

INFANT BAPTISM AND THE TRUE CHURCH.

At the Methodist Church next Sunday at 10:50 a. m. the subject will be "Infant Baptism, Scriptural and Apostolic." The preacher will show that infant baptism did not come from the Roman Catholic Church, but, on the contrary, was authorized by Christ and practiced by the apostles; and was also practiced by the early church 250 years before there was a Roman Catholic Church. You ought to hear this sermon and find out about infant baptism.

At 7:15 p. m. the subject will be: "Is the Methodist Church a New Testament Church or a true Church of Christ?" In this sermon the preacher will give the essential marks of a true church of Christ and will tell who started the important churches of our town and when they were started. He will also show that the church government of the Methodist church is authorized by the Bible, and is very much like the government of the United States of America.

Don't fail to hear these two sermons. They will be chock full of valuable and important information.

Come to "the church of the glad hand" next Sunday. You are very welcome always.

B. W. DODSON, Pastor.

PATENTS GRANTED TO RESIDENTS OF TEXAS.

Compiled by Munn & Co., Patent Attorneys.

Of 877 patents issued in the last week, Texas inventors obtained 11.

William J. Miller, of Houston, Oil Well swab. A further object of this invention is to provide means for jarring the swab to loosen the same if it should become stuck in the well.

M. T. Skinner of Waco. Wingsweep attachment for attaching the wing to provide a more economical and simpler means for attaching the wing sweeps to the plows, cultivators or the like, whereby the sweeps may be adjusted to desired angles as heretofore with more ease and in less time.

Mr. Skinner assigns his patent to Skinner Horse-Hoof Combination Sweep Company.

Philip L. Howe, of Wilson. Combined cooking and heating stores and is particularly well adapted for use in connection with stoves which use oil or gas for fuel.

Oscar C. Kuehne, of San Antonio. Valve. This invention relates to foot valves which are employed at the lower end of a suction tube to control the flow of water drawn from a well or tank.

John C. Bonnell of League City. Map game. This appertains to novel educational game apparatus and the primary object is to provide a novel game which will be both amusing and educational and which can be played by a number of different persons simultaneously.

James Richard Safar of Nada. Cultivator attachment. This invention relates to a cultivator attachment, and the object of the invention is the construction of an attachment for a cultivator of a standard make, whereby the operator can cultivate close to a fence or a row of trees, or can culti-

vate more expensively than when using an ordinary cultivator, without the attachment.

John M. Gray of Wichita Falls. Chicken feeder. This invention relates to chicken feeders and particularly to those chicken feeders in which a trough is provided for holding feed and in which the chickens may have access to the trough only through a series of vertically extending bars thus permitting each chicken to have his due amount of feed without interfering with any other chicken.

William Franklin Cole of Waco. Surgical instrument. This is an improvement in surgical instruments, and has for its object to provide an instrument of the character specified by means of which may be given in a sitting position, and without the necessity for the patient assuming a reclining position.

Albert B. Mueller of Runge. Cylinder projector. This invention aims to provide simple means for preventing foreign matter, such as sand, from being pumped up into the working barrel and causing the cups at the interior of the working barrel to wear rapidly.

WILL NOT RUN ON REPUTATION. William Wrigley, Jr., in explaining the big expansion of his chewing gum company, said it was due to advertising.

In a trip West recently in company with a friend, the latter said: "You have built up a remarkable business. Why not save some of this advertising money and run along on momentum for a while?"

"Well," Mr. Wrigley said, "we have had a fine, fast trip west from Chicago so far. How much progress do you think we would make if they took off the locomotive?"

WHEN TO BOOST. Boosting is best in moderation. There can be such a thing as overdoing it. But never to our knowledge has there been too much of it in Snyder. Sometimes a knock of the right kind is all right—if it serves the purpose of making up the community to the point where it will start in boosting to overcome the knock. But always it takes more boosting than it takes knocking to improve conditions. So let's lay aside the hammer we are hiding behind our backs and pick up a horn. We are nearing the end of what our merchants say has been a very good year. Let's do whatever we can find to do to make the few remaining weeks of 1926 prosperous. Let's try buying every dime's worth here at home for the next two months and see if it doesn't brighten things up still more. That's the best way to boost. And it's also the best way to get rid of the knocker.

Mr. and Mrs. A. S. Graham of Ada, Oklahoma, visited here with Mrs. Graham's parents, Mr. and Mrs. M. Stacy, Saturday and Sunday, returning to their home Monday morning.

Mrs. W. A. Rogers and Woodson Stinson spent the past week-end in Dallas and Lavon where they visited their grandmother, Mrs. M. J. Neely.

CONSTITUTIONAL AMENDMENT.

On Nov. 2, 1926 the voters of the State of Texas will pass upon four proposed amendments to the State Constitution. All of these proposed amendments deserve careful consideration. However, the purpose of this article is to call attention to the first of these proposed amendments to permit officers and enlisted men of the National Guard, the National Guard Reserve and the Reserve Corps to hold offices or positions of honor and trust in this state.

If you are a voter you will be called upon to vote for or against this amendment. You will note that all the organizations mentioned in this amendment are voluntary patriotic organizations, the personnel of which is made up entirely of civilians. Under our State Constitution as it now is men of the National Guard and the Reserve Corps who are civilians, engaged in various professions, occupations and trades are not permitted to hold any office or position of honor or trust in this State, and visa-versa. Is there any reason why those who perform patriotic duty by volunteering their services should be so penalized?

Bringing it down close to home our local National Guard unit with headquarters at Snyder is made up of about 75 young men of Scurry County, most of them farmers, some business men, some students and some engaged in the various other walks of life. These men are rendering just such service as was lauded to the sky as heroic during the war. They are simply patriotic volunteers rendering a service to their country. Is there any reason why they should be penalized by being denied the right to hold offices and positions of honor and trust in this great State?

This amendment would make a minor change in the Constitution but would remove and correct a great injustice of long standing. The voters should consider well this amendment and not vote against it simply because it is an amendment to the Constitution.

A CITIZEN. WILL SUPPORT ALL AMENDMENTS.

There will be four amendments to the voters of Texas on Tuesday, November 2. Will you please publish the following information for the benefit of your readers:

RHEUMATICS Why Suffer?

RHEUMALAX relieves rheumatism quickly and surely, science of today find and perfect what centuries of research have overlooked. A new discovery that relieves or costs you nothing. Sold and guaranteed by Sunson Drug Company.

Amendment No. 1.—Relating to National Guards. Passed the Senate 21 to 0 (page 535). Passed the House 100 to 20 (page 1575).

No. 2.—Relating to school districts. Passed the Senate 26 to 0 (page 1163). Passed the House 107 to 2 (page 1703).

No. 3.—Relating to Prison Commissioners. Passed the Senate 22 to 0 (page 831). Passed the House 101 to 7 (page 1563).

No. 4.—Asking for the taxation of school lands used for grazing and agricultural purposes with no school buildings on them. Passed the Senate 24 to 0 (page 1058). Passed the House 100 to 5 (page 1825).

