## TEXAS AND TEXANS

BY WILL H. MAYES

Texas Thoroughbreds DID know that there are some two hundred Texans engaged in breeding and raising thoroughbred race horses; that there are several million dollars invested in thoroughbreds in the state, with at least one stable of such horses worth a million and several where the investment runs into hundreds of thousands? Did you know that a large number of the fastest horses on the race tracks of this country are Texas bred and raised, and that a profitable Texas industry is breeding and training race horses for eastern horsemen? Did you know that horsemen generally regard Texas as about the best state in the country in which to raise and train horses? I did not know any of these things until I spent a day recently at the Brownlee ranch in Burnet County, where I saw some of the best thoroughbred horses and mares of the state and learned something about a business that is, along with most other Texans, know very little. Houghton Brownlee, an Austin lawyer, and owner of the ranch, who is also what he terms "acting president" of the Texas Thoroughbred Horse Breeders' Association, now in process of organization, was my host and informant.

Reviving the Business HORSE racing has been "in bad" in Texas for a number of years and justly so because of the practices of bookmakers and the lack of any uniform, legalized control. Horsemen frankly state that bookmaking, betting, drinking and "trickery" have been responsible for conditions which the best class of horsemen do not approve, but which they are powerless to control. They believe that state regulations, supervision and control under proper legislation would make horse racing in Texas the popular pastime and sport that it is in the North and in European countries, and would also soon make Texas the greatest thoroughbred breeding and training country in the entire world. They say it is recognized that the soil here, underlaid as it is with limestone, lime rock, produces the grass that makes the best horses; that the dry, sunny climate develops the best lungs and heart action; that horses pastured on mesquite grass, soil, on limestone subsoil, and trained in the light Texas sun, are unequalled powers of endurance.

Why Regulate Racing? THEY regard racing contests as essential to the development of race horses just as the schools regard football, baseball and basketball contests helpful in the development of the best athletes. Breeders want to train their horses where the stables can contend with each other under the protection of the law, and free from the objectionable practices that have practically ruined public racing, and in a climate such as Texas has in winter, but which can be found nowhere else except in Mexico, where gambling and drinking are at their worst. They want to know in advance under what rules and regulations they will have to race their horses, whereas now every racing association makes its own rules and often changes the mwthout a moment's notice, and even the most reputable fair and racing associations are at liberty to let out the racing privileges to persons who too often resort to questionable methods of increasing their profits. Texas horsemen believe that state control under proper legislation will encourage racing as it has in other states, and will bring to Texas as thousands of eastern and northern horses every winter for training, and that horse racing will become a source of great profit to Texas, as well as a stimulus and encouragement to the thoroughbred industry of the state.

No better time to start than on Mothers' Day!

## Peanut Acreage In This County To Be Doubled

Crop Outlook Improved By Small Rains Over This Section

Scurry County will double its peanut acreage over last year. Available reports show 1000 acres will be planted, says Sec'y Evans of the Chamber of Commerce. J. Wright Moar of Union community will plant 100 acres on his farm, and on other farms the acreage will be doubled.

The farmers last year averaged \$27.50 per acre, which was a better average than cotton. They had the peanut hay left to feed their stock. The shelled peanuts were pooled and sold in carload lots for \$1.25 per bushel. Two carloads were bought by an Abilene peanut factory.

With the advent of 6,000 dairy cows the peanut hay will take the place of alfalfa which many farmers prefer to feed. A recent mixture of cotton seed, threshed peanut hulls and ground maize was tried by Emmett Trevey of the Sharon community, and it proved to be far ahead of some other preparations.

With 120,000 acres planted in grain sorghums and 140,000 acres in cotton, the farmers will have a variety of feed, and the dairy industry will be sufficiently supplied. The grain also will help to feed Scurry County's 200,000 chickens, 8,000 hogs and 40,000 turkeys.

To insure and promote the dairy industry, three registered bull circles with 13 bulls have been formed.

In addition to grain sorghums there are 2400 acres of wheat, 600 acres of oats and 600 acres of barley.

Only 56 per cent of the county is in cultivation. The 44 per cent or 257,000 acres in pasture land feeds 5,000 pedigreed sheep, 12,000 beef cattle and 600 dairy cows.

The county produced approximately 37,000 bales of cotton this last year. By diversification the farmers, with the aid of County Agent C. C. Willis, have terraced more than any other county in the state.

With an abundance of pure water underlying this section, water for all purpose can be had at a minimum cost.

The county ranks second in agricultural products in the state.

## Scurry Delegates Uninstructed Dry

The County Democratic Convention selected delegates and alternates at their meeting Tuesday afternoon at Beaumont, uninstructed.

County Chairman J. M. Harris opened the meeting, and Judge Buchanan was elected to preside during the meeting with Warren Dodson acting as secretary. Most enjoyable was the words "till between F. I. Townsend and T. J. Delette regarding whether or not the delegates would go on record favoring Jesse E. Jones, Mr. Townsend said "No." Mr. Delette said "Yes." In a vote, the delegates overwhelmingly voted with Mr. Townsend.

The delegates selected were C. R. Buchanan, J. F. Lawless, Horace Hulle, C. F. Sentell, F. I. Townsend, R. S. Normet, Henry Wellborn. Alternates were Warren Dodson, Mrs. C. R. Buchanan, F. A. Miller, Walker Huddleston and Mrs. C. C. Higgins.

The Committee on Resolutions urged the state-wide harmony resolution denouncing the Republican party for bribery, graft and corruption; endorsing prohibition and favoring it as a part of the plank adopted at Houston, and the further enforcement of prohibition; favored all delegates to be instructed to vote as a unit for Governor Dan Moody as delegate at large.

The Beaumont convention is to be held May 22.

DAVIS GIVEN 99 YEARS AT COLORADO Henry Davis, 24-year-old negro, was sentenced to 99 years in the state penitentiary at Huntsville in a verdict returned by a jury at Houston, Friday. Davis was charged with the murder of Ernest Hardin, a farmer found knifed to death near Colorado April 14. Jim Brooks, 40-year-old negro, confessed slayer of Hardin, has not been indicted. He is a member of the George Mahon, district attorney.

The Hermleigh Club boys have a prize of a setting of eggs to go to the winner of the debate. Resolved that the Rhode Island Reds is a better breed of chickens than White Leghorns for Scurry County. Pyron started with a bang with nearly all of the boys in the school, and when all of the enrollment cards are in it will rival the biggest club in the county in size.

I. S. Davis has purchased a ranch in Johnson County and will move there next week. The Davis family has been outstanding in the county, and it is with regret that they are leaving here. The best wishes of a large circle of friends go with them to their new home.

