### 30 YEARS AGO

News Taken From The  
Comine West  
AUGUST 5, 1897

Orders for Scurry oats are being received from several directions, and the work of shipping has begun. Tom Martin took one load to Colorado today for shipment to Bosque County. Orders are in from Runnels and Haskell Counties and will be supplied.

Present indications are that 2,000 additional settlers will land in Scurry County between now and January 1st next.

Little Joe Buchanan presented the editor this week with a twin squash grown from one bloom. Tom Pruitt, our ginner, states that he was busy grinding corn Saturday.

Mr. F. Aucutt, our new merchant who opened up the Cash Racket House Saturday, is enjoying a good trade.

Hiram Garrard, who has been making his home in Taylor County, came out last week and made a pleasant visit among relatives.

S. D. Sears, who has returned from a trip to Coleman County, reports very dry weather there.

Scurry County says 30 bushels of corn to the acre.

Last Monday morning a messenger was dispatched from the Moor ranch for a physician, with the report that Mr. J. Wright Moor, while removing the rope from a horse, had his feet entangled and was jerked down. In attempting to catch, Mr. Moor fell with his weight on one arm, breaking the bones in his wrist, and causing a painful injury. Dr. Scarborough attended the patient.

### UNION DOTS

The Sunday schools were very good Sunday—pretty fair attendance, good preaching at 11 o'clock and at night. The meeting closed Sunday night. The League program was good, and the attend-

ance was good.

Everybody is very busy out this way trying to get their crops worked over since the rain.

Holly Shuler and wife and son, H. C., came home Saturday after a ten-day visit to Wood and Rains Counties. They report a good time with lots of peaches and melons to eat.

Mrs. Carrell and May Rogers of this community came home Sunday from College Station where they took in the Farmers Short Course. They report a great time with splendid entertainment.

Delia Carrell came home Wednesday from a two months visit with her sister, Mrs. L. M. Bynum, of Denver, Colo.

Union Dots was made glad one day last week when our old friend and neighbor, W. S. Slaughter of Cooper, Texas, just for days of Auld Lang Syne, came out of his way in these busy times just to pass a short time with us and to learn how time is serving us. We say it makes our heart glad for such friendship.

Mr. and Mrs. Mason Griso of Burleson are visiting their uncle, H. H. Jeffries, and family at this writing.

J. A. Morgan and wife and the four youngest boys, Allen, John A., Jack, and Billie, left Tuesday for their old home in Arkansas to be gone two or three weeks. We are hoping for them a jolly good visit to their old home.

Neal Henley sold his teams, tools and crop and moved to Mineral Wells last week. Quick work, when not so many years ago it took two weeks to get to Mineral Wells after you found someone who was able to buy you out.

Mrs. H. G. Moore and little son left Saturday for Commerce where she will be joined by her sister who lives there, and they will go to Alabama to visit their mother and other relatives. Here's hoping for them a great time in their old home with their home-folk and former neighbors.

We are sorry to note the death of Aunt Ann Martin which occurred last Saturday morning while she and her grand daughter, Clarice Blakely, were preparing their breakfast. Death was due to heart failure.

She was the foster mother of

our friend and neighbor, Mrs. Maudie Blakely. She had no near relatives in this county. She and her husband were pioneer settlers of Scurry County. She had passed her eightieth birthday last April. We extend our sympathy to the bereaved.

J. L. CARRELL.

Note Union Dots—We have not forgotten the roasting ears.—Editor.

### SNYDER LAUNDRY WILL MOVE INTO NEW QUARTERS

Mr. S. A. Larue, proprietor of the Snyder Laundry, has announced that the plant will be moved into the new H. G. Towle block. Contractors are now completing the necessary equipment that will enable the laundry to be nicely located in this new home. A new boiler house is being built in the rear, and if possible, the removal will be made the latter part of next week.

When this progressive company finally gets located in its new home, it will have one of the finest and best equipped laundry plants in the state of Texas. No expense has been spared by Mr. Larue to give local patrons the most modern machinery needed for this sort of service. The Times-Signal congratulates Mr. Larue on the move, and further welcomes the plant for it means a near neighbor to us.

### MRS. ANNIE MARTIN

Mrs. Annie Martin, a resident of Scurry County for the past 30 years, died at her home about 15 miles west of Snyder Tuesday. Deceased was born April 21, 1847, and was past 80 years of age. She leaves an adopted daughter, Mrs. Blakeley.

Funeral services were held at the cemetery by Rev. J. W. McGaha.

5 per cent \$1,000,000.00 5 per cent

### LLOYD MOUNTAIN

This community was visited by a half-inch rain Saturday.

Some of the farmers have their crops laid by, while others are just finishing up their work.

Singing Sunday night at the home of Mr. and Mrs. C. C. Harless, Jr. was well attended. We had some good singing, and all reported a nice time.

Miss Lovenia Whitehead entertained her friends with a party Friday night at the home of her parents, Mr. and Mrs. L. W. Whitehead. All reported a good time and a lot of fun.

Alfred Roggenstein came in Sunday from College Station and Galveston.

Alvin Koonsman returned last week from College Station very sick. He was rushed to Lubbock where the doctors reported him in a very serious condition. News from there Monday reported him a little better.

Spivie King and Sam Broadway and family left Monday for a visit in East Texas.

Mr. and Mrs. Bird Rodman and children visited Mr. and Mrs. E. C. Payne near Snyder Sunday.

Mr. and Mrs. J. F. Burns were dinner guests at the home of Mr. and Mrs. T. J. Fambro Sunday.

Mrs. J. H. Nunn Jr. visited her mother in Snyder Monday.

Mr. and Mrs. J. J. Koonsman are at Lubbock this week with Alvin who is in the sanitarium

Saturday morning.

The Polar Mercantile will be in charge of E. G. Elkins' father, G. A. Elkins, in the future.

El Paso, Texas

August 1, 1927.  
The Scurry County Times-Signal, Snyder, Texas.

Gentlemen:  
It was very kind of you to send me a copy of the Scurry County Times-Signal, containing your story of the Sweetwater meeting. I thank you.

May I also say that your paper is the best printed country paper that crosses my desk.

I am sure that all your advertisers are pleased with the work you give them.

Sincerely yours,  
H. W. STANLEY, Mgr.

HEAVY SHIPMENTS

Over 700,000 pounds of threshed maize have been shipped out of Snyder this week, via the R. S. & P. railroad.

### Long Troubled by Constipation

"Black-Draught has been a family medicine with us for fifteen years," says Mr. F. M. Huntley, of Neosho, Mo. "I read about it first in the Ladies Birthday Almanac and what I read there sounded so convincing I made up my mind to try Black-Draught, as I had been troubled with constipation for a long time."

"I found Black-Draught to be the ideal medicine for this trouble. It gave me quick relief. Frequently I had had headaches and pains, due to toxic poison. By taking a course of Black-Draught I gave my system a thorough cleansing, and I have had little or no trouble since then."

"Now, if I am becoming constipated, I take several small doses of Black-Draught, and am very soon feeling fine."

Costs only 1 cent a dose.

### ADDING CIVIC BEAUTY

Messrs. King & Brown are beautifying the front of their property, which also includes the Times-Signal building, with potted plants and flowers. It will surely improve the appearance of things in the neighborhood.

We told Earl Brown and Porter King to plant no daisies that might hinder some of the love-sick swains that infest the regions around the office. This is ample notice to the male and female of the species that there will be no daisies in the Times-Signal vineyard.

## Sun Burn

—is the effect of sun rays upon fabric—a true reason why summertime silks finally wilt and tear easily in wear or in cleaning. To lessen the damage of sunburn on fabric and to insure that everyday silks will wear through a season it is necessary to clean hot weather apparel often, which removes perspiration—that acid enemy of silk.

### Quality--Our Guide

**THOMPSON'S**  
**"M" SYSTEM**

The housewife who limits her use of ice to food preservation misses some of its most attractive possibilities. There are so many things you can do with ice, especially in warm weather, which make life more comfortable.

