

Friend Farmer, PLAY SAFE

Put your money in "sure crops"—dairy products for instance. The demand for dairy products is constantly increasing, and milk is a year round revenue producer. Poultry ranks as a close second.

These are dependable investments, on the other hand, in two years \$200,000,000 has been lost in more than 2,500 questionable ventures.

Play safe—stick to farming.

Make the farm self-sustaining—raise some stock and poultry—lots of feed, along with cotton.

FORMER SNYDER GIRL MARRIED AT LAMESA

Cupid has found his way into Lamesa's public schools and has shot his arrow straight into the heart of Bill Stephens, high school athletic coach and history teacher. On last Friday Mr. Stephens and Miss Pearl Carver slipped quietly away to Lubbock and were united in marriage. Mr. Stephens is a graduate of A. C. C. and has been athletic coach for Lamesa High School for the past two years. Mrs. Stephens is the daughter of Mr. and Mrs. J. R. Carver of Lamesa. She was formerly a business college teacher at Snyder.

UNION DOTS

A good day out Union way Sunday; good attendance at Sunday school; no preaching; Epworth League at 7 p. m.; prayer meeting at 8 p. m.

Union Dots had the pleasure of attending Sunday school at Dermott Sunday. We find that those folk have a splendid Sunday school, well manned by Superintendent Crockett, with a splendid corps of teachers helping, and the increase in attendance is requiring that they organize another class. Everyone present seemed to be anxious to do his or her bit to make the service go in an interesting and helpful way. They are planning and preparing a nice program for the Easter service. We were glad indeed to see and be with these good people who are trying to make their community a nicer, cleaner and better place to live. All honor is due these good people. The Sunday school hour is 10:30 a. m.

Lots of farming done out Union way.

DERMOTT NEWS

Dermott has had another good rain and also a light snow the past week.

Our Sunday school is growing rapidly with Brother Crockett as our superintendent. Everybody is urged to come and help us make it the best in the county.

Brother Harris preached a good sermon Sunday afternoon to a large crowd.

The Sunday school is getting up an Easter program for Easter Sunday. We will have our regular Sunday school and a talk by some one in the forenoon, and the program will be given in the afternoon. Everybody is invited.

We have quite a bit of flu in our community this week. Those afflicted with the disease at this time are Misses Dixie and Dannie Durden, little Inez and May Gene Sanders, Carrol Alton and Leonard Greenfield, Miss Lillie May Johnston, and Miss Juanita Crockett.

Miss Nina Huffman of Snyder spent the week-end visiting Mr. and Mrs. Johnnie Browning in East Dermott.

Roy Elkins was in Clairmont last week attending court.

Our singing class was well attended Sunday night, and everyone reported a good time a lot of good singing. Hope to have a still better one next Sunday night.

Houston, Texas.—"I wish to say Dr. Pierce's Favorite Prescription has been a blessing to our family, especially in one daughter's case. She was in a serious condition with woman's weakness and just about past going when we decided to try one more remedy we had heard of—the Favorite Prescription. Well, a few bottles of this helped her so she has never had any more trouble of the kind. So it is no wonder that we have depended wholly upon this one remedy ever since for all such ailments."—Mrs. Emma Allen, 313 Hogan St.

TO VOTERS OF SCURRY COUNTY

My name having been presented by some of my friends as a candidate for County Judge, and having made up my mind to enter the race for said office, I take this opportunity to thank you for your support in the past, both at the ballot box and in the administration of the affairs of the office and earnestly solicit your vote and influence in the coming primary. To those of you that are newcomers to our county and to those who may have not supported me in the past, I would ask that you investigate my record as a private citizen and public official, and after a careful investigation if you can consistently do so, would appreciate not only your vote but your influence.

On account of the duties of the office I may not be able to see you all at your homes or place of business, but will try to do so, but should I not, I wish you to consider this article as a personal solicitation. I have no great promises to make, only promising if elected to do my utmost to give you an efficient and economical administration.

Respectfully,
HORACE HOLLEY.

