TEXAS AND TEXANS

Texans Should Know Texas

In an address to the South Texas Press Association at San Antonio, Gov. Dan Moody struck the keynote to the present greatest need of Texas when he said that in his opinion the most urgent duty confronting Texas newspapers today is to picture Texas as it is to the people of the state who may come to know the real Texas in a way to love it as they should. Patriotism is born of love, and love comes from knowing that which is loved. Texans are not lacking in patriotic appreciation of the government of their state, but there is a need for a zealous passion for the state of a kind that will get the strongest support of every citizen in every effort for advancing the interests of Texas as a whole. We need to be aroused from a sort of lethargy into constructive activity of the kind that built up Florida and that is energizing California.

We can't reasonably hope to interest people from other states in what we have here in Texas until Texans themselves become more interested than they are now. Every Texan should be so keenly appreciative of Texas as a whole, so thoroughly informed as to what we have and what we expect to have in this state that he will seek every opportunity to give his store of information to others.

This is a wonderful Texas in which we live, a glorious Texas, but most of us do not have our eyes opened to the things that are in it. Our horizon is not proportioned to the vastness of the things about us. It is up to the press, as Gov. Moody so well pointed out, to awaken our own people to what we have and what we hope and then the people will be glad to carry the message of Texas progress to the outside world.

Provincial Tendencies

THE size of Texas is so staggering that most of us find we can not know it. To attempt learning Texas in that way would not leave us time for our own affairs, much as we would like to see the state. Therefore, we must study it through the press, and we must learn of its progress through a newspaper study of what is going on throughout the state if we would know it at all. Unless we do this we are likely to become almost provincial, as sectional in our views and our prejudices as the mountaineer, hedged in by surrounding mountain peaks. The tendency of men is to oppose, even to fight the things they do not understand, to become tribal-minded where the vision of knowledge is limited. When, but not until, Texans in some way are brought to know Texas, are they likely to be found standing and working together for a greater Texas. It is this educational work among our own people that Gov. Moody commended to the press as the most essential step in the development of the state that it needs to take.

Butter and Eggs Marketing

A REPORT from Lockhart says that, because of the co-operative plan of marketing butter and eggs there, eggs are selling for ten cents a dozen more than they usually bring at this season and butter is selling for 25 cents a pound more than in previous seasons. Yet, some people hesitate to co-operate in marketing their products. Where there is efficient and honest management in co-operative marketing movements, prices are invariably better and losses are fewer.

Methodists in Business Session

Pastors and laymen from the Sweetwater district of the Methodist Church, and delegates from the counties of Scurry, Martin, Howard, Borden, Mitchell, Nolan and Fisher were gathered at Colorado yesterday for the quarterly conference of the church. Dr. J. W. Hunt, president of McMurry College, will be the principal speaker. Between 150 and 250 delegates are expected.

At the opening service Tuesday night Rev. Raymond Van Zandt of Blackwell preached. The conference officially opened yesterday morning with Rev. L. M. Lipscomb, presiding elder, in charge.

The ladies of the Methodist Missionary Society are handling the arrangements to care for visitors, and Colorado is giving them a royal and wonderful welcome.

TIME-SIGNAL'S PARTY

Preliminary to the November election, the Times-Signal wants to tell readers and friends that we are completing arrangements now to give a mammoth party the night of the November election and give election news first hand from every state in the union. Arrangements will be made with one of the largest news associations who will telegraph the reports to Snyder as the news comes in.

Music Week To Be Observed Here Next Week

VARIED PROGRAMS ARE PLANNED FOR THE MUSIC LOVERS

Next Monday starts the national recognition of Music Week, and in line with that movement the Musical Coteries Club of Snyder will present a series of programs at the high school auditorium. Monday evening, the opening day of the program, will be given an ensemble program consisting of duets, operetta, "Lady Francis," by the high school glee club and music by the high school orchestra.

Tuesday evening a pupils piano program in which the class of each piano teacher in town will be represented, will be given. An enjoyable community sing-song will be given Wednesday night. The different choirs of the town will present representatives in special numbers.

Another high light in the week's entertainment will be the presentation of an operetta, "Spring Glow," by the primary pupils. Friday evening will witness the crowning event of the week when the May Day Queen, Miss Polly Harpole, will be seated and the May Day Fete program given.

The sponsors for the week are sending an invitation to everyone to come and enjoy the programs and assist in making National Music Week a success. Plans are being made to bring a nationally known artist here next year if the support given this year is sufficient to warrant such a program.

Miniature Mill Is On Display

A graphic representation of the Postex Cotton mill of Post, Texas, will be shown at the Economy Dry Goods store starting Monday. The public is cordially invited to see this mill running at the above store from Monday through Thursday of next week. This mill, which is an exact copy of the Post City plant, pictures the manufacturing process step by step until the finished material emerges at one end of the mill. The first picture shows the cotton wagon entering from the other end.

The Post mill makes Garza sheeting and pillow tubing, said to be some of the finest material that can be purchased and it is made in Texas. During the next few days the Economy Store will feature this brand of goods in their store. Slogans accompanying the mill express such ideas as "What Texas Makes, Makes Texas," "Texas Products for Texas," "Patronize Your Home Industries; Buy their Products." "With cotton at such a low figure, the idea of special interest to Scurry County cotton farmers," Henry Rosenberg, head of the store, said, "With Texas mills manufacturing Texas cotton into goods bought by Texas people the farmer will come nearer to getting what his product is worth."

One complete operation of the mill consumes about three minutes of time and is eminently worth seeing. The mechanism reverses itself and starts again, step by step, the interesting story of cotton fabric.

TOM CONNALLY SPEAKS LAST NIGHT

Congressman Tom Connally of Marlin, candidate for the seat of Earle B. Mayfield in the United States Senate, spoke here last night to a good crowd at the Court House. He briefly outlined his political career which consists of about twenty years of public service in the American Army during the war, of his authorship of the anti-trust law in Texas, and of his tenure as prosecuting attorney of his judicial district.