A very little cracked ice on the dinner table accomplishes wonders. It makes the entire meal more appetizing by keeping the butter from melting, the salad and fresh vegetables from wilting, the drinking water from becoming lukewarm. The cost is almost nothing. And then, there are frozen dainties and summer drinks that will help make your dinner successful.

APOLOGY MEANT MONEY

Brother Henry Ford has apologized to the Jews for what was said about them in his Dearborn Independent, and claims that he didn't know it was being said until suits were filed against him for damages, says the editor of the Garland News. The man who runs a newspaper or periodical and fails to know what is being printed is sure taking a long chance on being sued for damages. If the News, even as small as it is, should permit its readers to edit one issue without censoring, the force would have to hike to milder climes in a hurry. Henry ought to watch the matter which goes into his publication a little closer. He doesn't even know what his editorials are about, according to admissions in his retraction. As a result of his apology, the Sapiro suit for a million dollars damage has been withdrawn. That ought to help Henry's feelings some.

**WHO IS A FRIEND?**  
Who is a friend? I will tell you. He is a person with whom you dare to be yourself. Your soul can be naked with him. He seems to ask of you to put on nothing, only to be what you are. He does not want you to be better or worse. When you are with him you feel as a prisoner feels who has been declared innocent. You can say what you think, so long as it is genuinely you. He understands those contradictions in your nature that lead others to misjudge you. With him you breathe free. You can avow your little vanities and envies and hates and vicious sparks, your meanness, absurdities, and in opening them up to him they are lost, dissolved on the white ocean of his loyalty. He understands. You do not have to be careful. You can abuse him, neglect him, tolerate him. Best of all you can keep still with him. It makes no matter. He likes you. He is like fire that purges all you do. He is like water that cleanses all that you say. You can weep with him, laugh with him, pray with him. A friend, I repeat, is one with whom you dare to be yourself and whom you can trust.—Anonymous.  
Real friends, like good books, are rare,  
And should be chosen with much care.

## Hermleigh News Notes

**Locals**  
Elmer Louder carried his father, W. A. Louder, to Abilene Thursday where Mr. Louder, Sr. had some glasses fitted.  
Howard Appleton has gone to Big Spring to work. "Red" Hassell is filling his place in the drug store here.  
Mary Lee Gentry of Kerrville is visiting her father here.  
Mrs. R. S. Ragsdale, who with her husband has recently moved to Panhandle, spent Friday night visiting Dr. and Mrs. Ward.  
Mr. and Mrs. Wilson of Lockney were recent guests in the Gartman home.  
Melvin Vernon is ill this week.  
Pearl Vernon, postmistress, is enjoying a two weeks vacation.  
"Buck" Gentry and Jess Louder were business visitors in Colorado Monday morning.

Elizabeth and Lester Neimeyer and Faye Adams accompanied their aunt, Mrs. S. J. Shuttlesworth, who has been visiting here, to her home at Breckenridge where they will stay two weeks.  
Alma Bralley and Ona and Pearl Vernon were in Lubbock last Wednesday on business.  
Billy Morrow of Austin is visiting his sister, Mrs. Sam Randals.  
The second Monday in September is the day set for the Hermleigh school to open.

Farris Stevenson and Martin Murphy returned Sunday morning from College Station where they have been attending the five-day A. & M. Short Course. They were enthusiastic in their praise of the benefits and pleasures of the trip.  
Mrs. Eunice Lee of Lorraine is visiting in the B. F. Caswell home. Also Mr. and Mrs. Jim West of Littlefield and Mr. and Mrs. Cullen Palmer of Lorraine were Monday night guests of Mr. and Mrs. Caswell.

Some farmers are already worrying over finding a few worms in their cotton and shaking their heads pessimistically over the possible result. We, at least, have never believed that worrying does any good, for we have never personally known or known of any worms who kicked off as a direct result of some person's unhappy state of mind.  
Mr. and Mrs. H. O. Barbour of Maryneal have been visiting here.  
Mrs. M. D. Gardner and son, Dan, visited in the J. J. Henry home Sunday.

**An Explanation**  
Dear Reader, (we feel safe in saying this, for we know that at least one person must read this

Miss Ina Mae Caswell is the authorized correspondent for Hermleigh, and as such is authorized to receive renewal and new subscriptions. Co-operate with her in building a fine weekly news column for this thriving town.

before it can be printed) if you notice any unusual brevity in these notes, we admit here and now that we went to the picnic at Lorraine Saturday when, perhaps, we should have been fine-combing the community. At any rate, we enjoyed ourself, and that is something, after all. The morning feature was a wreck car race, won by a car from the Manley Garage at Lorraine. The main events of the afternoon were a rodeo and a baseball game. The game was between Longworth and Lorraine, and after a hard fight, the visiting team won by a score of three to two. A basket lunch was eaten at noon with the town serving ice water, pickles and lightbread.

## Scurry County Sends Booster Crowd to A & M

Twenty-eight good Scurry County boosters attended the A. & M. Short Course last week. Several who had anticipated going up to the last minute did not show up, but others who were not expected took their place. When the train moved out of here Saturday, July 23, it had an enthusiastic group typical of the best that is in the county on its annual pilgrimage to College Station. According to County Agent Willis, the party represented most every section of the county and included: Mrs. J. L. Carrell, Mr. and Mrs. Will Beavers, Mrs. Jordan, Iva Haley, Miss Crabtree, Matalene Beavers, Harriet Davidson, Mae Rogers, Lillian Smith, Treva Hart, Ferris Stevenson, Martin Murphy, Lowell Sawyer, Jack Hart, Leland Edwards, Clarence Brackeen, J. T. Beavers, Alford Roggenstein, Alvin Koonsman, Borden Gray, Earl Brown, Roland Squires, John Trussell, Earl Bavousett, Miss Carr and C. C. Willis, county demonstration agents. A. A. Bullock, county superintendent, joined the party later at the college.

The party had an enjoyable trip going down with stop-overs in Sweetwater and Fort Worth. After breakfast in the latter city, a hurried trip via street car was made up Main Street, looking over the city, including an ascent to the top of the Fort Worth National Bank building, from the top of which the whole of "Cowntown" was looked over.  
On the arrival at the college, rooms were assigned boys, girls,

women and men in the various dormitories. The boys and girls were placed in sections and started on their week's tour of the college, and as each place of interest was reached they were given lectures explaining the whys and wherefores; they were given the freedom of the swimming pool, moving picture show and given something of interest or entertainment to attract their attention almost every minute during their stay. Some of the boys and girls grew weary from this continual march and always they welcomed the bed when bedtime arrived.

The program was varied and suited to the fancies and interest of almost every person, and the principal regret was that one could not get to all of the lectures and meetings. The livestock program included all of the necessary phases of successful production of beef cattle, hogs, poultry, sheep, and dairy cattle. In another building the men and boys interested in selecting grain sorghum seed, wheat, oats, barley, and cotton and the various phases of the production of these crops were given a program to their tastes. Another group took up all of the problems of fruit growing, another water conservation, forestry, beekeeping, cotton classing, etc. On each of these subjects the leading minds of the state were present and counseled and lectured on them. Likewise the various problems of dressmaking, home making and kindred subjects were given for the girls and women.

The A. & M. Short Course, as the name suggests, is one week's school of the highest type, and one can only learn by going to the many things of interest that the program offers. One is impressed by the size of the school plant and its many branches, its tremendous job, and the value of this great institution to the various problems of agriculture and engineering in this state. One is impressed by the large number of leaders that are attracted to this short course and to this college, and one profits greatly by the association that this affords. Another year should see a larger delegation from Scurry County.

### O. E. S. TO MEET

Remember our regular meeting Thursday, August 11. If you have not paid your dues, it will be of interest to YOU to see our secretary. Be prompt at 8:15 p. m.

### JUNIOR C. E. MEET

The Junior Christian Endeavor of the First Christian Church met July 31 at 5:30, and studied a short lesson on "A Visit to Negro Neighborhoods." There were 20 members and one visitor present.

