

VOLUME XL

LEGISLATION PROPOSED TO REGULATE ACREAGE

WOULD SUCH A LAW HELP THE FARMER?

A Bill to be entitled, An Act for the conservation of the soil and its protection against ultimate destruction of its productivity, making it a misdemeanor for any owner of land to plant or permit to be planted or cultivated on said land cotton for a second year in succession, providing for investigation of violations by the Commissioner of Agriculture, for the notation of cotton acreage on rolls of tax assessors, providing a penalty, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas: Section 1. That in order to conserve the fertility of the soil and protect it from deterioration and final destruction in its productivity, hereafter it shall be unlawful for any owner, lessor or tenant of land within this State to plant or to cause or permit to be planted, or to cultivate or to permit to be cultivated, after the planting on any land owned, leased or tenanted by him, cotton for the second year in succession.

Section 2. That it is hereby made the duty of the Commissioner of Agriculture to carefully investigate any and all violations of this Act and report same to the county or district attorney of the county having venue of the offense herein provided for.

Section 3. That in order to make the enforcement of this Act more certain it is hereby made the duty of the Tax Assessor to note upon his rolls from year to year the acreage of land planted to cotton which may be rendered to him, to which he may assess for taxation, and to acquire a statement from each owner of land so rendered to said Tax Assessor, or which may be assessed by said Tax Assessor, as to the acreage of said land planted to cotton.

Section 4. Any person violating Section 1 of this Act shall be guilty of a misdemeanor and shall be fined the sum of twenty-five (\$25.00) dollars for each acre of land so planted or cultivated, or caused or permitted to be cultivated as provided against in Section 1.

Section 5. If any section of this Act shall be held unconstitutional such holding shall not affect the validity of any other section or sections of this Act.

Section 6. The fact that there is now no law protecting the soil of Texas from the ravages incident to continued replanting of cotton from year to year, that a wide prevalence of infertile soil in this state is caused by the continued replanting of cotton, and that the public welfare will be greatly damaged by the continuation of the practice now engaged in of replanting of land in this state of continuing the replanting of cotton from year to year, creates an emergency and an imperative necessity that the constitutional rule requiring bills to be read on three several days in each house to be suspended and such rule is so suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

The original draft of the above become effective when the following states have passed a similar bill: North Carolina, South Carolina, Georgia, Alabama, Mississippi, Louisiana, Oklahoma, and Arkansas.

CAN LOCAL BANKERS HELP? Mr. John F. Carmichael, Snyder, Texas. Dear John: What do you think of a farmer and banker meeting being called for Snyder at a date in the near future for the purpose of putting Scurry County on record as favoring legislative action controlling future cotton acreage. I for one do not believe voluntary reduction will bring results until it is forced upon us by even more distressingly low prices. Of course it is extravagant and wasteful to let the huge acreage continue until a big part of the farmers are worn out or unable to raise so much on account of bankruptcy forcing them there.

This could be avoided by legislation that would prohibit over half the tillable land on any farm in Texas being planted to cotton next year, and thereafter no land being planted to cotton two consecutive years. Such a law would be constitutional, I suppose, because it would prevent the wearing out of our land by continually planting it to cotton. At any rate we will soon have a ruling from our attorney general as to its constitutionality. If such a law could be made nation wide rather than statewide it would forever solve the cotton problem, and cotton prices would not be from one extreme to another, and farmers would not be forced from one crop to another every few years. We know such a change is always costly.

We need an orderly solution of the vexing problem, and I for one am in favor of legislative regulation of cotton acreage. I would suggest that you see the bankers and discuss this matter with them, or do you think it is useless to try to get the farmers together to do anything. You know we have failed so often in the past that we might think the farmer isn't interested in his own affairs.

Sincerely your friend,
C. N. von Roeder.

Mrs. Hal G. Young and son, Hal Jr., left Wednesday morning for Kansas City, Missouri, where they will remain for an extended visit with Mrs. Young's mother, Mrs. Rose McGinley.

