

Snyder-the Best Railroad Town on Dal-Paso Hi-Way

'Slim' Lindbergh Day at Abilene Great Occasion

THOUSANDS HEAR MOST NOTED FLYER BOOST FOR AVIATION

Snyder Folk There

"Spirit of Snyder" and Committee Appreciate Hospitality

All West Texas paid homage to "Slim" Lindbergh during his two hours' stay at Abilene Monday morning.

Rearing into the city right on the stroke of 9:30, with the monoplane, "The Spirit of St. Louis," that took him on his famous hop from New York to Paris, Lindbergh was the cynosure of thousands of enthusiastic spectators.

Arriving at the band stand near the Hilton Hotel, Mayor Thomas Hayden introduced Lindbergh and Mrs. Moody. The latter then gave the official introduction to the crowd, and the Colonel responded with an inspiring address on aviation.

During this hero's ten-minute talk he let drop the thought that every city and every town should have a landing field, and Snyder should not hang back in this respect. Coming from the lips of a man who rode alone on a mission as great if not greater than that of Columbus, it should be high time that we folks who live in the smaller zones of life should get the "lead out of our shoes" and wake up.

Outside of "Slim's" presence himself, the "Spirits of All West Texas" carried off the honors, and Snyder's entry didn't take a back seat for any spirit in the parade.

Company "G" with Captain Sentell were also on the ground and assisted in keeping things moving.

The City of Abilene and its Lindbergh Committee put on a wonderful entertainment. Nothing was left to the imagination, but elicited off in a manner that testified to the job being ably handled and well done.

FORMER RESIDENT RETURNS

Jess Eoff, formerly a resident of Snyder and for a number of years in the employ of the Caton-Dodson Dry Goods Co., has returned to Snyder and will again be in the employ of the Caton-Dodson Co.

Jess has scores of friends here who will be pleased to know that he has decided to locate permanently in Snyder.

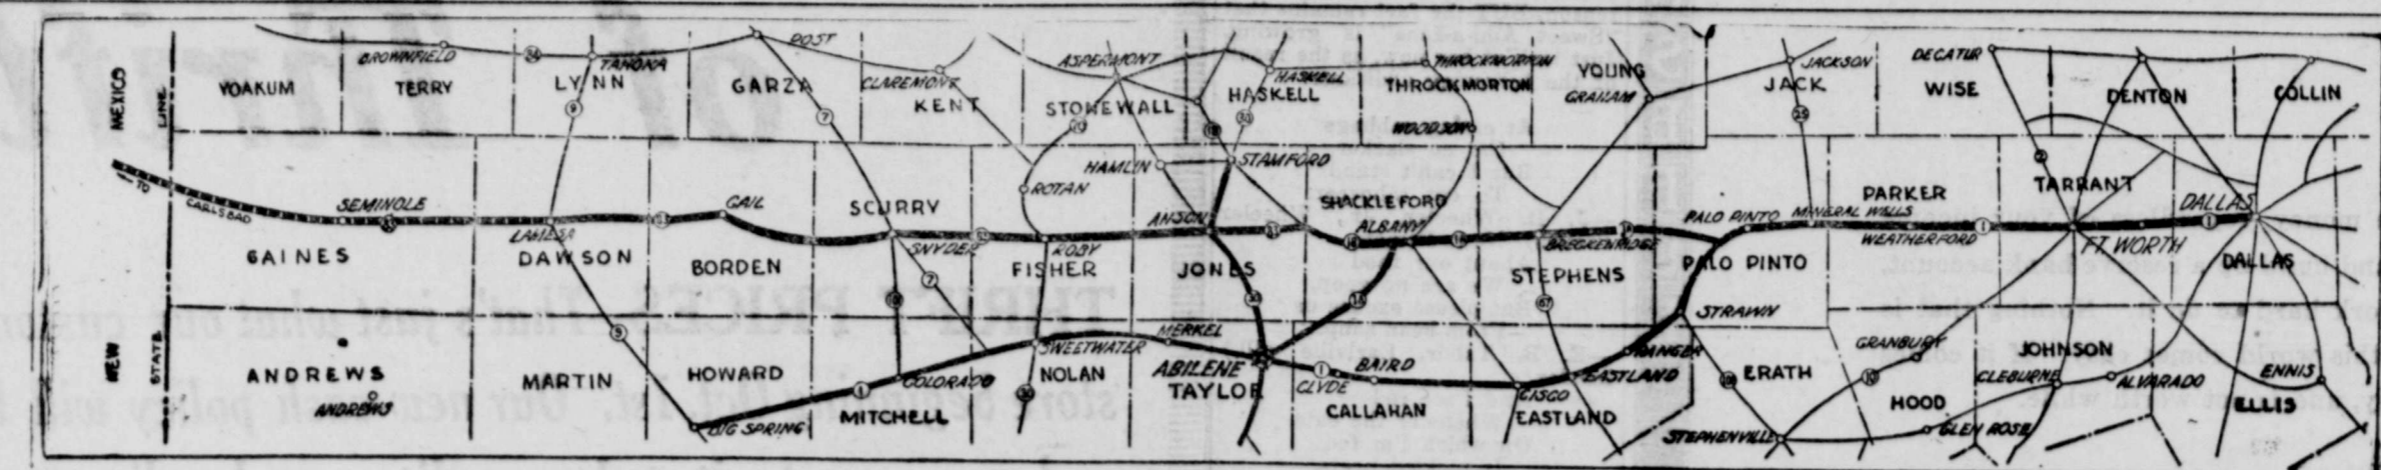

Roby defeated Loraine 13 to 0 in their first football game, while Sweetwater licked Loraine again last Friday, 51 to 0.

Formal Opening Piggly-Wiggly Store October 8

Snyder is to have a new grocery store, and its name will be "Piggly-Wiggly." The Stinson Bros. Drug Co. bought the Piggly-Wiggly franchise some time ago, contemplating opening a Piggly-Wiggly store in their building on the north side of the square, but later sold the franchise to H. G. Sanders of Slaton, who will open the store Oct. 1, but the formal opening will be Oct. 8.

A full equipment of Piggly-Wiggly fixtures have arrived. W. R. Patton of Snyder will be manager of the new store, assisted by Paul A. Harbinson of Slaton. Mr. Harbinson and family will move to Snyder in the near future. Mr. Sanders, owner of the store, will remain in Slaton for the time being where he has been in the grocery business for a number of years.

DAL-PASO CAVERN SHORTEST ROUTE FROM EAST TO CARLSBAD

Shortest Route Proves Vision Of Best Minds

CITY OF SNYDER IS ON WAY TO INCREASED PROSPERITY

New Hotel Coming

Also to Get County Hospital, Elevator and Other Improvements

The coming of the Dal-Paso Cavern Highway to Scurry County, with Route 83 improved, brings to mind that this one artery of traffic is later to prove the vision and thought of the best minds in West Texas.

New Hotel Coming Plans are now being thoroughly considered by the hotel committee of the Chamber of Commerce for a modern 75-room hotel in Snyder.

New Sanitarium An election will be called by the Commissioners Court at once to vote bonds for a proposed \$80,000 Scurry County Sanitarium.

New Grain Elevator The Scurry County Chamber of Commerce advises that a new combination grain elevator, midge flour mill and feed mixing mill will be erected in Snyder by the first of the year.

Unexcelled Trade Territory The strategic location of Snyder—from 30 to 70 miles of any other trade center—gives this city an unexcelled trade territory.

The dairy and poultry industries have increased fifty per cent in the past year in Scurry County. During the month of March this year the average sale of eggs per day netted the farmers \$601, while the sale of cream dined an additional \$233 per day.

Scurry County is simply the best county in West Texas. There is no argument to refute that statement. New faces, new residents, and good citizens will further help the county in its onward aim to progress and better living.

DANCING TEACHERS OBJECT TO YOUNG PEOPLE'S OBJECT

Organization at El Paso of the Young People's Club and announcement of its intention to outlaw drinking, dancing and gambling has brought forth retorts from dancing teachers.

See Coupon in Paper Next Week

The Scurry County Times-Signal has been officially selected in Scurry County by the Kellogg Corn Flakes Company of Battle Creek, Mich., to handle their newest merchandising effort, that of giving a free box of the corn flakes to every subscriber of the Times-Signal.

This free treat comes from the Kellogg Company. There are no strings or hidden propensities in the offer. Simply cut the coupon that will be in the Kellogg Corn Flakes full page ad in next week's issue, go to your grocer, no matter whether he is in Snyder, Hermleigh, Fluvanna, Ira, Durb, Camp Springs, Dermott, Knapp or any place where the paper circulates. You must clip the coupon, sign your name and deliver to your grocer either Friday, Saturday or Monday, Oct. 7, 8, and 10.

Officers Catch Thieves After Hard Chase

Wednesday afternoon a big Nash sedan, containing three young men, came in from Roscoe at a terrific rate of speed and crossed the public square at a rate that attracted the attention of the local officers who took after them in their wild flight on the Dal-Paso Cavern Highway west.

Officers at Gail and Big Spring were notified by telephone. Sheriff Brownfield and Marshal Woodfin were in hot pursuit, but could not quite overtake the fugitives, who turned south this side of Gail and headed for Big Spring.

About twelve miles this side of Big Spring the Howard County sheriff took after them in a high-powered Studebaker, and after jumping a bar-pit and tearing down a four-wire fence and crossing a pasture, he caused the men to abandon the car and to take to a maize patch where they surrendered.

The men readily confessed that they had stolen the car the night before in Fort Worth. The night they stole the car. The young men are in the jail at Big Spring awaiting developments.

Dal-Paso Cavern Boosters to Ask For State Aid

The Dal-Paso Cavern Highway Association Day at the Oil Belt Fair at Breckenridge Friday was a big success, the following towns along the route being represented: Carlsbad, N. M., Lovington, N. M., Seminole, Lamesa, Snyder, Anson and Albany.

An executive session followed with Judge Dixie Kilgore of Lamesa, president of the association, presiding. The matter of getting the route designated by Texas highway officials from Lamesa to the state line was discussed, the president being ordered to appoint a committee at once to look after this matter.

Special mention was made of the mile in Shackelford County connecting the route to the pavement in Jones County and at the intersection of Highway No. 18, in this connection, Victor L. Minter, secretary of the Carlsbad Chamber of Commerce, presented the matter of securing federal designation. The federal authorities will be asked to federalize this route in the next few weeks.

Towns along the route have cheerfully made large donations of money to be used in advertising the shortness and practicability of the route to the Carlsbad Caverns.

\$25,000 MANSION NOW GOING UP BETWEEN LAMESA AND SNYDER

J. H. Dean, well known ranchman, just below the caprock east of Lamesa, started today the construction of a \$25,000 mansion of native caprock stone. It is to be modern throughout, electrically lighted and steam heated.

WICHITA FALLS DEFEATS SNYDER LAST TWO GAMES

The Snyder Polo Club lost the last two games to Wichita Falls at the Floyd County Fair, Floydada, after defeating the Wichita team the first game last Thursday afternoon 9 to 8.

Wichita Falls out-ramrodded the Snyder team in the last two tilts with superior team play.

Scurry County Farmers To Go To Spur Monday

Monday, Oct. 4, makes the third date that has been set for a visit to the Agricultural Experiment Station at Spur by Scurry County folks and being the third time, the weather conditions are likely to allow the trip this time.

The trippers will leave from the court house at 7:30 o'clock. This will permit spending about six hours at the station and put the party home early in the evening of the same day.

There are many things to see of practical value at the Spur station, which is operated by the A. and M. College for the benefit of the people of this entire section.

The chamber of commerce is likewise to make an appropriation of \$50 in going for the best article on Lamesa and Dawson County written by an editor of the association visiting the convention.

The requirements are that the editor shall carry the story he writes in his newspaper, sending a copy to the chamber of commerce. All stories must be in the office not later than three weeks after the convention.

A local committee of whom C. E. Cameron is chairman, will judge the articles and award the prize. The articles may be short or lengthy, according to the judgment of the editor writing it.

The scheme is expected to give Lamesa and Dawson County columns of advertising that will aid them in colonization, development and growth.

Whose Cotton Estimate Will Win in Scurry?

Several outside sources, especially newspapers, says that Scurry County will go 50,000 bales of cotton this fall. Local prognosticators estimate between 40,000 and 50,000.

The Times-Signal wonders what is the expression of local cotton buyers who know their estimates are good. Kindly leave your estimates and guesses at the office.