### LLOYD MOUNTAIN

(Crowded out last week)

We were blessed with another fine rain Saturday, and crops are certainly coming to the front.

J. J. Koonsman is home after a tour of the Western states. The tacky party at the home of Mr. and Mrs. Floyd Laso was well attended last Friday night, the prize going to Miss Callie Bell Massingill for being the tackiest one present.

Mr. and Mrs. Bill Suitt are the proud parents of a new baby boy who arrived Monday.

Frank Jordan has a case of mumps this week.

Mrs. J. H. Nunn, Jr., visited her sister, Mrs. Davis, in the Plainview community Sunday afternoon.

Mr. and Mrs. B. E. Harless and children spent Sunday in the home of R. W. Harless.

Mrs. M. M. Gordy spent last week in Snyder with friends.

Mrs. L. W. Whitehead spent Sunday afternoon with Mrs. Luther Morrow.

Mr. and Mrs. Bird Rodman and son, Perry, were welcome guests at the home of Mr. and Mrs. C. C. Harless, Jr., Sunday.

Mr. and Mrs. Arno Roggenstein spent Saturday night and Sunday with Mrs. Roggenstein's mother, Mrs. A. T. Nicks.

Mrs. Marcus Reep visited her mother, Mrs. Sam Minor, Wednesday.

Mr. and Mrs. A. T. Nicks and children are visiting in Palo Pinto this week.

Roasting ears, watermelons and blackeyed peas are the order of

the day. Mr. Editor, you had better come out.

### TOPSY.

### MAKES US HAPPY TOO

Happy, Texas,  
July 26, 1927.  
Times-Signal,  
Snyder, Texas.  
Dear Sirs:

I am sending check for two dollars. Please set up for another year. Our last paper showed the time had expired, so don't let us miss a copy.

We have just had a good rain and are busy getting the ground ready for another wheat crop.

Yours,  
M. A. ADAMS.

### FORMER SNYDER GIRLS LOST IN ABILENE

Police and parents were still at a loss Friday night as to the whereabouts of Gladys and Erma Gene Moxley, 15 and 11, respectively, who disappeared from their home at Grape and State streets Thursday afternoon about sundown while other members of the family were away, says the Abilene News.

It was at first thought that the girls, unacquainted with the town, had become lost in taking a walk, but an extended search for them having failed, police are working on other theories.

The family is new to Abilene, having come here from Roby three weeks ago. Before this year they had made their home at Snyder.

Later—The girls were found here with their aunt.

### FAMILY REUNION AND BIRTHDAY CELEBRATED

Mr. and Mrs. A. C. Morton and C. W. Morton and family of near this city and Mr. and Mrs. J. T. Morton of Abilene and niece of Shreveport drove over to Maryneal last Thursday to spend the day with Newt Morton and family and to observe Mrs. A. C. Morton's seventieth birthday anniversary.

Besides enjoying a family reunion, all present enjoyed a sumptuous dinner and a fine religious service as two ministers were present. Mr. and Mrs. A. C. Morton are two of Scurry County's finest old people and are entitled to all the pleasures that may come their way.

### SPECIAL MEETINGS WILL OPEN AT IRA

The Church of God at Ira will start a special ten day meeting Friday, August 19. Preaching will be by W. M. Southerland of Cisco.

Special music and a real Gospel

# The Most Amazing Quality in Chevrolet History

Offering the most amazing quality in Chevrolet history, today's Chevrolet is the most popular gear-shift car the world has ever known.

Quality in design! Quality in construction! Quality in appearance and performance! Never before has a low-priced car possessed them to such an amazing degree—because no other low-priced car combines the progressiveness of Chevrolet and the diversified experience, the vast resources and marvelous facilities of General Motors.

Go with the crowds and study today's Chevrolet. Mark well the aristocratic beauty of its lines—the superbly executed details of its bodies by Fisher.

Then go for a ride! Revel in the thrilling spurt that results when you "step on the gas." Delight in the smooth operation—the swift sweep of the passing miles. Marvel at the way the car hugs the road, the ease with which it obeys the steering wheel, the promptness with which it responds to the brakes!

Here is quality obtainable at prices which reflect the savings of tremendous production and which emphasizes the willingness to share these savings with the public.

Here is the most desired object of American life today; a car of amazing quality—for everybody, everywhere!

**Yoder-Webb Motor Co., Inc.**

### Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

#### Crops and Business

Another light rain last week brought further assurance of a fine crop. Those farmers who have stayed on the job and kept up with their work are now enjoying about as favorable prospects as could be reasonably desired. On the strength of these good prospects a considerable quantity of old maize is being put on the market. E. V. Boynton bought, threshed and shipped two car loads of this grain last week to the Fort Worth market.

Joe York shipped two cars of cattle last Sunday to the Fort Worth market.

#### Church Services

Aside from Sunday schools, there were services at only one church—the Presbyterian—last Sunday. Large and attentive audiences attended both the morning and evening services.

Next Sunday the union meeting will begin at the tabernacle. It is expected that Rev. E. B. Surface, D. D., of Abilene will be here on time to do the preaching. Dr. Surface is a very pleasant and able man. His coming will, we are sure, prove an unusual treat to all who will come out to hear him. While the Presbyterians and Methodists will be in charge, the meeting will be conducted on the broadest practical lines of Christian cooperation and fellowship. Everybody is both invited and urged to attend all the services. On next Sunday there will be dinner on the ground for all who stay.

On the third Sunday (August 21) the Fluvanna Baptists will begin their meeting. Rev. W. F. Ferguson of Snyder doing the preaching.

On Friday night before the fourth Sunday (August 26) the First Baptists will begin their meeting. Rev. McChristian doing the preaching.

#### Visits and Trips

Dr. J. T. and Mrs. Jones, Mrs. Will Beaver, Leo and Miss Hattie Lynn Beaver and Mrs. Pat Jones departed Monday for Lueders, Jones County, where they will participate in a big family reunion. They will return the latter part of the week.

J. R. Patterson and family have gone to Dallas County for a visit with relatives. They were accompanied by one Mr. James and family of that section, who have been visiting here and at Hermleigh. Mrs. E. Ellis recently departed.

Your tongue tells when you need

Colgate toothpaste, with its rich, creamy, toothy power and sour strength, suggest its use.

### SWEETWATER WILL ENTERTAIN WEST TEXAS DRUG ASS'N

Active preparations are under way by various Sweetwater organizations for the entertainment of the convention of the West Texas Drugists Association there August 16 and 17.

At least 300 druggists from many parts of West Texas and bordering states are expected to attend, according to Lawrence Davis, chairman of the attendance committee.

The full program will be worked up next week. Meanwhile, according to Monte Owen, secretary of the Board of City Development, the B. C. D. and the Sweetwater Club are preparing to give the visiting druggists a banquet at the Wright Hotel, while other entertainment in the form of golf, swimming and boating at the City Park and Santa Fe Lake are being arranged.

### ELECTRIC EMPLOYEES VISIT IN SNYDER

A number of the employees of the Sweetwater Texas Electric Service Co. were guests Thursday evening of the employees of the Snyder office. A goat and chicken barbecue was served at the local plant.

"Andy" Anderson was head chef, orator, biscuit shooter and general spokesman. The Sweetwater contingent knew they had been somewhere when "Andy" and his gang completed their evening's entertainment.

### TO PAVE HIGHWAY FROM AMARILLO TO ANGELO

A good roads meeting is to be held at Tahoka August 11 for the purpose of developing interest in the paving of the entire stretch of Highway No. 9 between Amarillo and San Angelo.

Cities all along the route are being invited to the meeting by Col. H. H. Haines, general manager of the Amarillo Board of City Development, who is the principal instigator of the meeting, and the Tahoka Chamber of Commerce. Towns expected to have large delegations present are Amarillo, Canyon, Tulia, Plainview, Lubbock, Lamesa, O'Donnell, Big Spring, Sterling City, San Angelo and smaller intermediate towns.