ANNOUNCES FOR COUNTY COMMISSIONER

John C. (Lum) Day, who has been associated with road work in Scurry County for more than five years, and a resident of this section for twenty years, announces himself this week as a candidate for Commissioner of Precinct 1.

John's many friends kept at him until he did announce, and as he is so well known for his efficiency in road matters, Lum will hardly have any trouble in piling up more than sufficient votes to give him the position to which he aspires.

An abundance of building and construction materials of all kinds lies beneath the surface of Texas.

TELEPHONES AND OUR PRESENT-DAY LIFE

Fifty years ago when the telephone was young, business was conducted on an intimate face to face basis. A half century has brought about revolutionary changes which tend to make contact between individuals less intimate and more hurried. In meeting these present day conditions, the telephone is used by practically all the people to save time and maintain contact with the business and social world. The old saying that "It's a small world after all," is being made a fact by the telephone. It annihilates the disadvantages of distance and time, to bring offices and people thousands of miles apart, together. Out modern, high-speed business and life is absolutely dependent on it. No other invention has done more to make

this age of miracles possible. It is certain that historians of the future, in detailing the past fifty years, will give the telephone much of the credit for the great progress made during that time. District Manager T. A. White told the Lions Club yesterday that Snyder had advanced farther in telephone matters in the past year than the five years previous. Every Snyder and every Scurry County home needs a telephone.

EMERGENCY HOSPITAL NOW FULLY EQUIPPED

The arrival Monday of the remaining shipment of surgical instruments for the new Emergency Hospital now places that concern in shape to consummate operations and attend to the bodily

needs of home county folks. Already three operations have been performed and with great success, thanks to the doctors in charge, Dr. W. R. Johnson and Dr. I. E. Griffin.

The Times-Signal is happy to felicitate the new hospital, the doctors and their well equipped surgical plant. Snyder and Scurry County needed this organization badly, and now that we have it, more power and success to them.

"SLAVES OF BEAUTY" ANSWERS VITAL QUESTIONS Does a woman really know when she is happy? "Slaves of Beauty," a sparkling comedy-drama, directed by J. G. Blystone and featuring Holmes Herbert and Olive Tell, gives an emphatic answer to this vital question at the Palace Theatre next Friday. by William Conselman. Many of the gripping scenes are laid in New York beauty parlors and in the night clubs of the metropolis. The cast includes Earle Foxe, Richard Walling, Sue Carrol and others.

Both Rotan and Sweetwater now have polo teams. We can see no harm in the Snyder Polo Club taking a fall out of both of them.

CHAMBER MOVING The Chamber of Commerce expects to be nicely located by next week in its rooms below the First State Bank & Trust Company in the Towle & Boren offices.

FARMING FOR PROFIT

A farmer when planning his year's work on the farm must consider three angles. First, he has 3,000 work hours before him to dispose of with 65 or 66 days for rest and recreation. He cannot use his 3,000 hours at once. He can use only about 250 of them per month. He wants to plan his crops so as to get the greatest return per man hour.

Next, he does not want to sacrifice per acre yield, and lastly, he does not want to impoverish his soil for a temporary profit, as soil fertility is the real capital of the land owner.

We are giving below some figures taken from 1927 crop record of Mr. Moore of Grand Prairie. We offer this not as a model for anyone to copy, but merely as something to think about that it may help some one to work out a better program.

Mr. Moore owns a farm of 200 acres that was bought as a worn out cotton farm in 1909 at \$7.00 per acre. Since 1920 this farm has not produced less than \$12,000 gross income and during that time there has not been more than 30 acres in cotton in any one year. The statement below is for crops made on the 179 acres in cultivation in 1927. It shows the number of acres in each crop, the net return per man hour for each crop over and above all other expenses and in the last column the net profit per acre for each crop. In arriving at profit per acre all labor was charged against each crop at 20 cents per man hour and 10 cents for each horse hour:

Acres	Kind of crop	Man hours	Horse hours	Net per man hour	Net per acre
2	Irish Potatoes	108	74	\$1.87	\$179.60
20	Sorghum Hay	33	36	.62	14.00
15	Roasting Ear Corn	58	51	1.28	62.00
25	Field Corn	23	33	2.95	62.78
17	Field Corn (late)	15	22	1.86	24.73
20	Sweet Potatoes	130	60	.694	64.20
3	Watermelons	66	63	.237	2.43
5	Peanuts	39	22	1.11	35.33
5	Cot. 1169 lbs. s. c. a.	129	52	.603	51.93
15	Cotton 310 lbs. s. c. a.	48	28	.40	9.80
50	Hegari and Cow Peas	12.5	18.6	1.36	14.54
2	Orchard (oats for hogs)	177	5	1.86	293.35

The above mentioned crops account for a little less than 8,000 man hours on this farm, but there was in addition some 1100 more man hours put in tending to cattle, hogs and poultry. The average net return per man hour was \$1.17, or approximately \$8,700 net profit for the farm.

The question that naturally arises from these facts is if a Grand Prairie farm that was worn out 20 years ago can be made to produce a net profit per annum of better than \$40.00 per acre, why can not Scurry County farms that are potentially fertile be made to make money? Careful rotation of crops with plenty of livestock to consume the feeds will do the trick.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Regular services were held at both the Christian and Methodist Churches last Sunday at both morning and evening hours. The attendance was very good at each place.

The young people's societies met at their respective places late in the afternoon, but this scribe has not learned particulars except in the case of the Christian Endeavor where he attended. That meeting was unusually interesting. The latter part of the program was presented in the form of a contest. Those taking part had prepared their talks and delivered them effectively and enthusiastically. The result was an inspiring meeting.

Next Sunday regular services will be held at the First Baptist and the First Presbyterian churches at both morning and evening hours. Let the people turn out and fill both houses.

Sickness
There is still some sickness, mainly of the nature of lagrippe. A good many people are having throat trouble, but we are hoping that this will soon pass away as

spring is about to make her annual advent. "So mote it be."

Mrs. Joe Taylor is said to have been right sick throughout the past week, but she is said to be improving at this writing.

We understand that Miss Eviline Moore was operated on in a Lubbock sanitarium on Tuesday of last week. The patient is now back home here and said to be doing very well.

Grandma Page has been right sick in the Dowdy home for several days.

Mrs. Clarence Dowdy has been quite ill for several days. Abb Flournoy's little son is said to have been quite ill for several days. He was taken to Lubbock for treatment and, as we understand, has returned home.

It is said that sometimes those who undertake to break in a new set of teeth have an experience which may be described as anything but satisfactory. Those interested in this subject should confer with Mrs. H. Lanham. She knows.

Weather
It seems that old man "Winter", although being forced to

yield the arena to "Miss Spring," was determined to hand us a few biffs to indicate that he dies fighting. On the mornings of March 16, 17, and 20, we had considerable ice. On the 17th the minimum temperature was 25, and in the forenoon of the 19th we had snow in sufficient quantity to blanket the country, making it look like mid winter. On the 20th we had a white frost. Surely it is not planting time yet. Better wait until spring time.

Trips

son, Murdock, motored to Amarillo where they were to attend the stock men's convention.

On the same date J. A. Stavely and the Village Preacher made a flying trip (we almost flew, for John was driving) to Anson where they attended a special session of the Presbytery of Abilene of the Presbyterian Church.

Charlie Hunnicutt and family are moving to Ozona, Crockett County, this week.

Strange
On Monday there was a very sick patient down where V. P. usually perambulates. V. P. being away, the Land Lady was in charge of the case (she might have been in charge had V. P. been at home. No joking about it, the matter was serious. Neighboring doctors were called in and others were consulted over the telephone. Remedies were applied to and provider withheld from the patient. In fact, about everything that could be done was done. The strange thing about all this is, the calf got well."

somewhat short of its usual dimensions. Doubtless there is plenty of news in this bustling community, but the trouble is the fact that this scribe had to be away all day Monday, hence had no time to gather news. It takes work to make this column grow, or even to maintain normalcy, just as it requires work to accomplish anything else. V. P. is becoming more and more fully convinced of the sound logic in the adage, "There is no excellence without great labor." It might be well if all who have not already done so would learn the truth of that statement. In that case we might have fewer loafers and bums and less crime.

