Snyder Tigers Defeat Loraine High, 31 to 0

The finest spirited Snyder high school team that ever stepped on a gridiron was the expression of the fans who witnessed the defeat of the Loraine high team Friday afternoon, 31 to 0.

Loraine simply could not stop that backfield of Captain Huestis, Moore and Maxey aided and abetted by the able field generalship of Hugh Boren.

Every man on the team was imbued with but one thought, that of cooperation and battling for the school that should be in every high school team.

The boys playing on the line, Right End Blackard, Tackie Trigs, Guard Merrill, Center Sykes, Guard Grogan, Tackle Carnes, End Crowder, were in the game every minute and it was a pleasure to see those boys, playing together, fighting every inch of the ground and breaking up the morale of their adversaries.

The first quarter was a nip and tuck affair, with both sides feeling out the opposition.

In the second quarter, Moore couldn't be stopped for a touchdown, May kicking a beautiful drop kick for the extra point.

Huestis, right half, newly elected captain, traveled 22 yards for the third touchdown, making a fine run through a broken field, running low and eluding Loraine tacklers.

Snyder uncovered some fine forward passes, especially one from Boren to Blackard, netting 25 yards.

But, Snyder folks, the spirit of a real school was in and with those boys—and the Times-Signal, for one, takes no pleasure in firing off the Snyder High team that fought nobly for not only the honor of their school, but for themselves as individuals and as students.

Snyder High's full team will go to Colorado, and that means the complete squad. Glory be, boys, all of you, everybody is with you and for you to a person. Snyder stands behind you.

Hermleigh Folks Meet to Discuss Cotton Oct 4th

A movement was launched at a small meeting of men held on Oct. 4, to get the farmers in the Hermleigh district to standardize on one variety of cotton in that community.

There are many advantages that would accrue from one variety of cotton. It will make lists of even running cotton that will bring more money; it would enable a man to get pure seed, seed that would be salable as planting seed; seed that would sell for more money, and seed that would be the most valuable to plant.

Mixed cotton penalizes the better and more valuable cotton; the market is always based on the best type. One-sixth of an inch in staple or one-eighth of an inch in length will make a difference of ten to fifteen points on the cotton.

It's a privilege to live in Snyder and Scurry County. One never gets downhearted and lives here—the attitude and climate won't let you.

Public Utility Prices Too High By Big Margin

Promises of The Pied Piper of Hamelin Hit Snag Here

In our school days we read of the famous Pied Piper of Hamelin, whose musical notes with a flute were so prolific that he led the children of a town out into the country and into a mountain, and a mountain closed up behind them.

All of which reminds us that the spirit of the Pied Piper of Hamelin surely must reside in Snyder since the musical notes have blinded our residents to the EIGHTY CENTS A HUNDRED that we pay for ice.

We are doing our best to look after the good things in life for Scurry County and Snyder, and we conscientiously believe that the citizens of our city and county have been held up long enough on ice for one thing, and the high prices of power and light for a succeeding thought.

"I agree with George White that Luckies are the best"

Said Flo Brooks to Lou Holz while waiting for their cue to appear in "Manhattan Merry."

George White, Producer of George White's Scandals, writes:

"In the theatre world, Luckies have become almost universal. Stage folks are very critical—voices must be kept in condition, throat irritation is a handicap. In 'George White's Scandals,' most actors and actresses whose voices are important smoke Luckies both for voice protection and finer flavor. For these reasons I prefer them, too."

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

If we print jokes, people say we are silly.
 If we don't print them, they say we are too serious.
 If we print original matter, they say we are dull.
 If we publish things from other papers, they say we can't write.
 If we don't print all contributions, we don't know good stuff when we see it.
 If we do print all the contributions, the paper is full of junk.

Slowing Up?

Waste Poisons in the Blood Make One Tired and Inefficient.

Do you rise lame and stiff? Drag through the day, listless and depressed? Evening find you all worn out?

Have you given any thought to your kidneys?

