East and West Railroad Plans Going Forward

Word has come to the rail committee of Lamesa that the Ed Kennedy project is almost ready to start construction, says a dispatch from that city. Already \$1,000,000 in right-of-way and money has been secured by Kennedy for the purpose of construction of this line from Snyder by way of Gail, Lamesa, Brownfield, Plains, to Roswell, N. M. According to those best familiar with the plans of the project, it is known that \$5,500,000 will be furnished by the bonding company to see that this project is put over.

It is also known that a railway grade has already been put up east of Roswell and same is intact now. By the grading of this dump the bonding company and Kennedy have invested some \$75,000. It is believed the project will be pursued, that this money can be realized by the company as well as to respond to the crying need of the section through which it will pass.

It is pointed out that if all the towns can show a tonnage record equal to Lamesa there will be no question as to the demand for the road and to assure any corporation of the paying ability of the road at the start.

Figures show that in 1926 almost 100,000,000 pounds of freight was handled in Lamesa. It is believed this amount has been increased during 1927 and the prospects for 1928 look even better.

With the great tonnage record already in evidence in this section and the fact that this road will pass through a section which is now only about 50 per cent developed it is believed by those interested in getting a railway out of the section sufficient grounds to interest the building of the project.

Give The Local Printer Fair Deal

The average printer does not object to clean competition any more than the average small town merchant objects to mail order competition, but the local printer does object to the sort of unfair dealing that is being practiced to his injury both morally and financially, in Snyder.

There is scarcely a week that there is not in town a representative of some out-of-town printer. These "birds", when soliciting orders for printing, usually know what his prospective customer paid the local printer for his last order of printing, which is invariably a small order, say 500 or 1,000 of whatever it may be. Said solicitor is ready to make a big hullaboo because of the AWFUL price the local printer charged the local business man for this little order of 500 or 1,000 and proceeds to tell his prospect that the house he represents will print 5,000 or 10,000 for so much a thousand, and which price may be only a little more per thousand than his prospective customer paid for the 500 he got from the local printer.

But does the solicitor tell the truth about the AWFUL price that his prospective customer paid the local printer for "The Little Old Order of Only 500"? He does not, and in many cases the prospective customer is led to believe that his local printer really did hold him up, and he proceeds to give the mail-order house representative his order for 5,000 or 10,000 of whatever it may be.

The trouble is, for the solicitor did not explain to the man who gave him the order, that from 30 per cent to 80 per cent of the cost of a job of printing lies at the cost of the printer, and that the type, making up the form, getting the form on the press and so forth. But this is a fact, nevertheless, whether the customer wants one billion, one million, one statement, or one envelope. The cost, therefore, of 5,000 or 10,000 is always much less in proportion than the cost of the first 500 or even the first 1,000. The solicitor for the out-of-town printer does not tell the local merchant these things, but on the other hand, tries to leave the impression that the local merchant is being "robbed" by the local printer, and which hurts the local printer both morally and financially.

And there are too many business men in Snyder falling for this bunk because the out-of-town solicitor is not "toting fair" with the local printer. And, as a result of this unfair dealing, the small, tail-end, hurry-up orders, and the out-of-town printers are getting the large orders, and are also given all the time they want in which to do the work, but the local printer, who is the man who turns in his order, that is, some of them, wants his printing right now.

Now, fellow business men, the Times-Signal is not "gripping," but it really would like a square deal by being given a chance to deal with the 5,000 and 10,000 order before you men put your name on the dotted line of the out-of-town printer's order, this figuring to be done in front of any out-of-town canvasser. If we can't meet clean, honest competition, we would not be so unreasonable as to expect your business, but we do think we are entitled to a fair deal.

Luncheon Club Brings 32 "Live Wires" Together

Thirty-two live wires gathered at the Manhattan Hotel yesterday noon for the weekly session of the Snyder Luncheon Club. In addition to two guests were present, J. L. Carrell of the Union community and E. V. Boynton of Pluvanna.

Following invocation by Rev. W. F. Ferguson, a delicious dinner was enjoyed, when President C. Wedgworth asked for a committee report of the new Board of Directors for the Luncheon Club. Those honored were: H. G. Towle, Allen Warren, Clyde Shall, George Northcutt and Roy Strayhorn. They were elected by acclamation without one dissenting vote, and were accorded an ovation following.

After a brief talk by President Wedgworth it was decided to charge \$4 a month for Luncheon Club members, which entitles members to one lunch every week and one guest every month. Money is to be paid to Secretary H. J. Brice, Wednesday at 1 o'clock was the day and time officially selected for the weekly gathering.

Member S. A. Larue told the membership that Dr. H. E. Rosser had an architect here at present preparing plans for a new private hospital for Scurry County. This was brought a rousing response from the crowd.

