

SCURRY COUNTY SENDS LARGE DELEGATION TO LAMESA MEET

ENTIRE COUNTY COMMISSIONERS COURT WITH LOYAL SNYDER CITIZENS SWARM TO HIGHWAY NO. 83 MEETING

All Snyder and Scurry County seemed imbued with but one thought Tuesday morning, and that was to get to Lamesa and join in with the other cities and towns for the purpose of organizing a highway association to foster this important east and west tourist highway.

WANTED — A BOY

The Times-Signal wants a boy around 14 to 16 years of age that wants to learn the printing trade. He may be going to school, but he can work at the office before and after school hours. He must be industrious, willing to do what he is told to do, and make himself useful. To such a boy we will make a proposition to learn a business that will make of him a man. The boy that is interested will lose no time in coming to the office at once.

Clean-Up Week To Be Held Here

City Fathers to Co-Operate With Every Resident to Tidy City

Next week is Clean-Up Week in Snyder.

City Secretary A. C. Preuitt calls attention to this matter elsewhere in this issue. Every resident should give their hearty cooperation, and assist in placing Snyder in a position so that visitors will observe the cleanliness of the county capital.

Harrington Visits In Rock Springs

Little Town Is Completely Destroyed and Scene of Desolation

Joe Harrington returned to his home here Monday following a several days trip with his brother, E. E. Harrington of Sweetwater, to Rock Springs.

Mr. Harrington stated that when they left Snyder they drove direct to the hospital at San Antonio where the family of his brother, C. A. Harrington, was taken following the Rock Springs tornado. The brother that was in the storm is the oldest boy of the family, and the father of six children. The father was bruised from head to foot, the skin in most parts of the body having been skinned off. The mother was badly bruised, a large splinter having been driven completely through the left cheek, which made a very painful wound.

Miss Jewell Harrington, 17 years old, face terribly bruised, and the thumb of her left hand nearly severed. Amos, 11 year old son, six inch gash in scalp, and is considered the most serious of all those injured.

Four other children in the family, but barely any one of whom was scratched. A year old infant passed through the ordeal with not a single scratch.

Following several days spent at the hospital, the two brothers returned via Rock Springs where the disaster occurred. They could not find a single trace of their brother's home, or his furniture or any of the belongings of the family. Like every other business place or residence in the town, everything was completely destroyed and wiped off the map. There was one exception. A beautiful little home, with flowers in bloom, stands in the center of the storm's activities, untouched.

A peculiar freak that the sight-seers observed was a two foot strip of sheet iron that was wrapped around a pillow and tied in a perfect bow-knot.

Joe Harrington also stated that a check-up made Sunday of the known dead totaled 52 people.

REV. C. G. WRIGHT PASSES AWAY SUNDAY

Rev. C. G. Wright of Detroit, Texas, passed away on Sunday, April 3, after a brief illness of pneumonia. Rev. Wright was a former pastor of the Presbyterian church in Snyder. He was an able, consecrated minister, and had given long and faithful service in the Master's cause. The many friends of Rev. Wright and family will learn of his death with much sorrow.

Long Hair Pays

VIENNA, Austria.—Mlle. Marie Schuster, daughter of Dr. Schuster of Vienna, who has been left an income for life in her father's estate of \$400,000 "so long as she wears her hair either bobbing or shingling her hair."

Band Concerts Should Be Held

Snyder Band has Boosters Who Will Pay Running Expenses

The Times-Signal was in the post office but a short time Thursday when boosters for a Snyder Band made themselves known. Several suggestions were made as to the easiest way to handle the details of engaging a director and handling the other expenses.

H. G. Towle suggested a small tax could be voted upon that would provide ample funds and make Snyder a better town. Regular weekly band concerts bring outside people here, and that is good for any town.

The Times-Signal hopes that the committee who formerly backed this band proposition will get together and carry through the details of getting us another band. This committee was composed of the following gentlemen: Joe Stinson, H. G. Towle, W. W. Hall and George Northcutt. Every loyal booster will back these men to the limit.

Historical Ass'n in Meeting Today

Good Program Announced For Third Annual Session

The third annual meeting of the West Texas Historical Association will be held in the City Hall, Stamford, Texas, beginning at 9:30 on the morning of April 21, according to a letter from Prof. C. C. Rister of Simmons University, secretary of the body. All are cordially invited to attend both morning and afternoon programs and help to make the occasion one of much significance to West Texas and the Southwest.

The program will consist of an address of welcome by the mayor of the city; West Texas songs and music; and addresses and papers on West Texas during the early days. At the noon hour members of the association together with friends will be served a luncheon at one of the hotels or restaurants, at which time a business session of the association will be held. In the afternoon, following the program, members of the society will be given a ride over the city and nearby country.

It is probable that a West Texas Chamber of Commerce representative will attend this meeting, as that organization has interested itself in the Texas Historical Association, particularly in the naming of mountains, historical points and beauty spots of the West.

It is earnestly requested that all the members attend this session, for a treat is in store for all those who love the history and traditions of our brave pioneers. Mr. Rister requests that all who expect to attend the meeting to write him, so that preparations for entertainment might be made.

Following is the program for the day:

Morning, 9:30-12:00

Address of Welcome, Mayor of Stamford.

Response, R. C. Crane, President of the West Texas Historical Association.

Music.

Preserving the History of Our

and Mr. H. P. Wellborn, Chairman of the Committee on Nominations. Judge Thomas of Anson was appointed Chairman of the Committee on Resolutions.

The banquet given in the evening was served by the ladies of the Methodist church.

SCURRY COUNTY FEDERATED CLUBS APPROVE RED VERBENA

MOVEMENT STARTED BY SNYDER MOTHERS CLUB RECEIVES ENDORSEMENT OF THE COUNTY FEDERATION.

Scurry County now boasts of a community flower—the Red Verbena—and has received final endorsement of every club in the county. One of the first thoughts that that good ladies of the county want to start is the planting and fostering of a large number of the plants on the court house lawn.

This movement was started by the Snyder Mothers Club, and according to a member of that organization, Mrs. Carl Yoder was responsible for starting this movement. Through the active cooperation then of the County Federation of Clubs each individual organization accepted the idea and all are now working for the thought in mind, to establish the Red Verbena as the official community flower of Scurry County.