Sluggish kidneys allow waste poisons to remain in the blood and make one tired and languid with often nagging backache, drowsy headaches and dizziness. A common warning of sluggish kidney action is scanty or burning secretions. Assist the kidneys with Doan's Pills. Doan's have been used since 1885. Are recommended the country over. A Real Treat

On last Monday afternoon there came to our quiet village a great treat—the finest of its kind ever enjoyed at this place. It was an orchestra concert, voluntarily put on, in our school auditorium Monday night by a company of seven people who play most of the instruments, but on this occasion only the piano, two guitars, four violins, a mandolin, a slide trombone, saxophone and clarinet were used. The party referred to were Dr. Stephen A. Douglas, his wife and daughter, the two noted Rice sisters and two other young ladies, all of whom are highly cultured and thoroughly trained musicians and high toned Christian people. Dr. Douglas is of Alldridge, Mo., and is president of the Stephen A. Douglas Normal Association. He is connected with large business interests. At this time the party named is out on a vacation trip, leisurely making their way to Old Mexico. It seems that our good fortune came to us this time by chance; that if, these people just happened to call at Fluvanna and stop for the night and volunteered to give us an evening's program.

The several numbers were all choice selections. The program was introduced by a short, pithy and inspiring address by Dr. Douglas, after having been introduced to the audience by V. P. During the program Dr. Douglas added another section of his splendid and telling address after each musical number. The whole program was most uplifting and inspiring, and one to be remembered with pleasure for a long time. We sincerely hope that these people may find it convenient to visit us again. Another and similar program was put on Tuesday night by the same party in the Presbyterian Church this time in order to have more room.

Regular preaching services were held at two churches, Baptist and Presbyterian, last Sunday. Rev. E. W. Massey, student at Simmons University, having received a unanimous call from the Fluvanna Baptist congregation, was here last Sunday filling his first regular appointment and was greeted by a large and attentive audience.

V. P. preached from the Presbyterian pulpit at eleven o'clock. At the evening service Editor J. L. Martin of Snyder delivered a very inspiring and helpful address—we would say sermon, but the good editor denies being a preacher. It may be that he has not been ordained to the full work of the ministry, nevertheless, he does some excellent preaching, as all who heard him Sunday night will agree. Along with Mr. Martin came his good wife, Rev. Albert Temple and Mr. and Mrs. O. R. Collier, Mr. Collier being our good watch repairer at the Towle jewelry store—who came along not to "fix our clock," but to visit and worship with us. It was a real pleasure to have these good people with us and we hope they will make frequent similar visits.

On Tuesday night of last week the Christian Endeavor Society gave a watermelon slicing on the

Presbyterian Church yard under the soft moonlight, supplemented by auto headlights. The special committee, Mrs. J. A. J. Jones, John A. Stavelly and Mert Jones had provided an abundant supply of choice melons for the occasion. A crowd of more than fifty people assembled for the feast, and a real feast it was, too. After all had eaten to their full satisfaction, a series of games were enjoyed by old and young alike. Now imagine, if you can, such men as J. R. Patterson and Dave Jones playing cat and mouse and actually trying to run on an occasion of this sort. Then, to cap the climax, there were a few "stout" ventured into the chase. Well, women such as who were who we had a lot of fun as well as a feast and a general good time. Although Dale Warren resides at Abilene, he managed to scent a good thing and was on hand for this occasion, but, when asked to speak, he demurred. Rev. Brackeen, a visiting minister, will preach at the Christian Church next Sunday.

Rev. C. R. Hardy will fill his usual appointment at the Methodist Church next Sunday.

Business Affairs It is almost useless to say that our people are all very busy now. Our farmers are going the limit after the fleecy staple—using all the help they can get. Our gins are quite busy; our merchants are enjoying a lively trade, and, in fact, everybody is busy—hitting the ball from early to late.

Miscellaneous Notes Our public school will open next Monday, the 17th. The Teaching force will all be in their places, and it is hoped that as many as possibly can of students will be present for the opening. Prof. H. L. Massey, superintendent, has already been on the ground for several days.