### EX-RANGERS CLOSE SESSION AT MENARD

The Ex-Texas Rangers' Association closed its annual convention at Menard Saturday with the selection of Colorado as the 1928 convention city.

Col. W. W. Green, president, and all other officers were re-elected.

The association was in session three days, with a fine attendance. Most of the delegates said they had at some time during their service as Texas rangers, ridden and fought over the Menard territory.

### RANCHMEN'S ROUND-UP TO BE HELD AT SONORA

The third annual Ranchmen Roundup will be held at the Ranch Experiment Station at Sonora August 9 and 10. A cordial welcome is extended all ranchmen, former ranchmen or other interested ones to attend this reunion.

### FIGHTING ANTHRAX NEIGHBOR COUNTIES

An epidemic of anthrax along the line of Nolan and Taylor Counties is now being fought, says the Big Spring Herald. Approximately ten farms in Nolan County have been quarantined and over fifty head of stock have died. This particular section has long been subject to outbreaks of this disease. There is little danger of the disease spreading, as a strict quarantine is maintained. One man has the dreaded anthrax; he contracted same while skinning a cow which had died from the disease.

### METHODISTS WILL DECIDE ON COLLEGE AT AMARILLO

A meeting is being held in Amarillo today at which time it is proposed to decide upon the future steps as to starting the Methodist college which has been closed at Clarendon. New proposals will be heard at the meeting today.—Canyon News.

The Times-Signal last week received from the Tech College a small piece of linen on which the picture of Governor Moody had been worked with varied colored threads by pupils in the textile department of the college. It is a real piece of art work, and is conclusive proof that pupils in this department are being well tutored in that line.

### SOME PEACHES

Sec'y A. C. Preult of the City Council brought some freestone Elberta and Chinese cling peaches to the office Monday morning that were the finest that anyone would want. The Junior Editor has visited the famous Port Clinton peach orchards back in Ohio that are known from coast to coast, but we can unhesitatingly state that the Port Clinton crop has nothing on the samples shown us by Mr. Preult.

Mr. Preult has many duties here; not only is he secretary to the City Council, which job keeps him busy, but he is also agent for the R. S. & P. railroad, superintendent of the Methodist Sunday school, assistant to the manager of the Men's Bible Class baseball team—and now a peach expert. Dad-blame if we don't take our hats off to Preult.

### MRS. H. V. DAVIDSON

Mrs. H. V. Davidson died Saturday, July 30, at her home 17 miles north of Snyder. Deceased was 56 years old and had lived three years in Scurry County. She leaves a husband and 13 children, seven boys and six girls. The body was shipped to McKinney for burial.

### RECEIVES EYE INJURY

George Oldham, popular clerk at the Higginbotham Bros. store, received a steel siver in his left eye Saturday that caused considerable pain. It was necessary to take Mr. Oldham to Lubbock Saturday night where the surgeons at the sanitarium removed the piece of steel. George is back on the job feeling better and expects no further trouble.

Albany is getting a new \$40,000 school building.

### SNYDER BOY SCOUTS SHOULD GET TOGETHER

Snyder has a fine group of boys who were enthusiastic members of the local troop of Boy Scouts.

But where is the scout master who will act like the Pied Piper of Hamelin and help this fine body of young boys out? Surely there is some Snyder man who can be their scout master. Just who is that man, and who will suggest his name?

## Announcing The OAKLAND ALL-AMERICAN SIX

At New Low Prices!

Built to meet every American demand for Reliability, Style and Performance

All-American—that's the word! No other word describes it!

American design. American lines. American endurance for the roughest American roads—proved on General Motors' great American proving ground and built by American workmen using American precision-production methods!

Albigger, better, brilliantly beautiful car. New bodies—new chassis—new engine. New standards of performance, endurance, and value—and

NEW LOW PRICES!

There's mastery in every detail of the new Fisher bodies—the mastery of America's master body builders. Low, graceful, fashionable lines emphasized by sweeping full-crown fenders. Arresting new Duco colors. Rich new upholstery.

In the chassis—a longer, deeper, heavier frame. A new and softer clutch. A new and smoother transmission. 4-wheel brakes. Smaller

wheels (19"), larger tires (29x5.50), a longer wheelbase (117"), and an exceptionally low center of gravity. And a new engine of 212 cubic inches displacement—the largest used in a car of Oakland's price. Power—smoothness—snap and silence that will be the talk of all America from this day hence. A combination of features never before employed in any automobile engine:

—a 78½-lb. crankshaft, counter-balanced and incorporating the Harmonic Balancer—a crankcase of bridge truss construction—Oakland's famous rubber silencing principle—and a new combustion chamber design from General Motors' Research Laboratories.

A gasoline pump that supercedes the long familiar vacuum tank—a new and efficient system of crankcase ventilation—triple engine protection by gasoline, oil and air filters—

—and such factors of luxury and convenience as tri-clustered instrument panel, silver platinum engraving—a large new corrugated steering wheel—colored garnish rails and enough others in addition to make this advertisement read like a catalog!

Value? None like it in all America today! Come in—and see this latest triumph of America's automotive supremacy—the new Oakland All-American Six!

## The Livestock Situation.

LOS ANGELES, Aug. 1.—The hearing conducted in Los Angeles by representatives of the Interstate Commerce Commission for the purpose of collecting data in the readjustment of livestock rates has closed.

Many interesting features were brought out. All of those connected with the program evinced a sincere desire to gather and present data that would be of benefit in arriving at conclusions based upon economic facts; tending to give the greatest relief and most practical readjustment to the transportation situation as it relates to Western agriculture and the livestock industry.

The movement of livestock and other products from the producing areas to the metropolitan centers on the Pacific coast, as well as to Eastern markets, is a question which occupies a most important place in the economic structure of the West.

California has a different cattle situation than prevails in other territories. At this time production is more or less seasonal, with over-supplies appearing during the range months, and the importation of cattle from surrounding states being necessary during the other months of the year.

With the advent of better balanced production and distribution this seasonal supply will be leveled so that it will move throughout the year, this being accomplished by the western trend toward feed lot operations.

Until that time comes, however, it is evident that the West should work toward a rate readjustment which will be practical and equitable to every state and bear in mind that the greatest benefit will be accomplished through giving the largest number of producers access to the largest number of markets.

There appears to be a lack of realization of the importance of stocker and feeder rates to and from central markets located in the West. It has been pointed out that the bulk of this movement is from the producing sections directly to the feed lots. This, no doubt, is the case, but the fact should not be lost sight of that the small producer is not situated so as to go directly to the range states and make stocker and feeder purchases. He is in the position of either purchasing through a central market or remaining out of the business. For this reason, for the sake of the small producer who is becoming such a factor through the cutting up of large land areas, it would seem that a careful consideration should be given the stocker and feeder rate question as applying to central livestock markets.

Everyone seems convinced that the rate hearings are being carried out along constructive and intelligent lines and that when all of the facts are collected and analyzed that the entire livestock producing West should benefit.

## KITCHEN KORNER

### POINTERS GIVEN ON HOW TO COOK AND KEEP COOL

These are hot summer days, but the family must be fed just the same. To cook and to keep cool should be every housewife's aim, for cook she must and keep cool she should, but how is it to be accomplished? The very best way is to plan ahead and to do ahead. Planning ahead means thinking of meals a day or two in advance; in other words, knowing what you are going to do with Monday's left-over on Tuesday. Doing ahead means cooking enough on Monday so that there will be left-overs to use on Tuesday. It is just as easy to cook a large piece of meat as it is a small one. Possibly no other meat responds quite so well to left-overs as ham. A whole ham may be cooked in the pressure or fireless cookers, and there are all sorts of ways in which it may be used.

### Many Ways to Serve Ham

For the first meal it may be served hot and the remainder used to concoct all sorts of easily prepared and appetite appealing dishes.

The delicate pink slices with their white fat crisped at the edges make an attractive border around a mound of potato salad. Garnish the platter with radish roses and crisp water cress, and no hot weather jaded appetite will fail to respond to this cool, crisp looking dish.

