SCURRY COUNTY'S FIRST FAIR A GREAT SUCCESS

The citizens, housewives, club women, boys and girls and the progressive farmers of Scurry County came together in Snyder three days last week, November 18, 19, 20, and through their combined efforts and cooperation materialized the idea of a worthwhile, up-to-date county fair. Personal honor or a community prize was a second thought, but the first and real cause of the fair was to show in reality what the fertile soil of the county could produce, combined with the untiring effort of the thrifty farmer, the greater still out of appreciation and thanks for the abundant harvest, and the many blessings the year has brought to the tillers of the soil, and to all in every line of work, for more each day we come to realize how very much the success of other occupations depends upon the success of the farmer. We feel sure Scurry County has a right to feel proud of the unusually fine and large exhibit, for the very best was on display, having met in friendly competition bringing the firstlings of their flocks, the best of their fields and gardens, the delicious unspiced food of the housewife, the products of the most skilled in needlework, beautiful flowers grown and cared for by those who best know the secrets of their beauty, as well as a beautiful collection of various studies in art, all of which showed unusual talent and a gift well to be proud of.

The general show room of the fair was the city auditorium where booths for the different communities and clubs had been arranged. Each was identified by an attractively made sign, where individual farm products were used in the arrangements. The Dermott booth had been attractively arranged under the supervision of Mesdames L. N. Perriman and C. H. W. and Miss Virginia Schermer. The color scheme of lavender and grey was beautifully carried out in the form of large letters signifying Dermott made from a shepherd's wool, and arranged on a lavender background. Dermott had a very nice display of mutton meat made from the same sheep, as well as cold soap made from the mutton tallow. The booth also contained a nice display of fruit, eggs and fine sweet potatoes.

Ennis Creek community booth was under the supervision of Mrs. Cornelius Davis. The color scheme was of yellow and green, with large cotton bolls forming a pretty arrangement for a sign, mounted on a green background. A nice assortment of canned fruits was the special attraction of the booth, receiving eight blue ribbons in this line and one red one.

Fluvanna had a nice collection of farm products. A very attractive sign and banner were four varieties of grain, forming a wagon wheel, with corn in the ear used as the hub. The word Fluvanna was woven between the spokes. Mesdames John A. Staver, Jr., J. W. Clifton, James H. Tate and Bailey Ramsour deserve credit for helping in such a pretty booth. Blue was used as the general color, combining nicely with the corn and green colors, and showing off to great advantage the remarkable apples grown in that community, cotton bolls, and various other products. The ladies failed to get all of their various canned fruits in the private show, but received first on pickled onions and second prize on butter. The Fluvanna ladies also had a club exhibit.

Mesdames Tom Deshazo, Hattie Simpson, W. H. Talley, and Messrs. G. M. Boswell and W. M. Dabson were the committee for the arrangement of the pretty Camp Springs booth. The colors of green and gold were used throughout the booth. Nice, showy letters formed from black-eyed peas into "Camp Springs," were placed to the back on a pretty elevation of green. Camp Springs had a nice showing of sweet potatoes of unusual size, large radishes, and fine seeded ribbon cane, which was placed in a manner to add greatly to the attractiveness of the booth.

The China Grove community had a very appropriate and fitting sign to give the information as to where the nice articles which they displayed had the honor of growing. The sign was made from pretty green China berry leaves, used against the white. The booth contained a nice and delicious appearing collection of canned goods, and the unusual feature was their fine green peppers and a Thanksgiving sized cushaw. Mr. and Mrs. Hoyt Murphy worked faithfully in order to have this attractive booth, and probably there were others whose names the writer was unable to get.

The Union community deserves great credit indeed for the fine showing they made at the fair. There was a large booth representing the Union community, while the club ladies of the same also had two booths, one for their textile display and one for canned goods and culinary.

The Happy Hammer Club women of Union was decorated with pretty red hammers, on a background of the same community white. This display had an unusual product, which was nice honey in the comb, also large bees, very large gourds and exhibits. The ladies helping in the three Union booths were Mesdames S. G. Lunsford, A. M. McPherson, Hugh Jeffries, Henry Shuler, Mattie Wren, Lois Hukabee, Holly Shuler and Miss Essie Mae Biggs.

The Boy Scouts of Snyder had a pretty display showing a miniature boy scout camp with the colors mounted on the tent. They also exhibited patterns of rope tying and other sports and skills learned in boy scout work. The boy scouts are fine fellows and we greatly appreciate the nice showing made for the fair sight-seers.

Woodard community was represented by the club women and they had a pretty booth, and certainly did justice to the task assigned them. The colors were white and gold, "Woodard" being spelled with large peanuts, and placed amid a setting of white. This was all arranged by Mesdames L. L. Culter, Hubert Robinson, J. J. Reynolds, Oscar Davis and Miss Ella Snyder. This booth was made pretty by a nice showing of machine work, and hand-made articles. They had also a nice collection of antiques, and won second prize in one kind of cake baking.

Pleasant Hill was represented by the club women under the name of the "Cheerful 16." The booth was decorated in yellow and white grains of corn on a yellow background. The booth was arranged and supervised by Mesdames John L. Webb, W. S. Gillum, and Lynn Henderson. This booth had a large assortment of different articles, those up to one year old and those from one to two. This was not a show for the prettiest baby but a better baby show, the prizes being awarded for the most physically perfect. The show was made up of the supplies of the Altrurian club, the ladies securing the services of Doctors Howell and Scarborough to whom they wish to extend their thanks. The ladies also arranged for the money which went to the prize winning babies.

The Fine Arts department was under the supervision of Mrs. Sam Randalls of Hermligh and Misses Alma Nell Morris and Ella Stinson. The collection was a pretty one, and a display that would do honor to a state fair, judging from the beauty and not the size of the collection. There was a number of valuable canvases on display which were owned and sent through the courtesy of Mrs. C. R. Buchanan. They were: A snow scene painted in the Ruhr valley during the World War by W. B. Bryan of Dublin; also a copy of "Coro"; "The Lake" painted from the original by Mr. Bryan; Mrs. Henry Brice had on display a beautiful painting of an apple orchard in New Mexico by Ella B. Culter. A brief description of the prize pictures including the original paintings, Miss Still life were "Xenias and the Blue Bowl" by Miss Beatrice Stoker. "The Sunflowers," by Miss Nina Frances Banks, and a fine picture by Miss Hattie Ludwick. In the class of paintings, Miss Nina Frances Banks exhibited a copy of "Tois" by Artist Leigh, and this painting was considered the most difficult on exhibition. Other noteworthy pictures were: A scene by Miss Beatrice Stoker, and a forest and deer scene by Mrs. G. W. Clark.

