**THE TYPHOID HOUSE FLY**  
How doth the busy, buzzing fly Improve each shining minute? He buzzes 'round the sugar bowl And then he buzzes in it. Or, perchance, there's a custard pie Where careless cook has placed it; He'll first explore its luscious crust. And then, by George, he'll taste it.

**FIRST TELEPHONE**  
The first telephone installed in Texas was at Galveston on March 18, 1878, at the home of Col. A. H. Belo, founder of the Galveston News and the Dallas News. The connection ran to the Galveston News, and it was one of the first of 1,000 installed in the United States. Alexander Russell, now editor of the Galveston Tribune, made the installation.—Dallas Evening Journal.

**QUESTION ANSWERED**  
The old lady tourist in Florida was interestedly viewing a monster alligator and finally demanded of the attendant: "You say you don't have to feed him very often. What kind of food does he like best?" "Babies, ma'am," replied the man mildly.

**DEFEATED CANDIDATE'S SPEECH**  
When the future doesn't have a rosy tint and things seem so badly out of joint that we are nearing the slough of despond, we usually try to think of the speech of an old fellow who was defeated for office in Tennessee many years ago. Said he: "Fellow Citizens: On the money question I am in favor of gold and silver and green backs, and nation bank notes, and nickel and copper, and, if necessary, a leedle more counterfeit."

Mr. and Mrs. J. D. Farmer left Monday for their home in Lampasas after a visit with Mr. and Mrs. W. S. Upton.

Mrs. L. E. Scott of Dallas and grandson, L. A. Scott, of Fort Worth arrived here Sunday to spend the summer with the families of J. W. and W. M. Scott.

Mr. and Mrs. J. W. Woody, who have been visiting in Quanah, were accompanied home Sunday by their daughter, Mrs. Rhea Hardin.

Mrs. Dick Webb and Miss Martha Gray were accompanied home Sunday by Miss Margaret Dell Prim, who has been attending school at Trinity University.

Mrs. Charles Cooper and two sons, Charles Jr. and Stanfield, left Tuesday morning for a vacation in California and other western points.

Mr. and Mrs. W. S. Wood and Mrs. C. R. Wood and little daughter Janell of Gorman are visiting in the home of Mr. and Mrs. C. E. Fish.

Geo. Thompson of Tulsa, Okla., who has been visiting his nephew, S. N. Wilborn, and family left Wednesday for a visit with relatives in Amarillo.

Mmes. Lee Stinson, Joe Stinson and Misses Marie Casey, Mary Lynn Nation and Frances Stinson attended the Stinson-Ledbetter wedding in Abilene Friday.

Miss Luella Brice was accompanied home by Miss Janice Hickerson Saturday. They have been attending Baylor College at Belton.

Mr. and Mrs. J. E. Sentell returned home Monday from Columbus, Ga., where Mr. Sentell has been taking special training in military tactics.

Mrs. Dora Cunningham and two daughters, Mmes. Clarence and Mattie Ross, left Tuesday for El Paso and California.

Mr. and Mrs. Preston Thompson, Mrs. C. J. Sims, Mrs. Louise Darby accompanied Herman Darby to Lubbock where he will attend summer school at the Tech.

Mrs. Fritz R. Smith and Mrs. O. P. Thrane returned Sunday from San Antonio where they attended the biennial convention of women's clubs.

Mr. and Mrs. J. J. Taylor, who have had charge of the Ansford Hotel at Anson, have given up the lease. They have not announced their plans, but it is hoped they will come back to Snyder.

The out-of-town guests present at the Duff-Logan wedding were Mrs. J. J. DeShazo and son, Dick, of Sudan, Mr. and Mrs. J. C. Isaacs, Miss Anna and Quinton of Canadian.

Mr. and Mrs. Joe Graham, Mrs. W. E. Martin and daughter, Miss Mary Ellen, left Monday morning on a fishing trip to Anson. They expect to be gone about two weeks.

Mrs. Marie E. Waskom will leave tomorrow for Amarillo where she will study the Dunning system of improved music study. Mrs. Waskom will be gone about six weeks.

Mr. and Mrs. J. L. Noel of Falls were here Sunday to meet their daughter, Miss Eudora Noel, who was returning from Waxahachie, having been a student in Trinity University.

Mr. and Mrs. R. H. Odom and family went to Cross Plains Saturday to attend a surprise birthday dinner at his father's ranch celebrating the birthday of his father, R. P. Odom. Mrs. Odom and children remained for a two weeks' visit with her parents, Mr. and Mrs. R. L. Bell.

The Senior Editor and family are moving into the Pat Johnson home recently purchased by O. P. Thrane and Tom Huffman, while J. C. Dawson is moving into the residence vacated by the editor and family. As quickly as Henry Wellborn gets the new adobe home completed, in addition to the new one now being built, the editor and family will move to that home.

**HARI HAR!**  
The Editor is helping himself to a big laugh. He has a letter from a home merchant urging that he roast folks who trade out of town. What's funny about that? It's written on a letterhead printed out of town.

Of the 254 counties in Texas 196 produce cotton in sufficient quantity to be reported in the ginning figures of the United States Department of Commerce.

**Panhandle Wheat**  
IN REPORTING the wheat outlook, following heavy rains in the Panhandle, is better than at this time in many years, the Hereford Brand states conditions that seem pretty general in all North Texas counties. Much of the crop that had seemed about dead from the long dry season has revived and is growing in a way to give hopes of large returns, and especially if there are more rains before the harvest time. The acreage is slightly larger than usual. Hail damage reported in some sections has not been as heavy as at first believed.