Member C. F. Sentell brought an interesting fact to the members concerning the recently defeated county park election. He suggested a contest should be appointed by the Chamber of Commerce to work out a project to buy a definite piece of ground at a stipulated price and then bring it before the people. This talk appealed to the members as the only feasible way to give Scurry County its much needed county fair park, athletic field and municipal airport. Members agreed with Mr. Sentell that his arguments were instructive and well directed.

Member A. N. Hamrick brought up marking houses and streets. All these constructive suggestions will receive proper attention by this weekly luncheon club.

President Wedgworth kept the club running right on time, and when the meeting was over, he pointed out to members to bring their merchants and Snyder well-wishers with them. No invitation is needed, just come and voluntarily join. Let us all work for Snyder and Scurry County.

ENNIS CREEK SCHOOL JOINS LOCAL CHAMBER

The Scurry County Chamber of Commerce was given a check Saturday for one year's membership by the Ennis Creek Public School. J. C. Cherry, the principal, was asked, "How did you secure the money to pay for the membership, and why did you join?" He replied: "We have a box supper each year to help defray the incidental of the school. This year we have secured a certain for the school stage, basket balls, tennis balls, and teachers' equipment such as teachers need for better instruction. The reason we joined, we are a rural community about fourteen miles from Snyder. Our community needs assistance, especially farm labor, at different seasons of the year, which we get through the Chamber of Commerce. We feel it a civic pride and above all an investment, and as well as a boon for our community as well as our school."

W. S. BRUTON DIES LAST SATURDAY

W. S. Bruton, familiarly known as "Uncle Bill," died Saturday, Jan. 21. He was born in Van Zandt County July 11, 1862. Deceased removed to Burnet County at an early age, and where on January 13, 1884, he was married to Miss Minnie Sandifer. To the union were born four children, three boys and one girl, all of whom, with his aged companion, survive.

Deceased came to Scurry County many years ago and was well and favorably known. He was a good man, honest and upright, and only a short time before he was stricken with illness which caused his death he made a full profession of religion.

Funeral and burial services were held Sunday, Bro. Charles Watkins of Petersburg conducting the services.

HOOPER IS CANDIDATE OF TEXAS REPUBLICANS

Herbert Hoover is the presidential choice of the Republicans in Texas, according to R. B. Creager, Republican national committee man from Texas. Creager urged the drafting of President Coolidge until the executive's recent "elimination" statement.

Republicans in Snyder have received communications regarding the statement of their committee man and are being organized in the pre-convention campaign.

WILL CONDUCT SERVICES

Secretary M. G. Evans of the Scurry County Chamber of Commerce will conduct services at the Presbyterian Church next Sunday morning at 11 o'clock.

NOTICE, DELINQUENTS

We are checking up on all those that are in arrears on their subscription, and those who missed their Jan. 5th issue now they are in arrears. This will be your final notice. If you don't pay attention to this notice, we will consider that you do not want the paper any longer, stop it, and collect, if you are good for it. Take this notice seriously, please. Conditions are such that we cannot carry hundreds of dollars on our books any longer, and the quicker we rid ourselves of the slow pay people the better our credit will be with people that ask and demand their money right on the dot when due.

REAL BASKETBALL BATTLES FEATURE LAST WEEK END

Snyder High Tigers had their hands full Friday night when they took on the Lamesa High team, and only through a last minute burst of speed did they win out 14 to 13. The team work of the boys is improving every week, and they will be in fine fettle to go after the district championship.

The Tigerettes had an easier time of it with the Lamesa girls, as they won without much trouble, 29 to 23. Snyder's scoring ace, Ardelle Langford, stands without a peer at shooting goals from any angle. Her contribution to the score Friday night was 27 points, her team mate, Miss McCaleb, getting a goal from the free throw line.

Saturday Night's Games

The Dunn school girls' team came within an inch of defeating Snyder High Tigerettes. Coach Crouch rushed his shock troops into the fray after the first quarter. It was a nip and tuck game throughout, the Dunn girls leading at the half, 7 to 5. The final score was 16 to 14 in favor of Snyder. The roster of the Dunn team included Gladys and Iva Bolding, Nora and Myrtle McNeil, Norma Sherrard, Danny Brown and Lillis Garner. They gave the local girls squad the stiffest battle of the year. Kerr refereed the game.

The Col-Tex-Snyder High game was pretty much of a runaway battle for the local high squad. The final score was 21 to 6, and at no time in the proceedings did the Colorado boys look dangerous, for the local team was smothering them on defense. Carnes made three long shots from the center of the court, with Moore getting a long one also. Huettis, Moore and Carnes were scoring aces of the game, Carnes making 9 points. Huettis 7 and Moore 4. Payne of Sweetwater refereed a nice game. Post High comes this week-end.

