Snyder Has Lowest Water Rate in Texas

CITY FATHERS APPROVE LOWER RATE TO CONSUMERS

To Beautify City

\$2.50 For First 10,000-Gallons Gives City a Record

Snyder home owners have no excuse now for not beautifying their lawns and gardens since the City Council has adopted a lower water rate.

The new rate as suggested by the City Council is the lowest water rate in the state of Texas.

### Hermligh News Notes

Miss Ina Mae Caswell is the authorized correspondent for Hermligh, and as such is authorized to receive renewal and new subscriptions. Co-operate with her in building a fine weekly news column for this thriving town.

#### School Notes

The following teachers have become members of the Hermligh school faculty for the coming school term: B. M. Gramling of Hermligh, superintendent and science teacher; A. D. Hill of Abilene, Principal and English teacher; Miss Hazel Lee Rainbolt of Abilene, Mathematics instructor; Miss Odelle Crane of Abilene, Spanish and history teacher. The following are the grade teachers and their positions: Mrs. Minnie Duncan of Ben Franklin, A 5th and 6th; Miss Frances Giles of Whitewright, 5th and B 5th; Miss Ruby Forrester of Snyder, A 2nd and 3rd; Mrs. Delia Forrester of Snyder, 1st and B 2nd.

All of these people are new to Hermligh except Mr. Gramling and Miss Forrester. Mr. Gramling has been superintendent here for the past two years, having succeeded E. A. Watson, who is now practicing law in Crosbyton. He has formerly taught math, but is changing to science. Mrs. Forrester was primary teacher the past school term, and Miss Forrester was in charge of the 4th and B 5th grades last term.

#### Locals

Tuesday night, May 31, the Knight barber shop was broken into, and about \$75 worth of barber supplies were taken. Among the stolen articles were included two pairs of Andis electric clippers, two razor strops, and three razors. Mr. Knight says this is the third time that his shop has been broken into, and he is willing to reward the one who will apprehend the guilty person or persons.

Ruth and Vance Cliff and Holly Watson, who have been attending McMurry College at Abilene, and Hazel Spaykes, who has been attending Abilene Christian College, returned to their homes last week-end.

Mrs. Greaves and daughter, Doris, of Big Spring, are visiting Mrs. Greaves' parents, Dr. and Mrs. Ward.

The Misses Pearl and Ona Vernon and Alma Bralley left Thursday for Madison County where they will spend their vacation.

Mrs. Victor Longbotham, her children, and Mr. and Mrs. Dick Campbell visited last week in Fort Worth, Dallas, and Collin County.

B. M. Gramling, superintendent of the Hermligh schools, left Sunday for Lubbock where he intends to study at the Tech this summer.

Henry Murphy visited home folk and friends last week end. Antone Pavlis and wife of San Antonio are visiting Ed Pavlis and John Zolman.

While chopping wood the other day, C. H. Callis hit a stick so that it flew up and hit him on the chin, cutting an ugly and a painful gash.

Mr. and Mrs. Melvin Vernon and family have recently returned from a fishing trip on the middle Concho near San Angelo.

Mr. and Mrs. Jess Lauder are the proud parents of a girl, Flora Jane, born June 3.

Mr. and Mrs. C. Karnes visited last Sunday in Blackwell.

D. D. Bowler of Snyder is acting as Santa Fe station agent in place of C. H. Grace, who is enjoying his vacation.

Henrietta Callis, who has been attending school at Canyon, returned home Saturday.

Bill Rea, Ivan Hill, Shad Ragsdale, F. A. Werner, Grover Knight, J. T. Bill and Milford Davis and Arlie and Doris McMillan attended the ball games between Rotan and Waxahachie at Rotan.

#### WILL SNYDER CELEBRATE JULY FOURTH THIS YEAR?

The Fourth of July is only a month away. It is none too soon to get active and bring forth a real program.

Sec'y E. P. Moore of the Chamber of Commerce says things will be all ready, and that Snyder is going to put on a real celebration this year. Something that folks will travel miles to see and hear! Bring on the program—we're waiting.

#### DRUGGIST AT ROBY SWALLOWS POISON

B. L. King, 60, proprietor of the City Drug Store of Roby, swallowed carbolic acid last Thursday and a few hours afterwards was

found dead, an empty phial by his side and his lips badly burned.

King had been in failing health for four months. When he did not come home to lunch his wife became alarmed. A search was organized, and the body was found by T. P. Neves in the seed house of Prater's cotton gin. The gin has been closed since last fall.

An inquest was held by J. C. Connell, county judge, and Dr. J. D. Davis.

King had lived in Roby about fifteen years, coming there from East Texas. He leaves his wife and four children. The funeral services were held Friday afternoon.

#### LLOYD MOUNTAIN

#### BORDEN COUNTY NEWS FROM GAIL

Brother Harris preached Sunday morning here and in the afternoon at 3:30 he preached at Mesquite school house near Tread-

way. There were several visitors at Sunday school and preaching. Some of them were Misses Polly Harpole of Snyder, Miss Lucy Maxwell of Canyon, Miss Aline Lively of Amarillo, Mrs. Stephenson of Mineral Wells, H. D. Beal, who lives south of town, Newel Sealy of Hermleigh, and Misses Irma and Exa Reeder of Lubbock, who are visiting their sister, Mrs. Dewey Everett, east of town.

The M. E. quarterly conference will meet with the Vincent church the fourth Saturday and Sunday in this month. The presiding elder is expected to be there, and the pastor is expecting all members to be present.

