elza declares that he can pick at least a fourth more in a day than he can pick of other varieties.

This article is not written to boost Acala cotton in particular, because, in fact, the Times-Signal knows that Acala cotton is not adapted to some kinds of soil, but to show our good farmer friends one reason why some other places are probably paying more for cotton than Snyder is paying. This is not a case where the difference in the prices paid is not because Snyder cotton buyers are not willing to pay as much as buyers in other places, but mainly because cotton grown by Scurry County farmers is probably not worth as much on the market as cotton grown in some other counties, due to reasons already given.

So it is up to the farmer alone, as County Agent Carmichael has advocated, to get better prices for their cotton, or to say the least, to get as high a price as buyers in other towns.

**NEW RESIDENTS IN SNYDER.**  
Mr. and Mrs. Howard McDonald have recently moved to Snyder from Sweetwater. Mr. McDonald is a graduate of the West Texas Utilities and at present they are at home at the Scarborough apartments.

Mr. and Mrs. T. C. Clark and little daughter have recently moved to Snyder from Lubbock, Texas. They are occupying the Scarborough apartments.

**MRS. DOUGLAS LECTURES IN SNYDER.**  
Mrs. W. L. Douglas of San Angelo, who is State Federation of Women's Clubs, gave a very interesting and intellectual lecture to the ladies and school children of the town at the Methodist church, October 14. The church was beautifully decorated with cut flowers, and Mrs. W. W. Hamilton in a very pleasing manner introduced the speaker of the occasion. The Federation song "America, the Beautiful," was sung by the assembly. Mrs. Douglas has spent a large portion of her time abroad and on returning has brought with her photographs of the original European Masterpieces, which were on exhibition. The lecture dealt with the history of the paintings combined with many interesting facts concerning her travels. Mrs. Douglas was in Snyder under the auspices of the Twentieth Century and Altruistic Association, and the Parent-Teachers' Association.

SNAPPY FASHION SHOW FORECASTS COMING STYLES

One of the snappiest and smartest of fashion shows comes to the screen in First National's latest photoplay, "Subway Sadie," booked at the Palace Theatre next week with Dorothy Mackail, Jack Mulhall and Charles Murray in the featured roles.

Something unusual in the line of settings for this show was designed by Art Director Milton Menasco of First National's Eastern units following suggestions by Director Alfred A. Santell and Producer Al Rockett.

The show is given in what is called "the hatbox." This is a set designed and constructed exactly like the interior of a hat box.

Gilbert Clarke of Milgrim's fashionable New York shop, designed the gowns for the show. Then to complete the effect Milgrim's own models were used in the scene.

LEE BROS. TRAINED ANIMAL SHOW.

The remarkable and complete collection of trained wild animal actors, comprising the most important specimens of zoology, assembled in the wild beasts' performance of Lee Bros. Wild Animal Show, which will exhibit in Snyder on Wednesday, October 27.

Chief among these wonderful creatures is a hybrid lion-tiger, a magnificent animal of feline grace and terrible power, with all the peculiarities of both lion and tiger, but wearing the tiger's stripes upon the lion's skin.

It would require pages to tell in advance all the startling novelties introduced in Lee Bros. Wild Animal Show, which, besides the many trained wild animal features, has domestic animals, vastly superior to any organization now traveling.

RADIO AND READING.

We heard a Snyder man arguing the other day that radio is discouraging the practice of reading now spend them in listening over the radio. We cannot agree with him. Many people who were non-readers before radio was discovered are now taking one or more newspapers. They hear things over the radio they want to know more about, and as they hear news of their own town and community—so they subscribe for the newspaper. Now through the long winter evenings they have a double enjoyment for they can tune in for a good program of music, and sit by a warm fire and read their paper while it is coming in.

in. So instead of discouraging reading the radio is tying in with it.

ly becomes the victim of the advertising peddler. The natty attired stranger with a prettily drawn "dummy" showing advertising spaces for sale in almost any kind of booklet, card, calendar, circular or other medium, gets the ear of the merchant and gets his money for what he represents to be advertising with even more ease than a Syrian merchant experiences when he undertakes to show a handbag full of "genuine imported laces" at the front door of the average housekeeper.

### KITCHEN KORNER

#### ICINGS AND FROSTINGS.

"A delicate, well-made icing or frosting is the crowning glory of any cake," he said. And in this week's Kitchen Korner the housewife will find icings and frostings that are easily made.