LOCAL BANKER APPEARS ON FRONT PAGE OF TELEGRAM

Snyder is lucky in having one of the vice presidents of the West Texas Chamber of Commerce in Hon. O. P. Thrane of the Snyder National Bank. "Pete," as his most intimate friends call him, is a regular attendant of the more important sessions of the West Texas Chamber of Commerce. Friday the official board met in Fort Worth, and in Saturday's Star-Telegram appeared the visage of our fellow townsman, Mr. Thrane.

Building good will for Snyder is an art—and it is safe to say that Mr. Thrane is an expert in that line. More power to Snyder boosters like Mr. Thrane!

Bruton this week were: Mrs. Fred Jones of Dallas, John Bruton, Sr., Mr. and Mrs. John Bruton, Jock Mr. and Mrs. Max Gaedke, all of Lampasas; Joe Bruton and family and John Bruton and family of Abilene; Mr. and Mrs. J. "THE THIRTEENTH HOUR" IS FASCINATING PICTURE

Mysterious and awesome, a movie thriller as fascinating as any drama ever filmed, is promised motion picture audiences in "The Thirteenth Hour," Metro-Goldwyn-Mayer's dramatic screen story of adventure, robbery, intrigue and murder and a romance which aids in the brilliant solution of the puzzle. It comes to the Palace Theatre Monday, when Daniel Barrymore has the leading role.

Big Show Will Come to Snyder Monday Night

John Drinkwater's play, "Abraham Lincoln," which is being brought to Snyder by the Chamber of Commerce next Monday night as a benefit for the organization, gives an honest portrayal of the Great Emancipator. It is a drama of character, fine, simple and moving. It is the soul of the man that Drinkwater reveals.

The play is arranged in seven scenes. It first pictures Lincoln in his home in Springfield at the time that he is notified that he is the chosen candidate for president. There is a scene with the meeting of his cabinet at the declaration of war; then a scene at his home life in Washington, and a second meeting of the cabinet at the signing of the Emancipation Proclamation.

There are two scenes dealing with the surrender of Lee at Grant's headquarters and the final tragedy at Ford's Theatre. Each of these scenes is vitalized dramatically and historically. Each is played with a holding, but never with a strained intensity of emotion.

"Abraham Lincoln" was originally produced in Birmingham, England, with great success. A rumor of its greatness reached London where it pleased everybody. As a dramatic success in New York it is not unrivaled.

Arnold Bennett in his introduction to John Drinkwater's play, says: "Why is 'Abraham Lincoln' a success? Here are a few answers to the question; because the author has a deep practical knowledge of the subject; because he had the wit to select for his hero one of the world's greatest and finest characters; because he had the audacity to select a gigantic theme, and to handle it with simplicity; because he had the courage of his artistic and moral convictions, and also because he has a genuine dramatic gift."

RAH FOR HOUSTON

The selection of Houston as the national convention city of the Democratic party, regarded by a majority of the editorial writers of the State that Dan Moody can have the nomination for the vice presidency merely for the asking. It is significant that a Texas should be considered seriously for this high office. Heretofore, no Texan, irrespective of his abilities or peculiar fitness, has been given any consideration for the places of president or vice president because of the barrier of sectionalism. That this barrier has been removed is another sign that our civilization is advancing and that all of us are neighbors. The old question, "where are you from?" is about none.

County School Head Receives Recognition

Scurry County has again been signally honored by the Texas State Teachers Association in the appointment of County Supt. A. A. Bullock as a member of its Special Advisory Board. Service on this board is very important, and it is a distinct honor to be selected as a member, and that honor comes to one who has given outstanding service in the school system of this part of West Texas.

School problems that confront the various sections of the state are to be ironed out by this special board. A bulletin accompanying Mr. Bullock's appointment said:

"It is expected that each principal and superintendent to whom this letter comes will call a meeting of the teachers under his supervision and make a real effort to find out what are the problems of the school system in your section. We have been working a long time for this hour to come in Texas."

ASK CONGRESS TO LOOK INTO FEDERAL RESERVE BANK

DISTRICT BASKET BALL AT COLORADO

Through the efforts of Supt. Ben S. Peck, Coach Cantrill, the Chamber of Commerce and various others, the district basketball tournament for this district was secured for Colorado over Abilene, contender for the meet which has entertained the tournament for several years, says the Colorado Record.

The tournament will be held there on February 17 and 18 and the counties of Mitchell, Howard, Nolan, Scurry, Fisher, Haskell, Throckmorton, Taylor, Callahan, which has entertained the tournament for several years, says the Colorado Record.

Only one team from each county will be in the tournament as elimination contests will be held in each county, and the tournament will be an elimination contest leading to state championship.

