## ADVERTISING WEST TEXAS WILL BRING LARGE RETURNS

Country Gentleman Editor Says Texas Does Not Advertise

"Seeing is believing" is an old saying that is the guiding phase in plans for a new program for West Texas. The Amarillo Board of City Development has made the initial contribution to a fund to defray the expenses in connection with the exhibition of products from the Panhandle of Texas at fairs all over the nation.

Encouragement of immigration and settlement for the further development of the vast agricultural resources of this section is the primary purpose of the entire program of publicity. Thousands of pamphlets and sales of literature will be used in advertising to the other people of the fertile plains and the products of the exhibits will be on display to prove every assertion made in the printed matter.

Loring A. Schuler, for 4 years editor of the Country Gentleman magazine, one of the leading agricultural journals of the world, who with other authorities on farming are making a tour of Texas said the other day while at Lubbock.

"Some day, not too far distant—it may be five years, ten years, just when I cannot say, ten years, production of the South Plains will be carried on through highly efficient operation of 10,000 and 15,000 acre plantations, comparing favorably in size to the rubber plantations of South America and the sugar farms of Cuba."

"Cotton is your money crop here in this section should be augmented by feed crops and grain sorghums enough to satisfy the demands of each individual farmer at present. You need more poultry on the South Plains than you need for the raising of the poultry, and you won't have to pay high prices for California eggs."

In answer to the wail of some economists that the world in a few generations will have such a large population it will be impossible to raise enough food for all. Mr. Schuler was quoted as saying, "I should like to bring some of these 'world starvation' fellows down here in the South Plains. I'd like to show them just what it is like here now and then impress them with your possibilities."

Mr. Schuler said through the press that "Texas is advancing more rapidly than any other state in the union and its agricultural resources scarcely have been tapped."

And here Mr. Schuler endorses, in a way, the very thing that Amarillo business men are advocating. Last year a similar plan was advanced by Amarillo which was outlined in a representative meeting of citizens at Plainview at which time it was agreed as a fact that West Texas should advertise itself more, and this view was expressed by men from Floydland, Lockney, Olson and towns of a surrounding territory of 100 miles.

Combined funds from counties of the Panhandle and West Texas can cooperatively put over a big advertising program that is sure to bring West Texas into her own.

Improved train service between Lubbock and Fort Worth will be inaugurated Nov. 27 when a South Plains special with Pullman accommodations will be operated, officials of the Panhandle and Santa Fe Railroad systems announced Saturday.

The new schedule will enable residents of the plains district to make business trips to Fort Worth in approximately six hours less time than was formerly required, and the move is expected to stimulate travel on the road and encourage buying trips to Fort Worth.

Leaving Lubbock at 7:45 p. m. each day, and Snyder at 10:10 p. m., the train will connect with the T. & P. system at Sweetwater, arriving at Fort Worth at 7:15 a. m. The return trip can be made by leaving Fort Worth at 10:40 p. m. and arriving in Lubbock at 11 a. m. on the following day. Since the train will leave Lubbock after business hours, but one day will be lost on a trip to Fort Worth, railroad officials pointed out.

Decision to make the new train up at Lubbock was made because of its rail outlets. Four branch lines operate out of the city to Eldorado, Seagraves, Lamesa and Crosbyton, and three main roads have direct rail connections with Clovis on the north and Sweetwater on the south.

## Prayer Week Program And Social Be Held

The ladies of the First Baptist Church will observe a week of prayer for missions beginning Monday and will render a special program at the church Wednesday evening. The theme of the week is to be that of Christmas and Christmas missions. After the program a social hour will be observed. The program follows:

Leader, Rev. W. F. Ferguson. Subject, Revelation of Life and Teachings of Jesus Produce Revolution in Lives of Men and Nations. Hymn, by the choir. Bible lesson: Christmas Carols in Scripture by Men of Old, Isaiah 7:14; 11:1-5, 10:6-7; Matt. 2:1-6, Rev. I. D. Hull.

Hymn, "It Came Upon a Midnight Clear," by the choir. Talk, New Movements in the Orient, H. L. Wren.

Prayer, That in These Movements Many May Turn to Christ, N. M. Harpole. Special song, Mrs. S. C. Saylor and Mrs. Walla D. Fish.

Talk, The United States' Christian Obligation to the Orient and South America, C. Wedgeworth. Prayer, That American Christians May Measure up to Their Opportunity, A. P. Morris.

Hymn, "Hark the Herald Angels Sing." Prayer, That Every Member of the Church Will Redeem Their Pledge to the S. B. C. Cooperative Program and will Pledge Generously Dec. 4-11 to the one for 1928, Rev. Geo. E. Alexander.

Talk, Effect upon the Work of Recalling Our Missionaries, Rev. W. F. Ferguson. Reading of Appeal from Foreign Mission Board, Miss Elaine Rosser.

Prayer, That Southern Baptists Will Speedily Make It Possible for the 100 Women Missionaries and More than 60 Men Missionaries now on Furlough to Return to their Fields, W. S. Patrick. Reading of Leaflet, For Return of Forty Missionaries, A. A. Bullock.

Hymn, by congregation. Prayer, For Foreign Mission Board, its 191 Men Missionaries, and 322 Women Missionaries, 137,734 Baptists in Foreign Fields and the Unevangelized Millions, Rev. C. C. Carr.

## RAISING OF HOGS WILL RETURN IF PRICES PREVAIL

A reduction of nearly fifty per cent has taken place in the number of hogs raised in Texas since 1920, according to George M. Lewis, livestock specialist in the Bureau of Business Research of the University of Texas. There are now only 1,250,000 hogs on Texas farms as compared with 2,400,000 seven years ago, says Mr. Lewis, who further points to the importance of the industry in the state as evidenced by the returns amounting to over thirty-two million dollars which the sale of hogs brought to producers in the state last year.

"Every farm in Texas should have a few hogs to utilize the waste products and to provide the farm families with a part of their meat supply and to add to the farm income," Mr. Lewis advises. "They require very little attention and are the most economical animal in existence. The hog is universally known as the 'mortgage lifter' because he has contributed to the success of farming throughout the world, and he is a ready source of immediate profit on a diversified or intensified farming enterprise."

## "Mountain and the Mole Hill"

## Lamesa Defeats Snyder Tigers

"Outgeneraled, out-fought and lacking a punch" was what defeated Snyder High Tigers Friday when they met the Golden Tornadoes of Lamesa, who gave them a good licking on the local field, 13 to 6.

The Lamesa team was threatening every minute and with Full-back Hill of the invaders rolling off first downs regularly, Snyder had to admit defeat to a better team Friday. Lacking the punch the local squad carried against Sweetwater, the locals were an inferior team to anything they have shown this season. It was in the middle of the second half before Snyder earned their first down, Snyder making but a total of three first downs for the entire game, against seven for Lamesa.

Of fourteen forward passes attempted by Snyder, four were successful for a total yardage of 32 yards. Lamesa tried three with no gain. Lamesa made its score by two goals from field, a touchdown with point after touchdown. The trained toe of Cook, Lamesa's half back, since our last publication kicked a goal from field that earned them three points. In the same quarter, Snyder made a drive toward the goal, and May punted, the ball rolling near the goal line. On the first play, Hill dropped back for a punt, B. Moore smashed through and blocked the kick, and Wilford fell on the ball for a thrilling touchdown. This was the only time during the game that Snyder High led, for on the kickoff following the Snyder touchdown, Hill raced 87 yards for a touchdown.

Snyder High was defeated cleanly, and the Times-Signal has no crows to pick for the local boys. They battled valiantly, but it was an off day apparently, for at no time Friday did they look like the warriors that spelled defeat to the Sweetwater Mustangs.

Post High plays here tomorrow, and we don't miss our guess, Snyder High will more than average the defeat handed them at Post several weeks ago.

Parents and backers of Snyder High School should turn out in full force tomorrow.

PLINY OF DEER WITH SEASON OPEN

Four hunters passed through Snyder Saturday, their car loaded with four buck deer they had killed Friday in New Mexico. They reported they started out bright and early Friday morning and within three hours had killed the bucks, which satisfied their longing for the hunt, and then immediately started on the return home. They report game plentiful.

## SANTA CLAUS LETTERS

Letters are already pouring into this office for old St. Nick, and it won't be long now until he hooks up his high stepping reindeer and heads south to bring joy and happiness to the boys and girls.

Old Santa is anxious to pack his sleigh and wants all the boys and girls in this territory to write him and let him know what they want him to bring for them. Mail your letters early in care of the Times-Signal, and we will see that he has them without delay.