## National Guard Plans Big Camp

Lt. Wren O. Moore of the local Co. "G" 142nd Infantry, returned Monday from a conference of the officers of the 142nd Infantry at Fort Worth concerning the encampment at Camp Palacios in July.

At the meeting many items regarding the summer encampment were mentioned. There are many improvements going to be made of this year among which are electric lights. While there Lt. Moore made arrangements to have the area of Co. "G" put in tiptop shape. In order to make the summer encampment which is being held at Palacios on Matagorda Bay July 7 to 22, it is necessary that men who desire to go and are not now members of Co. "G" enlist immediately. Lt. Moore said that room can be made for only a limited number of men. It is doubtful if over 10 men can be enlisted. Those who are interested should make the necessary arrangements at once. At the same time the earnest cooperation of the people of the county and city is asked, that as many of the men of the company as possible may make the trip.

This is final class work week for the Senior Class of Snyder High School.

Hermleigh citizens held a clean-up day last Thursday to their streets and alleys of every available tin can.

Jim: "I'll beat you to a jolly. Tim: What flavor?"

## Another Victory For Snyder High

Snyder High School should be congratulated for the place it occupies in the annual Snyder team boys won in the annual Smith-Hughes contest at A. & M. College recently. The boys entering the winning team were Eugene Higgins, Herman McPherson and Arthur Duff. These boys won fifth place, contesting against 41 other teams from all over Texas.

We boast of the fourth largest class in the state and the best punch of boys that ever studied vocational agriculture.

The efforts of those Snyder folks who sponsored the trip to A. & M. College will soon be forgotten, but the lessons gained by the boys will be lasting and appreciated throughout their lives.

Schools closing this week include Bell, China Grove, Sulphur and Ira.

Messrs. Hays & Elder have purchased the City Cafe at Hermleigh, taking charge at once.

## Lions Honor Mothers at Meet

Members Bring Mothers and Guests to Special Occasion

Within the garden of your heart May sunshine smile each day, And may the flowers of happiness And blessings bright and gay Unfold in all their beauty To cheer you thru and thru, And keep your heart as happy As mine is, having you.

The Lions Club turned their entire program yesterday over to the mothers of Snyder, each member bringing his own mother or someone else's mother and enjoying a fine program as ever given members. The social hour was one of pleasure and enjoyment both to club members as well as the recipients who voiced their approval through Mrs. C. R. Buchanan. Twenty-two mothers were present to the hour was a chicken dinner that hit the spot, with the Girls' Glee Club under the direction of Miss Mary Strayhorn rendering three welcome numbers that were well received.

The young ladies, all thirty-two of them, made a fine appearance and gave one of the most acceptable groups of numbers ever given the club membership.

Starting the speaking program, President Wedgeworth paid a fitting tribute to the memory of mothers, telling the reason for and the starting of a custom that has spread to all civilized parts of the world. Especially pleasing and thoughtful brought out by the speaker who knows his subject.

H. W. Stanley of the Gateway Club, El Paso, who had promised to be here for the occasion, was held up at Colorado with car trouble and did not arrive until after the meeting. He has promised to return at a later date.

Lion O. P. Thrane read a poem dedicated to mothers everywhere.

Respects were paid to Lions A. J. and H. G. Towle in the loss of their mother, Mrs. Sarah Towle, aged 80 years, at York, Neb., Monday night.

The speaker then had each member present who was accompanied by his mother, stand and introduce her. The ceremony was something that stuck with the heart and was so pleasing to the attendants that the club has gone on record to hold a like ceremony every year. Other members then introduced the mothers whom they had brought, which but further added to the pleasures of the afternoon.

The Lions will send a group of delegates to the state convention at Wichita Falls May 21 and 22.

## County Council Meets Saturday

The County Home Demonstration Council met Saturday in the offices of Agent Jessie Lee Davis with representatives from six clubs of the county being present. The council is composed of all the presidents and secretaries of all the clubs in the county.

Plans for sending winners in living room, house dress and butter judging contests to the short course were discussed.

Mrs. J. L. Carrell of Union, county chairman, was unable to be present at the start but arrived before the conclusion of the program. She reported that she was detained at home owing to being locked in the barn and was unable to get free until a member of the family arrived.

Home demonstration work in Scurry County is progressing along in fine shape, and all are cooperating with one another for advanced work.

Messrs. Hays & Elder have purchased the City Cafe at Hermleigh, taking charge at once.

Schools closing this week include Bell, China Grove, Sulphur and Ira.

## Girls Hurt in Accident Near Fluvanna Sat.

Defective Brakes Cause Bad Wreck on New Caprock Highway

A truck loaded with eight Snyder High School basketball girls and others plunged madly down Fluvanna's new caprock road Saturday night, severely injuring three of the party. The girls were on their way to a moonlight picnic.

The girls left Snyder Saturday afternoon to spend the week-end with Little Mary Clarkson and spend the evening at the foot of the caprock road. Lucille McCaleb, whose face was badly bruised, said: "As we started the descent, I smelled the brakes burning. We had gone only a short distance when we found we were dashing madly toward a sharp curve in the road. The driver made the first curve, but the second was too short, and we headed toward the bottom. When the driver, Ben Clarkson, ran the truck into a tree, the truck was hurled over, and we worked our way clear of the wreckage."

If the truck had gone over at the first curve it would have plunged hundreds of feet down the sides of a canyon, taking the lives of the occupants almost instantly. They were rushed to the hospital at Snyder for the first aid treatment. The injured were: Mae Jo Glenn, collar bone broken and arms severely bruised; Leota Glenn, head injury and bad scalp wound requiring 13 stitches.

Rowna Grantham, scalp wound requiring 5 stitches. Ardelle Langford, back severely sprained and several bruises. Gladys Lewis, face and arms badly scratched and bruised.

The others were shocked severely, but only minor bruises were received by them.

This accident demonstrates beyond any shadow of a doubt that the commissioners of Scurry and Garza Counties must build a heavy retaining wall fence that in case of a like accident as happened above, a plunge over the cliffs would be made impossible.

This is sounded as a warning now to these officials that this improvement must come—not in two or three years—but right now.

## Methodists Meet At Colorado City

The Sweetwater district conference of the Methodist Church was held in Colorado last week. One hundred and thirty-eight visitors were present at the opening of the conference proper Wednesday morning.

Ministers and laymen from the following churches responded to roll call: Big Spring, Blackwell, Coahoma Circuit, Colorado, Dora Circuit, Dunn Circuit, Fluvanna, Hamlin, Hermleigh, Longworth, Loraine, McCauley, Roy, Roscoe, Rotan, Royston, Snyder, Stanton, Sweetwater, First Church of Sweetwater, Highland Heights, Sylvester and Westbrook.

