C. OF C. NOTES

By E. P. MOORE, Secretary

Snyder's Streets Will be Marked

Paint is now coming for the marking of Snyder's streets. The secretary will supervise the marking at night. Now, you good Snyderites had just as well make up your minds that you are going to drive and park right in Snyder. Mr. Woodfin, city marshal, will tell you only once when you're wrong, then if you persist in wrong driving and parking, County Attorney Warren Dodson is going to say \$1.00 for the first time you're before him, and for times thereafter—well, you'll be paying some Scurry County bills.

Big Sign Now on the Job

The big 6x16 foot sign made, lettered and painted by the secretary of the Scurry County Chamber of Commerce, is now on the job more than 85 miles from Snyder, where 83 highway intersects 18. This big sign is routing the tourists and others en route to Amarillo and Lubbock through Anson, Roby, Snyder and Post. It is truly the shortest and best route. With this big sign on the job, we will see more foreign cars in Snyder. The sign was put up Tuesday of last week by Roy S. Hendricks and E. P. Moore.

\$25.00 for a Name

Suggest a name for Highway 83 that is acceptable to the naming committee and you will receive \$25.00 in gold. This highway starts a few miles west of Albany and runs straight west through Anson, Roby, Snyder, Gail, Lamesa, Seminole, on to El Paso, Texas, through Carlsbad, New Mexico, right by the mouth of the Eighth Wonder of the World, the Carlsbad Caverns. Many publications in Texas and other states are asking for a suitable name, and you might be the lucky one. You can suggest as many names as you like. Send in names to the chambers of commerce of Lamesa, Anson or Snyder.

Best in the United States. J. S. Head, who gets his mail in Snyder and lives in Scurry County, now has the honor of raising the finest peanuts of the White Spanish variety that have ever been grown in the United States. The Chamber of Commerce received a telegram from the American Peanut Corporation of Norfolk, Va., stating that the sample of Mr. Head's peanuts was of exceptional choice quality, and was as good if not better than any they had ever received. The peanut company authorized the secretary to buy Mr. Head's crop at \$2.00 a

bushel. Rather than ship these peanuts out of Scurry County, they are being sold the farmers of Scurry County for seed. Call and see them and tell your farmer friends to see them at the office of the Chamber of Commerce.

Peanuts

Angeline farm prizes have just been awarded at Lufkin, Texas. This should be very interesting to Scurry County farmers, as the local chamber of commerce is completing arrangements whereby the farmer in Scurry County who raises the most bushels of peanuts of the White Spanish variety on 5 acres of land will be given a prize of \$100. The second prize will be \$50, and the third \$25. Now, for your information, the following were awarded this week at Lufkin: Best acre of peanuts, J. P. Bennett, raised 233 bushels on one acre, reward \$75.00; E. O. Stanley was second with 166 2-3 bushels, and received \$50.00; R. T. Butler was third with 137 2-3 bushels. There is just as good land in Scurry County to grow peanuts as there is in Angelina County or any other county in Texas, or any other state. Therefore, Mr. Scurry County Farmer, what others have done, we all hope you'll try to do. Go right after that gold in prizes for the best 5 acres of peanuts in Scurry County of the White Spanish variety.

Older Snyder-citizens will tell you that it was easier to make ends meet back in the days when a hole in a stocking could be darned, no matter where it was.

There are probably just as many spring poets as ever, but there are more and bigger waste paper baskets in newspaper offices.

There was a time when "April showers brought May flowers," but now they only bring an order for more coal.

SNYDER

A. J. Towle is of the opinion that if the Chinese ever have an armistice celebration, it'll be a humdinger.

London is observing the 100th anniversary of the invention of the match. Some mothers were making them long before that.

According to Frank Brownfield there are more cases of disturbing the peace in this country now than ever before because there are so many jazz bands.

"Conceit," declares Rev. Manley, "may puff a man up, but it won't prop him up."

Daylight saving is here again. And come to think of it, that's about all a lot of us can save.

One of the saddest sights to be seen on the streets of Snyder is a hobbled-head half way back to normal.

Every time we pass a farm with fine buildings, up-to-date machinery, a sedan in the yard and a tractor in the field, we wonder where that farmer got his farm relief.