Connally came out strong for the Eighteenth Amendment and pledges to support the democratic party measures of elected. The speaker devoted a large part of his speech in discussing some of the foremost issues before the public today and severely criticized the stand taken by the present incumbent on these issues. Judge Buchanan introduced the speaker and paid Mr. Connally a remarkable tribute by saying that in his opinion Tom Connally is the best qualified man in Texas for the position he seeks.

TYPE LICE DISCOVERED

Quite a lot of commotion was caused in the Times-Signal office this morning when Miss Lucille Carpenter, our type assistant, discovered some type lice. She was so thrilled over the discovery that Mrs. Smith became curious and was shown the small—very, very small—creatures. In fact, they were so small that the water between linotype slugs had to be splashed into the eyes before they could be seen. Ask these ladies about this unique experience.

An all-day singing convention will be held at Colorado next Sunday at the Union Tabernacle. Visitors are urged to bring their song books. Dinner will be served

Snyder Clubs To Entertain District Meet

DELEGATION LANDS BIG MEETING HERE FOR NEXT YEAR

Snyder received the great honor of being selected as the entertaining hostess city of the Seventh District Texas Federated Women's Clubs next year at the meeting held in Dalhart last week. Mrs. J. T. Whitmore of Snyder was included in the splendid program given at Dalhart. Of the 202 clubs in this district, 165 had registered delegates present.

Mrs. Phoebe K. Warner, well known here, stated in an address that "for 1929 the greatest work of the Federated Clubs is to study the needs of farm women and how these needs may be met." Her answer to the great problem of rural neglect today is the formation of a county club federation. At the conclusion of the business of the day the following resolutions were read and adopted:

A resolution was adopted voicing the appreciation of the federations of the efforts being made to establish a Class A college in Amarillo. Resolution concerning the reckless, wanton and negligent operation of automobiles on the streets and highways of Texas adjacent to schools and school premises, and petitioning all Texas club women to join state chambers of commerce in molding public opinion in behalf of past and future motherhood of the State of Texas.

Band Will Be Organized Here

Glenn Sample to Direct and Boost Local Musical Organization

Snyder is to have a band—the finest news that has been brought to the attention of local folks in months. Glenn Sample, who has moved to Snyder and is building the Citizens Ice Company plant, is the civic booster who has made this all possible. Mr. Sample asks that all those now having instruments, those who will buy an instrument or those who really want to learn to learn to read, come to the Chamber of Commerce rooms next Monday night at 8 o'clock. Mr. Sample has offered his services free to anyone who wants to learn band music. Commenting on the subject to Secretary Evans, Mr. Sample said: "I am here to make my home, and the better and more progressive our citizenship is, the better home I will have for my family, as well as for my family and the other fellows. If I can assist in any way to bring a band to Snyder, then I feel like I have helped our town and your younger generation."

Mr. Sample has played in the Shriners Band when they made their famous tour a few years ago to the East. He has played in many of the bands in Texas and more recently in Sweetwater.

PRIZE WINNERS

County prize winners in the essay contest on "My Favorite Breed of Poultry and Why I Like Them," operated by the Green Hill Hatchery were as follows: First prize, 100 baby chicks, Custer Williams, Hermleigh; second prize, 50 baby chicks, Farris Stevenson, Hermleigh. Sixty-three boys and girls were in the contest.

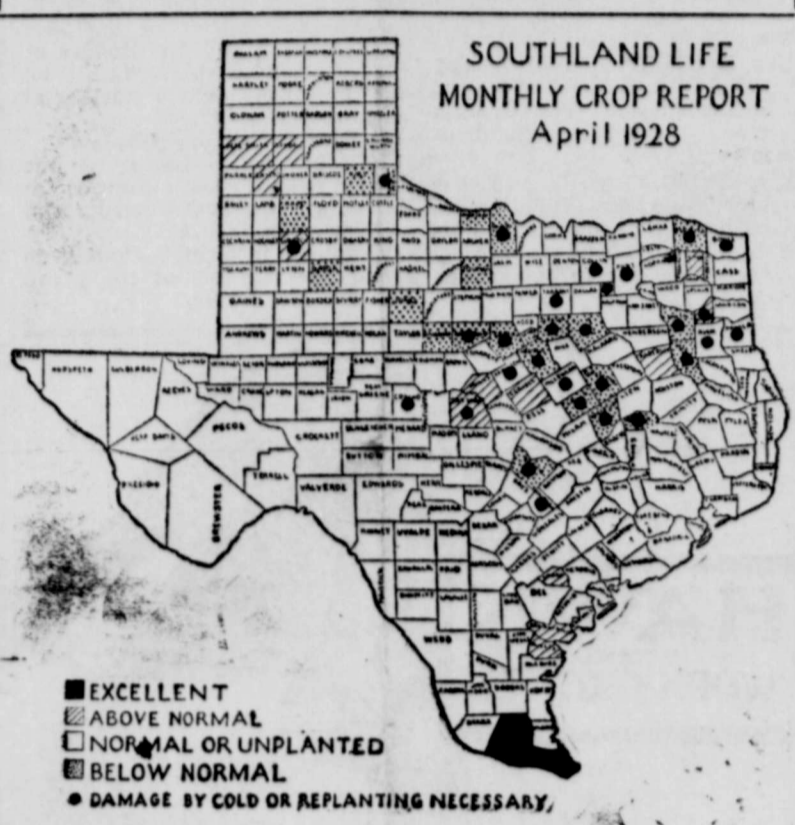

Honorable mention goes to Edith Bolding, Dunn, and Mae Rogers, Snyder. Judges were Prof. W. S. Patrick and the Senior Editor.

Prize winning letters will appear in the paper next week.