Creamed ham as ham a la King is another attractive way to pre-

pare left-over ham. The ham may be ground and set away in the ice box. The white sauce, too, may be made in the cool of the morning, and all this dish needs is a little last minute reheating.

The creamed ham may be served in patie cases instead of on toast. Here is a recipe for creamed ham that is different.

**Creamed Ham in Bread Cases**  
1½ cups diced cold cooked ham  
1 tablespoon minced pimiento  
1 loaf stale bread

1½ cups thin white sauce  
1 tablespoon chopped olives  
Salt and pepper

Cut the loaf of bread in six pieces, trim off crust, cut in squares and hollow out the center. Toast the bread cases or brown in deep fat. Add ham and seasonings to cream sauce and heat. Fill bread cases with the ham mixture, garnish with parsley and serve at once.

### Jellied Ham

1 pound cold cooked ham, diced  
1 can pimientos, cut fine  
3 tablespoons minced pickles  
1 pint hot stock  
1 tablespoon gelatine  
1 bay leaf, 1 slice onion  
2 cloves

Soak gelatine in cold water and dissolve in the hot stock. Mix remaining ingredients and turn into a mold, slightly buttered. Pour gelatine stock over all. The sides of the mold may be lined with slices of hard-cooked egg, if desired. Set away to chill. When ready to serve, unmold and serve on platter garnished with parsley and lemon slices.

## C. OF C. NOTES

By E. P. MOORE, Secretary

### MR. FARMER

Watch your step. Both boll worms and fleas have been found in the cotton in several parts of Scurry County. At present they are in small numbers, but suggest you keep your eye on your cotton patch, and when any pests show up, at once notify County Agent C. C. Willis or the secretary of the Scurry County Chamber of Commerce.

The United States Labor Bureau at Fort Worth has written the secretary that they can furnish all the cotton pickers that Scurry County will need this year without any cost to the farmers, but that they must be advised before the 15th of August. If you are going to need any cotton pick-

ers, Mr. Farmer, see the secretary at once and tell him your wants. This goes for Fluvanna, Hermleigh, Dermott, Polat, Pyron, Ira, Dunn and Inadale.

### Chicken Thieves

If you don't get out of Scurry County, you're going to be taking your meals with Frank Brownfield, the sheriff! Several farmers have complained about having chickens stolen from them the past few days, and when questioned as to what they did, not a man had notified the sheriff's office. When you know of chickens being stolen, immediately notify the sheriff. Then notify the Chamber of Commerce, who will work with the law to stop chicken stealing in Scurry County.

### BIBLE CLASS MEETS

The Victory Bible Class met at the parsonage Wednesday afternoon with Mrs. Lawlis and Mrs. Hendryx as hostesses. The treasurer reported \$11.30 on hand, the number of visits 94, 29 bouquets and 35 plates.

The aim of the class for next month is for each member to visit their neighbor.

A very beautiful reading was given by Mary Lawlis. Hostesses for the next meeting will be Mrs. W. R. Merrill, Mrs. O. McClellan and Mrs. A. R. Rhoades. Refreshments were served to the follow-

ing members: Mesdames A. E. Bell, Hardy, Will Clark, E. F. Wicker, Black, Lemons, W. R. Merrill, Jim Bridgeman and J. E. Ketter.

### REPORTER.

It's hard for a sixteen-year-old girl to tell whether she is really in love or suffering with high blood pressure.

America ought to be a rich nation 100 years from now. It looks like it will be that long before Europe starts paying us what she owes us.

## SNYDER BALL TEAM DEFEATS SOUTHLAND

What appeared to be a rifle match with the bullets playing a rat-ta-tat on a steel bull's eye Sunday afternoon was Snyder baseball bats socking 20 hits off three Southland pitchers, the score being 19 to 2.

Hill, pitching for Snyder, let the Southland boys down with only five hits, with Mark Johnson being on the receiving end. A good crowd attended and gave the local team good support, contributing \$60 at the gates.

The game in detail:  
Snyder—ABR H PO A E

Totals 48 19 20 27 18 7  
Two-base hits, McCann, M. Johnson, Hill; 3-base hits, Joyce. The Snyder club completed seven double plays during the game.

## BAPTISTS DEFEAT CHRISTIAN TEAM

The Baptists led the Christian Sunday school team right up to the water bucket Tuesday by defeating them 9 to 4. Hill and Bullock held the Christian boys in check throughout the game, permitting only three hits and getting 11 strikeouts.

The summary of the game:

Ketner 1 0 0 0 0

Totals 27 4 3 17 12 5  
Two base hits: Green, 2; Curry, Bullock, Hill, 2; Sims, Johnson, Boren.

Strikeouts: Hill, 9; Bullock 2; Hutchison, 3; Joyce, 1; balk, Hutchison.

Umpires: Hicks and Smith. The real battle of the season so far will be between the Fire Department and the Baptists today. Neither team has lost a game in the Twilight League as yet.

## FIRE DEPARTMENT SWATS MEN'S BIBLE CLASS THURSDAY

The Men's Bible Class lost another game Thursday to the Fire Department, 9 to 7. Before the game was over, however, both teams used two pitchers, but the bats of the fire boys were more lusty and timely than those of their opponents.

The score book says the following:

Men's Class ABR H PO A E  
Ray Fesmire, p 4 0 0 5 1  
B. Hutchison, 3b 4 1 2 0 1  
Odum, lf 4 0 0 0 1

Graham, rf 3 1 1 0 0  
Johnson, ss 3 1 1 2 3  
Castevens, p, 1b 3 2 1 10 2

Totals 30 9 11 20 13 7  
The teams are slowly getting steam up, and within a short time some real heavy battles will be given. The teams have plenty of enthusiasm and ask that all baseball lovers come out to Wolf Park every Tuesday and Thursday afternoon. Games start at 5:30.

Leroy Fesmire is the newest addition to the Times-Signal force. Roy is a fine young man, and we hope to keep him right here and later see him a full fledged newspaper chap who knows what to do in an office from the front to the back door.

Mr. and Mrs. Ralph Calhoun are guests of Mr. and Mrs. N. S. Crenshaw. Mr. Calhoun is the owner and manufacturer of Red Chief tires and tubes, and considers Snyder one of the finest little cities that he has visited.

## SIMMONS TEACHER WITH CHAUTAUQUA

Prof. Irl Allison, native Texas pianist, now head of the department of piano in the Conservatory of Music at Simmons University, has been asked by the Southwestern Chautauqua Association to appear on its program which started on July 4 and continues until August 31. Professor Allison will give a concert on the evening of August 24 at Las Vegas, New Mex., where the program is being held.

Although most of those appearing on the varied program are natives of the Southwest, Professor Allison and one other are the only ones who now reside in Texas who are on the list. The program is the first one given on this plan by the association, which is trying to encourage and develop the artistry and culture of the Southwest.

Professor Allison came to his present position at Simmons last winter. Before that time he had already achieved eminent success both as a pianist and a novelist. His book, "Through the Years," has had a wide reading in this section. He also received notice recently of his election to the National Academy of Music, one of the greatest honors that can come to a musician in this country.

## EXTRA PRESSURE

Keep up the summer advertising.

This is the season of the year when the average merchant lets up in his advertising and when the mail order begins to get in its deadliest work. It is hard for merchants in the smaller towns to understand that it pays to advertise during July and August just as well as it pays in November and December.

The chain stores, the big department stores and all the other well-managed businesses never let up in their advertising—never. And they put extra pressure behind their advertising when business begins to slack up a little bit. That's the time when their advertising departments run full blast.

Cut down your overhead, yes, cut off all unnecessary expense, but for mercy's sake don't cut off your advertising, whatever you do. And the editor of the Times-Signal does not say this from a selfish standpoint, but for the good of every merchant and business firm in Snyder. Advertising is not an unnecessary expense. Good, persistent, year-round advertising is absolutely essential to the success of any business. People will buy from you regularly if you ask them to regularly.