#### PINEAPPLE FROSTING.

To a cupful of crushed Hawaiian pineapple add a tablespoonful of lemon juice and enough sifted confectioner's sugar to make a frosting that will remain in place on the cake.

#### CREOLE FROSTING.

Stir together 2 tablespoonfuls

strong black coffee (boiled), 2 tablespoonful cocoa (dry), 1-2 teaspoon vanilla and 1 cupful confectioner's sugar.

#### CARAMEL ICING.

Cook 2 cupful light brown sugar with 1 cupful cream (or evaporated milk) until it forms a soft ball when tried in cold water. Add 1 tablespoonful butter and 1 teaspoonful vanilla; remove from fire and beat until grainy and the right consistency to spread.

#### COCOANUT ICING.

Boil 1 3/4 cupful sugar and 2-3 cupful water until it spins a thread. Beat whites of 2 eggs un-

til stiff; gradually pour syrup into egg, beating all the time. Add vanilla. Use 1 or 2 cupful grated cocoanut. Freshly grated, canned, or dried cocoanut can be used. Mix two-thirds of the cocoanut in the icing and sprinkle the balance of cocoanut over the cake after frosting.

**MOCHA FROSTING.**  
Cream 3/4 cupful butter, gradually beat in about 3 cupful confectioner's sugar, then strong black coffee a few drops at a time to tint and flavor as desired.

**CHOCOLATE FROSTING.**  
Cook 2 1/4 cupful granulated sugar in 3/4 cupful boiling water until it reaches 238 F., or it forms a soft ball when a little is tried in cold water. Pour gradually on 3 stiffly beaten egg-whites beating constantly meanwhile. Add slowly 3 squares of melted chocolate, then the vanilla, and beat until stiff enough to spread.

**DECORATING CAKES.**  
The process of forcing frosting or icing through a bag with tube attached, so as to trace a design upon the cake is called piping. Only specially prepared icings can be used for piping. A frosted cake is decorated with piping alone; or colored sugars, citron, glace-fruit, nuts small candies, and fruit jellies are combined with the piping.

The utensils needed in decorating are few. A sieve with a very fine mesh, 28 holes to the linear inch, through which the dry sugar should always be passed, is of the utmost importance. For ornamental icing a round-bottomed bowl, a spatula, a slitted wooden spoon for mixing, and bags, with tubes for piping the mixture, are also essentials.

The bags for holding icing that is to be piped may be bought, or, at very slight expense, made at home. Copper tubes may be bought, in sets of 6 or 12, at a confectioner's or a large kitchen furnishing store. These afford shapes for large and small rounds, stars, leaves, ribbons, cords and frills. The angle at which the bag is to be held while at work depends upon the position of the surface to be decorated and the style of decoration. This is readily determined upon trial.

**ORNAMENTAL ICING.**  
4 egg-whites.

3 1/2 cupful confectioner's sugar (about), 1-4 teaspoonful cream tartar, or 1 tablespoonful lemon juice.

1 teaspoon vanilla.

Beat the whites of the eggs with 1-4 cupful sugar 3 or 4 minutes, then continue to add the same quantity of sugar, beating the same length of time, until half the sugar has been used; add the cream of tartar with the second quantity of sugar, or add the lemon juice gradually as the mixture thickens. Now continue adding the sugar, a spoonful at a time, beating several minutes between each addition, until a knife cut down into the frosting makes a "clean cut" that will not close again. The success attending the use of this icing depends much upon thorough beating between the additions of sugar. Particularly is this true of icing used for piping. This needs to be stiffer and tougher than that for merely covering a cake, and this condition is secured by the beating rather than by the addition of sugar. Without beating, it will not hold its shape. This icing dries quickly, and if not used as soon as finished, cover with a damp cloth and plate.

**EMERGENCY ICING.**  
Juice of 1 sunkist orange.  
Juice of 1 sunkist lemon.  
Powdered sugar.

To combine fruit juices add enough powdered sugar to make stiff. Spread when creamy.

**ORANGE BUTTER ICING.**  
1 1/2 cups sifted powdered sugar.  
1 table-poon melted butter.  
4 to 5 teaspoonful sunkist orange juice.  
Add 3 tablespoonful of the

orange juice to the sugar slowly, stirring constantly. Add melted butter and then enough additional orange juice to make of proper consistency to spread.

**EGGLESS CAKE.**  
3 cups flour sifted 4 times.  
1 tablespoon baking powder.  
1 tablespoon baking powder.  
2 cups sugar.  
1-2 cup butter.  
2 cups sweet milk.  
1 tablespoon vanilla.  
1-4 tablespoon rose or almond.  
Sift dry ingredients. Cream butter and sugar, add milk.