Passed almost unanimously. It can be seen that these four passed both the House and Senate almost unanimously and we can feel justified in voting "FOR" all of them. There were 29 amendments offered in the House and 22 offered in the Senate (some being duplicates) but only 4 passed, which shows that the legislators were exceedingly careful and that these four must all be pretty good ones.

J. HERSCHEL BOGGS, Representative 91st District, San Angelo, Texas.

WHATLEY ITEMS. Entertained. Miss Nellie Buffalo entertained her friends Saturday night with a tacky party. Those present were

Misses Mattie Ross and Maurine Cunningham, Donnie Davidson, Ruby Metcalf, Messrs. Cecil and Raymond Butts, Ed Davidson, Cunningham and Ed Davidson got the prize for being the tackiest. Ruby Metcalf and Cecil Butts got the prize for being the prettiest boy and girl. All reported a nice time.

Mrs. John Parker spent Saturday and Sunday with her husband's near White Bluff.

Mr. Lane and family have moved to the Double Mountain River to pick cotton.

Mr. J. V. Riley from Snyder is out here helping John Parker harvest his feed.

Dr. Lecher is out sowing his car house built.

Mrs. Cunningham is having a wheat.—Farmer.

Snyder Mattress Factory

We have served you for seven years. Let us continue to serve you.

A complete line of new mattresses on hand at all times.

We call for and deliver. Phone 82. Next to Snyder Produce Co.

Hot Point Electric Range

Why put up with the labor of carrying in of fuel and the carrying out of ashes; the scouring of sooty pots and pans; the smoky and dingy kitchen when only a nominal cost will make it possible to cook with the clean, white heat of an electric range. See this range and then plan to secure all the benefits of electric cooking.

FRIENDLY

BORDEN COUNTY NEWS FROM GAIL

The Gail Parent-Teachers' Association met last Thursday afternoon at 3:30. The primary department rendered a short program which was very appreciative by the association. At the business session the association approved a motion to purchase equipment for the physics laboratory, and new maps and charts for the high school history department. Upon recommendation of the principal, Mr. Harris. The association also approved of giving a Halloween carnival on Thursday night. The admission charges to go to the associational fund. The associational friendship and fun is another purpose of the carnival. The social hour followed the business session. Hot chocolate and cookies were served by the domestic science girls.

The fourth quarterly conference of the Methodist church met here Tuesday of last week. Rev. J. S. Hardy, presiding elder of this district; Rev. D. B. Doak, presiding elder of Lubbock District; Rev. J. W. Watson, pastor of Lamesa church; Rev. B. W. Dodson of Snyder, were visitors with the church. Bro. Watson preached at 11 o'clock and conference was held in the afternoon.

Mr. J. H. Wicker and wife of Durham attended conference here. Rev. L. D. Sanders filled his regular appointment here Saturday night, Sunday and Sunday night. A large and interesting congregation was present for the 11 o'clock services. Bro. Sanders' theme was for home and foreign mission causes, fostered by the Baptist people. The sermon was

very impressive and helpful. At the close of the evening services a nice freewill offering was given by the membership present.

The Snyder B. Y. P. U. came and rendered a very inspiring program Sunday afternoon. The theme of their program was "Sin." Each one of the members rendered his part well. Inspiring and leaving in the hearts of the hearers to live truer, nobler and more efficient lives. We were very grateful to this Snyder Union for their visit with us, and the splendid program given. The church and community together extend to them a cordial welcome to be with us at any time. We shall always be glad to have them.

Preceding the church services Sunday night with the pastor acting as chairman, this church organized a B. Y. P. U. The following officers were elected: Mr. C. S. Harris, president; Mrs. Alvin Jackson, vice-president; Miss Ruby Lee Cockrell, secretary-treasurer; Mrs. C. S. Harris, pianist; Mr. Ted Johnston, song leader; Mrs. D. Dorward, Bible readers' leader; Group captain, No. 1, Miss Thelma Myers, No. 2, Miss Nora Sealy. The officers decided to meet each Sunday evening at 6:45 p. m.

Mr. J. L. Cantrell of Amarillo spent Wednesday and Thursday night with his parents here.

Mr. Jim Dorward of Snyder was in Gail on business Thursday of last week.

Several of the young folks in Gail attended the show in Snyder last week.

Mrs. Vera Davison of Big Spring spent the week-end near Gail with her parents, Mr. and Mrs. Sam Wilson.

Misses Grace and Pauline Cantrell were guests of Mr. and Mrs. Claud Miller of Big Spring Tuesday night of last week.

Mrs. W. M. Jackson and daughter, Wilma, and Miss Ruby Lee Cockrell went to Lamesa Saturday on business.

A. J. Cantrell went to Snyder Monday.

J. Y. Evert and wife of O'Donoghue visited their son and family, Dewey Evert, Friday of last week. Eight trucks loaded with machinery belonging to the W. R. Penn Oil Company were unloaded Sunday at the drilling site, on the O. B. Ranch. A crew of hands are a work putting up the machinery. Thirteen more loads will be brought this week.

The farmers are taking advantage of the pretty weather working early and late.—Mrs. A. J. Cantrell.

H. G. Towle, acting president of the State Examining Board of Optometry, held an examination at Houston the past week. Mr. Towle is recognized as one of the ablest optometrists in the state.

TIMES-SIGNAL SIGNALS.

Jack Dempsey may not be able to come back but he certainly is good at talking back.

About the only thing around the house the average Snyder-man can claim for his own are the bills.

Why is it that a whole lot of people would rather have their own way than be happy?

After wondering thousands of years how to fix their hair women finally decided to cut it off.

Wouldn't it be fine if the farmers around Snyder could take the tons of advice they receive and use it for fertilizer?

Those who really have nothing to worry about seem to worry about 24 hours a day.

With the experience he has gained in 90 years "Uncle Joe" Cannon ought to be able to live another ten years.

Our tip to the Snyder man that is just getting married is to buy his wife such fine china that she'll never trust him to wipe the dishes.

One way to keep from being run over by an automobile is to get a job on a police force.

No man in Snyder can be classed as an old bachelor until he begins to worry for fear some woman will marry him.

We begin to see why European nations fight so many wars. It's the easiest way to open up a charge account.

Why don't the churches around Snyder include in their budget contributions for sending a few missionaries to Chicago?

When a man reads a newspaper while driving an auto he must be picking out a place for his headlines in next day's issue.

France has a new auto fuel said to be 40 per cent cheaper than gasoline. She can pay us a part of our war debt in it if she likes.

What has become of the old-fashioned Snyder girl who thought she oughtn't go with anyone else after she became engaged?

In Europe blue beads are a token of bad luck. Over here the bad luck token is a black eye.

GOOD NEIGHBORS.

We came across an item in an exchange a few days ago that struck us as containing pretty strong evidence that the old spirit of helpfulness to others is not dead in the land. The husband of a Kansas woman died and left a 75-acre field of corn standing, and across from it a field of oats—10 acres ready to cut. Everybody was busy in the neighborhood—but they were not too busy to lend a hand. Word was passed around following the burial of the owner of the little farm, and the next day twenty-seven able-bodied men, with corn knives and a reaper, made quick work of the crops. By dark they had saved them for the widow.