WORTH TEN MILLION DOLLARS

A Carlsbad, N. M., hotel promoter, writing to the Times-Signal concerning a new hotel for Snyder, said in part of his letter:

"Snyder is to be congratulated upon having such a wonderful supply of pure water, as that well you mention which will supply a thousand gallons of water a minute, would be worth \$10,000,000 to some towns that I know of, and which are not so far away from you."

Chester Conklin and George Bancroft make their debut as a Paramount comedy team in this highly enlivening vehicle. Doris Hill has the leading feminine role, while the handsome Clark Ludden, who is one of Paramount's new western stars, is the clever juvenile.

Snyder to Get Hokus Pokus Store Feb. 4

The opening Saturday, Feb. 4, of a Hokus Pokus store in Snyder, under the proprietorship of Homer Jenkins, well-known local grocer, recalls the rapid growth of this popular chain in West Texas.

Just a little over a year ago—on Saturday, May 22, 1926—the first Hokus Pokus Store in this section opened at Floydada. The following Saturday a second store was opened at Spur, to be followed almost immediately by one at Lockney. Today there are 36 Hokus Pokus stores in West Texas. They spread over a territory of 40 miles length and do a business at the rate of more than \$4,000,000 a year.

H. B. Foreman, director of Hokus Pokus stores, says, "Out Where The West Begins they appreciate good things. The prosperity of this rapidly advancing West Texas region fosters the quick growth of worth-while institutions. For the efficient operation of our business it has become necessary to establish a special Northwest Division, which takes in the territory west of Fort Worth."

Homer Jenkins, who is converting his present service plan establishment into a Hokus Pokus Store, is most enthusiastic over this modern plan of selling groceries. He feels that the people of Scurry County will appreciate the beauty, comfort and convenience of this fine new store where they may choose quality groceries for themselves, direct from the shelves. A unique feature of each Hokus Pokus store is that everything is within length and width of the customer's hand, which makes comfortable seats for patrons.

The Jenkins store anticipates a big opening and invites everyone in Scurry County to see this unusual new store on Saturday, February 4.

Von Roeder Is Named as State Commissioner

Scurry County has again been honored this week with the appointment of R. O. Von Roeder on the Pink Eye Worm Commission by Commissioner of Agriculture George B. Terrell.

The pink boll worm has been discovered recently in the cotton fields of Ector and Midland Counties. Steps must be taken at once to control the pest and stop its future spread into the cotton belt.

The law provides that the secretary of the U. S. Department of Agriculture shall name one member of the commission, and that the Commissioner of Agriculture of Texas shall name one, and the district judge of the district in which the pink boll worm is found shall name one, and the governor shall name two, making five members.

Under date of January 21, 1928, was secured at the first meeting. Both Fisher and Coke Counties promised to join in the battle if Nolan starts it. The club also voted to ask Mitchell County to join them.

NEW MUSIC SCHOOL OPENS IN SNYDER

The Wood Instrumental Training School is Snyder's newest activity, with the formation here by Mr. W. W. Wood of such a project which is already enlisting the hearty support of music lovers and those desirous of taking instrumental training.

Mr. Wood came to Snyder last September from Abilene where he had been representing the Columbian Conservatory of Music of Dallas, of which he is a graduate. He has been a music teacher and composer for the past 21 years. At the time Mr. Wood was contemplating the starting of a training school he was also being solicited by the Standard Conservatory of Music, Dallas, to edit and write a course of piano lessons, but he rejected their proposition, preferring to open his own business here in Snyder.

An outline of the new school shows that the training course will systematize the work in such a way that examinations will be taken at stated periods in the different branches, music being taught similarly to the teaching of the public school.

Mr. Wood has worked out a unique system, and knows his subject thoroughly. He has been identified in the song book field, having been associate author of fifteen books in addition to composing a number of gospel songs.

The new members are Cleve Blackard of Snyder and Clyde Gladish of Weatherford, mellophones; Buell Davidson of Cisco and Harry Owen of Waco, clarinet; and Percy Heath wrote the original story and Gregory La Cava directed.

There is only One way to save money on Motor Oil

NEVER let your crankcase receive a drop of oil that you do not absolutely know to be able to protect every moving motor part and to keep your motor running smoothly at any speed. Thereby you get real value in long motor service. Thereby you avoid costly repairs. You cannot make this economy if you buy cheap or unbranded oil. Rather, you face quick depreciation, scored cylinders, unnecessary carbon, burned bearings, loose pistons.

Economize by insisting on Conoco Motor Oil—a known product, unvarying in quality. Refined to save cars. Each dealer has a Conoco Motor Oil chart showing the correct grade for your car and model.

THE DECIDING FACTOR

In the success and prosperity of the farm, the deciding factor is intelligent diversification and a living at home.

No one can tell what a year holds forth; there will always be good seasons and bad seasons on the farm, but the man who plans wisely and provides FIRST OF ALL for his home wants, need not worry about the outcome of the year.