The Times-Signal surely wants to be the first to compliment all of these clubs for their quick action and active cooperation.

Does Snyder Want It?

There are always one or two things in any live county that one hears spoken about regularly. That one thing here seems to be the question of a sanitarium in Snyder for the benefit not only of Snyder folks, but of the entire county. The Times-Signal would like an expression from its readers about this matter.

Checks No Good For Paying Taxes

Cashier's Checks Likewise Held Illegal For Tax Payments

Of interest to Scurry County readers is the fact that a taxpayer's check for his taxes does not constitute payment, the attorney general's department held Friday, in an opinion to State Comptroller Terrell.

A dispatch from Austin further stated that only current money is acceptable under the constitution, it was ruled. A cashier's check likewise being defined as no more valuable than is an ordinary personal draft.

A tax collector can not legally accept a check in payment of taxes and the fact that he might do so and issue a receipt does not constitute payment.

The department was asked for a ruling by Comptroller Terrell when a resident of Oklahoma attempted to pay taxes in Cook County, Texas, by check. The check was received by the Cook County collector and placed in the depository. Later it was stolen and the tax collector threatens to sue the taxpayer, which he has a right to do under Friday's ruling.

Easter Observed By Commandery

W. F. Ferguson is Principal Speaker in Annual Easter Program

The Snyder Commandery No. 69, Knights Templar, observed in a formal way the occasion of Easter last Sunday afternoon at 3 o'clock at the First Baptist church with the Rev. W. F. Ferguson as the principal speaker.

The musical program was given by the Snyder Choral Club. Three numbers were especially appropriate for the occasion. They were the anthem, "For God So Loved the World," from Stainer's cantata, "The Crucifixion," a tenor and alto duet, "The Old Rugged Cross," sung by Otis Carter and Miss Rhoda Martin, and a tenor solo, "Hallelujah" by J. W. Dougherty.

Reverend Ferguson emphasized the evidences of the resurrection of Christ and pointed out Biblical as well as other proof of the resurrection. In his talk several accurate analogies pertaining to the Great Lodge and the Masonic Lodge whose members were in uniform before him, were made.

After the sermon the Knights were hosts to the choir and visitors at the local hall where delicious ice cream and cakes were served. At this meeting short and very impressive talks were made by Rev. J. H. Manley, pastor of the First Presbyterian church of Snyder and Rev. Jas. H. Tate, pastor of the Fluvanna Presbyterian church.

Challenge Accepted

The Baptist Sunday school baseball team, headed by Messrs. Harvey Shuler and A. A. Bullock, has accepted the challenge of the Men's Bible Class for a five inning game of ball Monday afternoon at Wolf Park. The game will be started at 6 o'clock promptly, with the words of "Play Ball" given by Umpire DeLuxe "Dad" Collier.

A collection will be taken to assist the local Red Cross in Snyder's obligation to Rock Springs.

Will This County Shirk Its Duty?

\$25 Total Amount Received Thus Far for Help to Rock Springs

Chairman A. C. Alexander of the local Red Cross Chapter, has advised the Rock Springs relief committee that \$25.00 has been made available to aid in the work there. This amount, however, is nothing to what Scurry County should send. No solicitation has been made, and Chairman Alexander is only acting as local head to give whatever help he can to this worthy movement.

Snyder is not the only town in this section that is holding back, as the Sweetwater Reporter asked in a front page headed article Friday, "Is \$25 Sweetwater's High Mark in Contribution to Rock Springs Aid?" Colorado, remembering her own experience of a few years ago, sent \$700, and Friday night the Colorado and Sweetwater Consistory clubs sent \$158. Abilene has given \$468. San Angelo has set \$5,000 as their amount.

The money for help is needed now. Surely Snyder will go higher than \$25. With Mr. Alexander's consent, the Times-Signal hopes to publish a list of the contributors next week.

Rock Springs to Rise From Ruins

A dispatch from Rock Springs Monday stated that under the direction of the American Red Cross, local authorities are working today to bring order out of the chaos caused by last Tuesday night's disastrous tornado.

Morris Reddy, assistant national director for disaster and relief in the Red Cross, arrived by airplane from San Antonio yesterday taking active charge of the program.

Reddy said it would be 9 months before the town could be rebuilt, and that it will cost more than \$200,000.

The death toll still is undetermined because of many duplications and erroneous identifications but it is now expected to exceed fifty. The Mexican Blue Cross here is aiding its nationals. Hospitals at Del Rio, Kerrville and San Antonio are caring for 125 injured. Fifty more are receiving attention here. A majority of the dead is now buried. Some bodies are being held pending arrival of relatives.

Odd Fellows to Hold Meeting

Local Brethren to Observe 108th Anniversary Monday

Monday night, April 25th, will be a gala night for local members of the I. O. O. F. Lodge, as they will gather at their hall and observe the 108th anniversary of the order.

Members will bring basket supplies and enjoy the evening.

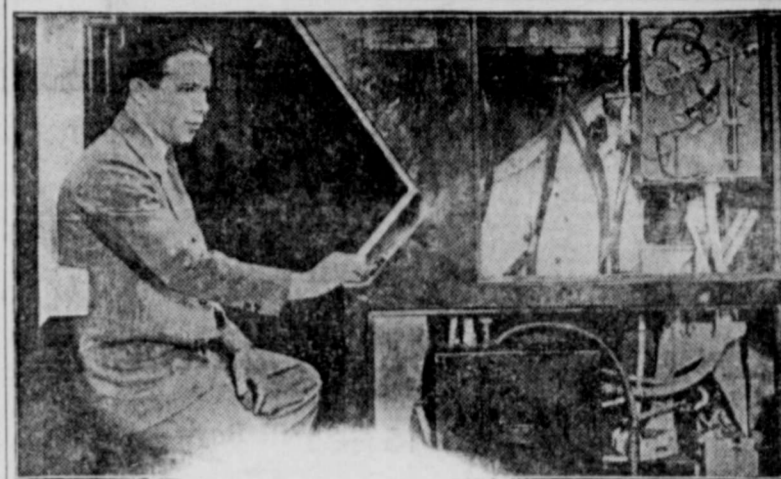

BASEBALL MONDAY NIGHT

The Baptist and Men's Bible Class will meet in a 5 inning ball game at Wolf Park Monday evening, starting at 6. The proceeds are to be sent to the Rock Springs Relief Committee. All local clubs and organizations are urged to help to help on this matter—and make of it a huge success.