More Burglary
On last Saturday night some person, or persons, forcibly entered the Fred Wenner garage of this place and took from same ten or twelve auto casings and tubes, two batteries, some 18 connecting rods, one tire pump, two valuable sets of wrenches, four coil valves and other repair parts of lesser values. Mr. Wenner estimates his loss at \$200. The thieves entered the garage by forcing the back door. What a shame! Skulking out in the darkness and filching that for which a hard-working, honest man has labored! There is

a place for birds of that feather, and the public should see that they receive their reward.

Miscellaneous
On last Sunday T. A. Favor celebrated a birthday (we have not learned its number) at which time the good wife gave her husband a nice dinner, to which several friends had been invited. A delightful occasion, no doubt!

Although a bit late (because of the activity of the Scribe's forgetter) the fact should be mentioned that on the Sunday before, C. D. Cribbs and Mrs. H. Lanham jointly celebrated their birthdays in the cozy new Cribbs home where Mrs. Cribbs served a very delightful dinner which was enjoyed not only by those named but by W. G. Sims, Mert Jones and wife and V. P. and wife as guests. It does look like there is sometimes real pleasure in growing older.

On Tuesday afternoon G. W.

Merrill in his Chevrolet collided with Mrs. D. A. Jones driving her Dodge, on a street corner just in front of the Cumby blacksmith shop. Fortunately, no one was hurt. The bumper was knocked off the Dodge, while the Chevrolet sustained a sprung axle and lost a tire. Mr. Merrill is said to have been "cutting the corner."

Now, without any reference to any individual, please let V. P. once more offer his protest against the all too common practice in our village of driving on the wrong side of streets, cutting corners and otherwise violating well established traffic rules. It is very common to see both men and women doing these things. In the first place, it is impolite; in the second place, the practice is hazardous and may call for a funeral or two any day.

Texas has 60 cities of 5,000 or more population.

HOOT GIBSON ONCE MADE RODEOS AND BIG FAIR

Hoot Gibson, popular Western star, and now playing in the Tri-City of Hearts, the Universal Theatre opening at the Palace Theatre Saturday, received his early training in horsemanship while a follower of rodeos and county fairs. Before entering motion pictures he won the world's championship riding medal at the famous Von dieton Roundup. Georgia Hale, Joe Rickson, Rosa Gore, Howard Truesdale, Helmie Conklin, George Ovey, Nora Cecil, Dan Crimmin and Grace Cunard are in the supporting cast of the picture.

Following the thirty-sixth wedding anniversary dinner of Mr. and Mrs. J. D. Robinson, the guests arranged a big basket of good things and delivered the good will package to Grandpa and Grandma Billy Nelson, who enjoyed the repast very much.

UNION CLUB NEWS

The Happy Hammers met in the home of Mrs. Sherman Blakely Friday of last week where Mesdames P. A. Mebane and C. R. Ramsey demonstrated the use of the steam pressure cooker in preparing a meal for the family, requiring only 30 minutes to cook the meal after it was prepared and placed in the cooker.

While the meal was in process of cooking, the club roll was called, and each member present answered to her call by giving her favorite recipe. The business of the club was then disposed of, after which Mesdames Mebane and Ramsey served luncheon to fifteen club members and ten visitors.

Each one present expressed her appreciation of the steam cooker. All had a pleasant afternoon.

The club will meet again April 7 at the regular meeting place. At this meeting all the ladies who have garden or flower seed to give or exchange are invited to come and bring their seed and reports.

MRS. J. L. CARRELL.

HAPPY CAMP CLUB

Miss Jessie Davis met with us Tuesday, March 13. Our club is progressing nicely with one new member, making a total of thirteen members.

The meeting was called to order by the president. We discussed different plans of raising funds to send one of our girls to the Short Course at A. & M., and decided to have a box supper in the near future. Answers to roll call were statements of difficulties in using commercial patterns.