Farming methods, to be safe, must include diversification of crops, better live stock, food and feed, and this will certainly preclude any chance of failure.

In this section, as in other sections of the state, the deciding factor for prosperity for 1928 will be an ample living at home for every farm.

J. A. MERRITT FOR COUNTY JUDGE

In this week's issue of the Times-Signal will be found the name of Hon. Joe A. Merritt as a candidate for the office of County Judge, subject to the action of the democratic voters of Scurry County.

Although Mr. Merritt really needs no introduction or recommendation, as he is perhaps one of the best known men in the county, yet it might be well to remind some of our readers of certain things—good things in Mr. Merritt's past life, as a loyal citizen of Scurry County, for it is easier for folks to remember one's mistakes than one's good qualities.

Mr. Merritt has spent practically all of his useful, active life right here in Scurry County, and has always worked for the best interest of his county in its moral, social and industrial development. He has also taken an active part in the politics of his county and state, and at no time have his friends been in doubt as to where he stood on all issues or matters that pertained to the very best interests of his town, county or state, but on the other hand, he has always stood by those principles which tended to the upbuilding of everything that was good, useful and noble.

Joe Merritt is a man of convictions, and is always ready and glad to speak his convictions and to carry out his beliefs regardless of cost or consequence. When it comes to serving his constituency, he knows no personal matters—a fact that is on record in the matter of service as a lawmaker in the State Legislature. His service in that body was so highly satisfactory that he was practically drafted in the matter of his last term. Had it been a legal possi-

bility, he could have been chosen by acclamation.

Mr. Merritt is well qualified for the office which he seeks, and it is upon his qualifications and not merely a matter of friendship that he is making his campaign for this important office.

J. R. WEBB FOR PUBLIC WEIGHER

The Times-Signal is authorized to announce J. R. Webb of this city as a candidate for public weigher of this precinct, subject to the action of the June primary. "Uncle Bob" as he is often familiarly called, has been a resident of Snyder for nine years and has many friends here and in other parts of the precinct who will be glad to support him for the office he seeks.

For three years he served as watchman at the cotton yard and which place he served to the highest satisfaction of all concerned. He is a quiet, unassuming man and of very few words, but is honest and upright. He is not making the race on the great amount of noise he might make, but upon his merits as an honest, upright citizen, and with every other necessary qualification for making a competent public weigher.

COMMUNITY FARMING PROGRAM

More Cows and Better Cows More Hogs and Better Hogs More Poultry and Better Poultry

And More Cotton on Fewer Acres

THE ABOVE PROGRAM IS SUGGESTED BY A LARGE LAND OWNER WHO HAS MADE A SUCCESS IN THE FARMING AND LIVESTOCK BUSINESS

The wife of the man who raised 14 bales of cotton on five acres volunteered a number of thoughts, on a farming program and we quote two of her thoughts: 1st. "The reason some farmers go broke is because they grow only one crop." Thought No. 2. "The first rule of good farming—get some good cows, a good brood sow, and then to think about home garden and the living at home proposition."

Other folks' thoughts are valuable only when we know all the facts back of the thoughts. The facts back of the above thoughts are the experiences of a life time and would fill a book.

In this space for a short time we are going to quote a few facts each week and ask each farmer and landowner who reads these ads to write down his thoughts or conclusion based on the facts herein stated. Here are the facts for this week:

FACT NO. 1.—Last year Texas exported 255,000 tons of cottonseed meal or cake, much of it going to Northern Europe, where it was fed to dairy cows. The butter and cheese was shipped back to the United States, they paying freight both ways and a heavy tariff on the butter and cheese.

FACT NO. 2.—Cotton meal is worth \$27.00 per ton when fed through livestock as a fertilizer in addition to its feed value.

FACT NO. 3.—The last ten years average yield of lint cotton per acre on the black land belt of Texas is less than 130 pounds and the average cost of production per pound with such yields is 20c a pound.

FACT NO. 4.—The average profits per annum on first class milk cows, when fed home grown feeds, is around \$100 per cow, according to official records.

We want to have the conclusion of every farmer who reads this advertisement, based on the above facts. We want your expression for two reasons: First, because we want to know what per cent of farmers read advertising, and second, we want these expressions of the thoughts of the farmers of this community. We know farmers here can do their own thinking, but an interchange of thoughts in the community based on the same group of facts will be helpful.

Just read the above statements of facts, Numbers 1 to 4, and then write down what you think would be a good program of farming. We will appreciate your handing us your thought or if you are not in town just mail it.

Hermleigh News Notes

The following news notes are taken from the pen of Editor R. S. Norman of the Herald.