## SNYDER MEN EAT BEANS AT COLORADO MONDAY EVENING

The annual Turkey-Bean banquet of Chevrolet dealer organizations of Snyder and Colorado was held Monday, Nov. 21 at Colorado. At this banquet the Colorado Chevrolet force ate a turkey feast at the expense of the Yoder-Webb Motor Company force of Snyder, who ate beans only. This was in accordance with the terms of the contest. The dealer who sells more new cars for a period of time, compared to the allotted quota, wins the contest.

The Mills Chevrolet Company sold 203.8 per cent of their quota and the Yoder-Webb Company sold 194.1 per cent of their quota. The quota for the Snyder dealers was 32 and that of the Colorado dealers 53 new cars.—Colorado Record.

They reported they started out bright and early Friday morning and within three hours had killed the bucks, which satisfied their longing for the hunt, and then immediately started on the return home. ## Thanksgiving Day Is Here

AS THE World War has its Armistice, so our pererty era has its Thanksgiving. This day, coming November 24, should be a time of rejoicing. Down deep, people should feel the urge to turn to the East and thank Almighty Providence for the privilege of living today, in this land of liberty and freedom, over which most beautiful Old Glory waves.

It is a time of retrospection. When a fine turkey is handed out over the counter from the nicest refrigeration, think how old Governor Bradford of Massachusetts got his Thanksgiving bird. Contrast those days with the present. Paint the picture for the children that they may appreciate what their fathers have done for them.

Visit Grandfather's and Grandmother's house if possible Thanksgiving Day, no matter how far it is. Make them happy. Let them play with the children. Around the home fire unbosom your souls to each other. Discuss the achievements of the family clan. The United States is proudest of its families with such Thanksgiving traditions.

The Times-Signal wants to be remembered in all the homes as being thankful for your hearty cooperation and good will in the past, and that it may always continue so in the future.

## Commissioners In Session Today

The Commissioners Court at their meeting Saturday in connection with the purchase of a county fair grounds postponed action until today (Wednesday). As we go to press we are unable to give anything definite as to what procedure will be taken or what plot of ground will be purchased.

The Commissioners Court can make history in Scurry County with the addition of such necessary grounds and buildings that will provide suitable space for a real County Fair. Whatever course is pursued by this body of gentlemen suits the Times-Signal, as the improvements that have been outlined are absolutely needed now.

## Local Boosters To Maintain Business Body

The Board of Directors of the Scurry County Chamber of Commerce held an important business meeting Tuesday afternoon, and the fifteen members were of one voice and pluck, that the activities of the organization will be maintained.

It was voted unanimously to uphold whatever action the Executive Committee took, and the selection of a new secretary was left entirely in their hands. The Board of Directors, however, will have a voice in the final selection.

The attitude of the various directors toward a future and greater Chamber of Commerce was never left in doubt. They were unanimous that Scurry County be kept before the folks of West Texas and the world in general.

CHRISTMAS CARD orders should be placed now while the line is in a legitimate way. Heavy orders are being placed, and you will like the Times-Signal line.

## STRAYHORN BUILDING READY FOR NEW FORD

The painters are completing their work at the Strayhorn building, and when finished the Ford display room in Snyder will be one of the finest in all West Texas. Joe and Roy are bound to have things looking all spot and span for the reception of the new Ford, which is said will be revolutionary effort on the part of the Ford interests.

## Scurry County Landing Field At Hermleigh

Type made the Times-Signal say in article concerning the suggested airport for Scurry County that the only plane owned in Scurry County was operated by a Mr. Goebel of the Pyron community.

Our good Hermleigh friend, Emil Schattel, came to the office Saturday and gave us the true status of the airplane situation. Mr. Schattel's son, Paul, built the first airplane owned in this county, and a brother, Eugene, is the proud possessor of the plane which flies just as good as any plane coming over this section of the country. The plane is painted a brilliant red, white and blue, and is a beautiful piece of machinery and workmanship.

Walter Worken, living just over the line in Fisher County, also owns an airplane, and he drives his "bus" up to the Schattel farm which is located on two sections of land and the Schattel boys and the Fisher County man have some interesting demonstrations with these playthings of the air.

Planes regularly visit the Schattel Landing Field, which is said to be the best in all West Texas, from Abilene, Sweetwater and Colorado.

This was surely good news to the Times-Signal, and it is the further wish of the paper that the folks of Scurry County will awake to the possibilities of providing a real airport and landing field close to Snyder. It's time to do this now, and not let every other town beat Scurry County. Incidentally, one of the best boosters for a landing field in all Scurry County is Mr. Emil Schattel, father of the boys who own and operate the only plane in the county, and the plane, by the way, was built on their farm five miles south of Hermleigh.

G. M. Roe of the Camp Springs neighborhood, one of the good friends of the Times-Signal, has ideas about the building of a city that are worth your attention. Writing under recent date, Mr. Roe says:

## The Building of a City

We are either for or against the progress of our city's growth. It is impossible to be neutral if you live within its borders. No city was ever built, none ever will be, by just one man or woman. It takes cooperation from every man, woman and child. It needs your moral and financial support—a boost from everyone who lives inside its borders. A boost at the proper time is the life of any institution.

Invite outside capital to your town by loyal support and a boost for them in a way of special inducements to them to locate various industries. No industry is coming to any city without some kind of inducement. They are not going to look your town up, but the city must look them up, but to do this you must have the cooperation of the entire town. Anything in the world can be accomplished with right kind of cooperation.

Various kinds of industries are today looking out for branch factories and district offices. The city that makes the best inducement to them will land the "pie," while you sit idly by and hold the empty "pan."

Cooperate with your chamber of commerce; give it all the support in your power; help to build it; new industries to your city at the same time increasing the resources of your city, its population, its payroll, its moral and financial standing. Help to build a city. You will be proud that you had a hand in building it.

Whether or not you own property within its borders, it will help you if it helps the other fellow. Boost the man who is investing inside the limits of your city; he is investing, whether great or small, depends upon you for support whatever his line of endeavor is, and every person in this city owes that boost to the investor.

Probably our city doesn't appeal to you. If it doesn't, maybe the one near you does. If it does, go where your love is. When strangers are prospecting through your town, show him the bright side of it instead of the dark side. If you show the dark side, his figures you are "cold blooded" and doesn't tarry long on his way to the town where everybody is boosting for the town in which they live and are cooperating in every way possible to build a town in a legitimate way.

Cooperate in every way possible for the building of a greater city. Give it your moral and financial support, and you will never regret it. It is for the benefit of everybody, not just one.

For full and complete cooperation for the building of a greater Snyder.—G. M. ROE.

## SCURRY COUNTY POULTRY SHOW OPENS NEXT THURSDAY

### Gasoline Prices Stand in Line In This City

Traveling men and local residents have been heard to remark that Snyder's charge for gasoline is entirely too high. That the price here is apparently on a basis with other towns was brought out last week at Lamesa, when the weekly Luncheon Club heard a report which stated:

"Prevailing tank wagon and retail price gasoline in surrounding towns as follows: Snyder, tank wagon, 12c plus 3c tax, retail 20c; Big Spring, tank wagon, 13c plus 3c tax, retail 21c; Midland, tank wagon 12c plus 3c tax, retail 21c; Slaton, tank wagon 12c plus 3c tax, retail 20c; Lubbock, tank wagon, 11c plus tax, retail 16c; Tahoka, tank wagon 11 plus tax, retail 18c; O'Donnell, tank wagon 11c plus tax, retail 19c; Brownfield, tank wagon 12c plus tax, retail 19c; Tatum, tank wagon 12c plus 5c tax, retail 21c; Lovington, tank wagon 12c plus 5c tax, retail 22c; Post, tank wagon 12c plus 3c tax, retail 19c; Lamesa, tank wagon 12c plus 3c tax, retail 20c."

As may be judged from the report, the price of gasoline in Lamesa is found to be in line with the surrounding towns.

Secretary Wilson expressed himself as happy that the report had revealed the fairness of the local price on gasoline, and the consistency of the local price with that of neighboring towns. He said that the charge had been made by traveling men that the price in Lamesa was out of line with those of other cities, but the investigation would prove that the charge was unjustifiable.—Lamesa Reporter.

## All Poultry Boosters Should Be Ready Now

"The time for the annual Poultry Show is fast coming around," said County Agent Willis yesterday. "And December 1, 2 and 3 are likely to show in this county and other counties. New faces are ready for it. Everyone that has any interest is urged to show. Poultry shows afford the very best place where one can compare one stock and see what they like and why. The judging of the year's show will be done by R. C. Mowery, poultry husbandry man of the Texas Technological College. Mr. Mowery has made poultry his special study and should be qualified to handle this show. It is also a new man to the breeders of this section, and the types that are particularly favored will be a matter of considerable speculation among the breeders and should lend new points to the showing."

