

C. OF C. NOTES

By E. P. MOORE, Secretary

Miss Alma Dorsett, Mrs. J. W. Templeton and Mrs. Lloyd Thompson donated a goodly number of used magazines to the Scurry County Chamber of Commerce last week. All of these magazines have been delivered in worthy homes in Scurry County. The Chamber of Commerce is very grateful to these ladies for their thoughtfulness, and hopes that all ladies in Snyder and community will call the secretary when they have used magazines phone 166; The Secretary states that the club ladies of Snyder are giving him good support with their used magazines.

Two different mass meetings of Snyder business men were held last week in the directors' room of the Snyder National Bank with visiting gentlemen who are interested in building a modern fireproof hotel in Snyder. The publicity being given Snyder as one of the best towns located on the Dal Paso Cavern Highway that does not enjoy a first class hotel is attracting hotel men's attention. The activities of the Scurry County Chamber of Commerce will have the hotel located and construction begun before the summer is much farther advanced.

The secretary is having a lot of calls by men who want to do farm work. Notify him if you will need any help. Many men have been sent to jobs by the secretary, and there is no charge to either employer or employee for this service. The Scurry County Chamber of Commerce will be pleased to serve any farmer in Scurry County in any way.

Mrs. Ixon Joyce called at the office Monday afternoon and left a good supply of used magazines. Many thanks for your thoughtfulness, Mrs. Joyce, and before this little note of thanks goes to press your many magazines will be in deserving homes in Scurry County. Many little kiddies and big folks, too, will enjoy many pleasant moments with your used magazines, and they were certainly a nice, clean bunch. The ladies of Snyder are very thoughtful of the Chamber of Commerce with their used magazines.

A. F. Yeager, banker, diversified farmer, grower, poultry man, cattle man, sheep raiser, dairy man, onion raiser, and a general all-round worker and money maker of Farmersville, Collin County, was in Snyder Monday evening. With Mr. Yeager was H. L. Carver of Farmersville, and they were enjoying the nights out of doors en route to Lubbock. They spent an hour at the office of the Chamber of Commerce telling the secretary what a great onion country Farmersville was getting to be. Mr. Yeager made a clear profit of \$85 per acre on his onions this year at only \$2.05 per crate. Greenville, Texas, has a slogan that reads, "Greenville, the Blackest Land, the Whitest People," but Farmersville's slogan is "Farmersville, the Blackets Land, the Whitest Onions." Both Mr. Yeager and Mr. Carver enjoyed their visit to Snyder, as they had some old friends here. Mr. Gray of Gray's Variety Store, being one of their old friends, might be glad to know you, Mr. Yeager and Mr. Carver, and many thanks for the nice onions, but Joe Strayhorn is onion king of Scurry County, with a net profit of more than \$500 from one acre of onions. Just goes to show what you can do in Scurry County when you really try.

A mighty good and industrious man in Snyder is none other than J. A. Woodfin, our city marshal. Aside from being a good officer, he gets right down from his duties as marshal, puts on his overalls and does manual labor in order to beautify Snyder. Mr. Woodfin has made a regular hand way into the wee hours of the morning marking Snyder's streets without remuneration. Snyder is mighty lucky to have such an industrious

marshal. Now that the entire square is marked off for the regulation of parking, let's all Scurry County citizens give our marshal full cooperation in parking correctly. He will tell us with a smile when we are wrong.

GRAND JURY ASKS TO BE DISCHARGED

That Scurry is a law-abiding place is evidenced in the following letter:
To the Hon. Fritz R. Smith, District Judge:
We wish to thank the District and County Attorneys and the Sheriff's Department for their assistance, the witness brought before us for their seeming willingness to testify and aid us in every way, and we wish to commend the good people of Scurry County for their being so peaceful and law abiding.
We have finished all investigations and therefore respectfully request the court that we may be discharged.

TEXAS EDITORS PRAISE TEXAS-PACIFIC SERVICE

Eleven years ago George D. Hunter, general passenger agent of the Texas & Pacific railway company, promised the members of the Texas Press Association that if they would agree to hold another meeting of the association at El Paso he would promise them a finer special train than his road furnished for that occasion. He more than made good this week, for the eleven car special train which transported 250 newspaper men and their families from Dallas to El Paso Tuesday was as fine a train as any first class railroad could supply, and the service was all that could be desired. The newspaper people were not backward in letting Mr. Hunter know that the old reliable T. & P. was one of the best lines in the country—a one hundred per cent improvement over the T. & P. of 11 years ago.

As for speed, the special could show some of the crack express trains of the country a thing or two over the fine ballasted track which now extends over the entire system.—Big Springs Herald.