Thomas Matlock, wife and son of Stafford, Kan., have recently come to Fluvanna where they will spend the winter. Mr. Matlock is a cousin of W. T. Sims.

Many old friends in this community will regret to learn that Jim Higgins of Floydada has re-

cently undergone a very serious operation in a Lubbock sanitarium. We have not learned how the patient is getting along.

T. O. Higgins' baby has been quite ill for some time.

J. B. Moore of Gail was here on business Monday.

J. E. Spinner of Austin was here on business Monday. He owns several farms in this community.

Misses Naomi and Myrtle Robinson departed last Sunday for Klondyke where they are to teach in the public school.

John Henry Trussell, who won a free trip to the State Fair, in the sweepstakes maize contest in our county fair, departed last Monday for his trip.

A California man who reads the Times-Signal, having noticed that Scurry County is one of the three counties in Texas listed as "excellent" as to crops, writes, "Rah for Scurry!"

Our people seem to be delighted with the fine showing made on the Fluvanna page of this paper last week. Really, it is good reading.

Another fine rain measuring 5-8 inch fell here last Friday night.

New subscribers for our splendid paper this week are as follows: H. F. Hulsey, J. W. Wills, C. & M. Garage, C. E. Tarter and Prof. H. L. Massey. These people mean to keep up with the events and progress of Scurry County.

Visits and Trips J. I. Boren and wife visited their daughter, Mrs. Ross, in Roscoe last Sunday.

Mrs. Colon James visited the Carrell family and attended church at Union last Sunday.

J. J. Belew is taking in the State Fair this week. Better look out, Joe.

W. A. Chaney and wife of Post were visiting here with Ted Melton and family last Sunday.

The Blythe family of the Polar community spent last Sunday here with Lynza Jones and family.

Mrs. H. H. Haynes, accompanied by her daughter-in-law, Mrs. Douglas Haynes, of New Mexico are visiting in Big Spring this week.

John A. Stavelly and family visited in Southland last Sunday.

DISTRICT COURT AWAITS APPOINTMENT OF NEW DISTRICT ATTORNEY

All cases on the criminal docket set for trial in district court at Sweetwater this week were postponed this morning by Judge Frits R. Smith pending the appointment of a new district attorney to succeed James T. Brooks, who resigned last week.

The Kirk case, which was tried at Sweetwater for the second time at the last term of court and which gained state wide notoriety because of the Ku Klux Klan angle, was set for Monday.

Judge Smith stated he had had a telegram from Governor Moody stating the appointment would be made today.—Monday's Sweetwater Reporter.

FORMER SNYDER CITIZEN DIES AT WICHITA FALLS

FACTS -AND THE OPEN MIND THE MOST important element in business success—and the most difficult—is to be sure that you have all the facts before you act. TO GET them all, from every possible source, is the first objective in General Motors. The Research Laboratories contribute some. These are nuggets, left in the crucible, after hundreds of ideas that looked good have been burned away. The Proving Ground contributes others. Dealers contribute. The public contributes. Every department contributes. Through the whole organization runs a spirit of inquiry and of rigid insistence on proof. OUT OF such thinking come the new models announced from time to time by Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle, Cadillac—all with Fisher Bodies. And by Frigidaire. Each new model is a tested step forward. Nothing goes into it as a result of habit or guess or pride of opinion. Nothing counts but hard-won facts, gathered and used with an open mind. SNYDER SHOULD DEFEAT COLORADO
The Snyder Tigers should claw the eyes out of the Colorado Wolves there tomorrow if scores are any indication of the two teams.
The Tigers defeated Idalou 25 to 0 in the opening game; then lost 7 to 0 to Roby, losing to Roscoe by a close score and winning the next game from Loraine 31 to 0.
Colorado lost its opening game to Ranger 25 to 0, trounced Midland 13 to 0, losing to Roby last Friday, 32 to 6. There is some dispute about the latter game, as Colorado officials say that Roby played eight ineligible men. If such is the case, they should be thrown-out of the Interscholastic League.