\$1,000,000 For Photo Device

NEW YORK CITY.—During the past few months over 250,000 people have stopped in at a Broadway store and had eight tiny photographs of themselves made for 25 cents, the entire operation being performed in eight minutes by a remarkable device. The machine has now been sold for \$1,000,000 by its inventor, Anatol Josepho, a young Russian photographer. The syndicate buying the patent rights is headed by Henry Morgenthau, New York financier and former U. S. ambassador to Turkey. Photo shows Josepho demonstrating how his machine is operated.

A DEFINITE POLICY

The Scurry County Times-Signal is published to urge progress and reform; to expose injustice and corruption; to fight political demagogues; to encourage thrift; to expose monopolies; to protect the oppressed; to advance the public welfare and to help the farmers, the schools, the churches, and to create more community spirit.

Fishermen Must Not Use Lures

Must Use Worms or Show License After June 14th, 1927

Scurry County residents who delight in handling a rod, or reel, or busting off an apple limb to woo the finny residents of our streams, should take heed and warning of new regulations that are going to be stringently enforced.

If approached while wielding the fishing pole by persons of authority after June 14, the person fishing must either show a license to fish or a bucket, can or other container of worms or worms only, or be subject to prosecution under the laws of Texas.

For after June 14, House Bill No. 20 stipulates persons desiring to fish must use either the old-fashioned baits or obtain an annual license of \$1.10. The license is required of any fisherman in Texas using artificial lures of any kind. The law levies a tax of \$5.25 against non-residents and aliens. The non-resident, however, may secure a five-day license for \$1.10.

The license required shows the licensee's name, height, weight, color of hair, color of eyes, county of residence and where living if out of the state. All proceeds from the tax are to be deposited in a fund known as the special fish propagation and protection fund. It will be used for maintenance of fish hatcheries and to restock streams.

Licenses issued under this act expire August 31 of each year. The license issued June 14 this year, therefore, will be good for only two and one-half months. A second license will be required for fishermen who use as piscatory lures gaudy bugs and butterflies of artificial make.

Banker likes Snyder

Mr. Charles Baird of Kansas City, president of the Western Exchange Bank of Kansas City, spent several days in Snyder last week with his friend, Mr. Ernest Taylor of the First State Bank & Trust Co. Mr. Taylor has been associated with the Charles Baird Farm Loan for the past five years as their official head in this section.

Mr. Baird liked Snyder, and this was his first trip, and can readily see the wonderful possibilities of this section. It is indeed a pleasure to have such a representative man visit our little city, and such expressions as Mr. Baird made are mighty welcome.

Philip Trammel Known Here

Philip Trammel, who was killed at Sweetwater last Saturday by Charley Wells, was well known here, he having played ball a number of times with the Sweetwater team against the Snyder team.

Floyd Byrd Surrenders to Officers After Death of Bennett

P. C., known as Jake Bennett, was killed on the Sol Weatherby place near Polar, Kent County, Sunday. He was stabbed four times, once in the heart and three times in the back, causing almost instant death.

The Times-Signal has learned no details of the cause of the killing, except that it was during a dance, and that Floyd Byrd, 40, and married, surrendered to the officers.

Deceased was 24 years old and unmarried, but leaves a father, one brother and three sisters. His remains were brought to Snyder and prepared for shipment to Bluffdale, his former home.

MOVING TO SEMINOLE

Mr. and Mrs. J. A. Howell left the latter part of this week for Seminole where Mr. Howell owns a section of very fine farm land. Mr. Howell believes in diversification, and already has a number of good hogs, cows and chickens.

FOUR NEGROES HURT

Four Abilene negroes were injured in an automobile accident near Hernleigh Sunday night on the Snyder and Sweetwater road.

LUBBOCK VISITORS HERE

Mr. and Mrs. S. L. Thurman and two children of Lubbock were week end guests in the home of Mr. and Mrs. D. F. Bigony near the Strayhorn school.

Mr. Thurman visited the Times-Signal office and added the name of the Richards Rubber Company to our subscription list. If the balance of the Richards selling organization are anything like Mr. Thurman, we realize why this organization is building such a large clientele. We always welcome the stranger to our gates, and run open house all the time.

MOVING TO SNYDER

Vick Montgomery was being spent the past week in Arkansas and wired here Monday from Pine Bluff that he expected to return here this week. The Roy Montgomery family will return with Vick and make this city their home town. The Times-Signal is always glad to welcome new citizens—every good town needs good citizens.

C. D. RICHARDS AND FAMILY MOVE TO ABILENE

Mr. and Mrs. C. D. Richards and family have moved to Abilene where Mr. Richards has accepted a place in the shoe department of the Mims Dry Goods Company. Mr. Richards is a good salesman and a fine fellow, and it goes without saying that he will make good. The Richards made many friends during their stay in Snyder, and their leaving has caused much regret.

PHILIP TRAMMEL KNOWN HERE

Philip Trammel, who was killed at Sweetwater last Saturday by Charley Wells, was well known here, he having played ball a number of times with the Sweetwater team against the Snyder team.

The LEADING LADY

by GERALDINE BONNER
Copyright by the DOBBS-MERRILL CO.

CHAPTER VIII.—In the summer house the investigators find evidence that Ebbel had been there and knowing of Stokes' infatuation, Rawson and Williams at once suspect him of the murder.

CHAPTER IX.—Stokes denies all knowledge of the crime, and deftly throws suspicion on Joe Rawson, somewhat impressed by the story put forward by Stokes, goes to the mainland to investigate Joe's movements.

CHAPTER X.—Tortured by her thoughts, Anne visits the unoccupied upper story, seeking Joe, but finds nothing. Rawson returns with the information that young Tracy had not left the island. Suspicion is at once turned toward him, and arrangements are made for a search about the only spot on the island where a person could find a hiding place. Rawson and Williams return, having found no trace of Joe, or anybody else, in the upper part of the building.

CHAPTER XI.—Anne insists that Joe must somehow have left the island. Anne tells the amazed Bessett she saw Joe in the living room the night before, and that he must be hiding in the house.