Out of a total land area of 167,934,000 acres, Texas farms embrace 109,798,000 acres. More than 100,000,000 acres in Texas are classed as suitable for cultivation.

## TEXAS WEEKLY INDUSTRIAL REVIEW

The growing tendency toward thrift, investment in stocks and development of new enterprises on the part of our workers, means increasing business activity for all lines by widening our domestic markets.

San Augustine—Bonds voted for erection of new school building.

Denton—New hotel opened in Denton recently. Santa Anna—West Texas Utilities Co. completes new ice plant here.

San Angelo—\$800,000 bond issue voted for improvements to this city.

Telephone—New suspension bridge across Red River near here opened to traffic.

Lubbock—Contract let for construction of line to supply this place with natural gas.

Temple—Building permits issued in Temple for first 6 months of 1927 totaled \$400,000.

Lone Star Gas Company to pipe gas to Ballinger, Rowena, Miles and San Angelo.

Brenham—\$118,539 contract awarded for erection of new high school building here.

Bellevue has shipped more than 750 carloads watermelons so far this season.

Corpus Christi—First Methodist Church to erect \$40,000 Sunday school and educational building.

This parachute act introduces Tom to the girl of the story, in this case Natalie Joyce, one of Hollywood's famous screen beauties, who has the role of the circus trapeze performer and acrobat.

"The Circus Ace" is the tale of the trapeze performer and the ranchman in a small Arizona town, and it runs through five reels of pathos, humor, action and violent riding, in which all the desperadoes are vanquished, to the final scenes, in which Tom pulls his gun and writes in lead, "I love you."

Thorndale—Allcorn Gin to install electric motor in plant here. Lewisville—1000 feet of new fire hose purchased by fire department.

Barstow—Yates No. 2B oil well flowing 5,000 barrels daily.

Commerce—Tri-County Fair to be held here September 28 to October 1.

Harper—Citizens Auto Co. to erect new filling station.

Gorman—Gulf Refining Co. erecting new warehouse on Katy right of way in east part of town.

Texas will produce more than 18,000,000 bushels of wheat this season.

Laredo—Bids opened for hard surfacing of highway crossing Webb County from Laredo to Duval County line.

Big Spring—Contract awarded for construction of two additional stories to new Crawford Hotel.

Big Spring—Southwestern Bell Telephone Co. will erect modern building on corner of East Fourth and Runnels streets.

Kelton—Roads in this vicinity being graded.

Amarillo—Construction of hard surfaced roads in eight counties in Panhandle under way.

Needville—"Needville Chronicle" new weekly paper published here.

Dallas—\$100,000 appropriated for construction of new dormitory for girls at Prairie View State Normal and Industrial College.

Poth—\$60,000 bond issue voted for improvement of main highway through Poth.

Houston—\$300,000 new edifice dedicated recently by Ancient Order of Pilgrims.

Raymondville—Construction of highway from Raymondville to south county line under way.

Thorndale—New Gin Company installs modern machinery in its plant here.

Amarillo—Marland Oil Company brings in new well in Carson County pool.

Hico—Work progressing on power lines of Texas-Louisiana Power Co. connecting Walnut Springs, Meridian, Iredell, Hico and Glen Rose.

Royce City—General Securities Co. of Dallas to sink new oil test well near here.

Laredo—Central Power & Light Co. constructing new water system here.

Aspermont—West Texas Utilities Co. building power line here.

Farwell—Contract awarded for construction of new auditorium at Texico school.

Happy—Cornerstone laid for Union Hill Missionary Baptist Church.

Happy—Bids requested for construction of water works and improvements to this city.

Petersburg—Plans making for establishment of lumber yard here.

Encinal—New theatre, dance hall and skating rink under construction here.

Cumby—Oil test well to be drilled near here.

Greenville—Contract awarded for construction of Nevada High School building.

Borger—Consolidated Carbon Black Company of Louisiana contemplates building plant in this vicinity.

Odessa—New 3-story office

## LUBBOCK SANITARIUM PATIENTS DOING WELL

Dorothy Bolding, an eleven year old child from Snyder who was operated on for appendicitis, will return home in a few days.

Mrs. E. C. Abernathy of Snyder had a very serious operation this week.

Miss Connie Isaacs returned to her home Monday afternoon.

Mrs. I. W. Boren of Snyder who was operated on last Saturday is feeling much better.

J. K. Wooley of Snyder, who was brought to the sanitarium last week with both legs broken, and who had developed lock-jaw, is doing quite well at this time. Although his condition is still serious, it is hoped that he will soon be well again.

## TOM MIX RIDES CLOUDS WITH PARACHUTE

Flapping in the breeze on a trapeze of a maverick parachute beside a beautiful girl is Tom Mix's latest screen stunt for the entertainment of theatre patrons.

Tom has ridden plunging broncos, bucking steers, runaway automobiles and broncho-railway trains, but this is his first attempt to ride a parachute and he does it without a saddle in the opening scenes of "The Circus Ace," his latest starring drama for Fox Films, coming to the Palace Friday.

This parachute act introduces Tom to the girl of the story, in this case Natalie Joyce, one of Hollywood's famous screen beauties, who has the role of the circus trapeze performer and acrobat.

"The Circus Ace" is the tale of the trapeze performer and the ranchman in a small Arizona town, and it runs through five reels of pathos, humor, action and violent riding, in which all the desperadoes are vanquished, to the final scenes, in which Tom pulls his gun and writes in lead, "I love you."

Thursdays and Fridays of last week were moist days. A good rain, which was needed very much at this time, fell slowly.

There was a good attendance at Sunday school, \$0 in all, with 8 visitors. The report also showed that 290 chapters had been read, and \$2.71 offering. A large attendance was present at the 11 o'clock service. Rev. Harris did the preaching. At the noon hour dinner was spread at the church.

The B. Y. P. U. met at 7:45. The program was good, and each did his part well.

Robert and Fleetwood Pearson of Amarillo spent last week with their parents near Gail. They returned to Amarillo Monday, accompanied by their sister, Miss Vestal Pearson, of this place.

Miss Hazel McIver of Colorado is visiting friends and relatives here.

Miss Rella Buchanan of Coahoma is visiting her aunt, Mrs. J. R. Roper.

Miss Blanche Bennett of the Munger ranch visited with Mary Cantrell last week.

H. D. Beal, who lives south of town, has returned from Mineral Wells where he has been for a few weeks.

Frank Miller and wife attended preaching here Sunday night.

Obe Wilson and family and Mrs. Sam Wilson left Monday to visit

building will be erected on West Second Street.

# Society and Clubs

MYRTLE MARTIN, Society Editor

## NOTE TO REPORTERS

During Miss Myrtle Martin's absence, this department will be handled by the office staff. Reporters will please furnish their news as quickly as possible after meetings are held. Your cooperation will be greatly appreciated.

## MRS. MONROE ENTERTAINS

A most delightful occasion was given Friday, July 29, when Mrs. Joe Monroe entertained a number of guests at her home with a three course luncheon. The house was prettily decorated in cut flowers, and the hostess was assisted by her daughter, Mrs. Hugh Taylor, in serving at five attractively appointed tables. The luncheon hour was followed by a number of interesting games of forty two.

## A PICNIC

Honoring Miss Esther Hargrave, a house guest of Miss Eloise Scott, Nibs Warren and Max Brownfield were hosts to a picnic at the Thompson Dam Thursday evening, July 28, with Mesdames W. D. Beggs and Bob Warren as charming chaperones.

It was a most enjoyable time for Misses Dorrette Beggs, Mary Lynn Nation, Gwendolyn Chambers, Dorothy Strayhorn, Martha Gray, Vera Nell Grantham, Margaret Dell Prim, Helen Boren and Eloise Scott and Messrs. Fritz R. Smith, Jr., Robert Curnutte, A. D. Dodson, Herbert Bannister, Dave Suddeth and Errol Taylor.

## SENIOR B. Y. P. U. MEMBERS SLICE MELONS

After their regular monthly program planning meeting, which was held on the lawn just north of the First Baptist Church, members of the Senior B. Y. P. U. enjoyed an old fashioned watermelon slicing Monday evening.