ROTAN SCHOOLS OPEN

A total of 825 students were enrolled at the opening of the Rotan schools Monday, Sept. 12. There are 19 teachers on the faculty in addition to piano, violin and expression instructors. A short program was given at the opening of the schools.

Editors of West Texas to Meet in Lamesa Soon

Between 60 and 100 editors who are members of the West Texas Press Association will hold their annual convention in Lamesa Oct. 21 and 22. The program committee of the association met with Secretary Wm. A. Wilson of the Lamesa Chamber of Commerce Sunday for the purpose of arranging entertainment and preparing the program for the two-day event.

J. L. Martin of the Snyder Times-Signal is president of the association; T. Paul Barron, Midland, is chairman and W. E. Reid of Colorado, secretary of the association. These were here Sunday to discuss the matter.

Lamesa will be entertained at a luncheon at noon on the first day of the meeting and again in the evening with a banquet at which J. W. Smith, Sr., proprietor of the Lamesa Reporter, will be toastmaster.

The chamber of commerce is now trying to arrange for the exhibition of a moving picture showing the craft. This would be produced for the delectation of the editors on the first evening immediately after the banquet.

The chamber of commerce is likewise to make an appropriation of \$50 in going for the best article on Lamesa and Dawson County written by an editor of the association visiting the convention.

The requirements are that the editor shall carry the story he writes in his newspaper, sending a copy to the chamber of commerce. All stories must be in the office not later than three weeks after the convention.

A local committee of whom C. E. Cameron is chairman, will judge the articles and award the prize. The articles may be short or lengthy, according to the judgment of the editor writing it.

The scheme is expected to give Lamesa and Dawson County columns of advertising that will aid them in colonization, development and growth.

J. W. Smith is toastmaster. Mr. Smith, who will act as toastmaster at the banquet on the first night of the convention, was the factor through whom the convention was brought to Lamesa.

The program for the convention is yet to be worked out. Its release is expected for the press in another week or ten days. However, the members of the committee expressed the hope that it would include some high powered editorial speakers.

The craft is expected to derive much benefit from the convention and to reflect it in a closer fellowship and improved weekly, semi-weekly and daily newspapers over West Texas.

Cotton Ginnings Exceed Last Year

The government report issued by the Department of Commerce at Washington shows that prior to September 16, 1927, Scurry County had 980 bales ginned, counting round bales as half bales, compared with 509 bales ginned on a corresponding date last year. There are 19 teachers on the faculty in addition to piano, violin and expression instructors.

CELEBRATE BIRTHDAY

The Big Spring Herald, T. E. Jordan, editor, celebrated their twenty-fourth birthday last week. The Herald is one of the very best publications in all West Texas, and the Times-Signal wishes them many, many happy and successful years of constructive service.

Sunday Morning Fire Causes Big Damage Here

About 7:00 o'clock Sunday morning a smoldering fire was discovered in the repair department of Joe Strayhorn's garage on East Bridge Street in this city.

A fire alarm was immediately turned in but by the time the fire boys had arrived, smoke, carrying fumes of gas and burning rubber, had completely filled the entire building, making fire fighting a very difficult proposition.

The building covers more area than any other building in the city which fact, too, made it a very difficult task to locate just where the fire really had its inception.

The fire fighters used good judgment in not fighting the fire at random, as the large stock of accessories would have been a greatly damaged by both fire and water. It was, therefore, thought best to ascertain just where the fire was located before turning on the water.

At length, the fire broke out at the rear of the building, and it was the start of the tremendous rain. The fire boys were able with the fine water pressure furnished by the new engine to hold the fire principally to the repair department where it first started.

The room was badly warped as was also the south brick wall, but the large storage room on the east was not very badly damaged.

Mr. Strayhorn estimates his loss at between \$40,000 and \$50,000, with only \$26,000 insurance on the entire building and stock.

It is not known how the fire originated, but it seems the general opinion that it was caused from electric wires, due perhaps to a short circuit by water or the partial collapse of the roof on account of the tremendous rain that had fallen the night before.

One thing seems to stand without a doubt, and that the new engine paid for itself at this one fire. It also showed the people of Snyder just what our fire boys can do when something to do with.

"I'm badly crippled," said Mr. Strayhorn to a Times-Signal reporter Sunday morning, "but I'll come back and will continue to stay in Snyder until I'm borne away to my final resting place."

Cotton Gins Ought to Use Texas Bagging

We notice hundreds of bales of cotton moving in various parts of the state and the big majority of these bales are wrapped in Australian Jute bagging. Why do the cotton people insist on this importation over before seen local fair. Plans are going forward rapidly, and all work is being carried out as scheduled to arrange for the coming event.

ABOUT 1500 BALES COTTON RECEIVED AT BIG SPRING

Two hundred bales of cotton were received this week by Public Weigher J. W. Carpenter, making the total in Howard County reach the 1,500 mark this season. The cotton continues to pour in in spite of the rainy weather and cool spell of the past week—Big Spring Herald.

DAL-PASO CAVERN HIGHWAY TO BE MARKED AT ONCE

Every mile of the 434 miles of the Dal-Paso Cavern Highway between Dallas and Carlsbad, N. M., is to be doubly marked by enameled arrows, according to Wm. A. Wilson, secretary-treasurer of the association.

Arrows on one side will point westward and will be purchased jointly by the towns through which the highway passes. Arrows on the other side will point east and will be purchased jointly by the chambers of commerce of Dallas and Fort Worth.

"West Texas Today" Passes Compliments

"West Texas Today," official publication of the West Texas Chamber of Commerce, said in their September number: "The Scurry County Chamber of Commerce is only a baby in point of age, but in a short period of six months it has accomplished the following: promoted sewing of 3,000 acres in rennats, marking of all streets in Snyder, installation of 25 new benches on court house lawn, placing of 40 road signs pointing toward Snyder, securing poison for farmers at cost, obtaining markers for cotton fields, sponsoring trade day attraction in giving away \$50 every Saturday, conducting information bureau for tourists, carrying on a service department for rentals, and selling of livestock, and in creating membership 100 per cent."

"E. P. Moore is the first paid secretary of the Scurry County Chamber. With a bumper feed crop, and a record cotton crop in sight, with a new \$7,500 fire engine and a new water well flowing 1,000 gallons per minute, Snyder sends out the word that she will have much to be thankful for in November."

Sweetwater to Hold Exposition October 5 to 8

Those who attend the Midwest Exposition in Sweetwater, Oct. 5 to 8, will find plenty of entertainment, amusement and attractions on each of the four big days of the fair, officials have announced, because more events have been arranged for this year's exhibition than ever before seen at a local fair.

Plans are going forward rapidly, and all work is being carried out as scheduled to arrange for the coming event.

A band of real Comanche Indians under Chief Baldwin Parker, son of Chief Iuanah Parker, have been secured as an added attraction, and they will feature each night with real Indian council fires, war dances and songs and victory feasts.

TROUBLES ALSO VISIT DISTRICT COURT AT BIG SPRING RECENTLY

Last week's Big Spring Herald said: "Owing to circumstances over which no one had control this week's session of District Court has not been especially noted for accomplishment."

District Judge Fritz Smith got stuck in the mud at Latah flat Monday morning so it was 1:15 p. m. before court convened. Then nine prisoners escaped Tuesday morning and as all the officers were busy hunting the fugitives no session of court was held during the day.

The case of State of Texas vs. Ancil Jones, charged with the transportation of intoxicating liquor, was called Monday afternoon. He entered a plea of guilty but the jury was unable to agree upon the sentence to be imposed, and after being held until Tuesday afternoon was discharged.

The case of the State of Texas vs. J. B. Jarrett, charged with forgery, was tried Wednesday. After thirty minutes deliberation the jury returned a verdict of guilty and assessed punishment at five years with the recommendation that sentence be suspended.

On last Thursday Bill Morgan was sentenced to serve two years in the penitentiary on a charge of bootlegging. The grand jury was reconvened Monday and was in session until Wednesday afternoon. They returned six indictments Wednesday—making a total of 26 indictments for this term of court.

Peevish Reader Comes to Office

One of our local gentlemen got peevish at something he saw in last week's Times-Signal and came in Saturday and had his paper discontinued. He was nice enough about it though. He didn't refuse it but had the courage to come in and tell us he didn't like the article.

Every day we see things we don't like in papers and even in show windows. Now, for instance, yesterday we saw a pair of shoes in a window. We didn't like the looks of them and wouldn't wear a pair like them on a bet, but we didn't go into the store and tell the merchant we wouldn't trade with him any more on account of those shoes. Later in the afternoon we passed the same store and saw the merchant taking the shoes out to sell them to a man who thought they were the very stuff. He liked them so well that he shelled out the filthy lucre so that he might hide his unclean toes in them and walk out among the people on Sunday.

But getting back to the man who didn't like the article in the Times-Signal. On the same day he stopped his paper two other men came in and coughed up \$2 each. They had read the same article and liked it so well they decided they wanted the paper for a year. We are satisfied with the trade of one subscriber who didn't like the paper for two that did, as the man that traded an empty bucket for a turkey.

We're running the Times-Signal. We try to print all the news we can get, and we will continue to run the paper without asking anyone what to print and when to print it. We haven't intimated that we know everything and that our ideas are any better than yours. The only difference is we talk to approximately 2,500 people each week, where you possibly talk to 50, and we don't get peevish at a farmer when we pass his place and see where he has peas planted when he ought to have watermelons, and we don't get peevish when we pass a show window and see something we wouldn't eat or wear. We always figure it pleases the farmer or the merchant, and possibly every other person who passes. The gentleman mentioned above hasn't quit reading the Times-Signal, mind you. He'll drop around to the barber shop and read the paper from now on, and possibly even if, all of which worries us not a whit, as the more people reading the paper the better off our advertisers are. The old sheet's been going the rounds for nearly fifty years and bids fair to keep going. There's strength in years, especially when applied to a country newspaper—the hardest animal in the world to starve to death.

2400 VISITORS TO CAVES DURING SEPTEMBER

An estimated 2,400 visitors have toured the Carlsbad Caverns so far during the month of September. While the daily figures have dropped as expected for this month, there were 307 visitors representing 18 states and coming in 88 automobiles, according to figures furnished by Custodian Thomas Boles. The official total including Sunday was 2,205.

GOLD SATURDAYS

Snyder started it—then followed Colorado; next came Hermleigh, then Loraine and now Fluvanna. Camp Springs, instead of a Gold Saturday, is giving away a radio.

Who'll make it a fur-lined bathtub or a rubber water faucet? Snyder started it—then followed Colorado; next came Hermleigh, then Loraine and now Fluvanna. Camp Springs, instead of a Gold Saturday, is giving away a radio.

The grand jury was reconvened Monday and was in session until Wednesday afternoon. They returned six indictments Wednesday—making a total of 26 indictments for this term of court.

This is the final week of court and an effort will be made to clean up quite a bit of work the closing days of this week.

YOU can save money, regardless of your income or position, and build up a reserve bank account, but you must work hard to do it. Nothing that is worth while in this world comes easy. If it comes easy, it goes easy, and is not worth while.

AND STILL GOING

Mr. Allen's plea for something to appease the expatriate Hawkeyes (by the way, how come "hawkeyes" for Iowans?) was answered before it was made with the publication of the Corn Song in the September 3 issue of this col'm. So he just reprinted it in his "Reporter" column in the issue of September 8 and thus averted a crisis. Incidentally, in that column I notice that he does his bit for "Sweet Adda" in this manner:

To be continued,
Just add a line:
I like not cereals
Without the kine.

It may be the wide variety of diet offered her from the vegetables and such scorned by men—it may be the attention that is being showered upon her by all these fellows—it may be for some other reason, BUT the fact remains that "Sweet Adda-Line" is growing. Just look at her now, as the result of the following additions:

At eating cabbage
I'm no slacker,
But I can't stand
To eat tobacco.
—J. D. Wheeler, Jr., Wheeler (Texas) News-Review.
About our food
We are no goop,
But please excuse us
From bean soup.
—E. B. Tabor, Earlville (Ill.) Leader.
And I see red
Where'er the cats
On which I'm fed
Is pickled beets.
—J. L. Papes, Marion (Iowa) Sentinel.
I can eat all birds
From a quail to a parrot,
But darned if I
Can eat a carrot!

AREN'T WE WONDERFUL!