CHAPTER XII.—When Anne went up to her room she took a seat by the window where she could see the channel. It was an undecipherable blackness, its farther limit defined by the shore lights. But the night was very still, the sagging weight of cloud hung low, pressing down sounds. She stole to the door and opened it a crack, but could hear no sound downstairs.

She closed the door and decided now she might rest, not go to bed yet, but lie down and try to get back to courage and control. She took off her dress and put on her negligee, and with hands raised to loosen her hair heard a step on the stairs. It struck upon her ear, heavy and quick, a man's step, and she remained as she was, her arms lifted, her eyes staring into her reflected eyes in the mirror. She stood thus till it stopped at her door. When the knock came and Rawson's voice spoke her name, the hands dropped and she moved to the door.

"Can you come downstairs for a minute?" the voice said, low and guarded. "I'm sorry to ask you to get up."

She opened the door. "I hadn't gone to bed. Yes, of course I'll come. You want to—"

"Just ask you a few more questions. I'm glad I didn't wake you." She followed him along the passage and down the stairs. When she entered the library her glance fell

on Bessett facing her across the room, his brows drawn low over the dark trouble of his eyes. His look told her of anxiety, apprehension and a passionate concern for her. Williams indicated an armchair near the desk.

"Take a seat, Miss Tracy. Sorry we've had to call you down."

She fell into it and, as the men settled themselves in their chairs, her tongue along her dry lips and took a deep breath of air into her lungs.

"We've been making some inquiries about your brother, Miss Tracy," Rawson began, "about his leaving here. You told us, as I remember, that you knew he went."

"Why, yes, he went."

"Did you see him go?"

"No—I didn't see the boat go, I was upstairs, but of course he went."

"We've found out that he didn't," said Rawson.

"Mr. Rawson's seen Gabriel," Bessett spoke very gently, "and he says he didn't take Joe over."

"But I don't understand. He was ready. I said good-by to him. It was his holiday. He'd been looking forward to it, he was crazy to go."

"And he told you he was going, wanted to go. Was he jolly and good-humored like a person starting on a holiday?"

"Yes—why shouldn't he be? It was what he'd been longing to do for years. After I left him I went to my room and dressed and when I went downstairs I saw that his bag and fishing rod, which he told me he'd left by the entrance, were gone, and I thought of course he was. And he has, he's gone some other way."

"You're sure he's gone?" Rawson's emphasis on "you're" was heavy.

She looked at him with startled eyes.

"Yes, aren't you? Why, you don't think he's here?"

Rawson addressed Bessett: "Didn't you tell me he was to stop tonight in Bangor and meet his friend?"

"Yes—they were to start out in the morning."

"Where were they staying?"

"Some hotel, I don't know the name. Do you remember it, Anne?"

She shook her head. "No. If he told me I've forgotten. I've no idea what it was."

"Hold on a minute," said Williams, stretching out his hand. "Shine spoke to me about that. He was asking about a hotel in Bangor, young Tracy recommended—the Algonquin Inn. That may be it."

Rawson swung the desk chair round and drew the telephone to him.

"We can find out in a minute."

They sat without moving while Rawson made the connection.

"Is there a Mr. Tracy there—Joe Tracy?" And then a period of listening punctuated with grunts of assent from Rawson. Then, "Mr. Travers has gone—left on the six-fifteen this evening—I see." A silent stretch and a final "Thanks—that's all I wanted. Much obliged."

The receiver clicked into its hook, and Rawson swung the chair toward them.

"Travers has been there waiting since last night. Tracy never showed up. Travers had no message from him and left this evening for Moosehead lake."

For a moment there was no comment. Anne raised her eyes, the sides of the room looked a long way off and the light seemed to have intensified to a violent glare as if she were sitting in the midst of a dazzling illumination.

"I don't know what to make of that," she said, the words dropping slowly with spaces between.

"Neither do we, Miss Tracy," said Rawson, and leaning back, his hands clasped over his stomach, he gazed intently at her through his horn-rimmed glasses.

"You've made something of it already. And what you've made is lies—wicked lies."

Then she had seen it. Bessett made a step forward, but she leaped to her feet, oblivious of him: "You think he did it, just because you can't find him. That's all he's done, gone away. You must be crazy. What would he do it for? Don't you have to have a reason to commit murder?"

"They weren't good friends. I don't know why—I asked her, but she wouldn't tell me. And what was it—a quarrel, a grievance? But that wouldn't make him want to kill her!"

"I've told them that, Anne," Bessett implored; "there's no use going over it."

Rawson leaned suddenly forward and caught her by the wrist: "What did you see last night in the living room?"

If he had meant to surprise her he failed of his purpose. She hung back from his grip and said with defiant emphasis: "I saw nothing."

"Are you sure it was a book you came down for?"

"It was a book, as I told you."

"You could read a few hours after your friend was murdered?"

"I could try to read—it was better than thinking."

"You've got a pretty cool head, Miss Tracy," he added, and relinquished her hand. She fell back in her chair as if his hold upon her had been all that sustained her in an upright position. He rose, looking down at her, curious and unsatisfied.

"I guess we'll call a halt for a while. We've other work to attend to. But wait here till we come back."

and the star finds a way to bring happiness to them both. Beautiful Mary Astor has the leading feminine role with Alice White, Larry Kent, Arthur Stone, Kate Price and other in splendid roles.

Sills has probably the outstanding part of his career in this colorful tale of the sea and the lives of men who go out to capture the denizens of the deep. Carey Wilson adapted the Mary Heaton Vorse story which appeared in Liberty magazine as "The Runaway Enchantress."

FERGUSON PICKS 'EM

Our good friend, C. E. Ferguson, who handles real estate at his leisure time and tries to pick baseball winners also, claims he can pick the winners every time.

Ferguson says the Texas State League will finish in the order named: Dallas, Fort Worth and Houston. In the American League he picks Washington and the

Yanks to finish in the order named, with the Giants and Pittsburgh heading the list in the National.

Were putting it in type and when the season is over we want to figure whether or not Mr. Ferguson does pick the winners.

MESDAMES SMITH AND DODSON HOSTESSES

The pretty home of Mrs. R. H. Curdette was the scene of a most delightful afternoon April 15 when Mesdames Ivan Dodson and W. E. Smith were hostesses to the Altruistic club members and guests.