In the water colors a pretty papyrus picture was exhibited by Mrs. W. B. Stanfield, a forest scene by Mrs. Ikon Joyce, and a fall scene by Ruth Belle Boren. There was also a very pretty and large display of painted textiles, craft work, basketry and polychrome. In the class of paintings, Miss Leath, a copy of Maxfield Parrish's "Rubiyay" by Miss Verne Stinson, also a beautiful picture scene by Violet Bradbury. In the class of paintings, Miss Nina Frances Banks exhibited a copy of "Tois" by Artist Leigh, and this painting was considered the most difficult on exhibition. Other noteworthy pictures were: A scene by Miss Beatrice Stoker, and a forest and deer scene by Mrs. G. W. Clark.

The Snyder boys and girls were there with their colors on. Gold and black were used in both the Snyder "Aggies" booth and Home Economics girls. The boys had an artistic sign made of inlaid grain including wheat, milo, dorso, and feterita. The display consisted of home-made rope, knots and hitches, self feeders, self waterers, a shop made table, grades of cotton, resharpened bits, saws, and axes, also a home made book case. The booth for the H. E. girls was made very attractive and inviting by a pretty suit of furniture, furnished by the Higginbotham store, as well as floor lamps and flowers. The girls displayed a sewing of all kinds of different garments, and realized a neat sum through the sale of candy and sandwiches.

The Happy Hammer club of Camp Springs was identified by a pretty sign made from many different shades of chrysanthemums. This booth won third place, having a pretty quilt, all kinds of fruits, fancy work, and nice pumpkins. Those helping were Mesdames Lydia Deshazo, Garrett Harrell, Guy Adams, F. W. Simpson, and Will Talley.

The county club girls had a color scheme which was effective, pink and white being used. This booth represented nearly every line of work the girls do with the exception of poultry raising. The furniture used in the display was

ward school boys. Very good and made by the Wood-Higginbotham-Bartlett Company displayed an ideal miniature barn surrounded by the usual necessities of the farm-yard. The arrangement and carpenter work was done by Dick Randalls. They also advertised their paint and varnishes.

The West Texas Electric Company displayed the modern appliances for the housewife, including the new electric stoves, churns, washing machines and many other articles.

Flower, Textile and Culinary Department
Mrs. W. R. Bell arranged a very attractive booth which added much to the general beauty of the fair. She had on display flowers of various kinds too numerous to mention. Canary birds in attractively decorated cages, and a number of pretty articles in the way of gift suggestions.

The general flower department was certainly a place of interest to the flower loving visitors. One pretty display was a collection of thirteen different varieties of chrysanthemums grown by Rev. and Mrs. J. J. Manley.

The textile department was under the supervision of Mrs. H. G. Towle. Here all the different kinds of hand work done by the American women was on display, some in white patterns and others in colors. Many quilts resembling those equally as pretty, as those made by grandmother in her day were there. One article worthy of mention was a neat dress made from four sacks, dyed to a pretty blue and pink, and bright with a little touch of embroidery. The cost of the entire dress was fifteen cents. We wish to thank all who contributed to the Curic department, which we are sure was enjoyed by all.

The ladies of the Christian church sold jellies in the first booth to the left.

The Higginbotham Company furnished Mrs. R. H. Curmuth and other ladies who assisted in the culinary department with a model kitchen where the various kinds of cakes, candies, pies and other displays were made.

Baby Show and Art
The better baby show was held in the basement of the Christian church on Saturday at 2 o'clock. A large number of babies were entered and divided into two classes, those up to one year old and those from one to two. This was not a show for the prettiest baby but a better baby show, the prizes being awarded for the most physically perfect. The show was made up of the supplies of the Altrurian club, the ladies securing the services of Doctors Howell and Scarborough to whom they wish to extend their thanks. WEST TEXAS PRESS ASSOCIATION ORGANIZED
COLORADO, Nov. 24.—Organization of the West Texas Press Association was perfected here last Saturday when publishers from practically every section of West Texas convened in first session and elected the following officers: J. L. Martin, Snyder Times-Signal, president; James L. Dow, Lubbock Avalanche-Journal, vice-president; W. E. Reed, Colorado Record, secretary-treasurer; Miss Reno Jordan, Big Spring Herald, assistant secretary. Board of directors: Max Bentley, Abilene Reporter-News, E. I. Hill, Tahoka News; Barney Hubbs, Pecos Enterprise; W. D. Van Blarcom, Fort Worth Star-Telegram, and H. C. Shelton, Rotan Advance, and the committee of by-laws and constitution is composed of E. I. Hill, Tahoka; J. W. Roberts, O'Donnell Index, and C. S. Boyles, Sweetwater News.

To Meet in Lamesa
Lamesa was selected the next meeting place, meeting to be held semi-annually, and the Lamesa meeting will probably be held in the spring of 1927.

The following program was carried out at both the morning and luncheon sessions: The business session was held in district court room, Mitchell County courthouse, J. L. Martin, of the Snyder Times-Signal, temporary chairman. Informal discussion of various problems and phases of the morning session, such as "Why a West Texas Press Association," led by T. Paul Baron, Midland Reporter.

Improved Machinery for the Small Shop—Earl T. Williams, Loring, leader.

The Value of Rural Correspondents—J. L. Martin, Snyder Times-Signal.

"Our Local Problems"—discussed by H. L. Shelton, Rotan Advance, and Post Dispatch; E. O. Hill, Tahoka News; J. W. Roberts, O'Donnell Index; Barney Hubbs, Pecos Enterprise; Luther Watson, Sweetwater News and others.

Addresses and Luncheon
Lubbock, Nov. 24.—Hotel. Homer D. Wade, manager, West Texas Chamber of Commerce, presided as toastmaster. Addresses: Fred Robinson, Waco Times-Herald; W. D. Van Blarcom, State Editor, Fort Worth Star-Telegram; E. H. Whitehead, publicity manager West Texas Chamber of Commerce; Herbert M. Colbert, editor Sweetwater Reporter; Sam Roberts, Haskell Free Press.

Department

purpose of the Chrysler advertisement. Several cars containing the representatives of the various women's clubs of Snyder and territory followed, all dressed in caps and aprons, each color signifying a different club. One car used was brought from the "Vintage" Club, Webb Motor Company. This was followed by the colonial car, beautiful in yellow and white streamers, and containing the twelve beautifully dressed colonial girls who took part in the "Vintage" contest. A procession of new Fords, with yellow, red and green wheels followed, as well as a decorated car in red and green for Warren Brothers. The last car in line was one in pink and green, containing members of the Sans Souci club and advertising the show "Kiki," which they sponsored on the following Monday and Tuesday nights.