NEGROES TO BE TRIED AT COLORADO

Jim Brooks and Henry Davis, who were convicted in connection with the murder of Ernest Harlin, Inadale farmer found dead under a bridge on the Seven Wells road in the edge of Colorado Sunday, April 15, were denied bond by Judge Fritz R. Smith in district court here this week and were remanded to jail to await action of the grand jury which convened Monday morning, says the Colorado Record. The negroes have both made additional statements regarding the crime, but further news and statements are withheld. District Attorney George H. Mahon said Wednesday that the negroes had made so many conflicting statements that none of them could be relied upon further, and the fact that each has admitted complicity in the crime, but tries to saddle the principal part of the crime upon the other. The two negroes will be tried this week in district court and it is thought the State will ask for the death penalty. Judge Smith Monday in charging the grand jury promised a speedy trial to

Many Counties Report Crop Damage

Crop reports for April compiled by the Department of Public Relations of the Southland Life Insurance Company indicate crop prospects below those of former reports. More damage has been done by storms and cold rain than was at first believed. No less than thirty counties report that a large portion of their crops may have to be replanted. Several indicate that fruit and vegetables have been damaged by frost, and at least seven counties appear to be much perturbed over the pink bollworm. This includes Brewster, Ector, Midland, Glasscock, Howard, Martin and Andrews. Reports in general indicate that the setback of crops in Texas need not be permanent provided there is no more cold rain accompanied by damaging storms. There appears to be no reason why the farmers in Texas should not raise a bumper grain crop and a cotton crop up to their expectations. All crops, including those of farmers who were forced to replant, will be in the ground by May 15th, reports indicate. The Rio Grande Valley for many months has been apparently in good shape, growth in this section being indicated by the recent report of the general executive agents of two railroads which serve that section. This report indicates that the valley during the past year has reached the 2,400,000 carload mark in shipments of vegetables and grapefruit as compared with 9,433 carloads during the preceding year. Business conditions in general in Texas despite the setback as reported are "looking up."

Ladies Honor Class Members

Churches of Snyder Banquet High School Seniors And School Folk

The graduating class of Snyder High School was honored with a banquet at the First Baptist Church on Tuesday evening given by the ladies of the five churches of Snyder. Seniors, teachers and guests numbering more than one hundred greatly enjoyed the fine program and beautiful feast. Hon. W. W. Hare of Abilene, partner of Judge Jas. P. Stinson, was the principal speaker of the evening. Addresses were delivered by Dr. L. J. Sparks, Rev. J. F. Lawlis of Snyder and Dr. Davis of Roby. Prof. C. Wedgeworth was the toastmaster for the occasion. After the offering of thanks by Rev. H. J. Manley, the program opened with a toast to the faculty by John R. Conway made a short talk on the subject, "Training for Life." Music was furnished throughout the evening by the Snyder High School Orchestra under the direction of E. O. Wedgeworth. Rev. W. E. Ferguson pronounced the benediction.

FISHER CO. MURDERER WILL DIE ON JUNE 1

Joyce Sheppard, convicted for murder in the fall term of district court last year and given the death penalty, was returned to Anson last Tuesday by Sheriff Hudson of Jones County and was formally sentenced to die in the electric chair June 1 for the murder of Deputy Sheriff Jake Owens of Fisher County last August. Sheppard bore all the marks of an insane man when he appeared in court for his sentencing, uttering frequent yelps and stumbling and muttering, being supported by officers on each side of him. Apparently he knew nothing of what Judge Chapman was saying when he asked Sheppard if he had anything to say for himself before having sentence passed on him, and later when the sentence was passed. Sheriff Hudson left immediately with the prisoner to carry him to Huntsville where he will await execution. According to press reports Sheppard was placed in the Fort Worth jail the first night after leaving Anson on the way to Huntsville, and when the trip was resumed next morning a knife was found by Sheriff Hudson concealed in Sheppard's clothing. It was reported to have been a knife with a long blade.

COUNTY SCHOOLS HOLD CLOSING DAY PROGRAMS

Camp Springs, Triangle and Strayhorn schools will hold closing day programs tomorrow. County schools already closed include Cottonwood Flat, County Line, Turner, Whately and Shannon.

RURAL SCHOOL NEWS NOT TO BE ISSUED THIS MONTH

County Supt. A. A. Bullock decided not to issue the Rural School News for April owing to the closing of so many of the county schools, and proper distribution would have been impossible.

KNIGHT TEMPLAR DEGREES GIVEN MONDAY NIGHT

Two candidates were given the Knight Templar degrees Monday night with a banquet being served to the more than sixty members present. Sam Castevens and Tom Lee were in charge of the eats, and they executed their job so well that several of the members have stated that "Sam and Tom" should be voted the position of caterers for the balance of their natural life.

FLUVANNA CELEBRATING

Citizens of Fluvanna are celebrating the opening of their new road today that goes over the canyon to Post. Dave Jones donated a big beef, and a big ceremony is to be held with visitors from all parts of the county there.

Methodists Win Over Colorado In S. S. Contest

LAST BIG RALLY PUTS TOP IN POINTS

Local members of the First Methodist Church went to Colorado yesterday to attend the quarterly conference with the sort of smiles on their faces that simply won't come off. The local church decisively defeated the Methodist Church at Colorado in the contest that has been running for the past nine Sundays. Ninety men alone were in the Wesley Brotherhood Class, the largest this class has ever attained, and heard J. L. Martin give his interpretation of "The Rich Young Ruler," with a collection of \$25.15. Snyder's total attendance Sunday was 484, a record they have never attained before. Colorado had 445. New members that joined the local church that day numbered 58, while Colorado had 17. The liberality of Snyder pocketbooks gave \$745.66 to the collection, while Colorado was giving \$584.99. The number remaining for preaching in Snyder was 398, while Colorado had 270. Supt. Pruitt, the local Snyder day school gave the Times-Signal the official figures for the nine weeks' contest, which show:

Attendance	2,686	Snyder Colorado
New members	148	2,864
Offering	\$2,534.40	\$1,558.87
Church Att.	2,165	1,660

Congratulations are in order for both churches, as such good-natured combats are relished, are good for the church and good for its members and friends.