Mrs. O. P. Thrane was an efficient leader for the study of "San Antonio and Santa Fe, New Mexico," with roll call answers being the names of famous Texas women. Mrs. J. M. Harris gave an unusually interesting illustrated talk on "Modern San Antonio," followed by "Santa Fe, Southwestern Chautauqua and Centers of Art and Culture," by Mrs. W. R. Bell. Mrs. R. D. English gave an appreciated book review of Ben Hur.

At a neat arrangement of tables prettily appointed in colorful sweetpeas a two course luncheon was served to Mesdames E. J. Anderson, W. R. Bell, Joe Caton, R. H. Curdette, R. D. English, W. W. Hamilton, C. C. Higgins, A. C. Preuit, Fritz R. Smith, Lee T. Stinson, Hugh Taylor, J. C. Stinson, O. P. Thrane, H. G. Towle, J. C. Whitmore, William Wilsford, J. M. Harris, H. P. Brown and C. J. GOVERNOR DAN SENDS COMPLIMENTS

The following letter was received from Governor Dan Moody yesterday: EXECUTIVE DEPARTMENT Austin, Texas April 19, 1927.

Mr. George F. Smith, Snyder, Texas. Dear Mr. Smith: I am in receipt of your letter of April 15th, together with enclosure from Governor Vic Donahay of Ohio.

You might well be proud of the commendation expressed by you by Governor Donahay. I am sure that Ohio has lost a trenchant man and an energetic editor, but Ohio's loss is Texas' gain.

I wish you every success in your joint enterprise with Mr. Martin in the conduct of the Scurry County Times-Signal. Very truly yours, (Signed) DAN MOODY, Thanks, Governor Dan. We appreciate your good words.

OHIO PAPER COMMENTS

Editor Harry E. Martin of the Leipsic (Ohio) Free Press, in his issue of April 14th, said: "Yesterday we received a letter from Jimmie Smith, which stated that he had just closed a contract which gave him an interest in the Snyder, Texas, Times-Signal, one of the best weekly publications in the Lone Star State. "People here will be glad to learn of the good fortune of their old friend, as Jimmie is a Leipsic boy who has gone out and made good, and will just fit in with the people of Texas, who, it is said, are up and doing all the time. Jimmie is some hustler himself, and it is our prediction he will set a rapid pace along the road of progress for the people of Snyder. He has a natural ability for newspaper work, and has had many years of practical experience. "Here's hoping him success and a lasting friendship among the people of his new home."

"LIBERTY" EDITOR SENDS SMILES

Hon. Hugh Fullerton, associate editor of "Liberty" magazine, brought smiles to the Scurry Times-Signal staff Monday morning with a personal letter directed to the editor. Unassuming and un-blushingly, we print the letter verbatim: "Congratulations West Texas and Scurry County for me in acquiring George Jimmy Smith as one of its leading citizens. "That boy Jimmy Smith can hit—whether in baseball or the newspaper game, and this old East was entirely too tame to hold a hustler like him. Kidding aside, old boy, Ohio will miss you, and a whole lot of the newspaper fellows will miss you even more than that. "Beat wishes for the success of the Times-Signal, and for yourself, and if you find any other live newspapers down there running wild and unbranded, throw a rope

over it for me. "Sincerely, "HUGH FULLERTON."

Our good friend, Mr. Fullerton, while known all over the world as an exponent of clean journalism, is known wherever ink is used for his contributions to Liberty magazine in the way of things athletic. His articles on baseball, football, etc. are the leaders everywhere. But it's his constant sticking with the country press that has endeared himself to the heart of every editor. The American Press contained the following editorial last month: Hugh Fullerton, famous sports writer now on the staff of Liberty, thinks highly of the country press. In a recent talk before the Buckeye Press Association, in which he warned the editors what to watch out for in propaganda and how insidious and dangerous it has become, he said: "While we of the metropolitan press have dropped the idea that newspapers are educational and have resorted to the 'give 'em what they want' idea, the old fashioned country editor still sticks to his ideals and his teachings, and therefore, the country editor and the country paper are the last line of defense of the old American ideal."

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Chamber of Commerce

On April 7 a goodly number—in fact all the business and enterprising men of Fluvanna—met for the purpose of considering the organization of a booster club or chamber of commerce. Much interest was manifested and tentative plans were made. This was followed by another meeting on the 12th at which time the name, Chamber of Commerce, was adopted and the organization completed with the selection of the following officers: Pres. H. L. Massey, president; J. R. Patterson, vice president; D. R. Crowell, secretary-treasurer; Board of Directors, J. J. Belew, W. P. Sims, J. R. Truss, O. S. Wills and W. H. Jones. Correspondent, Jas. H. Tate. The following committee on by-laws was appointed: D. R. Crowell, W. P. Sims, L. F. Beaver, J. J. Belew, E. V. Boynton, W. H. Jones and J. F. Dowdy. The keynote as expressed in these meetings is COOPERATION—a long pull, a strong pull, a pull—all together—for the best interest of our village and community. All of this is not only wise and good, but very necessary if we are ever to get anywhere. The Village Preacher is a strong believer in this movement and is ready to throw his full weight of forty pounds, more or less, on the right side of the scales.

Church Affairs

In addition to the usual S. S. and young people's meetings last Sunday, there were services at the Methodist church, Rev. Hardy preaching in the morning. The Methodist and Presbyterian ministers had planned to put on a stereopticon lecture presenting the life, death and resurrection of Christ in the former's church at night, but from some unknown cause the slides which had been ordered about a month previously failed to reach Fluvanna. Apparently this was a great misfortune and a sore disappointment, but the Lord knew what was best and, evidently, His will was done. Our extremity was His opportunity. So it "happened" that, at the very beginning of the service, a full house being assembled, Miss L. Morgan, a Methodist missionary recently returned from Brazil, came in and was invited to speak. She accepted the invitation and gave us a very instructive and inspiring address, much to the relief and satisfaction of all in the audience. On Thursday night of last week Dr. Smith (a medical doctor) a Presbyterian missionary from West Africa delivered a telling stereopticon lecture in the Presbyterian church. The doctor is master of his subject and held his audience of some 300 people spellbound to the close of the lecture. One noticeable result of the coming of these two foreign missionaries is that our people have had something new to talk about ever since. The women of the Fluvanna Baptist church are having their windows screened this week. The usual regular services were held at the Christian church last Sunday. There will be services at the Presbyterian church next Sunday, morning and evening. If our slides come this week, we will put on the stereopticon lecture mentioned above next Sunday night. Come and see. The following group of Fluvanna people attended the Knights Templar Easter service at Snyder last Sunday afternoon: J. A. Stavely, wife and daughter; W. H. and Mrs. Jones; Jas. H. and Mrs. Tate; Mr. and Mrs. Pat Jones; Miss Mattie Lynn Beaver; D. A. and Mrs. Jones; J. A. J. and Ed Jones and Lane Roddy. Needless to say that the service and the whole trip was a very pleasant and profitable one.