POLAR DOTTS
Polar is looking like a different country now. Everything is green and crops look good. Some of the early feed is heading, and some of the corn is almost in roasting ear. The meeting being held by Chas. F. Parham is still going on. There has been many professions of conversion and much praying during the meeting. Some of the workers with Brother Parham give special numbers in music which are enjoyed very much. There are a number of people here from other towns and communities to attend the meeting.
E. G. Elkins, owner of the Polar Mercantile, has restocked his store this week.
Mrs. E. L. Peterson and Mrs. J. A. Martin were at Mrs. B. A. Moore's home Thursday afternoon. They are taking music lessons from Mrs. Moore.
B. A. Moore and Chas. Lions worked the road from the Clark ranch to the highway last week. The road grading in charge of A. C. Cargile has been temporarily stopped on account of the tractor having to be repaired.
Ernest Massingill, who is working for the state highway department with headquarters at Lubbock, spent the week-end with his parents, Mr. and Mrs. J. R. Massingill.
Skip, Cumble and family went fishing on the river Saturday. Fishing on the river is just as risky a proposition as farming. We hope Skip's luck was better than usual.
E. E. Wallace and son, Grady, from across the river were in Snyder Saturday. Grady spent last winter with his grandmother, and went to school in Snyder, Oklahoma. We notice he hasn't lost a freckle even if he has been down east.
A number of Polar people were in Snyder Saturday.
Mr. and Mrs. Simms and Mrs. John Reed and girls attended church at Polar Saturday night.
Mr. and Mrs. B. A. Moore spent Sunday in Snyder visiting relatives.
Mrs. E. L. Peterson has a niece visiting her this week.
John Cargile was in Dermott Sunday afternoon.

The greatest favor that could be conferred upon a newspaper would be for its readers to let the advertisers know that they have read their ads and have called to see the articles advertised.

FARMER OF SLATON TURNS TO POULTRY

Alvin White, farmer, living 8 miles southwest of Slaton, has decided not to plant any cotton whatever this year. Instead he will have 10,000 baby chicks and 200 acres of grain. Although the rainfall since June 5 has been ample and fell in plenty of time for cotton planting, White believes the poultry business, on a large scale will beat cotton.

STANTON EDITORS CHANGE

The Stanton Reporter has changed editors. W. S. Robertson, editor of the Stanton Reporter, resigned the paper today and turned the job over to Henry Mitchell of San Angelo. Mitchell has been in the newspaper business for the past 24 years.

YES, WOULD BE TOUGH!

The Methodists killed Clarendon College by proposing to move it to Amarillo, and now Clarendon proposes to establish a municipal junior college at the old plant, says the Canyon News. It would be a joke on the Methodists if Clarendon should succeed with the municipal college where the denomination failed with its church school.

ROSCOE GETTING STARTED

Actual construction of Roscoe's sewer and water system is under way this week, says the Roscoe Times. Work was started Monday on the disposal plant and the digging of the main ditch for the sewer. A huge Buckeye ditcher is being used to dig the ditches. The main ditch will be cut to a depth of fourteen feet.

The town of Slaton has turned down a million dollar road improvement petition that had been prepared in Lubbock. Slaton citizens claim the petition had some "slepers" in it.

Frequent Bilious Attacks

"I suffered with severe bilious attacks which came on me two or three times every month," says Mr. Ollie Miller, of Murray, Ky. "I would become dizzy. My head would ache terribly, feeling as if it would almost burst. It felt exactly like a tight band was being drawn closer and closer around my temples. My stomach would be so upset I could not retain any kind of nourishment for hours. I would have to quit work and go to bed. My color was awful. I was yellow and my skin was drawn and dry. I did not have any energy—no ambition to work. I was just about half sick most of the time because of these spells. I got some Black-Draught and began to take it regularly until I got my system clear of the poison I had been absorbing. I soon began to feel better and developed a fine appetite. I had no more bad headaches or bilious spells."

GOD MOVES IN A MYSTERIOUS WAY

If you are inclined to be a bit discouraged, read this fine old religious poem by William Cowper, set to music many years ago, which has been a source of comfort to many a dejected soul:

God moves in a mysterious way His wonders to perform; He plants His footsteps on the sea, And rides upon the storm.

Deep in unfathomable mines Of never-failing skill, He treasures up His bright designs, And works His sovereign will.

Ye fearful saints, fresh courage take; The clouds ye so much dread Are big with mercy, and shall break In blessings on your head.

Judge not the Lord by feeble sense, But trust Him for his grace; Behind a frowning providence He hides a smiling face.

His purposes will ripen fast; Unfolding every hour; The bud may have a bitter taste, But sweet will be the flower.