Railroad Plans Almost Complete

All Towns Meet Conditions of Promoters of East and West Line

Capt. Ed Kennedy and his engineers of the proposed Snyder-Roswell railway were in Snyder this week to complete final plans in order to begin construction at an early date. Everything in the way of bonding, deeds for town sites, right of way and terminals are being completed. Most of the towns along the route have raised their bonus, etc., that the promoter has asked of them. It is now up to the promoters. Col. A. L. Dickinson of Houston and associates have closed a deal with Captain Kennedy to take over his townsite locations. Col. Dickinson in a letter to the secretary of the Scurry County Chamber of Commerce, said: "We are receiving many requests for lots and acreage all along the route for lumber companies. We believe with the railroad going through this fertile country, the lumber yard industry will be prosperous, as towns will spring up over night, ranches cut up into small farms and local markets will develop new industries." The engineers are to decide the routing on this trip from Snyder to Brownfield. There are two proposed routes to Brownfield from Snyder, one by way of Snyder over the Roscoe, Snyder & Pacific Railway to Fluvanna, and thence to O'Donnell and Brownfield, and on west to Plains, Tatum, N. M., and Roswell. The other proposed route is from Snyder to Gail, Lamesa and Brownfield. Either way would be over a fertile country that would be fast developed into small farms and villages. The present plans, if it should go by Gail, would miss Gail four miles to the north. This route would be the shortest route to what is known as Tobacco Canyon in ascending the caprock. The caprock has always been the "bugbear" of this road's being completed. Engineers who have made the surveys have stated either by Fluvanna or Lamesa the ascension can be made with a minimum of expense as the natural formation is gradual. At Cap Rock, N. M., the canyon is something similar. The entire route is over a level plains country where very few bridges will be needed, and the nature of the soil makes grading easy. Deep cuts through hills and high bridges over canyons and high dumps through low places as in other places in Texas will be missing on this route. Tonnage figures that were compiled by Captain Kennedy's associates compared favorably with previous reports furnished by different organizations along the route. It was definitely shown that enough tonnage now is available to insure success of the project from the beginning. With the coming of the road, tonnage will be increased to an extent that it will be the best paying road. Capt. Kennedy has ever constructed, he said. Connections or transfer points at Snyder and Roswell for carload shipments and less than carload shipments would be benefitted by less mileage and time. It would materially reduce freight rates and expensive truckage to points now far located from the railroad. Land values are now increasing, and with the beginning of construction, land that is now too far from markets to make farming

To Hold Precinct Conventions in County Saturday

INTEREST RUNS HIGH IN COUNTY AND STATE POLITICS HERE

Next Saturday marks the Democratic Primary Convention when delegates will be selected for the county convention to be held Tuesday, May 8. The precinct chairmen are as follows: No. 1, East Snyder, S. J. Castevens. No. 2, Cottonwood Flat, J. C. Helm. No. 3, Ennis Creek, Cornelius Davis. No. 4, Dermott, L. N. Periman. No. 5, Fluvanna, W. P. Sims. No. 6, Conroy, J. S. Head. No. 7, Bison, Walker Huddlestone. No. 8, Sharon, Emmett Trevey. No. 9, Ira, P. A. Miller. No. 10, Bethel, F. I. Townsend. No. 11, Dunn, W. A. Taylor. No. 12, Lone Wolf, J. M. Pagan. No. 13, Pyron, M. A. Glass. No. 14, Hermleigh, E. J. Ely. No. 15, Camp Springs, W. C. Davidson. No. 16, Canyon, Joe Golden. No. 17, Loyd Mountain, C. C. Harless. No. 18, Arab, G. B. Battles. No. 19, Gail, T. Minor. No. 20, County Line, S. L. Brown. No. 21, North Snyder, Tom Green. No. 22, West Snyder, J. C. Maxwell. No. 23, Crowder, J. T. Biggs. Each chairman is expected to be present at the voting place in his precinct on the morning of May 5 for the purpose of presiding at a precinct convention, which precinct convention will send delegates to the County Democratic Convention to be held at Snyder May 8th. In holding precinct conventions a secretary should be first selected by those present and participating, and the secretary should proceed to make a list of those present. Under the rule of procedure laid down by the County Executive Committee, which rule has been adopted by a vote of the County Executive Committee, no one shall be allowed to participate in the precinct primary without first subscribing to the following pledge: "I am a democrat and agree to support the nominees of the party."

Each precinct chairman and secretary should see that the minutes of the precinct convention show that this rule was complied with in organizing and holding the precinct convention, otherwise Scurry County may find itself disfranchised at the state convention. The precinct chairman and secretary should certify in writing to the county convention the names of the delegates selected, and in connection therewith show that the above pledge was taken before selecting the delegates. Each precinct is entitled to one delegate for every 25 votes, or fraction thereof, cast for the democratic nominee for governor at the last preceding election. The vote by precincts in the last election was as follows:

Precinct 1	1,507
Precinct 2	2,200
Precinct 3	6,388
Precinct 4	4,711
Precinct 5	5,201
Precinct 6	6,500
Precinct 7	7,200
Precinct 8	8,344
Precinct 9	9,174
Precinct 10	8,833
Precinct 11	209
Precinct 12	79
Precinct 13	149
Precinct 14	15
Precinct 15	85
Precinct 16	125
Precinct 17	45
Precinct 18	20
Precinct 19	30
Precinct 20	35
Precinct 21	444
Precinct 22	221
Precinct 23	74

chased a few weeks ago for ten or fifteen dollars per acre is now selling for twenty-five dollars and up. City lots along the way that were not worth the back taxes they now are being eagerly sought and sold as fast as titles are perfected for prices that seem like fairy tales a few months ago. The coming of this road means the development of a vast empire of Texas. It means the passing of the large ranches and the entering of small farms. Where cow trails now run and the silence that all lovers of nature knew, and pen cannot tell, broken now and then by the lowing of a cow for her young, will be broken by the ringing of the school bell and the hammers of industry. The call of the whip-poorwill, the rattle of the snake and the long yell of the coyote will pass to the onward march of progress of civilization.