An old preacher told the boys of the Bible class what lesson he was going to read next Sunday. The boys finding the place, glued together the pages. The next Sunday the preacher read on the bottom of one page:

"When Noah was 120 years old he took unto himself a wife, who was (then turning the page) 140 cubits long, 40 cubits wide, built of gopher wood and covered with pitch inside and out."
He was puzzled. He read again, verified the statement, and then said:
"My friends, this is the first time I ever met this in the Bible, but I accept it as evidence of the assertion that we are fearfully and wonderfully made."

PRESENT DAY MORTICIAN USES MODERN METHODS

There are conditions, inevitable conditions, which arise in every community and in every home, that require the services of a first class mortician.
That his services be sympathetic and understanding is essential. That the mortician have adequate equipment available to meet requirements is of equal importance.
—Ralph H. Odum, funeral director, has developed sympathy and efficiency by constant effort to Snyder and surrounding communities.
The motor equipment of the firm is the most modern, and the impressive dignity in which the service is given is a source of satisfaction to those who require the firm's assistance.

As We Grow Older

Proper Kidney Action Is More Than Ever Important.

As we grow older, there is apt to be a gradual slowing up of bodily functions. The kidneys are the blood filters. If their action becomes sluggish they do not thoroughly cleanse the blood of poisonous wastes. This tends to make one tired and achy, with often nagging backache, drowsy headaches and dizziness. A common symptom of imperfect kidney action is scanty or burning excretions. Elderly people recommend Doan's Pills. This test diuretic is endorsed the country over. Ask your neighbor!

FIGHT RECEIPTS \$2,658,660

Gross receipts of the Tunney-Dempsey championship fight Thursday night were announced by promoter Tex Rickard Saturday as \$2,658,660.

DOAN'S PILLS

Stimulant Diuretic to the Kidneys

SERVICE AND THE SMALL ACCOUNT

THIS BANK is a service institution organized to meet financial requirements of our depositors. The amount of service often depends upon the bank balance each customer carries.

We must at all time carefully protect our funds. Money can be loaned only when we feel sure that it is safe. When you maintain a reasonably large, steady balance, it is an indication to us that you know how to use your money wisely. It gives us a reason to believe that you are a good credit risk—that money loaned to you will be safe.

That is one reason why depositors who maintain large balances get better service from their bank. They are entitled to it.

A girl, Rubie Marie Stuard, Sept. 20, Mr. and Mrs. A. L. Stuard.

30 YEARS AGO

News Taken From The Coming West

The editor of the Coming West picked up a scrap of paper near the Light office the other day on which the following is indited and presumed to be the reason for the suspension of our late contemporary:

"Bucklen I note you to stop my paper I want you to stop it and I am getting enough of your scheme to make me take your paper I state once more I don't want your dog gone old paper. Mrs. — has notified you and she has got record of it and if you don't stop the dam thing I will give you a piece of my mind. Stop that paper I haven't taken none of them out of the office and don't expect to. Now stop it, I don't want it and wouldn't have it, you couldn't give it to me there's nothing in it if you must think in a dam fool."

Joe Antry received this week a corn harvester, the first one for Scurry County.

Old Father Pat, who has been lying very low, died last night and will be buried tomorrow.

Uncle Fred Williamson sold his ranch for \$2,000 and 200 head of cattle around \$15.

10 YEARS AGO

Total enrollment first day of school was 587. There are 144 in high school, 30 of whom are seniors.

B. L. Blackburn, who has been conducting the Enterprise at Hermleigh, has suspended publication.

\$100,000 road bond election will be held Oct. 13.

Dr. R. L. Howell went to Sweetwater and took the required examination for appointment in the medical corps of the army.

Dallas County voted dry by 2,000 votes Monday.

Supt. W. W. Shields of the Hermleigh schools spent Saturday in Snyder.

Misses Maude, Annie and Lora Williams left Sunday for Canyon City where they go to finish for permanent certificates.

DERMOTT NEWS

It seems like winter time is here again. We have had about two inches of rain the past week. Eugene Sanders and A. E. Carlisle were in Sweetwater Wednesday and Thursday of last week on business.

There was quite a crowd in Dermott last Thursday night to hear the Tunney-Dempsey fight by radio.

Fluvanna and Dermott played ball Sunday, Fluvanna being the winner.

Quite a crowd from Dermott attended the rodeo at Fluvanna Saturday.

M. A. Fuller spent Friday looking over his ranch and is shipping a car of fat calves to the Fort Worth market this week.

Clarence Whately sold one carload of sheep this week to Mr. Stoker of Snyder.

Bud Byrd and Horace Shipp of the Seb Eac ranch helped the L. P. around up Monday.

Brother Harris filled his regular appointment here Sunday, but owing to the bad weather only a few were present.

Powie Fuller is shipping a car of calves to Fort Worth this week.

Mr. and Mrs. Guy Peterson of Vaughn, N. M., have been visiting Mr. and Mrs. John Mallon for a few days. John Mallon returned home with Mr. Peterson.

CHRISTIAN CHURCH NEWS

All members of this church take notice. Our Bible study and Sunday school will begin promptly at 9:45 a. m.

Junior Endeavor, 5 p. m.
Senior Endeavor, 6 p. m.
Communion services each Lord's Day, 10:45 a. m.
Breaching, 11 a. m. and 7:30 p. m.

Although quite a number of our members are on the sick list and some few are still away on vacations, our attendance for last Sunday was above the average.

The pastor has been preaching a series of Sunday morning sermons on the following subjects: "The Church, Its Past, Its Present and Its Future."

All members are earnestly urged and the public cordially invited to hear the pastor on the following Sunday morning series: "How do We Know There is a God?"

"How do We Know the Bible is the Word of God?"
"How do We Know that Jesus is the Son of God?"
"How do We Know that We are Children of God?"
"How do We Know We Shall Live Forever With God?"

COUNTY AGENT NOTES

C. C. Willis, County Agent
SYRUP MAKES GOOD PROFITS

Many people through force of habit follow the same old plan of doing things from year to year. The word "diversification" means little. There are many things that will add to a farm income besides cotton. Eb Clarkson, 12 miles west of town, contributes something that is worthy of consideration. Mr. Clarkson planted a little more than two-thirds of an acre to seeded ribbon cane, and without any effort or claim for a record, made 188 cans of syrup from this acreage. That was a year ago. This year prospect are better. That is a gross income of \$250 per acre. It would take a pretty high priced cotton to beat this, and besides, Mr. Clarkson is supplying the local market with a high quality syrup.

Mr. Clarkson also plants two rows of feed and one of peas. Many say this will not work. However, it maintains and increases soil fertility, supplies pasture if needed, increases the water holding power of the soil and takes little or none from the yield.

FAIR CORRECTIONS

In last week's issue of the Scurry County Times-Signal the following mistakes were noted in the fair list:

E. V. Boynton of Fluvanna won the first in heifer calf classes and also the champion female of the Jersey show on the same calf.

Mrs. Geo. W. Brown won first on nut but.

Mrs. Lee Stinson won first prize on ferns in the flower show.

WANTED—FEEDERS FOR TON LITTERS

There is a question but that with the present price of hogs, and supposing that the market holds at anywhere near its present level, hog feeding is one of the most profitable methods of utilizing maize. The Fort Worth Stock Show is offering very attractive premiums for ton litterers for the first time in this year's show. The feeding time has been shortened to 150 days, putting lighter and profitable weights on the market, and the results are not judged on total, but average weights with a minimum. One can profit by the methods of former feeders. It will cost nothing to prove very profitable.

Premiums awarded will be: first, \$50, \$40, \$30, \$20, \$10 for litters averaging 225 pounds and above; and \$50, \$40, \$30, \$20, \$10 for litters averaging between 175 and 225 pounds.

DALLAS FAIR CLUB BOYS ENCAMPMENT OCT. 11-13
A larger portion of the expenses will be paid by the business men of Snyder for three boys making this trip which will be awarded to the boys on their records. Many boys have completed good projects and would be in line for this trip if they would get in their record books. A number have been received, but the awards are being held up for some that are tardy.

The state fair is offering some very attractive premiums to club boys on exhibits, and it is hoped that several boys will try for some of this money. It is not nearly so hard to win as generally considered.

Twenty bolls open cotton, stapling 1 to 1 1/4 inches, premiums, \$20 down to \$2, for ten prizes. Grain sorghums, ten heads of milo, kafir, ficerita, hegar, \$10.

\$7, \$6, \$5, \$4, \$3, \$2.
Sweet potatoes, one peck Nancy Halls, Porto Rico, any other, \$10, \$6, \$4, \$5, \$2.

DUNN DOINGS

Hurrah! Back on the job again and glad to be back home! Have just taken a trip clear across the state line. If the world is as big in all other directions as it is west from Snyder, it surely is a whopper.

Dunn is still the center of interest in cotton picking, dominoes, rent arrangements and rest, with the peanut industry gaining momentum.

Heavy rains stopped the farmers from the field work and put many of them to fixing water gaps.

The sound of hammers, buzz of saws and smell of new lumber give Dunn the appearance of a boom town.

J. C. Beakley has just finished a modern six-room bungalow that is to house the family of R. D. Sherrod. Mrs. Billingsley is just completing a modern five-room bungalow that is to be her home, having sold the old family home.

Mr. Linseum is erecting a modern home on his farm near Little Sulphur school house. The Missionary Baptists are remodeling the old church building, putting in new doors, windows, painting and re-arranging the interior, also terracing the grounds. All Dunn is proud of this improvement for our churches and church-going people are our pride.

Each of the three churches had splendid revivals and the Sunday

schools are growing, and church life in general is at its best. School is to start soon. The new truck has arrived. It was purchased by the trustees for the accommodation of pupils that live at a distance. It is a Chevrolet with specially constructed body and is a very attractive "wagon."

There is a rumor in fashionable circles that cupid is working and that the demand for more houses will hold up for some time to come.

POLAR DOTTS

Everybody is working to get their crops gathered before winter comes. On a whole, crops are not as good as they were last year, but a better report has been realized so far.

A very good price we have to make is that there are no new cases of small pox in Polar as far as we know. This will be good news to everyone, as it will mean we can enter into community activities again.

E. G. Elkins and Mrs. Bettis returned home last week after a few days visit with relatives here.

E. N. Hall's children, who have been in Arkansas for the past year, is at home with friends and loved ones again.

Miss Lois Lovelady has been on the sick list for the past few days. E. N. Hall's children, who have been sick with the fever for some time, are up again.

Where's Snyder's Parent-Teacher Association? Snyder schools need that body of men and women.

Long Troubled by Constipation

"Black-Draught has been a family medicine with us for fifteen years," says Mr. F. M. Huntley, of Neosho, Mo. "I read about it first in the Ladies Birthday Almanac and what I read there sounded so convincing I made up my mind to try Black-Draught, as I had been troubled with constipation for a long time."

"I found Black-Draught to be the ideal medicine for this trouble. It gave me quick relief. Frequently I had had headaches and pains, due to toxic poison. By taking a course of Black-Draught I gave my system a thorough cleansing, and I have had little or no trouble since then."

"Now, if I am becoming constipated, I take several small doses of Black-Draught, and am very soon feeling fine."

Costs only 1 cent a dose.

The Ford's BLACK-DRAUGHT For Constipation, Indigestion, Biliousness

Mrs. Mays of Polar has a daughter visiting her this week.

A. Moore, E. L. Peterson and L. W. Carlisle went to review a road near Clairemont last week.

A. C. Elkins and Watt Smith attended the Methodist conference at Fluvanna last Saturday.

Ike Boren and family spent Sunday with Mr. and Mrs. B. A. Moore.

Mr. and Mrs. J. A. Martin were visitors at the W. T. Vick home Sunday afternoon.

Mr. and Mrs. G. M. Elkins were visitors with their son, A. C. Elkins, Sunday afternoon.

Mrs. A. C. Elkins visited with her mother, Mrs. Griggs, Sunday.

Miss Oleta Mitchell spent Sunday with Miss Gladys Vick.

Miss Del Marie Cumbie spent Sunday at the Massingill home.

FRIGIDAIRE PRODUCT OF GENERAL MOTORS

Know that the foods you serve are safe

Frigidaire prevents the unseen mold that imperils health

NOT for a minute would you think of risking the health of yourself and family by serving food on which mold appears. But do you realize that mold is often present from ten to twelve hours before it is visible to the naked eye? The microscope reveals that this is true.

The only protection against this unseen danger is to keep perishable foods in a dry atmosphere and in a refrigerating temperature of less than 50°. Frigidaire electric refrigeration meets both these requirements.