Fluvanna Methodist

Contrary to predictions that were current a few months ago, the Methodists now have their church sheet-rocked. After visiting two Sundays we held Sunday school and church services in our church last Sunday. But with all our achievement, our optimism is large enough to believe that this is itself only a forerunner of larger things to come. With the coming of spring the Methodists are rallying all their forces, and are gathering new strength. We will move out to accomplish greater things. Brother Hardy's subject for the morning hour was "Immortality." Text, Job 14-14: "If a man die, shall he live again?" Brother Hardy handled this subject well. We are sure that he was pre-eminently fitted for this important task. Brother Hardy announced that on Sunday evening, May 1, his subject would be "Why I am a Methodist." Everyone is invited. We shall expect you. Come, hear why Brother Hardy is a Methodist. Sunday evening we were surprised and delighted to have Miss Lucy Morgan, a returned missionary from Brazil, with us. She gave us a very helpful and interesting talk. Mesdames Colon James, L. A. Haynes and J. I. Boren gave their Sunday school classes an egg hunt last Sunday afternoon. Mrs. J. G. Landrum's class went on a hike last Sunday afternoon. After the desired place was reached games were played. Lunch was spread and enjoyed by all. We then hiked home. Our W. M. S. is also taking on new life. We need you and you need us, so meet with us next Monday afternoon at the M. E. church at 3 p. m. Mrs. J. G. Nervous hot flashes

"Some time ago when I was a very nervous, run-down condition," says Mrs. Martha F. Marlow, of Broken Bow, Okla. "I tried numerous remedies to try at least to keep going, but I could not. I was weak and tired—just no good at all. My back ached and I had hot flashes until I was so very nervous I smothered. "I couldn't sleep and I was never hungry, and I kept getting weaker. I couldn't stand on my feet. This was an unusual condition for me as I had been pretty strong all along. I knew that I would have to do something, and that pretty soon. "Some friend suggested that I take Cardui, and it certainly was a good suggestion, for after taking one bottle I could tell I was stronger and better. I didn't quit. I kept it up and did fine. THE IMPORTANCE OF THE RESURRECTION

It may be thought a willful waste of precious time to write one brief sentence relative to the importance of the resurrection. In fact, it is no more important than the birth, the crucifixion or the ascension of our Lord. They are all included in God's program for the redemption of down-fallen man.

Does death end all things or is it an open door into another world? If Christ did not rise from the dead, death ends all things. If He arose, then death is an usher into an unseen world. Upon this fact rests the destiny of the human family.

In order to impress the importance of the resurrection of Christ, we will suppose that death is a terminus and that Christ did not arise.

If He did not arise, the Christian's star of hope is forever set. If Christ did not rise, then preaching is vain, faith is vain, Christians are yet in sin and are of all men most miserable. If He did not arise, it would have been better that Christians had never heard of the resurrection.

Suppose it could be proved without a doubt that He did not arise from the dead. I will restate this supposition: Suppose that it had been announced from every pulpit in Christendom last Sunday morning that it had been proved that Christ did not arise from the dead.

The first shock would be so sudden that millions could not survive the sad news. The second shock would be still more awful because the mind would just begin to grasp the calamity with a faint realization of the tremendous woes that would follow.

The third shock and the mighty untruth is now believed, and it becomes almost unbearable to four hundred million people in Christendom.

The ancient flood that inundated the world is not comparable to the condition that would exist.

A Sad Picture I have seen a few people whose hopes and ambitions for things worth while in this present life were blighted and blotted out of existence. They were sad indeed beyond comprehension.

Listen, Uncle Ben: If Christ be not risen, the Christians are of all men most miserable. All hope in this world and the world to come gone! The present and future interest in everything lost! Indescribable sadness settles down on every Christian in the world!

Never more to enter a church house, never more to listen to the comforting words of the preached gospel, never more to enter a Sunday school or be in a prayer meeting! Never more to attend a Christian burial! Never more to witness a Christian marriage! What would become of the purity of womanhood of which men are so proud? Enslavement of women as they are in heathen lands who now not a resurrected Lord!

Socialism, infidelity, deism and atheism would reign without opposition. They would drown every flag that floats over every civilized nation, and gather every Bible in the world and make a bonfire of them. They would hoist a black flag of despair over every church house or court of justice, and

rush right into the arms of anarchy and demonism. They would drape every Christian home or place of business with mourning. They would visit the city of marble and paint every stone as black as despair and demolish every comfort written thereon and chisel on it, "No future for the dead."

See that sad, dejected, broken hearted Christian mother, father, brother or sister, wife or husband turn away from that newly made mound with no hope of ever meeting beyond the tomb.

No one to hear their sad prayers! Life is so bitter that when it is day they wish it were night, and when it is night they wish it were day. No glad thought ever enters their minds. No glad word ever passes their lips. Reason dethroned, or if not dethroned reason, then to wander through the incomprehensible labyrinths of an aimless life until at last worn out with its fruitless and rewardless trials, he down never to rise again!

Or else not waiting for a natural death, find out that such a condition is worse than annihilation, put an end to their disappointed and rewardless existence, never to live again.

Get thee hence, fevered dream of despair! Let the infidel, deist or atheist who, if there be such an one, who claims not to believe in the resurrection, meditate upon such. I'll entertain thee no longer.

Come, Uncle Ben, we will turn from death as a destiny to death as an usher into the presence of loved ones who have gone on before into that happy Christian's home, the paradise of God, and into the very presence of Him who was resurrected. Yes, the Christian's star of hope that never sets! Won't that be Glory! Glory! Glory!!?