Only five crops—cotton, corn, wheat, oats and grain sorghums—produce more annually than the sweet potato crop in Texas. The yearly value is almost \$9,000,000.

## WATCH FOR THE HOOK

Some smooth, slick talking salesman may  
Come talking gilt-edged stock some day,  
But you had better not crack down  
Till you have all about it found;  
For stock in many a quick paying scheme  
Is not what it at first may seem,  
And no matter how the bait may look,  
It pays to watch out for the hook.  
The Snyder National will help you find  
The worth of stock of every kind.

(Cop. 1928 Adam Brown Hunter)

**DICK AND ABE SAY:**  
Many a man as he walks down the street  
Is afraid some friend he's going to meet.  
The reason why he is so much distressed,  
Is because his suit needs to be cleaned and pressed.  
The way to make such a feeling stop,  
Is to trust that suit to our good shop.

98  
**DRY CLEANERS**

### COUNTY AGENT'S NOTES

Two merchants of Snyder are offering open trips to all of the club boys in the county belonging to the 4-H clubs on poultry and pig projects, and every boy in the county in this business should be making his plans to make one of these trips.  
The Stinson Bros. trip is given on the best report that is made by July 21 on pigs. The pigs must be weighed about twice a month and the daily gain kept; the feed given them must be kept up with, and the story of how fed and handled will amount to 40 per cent. This trip will not be given on extravagant feeding. The cost of making the gain is very important. Every boy with a pig should be making his plans for this.

The Higginbotham trip will be given on chickens. There are 5,000 chickens enrolled in the club this year. This trip will be given on the best record, number of chickens started with, per cent raised, and story of how they were handled will be the main points on which the winner will be selected.  
Any boy wishing to compete for this trip should send in for a record book so that he will be in shape.

#### Plans Made for Registered Heifers

Good livestock means better farms, homes and folks, and an effort is being made at this time to get in a load of registered Jersey heifers that will be the foundation for better Jerseys in the future.  
Watch the calves of the circle bulls and you will use them. They are roving that cows are not just cows, and that breeding tells.

#### The Class Will

The last will and testimony of the Class of '27-'28 of Snyder High School:  
We, the members of said class, being of sane mind, well stored with knowledge, do hereby declare and bestow our legacy in full and unconditionally as follows, to-wit:  
To our teacher, Miss Clark, we wish to leave her dear memories of our good behavior and memories of the excellent preparation of our lessons.  
To the Senior B's, whom we

have learned to love, we present the key of knowledge, that it might help them in their last hours of school in Snyder High.  
The entire Senior Class wishes to will to the Junior Class the privileges which were rightfully ours that we failed to get.  
Una Hart wishes to will this little box to Mr. Rucker, which she has used throughout the year as a foot rest to make her feet reach the floor, in hopes that he will be able to make his reach the floor next year.  
Nettie Mae Askins wills Essie Burk a pair of specks, so that she may see more clearly.  
Gordon May wishes to will his position on the football team to anyone who can get it next year.  
Lila Mae Williamson wills Katherine Northcutt a vanity that she might be a tiny bit more beautiful during next year.  
Polly Harpole wills Bamma Cayce her old curling irons and makes a special request that her hair will not be found so straight and shaggy next year.  
Nibs Warren especially desires to will Bob Gray his ability to cut class and get by with it so that Bob will become more efficient in continuing the good work he has begun.  
Lucille McCaleb and Fay Dell Glen wish to will this truck to Babe Lewis so that the basketball girls will always have a way to travel from here out.  
Johnny Shaw wishes to will Vivian Sterling this piece of candy to eat in Mr. Rucker's fourth period history class in hopes that she will not get so hungry hereafter.  
To Arthur Duff and Violet Dean, Beatrice Stoker wishes to will her ability to be secretly married a year without anyone finding it out.  
Beatrice Watson wishes to will Edda Von Roeder a package of chewing gum that she might give it to someone else hereafter.  
Lucille Eoff wills Mariwade Harless all her history notes.  
Christine Eoff wills Miss Mattie Ross Cunningham a red pencil.  
Polly Porter wishes to will Floye Brownfield her good disposition because she might need it.  
Gwendolyn Chambers presents Mary Edith Hood with all her

### CLASS PROPHECY

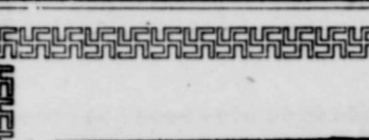

The lonely scene was a desert and the gypsy was seated near the urn. The old Seniors of the year of 1928 heard that she was telling fortunes, so they all grouped around to hear what she would tell them. The first to enter was Lucille McCaleb and Connie Grantham as basketball coaches in a girls society and sports school on the Hudson River. The next was Roe Bavousett as president of the stock judging team at A. & M. College. Next Leo Beavers appears a famous wealthy ranchman in Arizona. Hugh Boren, well known orchestra director of three famous Snyder High orchestras, now playing each night at the La Salle Hotel in Chicago. Next appears Josephine Howell traveling for the Real Silk Hosiery Co. Next our dear little school friend, Mary Lynn Nation, appears as a public school music teacher in Austin. Next we see Vera Periman, a Latin teacher in Kidd Key College. Polly Porter is head model in New York City modeling evening wraps and dresses. Maurice McClinton appears as head of the English department in Rice Institute.  
Next comes Jonny Shaw, a

famous doctor in Shaw Sanatorium with Lila Mae Williamson, Beatrice Watson and Oleita Mitchell as the most highly trained nurses. Next we see Nettie Askins married to a wealthy farmer living near Snyder. Now we will go on to Dorette Beggs, an author of many wonderful novels, at present living in the Ozarks gathering material for her latest book. Also appears Gwendolyn Chambers, a ballet dancer on Broadway, very beautiful and well known. Now we see Violet Bradbury and Mary Bob Huckabee in Colorado teaching art through the summer and painting in the winter.

