NORMA TALMADGE TURNS TO COMEDY

Norma Talmadge, usually associated with dignified, romantic roles, has turned comedienne in her latest First National picture, "Kiki," which comes to the Palace Theatre on Monday and Tuesday. This is a picture of the famous Belasco stage hit.

Miss Talmadge enacts the role of the devil-may-care waif who wants a taste of life—and gets it with a vengeance.

As a laugh provoker "Kiki" is said to be in a class by itself in its appeal to all classes, old and young. The situations are strictly of the 1926 vintage—that is, up to the minute.

The lovely Norma's new leading man is Ronald Colman, who, as a wealthy Paris theater manager, takes "Kiki" into his heart, but

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizzy spells are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of Doan's Pills, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. Ask your neighbor!

Mr. Farmer:

Give Your Cotton A Fair Chance

Because of the low price of cotton now, you should give it the very best chance you possible can to bring the best price possible.

The GINNING has more to do with QUALITY than many might suppose. In order that the cotton growers of Scurry County might be able to get the very highest price possible for their staple, we installed in our gin a complete set of STREUN'S BUROUT BUR EXTRACTORS, by which process your cotton will pass through four sets of CLEANERS before it gets to the saws. Each stand is supplied with four sets of these cleaners, and it is almost impossible to have any burs sticks, dirt or any other sort of trash mixed in with the lint.

We need your business and have gone to all this expense in order to merit your patronage, and will not only guarantee the very best of service, but assure you that we will appreciate any ginning, great or small, that you bring to us.

OPPOSES COTTON REGULATION LAW

Editor Scurry County Times: Please allow me space in your paper to express my opposition to the proposed law limiting cotton acreage...

land depletes the soil of those elements necessary to produce crops, it logically follows that the state would have the authority to compel the planting of such crops...

through political pulls, and would not possess the practical ability to compel the farmers to make their business a success in spite of themselves.

and feed crops the farmers erroneously increased the cotton acreage and of course produced a much larger crop of cotton.

Now the sensible and logical course for farmers to pursue is to reduce the cotton acreage at least twenty-five per cent.

Are the farmers of Texas going to admit that they are incapable of managing their farms and submit to dictatorship?

Even if the proposed law were constitutional it would not bring the relief sought. If space permitted I would point out how the law could be evaded...

There are vast areas of land in Africa and South America where cotton can be grown.

The present large crop of cotton and the low price prevailing are but the natural and logical results of the farmers' own acts.

ment agents in order to try an experiment that is foredoomed to failure? I do not believe that they will do so.

GIVING THANKS

This is a big country and a great one. The year fast drawing to a close has brought much sorrow and mental suffering to many sections.

Only the pessimist finds reason for ignoring this day. Let us add to the things for which we are thankful the absence of pessimism in and around Snyder.

TIMES-SIGNAL SIGNALS

The reins of government are powerful, but they don't help the farmer's crops very much.

WHAT'S DOING IN TEXAS

STAMFORD—The West Texas Chamber of Commerce is making an effort to check a new form of "bootlegging" being practiced by unscrupulous hog dealers who are spreading hog cholera through their careless introduction of infected or exposed swine into West Texas and federal aid is being sought by the regional organization in the matter. GRAHAM—A novel storage system has solved the cotton problem for a farmer in this section. Asa Vaughn and sons of Wilbarger County are using a hay baler to put up their seed cotton as it is picked. Dispensing with the cost of ginning and storage, the cotton seed bales are to be held in Vaughn's barns during the present crisis and will be released to the market at a later date. When ready for marketing, the cotton seed bales will be loaded and taken to the gin. PORT WORTH—The committee named by the West Texas Chamber of Commerce to investigate the cotton situation in Texas went on record at its recent meeting here as endorsing the Texas Cotton Corporation to be organized with a \$5,000,000 subscribed capital stock by a special cotton committee of the Texas Bankers Association in accordance with plans adopted by six Southern States for the retirement of 1,250,000 bales of Texas cotton. The committee also adopted a resolution relative to a plan for cotton acreage reduction in the

ANOTHER TAX CUT

Washington City dispatches say the administration is preparing for another tax cut, that another slice is going to be taken off of income assessments as soon as congress convenes. The opposition party is also out with the statement that the new tax cut will not benefit the man who isn't making more than \$5,000, and that it will start a fight for cutting taxes in such a way that the little fellow will be benefited as well as the big one. It looks like it is going to be a warm fight and since it promises to lift a few tax burdens before it is over, the warmer it is the better all of us will like it. We don't take much stock in political fights. But when it is a fight over which party is going to cut the biggest lump off of tax burdens, then we're highly interested. We would not advise Snyder people to become too hopeful, however. Too many of these threatened tax reduction fights have turned out to be nothing more than wind-jamming contests. We hope the one now promised will be genuine, but it isn't a good idea to spend any extra money now on the strength of how much the politicians are going to save you in tax payments next year.