Judge C. C. Thompson welcomed the visitors in Colorado on behalf of the church, and Dr. P. C. Coleman in behalf of the city. Rev. L. N. Lipscomb, presiding elder of Sweetwater, presided over all the sessions. Rev. Sam H. Young and Rev. Raymond Van Zandt of Blackwell were elected secretaries of the conference.

## Big Real Estate Deal Completed

One of the largest real estate deals consummated with Scurry County property was completed at Abilene Saturday when Joe Rucker of Oplin purchased for a cash consideration of \$78,000 the I. S. Davis ranch and the six-section R. M. Miller ranch. Both ranches are located north of Snyder.

The entire transaction was completed by John Spear of this city and W. G. Briley of Abilene.

The new owner has resided in the Oplin community in Callahan County for the past 27 years and has built up a reputation as a successful farmer and ranchman, and it is his intention to stock the local ranches with high grade Herefords and to pursue the same activities as during his previous life. Mr. Rucker has a son, H. D. Rucker, who is now associated with Snyder High School.

The Times-Signal joins in extending the finest welcome to these new residents, hoping that their residence in Scurry County may be long, prosperous, happy and successful. Every West Texas as County needs such fine citizens.

## Snyder's Band Holds First Meet

Enthusiastic was the meeting of the new Snyder Band members at the Chamber of Commerce Monday night when seventeen members were present to meet with the director, Glenn Sample. The body agreed to meet every Monday and Thursday nights at the City Tabernacle, commencing next Monday night. More than a dozen sent word to the meeting that they would join and attend the first practice session which will start off with around thirty members.

The men who joined at the meeting were Jess Woosley, bass; E. J. Bradbury, trombone; Cleve Blackard, alto; John Payne, Hugh Boren Jr., Raynes Sparks and W. W. Hull, cornets; Francis York, clarinet; Joe T. Johnson, saxophones; J. K. Woosley, George Eoff, Dodson Smith, clarinet; Bob Gray, bass drum; Bythel Martin, snare drum; Glenn Sample, clarinet, and Fred Yoder, baritone.

Every person in Scurry County has an invitation to join Snyder's band, and is open to the ladies as well as the gentlemen. Director Sample hopes to have not less than thirty at the first practice.

## Hermleigh Boy Lariats Coyote

Master Buster Gardner of Hermleigh brought the spirit of West Texas to life in that town Saturday morning when he drove into town with his lariat around his neck, a coyote, says the Herald. He was looking after grazing cattle on the Mason ranch when he rode upon the wolf. This afforded him the opportunity he long had sought. Buster has a long and hard battle with coyotes, and he has had to kill many of them. He is now looking for a coyote to lariat around him. His cow pony fell in line with him and overtaking the "speed demon" he threw the rope around her, catching her by a hind leg.

It must not have been an easy thing for him to handle the "snapping sister," but somehow Buster brought her bound both mouth and neck into town early Saturday morning. It was quite interesting to hear the small Gardner boy brag about his feat.

Thomas Matlock was the overseer of the biggest gathering in the history of their town, which brought sugar cured hams, baked chickens, cakes by the score, pies by the hundred, and most anything that you would want to mention was included in the sumptuous repast. No one who was not present could come close to the delectable and delightful menu that was served. It really was and is beyond description; it was that good and that plentiful.

Buster is quite a remarkable youngster and is the son of Mr. and Mrs. Elmer Gardner, who live west of Hermleigh. He is president of the Hermleigh 4-H Club.

## AMATEUR BOUTS GET LARGE ATTENDANCE

Friday night's amateur boxing program sponsored by Company G drew the largest crowd that has ever attended one of these functions at the City Tabernacle. More than 500 people swarmed the seats to witness some of the best amateur bouts ever held in this section.

The main bout of the evening with Claude Hutcherson of Texas Tech against Chuck McCurry of Jayton was alone worth the price of admission. The Texas Tech welterweight, carried a punch that speled a knockout for his adversary after fifty seconds of the second round had gone. This boy Hutcherson carries a wallop mixed with an unerring speed that easily won him the bout.

Haynes of Fluvanna and Smith of Dermott gave a fairly good "loving" exhibition. The crowd would enjoy seeing these boys train and give a real exhibition. Both are heavyweights that could pack a wicked wallop.

Buddy Miles, colored, with one mule-kick after the start of the first round laid his adversary, Bill Cluny, and gave a real exhibition. Both are heavyweights that could pack a wicked wallop.

Marshall, Lockett started a wallop from his shoe-tops that took Denson on the chin, and he was leaving the birdies warble in the springtime.

A preliminary between Hugh Taylor Jr. and A. R. Crowder furnished plenty of enthusiasm to start the show off. Taylor had a sharp better of the argument. "Bill" Hutcherson refereed the bouts, and Bob Boles furnished the ringside enthusiasm with Shorty Merrill also spreading the word at the proper time.

The next bouts will be held May 18 when Corporal Tow sent in for the main go. This will be a pippin. Don't miss it.

Improving Gin J. R. Joyce & Sons are improving their gin with a new boiler equipment that will be enclosed in a new brick addition.

"Now I am getting into the game," said the tadpole as the wild duck swallowed him.

## Caprock Scenic Highway Opened With Ceremony

Large Crowd Attends Haj Picnic North of Fluvanna Last Thursday

Appropriate ceremonies marking the opening of a national highway were indulged in near Fluvanna Thursday when the Cap Rock Scenic Highway was officially opened to traffic. The new road leading north from Fluvanna down off the cap rock means a sister loop highway 1 State Highway No. 7 that means two good routes north from Snyder to Post, Lubbock and Amarillo.

Citizens of Scurry and Garza Counties, including the members of both Commissioners Court gathered at the picnic grounds established at the base of the cap rock in a program that firmly cemented better and finer relationship between the two counties with the thriving city of Fluvanna official host on the occasion.

La cated among the most beautiful scenery imaginable, the picnic grounds were taxed to their capacity with the crowds that swarmed in from all four corners of these two counties to assist Fluvanna in a celebration that they have been looking forward to for years.

With Rev. James H. Tate master of ceremonies, the program got under way early with Rev. Tate broadcasting the hearties welcome that any crowd would desire. The Village Preacher, as a know Rev. Tate, is a master orator, spicing his talk with personal references that fairly bristled with keen humor and truth; wit and made the visitors so real to meet and glad to know they were there. County Superintendent Bullock responded for the crowd and made it plain that the address of welcome was receptive to all and that it was a keen pleasure to meet and assist these people of Fluvanna and those of the two counties.