Department
The second parade was at 11 o'clock Thursday morning. The parade was led by two lady riders, Misses Nina Frances Banks and Reva Lewis. They were followed by a number of cars containing the football boys and pep squad girls, and advertising the game which was played that afternoon between Roscoe and Snyder. Miss Roten's club girls were next in procession, marching on foot, and in line was one in pink and green, containing members of the Sans Souci club and advertising the show "Kiki," which they sponsored on the following Monday and Tuesday nights.

Fiddlers' Contest
The fiddlers' contest was a big success, and met with a full house. This was also under the auspices of the Altrurian club. The first number on the program was a number of old time songs sung by members of the Choral club. Miss Dixie Ruth Smith gave a very entertaining reading "SI and I" while Miss Mary Helen Bolin favored the audience with "Little Fly" and "Little Bo Peep." The girls gave the Virginia reel in a very pretty manner and a true representation of the old time reel. The "gentle-men" dancers were: Misses Margie Gray, Ethelene Ribble, Eloise Brown, and Roscoe. The girls were assigned a good part in the lesson and often called upon to conduct the recitation. This would to some extent balance what they lose by not being in a class. The very suggestion is for the general secretary who is generally supposed to be an adult.

THE SUNDAY SCHOOL SECRETARY
There is a great deal more importance attached to this office than many people seem to think, or take time to consider.

Sunday school records are just as important to the Sunday school, comparatively speaking, as church records are to the church or national history is to the nation. A Sunday school without a secretary is not a complete organization. The church is acting very wisely in always selecting the very best material possible to fill his important office.

There are more than one hundred and fifty thousand general secretaries besides the many department secretaries, in this country alone.

Records Properly Kept
Space forbids that I attempt to tell you how to do the work. I have studied the secretary's work under several different writers, Fluke and Noland have the best book that I have ever studied on this line, and confers with those others just as good.

Value
This six point record system is a character builder. It requires six things to be done by each student, year by year. It has been clearly proven by statistics that attendance has had a wonderful influence over the lives of millions of people. Through its influence teaching itself in the entire year, the Kingdom of Satan and sin to the Kingdom of Christ and a Christ-like life. How can we reach them unless they attend?

On Time
Give me that boy or girl who has formed the habit of being on time from nine to sixteen years, and will be punctual for their entire life. It is not a religious virtuosities of life. Teach them promptly in time and you have stamped into their character an asset that will last through life.

Bible in Hand
This system puts the Bible in its proper place. It is the text book of the Sunday school. Every student should have a Bible of his own and bring that Bible with him and use it during the recitation.

An Offering
This is not a demand. There are no demands on any point. I believe that a weekly offering is part of the Christian's freedom. I believe that if children are taught to make a weekly offering, and what it is for, even though it is but a penny, they will be stronger characters through their habit of giving. I believe that if they have it in their hearts to give, but can not give, God will bless their desires just as much as if they had given.

Prepared Lessons
It goes without dispute that prepared lessons are important. We are in the Sunday school to get all the benefits possible. The more we know of the nature of the teachings of that Book.

Attending Church
This is important whether it be once a month or more. If children form the habit of leaving before the preaching service of the church, they will drift into the church of God's day. There are several reasons that cause children to leave the church as soon as they think the Sunday school is dismissed. There is no doubt but that habit makes character. Have the students to form the church staying habit and you have gained a point that will track them through life.

WHAT'S DOING IN WEST TEXAS

MINERAL WELLS—The stand of President Arthur P. Duggan and Manager Homer D. Wade of the West Texas Chamber of Commerce on the question of a tax survey for the state was fully endorsed by the Mineral Wells Chamber of Commerce at a recent meeting here. A special committee composed of three prominent West Texas men in this section was appointed to offer every assistance to the West Texas organization in their effort to secure passage of a legislative bill for the Fortieth Legislature for furtherance of the state tax survey cause.

HASKELL—Work on the disposal plant of a new sewer system for the city has begun here. Seven miles of new sewerage line will be added, and the system is expected to be complete and in operation within three months.

CLAUDE—The county home (dormitory) agency of this section has begun campaigning for a home meat canning program for Armstrong farmers. Through the items in the Claude paper she is explaining the value of home canned pork, beef, and other products, and confers with those interested in the subject at her office on Saturdays.

COLORADO—"The Value of Poultry Raising to West Texas Farmers" was explained in an interesting and informative address by Manager Homer D. Wade of the West Texas Chamber of Commerce during the Mitchell County Poultry School and Show held here November 20.

EDEN—A turkey dressing and cooling plant has been opened here. Experienced operatives from Arkansas and Company of Ft. Worth are working at the shop and much business is being done.

KERVILLE—An insecticide factory has been established at this point by the Furman Company, manufacturers of a d and chemical dealers in insecticides, disinfectants, rat poison, screw worm killer, and similar lines of merchandise. Headquarters office and factory were formerly maintained at San Antonio.

MORAN—The Moran Luncheon Club will pay for a city tourists park and deed the same over to the town, it was decided at a recent meeting of the organization. Half the price of the park has already been raised and the other is to be paid out within twelve months.

LEVELLAND—Contract for carrying the U. S. mails over the longest route in this section was awarded here recently. The route will serve numbers of people in the northwestern part of Hockley County and the vicinity of that postoffice. It is variously estimated at from 38 to 72 miles in length.

FREDERICKSBURG—Gillespie County has been offered opportunity of filling 150 half-sack sacks of Texas peans to be used at a mammoth banquet in Chicago to be held for boys and girls agricultural club representatives at a national convention. Pamphlets or literature advertising the section may be included in the sacks which are to be used as plate favors. The local chamber of commerce is receiving contributions for Gillespie County's quota, which will be added to those furnished by other regions at the request of the Texas Pean Growers Association.

SNYDER LOSES TO ROSCOE HERE SATURDAY
After playing air tight football throughout the entire first half, the Snyder High School Tigers allowed the Roscoe Cowboys to make two touchdowns and take the large end of a 13-0 score on Wolf Field here last Saturday afternoon.

The visitors' first score came early in the second half when Hunter, left half for Roscoe, snatched an attempted pass from a Tiger back and raced 70 yards for the counter. Gray kicked goal, and Snyder had kicked off to J. Gray, who fumbled, Snyder recovering on Roscoe's 35 yard line. On the next play the pass was intercepted and the sensational spurt of Hunter was made.

The second score came about the middle of the last quarter when, after a series of first downs, Elmer Gray passed over the goal line to Purvis. Gray failed in try for point after touchdown.

Between the halves the Snyder Girls' Pep Squad showed their pep with an unique demonstration. Dressed in their gold and black uniforms, the squad, led by Dixie Ruth Smith, marched around the field, bearing a large banner upon which was the word, "Tigers". The various stunts, yells, and formations were well executed and would do credit to a college organization.