FLUVANNA NEWS

In addition to the Sunday School and young people's meetings last Sunday, Rev. Anderson, of Lamesa, filled his pulpit at the

Fluvanna Baptist Church morning and evening.

We understand that the preacher (with his family) returned to Lamesa Monday but will be back early this week to look after certain matters pertaining to the interest of his church here. The Village Preacher was in his pulpit at the Presbyterian Church at both morning and evening services. Rev. E. Christian, of Lubbock, preached to an appreciative congregation at the Christian Church at 3 p. m. Sunday. Rev. Moore is back from the Children's conference and reports that Rev. W. Hardy, a young man, is the pastor for the Methodist Church for the ensuing year.

Preparing for Fair

Fluvanna people are taking a right lively interest in making preparations for the county fair. This scribe believes the fair (if not seriously frustrated) will be a worth-while enterprise. It will be a fine means of general advertising—advertising among ourselves as well as elsewhere. We will learn from one another more about what can be done by learning what is already being done. Then, we think that it will develop a spirit of friendly rivalry, or emulation, such as is usually necessary if real progress is to be made. Most of us travel better under the goad of the spur. Likewise we—even if we are the highest order of creation—need something to goad us onward and upward to better ways of doing things. Let us hope that our entire county population will take a lively interest in our own fair, and that everybody will play the game fairly.

Business

Messrs. Dave Jones, John Truss and J. A. Jones delivered a fine lot of calves to A. C. Elkins of Polar last Monday. Our merchants are not overly crowded with business yet, but the farmers together with all the help

Our two gins, likewise, are running almost day and night. Miss Evelyn Moore had her tonsils removed at Lubbock Monday. Will Deer is reported seriously ill this week. Misses Nealy and Edna Squyres, teachers in the Clairmont school, were here visiting their folks Saturday and Sunday. Alvin Coleman, who has been here visiting relatives several days, returned this week to his home at Gordon. Mrs. John Glover is visiting in Snyder this week and having dental work done. J. R. Wills and daughter, Miss Eunice, departed the first of the week for Belton for a visit. Louis Dougherty and wife of Amarillo were here on a short visit last week. Pat Weems seems to think he has the joke on the Fluvanna Baptists, inasmuch as he (being a Presbyterian) raised a collection the other day among the railroad men for the purchase of the much needed stove pipe for the new church. The Baptist brethren seem to be enjoying the joke inasmuch as they got the piping. Verily, it is a poor rule that does not work both ways.

Strange Things

Dr. J. T. and Mrs. Jones, accompanied by their daughter, Mrs. Will Beaver, left here early last Sunday morning for Snyder where they boarded the Santa Fe train for Dallas in order to visit the Doctor's granddaughter, Frances Mayhew, who has recently been very ill with diphtheria. While in Dallas the Doctor will have his afflicted eye treated further by Dr. John O. McKeynolds. Sid Fulford and wife have a daughter—born November 2. Mother and child are doing well. Dennis Fortenberry and wife have a daughter—born November 6. Mother and child are said to be doing well. Lenora, the young daughter of Mr. and Mrs. J. R. Patterson, is in a bad state of health, which is keeping her from Sunday School and day school much of the time. Mrs. T. A. Favor had her tonsils removed on Wednesday of last week at Lubbock. John Stavelly is having trouble with his right eye. He went to Snyder last Sunday for special treatment. Mrs. Jas. H. Tate has been having considerable trouble lately with bad tonsils. Mrs. Joe Taylor was reported right sick the first of the week.

The Scurry County Times And Snyder Signal.

Entered at the postoffice at Snyder, Texas, as second class mail matter, according to the Act of Congress, March 3, 1897.

Published Every Thursday, at Snyder, Scurry County, Texas.