News Notes Hermleigh

The following news notes are taken from the pen of Editor R. S. Norman of the Herald.

Deputy Sheriff Hooper was called to Loraine Sunday afternoon where he helped to bring peace to a disturbed group of Mexicans. During church services at the Lutheran church these men became disturbed and in the fray two were slightly wounded, it was reported. It was not learned what the trouble came up about. The Mexican who did the shooting was carried to Colorado and put in jail.

The young W. E. Louder ventured and lost \$5.00 Sunday afternoon when he challenged Misses Onie Vernon and Alma Bralley to go up in the Hermleigh airplane, elsewhere mentioned in this issue. The girls readily accepted the challenge, got a fine ride in the cool air above the city, and Louder got the experience of paying the bill. The young Louder, being an unmarried man, has something yet to learn about girls. He reports that he still likes the girls, but aims to be a little more careful with his money from now on.

Eugene Schottle, who lives a few miles south, operates his own airplane. The private ownership of airplanes is not frequent in our

time, so it is worthy of note that one of our boys has a plane which he himself operates. It was first owned by another one of the Schottle boys, it is understood, was wrecked and rebuilt by its present owner.

Vista Banta and wife of Derriek, Ark., are in the Hermleigh community this week guests of the Rev. and Mrs. L. H. Beane, the Rev.'s parents.

To be Organized
At a call from Mrs. Rector Tuesday evening an earnest group of parents and teachers met at her home with the view of stimulating the interest in a Parent-Teachers Association.
No overflow of enthusiasm was manifested in this meeting, but all present thought and talked about the organization in a business way. Hermleigh has never had a Parent-Teachers Association, it is understood, and the community has decided it will lag behind other places no longer in this respect. A mass meeting to be held looking forward to the perfecting of this organization is being held at the school auditorium Thursday after-

Watch for 3 things

FIRST make sure that your gasoline starts easily, check it for acceleration, its ability to deliver a rapid pick-up, and finally be certain that it delivers real power and mileage.

You can be sure of these things if you fill with Conoco—the triple-test gasoline. Conoco is refined to meet every motor requirement. It will never fail you. Get it at the sign of the Continental Soldier.

ONE GENTLEMAN BRAVES 20 LADIES

H. P. Wellborn, one of the county's biggest cotton growers, is experiencing some difficulty in getting his cotton picked on account of having to look after the numerous quilting bees that are taking place out in his community. The latest quilting was given last Thursday at the home of Mrs. Fred Miller.

Mr. Wellborn in giving a Times-Signal representative an account of the affair stated it something like this: "About twenty other women and myself were present. Mrs. Wellborn went along to chat with me, and of course I had to be a little careful just what I said or else I might have been called down or attended to good and proper after I got home. But we

had a great time and quilted six quilts. I made a full hand at the dinner table and was then voted a standing invitation to attend any quilting that I might hear of in the Knapp community." This is Mr. Wellborn's side of the story, but the Times-Signal is open for reports from other sources.

Don't let the weather fool you

Science warns against improper refrigeration. Danger as great in winter as in summer, survey shows

FRIGIDAIRE is rapidly supplanting the old make-shift methods of food storage, formerly so widely practiced between fall and spring. This modern, sanitary, care-free refrigeration is now regarded as essential in cold weather as in warm.

For here is constant, cold storage temperature that guards against the risk of food contamination. In this cold, dry atmosphere, foods stay fresh and wholesome—no matter how hot or cold it is outside.

Visit our salesroom and see the new models—priced as low as \$180 f. o. b. Dayton. Under liberal General Motors terms, only a small deposit is required to put Frigidaire in your home.

The crowds swamped the store at the opening of our first Dollar Day Tuesday. The doors had no sooner opened than the customers were here to take advantage of the many specials that were printed in last week's Times-Signal.

Prices were knocked for a cocked hat, and our force was kept busy all day taking care of our customers' needs—and we will continue this Dollar Day every Tuesday, as we find it a most popular thought. Our old customers say so, and new customers Tuesday were frank to tell us.