"A new nation is being born in China," says an eastern editor. It must be triplets, judging by the racket.

Some Snyder voters are coming to believe that the political plum tree bears best right after grafting.

A cat hates to be rubbed the wrong way—and so do human beings. That's why most of us have so little use for "catty" people.

The old-fashioned Snyder woman who fasted to make herself better now has a daughter who fasts to make herself better looking.

The way the world has survived the loss of hundreds of really big men shows nobody is as important as he thinks he is.

Announcing— another Chevrolet Achievement

The Imperial Landau

Specially-Built Fisher Body — Strikingly Beautiful Duco Colors—Elegantly Appointed —The Aristocrat of All Chevrolets

Again Chevrolet revolutionizes every previous conception of quality and elegance in a low-priced automobile by presenting the Imperial Landau—a new model whose distinction and smartness entitle it to comparison with the costliest custom-built cars.

Its specially-built Fisher body reveals all the mastery of craftsmanship for which the Fisher name is famous. The finish is lustrous black Duco, with embellishments of brilliant chasseur red.

With oblong windows—with nicked windshield rim and Landau bows—with vaulted roof, and with top and rear quarter in mouse gray textile leather, this aristocrat of all Chevrolets is one of the most strikingly beautiful cars to be seen on the streets and highways.

And, of course, it has all the power, speed and smoothness—all the flashing acceleration, finger-tip steering and unflinching dependability that have brought to Chevrolet such world-wide fame.

This beautiful car is now on display in our showroom. Come and see it. You will be delighted to learn that a car so low in price provides such commanding individuality and style!

Yoder-Webb Motor Co., Inc.
QUALITY AT LOW COST

Now that congress isn't in session, we'll have to blame all our troubles on the flapper.

Some of the banks in Kansas have quit attempting to pass out \$2 bills. Can't they interest some foreign power in them?

What has become of the old-fashioned Snyder woman who used to complain when something upset her baking day and she had to depend upon baker's bread?

Among the sure things in life is that silk stockings no longer show the exalted station of the wearer.

Berlin rioters have just hung the ex-Kaiser in effigy, which shows how much nerve can be developed in a few few years.

It's always a good idea for Snyder parents to impress upon their growing sons the fact that it's better to leave footprints on the sands of time than fingerprints on a police register.

Recent eruptions in Hawaii are blamed on the white man's religion. That may be true, for it has caused a good many in other parts of the world.

WHADDYOUOUGHT?

The Plainview Herald printed the following conversation between two people:
"I think the stores in Plainview ought to be forced to close on Memorial Day. We don't pay e-

Snyder Phone 120 Texas

nough attention to Memorial Day down here."

"I don't think they ought to be made to do anything," the other chimed in. "If a person doesn't want to show that much respect to the dead of our wars, I don't believe in trying to force them to do it. I'm going to attend the Memorial Day services. I feel that I owe it to our war dead. If other don't feel so inclined, I can't help it."

CAUSE OF ACCIDENTS

We have taken occasion to question several Snyder automobile owners with a view to learning, if possible, just what causes the greatest number of accidents. While some attribute them to a lack of courtesy on the part of a certain type of driver, and others believe it is the willingness of still another type to "take a chance," a majority seem to be of the opinion that defective headlights are responsible for the greatest number of mishaps.

One sees all sorts and varieties of headlights in the course of a night ride, even though the ride be of short duration. There are blazing one-eyed lights, burning so that approaching drivers cannot tell whether it is the right or left light that is going. Then there is the extreme high-powered bulb, and the spot-light so placed that it reflects directly into the eyes of an approaching driver. And the general plan of "dimming" for an oncoming machine seems to be going out of style. For country driving bright

lights are necessary, but it is not necessary to direct the beams into the faces of other drivers or to use illegal lights or lenses. Motorists who do these things deserve to be hauled into court to explain their actions. There is no desire on anyone's part to make trouble for their fellow-motorists. But when so many agree that inattention to headlights, and refusal to use them properly, is the cause of most mishaps, then such strenuous methods as stiff fines and an occasional jail sentence would seem necessary.

TOURIST SERVICE STATION IN NEW HANDS
"Sallie" Webb of Olney, formerly associated with the Nash automobile interests there, and "Dick" Dixon of Roswell, N. M., who operated a truck line previous to coming here, have taken over the Tourist Service Station. Located two blocks north of the square on the Amarillo highway, the boys are receiving a real welcome. They are also wholesale distributors of the products of the American Refining Company.