With all its advantages, Frigidaire is low in price. It can now be bought for as small a sum as \$180 f. o. b. Dayton. And terms are so convenient that it is easily within your family budget. See a demonstration now.

The Scurry County Times And Snyder Signal

THE OFFICIAL NEWSPAPER OF SCURRY COUNTY AND THE CITY OF SNYDER

J. L. MARTIN, Senior Editor G. F. SMITH, Junior Editor Editors and Publishers

Published Every Thursday at Snyder, Scurry County, Texas.

Entered at the postoffice at Snyder, Texas, as second class mail matter, according to Act of Congress, March 3, 1897.

NEWSPAPER CHANGE

Donald McDonald of Corsicana has purchased the Itasca Item from George W. Bowman. The latter in turn purchased the controlling interest in the Cleburne Daily Times.

WE SYMPATHIZE

The sympathy of the Texas Press is reaching its way to Richardson where Carson T. Harben died last week. He was the son of Editor and Secretary Samuel P. Harben of the Texas Press Association.

TEACHERS' LOT NOT SO EASY

School teaching is not the easiest profession in the world, even under the best conditions. Having charge of children for several hours each day is a greater responsibility than most people realize.

Education is the backbone of our present civilization. Countries where lawlessness and immorality are still prevalent usually have herds of people who cannot write their own names.

In Snyder and Scurry County are excellent facilities for educating children, with capable men and women teaching them. A moderate amount of cooperation from the parents is all that these educators expect and when it is given the results are greater because the effort has been stimulated.

A few favorable words to those who perform this important duty of teaching youngsters is worth a lot to them. It helps.

3,505,552 BALES GINNED

The census bureau Friday reported cotton ginned from the growth of 1927 prior to September 16, counting round bales as half bales and excluding linters, as 3,505,553 bales against ginnings to September 16, 1926, of 2,509,103 and 1925 of 4,282,066 bales.

SNYDER HIGH LOSES TO ROSCOE FRIDAY

Snyder High lost a heart-breaking football game to Roscoe Friday on the latter's grounds, 6 to 0.

Overconfidence in the first quarter, coupled with the fact that Roscoe used their heavy backs against Snyder's green line, were two contributing factors in the loss of the battle.

As yet, Snyder High men are not hitting together on organized play, with the further fact that they miss too many tackles, and with the elimination of these factors in their work, they will commence winning games.

About 300 Snyder boosters were on hand to urge their favorites on to a win. Roby High plays here tomorrow.

WICHITA FALLS WINS SERIES IN 4 GAMES

Wichita Falls, official Texas League champion, won four straight games to defeat New Orleans for the Dixie championship. The respective scores by which the Spudders annexed the Dixie pennant were 2 to 0; 11 to 1; 9 to 0; and 4 to 2.

Not since the Boston Braves won four straight games in the world series from Philadelphia in 1914 has any team in the majors or minors except the Spudders of 1927 won four straight games in a post-season series. In 1922 the New York Giants won four games of the world series from the New York Yankees, but there was a tie game played before the final.

WHY EDITORS LEAVE HOME

Wanted: Experienced ready-to-wear woman in one of the oldest business houses in town.—Charleston (W. Va.) Gazette.

The graduation exercises will be held this Thursday evening at 8 p. m.—Le Mars (Iowa) Paper.

It makes no difference how smart you are the old cow won't back up to you while you are sitting in the shade to be milked.—Topeka (Kan.) Daily Capital.

KNAPP LADIES ENJOY QUILTING THURSDAY

A most enjoyable community gathering was held at the homes of Mrs. Marian Anderson and Mrs. N. C. Anderson in the Knapp community last Thursday. Twenty-seven women and one man, H. P. Wellborn, were present.

Mr. Wellborn reports that they quilted seven quilts and in his opinion spread enough gossip to last the Knapp neighborhood for twelve months. But he wants it understood that if any one of the number present should not like his report of the affair, he didn't say anything of the kind, but that the senior editor of the Times-Signal by some hook or crook misquoted him.

But all present are of one mind in declaring that it was a great day for them, and that the sumptuous dinner served at the noon hour lent no small part in making the occasion one long to be remembered.

Mr. Wellborn says that he has developed into an expert quilter when it comes to the part played at the festal board rather than about the quilting frames.

"BOOGER RED" HERE

"Booger Red," Jr., is here this week making arrangements to give a show at the City Lot Friday night at 8:00 o'clock, Saturday afternoon at 2:30 and Saturday night at 8 o'clock.

"Booger Red" is on his way to Dallas where he will show each day during the State Fair, and stopped over at the request of some of his old friends. He is said to have the best rodeo show in the world, and is, himself, one of the best rodeo performers now on the road. If you like wild horses and thrilling rodeo performances, "Booger Red" will most surely entertain you.

ATTENDING STATE BOARD

H. G. Towle is leaving tonight for Houston where the State Board of Examiners in Optometry is holding examination. Mr. Towle is a member of the State Board and will be away from Snyder until Tuesday.

ENNIS CREEK DOTS

Ennis Creek was visited by another fine rain that fell Saturday night, and it will delay the cotton picking for a few days, but we hope it will bring the price of cotton up a few points.

Misses Era and Hattie Lee Hart spent Sunday with Laura Wade. Mr. and Mrs. W. A. Wade and son, Anthem, took dinner with Mr. and Mrs. Andrew Floyd and family Sunday.

Mr. and Mrs. Jim Galyean and two daughters, Lottie and Edna, visited in Sweetwater Sunday. Mr. and Mrs. Elwin Hamm and son, T. J., accompanied them.

SIMMONS COWGIRLS TO ADD 30 NEW MEMBERS

"Rush week" for the purpose of selecting thirty new members for the Simmons Cowgirls, pep organization of Simmons University, was inaugurated Monday.

Various entertainments are being held this week, and each member will rush three girls. Candidates will be elected before the football game with the Denton Teachers at the West Texas Fair Saturday.

An order for fifty pairs of high top boots was placed recently by the Cowgirls. The total of the Cowgirl organization is fifty girls.

McKINNEY FOLKS VISITING IN SNYDER BEFORE GOING WEST

F. B. Bynum, who has been connected with the Wilcox Lumber Co. for more than ten years, has resigned his position with that prominent McKinney firm and will leave Friday with his wife and two children, DeForrest and Lawrence, in their car for Los Angeles, Cal., where they will make their future home.

They will visit Mrs. Bynum's father at Snyder en route to California. Their many friends in McKinney regret to see them leave here, but wish them continued health and success in their new home.—McKinney Democrat-Gazette.

CALENDAR DATA

Under our present calendar, no century can commence on Wednesday, Friday or Saturday. October begins always on the same day of the week as January; February, March and November commence on the same day of the week, while May, June and August commence on the same days. The year finishes on the same day of the week it began. These rules, of course, do not apply to leap years.

LAMESA RIX FIRM SOLD TO HIGGINBOTHAM CO.

The Rix Furniture and Undertaking Company was sold to the Higginbotham Company last Friday afternoon, it was announced the day following by J. A. Rix, who returned from Lamesa shortly after the deal was closed.

Rix Furniture and Undertaking Company now has two houses, one in Lubbock and the other in Big Spring. Aside from the lumber business, the Higginbotham-Bartlett Co. in Lamesa has been in the hardware business for several years, and the purchase of the Rix store is the paramount move of the company toward expansion.—Lubbock Avalanche.

SWEETWATER TO HAVE NEW \$60,000 CITIZENS ICE PLANT SOON

Announcement has been made by Glenn Sample, president and general manager of the recently organized Citizens Ice Company of Sweetwater, that work will be started within the next 60 days on the erection of a new 25-ton ice plant with a storage capacity of 100 tons.

The company is incorporated for \$60,000, and the plant building will be a modern brick, fire-proof structure, and equipped with the most modern ice making machinery. It will be ready for use by next April.

On behalf of the citizens of Snyder, the Times-Signal invites Mr. Sample to come over and look us over. Snyder is still paying 80 cents a hundred for ice.

DRILLING ON SANDERS NO. 1 AT DEPTH OF 3,200 FEET

The Sanders No. 1 test being drilled three and one-half miles north of Lorraine, section 25, block 25, is now drilling at a depth of a little better than 3,200 feet. For the past 2,000 feet it has been drilling in hard grey lime. The work is going forward rapidly despite the fact that the bit was lost once, Tuesday night of last week.

LAMESA-SNYDER ROAD IS FINE DIRT HIGHWAY

The Record editor went to Lamesa last Sunday for a short visit, going via Snyder and Gail, and we will say that the road from Snyder to Lamesa is the best 70-mile stretch of dirt road we have

ever been over. The roads are perfectly smooth, the dips are all long and gradual, bridges are all perfectly level with the roadbed, and anyone can drive just as fast as they want to on this road. With exception of a half mile out of Snyder and about three miles out of Lamesa the road is just as good to drive over when dry as pavement. This road is known as Highway No. 83, and we can say that the man who built it sure knew his "stuff." He knows how to build a dirt road that is good going. Much of the land around Gail and east of Gail is similar to Loran Flat. It is a red clay adobe soil and would probably be bad in wet weather, but it was as smooth as pavement Sunday.—Colorado Record.

EXPRESS COMPANY ADDING AEROPLANE SERVICE FOR CUSTOMERS

We now have the privilege of sending express by airplane. The stations where our parcels will be picked off the trains for the air are Dallas, Fort Worth, Oklahoma City, for this immediate section, so W. W. Smith, local agent of the American Railway Express Company, tells us. Special delivery service will be made at destination. If you have a small package that you are in a hurry to get through, the plane will take it, but like the pony express of the olden days, the packages must be comparatively small, of course. Then, there are restrictions. You cannot send anything valued at over \$5,000. No live shipments. No explosives. None over 200 pounds. No fragile articles, and so on. The service is now on.

BIG SPRING COMMENTS

Says the Herald: "Lamesa is going to follow the example set by Snyder in making a fight to secure ice at a price less than 80 cents per hundred pounds. It is said that ice can be purchased at Roscoe for 55 cents per hundred pounds."

The superintendent of the El Paso schools has told his teachers to look and act as if they were 30 years old. "If you are younger, strive to seem older; if older, strive to appear 30, also for the public will esteem you more," is his advice.

INTERESTING NEWS OF WEST TEXAS

Deaf Smith County was awarded first prize and Garza County second prize for agricultural ex-

hibits at the Tri-State Fair at Amarillo last week.

West Texas Gas Company has been granted a franchise to distribute gas at Lamesa, Midland, Tahoka, Post and Lubbock.

Rotan is ginning an average of more than 100 bales of cotton per day.

Enrollment in the Snyder high school totals 265, and 850 in all Snyder schools.

Abilene had received 5,000 bales of cotton up to last Wednesday morning.

The Community Natural Gas Co. is turning on gas in Winters this week.

Highways Nos. 9 and 84 through Lynn County are to be completed and put in first class shape. Both these highways are to be regraded. Work is now going forward on No. 84 east and west across Lynn County.

There are 42 boys at Tahoka taking agricultural courses in the

high school under the vocational department.

More than 200 were in attendance at the annual meeting of the Brownfield Baptist Association at Tahoka last week.