L. MARTIN Editor and Owner

Subscription Rates: In Scurry County: One Year \$2.00 Six Months 1.00 Outside Scurry County: One Year \$2.50 Six Months 1.25

A new York girl swallowed her teeth. She coughed them up, however, but the courts made the dentist 'cough up' \$5,000 for damages.

We see where an Arkansas lawyer looked down into a loaded gun. Yes, he'll recover, but he'll never look like anything again. He is in the same fix as the fellow that tried to drag a loaded gun through a wire fence, the boy that played with the mule's tail and the boy's uncle that sat on a keg of powder to smoke. "It was just too bad."

By the time this issue of the Times-Signal is in the hands of its readers the Scurry County Fair will be running in full blast. Don't fail to come to the fair and while here don't forget to call at the Times-Signal office and have your subscription marked up two years for the price of one—\$2.00.

Cotton is selling at a mighty low price, but our merchants are helping greatly to counteract the low price by selling their goods at powerfully low figures. Watch the columns of the Times-Signal each week and thereby be able to get your share of the real bargains that are continually being offered by our live business men.

Last Saturday was another big day in this good town. Some of our live-wire merchants had on special sales while others were selling at their regular bed-rock prices. And there is no doubt but that it all helps. People were here from as far as forty miles taking advantage of the low prices, and thereby making their money go as far as possible. With fair weather next Saturday, being the last day of the fair, will no doubt be a still bigger day. So, don't forget the fair and don't forget to buy it in Snyder.

Not only the Methodists, but the entire town and county will feel the loss of Rev. Dodson and his estimable family. Rev. Dodson is, beyond question, one of the ablest preachers in the entire Methodist church in this big state, and would be an honor to any congregation anywhere. The Times-Signal, therefore, wishes to congratulate the Methodists and all other good people of Quannah on account of securing Rev. Dodson as a pastor and as a citizen of their town and county.

It is said that the 'Sequist' Exposition at Philadelphia is a failure, financially and otherwise,

and that it is now losing the promoters \$40,000 a week. And the promoters got and are still getting what is coming to them. Every mail brought the editors from one to half a dozen articles to be used free, but they got tired of being bombarded with it, and left it out altogether. The money that the promoters threw away in the nature of stamps and for circulars that went into the editors' waste-baskets would have put on a pretty honest-to-goodness advertising campaign and one that would have brought the Exposition some good and telling publicity. The Times-Signal did not use one line of the free matter and there are thousands of papers throughout the land that treated the matter just as the Times-Signal treated it—dumped it into the waste-basket with utter disgust.

The Woman's Missionary Auxiliary No. 1 met at the church on Nov. 15 for mission study with Mrs. Strayhorn in the chair. The scripture lesson was read and commented on by Mrs. Gann, followed by prayer led by Mrs. C. C. The leader, Mrs. Hardy, then began the lesson on "Moslem Women," the members generally assisting in the discussion. The lesson for the day brought out the means being used to establish a point of contact with those people who so greatly need Christianity and the many blessings it brings.

The lesson over, a concert prayer was offered and the meeting closed.

MOTHER'S CLUB

The Mother's Self Culture Club met at the home of Mrs. H. P. Brown on Tuesday afternoon, November 16 in a nature study of birds, with Mrs. H. J. Brice as leader. The meeting was presided over by the president, Mrs. C. J. Yoder. The house was beautiful with a profusion of Autumn flowers in many beautifully blended colors.

The program for the afternoon was unusually interesting, the first part being a paper on "The Economic and Aesthetic Value of Teaching Children to Know and to Love Birds, and How to Accomplish It," by Mrs. H. L. Davis. Two sketches were combined and beautifully given by Mrs. C. F. Sennell, telling of the work of the Government as well as the Audubon and Humane societies for the protection of the birds, and how to obtain their literature. This was followed by a most interesting talk on the "Curious Birds of South America" by Mrs. Joe Taylor, and "The Mocking Bird," given by Mrs. J. H. Leath, both of which were based on the previous papers and notes from preparatory readings. A paper on the beautiful and greatly loved bird, the pigeon, was splendidly given by Mrs. P. C. Chermant. The topic of the paper was "Man's Feathered Friend of Long Standing," followed by a general discussion by the club on the subject of the afternoon's study. Mrs. C. J. Yoder gave an appreciated reading on "The Law of the Yukon."

while Miss Lucile Brown favored the guests with a musical reading, "Sins of Omission," accompanied by Miss Lillie Frazier Winston with "The Flower Song."