A comet is to appear about June 29—another comet without a tail! Now, wouldn't that beat you! We were under the impression that a comet without a tail would be like a sock log without a foot or a doughnut without a cup of coffee. In other words, that the tail really wagged comet, and that without a tail a comet would be nothing but an ordinary star. But there is always something bobbing up to knock the props out from under a fellow's conclusions, and all of his theories into a cocked hat. So we are now wondering if every star didn't once have tails and, like the tadpole, shed their tails as they grew older, or whether a comet was once a star and is sprouting a tail as it grows older. Now, here is something for our esteemed Fluvanna correspondent to think about.

MARKED MERCHANDISE

that in those early days articles of an inferior grade were produced in the course of manufacture, but these seconds were never dignified by the trade mark, which they had determined should stand for high quality.

The idea was then new. Such frankness in advertising stands readers in his belief and added great impetus to the marking of goods of standard quality. Today the custom of identifying articles by the names with which they are marked has advanced so far that we look askance on unmarked merchandise in all cases where marking is practicable.

TWO MEN ATTEMPT TO TIE LORAIN NIGHTWATCHMAN

Plans of two men to commit a series of hold-ups or rob a number of business places in Loraine were frustrated Sunday night by an alarm given by the nightwatchman when they attempted to tie and gag him.

According to word reaching the sheriff's office here the two men stopped the nightwatchman and asked him where they could find a place to spend the night. As he started to direct them to a rooming place, they seized him and attempted to tie and gag him. He called for help, arousing a number of citizens of the neighborhood, and his attackers, becoming frightened, ran.

WELL KNOWN LUMBER DEALER IS BURIED

George W. Gray, 60, well known West Texas lumber dealer of Sweetwater, who died Sunday, was buried there Monday. Mr. Gray was born in Bell County February 1, 1867. Palmer Leeper of Sweetwater joined the Hole-in-One Club Sunday afternoon when at the Sweetwater Country Club he shot off the sixth tee with a spoon at a blind green 175 yards away and sunk the shot. It is the first time a hole has been made in one on the Sweetwater course.

LOWER FREIGHT RATE SCHEDULE TO WEST TEXAS

Lower freight rates to West Texas will result from the newly promulgated common point schedule, U. S. Pawkett, traffic manager of the West Texas Chamber of Commerce, told directors of that organization at their meeting at Cisco last week. A careful analysis of the recent Interstate Commerce Commission's decision indicates that such points as Cisco, Abilene, Sweetwater, Colorado, Big Spring, San Angelo, Lubbock, Snyder, Lamesa and Amarillo can get freight from the wholesale centers of St. Louis, Kansas City and New York at rates lower than if shipped to Dallas and Fort Worth and re-shipped, Pawkett said.

Hermleigh News Notes

Tuesday, June 12, the people of Hermleigh went to the polls and gave voice to their wish that our little town be made a city again.

The vote was 56 for and 44 against incorporation, thus giving the progressives a majority of 12 votes. The town has been without city government since January of this year when it was voted off by a bare majority, and during this time we believe that most of the enemies of incorporation have realized their mistake whether they will acknowledge it or not.

This realization has been brought home especially to those who do not have wells and tanks of their own, for, since the city water tank blew down about three weeks ago, they have been carrying their water. This has been an especial hardship to the business people, and since, as we have been told, several hundred dollars was left in the treasury when municipal government was discontinued, they got busy working for reincorporation so that the money may be used. Their success at the polls is indicated above, and soon after the election was approved, city officials will be elected. Then, let the good work of improvements go on!

Though, perhaps, it cannot be done now, we hope to see some time in the near future a real water system in a better and larger Hermleigh. Our town ought to grow, and can grow, for it is the center of a large and fertile farming territory. When organization is completed this time, let's all get behind Hermleigh and push forward with progress, then still more progress should be the goal.

HARD RIDING BUCK JONES IN FINE FILM

Buck Jones, hard riding Fox Films star, will begin a two-day engagement at the Palace Theatre Friday in "Whispering Sage," a tense drama of the Southwest in which the popular western ace is seen at his best in some hair-raising situations.

The action centers about the love and homestead of Mercedes, a charming daughter of a Basque patriarch, who is threatened by a band of desperadoes headed by Hugh Acklin, an unscrupulous rancher with a band of thugs under his control.

HOW HOT? NOT MUCH. A lot of folks were speaking of "how warm" it was Monday. Weather Prophet Wilsford said it was only 100 degrees. We've had hotter days than that in the past month—105 degrees in fact—but my, isn't it cool at night? You can't beat this climate.

Strange Things

Usually it is conceded that everyone wishes to "live and let live" as long as possible. At the same time we are forced to the conclusion that there is a considerable percentage of lazy speed fiends running at large and running wild who are seriously imperiling both limb and life of our more considerate and civil citizen-ship; these latter, in most cases, being absolutely helpless.