THOMPSON'S

"M" SYSTEM

"Under the Roses—The Gray!"

UNDER the Lilies—The Blue! There's a heart-stirring thrill that comes to all of us when we watch veterans of three wars parade in honor of their immortal comrades.

Aged, bearded heroes who marched home from Appomattox, grizzled soldiers who fought with Roosevelt at Santiago, young men to whom Belleau Wood is still a vivid memory—they honor their flag on Memorial Day. And you must not forget "our boys" of other days. Decorate their resting places with Spring flowers. Let no grave go untended.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

The C. of C. Banquet

On Friday night, May 13, our newly organized Chamber of Commerce put on a real banquet. Under the leadership of our president, H. L. Massey, who is also superintendent of our public school, details had been well worked out. F. W. Park generously furnished the use of his garage fronting on Main Street. In this spacious building seats, tables and speakers' platform were improvised. The Parent-Teachers Association, working jointly with the C. of C., provided "the eats." Main Street, for the length of a block, was closed to traffic and this space was converted into a playground for children who came with their parents but who did not attend the banquet proper. The weather was ideal, as if made to order, and, of course, "the kid-

ies," as well as the older folk, had a real time. Plates were laid for 150 people, but, to our happy surprise, the actual number taking places at the tables was much larger than this—probably totaling at least 225 people. The supper was all that could be reasonably desired.

In fact the visitors were repeatedly heard saying, "Why, they have everything." This was a slight exaggeration, however, for we did not have watermelon. The Ira Orchestra of five members was present and furnished a large number of good selections, both as a prelude to the meeting and then while the rest of us were feasting. Misses Angie Haynes and Vernay Boynton gave a piano solo. On the speakers' stand, and in addition to President Massey, who presided and served as toastmaster, were

seated E. J. Anderson, E. P. Moore, A. A. Bullock, Hon. J. M. Harris, W. E. Smith, H. J. Brice, Judge Halley, Rev. H. J. Manley, Miss Burline Boynton and the Village Preacher—all, except the first and last named, being of Snyder. Each of these spoke briefly in a most encouraging, cordial and felicitous manner. Expressions of gratitude to Almighty God

Radio
"ATWATER-KENT"
"CROSLEY"
and
"RCA"
Three nationally known makes—now on display at
King & Brown
Phone 18

were offered by the Village Preacher. Miss Boynton delivered her oration on "My Home Town." This effort was liberally praised by several of the visiting speakers. Judge Harris wanted to know if "anybody stayed at home." He declared that we evidently have 100 per cent cooperation. He also thought this about the best filling station he was ever in.

Mr. Moore, secretary of the Scurry County Chamber of Commerce, declared this to be "the best chamber of commerce banquet I ever saw." Mr. Anderson declared that the success of this occasion provided, by exemplification, a high degree of cooperation. Prof. T. J. Bryant of Ira was present and offered some encouraging remarks. In brief, all the speakers were vociferous in their praise of the success of the present occasion and encouraging predictions relative to our future. The key word running throughout the program was "CO-OPERATION." O. P. Thrane of Snyder, not being able to attend, sent the following motto: "It ain't the individual, nor the army as a whole, but the everlastin' team-work of every bloomin' soul," Kipling. We Fluvanna-ites are very grateful to all our visiting friends for their help and the many kind things they had to say to and about us. Come again! We really like it.

At the time of this writing four of our citizens—three of them members of our chamber of commerce—J. A. Jones, W. H. Truss and E. V. Boynton and daughter, Burline, are in Wichita Falls attending the West Texas Chamber of Commerce convention now going on in that city.

Church Services
Regular services were held last Sunday at the Methodist and Christian churches. Ben Hallock, president of the Abilene District of the Christian Endeavor, appeared at the Presbyterian church Sunday morning and spoke at the 11 o'clock hour on C. E. work. He was guest in the V. P. home for dinner. On next Sunday Rev. Charles Leslie will fill his appointment with the First Baptist congregation. They mean to have dinner at the church and a special song service in the afternoon. Regular services will be held, on the same day morning and evening at the Presbyterian church.