And then it happened! Folks you have visited barbecues and large gatherings, but if any table ever groaned more heavily under the weight of the good things of life, then the writer of this article has not been present. The main

**77,500 Feet Mains Laid**  
The Community Natural Gas Company has laid 77,500 feet of gas mains in Snyder, which is 11,000 more feet than placed at Colorado. Wonder what Jim Greene will say about that?

**CALLED HOME BY DEATH**  
Messrs. A. J. and H. G. Towle received the sad news Monday that their mother had died near the old home in York, Neb., that day. A. J. Towle left at once to attend the funeral. Snyder citizens grieve with these sons in the loss of the best friend that God gives us in life.

#### How to Recover Lost Strength

Abilene, Texas.—I can heartily recommend Dr. Pierce's Golden Medical Discovery to any one who is in need of a good tonic. I take it in the fall to fortify myself against colds and gripes. I also take it in the spring and find it of great benefit. In the winter of 1919 I had a severe attack of influenza which left me in bad condition. I did not want anything to eat, could sleep but little and was very nervous. I took two bottles of the 'Discovery' and it made me feel like a new man.—J. B. Matthews, Gen'l Del. All dealers. ### "Every last button in its place when washed with the NEW Maytag"

**A** LONG with several other features of convenience, this latest Maytag incorporates a new method of soap and water removal—the safest, gentlest, but most efficient method ever devised.

The top roll of the wringer is made of compensating rubber. This soft roll with large working surface rides on the firm bottom roll much like a balloon tire hugs the pavement. Instead of riding on the high spots, it penetrates every fold of the clothes the full length of the wringer. Everything is wrung thoroughly yet so gently that the most delicate buttons or filmy lace go through unharmed, and without pressing in hard-to-remove wrinkles. There is also

a new safety feed—an exclusive Maytag feature. This new Roller Water Remover is exclusively owned and controlled by Maytag.

Try a Maytag on your next washing. Experience the joy of complete freedom from hand-rubbing; of a cast-aluminum tub that keeps the water hot throughout a big washing, that cleans itself and empties itself. An average washing only takes an hour with a Maytag.

## BANK YOUR MONEY

The spendthrift spends his hard earned kale  
And when he's sick or old and stale  
There is no work that he can do;  
His lot is hard and friends are few.

His friends would loudly sing his praise.  
So do not be a spendthrift crank,  
But take your money to the bank.

his term in office as to his ability to qualify again.

Sheriff Frank Brownfield talked at length of his duties and of his hopes and his record. Jim Reynolds followed and told what he would do should he be elected sheriff.

County Supt Bullock got a good hand when he told of his desires and his thought on the rural school situation with Sterlin A. Taylor stating his qualifications for tax assessor. Several Garza County candidates were then introduced and spoke briefly.

Following the program a large number remained for a good old-timey sing-song under the arbor that had been provided. A larger crowd went to town to witness a polo game between two picked teams. The Fluvanna-Post baseball game drew a large crowd, with Fluvanna winning a hard tussle 8 to 7. Batteries for Fluvanna were Ramsour, Smith and Alexander.

Thus ended a truly remarkable day's program in which the citizens of Fluvanna made themselves better known as royal entertainers, with a citizenship that stands second to none in this or any other section of the state. Folks were heard to say on every hand that they never had a better time, and that thought also comes from the throats of those Snyder folks who were so lucky as to be there.

### ROTAN WILL SOON HAVE GOOD WATER

The first shipment of pipe for the water line to Camp Springs arrived in Rotan this week, says the Advance. This will surely remove any doubts in the minds of anyone as to whether the Camp Springs extension is going to go through or not.

The line to Camp Springs has been surveyed and the right-of-way has been secured with the exception of two small gaps, one near the Rotan end and the other near the Camp Springs end of the line. It is believed that the controversy regarding these places may be settled soon.

The ditching machine will start work soon and will be followed by pipeline crews as soon as the ditch is opened. Meanwhile the machinery for the wells has been ordered and is now probably on the way, so the work seems to be going right along, and before you know it, Rotan will be using that good Camp Springs water.

means of getting off the caprock to provide a bit of scenery that cannot be excelled in all West Texas. The gradual decline off the caprock is more than a mile in length with safety turns provided by the engineers.

Included in the committee on arrangements were John Jones, Rev. James H. Tate, J. M. Hunnicutt, Jim Jones, W. P. Sims and E. Hamrick, with the merchants and citizens of Fluvanna cooperating to a person. The Fluvanna Orchestra rendered a fine program during the afternoon which preceded the long speaking program that was provided for candidates to tell their qualifications for the offices they sought.

Sec'y M. G. Evans of the Scurry County Chamber of Commerce gave a short talk on the opening of the new highway and Snyder's interest in helping Fluvanna to popularize this scenic route. County Judge Holley told of Scurry County's activities in the new road, followed by County Judge H. G. Smith of Post, with D. A. Jones of Fluvanna following, one of the true blue boosters of that entire section.

Then came the candidates. Warren Dodson, Scurry County attorney, brought a thought to the meeting that was immediately voted upon unanimously—that this picnic ground would be the scene of a joint county picnic every year. The thought was no more quickly advanced than John Browning of Garza County said he would donate a beef, followed by D. A. Jones of Fluvanna, who would give another. Arrangements for the picnic will be left with the citizenship of Fluvanna.

 Sunday is Mother's Day, and will observe it at our church. We want all the mothers and their present. A special day apart in which to honor our mothers is a beautiful and helpful thing. What do I owe to my mother? This question, if answered honestly by everyone, would make us better men and women. The most precious and beautiful among all of God's created creatures is a woman. The sweetest name for woman is that of mother. The three most beautiful words in our tongue are other, Home and Heaven. Come, let us do honor to her name.