Play Loraine Today
The Tigers were to have met Lovington, New Mexico, this afternoon (Thursday) but the game being called off by the New Mexico coach yesterday, the Tigers immediately arranged to play Loraine again here. These two teams have played two tie games this season and this third is expected to be a real battle.

SNYDER GIRLS ATTEND TELEPHONE MEETING
Misses Ora and Maggie Norred attended a meeting of the employees and association of the Telephone Company at Lubbock Wednesday, Thursday and Friday of last week. Miss Ora was sent as a delegate from this district, being vice chairman. The guests enjoyed a pleasant 11 o'clock luncheon given by Mrs. L. D. Wade.

LEFT FOR DALLAS
Mesdames C. R. Buchanan, J. W. Templeton, and Fred A. Grayum of Lubbock, Miss Mary Lynn Nation and Messrs. Dick Stovall and Preston Morgan left Wednesday for Dallas. Mrs. Buchanan will go to Waxahachie to visit her daughter, Miss Dorris, who is a student at Trinity University. Miss Dorothy Strayhorn, also a student at Trinity, will visit Miss Mary Lynn in Dallas where they will spend Thanksgiving with Miss Dorothy's aunt, Mrs. J. A. Farmer, park in Scurry County.

ANOTHER I. H. C. SHORT COURSE
The International Harvester Company will hold another short course in Agriculture here this week. The date to be arranged later. It will be safe to say, however, that it will be held between February 28 and March 15, seventy-four business firms and four hundred and eight individuals have given the course their endorsement, which practically assures its being held again this year.

TAILORING COMPANY ADDING EQUIPMENT
The Snyder Tailoring Company, has always abreast with the times, has installed a new "Klear Buk," the latest thing in Hoffman pressing machines. This machine was added to this company's very complete shop in order to render not better service, but the very best service possible. The company is to be commended on account of its progressiveness and its desire to give the public service second to none.

CANYON NEWS
The weather is very pretty this week.

THE FAIR WRITE-UP
A large portion of the Times-Signal is devoted to the Scurry County Fair. No one not acquainted with newspaper work can have any idea the amount of work that was required to get this matter together. The editor wishes to say that the entire fair report was handled by Miss Myrtle, the editor's daughter. This is the first news story of this nature she ever handled, and her daddy thinks she handled it pretty well, don't you?

An effort was made to get all the names and all the prizes awarded, but it was tremendous task, and some might have been overlooked, but if so, it was done unintentionally.

Miss Pauline Kelly of Simmons University spent the latter part of last week in Snyder.

Miss Myrtle Harrell of Simmons spent the latter part of last week in Snyder with her parents.

Miss Ora Mae Garner was home last week from Simmons on account of the illness of her mother, Mrs. G. M. Garner. Mrs. Garner is a little better at present.

MRS. H. G. YOUNG SERIOUSLY ILL
H. G. Young of the Times-Signal here received telegrams Tuesday from Kansas City, where Mrs. Young and little son have been visiting relatives, stating that she was dangerously ill. Mr. Young left on the 9 o'clock train Wednesday for that city.

MRS. WELLBORN IN HOSPITAL
Mr. and Mrs. H. P. Wellborn left Wednesday for Temple where Mrs. Wellborn will probably undergo a serious operation. Mrs. Wellborn has been in rather poor health for several years, but it is the opinion of a number of leading physicians that her condition will be greatly benefited as the result of an operation.

ACCIDENTALLY SHOT IN ANKLE
Mrs. H. A. Graham, who lives in the eastern part of the city, was accidentally wounded in the ankle about noon Tuesday when she attempted to remove a quilt from the bed. The bullet struck her ankle bone, inflicting a very painful wound.

GILES GARNER LOSES BARN BY FIRE
The fine barn belonging to Giles Garner west of town burned to the ground about 3 o'clock last Thursday morning. Mr. Garner is unable to account for the fire unless it was caused by a cigarette stub discarded by some Mexicans that were about the premises late Wednesday afternoon.

Too Much "Acid?"

Excess Uric Acid Gives Rise to Many Unpleasant Troubles. AUTHORITIES agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic backache and headache. That the kidneys are not functioning right is often shown by scanty or burning passage of secretions. Thousands assist their kidneys at such times by the use of Doan's Pills—a stimulant diuretic. Doan's are recommended by many local people. Ask your neighbor!

strict compliance with this section of the law will prevent trouble and embarrassment and will be greatly appreciated by this department. Respectfully, J. H. BYRD, 24-21c Tax Collector Scurry Co.

RESOLUTIONS OF RESPECT Whereas the Supreme Grand Master of the Universe has seen fit to translate from this imperfect Lodge to that all-perfect glorious and celestial Lodge above, the soul of our deceased brother, J. C. Noble;

Therefore Be it resolved by Scurry Lodge No. 786 that in the death of Brother Noble, this lodge has lost a brother whose character and upright life beautifully illustrated the principles and high ideals of Free Masonry; Secondly, That we tender to his bereaved loved ones our sympathy and our prayers and beg them to realize that our brother has only ceased to walk among men, that he may walk the streets of gold with a great multitude clothed in white and rejoicing with the redeemed of God;

Thirdly, That we, his brother Masons, feel more determined to emulate the example of our departed brother and try more earnestly to live up to the high ideals of the great Masonic fraternity;

Fourthly, That a copy of these resolutions be placed upon our minutes, and a copy given to the bereaved family, and that they also be published in the Scurry County Times-Signal.

COMMITTEE.

OBITUARY

John S. Brewer was born in Greenville, Miss., April 7, 1891, and died in a hospital in Muskogee, Okla., November 13, 1926, being thirty-five years of age at the time of his death.

Funeral services were held November 15 at the East Side Church of Christ and his remains were laid to rest in the Snyder cemetery.

Physicians say that John's death was a result of wounds received during the World War. The American Legion acted as pall bearers and nobly assisted in paying the last respects to their comrade.

A Friend.

PATENTS GRANTED TO RESIDENTS OF TEXAS

List Compiled by Munn & Co., Patent Attorneys

Of 839 patents issued in the last week, Texas inventors obtained 14.

That these inventions are worth while is attested by the number of patents that already have been assigned for manufacture and sale. In other cases the inventors are planning to manufacture them themselves or still are negotiating for assignments or royalties.

The following information is compiled by Munn & Co. of New York, Washington, Chicago, San Francisco and Los Angeles.

Horace C. Anderson, of Amarillo. Hand stamp. This relates to hand stamps, and particularly to the type known as rubber stamps and has reference more specifically to the handle and its connection with the base or lower portion of the stamp.

Louis L. Lomar, of Houston, Snubber. This relates to snubbers and particularly to devices in which the snubbing action is effected by the cushioning action of an enclosed fluid upon a piston.