**ICING.**  
1 cup sugar.  
3/4 table-poon milk.  
Stir until it boils. Roll 5 minutes, then beat until creamed.

**SKILLET CAKE.**  
Over the bottom of a heavy iron skillet put in turn 1-4 lb. butter, 1 heaping cup broken pecan meats, 1 cup diced pineapple and 1 cup sugar. For the sponge, separate 4 large or five small eggs. Beat the yolks until light and into this beat 1 cup sugar and 1 teaspoon vanilla. Add 1 cup cake flour into which has been incorporated three teaspoons baking powder. Add the well beaten whites and pour this when thoroughly beaten, over the ingredients in the skillet. Bake

three quarters of an hour in a moderate oven. Turn out, upside down, on a flat tray. Serve when cold with a generous helping of whipped cream.

Don't forget the Scurry County Fair. The several committees are working hard to make Scurry County's first fair such a great success that a permanent fair association can be organized. Take hold and help.

Although the price of cotton is low, Snyder is still growing steadily. A great many nice homes have been built within the past year, saying nothing about the several substantial brick buildings already built or still under construction.

Saturday was like old times in Snyder. Clear skies, following several days of rainy weather, brought a large crowd to town to take advantage of the bargains offered by our enterprising business firms. It pays to read the advertisements in the Times-Signal each week, as they keep the trading public informed as to the places that are offering the best bargains.

One year ago, the Times-Signal's subscription campaign was well under way. You have been reading the Times-Signal a whole year and the editor feels sure that you have enjoyed it. The editor is going to do his very best to make it better the coming year, although, owing to the low price of cotton, the price of the Times-Signal until November 20, will be cut half in two. Read the big bargain ad in this issue and subscribe or renew at once.

**HERMLEIGH NEWS.**

**The Editor Entertains.**  
 On Friday evening, Oct. 16, Mr. J. L. Martin complimented his correspondents with a dinner at the Manhattan Hotel. Covers were laid for twenty guests, but owing to the condition of country roads only a few were present. A sumptuous four-course dinner was served, and for the benefit (?) of those unable to attend, following is the menu:

- Fruit Cocktail
- Roast Turkey
- Cranberry Jelly
- Mashed Potatoes
- Buttered Beets
- Vegetable Salad
- Ice Cream
- Iced Tea

Gay little Hallowe'en baskets of mints added a touch of festivity to the well appointed tables. Between courses splendid talks were made by Mr. Martin and "Uncle Charlie" Dodson. Everyone present regretted very much that more of the representatives could not have been present.

Mr. Martin began by saying that when he became editor of the Scurry County Times and Snyder Signal, he had a vision of a corps of correspondents representing every town and community of the county that would take an interest in the paper and make it one to be enjoyed in every household. He appreciates his correspondents and expects to make this an annual affair.

We were told many interesting facts concerning an editor's work; also many amusing circumstances. Then he gave splendid counsel to the members of his staff, which portrayed his instinctive consideration for the feelings of others and reminded us that his conduct as an editor deserves to be noted with emphasis.

In response Uncle Charlie made a splendid talk expressing appreciation for the editor's generosity and pointed out traits of his that prove his magnanimity. He also gave us some interesting history of the county paper. Uncle Charlie is a pioneer of Snyder and it will be interesting to many to know that years ago he was editor of our paper, and he is still glorifying his Lord through its columns with his religious articles every week.

Each guest went away with a determination to assist Mr. Martin in making the Scurry County Times and Snyder Signal the best paper in West Texas.

We are glad to report that Effie Drennan is gradually improving after a long illness. Mrs. John Zolman was in town Saturday and visited in the home of Mrs. W. H. Ward.

Good taste and good health demand sound teeth and sweet breath.

The use of Wrigley's chewing gum after every meal takes care of this important item of personal hygiene in a delightful, refreshing way—by clearing the teeth of food particles and by helping the digestion.

The result is a sweet breath that shows care for one's self and consideration for others—both marks of refinement.

**TIMES-SIGNAL SIGNALS.**

A quarter won't buy much any more but some Snyder men like to carry one just for the memories it revives.

When a fellow faces a judge he knows there is no truth in the old saying that "the more a man gets the more he wants."

Possibly the reason the fellow who is going to get married doesn't ask for a month off is because he knows that a week's honeymoon will be plenty.