Business Affairs

Perhaps the thing of first importance under this heading in the way of news is the progress being made with the work on our new road leading north. This work is moving along in a very satisfactory way. While real progress is being made, at the same time the work is being done economically. This, of course, is a very important phase of the enterprise. There are always some people who think that when they work for the county or state they should have a "bonanza"—moderate work and fat pay. Reasonable pay is right, but anything more is not right even though the work is a public enterprise. We are very fortunate in having among us at this time Thomas Matlock, who is an experienced mountain road builder. Mr. Matlock did not come here for a job but to take a winter vacation in our fine climate, but since this matter has come up, and he liking that kind of work, he has undertaken the task at a very moderate price for a man of his ability. This is our good fortune. It is true that there are some good people knocking on this enterprise, but that is because they have failed to get the vision—they do not understand the far-reaching importance and advantage which this town and commu-

It will pay the farmers well to haul this fertilizer and distribute it on their garden, orchard and thin places in the fields. But listen—not too much in one place. Too much of a good thing is bad.

Church Services

On last Sunday we had services at the First Baptist and the Presbyterian Churches both morning and evening. All these services, as we understand, were well attended. At the Presbyterian Church the pastor discussed the subject of prophecy in fulfillment as it relates to the return of the Jews to Palestine. According to the pastor's findings, this whole range of prophecy is actually being fulfilled before our eyes while we scarcely realize it.

Next Sunday being the fifth Sunday, we are not sure that there will be any preaching services in Fluvanna. If the weather permits a goodly number of the Presbyterians will go to Post for an all-day group conference, (Presbyterian—not Methodist).

Sickness

J. B. Bley has been quite ill for several weeks. He has dropsy, is not able to lie down and does not sleep hardly any at all. We regret that our good neighbor is thus sorely afflicted. It will be remembered that Mrs. Bley, the

wife of J. B., was seriously burnt several weeks ago. We are now glad to be able to report that this patient is doing remarkably well considering the serious nature of her injuries. She is now able to sit up some, and her sores are all healed over, though she may never have normal use of her hands again.

Thomas Edwards, previously mentioned, who has been confined to his bed with chronic trouble for many weeks, is said to be doing some better.

Mr. C. D. Croggs was quite sick over the last week-end but is now improving.

Mrs. H. Lanham was reported quite sick the first of the week. J. R. Patterson, Jr., has been on the sick list for several days.

Visits and Trips

Myers recently departed for an extended visit among relatives at Sweetwater, Temple, Cleoche! | xzbkqrhtsorschski ft. +D-n! ! * * (H) (?! ? ? ? etainshrduecmfvvpyvbgkuj! ! * * H-- F B & *** fgfxB @XZqk burne and other Texas points and finally reaching Tupelo, Miss., for a family reunion after an absence from those parts for 60 years.

Richard McGuire and wife have recently moved to Vernon, Texas. Mrs. W. P. Sims and son, Bill, are spending this week visiting in Lamesa.

Alex Chaney of Post was visiting relatives here last Sunday.

Ted Melton and family of Justiceburg are here while Ted is doing road work.

L. T. Patterson and wife of Hermleigh visited their son, J. R., and family here last Saturday and Sunday.

Clarence Hale and wife of Lubbock spent the week-end here with relatives.

Miss Mildred Roddy of Abilene spent several days here last week visiting the home folks.

Mrs. Mary Stavelly is spending several days with her daughter, Mrs. Russell Jones, of Post.

J. W. Clawson and wife spent the Sabbath with relatives at Westbrook.

Strange Things

Some very strange things have been happening lately in the Times-Signal office. Just why or how these things have come about are not our questions to answer. Whether the editors have been violating the Volstead Act, or Mr. Carter was radioing and linotyping at the same time or the linotype machine was out of tune, or the big press was "on a whiz" or Mr. Jones was up all night with the baby, or whether Skeezicks, the dog, was nosing around in the

office, we do not know. What we do know is that somebody or something has been out of order lately. Here are a few of our reasons for so charging: In the issue of the 12th, our mention of an orderly birthday party appeared in the middle of our account of a team running away with a wagon. Then, in last issue, we reported that John A. Stavelly (an Elder in the Fluvanna Presbyterian Church) made a flying trip to Dallas where he attended a Men's Conference of the PRESBYTERIAN Church, etc., but the paper has it "the Conference of the Methodist Church."

Now the Methodist Church is a good church, but it is not the only church, even if our good editors do belong to it. This thing has caused a lot of questions to be fired broadcast at V. P. Bill Sims (Methodist) says, "we are willing to take John in," but John's wife demurs. What is even worse, Mrs. Stavelly (perturbed about the matter) has had a distressing dream, the fulfillment of which would mean the elimination of one of our churches together with other attending circumstances. In fact, we do not know what the outcome of this thing may yet be. The end is not yet. Then, as if all this were not enough, the paper man—or the D—, seems to have it in for our good neighbor, C. D. Cribbs and sent him the last issue containing four full blank pages. Blank paper is a good thing to have, of course, but the exasperating feature of this is that they kept back the FLUVANNA NEWS—the very best part (?). Who can explain? Ah, I see! It is leap year. No telling what may happen!