Lights were hung over the beautiful lawn where several games of mental and physical skill were played. Ice cold melon was then served to about twenty-five young people of the organization.

Group No. 4 will have charge of the program next Sunday evening at 7:30. The subject of the devotional meeting is "Laborers Together With God." Miss George Winston is captain of the group, and Otis Carter is the leader of the program. Others on the program are Miss Winnie Houston, T. H. Duff, Howell Harpole, and Fort Kelly. The First Baptist Male Quartet will render special music. Visitors are cordially invited to attend the B. Y. P. U.

## MRS. TAYLOR HOSTESS TO AUXILIARY NO. 2

Mrs. W. W. Taylor was hostess to the Snyder Auxiliary No. 2 Monday afternoon. Fourteen members were present. After a short business session a Missionary Voice program was enjoyed in connection with Missionary Council. Mrs. Ivan Dodson was leader, and Mrs. Hicks read the scripture, while Mrs. Odom read the bulletin. Leaflets were read and discussed by Mesdames Towle, Gatlin, Snyder, Jones, Porter and Randalls.

An ice course was served to the following members: Mesdames Ivan Gatlin, C. W. Harless, Faye Porter, L. O. Smith, H. G. Towle, R. J. Randalls, J. G. Hicks, R. P. Jones, W. E. Smith, R. H. Bell, R. H. Odom, Homer Snyder, and Ivan Dodson.

## JUNIOR 20TH CENTURY CLUB IS ORGANIZED

On Wednesday afternoon at the home of Mrs. H. J. Brice the Junior Twentieth Century Club was organized with nine charter members. This club is composed of a number of the young women of the town who are interested in intellectual and civic development. They entered enthusiastically into the organization of the club, and it is predicted that they will become a strong force for good in the community. Officers elected were: Mrs. Maurice Brownfield, president; Mrs. Charles Noble, first vice president; Mrs. G. B. Clark, Jr., secretary; Mrs. Wayne Williams, treasurer.

At the close of the meeting Mrs. Brice served on daintily spread tables with center pieces of crystal baskets filled with white and purple dahlias, a refreshing luncheon with pink dahlias for favors to Mesdames Wayne Boren, Joe Graham, J. G. Hicks, Charles Noble, Wayne Williams, G. B. Clark, Jr., members, and Mesdames Joe Taylor, J. Nelson Dunn, John A. Roberts, Anson, and Miss Joyce Clements, Abilene, guests.

## MISS SCOTT TO BE HOSTESS TO HOUSE PARTY

Miss Eloise Scott will be a charming hostess to a house party during the coming week at her ranch home. Out of town guests will be Misses Mary Ruth Beckley, Maurine Keeley, Edith Anderson and Urith Griffen of Dallas.

## School Spirits Hold Conference At Short Course

By A. A. Bullock

The writer just returned from A. & M. College at which place the County Superintendents' Annual Conference was held. This is my second visit to this conference, and I cannot begin to tell you the great good that is being done there.

The conference is put on and sponsored by Prof. W. L. Hughes, head of the department of rural education of A. & M. College. Mr. Hughes is one of the best rural school men I have ever had the pleasure of meeting or working with. He is a man who has spent his life in the work of rural education, having taught in the rural schools, served as county superintendent for a number of years, and served in many other ways.

I find that although many of the counties of the state are ahead of Scurry County in the school work, yet we are also ahead of many. Some of the counties now have a county wide high school system that offers to every boy and girl free schooling through the high school grades with ample credits to enter any college in the state, if that is their desire, or to start a business career and make it succeed. This we hope to see Scurry County have in the near future, and I think it is coming. We have no right to give one group of children who happen to be born or who live in a city the tremendous advantages that they now enjoy over the rural children. That little boy or girl in the most remote section of Scurry County has as much right to a free high school education as any other boy or girl in the county or state, and he is worth just as much to the state as any other. We bring these children into the world, and we are responsible for them. We have no right to bring them up without giving them the best opportunities available.

On the other hand, we find that Scurry County is far ahead of many counties. In some of the counties of Texas there are still as many as fifty to seventy-five one-teacher schools with poor equipment and poorly equipped teachers. Because of the salary paid, these counties have very few new teachers. This condition exists mainly in the eastern and southern parts of the state.

We are now laboring under a two-class system of education in the state of Texas. We are far from equal educational opportunities. There is absolutely no comparison between the opportunities of the one class and those of the other, the city and the rural schools.

Let's all get together and make Scurry County rural schools the best in Texas. We can do it if we will all work together and work to the interest of the children and not the individual or any set of individuals.

## REV. MANLEY FILLS LAMESA PULPIT

Rev. H. J. Manley, moderator of the Abilene Presbytery and pastor of the Snyder Presbyterian Church, preached at the Presbyterian Church at Lamesa Sunday at both the morning and evening hours.

Commencing next Sunday, Rev. Manley will teach the Men's Bible Class at the Palace Theatre in the absence of its teacher, Mr. J. L. Martin. The Men's Bible Class has promised Rev. Manley an attendance of 40 to 50 members Sunday.

## SLATON COMPLETES 33 BLOCKS OF PAVING

Completion of the 33 block paving program which involved an expenditure of approximately \$240,000, by the city of Slaton is completed.

Slaton now has a good system of pavement which includes the business section and two residence streets as well, and which will be used as the nucleus for a larger system in the future as the city grows.

Work on the pavement was begun last fall and continued through the winter and spring.

## What Do You Know About Your Own City?

What do you know about Snyder? Can you give intelligent answers to the numerous questions that might be asked of you? Here is a mild test of what you do or do not know.

Who was the first settler?  
When did he settle here?  
When was Snyder incorporated as a town or village, under its own government?  
Who named the town, and how did it get its name?  
Who was the first town or village executive?  
When was the first school established?  
When was our post office established, and who was the first postmaster?  
What is a fair cash valuation of all of the real estate in town?  
What is our present tax rate?  
How is our municipal government supported?  
How is our public school system governed?  
Who built the first gin here?  
Who was the first editor of a newspaper in Snyder?  
How did Scurry County get its name?

What is our present population?  
Who is the oldest male resident?  
Who is the oldest female resident?  
Who was the first child born here?  
Who is the most persistent town booster?  
Who is the most chronic objector?  
What have you done for the town?  
If any citizen can answer these questions correctly, the Times-Signal editor will be glad to publish the answers in the paper. Such an article would be extremely interesting and of peculiar historical value.

Send or bring your answers in at once, and tell us how we may improve the Times-Signal. Write on one side of the paper only.

## SNYDER HIGH SCHOOL COACH WILL SOON CALL FOOTBALL CAMP HERE

It will not be long until Coach Oliver will be calling the members of Snyder High's football camp together, for several weeks preliminary training at the Scott Ranch.

Hurry the time onward.

## AT THE THEATRES THIS WEEK

## PALACE

Friday and Saturday August 5th and 6th

## LAMESA BANK WILL OPEN, SAYS NEWSPAPER THERE

The Lamesa Reporter says: We take pleasure in welcoming to our city, Mr. O. B. Norman of Rotan. Mr. Norman is at present vice president of the First National Bank of Rotan.

Application for charter has

been approved for the Lamesa National Bank to succeed the State National Bank, which latter institution has been in suspension since June 2nd.

The Reporter understands that in case a charter is issued and reorganization of the new bank completed, Mr. Norman will occupy an important office therein.

The men associated with Mr. Norman give every assurance that if, and when opened, the new institution will be a strong and valuable asset to this community.

Full and complete details will be published later.

Note—Brother Roberts of O'Donnell, please note.

## RETURNS FROM FINE TRIP

Messrs. Wade Winston and J. J. Koonsman returned last week from a several days business and pleasure trip. They went as far as Cheyenne, Wyoming, returning by the way of New Mexico. They report a fine trip and an enjoyable time.