Go tear away that imaginary black flag that atheism would rear over every church, court of justice of every nation, and unfurl the banner of the resurrected Prince Emanuel. Visit again the silent city of the dead and wash that black paint from that stone and make it as white as the driven snow. Let those words of comfort say to the passerby that one day the gates of that grave will fly open and that loved ones will come forth clothed in garments white like that in which our blessed Lord appeared on the mountain of transfiguration.

Now with a request for space in the next issue and the will of my Father and the guidance of the Holy Spirit, I will write on The Proof of the Resurrection. Your Servant, E. C. DODSON.

UNION DOTS

Sunday schools were very well attended Sunday, but quite a number were absent on account of laziness, and a number were absent from reasonable causes.

The teachers of the children's classes in all the Sunday schools gave the children a treat in the way of an Easter egg hunt at 8 o'clock Sunday afternoon in Sherman Blakely's pasture. Everybody reported a good time.

The Epworth Leaguers had their program at the regular time with a fair attendance.

The prayer meeting was conducted by Leslie Berry. The subject was "Service." After an inspiring talk by the leader, an opportunity was given to anyone who wished to talk on the subject or anything they desired to talk about, and quite a number responded, each one expressing a desire to be useful in the community and to do service in the Master's kingdom. The prayer meeting is a real inspiration to those of us who attend. Say, folk, come out to the prayer meeting services. You will get an inspiration listening to these younger men as they try to help by leading these services.

Rev. Ivey Biggs will preach for us next Sunday night. Be sure to come and hear the home boy preach.

LAUGHED WHEN "HER FATHER SAID NO"

"Her Father Said No." But instead of making a tragedy of it, the beautiful young girl turned it into a comedy and eventually everything ended happily for her. This story, from the pen of H. C. Witwer, is offered by F. B. O. as one of the Gold Bond Specials, and will be seen on the screen at the Palace Theatre next Friday when it begins a 2 day run. The paternal objections are based solely on the fact that the young man who receives the "No" is a prize fighter, and Father has a very decided aversion to that profession. When the boy, all for the sake of love, changes his livelihood, Father still can't think of him in any other light, and it is up to the enamoured youth to convince him of his worth. The girl and boy are played by Mary Brian and Danny O'Shea. Much of the comedy is under the care of those two eminent Doctors of Comedy, Al Cooke and Kit Guard. Others in the cast are Frankie Darro, Eugene Stone, John Stepping, and Betty Caldwell.

WHAT A REXALL ONE CENT SALE IS

It is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenzo Dental Cream is 50c; you buy a tube at this price, and by paying 1 cent more, or 51 cents, you get two tubes. Every article in this sale is a high class standard piece of merchandise, just the same as sold every day at the regular price.

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full size package of high standard merchandise for 1 cent. It costs money to get new customers, but the sacrifice in profit is justified, knowing the goods will please you.

C. OF C. NOTES

By E. P. MOORE, Secretary

First Lady in Scurry County

That's the honor that went to Mrs. Minnie Tate Abernathy as being the first lady in Scurry County to become a member of the Scurry County Chamber of Commerce. Mrs. Abernathy lives two miles north of Hermleigh on her little garden, as she calls it, of 320 acres. The secretary of the C. of C. gave Mrs. Abernathy a receipt for one year's membership paid in advance. As evidence that the Scurry County Chamber of Commerce is making friends, the James McCord Company, wholesale grocers, sent in their check for their membership for one year in advance. Many thanks to Manager W. C. Hamilton for suggesting this membership to his good company, and many thanks to you, Mr. Carr, for your check. Now, you grocery store keepers in Snyder and Scurry County want to remember who is helping push Scurry County forward.

Here's a great big bushel of thanks to you, Miss Georgia Bolin, for the big bunch of magazines and periodicals you brought to the office of the C. of C. This good literature is on the job right now in Scurry County, tickling the hearts of many kiddies, cutting out pictures, with lots of parents enjoying a few hours of good, wholesome reading, and the many meritorious articles advertised in them being bought from our Scurry County Merchants, all because you did the good Samaritan act of giving the C. of C. your used literature. Come again, Miss Georgia.

"What Texas Makes Makes Texas."

No truer slogan was ever adopted than this one by the Texas State Manufacturers Association. While Texas produces five million bales of cotton each year, less than 2 per cent of this cotton is manufactured into the finished product by its 26 mills. Texas leads the nation in the production of wool and mohair, yet not a single woolen mill is there in operation in Texas. Texas leads in the production of cattle and hides, yet we prefer to have our shoes made in other states. Texas raises the finest fruits in the world, yet we prefer to allow our surplus lie out

and rot in the fields and buy our canned goods from all sections of the United States. Conditions are changing every day in Texas. We MUST learn to live at home, buy products of our home manufacturers, support the industries we now have, for if we need and want more industries in Texas we certainly must first make a success of the ones we now have.

More than \$100 worth of pigs were sold last week through the office of the secretary of the Scurry County Chamber of Commerce. If you want to buy or sell, tell your secretary. W. H. Merritt says here goes for five acres of peanuts for me this year, and he bought 100 pounds of seed peanuts of the white Spanish variety. Mr. Cox, owner of the Snyder Apple House, sent 200 pounds of seed peanuts to Lorraine last week. Mr. Scurry County Farmer, are you going to allow the farmers in Mitchell County to get all that easy money on peanuts this fall? Should Scurry County produce 1,000 ear loads of peanuts it would effect the market about the same as one gallon of water would irrigate an acre of dry land. A Scurry County lady who was told that seed peanuts were from seven and one-half to nine cents per pound said that it was "highway robbery. Too high!" J. Gilmer Davis of the Knapp community who raised only 325 bushels on 5 acres of land, or 9,750 pounds last year, says it's a mighty low price when a man can get about \$800.00 for the peanuts from 5 acres of land.

DIES SUDDENLY

Mr. William D. Ivison, 79, became suddenly ill Sunday evening from a heart attack and died Monday morning. Deceased had been living at the home of his son, I. T. Ivison two miles east of Snyder.

Mr. Ivison had lived 25 years of his life near Roby, and moved with his son to this section last February. Burial was made by the side of his wife at Roby, who preceded him in death twenty-three years.

Let's GO, Snyder.