Business Affairs
C. F. (Doc) Reeder shipped a car of lambs last Saturday to the Fort Worth market. W. J. (Will) Beaver shipped one car of cattle and one car of

cattle and hogs (mixed) to the same market last Sunday.

C. L. and T. J. Rea shipped one car of cattle to Fort Worth Monday.

Work on the Snodgrass oil test is progressing nicely. The Ethan Ball residence on the old hotel site is nearing completion.

J. J. Belew has completed a concrete sidewalk in front of his store. This would be a fine example for others to follow. On with the work!

Visits and Trips
Uncle Joe Higginbotham of Abilene was here the first of the week on business. This would be a fine example for others to follow. On with the work!

Mr. Allen of San Antonio was here the first of the week doing some geological work in our locality. He speaks encouragingly of certain prospects.

Prof. E. W. Massey of Wylie, Texas, is spending a few days here visiting his brother, H. L., and sister, Miss Eva.

Clarence Dowdy of the Fry oil field, Brownwood, spent the week end here with home folks.

Louis Daugherty and wife of Amarillo spent the week end here visiting relatives and attending our banquet.

W. H. Hamilton and family, accompanied by H. H. Haynes visited relatives at Rotan this week. Mrs. W. B. Snodgrass, recently from a sanitarium at Wichita Falls, made a short visit here last Sunday.

D. T. Whittier of Wichita Falls was here on business the latter part of last week.

Dan Cribbs sustained a very painful, though not serious, injury last week when a finger was caught in the gear of a windmill.

Miscellaneous
Commissioner Hunneycutt authorized this scribe to say that a sufficient bar-cade was up at the open culvert on the north Fluvanna-Snyder road where the two Snyder boys were hurt in a car wreck last week. Prof. W. M. Bush of the Favor school was married last Friday in Snyder to Miss Lydia Eller, a teacher in the Snellings school.

CHINA GROVE NEWS
A very interesting ball game was played here Saturday between the China Grove and Inadale ball teams. The game ended with the score 6 to 9 in favor

of Inadale.

Sunday school and church were well attended here Sunday. Singing was enjoyed by a large crowd Sunday afternoon.

The W. M. U. met at the church house Monday evening with 22 in attendance.

J. C. Bullock and wife of Snyder spent Sunday visiting their son, Sam Bullock, and family.

J. B. Livingston and family of Eastland were in our community Saturday and Sunday visiting O. N. Laster and family.

J. Greenfield and family of Merkel spent Sunday visiting his sister, Mrs. Charley Lobbins, and family.

Lewis Seales and family and Miss Gladys Collier spent Sunday visiting at Lamesa.

Floyd Shepherd and family of Colorado spent Sunday visiting Mrs. Shepherd's parents, Mr. and Mrs. Haywood Allen.

Bob Hall and family spent Sunday night in Snyder visiting their daughter, Mrs. Fred McEllyea, and family.

WOODARD NEWS
After a few weeks absence, Woodard news will again appear.

W. H. Russ, wife and baby visited at the Oscar Davis home Saturday night and Sunday.

Miss Bullock spent Sunday with Ella Snider.

Elmer Evans and family spent Saturday night and Sunday with Bill Brooks and family.

Oscar Davis, wife and son, Roy, visited Earl Patrick and family Thursday. Johnson and C. B. Davis visited Elgin and G. F. Evans Sunday afternoon. J. S. Horsley and family visited relatives at Loraine Sunday.

Mable Davis and Nathan Wade visited Johnie Horsley Sunday afternoon.

A large crowd attended singing at Oscar Davis' Sunday night. All reported good singing.

Oscar Davis visited Mr. Griffith Sunday afternoon.

Brother Beane will fill his regular appointment here Sunday morning at 11 o'clock. Everyone is urged to be present.

Some of the young folks attended singing at Ennis Sunday afternoon. All reported good singing. Sunday school was very well attended Sunday morning. All are urged to be present next Sunday. Next Sunday evening is our regular singing evening. Everyone, be sure and come to help us make it a success.

The fifth Sunday singing will be held at Woodard. All are invited to enjoy the big time we are expecting.

