GAS TO BE TURNED IN MAINS JUNE 15

According to reports from the Community Natural Gas Co., gas will be turned into Snyder mains about June 15. Workmen are now engaged in laying the supply lines from Snyder to the main lines south.

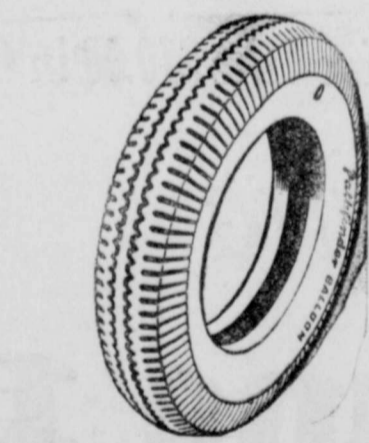

The Times-Signal wants to suggest a community party the same night the gas is turned into the mains when ceremonies befitting the coming of this product can be given. Citizens could join with the City Council and officials of the gas company in a program that would be interesting. A demonstration of natural gas

could be made on the court house lawn and a real good time could be enjoyed. Does the Times-Signal have a second to this suggestion?

We could invite Chester L. May of Dallas, one of the main spokes in the gas company wheel, to come out and tell us about what opportunities Snyder will have with the addition of gas. Whaddayousay?

LOCAL MERCHANT FINED YESTERDAY

No more will Clyde Shull fool with pistols and rubber balls, as Judge Irion's court in Sentell's office was the scene yesterday of an occurrence that will long remain with Clyde's memory. What appeared to be a serious matter turned out with Clyde buying a dollar's worth of good cigars.

Sec'y Evans cooked the thing up to start. He suggested that inasmuch as Manager Blakey of the electric light company had a new baby, a toy pistol and rubber ball wouldn't go bad. Clyde fell in with the suggestion and helped to present the said instrument that caused the trouble. Then was when Mac Evans got in his work. He suggested to Clyde that as Charles Edward (the newly born son of J. E. Blakey) was too small to fool with weapons a complaint should be filed against the aforesaid Blakey. Then Marshal Woodfin hove in sight as the right arm of the law and forthwith arrested Blakey while he was at the post office.

At that point Blakey went to Clyde's store to carry on the joke further with his sleeves rolled up apparently ready for a scrap. Marshal Woodfin met him at the door and forcibly ejected Blakey from the premises. Then was when Clyde commenced to imagine blue smoke of this was a heluva trick, or something like that.

Then to cap the climax, Blakey swears out a warrant against Clyde Shull for false arrest and injuring his reputation. In the background all the time were Mac Evans, Blakey, Woodfin and C. F. Sentell, who was to act as the prosecutor, and Eugene Irion as the judge in the absence of M. Stacy, city recorder.

The next part of the story begins when Woodfin arrests Mr. Shull and brings him over to the court. George Northcutt and the Senior Editor had joined the party by then, and a good trial was had by the crowd at the discomfiture of Mr. Shull. But he plead guilty and paid a fine of \$10.70. C. F. Sentell has the evidence. But Clyde took it as a good sport, bought a dollar's worth of good cigars—and to make it all complete, Blakey took the entire gang down to the drug store for a drink.

So, endeth another story that started as a blue cloud but which had all kinds of silver linings.

LIONS CLUB TO PRESENT MEDALS NEXT WEDNESDAY

The Lions Club had a wonderful meeting yesterday that was enjoyed by more than forty members and guests.

Arrangements were made to present gold medals to the two winners in the "My Home Town" contest conducted last week at the high school. Miss Lucy Brown won first place, Miss Ruth Yoder, second, and Miss Tenney Mae

Jeffress third. Miss Brown will represent Snyder at the Ft. Worth convention of the WTCC. These three ladies will be club guests next Wednesday along with the Misses Inez Baze and Thora Cotton who were presented with a box of chocolates yesterday.

Rev. W. F. Ferguson was chairman, and he kept the meeting full of pep from start to finish.

Henry J. Brice made the longest speech of his career, telling about not attending the Wichita Falls convention of the Lions. He threw mud so fast with his talk that neither he nor the Senior Editor could get away to act as delegates.

A glad hand was extended to the newest club member in the person of Charles Edward Blakey, newcomer in the home of Lion J. E. Blakey.

The musical program rendered by Miss Ina Lee Thomas and Miss Cecile Cole of the Wood Instrumental Training School was most pleasing. Miss Cole in two violin numbers and Miss Thomas in two vocal numbers showed that these young ladies are truly artists, and Snyder folks are happy to number them as residents of our city.

Pat Bullock told the attendants of the grammar school graduation exercises Friday night and of the progress of the rural schools and the united efforts of city and rural school activities.

Sec'y Mac Evans told the dairy situation in the county and introduced R. F. Hoch of Emporia, Kansas, who is here to locate a creamery. Mr. Evans also told of the selection of Miss Ellen Buice Johnson as Snyder's sponsor at the WTCC convention and of the selection of W. H. Ritzenthaler as her escort. Dr. Johnson thanked the committee on behalf of his daughter.