Sometimes we see things, or read about them, that lead us to believe that the old neighborly spirit is dead. And then we run across an example similar to the one in Kansas. Or we learn of a Snyder citizen being ill, and quickly see the old spirit revived through visits of neighbors to the bedside, along with frequent inquiry as to the patient's condition by those on the street. And it cheers our hearts, and makes us glad. It convinces us that there are still a lot of good people in the world, and that the place to find them is in the small town and the rural districts. It is good to know that the spirit of

the old neighbor who rushes in with a glass of jelly whenever anyone in the family is ill has not vanished from the earth. So, let's thank the Lord that there is still some of the old "Love thy neighbor as thyself" still left in the hearts of the American people.

HE'S STILL HERE.

Here are some new figures to convince the Snyder man who feels that electricity and gasoline are putting the horse out of business that he is wrong. Canada reports a million and a half more horses today than she had twenty years ago. Uncle Sam's newest statistics show that there are four million more horses in the United States than there were 25 years ago. Most of the countries of the world are reporting an increased number, and even though thousands met death during the World War, Europe reports more horses today than she had in 1914, before the war got well under way. This is not only interesting, but there is a good moral in it. It proves that things are never as bad as they seem. It also means that from the progress of the horse we can learn a valuable lesson that is that as long as you've got the goods there will always be someone in the market for them.

CONVICT LABOR.

California's road mileage is not as great as some other states can boast, but no other state can boast better ones. For several years she has been building her roads with convict labor. But she has been doing it under a plan that makes not only better roads but better men. They are paid for their labor, too, in addition to their clothing and meals. One day's work on the roads counts the same as two days spent in prison. The men work on the roads to get the advantage of pure, fresh air, and they have the feeling that comes from being trusted with a responsibility. They pay their debt to society, and leave the prison better men—and in almost every instance with enough to get them over until they can secure a permanent job. Convict labor as it is applied today is more of a blessing than a curse. And that other states are emulating California's example is evidence of that act.

FOR SALE

640 acres, good level black land, 400 acres in cultivation, 6-room house, and one 3-room house. Encumbered, \$2,500.00. TEAMS, TOOLS and Feed goes with the place. Eight miles from Snyder, on State Highway. The price of this place is \$65.00 per acre.

Five-room and bath, on paved street, near High School, lot 75x150 feet; barn, garage, chicken house; price, \$1,800; some terms. See us for any kind of REAL ESTATE proposition. Farm Loans and Rentals.

Unseen Sources of Long Life

The basic sources of automobile value are not always apparent to the eye.

A motor car, like a house, may LOOK a great deal more substantial than it really is.

Because of this difficulty, more and more thousands are turning to Dodge Brothers product for insurance against disappointment.

The years have proved, and each year proves anew, that Dodge Brothers are as deeply concerned with the UNSEEN goodness of their motor car, as with the seen.

The mileage it will deliver, the safety it will provide, the expense and trouble it will save the owner over a period of years, are quite as important to Dodge Brothers as the more obvious details of equipment and style.

Articles found in the stomach of a cow butchered in Kansas City included shotgun and pistol cartridge shells, wire nails and scraps of brass, iron and steel.—Menard Messenger.

That old cow was sure "loaded." But she must have been a cow-ard to go armed like that.

"Santa Fe will give rates for nut fete," declares an exchange. Well, we have been listening for the "nuts" of the country to have some sort of a to-do. There are a number in Scurry County ought to be able to qualify for membership in the order of "Nutz."

Don't forget the Scurry County fair. It will be held and the extent of its success is going to depend on how much co-operation you give it. Let's make it go strong, and build around it a permanent organization.

Don't drop your home paper because of the low price of cotton. Your editor is going you fifty by offering you two years for the price of one. But this offer will be withdrawn November 20. Better subscribe or renew now, before you forget it.

The Times-Signal hopes to be able to announce the winner in the maize growing contest next week. The judges are going to make their decision some time this week.

Some have been wondering if the new hotel proposition has gone dead. No, sirree. Steve! Plans are being perfected, and actual work will be started in a very short time, say those in a position to know.

FLUVANNA NEWS.

Business Affairs. The very fine weather, which has prevailed since the middle of the month, has made it possible for the farmers to make considerable progress in the gathering of crops. Needless to say that they are availing themselves of this fine opportunity. One of the results of this activity is the steady run of our gins. It seems that everybody feels the neighborly spirit—the spirit of co-operation—hence, almost every person who can do so is going to the cotton fields. Yes, the whole public school is in line for "neighborly service." In order to do this effectively our school is opening at 7:30 in the morning and dismissing at 2 p. m. This gives the entire student body several hours in which to aid the farmer in his very important task at this critical time. Of course teachers and students must get out early in order to put this program over, but they are doing it with a zest commendable of all of them. J. E. Sneed has recently closed a deal by which he traded his home and farm, representing a section of land, some six miles southwest of Fluvanna, to Albert McAllister of Abilene, for property at that place. It is understood that Mr. McAllister's son will reside on the newly acquired property.

Faulty Elimination. Should Be Corrected—Good Elimination Is Essential to Good Health. If you would be well, see to your elimination. Faulty kidney action permits toxic material to remain in the blood and upset the whole system. Then, one is apt to have a tired, languid feeling and, sometimes, a toxic headache or headache, and often some irregularity of secretions, such as scanty or burning passages. More and more people are acclaiming the value of Doan's Pills, a stimulant diuretic, in this condition. For more than forty years, Doan's have been winning favor the country over. Ask your neighbor!

DOAN'S PILLS

Stimulant Diuretic to the Kidneys

Walter-Milburn Co. Mfg. Chem., Buffalo, N. Y.

NEW HANDY PACK WRIGLEYS PEPPERMINT TOOTH PASTE

3 Packs for 5¢. A treat everybody enjoys. It's good for young and old.

erty. J. E. Mitchell, Jr., of Gail, shipped a car of beef cattle from this place Monday. We understand that contracts have been closed by which four test wells are to be put down in our vicinity, work to begin within ninety days. These drillings are to be located as follows: Two on the York property, one on the O. B. Ranch and one on the Craft ranch—all to the southwest of Fluvanna. We do not know what is under the land-surface over which we tread, hence, these interesting parties are going down a ways to find out. In the mean time we are hoping that something worth while, possibly oil, may be discovered.

Death. We are sorry to have to report that Miss Mittie Battle of the Arab community, died suddenly at her home last Friday. Miss Battle had been in a bad state of health, as we understand, for some time but was not confined to bed. She was stricken in the yard, soon lost consciousness from which she never rallied. She was about 45 years old and had been a member of the Baptist church some 30 years. Deceased leaves one sister, two brothers and her aged father to mourn their great loss. Rev. F. W. Ferguson of Snyder, conducted the funeral service, in the Baptist church here, Saturday afternoon, following which interment was made in the Fluvanna cemetery.