Which Pays The Biggest Dividends

The question of whether it is cheaper to send the wash to the laundry every week, or make an investment in a washing machine is one that should be carefully investigated by every housewife.

A laundry equipped like the Snyder Laundry can do your laundry much cheaper without the initial investment and worry connected with the purchase of a washing machine.

The Average Cost of a Washing Machine is \$118

That is the first cost, and the piece of machinery has not been made that doesn't require expert service to keep it operating efficiently, and the average woman is not a mechanic, nor is it always convenient to wait while the washing machine is being repaired.

and you still have labor and muss!

If you do your laundry, you still have to clean up the mess that wash-day brings, heat the water, put it into the machine, take it out again, and perform many of the disagreeable duties that are connected with doing the washing in your home.

The Average Cost of Rough Dry for a Family of Four is \$1.20 Per Week

Taking the average washing for a family of four the Rough Dry cost is \$1.20 per week. At this rate you can well afford to let us do your laundry, for you haven't your money tied up in a machine that is not always ready to operate when you are.

and we take the responsibility!

Your washing when sent to us is returned to you immaculately clean and promptly, eliminating unnecessary expense, labor and inconvenience.

NEXT WEEK—We will start Wednesday morning, continuing the same service on Thursday and Friday of doing Wet Wash. The charge for Wet Wash service will be six (6) cents per pound, up to \$1.00; over and above that amount, 5c per pound. Minimum charge 50 cents.

Miss Alma Dorsett and Billie Frank were visitors to Ballinger Sunday. Miss Eunice Lilly of that place returned home with them and will be the guest of Miss Dorsett this week.

Mr. and Mrs. T. I. Lollar and daughter, Miss Jeanette, left Monday in their car for Washington, Oregon and the Yellowstone National Park. They will be gone about two months.

Dr. Corbin, Mrs. Eva Warren and Mrs. J. W. Warren motored to Snyder Wednesday afternoon. Mrs. J. W. Warren will remain there after visiting for two weeks with her daughter, Mrs. Ira L. Duckworth, says the Post Dispatch.

Mrs. J. M. Newton and son, J. M. Jr., and Misses Polly Harpole and Frances and Sadie Tell Jenkins and Howell Harpole returned to Snyder Tuesday evening from Dallas where they had been visiting for a few days. Miss Polly, Sadie Tell and Mrs. Newton have been quite sick from ptomaine poisoning but are getting along nicely now.

REVIVAL GROWING IN INTEREST WITH DARNELL IN CHARGE

The revival meetings at the Christian church are increasing in interest and attendance and will continue all of next week.

Rev. W. D. Darnell of Sweetwater is doing the preaching, and the Christian church members feel highly elated over securing the services of this well known man of God. He is a close Bible student, knows the Book, and has rare ability as a preacher. His sermons are plain, practical and helpful to all who would know the old Bible.

The Christian church extends a wholesome welcome to all who will come and be their guests during this great revival season.

OPPOSITION TO ROAD CHANGE DEVELOPING

Opposition is voiced to the proposed alteration of Highway No. 9 from the east to the west side of the Santa Fe railroad north of Lamesa due to the fact that such change would isolate the poultry farm just at the edge of the city which is recognized as one of the show places of the county and an excellent advertiser of this section as a poultry producer.

This is one of the largest industries of its kind on the South Plains and its owners are proud of their accomplishments, and in a petition signed by Judge J. E. Garland and addressed to the Commissioners' Court in particular, the reasons are succinctly and forcefully set forth why no such change as proposed should be made.—Dawson County Journal.

ERAL DAYS OF CONTINUOUS SWABBING

The well still was standing 2,259 feet in pure oil, says the Abilene News.

The well apparently is due to be tested within a week. Six-inch casing was started in the hole Thursday morning at 8 o'clock.

The owners yesterday began moving two 250-barrel tanks to the site, and these will be put in place and connected without delay, it was reliably reported last week.

An oil bearing formation and strong gas flow was encountered at 2,499 feet in the test a week ago last Saturday. The hole filled 2,300 feet with oil and water. The water was bailed off, leaving pure oil in the hole, which substantiated the belief of many oil men that the water was entering from a higher level in the well.

DR. HODGES, AN ABLE INSTRUCTOR, IS HERE

Dr. Hodges, who is giving instructions in Sunday school teaching at the Presbyterian church, is proving himself to be a master of his work. He has been holding a school of instruction for the Presbyterian people, but teachers from other Sunday schools have been taking the work, and every one is loud in their praise of Dr. Hodges and his methods.

There is a crying need of capable teachers in our Sunday schools to meet the demands of the present day. The interest of no Sunday school will ever be any greater than the interest manifested in and created by the teachers of the several departments. Psychology is just as badly needed in teaching a Sunday school class as it is needed in our public schools and colleges.

