AN APPRECIATION

The Cowboy Band of Simmons University wish to express their appreciation to the business men of Snyder for their courtesies shown us while playing there during the fair.

The entire cowboy delegation gave the old cowboy whoop when Miss Myrtle Martin was placed inside the circle at the park. It was through Miss Martin that the band was brought to Snyder. We also wish to thank Miss Dixie Ruth Smith for her untiring efforts in securing homes for the booted crowd.

Every Cowboy expressed him-

self as having one of the finest times while in your city. We hope to come back at any time you want us.

At the close of the year 1926, Altus had a surplus unexpended cash balance on hand over \$23,000 after paying all operating expenses of the city to that date.

FRIGIDAIRE saves average of \$105.36 a year over ice refrigeration

Amazing facts reported by FRIGIDAIRE users
Low cost of operation an achievement of FRIGIDAIRE engineering

MANY still regard electric refrigeration as expensive. To prove that this is not true of Frigidaire, we sought the opinion of some 10,000 users.

Saves \$105.36 per Year

The answers were startling. They indicated savings even greater than we anticipated. According to carefully tabulated records, an average of \$105.36 per year—over and above all operating costs! These amazing economies are due to two things: (1) No ice bills. (2) No food waste.

A Scientific Achievement

Frigidaire represents years of research and development on the part of Frigidaire Engineers, and the Research Department of General Motors—the largest organization of electrical, chemical and mechanical engineers in the world. In Frigidaire modern science has incorporated elements that the exterior of the cabinet can't reveal.

New, Low Prices

To the wealth of evidence in favor of Frigidaire, add the new, low prices—the lowest in Frigidaire history. A complete model with Duco-finished enamel-lined steel cabinet—all ready to attach and operate from any convenient electric outlet—for the amazing price of only \$180 f. o. b. Dayton.

Few Dollars Puts It in Your Home

Frigidaire is used each day in the year. The whole family enjoys it. And it pays for itself with the money it saves, as proved by the signed reports of users. Visit our display room and see the new models. A small deposit puts one in your home. Then pay a little each month under liberal General Motors terms. Come in today.

Auction Sale
Stiles Trevey won the fat pig class on well finished pig. The fat pigs were bought at an auction sale by the Star Market and Winston Bros. after the showing. Four head were sold in this manner and brought prices that greatly encouraged the boys in their feeding operations.

Sheep and Goat Show
Exhibitors were L. N. Periman, Mr. Brumley, Mr. West, Winston Bros., Allen Warren, Campbell Helms, A. L. Stoker, Mr. Head, Lowell Stoker, Goats, J. A. Scrivner and C. T. Simmons.

The judges remarked when they got to the sheep classes that they did not expect to judge a Dallas Fair. They commented on the quality of the sheep exhibited, which were Rambouillets for the most part, Mr. Helms bringing in a few Delaines. The honors were distributed in the sheep classes, no two men winning first in the same class. Lowell Stoker took off both honors in the club classes on a fine and a fat wool lamb. The sheep men kept pace with the Hereford men in the size and quality of their exhibit.

The Horse Show
Friday was designated as the day for the horse show, and when the classes were called, competition was keen in each of the classes. The saddle horse class was called first and was won by Scott Brothers on a roan, with Miss Stewart of Gail a close second. The strongest class showing was brood mares which was won by Charlie Morton on a bay, Sherman Blakey took the blue on an unusually good span of mules.

The Baby Show
The baby show was supervised by Miss Celia Moore of the State Health Department of Austin, and Miss Moore was assisted by Dr. J. T. Whitmore and Dr. I. J. Sparks. Sixty-two babies were entered in this better baby show, this being a very large entry considering the fact that the show ran only during the first two days of the fair. The winners of the loving cups were as follows:

Boys and Girls Under 6 Months old, Joe Cass Carter, son of Mr. and Mrs. C. E. Carter, Fluvanna.
Boys and Girls Under One Year and Over 6 Months, Floyd Kenneth Mize, son of Mr. and Mrs. R. E. Mize, Hermleigh, Texas.
Boys and Girls Under Two and Over One Year, B. L. Joyner, Jr., son of B. L. Joyner, Snyder.
It is very noticeable that boys won all of the first prizes.

—And Don't Forget
Through all the multitudinous details that have occupied the minds of every true-blue Scurry County resident for this fair, it took money to operate it. The men on the firing line who brought in the bacon in the way of money were Messrs. George W. Northcutt, O. P. Thrane and R. H. Curlette.