The Galliter who left last Friday and Saturday for Canyon to attend the summer school were Floyd Cantrell, Mr. and Mrs. C. S. Harris, Misses May and Addie Rodgers, Ladean and Pauline Cantrell.

Miss Addie Heller, who is connected with a bank at Merkel, is spending her vacation here with her mother, Mrs. Henry Holler.

Miss Reba Cathy is visiting with friends and relatives at Muleshoe.

Mrs. George Cathy and son, Orville, were shopping in Snyder Friday.

Misses Maggie Williams, Mary and Frances Jenkins were in Snyder Saturday afternoon.

Mr. and Mrs. Nolan von Roeder, and Mr. and Mrs. Richard von Roeder of Snyder were the dinner guests of Mr. and Mrs. Guy Maxwell Sunday.

We understand that there will be a good number of geologists here this week to work through this part of Borden County. Two houses have been rented, and they are bringing their cooks and camping outfit to stay awhile.

MRS. A. J. CANTRELL.

Moody Logan of Colorado was a Snyder visitor Sunday.

### GRATIFICATION

Her dinner was a real success. Every one liked the iced cocktail. And every guest fairly beamed when the ice-chilled salad was served. There is much gratification in preparing a meal that is relished by everyone.

Ice helps you make every meal a success. Vegetables keep crisp and fresh. Cream stays just as sweet as when the milkman left it in the morning. Then those dainty dishes and refreshing drinks calling for cracked ice can be served when you wish. With ice box well filled there is ample supply of extra ice, clear, sparkling and pure.

Little Miss Gladys Marie Stewart spent Sunday with Lottie Galyean.  
Edgar Galyean spent Sunday night with Charlie Prather.  
Raymond and Bertha Prather spent Sunday night with Velma Prather.  
Last Sunday was our regular singing day. A large crowd was present, but was dismissed on account of the cloud. We were anxious to try out the new song books that we have just received.  
Our school closed Friday, and we rendered a nice program Friday night. We are sorry to part with Mr. and Mrs. Smith and Miss Sue McKeown, but are glad to say that our new teacher, Mr. Bignoy and family are going to occupy the teaching right away, and we will be very glad to have them with us in our Sunday school.  
We are proud to say that Sunday school was well attended Sunday. There were 41 present, and the collection was 51 cents.

**SOME ONIONS!**  
One of our good farmers, A. Rhodes, brought some onions to town Saturday that were planted in February. The largest weighed 17 ounces, and measured 1 3/4 inches around. They are the Crystal Wax variety, and were sold to the Will Clark grocery.

**MELLON APPROVES REDUCTION IN SIZE OF PAPER MONEY**

The plan to reduce paper money by one third of the present size has been approved by Secretary of the Treasury Mellon. The present size of 7 7/16 x 3 1/8 inches, will be cut to 6 1/8 x 2 5/8 inches. The bill will be aged three months before being put into circulation. New size dollar bills will be the first issued.

**CLARENDON COLLEGE PROPERTY FOR SALE**

Methodist property, including the plant of Clarendon College, valued at \$550,000, went on sale last week. The city of Clarendon voted bonds to purchase the administration building and girls' dormitory for high school purposes. The purchase price is \$51,000. Actual cost of the buildings at the time of construction was \$165,000. The president's home, power plant and boys' dormitory, together with 50 acres of land, are being offered for immediate sale.

**CYCLONE WINDS SHOW NO MERCY**

An idea of the force and irresistible power of a cyclone wind such as wiped the little city of Nevada in southeast Collin away on May 9 may be seen by visitors to that little city in the big brass bell that was mounted on top of the school house and which was blown fully a quarter of a mile away. The weight of the bell is estimated at five or six hundred pounds. It was swung on a heavy frame, and anchored on top of the school building. The bell together with its frame was found a quarter of a mile from the building, resting in John Mayo's field where it was blown. The school building was a substantial brick structure. It was left very largely a mass of crushed brick and twisted beams and columns that were scattered broadcast over the surrounding territory.—McKinney Democrat.

**RECALLS EARLY DAY SCENES IN TEXAS**

Think of some thirty buffalo, a small bunch of antelope grouped through and back of the herd, and behind all a mountain rising abruptly from a rolling range. It could have been in '49 or in the '80s, or just last week—which latter it was. DeWitt Reynolds, riding the range over west of Campana, N. M., the other day, came across the buffalo and the antelope in the mountain.

**TO HOLDERS OF SECOND LIBERTY LOAN BONDS**

Exchange offering of new Treasury bonds. Notice is given of a new offering of UNITED STATES TREASURY BONDS, dated June 15, 1927, and bearing interest from that date at the rate of 3 1/2 per cent. The bonds will mature in twenty years, but may be called for redemption after sixteen years.

**A. W. MELLON, Secretary of the Treasury.**

Second Liberty Loan bonds will be accepted in exchange at par. Accrued interest on the Second Liberty bonds offered for exchange will be paid as of June 15, 1927. Second Liberty Loan bonds have been called for payment on November 15, 1927, and will cease to bear interest on that date. Holders of such bonds who desire to take advantage of the exchange offer should consult their bank or trust company at once. The exchange privilege will be available for a limited period only, and may expire about June 15th. Further information may be obtained from banks or trust companies, or from any Federal Reserve Bank.

**THE JEW AFTER THE CAPTIVITY**

Forty-eight were present last Sunday to hear our teacher's lecture on Job. We believe that if you were there, you will come again. Next Sunday's lecture will be "The Jews After the Captivity." The Bible is painfully silent concerning the Jew through the period intervening between the return from captivity and the birth of Christ. Don't miss this lecture.