Church Services. Preaching services were held at the First Baptist church last Sunday, Rev. Charles Leslie, pastor, doing the preaching. We understand that there was a good congregation out and good interest. Services were also held at the Presbyterian church morning and evening. At the evening service the pastor and his wife put on a stereopticon lecture, the subject being, "America's Neglected Children." The visualized lesson took us hurriedly over a large part of the United States, including Alaska and Porto Rico, showing and explaining varying conditions of neglected children, and the efforts this church is making to help them. A large and appreciative congregation attended the service. So far as we know there will be no preaching service during the day of next Sunday; but at night there will be another stereopticon lecture put on at the Presbyterian church. The subject will be, "The New Indian on the New Trail." The lesson will be worth while.

Miscellaneous Items. Mr. and Mrs. Caleb Browning are proud parents of a fine girl baby, born last Sunday night. Mother and child are said to be doing well. T. A. Steel has been right sick for several days. Heart trouble we understand is the cause of his disability. L. F. Patterson of Hermleigh came up with Brother Leslie last Saturday and spent the day here visiting his son, J. R., and attending church. Mrs. Wallace McDaniel and young son, Wallace, Jr., of Kings Park, Tenn., Dr. J. B. Stackable, wife and two little daughters, of Ranger, Texas, were all guests in the J. S. York home last week. Both ladies are nieces of Mr. York. M. E. Boren and family of Lamesa, were visiting relatives here last Sunday. Mrs. J. N. Bley is visiting her mother at Brownfield this week. Mrs. John Buchanan and children recently returned from an extended visit with relatives near Big Spring.

of paralysis while in Snyder last Saturday and is in a serious condition, though improving.

The infant daughter of Mr. and Mrs. R. M. Kennedy, died on last Thursday night and was buried in Dunn cemetery Friday afternoon. Rev. J. E. McDermott conducting the ceremonies at the grave. Mr. Kennedy moved to this community from Oklahoma for his wife's health and is living on Mr. Walter Woods place and picking cotton for Mr. Woods. The baby was 41 days old and had only been sick a few days.

Mr. Giles Bowers and family visited in the home of Mrs. W. M. Jordan Sunday. Mr. Grady Brown, one of Dunn's most progressive farmers has engaged in the clothing business, catering to ladies wearing apparel only and requests that any one having a dictionary of technical terms, he would like to borrow same as he is not familiar with the many and varied names of the articles his catalogue pictures. He is going to continue the cotton growing business and therefore his customers are requested to communicate with him by mail, telephone or see him at the gin, as his crew is picking two bales a day and it takes a great deal of his time to haul it off.

The public school of Dunn opened its 1926 and 1927 session October 25. A splendid musical program was rendered by the fine arts department. Mr. E. E. McLendon is supervisor. A good representation of the patrons was present. The enrollment was better than expected, there being so much cotton still in the fields, but the Dunn Independent School believes in education and many are sending their children to school at a real sacrifice. The school board is to be congratulated upon their success in securing a strong faculty as follows: Mr. J. B. Jordan, superintendent; Mrs. J. B. Jordan, primary teacher; Miss Clarence Er-

win, third and fourth subjects; Miss Ethel Parker, English and other subjects; Miss Willie Mae Garner, piano and expression; Mr. A. G. Johnson, history and English; Mr. E. E. McLennan, supervisor of music department.

The junior B. Y. P. U. of the Baptist church rendered their first program Sunday evening. Mrs. McDermott is their leader and says we may expect some great things out of the juniors. Rev. J. R. McDermott filled his regular appointment at the 11 o'clock hours Sunday, both services being well attended.—Jim Peach.

DUNN DOINGS.

Cotton picking is the order of the day. The election which was to decide about the Deep Creek school district being consolidated with Dunn carried in favor of consolidation at both places. This will increase the Dunn Independent School district and strengthen the school.

Mrs. J. E. McDermott and daughter, Opal, returned Friday from a short visit to Abilene, Cisco and intermediate points.

Mrs. J. W. Ivy is real sick at this writing. Mr. Jno Mayo received a stroke

A small child of Mr. and Mrs. Rodge Kennedy of Hermleigh died October 21, and was buried October 22.

W. E. Doak and family visited in Abilene, Sunday.

Farmers Produce

Moved to

Next Door North Duff Fur. Co.

We have moved into this new location because we will have more room to handle your produce.

Turkey Season Opens Nov. 1

So read what we are going to do for the turkey raiser.

\$100 --- \$50 --- \$25

Will be given at the close of the turkey season to the producers who sell us the first, second and third greatest number of pounds of turkeys in one sale during the season. The turkeys must have been produced by the one selling them. We will investigate and see that this requirement is observed.

At the close of the turkey season there will be a happy surprise in store here for every producer of turkeys. The more turkeys—the greater the surprise.

QUALITY AT LOW COST

On a Cash Basis

On November 1, we are going on a STRICTLY CASH BASIS. This may seem rather unusual, considering the fact that this country is right in the midst of its harvest. But why not go on a CASH BASIS, when it will mean a SAVING TO US ALL?

Your SAVING is OUR SAVING also. Let us show you. We will sell you COUPON BOOKS at a DISCOUNT of 5 Per Cent. This will be your FIRST SAVING. Besides, we can sell FOR LESS, because we can operate for LESS, which will mean a SECOND SAVING FOR YOU.

We will make OUR SAVING by being able to run our business with LESS HELP, and will have no LOSSES from BAD ACCOUNTS.

THE CASH BASIS will, therefore, be better for us both, so, beginning with November 1, our business will be operated STRICTLY on A CASH BASIS.

In the Kitchen with 6 Famous Cooks

FIVE WAYS TO PREPARE CHICKEN

These Are Favorite Recipes of Four Famous Cooks

(Editor's Note: This is one of a series of seasonal cooking articles contributed to this paper by six famous cooks.)

Chicken is a universal favorite. Very few folks can find it in their hearts to refuse a second helping of this appetizing fowl. Four famous cooks give tempting recipes for cooking it—fricassee, fried, broiled, stewed and soup. There's variety enough for everyone!

Mrs. Sarah Tyson Rorer Mrs. Sarah Tyson Rorer the Philadelphia cooking expert, has a recipe for a delicious chicken corn soup.

"This is an excellent dish," she says. "With a salad coffee, and a bit of ripe cheese it makes a wholesome meal."

Chicken Corn Soup

Her directions follow: Singe, draw, and cut up as for stewing a two year old hen. Put it in a kettle and cover with three quarts of cold water. Bring to a boil, and cook until tender—about two hours.

Remove chicken, skin the broth, and put it back on the burner. Add two medium sized onions chopped, a teaspoon of salt, dash of pepper, and a box of noodles. Add one pint of canned or fresh cut-off corn. Cover and cook 10 minutes. Add the chicken cut into small pieces. When hot, serve. Is too thick, add milk to thin.