W. H. Ritzenthaler explained the Boy Scout situation as it now stands, and will have further information as quickly as he hears from the Area Council for this district.

200,000 Buyers Can't Be Wrong

When the Pontiac Six was first introduced less than two and a half years ago, immediate buying enthusiasm was aroused. The public accepted the statement of General Motors and Oakland that here was a new car offering six-cylinder value never before enjoyed at such low price. 75,000 Pontiac Sixes sold in 1926 established a world's record for a new make of car. Sales for 1927 carried the total of satisfied Pontiac owners beyond the 200,000 mark. And now, even if its unrivaled value could not be proved by comparison with other cars in its field—even if its superiority could not be demonstrated by scores of advanced features combined in no other low-priced six—even if all its claims to leadership were based on generalities—you could still buy the Pontiac Six with complete confidence . . . for 200,000 buyers can't be wrong!

COUNTY LEAGUE NOTES

Dermott has assumed leadership in the Scurry County Baseball League, following their defeat of Knapp Tuesday, 13 to 5, but the teams are closely grouped and it's a free for all battle.

The standing up to last night shows:

Team	W	L	Pct.
Dermott	5	3	.625
West Side	4	3	.571
Knapp	4	4	.500
Fire Dept.	4	4	.500
East Side	3	4	.429
Camp Springs	1	2	.333

Camp Springs and East Side are playing today.

Scores the past week include: East Side 7, West Side 9; Dermott 13, Knapp 5; West Side 14, Fire Dept. 15.

Next week's games: Tuesday, Dermott vs. West Side; Wednesday, Knapp vs. Camp Springs; Thursday, Fire Dept. vs. East Side.

The teams are putting up a fine grade of baseball and should be given more support.

Word from Capt. John E. Sentell, who has been at Fort Benning, Ga., with his family, indicates that they will return home early in June. Capt. Sentell's letters surely indicate that Snyder and West Texas far exceed the zone of living of the section of Georgia that the family have been staying. The Times-Signal believes Capt. John and the family are a little home-sick, and we sure welcome them back to the best spot in America.

We need a creamery and milk plant to insure a market for our increasing dairy herds. We must provide adequate markets for the dairy product. Good markets and fair prices are the first essential in the promotion of any industry.

WHAT GOES UP IN SMOKE

Every year in the United States fire consumes property valued at over half a billion dollars. It is an impossibility for imagination to appreciate adequately the magnitude of such a waste. A recent news item adopts the excellent method of driving home the lesson by practical example.

With five hundred million dollars a four hundred mile paved road could be built at a cost of \$25,000 per mile, and a \$5,000 house, containing \$2,000 worth of furniture, erected every 100 feet on both sides. Each house could have an operating fund of \$2,000.

Further, it would build a \$500 garage for each house and place a \$2,000 automobile in each garage. And after all this was done there would still be several millions left over that could be distributed among the occupants for spending money.

The inestimable value of practical fire prevention is well brought out by this example. It

POLITICAL FORECASTING

An editorial that appeared in the Sunday Austin American attempts to sum up the Democratic situation in Texas and especially at Beaumont and at Houston. It is at least interesting, and it shows about how the end may look when the big show closes at Houston.

"The precinct and county conventions are over. The state convention at Beaumont is imminent. Then comes Houston.

Gov. Moody will control at Beaumont. Forty delegates under the unit rule will be sent to Houston pledged to work for a dry national platform, indorsement of the Eighteenth Amendment by name, and a candidate in sympathy with such a platform.

Gov. Moody, as head of the delegation, will be named the Texas member of the platform committee. If the supporters of Gov. Smith on the committee agree to indorsement of the Eighteenth Amendment, the platform will go before the convention as a unit and probably will be passed unanimously. If the Smith influence declares against any mention of the Eighteenth Amendment, a minority report, if necessary, will go before the Houston convention and the dry forces of the South and West will lock horns with Eastern and Northern wets on the floor of the convention. The governor of Texas, in the event of such a battle, will lead the nation's dry Democrats.

Smith is already nominated. One ballot only will be taken at Houston. By the time the roll call reaches Texas the convention floor will be a waving mass of Smith flags and a frenzied mob of marching delegates. It is doubtful if the permanent chairman will be able to keep sufficient order so that the vote of Texas may be heard.

So after all, Beaumont will not

settle any question in regard to the candidacy of Smith. It will, however, settle the question of whether Smith can run on a platform ignoring the definite sentiment of the southern and western Democrats to the effect that the Eighteenth Amendment should be definitely named and endorsed by the Houston convention. If Gov. Smith can and does accept the Eighteenth Amendment as a part of his platform, he will become the favorite in the betting to defeat Hoover or whoever is the Republican nominee. If he does not accept the Eighteenth Amendment, he will be defeated by the Republican nominee. A refusal of the Eighteenth Amendment by Smith will mean that for the first time since the Civil War a Republican candidate has a chance to carry gulf coast southern states. A refusal of the Eighteenth Amendment by Smith will mean that Smith will lose Kentucky, Tennessee, Oklahoma, possibly North Carolina and Mississippi, and, in the event of a party split, Texas itself.