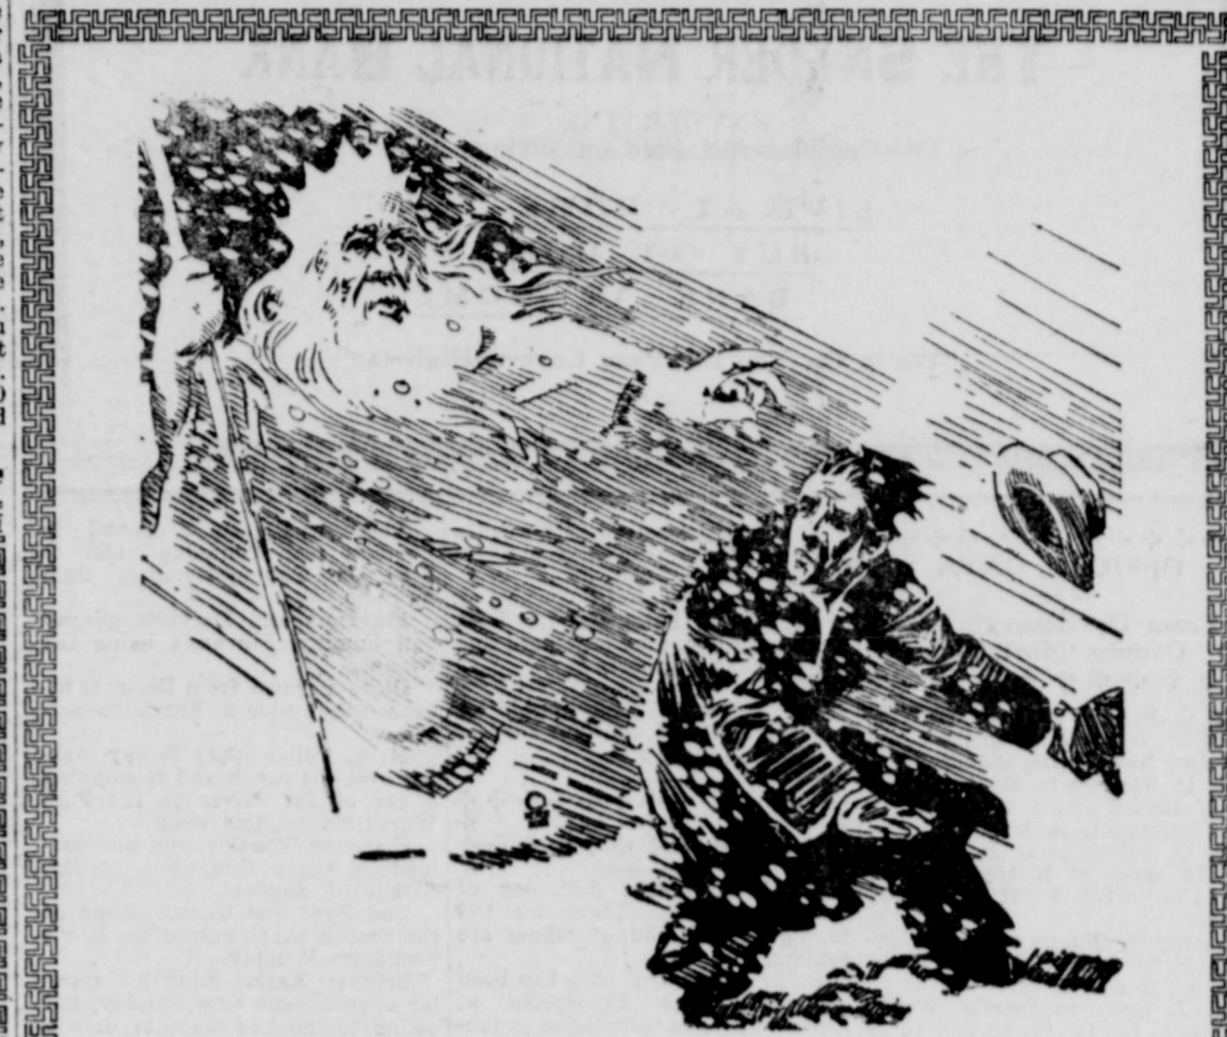

Reeves County will hold an election October 29 to vote on \$40,000 bonds to build a county hospital.

A. A. Kinney has resigned as secretary of the Pecos Chamber of Commerce to go into business in Pecos.

Winkler County school bonds in the sum of \$35,000 have just been approved by the attorney general's department.

The Dawson County Shipping Association shipped their first car of hogs from Lamesa last week and reports results very satisfactory.

"If you fool the public in one instance, your best arguments thereafter will be of no force or effect."

GOOD COAL WARDS OFF THE ICY WINTER BLASTS

A COLD day . . . Icy blasts . . . Whistling winds . . . But you can laugh a warm laugh when your bin is stocked with Montevallo coal. For then you're insured against cold. And it's amazing how few ashes there are to contend with when you have this fine coal at our fair price.

Advertisement for G-M-R Cylinder Head: 'The New G-M-R Cylinder Head provides Amazing Smoothness Silence and Power. Exclusive on the Oakland All-American Six. Conventional Cylinder Head vs G-M-R Cylinder Head. Convex curves tend to throw the gases back into the center of the chamber, thereby retarding cooling and causing 'detonation' or knock. Convex curves in the G-M-R Head have the opposite effect. They deflect the gases smoothly along the wall into the clearance space above the piston, thereby aiding cooling and reducing knock. Deep clearance spaces also retard cooling. Note how the depth of the clearance space in the G-M-R Head has been reduced to facilitate cooling by water. Here knocking is further reduced. The comparative effects of convex and concave curves are illustrated by a spoon held under a faucet. At the left, the water strikes the concave surface and causes a violent disturbance. At the right, the water, like the gases in the G-M-R Head, strikes the convex surface and glides smoothly away. Everyone who drives the Oakland All-American Six marvels at the smooth and whispering flow of power produced by the new G-M-R Cylinder Head. Specifically, the G-M-R (General Motors Research) Head accomplishes three results: 1. It reduces 'detonation' or 'spark knock' to a negligible factor while using only ordinary gasoline. 2. It completely eliminates roughness or 'thump'—an entirely different engine noise. 3. It provides greater power and economy because it allows the spark to be advanced to the point of maximum efficiency. (Once set, the Oakland spark remains in proper position since it is automatically controlled.) The G-M-R Head is only one of the engineering advancements which have created such widespread favor for the All-American Six. Come in for a demonstration of the principles involved! NEW LOW PRICES 2-DOOR \$1045 SEDAN 4-Door Sedan \$1145 Sport \$1075 Cabriolet \$1145 Landau Sedan \$1265 The New and Finer Pontiac Six, \$745 to \$925. All prices at factory. HERMLEIGH NEWS

The news appearing in this column comes from Editor R. S. Norman of Hermleigh. It is always the desire of the Times-Signal to give its readers a complete digest of the week's news for Scurry County.

Volume 1, Number 1 of the Hermleigh Herald has been received, and it is a very creditable first edition. Hermleigh has had many experiences with newspapers; men who operated them failed to live up to expectations, and will perhaps be a hard row for the new editor to hoe until the folks learn what fine people Editor Norman and family are.

The Times-Signal wishes the new enterprise the finest success, and hopes that the Hermleigh merchants will not lose their "pep" and leave the new man holding the bag. He has invested in the neighborhood of \$1,500 to get started there, and the merchants should stand by the new man this time.

The Times-Signal believes that the new man will give merchants and citizens alike just what they want, and if perseverance counts for aught, Editor Norman will stand pat and be made happy that he selected Hermleigh for a place to live. He is a booster for the word "go," but he cannot boost without the unqualified support and money of every person who believes in the town.

Hermleigh School Notes
School opened here Monday with a good attendance of both pupils and patrons. After singing devotional exercise, very helpful talks were made by several school patrons, and several pupils rendered pleasing numbers. Everything seemed to presage a successful year's work.

The faculty for this year is B. M. Gramling, superintendent and science teacher; A. D. Hill, principal and English teacher; Miss Odelle Crane, history and Spanish teacher; Miss Hazel Lee Rainbolt, mathematics; Mrs. Minnie Duncan, fifth and sixth grades; Miss Frances Gills, fourth and fifth grades; Miss Ruby Forrester, second and third grades; Mrs. Della Forrester, first and second grades; Mrs. Cleve Patterson and Mrs. S. C. Randals, music teachers, and Miss Gray, expression.

Hermleigh High School is now classified as a four-year high school with eleven units of affiliation. We shall this year try for at least five more units: Spanish, two; English, one; civics and economics, one-half each; and physics, one. Three hundred fifty dollars has been allotted for laboratory, and \$150 for the library this year by the board for needed equipment.

The state has granted \$300 special aid to assist in installing equipment for teaching agriculture and farm mechanics to the boys and cooking and sewing to the girls.

Cotton Advice
According to an unofficial report from the gins here, about 125 bales of cotton have been ginned to date. The weather this week, while to the advantage of cotton at length, has slowed the picking down considerably. It will only be a few days now until the cluck of wagons and the noise of busy gins will attract the attention of people who have about lived over the financial hardships of last year.

It is thought there will be something like 4,000 bales ginned here this season, as compared with little better than 6,000 bales last year. With the great increase in price over last year, 4,000 bales of cotton will put the country in fairly good financial condition, considering there is a good feed crop.

Church Activity
The fourth quarterly conference in connection with the Methodist Church here was held last Saturday. The report comes from the local pastor, the Rev. Hudson, to the effect that the conference went forward in a good way. Presiding Elder G. S. Hardy of Sweetwater was in town over Sunday and occupied the pulpit at the eleven o'clock hour.

The Central Baptist Church has called the Rev. Broughton Morgan

of Colorado as their pastor, and the new church year began last Sunday, Sept. 10.

The young Morgan is a graduate of Baylor University at Waco and is quite abreast of the times as a minister. He is full of life and enthusiasm with reference to his chosen avocation. He is the president of the B. Y. P. U. in the Mitchell-Scurry B. Y. P. U. Association, and is an excellent worker among young people. He has succeeded in organizing a strong B. Y. P. U. here already, and the way is just now beginning to open up to the work in this line. The first and second Sundays in each month will be the Rev. Morgan's appointments here.

The thirty-sixth annual session of the North Colorado Baptist Association has just closed one of the most profitable sessions of its history. It was held with the Woodard Chapel church, six miles northeast of Snyder. This is one of the oldest Baptist associations in the West. The next session will be held with the Baptist Church at Palava, Fisher County, north of Sweetwater.

News Notes

The New Queen Theatre is moving from the airframe to the Gentry building on the north side of the bank.

Little Ruth, daughter of Mrs. Della Ward, had the misfortune of falling and breaking her arm. She is doing nicely at the time of this report.

Mr. and Mrs. O. E. Curry returned home Sunday from Colo-

rado Monday on business.

Misses Ina Mae Caswell and Meta Henry left Saturday for Abilene to enter Draught's Business College.

E. N. Cummings, merchant of Inadale, was in town this week shaking hands with his many friends. He planned to have a hearty supper, buying a big, fat, juicy steak at the Etheredge market.

Mrs. E. J. Ely is away on an extended visit to Dallas, Forney, Kaufman and other points.

Miss Johnnie Watson left Thursday for San Marcos to enter the Southwest Texas State Teachers College.

Rainfall to the amount of about 1.8 inches fell all over this part of the county Sunday night. It will greatly benefit everything. The cotton, which is opening prematurely, will not likely mature, and the farms will be benefited in a general way.

STORY TELLING CLUB TO BE ORGANIZED

The National Junior Shakespeare Story Telling Club, through the assistance of local teachers, will shortly form a branch or association in Snyder.

The club is educational in purpose and is designed to acquaint every grade school child with the works of the famous bard and in such a way that it will appear like play to them. At the same time it prepares them for high school English studies, while those who are unfortunate enough not to advance beyond the grades will have a working knowledge of the classics.

The plan consists of story hours for the children when groups will meet and tell Shakespeare stories in simplified form. Clubs for each grade will be formed. Then the grade clubs will compete for the honor to represent their school, then school champions will contest with those of other schools for the town honors.

Prizes will be offered at various stages of the competitions and diplomas will be awarded each child when finished the prescribed course.

The grand finale in each town is a Shakespeare pageant or program having the children portray the Shakespeare characters.

The national association now reaches into practically every state and has been immensely successful. Aside from the fact that members of the club are improving their education and mastery of English, there is a social feature. Parents and teachers have endorsed the plan with enthusiasm.

MITCHELL-SCURRY WORKERS CONFERENCE PROGRAM ANNOUNCED

The regular workers conference of the Mitchell-Scurry Baptist Association will be held at the First Baptist Church of Roscoe next

Mrs. S. H. Corbell of Fort Worth is visiting W. A. and Mrs. Adams this week.

Dr. J. L. Woodall, wife and daughter of Colfax, La., are visiting in the home of H. R. Lewis and wife. They are on their way home from Roswell, N. M., where they were visiting their son who is in school there.

G. W. Bass of Bunker Hill, Tenn., father of our own O. B. Bass, passed away in death Sept. 6. O. B. Bass is a paint salesman here.

Mrs. Knouse of Walters, Okla., is visiting her daughter, Mrs. W. R. Terry.

"A STITCH IN TIME SAVES NINE"

And a few stitches or some other almost inexpensive work at the proper time will save you the cost of a pair of new shoes. Ladies' work our specialty. Let us show you that your closest friends can't tell that your shoes have been to the shop.