It's A Matter of Management

Living alongside of each other for years are two men who have started out in life together and have the same earning capacity. The family of each is the same in number and almost identical in age. One of the men has his home all paid for and has a snug bank account, besides meeting his bills and obligations promptly.

The other man still owes a substantial amount on his home, has no bank account, and is slow in meeting his bills. One man's credit is high, the other man's credit is poor. One lives in comfort and security, the other in a hit-or-miss fashion.

Which family is the happier and more contented?

Poor management and lack of system; loose spending for needless things, wastefulness, carelessness and neglect—all these things inevitably lead to but one end—disaster. We can't get anywhere in the world by throwing away what we have earned by our labor. Remember that! Let's wake up! Let's stop the needless spending—cut out the wastefulness—start a budget. Let's pay our bills promptly. Our families will be far happier and we will find life really worth living.

Get On The Right Track. Let's Keep Our Credit Clean!

SNYDER GAINS NEW RESIDENT RECENTLY

It's now "Pa" and "Ma" Charlie Noble, since these good folks went to Dallas and adopted Mary Nell Noble, seven months old, from the Orphans Home.

Charles blushing admits that "pa" and "ma" are doing fine, but that he has lost ten pounds since the new addition, but that they wouldn't take a million dollars for the little one. He further admitted that he could now jump out of bed easily in the dead of night without stepping on his

shirt-tail and give the little Miss either the milk bottle or cover her tiny leggings with a good, warm blanket. Charley and his wife are living up to their good name: It's a noble cause to help rear these innocent little tots and make of them good citizens.

SNYDER MEN RE-ELECTED TO OFFICIAL POSITIONS

At the recent Fluvanna meeting of the Mitchell-Scurry Baptist Association, Rev. N. E. McGuire, new pastor at Loraine, was elected chief clerk of the association, Harvey Shuler of Snyder re-elected treasurer, Rev. Geo. E. Alexander continued as missionary, and Rev. D. W. Morgan of Colorado re-elected moderator.

The meeting was well attended and reports from churches show the denominational work progressing satisfactorily.

POST MAYOR MAKES ANOTHER HOLE IN ONE

Some people are just born lucky and mayor and beloved physician, Dr. D. C. Williams is that lucky person. We are speaking of his luck at making "holes in one" if you know what that means.

Last Friday makes the third time Dr. Williams has made his lucky stroke, driving about one hundred and fifty yards on second hole to the cup.—Post Dispatch.

SANTA FE OFFICIALS VISIT SNYDER SATURDAY

Mr. J. C. Barton, division superintendent, and H. G. Blair, division engineer, of the Santa Fe system, with offices at Slaton, were Snyder visitors Saturday. They came down to meet Mayor H. G. Towle and held a conference over the water proposition that was made the railway people by the city council.

Both were loud in their praise of the local supply, as well as the quality of Snyder water. They made a trip around the square

with Mayor Towle and were introduced to the business men of the city. They left with the assurance that Snyder would hear from them very shortly, all of which is mighty fine news.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

The Fair

The Scurry County Fair is already a thing of history. It is a chapter of which we may all be justly proud, but with which we should not be satisfied. Proud, I say—not vainly, but meekly and gratefully proud of the splendid achievements and progress made, with only two years of experience and training. Truly, we have learned much. At the same time we are beginning to get our eyes open to the far greater possibilities which lie at our feet, if only we will be enterprising enough to stoop down and pick them up. Our little three-day county fair which closed last Saturday at 4 p. m. was the means of fanning the hitherto smoldering embers into a flame of enthusiasm, enterprise and expectation. Already men of means, of vision and of purpose are talking of what can and should be done in order to prepare the way for a much greater fair and that, too, on a permanent annual basis. Perhaps most of the people who viewed our recent effort were surprised at the success attained. A visitor who has attended many fairs declared to the writer that this was one of the very best county exhibits he had ever seen. But listen, kind reader, that achievement can be doubted—trebled—quadrupled! Mistakes were made, to be sure, but thoughtful men and women will not make the same mistakes a second time. This simple fact means progress, and progress is the key to ultimate and major success. Let this simple word, SUCCESS, be the watchword of every enterprising citizen of Scurry County, and the fair will soon come to be both permanent and an asset. Of course there are (and there always will be) those who say, "It is too much trouble." But the wise will remember that "There is no excellence without great labor."