Miss Davis made an interesting talk on care of baby chicks. She also gave a demonstration on the alteration of commercial patterns to fit the different types of figure.

MRS. JIM BEAVERS.

LOYD MOUNTAIN

The Loyd Mountain 4-H Club girls met March 8 with eight members present. The secretary was absent, therefore the president called the roll.

The cup towels and lifters were finished and handed in. On account of the short course the next meeting has been postponed until the second Thursday in April. A foods demonstration will be given. All of the girls are very interested in their work and are trying to make it a success.

ESTHER FAMBRO.

PLEASANT HILL

The Pleasant Hill Club met Monday afternoon at the church with eight members present. Each answered to roll call with two new

vegetables to plant this year, and also told of their difficulties in using commercial patterns.

Miss Davis gave a talk on the care of baby chicks and a demonstration on alteration of patterns. A full January and February report from each member will be sent to the secretary by Saturday. The next meeting will be with Mrs. Earl Shepherd. Let each member try to bring a new one.

CAMP SPRINGS

The Willing Workers and High Climbers met at the home of Mrs. J. E. Smith March 13 when Miss Davis gave a food vegetable cookery demonstration. She also gave out leaflets, "Recipes in Food Preparation," and made an announcement in regard to the county short course. She also gave out a few packages of flower seeds, and lunch was served to the following members: Roxie Reep, Lucy Mae Oprey, Mary Ellen Davidson, Helen Gunn, Margaret Fae Oprey, Gertrude Nalls and Martha Wilkerson, Marguerite Fields and Oma Bavousett.

CROWDER

The 4-H Club girls of Crowder met last Friday, March 16, at the home of Miss Juanita McKinney, where Miss Davis gave a vegetable cookery demonstration. One new member was present, Miss Delora Clanton.

Miss Davis did not assign the second year girls any further work, but the hem patches, dressers scarfs and serving bags will be handed in. The first year girls have their aprons started and their cap material with them.

Miss Davis gave flower seeds which were presented to the girls by Mrs. J. L. Carrell. She gave the food preparation books for both first and second year club work. Another food demonstration will be given two weeks from the next meeting. Visitors are invited and new members will be welcomed.

The next meeting will be held at the Crowder school house March 30. We are going to talk on the subject of dress making and plan the dress contest in July. We hope to have two winners from Crowder.

JUANITA MCKINNEY.

DERMOTT

The Dermott Club women met with Miss Davis at the Dermott Hotel Monday, March 5, and reorganized their club. Seven of the club women were present and four visitors, Mrs. Scarborough, Mrs. Hardin, Miss Georgia Elkins, and Mrs. Theon Scrivner, were appreciated guests.

The following officers were elected: Mrs. L. N. Periman, presi-

dent; Mrs. Elvie Greenfield, vice president; Mrs. Johnny Browning, secretary; Miss Afton Smith, reporter. The women joining the club were Mesdames W. E. Boss, C. H. West, C. B. Whatley, Roy Elkins, L. N. Periman, Elvie Greenfield and Johnny Browning.

Miss Davis gave a demonstration on braided rugs, which was very interesting. The next meeting will be held at the home of Mrs. W. E. Boss.

THE CACTUS CLUB

The Cactus Club met at the home of Mrs. J. C. Cherry Tuesday and reorganized. There were ten members present, and the following officers were elected: Mrs. T. C. Davis, president; Mrs. C. E. Murphree, vice president; Mrs. F. A. Wilson, secretary; Mrs. Earl Davis, reporter.

Miss Davis was present and gave a demonstration of commercial patterns and the working of button holes and set-in pockets. She also gave a discussion on the care of baby chicks. The next meeting will be on Tuesday at the home of Mrs. J. C. Ezell. Community improvements will be the subject. Everyone is requested to come and help us.

ENNIS CREEK

The Double Happy Nine met March 6. Miss Davis helped the club girls with their work. The first year girls are working on their sewing bags and hope to have them ready to hand in at the

next meeting. The third year girls are working on undergarments. Miss Davis will give a food preparation demonstration at the next meeting.