MAMMA'S PET.
LOIS WILSON STARS
IN "BROADWAY NIGHTS"

A sermon against gambling is unfolded on the screen of the Palace Theatre this week in "Broadway Nights" which shows

how the love of a man and a woman was tossed away with a pair of dice and only regained when the man, played by Sam Hardy, realized he couldn't "pass" forever.

The film features lovely Lois Wilson, who recently rebelled against playing opposite and more horses in "western" pictures and broke her contract with Famous Players to become a free-lance actress. Robert Kane, who produced the picture, declares it is one of the best in his long career of movie making.

W. W. Cork of San Angelo was a Snyder visitor one day last week.

RED CROSS RELIEF

Following is a statement of remittances made to May 12, 1927, to the American Red Cross for relief of Rock Springs storm and Mississippi flood sufferers by A. C. Alexander, acting secretary of the local chapter of the American Red Cross, Snyder, Texas:
To Rock Springs \$125.50
To Mississippi relief \$124.50
Total \$250.00

6 Per Cent Money borrowed on farms and ranches. These loans pay themselves out at the end of 33 years. Very liberal options. Inspections made promptly.

Firestone Dealers
Have Purchased 100% More GUM-DIPPED TIRES
[This Year Compared With Same Period Last Year]

THE demand from car owners for Gum-Dipped Tires has given Firestone Dealers a large increase in volume enabling them to sell these tires to you at the lowest prices in history.

On the cars of motorists everywhere, these wonderful tires are delivering unheard-of long mileage with greater safety and comfort.

The Firestone Balloon Tread, scientifically designed three years ago, and unchanged today, follows the contour of the tire carcass with no excess rubber at the edges to cause "shoulder breaks". Narrow rider strips permit the tread to yield to depressions and cling to the road, preventing skidding. This tough, pliable tread has the wear-resisting qualities for thousands of extra miles.

Such a tread must be placed on a carcass with the qualifications to withstand the terrific flexing that this design permits. The Firestone carcass is made of cords dipped in a rubber solution which not only saturates and insulates every fiber of every cord, but unifies sidewalls with carcass, avoiding separation under the extreme flexing.

Many Firestone Dealers are prepared to offer you a liberal allowance for your old tires, on a new set of Gum-Dipped Tires to start the motoring season.

To meet a demand for a low price tire and tube, Firestone designed and manufactures, for Firestone Dealers only, Oldfield Tires and Tubes, which carry the Standard Manufacturers' Guarantee

ITS HOT!
A proven aid to Beauty

The reporters asked Lady Diana Manners, the beautiful Madonna of the "Meracle," for the secret of her complexion.

"ICE—lots of it, applied night and day, whenever I have the chance," said Lady Diana. "Nothing equals it for skin Health."

Use a piece of ice wrapped in soft linen, dipped in witch hazel and rub it well over the face. Ice is considered absolutely essential in treatments given by the modern Beauty Salon—

And its home use as a beauty aid is spreading rapidly as women realize its tonic effects.

Texas Public Utilities Corporation

Family Washing

A problem of every home is the weekly washing for the family. Naturally, we have given a lot of thought to this very important subject. We have studied it from the viewpoint of Mechanical Appliances in the Home which require a lot of the time and labor of the Housewife.

We have studied it from the viewpoint of having a washerwoman come to the Home and do the washing the regular old-fashioned way with tub and Rubboard. We all know this way is expensive and we also know about the muss and worry that goes with it. About the time the Housewife thinks this part of her troubles is ended, she washerwoman for some unknown reason fails to come, and then the whole trouble of finding another one is to all be gone over again.

We have studied it from the viewpoint of sending the Washing out to the washerwoman, and in most cases lack of Sanitary surroundings where the washing is done, is sufficient objections.

We have also studied this very important subject from the viewpoint of having the Family Washing done at a Modern Power Laundry.

First, we studied it from the viewpoint of the kind of Facilities we have for doing the Family Washing, and we find we have the most approved Facilities of the best thinkers of all the World along this line. We have studied it from the viewpoint of Processes.

Now this is the special point we want to call to your attention. We have been in this Fair City for more than 14 years planning to tell you we were prepared to offer you a superb service, but we could not consistently do so until we had a perfectly clear water. Now, with our splendid Soft, Clear Water, we know our Processes are Harmless and entirely Sanitary. We know that the Processes of the Modern Power Laundry with Soft, Clear Water, are easier on Family Washing than any other known Process.