### Long Troubled by Constipation

"Black-Draught has been a family medicine with us for fifteen years," says Mr. F. M. Huntley, of Noosho, Mo. "I read about it first in the Ladies Birthday Almanac and what I read there sounded so convincing I made up my mind to try Black-Draught, as I had been troubled with constipation for a long time. "I found Black-Draught to be the ideal medicine for this trouble. It gave me quick relief. Frequently I had had headaches and pains, due to toxic poison. By taking a course of Black-Draught I gave my system a thorough cleansing, and I have had little or no trouble since then. "Now, if I am becoming constipated, I take several small doses of Black-Draught, and am very soon feeling fine." Costs only 1 cent a dose.

### PRESBYTERIAN NOTES

Dr. B. A. Hodges is coming. He comes to put on a teacher training course. He will be here June 19-24. All teachers and officers are urged to take the course and take it for credit. Not only Presbyterians may attend classes, but all who are interested in professional Sunday school teaching are invited to attend the lectures. The text book for study is "The Principles of Teaching," by L. A. Weigle, Part II, The Pupil and the Teacher.

The revival is not over. Come out Sunday, June 12, and assist in carrying on in His name. Sunday school 9:45. Morning worship, 11:00. C. E. 7:15. Evening worship at 8:00. You know you are welcome at the Lord's house. You have several places of worship from which to make your choice. We would be delighted to have you. Come to the Presbyterian church if that is the church of your choice. You are heartily welcomed here. H. J. MANLEY, Minister.

TO A REAL GUY

Give me the guy with a straight-  
forward eye  
And a grip that'll hurt your  
hand,  
With a tongue that he uses but  
never abuses;  
A mind that can understand.  
The gink that'll brag of his moth-  
er, by god,  
And who thinks of all women  
the same,  
Who toils with a smile, a lad you  
can't rile;  
One who puts his whole heart  
to the game.

THE RAIN

The farmers on the corner sat;  
They talked and chewed and some-  
times spat;  
They told it o'er and o'er again—  
How much old Scurry needed rain.  
The crops were sure to ruin yet  
With so much drouth and no more  
wet.  
The people sat with troubled brow,  
And said they needed rain right  
now.  
But it's been said time and again  
That it was just refreshing rain  
That broke up every drouth we've  
had,  
And that it came to good and bad.

So Sunday eve there was a cloud  
A lightning flash, with thunder  
loud,  
And after that, upon the pane  
We heard the sound of splashing  
rain.

But, people, do not o'er forget  
Who sends all of this needed wet;  
And do not grouch and hang your  
head,  
Though rain you need—just smile  
instead.

E. F. WALKER

E. F. Walker was born in Ten-  
nessee July 29, 1848, died at his  
home in Snyder June 2, 1927,  
aged 78 years, 10 months and 3  
days.

Deceased was twice married. To  
the first marriage were born two  
children, only one of whom, W. W.  
Walker, of near Wichita Falls sur-  
vives.

To the second marriage were  
born seven children, five girls and  
two boys, all of whom survive:  
Mrs. R. W. Boyd, Mrs. A. L. Mar-  
tin, Mrs. W. B. Taylor, Mrs. M. C.  
Witten, Mrs. Dora Wilson, and  
the two boys, R. S. and C. E.  
Walker. Mrs. Walker, the wife,  
also survives.

Deceased had long been a mem-  
ber of the Church of Christ, and  
the funeral and burial services  
were conducted by his former pas-  
tor, Rev. E. Christian, of Lubbock.

Mr. Walker had been a resident  
of Snyder and Scurry County for  
26 years. For the past few years  
he operated a shoe repair shop  
here. He was of a quiet and un-  
assuming disposition, attended  
strictly to his own business and  
was honest and upright in every  
particular.

POLAR NEWS

"You can talk about your drouth,  
And about crop failures whine,  
But Polar's had a dandy rain,  
And our men and crops will  
shine."

Our school has closed at last.  
Here are a few happenings of We  
last week of school.

Wednesday night the interme-  
diate room presented the play,  
"Just Plain Dots," but the cloud  
ran people home, so the program  
was finished Thursday night.

After books were turned in Fri-  
day, the pupils and teacher of the  
primary room went on a picnic.

Two of the mothers went along  
with them. The children romped  
until twelve when a good outdoor  
lunch was served. After lunch the  
boys went in swimming and re-  
mained in until time to go home.

On Friday night a graduation  
exercise was held for the seventh  
grade. An interesting program  
was given by the eight pupils of  
the seventh grade, the valedictory  
being given by Zonell Reid, and  
the salutatory by Ernest Lee El-  
kins. County Supt. A. A. Bullock  
of Snyder gave the address on  
"Education," the best kind, and  
what it means to the person who  
acquires it. Miss D. E. Gill then  
presented the class with diplomas.

All the school affairs seemed to  
be enjoyed by everyone, and we  
believe the Polar people as a  
whole are proud of their school.  
The teachers and pupils have  
worked under serious handicaps a  
part of this year and have put the  
school forward at the same time.

Misses Dixie Ellen Gill and Eu-  
nicie Todd, who have been teach-  
ing at Polar for the past term, left  
for their homes Saturday. Miss  
Gill plans to enter school at Lub-  
bock Wednesday, June 8, while  
Miss Todd plans to spend the sum-  
mer resting at her home near Wa-  
co, Texas. We regret to lose these  
young ladies, as they took active  
part in community work.

The people of the Apostolic  
faith began a meeting Saturday to  
last some few weeks. Brother  
Horace Watkins is preaching at  
present, but Bro. Parham is ex-  
pected soon.  
Jeff Cargile escorted Misses  
Eunice Todd and D. E. Gill to  
Chairemont Saturday and then to  
Snyder. Our opinion is that he  
may escort some good looking  
school teacher through life some  
day.