FLUVANNA NEWS

Weather and Crops

Last week was almost wholly given over to the weather unfavorable for the gathering of our splendid crop. On Thursday we had about six kinds of weather in six hours—a sharp northerly in the morning, bringing a drizzle of rain and dashes of sleet; this was followed by a considerable snow flurry; the fall being heavy enough to cover open ground in fifteen minutes. Many of the flakes were very large looking much like locks of cotton falling from the clouds. This was followed by a shower of rain, then the wind shifted to the southwest and the sun was shining before noon. The lowest temperature for that day was 36, hence no freeze. The blanket of snow thrown over our verdant fields and plains made a striking landscape, beautiful beyond belief.

On Saturday the barometer "at the Fluvanna Weather Station" began falling, reaching its minimum reading of 29.04 Sunday morning, thus indicating the weather that came on Sunday night and Monday. This spell of low mercury down to the lowest reading for the season, Monday night—32. Doubtless Wednesday morning will bring a good snow of frost.

Some time ago the Fluvanna weather man announced his guess that we would likely get frost on or about the 8th of Nov. It was a lucky guess. He is now guessing that there will not be another continued spell of rainy weather before about Dec. 12, or 14. There may be some showers before that date but a long, drawn out spell of wet weather is not probable, he thinks. We will know more about it after that date.

Business Affairs

Dr. A. W. Browning and son, Earl shipped two cars of beef cattle to the Ft. Worth market last week.

A. C. Elkins, of the Polar company is here buying some calves this week.

Our school is busy moving off nicely. Now since the school has received its new laboratory equipment it is evident that the advanced students will find their work more interesting than ever before.

Church Matters

In addition to the usual Sunday school and young people's meetings, Rev. Moore filled his pulpit, at the Methodist church, last Sunday, being greeted by good sized audiences at both morning and evening services. This is the first time since he came to Fluvanna circuit. Of course we do not know whether he will be sent back for another year or not. Many are expressing the hope that he will be.

The Village Preacher has found Rev. Moore a very agreeable and congenial co-pastor with whom to work. The preacher left Tuesday for Childress where he will attend the meeting of the North West Texas Conference.

Rev. Dr. C. E. Hayes, of Brooksville, Florida, Field Agent for the Board of Ministerial Relief and Sustentation of the Presbyterian Church, was a guest in the home of the Village Preacher after afternoon and night. Dr. Hayes met the officers, and a few members of the church Monday night and held a free discussion of the new pension plan now being put into effect by the demonstration.

W. F. MARTIN

Death, the unwelcome visitor, came and called from the walks of men, Brother W. F. Martin, who lived at his home in Snyder November 5, 1926. His sudden death came as a surprise to his family and many friends. But such is the plan of God—and life—in the morning it flourishes—in the evening, it is cut down. Mr. Martin was born in Louisiana, in 1865, being seventy-two years old at the time of his death. He was married to Miss Janie Van Norman in 1884 and to this happy union were born eleven children, two having preceded him to the better land. All of the children living were present at the funeral, they being: Mrs. Florence Pruitt, Mrs. Lena Smith, W. M. Martin, Jr., J. K. Martin, J. W. Martin, Miss Rhoda Martin, Gardner Martin, Mrs. Joe Graham and Miss Mary Ellen Martin.

Brother Martin was converted at the age of 17 years and joined the Missionary Baptist Church, which church he served as a deacon for thirty-five years. He was faithful to his Master to the church and to his family. Was loved and highly esteemed by all who knew him. He leaves behind a devoted wife and mother, a noble family of boys and girls, and several grandchildren.

Funeral services were held at the Baptist Church Sunday afternoon at 2:00 o'clock, to a large audience of friends who came as a token of the high esteem in which the family held him. His body was laid to rest in the Snyder cemetery. May the God of all Grace, comfort the dear ones left behind and by his wonderful grace, may they all be reunited in the sweet bye and bye.