We now look upon the accomplished Allene Bryan, a costume designer in a style shop in Chicago which belongs to Audrey Burrough and Marie Casey. We next see Mittie Mary Clarkson, a coach in girls' basketball in Blue Grass Seminary. Next to appear before the wise gypsy was Rowena Grantham, who is making a tour of the world stopping at the most fashionable hotels. We watch for a few minutes and Doris Pope Eliza and Fay Dell Glenn are managing a Blue Willow Tea Room near Boulder, Colo. Next we see Polly Harpole and Mable Isaacs traveling in Europe waiting to see the Passion Play in 1932. Next Nina Huffman and Una Harte appear as interior decorators living in New York. We wait for another to come and who should it be but Tenny Mae Jeffress, married to Flo Ziegfeld in Ziegfeld Follies. Next we see Mary Holt and Frances Lewis working in the millinery and ready-to-wear department of Caton-Dodson Dry Goods Co. We watch for the next ones to come to the gypsy, and it is Ardelle Langford and Thelma Leslie in Mexico studying Spanish, later planning to go to Spain. We now see our dear classmate Lucille Eoff, a fine stenographer, in a lawyer's office in Dallas. The last ones of the dead old class of 28 to come to

### THE HEALTH OF MOTHERS IS OF GREAT IMPORTANCE

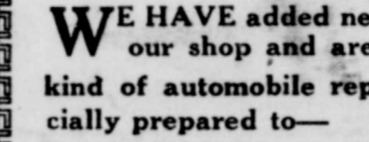

Houston, Texas.—"Dr. Pierce's Favorite Prescription was a great benefit to me during middle life. The bearing pains and other trouble and sickness which came upon me at that time were all dispelled by the use of the 'Prescription.' I consider it a wonderful remedy, and I am glad to recommend it."  
"My daughter was wonderfully aided by taking a few bottles of 'Prescription.' It is a priceless remedy for functional disturbances."  
Mrs. Turbe Horton, 18 Stanley St., Allentown, Pa. Write Dr. Pierce, 'Invaluable' Hotel, Buffalo, N. Y. for free medical advice.

HEVROLET MAKES CHANGE IN PROGRAM OF ADVERTISING

John E. Grimm, Jr., Advertising Manager of Chevrolet Motor Co.

Renewal of a unique series of advertising conferences, in which the automobile dealer is given a voice in the national advertising program of the factory, was announced at Detroit Friday by John E. Grimm, Jr., advertising manager of the Chevrolet Motor Company.

C. OF C. TO HAVE MEMBERSHIP MEETING

In order to acquaint the membership with what the Chamber of Commerce is doing, it was decided at a directors meeting to have a general membership meeting Friday, June 8, 1928, at the district court room at 8:30 p. m.

Let us have the largest representation at Fort Worth June 18, 19, and 20 that we have ever had. It means much to Scurry County. Following is the program to be given at the district court room Friday night, June 8:

Musical program, Wood Instrumental Training School. Address, A. A. Bullock, president. Report, Secretary Evans. Talk, "What the Chamber of Commerce can do for the Farmers," J. L. Carrell, farmer.

WHERE THEY WILL GO

According to the statements of the members of the graduates of Snyder High School, twelve will enter Simmons University this fall, with Texas Tech coming second with eight, A. & M. third with seven, and West Texas State Teachers College fourth with six.

SWEETWATER PASSES NEW MEAT ORDINANCE

The City of Sweetwater has started a movement there that should be followed by the progressive cities and towns of West Texas as regards the handling of meats. The ten butchers of the city meeting with the city commission passed an ordinance prescribing the methods for construction of slaughter houses, the inspection of all animals before and after killing, and requiring that all animals be killed in such buildings as meet the specifications of the ordinance. A penalty of \$200 fine is provided for violation.

Under the ordinance, buildings in which animals are to be slaughtered must provide adequate and approved facilities for each of the following departments: stock pens, killing rooms, chill rooms, cold storage and refrigeration rooms, and a reduction department.

Besides the inspection of the animals, all employees must be examined by the city physician, and no one infected with tuberculosis or other communicable disease is to be allowed in the employ of the slaughter houses. Animals slaughtered must be allowed to remain in the chill room at least 12 hours before they are delivered to the owner.

Mrs. Martha Jane Langley, 102 years and four months old, who died Wednesday in Mineral Wells, was a pioneer Texan. Her husband

FORMER SNYDER GIRL WINS AT COLORADO

Miss La Vada Baze, daughter of Mr. and Mrs. John Baze of Colorado, former residents of Snyder, won the D. A. K. medal for the seventh grade student making the highest grade in U. S. history during the year; also \$5 in gold for the best theme on the subject, "Life's Evening Takes Its Character From The Day."

The Times-Signal joins in extending congratulations.

SEWER BONDS ARE VOTED AT LORAIN

By a vote of 91 to 47 Loraine citizens Tuesday approved two bond issues totaling \$42,000, which will be used for installing a modern sewer system.

An issue of \$33,000 was passed for the sewer system with a \$9,000 issue to be used in retiring outstanding warrants.

This city of 1,200 has a possible total of 200 connections to the sewer system that will be put in. A modern disposal plant will also be built.

METHODIST CHURCH TO BE DEDICATED JUNE 24

The Methodist Church at Hermleigh is to be dedicated Sunday, June 24, at 11 a. m. Presiding Elder, Rev. L. N. Liscomb, will preach the sermon.