We would like to write further on this subject, but, really, it is not our prerogative to deal with the fair in general, but rather that part which the Fluvanna community had in it. This fact places terrible limitations about the writer's pen. Nevertheless, even this community's exhibit was an important part of the whole, as evidenced by the fact that both our booths won first place. This writer alone heard many glowing and positive compliments paid the Fluvanna booth. It called forth many words of praise as well as praise concerning the variety and quality of exhibits—also of arrangement and decoration. We greatly appreciate these compliments, and all the more so, too, because every product entered was grown in our own territory, and our booth was arranged and decorated by our own local people.

Club booth was also a first prize winner. Much might be said in favor of it, if space would permit, but its place at the head of the list tells the story. Several individual prizes were also won by Fluvanna people. While this scribe may not have learned of all, the following are mentioned without details: Miss Ruth Truss won a trip to the Dallas Fair on her demonstration club work and record book. Ed Jones took first on cake of his own make. Mrs. John Truss won first on biscuits, also on relish and three kinds of candy. Ruth Truss took second on relish. John Henry Trussell was awarded first on best head of maize. Gene Trussell had the best maize. Will Hood brought home three prizes on livestock. Mrs. E. V. Boynton took first on best Jersey calf. Mrs. Lee Lightfoot took first on best Jersey bull, and Clarence Dowdy got a blue ribbon on his dog.

Business Affairs
Since our last letter W. H. Caudle bought of Gene and Joe Wicker five cars of cattle and shipped same from this station to Jeyton for Kent Co. ranch. R. N. Miller and W. B. Hood shipped three cars of fat cattle to Fort Worth the first of this week. E. V. Boynton has shipped two more cars of maize to the Fort Worth grain market.

It goes without saying that the farmers are very busy now gathering in their fine crops. For this work the weather is ideal. Since our last letter we have had two good gentle rains—the first on Wednesday night of last week and the second on last Sunday night—totaling 5-8 inch of water. The Sunday night rain was much heavier to the west of Fluvanna where it was most needed.

Strange Things
On last Sunday night, while attending services at the Methodist

Church Services
Rev. C. R. Hardy held his usual services at the Methodist Church last Sunday. He was greeted by large congregations, more especially at night. The Union Epworth League came up and joined with the Fluvanna League in putting on their program at 6 p. m. The meeting was both pleasant and inspirational.

The next quarterly conference for this district will be held at Fluvanna next Saturday and Sunday. Because of peculiar circumstances this is out of the original order, hence falling on the Presbyterian day for services. Because of this fact the two church-

Sports and Drawings
On next Saturday afternoon Fluvanna will put on some interesting sports such as foot races, goat roping, cigar races, games, music, etc. A bushel of fun for all those who like to laugh and will come—come early.

LON CHANEY COMING TO PALACE IN "MOCKERY"
"Mockery," Lon Chaney's new starring vehicle for Metro-Goldwyn-Mayer which opens at the Palace tomorrow, is a dramatic mystery play of the Russian revolution.

Chaney plays the role of a strange, hermit-like peasant who worships a girl of the upper classes and is content to be her slave if only he can serve her. Then by a strange turn of fate, she is placed absolutely in his power.

The bloodshed and horror of the revolution rages about them. The peasant becomes a leader, and drunk with his power, he all but destroys the thing he had loved. His love changes to brutality and then the unexpected happens in a most dramatic climax and the peasant pays with his life for a disaster he could not avert.

As the strange mujik of darkened Russia, Chaney has a role rich in unusual and startling opportunities. His supporting cast is one of extraordinary ability, headed by Barbara Bedford as leading lady and Ricardo Cortez as the young officer whom she loves.

Benjamin Christensen directed the tale with such directorial skill as to place it among the finest pictures of the season.

Is Your Crop Mortgaged?
IF SO, it is a criminal offense for you to sell any part of it covered by the mortgage without applying the full proceeds to the payment of your mortgage debt, and the debt becomes due and payable immediately upon the sale of mortgaged property, regardless of the due date of your paper. You owe to yourself and those who have helped you make this crop the duty of paying, as quickly as possible, every man who has trusted you, but you should be careful to see that no part of your crop covered by any certain mortgage is used for any other purpose until that debt is paid in full.
The bankers and merchants of Scurry County are taking this method of notifying you that a failure to meet squarely and fairly your moral and legal obligation with respect to mortgages and other indebtedness will be promptly reported to the Scurry County Retail Merchants Association, and your credit standing for next year will depend solely upon the record you make for yourself this fall.