SNYDER SCHOOL COMMENDED

Katherine Henderson, State High School Supervisor, who recently visited our schools, has submitted the following highly favorable report. 1. That permanent records be kept for the grades and that high school records made before the present administration be transferred from the several books to the one now in use. This transfer will systematize the entire records and will insure permanency of records for those students whose credits are scattered. The present record book is excellent in every respect and gives all necessary information about a pupil in a clear, concise, and systematic way. 2. That additional grounds be provided for the high school campus. The present campus is large enough for the grades only. Grounds adjoining the high school should be purchased to furnish adequate room for an athletic field. The present field is too far away to encourage a general activity in sports. 3. That the school authorities take under consideration the increase in teachers salaries. This should be done to reward adequately a good teacher already in the service and to invite other good teachers to come. 4. That special effort be made to retain all capable teachers in the system. No school can secure the best results when there is a high turnover in faculty. Only three out of ten were retained from last year. A good teacher should not be sacrificed on account of salary or outside influences. 5. That as Latin III and IV have not been taught for two years, credit be automatically cancelled. 6. That the school be commended for the following evidences of progress: a. A modern high school building is in the process of construction. This entails an expenditure of \$75,000. b. Other worthwhile expenditures are library \$300; shop equipment \$100; books, cases bought by the elementary grades for their grades \$15; professional library maintained by teachers \$80. c. Two additional teachers have been employed, one for the high school and one for the grades. d. That further commendation be given for the splendid spirit of co-operation throughout the school; for the exceptional good behavior of the student body; for the systematic organization of the school; and for the general good work that is being done. e. That material submitted for accrediting be given careful consideration. The supervisor appreciated the courtesies shown her by the faculty and students.

JOHN ELLIS DEAD

Mr. and Mrs. Will Clark were called to Crowell the latter part of last week on account of the death of John Ellis, Mrs. Clark's half brother. The Fort County News has the following to say concerning Mr. Ellis operation and death. "A message was received the first of the week by J. H. Lanier that J. W. Ellis had undergone an operation for brain tumor at Mayo Bros., Rochester, Minn., on Monday and that he was in serious condition. Another message came Wednesday afternoon that he was gradually sinking and then about 9:30 the final message came that he had died. The message did not state at what hour he died Wednesday but it was sometime late in the day. Mr. Ellis had spent several weeks at Mayo Bros. in the summer and returned for a short time to Crowell and a little more than a week ago returned to Mayors for examination of his physical condition to determine the advisability of an operation. He had suffered for several years from a brain tumor and he was told by the physicians that total blindness was a question of only a short time and he could not expect to live but a few years. At the same time there was a slim chance for him in undergoing an operation and recovering his health and his vision. Mr. Ellis took that chance but did not survive. He lived from Monday until Wednesday but it was not known whether or not he regained consciousness after the operation. Mr. Lanier advised preparation of the body for shipment to Knox City for interment, as Mr. Ellis had requested that his body be laid to rest in the lot occupied by Mr. Lanier's father at Knox City. It is expected that the body will arrive today or tomorrow. "Mr. Ellis had been associated in a business way here with J. H. Lanier for several years and had many friends here who were anxious to see him regain his health. He was about 45 years of age, and was unmarried.

A SUCCESSFUL SUNDAY SCHOOL

You remember in last week's issue I promised to write on the subject of a good singing school in building a successful Sunday School.

Since the world was first rocked in its baby cradle and the morning stars sang together sweetly and the son of God all shouted for joy, man has been in all ages past, has worshiped the great God of the Universe.

After the Angel on the Judean hills had announced to the shepherds the birth of the Babe in the manger, a multitude of angels from out of the invisible became visible and greeted the Shepherds with perhaps the sweetest music that ever fascinated the music loving nature of man. I wish I could have heard that angelic Choir sing, "Peace on earth and good will toward men." Notice it says, "On Earth."

I do not mean music in hell, for I do not believe there ever has been a musical tone sounded in hell.

In 1909, about 360 feet beneath the surface of the earth, it was my privilege to go down into the Mammoth Cave in Kentucky. We floated about half a mile down the Echo River in a little boat.