Most of the Polar people were  
in Snyder Saturday shopping. We  
sometimes wish we were in Scurry  
County anyway.  
Sunday school was rained out  
Sunday afternoon, but there were  
a number at church Sunday night.  
We are proud of the people in  
Polar for their faithfulness and  
help in her work here for the past  
two years. May God wonderfully  
bless every one in my wish.

WEST TEXAS MUCH

West Texas carried off premier  
honors with her agricultural ex-  
hibits at the Sesquicentennial Ex-

position in Philadelphia last year  
with an expenditure of only \$4-  
900, and all because of the spirit  
of cooperation which is in prac-  
tical force in the territory through  
the efforts and organization of the  
West Texas Chamber of Com-  
merce, according to B. M. Whit-  
teker, agricultural manager, who  
makes his home in Haskell, and  
who reached here Wednesday with  
the staff of men who are to aid in  
putting on the renewal and new  
membership program to be staged

in Abilene.  
"Other states such as California,  
Ohio, Arkansas, Tennessee and  
Florida, who also won recognition  
did so at an expense of many  
times the amount spent by  
West Texas, he pointed out, de-  
claring there was no way of es-  
timating the influence that the  
publicity thus derived had had and  
is yet to have.  
Mr. Whiteaker had with him the  
gold medal representing first

Let's Join in Making Snyder a Beautiful City  
of Homes, Gardens and Lawns  
A MARKED reduction in the water rate for Snyder by the City  
Council makes it possible for every resident here to have a beau-  
tiful lawn or garden. Snyder today has the lowest water rate in  
the State of Texas.  
The new rate is \$2.50 for 10,000 gallons,  
and 10c per thousand gallons for any  
in excess of that amount.  
To illustrate the old and new rate let us give you some com-  
parative figures:  
Our fellow neighbor and citizen, Joe Strayhorn, used 55,200  
gallons of water. Under the old rate he would have paid \$12.44.  
Under the new rate he pays \$7.02.  
J. W. Leftwich used 54,100 gallons. On the old rate he would  
have paid \$12.22, but with the new rate it is only \$6.51.  
R. H. Curnutte used 48,500 gallons and would have paid \$10.48  
on the old, but the new rate makes it only \$5.58.  
G. B. Clark with 30,900 gallons would have paid \$7.58, but un-  
der the new rate pays but \$4.59.  
Now that Snyder has this low rate, local citizens should join  
in making the city more beautiful with lawns and gardens. Snyder  
is growing into a larger city every week, and our home surroundings  
should be in keeping with our growth.  
For this special rate make application to our Water and Sewer  
Department at the City Hall.  
Approved by the City Council.  
B. L. BAZE, Superintendent  
Water and Sewer Department  
City of Snyder

a considerable distance in all directions. No violent wind or hail accompanied the shower. This fine rain came just 16 days after the fine fall of May 20. Although crop conditions are somewhat belated, the outlook is quite good, and we believe that conditions will improve as the days go by. Let all the people make the best of the situation, and all will be well.

**Trips and Visits**  
Mr. Josie and family of Big Spring spent the week-end here visiting a sister, Mrs. J. G. Landrum, and family. Misses Geta and Emilieta Landrum, accompanied by Miss Nadine Haynes, went back with the Josie family Monday.

Misses Olive and Saluda Wills have gone to Ozona for a month's visit.  
All of our teachers have returned to their homes, except Miss Wills who lives here but is now visiting.

Andrew Cain and family of Big Spring came over Monday for a visit with Mrs. Cain's people, the H. H. Haynes family. Young Mr. and Miss Smith of Rotan spent the week-end here visiting their uncle, H. H. Haynes, and family. Miss Angie Haynes will return with them Monday for a visit.

Joe Taylor made a business trip to Borger last week.  
W. R. Craft and family of Southland visited their daughter, Mrs. John Stavely, here last Sunday.

**Look Out**  
Another indication of progress in our village is the fact that our Chamber of Commerce has secured the placing of turn posts (or "buttons") on main street. This was a fine thing to do. Now let us all play the game fairly and observe the usual traffic rules—turn to the right, go around "the button" and park square with the world—not broadside. Neither should one car park behind another either on the street or at church. Let's all do the fair and right thing about it, and thus serve the interest of all and, perhaps, save the limb or life of some.

#### 1726 BOYS; 1726 ACRES; 1726 BALES

According to T. A. Sims, district club agent of Auburn, 1726 Alabama club boys in that state made 1726 bales of cotton on 1726 acres last year. With returns still incomplete, enough reports are in to show that more than 95 per cent of these boys followed the "Auburn Maximum" in making their cotton as follows:  
Two hundred pounds nitrate of soda, 400 pounds acid phosphate, 50 pounds muriate of potash per acre; all the acid and potash and 25 pounds of the soda applied at planting; the balance of the soda applied as side-dressing.

This surpasses the record made in 1925 when 1071 boys made 1071 bales on 1071 acres, using the same fertilizer application. Taken together the record of the Alabama club boys constitutes a most remarkable achievement.  
These youngsters, exponents of the modern science of crop production, represent the agricultural industry of tomorrow. The knowledge and experience they are gaining now will serve them in good stead as they take their places in the ranks of producers.

#### SNYDER NEEDS ONE— BUT A BIT SMALLER

A special edition of the Sherman Democrat consists of many pages of advertising, appropriate news and historic matter in commemorating the recent opening of the Grayson Hotel of that city. This big modern hotel is eight stories high, containing 110 rooms and is one of the most modern hostleries to be found in the South in a city of Sherman's size. It was erected and finished at a cost of \$350,000.

