Efficient Home First Aid

Efficient first aid at home has avoided many a big doctor bill, eliminating suffering and has saved many lives. The small cut, burn, scratch or seemingly trivial injury can easily develop into a serious case of infection, if not attended to promptly, especially in hot weather. The home medicine chest well stocked is a precaution or guarantee against needless suf-

fering-and every home should be equipped. We can suggest home remedies which should be in every home cabinet. Purest drugs, properly compounded, is our specialty. Our prices are most reasonable-with no extra charge for any service we can render.

The Times-Signal likes the way Governor Dan Moody stands hitched on his present controversy with the W. C. T. U.

The Abilene News expresses our sentiments when it said Saturday: "Governor Moody will have the hearty backing of the overburdened tax payers in his little runin with the W. C. T. Announcing NEW BEAUTY-NEW COLORS and Surprising Price Reductions!

-made possible by the efficiency and economies of the world's newest and finest motor ar factory

Enriched in beauty by new and fashionable color combinations and offering all those amazing qualities of performance and luxury which have sent Pontiac Six popularity to record-breaking

-Pontiac Six is announced today at new low prices on every body type!

This surprising price reduction comes at a time when Pontiac Six Sales have been surpassing all previous records-and is made possible only by the economies of increasing production in the new \$12,000,000 Pontiac Six Plant, which in facilities for efficient quantity production and precision manufacture, represents one of America's industrial achievements. As a result, manufacturing costs on the Pontiac Six have been reduced.

So now at a base price of only \$745 Pontiac Six offers the following features which constitute defi-

tion and which are obtainable in no other low priced six: (1)-Bodies by Fisher-with all the Fisher advantages in styling, comfort and safety. (2)-The smoothness, power and snap of the largest engine used in any six priced up to \$1,000. (3)—The endurance and stamina assured by an oiling system which forces 250 gallons of oil an hour through the engine at 35 m. p. h. (4)—The convenience and luxury of such features as tilt-ing beam headlights with foot control and Fisher VV windshield. These are four great factors of

nite assurance of lasting satisfac-

satisfaction which every buyer of a low-priced six has the right to expect. Yet not one of them is provided on any other six, at or near the new low prices of the Pontiac Six. See this triumph of efficient production and advanced design which makes possible the enjoyment of six-cylinder performance and Fisher body luxury at the lowest price in history!

Business Affairs

So far as we know, the outstanding business transaction of the past week was the sale by D. T. Cribbs and wife to D. T. Whatley, of Wichita Falls, of their well improved farm home, comprising 160 acres of all-tillible land lying three miles south of Fluvanna. It is understood that Mr. Crobbs will probably build on his tract of land lying just north of Fluvanna. Meditate Before You Mail It

CONSIDER these things—before you mail your orders out of town. The dollar that you spend out of town is gone forever. The dollar that you spend at home—stays here and works. Whether it goes into civic improvements, via taxes, better schools, churches, streets—or whether it simply goes into more merchandise for your next needs—it circulates at home.

Remember your neighbor will take better care of you than a stranger. It is to his interest to do so. His future depends on his winning and holding your confidence and friendship—and he's right here to make good any mistakes.

When you help the home merchant, the home industry—they in turn help build up your town—thus making greater and better opportunities for you and your children. Spending money at home is putting a mortgage on it to come back to you—spending it away from home is bidding it goodbye.

And your home purchase is better, for you can see and measure its value—before you part with your money. Not so "the cat in the bag" you buy from distant points. Don't mail your order until you have considered these things—and you won't mail it at all.