The guide asked some one to sing, I began on "The Old Kentucky Home, two young men who were with us joined in, the one sang tenor and the other sang bass. Then we sang "Nellie Gray" and the return trip up the river we sang, "Jesus Lover of My Soul," then "Home Sweet Home." I have heard good vocal music on many occasions, accompanied with an instrument, but I have never heard any music on top side of earth except one, that was com. two young men and me. Our voices blended together as it echoed and re-echoed from the wall on either side of the river.

My father to sing to your children will echo and re-echo in their lives when your body is cold and inanimate, and when your soul is beckoning from heaven to your children to come an help her and their father to sing in Heaven where music was born.

God's Agent

There is no doubt that the Holy Spirit many times in a song service is directed to a saved soul and causes them to aspire to a higher and better and more useful life.

No doubt that He is often directed not to the moralist lost sinner and enables him to see his lost condition and turns from sin and Satan to a Christ saved life.

No doubt that in many a song service, he has planted into a life filled with sin and shame a germ which when pastured and nurtured has brought that soul from that life of sin and shame to a life completely surrendered to Prince Immanuel, the forgiving

SNYDER AND LORRAINE BATTLE TO A 7-7 TIE

Lorraine High and the Snyder Tigers battled to a 7-7 tie on last Friday afternoon at Wolfe's Park. Both teams played jam-up football at some stage of the game and we feel that Snyder should be proud of herself for even holding a strong team like Lorraine to a tie score. Our boys were outweighed about fifteen pounds to the man. Below is the game in detail. Lorraine won the toss and chose to defend the North goal. Snyder kicks forty yards to a Hardin who returns five yards. Jones kicks two yards at right tackle. Coffee goes out on the yard and three yards. West gains three yards at right end, fumbles and recovers to make first down. West skirts right end for two yards and Jones gets five yard off right guard. Jones gets one yard at center, West two yards at left guard and on the next play carries the ball over right tackle for five yards. Jones gains one yard at left guard, Farrow rips off a yard at right end and on the next play hits the same spot for two more yards. Huestes hits center but for no gain and the ball goes over. Lorraine's ball West gets two yards at right tackle, Coffee gets one yard at center and but this distance was lost when Lorraine was penalized fifteen yards for holding. West made a beautiful pass to Pierce which netted thirteen yards. West tried another march and a very able speaker who makes his address entertaining because of his wit and humor. Don't fail to hear Dr. Bennett, he will bring a high class, worth while message.

ORCHESTRA ORGANIZED

An orchestra has recently been organized under the name of the Little Theatre orchestra and composed of Snyder young folk. The orchestra has been organized for a worth while cause and will be an appreciated attraction and addition to the plays which will be presented in the future by the Little Theatre Company in Snyder. It is rumored, however that there will be many changes and that Bro. Dodson is likely to be taken away from Snyder. If this should happen his congregation will suffer a real loss and so will our entire town.

A. Joyce and I. A. Joyce are plaintiffs complaining of all the foregoing named persons as defendants, and alleging that the residence of Scurry County Farmers Union, W. T. Willis, John W. Baker, Bessie (Brown) Landis, and Boss Landis, are unknown to plaintiffs and that they be cited by publication.

The cause of action being trespass to try title for all of Block Eleven of Lunday Park Addition to the town of Snyder, Scurry County, Texas, alleging that the defendant Scurry County Farmers Union made and delivered for a valuable consideration a warranty deed to said land to Farmers Union Company, its date being between July 21st, 1906 and January 1st, 1908, that said deed was not placed on record and has been lost. That title be cleared of all claim of Scurry County Farmers Union and cloud of all the other defendants, and title thereto be quieted in all things in Plaintiffs and all relief that they may show themselves entitled in law or equity.

prolific heel bars. Call at the farm and if there is no one at home, just do your own gathering and he will trust your weights for he is invoicing them by the acre anyway.