Martin F. Fish, of Kirbyville. Cultivator. This relates to an improved cultivator adapted to be drawn by one or two draft animals for stirring up and pulverizing the soil between rows of growing crops, or for preparing the soil for seeding. Mr. Fish assigns one-half of his patent to Silas B. Conn.

William Enla Hardin, of Fort Worth. Brake. An important object of this invention is to provide a brake operating mechanism which is strong and durable and positive in action.

Charles S. Crickmer, of Dallas. Relief Valve. A further object of this invention is to provide a tension adjusting device which may be fastened against displacement and also which will not work loose and disengage itself from the valve. Mr. Crickmer assigns his patent to the Guiberson Corporation.

Eugene Kibele, of San Antonio. Pump piston. This provides a packing ring for pump pistons which will be operated by the pressure exerted by the piston to be expended or contracted to provide a proper suction as desired and reduce slippage and friction.

Otho S. Shaw, of Port Arthur. Well drilling apparatus. This invention resides in the provision of

an apparatus which may be employed either in drilling through the soft or hard formation.

Vincent O'Donnely, of Houston. Color slide operating mechanism. This provides a mechanism for operating the color slides in grading oil whereby the slides will be protected and kept clean and may be used without liability of breakage and whereby much time may be saved in the testing operation.

Hugh W. Johnston and Mende P. Miller, of Houston. Composition of matter. This relates to new and useful improvements in a composition of matter for forming artificial stone. It also comprehends the process by means of which the product is produced.

Arthur John Pauly, of Navasota. Tool for driving wooden automobile wheels on axles. This relates to improvements in tools for driving wooden automobile wheels on hubs, and is adapted to uniformly contact with the entire hub of the wheel, whereby the wheel will be uniformly driven into place by the tool.

William Fred Byerly, of Beaumont. Well strainer. This provides a screen surrounding the perforated portion of the inner casing and forming additional means for insuring a proper straining of the water or oil.

Harry Berry, of Clyde. Motor support. The primary object is to generally improve upon machines or supports by providing one of comparative simplicity, durability, practicability and one which is such that the motor block may be left in place while making adjustments, repairs and to facilitate inspection.

A Ten Yard Gain Planned Months Ago

Back of the sudden smashing plunge that rips the line apart and carries the ball to a firstdown, are weeks of drilling and planning—TO WIN.

It's the same in seeking success.

A bank account will help in opening up the line for a gain.

KITCHEN KORNER

WHOLESALE CANDIES — SIMPLE TO MAKE

Fudge
2 cups sugar, 1 cup sweet milk or water, 3-4 or 1 teaspoon of vanilla.

Mix sugar and milk, drop in chocolate. Boil rapidly stirring until it forms a soft ball in cold water. Add butter, let cook. Add vanilla and beat until it begins to show a dull finish. Pour quickly into a buttered pan and cut into squares. Nuts may be added just before beating.

Taffy
Boil syrup, sorghum or molasses and vinegar (1 teaspoon of vinegar to 1 cup of syrup) until brittle when dropped into a cup of cold water. Pour on cold buttered platter. When cool enough to handle pull until light, handling as little as possible. If a strong acid molasses is used 1-2 teaspoon of soda to each cup of molasses may be added when the boiling begins. To prevent boiling over grease the rim of the skillet with fat.

Divinity
Three and one-half cups sugar, 1/2 cup light colored syrup, 1/2 cup water, 2 eggs, 2 teaspoons vanilla, 1 cup nuts chopped or raisins. Boil the first three ingredients together. Stir until the sugar melts, then cover for a few minutes until all crystals are washed down. Let boil until it forms a soft ball in cold water. Then pour a cup full over the well beaten

whites, beating well. Place the remaining of the mixture back on the stove and let cook until a hard ball forms in cold water. Pour over the egg mixture beating constantly. When it begins to stiffen add vanilla, fruit or nuts and pour into buttered pan to cut into squares.

Fondant is the foundation for all French bonbons and for chocolate creams. It will keep several weeks if properly packed in airtight jar lined with waxed paper.

French Cream Fondant No. 1
Two cups sugar, 1 cup water. Stir the sugar and water together until mixed; do not stir at all after

it has come to the boiling point, and not more than three minutes before; stir only enough to prevent sticking at the bottom; boil until a soft ball forms when dropped into cold water; remove from the fire, and place pan in a pan of cold water. Allow the mixture to stand until cool; add half a teaspoonful of vanilla; then beat until it forms a white mass which leaves the edge of the pan; knead well until perfectly smooth and absolutely no hard grains remain.

Some candy makers insist upon the use of cream-of-tartar fondant made without the cream of tartar remains soft longer if properly kneaded and packed, and is even more deliciously creamy.

French Cream Fondant No. 2
The white of one egg, 1 tablespoonful cream, 1/2 teaspoon vanilla. Mix the ingredients thoroughly; add enough confectioner's sugar which has been sifted two

times, to form a mixture sufficiently stiff to mold.

Molding

Various shapes may be used in molding fondant for French bonbons or for chocolate creams. Each flavor should be molded into shapes varying a trifle if possible from one another. A box of candies is far more attractive when packed with odd shapes and sizes. Bells, squares, oblongs, crescents, cones, patties, ovals are a few suggested forms. With a very little practice expert molding may be easily accomplished. A marble slab is a very helpful article in kneading and rolling fondant. The slab is usually cool, and marble is a better molding surface than wood.

Cocoanut Logs

Use vanilla or strawberry flavored fondant. Knead in cocoanut. Mold into log-shaped pieces. Roll each in finely grated cocoanut small shapes. Roll in fin-etaoint nut until well covered.

Cream Nuts

Blanch and brown your own nuts by heating them in a pan moistened with a few drops of olive oil. Surround the nuts with vanilla flavored fondant and form into small shapes. Roll in finely granulated sugar.

French Fruit Roll

Add cups of chopped nuts, dates, candied cherries and citron to vanilla flavored fondant. Roll in one round roll, and when cool slice into quarter inch slices.

Nut Squares

To one recipe of vanilla flavored fondant add one cupful of chopped walnut meats. Put in a pan and when cool cut into squares.

Cream Mints

Melt fondant over hot water, flavor with a few drops of oil of peppermint, wintergreen, clove, cinnamon or orange, and color if desired. Drop from tip of spoon on oiled paper.

Marshmallow Pudding

A La Stanley
One-cupful of Maraschino cherries, 1 tablespoon cherry syrup, 1/2 cup English walnut meats, 1/2 lb marshmallows, 1 cup heavy cream, 2 tablespoons powdered sugar, 1/2 teaspoon vanilla.

Cut cherries in pieces and add syrup, cut walnut meats, and marshmallows in small pieces, whip cream, add sugar and vanilla, and fold in remaining ingredients. Turn into a mold and let stand until firm, the time required being about two hours. White grapes, strawberries, or pineapple cut in small pieces may be used in place of cherries. Other nut meats may be used in place of walnuts.