SNYDER BOY WILL BE MEMBER OF TECH TRIP TEAM

L. B. Worley, who is attending Texas Tech, was among the students selected to take the summer field trip that will include a visit to Montana, Canada, returning home via Salt Lake City and Yellowstone National Park. Students who were selected were outstanding in their work in geology, interest in scientific work and general scholarship. Twelve men were selected, and Worley, who is the son of T. S. Worley, was among the honored men.

SNYDER TEACHERS RE-EMPLOYED BY BOARD THURSDAY

Members of the high school faculty re-employed by the Board of Education Thursday night included: Principal John R. Covey, H. D. Rucker, Mattie E. Clark, Mrs. J. P. Nelson, Edith Elizabeth McLeod, Maurine Cunningham and Mattie Ross Cunningham. At present, vacancies are open for the head of the vocational agriculture class, home economics department and coaches for the football and basketball teams.

ECONOMY STORE GIVING PRIZES TO HI SCHOOL GIRLS

Henry Rosenberg over at the Economy Store tells the Times-Signal that the Bobolink hose contest is a worthwhile competition that is meeting with a hearty response on the part of high school girls who are entering the contest. Valuable prizes including a \$45 lady's gold wrist watch will be given away. The contest does not require a great deal of work, but requires the long eye of the contest girls will be happy to tell you all about his contest.

BOYS, ATTENTION!

How many boys in Snyder and vicinity would be interested in becoming associated with Boy Scout work? Parents who have the welfare of their boys at heart will personally see that their boys sign their name and bring it to the Times-Signal office at once. All nearby towns have Boy Scout groups who are doing noble work. Enough activities are provided for the girls of Snyder and vicinity to more than keep them interested, but what about our boys? 4-H Clubs Give Good Program At Lions Club

SPEAKERS ENCOURAGE WORK OF BOYS IN ACTIVITIES

Every Snyder Lion is now a official member of the Scurry County 4-H Club since the oath taken by every member at the lunch on yesterday, repeating the oath as President Francis Johnston Dunn gave it. County Agent Willis was in charge of the program, and I brought the officers of the Dun club to the luncheon, who proceeded to show how a new candidate was taken in Weldon Alexander, a member of the Snyder club, was used as the candidate. The Dunn boys who attended an were on program included President Francis Johnston, Vice President Charles Quittie; Secretary Richard Brown; Sergeant-at-Arm Owen Nail and Guide Martin Murphy. Following which, the 4-H Club oath was taken by every member.

Weldon Alexander, really the honor guest of the day, whose 4-H Club project was a baby beef, explained in an excellent manner his experience in handling a calf that he had purchased of Harrie Winston, had fed, and had sold for a profit. The City Market purchased this beef and the main portion of the dinner was a liberal service of this same beef. Really the program yesterday was the most constructive one that has been held, and the work of the 4-H Clubs was given a decided boost with this meeting.

Short talks were given by County Supt. A. A. Bullock, A. C. Alexander, and O. P. Thrane. County Agent Willis discussed a some length the immense amount of work that is now being done by the club boys of Scurry County Vocational agricultural activity; and the success of it was touched upon by A. C. Alexander, who was followed by O. P. Thrane on "The Value of Encouragement of Club Work." Pat Bullock's main theme was the "Relationship of 4-H Club Work to Our Schools."

To complete a wonderful program, T. L. Lollar and Otis Carter stopped on the program with the rendition of a duet entitled "Lullaby Time," accompanied at the piano by Miss Ima Lee Thomas. (Lollar figured that ought to quiet the program committee, which has consistently placed him on the program for a solo.) They responded to the hearty encore with "Moonshine and Roses." Miss Thomas then by request played and sang "Dear Old Texas," which was genuinely appreciated.

A Word From Mr. Edison

I WELL REMEMBER the afternoon of September 4, 1882 which marked the opening of the Pearl Street electric generating station, the first station in the world for the production and distribution of electric power.

The reporter from the EVENING SUN who came to interview me at the station was an alert and agreeable young man, with an average degree of skepticism. It was obvious that the little station with its "thirty balloon-shaped globes, ranged at intervals on either side of the room" and glowing "with incandescent horseshoes," seemed hardly more than an amusing toy to him. He could not conceive that it meant the end of the candle and oil lamp, the end of the horse and carriage, the end of one epoch in civilized life and the beginning of another.

Some of us saw farther than he did, but even our imaginations fell short of visualizing all the changes that began that night. Many minds, working together, produced progress that outruns the imagination of even the most courageous.

That was forty-five years ago.

I was a young man then. I am an old man now. I have lived to see the street car, the elevator, the electrified railroad, the automobile, the phonograph, the motion picture, the radio, the airplane, and the beginnings of television. It seems today to many, as it seemed to most men and women in 1882, no great forward steps remain to be taken which are comparable to those that have been taken.

It may be that the next forty years will not produce inventions of such revolutionary character. Progress has been so rapid that we may require a breathing spell in which to consolidate our gains and develop present inventions to their full capacity. But of one thing I am more positive than I was even forty years ago—the electrical development of America has only well begun.

So long as there remains a single task being done by men and women which electricity could do as well, so long will that development be incomplete. What this development will mean in comfort, in leisure, and in opportunity for the larger life of the spirit we have only begun to realize. Great days are ahead of this nation and the world. And electricity will have a great part to play, granted only that it can be unfettered, with full opportunity for the largest possible individual initiative and energy.

I look back with happiness to that eventful afternoon forty-five years ago. What will be happening in electricity forty-five years from this evening? I wish I might be here to see.