So after all, the issue is not whether Smith is to be the nominee; it is whether Smith is to become president. If Smith is merely a politician, if he is a provincial statesman affected by New York environment, he will use the steam roller and ignore the serious thought of the South and West. If he is a broad-gauged statesman, he will indorse the Eighteenth Amendment along with every other amendment to the Constitution. And in his speech of acceptance, he will reserve the right to discuss fully and frankly his personal views regarding the Volstead law.

The Eighteenth Amendment is a fact. Any candidate for office who is not willing to state that he will enforce the Eighteenth Amendment, if elected president,

might as well not run for office. On the other hand, any democratic candidate who attempts to run on a platform endorsing the Eighteenth Amendment and who does not meet the issue sincerely, might as well not run.

The views of Gov. Smith are well known. He is not personally in favor of the Volstead law. He believes in temperance in thought, in eating and in drinking. Believing these things, he can become a candidate on a platform endorsing the Eighteenth Amendment. And, also believing in temperance, he can in good conscience as a candidate, discuss the desirability of changes in the Volstead law, the better to bring about temperance and with the definite design of reducing lawlessness and killing off the unwholesome partnership now existing throughout the United States between the super-bootleggers and the super-politicians. To summarize:

Gov. Smith will be nominated on the first ballot at Houston. If Gov. Smith accepts the Eighteenth Amendment as a platform declaration, he will have the South and West with him, and there will be no party bolt.

If he becomes a steam rolling wet politician instead of a far-seeing statesman, he will lose enough states in the South and West to beat him, and the man on the convention floor who most clearly voices the sentiment of the South and West will be Dan Moody, governor of Texas, and head of the Texas delegation.

"Tiger's Tale" Published The "Tiger's Tale," official high school publication, came off the Times-Signal presses yesterday, and among other valuable data contains pictures of the graduates and teachers.

"WHO IS GRACE FLEMING?"

Miss Grace Fleming, the young lady telling her true story in "The Street of Forgotten Women," which will be shown at the Cozy Theatre matinee and night May 28th, is the daughter of a millionaire manufacturer of San Francisco, Cal., who is also owner of vice districts, one of which caught his only daughter in its web. The story which you will see upon the screen takes you into these houses of shame, and leaves nothing to your imagination, true facts, nothing concealed. Grace Fleming portrays the leading role, supported by real characters collected from the Barbary Coast. "The Street of Forgotten Women" matinee will be for women only, and the night show for men only. This is a brand new picture, made in 1927, and is indorsed by press, public welfare leagues and police departments all over the country.

OPEN HOUSE TODAY

Open house is being maintained today at both the homes of Mrs. J. L. Carrell in the Union community and Mrs. Mattie Minor, Ira first prize winners in the recent living room contest conducted by the home demonstration department under the supervision of Miss Jessie Lee Davis. Large crowds are expected to attend if the weather will permit.

WINS \$10.00 IN GOLD

Two weeks ago the new filling station on West Bridge Street advertised for a name. Out of hundreds of letters received, James D. Despain of Roscoe won the \$10 in gold for suggesting the name "De Luxe Service Station." The new station when fully completed will

be the most beautiful between Ft. Worth and El Paso, and will be under the exclusive management of B. H. Moffett. There is a movement on foot to close all Snyder grocery stores at 7 o'clock. —Plant Plenty Feed—

Spring Time is Rain Time

CRASH! A mighty flash of lightning. The lights flicker.

What wouldn't flicker under such conditions? Lightning often strikes the electric light wires, but automatic lightning arrestors and switches take care of the sudden surge on the lines and you barely notice the flicker.

But sometimes this crash of lightning strikes a pole and makes splinters of it, or splits it down the middle. Sometimes it hits a cross arm and damages it.

In such latter events your electric service is interrupted until workmen wade through the rain and storm and make repairs.

If spring time and rain time cause slight interruptions to service, please know that somewhere there is a crew working at great odds to restore the flow of electrical energy to your home, office, store or shop.

THE FIRST NATIONAL BANK

Dear Friends and Customers:

SUBJECT: MORE FEED

We are rejoicing with you over the splendid rains with which all of us have been so wonderfully blessed. "It is a grand and glorious feeling" to know that the drought has been broken. We can now go about our planting with a reasonable degree of safety and satisfaction. In making definite plans for the future you will, of course, provide for the lowly dairy cow, laying hen and brood sow, which have meant so much in bringing order out of chaos in Scurry County. We cannot have good livestock without PLENTY OF FEED; neither can we have continued prosperity without revenue-bearing livestock.

Every farm should be a factory running the year 'round turning out something for sale 365 days in the year. A plentiful supply of home grown feed, a few good milk cows, a flock of laying hens and some brood sows will provide a good wholesome living for the family and pay incidental expenses of your farm, thus leaving the proceeds of your cotton as velvet.

Cotton is a wonderful crop, if it is properly used, but it is not good to eat. Safe farming suggests that we first provide a living, then grow some cotton to pay for a home.