Pastele Cubes

One-fourth cup cold water, 1 cup boiling water, 3 cups sugar, 3 tablespoons lemon juice, 3 tablespoons orange juice, 1 drop mint flavoring.

Pink and Green Coloring

Soak gelatine in cold water; add boiling water, add sugar, boil 15 minutes. Pour equal amount into three bowls. To one add grated rind, to another lemon juice; to third, mint. Color the mint green, lemon pink. Pour an inch deep into pans and let stand over night in ice box. Cut into cubes and roll in powdered sugar. Let stand in cool place.

Almond Macaroons

Two eggs, 1 cup brown sugar, 1/2 cup flour, 1/2 teaspoon salt, 1/2 teaspoon baking powder, 1 cup almonds.

Beat eggs lightly, add sugar, flour mixed and sifted with baking powder and salt. Add almonds cut into small pieces. Bake in moderate oven fifteen minutes.

Perfection Salad

Two tablespoons gelatin, 1/2 cup cold water, 2 cups hot water, 2 cups celery, 1 green or red bell pepper, 1/2 cup vinegar, 1/2 cup

sugar, 1 teaspoon salt, 1 cup nuts, 1 cup English peas.

Add cold water to gelatin and let stand five minutes. Add boiling water and sugar, stir until dissolved. When cool add vinegar, vegetables and nuts. Allow to congeal and serve on lettuce leaf with mayonnaise.

Up-Side Down Cake (Sponge Cake)

Yolks of 4 eggs, 6 tablespoons pineapple juice, 1 cup sugar, 1 teaspoon baking powder, 1/4 teaspoon salt, 1 cup flour, whites of 4 eggs.

Beat yolks of eggs and water until thick and lemon-colored, add sugar gradually, and flavoring, beat two minutes. Mix and sift flour, baking powder and salt and add to first mixture. When thoroughly mixed add whites of eggs beaten until stiff.

One cup brown sugar, 1/4 lb. butter, 4 slices of pineapple. Put butter and sugar into a frying pan and melt; then add pineapple cut into small pieces, then pour sponge cake into this and bake in a moderate oven thirty minutes. Remove from oven and turn upside down with filling on top. When cold serve with whip cream.

THE SPREAD IN SCHOOL INFLUENCE

In estimating the efficiency of our schools should the emphasis be placed on scholarship or citizenship—capacity or character—or both?

In the life of the individual, even as in the life of the nation, the activities of today are conducted in the light of their influence on the affairs of tomorrow. So it is with education—its prime business is the development of the individual to build the nation's future. "One's way of looking at things does not depend upon the size of the town he lives in but on the size of his mind." Via education there has been no "Main Street."

Our educational system works in many directions. It enlarges the earning value of the child to its parent and to the nation. It brings an Americanizing influence to bear on the lives of our foreigners. It steers forth to rehabilitate the delinquent child, to restore the faltering physically. It develops research students, trains teachers and makes possible professions.

These are all essential in our scheme of things. However, education is especially concerned with the many. They hold the balance of power at the ballot.

It is important, therefore, that they have an interest in and an understanding of public issues. It is to them we look for establishing a wholesome social morale. It is important, then, that they be educated in an atmosphere of Faith and Hope. It is important that they be educated to relish their work, and with a proper balance between work, worship and play, they may enjoy toil and utilize the increasing leisure allotted them without being bored or tempted to dissipation.

It is a misconception to conclude that educating a person is reducing his efficiency to toil. His capacity to work should be none the less because he has been schooled.

Mind helps muscle. A young college man who dug ditches during his vacations, to gain health and wealth for the next school year, recalls the Italian workman who would hum snatches of opera while he labored; an Irishman who would analyze economic conditions would discuss political issues while he picked; an American who while he worked. None of these men was less efficient with pick and shovel because in a degree intellectually developed. Yet their lives were richer, their resources greater. It would be unfortunate were it necessary to conserve ignorance in order to furnish an adequate labor supply.

The welfare of this country centers around the training of many. It depends upon a high social morale, an increasing number of mentally alert producers.

It requires a citizenry with intelligence to value and enjoy social contacts, with sufficient educational foundation to admit of self-development, equipped to improve its leisure and imbued with sufficient sportsmanship to play the game. This is a contribution education makes; a contribution with intelligence, not ignorance, as the foundation.

MRS. BEGGS ENTERTAINS

Mrs. W. D. Beggs entertained with a prettily planned Autumn party at the home of Mrs. Dixie Smith Wednesday afternoon, November 17. A beautiful setting for tables where bridge and forty-two were enjoyed throughout the afternoon was formed from Autumn leaves of golden brown tinted with a sunset glow, combined with beautiful fall chrysantheums in similar shades. The color scheme was also carried out in the nut cups, place cards, favors and candles, all of which made a very pretty arrangement. A delicious two course luncheon was served by the hostess, assisted by Mesdames Dixie Smith and L. O. Smith to Mesdames Ernest Taylor, W. R. Johnson, R. H. Cornutte, O. P. Thrane, Fritz R. Smith, Dick Chambers, A. J. Towle, W. W. Wilsford, Bob Warren, Austin Erwin, Hugh Taylor, J. C. Stinson, H. G. Towle, J. O. Dodson, C. E. Higgins, J. C. Dorward, C. C. Ferguson, C. J. Yoder, and H. P. Brown. Ten guests were Mesdames J. M. Templeton, Bettie F. Howell and R. L. McCormick.

A DINNER PARTY

Mrs. R. P. Jones entertained the members of the Times-Signal force with a delightful six o'clock dinner at her apartment on Wednesday evening, November 17. The event was given in recognition of Mr. and Mrs. Jones' third anniversary. Those present were Messrs. Hal G. Young, Otis Carter, J. L. Martin and Misses Davida Curry, Ila and Myrtle Martin.

TRINITY GLEE CLUB

A communication from Trinity University states that Miss Dorothy Strayhorn of Snyder, and a student of that institution, is a member of their glee club. The club is an organization of students providing an opportunity of musical expression with practical as well as cultural benefits. Miss Dorothy is to be congratulated on being a member of such an organization.

TWENTIETH CENTURY MEET WITH MRS. BRICE

The annual home coming of the Twentieth Century Club Wednesday at the home of Mrs. H. J. Brice on Tuesday afternoon, November 23. The program for the afternoon was opened with a prayer of thanks by Mrs. Allen Warren, followed by an interesting paper on "A Home For Happiness" by Mrs. J. E. Sentell. "Our Need For a Club House" was given by Mrs. Brice. A delicious two course luncheon was served to about forty club members and guests. The next meeting will be at "Wagon Crest" with Mrs. Allen Warren and Mrs. H. P. Brown as hostesses.