The little things, which are really big things, because they are important units in the very fundamentals of teaching, are the very things stressed by Dr. Hodges in his great work.

PATTY TO HEAD FLOYDADA SCHOOLS

ON HER SIXTH BIRTHDAY

Mrs. J. O. Spears gave a birthday party in honor of the sixth birthday of her little daughter, Elmanda, on Wednesday, June 15. Many exciting games were enjoyed by the children throughout the evening. Victrola music was also enjoyed. The children had a nice program of readings and songs. On entering the living room each guest was served with lemonade. Elmanda was the recipient of many nice little birthday gifts from her friends.

After many games were played, they were again served with parched peanuts and candy. On entering the dining room which was decorated with dainty cut flowers, each child blew out the candles which were placed in rosebush holders on the cake. A delicious plate lunch was served consisting of jello, whip, cake, sandwiches, and lemonade. Those who attended were Misses Elmdana, Fay Nell and Irene Spears, Earline Martin, Elaine Upton, Helen Brock of Pecan Grove, Edmondson, Mavis and Geraldine Shuler, Dorris Moffet, Wynona Keller, Laura Autry, Nemo Brock and Mildred Plummer; Master Weldon Williams, G. L. and Leon Autry, Othee and Arlie Upton, Jack McArdle and Jack Martin, Mesdames A. C. Martin, J. M. Spears and Norman Autry also attended the party.

MRS. STOKES HONORED

Honoring Mrs. R. L. Stokes of Fort Worth, a former president of the Ladies' Missionary Society of the Methodist church, the society entertained with a most enjoyable outing at the Wolf Park Friday evening, June 17. A beautiful picnic feast was spread, where about forty guests had the pleasure of enjoying another evening with the honoree.

A SUNRISE BREAKFAST

Thompson's Dam was the scene of a most enjoyable occasion Wednesday morning when a bunch of young folk went for a sunrise breakfast. Those present were Mrs. Lee Newsom and Misses Eloise Scott, Dorris Buchanan, Margaret Dell Prim, Dorothy Strayhorn, Vera Nell Grantham, Sybil Anderson of Clarendon, N. M., and Messrs. Max Brownfield, Nibs Warren, Herman Trigg, Cleve Blackard, Joe Tant Johnson, Dave Suddeth and Herbert Bannister.

HEARD—CURRY NUPTIALS

A very pretty home wedding was solemnized last Sunday evening at six o'clock when Miss Willie Ferne Curry became the bride of Mr. Roy E. Heard at the home of the bride's parents, Mr. and Mrs. W. M. Curry, with Rev. J. T. Weems, pastor of the Methodist church, officiating.

Just before the marriage ceremony Louise Curry, baby sister of the bride, sang "Always." Mrs. Joe Graham of Snyder sang Cadman's "At Dawning," with Miss Beatrice Kirkendall of Pecos at the piano. Miss Kirkendall also played "The Wedding March from 'Lohengrin'" as the bridal party entered the living room and took their places before the pretty improvised altar of ferns and blooming clematis lighted with pink candles, while the other part of the room was adorned with vases and bowls of fragrant June roses.

The Rev. J. T. Weems led the professional, followed by the groom and Mr. Dave McCurly as best man. Then came little James Razan carrying the ring in a beautiful lily. Next came the bride's maid, Miss Pauline Heard, followed by the matron of honor, Mrs. John Dix of Abilene. Little Louise Curry preceded the bride and strewed roses in her path as she entered the room on the arm of her father. The beautiful ring ceremony was read from the Methodist ritual.

The bride's wedding costume was a delicate pink georgette creation over a satin slip with shoes and accessories harmonizing. She carried an arm bouquet of pink carnations showered with baby breath.

Immediately following the ceremony and congratulations, the bride led the way to the dining room where the bride's cake, an angel food pyramid topped with a tiny bride and groom, was cut and the hidden fortunes distributed to the lucky ones. Miss Myrl Motheral was the fortunate maid catching the bride's bouquet.

The heavy rain prevented the bride and groom leaving on their honeymoon trip to Roswell and other points of interest in New Mexico until Monday afternoon.