DUNN DOINGS

The gins are running day and night, with 1750 bales ginned up to Saturday night.

Quite a bit of sickness is in the community due to bad colds and light attacks of the "flu."

Rev. J. S. Johnson has been to Childers in attendance at the Methodist Conference the past week. We are rejoiced to learn that he has been sent back to the Dunn circuit.

Missionary Geo. E. Alexander attended church here Saturday night; also the B. Y. P. U. Sunday night, and made a masterful address. He is an expert in the teaching and training work of the Baptist church and his message was very helpful, as it enlarged our conception of what training for service really amounts to.

Miss Onetta Ivy was quite sick Monday, but is considerably improved. W. A. Johnston, our commis-

sioner, has been on the sick list the past week.

The box supper given at the school house last Friday night was a decided success. A total of \$75.05 was raised for the purpose of getting additional equipment for the school. Miss Maurine Grimes won the cake as being the most popular young lady in the community. The prize cake brought \$23.25 at one cent per vote.

Rev. I. D. Hall of Snyder preached at the eleven o'clock hour at the Baptist meeting place in the high school auditorium. He brought a fine message on Christian heroism and was heard by a splendid audience.

The Round Top Community is going to pick cotton for Mr. John Mays. Mr. Mays has been seriously ill for the past four or five weeks, having had a stroke of paralysis, but we are glad to report that he is able to sit up some now.

Jim Peach.

TURNER NEWS

The Turner school opened Monday with an attendance of 34. We are looking forward to a larger number when the cotton is picked. We are going to try to have a better school this year than we have ever had, although we have had some real good sessions at Turner.

Mr. J. S. Head and family spent Sunday with Mr. Lewis Dunn and family.

We are sorry to report that Mr. Newt Walls is reported worse at present.

Mrs. Merrian Watkins and children spent Sunday afternoon with Mrs. Eunice Sitton and family.

Jolly and Dick Irion spent Sunday afternoon with Frank L. and Tommy Sitton.

Jack Patrick is spending the week with his brother, Earl Patrick, down south of Snyder.

Mrs. Luann Moore and daughter spent Saturday afternoon with Mrs. J. R. Grisso.

POLAR CITY NEWS

We surely are thankful for the pretty weather we are having now. Not very many attended Sunday school. Brother Sparks preached a wonderful sermon Sunday afternoon at 8 o'clock. Bro. Nell Newsom will preach Saturday night and Sunday.

A large crowd attended singing Sunday night.

Mr. and Mrs. J. A. Martin will give a party Friday night.

School started on November 15. Only fifteen students were present. The teachers are Miss Gill, Miss Todd and Mrs. J. A. Martin.

Miss Gladys Vick has been ill, but she is able to attend school Monday.

We are sorry to state that Mrs. Parr was ill Sunday evening. We hope she is better at the next writing.

Mr. R. G. Blair and Mr. Walton Patterson spent Sunday with Mr. Olen Capps.

Dan Blair spent Saturday night with Nathan Patterson.

Mr. and Mrs. Sol Weatherby attended singing Sunday night.

Mr. Dillon Brewer bought Mr. Scott Standfield's cotton crop. DOTT'S.

WOMEN DRIVERS

The Snyder auto driver who is constantly declaring that the fair sex can't drive as well as men are due for an argument if they ever bump into Mr. Jordan, head of the Jordan Motor Car Co. He said to a Chicago newspaper man

a few days ago: "Woman dictates the color of cars and the type of upholstery, and she has come to know as much about keeping out of accidents and getting through traffic as the average male driver. It has about reached the point where she dominates the auto world, because she either picks out the car that it going to be purchased, or the man who purchases one picks it to suit her." They say that in all lines of trades and professions there are only 37 in the world that women have not mastered. Driving an auto is not one of the things she hasn't conquered yet. And the man who argues that she can't drive safely really hasn't enough evidence to warrant such an assertion.

Mrs. Dixie Smith, F. Malcolm Crouch, and Misses Dixie Ruth Smith, Cecil Strayhorn and Ila Martin visited in Abilene the latter part of last week.

Miss Erma Taylor of Simmons University and Miss Lota Clyde Head of Roscoe spent Saturday and Sunday in Snyder with Miss Erma's parents, Mr. and Mrs. J. J. Taylor.

Joe Bartlett Strayhorn of Rotan is spending the week with his grandparents, Mr. and Mrs. Joe Strayhorn.