Rumors are heard from many sources make it a certainty that the showing will be the best in the history of the county. Most of the local poultrymen are cooperating in getting word to people who ought to show in this county and other counties. New faces are wanted in the show ring. Many people have good chickens that do not know their value. It will cost very little to show, and it is hoped that everyone in the county will take a part.

"The Egg Show will be a specialty of this year's show. Eggs like cotton should not all sell in the same class, and this year's show should bring out the distinction between the different classes and grades of eggs. There are four distinct classes Breeders and Fanciers, which include most everyone; then the Commercial Egg producers, and in this class we will have full classes with the larger poultry farms competing; then the Club and Girls, and lastly the Shippers and Packers, which will include every groceryman and dealer who buys eggs in the county. It is hoped that these concerns will make the most of the advertisement that this might afford and make entries in this class. This will enable more value to come from the showing of eggs, and will show the merchants an opportunity to put over a lesson in merchandising that will help."

"Every department of the show is coming along in fine shape."

## BELL DISTRICT PROUD OF NEW BUILDING

Since last school term Bell District No. 16 have replaced their old one teacher building with a modern, strictly up to date two teacher building. They have two fine teachers and a house full of enthusiastic youngsters who are really doing things. This is one of the fine elementary schools of the county. High school children go to Hermleigh, and the grades are well taken care of at home.

## CORRECTION ON PEANUT REPORT

Last week's Times-Signal carried a story concerning the first work consummated by the peanut thrasher in the Hermleigh community. The "small peanut" who formerly handled the secretary's office of the Chamber of Commerce was the basic cause for the publication of the story.

We are indebted to H. M. Murphy, who lives between Hermleigh and Dunn, for the correct data, and to keep the records straight, the Meis farm near Hermleigh harvested less than 60 bushels of peanuts. The second farm to have work done was that of J. E. Neal, who secured 36 bushels from a little less than three acres.

H. M. Murphy was the third man to thresh his peanut crop, and he secured 77 bushels from five acres.

No hay has been baled yet.

## GOLD SATURDAYS TO BE DISCONTINUED

Saturday, Nov. 26th, will mark the end of Gold Saturday for Snyder.

## Invitations Extended to All Poultry Raisers to Join In Show

Next Thursday opens Scurry County's annual Poultry Show which is destined to be one of the most revolutionary in point of attendance and interest that has ever been held here.

Applications for entry blanks have been pouring in from all sections, and it would not be surprising to see anywhere from four to six hundred entries in this show.

The small poultry raiser has been going after this year to bring his select fowls to the show, and these will add to the large number of men who have been at the poultry game for years. That poultry is ever increasing in interest in Scurry County was evidenced by the large attendance at the several meetings held here last week by Dr. LeGear of St. Louis. W. S. Patrick, vocational agriculture teacher of Snyder Public Schools, told a Times-Signal reporter Monday morning that a meeting held at Flannana Saturday night was one of the greatest successes he had ever attended. These meetings will bear fruit in the poultry show, it is believed.

Eggs and Turkeys to Feature

An egg show is an entirely new idea and will be one of the big specialties of this year's poultry show. Eggs are shipped by grades and classes from the egg centers, and Texas has long needed to follow this plan as it promises greater returns in the marketing of eggs. There will be complete classes for eggs and good premiums to encourage entry.

Turkeys have never made the showing at the poultry show that they should. Considering the demand for good breeding, it should prove highly profitable for the breeders of turkeys to exhibit their birds, and it is hoped that they will make the most of this year's show.

There is nothing that beats advertising for selling, and a poultry show is the poultry man's one big chance to advertise. Get your stuff ready for the show.

## J. A. MERRITT IS SECRETARY OF POULTRY SHOW

In compiling the catalog for the Scurry County Poultry Show, Mr. J. A. Merritt's name as secretary of the show, was unintentionally left out. County Agent Willis informs the Times-Signal. Some rumors leading to Mr. Merritt had severed his relations with the county show, but these rumors are entirely at error. Mr. Merritt is responsible for the most of the policies of the present show and is recognized as one of the leaders of the poultry industry in the county, and has won recognition for the breed of poultry that he fancies in most of the shows in West Texas at one time or another.

Mr. Merritt, through his personality and experience in the show ring, attracts many out of the county exhibitors, and it is hoped that the public will understand that he is lending his abilities and services again to the Scurry County Poultry Show.

## BOYS MAKE RECORD

Two club boys, John Henry Trussell and S. D. Henry, made over four tons of maize to the acre this year. In fact, young Trussell's yield was almost 4 1/2 tons to the acre.

County Agent Willis believes this a record yield in the county. At least it is a mark that many can shoot at.

Mr. and Mrs. A. H. Giles, formerly of Amarillo, are making their home in Snyder, where they are rooming with Mrs. C. C. Higgins. Mrs. Giles will spend Thanksgiving in Amarillo with her mother.

Howard E. Olson of Chicago and Detroit is a Thanksgiving week visitor in the home of the Junior Editor "Ole", as he is known to all his friends, who will have a first class turkey dinner awaiting him when he arrives in Snyder from his long journey.

### "BEN-HUR" CONTAINS SCENES OF TENSE DRAMA

"Ben-Hur," the Metro-Goldwyn-Mayer film now showing at the Palace Theatre, owes its popular success not only to the grandeur of its spectacle and the absorbing nature of its action, but likewise to the love story of Ben-Hur and Esther and the other love motif "twixt mother and son, which is brought powerfully to the fore through the many years of separation of Ben-Hur and his parent by the Romans who condemned him to the galleys and his womenfolk to a forgotten dungeon. The vivid picture shows us his escape and retrieval, triumphant chariot race, romance with Esther, and his return to Judaea, fired by the hope of the Messianic kingdom. The outcast mother and sister find the young hero asleep, but in a scene of infinite pathos turn away so as not to contaminate him. Their reunion with the loved one after they have been healed by the Savior is perhaps the most exquisite passage in all film fiction.

### PERSECUTION WILL MAKE A CHURCH GROW WONDERFULLY

Dr. John M. Moore, bishop of the Methodist Church, in an address at the West Texas Conference at Corpus Christi last week, declared that if you want a church to grow, persecute it. The Christian faith had its original meteoric growth because of the persecution and the sanhedrin and such outstanding characters as Saint Paul. The Christian faith thrives on persecution. It is persecution that perfects a Christian character. Christ promised persecution to every person or church which should live near him in spirit. Throughout the country there is a spirit of persecution fostered by one church against another. We wonder if ministers of such denominations think that by persecuting and "knocking" other denominations they will succeed in building up their own faith and destroying the other church. Our experience and observation have been that such persecution is a benefit rather than a deterrent to the persecuted. This is an age of liberality. There are 38 churches in the United States, however, which will tell you that they are the ONLY church. They recognize no other

denomination except their own. And because they are so exclusive and selfish they relegate every other faith to the anathema. However, the world is growing wise. Christ's church is composed of every believer regardless of the denomination to which he may belong. In this age when the world is steeped in sin and degradation and the forces of atheism, infidelity, agnosticism and evolutionism are working overtime, it is high time that the various evangelical churches over the land should combine their forces rather than fight each other, and though they may differ doctrinally they can all work for the common purpose of destroying sin among the people—desideration of these denominations.

To flay a denomination that does not believe as you do does not hurt it. It builds it up. Take the churches most persecuted in the past and note their tremendous growth in membership. The best way to oppose anything you can't subscribe to is to totally ignore it. To fight it continually is to manifest an un-Christian spirit and at the same time to direct attention to it and to encourage sympathy in its support.

### BIG SPRING OBTAINS UNIQUE FRANCHISE

The city of Big Spring has secured a franchise quite unique in its character. The franchise embodies a proposition wherein the city becomes co-partner in the profits of sale of gas to its inhabitants. For the first five years the city will receive three per cent of the profits, after the first five years the profits will increase to five per cent. There is also a fee of 25 cents per meter payable to the city monthly.

The city has a right to purchase the distribution system at any time up until March 15, 1931, at the actual cost of the distribution system, plus 10 per cent. After 1931 the city has the first option to purchase the plant.

### League Officers Elected For Year

At a meeting of Scurry County teachers during the institute, the following officers were elected to serve as executives for the County

### Interscholastic League this year:

Prof. C. Wedgeworth, director general; E. E. Kerr, director of athletics; Miss Eula Stimson, director of spelling; H. L. Massey, director of declamation; Mrs. J. P. Nelson, director of essay writing; Miss Hazel Lee Rainbolt, director of music memory; and B. M. Gramling, director of debate.

With this fine group of teachers at the helm of the Interscholastic League work, it will be carried on in a great way. This ought to be, and we believe it will be, one of the greatest years in the history of the League for Scurry County. All teachers who have not sent in fees for this year should do so at once so that your school will be sure to get the full benefit of all materials coming from the university during the year.