Mr. and Mrs. Heard will be at home in the David Aynes place after July 1st.—Crosbyton Review.

on feeding pigs is to have them free of lice and worms. Getting the lice, many more hogs are wormy than commonly suspected. Where hogs are slightly wormy, a home mixture of 1 oz. of copperas to one quart of warm water, mixed in the slop for 12 pigs should be fed for five successive mornings. In bad cases use one-half teaspoonful of oil of chenopodium with 2 oz. of castor oil for a fifty-pound pig. If the pig weighs 100 lbs., double the dose. It is very important to keep pigs or hogs free of worms. It takes an experiment approximately 500 lbs. of concentrated feed properly balanced to make a 100-lb. gain on a hog after he reaches 100 lbs. The cost of a pig for the first 100 lbs. is the cheapest gain, and on experiment generally runs at something like \$4.00, depending upon the pasture and feed. The feed to add the extra hundred pounds would cost, figured from experiments with Milo at one cent per pound, and supplement 1 1/2 cents, \$6.12. From these figures one might conclude that feeding pigs would not be profitable at the present time, and this would doubtless be true for the man who had to go on the general market to buy and feed to reship, but they offer a fairly sure method of marketing milk and pasture at a fair profit, and for the man that has the pigs or can buy them at prices that they have been selling for in the county, there will doubtless be some money in a project of this kind.

W. L. Jones, one mile north of Hermleigh, has 500 roosters with a loss of 25. Mr. Jones did not find the work so difficult and should realize a good profit from this undertaking.

Melon lice can be killed with Black Leaf 40" which when combined with soap is the best control for the striped cucumber beetle. Use at the rate of 1 1/2 teaspoonful to the gallon of water. Hale county continues to develop the dairying industry. The longer they follow this the more they seem to like it. They are acting now on experience and are investing in quality and buying the very best. This would not hurt Scurry County.

The county agent is looked on by some people as a fellow who is hired to tell the other fellows that the truth is the servant of the farm people and is to work in the way that he is told that he can help, and any farm has many problems. The spirit of the county farm agent is that of 100 per cent cooperation.

J. A. Howell of Seminole was here last week attending to some farm interests.

The Marland Oil Co. of Texas paid \$35,000 for a lease on four sections of land a few miles south of Big Spring, the deal carrying a drilling contract.

The land secured was sections 10, 11, 14 and 15 in block 33, township 1 S. T. & P. Ry. Co. survey. The \$48,200 is to be paid in oil. The land is owned by the Connolly estate and adjoins the J. B. Harding farm on which the Texon Oil Company recently secured a commercial well.

The Marland Company has also purchased the northeast quarter of section 28, block 33, tp. 18, T. & P. Ry. Co. survey for \$1,200, and section 34 and the southeast quarter of section 38, township 1 south, for \$12,000.—Big Spring Herald.

READ THIS OUT LOUD

Yes, it looks like the other fellow is always to blame. The neighbor's little boy is always in the wrong; your neighbor's religion never comes to par; your business associate doesn't do his part of the work; the parents next door let their daughter act simply awful; the pastor doesn't know how to retain the respect of his members; no man in the community does as much as you do toward its progress, and they have such fool ideas about what should be done; the other political party is just too corrupt for words; if the people don't arouse themselves and take to following your example, the old world is being blown away some of these days, O hum! Wish people weren't so all-fired set in their ways, so opinionated and contrary!—Mineral Wells Index.

If this should happen to hit any member of the Times-Signal family, let your shoes fit properly—wear it and be unshamed.

UNIQUE CREED

The Albany News has a unique creed which says:

"I don't belong to anybody—has a mind of its own.—Says what it thinks part of the time.—Believes things today that it did not believe yesterday.—Has no political aspirations, hence not seeking after political emoluments from State or Nation.—It's democratic for the sake of good government.—It believes that governments are instituted for protection, not free lunch joints and soup kitchens for beggars.—It believes in Salvation by Grace, temperance by moral suasion, minus statutory enactments.—It believes in God.—It believes in men.—It believes in the town where it lives.—It unfolds its philosophy from the spoils of common sense.—Don't allow grammar sharp nor the English language to get in its way when it wants to express a truth, what the critics think spells nothing to the journalistic kid when it goes gleaming for facts.—It's stuck on its job, but the office of journalism is the greatest calling on earth.—Not seeking after fame, gold, stocks nor bonds, but duty well done, an easy conscience, clothes to wear, victuals to eat, its by three.—Then when the last call comes, we will pitch the shooting stick and mallet of do into the hell box, hang up our shop apron, get off the tripod, and say here we are God, come and get us.—We've done our durnedest."

LINDBERGH, TEXAS

Lindbergh, Tex., is the name of a new town in Starr County, just west of Rio Grande City on the Rio Grande. A large tract of land was purchased several months ago by St. Louis capitalists who now are developing it. The town will be in the center of a large cotton, truck and fruit growing area.

HE'S A COCK-EYED HUMAN

The attorney general of Indiana is being tried by the press for violation of the Volstead Act. The facts are: The Attorney General had two children sick with pneumonia and typhoid. They were hovering between life and death. The doctor prescribed whiskey. The father couldn't get it legally—but he got it. He admitted he procured it in violation of law.