#### SLATON BOOSTER TALKS ON MARKING IMPORTANT HI-WAYS

Of interest to Snyder people is an article in the Slaton Slatonite concerning road marking on the Snyder-Sterling Highway which appeared in the Colorado Record also.

"The Record is in receipt of a letter from A. J. Payne of Slaton, formerly a resident of Colorado, who has always shown a keen interest in the highway development of this city, in which he suggests that this city mark the high-ways of the county, and especially the Snyder-Sterling road. The letter from Mr. Payne reads:  
"I am sending you under separate wrapper an issue of the Slatonite, with it in therein marked for your and Colorado's attention. It relates to our highway from Lubbock via No. 7 through Slaton and Snyder, Colorado to San Angelo. We have already installed a large bulletin board just as you come into Slaton, and will establish another where our No. 7 breaks with No. 9 out of Lubbock, showing where it is about 20 miles nearer to San Angelo via the Colorado route than any other."

"Now, what you folks should do is to place a big sign in Snyder showing the route to Colorado, as it is hard to know which road to take out of Snyder for Colorado, as the main highway to Sweetwater is much plainer and better. I am giving you the above information for the reason that I still feel an interest in my old home town."

"The Colorado Lions club recently had the road leading out of Snyder properly marked, with assurance from Mayor Towle that Snyder would properly mark the road leading to Colorado. This club has been interested in getting the Sterling-Snyder road marked and will probably do something more definite on this proposition."

#### BELIEVE TEXAS TO BECOME GREAT AS POULTRY PRODUCER

That Texas may become one of the greatest poultry states in the country is possible, speakers declared Monday at the luncheon of the Dallas Agricultural Club in the Baker Hotel. Poultry authorities quoted figures and statistics showing the possibilities of the state in this line. A comparison was drawn between California and Texas.

F. W. Kazmeier, former extension husbandman of the Texas A. & M. College, told of poultry raising near Petaluma, California. A project for a large poultry colony near Dallas which is to

have 300 inhabitants and on which are now settled twenty-six families was told by Sam I. Lewis. A plan is being made by J. A. Kemp of Wichita Falls to have 100 Texans start June 4 for California, to study poultry and dairy methods on the coast, said R. R. Walker, agricultural agent for the Katy Railroad.

#### ORGANIZE FLYING CLUB

J. Collie Fish, well known here, is a member of a group of men who are organizing a "Flying Club" at Colorado. They are in the midst of a membership drive at this time, and intend using the highest class aeroplanes obtainable. They will also teach aviation in all its branches.

#### SAYS HARDWARE MEN SHOULD USE NEWSPAPERS

More efficient business methods and sales practice were the chief topics of discussion Thursday at a meeting of District No. 1 of the

Texas Hardware and Implement Dealers' Association at Ft. Worth. Business men from Tarrant, Parker, Johnson, Hood and Somervell Counties attended.

Judicious newspaper advertising was recommended as a great asset to developing retail hardware sales by J. R. High, Fort Worth, district chairman, who presided over the meeting.

"The development of hardware products and other merchandise sold by hardware stores is rapid, and unless we inform the public by advertising in newspapers of these changes and improvements, it can not be expected to know about them and become interested in their application," Mr. High declared.

#### School Closes

Last week was a very busy week with all who were connected with our school. In addition to routine work there were three programs given at night. The first of these was on Thursday night and in the Presbyterian Church. The occasion was Grammar school Commencement. Unfortunately the weather was very threatening and evidently kept many people from attending. Nevertheless, a considerable audience gathered and stayed to the finish. The church was neatly decorated in class colors. The class of thirteen marched to the rostrum where they were seated in a straight line with Miss Massey at the piano. Invocation was offered by Rev. E. W. Massey. The salutatory was given by Miss Marie Clawson and followed by class song. The Valedictory was delivered by Roxielee Holdridge. Then came a pointed and well fitting address by our worthy County Superintendent, A. A. Bullock. Then came the supreme moment with the class, when Prof. H. L. Massey with a few chosen remarks concerning the faithful efforts put forth by each student delivered a diploma to each member of the class in the following order: Pauline Trussell, Nathan Beaver, Mamie Pylant, Estell Faver, Jettie Hanback, Rose Marie Clawson, J. T. Beaver, Roxielee Holdridge, Edith Mae Hall, Jeff Faver, Glennie Reeder, Lucille Bratcher and Wadel Flournoy. The program concluded with prayer and benediction offered by the Village Preacher.

On Friday night an interesting and well attended play was put on in the school auditorium by the high school graduating class. Finally the climax of a hard year of faithful work was reached when a large audience assembled in the Methodist church on Saturday night for the closing exercises. At the appointed time the class marched with piano accompaniment to the rostrum. The valedictory was delivered by Miss Geta Landrum, after which Prof. Massey introduced Mr. B. M. McKeown, dean of McMurry College, Abilene, who delivered a very interesting and helpful address to the class (and for the good of all of us). He took for his "text" a motto which he declared had been of great help to himself: "Decide, Start, Stick, Finish." As high points in his address the speaker urged wise and early decision. He emphasized the importance of sticking to a job until it is finished, and criticized the idea of simply "getting by."

Following the address Superintendent Massey offered a few fitting remarks and presented diplomas to the members of the class in the following order: Virgil

Wills, Horace Sims, Geta Landrum, Dick Winner, Angie Haynes, Francis Beaver and Leo Beaver. Then the audience was favored with a solo by Rev. E. W. Massey, following which Dean McKeown, representing McMurry College, presented a scholarship to Miss Geta Landrum who enjoys the honor of being valedictorian of the class. Then came the touching song by the class, "Farewell." Finally prayer and benediction were offered by the Village Preacher and all was over.