At this same meeting the executives for the Scurry County Teachers and Trustees Association were elected. W. S. Patrick will serve as president and W. C. Hooks of Dunn, vice president.

D. F. Bigony of Ennis Creek was elected secretary-treasurer. The first meeting will be held at Ennis Creek on Dec. 3. We are expecting a great time out there. Those who miss this meeting will have cause to regret it later. The association is carried on for the benefit of the schools. Anything that can be done to advance

the cause of education in Scurry County ought to be of vital interest to teachers and trustees as well as patrons. All teachers and trustees are urged to be at that meeting, and all patrons are invited. Let us start in now to make this the best year in the history of Scurry County schools. —Scurry Co. Rural School News.

## SAVING THE SURPLUS

NO FARMER has had so prosperous a harvest or so big a surplus after the obligations of the year have been cared for that he can afford to lose any part of it.

Yet, every year millions of dollars, which represent the fruits of the year's labors, are lost by the farmers of the United States through investment in worthless promotion schemes and speculations which never intend to pay dividends.

How much of misery and disappointment and loss might be averted if these surplus funds were saved in a special Reserve Account at the bank. Such an account is always available for working capital, for needed farm improvements, for the purchase of pure-bred livestock, or to take advantage of a good paying investment of any kind.

Talk with us about saving the surplus by putting it in a Reserve Account at this bank.

## Hermleigh News Notes

The following news notes are taken from the pen of Editor R. S. Norman of the Herald.

**City Council Waking Up**  
The City Council is putting on some style of late. Not only has she decided upon an adequate water system, but she has changed the incorporation plan. We are now incorporated under the city or town incorporation instead of the village-town incorporation. The rubbish is now being cleared away and Hermleigh has an opportunity to grow.

The Council's ambition is not to have the biggest town in the country but to have the nicest and most up-to-date little town. We are expecting the Council to announce a regulation providing for street cleaning. That is the next thing in order.

**F. P. Hargraves Dies in Clovis**  
Reed Hargraves of this city received a message by wire early Monday morning of the death of his father, F. P. Hargraves, in Clovis, N. M. Mr. Hargraves was a former resident of Hermleigh, and the citizenship joins in sympathy with the bereaved family. The body was shipped here and interment made at Pyron.

**Work On Well Already Begun**  
The water system is soon to be a reality. The contractor is on the job this week. He states that a part of the pipe is on the road and that work will begin on the project in the next few days. The water Commission has located the site for the new water well which is to supply the new water system. It is located south of the tabernacle.

**Growing Cotton and Peanuts**  
It is very interesting to note that our farmers are actually planning to standardize the cotton variety in this district. The next thing they need is to standardize the breaking of the soil with the view of preserving the moisture, the method and early date of planting and intensive method of cultivation. To produce the best cotton it is necessary, first, to break the soil deep with a disk which will turn the soil completely over, thus opening up the pores of the ground so that the moisture can best be preserved; second, sow the best variety of seed for the nature of the soil; third, plant the seed below the level and on rows running opposite to the way the highest

winds blow from. Fourth, plant early and cultivate intensively. The editor of the Herald thinks he knows how to grow cotton and peanuts, and is suggesting to Agricultural Agent Willis that arrangements be made to offer a prize of some kind for the best production of these products. We should like to superintend the cultivation of two acres of each of these with the view of demonstrating this type of farming. Who will furnish the opportunities?

**Total Cotton Crop Less Than 4,000 Bales**  
The gin report from all three of our cotton gins up to Monday night show that only 2,762 bales have been ginned. It would be stretching the estimate just a little, it is thought, to place the total production of this community at 3,500 bales, but the total will be around that when all the scrapping is done. This has not been a bad year for cotton in this community, considering the weather this year, and the price received for the staple has been good. We will enter the next crop with the best of spirits.

**Fargason Bros. Buy Business House Here**  
Fargason Brothers have recently bought two business houses on the north side of main, the one occupied by their grocery and the one occupied by the J. L. Sligh grocery. They no doubt have acted in advance of the time in making this real estate deal. Many dreams of days gone by may come true in Hermleigh shortly. Fargason Bros. were first. Who will be the next to follow?

**Local Notes**  
Messrs. Floyd Merket, J. F. and Kirk Slater and Claude Barber of China Grove left Monday for a deer hunt in Brewster County. Messrs. R. B. Etheredge and S. W. Seay left Tuesday for a deer hunt in the hills of Wilson County. The three-year-old baby son of Mr. and Mrs. Jewell Hodnett died last Friday night of paralysis. He was buried Saturday evening in the Lone Wolf cemetery. Rev. C. E. Leslie conducted the funeral service. Miss Ona Vernon of this place has opened a beauty parlor in Roby. She will make Roby her home while working there. Dont forget the box supper

a position.  
Miss Ona Vernon, who has a beauty shop in Roby, was at home Sunday.  
J. D. Norman of Abernathy visited Mr. and Mrs. Hugh Vaughn Sunday.  
Little James, son of Mr. and Mrs. Hugh Vaughn, was very ill last week but is reported better.  
Mr. and Mrs. T. C. Hopper and little daughters, Lenora and Ena Marie were visitors in the Early home Sunday.  
Mr. and Mrs. Thomas Sturdivant were in Hermleigh Sunday.  
Henry Murphy, who is attending Abilene High School, was at home this week-end.  
There will be a box supper at the Hermleigh High School building Friday night, Nov. 25. The proceeds will be divided between the Methodist and Baptist churches. Everybody is invited.

**CHURCH ACTIVITIES**  
By Agnes Early  
We understand that there was a very interesting program rendered at the Church of Christ Sunday morning.  
Brother Morgan of Colorado met with the Hermleigh Central Baptist Church Sunday morning and evening. Young Morgan is the pastor of that church. He is not a solemn preacher but very active and seems to be getting the people interested enough to fall right in line and work with him. This church being without a pastor for some time has lagged behind, but we feel like it will soon be on its feet again.  
Regular services were held at the Methodist Church Sunday.

**CODE OF ETHICS**  
The Principles That Govern Membership in  
**The Laundryowners National Association**  
Of The United States and Canada

1. I reaffirm my allegiance to my Country and its Constitutions, and I believe in its everlasting endurance through law and order.  
2. I believe in the Laundry Industry, its future, and its obligation to the American home.  
3. I believe that these three have their distinct rights in our industry: First, the Public; second, the Employee; and third, the Employer, and that the rights of each must be protected by the other two.  
4. TO THE PUBLIC: I respect the confidence placed in me by entrusting to my care property which it is my duty to treat with due regard for its preservation, hygiene and sanitation, as developed by the research work of our Service Bureau, and to return this property to its rightful owner. If I fail in any of these, it is then my duty to the Public, to my fellow craftsmen and to this, my Association, to make just restitution.  
5. TO MY EMPLOYEES: I demand for them the same respectful treatment from my Supervisors that they may justly expect from me, and I dedicate myself to the task of so conducting my business that they shall receive fair return for their labor and be enabled to enjoy healthful surroundings both physical and moral.  
I also acknowledge my duty to consider their individual abilities, that he or she may be placed to advantage and justly promoted when possible. I believe that man's right to work without reference to his membership or non-membership in any organization is as sacred as his right to religious worship and should be equally free.  
6. AS EMPLOYER: I believe a fair reward is due me if I meet these obligations to the Public and the Employee, and that my compensation from the public should be based upon accurately determined costs.  
7. I believe the dignity and character of the Industry can be sustained and improved through our parent organization, The Laundry Owners National Association of the United States and Canada, to which I pledge my support; and I further agree so to administer my affairs as to reflect credit upon my Association and my Industry.  
We are Members of the "Laundryowners National Association," and we solicit a continuance of your patronage on the principles as declared in the "Code of Ethics" above.

WE THANK YOU  
Our Thanksgiving is heaped full of good thoughts for the fine business that is being given us.