Now comes Dr. John Roach Stratton, pastor of the Cavalry Baptist Church of New York City, and says the Attorney General should have let those children die rather than violate the Volstead law. Then there are others who say the children did not need whiskey—but these children were not their children. The father was not a doctor, and he could rely only on what the doctor said about it; therefore, he got the liquor and both children are getting well.

If these had been your children, what would you have done? If you were human, everybody knows what you would have done. Of course, Brother Stratton is only part human, and he would have let them die. Everybody, except Brother Stratton, is happy because the kiddies are getting well. The Attorney General is acquitted, so far as we are concerned.—Sterling City News-Record.

We have this Dr. Stratton type in every community—poor as Christians—but doing Christianity more harm than a thousand atheists. When a fellow gets too good he usually wants to make the other fellow follow in his footsteps or get off the earth.—Big Spring Herald.

DUNN DOINGS

The date of the Methodist quarterly conference has been changed from July 26 to July 21. The conference is to be held at Colorado.

Sunday evening a good program will be rendered by the B. Y. P. U. It is to deal with missions, and Perry Echols, Mrs. J. McDermitt, R. M. Tucker, Allie Mae Irvin, Roy Irvin and T. J. Tuller will be on the program.

A children's Day program is to be given at the Methodist church Sunday afternoon, June 26. Last Sunday afternoon the parts were assigned and a rehearsal was held Tuesday afternoon.

noon, Mrs. T. E. Grimes who has charge of the program is very anxious for those who have parts to attend every rehearsal so that the program will be worth while. Saturday evening a B. Y. P. U. entertainment was given for all of the young people of the community at the home of Mr. and Mrs. T. J. Tuller. The entertainment consisted of many outdoor games and refreshments of lemonade and cake were served to approximately 75 guests.

Orchestra practice was held in the Methodist church Sunday afternoon under the direction of Mrs. T. E. Grimes.

FORMER SCURRY BOY IS CHOSEN AS COLLEGE TYPE Among Ten From University of Texas by Movie and Magazine Judges

James Garrett McKinnon of Plainview, who formerly resided at Hermleigh, was selected as one of the ten college men at the University of Texas as a typical college man, with personality, character and photographic possibilities. The selection was made by First National Pictures and College Humor.

McKinnon is a senior at Texas Alpha and Sigma Delta Psi fraternities. He is proficient in football, track and tennis.

The many friends of this young man will join the Times-Signal in proper congratulations and good will cheer.

WILL BUILD NEW ADDITIONS TO SCHOOLS The voters of independent district No. 11 have voted \$2,500 bonds to build an addition to their building. District No. 6 (Canyon district) has voted \$3,000 bonds to build an addition to their building and teachers' quarters. Ennis Creek independent district is voting on a \$1,500 bond issue to build an addition to their school. The Ennis Creek board will call the election shortly.

MANY CARS SPEND NIGHT IN SNYDER The secretary checked the visiting automobiles in Snyder Tuesday morning at 6 o'clock, and the following is the result of his check up: The cars were from the following counties and states: Nueces, Nolan, Trinity, three from Taylor, Schleicher, Sterling, Karnes, Fisher, one from the state of Louisiana; one from Garza, one from Matagorda, three from Jones, two from Harrison, two from Anderson, four from two from Dickens, one from Terrell. Then, good Snyder folks, you say we do not need a first class modern hotel! Many were asking the secretary where they could get rooms for the night up to eleven o'clock Wednesday night. Twenty-five visiting cars spent the night in Snyder that we know of.

BAPTIST LEADER DELIVERS LECTURES

Dr. L. E. Finney, prominent Texas Baptist preacher and leader, was with the First Baptist Church of Snyder Sunday, Monday and Tuesday for a series of lectures and sermons. Dr. F. M. McConnell, Dr. Finney's co-worker, was unable to be here on account of urgent business matters in Dallas with the Board of Trustees of Baylor School of Medicine and Baylor Hospital.

Dr. Finney delivered a very inspiring sermon Sunday morning dealing with the fall of Adam and the redemption of man through the coming of Christ. In this sermon he gave some facts on the subject of evolution in a most unique manner.

His sermon Sunday night was pure gospel and was rendered more appealing by the bringing of more experiences Dr. Finney had while a chaplain in the army in France.

Monday and Tuesday morning he lectured on a recent book, "Stewardship Vitalized," which is outstanding in its position as regards possession, ownership and stewardship of property. Several will take examinations and receive B. Y. U. and Snyder school seals for diplomas.

Monday night Dr. Finney told in a most interesting and living way of the cost of the Bible. He told of the many persecutions in the early Christian era by the Catholics. He has traveled extensively in Europe and brought out heretofore unpublished facts regarding the preservation of the Bible and the fidelity of the early Christians.