We have studied it from the viewpoint of cost, and we are thoroughly convinced that our way is by far the cheapest of all other ways that have ever been offered the Housewife.

Now, let's sum it all up.
Our Facilities are superior to all others.
Our Processes are absolutely harmless to the garments.
Our Processes are entirely Sanitary.
Our Processes are easier on the garments than any other Processes known.

If you are spending any money at all to have the Family Washing done, whether you buy Home Appliances or hire a washerwoman, our Rough Dry service for the entire Family Wash will cost less. And in our Rough Dry service we starch all garments that require starch, dry them and send them home ready for you to dampen and iron at your own leisure. All soft wearing garments are dried and left fluffy, ready to use. All Spreads, Sheets, Pillow Slips, Table Covers and Napkins are ironed and returned to you ready to use.

We suggest you study our Way and send us your entire Family Washing next week. We think our way will please you.

School Notes

The baccalaureate sermon for the Class of '27 will be preached Sunday, May 22, at 11 o'clock at the Methodist church by Dean Lloyd McKeown of McMurtry College, Abilene. Details of the program have not yet been worked out.

Following is the program of the annual commencement service to be held at the Hermligh High School May 27, 1927:

Invocation. Song, "Our High School," by the Class.

Salutatory, Ollie Coston. Poem, "Our Old School Gang," Ileta Henry.

Class History, Olivia Caffey. Class Will, Farris Stevenson.

Class Prophecy, Gertrude Caswell. Song, "When the Golden Sun is Melting," Cass.

Valedictory, Ina Mae Caswell. Presentation of Diplomas, E. A. Watson.

Benediction. Last Wednesday's program was the last chapel exercise in charge of Mr. Merrill and the eighth and ninth grades. It was very interesting and appropriate for the occasion. Following the regular song, scripture reading and prayer service, the numbers were given as follows:

Pantomime, "How a High School Entertains." Burlesque Melodrama, "The Fatal Necktie."

Songs, "Vacation," and "God be With You Till We Meet Again." Last Sunday Ollie Coston entertained the Senior class at her home. A delicious luncheon was served to Taft Patterson, Bernard Glenstine, Ina Mae Caswell, Olivia Caffey, Thelma Fargason, Farris Stevenson, and the hostess, Ollie Coston. All the seniors were present except Ileta Henry. After lunch music and games were enjoyed until late afternoon, when, after eating a freezer full of ice cream, all returned to their homes tired but happy.

Locals Preparatory work for the moving of the Planters and Fallers gins nearer to town is still going on. Last week the well was completed and work on the foundations was begun on the new Fuller location north of the cotton yard. Much progress has been made in tearing down both the gins so that they may be moved.

The Texas Electric Service Co. has been repairing and improving its lines in Hermligh during the past week. Work is still being done.

Mrs. W. A. Adams of the Lone Wolf community, was the guest of Alma Etheredge Friday night and Saturday. Mrs. Adams is a regular Hermligh visitor, for she teaches music here every Saturday.

Mr. and Mrs. E. J. Ely and their son, E. J., Jr., left Thursday for California where they are visiting near Los Angeles.

Mrs. Opal Coston is visiting her

mother, Mrs. Summerford, at Hamilton.

Mrs. J. J. Henry and daughter, Ileta, went to Sweetwater Saturday from where they accompanied the Sweetwater delegation to the West Texas Chamber of Commerce Convention at Wichita Falls, May 16 and 17. Ileta went as a member of the Sweetwater band.

Hugh and Vance Clift of McMurtry College, Abilene, spent last week end with homefolk and friends.

Tom Callis of Wichita Falls was a recent guest in the home of his brother, C. H. Callis.

Mrs. C. M. Adams will return Friday from the Baptist sanitarium at Abilene where she has been for the past two or three weeks.

Born to Mr. and Mrs. Bush Shaw on May 15th, a boy.

"Grandpa" Moore is seriously ill at this time (Monday).

John Wenkin, who has been confined to his bed for the past six weeks or more, is still very sick.

Mr. and Mrs. T. J. Hodnett and Mr. and Mrs. H. J. Hodnett have just returned from the storm area at Garland and Nevada where some of their relatives were hurt.