**CODE OF ETHICS**  
The Principles That Govern Membership in  
**The Laundryowners National Association**  
Of The United States and Canada

1. I reaffirm my allegiance to my Country and its Constitutions, and I believe in its everlasting endurance through law and order.  
2. I believe in the Laundry Industry, its future, and its obligation to the American home.  
3. I believe that these three have their distinct rights in our industry: First, the Public; second, the Employee; and third, the Employer, and that the rights of each must be protected by the other two.  
4. TO THE PUBLIC: I respect the confidence placed in me by entrusting to my care property which it is my duty to treat with due regard for its preservation, hygiene and sanitation, as developed by the research work of our Service Bureau, and to return this property to its rightful owner. If I fail in any of these, it is then my duty to the Public, to my fellow craftsmen and to this, my Association, to make just restitution.  
5. TO MY EMPLOYEES: I demand for them the same respectful treatment from my Supervisors that they may justly expect from me, and I dedicate myself to the task of so conducting my business that they shall receive fair return for their labor and be enabled to enjoy healthful surroundings both physical and moral.  
I also acknowledge my duty to consider their individual abilities, that he or she may be placed to advantage and justly promoted when possible. I believe that man's right to work without reference to his membership or non-membership in any organization is as sacred as his right to religious worship and should be equally free.  
6. AS EMPLOYER: I believe a fair reward is due me if I meet these obligations to the Public and the Employee, and that my compensation from the public should be based upon accurately determined costs.  
7. I believe the dignity and character of the Industry can be sustained and improved through our parent organization, The Laundry Owners National Association of the United States and Canada, to which I pledge my support; and I further agree so to administer my affairs as to reflect credit upon my Association and my Industry.  
We are Members of the "Laundryowners National Association," and we solicit a continuance of your patronage on the principles as declared in the "Code of Ethics" above.

WE THANK YOU  
Our Thanksgiving is heaped full of good thoughts for the fine business that is being given us.

**CHURCH ACTIVITIES**  
By Agnes Early  
We understand that there was a very interesting program rendered at the Church of Christ Sunday morning.  
Brother Morgan of Colorado met with the Hermleigh Central Baptist Church Sunday morning and evening. Young Morgan is the pastor of that church. He is not a solemn preacher but very active and seems to be getting the people interested enough to fall right in line and work with him. This church being without a pastor for some time has lagged behind, but we feel like it will soon be on its feet again.  
Regular services were held at the Methodist Church Sunday.

**CIVIC SLACKERS**

Recently at a meeting of the East Texas Chamber of Commerce a very able speech was made on the subject of "Civic Slackers." In this speech a comparison was made between the business man who, openly in broad daylight and with no apparent shame, takes the benefits which come from the work of his fellow townsmen, in civic affairs; and the sneak thief who pilfers under the cloak of darkness, taking articles of less real value and assuming the chance of forfeiting his liberty if caught.

The comparison may appear far-fetched, yet there is more than a grain of truth in the conception. Prosperous communities, large and small, have been made by an enthusiastic citizenship who have intelligently set themselves to making their town or city a good place in which to live and a profitable place for business enterprise. This has meant months of work for the general welfare and, quite generally, this work falls on the shoulders of a few men who often cannot hope to reap any personal benefits commensurate with the time and money they have invested for the public good.

To hear a fair share of the burden of progress and development is every business man's duty. He cannot escape his part of the benefits, and, therefore, is morally bound to pay for these in the coin of interested cooperation.

O. A. Sanders and Miss Lola Belle Patterson were married Wednesday.

O. D. McGlaun is the new station agent for the R. S. & P. at Hermleigh.

Mr. and Mrs. T. C. Stinson have moved into their new residence in East Snyder.

Scurry County has ginned 499 bales this season as against 6,373 at the same date last year.

John Sturdivant is back on the job as telegraph messenger boy.

Rev. W. H. Sims, Rev. W. L. Leach, Mrs. Forrester, Mrs. Grayum and probably others of the Baptist Church will leave Monday for Dallas to attend the annual meeting of the Baptist State Convention.

**Poultry Expert Holds 3 Good Meetings Here**

Dr. L. E. Legear of St. Louis, nationally known poultry expert, spent Friday and Saturday in Snyder and Fluvanna in the interest of promoting poultry raising in this section.

He was brought to Snyder under the auspices of the Chamber of Commerce. While here he predicted that on his next visit there will be more poultry raisers out to hear his lectures.

CUT  
 He stated that Snyder and Scurry County were ideal for poultry raising and that if our people had a few million instead of a few thousand chickens on our farms,

this would be one of the most prosperous counties in the United States.

He visited a number of farms where poultry was being raised and gave the owners many pointers to help them. He delivered interesting lectures at the court house and it is to be regretted that more of our citizens were not there to meet this noted expert. He will return at some future date.

Dr. LeGear is among the most prominent veterinary surgeons of the United States, and his work has undoubtedly been of much benefit to the people of the entire country.

Dr. LeGear talked to his audience about poultry raising, and the diseases that menace the poultry farm and how to keep chickens and turkeys healthy and profitable. During his lectures he performed autopsies on chickens and showed how to give medicine to others by actual performance. The eager way in which his hearers attended on his knowledge and their appreciation of the man who had made such deep research into science and evolved remedies which would save poultry raisers thousands of dollars that are lost through diseases and improper care of fowls.

Accompanied by W. S. Patrick, Dr. LeGear spent Saturday night at Fluvanna where one of the finest meetings ever held was enjoyed.

Dr. LeGear is a man of fine personality and is also a man who seemingly forgets the fame he has attained throughout the United States and steps down as it were among the common people to teach them by word and example the ways of making poultry and livestock more profitable, in fact, shows them how not only to make a living but to save money.

This expert's visit to Scurry County adds a great deal of impetus to the Poultry Show that will open here next Thursday.

Mrs. Ethel Cherry Eiland and son, Royce Cherry, spent last week-end with friends in Stanton.

**CHRISTMAS SEALS ON SALE TODAY**

"Over 32,000,000 Tuberculosis Christmas Seals have been distributed by the Texas Public Health Association throughout the state," said Dr. Z. T. Scott, executive secretary of the Texas Public Health Association, recently.

The sale will open officially Thanksgiving Day and will close Christmas. The work of the State Tuberculosis Association and its affiliated associations is entirely by the sale of these penny seals. This work includes child health education, school nursing work, clinics, educational literature and health work among all races and creeds.

Dr. Scott also stated that the Christmas Seal this year carries a design typical of the season represented. Santa Claus is shown driving his sleigh across snowy fields, while in the background the double-barred cross is clearly outlined against a snow-covered Christmas tree. The seal is unusually attractive. In the top center the year 1927 is displayed and below is the legend, "Christmas Greetings and Good Health."

**"BIG BOY" GOES TO NATIONAL MEET AT NEW ORLEANS**

"Big Boy" Yoder attended the meeting of the National Beverage Association at New Orleans last week. Mr. Yoder has been in the bottling business for a number of years and has built up a large volume of patronage. "Big Boy" drinks are very popular where bottled drinks are used, and the Yoder plant is kept busy all the time putting out these drinks.

This is the first time Mr. Yoder has attended a meeting of the National Association, and he returned with much information of benefit in the bottling business as well as enjoyed the trip very much.

**SWEETWATER GETS WHITE WAY LIGHTS**

A contract has just been entered into between the city commission and the Texas Electric Service Company which will make possible the extension of a white way system of the street lights throughout the entire business section of the city.

The white way system now circles the court house square and the new city hall, and another extension is being made along three blocks on Oak Street.

The light company has ordered 75 additional light standards and will have these additional lights ready for installation within the very near future.

### The "Then and Now" in Reasons for THANKSGIVING

A long voyage beset with many dangers—a landing at last in a strange land midst hostile natives to face hardships that tested their faith to the utmost—such was the lot of the Pilgrims. And yet—their courage undaunted—they gave thanks for it all!

Compare these conditions with your own today! Prosperity all 'round you—work plentiful—opportunities even more so—a rich harvest to feed you and yours—many home comforts to keep you happy—Surely you have every reason in the world to be thankful! Be that—this Thanksgiving!

### CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Scurry County, Greeting: You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Scurry if there be a newspaper published in said County, but if not, in the nearest county where a newspaper is published, for four successive weeks previous to the return day hereof you summons Harvey Little whose residence is unknown to be and appear before the Hon. District Court, in and for the County of Scurry, 32nd Judicial District at the next regular term thereof, to be holden in the County of Scurry at the Court House thereof in Snyder, Texas, on the Fourth Monday in December, of the same being the 26th day of December, 1927, the number of said cause being 2457, then and there to answer the petition of Joe Strayhorn filed in said court on the 21st day of November, A. D. 1927, against the said Harvey Little, and alleging in substance as follows: That he sues upon a note signed by defendant dated February 15, 1927, in the principal sum of \$500.00, payable to Joe Strayhorn eight months after date with interest from date until paid at the rate of ten per cent per annum and providing for 15 per cent attorney's fees, said note being secured by a chattel mortgage on the following property: 25 acres of cotton on the R. J. Murray farm, 2 miles east of Southland, Texas; 1 Jersey cow, 6 years old, black and white face; 4 yellow Jersey cows, unbranded, 5 to 6 years old, together with all increase on said cattle; 1 Fordson tractor, Motor No. 353421; 1

Athens disc plow; 1 Oliver 3 disc plow; 1 Ford truck and body.