We heard a Snyder man say not long ago that instead of making liquor hard to get prohibition has made it hard to drink.

Popular song writers are those who rummage the classics for their melody and steel their words from on another.

If things get any thicker in Mexico it will soon be time for the government to pull off a good bull fight.

Why isn't a married woman the better half when she is always getting the better of the other half?

Congressmen are the representatives of the people but they don't always know which people.

A miracle moving picture is the one in which the hero kicks seven rough guys without skinning up his knuckles.

The Snyder man who is always in such a big hurry to get across the street ahead of an auto ought to remember that the hearse runs slow.

Work your face to be beautiful, says a Chicago beauty expert. But be sure to work it in the right place.

Somebody gave Jack Dempsey a four-leaf clover to put in his glove before the big fight! Wouldn't a horseshoe have done him more good?

When we hear a Snyder woman apologizing for her cooking before we sit down to the table we know we're going to get a good meal.

One nice thing about having two big political parties is we can always be sure of being poverty-stricken and prosperous at the same time.

Why is it some people never seem to know the time of day until the sun makes a straight shadow in the middle of the road.

When you hear a Snyder woman declaring that "All men are just alike" you can bet she isn't intending it for a complaint.

If you call a pretty girl a duck she'll smile at you. But if you call her a goose—well that's something else.

It isn't hard to kill time. The hardest thing is to dispose of the remains.

"Old-fashioned girls were no more honest than those of today," says H. G. Towle, "but they certainly concealed a lot more."

D. N. Price says this would be a far better community if we'd quit worshipping heroes who live a long way off and take to paying a little more attention to good citizens who live around here.

Horse-drawn vehicles have been barred from Washington City, and some say the water wagon went with them.

J. W. Leftwich says another thing he can't understand is why

a woman thinks she has to be out among company before she can brag on her husband.

Don't worry too much for fear your boy will over-study. He will probably grow out of it as he grows older.

"Money may be a man's best friend," declares O. P. Thrane, "but it will desert him every chance it gets."

A Chicago man with two hearts died last week. A man with two hearts seems to be as much in danger as a poker player with five aces.

Joe Herrington says many married couples are like actors—they

get along all right as long as they are in public.

"This old world would be a lot better off," asserts H. P. Wellborn, "if we tried to be one-half as good as we try to make others believe we are."

"The fellow who thinks life's a joke," says Forest Sears, "usually wakes up to find that the joke is on him."

Twenty years ago those who criticized our young people of today were young people themselves—and being criticized.

#### KING VIDOR MIXES HUMOR AND PATHOS.

Comic Relief Blended With Tragedy in "Big Parade" And "Bardelys."

King Vidor is a master of comedy as well as drama. No one who has seen this noted director's "The Big Parade" will gainsay this. "The Big Parade" is just as funny as it is tragic; humor and pathos march through it side by side.

Vidor is repeating this sort of treatment in his new production, "Bardelys the Magnificent," the Metro-Goldwyn-Mayer picture starring John Gilbert, playing at the Palace Theatre, Wednesday and Thursday.

In the cast is the laugh-maker, Karl Dane, the tobacco-chewing, uncouth Slim of "The Big Parade." He has the role of Rodenard, the personal attendant of Bardelys, the hero, played by Gilbert.

Two other recognized masters of comedy are in the production, George K. Arthur and John T. Murray. Their methods are diametrically opposed but their results are the same. Lionel Gelmore's humorous characterization is still different.

The cast is one of the most notable assembled this season, and includes Roy D'Arcy, Arthur Lubin, Therodore Von Eltz and Eleanor Boardman as leading woman.

#### PATENTS GRANTED TO RESIDENTS OF TEXAS.

Compiled by Munn & Co., Patent Attorneys.

Of 673 patents issued in the last week, Texas inventors obtained 11. Robert L. Parker and Herbert D. Field, of El Paso. Card filling system. This invention relates to card index systems of the kind wherein a series of cards or index elements are suspended in overlapping relation on a suitable frame. The inventors assign their patent to Robert C. Russell.

Elmer E. Davis, of Cisco. Bit. This provides the bit with reinforcing webs which extended downwardly from the shank and affords the plate the desired strength at a point immediately beneath the collar.

Richard Brannon, of Breckenridge. Polish Rod guide. This

#### Overdoing?

Hurry, Worry and Overwork Bring Heavy Strain.