**UNION DOTS**  
 We had a good day out at Union Sunday. The Sunday schools were well attended, as was the preaching at 11 by Bro. Nipp, the pastor of the Baptist Church. The League gave a splendid program at 7:15 with more than a hundred in attendance. Brother Nipp preached again at night.  
 Say, Editor, get the madam and the babies in the old bus some Sunday evening and come on out. It will be good for you, and you might just pass the invitation on to the lino-type man and also the d-- and Percy.  
 Everybody out this way is busy wishing the weather would get a little more moisture mixed with the sand.  
 The writer, in company with J. T. Biggs, S. W. Light, T. L. Gee and the Rev. W. H. Harris, attended District Conference at Colorado Wednesday and Thursday of last week. The conference was well attended from all over the Sweetwater district.  
 The light rain last Wednesday night helped to keep moisture in the sandy lands, and those who have such land and had it planted are getting stands.  
 Bethel school closed last Friday with a nice program that night at the Methodist Church. The house was filled to capacity, and a great many could not get in—and that

causes the writer to rare up and say that there should be a large tabernacle built at Union. The Bethel school had a splendid year of work, which might well be expected with L. M. Bynum as principal, Mrs. Rhoades of Snyder as intermediate teacher and Mrs. H. H. Jeffries as primary teacher. The board of trustees have requested each of these teachers to continue with the Bethel school another year.  
 We have heard several gentlemen remark that if it doesn't rain real soon they are going back to East Texas and get a job hoeing. Now, you know we just can't get our imagination to work so much overtime that we believe those fellows are half way in earnest. Say boy, those fellows don't near want to take a noose neck and tackle a real crab-grassy row. No Siree, Bob Johnson! They're just bluffing.  
 J. T. Biggs and wife spent the week-end visiting their son, Rev. Ivey Biggs, and family of Dallas. Some flu over the community, which is not comfortable to have or even talk about.  
 So note it be.  
 J. L. CARRELL.

**UNION CLUB REPORT**

The Union Club met with Mrs. R. L. Jones Friday of last week. There were fourteen members and one visitor present. Miss Davis explained about the house dress contest, and all who were there joined the contest.  
 Miss Davis then gave a lecture on the proper food for us to eat and why we should eat these certain foods. The talk was very informative and all enjoyed it.  
 The club will meet at the Union church house next Friday, May 18. Everyone is invited to come and help us enjoy these splendid meetings.  
 MRS. J. L. CARRELL.

**WINNERS ARE ANNOUNCED IN CLUB CONTEST**  
 The county committee, Mrs. L. N. Dunn and Mrs. Lee Stinson, have just completed the final judging in the county living room contest conducted by the home demonstration department under the leadership of Miss Jessie Lee Davis. The winners are as follows: First in Class 1, the living room making the greatest improvement, cost not exceeding \$25, Mrs. J. L. Carrell, Union Club; second, Mrs. R. H. Mitchell, Plainview club. Class 2, the living room making the greatest improvement in proportion to the expenditure, cost exceeding \$25, Mrs. Mattie Minor, Ira Club.  
 The Times-Signal will at a later date publish the winning stories and statements of the improvements prepared by these ladies.

**ENNIS CREEK DOTS**  
 Sed Harbor of Roscoe was a guest at the Henry Hart home Sunday.  
 S. Davis and family motored to Spur Saturday to spend a few days with friends and relatives.

They were accompanied by Mrs. J. Mack.  
 There were quite a number from Ennis Creek in attendance at the big singing at Colorado Sunday night, among whom were Mr. and Mrs. George McQuinn, Mr. and Mrs. Murphy and Grady Buckner.  
 Singing was well attended Sunday at Ennis. Several visitors of other communities were here. We invite them and others to be with us every first and third Sunday evening.  
 Brother Shipman will fill his regular appointment next Sunday morning at 11 o'clock.  
 Our school is near an end, with two more weeks to go, and we are preparing a two-nights' program to be rendered at the closing of the school.  
 The Four Square Community Club met Friday night and rendered a nice program and will meet again in June.  
 I. S. Davis has purchased a new Ford and seems to be very proud of it.  
 High school and primary pupils of the Misses Marilu and Elaine Rosser will give a costume recital at the high school auditorium Friday night, May 18, at 8 p. m. The public is cordially invited.

**FUNERAL IS HELD AT COLORADO FOR MRS. ROY DOZIER**  
 One of Colorado's most prominent women and active workers, Mrs. Roy Dozier, succumbed Tuesday evening of last week to pneumonia after an illness of only one week.  
 Funeral services were held at the home Wednesday afternoon. Rev. W. C. Hinds of Colorado and Rev. J. F. Lawlis of Snyder conducted the services.  
 Lorraine is to have a sewer bond election in the sum of \$33,000.  
**Can't Talk to Wife, Too Cross and Nervous**  
 "Even my husband couldn't talk to me, I was so cross and nervous. Vinol has made me a different and happy woman."—Mrs. N. McCall.  
 Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. Warren Bros., Druggists. (T-2)

**THIS BUSINESS OF BUYING TIRES**

Rival tire claims today are deafening. Hear the yells—"bargain," "discount," "service," "guarantee"—all superlatives.  
 Competition has made better tires. But in comparing tires, the buyer must consider one big, significant, unchallenged fact:

**More People Buy Goodyear Tires Than Any Other Kind**

To hold this popularity, Goodyear has made and sold far more tires than any other manufacturer for ten years.  
 Goodyear tires are made by the greatest manufacturer of rubber—backed by worldwide service of the highest character. This means much to the wise buyer.  
 Over 100,000,000 Goodyear tires have been sold. 100,000,000 buyers can't be wrong.

### Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

**EDITOR'S NOTE**—Correspondent Tate wrote a fine article of the barbecue picnic held north of Fluvanna last Thursday, but the editor had already written a long story for the first page, so we are taking the liberty of leaving Bro. Tate's article out on account of lack of space.

**Church Services**  
On last Sunday Rev. W. H. Harris held his usual services at the Methodist Church. On Wednesday of last week Rev. Harris, accompanied by members of his church here—Fowler Matthis and wife and Mrs. Colon James—motored to Colorado City where they attended the district conference. Rev. Massey, student in Simmons University, Abilene, came up last Saturday and filled his appointment with the Fluvanna Baptist Church, holding services on Saturday night, Sunday morning and night, and baptismal service in the afternoon at which one candidate was baptized and received into the church. Be it known that Rev. Massey is now preaching to the church here on first and third Sundays in each month instead of one Sunday as formerly.

On next Sunday there will be services at the Presbyterian Church; the occasion will be that of "Mother's Day," or better,

fortunately, none of them very seriously. One young lady received a considerable scalp wound, another a broken collar bone, while the rest escaped with less serious injuries, such as bruises and the loss of patches of skin. According to what seems to be the most reliable information, the following statement accounts for the accident: When the car reached the brow of the bluff, the driver shifted to neutral and began coasting down the long grade. The heavy truck rapidly developed speed until it was moving at a frightful rate, and the brakes, being entirely out of order, refused to work. As the car sped around a sharp curve, it turned completely over, spilling its occupants with the above mentioned results.

**NOTE**—Without any further reference to the above mentioned accident, V. P. here ventures to offer a word of advice to car drivers. Cars are a wonderful convenience, but when improperly

handled they are very dangerous. In view of this fact all drivers should always comply strictly with traffic regulations. They should stay on the right side of the road and avoid hazardous speeding. No car should ever put on a public drive-way without adequate and reliable brakes. In descending heavy grades the engine should be kept running and the gear shifted to low but never disengaged. Let's play the game both safe and fair. We can repair some cars, but we cannot mend necks.