This scribe is fully persuaded that our school just closed has been very successful—as nearly satisfactory to all concerned as could ordinarily be expected. Our splendid corps of teachers have done their work well and deserve full credit for their diligence, efficiency and faithfulness. There is still another group of faithful servants who deserve special mention and large credit for the splendid work accomplished. It is that group who serves without pay, and

too often without even the hearty hand-shake and "I thank you." Hats off to our faithful and efficient Board of Trustees!

#### Church Services

On last Sunday morning Dean B. M. McKeown filled the pulpit at the Methodist church. The keynote in this splendid address was the place, opportunity and responsibility of the lay-member in the church. Those who failed to hear this address missed a real treat.

Following the service, Pastor Hardy announced that dinner in sufficient quantity for all would be served at the arbor. Accordingly a large number of people repaired to that place where a bountiful repast of good things to eat was spread and the people invited to help themselves. Well, they did so, and if anyone went away hungry, it was his own fault. We did not count, but probably after all had eaten, twelve baskets full were taken up. At night Presiding Elder Hardy preached.

On next Sunday morning and evening services will be held at the Presbyterian church. The Village Preacher is promising to all who will attend interesting services and helpful messages. Your presence will help wonderfully.

This is the six-cylinder Sport Cabriolet that has taken the nation by storm. But there's nothing strange in that. Its vivid beauty places it in the very front rank of America's smartest cars. And its famous six-cylinder engine provides all the spirit and dash and stamina that such a swanky type requires.

Spanish leather upholstery inside the cab and in the spacious rumble seat as well. Appointments that are unobtrusively rich. And a truly arresting color scheme—Brevoort Green fenders, top and quarters; Cherokee Gray Duco on body and hood; orange striping for brilliant contrast.

Never in any low-priced six has the appeal of the intimate closed car type been so admirably expressed! Never has any six of the type provided such commanding value! For here are all the basic advantages of Pontiac quality, endurance and economy, plus a smartness and style you cannot resist at a price that cannot be matched.

## June, the Month of Brides and Roses, Marked by Pretty Double Wedding

### NUPTIALS HELD AT BAPTIST CHURCH JUNE 2

The First Baptist Church was the scene of one of the prettiest of the spring weddings Thursday evening, June 2, when Miss Rhoda Martin, daughter of Mrs. W. F. Martin, became the bride of Mr. John A. Roberts of Anson, and Miss Lucile Taylor of Slaton became the bride of J. Lloyd Jordan of Matador, with Rev. W. F. Ferguson, the pastor officiating with the beautiful and impressive double ring ceremony.

The church was decorated with fern, smilax and roses, forming a background for numerous tall floor candelabra holding white cathedral tapers. The couples stood before an improvised altar formed of fern and roses nestling beneath an arch of colorful pink and white above which hung a bell of like design. Roses in the bridal colors were placed at intervals from the entrance while streamers in the chosen colors marked the pathway for the bridal party.

Guests Received  
Misses Tommie Jenkins and Luella Brice, charmingly attired in frocks of white flat crepe, and Miss Alma Nell Morris, wearing a silk taffeta of basque effect, and Miss Mary Ellen Martin, sister of the bride, lovely in crepe of pink, were ushers. Little Misses Estine Dorward and Dorothy Wade Winston, in dainty frocks of shell pink georgette and lace, were pages to the bride.

Prior to the ceremony members of the choral club sang "Barca Polle," and Miss Etoll Hatcher of Plainview sang "At Dawning" from Cadman, accompanied by Miss Dimple Gross at the piano and James Martin on the violin, who played the bridal march "Lohengrin" as the professional and Mendelssohn's wedding march as the recessional. During the ceremony Miss Gross softly played "The Flower Song."

The brides wore similar gowns of peach pink and flesh pink georgette with veils of tulle caught at the head in cap fashion, held with wreaths of orange blossoms, and carried bridal bouquets of bride's roses, sweet peas and showers of lilies of the valley.

Brides' Attendants  
Miss Connie Isaacs, maid of honor to Miss Martin, wore a gown of orchid georgette, while Miss Faye Lemons, maid of honor to Miss Taylor, was gowned in georgette of yellow. Each carried an arm bouquet of pink rose buds.

The brides entered with their sisters as matrons of honor. Mrs. Joe Graham, sister of Miss Martin, wore a lovely gown of apricot georgette combined with cream lace, and Mrs. W. F. Martin, Jr., sister of Miss Taylor and sister-in-law of Miss Martin, was gowned in tan georgette over rose, while their flowers were pink rosebuds.

Masters Whit Thompson, Jr., and David Alexander, in suits of white satin, carried the rings in white lilies, while little Misses Florentz Winston and Marion Frances Ferguson, sweetly attired in dainty gowns of shell pink georgette and cream lace with head wreaths of peach blossoms entered as flower girls. They carried tiny baskets of pink from which they dropped rose petals in the brides' pathway.

Bridegrooms' Attendants  
Mr. Roberts was attended by Mr. Hal Harpole of Petersburg of best man, while the attendant of Mr. Jordan was Mr. Albert Norred. Immediately following the ceremony the couples left for different points in New Mexico. After a short trip Mr. and Mrs. Roberts will be at home in Anson while Mr. and Mrs. Jordan will make their home in Matador.

Mrs. Roberts' going away costume was of flat crepe in tan with hat and accessories to match. Mrs. Jordan left in a costume of black and tan also in the flat crepe with accessories in corresponding shades.