Hermleigh News Notes

Miss Ina Mae Caswell is the authorized correspondent for Hermleigh, and as such is authorized to receive renewal and new subscriptions. Co-operate with her in building a fine weekly news column for this thriving town.

School Notes

All those students who successfully passed last Friday's examinations are now saying with Brown—"God's in His Heaven!

All's right with the world!"—for five-sixths of the work is done, and we are entering the home stretch, the last six weeks of the term.

Miss Ruby Forrester with her fourth and fifth grade pupils gave the chapel program last Wednesday morning. The program was well prepared and excellently rendered, and was enjoyed by the entire student body.

The new fiction recently contributed to the high school library by the senior and junior classes has proved to be the most appreciated gift they could have thought of. No more sly attempts at mischief occur in the study hall, for everyone reads whenever a moment can be spared from regular lessons.

The senior class has just received their diplomas and invitations and are well pleased with them. May they live over this experience in some higher institution of learning four years from now!

Mr. Kerr's baseball boys played the Santa Fe team Thursday afternoon, defeating them 21 to 3. The boys are doing some good work despite their earlier hard luck.

We are working for the beautification of our campus. Shade trees have been set out in front of the school building, and flower beds have been placed on opposite sides of the steps in front. These are under the charge of Mr. Kerr, the seventh grade, and the base-

Locals

Lovers of the game in Hermleigh have organized a tennis club and have built a double court with an excellent playing surface and good backstops. Such an activity is commendable, and no town or community should be without a recreational club of some kind.

J. W. Patterson and family of Electra are visiting in the home of Mr. and Mrs. John Patterson. Mrs. Eunice C. Lee of Lorraine spent last week in the B. F. Caswell home.

The First State Bank has placed a bulletin board up for the free use of their customers.

Mr. and Mrs. Hugh Vaughn and Miss Gladys Watson of Hale Center and Miss Johnnie Watson of Abernathy visited relatives and friends in Hermleigh last week end.

Many people of Hermleigh attended the singing at Inadale Sunday afternoon and heard some wonderful music, singers being present from Scurry, Mitchell and

Nolan Counties. Especially enjoyable were the specials rendered by Prof. W. W. Woods and his quartet of Abilene.

John Wempkin, one of Hermleigh's earliest settlers who has been very ill for the past three weeks, is now (Sunday) thought to be slowly improving, though his condition is yet grave.

Sunday night a car in which four negroes, two men and two women, were going from Abilene to Lubbock, overturned at the curve just south of Hermleigh where the highway leaves the railroad. The negroes were painfully though not seriously injured. They were treated by a local doctor. It is said that the car turned over twice, crushing the top and the wheels. The accident was caused by speeding and an inexperienced driver.

Church Activities

Last Sunday after Sunday school at the Methodist church the following Children's Day program was rendered:

Land also preached Saturday night and Sunday night at the Central Baptist church.

DERMOTT NEWS

We have been having some nice sandstorms of late—about two a day for the last 10 days. Don't think West Texas puts out any better ones than we have had the past 10 days.

Mrs. Stringer of East Texas has been visiting her sister-in-law, Mrs. Everett Scrivner, of this place.

COUNTY AGENT'S NOTES

In every section of the county the pre-season planter is completing his planting, but by far the most of the people are getting ready to sow their seed. This is an important season of the year for every farmer. In planting he must figure what he hopes to get from each acre as it goes in; he must set his plan for another year. Many people trust entirely to luck and follow in the routine of the years. Some diversify and some gamble on one crop, and spectators sit by and howl at the farmers' ignorance of his wisdom as the race may end, little thinking that this whole thing is fixed and set at this season of the year. It is certainly a time for thought on the part of the farmer. Some depend entirely upon their back and muscle, others on their judgment. A man can easily let another year slip by without one inch of progress, or he can easily slip forward with better prepared land, a better type of grain sorghum seed, or a better cotton

plant, or with a better crop of calves, with sheep, or with a better stock of poultry. A man can experiment against the stock and selections that he already has—it is a dangerous position to think that you can not beat. It pays to check up on yourself and it costs little. On cotton many are planning to buy the cheapest seed they can find. There are many good strains and varieties of cotton for the county. Henry Richter is getting in 500 bushels of the Qualla, a Mebane strain, this week which has the endorsement of top good farmers who investigated the seed breeding plant, and most all of these men have previously grown it. This seed is pedigreed and quoted at \$1.80 per bushel, and it seems that, without any variety partially, no man could make a mistake in buying Qualla seed for planting. There are peanuts which several communities in the county might profitably turn to. They have been a great cash crop the past year, and look as promising as any other for the coming year. They at least can be used one way if not another. Many communities could place syrup mills. There are men in every community experienced in the manufacture of syrup, and a very small per cent of the acreage of the community could put one man in this business to the general benefit of the community. There are possibilities in sweet clover and alfalfa that might be passed by for another year, or these crops might be proved practical a year sooner. Frank Wilson in the China Grove community is getting about 88 eggs from 100 hens on milk, corn and maize. This is a remarkable average, a boost for a good stock of barred Plymouth Rocks. J. L. Carrell and T. O. Kiker are starting experiments on alfalfa at Union. J. C. Beakley at Dunn is getting good results with pig chow on a small bunch of pigs he is feeding. S. D. Hays, Jr., and Morgan also got fine results from feeding cot-nensed meal and shorts plus good maize. The Texas Agricultural Experiment Station at Spur is planning to show a delegation of people from this county over the experiment station Thursday. The party will leave at 7 o'clock Thursday morning. Mr. Dickson, superin-

dent of the station, has 70 calves on feed, testing feed with different rations, and the calves will speak for themselves and for the best and the cheapest method. Mr. Dickson has made experiments on other farm feeding methods and promises some very useful information on this subject.

ALATHEAN CLASS MEETS WITH MRS. MORTON

The Alathean Sunday school class met with Mrs. Morton April 7, in a business and social hour. UNUSUAL CHAMBER OF COMMERCE

Edouch is a six-months-old community 12 miles from Edin-

burg. It has less than 30 houses and 30 inhabitants, but has an organized chamber of commerce with exactly 100 members. All the people of the community are active members and the membership is completed by the addition of members from neighboring towns. That is the kind of spirit that is sure to accomplish things worth while. Where such a spirit is shown whether in chamber of commerce work or in any other activity, the people can accomplish just about whatever they undertake to do.