T. J. Fuller and family were on hand at the B. Y. P. U. Sunday night. He being the official Janitor for the Baptist congregation, his presence is very necessary on account of the Delco-Light system being hard for anyone else to operate.

UNION DOTS

Sunday School was very well attended, but I am afraid not many of us have read Uncle Charlie Dodson's articles on the Sunday school and headed the admonition that these articles contained, if we had more of us would be interested in the work of the Sunday school, and would show our interest by attending and helping to do the work of the Master.

The Baptist Sunday School had 35 present, \$1.90 col. and 69 chapters read.

The Methodist Sunday School had 60 present, \$1.75 col. and 194 chapters read.

Bro. Bratton of the Canyon Community preached Sunday and Sunday night. Bro. Bratton is a young man in the Christian service, if not so young in age. We bespeak for him a useful life in the ministry.

Mr. Newby and family of Oklahoma are visiting his mother and sister, Mrs. Ernest Pemberton.

Mr. and Mrs. Rufus Tomlinson are prospecting in New Mexico. Mexico contains etoin atoinainoao

The School will begin at Crowder next Monday, the 15th, if the cotton don't providentially hinder. So mote it be.

We could say a great big mouthful about such conditions, but refrain because we don't cuss and could hardly express our selves adequately without indulging in profanity.

We notice that we have a new recruit to the correspondent list from Turner. We join in giving three cheers for the butterfly.

Mr. Farmer: Give Your Cotton A Fair Chance

Because of the low price of cotton now, you should give it the very best chance you possible can to bring the best price possible. The GINNING has more to do with QUALITY than many might suppose. In order that the cotton growers of Scurry County might be able to get the very highest price possible for their staple, we installed in our gin a complete set of STREUN'S BUROUT BUR EXTRACTORS, by which process your cotton will pass through four sets of CLEANERS before it gets to the saws. Each stand is supplied with four sets of these cleaners, and it is almost impossible to have any burs sticks, dirt or any other sort of trash mixed in with the lint. We need your business and have gone to all this expense in order to merit your patronage, and will not only guarantee the very best of service, but assure you that we will appreciate any ginning, great or small, that you bring to us.

BORDEN COUNTY NEWS FROM GAIL

Omitted Last Week) This is November—and as we speak the Month's name, we have a feeling of dread for the coming winter. Now with the Frost of November in the air, and the spirit of harvest time all about us, we can see Thanksgiving all about us. The farmers have gathered their different feed crops and the yield has been good. Cotton has made more than was expected. Thursday night of last week the P. T. A. gave a Halloween carnival at the School house, the attendance was not as good as might have been if the weather had been better, but it was greatly enjoyed by everyone. Miss Rebekah Cutley was chosen as the prettiest girl present, she was made queen of the Carnival. The admission fee was small. The amount taken in amounted to thirty-six dollars. The Christian preacher from Sweetwater, Bro. Stewart, filled his appointment here Saturday night and Sunday at Snyder School was good. The young people enjoyed a singing Sunday afternoon at the home of Mrs. W. M. Jackson. Mr. Walter Stewart and wife of Treadway visited in Gail Sunday afternoon. Miss Nora Sealey spent the week end with relatives near Treadway. Miss Ruby Lee Cockerel spent the week end with her parents near Key. Mr. Blanton Street of Treadway was in town Saturday on business. Mr. Sam Keen is building a flue at the garage for the Gail Motor Co. Mrs. H. E. Burnett and family of the Munger ranch attended Sunday School and preaching here Sunday. Some of our citizens are purchasing work with the W. R. Penn Oil Co., the crew who built the derrick have finished their work and gone to another field. J. D. Mitchell was here Saturday night and Sunday with his family. Commissioner's Court will meet here in session next Monday. —Mrs. A. J. Cantrell.