METHODIST CHURCH

Sunday school 9:45 a. m. Everybody invited to attend the Sunday School. Classes for all. Are you a stranger in town? Come to the Men's Brotherhood class and get acquainted, or to one of the young people's classes and meet the fine young people. Preaching services at 11 a. m.

and 8:30 p. m.

Morning subject, "The Blind Spot in Your Seeing, in Your Understanding." We have discussed the near-sighted man and the far-sighted man, and now we want to discuss the reason as to why we can't see clearly all truth. What causes our limitations? Surely, according to the laws of cause and effect, there is a reason for it. What is it, and can we overcome it? Let us see what we can find. The evening subject, "Christ Before Pilate." We invite you to both services. J. F. LAWLIS, Pastor.

SPIZZ B. Y. P. U.

Subject: The Holy Spirit in the Christian's Heart.

Scripture reading, Acts 2:1-4; 41:47; John 16:13-25, Mildred Ross.

Introduction, group captain. The Spirit Searches the Heart, Violet Dean. The Holy Spirit Our Helper, Katherine Northcutt. Power Given to the Apostles, Vera Upton. The Holy Spirit and the Scriptures, Mable Isaacs. Paul's Teaching and Power for Service, Lila Mae Williamson. Let Us Give Him Our Lives, Jonnylle Shaw.

A twelve passenger cabin Ford tri-motored all-steel airplane belonging to the Standard Oil Co. stopped at the Colorado airport last week.

Announcement of Vital Interest to Every Motorist

MELLINGER tires, which have been making such notable records in other localities, are now available here. I have secured the local unit of the biggest chain of tire agencies in the country. Mellinger Tires are sold under the longest and strongest guarantee of any tire in the world—

GUARANTEED 15 MONTHS Against All Road Hazards

\$5.00 to \$10.00 EACH FOR OLD TIRES

Why should you buy other tires and not get a cent for your old rubber? No matter how old or worn, no matter what brand, I am authorized to allow you \$5.00 to \$10.00 each for your old tires. Let me show you what goes into Mellinger Tires—no obligation to buy.

I. O. O. F. MEMORIAL PROGRAM

The I. O. O. F. and Rebekah members of Nolan and Mitchell Counties will hold a memorial program at the city auditorium at Sweetwater on the night of June 12, in which there will be a good program given. It is expected that all members of both orders and members in adjoining counties will be present at this meeting together with their families and friends.

The public is invited, as this is an open house meeting, and the committee working on the program feels sure all who come will not regret doing so. "Mac" Evans had his hands full Tuesday with a bunch of Sunday school boys that he took out to Thompson's dam. It seems that Mac taught Mr. Lanforn's class several Sundays ago, and during the session Mr. Evans asked the boys what they thought a Sunday school teacher should do for his class. One of them remarked: "Take the class out fishing." That stopped Mac dead, so to make good his word he had about 15 boys in tow and was showing them a real good time.

WORLD LEADERSHIP THE genius that wins leadership never rests. By the time others have struggled to heights attained by leaders, the leaders have blazed trails to new accomplishments. The Maytag Aluminum Washer for five years stood without a rival. Then came the New Maytag, so far in advance of the times as the former Maytag was five years before. The big Maytag factory is now turning out 1400 washers a day. The unmatched speed and thoroughness which characterized the Maytag of former years has been enhanced by many noteworthy features, in the new Maytag. Important among them is a Soft Roller Water Remover which hugs every fold of the clothes. Both the soap and water are extracted evenly—no wet spots, no yellow drying. It is the most effective method of soap and water removal ever devised, yet so gentle that delicate buttons and filmy laces go through unharmed. Read about the other features of this marvelous New Maytag—then try one. ### Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

#### School Closes

Last Saturday night marked the close of the Fluvanna Public School. The commencement exercises were held in the Methodist Church. Following appropriate music and prayer, Miss Emileta Landrum stepped to the pulpit and delivered the valedictory address. Following this, Prof. Massey, master of ceremonies, introduced Dean Gordon of the Texas Technological College of Lubbock who delivered the principal address of the evening. This address was a very practical, sane and helpful message. This message was one calculated to inspire and help all who heard it to higher ideals and better living. Then came the conferring of diplomas following appropriate remarks by Superintendent Massey. Those receiving diplomas were Misses Emileta Landrum, Mollie Flournoy and Lucile Tarter. Then, after prayer, the audience was dismissed, and the school year 1927-28 became a matter of history.

During Saturday night and Sunday all the teachers took their departure, several of them going by way of their parental homes for a short visit, thence to other points where they were to enter summer schools, thus preparing themselves more thoroughly for their chosen work.

Miss Angie Haynes and Geta Landrum, who have been students in McMurry College at Abilene since last September, returned home Sunday.

#### Church Services

Regular preaching services were held at the Methodist and Baptist Churches last Sunday at the usual hours. At two o'clock a baptismal service was held by the Baptists, following which the pastor, Rev. Massey, and several of his members went to Arah for a service with those people.

Next Sunday there will be services at the Presbyterian Church—a sermon by the pastor in the morning and a stereopticon lecture at night. The subject of the latter will be the Life and Work of John Bunyan. This will be an interesting service. Come and see and hear.

#### Business Affairs

The starting of the new oil well test a few miles north of west of Fluvanna is a matter of considerable interest to folks in these parts. The indications are that those people really mean business. About thirty truck loads of equipment and lumber had been hauled out up to Monday afternoon. Two more carloads of stuff are expected any day. One of the workmen, Mr. Moore, told the writer that all together there would be between 75 and 100 truck loads of equipment and material used. We understand that E. L. Doherty, Jr., of the California Oil Company, is the promoter of this enterprise. Some new leases are being sold.