THOMPSON'S "M" SYSTEM

REST AID TO THE INVENTOR

rtley, The Patent Man, Has Unique Plans for Selling Their Ideas

use the same methods as in any line of business. He said, "An inventor should not send money to a stranger until he wrote for bank and other references, also names and addresses of half a dozen inventors that the agent had interested in the previous 30 days."

Mr. Hartley advises all inventors to steer clear of the concerns that advertise that they will place the inventor's idea on the market free of charge, because in the majority of cases, these concerns are not trying to sell inventions but worthless prospectuses, valuation reports, commercial appraisals and other worthless junk, which is of no value to most inventors.

"Patent attorneys charge inventors for their service," said Mr. Hartley, "and they should. Their labor deserves reward. Patent brokers also deserve payment for their services. I have letters from many inventors who have dealt with these flim-flam concerns. All of them pretend to do something for nothing. It cannot be done."

Mr. Hartley showed his caller a list of over 600 capitalists and manufacturers that he has interested in inventions in the past year, also a list of testimonials received from inventors in the past ten days. Some thanked him for selling their inventions and some for placing theirs on a royalty basis. He has hundreds and hundreds of satisfied inventors.

Mr. Hartley is the owner of Hartley's Reliable Patent Agency of Bangor, Maine, occupying one whole floor of his own building in Court street and a large and cap-

able office force to attend the many details of the business. He is also an inventor and the Hartley Automatic Fire Alarm is one of his ideas. He has put in a hundred hours a week in the past five years in studying methods of service to the inventors who employ him.

This broker has many letters every day from men looking for good ideas and inventions, one of which he had just received from a capitalist in Chicago who wants to invest \$50,000 in a good invention. Last year he advertised in thousands of papers and magazines and also places large advertisements in a local paper every few weeks. He wrote nearly 20,000 letters to capitalists last year and has saved the inventors lots of money. He is ready to furnish references of all kinds at any time, also names of inventors whose work he has sold. In a few years he has built up one of the largest businesses of his kind in the country. 46-1tp.

LAUNDERING BY HAND is obsolete!

TIME was, perhaps, when hand laundering had much to commend it to careful housewives. CYLINDER STORMIZING MACHINE

IF YOUR motor has lost its original "pulling power" on hills; if it has lost its snappy "pick up," hasn't much reserve power, nothing but a poverty producing appetite for gas, and pumps oil, the chances are the cylinders need to be restored to their original accuracy. STORMIZED.

Your cylinders have to be in good shape to get the most economical and efficient operation of your motor. That is why we are telling you this, and if you will come in we can tell you what your cylinders are up against and WHEN and WHY they need reNEWing.

We want to show you what STORMIZING is. Drive in and see a sample of the work. And at the same time let us look over your car and tell you just what is wrong, if anything, and what it will take to make it right. It might prevent a breakdown just when you need the old car most.

Sturdivant-Nunn Motor Co.

"I believe in the great, beautiful, God-made country. I believe in the peaceful hills, the sparkling waters and the silent forests. I believe in agriculture. I believe in the dairy cow. I believe that the foundation of all wealth lies in the soil. I believe in the dignity of labor and in the honorable calling of the farmer. I believe that success comes to him who recognizes opportunity and accepts it. I believe that my success depends not upon my condition in life but upon myself; not upon luck, but upon pluck. I believe that life's rarest privilege is to work, to feel, to know; that the most successful life is one of greatest service. I believe in giving the best I possess and demanding the best in others. I believe whatsoever is worth doing is worth doing well. I believe in myself; I dedicate my life to the proposition, 'I will.'"

The above creed of a dairy farmer is repeated this week for the reason that we believe it worth reading. It shows that there is the cultural side to dairy farming.

Not so many years ago it was considered a great accomplishment to produce a ton of pork from one litter of pigs in 8 months, but later it was found to be practical to produce litters that would make a ton in six months, and now it is easy to make a litter weigh a ton and a half in six months.

Farmers are producing hens that lay 25 dozen eggs a year, and this is both interesting as well as profitable.

It is very interesting to note the progress that has been made in breeding up the Jersey cows to where the yearly records exceed 1,000 pounds of butterfat production.

We give below the names of champion cows that have held the record since 1899 to 1923. Darling's Jolly Lassie has held the record since 1923 at 1,141 pounds.

Perhaps it would be too much to expect to equal any of the above records. The average cow produces about 150 pounds of butterfat per year. A cow that produces 300 pounds of fat per year is worth money, and while she is doing that may be depended on to raise a daughter that will produce 360 pounds per annum, while the grand daughter may produce 425 pounds by the use of right quality of sires.

and served after cafeteria style. The dinner, including hot coffee, was both bountiful and tasty. It is no exaggeration to say that after all were fed twelve baskets full were taken up. In the afternoon an interesting play entitled "Thanksgiving Ann" was put on by Post young people. After this the following topics were discussed, all under the general head "The Church Serving the Neighborhood": Visiting, New People, The Sick, The Discouraged, Home Making, a Christian Calling, The Church and the Young People, The Church a Spiritual Force. These topics were interspersed with the singing of appropriate hymns. After a brief business session the meeting closed. Many were the remarks of pleasure and appreciation of a meeting of this character. The next meeting of this sort will be held at the Snyder congregation.

Business Affairs
On last Thursday morning Ed Kennedy, railroad promoter, accompanied by his chief engineer, Mr. Clark, came to our town for a short conference. Following the conference these gentlemen were taken in cars by John A. Staveley and V. P. over the proposed route between Fluvanna and O'Donnell. At the latter place another brief conference was held after which the same party proceeded to Brownfield. Of course we may not know just what turn this enterprise may take, but the outlook is good for Fluvanna to get this road provided we do our part in a businesslike way. The railroad men seem to be well pleased with the prospective route shown. Should this route be adopted, the towns reached will be Snyder, Fluvanna, O'Donnell, Brownfield, Plains and Roswell.