What we are trying to impress upon you right now, before you get your entire crop planted, is this: PLANT AT LEAST ENOUGH FEED TO RUN YOUR FARM TWO YEARS. With a few more good rains there will be no occasion for a single farm in Scurry County to be short of feed next year. We want to keep in mind at all times that we are not going to be blessed with good rains at the right time, so let's begin now to prepare for that dry year that is sure to come. No man can farm successfully without plenty of feed. From 5 to 15 acres of sudan grass planted now will be the best insurance you can buy and will greatly increase milk and cream production at lowest possible cost and will furnish cheap feed for the work stock. Then plenty of grain, roughness and alfalfa for the livestock through the winter months will absolutely insure a good dependable living, which is more than you can possibly hope for from all cotton and no feed.

Farmers with a few good milk cows, some laying hens, a few brood sows and a barn full of feed are always in a preferred position and are usually in easy financial circumstances, because they have provided a living at home—rain or shine.

Yours for safer farming and more prosperity the year 'round.

Sincerely yours,

The First National Bank

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Glorious Rains

All last week, in fact for nine days, 12th to the 20th inclusive, we were getting rain every day. These rains, with a few local exceptions, have fallen in such a way as to be of the best possible benefit to the country. In fact it looks as if the weather mill was really exerting itself in the effort to do the finest possible thing for the country. Surely we should all be profoundly grateful to Him who doeth all things well. We have had no storm, no hail of consequence, no cold weather. The rains have fallen at such intervals as to enable the soil to receive it in a very uniform manner; with the exception of some heavy showers which are necessary to supply ample stock water. Since the first of this month we have received here in Fluvanna 4 3/16 inches of water. This is up to Monday, May 21. This is more rain than has fallen in the whole month of May for several years. At the same time it is stated on good authority that considerably more water has fallen over a large part of the Fluvanna trade territory—to the southwest and northeast of town especially, but V. P. is reporting what he actually measured.

It goes without saying that grass is coming rapidly (weeds, too, perhaps). If the farmers can get in ten days to two weeks of work now, the situation will be fine.

Church Services

In addition to the several Sunday schools, regular preaching services were held at the Fluvanna Baptist church; the Christian congregation met at the arbor, and the Methodists at their church. The night services were either seriously interrupted or broken up by rain.

Next Sunday it is expected that there will be regular services at the First Baptist Church and at the Presbyterian Church at both

morning and evening hours. At the latter a Parents Day program will be put on at the morning hour. Let all who can make a special effort to attend this service. It will do you good.

Work on the new Christian Church building is progressing nicely. While the congregation is without a building they are holding services at the arbor.

Sickness

There is still some sickness in the community, but we are hoping that this will vanish soon since we had fine rains to cleanse the atmosphere. Recently several cases of measles have developed. Those reported to this scribe as being ill with this malady are: Mrs. Fowler Matthis, Lucie Mears and three cases in the Bunch family on the Collier place. We sincerely hope that all the people will be careful to avoid, so far as possible, the spreading of this disease. It is not a thing to be careless about.

J. W. Mears was right sick last week but is now out again.

Mrs. W. O. Christopher was sick of flu last week.

Trips and Visits

Thomas Sturdivant, Jr., formerly of this community but having been away for some time during which interval he has taken to himself a wife, has come back to Fluvanna to live among us.

Mrs. Eunice Nesbit and children, formerly of this community but more recently of Coleman, has moved back to Fluvanna. They just can't stay away.

Tom Squires was visiting the home folks here the first of the week.

J. V. Sewalt of Brooksmith in Brown County was here Friday and Saturday of last week visiting his parents and other relatives.

Miss Nealy Squires, teacher in the Clairmont school, is home again for a rest spell, her school being out.

G. E. Spinnler of Austin was here last Thursday on business.

writer after the first part of this letter was written:

Thomas Matlock and family departed Monday for Kansas. These people expect to return to Fluvanna next fall.

Pat Weems, accompanied by Jess Hale and wife, went to O'Donnell last Sunday for a visit. Mrs. Pat Weems and son, Luke, have gone to Eastland for an extended visit.

Mrs. Ted Melton and little son are visiting in Tahoka this week. John O. Rhea, after an extended absence on account of ill health, is back home again.

J. E. Jones and wife and Mrs. Louis Jones were right sick for a few days last week.

It is reported that several head of cattle, mostly calves, were killed on the R. N. Miller and Forty Nine ranches, some sixteen miles west of Fluvanna. It is also said that some men in camp in the same vicinity suffered from the storm.

E. V. Boynton is buying and shipping corn of maize this week.

Strange Things
It is charged that W. G. Sims is wishing for a good old sand storm. Wonder what is the matter with the brother. Now, really, isn't it a fine thing that men do not carry the keys to the weather bureau? If we did, we might make a mess of it.

LEAVES FOR SUMMER

Supt. J. C. Cherry, who has had charge of the Ennis Creek school, with Mrs. Cherry and three children left Saturday for Grady, N. M., where they will take care of their wheat farm during the summer. The Ennis Creek school has enjoyed a good season the past year.