## RETURN FROM ODESSA

Mr. and Clyde Shull, who have been operating a store at Odessa, have returned here to give the local store their personal attention. The many local friends of these folks will be glad to know of this decision.

wired at a late hour that he had found it impossible to come. No more fortunate could we have been than in having Dr. T. L. Holcomb, pastor of the First Baptist Church of Sherman, for our principal speaker. In his first message Dr. Holcomb simply captivated his entire audience, and each time he spoke the tide of inspiration and gratitude to God for such a man and for our privilege of having him rose higher. His Bible messages were brief, spiritual, practical, and so distinct that any and all could feast upon the "sincere milk of the Word." "I have heard more pure gospel today than I have in many months. You have the finest spirit here I ever felt. It is simply superb," said Dr. Pender, representative of Buckner Orphans Home.

Our Sunday School superintendent, Bro. G. S. Hopkins, was on the job Sunday morning, and less time than it takes to write this he graded and assigned to their places a thousand or more people in their respective departments and classes. The general secretary's report showed about one hundred and fifty dollars of offering from the Sunday school for Buckner Orphans Home.

Following the Sunday school hour, the great tabernacle was crowded to overflowing. There were literally thousands anxiously awaiting Dr. Holcomb's message. Hundreds were there at the mid afternoon service who could not be seated. The offering for the expenses of the encampment, according to the last report the writer had, was \$1,100 plus. For the entire offerings during the day the total was \$1,250, practically all cash, for the treasurer, Bro. R. E. Cox of Post, gave out the statement that there were only two or three post dated checks.

One of the unique features of the Post encampment this year was that all of the recreational feats were under the efficient direction of Y. P. Kuhn of Simmons University. Mr. Kuhn is an artist in his line, very popular with all of us and an active worker in the religious work of the encampment. No mixed bathing was allowed, and no parading about the grounds in bathing suits.

Time and space forbid our mention of various personalities, prominent visitors, the new organization and plans for next year, etc. However there will evidently appear further mention of the Post Encampment in the Baptist papers of West Texas and other papers. Suffice it to say that the Post Baptist Encampment is well beyond the experimental stage and bids fair to become one of the greatest in the state. Let's all work hard, cooperate and attend next year.

Sunday was, of course, the high day. Many of our brethren and friends doubtless came expecting to hear Governor Dan Moody speak. In this they had to be disappointed, as the governor

## Judge Smith Candidate For District Judge

Judge Fritz R. Smith of Snyder announced through his friends here today his intention to be a candidate to succeed himself as judge of the Thirty-Second Judicial District.

The announcement was made by Dan Childress, who yesterday resigned as district clerk to go to Eastland as clerk of the Court of Civil Appeals.

"Judge Smith stated," Mr. Childress said, "that he was making plans to be a candidate for the office and desired me to make it known to his friends. He will make a formal announcement at some later time."

Judge Smith, whose home is in Snyder, was appointed to the bench in this district by Governor Miriam A. Ferguson to fill the vacancy caused by the resignation of Judge W. P. Leslie, who went to the Court of Civil Appeals at Eastland.—Sweetwater Reporter.

Judge Smith has made a fine executive, and a true officer of the courts. The Times-Signal is happy to see Judge Smith toss his hat in the ring at this time. Men of his type always have the unqualified endorsement of this newspaper—and we'll back them up at every stage of the game. Men with the courage of their convictions are needed in the district courts, and Judge Smith lives up to the requirements in every detail.

WORDS FROM THE LIPS OF WISE MEN

Nature fits all her children with something to do.—Lowell.

On every mountain height is rest.—Goethe.

He lives who dies to win a lasting name.—Drummond.

Who can answer where any road leads to?—Owen Meredith.

The present is the living sum total of the whole past.—Carlyle.

For fools admire, but men of sense approve.—Pope.

All growth that is not toward God is growing to decay.—George MacDonald.

## LOCAL SPORTSMAN WINS FIRST HONORS AT RODEO MEET

Tom Huffman went over to Amherst, in Lamb County, Friday to visit his brother who is manager of the Spring Lake Ranch there.

Amherst citizens were holding a barbecue and rodeo. The prizes on the latter were so good that Friend Tom thought he would take

a crack at calf roping. Against Tom were some of the experts of that section, but Tom came through with a first prize, throwing and tying a calf in 24 seconds, winning high cash prize of \$60.

Our hats are officially off to Tom Huffman. He does not know that the Times-Signal is putting this in print. We were compelled to get our information elsewhere. Anyhow, when a Scurry County boy or man steps out to do a thing, he does it. That's enough.

## TEXANS CALLED TO POLLS AGAIN ON NOVEMBER 5

Constitutional amendments that were voted upon Monday will be followed by three more to be voted upon November 5.

One of these three is to change the present constitutional permission for Confederate pensions. At present only veterans who have resided in Texas prior to January 1, 1910, are eligible for pensions. The amendment would remove the time qualification, making all veterans and their widows eligible.

Another amendment proposes to exempt parsonages and other religious or church property which yields no revenue. It would also exempt property used exclusively by a state or national organization for the religious, educational and physical development of young people. There is provision made that only the amount of property reasonably necessary for such institutions shall be tax free.

The third amendment provides for the creation of a state board of education, members of which are to have six year terms or less. This amendment would also permit six year terms for all officers of the public free school system.

## WORDS FROM ONE WHO KNOWS THE RIGHT SPIRIT

WEST TEXAS CHAMBER OF COMMERCE

Stanford, Texas, August 1, 1927.

Snyder Times-Signal, Snyder, Texas.

Gentlemen:

On my return from my trip to California where I studied the dairying and poultry industries, I found your nice letter of July 15 and also the clipping from your paper. I note with much interest your comment on the Minnesota misrepresentations.

The whole force of this organization appreciates to the fullest extent your attitude and disposition to give West Texas her due. I am thoroughly convinced that some day we can wake many dairy farmers in Minnesota and other Northern states to the fact that they can find their industry much more profitable, when considered

in the light of general agricultural progressiveness, in Texas.

My trip to California convinces me that we should get our farmers, dairymen, and poultrymen of West Texas to apply the same efficient care to their stock as they do in that state, so that their profits may be many-fold greater.

I am frank to confess that the farther I go from West Texas the more anxious I am to get back. I have yet to find a country, East or West, North or South, that has as many opportunities for any industry as does this region.

With very best wishes, I am Respectfully,  
 B. M. WHITEKER,  
 Exhibit-Agricultural Mgr.

## State Educator Here Next Week For Meeting

The State Department of Education is endeavoring to render a real service to the trustees of rural schools by arranging for representatives to be present at the annual trustee meetings to be held during the month of August.

This year, itineraries have been arranged for counties in the western portion of the state. The following list of counties with dates for the trustee meetings and the names of the representatives who will be present is furnished for the information of teachers and school officials.

Mr. J. L. Smith will be in Snyder Wednesday, August 10; Nolan County, August 8; Fisher, August 9; Mitchell, August 11; Martin, August 12, and Howard, August 13.

Program Scurry Co. Meeting  
 Following is the program to be held in the district court room

## The West Texas State Teachers College

## MANY RABBITS

There are many jack rabbits in the county this year. We suppose that the increase is due to the fact that there has been but little poisoning of prairie dogs or of grasshoppers this year. On one farm where the rabbits had been bothering watermelons and a pea patch, dozens were killed by men riding on the fenders of a car and spotting the pests by the car light.

## The Stone that Always Rolled Down and Never Could

THERE'S an old story about a man who spent his days trying to push a heavy stone up a steep hill. Every time he came close to the top, the stone rolled back to the bottom. And he had to start all over, and so it became a task without end—and he never could keep cool.

Just as endless is the weekly wash. Every week you make the linen of the household clean and white. And at the end of the week you're right back where you started with it to do all over again.

That is why home washing is so hopeless—it's the stone that always rolls back to the bottom of the hill. But if you're tired of pushing, just select one of our services—and then we will take the burden off your shoulders and keep you cool every week. Life's too short to spend it rolling stones up hill. Call us to relieve you of the weekly laundry problem.