J. C. Keathley, shoemaker of long experience, will have charge of all repair work. Every job guaranteed.

P. M. Abe Chambers & Rogers Snyder, Texas

Cleve Patterson went to Colorado Monday on business. Misses Ina Mae Caswell and Meta Henry left Saturday for Abilene to enter Draught's Business College. E. N. Cummings, merchant of Inadale, was in town this week shaking hands with his many friends. He planned to have a hearty supper, buying a big, fat, juicy steak at the Etheredge market. Mrs. E. J. Ely is away on an extended visit to Dallas, Forney, Kaufman and other points. Miss Johnnie Watson left Thursday for San Marcos to enter the Southwest Texas State Teachers College. Rainfall to the amount of about 1.8 inches fell all over this part of the county Sunday night. It will greatly benefit everything. The cotton, which is opening prematurely, will not likely mature, and the farms will be benefited in a general way.

Tuesday, according to announcements made by Missionary Geo. E. Alexander of the association. He gives out the following program: 10:00 Devotional, T. E. Powers, Buford. 10:10 Shall We Have an Associational Paper? Discussion led by W. F. Ferguson, Snyder. 10:40 The Outlook for Our Association, discussion led by Geo. E. Alexander, Snyder. 11:00 Address, The Essentials of an Associational Fellowship, A. D. Leach, Colorado. 11:20 Sermon by Pastor Charles Burnett, Westbrook. 12:00 Dinner and social hour. 1:30 W. M. U. Session and Executive Board meeting. 2:30 Our Baptist Standard, Conquest and Fall Campaigns. Address or discussion led by Moderator D. W. Morgan, followed by roundtable. 4:00 Announcements, recommendations, announcements.

BRYANT-DEVENPORT

By previous engagement Prof. T. J. Bryant and Miss Verdie Devenport, both of Ira, were met at the home of Mr. and Mrs. T. D. Wiman near Roscoe where they were united in marriage by Missionary Geo. E. Alexander at 6:30 last Sunday afternoon.

Prof. Bryant is one of the popular school men of the county, having recently served as superintendent of the Ira schools for several years. His bride also is among the most popular of their worthy profession. They are at home at Pyron where they are to be in charge of the school this year.

NEW PLATES OF 1928 AUTOS ARE BROWN IN COLOR

The auto license plates for 1928 received in large quantities by Sheriff Brownfield this week are brown in color, one inch shorter than the 1927 plates. The word "Ren" and the word "Texas" appears immediately over the numerals "28" designating the year.

New license plates may be purchased anytime between now and January first without penalty, but they are not to supersede the 1927 number plates until the first of the new year.

Your tongue tells when you need

Coated tongue, dry mouth, bad breath, muddy skin, groggy nerves and sour stomach suggest its use.

KENT COUNTY MAN JOINS SCURRY COUNTY PEANUT ASSOCIATION

B. C. Cairns of Clairmont was in Snyder Friday and spent an hour with the secretary of the Scurry County Chamber of Commerce. Mr. Cairns is an extensive peanut grower in the Clairmont community, having 110 acres this year. He has purchased a peanut picker and will thresh or pick out all the peanuts in the Clairmont section, but wants to be associated with the Scurry County Peanut Growers Association in marketing his peanuts here.

PAPER HAS BIRTHDAY

The Midland Reporter celebrated its thirty-second anniversary Friday. This paper has served Midland continuously during these years. T. Paul Barron, editor and owner, bought the paper three years ago. It was changed from a weekly to a semi-weekly May 1, 1927, and has published from twenty to twenty-four pages per week.

25,000 ATTEND CARLSBAD CAVERNS DURING SEASON

Victor Minter, secretary of the Carlsbad Chamber of Commerce, was a visitor in Abilene recently, stopping at the Hilton hotel, says the News-Reporter.

He had been at Breckenridge to attend the Dal-Paso Cavern Highway meeting.

"This has been a great season for Carlsbad Caverns," said Mr. Minter, who has been through the cave 50 times or more. "The visitors up to the present number about 25,000 this year. Several thousand motor cars have been parked at the cavern entrance so far this season. In August, 7,855 persons went through the 'Eighth Wonder of the World.' Texas continues to furnish more than 50 per cent of the total Texan going through in August numbered 4,800.

"Up to last Tuesday, the number through the caverns for September totaled 2,800. The traffic this year is about 60 per cent better than last year, and we expect the popularity of this wonderful attraction to increase each year."

TO DEVELOP RICH SILICA DEPOSITS IN LYNN COUNTY

The first products from Lynn County's silica beds were on display Saturday.

Development of the Nance farm beds which are said to contain millions of tons of silica in the very purest form, is expected to start within the next 60 days. Although nothing definite has been made public, it is expected that a switch line will be run to the mine site from the Santa Fe road and possibly a factory built on the land. At any rate, the mining of the product will doubtless be a big thing for Tahoka.

LORRAINE STORE CHANGE

The dry goods store, formerly Edmondson's, at Lorraine and more recently owned by the Wooten Grocery Co. of Abilene, has been sold to W. G. Mayfield of Girard, and the house was closed most of last week for moving. The store will be opened for business, improved, remodeled, and made modern in every respect.

An Open Letter to the Editor From the President of General Motors

LAST SPRING I wrote you that my belief in the country newspaper had led us in General Motors to decide to advertise our products together in the small-city press of the country.

The returns from the series of the messages recently published have justified that faith; and we shall continue to advertise in your community through your newspaper this fall.

It occurs to me, however, that some of your readers may be asking: "What is General Motors?" and "Why is General Motors?" These are fair questions and I should like to answer them as frankly as I can.

General Motors was organized some years ago on the theory that a group of large companies, working together, could render a better service than they could separately. In this we simply applied to industry a principle that is as old as civilization as regards the human family and human progress.

Original members of the General Motors family were Buick, Cadillac, Chevrolet, Oakland and Oldsmobile, together with the Delco-Light Company and other well-known companies manufacturing automotive equipment. By joining together their resources, we were able to establish great Research Laboratories, a 1245-acre Proving Ground and the GMAC Plan of credit purchase; to effect vast economies in purchase and manufacture and distribution; to assure and maintain the quality of every product in the General Motors family. Has the General Motors family principle proved itself in practice?

The best answer, I think, is to compare the Chevrolet, Buick, Cadillac, Oldsmobile and Oakland of today with the models of five or ten years ago.

Then add Pontiac, a General Motors creation. Add LaSalle, another General Motors creation. And then consider how General Motors has developed these cars into a complete line, within which any family may find a suitable quality car at the price it plans to pay: "A Car for Every Purse and Purpose."

Another example is Frigidaire, the electric refrigerator. General Motors had the resources to spend millions to develop a satisfactory refrigerator, and then to apply to its manufacture the same processes which have increased the utility and lowered the cost of the automobile.

We believe that this record justifies General Motors as an economic institution. Its products are quality products, first of all. Their prices represent the economies of united effort passed on to the purchaser. In the last year one in each three automobiles chosen by the public has been a General Motors car. The service of Delco-Light electric plants has extended to more than a quarter million homes, while Frigidaire has become the world's largest selling convenience of its kind.

We believe also that the values now offered in the current General Motors products (which are listed below) prove anew that "many minds are better than one" and that a family of companies, working together, can produce results which are decidedly in the public interest and of increasing benefit to the individual family.

Very truly yours,

Alfred P. Sloan, Jr., President, General Motors Corporation

Detroit, September 23, 1927

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive and renew subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Weather and Crops

Just as our farmers were getting well started picking cotton, another fine rain, amounting to more than an inch, fell early Saturday night, and this was followed by cloudy, damp weather over Monday and Tuesday (the date of this letter) and accompanied by a sharp drop of the mercury, the same being as low as 44 Tuesday morning with more rain. In this connection, the V. P., while not a prophet, calls attention to the fact that there is a strong probability of a good deal of unsettled weather throughout October.

The Scurry County Fair. Thus it seems that Fluvanna is not only a good place to grow crops and make a living, but is also a good place to raise children—99 per cent perfect! My! See how Charley struts around as if he were taking care of the baby.

Well, it is said that the amusements of last Saturday afternoon on the Fluvanna field, consisting of cigar race, foot race, polo, goat roping—and all further inspired by music by the Fluvanna orchestra—were quite good, but it is hoped that the program for Oct. 8 will be better still.

A lot of people were in Fluvanna last Saturday enjoying games, trading and shaking hands—a good sign of prosperity and happiness.

Now, while times are good, is a splendid time to renew subscriptions for the Times-Signal, and for those not taking it to subscribe. Let the reader call his neighbor's attention to this matter. Let us wake up and be really progressive. Something of special and unusual interest is going to appear in this paper a week or so later. Get the paper—look out for the Special!

Another thing to think about: Our phone service is pretty good these days, and we saw the line-man here at work Saturday trying to make the service better. More people have phones than for years past, but many more ought to have them. Get your phone in, neighbor; we may want to tell you "somp'n"; and—and you may want to save a lot of time, gas, etc.—get a doctor, maybe. Get your phone in while times are good.

CARD OF THANKS

We take this method of heartily thanking all the people concerned for every word and deed of kindness and help done for us during our recent and long period of affliction. May God bless you all. John W. Squires and Family.

"CONVOY" HAILED AS NAVY EPIC

Unfolding the dramatic tale of the Navy's part in the World War, "Convoy," Robert Kane's special, due next Monday at the Palace, is being talked about in New York as the "Big Parade of the Navy."

The plot, taken from John Taintor Foote's story of a girl's sacrifice in uncovering the German espionage system in the United States at the outbreak of the war, is said to be one of the most tense and unusual yarns ever screened.

Dorothy Macknall, Lowell Sherman, Lawrence Gray, Buster Collier, Jr., and Ian Keith head an impressive cast. Ernest Haller, best known for his work on "Stella Dallas," "The White Lily" and several of Kane's latest productions, was in charge of the camera. Charles Maguire and Harry Gribbon assisted Boyle in the direction and Robert Hans, treasurer of the Kane Enterprises, acted as art director.

Actual scenes of the Battle of the North Sea between the combined American and British battle squadrons and the German Grand Fleet constitute one of the many highlights of the story.

SCIENCE CLUB ORGANIZES

The science pupils of the Snyder high school met last week for the purpose of organizing a club. The following officers were elected: Preston Morgan, president; Violet Dean, vice president; Polly Porter, secretary-treasurer; and Mary Bob Huckabee, reporter.

Mr. Josey and family of Big Spring visited a sister, Mrs. J. G. Landrum, and family here last Sunday.

J. N. Carter, formerly of this community but now of Lubbock, recently spent several days here, thence on to Abilene for further visiting.

Mrs. Robinson, formerly Mrs. Math Sewall, of Lovington, N. M., visited relatives here last Friday.

Mrs. H. F. Bradford of Lawton, Okla., was here last Wednesday visiting her brother, H. H. Haynes, whom she had not seen for many years.

Miscellaneous D. A. Jones shipped a car of fat cattle to Fort Worth the latter part of last week.

Garret Bley has returned home from Dallas where he has been taking a course in a business college.

Master Joe Coy Tarter, age five months, son of Charles and Mrs. Tarter of this community, won the loving cup we are told in the recent baby show in connection with

JUNIOR B. Y. P. U. PROGRAM

Subject, "A Man Who Put God First." Opening exercises. Scripture reading, Heb. 11:17-19. Introduction, The Promised Son, William Miller. God Asks Abraham for His Son, A. C. Alexander, Jr. The Journey to Moriah, Mary Nell Morton. Preparing for the Sacrifice, Farene Isaacs. On the Altar, Geraldine Shuler. God Speaks, Corwin Patterson.

MILTON IN THE AIR

Milton Sills was permitted to indulge in his hobby for flying during the making of First National's "Hard-Boiled Haggerty," current attraction at the Palace Theatre. Sills had done some flying previously and was deeply interested in it, but never before was able to get his fill of the sport until the picture permitted him to spend more than a week at it.

PLEASANT HILL NEWS

Sunday School was well attended, as was B. Y. P. U. Sunday night. Mr. and Mrs. Jack Merritt are visiting Mr. and Mrs. John Woody this week.

Dick Clay of Dunn visited Mr. and Mrs. W. P. Clay Sunday. Mrs. Bewell Merritt is visiting her sister, Mrs. John Smallwood, of Tatum, N. M., this week.

Clarence Williamson of west of town visited his cousin, Luther Williamson, Sunday.

Lester Minton is on the sick list this week. Olen Norwood of Fort Worth is visiting his sister, Mrs. W. H. Lindley, for a while.

Mrs. T. L. Shepherd and Mrs. Opal Logan visited Mrs. Hardy Scarborough Sunday.

A new room is being added to the school building, and it is expected to be finished by the opening of school.