Radio Station LINO broadcasting—Editor Smith tells the operator to blame these "bills" on the Devil, but being truthful, he must admit that he is entirely responsible for the "Methodist conference" story, but having set type for so many conferences, and practically all of them are Methodist, his fingers naturally set the word "Methodist" when his eyes see the word "conference."

The birthday party insert into the runaway story is just another of the many things that happen in the best regulated offices. Either

The Devil or Make-up Jones is responsible for that "bust," and it is excusable occasionally.

The reason Mr. Cribbs got a paper four pages of which were blank, is that Editor Martin, who is also an expert pressfeeder, was in somewhat of a hurry to finish and started putting the papers in two at a time.

Nurse Advises WEAK, RUN-DOWN WOMEN To Take Cardui

"I have known of Cardui for nearly twenty-five years," says Mrs. Selma Meissner, 1072 Harrison Ave., Beaumont, Texas. "During that time, I have taken it several times and have frequently recommended it to others, for it is a splendid medicine and I am glad to give people the benefit of my experience. "I have been a nurse for several years and have often come in contact with patients who were run-down and weak. Often I have told sufferers of Cardui, and the way I, myself, had been helped after taking it, and advised them to give it a trial. "I first took Cardui because I was awfully run-down. I had no appetite, and was weak and listless. It was hard to keep going under such conditions, and I looked for something which would help me. "I had read of Cardui and decided to try it. After taking it, I approved so much that I have taken it since whenever I needed it." Sold by all druggists. EX-182

HOME DEMONSTRATION DEPARTMENT

CANYON CLUB

The Canyon Club met Thursday afternoon with the new home demonstration agent at the home of Mrs. J. O. Green. Those present were Meslames L. F. Sterling, J. A. Fowler, J. S. Golden, R. E. Adams, L. J. Smith, J. H. Beall, and Johnson and Miss Timmie Golden.

Miss Davis, the new agent, gave a talk on living room improvement, also a short talk on poultry, care of breeding stock, value of early hatch, etc., which was very interesting. The meeting was then turned over to the club, and a reorganization was effected, the following officers being elected: Mrs. L. F. Sterling, president; Miss Timmie Golden, vice president; Mrs. L. J. Smith, secretary, and Mrs. J. O. Green, reporter.

GOLDEN HORSE SHOE CLUB

The Ira club met Thursday, Jan. 19, which was the regular meeting day. Our new agent, Miss Jessie Lee Davis, was with us. Officers were elected to fill some vacancies. The girls brought their work, and Miss Davis graded it. Most of the girls are getting along fine.

CROWDER CLUB NEWS

The club girls of Crowder met Friday, Jan. 20, and reorganized their club. The girls selected their productive projects, and the names of the members and projects selected are as follows: Helen Witherspoon, gardening; Ruby Elder, poultry; Blanche Bearden, poultry; Juanita McKinney, poultry; Ruby Moore, poultry; Mae Rogers, poultry; Rosa Cayce, poultry; Norflee Davis, poultry; and Faye Rogers, gardening.

The officers are Helen Witherspoon, president; Ruby Elder, vice president; Blanche Bearden, secretary; Juanita McKinney, reporter and Ruby Elder, song and yell leader. The girls are determined to make their club the best in the county.

HERMLEIGH CLUB

On Jan. 18 the girls of the Hermleigh community met for the first time with the new county home demonstration agent, Miss Jessie Lee Davis. At this meeting the "Green Bay Growing" Club was organized with the following officers: Chloedelle McMillan, president; Edith Stevenson, vice president; Mary Ann Nachlinger, secretary-treasurer; and Farris Stevenson, reporter. There are at the present time fifteen members enrolled in our club, the majority of whom are in first year work with but few in the second and third years and none in the fourth year.

Every girl present enjoyed the meeting exceedingly. Miss Davis presided over the meeting as chairman until the new officers were elected, then she gave instructions concerning the required work in sewing for the year. Projects that are to be taken up by the girls were also explained.

Of course the name of the club indicates "green but growing," or in other words, the girls are willing to work but not alone. They are always ready to receive help from those who are interested in club work.

MISS DAVIS GIVES SUGGESTIONS FOR USES OF PORK SAUSAGE MAKING

Pork sausage should be made from clean, fresh pork. The shoulders, neck and lean trimmings are usually used for sausage. Unless part of the fat is removed and used for lard, the sausage is likely to be too fat. Mix the lean and fat together in chopping. Where a rotary cutter is used it is best to cut the meat twice. After it is cut the first time, spread it out and season, then run the mixture through the cutter a second time. This will aid in mixing the seasoning thoroughly.