It goes without saying that the farmers are very busy these days. The weather flurry last Sunday afternoon killed the young cotton on some farms. This, of course, makes extra work and belates those crops.

#### A Scare

For several years V. P. has been in the habit of giving out storm warnings when the instruments seemed to warrant it. On last Sunday afternoon he asked the central phone office to broadcast such a warning, stating that the barometer was low (the reading being 58 points below normal) and that it would be wise to watch the clouds until all danger had passed. He further stated that he thought there was no real danger, but that condi-

tions justified caution. We learned Monday that several people became alarmed and resorted to storm houses after hearing that we had predicted a cyclone. We very much regret this misunderstanding. We only meant to put the people on their guard. Cyclones are always very much localized—never covering much of the low area—but disastrous where they hit. Five minutes is plenty of time to make a heavy demand for doctors, undertakers, funerals, building materials and an appeal to the Red Cross if a town is hit; hence the thing to do is to watch for the critical moment. We have often read that "there was not a minute's warning." This is never true. There is always ample warning if only people pay attention. Tornadoes are always preceded by high temperature, vivid lightning and a low barometer. Such storms never occur when the barometer is anywhere near normal. This is why you need a barometer's advice. V. P. wants to serve his neighbors in any way he can. If you are anxious about the weather, call him up.

If you want to know more about how to live the Christian life, come and see him about it.

#### Trips and Visits

John Truss and family spent the week-end in Midland.

John A. Stavely and family spent Sunday visiting in Southland.

Dan T. Whitley, wife and little daughter, of Wichita Falls, came to Fluvanna Monday mainly on business.

C. A. Rice, formerly of this community but now of near Lubbock, was here Monday on business.

Horace Benson of Olney was visiting in Fluvanna the first of the week. From here—with his family who have been here for several days—he goes on to Alpine where he will spend his vacation.

J. R. Patterson, wife and boys, accompanied by Mrs. J. J. Belew and son, Burl, and Miss Mary

Neil Nesbit went to Mineral Wells Saturday where all except Mrs. Patterson and the two boys are remaining for special treatment. J. R. and the boys were caught on their return Sunday afternoon a few miles the other side of Albany in a heavy wind, rain and hail storm. He reports that considerable damage was done at Albany.

Mrs. W. P. Sims and little son are home from a two weeks' visit at Lamesa.

Mrs. Dessie Bennett and babe of Santa Anna are here visiting Mrs. Bennett's father, Drew Wilson, and children.

J. W. Squires and wife and daughter, Miss Edna, visited Mrs. Squires' parents, Mr. and Mrs. Griggs, of the Dermott community last Sunday.

Chris Runkle and family of Windom in Fannin County, were here last Friday visiting old friends, especially the C. E. Tarter family, while on their way to California for the summer.

#### Miscellaneous

Early last week Virgo Wills, son of O. S., was hurried away to the Scott & White Sanitarium at Temple where Virgil underwent an operation for appendicitis. According to latest reports the patient is doing fine.

There are several cases of measles in the community—practically all among children. It seems that all the patients are getting along well.

A unique and highly enjoyable ice cream supper was served last Saturday night in the home of Horace Carmichael, the occasion being the birthday of the father, age 67, and twin sisters. Mrs. Fred Taylor and Mrs. Jack Huncnicutt, age 23. We wish these people many such happy returns.

### LETTERS ABOUT PROPOSED BRIDGE

Snyder, Texas, June 5, 1928.

Snyder Signal: In answer to your article for comment on a proposed bridge across Deep Creek west of the post office, I would say that for several years I have been urging a bridge at this point because it is an inlet to the business district from the last close-in residential property to be used by the city. There are many close-in vacant properties that would develop very profitable tax producing values to the city coupled with the main feature of eliminating the congestion on this particular street on which the taxpayers of the city and county pay enough additional gasoline consumption each year to pay the additional tax it would take to put in this bridge. And there is the further elimination of the wreck hazard that goes with this congestion. Scarcely a week goes by that I do not witness from one to three collisions of more or less consequence because of this congestion.

I have personally urged this bridge many times as a councilman and believe it is the next improvement of any kind that Snyder should undertake.

Thank you, W. R. BELL.

Snyder, Texas, June 6, 1928

Scurry County Times: I have read your article regarding putting a bridge across Deep Creek, and it occurs to me that if there ever was anything the town needed it is this bridge. As long as I was on the City Council I was strongly in favor of this improvement.

Naturally people will say because I am in business on the south side of town that I am strictly from a selfish standpoint I am expressing myself. Even if

this were the case, the town of Snyder needs this bridge. We put through a crossing for the property lying south of the jail, and in the few years since this took place we have seen a wonderful growth.

J. C. DAWSON.

Bonded Stuff "Gus, dear," said the bootlegger's bride, "I wish you wouldn't spill any more of your goods around the barn."

"What's the matter, babe?" inquired her fond husband "Was they any cops snoopin' around?"

"No, but the cat was. And it nearly killed two of the neighbors' police dogs."

History Prof: Define the middle ages.

Trojan Student: They used to be thirty to forty-five; now they are fifty to seventy.

The corn production of Texas ranges from 75,000,000 to 125,000,000 bushels annually. Candidates for governor continue to increase. If we had the time and money we would get in. Our slogan would be "giv-m-l." Our platform would be "more dusty roads, more dumb county commissioners and more Jassacks in the legislature." We know if all of them would vote for us we would be elected.