Recently J. A. J. Jones sold to D. A. Jones six fine Hereford bulls. On last Monday D. A. Frizzell presented her husband, together with 34 of his own, making forty head of registered males, to J. C. Another item of business which will be of interest to you, Mr. Editor, is the fact that Mrs. Koonee is sending cash for a full year's subscription to your good paper, same to be sent to her father in Freestone County. A lot of folks might do something of this kind for the folks back home.

Sickness
On last Saturday F. W. Lavelander was informed that he must take his daughter, Jewel, age 12, to a sanitarium at once, the trouble being appendicitis. Accordingly, the family, accompanied by Pete Ainsworth and Mrs. H. H. Haynes, hastened to Abilene where Jewel became a patient in the Baptist Sanitarium. At latest report the operation had not been performed, but the patient was resting well.

A few days ago Mrs. Mary Lee Frizzell presented her husband, Tommie, with a fine pair of twins. No doubt Tom is proud of these babies. Mother and children all doing well at last report.

Mrs. Gene Trussell has been right sick for several days.

Mrs. Bos Staveley was sick with cold the first of the week.

John A. Staveley was sick the first of the week but is out again.

Mrs. Era Fry is said to be suffering from rheumatism.

Mrs. H. C. Flournoy, whose health has been bad for a long time, was reported quite ill the first of this week.

Mrs. John Weems received a message Monday from Alabama stating that her father, age 97, was ill and not expected to recover.

Visits and Trips
S. C. Hutchinson and wife of Lubbock, accompanied by Mr. Mooney of Heart, Texas, were here Monday on business.

One Mr. Boles of Snyder was here Monday on business.

Judge C. E. Reader of Lubbock was here Monday on business.

W. C. Davidson and family of Camp Springs spent Sunday here visiting Mr. Davidson's sister, Mrs. Bos Staveley.

Judge E. M. Kirby of Abilene was here on business last Friday. Jim Green and wife, Fletcher

Green and wife—all of New Mexico—Wayman Green and family, Will and Mrs. Wood, all of Ira, Mrs. Mattie Dowdy of Snyder and other local relatives all had dinner with J. F. Dowdy and family last Sunday.

Miscellaneous Notes

Our high school senior class, accompanied by Clifford Haynes and Miss Lela Hunnicutt and all the teachers, hid away last Tuesday evening to "The Peak," near Gail, where they enjoyed a class picnic.

John Truss is spending some two weeks in Abilene attending Federal court.

Thomas Matlock, our very efficient mountain road builder, having spent the winter here and in the meantime completed our caprock road, is so well pleased with this locality that (although he and family must return to Arkansas for a time) he has paid rent three

months in advance on the house he is now using, with a view of returning in the summer. When folks really know Fluvanna an vicinity they are usually loth to leave it, and we don't blame them. C. L. Ray, Jim Mears, John Jones and J. C. Johnson are all having the carbide lighting system installed in their homes. A fine thing to do! These people are evidently providing adequate lights in order to be able to read the papers—the Scurry County Times-Signal, for instance—thus keeping themselves informed.

Will Clawson says he can't do without the paper, hence he is renewing for another twelve months of good reading.

After having reflected on the burdens and anxieties carried by the president of the United States most of us here in Snyder have chosen not to run for that office this year.

THOSE WHO COULD BEST AFFORD TO BE CARELESS SELDOM ARE

If carelessness about lubrication were merely a matter of wasted money there are plenty of well-to-do people who would never give the matter a second thought.

But to have a car's performance on the road spoiled! That's another story, and a sad one. Swift, comfortable, silent transportation; that is what you expect from your car today, and that is precisely the condition that Texaco Motor Oil facilitates to the maximum.

But the big point, after all, that one gains at the sign of the Texaco Red Star and Green T is—*absolute certitude of clean, clear, golden motor oil of the right grade, Texaco.*

The Texas Company's refinery engineers for years sought to find methods which would remove everything from motor oil that was not lubricant.

When this super-refining was perfected the resulting oil was of a pure golden color. To have made a motor oil of real body so pure was a real triumph. The results you see and experience today every time you are supplied with golden Texaco Motor Oil.

SOCIETY

THURSDAY NIGHT BRIDGE CLUB MEETS

A very lovely party of last week was extended to members of the Thursday Night Bridge Club by Mr. and Mrs. Albert Norred at their home.

A color scheme of yellow was carried out in decorations and table accessories with angel squares iced in yellow and ice cream molded into the form of a rose furthering the motif. Interest was high in the bridge games of the evening and at the termination of the play high score awards went to Mrs. George Oldham and Wayne Boren, while guest prizes were received by Mr. and Mrs. George P. Smith.

Those present were Messrs. and Mrs. Forest Sears, Ivan Dodson, Clyde Shull, W. T. Raybon, Sam Hamlett, Dick Randals, George Oldham and Wayne Boren, members; and Mr. and Mrs. George P. Smith and Mr. and Mrs. Raymond Simms, guests.

FRIENDLY HELPERS MEET

Mesdames O. D. McGlaun, Dee Singletary, E. C. Neely and Carroll Moore were hostesses to the Friendly Helpers Club last Thursday afternoon at the home of Mrs. Neely.

After the business of the club was attended to, the game of forty two was enjoyed. A delicious salad course was served to the members and the following guests: Mmes. Nolan Von Roeder, W. R. Bell, Rhea McFarland, J. W. Harrison, E. M. Merk and the Misses Ila Martin, Alma Nell Morris and Davida Curry.

ELOISE SCOTT ENTERTAINS

Miss Eloise Scott was hostess to several of her friends Sunday with a luncheon at the home of her parents. Those enjoying this hospitality were the Misses Vera Nell Grantham, Martha Gray, Mary Lynn Nation and Dave Sudeth, Max Brownfield Herbert Bannister and J. D. Scott.

FRIENDSHIP CLASS AT UNION ENJOYS PICNIC

Miss Della Carrell entertained the members of the Friendship Class with a picnic at Dripping Springs Sunday. After a number of outdoor games had been indulged in, a picnic lunch was enjoyed by about thirty members and guests.