and preached a splendid sermon for us. We think he excelled himself on this occasion. There was prayer meeting services Sunday night which was well attended by the young people. The older people attended fairly well but not near as well as they could or should attend. The prayer meeting is for the young people, only of course, we all feel lazy Sunday nights, but that does not relieve any one from their responsibility to the community to their neighbors, or to their families. One is preparing to give someone a run for the first premium at the County Fair. There have been three meetings since the premiership list was published, one was held last night (Tuesday). Mr. and Mrs. Jno. F. Carmichael were present, and Mr. Carmichael gave us some suggestions and instructions as to how to prepare our products for the show and how to accurately prepare the booth. I will say just here that Mr. and Mrs. Carmichael are glad to assist any community that will call on them for help along these lines. Two of Sherman Blakely's little girls are sick with scarlet fever, one of them is seriously sick, the other children were given the serum treatment to prevent them from being infected. We are thankful to have reasons to be thankful to science for the discovery of the prevention treatment. We notice in one of the papers that came in our mail that it is expected that Diphtheria will be entirely eradicated by 1930, and we hope that this proves to be true for it will relieve humanity of a great deal of suffering and will save many lives. If the trustees don't decide otherwise, the Bethel School will begin Monday the 8th. It certainly is time for the rural schools to begin. Jim Mebane has been having some real trouble with one of his eyes but, is some better now. Holley Shuler and wife, Mrs. Pearl Martin and family and others attended the fifth Sunday singing at Ennis Sunday. They report a good singing. The Election at Bethel and Crowder only polled about 22 votes at both places. You see the shouting was all done last summer, so we forgot that the first Tuesday in November is election day.—Reporter

WHY NOT BUILD BARN?

We again call attention to the advertisements by A. J. Towle for five per cent money to farm owners. In our conversation with him in reference to this he called our attention to the immense feed crop raised in Scurry and adjoining counties this year and stated that fully fifty percent of it would be lost or wasted for lack of adequate barns in which to store it. Our farmers paid \$25.00 per ton for feed last spring while it is now being offered on the streets of Snyder for \$6.00 per ton. He stated that a barn to hold 100 tons of headed maize need not cost over \$500.00, that if history repeats itself that within one or two years this maize will be worth \$25.00 and figures as follows: Cost of barn with shed along one side for feeding: \$500.00. Interest on \$500.00 for two years at five per cent: \$50.00. One hundred tons of maize at \$6.00 per ton: \$600.00. Interest on \$600.00 at 10 per cent for two years: \$120.00. Total: \$1270.00. One hundred tons of maize at \$25.00: \$2500.00. Less total cost including barn: \$1270.00. Net profit above all costs: \$1230.00.

He can tell how to get this money at 5 per cent on farms that are not already mortgaged for all that they will carry. Money for this purpose can be loaned on the homestead. Farmers stop and think! We must save our feed crops if we ever prosper or get independent. Mr. and Mrs. Tom Gates were in Post Sunday. Mrs. Fay Stewart, who has been ill with pneumonia, is able to sit up at present. LeVie Davis is sick at present with a good case of the mumps. Mrs. C. H. Callis, owner of the Hermligh Hotel, and daughter, Miss Ida Mae, and Mrs. Theresa Sparks also of Hermligh, were shopping in Snyder Tuesday. Jim Dougherty, a friend of Henry Rosenberg, spent Tuesday in Dallas. The P. T. A. Committee of Child Hygiene composed of Mrs. Mary B. Shell, Mrs. F. R. Smith and Mrs. R. C. Grantham, with Meddames S. C. Porter, Jim Bridgeman, A. M. Curry, Tom Boren, J. H. Taylor and Earl Brown assisting, compiled list of young children, five years and under, with ages of children, and forwarded same to Child Hygiene Bureau of Health at Austin, Texas, and the Hygiene Education Division of the U. S. Board of Education, Washington, D. C. that each address may receive free literature has been. Word has been received from Austin that literature has been mailed, and will be sent soon from Washington. These bulletins contain helpful information and the committee trusts, that, thus making it available, it will be made use of. FIFTH SUNDAY MEETING FIRST CHRISTIAN CHURCH This was considered a great day for this church as the church had been planning two or three weeks for this occasion. Quite a number of friends were present as guests to dinner served in basement of the church. A very strong delegation came from the Christian church. The day was very helpful and inspirational for all present. Rev. Joseph Keivil of Randolph College was with us for the morning service and preached an old time gospel sermon. The Martin Orchestra rendered several selections which were very much enjoyed by all. Besides having good congregational singing there were two special selections. The remainder of the day was spent in prayers, songs and helpful talks by Messrs. Leftwich, Cody, Brown and Smith. The program closed by a strong exhortation to accept and living the Christian religion. Everyone seemed to have felt that it was good that they came.