MODERN life throws a heavy burden on our bodily machinery. The eliminative organs, especially the kidneys, are apt to become sluggish. Retention of excess uric acid and other poisonous waste often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occasional use of Doan's Pills—a stimulant diuretic. Ask your neighbor!

relates to an improved appliance for use in connection with oil well pumping equipment and it has more special reference to what may be conveniently referred to as a polish rod guide.

Edward M. Elbert, of Dallas. Liquid container. This invention relates to improvements in liquid containers, and has for its object the provision of a device which

can be attached to a bottle, can, keg, barrel, or the like so that the liquid may be easily and quickly drawn therefrom.

Frank Beverly of Killean. Power operated saw. This provides a simple and efficient means whereby the motor of an automobile is utilized as a source of external power for operating the saw. Bernard Gallagher of Beaumont.

This provides a simple, reliable and efficient locking device which is adapted to be applied to the valve stem of a tire which has been mounted on an automobile wheel and which, when so applied, will prevent the unauthorized removal of the tire from the wheel.

Harry James Jones, of San Angelo. Doorstep. This relates to retaining devices and has for its general object the provision of a device adapted to be mounted upon a door and operable to hold the door in any desired position so that closing or slamming of the door as the result of drafts will be prevented.

The hunting season is here. When tramping across another man's property let your conscience be your guide.

"The most restless person in the world," declares Miss Georgia Bolin, "is the young girl who is still wearing her hair long even though her best girl friend has just had her's bobbed."

"There are two kinds of wives who are apt to be disappointed in marriage," says Joe Stinson, "One is the woman who marries the first man that comes along and the other is the woman who thinks she got the best man in the world."

Elsewhere in this issue will be found an advertisement of the reduction made by the Federal Land Bank to five per cent interest. It seems to the Times-Signal that this is getting money down pretty cheap for farmers who want to own a farm of their own, or who want cheaper money on what they still owe on their farms.

#### WILL CALL THEM HENRY AND LIZZIE.

Mr. and Mrs. Roy Strayhorn are the parents of twins, a fine boy and a beautiful girl. Mother and babes are doing well, and Roy says that he is delighted, not only on account of the arrival of the babes, but also because he takes it as a good omen, that this will be a very prosperous year in the Ford business, and accordingly, he has named the youngsters Henry and Lizzie.

#### COTTON SHUTTE

"Uncle" John Cotton and Mrs. L. Shutte were married at the courthouse Monday. Judge Horace Holley officiating. Mr. and Mrs. Cotton are running a hotel on East Bridge Street and will continue to make their home in this city.

#### MAKING GOOD IN THE "VALLEY."

Loy Ramsour, formerly of Snyder but now of Edinburg, down in the Lower Rio Grande Valley, is here this week meeting old friends and incidentally attending to some business matters.

Loy says that his town is already a live little city of about 5,000 and growing rapidly. He says that he likes his new location and that his business is even better than he had expected it would be. Mr. Ramsour has great confidence in the future of the "Valley," and believes that one day it will be the real "Garden Spot of the World."

Time is flying so fast in Hermleigh. There is little opportunity for anything interesting to happen, and in the event that anything should, people are too busy to speak of it. Just to be frank, the reporter has not heard a word of gossip this week.

Misses Dixie and Theo Williams of Sweetwater were the guests of Mr. and Mrs. R. D. Kinney, Jr., Saturday and Sunday.

THE ALTRURIAN CLUB.