Pure Pork Sausage
65 lbs. fresh lean meat
35 lbs. fat
1 1/2 lbs. salt
2 oz. leaf sage, rubbed fine
1 oz. ground nutmeg
4 oz. black pepper
4 teaspoons red pepper
Country or Smoked Sausage
85 lbs. lean pork
15 lbs. beef
1 1/2 or 2 lbs. salt
4 oz. black pepper
1 oz. red pepper

1 oz. sweet Marjoran
1 oz. mace.
Cut the meat in small pieces and sprinkle seasoning over it, then run it through the grinder, using the small plate. Let stand in a cool place for from 24 to 36 hours, then add a little water and stuff into casings and smoke in a very cool smoke until a dark mahogany color is obtained.

Care of Sausage
For immediate use the sausage may be packed away in stone jars or crocks to be sliced for frying, or if it is to be kept for a short while, hot lard or paraffin may be

pouring over it and then be kept in a cool place. Many people stuff it into casings made from the small intestine of hogs. When this is done the intestine must be turned inside out and carefully cleaned.

A good substitute for casings may be had in narrow muslin bags. These when filled should be 2 1/2 or 3 inches in diameter and 18 to 24 inches long. Stuff the sausage in tightly by hand and hang sacks in a cool place. If the sausage is to be kept for some time, melted lard or paraffin should be rubbed over the out-

side of the bag. This excludes the air, thus making the product keep longer.

Pork Canning

For the canning of pork products, process No. 2 cans, 45 minutes, and No. 3 cans, 55 minutes. In canning sausage prepare it in the usual manner, then place in a large pan; a dish pan or preserving kettle, on the back part of the stove or in the oven to heat. It should be stirred frequently and thoroughly until the fat in the entire mass begins to melt. Then it should be packed into cans carefully so there will

be no air bubbles. A small wooden paddle is good to use in packing. The cans should be sealed

while very hot, then processed. When cans are opened the sausage may be sliced into cakes and heated in the oven.

FIRST JUBILEE PROGRAM OF THE W. M. A.

"You shall count seven weeks of years, seven times seven years, so that the seven weeks of years amount to forty-nine years. Then on the tenth day of the seventh month, you must sound a loud trumpet-blast through the land; the trumpet-blast shall sound aloud on Expiation Day. You must hallow the fiftieth year by proclaiming liberty to all inhabitants of the land: it shall be a jubilee year for you" Lev. 25:8, 9, 10.

So the Woman's Missionary Council of the Methodist Church is celebrating a great jubilee year, for in the year 1878 they sent out their first foreign missionary, Miss Lochie Rankin of Tennessee, who went to China.

The local society sounded their loud blast on the trumpet last Monday at the church, when they presented their

first jubilee program of the year. The "gifts of each Seven Sabbath of years" were presented by Mesdames Lee Stinson, Joe Stinson, Ivan Dodson, A. C. Preuitt, W. W. Hamilton, and H. G. Towle, showing the percentage of gain, each "Sabbath" almost doubling the previous one.

Mrs. W. J. Ely depicted "The New Day" in a beautiful devotion, with the discussion led by Mrs. Ivan Dodson. After making a pledge for the year that the next "Sabbath" may make the greatest gain of all, the hostesses, Mesdames Beggs, A. E. Bell, R. H. Bell, Lemons and Carl Yoder served cake and cocoa to about forty members, who spent a pleasant social hour together.

MISSIONARY SOCIETIES TO MEET MONDAY

Following is the program for the meeting of the Federation of Women's Missionary Societies to be held Monday, Jan. 30, at 3 p. m. at the First Presbyterian Church:

Opening song by all. Prayer, Mrs. Manley. Devotional, led by Mrs. Dick Randals. Solo, Mrs. Hugh Boren. Reading, Miss Elaine Rosser. Music, Miss Eula Pearl Fergu-

R. L. MARTIN FOR PUBLIC WEIGHER

The Times-Signal is authorized to announce R. L. (Bob) Martin as a candidate for the office of public weigher of Precinct No. 1, subject to the action of the demo-

cratic primary. "I'm running for the office because I want it and need it," said Bob to a Times-Signal reporter. "Somehow I feel like this office and myself ought to get together, and since it doesn't seem to want to run to me, I've decided to run for it."

Mr. Martin ought to know something about the office and the people, too, since he has been a resident of Scurry County for 29 years and knows the farmers and all about their struggles. He is fully competent to fill the office, being honest, upright and a jolly good fellow. His friends declare that if he doesn't catch the office, he will give it, as well as the fellow that beats him, a mighty good race.