The Hermligh independent baseball team played China Grove Thursday, defeating them 20 to 5, and they took a game with Longworth Saturday by a score of 3 to 1.

Church Activities After Sunday school at the various churches, preaching services were held at the Methodist, Christian and Central Baptist churches. Singing was also held at the First Baptist church in the afternoon.

Sunday night singing was enjoyed at the home of A. A. Crumley.

CARD OF THANKS

We want to thank our neighbors and friends for their kindness and help, and for the lovely flowers sent us in our time of great sorrow.

H. C. GILL, MRS. J. P. AVARY, Mrs. O. L. JONES, JOHN GILL, HUGH GILL.

ANOTHER FISH FRY

It is said, The Times-Signal was not there that there was a big fish fry at Charlie Glen's a few days ago. It is also alleged that said fish were caught down on the Pecos by Messrs. Glen, Heichardt, Neal and A. M. Curry. The fish could have been caught down on the Pecos; the Pecos is said to be a good river for fish, but the above named fishermen (?) did not say what they paid for them, but do declare emphatically that they actually caught the fish themselves. It must be remembered, however, that this is the season for fish stories and snake stories, and it will soon be dog days, which makes a fellow a little

slow to swallow certain kinds of bait, much less be hasty in taking the cork under clear water. The best way to have an editor believe large fish stories is to have him present at snake-killings and fish fries.

O. E. S.

We will have a special meeting for initiation Thursday night, May 26.

MRS. FLORENCE LEFTWICH, Worthy Matron.

FORMER SNYDER BUSINESS MAN TO RE-LOCATE HERE

R. L. Terry was here from Lubbock this week making arrangements to move back to Snyder. Mr. Terry will engage in business here, but has not yet announced his plans for the future.

REV. MANLEY'S FATHER DIES IN MISSOURI MAY 2

J. T. Manley, father of the Rev. H. J. Manley of this city, died at St. Joseph, Missouri, May 2, from injuries sustained May 1 by a runaway horse. Deceased was 72 years old. Rev. Manley says he cannot account for his relatives not telling him of his father's death sooner, as it was about 15 days after his father's death before the sad intelligence reached him.

BAD AUTO SPILL

A Stutz car owned by Miss Ruth Smith, but driven by George Oldham, took a tumble last Friday night near Camp Springs. Mr. and Mrs. Oldham, Miss Ruth Smith, Mrs. Byb Bird and Paul Hambrick were in the car which was badly wrecked. The autoists escaped with only minor injuries.

30 YEARS AGO

News Taken From The Scurry County News FEB. 18, 1897

Starting this issue, The Coming West was the new title of the paper under the management of Lively & Crump.

If Colorado will put up a telephone line and advertise liberally, she can do some business with our people, Roscoe or no Roscoe.

Jack Willborn, Julius Compton, Ben Claser and J. H. Doyle of Gail were here Monday trading.

Miss Mattie Buchanan, who is teaching the Sulphur school, was home on a visit Saturday.

Billie Sims was in Saturday and very appropriately invited the editor to come out and enjoy a duck shooting. Gosh! it must be wet down there.

Joe Strayhorn left this week for Quanah looking after his sheep interests.

If you haven't money and want the paper, swap us something for it. It is all the same as money to us. Wood, chickens, eggs, butter, lard, "lick," cotton-seed, wheat, oats, millet, pigs, and in fact everything that you use will suit the West office.

Bill Jones says he will put in 65 acres of spring oats. Jeff Justice sold his bunch of stock cattle this week to Lynch & Holloway at \$15 around.

J. B. Jones on the Sheriff Wellborn place west of town will break 150 acres of sod land and put 100 acres in cotton and the balance in feed crops.

Improvements already going on. Messrs. Girard & Bibbee are building a lumber shed and placing their stock under cover.

J. M. Chappell of Roscoe was here Friday conferring with our business men in the interest of the movement to have the depot re-established at Roscoe.

Frank Grayum contemplates building a large store house of adobe with an iron front.