Robert Burdette of Goldthwaite Texas was in Snyder Tuesday, looking after business interests and the guest of Mr. and Mrs. Dick Wilcox. Mrs. Dennis Redden of Sweetwater was the guest of Mr. and Mrs. T. F. Bradley last Sunday. J. A. Mr. and Mrs. Orville Dodson are moving this week, having purchased the beautiful new home in West Snyder formerly owned by Earl Henry. Mr. and Mrs. Walla Fish and Mrs. Lee Newsum spent November the eleventh in Abilene. Mrs. R. H. Curnutte and Mrs. J. T. NATION ENSHRINES IN HEART HEROES LOST IN ARGONNE

Tale of Lost Battalion Already Part of America's Traditions

Americans thrill with patriotic pride when they hear the story of the Lost Battalion of the World War, the tensest, most dramatic, most gripping incident of America's part in the great conflict. To give the people of Snyder an opportunity to "feel" this epic action as they could not otherwise do, a motion picture faithfully reproducing this historic event with an interwoven tale of delightful romance is coming to the Palace Theatre for 2 days, starting Monday.

The story of the Lost Battalion has become definitely part of the traditions of the American people. No sooner had the news of the superhuman resistance of this handful of men, completely surrounded by German troops in the almost impenetrable Argonne forest, been flashed to the nation than these men took their places at once as national heroes. The story of their dogged stand is as firmly fixed in the history of America as is that of Washington crossing the Delaware that winter night or kneeling in the snow of Valley Forge to pray while his men paced their sentry rounds with bleeding feet.

For six bitter days these heroes of 1918 clung to their hillside, galled by German fire from every direction, hugging the hope that relief would somehow come. Death lurked in every bush, behind every tiny mound. Out of tree tops the spiteful fire of machine guns hailed upon them. Nor was this all. Hunger, privation, the terrible agony of wounds were worse enemies than German sharpshooters and machine gun nests. Then came a demand that they surrender—a demand met with instant refusal, a renewal of battle, rescue, victory.

Run-Down gave out easily

"My health wasn't any account at all," says Mrs. H. L. Cayton of Washington, N. C. "I would start to do my housework and I would give out before I had done anything at all. I did not have any strength, and I did the least thing it seemed to tax me so I could not finish. I was run-down sure enough.

"Several of my friends had taken Cardui and they said to me, 'Why don't you try it?' I knew I needed something to build up my general health and to increase my strength.

"Finally one day when I was recovering from a spell of sickness, I decided to try Cardui. I got a bottle and began to take it. I could notice that I was improving as my appetite got better and I did not give out nearly so quick. I took several bottles and I felt lots better.

"Two years ago I decided to take it again. It built me up and made me feel like a different person."

HAROLD BROWN HONORED WITH DINNER PARTY

One of the prettiest parties of the Halloween week was a most delightful six o'clock dinner, given by Mrs. H. P. Brown at her home on Friday evening, November 29, in honor of her son, Harold.

The living room was most attractive, featuring the Halloween colors of orange and black with an Autumn background of pumpkins, festooned with fern and evergreen. A canopy of interwoven black and gold overhung the room, which added beauty to the uniqueness of the general decorative arrangement, as well as diffusing a soft and enchanting light effect. Black, unpleasant appearing cats, being displeased with the light and beauty of the room, took their places on the window sills and peered into the darkness of the night; while a large skeleton, being unable to understand the procedure of the evening, stood at attention in the doorway.