Little Miss Jewel Lavender in a sanitarium at Abilene, is said to be getting along fine and expects to return home the last of this week.

Mrs. H. Lanham is in a bad state of health, though she is not confined to her room.

Mrs. H. C. Flournoy, who has been seriously ill lately, is now said to be improving.

**Visits and Trips**  
J. J. Belew spent the week-end at the Lubbock Sanitarium where he received treatment for nasal trouble.

C. E. Trussell, Mrs. J. W. Squires accompanied Mrs. Tom Squires and little babe to the Lubbock Sanitarium Monday where the babe is under the care of specialists.

E. W. Claxton and wife, formerly of this community but now of the Loraine community, were here Monday visiting their daughter, Mrs. Alford Browning.

Mrs. W. H. Mercer of Shallow-water spent the week-end here visiting her parents, W. O. and Mrs. Christopher.

John Sims and family of Abilene, representative of Western Electric Co., spent the week-end here visiting relatives, W. P. Sims, Thomas Matlock and families.

D. T. Whatley of Wichita Falls is spending a few days here on business.

Miss Vernay Boynton of Simmons University spent the week-end here with home folks.

C. E. Tarter, Carl Tarter and wife, J. E. Brown and family, Cotton Brown and Miss Horace Sims returned last week from Byars, Texas, where they visited relatives and old friends.

Mrs. W. H. Mercer, J. A. Martin and family and Mrs. Houston Jones and son left here Monday for a visit at Tatum, N. M.

Miss Mollie Cawley, who has been here visiting her sister, Mrs. J. B. Birchfield, for some time, returned to her home in Delta County last week.

Billard Smith of Rotan was here last Sunday visiting his uncle, H. H. Haynes.

Mr. and Mrs. Sam Wilson returned last Friday from Rockwall County where Mrs. Wilson attended the bedside of her father during his final illness.

W. G. Sims, E. C. Trussell and Mr. Campbell went to Gail Tuesday where they attended a workers' conference of the Baptist Church. These gentlemen say they had a good time and also another good dinner.

Lloyd Perry, who has been in California for the last eighteen months, has returned to Fluvanna. He is reported to have said that it is dry all the way.

**Business**  
Claude E. Rea, recently of Plainview, has purchased of Bob Reeves his crop, tools, etc., and has moved to that place where he expects to make a crop and at the same time look after the city waterworks.

J. W. Craft and son sold and

delivered on last Thursday 311 steer yearlings to Elkins Bros. & Goodman of the Midland country. J. C. Dorward of Gail sold 332 steer yearlings to the same parties.

D. T. Whatley is building a small barn in the place of the one that was burned two miles south of town several weeks ago.

**Married**  
We understand that on last Saturday night Robert Brown of this community was duly married to Miss Ellie Holdren of the Ira community, the ceremony being performed in Snyder. We understand further that the newly married couple will live on the John Truss farm. All good wishes to the happy couple.

**Strange Things**  
Just why Editor Smith appeared at our recent barbecue-picnic without a hat to shade his all too thinly covered pate is a question which may never be satisfactorily answered. Was he in too big a hurry that he didn't have time to find his hat? Did he lose it on the way? Or did he really have to slip away from his wife without his hat in order to get to

come? This question is almost a conundrum.

**ANSWER**—Pat Bullock and Sheriff Brownfield wouldn't give us the time to get our hat, Brother Tate. That's honest.

Mr. and Mrs. Earl Henry and W. D. Sims are in Lawn, N. M., on business this week.

Mrs. D. C. Howell, who has been convalescing from a recent illness, is not reported so well this week.

Miss Carlie and Willie May Bard of Fort Worth were house guests of Mrs. Ernest Taylor last week-end.

J. G. Nicholas of Roscoe spent Tuesday here saying "hello" to his many Snyder friends.

**TWENTIETH CENTURY ENJOYS MAY BREAKFAST**

An affair that proved a delight to those attending was the breakfast given to the Twentieth Century Club members at the ranch home of Mrs. J. W. Scott Tuesday morning. The members enjoyed to the fullest extent the lovely breakfast that was so daintily prepared for them, and also the friendly bits of conversation that was exchanged.

Those enjoying this delightful hospitality were: Mmes. H. J. Brice, Nelson Dunn, W. T. Raybon, W. J. Ely, H. M. Blackard, Joe Strayhorn, C. F. Sentell, O. S. Williamson, Earl Fish, R. W. Webb, P. C. Chenuault, Allen Warren and John Dix.

A very lovely party of this week was extended to members of the San Souci Club Tuesday night at the Wilford Tea Room. This club adjourns until next September.

Cut flowers were used as decorations, and in an attractive setting four tables were arranged for the usual play of bridge.

At refreshment time a two-course luncheon was served to Misses Bill Swann, Cecil, Neoma

and Mary Strayhorn, Myrtle Harrell, Edith Grantham, Lou Wooley, Hattie and Gertrude Herm, and Mmes. W. E. Smith, J. P. Nelson, Wayne Boren, Forest Sears and Sam Hamlett.

**WRITE TO MOTHER**

The simplest and at once the best form of observance of Mother's Day perhaps is to write a letter to mother if she lives elsewhere. It is a little thing to do, but a million Mother's Day letters written by a million grown sons and daughters would rest over our land like a universal benediction. Mother love requires nothing more than the tiniest assurance that she is remembered with love by her children. Mother's Day is Sunday, May 13. Write the letter and mail it so that she will be sure to receive it by the above date.

**DERMOTT**

Mrs. Carl Odom of Justiceburg is visiting Mr. and Mrs. George Odom of Dermott.

Mrs. Mark Hardin of Post is visiting her daughter, Mrs. Roy Elkins.

Little May Gene Sanders, who has been real sick, is much better. Barney Greenfield, who has been suffering from pneumonia,

is improving. Dermott school boys beat the Polar boys 5 to 1 in a game of ball Friday. The Dermott league players won two games Sunday. Dermott is playing some real baseball nowadays. A Mothers' Day program will be given Sunday.

**PICNIC AT CHINA GROVE**

School closes at China Grove tomorrow (Friday). Dinner will be served after a good program held in the morning. All candidates will be given an opportunity to announce in the afternoon. A baseball game will be played, and the whole day will be one of real picnic style. All are invited to attend.

**NOTICE**

The Cemetery Grounds committee wants to say to the public that we did not have the public working at the cemetery as first announced, because it is so dry. We think it will be better to wait until after it rains. So please watch for further notice and everybody be ready for this important work.