Plaintiff says said note is past due and unpaid, and that Plaintiff has placed same in the hands of his attorney for collection and has agreed to pay the attorney's fee provided for in said note; that the value of the above described property is more than \$500.00.

Wherefore, premises considered, plaintiff prays that defendant be cited to appear and that upon a hearing hereof plaintiff have judgment for his debt and a foreclosure of his lien on the above described property, with order of sale directing said property to be sold in satisfaction of plaintiff's debt, and for any other and further relief to which plaintiff may be entitled.

Herein fail not, but have you then and there before said Court this writ, with your return thereon, showing how you have executed the same.

### VILLAIN GETS HIS FROM INNOCENT BALE OF HAY

Jack Luden, the gold-spoon movie star who was never an extra and has never been broke, is still maintaining his record for uniqueness.

His first starring picture is a Western melodrama in which the villain is not disposed of with a six-shooter. A bale of hay is the lethal weapon employed by Mr. Luden in disposing of Fred Kohler, "the wolf of the screen," who plays the villain part opposite Mr. Luden in "Shootin' Irons," the Paramount picture that will introduce Luden as a full-fledged star to Snyder

on Saturday at the Palace. Sally Blaine is Luden's leading woman. The supporting cast includes Richard Carlyle, Loyal Underwood, Guy Oliver and Scott McGee.

### LORANE POSTMASTER SAYS MAIL ORDERS HEAVY

The post office at Loraine has been doing a big business during the month of October, according to Postmaster Alonzo Phillips, who reports that during the month there were 707 domestic money orders issued, which, including the fees, amounted to the sum of \$6,708.04. Five orders issued that went to Mexico added the sum of \$106.30 to the total.

Mr. Phillips stated that fully 25 per cent of this amount went to the mail order houses of the country for merchandise that could have been bought in Loraine at just as cheap prices and in many instances cheaper when the quality of the goods was taken into consideration.

Mr. Phillips winds up his report which he handed to the Loraine Leader, with the following statement: "Money was sent to the mail order houses by people who owe for dry goods bought in Loraine in 1926. Folks, will mail order houses credit you next spring when the cash is gone?"

### CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Scurry County, Greeting: You are hereby commanded to summon A. S. Green, Mary T. Fuller and B. E. Fuller, A. J. (Jack) Stephenson and the executors, administrators, heirs, and the heirs of the heirs of the said A. S. Green, Mary T. Fuller, B. E. Fuller and A. J. Stephenson, whose names and places of residence are all alleged to be unknown to plaintiff, by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, on the Fourth Monday in December, A. D. 1927, the same being the 26th day of December, A. D. 1927, and there to answer a petition filed in said Court on the 23rd day of November, A. D. 1927, in a suit, numbered on the docket of said Court as No. 2458, wherein C. D. Cribbs is plaintiff and A. S. Green, Mary T. Fuller, B. E. Fuller and A. J. Stephenson, and the executors, administrators, heirs, and the heirs of the heirs of the said A. S. Green, Mary T. Fuller, B. E. Fuller and A. J. Stephenson, are defendants, said petition alleging: Suit in trespass to try title and possession of Lots Nos. One (1) and Two (2), in Block One Hundred Ninety Two (192), in the town of Fluvanna, in Scurry County, Texas, title to which plaintiff holds in fee simple and by the statutes of five and ten years adverse possession, plead by plaintiff in himself and his immediate grantors, whereby defendants' interest in said property is rendered void.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your

return thereon, showing how you have executed the same. Given under my hand and the Seal of said Court, at office in Snyder, Texas, this 23rd day of November, A. D. 1927. (Seal) JEAN GRIGGS, Clerk, District Court, Scurry County, Texas. 23-4tc.

### MIDLAND CHAMBER MEMBERSHIP 356

Worries of the Midland Chamber of Commerce, so far as membership campaigns are concerned, are ended. The chamber has completed a campaign in which 331 persons joined for life. The campaign was conducted under the direction of Secretary Paul T. Vickers.

In addition to these 331 life members, the organization has 25 members who are signed for only a year, giving the chamber a total membership of 356. Support of the chamber by Midland business firms was almost unanimous, final check showing only one business house enjoying general patronage having declined to join. Back of the Midland Chamber

of Commerce stands one of the finest business men in the state of Texas, Paul T. Vickers. Snyder once had an opportunity to have him as a resident and business man, but someone else beat us to him. Snyder needs a secretary of its Chamber of Commerce like the man who boosts Midland. Next Saturday finishes the Gold Saturday program.

### Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

**Thanksgiving Day**  
Thanksgiving Day, unlike the Sabbath (or Sunday) is a holiday—not a holy day. It is a legal holiday in all the states and always falls on the last Thursday in November. It is perfectly all right, not only to cease from our usual labors on this day, but to play games, go hunting and to have big dinners, but, while these things are perfectly legitimate, it should always be remembered that (following a most worthy, time honored custom) the day is set apart by presidents and governors as a day for thanksgiving and prayer to Jehovah. While the people are free to engage in sports and other things, all, from the least to the greatest, should keep in mind the main object of the day. Let all the people, either in their homes or their respective places of worship, humbly and reverently engage in service of thanksgiving and prayer. Surely, if we really mean to be good citizens of a great nation and state, we should not allow any small matter to hinder us from gratefully and reverently complying with the proclamations above referred to. They are not to be treated in a mere passing and indifferent manner.

**Church Services**  
In addition to the usual S. S. and Young People Meetings last Sunday, there were preaching services at the Christian and

Methodist churches with good congregations in attendance. Rev. W. H. Harris, the new pastor of the Methodist Church, filled his first appointment at 11 o'clock, bringing a message of inspiration and cheer to his appreciative audience. The new pastor will soon be located in the parsonage at this place. Rev. Brackeen preached three times last Sunday for the congregation of the Christian Church. Good attendance and good interest is reported.  
If not seriously hindered, the people of the Fluvanna community will hold their union Thanksgiving service Thursday. If there was ever a time when our people should be more thankful than at other times for rich blessings received, it seems to the writer that this may be the time—a bountiful crop, fine weather in which to harvest it, good prices for our produce and good health. What more could we reasonably expect or desire? Where is the man who will not attend a thanksgiving service at a time like this?  
On next Sunday there will be services at the Presbyterian Church—sermon at 11 o'clock and a very instructive stereopticon lecture at night.

**Business Affairs**  
Yes, our people are still quite busy, while there has been a lull in the cotton picking in order to allow time for the opening of the top crop, still there has been plen-

ty of work to do. Our business houses are enjoying a lively trade. The P. T. Association spread a tasty dinner in the bank building last Saturday. The Presbyterian women sent a box of quilts to the Presbyterian Home for Orphan Children at Amarillo a few days ago. This is a fine thing to do. The kiddies may need some covers this winter. "As oft as ye did it unto the least of these \* \* \* ye did it unto me."

The Fuller gin has closed down for the season.  
R. L. Gray shipped two cars of fat cattle to the Fort Worth market this week.  
B. W. Landrum and J. E. Jones are each beginning the erection of new residences on their farms east of Fluvanna. Mr. Landrum's will be a six or seven room residence for himself and family, while Mr. Jones' will be a four room bungalow for rent purposes.

**Sickness and Accident**  
Mrs. J. N. Bley, residing one

mile west of Fluvanna, was seriously burnt late last Thursday afternoon in the yard at her home. She had picked and was in the act of singeing a chicken when a passing car attracted her attention, causing her to allow the paper torch to come too near her clothing which ignited and wrapped her body in flames. Her screams brought timely help from members of the family about the place and the fire was soon put out, but not until very painful and rather serious injuries on the left side from the knee to the shoulder and on both hands and arms had been sustained. Doctors from both Fluvanna and Snyder were soon on the scene and proper treatment was administered. The patient is doing well at this writing. All the children, save two, John Bley and Mrs. Olin Ainsworth (the latter of New Mexico)—are at the bedside of their mother.

On last Wednesday a girl was born to Auti and Mrs. Gleghorn. At first the child and mother seemed to do well, but on Sunday night the mother became quite ill. We are glad to be able to report that K. B. Wills, whose eyes were seriously injured two weeks ago by an explosion of hot habit, is rapidly improving. He can see out of both eyes and is able to be out again. He went to Lubbock Monday for further treatment.

Mrs. Jas. H. Tate has been very unwell for several weeks, but is still able to be up.  
Mrs. W. R. Carmichael was right sick some three days last week with tonsillitis.

**Visits**  
Jess Bley and family and Mrs. Nellie Boring Snyder; Mrs. Bessie Daugherty of Lamesa, Clarence Bley and family and his brother, Garrett, of Olton, are all here visiting their mother who was badly burnt last Wednesday.  
Mrs. Emmett Boren and child of Lamesa spent last week here visiting relatives.  
Mrs. Jake Ross of Roscoe was here several days last week visiting her father, John Boren, and family.  
"Dock" Reader of Lubbock and Carl Huterson of Plainview were here on business Saturday.  
F. W. Robnett and family are visiting on the plains this week.  
J. A. J. Jones and wife are making a business tour touching several points on the plains the latter part of last week and this.