Escorts into the dining room, which was beautifully decorated with gorgeous Autumn roses, clustering in bowls, were determined by the matching black cats. Here five dainty tables were arranged, centered with a profusion of Autumn flowers combined with harmonious greenery, while flying witches were appropriate favors. A delicious three course dinner was served to Misses Mary Lynn Nation, Dixie Ruth Smith, Gwendolyn Chambers, Mary Edith Hood, Beatrice Stoker, Nina Francis Banks, Doris Bezes, Eloise Scott and Vernelle Stinson. Messrs Preston Morgan, Guy Stoker, Cleve Blackard, George Webb, Charles Cooper, A. D. Dodson, Fritz R. Smith, Jr. Max Brownfield, Niba Warren and the Honoree, Harold Brown.

A BIRTHDAY PARTY

The little friends of Miss Wynona Keller were entertained with a party in honor of her fifth birthday, at the home of her parents, Mr. and Mrs. John Keller, on Wednesday afternoon, November 3. The children wished a hallooween party, and although a little late, the wish was granted. The hallooween color scheme was carried out in a manner that delighted the hearts of the children, both in the decorations and the favors, which were pretty attractive caps. The children who showered Miss Wynona with pretty gifts, wishing her many more happy birthdays were: E. J. Richardson, Jr., Jack Smith, Lloyd Thompson, T. J. Green Jr., Jimmie Jean Burt, Dorothy Winston, Maxine Winston, Juanita Burt, Florentz Winston, Woeze Burt, Estine Dorward, Virginia Will, Gene Taylor, La Nada Piguet, Irene Spear, Eunice Burel Hains, Betty Jo Harris, Dalma Piguet, Blossow Lee Green, Faynel Spear, Dorris Moffett, Alpha Merritt and Elwanda Spear. HAPPY HAMMER CLUB

The members of the Happy Hammer Club met at the regular meeting place Friday afternoon, November the fifth, with president, Lora Wren in charge. The basket making demonstration was postponed until the next meeting and the entire time was taken over for the discussion of the County Fair. A booth decorative committee of 5 was appointed with Mrs. Henry Shuler as chairman. Red and white pin check gingham was selected for the club aprons and caps. Those not having them will find the material at H. L. Davis Company. All members are urged to have them for the second day of the fair, that being the club members day. The main features of the day will be the basket picnic and the parade.

Do You Ever Wonder

How the operator can connect you with any one of the many telephones in your community so quickly?

How she knows a line is busy without "cutting in"?

How such accidents as "cut-offs" and "wrong numbers" can occur?

The answer to these questions can be found in a visit to your central office. It is worth seeing.

The Chief Operator will welcome your visit on any afternoon from 2 to 5 p. m.

SOUTHWESTERN BELL TELEPHONE COMPANY

SAYS HE ACTUALLY PREACHED

Judge Fritz R. Smith was back on his old 'stomping' grounds at Polville in Parker county last Sunday, ruminating, prevaricating, and the like, so he reports, and among other things, delivered an address at the dedication of a fine brick school building in a rural community.

Mr. Smith says that he saw and talked with old cronies whom he had not seen in—let's see—fifty years, or something like that long—at any rate, he declares that he met grand-daughters of girls he used to "Balance all, skip to my Lou" with when he was a boy.

The Judge declares that he talked an hour and preached—actually preached—for fully half

an hour. He says that some of his listeners got a little tired but he can say one thing—that the school building got a dedication that will never be forgotten so long as one brick in it rests upon another.

The Original Rexall

ONE 1 SALE

WHAT A REXALL ONE CENT SALE IS

It is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenszo Dental Cream is 50c, you buy a tube at this price and by paying 1 cent more, or 51 cents, you get two tubes. Every article in this sale is a high class standard piece of merchandise, just the same as sold every day at the regular price.

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full size package of high standard merchandise for 1 cent. It costs money to get new customers, but the sacrifice in profit is justified, knowing the goods will please you.