Next week Dr. Finney and Dr. McConnell will be with the First Baptist Church at Brownwood in a stewardship campaign with the Baptists there.

J. S. YORK

Joseph Santefor York was born in the state of North Carolina May 17, 1851, and died in Snyder, Texas, June 17, 1927, being 76 years and 1 month old. Brother York came to Texas in his early manhood and after living in other parts of the state he moved to Borden County in 1890, having lived in one place for 27 years. He was married to Katie Weatherby September 23, 1883, they having lived together more than 43 years. To this union were born 7 children, 4 boys and 3 girls, two of whom preceded him to the grave, the five remaining ones being Mrs. Jessie L. York, Mrs. Suzie Branton and Joseph B. York. These with the mother and wife mourn the going of this good husband and father. Brother York joined the Methodist church some 27 years ago and has been in active service since that time. He has been a steward in the church for more than a quarter of a century. Having served well and faithfully, he was ready when the

call came to go. He told some of those who waited at his bedside that he was ready to depart and be with the Lord. Before closing his eyes on things earthly he offered a prayer and the burden of this prayer was that the lost might be saved and that they then help to save others. "Let me die the death of the righteous; let my last end be like his." This, no doubt, was brother York's experience. For a man to die righteously, he must live righteously. That Brother York thus lived is the verdict of his neighbors and friends.

MEN'S BIBLE CLASS WINS ANOTHER GAME

The Men's Bible Class defeated the Baptist men's team 9 to 4 Tuesday afternoon. Batteries—Men's class, Simms and Carlson; Baptists, Bullock, Autrey and Brown.

The Baptist boys still have the edge on the Men's class with three wins and two defeats.

A good crowd attended and enjoyed the sport very much. Next Tuesday these teams will again clash, and it will decide one of two things, either the teams will be even up for games, or the Baptist boys will have increased their percentage.

Next week, we understand, a lot of the folks intend bringing their lunch to the game and enjoying a picnic spread at the park. An old fashioned chicken fry would be a half bad suggestion. Let's talk Pat Bullock and Joe Harrington into pulling something like this. Whadayousay? Maybe it would be a good idea also to speak to Rev. Ferguson and J. L. Martin. You don't need to say we told you, let's just suggest it to them and all of us can get in on this chicken fry, meaning the members of the two teams and their families. Now let's pull a good one. Some of those fans should get in on this too. Boy, they sure know how to root!

REWARDS OFFERED BY BANKERS FOR ROBBERS The Panhandle Bankers Association in session at Plainview last Thursday adopted a resolution offering a reward of \$500.00 to any one who kills a robber while in the act of robbing a bank. It also offered a reward of \$250.00 for the arrest and conviction of any one robbing a bank. These offers apply only to banks which are members of the association. Much enthusiasm was in evidence over the resolution. All admitted that some effective means must be taken to stop the robbing of banks. It was pointed out that five have been robbed in the Panhandle within the past few weeks. There were about 200 bankers present at the meeting.

Mrs. Marcus Reep spent Saturday afternoon with Mrs. Luther Morrow.

Mr. and Mrs. L. T. Allen's brother of Post City spent Sunday with them.

Little W. D. Harless happened to a very painful accident last Sunday while riding a calf. The calf ran into the fence with him and cut a very bad place on one foot.

Mrs. Leo Thompson and little son, Sanford, are both on the sick list this week.

Mr. and Mrs. Ernest Garner spent Sunday in the home of Mr. and Mrs. Clark Nick.

Mr. and Mrs. L. M. Fambro visited Mr. and Mrs. Johnie Freeman near Snyder Sunday.

NEGRO SLAYER OF COLOFADO BOY IS BEING GUARDED

Although virtually all feeling is believed to have subsided, Zack Chappell, negro, held in connection with the death Thursday of J. W. Currant, 20, white youth, has been removed to a neighboring town for safekeeping.

Chappell is being held on a charge of assault with intent to murder. As a result of Currant's death, however, the charge will be changed to murder, George H. Mahon, county attorney, said Friday.

Currant died Thursday of gunshot wounds alleged to have been inflicted Sunday night by Chappell in an altercation between three white and three negro youths.

Mr. and Mrs. R. J. Randalls and son, James Thomas, were in Sweetwater Monday to attend the funeral of George Gray.

Belton, a city of 6,000 and the home of the famous school for girls, now has no newspaper. A number of excellent newspapersmen lost all they had trying to make a paper go in Belton. The last one, Charlie Watson, for many years owner of the Midland Reporter, has moved the plant of the Belton Journal to Midland and is now trying to sell his subscription list and good will of the Belton Journal, but so far no one seems to want it.