Delicious Fricasse

For chicken fricasse, made according to the recipe of Mrs. Kate B. Vaughn, Los Angeles cooking expert, select a young chicken, weighing about 3 1/2 pounds. Season pieces of chicken with salt and pepper, dredge with flour, and fry in fat until brown. Place in casserole, add water and cook in hot oven, 25 degrees F. for one hour. Keep the cover on the casserole.

As They Cook It "Out West"

Pacific Coast fried chicken is delicious. You have the word of Mrs. Belle DeGraft for that. Mrs. DeGraft is a domestic science counselor in San Francisco.

For this dish cut one medium sized young chicken as for fricasse. Sprinkle with salt and pepper, and dredge with flour. Heat four tablespoons butter or chicken fat in fry pan, and fry chicken until well browned. Cover with hot water, and cook until the chicken is tender, using a low flame. When chicken is done, remove to serving plate. If any liquid remains in pan, drain off in cup.

Put 2 tablespoons of butter in the pan. Add 2 tablespoons of flour, mix until smooth, then add 2 cups of thin cream, or cream and milk, and let make 2 cups. Stir until creamy. Then add one tablespoon finely shredded green pepper, and 1/2 teaspoon salt. Simmer a few minutes, then pour around, not over the chicken.

To prepare the green pepper pour boiling water over it and let stand 10 minutes. Shred with scissors.

Two Southern Methods

Miss Rosa Michaelis, New Orleans domestic science specialist, comes from the south, where chicken is one of the most popular dishes. She gives two southern ways of preparing it.

For southern broiled chicken, she says select a young chicken, clean, singe, and spit it down the back. It will almost be fat. Season with salt and pepper, and brush melted butter all over it. Have a broiler ready over a moderate fire. Place chicken in it, and let it broil slowly for a half hour or a little longer if the chicken is not so tender.

Turn the chicken once in a while to brown both sides. When done, place on a heated platter which has been garnished with sprigs of parsley or lettuce leaves. Pour melted butter over chicken, and serve hot.

With Brown Sauce

Chicken prepared with brown sauce is good served with rice, Miss Michaelis says. Here are the ingredients:

1 chicken
1/2 tablespoons lard
1 sprig each of thyme, parsley, and bay leaf
1 onion
1/2 tablespoons flour, salt and pepper to taste

Clean and cut chicken in small pieces. Season well with salt and pepper. Chop onion fine. Put into deep pot. When hot add onion brown, and add chicken. Let simmer a few minutes with thyme, parsley, and bay leaf chopped fine. Stir often. When all is nicely brown, add 1 1/2 pints boiling water. Stir until it begins to boil.

If necessary, add more salt and pepper. Cover and let simmer until tender (about an hour). The gizzard, liver, and heart may be cooked with sauce, and served with hot rice. No matter if the chicken is old or young, you can make it taste good if you choose one of these recipes.

(Be sure to read the interesting cooking article on this page next week.)

New Toaster

It really pays to invest in a good toaster which lasts a life-time. Many hardware stores are displaying a new blue glazed toaster. It makes four evenly broiled slices of toast at a time. It does not warp. Very handy too, for crisping breakfast cereals. Its handle is ever cool. It can be used with equally good results on oil, wood, coal, or gas stoves.

helpful sermon. The B. Y. P. U. was well attended Sunday night—several visitors, 89c collection and a good program.—Mamma's Pet.

RESIDENCE BURNS.
A small unoccupied residence in the extreme northwestern part of town burned to the ground Wednesday night. The fire boys made a good run and could have saved it easily but it was outside of the limits of fire protection. The origin of the fire is unknown.

Mrs. Howard McDonald had as her guest her mother, Mrs. Embury of Sweetwater Thursday and Friday of last week.

Miss Sue Stevens has returned from the Plains where she has been visiting with her mother, Mrs. Annie Miller.

The 6-months-old son of Mr. and Mrs. E. D. Holdren died at the family home in the Ira community October 18.

The 2-year-old son of Mr. and Mrs. W. A. Wigley of the Knapp community, died October 21, and was buried at Durham, October 22.

Mrs. W. W. Lechner has as her guest her mother, Mrs. W. D. Nowlin of Glenrose, Texas.

Mr. and Mrs. J. T. Herd of Post City, and Mrs. Lois Bennett of Colorado City were in Snyder Sunday visiting with Mrs. J. M. Harris.

Billious dull feeling

"My old stand-by is Thedford's Black-Draught—I have used it off and on for about 20 years," says Mr. W. S. Reynolds, of R. F. D. 2, Arcadia, La.

"I get billious and have a bad taste in my mouth. My head feels dull. I don't just feel like getting around and doing my work. I know it isn't laziness, but billiousness. So I take a few doses of Black-Draught and when it acts well, I get up feeling like new—full of pep' and ready for any kind of work."

"I can certainly recommend it."

In case of billiousness and other disagreeable conditions due to constipation, Black-Draught helps to drive the poisonous impurities out of the system and tends to leave the organs in a state of normal, healthy activity.

Black-Draught is made entirely of pure medicinal roots and herbs and contains no dangerous or harmful mineral drugs. It can be safely taken by everyone.

Sold everywhere. Price 25c.

NEW TIRES FOR OLD!

Here's a Trade-In Proposition You Can't Afford to Miss

BRAND new, fully warranted ROYAL or USCO Tires on your car with a liberal trade-in allowance for your present tires.

That's the proposition we are offering. Come in and let us give you our "trade-in" price. Come in—even if you think your tires are too far gone to be of any value. It won't cost you anything—and it will probably save you some tire money.

And—

If you have just bought a new car that is not equipped with exactly the tires you would like to have, drive it around to our store and you'll go away happy—with a brand new set of

Royal or USCO Tires
—the finest tires money can buy!
Grasp this opportunity to get greater mileage, more comfort and true tire economy.
Come in today.

ROYAL CORD Balloon
The tire that makes its own good roads. Maximum strength and maximum flexibility in the car-cast by the use of Latex-treated Web Cord. Every cord under uniform tension through the Flat Band method of construction. Handsome, effective tread providing sure traction, positive braking and protection against skidding.

The USCO Balloon
A handsome, sturdy balloon tire at a low price. Flat, high-shoed tread. Strong, flexible cord construction giving full balloon cushioning and long service. Carries the name, trademark and full warranty of the United States Rubber Company.

A PRIZE WINNER AT THE STATE FAIR.

Miss Ferris Stevenson, who lives near Hermleigh, one of the five girls whom Miss Laura Bell Roten, our home demonstration agent, accompanied to the Fair at Dallas last week, returned to the city a winner of three prizes, first place on her history of work with record, the premium, Ola Powell's "Successful Canning and Preserving;" First place on one pint of chili sauce, premium \$2.00; and second place on canned tomatoes, premium, a red ribbon. Three other prizes, ribbons, were won by the other girls.

Scurry's citizens are very proud of Miss Ferris for bringing the honor upon our county by winning first prize in the entire state on her notebook, the history, by the way, is of no little value for a complete description of the work done in a girl's home demonstration club, and the Times-Signal takes pleasure in printing it. Some other girls or some boy may be inspired to be a state prize winner. Who knows?

My Project.