FORMER C. C. OFFICIAL GETS TWO-YEAR TERM

E. P. Moore, former secretary of the Scurry County Chamber of Commerce, was given two years in the Texas penitentiary on a forgery charge in the Fort Worth Criminal District Court Friday, according to a special dispatch from that city to the Dallas News. He was sent to Wichita Falls to face another charge at the close of the Fort Worth trial.

Moore told the district attorney that he was a graduate of Columbia University and formerly was secretary of the Snyder Chamber of Commerce. He also said he had served a year in the penitentiary from Beaumont thirty-two years ago on a forgery charge.

TRAIN CRASH VICTIM BURIED SATURDAY

Relatives at Honey Grove were notified Friday of the death of Sam Blair, 45, which occurred at Snyder Thursday when he was struck by a train. He is survived by his wife, three sons, two sisters, Mrs. J. I. Warren of Honey Grove and Mrs. Bettie Williams of Little Rock, Ark., and two brothers, Cleve and Leon Blair of Hugo, Okla. The body was taken to Honey Grove where burial services were held Saturday.

AIRPLANES ARE TEMPERAMENTAL BEFORE CAMERA

"The most temperamental bunch of actors a director can have is a squadron of airplanes." This from William Wellman, one of the youngest of the motion picture welders on the Paramount lot in Hollywood, and one who knows whereof he speaks.

It was William Wellman, one-time member of the Lafayette Squadron, who turned out the masterpiece of the air, "Wings," the story of the American aviator at the front, and then duplicated the feat with a companion picture, "The Legion of the Condemned," which shows the activities of a French unit.

Very few realize the tremendous task of filming the air sequences of such a production. In the first place, the scope is enormous. In the "Legion of the Condemned," which comes to the Palace soon, for example, every phase of aerial combat had to be depicted and depicted with a punch that rang true. No flier who had been through the fighting and new what it was all about would be given the opportunity of sitting back in his seat with a sneer in his face. It had to be right!

But how were you to make 30 "ships" take the part of actors, stay in perfect formation at times; bomb farmhouses, straffe trenches and participate in "dog-fights" at others?

Wellman did it and he tells how. "The greatest problem one has in directing a picture which deals with the air," he says, "is that of photography. Airplanes might be called 'camera shy' because of the difficulty of getting them in range of the lens."

"In 'Wings' I learned through experience that, although a situation would be studied from every angle, the 'temperament' of the planes was the big thing to overcome. By that I mean the thousand and one things which might enter in from the time the scene started until the 'ship' came into camera range. "I learned that the only thing

to do was to demand the finest of pilots who could curb this so-called 'temperament' and when "The Legion of the Condemned" was started I insisted upon pilots of equal calibre to take care of the maneuvers.

"This was not easy, for in the latter production the script calls for every form of aerial maneuver. There is the bombing of objects, the straffing of trenches, formation flying and 'dog-fights,' and the only reason I was able to carry out the directorial orders was because I had skilled pilots—men who had fought with me at the French front during the war. "But they took the 'temperament' out of the planes, at any rate."

SOME EGG

J. W. Shipman, living on his own farm five miles west of Snyder, brought a hen's egg to the Times-Signal office Saturday that measured 8 1/2 by 7 1/2 inches and of perfect dimensions. Mr. Shipman stated a Cornish Game was responsible for the overgrown bit of hen fruit.

The preacher who says that a few pews of good-looking women will draw young men to church evidently has observed the operation of cause and effect.

DUNLOP'S 40 YEARS

"WHAT OF IT? ... Even if Dunlop has had the longest experience in tire-building, does that affect my car?"
No. Not the mere fact of 40 years' experience. That might mean nothing. But, there is big meaning to you in the success of Dunlop's 40 years.
Such sustained success shows that Dunlop knows how to build maximum value into tires. The 26 million Dunlop tires now running form a world-wide evidence of Dunlop's superiority.

For 40 years . . . year after year . . . old friends have been sticking to Dunlop and new friends have been turning to Dunlop. These millions of motorists must be right. They have had experience in using Dunlops. They know.
As soon as you try a set, you, too, will know. You will find that Dunlop's successful experience means extra value to you.

SOCIETY

MMES. ANDERSON AND ENGLISH GIVE PRETTY MORNING RECEPTION

Inaugurating a series of brilliant social events planned for the summer season, Mrs. E. J. Anderson and Mrs. R. D. English jointly entertained Thursday with a morning reception.

A lavish display of spring flowers, with roses predominating, gave a delightful atmosphere of color to the occasion.

Miss Brentz Anderson graciously assisted her mother and Mrs. English in receiving, while the house party included the following ladies: Mmes. Joe Monroe, Joe Stinson, W. W. Lechner, Com Ezell, J. M. Harris, Roland Bell, C. F. Sentell, Joe Caton, Orville Dodson, Ernest Taylor, W. W. Hamilton and Fritz R. Smith.

An entertaining program including piano solos, duets and readings was given by the Misses Gula, Pearl Ferguson, Lucille Brown, Reva Lewis, Mary Janet Smith and Ruth Bartley of Ralls.