OBITUARY

Mrs. H. G. Gill, daughter of J. H. and Elizabeth Reynolds, was born in Adair County, Kentucky, near Columbia, April 18, 1847. She passed away May 8, 1927, and was buried in the Snyder cemetery. She was married to Mr. H. C. Gill, her surviving husband, February 12, 1874. To this union there were five children born, four of whom survive, one, a daughter, having passed away in infancy. The surviving children are Mrs. O. L. Jones and Mrs. J. P. Avery of Snyder, Texas, John Gill of Harlingen, Texas, and Hugh Gill of Lamesa, Texas.

Following their marriage, Mrs. Gill, with her husband, lived in the community of her childhood until August, 1881, at which time they moved to Honey Grove, Texas. From Honey Grove they moved to Snyder in October, 1907.

Sister Gill was one of the most patient and lovely characters it has ever been my lot to meet. She

was a most devoted Christian, and for a period of over sixty years she was a devoted and faithful member of the church. At the time of her death she was a member of the local Presbyterian church of Snyder, Texas. To her companion and children to whom she was so affectionately devoted, the words of Lord Tennyson in "Crossing the Bar," express her strong faith and hope of the future:

Sunset and evening star, And now clear call for me! And may there be no moaning of the bar, When I put out to sea.

But such a tide as moving seems asleep, Too full for sound and foam, When that which drew from out the boundless deep Turns again home.

Twilight and evening bell, And after that the dark! The flood may bear me far, The farther, the more sad, Farewell, When I embark;

For tho' from out our bourne of Time and Place The flood may bear me far, I hope to see my Pilot face to face When I have crossed the bar.

REV. H. J. MANLEY.

REV. RIBBLE CLOSES SCHOOL

Rev. S. A. Ribble closed his school at Crowder Friday, and left that afternoon for the plains

where he will conduct a revival meeting. Rev. Ribble and his able assistant taught a fine school at Crowder the past school year. He was urged to teach the coming term, but flatly refused to accept the work, since he informed the school board that he had closed his

present term on Friday, the 13th, which, too, was his 51st birthday anniversary, and that he considered 25 terms of school enough for one teacher to teach. Miss Mary Strayhorn was an Abilene visitor Saturday.

AMERICAN GASOLINE MOTOR OILS GREASES

Phone 182 47th Snyder, Texas

Santa Fe Economy

Increases Capacity - Decreases Costs

Operating results on the Santa Fe for the year 1926 show, on the whole, substantial improvement over the year 1920 following Government control.

Revenue tons per train mile increased in 1926 to 709.70 tons from 569.21 in 1920.

Average daily movement per freight car increased to 37.01 miles from 31.56 miles.

Average revenue per ton mile of freight decreased to 1.203 cents from 1.316 cents.

Two Items of Economy in Operation Deserve Particular Attention:

FIRST is reduction of "loss and damage" freight.

In the year 1920 this totaled \$2,817,596; in 1926, \$1,350,429. If the rate of loss and damage in 1926 had been the same as in 1920 the total would have been \$3,298,302, or 2.44 times as much as was the case. Loss and damage meetings devoted to careful study and instruction, the co-operation of all classes of employees handling freight, and better packing, marking and general co-operation by shippers have accomplished this saving.

SECOND is conservation of fuel.

In 1920 locomotive fuel cost the Santa Fe \$28,372,475; in 1926 the cost was \$22,604,116.

In 1920 the Santa Fe used 185 lbs. of fuel to move 1000 gross tons, excluding the locomotive, one mile in road service, and in 1926 it used 133 lbs., a saving of 52 lbs., or 28.11%.

In 1920 it used 16.4 lbs. to move a passenger car one mile, and in 1926 it used 13.6 lbs., the saving being 2.8 lbs., or 17.07%.

The total fuel saving for the year 1926 is equivalent to 1,756,180 tons, costing \$7,744,754 at 1926 prices.

This conservation of fuel has been accomplished by a carefully worked out policy of

- 1. Lengthening locomotive runs, so less fuel is used in firing up and less time lost in cooling locomotives.
2. Reducing train delays.
3. Larger locomotives, bigger trains, and heavier carloads in which shippers have rendered very valuable aid.
4. Using the best fuel saving devices.
5. More scientific firing and handling of locomotives and trains by the men.

We Ask Your Continued Assistance in Meeting These Transportation Problems.

And we promise you our best efforts to render steadily improved service, although the Full Crew and Train Limit laws in some states limit greatly our possibilities for further economies.