United States government authorities show that under favorable conditions with a beginning of one male and one female fly, they may increase in one season to over 50,500,000,000,000 flies. This shows the need of FLY-TOX. FLY-TOX is the scientific insecticide developed at Mellon Institute of Industrial Research by Fex Fellowship. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX. It is safe, stainless, fragrant, sure.—Adv. 1

Ted Gallagher was a guest of Mr. and Mrs. O. P. Tate Thursday. Carl Anderson and Bill Norred of Hamlin were Monday guests of Mr. and Mrs. R. J. Randals. W. W. Lechner left today on business trip to Houston Corpus Christi.

# 45,000 MAN POWER

"WHAT OF IT? . . . What if the Dunlop team is 45,000 strong? What does that mean to me and my car?"

More VALUE in the tires you buy . . . that's what the immensity of Dunlop means to you.

Dunlop engineers have continually blazed the trail in tire inventions. They have pioneered in practically every major tire improvement, including the drop-center rim as used on the new Fords. Eighteen world records confirm Dunlop's engineering skill.

Combine 40 years' experience with 45,000 craftsmen and you have the world's greatest tire knowledge. Combine this knowledge with the finest materials . . . what do you get? Extra VALUE, as evidenced by the fact that 26 million Dunlops are now in use.

Those millions of motorists, and those 45,000 Dunlop workers—they all know from experience that it will pay you to put Dunlops on your car.

**DUNLOP**

"DUNLOP CITY" Throughout the world, the productive Dunlop Properties cover so vast an area that—if combined into one place—they would form a "Dunlop City" of over 100,000 acres.

# A PUBLIC BENEFIT

\$70.00 Cycle Merry-Go-Round to be Given FREE to some Rural School on June 25. All Schools, including the City Schools are now entered in one of the Greatest Contests that has ever been staged in Scurry County

## Cash and \$70.00 Credit on the Famous "Cheerio" for City Schools

Cash and Absolute Gift of \$70.00 Cycle Merry-Go-Round to Winning Rural Schools.

Cycle swing now here. Rides for 5c, to go in school fund.

The Davis-Harpole Co., in order to further introduce their Economy Basement department as well as their entire store, has arranged a plan in cooperation with a playground equipment house whereby the thrilling Cycle Merry-Go-Round will be held in their lot back of the store and here rides may be obtained at the rate of 2 for 5c.

This Cycle Merry-Go-Round and the money received from the rides will be given as prizes to schools receiving the most votes as explained below. Contest to start Friday, June 8th. First count Saturday, June 9th. Read about it in center display.

Since the Cycle Merry-Go-Round is most popular for city schools, we will let the rural schools compete for this attractive playground device according to rules and regulations. Read carefully so you will know where a larger school has no more advantages than the small one.

**RULES AND REGULATIONS**  
Any person, old or young, making a purchase at this store during sale will be given a voting ballot showing the amount of purchase. Regular votes will be given at the rate of 100 for every \$1.00 spent. The purchaser may write the name of any school they choose on each ballot they receive. The rural school receiving most votes by Saturday night, June 30, will win the Cycle Merry-Go-Round.

**HOW SCHOOLS ARE EQUALIZED**  
Any school, no matter how small, will be given a vote value to equal the largest school. The enrollment will be used as a basis. A school with say 50 enrollment and another with 25, the latter will be given twice the voting power to equal their voting strength. The contest manager will be glad to show anyone the schedule from which each school is figured.

**\$70 Free Donation**  
And cash to City Schools to apply on the Famous "Cheerio" \$165 Merry-Go-Round, providing they attain as many or more votes as the winning rural school.

This Cheerio was submitted to the superintendent several months ago, and they approved it very heartily, as it holds from 30 to 50 children at one time.

## Notice!

All Ride Money Taken in From the Beginning of Contest Friday morning, June 8, will be distributed to the trustees or P. T. A. of the four leading schools when the first votes are counted.

**Saturday, June 9  
4 p. m.**

Both Rural and City Schools are included. Then on the following Saturday we will repeat this only there will be more money. What schools will get it?

There are 2 long three-minute rides for 5c when the ride tickets are purchased by an adult, otherwise rides are 5c per ride. No purchase of merchandise is necessary. Yet each \$1.00 you spend at the Davis-Harpole store will mean that your school has just that much more of a chance to get the money back, and a greater possibility of winning the merry-go-round. If grown-ups want to add to the fund, why, sure they can ride.

### Contests Are Educational

There are many parents who prefer their children shall have their failure and disappointments while young, because it's coming sometime in their lives.

#### LIKE A STATESMAN ONCE SAID

"Show me the greatest men of today, and I'll show you that at one time in their lives they failed, but they were too big (big in principle) to let this failure down them." He also stated that a failure will do one or two things for a person; it will either break them or make them—meaning they will not be able to overcome it, or they will try and profit by the experience and go after things with a still greater determination to win.

In defining the word "contest,"

#### WEBSTER SAYS:

in part—

"The difficulty of trying adds to the pleasure of contesting when there is hope of victory."—And we might add: even though we fail.

REGISTER AND RECEIVE MANY

### Votes Free

FOR ADULTS OVER 18

Children, don't let your grown folks and your neighbors forget to register for free votes on each of these four days—

**TUESDAY AND WEDNESDAY  
OF BOTH WEEKS**

All they have to do is to write their name on a tablet in our store and the name of the school they wish to see win. One registration allowed each of the four days to every adult. Free votes will be doubled if \$1.00 or more is spent at the time of registration.

### SPECIAL BUYING FEATURES

And extra vote specials on each of these four days. We may have a fishing party. Watch next week's paper for announcement, meantime get all the votes you can. Look over the list and see if you are in need of something—then note the price.

**500 FREE VOTES 500**

This coupon to be brought in by an adult member of family receiving this bill.