The table in the refreshment room was beautifully decorated with an elaborate cover of filet, centered with a large bowl of crimson roses, and with crystal stemmed vases used at table ends bearing buds of the same hue, while tall green candles in silver holders gave further adornment.

Delicious refreshments were served to one hundred and twenty-six guests who called during the hours of receiving, and this delightful hospitality will be long remembered by those attending.

MRS. WINSTON HOSTESS TO ALPHA STUDY CLUB

The members of the Alpha Study Club held a very interesting meeting at the home of Mrs. Wade Winston Tuesday afternoon at 4 o'clock. This was their last meeting until next September.

After a thirty minute business session, Mrs. Ralph Odum was the leader of an enjoyable musical program. Roll call was answered with the names of the member's favorite musicians. Mrs. Wayne Boren gave the story of "Jazz," and Mrs. Melvin Blackard sang "A Little Pink Cloud," accompanied by Mrs. Alfred McGlaun. A musical contest concluded this delightful program.

A pleasant social hour was spent when refreshments were served to Mmes. Wraymon, Sims, Wayne Williams, Ralph Odum, Clyde Boren, Alfred McGlaun, Melvin Blackard, G. B. Clark, Jr., Ixon Joyce, Ivan Dodson, Wayne Boren, Forest Sears, Tom Gates, Joe Graham and Misses Neoma Strayhorn and Hattie Hearn, members, and Mmes. Melvin Newton, Maurice Brownfield and Miss Mildred Ross, guests.

MRS. P. C. CHENAULT HOSTESS TO SENIOR CLASS

Mrs. P. C. Chenault was the charming hostess to the members of the Senior Class of Snyder High School Monday night at her home.

The pretty furnishings of the home provided an ideal setting, wherein tables were arranged for the play of forty-two, which was the diversion of the evening.

Refreshments were served to the following: Lora Wade, Doris Pope Elza, Polly Porter, Lila Mae Williamson, Mary Bob Huckabee, Vera Periman, Joel Hamlett, Nettie Askins, Ethel Lynn Hays, Frances Stinson, Herman Doak, Roe Bavousett, Oleita Mitchell, Raymon Taylor, Beatrice Stoker-Webb, Nina Huffman, Una Harte, Ross Shaw, Maurice McClinton, Marie Casey, Josephine Howell, Lucille Eoff, Le Roy Fesmire, Jonnyle Shaw, Polly Harpole, Tenny Mae Jeffress, William Murray, Davis Shaw, Donald Horton, Allene Bryan, Violet Bradbury, Thelma Leslie, Harvey Lee Chenault, Misses Mayes, Mattie E. Clark and Mr. and Mrs. W. S. Patrick.

MR. AND MRS. COM EZELL ENTERTAIN

Mr. and Mrs. Com Ezell delightfully entertained a number of their friends with a dinner at their ranch last Friday evening. Those present were Mr. and Mrs. Sam Hamlett, Mr. and Mrs. Bob May, and the Misses Mary Lynn Nation, Bill Swann, Cecile Strayhorn and Messrs. (Country Agent) C. C. Willis, J. D. Scott and W. H. Ritzenthaler.

MOTHERS CLUB ENJOYS PICNIC

The members of the Mothers Club entertained their husbands and children and Mrs. C. F. Maxey of Dallas with a picnic at Wolf Park Tuesday night.

Many outdoor games were enjoyed, after which a picnic supper was served which was keenly enjoyed by those present.

MR. AND MRS. R. P. JONES ENTERTAIN

Mr. and Mrs. R. P. Jones entertained a few of their friends last Wednesday evening at their home. Bridge was the diversion of the evening and after a series of games had been played, a delicious ice course was served to Misses Mary Strayhorn, Davida Curry, Gladys Teague, Alma Nell Morris and Lucille Carpenter, and Messrs. Malcolm Crouch, Sam Jenkins, Joe Drake and W. H. Ritzenthaler.

Sickly Boy, 7, Gains 15 Lbs.—Father Happy

"My boy, 7, would not eat. I gave him Vinol and the way he eats and plays now makes me happy. He gained 15 pounds."—J. F. Andros. Vinol is a delicious compound of cod liver peptone, iron, etc. The very first bottle often adds several pounds weight to thin children or adults. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. Tastes delicious. Warren Bros., Drug

EL FELIS MEETS WITH MRS. CLYDE SHULL

The members of the El Felis Club were delightfully entertained last Friday afternoon by Mrs. Clyde Shull at her home.

Cut flowers adorned the reception suite. After the business of the club was transacted, the game of forty-two was enjoyed by the members.

A tempting two-course luncheon was served to Mmes. A. J. Cody, A. J. Towle, J. C. Stinson, Fritz R. Smith, T. L. Lollar, J. C. Howard, C. C. Higgins, W. M. Scott, L. O. Smith, H. J. Brice, George Northcutt, Gertie Smith, Dick Randals, C. W. Harless, Hugh Boren, J. G. Hicks, W. E. Smith, and W. W. Hamilton.

MISS GEORGIA BOLIN ENTERTAINS

Outstanding in the memory of those who attended was the dinner given Tuesday night by Miss Georgia Bolin at the Wilsford Hotel. The menu was delicious and thoroughly enjoyed.