**DUNN DOINGS**

(Crowded out last week) Mrs. T. J. Fuller, Mrs. J. E. McDermott, Mrs. Giles Bowers, Louise Bowers, Mrs. Cuthbertson and others have been "flu" victims this week, but are improving at this time.

Wayne Johnston is suffering from a poisonous bite on the right cheek, thought to be that of a spider.

Ball game Monday afternoon between Dunn and China Grove teams resulted in a victory for Dunn.

Two rabbit drives were staged near here last week, resulting in some 500 of the pests being destroyed.

The singing convention at China Grove church Sunday was well attended and a great time reported.

Mr. and Mrs. J. E. McDermott and Miss Opal were week-end visitors to San Angelo last week.

Rev. and Mrs. J. S. Johnson and children of McAdoo are welcome visitors in the Dunn community over the week-end. Rev. Johnston was pastor of the Methodist Church for two years.

**Church building.**

R. D. Sherrod is sporting a new Pontiac, and Houston Cotton is cutting capers in a new Ford sport model.

Several people enjoyed a party at the home of Mr. and Mrs. W. C. Wood Monday night in honor of Miss Viola's birthday.

Mrs. Bridges, who has been suffering from an injured hip, is doing better since the doctors succeeded in getting the injured set, and we are also glad to report her son-in-law as being able to be up some, but still has a bad throat.

W. Lechner as being located 150 feet south of the north line and 150 feet east of the west line in Section 2, Block 2, T. & N. O. survey in Borden County.

Mr. Lechner states that the tools are being shipped this week and that the company expects to spud in the latter part of the month.

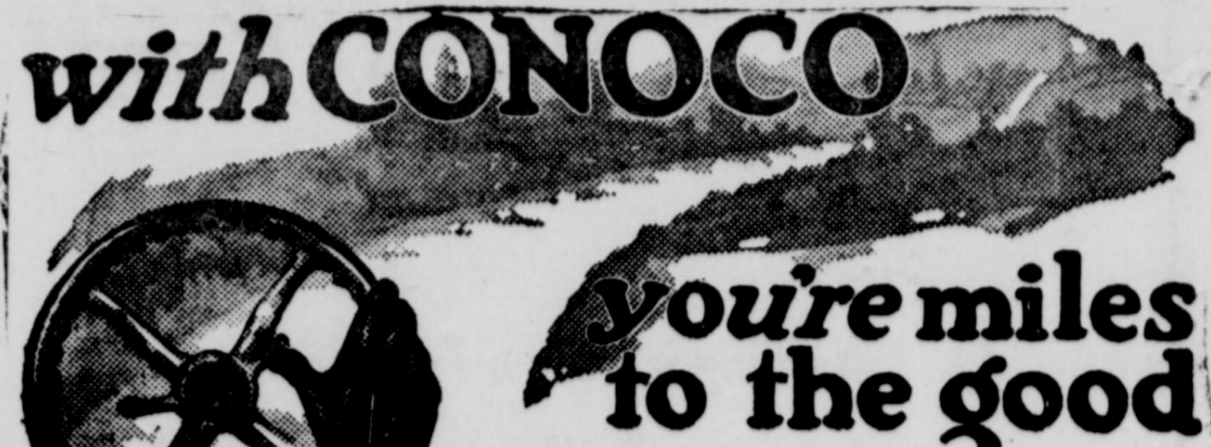

**SLAYER OF FORMER SNYDER GIRL HANGED**

Many Snyder residents will recall the murder of Miss Lillian Hoyle two years ago when Battling Joe Nelson, New Orleans, shot her and a companion. Last week's Farm News carried a story of the execution of Nelson, who

was convicted of the slaying two years after it happened.

Miss Hoyle was a cousin of Johnny Hoyle of this city. She was the daughter of Mrs. and Mrs. Jim Hoyle, former residents of this section.

**Protect Your Investment in Your Model T Ford**

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to make parts until, as Henry Ford himself says, "the last Model T is off the road."

More than eight million Model T Fords are still in active service, and many of them can be driven for two, three and five years and even longer.

So that you may get the greatest use over the longest period of time at the lowest cost, we suggest that you take your Model T Ford to the nearest Ford dealer and have him give you an estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure may enable you to maintain or increase the value of the car and give you thousands of miles of additional service.

No matter where you live you can get these Ford parts at the same low prices as formerly and know they are made in the same way and of the same materials as those from which your car was originally assembled.

Labor cost is reasonable and a standard rate is charged for each operation so that you may know in advance exactly how much the complete job will cost.

## SENIORS ENJOY AN ALL-DAY OUTING

The Senior Class of Snyder High School spent an enjoyable day at 18 Ranch last Friday. After a tour of exploration over the range, these merry young people engaged in a number of outdoor sports which made them enjoy the picnic lunch to the fullest. Fifty members of the class and Mrs. P. C. Chenault and Miss Mattie E. Clark were the participants on this happy occasion.

The seniors after returning from their picnic were parading around town when quite by accident they met Superintendent C. Wedgeworth who invited them to the Manhattan Hotel for dinner, which was thoroughly enjoyed by those who were fortunate enough to meet Mr. Wedgeworth. This was not the end of their delightful day, for Bob Warren complimented each one of them with ice cream at the Warren Drug Store. The seniors ended their happy forgotten day by going to Rogers Studio and having their picture made.

## HARPOLE—ISAACS

Mr. Howell Harpole and Miss Connie Isaacs were quietly married early Saturday morning by Rev. W. F. Ferguson, pastor of the First Baptist Church, the beautiful ring ceremony being used. The home of the bride had been beautifully decorated for the occasion, only the immediate relatives of the bride and groom being present for the occasion that brought together two of our finest young people in the holy writ of matrimony.

Mr. Harpole is a junior member of the firm of Davis-Harpole Co., and is a young man of sterling character and fine worth. Miss Isaacs has been one of the accommodating employees of the First National Bank and is beloved by all with whom she comes in contact.

Immediately after the ceremony the couple left on a honeymoon trip to Dallas and other points.

The Times-Signal joins their many friends in congratulations. May they live long, be happy, and prosper.

## SENIORS STAGE THREE-ACT FARCE FRIDAY

The Senior A Class of the Snyder High School presented "The Whole Town's Talking," a farce in three acts by John Emerson and Anita Loos, at the high school auditorium last Friday night.