Dale Cribbs of Dallas County is spending several days here visiting his brother, D. T. Cribbs, and family.

**Miscellaneous**  
E. Edwards of Borden County has recently moved to Fluvanna. The ball game between Dunn and Fluvanna last Saturday resulted in a score of 18 to 9 for Fluvanna.  
D. A. Jones was treated to a great surprise in the way of a birthday supper on Wednesday of last week. Pat managed (with some difficulty) to keep his father out all afternoon so that D. A. knew nothing of what was taking place in his home until time to announce supper, at which time the following relatives (together with the pastor and his wife) appeared on the scene: J. A. J. Jones, J. E. Jones and T. K. Jones, brothers, and their wives; J. F. Dowdy and wife (sister); John Whately (brother to Mrs. D. A. Jones) and wife; Oma Jones,

and the three sons, Wallace, Pat and Mert, and their wives, Floyd Cox and Rev. Jas. H. Tate and wife were also in attendance. Several presents were presented to Mr. Jones in commemoration of this, his sixty-eighth birthday. Then the whole merry company was invited out to supper, and a most delicious supper it was—a veritable feast of good things. Naturally, one wonders how the good women managed to put such a program over without the man of the house even smelling the goodies. Our host was so delighted with this occasion, we fancy he was wishing he might have been 68 years old many years ago (?). After supper a delightful season of conversation was enjoyed by all. Then came the reading of a portion of Scripture and the offering of prayers, more hand-shaking and the 'good-night'—

## Now at Your Service

### We Have Now Installed Our New Up-to-date Cylinder Renewing Machine

This latest approved factory method of renewing cylinders now enables us to give you more satisfactory service at a big saving to you. If you are troubled with loss of power, excessive use of gas, and oil misfiring and carbon trouble, drive in and see us today.

You are paying for a cylinder refinishing whether you get it or not with the money you are wasting driving your car with those worn cylinders. If you could look inside and then see the waste and loss of power from leaky, worn and scored cylinders, you would not stand for it a single moment. If you could figure the cost of this wasted power and low mileage, you would have your cylinders renewed and new pistons fitted in in self-defense.

The constant slap and clatter of worn, loose-fitting pistons against the cylinder walls is just as harmful and just as damaging as hammer blows. Compression leakage, waste of gas and oil carbon are all caused by worn cylinder walls. It insures a straight new bore of "cannon bore accuracy," a perfect, new cylinder, square with the crankshaft, and gives the gun barrel finish that is so essential to lasting satisfactory service.

MISSSES MARILU AND ELAINE ROSSER ENTERTAIN

Complimenting a number of their friends, Misses Marilu and Elaine Rosser entertained with a dinner at the Wisford Tea Room Thursday evening of last week. The table was appointed at the four corners with silver candelabra bearing tapers of pink, while a gorgeous bowl of autumn roses made an attractive center. Following the dinner hour the guests were invited to the Palace Theatre. Those enjoying a most delightful evening with the charming hostesses were Misses Abbie Mae Crozier, Davida Curry, Ha Martin, Mary Strayhorn, Mattie Ross, Cunningham, Gertrude Herm, Maurine Cunningham, Hatie Herm and Myrtle and Mrs. James W. Dougherty.

CHICKEN DINNER GIVEN LAST WEEK

Messrs. Morris Davis, Nibs Warren, Dutchie Cauble and Percy McFarland entertained their guests at Misses Gwendolyn Chambers, Dixie Ruth Smith, Dorsett Beggs and Mary Edith Hood, with a chicken dinner at Bob's Cafe Tuesday evening of last week. The same crowd of young people formed a theatre party to the Palace Theatre Thursday of last week, followed by dancing at the home of Miss Dixie Ruth Smith.

MISS CARR IS HOSTESS

Miss Bessie Carr was hostess to a delightful dinner at the Wisford Tea Room last Wednesday evening. The table was centered with a gorgeous mound of fall chrysanthemums, with candelabra bearing tapers of yellow being used as further decorations.

At a late hour the hostesses country cousins arrived on the scene uninvited and unannounced but 'fully' dressed for the occasion. "Little Com" Ezell and Mary Lynn Nation displayed their ability to partake in every phase of the party throughout the evening and were given places at the dinner table with Misses Cecile Strayhorn and Bill Swann and Messrs. and Mrs. Sam Hamlett and Forest Sears and Messrs. C. C. Willis, Ivan P. Oliver and F. Malcolm Crouch.

After the dinner hour the guests repaired to the home of Mrs. R. H. Curnutte where favors in bridge went to Mrs. Curnutte and Mr. C. C. Willis.

MRS BEGGS HOSTESS TO EL FELIS CLUB

One of the most elaborate luncheons of the Thanksgiving season was given Friday of last week when Mrs. W. D. Beggs was hostess at her spacious home to the El Felis Club members and a number of guests. The beauty and fragrance of a profusion of cut flowers in many of the lovely fall varieties and hues were used in artistic decoration throughout the entertaining rooms. The Thanksgiving scheme was carried out in the place cards, favors and tallies and other table appointments where the delightful three courses were followed by forty two. The social hour was followed by a short business session.

Those enjoying the hospitality of Mrs. Beggs were the following club members: Mesdames H. J. Brice, Fritz R. Smith, Lee T. Stinson, A. J. Cody, Wade Winston, R. J. Randals, George Northcutt, J. C. Dorward, H. L. Davis, W. E.

Smith, C. C. Higgins, W. W. Hamilton, J. G. Hicks, Ralph Odum, H. G. Towle, Joe Stinson, A. J. Towle, O. P. Thrane and Bob Warren. The guests were Mesdames Dixie Smith, W. W. Lechner, R. H. Curnutte, Ernest Taylor, R. L. Gray, Joe Caton, G. A. Hagan, Glenn Warren, T. L. Lollar, W. H. Couble, Hugh Taylor, George F. Smith, H. P. Brown, E. E. Wallace, C. E. Ferguson, Joe Monroe, A. D. Erwin, W. B. Lee, P. M. Chambers and Faye Porter of Albany.

OLIVER—HORTON

Wednesday, Nov. 16, Mr. Elmer Oliver and Miss Lela Horton were married at the home of Rev. L. D. Sanders of Snyder, who performed the ceremony. The young couple are both of Snyder where they will make their home. They are extended the best wishes of their many friends for a future of prosperity and happiness.

BLACK—DAVIS

The marriage of Miss Bonnie Davis of Camp Springs and Mr. Joe Black of Dermott took place at the Presbyterian manse Saturday evening. The bride and groom are both well known in this community.

CHRIST'S TRIUMPHAL ENTRY IS SHOWN IN COLORS IN "BEN-HUR"

In the picturization of General Lew Wallace's famous novel and stage play, "Ben-Hur," playing at the Palace Theatre for an extended engagement, a singularly fine conception of the entry of Christ into Jerusalem on Palm Sunday was filmed in technicolor by Director Fred Niblo for the Metro-Goldwyn-Mayer spectacle.

The entry of Christ into Jerusalem was handled very delicately, though impressively. The face of the Christ is never visible. It is shadowed and hidden by the branches of a palm. As He enters through the Joppa Gate, a huge structure built in Rome, Italy, along the lines of the original Joppa Gate of Jerusalem through which the Christ is said to have entered the city some 1900 years ago, the enthusiasm of several thousand people breathlessly waiting the coming of the Messiah rose to a crescendo.

An excellent cast of screen players enact the principal roles. Ramon Novarro plays the part of Ben-Hur, May McAvoy is seen as Esther and Carmel Myers as Iras, the exotic vampire.

COLORADO C. OF C. BUYS REGISTERED GILTS FOR BOYS

The Agricultural Committee of the Colorado Chamber of Commerce met Tuesday and authorized the county agent to purchase eight registered gilts to be distributed among club boys of the county under his direction in accordance with agreement made by the chamber of commerce, and these will be bought at an early date.

The agricultural committee has worked out several plans for helping the farmers and boys, and girls of the county and have been very successful in increasing interest in agriculture in the county. This committee is composed of J. H. Smoot, T. W. Stonerod, Miss Abbie Sevier, W. S. Foster and Dick Gray.—Colorado Record.

ALPHA CLUB ENTERTAINED WITH LUNCHEON

A very pretty Thanksgiving luncheon was given at the hospitable home of Mrs. C. F. Sentell Tuesday at one for the Alpha Study club and guests with Mesdames J. E. Sentell and Wraymond Sims as hostesses. The tables bore gorgeous fall flowers, while other appointments carried out the Thanksgiving motif.