Following the dinner this merry party then went to the Palace Theatre where seats had been reserved for them. Those enjoying this happy affair were Misses Jonnyle Shaw, Lila Mae Williamson, Lora Wade, Vera Periman, Fay Dell Glenn, Thelma Leslie and Messrs. Joel Hamlett and Le Roy Fesmire.

PRESBYTERIAN W. M. S.

The Presbyterian Women's Missionary Society held its regular meeting at the church Monday at 2:30 p. m. with a good attendance.

The monthly stewardship program with Mrs. Shell as leader was very interesting. Mrs. Wolcott, Mrs. Ferguson and Mrs. McAdoo taking part. Mrs. Farmer gave a very helpful reading, "A Mother's Dream." Mrs. McCoach led the closing prayer.

OPTOMETRY

It's Value to the Public
By H. G. TOWLE, O. D.
Snyder, Texas

What are the Duties of the Optometrist?
He detects by the use of various instruments and other means the errors of vision of his patients. Anything else?
Yes, he determines what lenses are required to correct the errors and supplies them.
Then the Optometrist specializes in errors of vision?
Yes, Optometry is a profession distinct in duties from all others, and does not conflict in any way with any other profession.

What Does Optometry Embrace?
The anatomy, pathology and physiology of the eye. Its extreme liability to abnormalities. The means by which they may be corrected. The detection of all errors of vision and their correction without the use of drugs. Also the preparation of the necessary lenses and their adjustment to the features of the patient.
It would appear that Optometry occupies an important relation to public welfare?
Yes, it is fully as important as any other profession.

What Indicates that Value of Optometry?
The fact that it has been legally recognized in every state and province.
What is one important provision of the Optometry law?
Before a person can practice Optometry he must successfully take a prescribed examination.
Who oversees this examination?
A Board of Examiners in Optometry.
Do the optometrical laws make Optometry of more value to the public?
Yes, as an incompetent person is not allowed to practice.

How Important is Optometry?
Investigation has proved that at least half the population would be benefited by the services of the Optometrist.
The Optometrist does not prescribe for diseased conditions of the eye?
No, though he is able to detect them, and may recommend that the patient consult a physician.
Errors of vision are often present without the knowledge of the patient?
Yes, they are often responsible for much distress without the cause being recognized.

How May a Person Learn if He has or has not an Error of Vision?
The Optometrist could give him the facts regarding his eyes.
Would this information be valuable?
Yes, if an error of vision exists its correction would improve the patient's health and efficiency.
What is the greatest handicap Optometrists have to overcome?
The lack of knowledge on the part of the public as to the value of Optometry.

Explain the Duties of the Optometrist and Optician
The Optometrist is a professional man who deals only with defects of vision—their detection and correction. The Optician's duties are more mechanical. He prepares lenses, adjusts frames, etc.
Do Optometrical students receive instruction in both these branches?
Yes, practically every Optometrist is also an Optician; but many Opticians are NOT Optometrists.

MUSIC AND EXPRESSION PUPILS IN RECITAL

Misses Marilu and Elaine Roser presented their music and expression pupils in a recital May 18 at the high school auditorium. The recital was presented in three parts which included readings, piano numbers and dancing.

PRESBYTERIAN NOTES

The Rev. E. C. Lambert, pastor of the Presbyterian Church at Tulsa, will fill the pulpit for the Rev. H. J. Manley Sunday, May 27, at the 11 o'clock hour. Rev. Manley goes to Fluvanna for the baccalaureate sermon.

There will be no evening services at this church at night as the baccalaureate sermon will be preached at the high school auditorium by President Batsell Baxter of Abilene Christian College. Hear both of these men of God. REV. H. J. MANLEY.

CHANDLER—McCORMICK

Saturday, May 19, Mr. Buck Chandler of Snyder and Miss Ethel McCormick of Camp Springs were united in marriage in Snyder by Rev. L. D. Sanders. The young couple will make their home here. Their many friends join in wishing them a long life of happiness and prosperity.

MRS. HENRY ROSENBERG ENTERTAINS

One of the prettiest events of last week in social circles was the forty-two party Wednesday morning when Mrs. Henry Rosenberg delightfully entertained a number of her friends at her lovely home. A red and green color scheme in tallies and refreshments was daintily carried out. Spring flowers artistically decorated the home making a pretty setting for this gay morning party.

After a series of games had been played, Mrs. W. W. Hamilton was awarded the high score prize, Mrs. George F. Smith for low score and the cut prize went to Mrs. J. M. Harris.

Dainty refreshments were then served to Mmes. Walla D. Fish, Lewis Blackard, Wayne Boren, Wayne Williams, H. M. Blackard, George F. Smith, C. C. Higgins, Joe Caton, W. W. Lechner, P. C. Chenault, W. W. Hamilton, Lee Stinson, J. M. Harris, Fritz R. Smith, Forest Sears, Joe Stinson, W. P. Smith, Ernest Taylor, Dixie Smith, E. J. Richardson, Hugh Boren, Tom Boren, A. C. Max Brownfield spent last weekend in Pecos.