MRS. H. L. DAVIS HOSTESS TO EL FELLS

Mrs. H. L. Davis was hostess to the El Fells club members at guests at the home of Mrs. A. B. Campbell, November 19. A series of interesting forty-two games were enjoyed throughout the afternoon, after which a delicious luncheon was served to Mesdames Ernest Taylor, and J. Waskom the guests, and the following club members: Mesdames Joe Stinson president, Austin Erwin vice president, George Northcutt secretary, O. P. Thrane treasurer, A. J. Towle, Wade Winstler, L. O. Smith, Com Ezell, W. W. Wilsford, W. E. Smith, Dixie Smith, C. C. Haggins, R. J. Randall, Gertie Smith, and A. J. Cody. Mrs. Austin Erwin will be the next hostess.

The O. E. S. met in a call meeting Thursday night, Nov. 18, to entertain the Assistant District Deputy Grand Matron, Mrs. Elizabeth Baggett, of Big Spring. Thirty members were present. Mrs. Baggett gave a talk which all enjoyed. The refreshment committee, Mesdames Covey, C. F. Sentell, J. E. Sentell and Miss Eula Richardson, served a delicious lunch.

MRS. STRAYHORN HOSTESS TO MISSIONARY SOCIETY

Auxiliaries No. One and No. Two met with Mrs. Joe Strayhorn Monday afternoon, November 22. The lesson for the afternoon was taken from the Missionary Voice with Mrs. O. P. Thrane as leader. The Missionary Bulletin was read by Mrs. John Hardy, after which a talk on the "Untouched Area of American Home Life" was given by Mrs. W. B. Lemmons. The discussion was by Mrs. Jno. F. Carmichael, and a talk on stewardship was presented by Mrs. C. C. Higgins. The closing prayer for the study hour was by Mrs. Thompson. A delicious two-course luncheon was served by the hostess to Mesdames J. P. Avery, Jno. F. Carmichael, J. W. Templeton, R. H. Bell, John Hardy, Lloyd Thompson, C. C. Higgins, Ed A. Harris, J. A. Howell, A. O. Scarborough, A. E. Bell, E. A. Birdwell, Ike Boren, Lee Stinson, W. W. Hamilton, Tom Clark, A. M. Curry, Homer Snyder, Ivan Pederson, W. E. Smith, J. G. Hicks, David Crowell, J. E. Ketter, W. B. Lemmons, C. J. Yoder, Ralph Odum, Wellington Taylor, Allen Warren, J. W. Warren, H. V. Williams, A. C. Prentiss, R. P. Jones, O. P. Thrane, L. O. Smith, Joe Stinson and H. G. Towle, society members, and Dixie Smith, Betty F. Howell, Fowler, Aston, Erwin and Bro. and Mrs. Lawlis, the guests. The next meeting will be a joint meeting between the churches at the Christian Church, Monday, November 29.

HIGH SCHOOL NEWS

The Home Economics Club of Snyder High School met Wednesday, November 17, in the basement of the First Methodist Church. After the business was disposed of the girls were entertained with a meeting by Dixie Ruth Smith. Fifty-three girls were served with sandwiches, cookies and punch which was furnished by Miss Crozier.

Altiruzon Parade

Friday afternoon at 4 o'clock the girls of the Physical Culture club, dressed for the Virginia Reel, rode through town on a big yellow and white float. The purpose of this was to advertise the old fiddlers' contest and the program for Friday night. The First Grade band and the Sans Souci club also had a car beautifully decorated for the parade. Advertising cars fell in line behind the floats.

High School Parade

Saturday morning at 11 o'clock the high school put on a parade. Two girls on horseback were in the lead. The high school band came next, then the pep squad. The queen's float, a picture in yellow and white, led the car. The queen of Snyder High School, Miss Frances Jackson, was on a throne and about her sat her attendants. All the other high school classes came in order after the queen, each decorated in their class colors.

La Tertulia came after the classes with its worthy seniors and senioritas. Last came the Physical Culture club feasts and the advertising cars. All this made a very pretty procession and was enjoyed by all, even though the people had to stand on the cold

side walks to see it.

Pep Squad

The members of the pep squad met Friday night and Saturday afternoon to arouse enthusiasm in the hearts of the Snyder people for our football games.

Junior Class

On October 18, the Junior Class of Snyder High School was organized with Mr. Crouch presiding over the meeting. The following officers were elected: Joel Hamlet, president; Maurice McClintock, vice president; Doris Pope Elza, secretary and treasurer; Beatrice Stoker, reporter.

The Snyder Aggies

The Snyder Aggies secured a booth at the county fair and exhibited the following articles: three self feeders for chickens, two tables, several sugar bits and various other bits which had been worked over at the vocational agricultural shop, and a wonderful display of knots and hitches. We also exhibited in our booth seed selection and cotton grading. Friday morning, Mr. Scott, our teacher, secured for us the right to judge livestock and we are indeed thankful to Mr. Scott and the owners of the livestock. We feel that we have gained a lot of knowledge on judging from our observations and conversation while we were at the fair. We hope to make our part of the fair more interesting next year.

FLUVANNA NEWS

The Fair. Like everything else, subject to "Old Sol's" daily visits, the Scurry County Fair has come and gone—it is now a matter of history. At the same time it is both interesting and pleasant history. The "weather bureau" assigned us fairly good weather for the occasion, and the fair was, we think, a real success. Notwithstanding the fact that so many of us knew almost nothing at all about preparing for a fair, according to established rules, still there was a fine exhibit of live stock, poultry, farm products, garden and fruit products, fine needle work and curios. While we consider this recent effort a fairly successful one, at the same time we venture the prediction that this will prove to be the beginning of more elaborate and

What Is VINO SANO Grape Brick?

VINO SANO GRAPE BRICKS contain in compressed the dehydrated substances of choice grapes from the noted grape vineyards of California, carefully blended with fruit sugar and fruit flavors. The process by which VINO SANO Grape Bricks are made is known only to the manufacturers. There is nothing else like it. Grape Brick will not spoil but will keep indefinitely in a dry place. One GRAPE BRICK dissolved in one gallon of water produces grape juice that acts in the same manner as a gallon of freshly pressed grape juice. Either boil the grape juice for twenty minutes, or add one teaspoonful of Benzate of Soda, to prevent the grape juice from fermenting and becoming an intoxicating wine. Full directions printed on each Brick. Recipes for making punch and directions for medicinal use printed on each Brick. Price \$2.00 per Brick. For sale at F. T. Wilhelm & Son Grocery.

successful efforts in this direction. All who took any interest in this recent effort have learned a lot of things about how to go about such an enterprise. It makes no difference how young or old we may be, we are still learners (or, at least, should be). Our opinion is that the worth of this fair to the people of Scurry County will never be adequately appreciated.