BABE

The San Souci club held a call meeting at the home of the president, Mrs. W. E. Smith, Tuesday evening. Miss Lou Woosley was elected secretary for the ensuing year and the following new members were elected: Misses Neoma Strayhorn, Faye Harrell and Mesdames Lee Newsom and S. C. Saylor.

The next meeting will be Oct. 11 at the home of Mrs. R. H. Curritue with Misses Bessie Carr and Cecile Strayhorn as hostesses.

MRS. STRAYHORN HOSTESS TO CIRCLE D

Circle D of the Baptist Church met at the home of Mrs. Roy Strayhorn Monday afternoon with ten present. Mrs. Walter Morton led the devotional followed by the lesson on "Stewardship and Missions," led by Mrs. W. F. Ferguson. A short business session was followed by delightful refreshments.

The junior editor surely broadcasted a slashing invitation to Friend Wife Tuesday morning to haul out the dannel underwear. We actually thought the ice folks had transferred their cold storage to Perkins' barn up on the hill. However, Friend Wife was able to

locate the said underwear quickly in the trunk, and with that and our native ability to quickly build fires, brother, we just had "that glorious feeling all over again."

The Colorado Lions Club has endorsed a plan to secure a health nurse for Mitchell County. The Snyder Lions Club could do a great deal of good here if they will but organize.

Don't overlook page 8, and the classified section.

Snyder public schools are to issue a newspaper for their own. The editor and other officers are to be elected this week.

ABOUT WOMEN

It's rather dangerous to pose as an advisor on women's wear, yet Arthur Brisbane breaks forth with the following:

"Women ought to wear—and will do so eventually—both hair and skirts short, without being foolish about either. But they ought to cut their skirts off below the knee, not above, and cut their hair sensibly, so that a hair-cut might last a month at least, with a nice ribbon or an old-fashioned round comb to hold it back.

"That's how women will arrange their hair and skirts some day, and then will look pretty and sensible."

L. C. Tatum, a former manager of the Higginbotham-Bartlett Co. at Roscoe, and later transferred to Lubbock as a district manager, died in a Dallas hospital last Friday.

PRACTICAL DIRT FARMERS ALWAYS WANTED ON FARMS

We hear a great deal about the tendency of the younger generation to leave the farms and ranches for the cities and metropolitan centers. This is a serious question and one worthy of thought, but it would seem that in practically every era the same problem has confronted agriculture and animal husbandry. In the writings of Abraham Cowley, early in

the seventeenth century, it is pointed out that the trend of the young people was from the rural districts to the cities, and this situation seems to have continued down through four hundred years following Cowley's time.

Cowley was a great believer in agriculture and animal husbandry as the basis of all things, and as he so aptly put it: "The innocence of this life is the thing for which I commend it; and if husbandmen preserve not that, they are much to blame, for no class is so free from temptations of iniquity."

In looking back to the time of the Cowley writings it is observed that while during each generation the problem of keeping the younger people in the pursuits has arisen, still during all of this time there has never been a period when there was not ample personnel available to carry on agriculture and animal husbandry. No doubt, such a time never will come as it is simply a case of each generation distributing itself into the walks of life to which each individual is best fitted.

A great deal has been said of the trend of population from the farm to the city, but we hear very little of the movement of population from the city to the farms and no doubt there is such a movement constantly under way. The selection of an occupation by members of families in agriculture is much the same as that of families in the metropolitan districts, and, of course, in these selections each individual is more or less of a law unto himself. That is, the son of the farmer may choose a position

in a bank in a city, or the son of a banker in a city may choose agriculture as his work.

The more general agricultural education now available in the schools and colleges has brought about a better balance to this situation, and Cowley may again be quoted in this connection as stating that he could wish that one college in each university were dedicated to agriculture as well as those of medicine, engineering, law, etc. This has come about to a large extent, and through proper training has raised the standard of living in rural communities to an extent which is much more attractive than the average cosmopolitan surroundings. Due to this the tendency of the younger people is to remain with agriculture and in a great many instances city bred people are turning to it and livestock husbandry as a profession.

"Why should farmers plant trees?" is asked and answered by Alfred B. Hastings of the Forest Service, United States Department of Agriculture.

Trees set idle acres, too rough or too sterile for planting, to work growing an always marketable crop. Though trees take a number of years to reach maturity, a young plantation adds cash value to a farm, just as a young orchard does. In a few years it yields small material in the form of thinnings, such as poles and fence posts; later fuel and pulp wood; and finally tie and saw timber. It is a savings bank that pays compound interest. Timber growing is a necessary part of diversified farming, affording employment and wages for winter work. A farm wood lot is security to the banker and the farm loan board.

A law book publishing house has found it necessary to make thirty-one books to hold all the laws of Texas and 100 volumes to hold the national code. How the pioneers of this nation conquered the wilderness with only a Bible and an axe, minus these beneficent laws, is a mystery.

"LONG DISTANCE?"

"What will it cost me to talk to my brother in Kansas City?"

The Long Distance operator is glad to answer such questions. Quickly as possible, she looks up the rate to Kansas City and answers the enquirer. She does not hesitate to suggest how his call may be handled with greatest economy.

Soon afterward, perhaps, she tells a business man how he may place several calls at once and have them completed in succession, as he sits at his desk. In that way, he can cover his trading territory, in person, within a few hours.

Or she may be telling a mother how she can keep in touch with a son at school by calling once a week after 8:30 in the evening, when low Station-to-Station rates prevail.

Or she may be talking to you. She will enjoy helping if you will call upon her.

SOUTHWESTERN BELL TELEPHONE COMPANY

Turn the key! and your Buick is Double-Locked

No lock could be safer! One turn of the key locks both ignition and steering wheel. But merely turning off the ignition does not lock the wheel. You may shut off the engine and coast, if you like, and still have your car under perfect control.

And no lock could be more convenient! It is illuminated and located within easy reach, where the steering column meets the dash.

The Buick double-lock is an exclusive Buick feature—one of many important refinements which characterize Buick for 1928.

MISS STRAYHORN HONORED WITH SHOWER

Miss Lucile Strayhorn, who was married Sunday, Sept. 25, to Mr. James W. Dougherty of Dallas, was honored with a pretty personal shower Thursday evening by Mesdames J. E. Sentell, Sam H. Hunt and John R. Covey at the home of the former.

A modern form of the game "Hide and go Seek" was played by the guests, the objects having been hidden at an earlier date. The hunt resulted in the finding of various kinds of sweets for all, with the exception of Miss Strayhorn, who each time found a tiny note from a "Brownie" telling her to continue her search for gifts that awaited her at the end of the rainbow trail.

MISS STRAYHORN HOSTESS AT DINNER

Among the numerous pre-nuptial social affairs given to complement Mr. James W. Dougherty and Miss Lucile Strayhorn, who were married at the home of the bride's parents, Mr. and Mrs. D. P. Strayhorn, Sept. 25, Miss Cecile Strayhorn, cousin of the bride-elect, entertained a number of friends with a delightful dinner at her home Monday evening.

Covers were laid for Misses Mary Strayhorn, Ila Martin, Edith Grantham, Bill Swann and Mary Lynn Nation and Mr. and Mrs. J. P. Nelson and the honorees at a table prettily appointed in candleabra of white bearing gleaming tapers of pink and green with bow-knots of the chosen colors, while the beauty and fragrance of colorful carnations were added floral charms.

AUXILIARY NO. 1 MEETS IN VOICE PROGRAM

Mmes. L. T. Stinson, W. P. Smith and W. W. Smith were joint hostesses to Auxiliary No. 1 of the Methodist church at the home of Mrs. Stinson for the voice program and monthly social meeting Monday.

Mrs. Curutte gave an interesting talk on Legislation. Mrs. J. C. Dorward was discussion leader for the voice program, giving an interesting paper on "Home Missions Facing New Situations."

CYRELLA FISH HONORED WITH PARTY

Mrs. C. E. Fish entertained a number of little folk at her home Saturday afternoon in honor of her daughter, Cyrella's, fourth birthday. A number of games were played in which all the children took part, after which the pretty birthday cake with four gleaming candles was cut, to be eaten with good ice cream.

MRS. WARREN HOSTESS TO EL FELIS

Lovely fall flowers in artistic arrangement adorned the Wilsford tea room Friday afternoon when Mrs. Bob Warren was a charming hostess to the El Felis club members and special guests. The usual business was followed by a number of interesting rounds of forty two.

MRS. WARREN HOSTESS TO EL FELIS

Those attending were Mesdames L. O. Smith, W. D. Beggs, Wade Winston, C. C. Higgins, H. G. Towle, H. J. Brice, George Northcutt, Dixie Smith, Lee T. Stinson, Joe C. Simson, R. J. Randalls, Clyde V. Shull, Ralph Odum, W. E. Smith, C. W. Harless and W. W. Hamilton, members, and Mesdames Joe Monroe, Hugh Taylor, Joe Strayhorn, Vern McMullan, S. C. Saylor, Allen Warren and G. L. Ezell of El Paso, and Misses Neoma Strayhorn and Ruth Smith.

PRETTY TEA GIVEN AT HOME OF MRS. H. G. TOWLE

One of the unique occasions of the social affairs given last week was the tea at the home of Mrs. H. G. Towle on Thursday with four study clubs of Snyder as hostesses. The delightful occasion was given in honor of the teachers of the Snyder Public School, who with the officers of the four hostess clubs formed the house party.

Y. W. M. S. MEETS WITH MRS. LLOYD THOMPSON

Auxiliary No. 2 met in the home of Mrs. Lloyd Thompson Monday with Mrs. Carl Yoder leader, and Mrs. C. W. Harless and Mrs. R. P. Jones taking part of the study on the Home Missionary's New Task.

MOTHERS SELF CULTURE CLUB MEETS

The Mothers Self Culture Club met in the home of Mrs. Jack Harris Tuesday at three o'clock, with

Mrs. J. J. Taylor as leader. A very interesting paper was read by Mrs. H. L. Davis, "The Walls We Build Between Our Girls and a Self-Reliant, Purposeful and Brave Life." A general discussion based on the paper was given by the club members. Other numbers were: "Girls that are Wanted," by Mrs. E. J. Richardson; "Our Heroic School Mistress," by Mrs. H. G. Leath; "The Last Message," by Mrs. C. J. Yoder; and the story of Frances Hodgson Burnett, "Dearest," by Mrs. P. C. Chenault.

SPANISH CLUB FORMED IN SNYDER HIGH

All the pupils who were taking Spanish and who had finished the course, met Thursday for the purpose of organizing a Spanish Club. Miss Maurine Cunningham acted as chairman until Hubert Carnes was elected president. The following officers were elected: Johnyle Shaw, secretary; Vera Upton, reporter; Ardell Langford and Bob Gray, yell leaders; Beatrice Stoker, chairman of social committee, with May Fair Woolley, Audrey Jenkins and Nina Frances Banks as assistants.

JAMES W. DOUGHERTY AND MISS LUCILE STRAYHORN ARE MARRIED

Miss Lucile Strayhorn and Mr. James W. Dougherty of Dallas were married Sunday noon at the home of the bride's parents, Mr. and Mrs. D. P. Strayhorn with Rev. H. J. Manley, pastor of the First Presbyterian Church, officiating.

The house was decorated in a profusion of cut flowers and fern, an improvised altar being arranged in the living room where an arch of orange blossoms were formed, a large wedding bell hanging just above.

Preceding the ceremony Mrs. J. E. Sentell sang "I Love You Truly" and "Because of You," accompanied by Mrs. J. P. Nelson, sister of the bride, at the piano. Mrs. Nelson also played Mendelssohn's Wedding March as the professional and "The Flower Song" during the ceremony.

Mrs. Dougherty wore a traveling dress of navy blue crepe, with hat and accessories to harmonize. Only relatives and a few intimate friends were present.

Immediately following the ceremony an informal reception was held after which Mr. and Mrs. Dougherty left for a honeymoon trip to Missouri, Ohio and Indiana. They will live in Dallas on their return to this state.

Mrs. Dougherty was reared in Snyder and is well known in social circles, being of a most lovely and pleasing disposition. She is also a finished musician, having taught a class in music in connection with the Snyder school for a number of years.

Mrs. Dougherty is a son of Mrs. Margaret Dougherty of Cincinnati, Ohio, and is a graduate of the University of Missouri, Columbia, Mo.

"The Flapper Grandmother," under the auspices of the Presbyterian Church, is being presented at the high school auditorium tonight.

with Dorothy Mackaill, Lowell Sherman and William Collier, Jr. Your heart will sink with the mighty sinking of ships, sucking thousands of men to a dreadful death like a city plunging into the sea. The one great drama of our navy in the great war, including actual action pictures. "Convoy" will transport you to the seventh heaven of thrills.