**NOT GOOD AFTER THURSDAY, JUNE 14th**

Children—if you are anxious for your school to win this merry-go-round or attain the credit, be sure and help your folks and neighbors think to bring their coupon.

TO THE MEMORY OF JAMES ORAN KELLEY

"He Dwelleth in Heaven" He dwelleth in heaven, never more on earth shall his voice swell the cadence of music and mirth. Never more shall his form that so manly moved ever gladden our hearts in the home that he loved.

He dwelleth in heaven; earth's

conflicts are over; he has sought, he has found that radiant shore to which his eyes turned while he dwelt with us here and which to the pure and the loving is near. He dwelleth in heaven. He is free from earth's stains; never more shall he suffer its sorrows and pains. Never more shall he bend 'neath the chastener's rod, for ransom'd and joyful he dwelleth with his God.

He comes to us oft in the dreams of the night and calls us to join him in mansions of light. He dwelleth in heaven. Yet deep in our hearts his image is graven and never departs. We wait till death, who has parted, again shall reunite. HIS WIFE.

KILLING JOHNSON GRASS NO EASY TASK The eradication of Johnson grass in sections of the South and of the far West, where it flourishes as a weed, entails miter hard work. Farmers' Bulletin 1537-F, "Johnson Grass as a Weed," published by the United States Department of Agriculture, summarizes proved methods which have been found most effective in various localities and under different conditions of soil, climate and culture.

"In attempting to clear fields of Johnson grass by any method," says M. W. Talbot, author of the bulletin, "the threefold aim should be (1) to exhaust existing root-stocks and to prevent the growth of new ones, (2) to kill new seedlings, and (3) to prevent the ripening and scattering of seeds. Attempts at eradication in fields in which the grass is well established are useless unless a thorough job can be done."

The pamphlet explains the way in which Johnson grass multiplies itself, and general methods of control. Close pasturing or mowing, followed by shallow plowing and tilled crops, is the general system, subject to local modifications, which has proved most effective over most of the infested territory. In certain arid regions, a combination of methods is effective. A vigorous stand of alfalfa usually thins the stand of Johnson grass. In waste places, such as fence rows, railroad rights of way, and ditch banks the ripening of seeds should be prevented by any practicable means.

Farmers' Bulletin No. 1537-F is a revision of an earlier Farmers' Bulletin 279-F. It may be obtained free on application to the Department of Agriculture, Washington, D. C.

SEES SOME MINDS 2,928 YEARS BEHIND Minds 2,928 years behind the times are not uncommon in this day of tremendous world progress, according to Harry Emerson Fosdick, noted pastor of the Park Avenue Baptist Church.

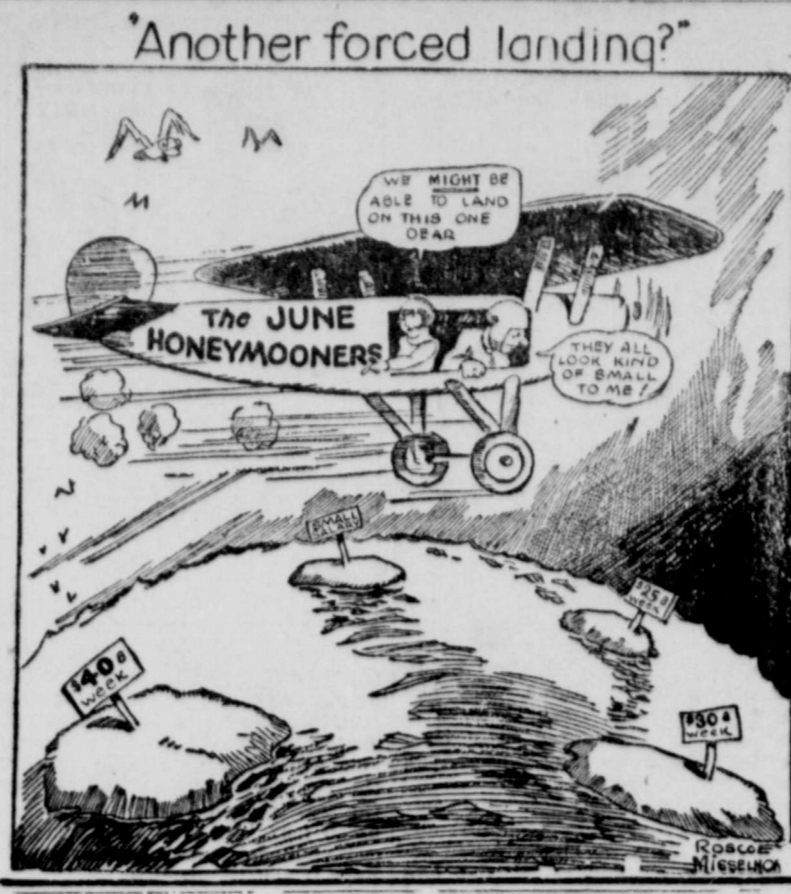

Outward signs of progress on the part of many individuals in American and other communities may veil the 1,000 B. C. mind, says Fosdick.

"When you hear a man say 'I hate,' adding the name of some race, religion, nation or social class, you are dealing with a be-lated mind," says Dr. Fosdick in The American Magazine.

"This man may dress like a modern, ride in an automobile, listen over the radio, but his mind is properly dated 1,000 B. C."

Fosdick, who spends much time now in watching the progress of his new skyscraper church edifice being built on Riverside Drive, partly as a result of donations by the Rockefeller family, all of whom are members of the Park Avenue Baptist Church, says that nowhere is group hatred so wretched in its effects as in religion.

"Religion should be the supreme unifying force on earth,"

he believes, "but hatred can transform it into one of the most divisive forces."