As to Fluvanna's part in this exhibition—well, it was quite good. J. A. Jones was the red ribbon on his fine Hereford bull and second prize on his pinto pony. Some of our women won ribbons on their poultry; and quite a number won ribbons on individual canned and culinary products. Our Woman's Demonstration Club won second place. Likewise, our community booth won second place, which entitles us to the \$50 prize—our score being 800 out of a possible 1000. Un'on gallantly stepped ahead of us, having a few points more to their credit than we were able to score. Nevertheless, the Fluvanna booth was judged to be decidedly the most beautiful one on the ground. Of course we should have liked to have first place, but we can be as good losers as winners. We appreciate what we got. We were short one gallon each of threshed wheat and oats, one bunch sudan and one of broom corn. We could have had these products just as well as not but, to our chagrin, we failed to take them. We will know better next time.

In conveying and setting up our part of the fair, valuable help was rendered by J. A. Jones, John Hunnicutt, Baily Ramsour; Mesdames Will Clawson, Ola Stavley, Jas. H. Tate, Wallace Jones, Pat Jones and others (about whom we are not fully advised). John Truss, being quite a lady's man, rendered fine service (we are told) in helping the women set up their booth. To all who rendered services, our community is very grateful.

Business Affairs

J. K. Mitchell, Jr., of Gail shipped a car of beef cattle from this place to the Fort Worth market Wednesday.

It goes without saying that our farmers are still very busy gathering in their bountiful crop. It seems a pity that prices are so low. Nevertheless, we have plenty of almost everything except money. Even this situation is a lot better than being in the midst of a desert with a million dollar bank deposit slip in the pocket. Folks can't live on that kind of stuff. Our girls are still working overtime.

We understand that 16 fine porkers were butchered last Monday out at the Turner home—several neighbors clubbing together for the task. It is said that the hogs butchered ranged in weight from about 200 to 500 pounds each. This scribe confesses surprise (in view of hog shortage) at both the number and size of these hogs. The Village Preacher thinks he owes these brethren a noon-day "pastoral visit." See? Yes, there are others, for instance, Jess Dowdy and Joe Belew, butchered four fine ones Tuesday.

W. P. Sims is putting in a considerable stock of fill-in goods, thus bringing his stock well up to date.

F. W. Lavender is providing himself with a residence, reoccupying the lot formerly occupied by the J. D. Letcher home.

Fred Greer, formerly of this community, is now back with us and has a position in our bank. We are glad to welcome you back, Fred.

F. M. Hamrick of Floydada has been here several days looking after the interest of his farm south of town and other business. Mr. Hamrick hopes to be able to arrange to move his family here in the near future.

J. E. Spinnler of Austin is here looking after his farm and real estate interests.

Religious Services

The prevailing sharp northerly last Sunday interfered seriously with the services of the day. The minimum temperature out in the open at sun-rise, was 20 degrees above zero—pretty cold for the season. Some of our Sunday schools failed to rally a quorum. Nevertheless, Rev. Chas. W. Hardy, the new Methodist preacher, filled his pulpit, and the Snyder B. Y. P. U. managed to get up and put on their interesting and helpful program at 3 p. m. in the Fluvanna Baptist church.

The regular preaching services will be held at the Fluvanna Baptist and Presbyterian churches next Sunday morning and evening. At the Presbyterian church a stereopticon lecture will be put on at the night service.

Thanksgiving Day will be observed by our people and the usual services held.

School Work

Although King Cotton is holding many of our students out of school for the present, nevertheless the work is getting well underway, and is moving in a very harmonious manner. On November 29, (Monday night) an educational rally will be held in the school auditorium. There will be songs, short addresses, etc., fol-

lowed by a stereopticon lecture, beautifully illustrating and explaining our national Yellowstone Park. All will want to see and hear this lecture.

Sickness and Death

Several of our people are ailing with colds. Will Deer is said to be seriously ill. Mrs. Pat Jones has been on the sick list for several days.

Mr. and Mrs. James Dowdy have a fine baby girl, born last Thursday night.

C. G. Couples, who has been suffering from ill health, the result of tubercular trouble, for many months, died last Saturday night in the home of his step son-in-law, Charles Woods, of this community. As we understand, Mr. Couples and wife came here from Arkansas several months ago in quest of better health, but his disease could not be stayed. The deceased was nearly 62 years old. He leaves his wife and several children to mourn their loss. To all of these we tender our sympathy. Rev. Newsome of Polar, an old friend, conducted the funeral service in the Methodist church, Sunday afternoon.

Miscellaneous

Our rental cotton buyer, W. R. Merrill, happened to the misfortune of turning his Ford car over last Friday night, at a point a few miles this side of Snyder,

completely demolishing the car but, fortunately, only slightly injuring Mr. Merrill, while another man with him was not hurt at all. Because of this accident, Mr. Merrill appeared in Fluvanna Monday riding in a brand new Chevrolet. We wish the gentleman better luck with this car.

J. R. Patterson is poorer but not much wiser as the result of losing his hand grip packed with family clothing on the highway between Snyder and Hermleigh last Saturday night. See ad in another place in this issue.

Carl Tarter has gone to Fannin County, his former home, on a visit.

Strange Things

Well, it was interesting to see the old time trio—Uncle Ken Elkin, John Woody and Dave Jones—shaking hands together and exchanging greetings at the fair last week. Really it was a good place for old friends to meet.

We are wondering why the girls allowed Ed Jones to carry off that blue ribbon on his cake—the cake of his own make.

Strange as it is, we forgot to mention above that fine display of fancy needle work which Miss Leola Hunnicutt had on exhibition in the fair, and on which she won the \$5 prize.

Uncle Charlie Dodson admits buying extracts on the fair

grounds recently.

Several women were admiring the Fluvanna community booth last Saturday when one good lady whose eyes were a bit dim, exclaimed, "Well, they have shoes on here," then looking upward several feet said, "There is a man in them." Dan Cribbs had gone into the booth to adjust some of the exhibits and at this particular time was standing against the wall near the front. The lady did not say that either the shoes or the man was pretty. Ask Mrs. Cribbs about that.

Correspondent.

Rufus Lowellen spent Saturday night with Mr. Colclazer and family.

NEW CAFE

I am taking this method of announcing to you that I have built a new, modern and up-to-date cafe on Bridge Street in the H. G. Towle addition. It will be known hereafter as the Gail-Way of Grady's Place. We are prepared to give you nice, clean service and will make you feel at home. I put out the best, cook it right, serve it right, and price it right. Give us a trial, and I am sure you will be pleased. Open from 5 a. m. until 11 p. m.