Also comedy and news events.

with Antonio Moreno. An Elinor Glynn story. No use to try to tell you about "IT". Most of you are familiar with the Elinor Glynn story, and all of you perhaps know that Clara Bow is Paramount's most popular star. So if you miss "IT" you will always regret it.

Also comedy and news.

Miss Elva Lemons is sponsor, and the following officers were elected: Beverly Chambers, president; Helen Cauble, vice president; Evelyn Erwin, secretary; Hazel Holcomb, critic, and John Blakey, reporter.

HOME ECONOMICS CLUB ORGANIZED MONDAY

The H. E. girls met Monday for the purpose of organizing the Home Economics Club for this year. The following officers were elected: Polly Harpole, president; Vera Upton, vice president; Mabel Inacac, secretary-treasurer; Lora Wade, reporter.

LLOYD MOUNTAIN

Everyone is feeling fine since the rain Saturday night and a nice cool norther Monday. Miss Eva King has returned to her home in East Texas after a

MAN OF 1000 FACES IN "SCOTLAND YARD" NEW COZY SERIAL

The man of a thousand faces is the most apt description of Albert Hart, who plays the role of "Spider" in the Universal chapter play, "Blake of Scotland Yard." The first episode of the absorbing mystery drama comes to the Cozy Theatre Friday, Oct. 7.

Albert Hart is one of the oldest character men in point of service on the screen. It is very seldom that his real face is ever seen by the audience. So adept is he in the art of make-up that he is always in demand for that type of work. As "Spider" in the Universal opus he appears as a renegade Indian.

Albert Hart stands out from many of the regular actors who lean toward character work due to his wide experience on the stage previous to his appearance in pictures. He was in vaudeville and stock for many years and altogether he spent thirty-five years on the stage. He was starred in "Wang" for ten consecutive years.

His characterization of "The Spider" in "Blake of Scotland Yard" is perfect, and it is doubtful if anyone could recognize him in his masterpiece of make-up. He learned much of his art of make-up in Liverpool, England, his home, and in McGill College in Montreal, Canada, where he studied dramatics and art.

Hayden Stevenson, who leaped into fame in "The Leather Pushers" serial, is the star of the chapter play, while the leading feminine role is played by Gloria Grey. Others in the cast include Wilbur Mack, Monte Mantague, Herbert Prior and Grace Cunard, well known for her thrilling work in short chapterplays some years back.

Bob Hill directed.

GIN AT INADALE

A charter has been granted the Inadale Gin Company with capital of \$20,000, to Otto Hackfield, W. S. Wimberly and Herbert Brock.

CITATION ON APPOINTMENT OF TEMPORARY GUARDIAN

THE STATE OF TEXAS. To the Sheriff or any Constable of Scurry County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return date hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Scurry County, a copy of the following notice:

THE STATE OF TEXAS. To all persons interested in the welfare of Jack J. Reynolds, Rosanna Reynolds, Margery Reynolds, Robert Hunt Reynolds and Andrew E. Reynolds, minors, Jim J. Reynolds was by the County Court of Scurry County, Texas, on the 19th day of September, A. D. 1927, duly appointed Temporary Guardian of the estate of said minors, which appointment will be made permanent unless the same shall be successfully contested at the next term of said Court, commencing on the 2nd Monday in November, A. D. 1927, the same being the 8th day of November, A. D. 1927, at the Court House thereof, in Snyder, at which time all persons interested in the welfare of said minors may appear and contest such appointment if they so desire.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Snyder, Texas, this 21st day of September, A. D. 1927.

(Seal) MABEL V. GERMAN, Clerk County Court, Scurry County, Texas. 15-2c

NOTICE TO DEBTORS AND CREDITORS

THE STATE OF TEXAS, COUNTY OF SCURRY. Notice is hereby given to all persons indebted to the estate of Mrs. Annie Martin, deceased, and notice is hereby also given to all persons to whom said estate is indebted;

The undersigned having been duly appointed as administrator of said estate, with the Will annexed, at the September term, A. D. 1927, of the County Court of Scurry County, Texas, by Hon. Horace Holley, judge of said court, said appointment having been made on the 15th day of September, 1927;

Notice is hereby given to all persons indebted to said estate to come forward and make settlement of such indebtedness; and

Notice is also hereby given to all persons having claims against said estate to present same to the undersigned at the Snyder National Bank in Snyder, Texas, where the undersigned will receive all such claims addressed to him. This 17th day of September, A. D. 1927.

A. C. ALEXANDER, Administrator, Estate of Mrs. Annie Martin, deceased, with Will annexed. 14-4c

DID YOU EVER STOP TO THINK—

By Edson R. Waite, Shawnee, Okla.

Dwight B. Heard, publisher of the Phoenix, Ariz., Republican, says:

"If you keep on telling them, you'll keep on selling them.

"You must not be afraid to tell the public what you have to sell.

"The customer will not go on a hunting expedition, but business comes where it is invited and remains where it is treated right.

"Persistence with sound, logical arguments will win success.

"IF YOU WANT TO SELL IT, ADVERTISE IT!"

(Copyright 1927)

PAINT TOWN NAME ON ROOF, HOOVER REQUESTS

Secretary of Commerce Hoover has written state officials asking that chambers of commerce be interested in having the names of their towns painted in large letters on the roofs of prominent buildings so aviators can easily find their way. Hoover said it is important to air mail pilots as well as to other flyers.

Who'll do this in Snyder?

MARRIED IN SWEETWATER

Miss Modena Faber, formerly associated with the Texas Public Utilities Corporation here, was married at Sweetwater Sunday to C. E. Nesbit of Big Spring. The groom has a chocolate shop at Big Spring, where the couple will live. The friends of the bride in this city will join the Times-Signal in extending best wishes.

What would you say if I told you my name was in everybody's mouth? "I'd say your name was Wrigley."

"One advantage of four-wheel brakes is that instead of the car stopping after it runs over you it stops right on top of your body."

SEE BENEFITS TO HOUSEWIVES IN MEAT STUDY

What is responsible for the varying degrees of quality and tastiness of the meat we eat?

If the family complains of the steak or roast, Mrs. Housewife very naturally blames the meat and censures the retailer from whom she bought it. Perhaps she is justified, but it has been truthfully said that many a good piece of meat has been ruined in the cooking.

Steady Meat Quality Housewives and consumers in general no doubt will be interested in a national cooperative study which is now delving into this question of meat quality and its tastiness. The study is fostered by the National Live Stock and Meat Board, and the actual work of carrying it out has been assumed by state agricultural experiment stations throughout the country and the United States Department of Agriculture. These agencies are seeking to determine the factors which influence quality and palatability of meat. Some of the factors are known, but there are others yet to be uncovered.

To reach a final analysis of quality and palatability of meat these research agencies are going to the very bottom of the subject. Their work starts with experimentation on the breeding and feeding of meat animals. The observations are carried on through the slaughtering and processing of the meat and through the two final steps of cooking and tasting.

Cooking Tests Important The cooking tests are considered one of the most important steps in the entire chain of work. Dr. P. F. Trowbridge, director of the North Dakota Experiment Station, who is chairman of the cooking committee for the study, emphasizes the necessity for great care in the cooking of the experimental meats. The committee has worked out an official method for the roasting of beef and is now working on a method for other meats.

It is not expected or intended that housewives will follow the cooking methods as laid down by the committee, but there is every assurance that when the study is completed it will reveal a great deal of information of value to the woman who daily buys and prepares meat.

Other interesting phases of the study include the development of mechanical means by which color and texture can be definitely measured. Many other steps are being considered, all leading up to the cooked product.

COOKIES Oatmeal Cookies Cream 1/4 cup butter and 1/4 cup lard.

1 cup brown or white sugar. 1 egg well beaten. 5 tablespoons milk. 1 1/2 cups rolled oats. 1/2 cup raisins. 1/2 cup chopped nuts.

Mix and sift together 1 1/2 cups of flour, 1/2 teaspoon salt, 1/2 teaspoon soda, 1/4 teaspoon cinnamon, 1/2 teaspoon cloves, 1 1/2 teaspoon allspice. Add to first mixture. Bake 15 minutes in moderate oven.—MRS. G. S.

Drop Oatmeal Cookies This makes a small batch, but they surely are fine. Cream 1/2 cup butter and 1/2 cup brown sugar. Add:

1 egg (beaten). 2 1/2 tablespoons rich sour cream. Pinch of salt. Chopped walnuts and raisins. 1 cup quick oatmeal. 1 1/2 cups soda in 1 cup flour. Flour to make batter to drop on a cookie sheet with teaspoon. This makes about 18 or 20 cookies.—MRS. C. H.

The Economy Dry Goods store was closed Tuesday in observance of the Jewish New Year.

A number of speeding arrests are to be made among local folks and farmers who pass the public school building faster than ten miles an hour.

THE SADDEST WORD

What is the proverbial 'saddest word of tongue or pen?' Most guessers will have to guess again before they give the answer presented by the Gonzales County Fair and Pecan Exposition directors.

An attractive little card mailed out by that committee, announcing their exhibit to be held September 27, 28, 29, 30, and October 1 of this year, bears this legend:

"The Saddest Word of Tongue or Pen: I Have No Cow, No Sow, No Hen."

And further states that these three, the cow, the sow and the hen, form a trio of prosperity which can give to the community a good home to every farmer and a good farmer to every home.

THREE KINDS—WHICH ARE YOU?

There are three kinds of people in all organizations: There are rowboat people, the sailboat people and the steamboat people.

The rowboat people need to always be pushed or shoved along. The sailboat people move along when a favorable wind is blowing. But the steamboat people move along continuously through calm or storm. They are the masters of themselves and their surroundings.

The world needs more of the steamboat variety.

In what class are you, Mr. Snyder Resident? You do your own classifying.

Loss of memory is a sign of old age. Maybe that explains why the older a Snyder man gets the more he knocks the present generation.

Special Exposition of the Mode for Fall in Our Dress Salon

The Flared Silhouette!

WE cordially invite you to attend our special display of the new modes for fall in our newly enlarged ready-to-wear section in the rear of our main floor. Lovely exotic things, fresh from the designers and as radiant as the season of fall itself! Swaying frocks and flaring coats and furs of unusual beauty! You'll want to see them, of course, and we also suggest that you see our lovely window display all this week!

Furs Used Lavishly!

The Tweed Ensemble

The Smartest Coat Styles

The Fabric Mode

Hats, Shoes and Accessories

Is one of the smartest and most "wearable" modes of the fall season. A tweed coat with or without fur, a tweed skirt, and a sweater, which reflects the color of the tweed, and frequently its pattern as well. Very often the shoulder flower is fashioned of the tweed from which the coat and skirt are made.

Flaunt front flares and circular effects. Diagonal tuckings are new and popular in both dresses and coats alike. New colors include Tawny Birch, Cedar Red, Napoleon Blue and beautiful new shades of brown. Many of the coats have side fastenings of large button or buckle or tie.

Velvet is one of the leading fabrics of the season, and Transparent Velvet is the most popular of all velvets; a line of velvets that are exclusive and unusual. Woolens are more varied in pattern than in any previous season.

The close fitting felt that follows the line of the hair is the leading hat style; the wide strapped slipper and the tie model vie for popularity; purses and gloves in shades to match shoes and hat, while gold and pearl beads are popular as dress trimmings or as an accessory.

Fall Styles For Men

Only the creations of the recognized style authorities in the clothing world are here. Not 'Collegeiate' and the loud style usually connected with the word, but the genteel style of the university man predominate our showing of suits and overcoats for the fall season. We would like for you to come and look these styles over and try them on.

Our Millinery Department

Only the latest millinery successes are being shown in our millinery department. Models inspired by last minute eastern successes, intriguingly new in their shapes—the height of their crowns—originality of their trimming touches! Supple Felts, Gorgeous Velvets, Silk and Velvet combinations, small, close-fitting models and wider brim styles. But all smart and decidedly new models that go on display in our millinery department this week for the first time.

Fall Styles For Boys

—New patterns, new weaves, and new colors have arrived in boys'—

Suits Overcoats

With school just starting our fall opening, with its great collection of new styles, is a good time to select boys' clothes for fall.

FURNITURE SHIPMENT

Delayed at Our Warehouse, but We Expect the Complete Line This Week. Watch for This Special Event.