"I took for my project this year, gardening. And as this is my first year in club work my record may not equal the records of many others in the same work and year of work, but it certainly has been profitable to me, both in an educational and a financial way.

"I started my garden in April by planting a package of tomato seed (the dwarf champion tree) in two tubs, which were to furnish me with plants for my tomato garden.

"I found that these would be rather late so I bought 200 plants from one of the merchants in Hermleigh. These I planted on the fourth day of May on a plot 24 feet by 40 feet.

"As I was going to school all during the time for planting a garden I found I had time only for my plot of tomatoes and did not plant other vegetables; spending all my time after school with my tomatoes.

"Now to resume the story of my tomato garden I will say that several days after my first tomatoes were set in the garden a rain storm came, washing dirt over the wee plants causing them to die. I used plants from the two tubs to replant the slips and to finish planting the plot. They then began growing rapidly, requiring only an occasional weeding and hoeing with water when available.

"Soon there were numbers of ripe tomatoes on the vines some of which I sold receiving a total of \$4.60.

"A great number of them, 226 lbs. to be exact, were used fresh; 100 lbs. were canned, making 31 qts. and 1 pt.; 120 lbs. were made into tomato catsup, which made 15 qts. and 1 pt. This was all the ripe ones that I gathered from my garden for the vines were attacked by a disease known as "Tomato Wilt."

"About half my garden was dead before I learned what the

trouble was. But when I learned what the trouble was I knew that my garden could not be saved, so I gathered the remaining green tomatoes, forty-two lbs. and out of 17 lbs. of them I made 8 qts. of chow-chow, and out of the remaining 25 lbs. made 10 qts. of green tomato preserves.

"All this work I did myself spending only 10 hours and 2 minutes in making the garden, but many more hours were necessary for the canning. I shall now give recipes used in my canning:

"Canned tomatoes. This recipe is simple enough when directions are followed accurately, but if directions are missed by a fraction of a spoonful the tomatoes are likely to spoil.

"Peel and core tomatoes, place in open kettle and boil until done cooking them in their own juice. Pack in jars and add 1 teaspoon of salt to the quart. Seal and place in dry place.

"Tomato Catsup. 2 quarts tomatoes, 4 tablespoons salt, 6 tablespoons sugar, 1 tablespoon mustard, 1 pint good vinegar.

"Peel and core tomatoes, put in open kettle; cook until done. Then take them from stove, add sugar, salt and mustard, then run the tomatoes through a sieve to take the seed out of the pulp. After doing this place kettle back on stove, add vinegar and cook until thick, stirring at intervals to prevent scorching; place in jars or bottles and seal.

"Chow Chow. 1 peck green tomatoes, 1-2 peck string beans, 1-2 1-4 peck small onions, 1-4 pint green and red peppers, 2 large heads cabbage, 2 teaspoons cloves—tied in bag, 1 box yellow mustard, 1 pound brown sugar, 1 ounce turmeric.

"Let tomatoes stand in brine over night after having been sliced. Next morning drain off all juice and place in large open kettle with other ingredients. Boil for about 10 minutes; put in jars and seal.

Protective Diet.

"Tomatoes or oranges, each day. Leafy vegetables at least three times a week. Green vegetable each day. Milk, one quart per day. Some bread and meat.

My Recipe for a Good Complexion.

"I use my lips for truth, my voice for prayer, my eyes for pity, my hands for charity my figure for brightness, my heart for love."

"Heights of great women, reached and kept. Were not attained by sudden flight. But they, while their companions slept, Were toiling upward in the night."

"There never was a brighter pearl Than a pure, refined and noble girl."

A Well Dressed Club Girl.

"June was the happiest girl in town as she skipped down the street to the clothing departments to look at the new display of wonderful fall hats and dresses with colorful sports coats and shoes which looked like so many vivid flowers arranged in the tall French windows.

"One week from tomorrow Aunt

will come with me to buy my new wardrobe," June was thinking as she walked down between tables piled high with hats. She went from table to counter, then to the racks pricing different articles and making notes of everything she desired, remarking at she did so, "This is for school, this is for Nancy's party," and so on and on.

At last her list was completed to her own satisfaction and leaving the pretty things which were not only dear to her own heart, but to every girl as well, she started home.

"She was very happy as she journeyed home, and when at last she reached the front steps she kissed her aunt and began to tell all in one breath of the wonderful bronze linen which cost only \$8.48, and the wonderful brown dress and leather sport hat, only \$10.20 and a perfectly splendid bolivia coat, only \$30.00 and—

But here she was stopped by a gentle exclamation from her aunt, "Stop, child, I must tell you, though it may be hard to bear, that your father has had bad luck and as asked me to cut expenses so you see all this you can never be."

"June's voice caught in a little sob, the bronze linen fading completely from her dreams. Indeed the whole list faded as a row of soldiers fall before an enemy's fire. "What should she do? thought the only and pampered child of a parent of moderate means."

"Miss school, miss Nancy's party?"

"Alas what a foolish girl. As if clothes were the only thing that

counted in this world.

CHAPTER II.

"Oh, Auntie, I'm so happy aren't you?" asked June at the breakfast table three weeks after her tour of the clothing shops, "and I believe in the old adage, 'fine clothes do not make the man.' I'm so glad too that I joined the girls club and am learning to make my own clothes so that they do not cost so much as well as being more appropriately dressed as a girl of moderate means."

"Now, Auntie, just think how mean it was of me to dress as if I were the daughter of a rich man, when father had to work so hard and manage every way to pay my expenses. But now I can help him for I am learning to cook, sew, and can be useful in more than one or two ways."

"You were right about the adage," said her father who heretofore had taken little part in the conversation, "and you are a fine little girl to realize my financial condition and do what you did for me and don't you think you profited by it, too?"

And to think I have already made two of my school dresses and am going to make the dress for Nancy's party I told you about.

"Well, my dear, aren't you go-

A Short Cut--- to Long Distance -- on Station-to-Station Calls

To facilitate the handling of Long Distance station-to-station calls you may now give your call direct to the local operator. When she asks, "Number, please?" give her the name of the distant town or city and the number of the desired telephone. She will see that your call is completed as quickly as possible.

Calls for a number to any point in the nation may be given to the local operator. All other long distance calls must be passed to the Long Distance operator in the regular way.

Calls handled in this manner take the station-to-station rate.

SOUTHWESTERN BELL TELEPHONE COMPANY

ing to show your father these wonderful dresses and show him the ones you selected ready made, to wear until you learn more about helped her select the ready-made your work." The girls of the club ones so that they would be inexpensive, yet very becoming and not of such rich materials as she did select.

"Yes, father must see the ones I made," said June and this is what she showed him: this being only part of the wardrobe.

June's Note to Club Girls.

Dear Girls:

I add these few remarks, as to an appropriately dressed club girl, telling you a few simple rules to follow in selection of clothing:

(1) Select clothes that are on a simple line, but may be worn on different occasions.

(2) Select as many as possible of washable materials.

(3) Do not use many buttons, ribbons or other perishable trimmings.