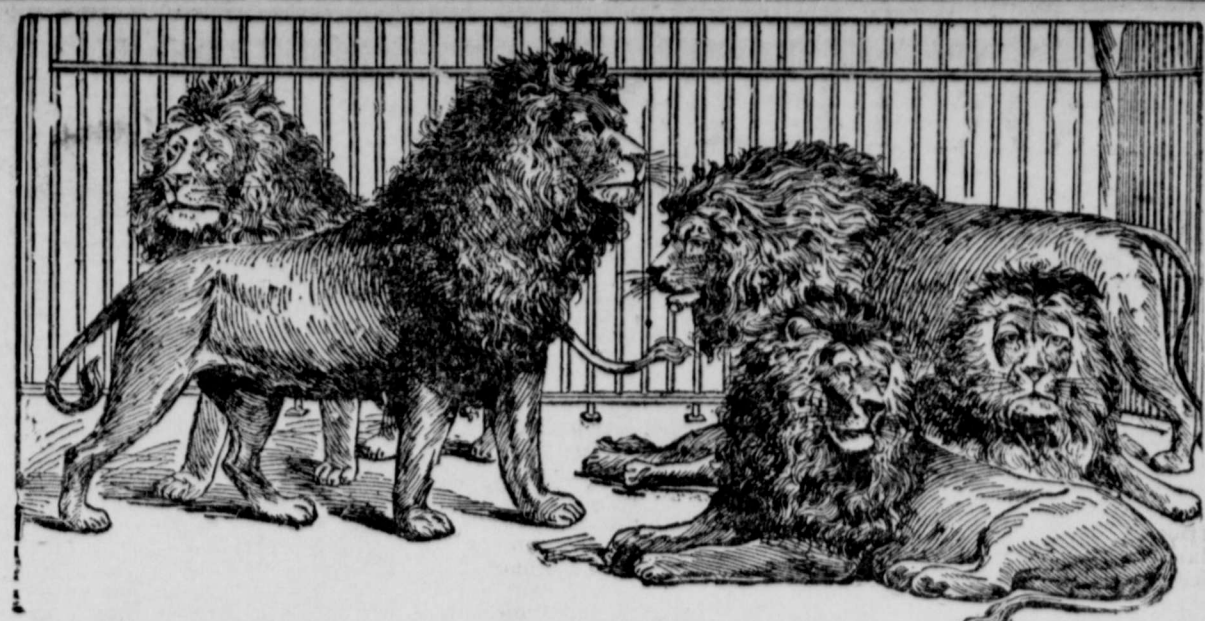

Mrs. J. M. Harris was hostess to the members of the Altrurian Club at her home on Friday afternoon, October 15. The subject for the afternoon was an interesting discussion of the city of New York, in which Mrs. Joe Caton was, in a very pleasing manner, proud to be a capable leader. An appreciated discussion was given by Mrs. O. P. Thrane, in which she told many interesting facts gathered during her visits to the city. The parliamentary drill conducted by Mrs. C. C. Higgins was very instructive to all present. The charming manner of the hostess, combined with the fragrant odors of large vases of cut flowers, attractively arranged throughout the room, added much to the pleasure and beauty of the occasion. A beautifully decorated table was presided over by the hostess and Mesdames E. J. Anderson, W. L. McCormick, W. W. Lechner, and Fritz R. Smith, where a delicious salad and coffee luncheon was served. Mrs. W. W. McCormick and W. W. Lechner were appreciated guests.

CITATION BY PUBLICATION. STATE OF TEXAS.

To the Sheriff or any Constable of Scurry County, Texas—Greeting: You are hereby commanded to summon Scurry County Farmers Union as it existed July 21st, 1906, and since each and every person who is or was a member thereof since July 21st, A. D. 1906, also F. L. Davis, J. W. Gladson, G. M. Garner, W. T. Willis, W. H. Harvey, John W. Baker, the heirs of D. F. Wilson and Jep Brown, deceased, to wit: Mrs. Lula Wilson, Doris Wilson, Edgar Wilson, Frank Wilson, Emmett Wilson, Nellie (Wilson) Mayben and her husband, P. A. Mayben, Mabel (Wilson) Kelley and her husband, Henry Kelley and Miss Lillie Wilson, Mrs. Mollie Brown, Harrison Brown, Richard Brown, Myrtle (Brown) Hogan, Lem Hogan, Luna (Brown) Spindle, Lee Spindle, Jettie (Brown) Thompson, Jessie Thompson, Maggie (Brown) Thompson, Marvin Thompson, Bessie (Brown) Landis, Boss Landis, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in Scurry County, Texas, in the 32nd Judicial Dis-

trict, to appear at the next regular term of the District Court of Scurry County, Texas, to be held on the 4th Monday of December, A. D. 1926, the same being the 27th day of December, A. D. 1926, then and there to answer a petition filed in said court on the 7th day of October, A. D. 1926, file Number of which is 2394. Wherein J. R. Joyce, J. A. Joyce and I. A. Joyce are plaintiffs complaining of all the foregoing named persons as defendants, and alleging that the residence of Scurry County Farmers Union, W. T. Willis, John W. Baker, Bessie (Brown) Landis, and Boss Landis, are unknown to plaintiffs and that they be cited by publication. The cause of action being trespass to try title for all of Block Eleven of Lunday Park Addition to the town of Snyder, Scurry County, Texas, alleging that the defendant Scurry County Farmers Union made and delivered for a