Miss Lucille Eoff as Mrs. Simmons, played opposite Roe Bavousett, the manufacturer, both of whom portrayed their characters well. Joel Hamlett was excep-

tionally good in his leading role as the partner of Mr. Simmons, who executed a clever plan by which his daughter, played by Miss Beatrice Stoker, finally took an unusual interest in the timid but well-instructed suitor. Donald Swift, the motion picture director and Cinematographer Letty Lythe, who figured prominently in the motivation of the plot, were played by Herman Doak and Miss Ardelle Langford. Since "all the world loves a lover," and the modern girl seems to care only for the man for whom other girls care, the fake "affair" between the leading man and the movie actress was used to direct the attention of the manufacturer's daughter, as well as that of the whole town to the junior partner. Some very comical situations and delicate solutions were woven into the play.

Roger Shields, the rival from Chicago, was well characterized by Charles Cooper. Other members of the cast were Lila Wilson and Sally Otis, friends of Ethel Simmons, played by Ethel Lynn Hayes and Mabel Isaacs; Annie, the maid, played by Johnnie Shaw, and Sadie Bloom, played by Josephine Howell.

Between acts the high school orchestra played several popular numbers. Misses Marian Rosser and Rayolene Smith, dressed in striped overalls, did a pretty dance as a between-the-act special. Miss Lucille Brown did a pretty solo dance between the first and second acts as Miss Eula Pearl Ferguson accompanied at the piano.

The play was directed by Miss Elaine Rosser, teacher of expression and dramatics in Snyder High School. Properties were furnished by Higginbotham Bros. & Co.

## MRS. LOLLAR ENTERTAINS EL FELIS CLUB

Members of the El Felis Club, a social club whose members find diversion in the play of forty-two, were delightful entertained last Friday afternoon by Mrs. T. L. Lollar at her home in West Snyder.

A profusion of spring blossoms were in evidence in the reception suite. Six tables were arranged for the forty-two play, after which a dainty ice course was served to nineteen members and four guests who were Meses, Albert Norred, P. M. Chambers, L. E. Trigg and J. A. Hood.

## MRS. LEATH ENTERTAINS MOTHERS CLUB

The Mothers Self Culture Club met at the home of Mrs. G. H. Leath last Thursday afternoon. The subject of the lesson was "Our Wonderful World," which was made very interesting by different sketches, among them being "Wonders of Common Life Around Us," "Our Own Ground," "What It Means to Us," "Learning Life on and from One Acre," "What we can see When We Open Our Eyes," "Looking Down and Looking Up." A general discussion followed by the members of the club.

Mrs. J. W. Scott was unanimously voted a new member. The meeting closed the year's study, each one feeling that much benefit had been derived by the splendid programs given by the Self Culture Club.

A lovely little gift was presented Miss Hayes as a token of appreciation of the splendid work she has done for the children by the beautiful stories told them from time to time. Lessons derived from them will ever be instilled in the hearts and minds of the children.

## ALPHA STUDY CLUB

The Alpha Study Club met at the home of Mrs. Albert Norred with Mrs. Norred and Mrs. Clyde Boren joint hostesses Tuesday afternoon.

After a short business session was held the following program was given under the leadership of Mrs. Ivan Dodson: "The Life of Bjornspjerne Bjornson" was given by Mrs. Wade Winston. Mrs. Ivan Dodson gave the story of "The Father," by Bjornson. Mrs. Joe Graham gave the life of James Fritz O'Brien. "What Was It?" by O'Brien was presented by Mrs. Forest Sears.

A social hour was enjoyed after which a dainty ice course was served to the following members and guests: Meses, Alfred McGlaun, Wayne Williams, G. B. Clark Jr., Ralph Odom, Wayne Boren, Ivan Dodson, J. G. Hicks, Wraymond Sims, Homer Snyder, Forest Sears, Wade Winston, Melvin Blackard, Joe Graham, T. L.

Lollar, Charles Noble and the Meses Hattie Herm and Neoma Strayhorn.

## EUZELEAN CLASS MEETS

The Euzelean class of the First Baptist Sunday School met Thursday afternoon, May 3, at the home of Mrs. Womack in East Snyder. The devotional was led by Mrs. Henry, and quite an interesting business meeting followed, after which a delightful social hour was enjoyed by all present. The hostesses Mesdames Teters, Gideon and Womack, then served a delicious plate luncheon to the following members and guests: Meses, Leath, Northcutt, Henry, Newton, Humphrey, Newton, Harrison, Poteet, Boren, Raybon, Breton, Monroe and Patrick.

## BAPTIST W. M. U. MEETS

The regular session of the Baptist Women's Missionary Union was held Monday afternoon.

Good reports were made by all committees. A rising vote of thanks was tendered the platform curtain committee for the new curtains recently installed around the stage front.

It was voted to adopt a recommendation of the Abilene District W. M. U. to join in the effort to raise one dollar per member on Mothers' Day, May 13, to aid in the charity work in the West Texas Baptist Memorial Sanitarium at Abilene.

## JUNIOR CLASS PLAY FROM ROTAN GIVEN IN SNYDER

The Rotan Advance says: The Junior Class carried their class play to Snyder last Friday night, and the town of Snyder gave them a good audience.

The class as a whole was delighted with the liberal patronage and very friendly treatment accorded them, and are deeply grateful to our Snyder friends for the courtesies shown them while in that city.

Always...  a square USED CAR deal from the Buick Dealer

The Buick dealer is in business to stay. His future reputation depends upon his treating used car buyers fairly.

He wants to please used car purchasers because he knows that satisfied used car customers are prospective new Buick buyers. The man who buys a good used car—honestly represented—at a fair price—receives splendid value in transportation.

In his enthusiasm for the car he has bought, and the value he has received, it is only natural for him to look upon the dealer as his friend.

The Buick dealer has many such friends because he represents the true condition of the used cars he offers for sale.

And that is good business—for the Buick dealer, as well as the used car buyer.

# FEED YOUR FOOD FRESHENED AIR

The Automatic,  
The Economical  
Refrigerator.

KEEPING an old ice-box or lug-gino it around when you move is not modern economy. Today's standard of living demands refrigerating—not "ice-boxing." And the modern refrigerator must fulfill two requirements . . . preserve food in flavor as well as body structure . . . and present a smart appearance. Take the Automatic . . . it "feeds your food freshened air," actually circulating and freshening

the air inside. And its comfortable roominess is smartly encased. Built foodsafe with tight doors. Roomy doors, too—even the smallest one is big enough to admit a bottle of milk without bending it! Built-in water cooler; easy-to-clean trap. Lots of shelf room, and the inside . . . just as sweet as one of Grandmother's polished saucers. All porcelain inside and out; wood and steel cases, porcelain or enameled lined.

In 100 pound capacity with one of the best water cooling systems ever put on a refrigerator; 75-pound ice in both top and side; 50-pound top icers.

Let us show you these splendid refrigerators. The prices are reasonable and our terms are easy.