### HUFF-STINSON WEDDING TO BE HELD JUNE 28 IN ABILENE

The First Baptist church is to be bedecked in greenery with white blossoms intermingled, and Calla lilies completing the floraling for the impressive ceremony to be held at 8:30 Tuesday evening, June 28, by Rev. J. M. Dawson of Waco when Miss Jane Stinson, daughter of Judge and Mrs. J. P. Stinson, becomes the bride of Z. T. Huff of Plainview.

Pastel shades will be worn by the bride's attendants while she herself will be in snowy white. Miss Lucile Auten is to sing, "O Promise Me," and "At Dawning," preceding the ceremony, with Irl Allison, head of the piano department of Simmons University, playing the accompaniment. He will also play the processional and recessional.

Miss Jimti Stinson, sister of the bride-elect, has been chosen maid of honor, and Mrs. Everett Haney is to be matron of honor. Misses Katherine Hodges and Allene Goodnight are bridesmaids, and Miss Frances Stinson of Snyder,

### HAMLETT—KAY

Friends in Snyder have received announcements reading, "Mr. and Mrs. A. D. Kay announce the marriage of their daughter, Thea Inez, to Mr. Sam W. Hamlett on Sunday, June 5, Dallas, Texas."

After a few days in Dallas and a honeymoon trip to California, Mr. and Mrs. Hamlett will be at home in Snyder.

### SEARS—SWANN

Mr. and Mrs. J. S. Swann of Merkel have announced the marriage of their daughter, Annie Mae, to Mr. Forest G. Sears on Sunday, June 5, in Merkel. Only members of the family and a few intimate friends were present.

Immediately following the ceremony Mr. and Mrs. Sears left for Dallas, where they will remain for a few days before going on a honeymoon trip to California. Mr. and Mrs. Sears will make their home in Snyder.

### CELEBRATES FORTIETH WEDDING ANNIVERSARY

Mr. and Mrs. Rich Miller celebrated their fortieth wedding anniversary at their home in the Fluvanna community Sunday. A large number of relatives and close friends were present.

It was a most enjoyable occasion, but what seemed to have been the most interesting thing about the whole affair was the big fish haul. Postmaster Womack declares it to be a fact and says that Bill Miller will swear to it, if necessary, that they caught three fish that totaled 43 pounds, and that they caught enough fish at one haul to feed the whole multitude. Mr. Womack did not explain where they got the loaves, but declares that there were fishes in abundance.

### MAMMA'S PET.

YOU CAN HAVE FRIENDS—

If you don't contradict people too much.

If you do not pry into the personal affairs of the people you meet.

If you will say a good word for things that you may not happen to possess.

If you will assume the spirit of happiness and pleasure in whatever walk of life you happen to be.

In other words, don't be a kicker or knocker.

If you will turn a deaf ear to most scandalous and "catty" talk.

If you will respect everybody's religious belief, even if you differ.

If you will keep your attention more upon others than upon yourself.

Sounds like a large sized order but in proportion as you are able to, you will have your friends.

### RESOLUTIONS OF RESPECT

Snyder, Texas, May 30, 1927.

Mrs. Emmett Johnson and Family.

Dear Friends:

Snyder Commandery No. 69 of Knights Templar desires to extend their sincerest sympathy in the death of your loved one, Sir Knight Emmett Johnson. His untimely death is not only a loss to you, but our beloved order has sustained an irreparable loss.

Sir Emmett was a good man and loyal to his friends, his family, his lodge and to his God. His

interest in humanity and his conduct made him a just and upright Mason. Sir Emmett bore his sufferings with patience and fortitude, and now that he has been called from labor to refreshment by the most Eminent Commander, his work will stand, and he is now in that house not made with hands, eternal and in the heavens.

And now, dear friends, when that dark hour of dissolution shall come, may the faith that sustained your loved one bring you safely through into the realm of the blessed where partings are no more. Remember always that the Knights Templar Lodge is a friend

to the widow, orphans, and the Christian Religion, and ever stands ready to protect and defend them.

Sincerely,  
C. E. JAMESON, Chm.,

C. OF C. NOTES

By E. P. MOORE, Secretary

Mr. A. L. Dacus, who lives 3 miles west of Dunn, reports that the hail Sunday afternoon killed 75 chickens for him, some of them heavy chicks, while some were fryers. He also states that he suffered the loss of 35 young turkeys, besides all his growing crops were ruined. Mrs. J. J. Brinkley, who lives near Mr. Dacus, lost 25 frying size chickens and 19 turkeys. From a survey made by the secretary the territory that received the damaging hail Sunday was three miles wide by 10 miles long. Farmers who have cotton seed for sale will do well to advise the Chamber of Commerce secretary at once.

To the Ladies of Snyder and Scurry County The Chamber of Commerce wants you to know that the chamber is very grateful to you for your thoughtfulness with your contributions to the chamber in the rural districts are showing their appreciation of these used magazines both by calling on your secretary and by letter. Just call 166 and your used magazines will be called for. More than 800 of these magazines were distributed in the homes of our rural neighbors last week. We want to especially thank Warren Brothers for the many magazines sent to our office.

Attention Farmers The secretary of the Scurry County Chamber of Commerce is trying to pool a carload of fat young hogs for shipment early next week. If you or your neighbors have any hogs weighing from 160 to 225 pounds that you would like to ship in this car, you will see the secretary at once. Each farmer making shipment of hogs will have his hogs marked so that he will receive his correct weights. We will have the markers for you, and without cost to you.