PICNIC GIVEN IN HONOR OF THE MISSES MARTIN

The members of Mrs. H. G. Towle's Sunday school class entertained with a picnic at Wolf Park last Wednesday night, naming as honor guests Misses Myrtle and Ila Martin, who are leaving this week for their new home in Dallas. Many games were entered into with enthusiasm, after which a delightful picnic feast was enjoyed by the following members and guests: Mary Strayhorn, Neoma and Cecile Strayhorn, Hattie and Gertrude Herm, Elvins Curry, Fay Morgan, Davida Curry, Stella Cole, Jessie Lee Stinson, Abbie Mae Crozier, Alma Nell Morris, Edith Grantham, Mary Margaret Towle and Mmes. Amos Joyce, Melvin Blackard, J. P. Nelson, Lee Newsom, H. G. Towle, and the honorees, Misses Myrtle and Ila Martin.

CHRISTIAN LADIES ENTERTAIN

The Ladies Aid of the First Christian Church entertained the ladies of other auxiliaries of the town Monday. A nice program was given by members of different societies after which partners were chosen and a Bible contest enjoyed. Refreshments of cake and ice cream were served to about eighty guests.

BUSINESS WOMEN MEET

Thirty-five members of the Business and Professional Women's Club met at the Manhattan Hotel Tuesday night with Mrs. Joe Cato as chairman, assisted by Mrs. Pete Bridgeman. The Misses Inez Baze and Georgia Bolin were hostesses. The following program was rendered:

Piano solo, Mrs. Melvin Blackard.

Talk by Secretary M. G. Evans. Vocal solo, Earl Sparks, accompanied by Mrs. W. C. Hooks of Dunn.

Story, by Miss Martha Gray.

Several guests were present and our new members were added to the organization which is thriving and will be a leader in doing constructive things for Snyder.

IRA WOMEN'S CLUB

The Ira Club met Thursday of last week at the home of Mrs. Geo. Lewis. A milk and egg demonstration was given, and goldenrod eggs and toast and boiled custard were served to the members present. A short business session was held after the lunch.

MRS. LOIS KRUSE.

The club met with Miss Davis April 17 and had a foods demonstration on cottage salad and boiled custard. After lunch the girls all worked on their sewing. The next meeting will be at the

YO SAN CLUB MEETS

Mrs. D. S. Singletary was the gracious hostess to the members of the Yo San Bridge Club Tuesday afternoon at the home of Mrs. E. C. Neely.

Three tables were neatly arranged for the afternoon's entertainment at Bridge. After a series of games had been enjoyed, a tempting plate lunch was served to the club members and Mrs. Billy Boren of Amarillo and Mrs. Mrs. E. C. Neely, guests of the club.

SINE CURA CLUB MEETS

Mrs. Wm. Wilsford was a charming hostess to the Sine Cura Club members at the Wilsford Tea Room on Tuesday afternoon. On the usual play of bridge, Mrs. Ivan Dodson won high score and Mrs. G. A. Hagan second high. A delicious two course plate luncheon was served to Mmes. R. H. Curritute, W. R. Johnson, Ernest Taylor, Ivan Dodson, H. G. Towle, J. M. Harris, E. J. Anderson, W. B. Lee, G. A. Hagan, Wayne Boren and Geo. F. Smith.

HAPPY CAMP CLUB

The Happy Camp Club held its second meeting for April Tuesday afternoon in the home of Mrs. Annie Jewell Metcalf. Mrs. Smith helped Mrs. Pollard give a milk and egg cookery demonstration. They prepared creamed eggs on toast, boiled custard with baked meringue. Fifteen were present, two being new members. After a short business session and roll call the club adjourned.

MRS. JIM BEAVERS.

BIRTHDAY PARTY

Tuesday Miss Nell Carleton, daughter of Mr. and Mrs. W. B. Carleton entertained fourteen of her friends with a birthday party. The guests arrived at the home about four o'clock and games were played, when presently they were led to the dining room where sandwiches, cakes and cherry lemonade were served, the table being decorated with a snow-white cake with twelve candles and roses.

The games and refreshments were enjoyed by Misses May Jo Glen, Louise Carleton, Doris Erwin, Evelyn Raybon, Dorothy Terry, Lyndal Westbrook, Lora Keathly, Nadine Keith and Georgia Maule.

ALTRURIANS MEET WITH MRS. HUGH TAYLOR

The Altrurian Club held its regular semi-monthly meeting Friday afternoon at the home of Mrs. Hugh Taylor.

Mrs. H. G. Towle, president, called the house to order, and the roll was called, each member answering with quotations from the lesson. The lesson on Minstrelsy in Poems was ably led by Mrs. L. T. Stinson. Those taking part in the program were Mmes. C. R. Hamilton, W. E. Smith, C. W. Buchanan and Mrs. J. M. Harris.

After the program a two course luncheon was served to the members and two out-of-town guests, Mrs. J. L. Newman of Sweetwater and Mrs. T. A. White of Lubbock.

CAMP SPRINGS GIRLS CLUB

The Willing Workers and High Climbers met at the home of Mrs. J. E. Smith April 24. Miss Davis gave a foods demonstration on boiled custard. She handed out some pamphlets, "Balanced Meal Planning," and "Salads and Desserts Made the Day Before." Miss Davis also explained the "Protective Diet," and explained and demonstrated the correct setting of the table.

Don't Neglect Your Kidneys! You Can't Be Well When Kidneys Act Sluggishly. Do you find yourself running down always tired, nervous and depressed? Are you stiff and aching, subject to nagging backache, drowsy headaches and dizzy spells? Are kidney excretions scanty, too frequent or burning in passage? Too often this indicates sluggish kidneys and shouldn't be neglected.

Doan's Pills, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of waste impurities. Doan's are endorsed everywhere. Ask your neighbor!