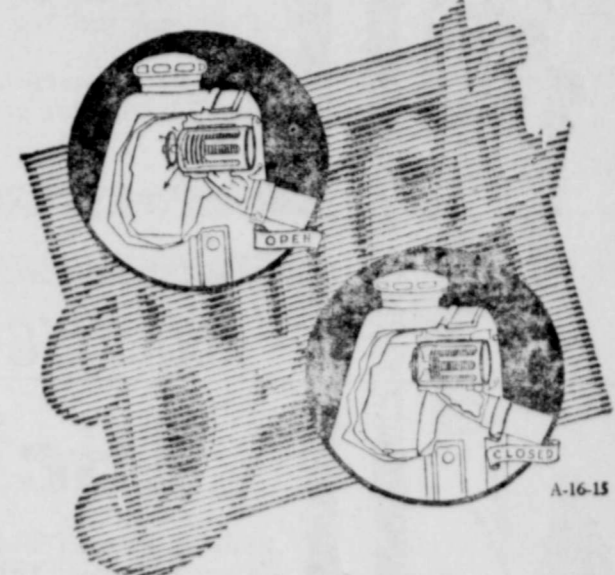

Miss Thelma Williams left last Friday for Mitchell County to take up her duties as teacher near Westbrook.

Judge Moses, Curley Turner, St. Thaxter, Vern Terrell and Emory Stewart spent Friday in Snyder en route to Dallas.

Mr. and Mrs. Ira L. Duckworth and daughter, Frances Lee, were in Snyder last Thursday the guests of Mrs. J. W. Warren.

START 'EM YOUNG SAVE! It's a Good Habit

To save methodically is something that should be instilled in all children from babyhood. They cannot learn the lesson of thrift too soon. The child who begins to appreciate the value of the pennies, dimes and quarters at an early age will appreciate the value of dollars as it grows old. The lesson taught by thrift is as old as the world itself, but each generation must learn it over again.

Come to this Bank at any time and let us explain several simple plans—all with a purpose—to gain a coveted end. You can start today with a single dollar bill.

FAIRBANKS NEXT IN GREAT NEW PICTURE

Whenever the announcement comes that Douglas Fairbanks has done another motion picture, the question is immediately asked, "What is it this time?" Fairbanks, through his pioneering work on the screen, is looked to for cinematic innovations. His leadership in the production field is undisputed, due to his record of past achievements. The films with which he has commanded much attention are—his "Robin Hood," his "The Thief of Bagdad," "Don Q" and others.

Now he comes forth again with another very speedy adventure story in color. It is "The Black Pirate," a story of 17th century piracy.

"Who can think of a pirate story and not think of color?" Doug asked when question as to why he had made his decision. "The days of the pirates constitute perhaps the most colorful period of history, a fact lending itself naturally to color treatment."

The locale of the story is in tropical seas. In the beginning, the star is not a pirate. In fact, he becomes a pirate through force of circumstances. The story deals with his innumerable adventures in avenging the death of his father who dies as the result of hardships inflicted by sea rovers. There is a lively girl to be rescued, for which role Billie Dove was selected, and in the end she succumbs to a Fairbankian wooing with much delicacy and grace. The story resounds with the clash

of cutlasses, and carries with it the whine of the wind and the swing of the sea.

The cast was selected with usual Fairbanks care, every attention being devoted to the types. There are only two women in the piece, Billie Dove and Tempe Pigott. Among the men, whose histrionic ability ranks high, are Art

ders Randolph as the pirate captain, Donald Crisp as the one-armed pirate, Sam De Grasse as a sinister second mate, Charles Stevens, Charles Belcher, Al MacQuarrie and others. The pirate crew is made up of ex-pugilists, wrestlers, cow-punchers and others whose fearsome faces might well strike terror to the heart of any law abiding voyager.

"The Black Pirate" will be shown first in this city as a United Artists release at the Palace Theatre Wednesday and Thursday.

COUNTY FEDERATION MEETING

Delegates from the various clubs and societies of the county met in a regular federation meeting in the district court room Saturday afternoon, November 13, with 48 delegates and visitors present. These meetings are held every second Saturday of the month, and delegates from the rural communities are urged to have their delegates present at the next meeting as the exemption from meetings expired this week. It is also greatly desired that the rural clubs have a report in full at the next meeting.