(4) Select colors and styles to

suit-your-own type. Never wear a dress just because it looks well on a slender blonde and you yourself are short, of build, brunette. Your friend,

JUNE.

My Expenses for Three Months.

June 2, 1 pair pumps, \$5.98; June 3, 1 crope dress, \$7.10; June 5, 1 hat, \$4.98; June 17, 1 gingham dress, \$2; June 21, 1 roll kodak films, 35c; June 26 and 28, spent at picnic, \$1.75. Total for first month, \$19.21.

July 20, 2 pair hose, \$1.89; July 27, 1 roll kodak films, 35c; July 31, 2 rolls kodak film, 75c. Total for second month, \$2.99.

August 19, 1 roll kodak films, 35c; August 24, 1 linen dress, \$1.2; August 28, 1 felt hat, \$2.00; August 28, 1 package bins tape, 15c. Total for third month, \$4.20. Total for three months, \$26.41. Groceries, etc., estimated, \$10.00. Total for all expenses, \$36.41.

Days of Work in Field That Would Help Meet Expenses.

June, 12 days for father, \$21;

July, 6 days for father, \$12; July, 4 days for R. C. Watts, \$8; August, 3 days for father, \$6; August, 8 days for father, \$16. Total No. days, 33. Total value \$66.

Although I did not charge my father for work done in field, I valued my time on the \$2.00 a day system, in use in this community at this time, and find that with the extra four days for Mr. Watts that I almost met my expenses, my club garden profits not counted.

House Work.

I did not keep house for any certain length of time; only work done daily is stated:

Washed dishes one time each day, sometimes more. Sweep two floors. Wash one time each week or rather less. Iron 1 time each week. Help cook at least one meal a day. Make two beds.

History of My Club Work.

I began my club work, under direction of our county home demonstration agent, Miss Laura Belle Roten, in November of the year 1925.

On display this week Latest Perfection Cookstoves

Look for this sign in store windows

All this week you can see practical demonstrations of the Perfection Stove six famous cooks have tested and endorsed. Look for above sign in store windows. See the stove today and judge for yourself what the experts approve. Prices and sizes to suit every need.

"Utensils free from soot," says Philadelphia cooking expert

"Steak browns beautifully without turning," says Boston Expert

"No mislaid of dishes or orders," reports New Orleans authority

Add variety by broiling meats in a Perfection Broiler. Cooks on both sides at same time due to special construction. Turned unnecessary. No juice can drip into flame. Easily cleaned.

THIS PERFECTION is the model the six famous cooks used in their tests. It is being demonstrated today at all dealers', along with other Perfection models. See its actual performance with your own eyes. You'll be convinced the experts are right in endorsing Perfection Stoves!

Cooking begins when you touch a match to the wick. No time lost in heat generation. Clean, intense heat flows up the long chimneys direct to your cooking. Every drop of oil is completely burned before the heat reaches utensils so they are kept clean and unstained.

Each burner is independently operated and capable of every range of heat. You can bake, boil, broil, fry and simmer on a Perfection—all at one time. Adjust the flame for any cooking process and it remains as you set it. Be sure to see the Perfection demonstrated today. In size from two to five burners.

Ideal stove for camping. Fast Perfection burner, protecting wind-shield, ever cool handle. Stands firm on circular base. Won't tip easily.

"Cooks as quickly as gas," says Dattle Creek expert

Superior range with fast-as-gas burners and built-in oven. The stove for those who want the best. Warming cabinet easy to clean and prevents grease splattering walls. One of many Perfections being demonstrated today.

Four pieces of tempting brown toast quickly made at one time on this Toaster. Handle is always cool.

SOCIETY AND CLUBS

VERNELLE STIMSON, Society Editor

Methodist Church will celebrate with a 'Spirit Fete' Friday evening of this week, honoring the teachers of the Snyder schools. Weird sounds have been heard in the vicinity of the church, and it is thought that perhaps the spirits and goblins are already vying with bats and owls for unseen places. "Spook Corners" and fortune teller's tents, where fates will be told with the witchy-wishy cards, will convert the scene into a veritable ghost garden.

Mr. and Mrs. H. P. Brown will honor their son, Harold, who will spend the week-end here from the Tech, with a six-o'clock dinner party at their home in West Snyder, Saturday evening, October 30. Covers will be laid for sixteen guests.

The Pep Squad of the Snyder high school will honor Coach Ivan P. Oliver and his Tigers with a masquerade party at the First Methodist church Saturday evening, at 8 o'clock. Miss Nina Francis Banks, the Pep Squad president, and her committee are planning a "Halloween."

Little Misses Dixie Lee Davis and Mary Nell Morton entertained their young friends with a spooking party Tuesday evening of this week. The home of Mr. and Mrs. D. P. Yoder will be the scene of a spook frolic Thursday, this evening, when their daughter, Miss Ruth, entertained members of the Junior League of the First Methodist Church.

PARENTS AND TEACHERS ATTEND SILVER TEA

Mrs. Henry J. Brice, president of the Parent Teachers Association, had the organization at her home Thursday afternoon, October 21st, with a silver tea. The hostess was assisted by Mesdames J. C. Dorwood and G. S. Williamson in receiving the guests. Mrs. A. L. Stoker presided at the register.

A program of much interest was enjoyed by the guests. Mrs. Melvin Blackard favored the audience with a piano solo, a reverie, "Buena Noite" Mrs. Bob Newton Gray, violinist, with Mrs. Harry Scott at the piano, gave "The Alpine Maiden's Dream." Mrs. Melvin Newton and Rhoda Martin sang, "Pal O' My Cradle Day." Miss Lou Vera Jones playing the accompaniment. Miss Elaine Rosser gave "The Hungry Grass." Mrs. A. C. Preuitt played two especially beautiful numbers, "Chromatinque Waltz," Godard, and "Dreams of Love." Liezt. The hostess' young son, Wiley, also entertained with piano numbers.

Halloween decorations were effectively used throughout the rooms. A plate luncheon was served.

MRS. WADE WINSTON HOSTESS TO EL FELIZ

Mrs. Wade Winston was hostess to members of the El Feliz Club at her home in West Snyder Friday afternoon of last week. Cut flowers decorated the rooms and Halloween symbols and motifs were effectively used at the four tables where forty-two was enjoyed. Mrs. W. W. Gross was the guest for the afternoon. A delicious two-course luncheon was served. Mrs. Ivan Dodson will be the next hostess to the club.

MISSES CLARK AND MORRIS HOSTESSES TO LA NOUVEAUTE CLUB.

Misses Rosalie Clark and Alma Nell Morris entertained members of the La Nouveaute Club and guests with a theatre party at the Palace, Wednesday afternoon, October 20. The guests repaired to the home of Miss Clark where a most enjoyable social hour was spent and a salad course was served to Mesdames, Tom S. Gates, G. B. Clark, Jr., Ixon Joyce, Wayne Williams, Maurice Brown, Melvin Blackard, Misses Florene Dever, Vernelle Stimson, Tommy Jenkins, Davida Curry and Vesta Green of Jayton.

gled mass of withered leaves and stems. Although this left me without great tomatoes for fall canning I managed before they died to put up sixty-four jars of different products, such as catsup, preserves, chow-chow, etc.