MRS. ALFRED MCGLAUN ENTERTAINS CLASS

Mrs. Alfred McGlaun was the gracious hostess to the members of Mrs. R. D. English's Sunday school class yesterday afternoon at her home. A pleasant social hour was spent when refreshments were served to the members and the following guests: Mmes. Tom Gates, Maurice Brownfield, Melvin Blackard, Amos Joyce and Misses Alma Nell Morris and Ruth Bartley.

Yes—she has a new MAYTAG

Maytag World Leadership is Based on these Facts:

- One out of every three washers sold is a Maytag.
- The Maytag is made by the World's largest manufacturers of washing machines—men who have made Maytags—and nothing but Maytags—for more than a quarter of a century. Their name and reputation are your guarantee of satisfaction.
- The life-lasting cast aluminum tub is an exclusive Maytag feature. It is one of the principal reasons for the Maytag's outstanding performance.
- The New Maytag Roller Water Remover with automatic feed and non-crush roll is an exclusive costly feature which is 10 years ahead of the times.
- The New Maytag is a lifetime washer. Years from the day you buy it the NEW Maytag will do your washings as quickly and well as when new.

AND you, too, can have your washing done in an hour or so—with the NEW MAYTAG! You, too, can spend washday in recreation with friends—or resting. Prove this to yourself—in your own home—with your own washing. Phone for a New Maytag on trial and see this New wonder washer demonstrate its helpfulness to you.

A Maytag trial provides you with the opportunity to test every NEW Maytag feature—from the New Roller Water Remover that is 10 years ahead of the times, to the lifetime heat-retaining cast-aluminum tub. It provides you, too, with the opportunity to own this world famous washer—to be able to say when your friends call up on washday; "I've just begun—but I'll be done in an HOUR."

TO THE VOTERS OF SCURRY COUNTY

After numerous solicitations from my friends in various parts of the county and Precinct No. 1 in particular, I have decided to submit my name as a candidate for commissioner of Precinct No. 1, in Scurry County. In doing so I wish to say that I consider this one of the most important offices in the county, and I have hesitated in announcing on that account.

Your Commissioners' Court, sitting as a Board of Equalization, has the valuation of every farm and piece of property in Scurry County in their hands, and it is very important that your commissioner be well informed as to the values in all parts of the county in order to serve the people well.

From a taxable valuation of something like \$7,000,000 there is derived about \$85,000 in county revenue, which, with the automobile tax of \$25,000, produces a total of around \$110,000, and your Commissioners Court has in their charge and supervision the expenditure of this vast sum of money.

These two duties are some of the most important of your commissioners, and it shall be my desire and aim to see that the tax payers receive value received for every dollar that they pay into the treasury of the county. I shall try to see all of the voters personally and discuss these matters with you before the primary, but if I should fail to see you, this is to ask that you investigate me and my record thoroughly, and if you think that I can serve you in this capacity, I shall appreciate your vote and influence in the July primary, and promise you that I shall give the

SIMMONS "BRONCO" IS WORK OF ART

The 1928 Bronco, yearbook of Simmons University, universally adjudged the best annual ever published by the university, was distributed to the students last week. More than 700 of the yearbooks were delivered.

Much of the credit for work on the book goes to James L. Martin, son of Mr. and Mrs. J. L. Martin, and Leroy Jennings, editor and business manager of the book. A large and capable staff aided Martin in the work of designing and arranging the book.

The introductory pages are done in four colors, the feature section has been greatly enlarged, and this, as well as the beauty section, is printed on pebbled paper. "The Quiet" grid section edited by Dub Powell, is one of the best satirical humor sections seen in any Bronco.

An added convenience in this year's book is an index to every section, all advertisers and to every name and picture appearing in the book. This is a new feature for the Bronco.

The athletic section has been considerably enlarged and elaborated, and the action pictures give life and interest to the department.—Simmons Brand.

Rev. J. F. Lawlis of Snyder preached the baccalaureate sermon for the senior class last Sunday. A fine service is reported—a crowded house, and six fine young people finishing the high school here, and some of them intend to enter college soon. Mrs. S. H. Quiet happened to a serious accident Sunday afternoon. She was out about the place getting the young chickens and turkeys to shelter before the rain and struck the clothes line with her forehead, breaking her glasses and throwing her backward. The fall broke her hip and bruised her up badly. She was taken to the Root Sanitarium at Colorado and is resting right well. Among the improvements around Dunn this week is the installation of electric lights in the teacherage. It will be supplied with current from the Delco plant at the school building. The gas line from Colorado to Snyder comes within one-half mile of Dunn, but we have not learned whether our town will be supplied or not. Several young people from here attended singing at China Grove Sunday afternoon. Rev. D. R. Todd filled his regular appointment at Big Sulphur last Sunday. The fine rains have changed appearances around Dunn in more ways than we can enumerate. Faces are shorter, people are busier, salesmen are tuning in for the home run. Peace and happiness reign supreme, and prosperity is beckoning to the sons of toil. JIM PEACH.