Mrs. J. T. Whitmire represented Scurry County at the state federation convention which was held in Dallas at the Baker hotel, and a very interesting report of this meeting will be given at the next meeting, which will be the second Saturday in December. Mrs. Pat Jones was elected as first vice president to fill the unexpired term of Mrs. C. B. Alexander, who is moving to Abilene. This was followed by a very interesting paper on "Music" by Mrs. Earl Fish, representative from the Snyder Choral Club.

Immediately after the conclusion of the program the fair committee met, composed of a number of the same women. The

members of the Altrurian club are in charge of the better baby show which will be held on Friday of this week at the city tabernacle in connection with the county fair. The babies will be judged from a physical point of view and not beauty. There will be two different divisions, those up to one year of age, and those from one to two years. First prizes will be two dollars and a half, with one dollar for second prizes. Bring the babies and help the ladies out.

Better Take A Timely Tip

Have you decided to make the family auto last until spring?

Chances are it has far more service left in it than you are aware of.

Only a man who knows cars, however, can tell as to this. Maybe it doesn't need a thing in the world to make it good for many more months of service. Maybe on the other hand a new part here or a little adjustment there will put it in A-1 shape, and also prevent heavy repair bills later on.

IT WON'T COST YOU A CENT TO DRIVE AROUND AND LET US LOOK IT OVER—IF IT NEEDS ANYTHING WE WILL MAKE THE PRICE RIGHT—AND IF IT DOESN'T WE'LL GLADLY TELL YOU SO.

Any investment in a home is a worthy one. Anything that contributes to the comfort, the beauty, the convenience of home represents money well spent.

Its furnishings play an important part in home happiness. They effect that cozy, cheerful, inviting atmosphere that makes for attractiveness. They made it the haven tired ones seek at the end of a busy day—the place children love to play about—the source of pride when guests assemble.

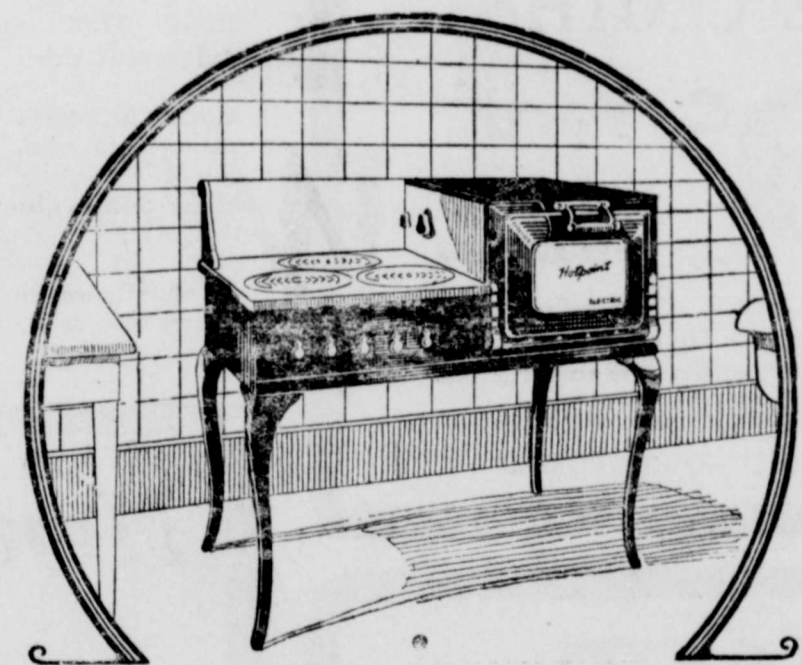

Give a thought now to bettering your home—making it come first in reality. New and better home furnishings will help a lot.

Run-Down

gave out easily

"My health wasn't any account at all," says Mrs. H. L. Cayton of Washington, N.C. "I would start to do my housework and I would give out before I had done anything at all. I did not have any strength, and if I did the least thing it seemed to tax me so I could not finish. I was run-down sure enough."

"Several of my friends had taken Cardui and they said to me, 'Why don't you try it?' I knew I needed something to build up my general health and to increase my strength."

"Finally one day when I was recovering from a spell of sickness, I decided to try Cardui. I got a bottle and began to take it. I could notice that I was improving as my appetite got better and I did not give out nearly so quick. I took several bottles and I felt better."

"Two years ago I decided to take it again. It built me up and made me feel like a different person."

Cardui should help you, too. Buy it at your druggist's.