valuable consideration a warranty deed to said land to Farmers Union Gin Company, its date being between July 21st, 1906 and January 1st, 1908, that said deed was not placed on record and has been lost. Plaintiff pleads five and ten years limitation, claiming the same in fee simple. That defendants F. L. Davis, J. W. Gladson, G. M. Garner, D. F. Wilson, deceased, Jep Brown, deceased, W. H. Harvey, W. T. Willis and John W. Baker, exercised some dominion or claim to said land and property thereon at one time and this claim or action casts a cloud on the title. Plaintiffs bring this suit to prove the execution and delivery of the deed as set forth and its loss praying that the same be declared by judgment. That title be cleared of all claim of Scurry County Farmers Union and cloud of all the other defendants, and title thereto be quieted in all things in Plaintiffs and all relief that they may show themselves entitled in law or equity. Herein fall not, but have you then and there before this Court this writ, with your return endorsed thereon, showing how you have executed the same. Witness my official signature and the seal of said Court, this 7th day of October, A. D. 1926. ATTEST: JEAN GRIGGS, Clerk District Court, Scurry County, Texas. 19-4-c

# SOCIETY AND CLUBS

VERNELLE STIMSON, Society Editor

## "LA TERTULIA" CLUB ORGANIZED.

On Friday afternoon, October 15, the Spanish students of the Snyder high school met for the purpose of electing officers for the Spanish Club. The following officers were elected: Onnie Martin, president; Vera Upton, vice-president; Reva Lewis, secretary; Frances Jenkins, treasurer, and James Holcomb, reporter. Each class ran its own officers, but the first year class was not well represented and all officers elected are second year students. The club will meet twice a month, these meetings being held on Wednesdays of the odd weeks. Everyone is working for the good of the club and we believe that we are going to have one of the best organizations in the entire high school. We are indeed glad to have our last year's sponsor, Miss Fannie Muse, with us for another year's work. Miss Muse is a fine teacher and out of school she is just "one of the gang." We have made a good start. Let's keep going!—Reporter.

## THE STORY TELLING CLUB.

The Story Telling Club met last Friday. The house was called to order by our president, Janice Thompson. The minutes were read and approved. The story tellers for last Friday were Edmond Wilcox, Edward Shuler, Dawson Bridgeman, and Hugh Monroe Taylor. The story tellers for next Friday were chosen—Amanda McClamy, Edward Greene, Warren Pierce and Louetta Byrd. The club adjourned to meet again next Friday.—Reporter.

## SON OF MR. AND MRS. W. F. MARTIN, SR., MARRIED.

Mr. and Mrs. W. F. Martin, Sr., of our city received word that their son, J. W., known as "Jimmy," was married Sunday morning, October 17, to Miss Mary Hodges at Amarillo. Mr. and Mrs. Martin arrived here Tuesday of this week, accompanied by Jimmy's brother, W. F., Jr., and wife of Slaton, to visit with home-folk. They will be at home in Amarillo.

## PARENT-TEACHERS' ASSOCIATION.

Members of the Parent-Teachers' Association met in their regular meeting on Thursday, October 14. A very interesting talk on "What should be the keynote of the year's undertaking?" by Mrs. McCoach, was enjoyed by the assembly. A challenge was made by the teachers that they would endeavor to have more present during the year than the mothers. The challenge was accepted by the mothers in an effort to increase their attendance. The association was the donor of fifty dollars to the agricultural department of the school, for which Mr. Scott, teach-

er in that department, in a very appreciative manner expressed his thanks.

## PARENT-TEACHERS' ASSOCIATION HOLD FIRST MEETING.

The first meeting of the Parent-Teachers' Association of this city was held at the school building Thursday afternoon of last week. The various committees gave good reports. Mrs. H. J. Brice, the new president of the association, gave an interesting talk on "Plans and Hopes for the Year." A general discussion on "Different ways to improve our Parent-Teachers' Association," was led by Mrs. J. W. McCoach. Mrs. Brice declares that the note of the P. T. A. plan for this year is to get members interested and get them to attend these meetings. Twenty-nine members were

enlisted at this first meeting and it is hoped that many others may join in the near future and become active members.