WILL SOON BE TIME FOR ENGLISH PEAS

PEAS HAVE BEEN IMPROVED TO A POINT WHERE THEY ARE NEARLY DOUBLE THE SIZE OF THE OLDER TYPES

Green peas are one of the favorite garden crops for the home patch. Their rival in the general affection of the gardening world is sweet corn. Peas can be grown in gardens too small to make it worth while to grow corn. Peas are an early crop. They must mature before hot weather. Consequently they are to be planted as soon as the soil is dry and warm enough to work. The earliest peas that can be safely planted are the smooth seeded sorts. Alaska is the old standby and later varieties are Eureka and Electric that have become popular. The

smooth-seeded peas will stand cold and wet without rotting which the better quality wrinkled seeded sorts can't endure.

The smooth-seeded peas are not of as high quality as the wrinkled, but as they can be picked earlier they are highly desirable and a fine crop to precede the sweeter wrinkled kind. They can be planted about two weeks earlier. Often they can be planted in March while the wrinkled sorts cannot go into the ground until April. The best plan is to sow the peas in double rows six inches apart. It is now known that it is a waste to sow the seed as thickly as was formerly the custom. It is now found best to give each plant two inches of room instead of letting them touch. Dwarf peas are the most popular sorts and are grown almost exclusively in the small garden.

Larger crops are produced by the tall growing sorts, but they must be given substantial support in the way of brush or poultry wire. Even the low growing kinds are benefited by a support to which the tendrils may attach. American Wonder and Laxtonian are popular dwarf varieties of fine flavor. Goliath is a standby of the taller sorts. It reaches a height of three feet. Telephone and Marrowfat are popular standbys in the tall sorts.

Peas like a rich mellow soil which should be kept stirred from the time they are well above the surface. A cool root run is their main requirement. Stirring the soil conserves the moisture and helps to maintain this condition.

GAS CO. TELLS CITY COUNCIL GAS WILL BE HERE BY MAY 1

At a special called meeting of the Snyder City Council Tuesday night, a representative of the Community Gas Company stated that gas would be ready for use in Snyder about May 1st.

Warning was also given by the gas company representative that care should be exercised in giving plumbing contracts to "fly-by-night" gas fitters, as they will swarm down on the city, make your connections, collect for them and then later householders will be advised that they must have the job done correctly. To avoid this contingency, give your contracts to Snyder men that you know and who stand back of their work.

TWO NEW BUILDINGS STARTED YESTERDAY

Two new brick buildings were started yesterday on West Bridge Street, one of them to be occupied by the new creamery and the other by the Ed Darby blacksmith shop. The creamery building is being built on the lot owned by G. L. Clark.

These new bricks will also hur-

ry on brick fronts for the King & Brown Store, as well as the Times-Signal. With these improvements completed, the only iron front buildings on the south side of Bridge Street would be the Higginbotham warehouse, Snyder Produce Company and the J. R. Huckabee building.

SNYDER NATIONAL BANK ADDS NEW AD SERVICE

The Snyder National Bank, in line with its policy of bringing new and constructive thoughts to its customers and those who read its ads, has contracted for a new

advertising service to start next week in the Times-Signal.

Hon. Adam Brown Hunter of Oklahoma City, known as "The Eddie Guest Poet of Bankers," is the author of the series that will start in the paper. Mr. Hunter is truly a philosopher, and our readers will be given a decided treat to have these verses placed before them every week.

What do you look for in a car... a single emphasized element such as style... size... performance? Such as comfort... stamina... price? Or do you look for that combination of qualities called value? If you prefer a "one-sided" car we haven't got what you want. But if value comes first, you'll choose an All-American Six.

For here is style attained only in bodies by Fisher. Long, low lines. Smart colors. Grace, poise and swank. Here is size that results from 117 inches of wheelbase... and from Fisher construction famed for scientific distribution of space.

Performance from a whispering brute of an engine... 212 cubic inches in displacement... with a 79-lb. crankshaft and the G-M-R cylinder head. Speed... power... snap... and flexibility. An All-American change of pace.