The Santa Fe railroad has just handled a solid train load of candy bars. The candy was manufactured by the Curtis Candy Co. of Chicago who make the "Baby Ruth" five-cent bar. This was the eighth train load that the Santa Fe handled in the short space of one year. All these eight train loads went to Los Angeles, Calif., from where they were distributed along the Pacific coast. These eight train loads had 19,500,000 five-cent bars of Baby Ruth, with 11 other confections made by the Curtis Candy Co. The Santa Fe alone handled for the Curtis Co. during the past year closing June 1 the following car loads of products used by the Curtis Candy Company: 500 carloads of sugar, 1,000 carloads of Chocolate, 500

carloads of milk, 500 carloads of corn syrup, 40 carloads of paper wrappers, 1,500 CARLOADS OF SHELLED WHITE SPANISH PEANUTS, 420 carloads of cases, 4,000 carloads of empty set-up boxes, 150 carloads of premiums for sales assortments, 310 carloads of miscellaneous materials, 9,000 carloads of finished products in candy bars, with a grand total of freight. Mr. Scurry County farmer, did it ever occur to you that the tallest building in the world was built with five- and ten-cent sales? The Woolworth Building, New York was made possible by the sale of small articles in the five- and ten-cent stores over the country. Did it ever occur to you that the five-cent beers made the Busch Brewing Company millions; that Wrigley was made many times a millionaire with his little five-cent chewing gum? That Chandler of Atlanta, Georgia, spends seven millions a year advertising a little drink he calls Coca Cola? Camel and Chesterfield cigarettes are 15-cent sellers, Palm Olive soap is a 10-cent seller, and there are millions of each of them sold every day. Mr. Farmer when you get it into your head that it is the little things that make millionaires and learn that your chickens, your cows, your pigs, your sheep, your turkeys, with a few acres of feed stuff, with what cotton you can gather with your own force, with only a

little five-acre patch of peanuts, you will be an independent man. Just so long as you go after this big stuff in cotton, you will be on the wrong side of the ledger in your bank.

Self-Explanatory

Dallas, Texas, May 31, 1927. Mr. E. P. Moore, Sec'y, Chamber of Commerce, Snyder, Texas.

Dear Mr. Moore: I want to extend to you the thanks of the entire Dallas Good-Will Tour Party for the splendid reception you gave us when we were your guests recently. Every member of the party thoroughly enjoyed the visit in Snyder, and I will be grateful if you will convey to your entire citizenship our appreciation for the splendid welcome given us.

We particularly appreciate the courtesies of your citizens in meeting us at the station so early in the morning and escorting us to the business district. I wish to thank you for the personal courtesies you showed us and, through you, your entire citizenship for the fine reception, and we hope at some time to at least return some of the courtesies shown us.

Sincerely, Herbert B. Carpenter, Secretary, 26th Annual Good-Will Tour.

BIGGEST DAY YET

The Homer Jenkins Grocery reports that they had their biggest Saturday in their career and that they attributed the entire happen-

ing to Times-Signal advertising, making the price and then giving service.

The Times-Signal is happy to hear its good advertisers say that, and we are further happy to congratulate Homer Jenkins in making such a statement. He's big enough to stand behind what he says.

PACIFIC OCEAN PLAYS

ROLE OF THE ATLANTIC

The Pacific Ocean became the Atlantic for motion picture purposes when Johnny Hines was filming shipboard scenes for "All Aboard," his new First National Picture, which comes to the Palace Theatre next week. The big body of water was cast in this role by the comedian when he boarded a steamer from San Diego with his supporting players, including Edna Murphy, Dot Farley, Henry Barrows and others, and sailed to

San Pedro Harbor. According to the script, Johnny was supposed to be sailing from New York.

Some highly humorous episodes of the new comedy which C. C. Burr produced for First National with Charles Hines at the directorial helm were made during the voyage which was supposed to be across the turbulent Atlantic. In the hilarious action, Johnny Hines enacts the role of a guide for a party of tourists who are bent on seeing Algiers, the desert, and the land of the sheik.

MAY BE THIS IS WHY IT DOESN'T RAIN IN SNYDER

Two youths, strangers to these parts, sat under the cool shade of a locust on the courthouse lawn a few days ago. One of them, glancing up from

a copy of the Scurry County Times-Signal, said to the other: "These people certainly ought to pray for rain."

"Huh," replied the other, "There's no use; the Lord has no jurisdiction below the caprock."—Stolen.

NEEDS WATER

Sweetwater has two big water needs—water now, and a permanent supply of water for the future, says the Sweetwater Reporter. That is something that doesn't worry Snyder. We have the finest in the state with an unlimited supply. We might be able to move Sweetwater over here.

The reason some people haven't much use for religion is because according to it, their money does not make them any better than their neighbors.

Progressing With the Times

THE past few years have seen many great changes in funeral directing. Modern methods—improved equipment—have supplanted those in use in the past. We have always kept abreast of the times in every respect so as to be able to render the best service obtainable. Our beautiful funeral home offers convenience, comfort and privacy. Our staff is well trained.

For the motorist who wants to cut down expenses

THE quickest and surest way to cut down summer motoring costs is by making certain that you are getting maximum mileage from your gasoline. During the touring season you travel great distances. The number of miles you get per gallon is your most important cost factor.

Is it any wonder, then, that motorists who actually check their mileage are using Summer Conoco exclusively?

They use Summer Conoco because it is packed with miles—extra miles. And it delivers these extra miles without sacrificing any of the essentials of good gasoline: ready starting, rapid pick-up and steady sustained power.

For motorists, the Conoco sign is the economy sign. Look for it at service stations and garages.