Mrs. Charles Noble was leader and the versatile toastmistress of the occasion and likewise gave an appreciated Thanksgiving poem by Edgar A. Guest. Mrs. Bill Miller charmingly toasted the guests, followed by the response, which was given in grace and ease by Mrs. R. D. English. Miss Elaine Rosser favored the guests with a Thanksgiving reading. The luncheon hour was followed by a number of games of forty two.

MISSSES HATTIE AND GERTRUDE HERM HOSTESSES

The "tackiest party" of the season was given Tuesday evening at the home of Misses Hattie and Gertrude Herm for the San Souci Club members and guests. Miss Bessie Carr was awarded a prize as the tackiest guest present, while an evening of up-side-down bridge was played at tables oddly appointed in odds and ends. Refreshments were served to the club members and Misses Elaine Rosser, Cole and Marilu Rosser and Mrs. Sam Hamlett.

COMMUNITY SINGING

At the invitation of the Presbyterian congregation of this city, a goodly number of our local singers assembled at the Presbyterian Church Sunday afternoon and held a regular old-fashioned singing. A Times-Signal representative was there and can truthfully say that he had a most enjoyable time.

REAL GOSHARDN SLICKER

Snyder folks thought something had broken loose from Governor Dan Moody's official staff one night last week when they noted a million dollars' worth of men's clothes walking through the public square. The walking tailor's model was be-dicked out in full dress, collapsible hat, 'neverything, and after the sheriff's office had been notified, it was discovered that our old friend, "Com" Ezell was stepping out in society, and was going there if he had to put a little lard in his hair. Miss Bessie Carr was entertaining that night, and "Com" surely pulled down the purple umbrella.

If Ennis Creek had seen "Com", it is hard to tell what might have happened.

Joe Strayhorn will go to Dallas Sunday to attend a general sales meeting of Ford dealers. We hope to see one of the new Fords when Joe lands back in the old home town.

THANKSGIVING PROGRAM TO BE HELD AT 9:00 A. M.

At 9 o'clock on the morning of Thanksgiving Day a united service will be held at the First Methodist Church in which all churches of the town will cooperate. Following is the program as announced the first part of the week: Song, No. 280. Proclamation and Prayer, Rev. J. F. Lawlis. Song, "America," No. 281. Charity Report and Offering, Rev. H. J. Manley. Special music. Scriptures, Psalm 103, Dr. I. J. Sparks. Sermon, Rev. W. F. Ferguson. Song, No. 278. Benediction, E. M. Taylor.

NOTES ON THE GAME

Snyder 6, Sweetwater 0. One of the most loyal and one of the most appreciated rooters at the game was J. K. Woosley, who has starred on former Snyder Tiger teams but whose injuries kept him in a wheel chair atop a truck that had been placed there by his many loyal friends. His presence sure helped the boys.

Whoever was responsible for a report in the Sweetwater Reporter that the play that won the game was doubtful owing to the "fact that the ball had bounced from the hands of one of the Tigers" is a cock-eyed poor sport, and the lament of a child's brain. Herman Trigg caught the ball fair and square; no Snyder man was close to him. In fact, hundreds who saw the game will tell you that the entire Sweetwater team was asleep and dozed from having been outplayed from the first whistle. That's no idle dream, either.

When the Sweetwater special arrived shortly after noon, bills printed in red were distributed all over the streets and football field. This was what the bill said:

The Undeclared Mustangs Are Coming. They Haven't Been Ridden, And They Won't Be Ridden. We Like You, Snyder, But The Championship Must Be Ours. Sweetwater Always Welcomes You.

As a morale smasher, that bill fell far short of its work. You know, when we all were in the World War, our aeroplanes used to drop that sort of propaganda down inside the German lines. But, brother, Sweetwater's psychology failed to work, for Snyder rode them to the corral and made them drink goat's milk. Attabo!

Both the Sweetwater and Snyder High Pep Squads were out in full glory, and they added a remarkable touch to the day's doings.

Supt. McLain of Sweetwater couldn't realize what had happened, but he took his medicine just the same.

The football banquet at the Presbyterian Church following the game was a regular little love feast. Sponsored by Rev. H. J. Manley, the ladies of the church had prepared a feast for the members of both football teams with their coaches, teachers and a few friends. The boys lit into the heavily laden dishes with zest,

and enjoyed a feed that would have done credit to a governor's staff. Following many nice things said about both teams, the Sweetwater boys were rushed to their special train which was waiting at the Santa Fe depot.

THE STATE OF TEXAS, To the Sheriff or any Constable of Scurry County—Greeting:

You are Herely Comanded to summon M. A. Corley by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 32nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 32nd Judicial District, to appear at the next regular term of the District Court of Scurry County, to be holden at the Court House thereof, in Snyder, Texas, on the Fourth Monday in December, A. D. 1927, the same being the 26th day of December, A. D. 1927, then and there to answer a petition filed in said Court on the 22nd day of November, A. D. 1927, in a suit, numbered on the docket of said Court No. 2459, wherein Mrs. Ruth Corley is plaintiff and M. A. Corley is defendant, and said petition alleging: That the plaintiff is and has been for a period of twelve months prior to exhibiting the petition herein, an actual and bona fide inhabitant of the State of Texas, and has resided in the said County of Scurry for at least six months next preceding the filing of this suit.

That on September, 1908, Plaintiff and Defendant were lawfully married, that four children have been born to them That on or about Sept. 1st, 1918, defendant deserted Plaintiff and their children and left them with no provisions nor means of support and has not contributed anything to them since that time, but instead has at times lived with another woman. That since Defendant left Plaintiff, Plaintiff has purchased and partly paid for a little place in Hermligh, Texas. Plaintiff sues for judgment for divorce, for custody of the children and for title to the place above described.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and the Seal of said Court, at office in Snyder, Scurry Co., Texas, this, the 23rd day of November, A. D., 1927. (Seal) JEAN GRIGGS, Clerk. District Court, Scurry County. 23-4tc

PASTOR ADVERTISES FOR HIS LOST SHEEP

So many of his flock are straying from church that the Rev. J. B. Ennis, pastor of the Gainesville, N. Y., Methodist congregation, published the following advertisement in local newspapers last week:

"LOST, STRAYED OR STOLEN—A large flock of Methodist sheep. They have been gone for some time. When last seen they were browsing along the Road of

Indifference. Anyone finding these sheep please bring them home, if possible, and you will receive am-

ple reward. If they refuse to come home, drive them into the nearest fold and lock the door and

report to the undersigned Rev. J. B. Ennis. Plenty of fodder will be provided Sunday."

Reliable Prescription Druggists

WHEN BAD LUCK COMES

Someone in the household contracts toothache; maybe one member awakens in the night with cramps; or possibly at an hour when the doctor can't be had one of the children is scalded or is the victim of a bad cut or sprain. You can't always get the doctor when you want him. Often you can make his visit unnecessary by the use of some simple yet effective remedy. Can you think of a better time than NOW to come in and let us suggest a few that you ought to be keeping in the house EVERY MINUTE OF THE DAY AND NIGHT?

Long Troubled by Constipation

Black-Draught has been a family medicine with us for fifteen years," says Mr. P. M. Huntley, of Neosho, Mo. "I read about it first in the Ladies Birthday Almanac and what I read there sounded so convincing I made up my mind to try Black-Draught, as I had been troubled with constipation for a long time. "I found Black-Draught to be the ideal medicine for this trouble. It gave me quick relief. Frequently I had had headaches and pains, due to toxic poison. By taking a course of Black-Draught I gave my system a thorough cleansing, and I have had little or no trouble since then. "Now, if I am becoming constipated, I take several small doses of Black-Draught, and am very soon feeling fine." Costs only 1 cent a dose.

Thanksgiving 1621--1927

What They Had and What We Have To Be Thankful For

It was back in December, 1620—as history tells us—that our Pilgrim forebears first set foot on these great shores. Coming into a strange land which, at the time, was largely a wilderness, their future was fraught with uncertainty and danger. Yet, with the "Faith that moves mountains," they set themselves to the task of establishing a haven here free of religious oppression.

And, thanks to the kindness of a generous Creator, the fall of 1621 saw

them reap what to them was a happy Harvest. Thus, a day of Thanksgiving was designated and—though 'twas little they had—sincere was their thankfulness!

But—let us pass up three centuries. Today our great country is the richest on earth—the land of countless opportunities—the sought-for haven of millions from the Old World. Why? Because capital and labor—science, invention and enterprise—working hand in hand, have made life here enjoyable to the point of hardly wanting for more. Progress, prosperity, peace and plenty are ours, and the future looks brighter than ever!