Deep-seated comfort... with leg-room and head-room gained at no expense to style. Stamina proved on General Motors Proving Ground and on roads in all sections of America. An amazing, unprecedented low price.

Thus this General Motors Six leads its field in value... providing everything that everybody wants. If you're going to buy a car for what it will give you, come in and see the All-American Six.

THE STATE OF TEXAS, County of Scurry. Notice is hereby given, that by virtue of a certain order of sale issued out of the Honorable District Court of Erath County, on the 7th day of February, 1928, by J. L. Saunders, clerk of said Court for the sum of One Thousand (\$1,000.00) Dollars and cost of suit, under a judgment in favor of John G. Harris in a certain cause in said Court, No. 5912 and styled John G. Harris vs. J. M. Crank, et al, placed in my hand for service, I, as Sheriff of Scurry County, Texas, did, on the 8th day of March, 1928, levy on certain real estate, situated in Scurry County, Texas, described as follows, to-wit: All of Lots Numbers 1, 2, 3, 4, 5 and 6 in Block No. 167, of the town of Fluvanna, Scurry County, Texas, according to the original map and plat of said town.

The order of sale was issued out of said Court on application of E. W. Harris, as Temporary Administrator of the Estate of John G. Harris, deceased, the said John G. Harris having died testate on the 4th day of January, 1928, after having attached the above described lots and after a judgment was rendered foreclosing said attachment lien and awarding an order of sale, and levied upon the property of J. M. Crank, R. H. Skipworth and H. C. Gilbert, and that on the first Tuesday in April, 1928, the same being the 3rd day of said month, at the Court House door, of Scurry County, in the City of Snyder, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said order of sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. M. Crank, R. H. Skipworth and H. C. Gilbert. And in compliance with law, I

give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Scurry County Times-Signal, a newspaper published in Scurry County. Witness my hand, this 8th day of March, 1928. F. M. BROWNFIELD, Sheriff of Scurry County, Texas. 38-3tc.

After careful consideration and after a strong solicitation of many of my friends, I have decided to enter the race for Commissioner of Precinct No. 4, Scurry County, Texas, subject to the action of the Democratic Primary July 28, 1928. In entering the race, I am mindful of the fact that the office is the most important, and that it is one of service to the whole county, as well as especially to one's own precinct. I believe that I am

known by practically every man in my precinct and that my long residence in the county and in my precinct give me such thorough knowledge of the condition and needs of the county and especially the precinct, that I can render the best of service. I am a native Texan and have lived in this precinct in Scurry County thirty years, having come here from Erath County when I was fourteen years old. My business has been that of farmer and stockman, and all in all I have gained a good fund of information such as needed by a commissioner, and I leave this up to you who know me, and I ask your careful consideration, and your support if you think best. This I will appreciate. I have never held any office, and at this time I have nothing in mind except the best service possible to my precinct and to the county, and this I promise to render. Equal and impartial service to every part of the precinct shall be my aim, and to build up in

good condition all of the roads of the precinct. I believe in progress and yet I believe in making every dollar buy all it is worth. Before the primary and as soon as I can, I want to see and talk with and solicit the vote and influence of every voter, but if for any reason I should fail to see any one, your help will be appreciated, and I ask you to take this as an earnest solicitation of your support.

Respectfully submitted, A. D. HIGGINBOTHAM. (Political Advertisement)

WEST POINT DISCIPLINE HARD ON EMERSON. West Point discipline almost landed Ralph Emerson, actor, in the guard house during the filming of "West Point," William Haines' new Metro-Goldwyn-Mayer vehicle, coming Monday to the Palace Theatre. Many of the scenes were filmed at the government academy, Haines and Emerson playing cadets. Now, it is against rules for cadets to ride in automobiles—so when Emerson while in cadet uniform drove his car on to the grounds he was promptly seized by officers. Finally, however, concessions were made to the actors, to help them save time. Edward Sedgwick directed the new picture, a graphic drama of life at the academy, with the Army-Navy football game as a thrill. Joan Crawford plays the heroine and Neil Neely, William Bakewell and others of note are in the cast.