Besides this work I have started two peach trees and two cherry trees of my own which will bear fruit soon, if no more happens to them. My expenses for club including expenses for the making of garden were: 1 uniform apron, 40c; 1 uniform cap, 20c; package bias tape 15c; 1 emblem for cap, 5c; 1 burlap apron, 65c; 1 good thread, 5c. Total cost in sewing, \$1.51. Cost of making garden, \$10.48. Total expenses, \$11.99. Total profit, \$84.70. Total profit from club garden club expenses gives net profit \$21.71.

Club Week and What I think of It. Club work means to me a co-operated work of a group for not only individual betterment, but for the benefit of the group as a whole and the world about them. Many have never realized the benefit they bring into their community and by themselves, by organizing a club. I could almost be willing to say that they will never realize its benefits because they are incomprehensible by the average person.

The clubs are not for girls only but for boys of all sizes and ages as well as for grown-ups.

Perhaps if there were more clubs organized and more parents interested and teaching and helping with the work there would be fewer boys and girls leaving home, especially those that live on the farm.

MOTHERS' CULTURE CLUB MEETS WITH MRS. H. G. TOWLE.

Members of the Mothers' Self Culture Club met with Mrs. H. G. Towle at her home Tuesday, October 19. Mrs. Earl Brown led the lesson. Mrs. Horace Leas gave a paper on "Modern Methods of Training Animals and Their Uses." Mrs. J. J. Taylor, first vice-president; Mrs. C. T. Glyn, second vice-president; Mrs. Jno. Sparrs, third vice-president; Mrs. J. W. Patterson, secretary; Mrs. Nelson Dunn, assistant secretary; Mrs. W. O. Trigg, treasurer; Mrs. Geo. Northcutt, reporter.

Refreshments were served to Mes-

MESDAMES ODOM AND YODER ENTERTAIN.

Mrs. Ralph Odom and Mrs. C. J. Yoder were joint hostesses to the Young Women's missionary Society at the home of Mrs. Odom on Monday afternoon, October 25. The following members answered to roll call: Mesdames, Homer Snyder, J. G. Hicks, R. P. Jones, Wellington Taylor, R. J. Randals, H. G. Towle, J. C. Stimson, W. E. Smith, L. O. Smith, A. C. Preuitt, David Crowell, Ivan Dodson, Lloyd Thompson and the hostesses, Mesdames Odom and Yoder. A short business session was held by the president, and two letters of sympathy, ten trays of food, and two bouquets of flowers were reported by the social service superintendent, as having been given. Mrs. Wellington Taylor was leader in a very interesting program on "An untouched Area of Life." Delicious refreshments were served to the members and Mrs. Fred Grayum of Lubbock. The next meeting will be with Mrs. H. G. Towle.

ALATHEAN CLASS ELECTS OFFICERS.

The Althean Class of the First Baptist Church was entertained at the home of Mrs. G. S. Williamson, Tuesday afternoon, October 19. Mesdames Geo. Northcutt and N. M. Astry assistant hostesses.

Officers for the ensuing year were elected as follows: Mrs. C. E. Ross, president; Mrs. J. J. Taylor, first vice-president; Mrs. C. T. Glyn, second vice-president; Mrs. Jno. Sparrs, third vice-president; Mrs. J. W. Patterson, secretary; Mrs. Nelson Dunn, assist-

ant secretary; Mrs. W. O. Trigg, treasurer; Mrs. Geo. Northcutt, reporter.

Social service reporter included 104 telephone calls, religious visits 759, floral offerings 124, nights with sick 37, cards sent 337, trays to the sick 184, days with the sick 14, sick visits 146, one shower, two books. The treasurer reported a collection of \$42.90 by the class during the year.

After the business session a social hour was enjoyed, including the reading of a letter to the class from Mrs. Chinn, our old teacher and also a letter from Mrs. Holley. We are always glad to hear from them.

Refreshments were served to Mes-

dames, H. J. Brice, H. G. Moore, J. W. Patterson, Harvey Shuler, L. E. Trigg, J. A. Hood, R. A. Blackard, C. T. Glyn, W. L. Shaw, Chas. Richardt, J. O. Spears, Mrs. Campbell, A. C. Martin, W. E. Keith, Mrs. Philips, N. M. Autrey, C. E. Ross, H. L. Davis, G. G. Hollingsworth, A. C. Stoker, A. A. Bullock, W. C. Hamilton, Jo. Spears, W. O. Trigg, J. S. Bradberry, J. N. Dunn, Mrs. Cobb, W. A. Morton, Geo. Northcutt, C. F. Sentell, Hugh Taylor, Mrs. Joe Monroe, H. M. Blackard.—Reporter.

Mrs. J. Taylor went to Stanton Sunday to spend the week with Mr. and Mrs. Horace Eiland.

WOMEN'S AUXILIARY.

Presbyterian Women's Auxiliary, at the church, November 1, 3 p. m. Subject—Our Church Work in the country and Small Towns. Leader—Mrs. McAdoo. Song. Scripture—Matt. 13:24-30. Prayer, by Leader. Roll Call—Name a rural leader and tell briefly of the work. The Service of our church to our nation—Mrs. McDowell. The Country Church—Miss Carlton. Our Board of National Missions

—Mrs. McCoach.

Closing Prayer. Every member is urged to be present. Visitors always welcome. Henry Rosenberg left Snyder Sunday morning for Dallas and Ft. Worth. His father, Chas. Rosenberg, of Brownwood, arrived here Saturday afternoon to take care of their business interests in his son's absence. Miss Willie Fern Curry of Post and Roy Herd of Crosbyton were here Sunday visiting with Mr. and Mrs. Joe Graham.

NOT ALL GOOD

We never tried to make anyone believe that all Used Cars were good cars. But we do insist that the Used Cars we sell are good cars. And the people who buy them know it.

KING & BROWN

Porter King Earl Brown

A USED CAR IS ONLY AS DEPENDABLE AS THE DEALER WHO SELLS IT

Warning!

The human body is a complicated piece of mechanism and occasionally needs a "going over" and adjusting very much the same as a thoughtful person looks after his automobile.

If you feel tired and run-down it is a good sign that the human machinery is not functioning properly. The blood needs iron just like a tree that is backward in fruiting. We have a number of tonics, highly recommended as regulators of the human machinery.

A Better Price for Your Cotton

How?

By having it thoroughly cleaned before it gets to the Saws.

We have just installed FIVE of the LATEST IMPROVED CONTINENTAL CLEANERS, which we can prove will make your cotton a better grade than if it was ginned without the cleaners.

All we ask is to come to our gin and see these wonderful cleaners take out all hulls, sticks and other trash before the cotton gets to the saws, which prevents the hulls and trash from being ground up and mixed with the lint.

Come in and watch our new CLEANERS make middling grade out of what would otherwise be classed with Bollie lint. We can show you whether you are from Missouri or not.