## YOUNG WOMAN'S AUXILIARY

The Young Woman's Auxiliary of Missionary Society of Methodist church, met in the home of Mrs. J. L. Martin Monday, 3 p. m. with Miss Myrtle Martin and Mrs. R. P. Jones as hostesses. The beautiful floral decorations gave a setting for the study of God's word that befitted their creation. The opening song, "Showers of Blessings" was followed by a devotional service by Mrs. R. J. Randals. The president, Mrs. Ivan Dodson, held a short business session after which the lesson which was Chapter III, "The New Mexico" of the study book, with the peoples of Latin America, was led by Mrs. R. H. Odum. Many and varied were the

things learned of our neighbors the straight of Magellan. They are between the Rio Grande River and are of all walks of life from wealth to poverty, from university graduates, philosophy and scientists to illiteracy and barbarian, from presidents and governors to peons and slaves. They have the modern inventions but that cannot recompense for the lack of the Christian religion which they as yet know so very little about. To look across the Rio Grande at the saloons, outlaws and the dirty, irreligious conditions does not give us a true picture of the desires of hearts of the people as a whole. Thanks to the present regime of government, for it is amending laws, building schools and libraries, distributing good reading matter along with translations of the New Testament. Again as we sail into the harbor Rio De Janerio, the most beautiful in the world. We do not see the poverty-stricken, uneducated, downtrodden masses of people throughout the length and breath of its land. But Methodism is planted in the shadow of this harbor and beyond the Rio Grande and we pray that the study of this book may so acquaint us with our brothers, sisters and neighbors that our present enthusiasm may grow into inspiration and inspiration into activities that will help to bring the kingdom of God into their lives, whereby they may feel the "showers of blessings" with us.

The meeting closed with the Lord's Prayer. After a delicious salad course we adjourned to meet Monday, October 25, with Mrs. C. J. Yoder and Mrs. R. H. Odum, as hostesses at the home of Mrs. Odum.—Reporter.

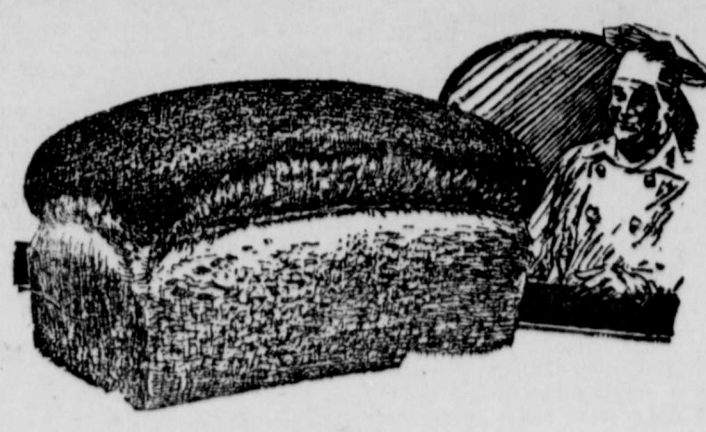

W. M. S.

The auxiliary No. one of the Methodist church met for mission study at the church on Monday

afternoon, October 18. In the absence of the president, Mrs. Hardy presided, and, after devotional exercises, the lesson was at once taken up. Sixteen members of study class responded to roll call either in person or by sending in reports on the lesson. Considerable interest was manifested in the lesson, which was on the facing

of the future by the Moslem world. Lesson was led by Mrs. Hardy in a most interesting way.—Reporter.

Mrs. M. O. Fowler of Hot Springs, Arkansas, arrived in Snyder Wednesday of this week to visit with her daughter, Mrs. Ed J. Thompson.

CITATION BY PUBLICATION.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Scurry County, Texas—

Greeting:

Whereas, on the 6th day of October, 1926, N. E. Jones, Administrator of the estate of Nugh Jones, deceased, filed in the County Court of Scurry County, Texas, an application for the partition and distribution of said estate and alleging that N. S. Jones, G. H. Jones, Mrs. May Caddell, O. L. Jones, Mrs. Janie Gregory, Mrs. Rena Goin, W. L. Jones, Floy Jones, A. V. Jones, and Stuart Jones, a minor, Elmer Jones, a minor, and Blance Jones, a minor, are all entitled to share in said estate.

Therefore, you are hereby commanded to summon, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county and require the above named heirs and all persons interested in said estate, to be and appear before the said County Court at the next regular term thereof, to be held at the courthouse of said Scurry County, in Snyder on the second Monday in November A. D. 1926, then and there to show cause why such partition and distribution should not be made.

Herein fail not, but have you then and there before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

KATE COTTEN, Clerk of the County Court of Scurry County, Texas. Given under my hand and seal

of said Court, at my office in Snyder, Texas, this 6th day of October, 1926.

(Seal) KATE COTTEN, Clerk of the County Court of Scurry County, Texas. 17-41-c