Much of the information of this pastor, who a few years ago attracted nationwide interest by dropping his Presbyterian pulpit because of disagreement over forms of worship within his church, is gained at his "confessional" which is not altogether unlike that of the Catholic Church. Hatred, he says, he has witnessed on the part of people who have visited him, for other members of their families, for social groups, for other religions and for nations.

DEPEW SAVED HOUDINI FROM CHARGE OF FRAUD The late Chauncey M. Depew counted among his other services to Americans who have become famous an act which probably saved Houdini, world famous magician up to the time of his death last year, from ignominy at the very outset of the magician's career.

Having failed to gain attention in the big show palaces of eastern American cities, Houdini, in the late spring of 1900, sailed for Europe to seek in a roundabout way to first make himself famous in Europe and then return in triumph to the United States. The first great European tryout came in London. The American Magazine reveals in its current issue. For days had seen the managers of music halls and small theatres seeking to show his prowess with the handcuffs, chains and locks.

As soon as Houdini's opening began at the Alhambra, a stranger calling himself "The Great Cinc" leaped to the stage, proclaiming himself the original handcuff king, and denounced the American as a fraud. The man even declared that Houdini was not an American and had never been in the United States.

But the so-called "Great Cinc" reckoned without Chauncey M. Depew, who was in the audience.

"That is not true," said Depew, as he stood up by his chair in the orchestra. "I know that young man is an American. I also am an American, and I saw him several years ago doing his handcuff act." He resumed his seat amid applause.

That was the beginning of Houdini's European triumphs which took him to the leading capitals of the continent, and caused him to go home a wealthy man, drawing a salary of \$750 a week, whereas he had, at the beginning of his European venture, been assured of no guarantee whatever.

OPTOMETRY It's Value to the Public By H. G. TOWLE, O. D. Snyder, Texas

What is one of the Ideals of Optometry? To have the profession recognized by the public for what it is—a factor in the improvement of health and efficiency among people generally.

Has the mechanical branch of Optometry kept pace with the advance professionally? Yes, many mechanical devices have been perfected which greatly assist Optometrists in making their services of the greatest value to the public.

The Optometrist is Always Striving to make his Services of the Greatest Value to the Largest Number of People?

Yes, he is diligent in rendering the highest possible service to the largest number of patients.

In this series of articles will anything be printed inclined to cause those who need an eye service recognize the fact?

Yes, beginning with the next article many facts regarding eye defects will be printed, and advice given with which readers should be familiar.

How many different Errors of Vision are there? The number is not great, though the VARIATIONS may run into thousands. Scarcely any two people have eye defects of the same character and extent.

That is why the Optometrist must give the closest attention to every case? Yes, he must have all his lenses ground to the individual needs of his patients.

Name the principal errors of vision. Far and Near Sight and Astigmatism. There is another condition called rebyopia, which is caused by the steady ageing of the eyes. See next article.

Why is a Person Far-Sighted? Because the eyes are smaller than they should be. The degree of the far-sight depends upon the extent of the variation from normal.

Can a far-sighted person know he is far-sighted? Not unless the defect is so extreme as to interfere with vision. Then a person may suffer from far-sight and believe he has normal vision?

Yes, many (perhaps most) far-sighted persons have vision, especially distant vision, better than normal, so have no reason to believe they have an error of vision.

(To be continued)

Plumb Wuthless A large ebony gentleman approached a clerk in a shoe store with the request that a pair of shoes he had purchased the day before be exchanged. "What's the matter with them?" asked the clerk. "They seem to be wearing all right," replied the negro. "Oh, yassuh," replied the clerk. "They wear all right but dey don't seem to put de edge on mah razor like de old ones did."

THE FOES OF FLIES Curiously enough, the spider is the fly's age old enemy. When Freddie Fly strays into the neighborhood of Sammy Spider, it's well, it's just too bad. And we abhor spiders. The "toad frog" likes nothing better than a couple of nice, fat house flies for dessert. And we don't like toads. The lazy lizard becomes a flash of "greased lightning" when a venturesome fly gets close enough. And we're afraid of lizards. Insectivorous birds devour insects that destroy our crops and bring us fevers. And we shoot insectivorous birds—just "for fun."

### Peddlers Will Be Ringing Door Bells in Snyder

The summer season, now at hand, brings with it an economic ill that annually takes a toll of thousands of ill gained dollars. It is the itinerant peddler, the house to house door bell ringer and those of his kind who travel from place to place plying their trade and imposing on the credulity and the unthinking, offering bargains in this and that which most always turn out to be inferior merchandise sold at higher prices or in short measure. It is well to beware of these fellows and the plausible stories that they tell to engage the interest and confidence of their prospects.

They are of many varieties and with as many kinds of merchandise to sell. Inferior articles of many kinds are peddled about hither and yon during the summer months. The automobile has been a great aid to this kind of chicanery for after he has landed a few gullible prospects a day's journey will take him far away and beyond the reach of the buyer who discovers that he has been victimized.

What better insurance can there be than buying from the home town merchant? If for any reason the article proves unsatisfactory he is ready and willing to correct the trouble and satisfy his customer. Not so with the peddler—he is gone tomorrow or yet today if the chase gets too hot. He is not seeking to satisfy his customer—he is after the money alone. The home town merchant stakes his reputation and his success on his record for fair and honest dealing. He may be found at his place of business day in and day out, year in and year out. There is nothing elusive about him.

When folks want support and contributions for this and that, they know where to find him, and he gives willingly and generously. Did anyone ever hear of the itinerant merchant contributing a single cent for the advancement of a local cause? There is one real way of insuring good goods at reasonable prices, one way of getting good value for the dollar expended, and that is to buy of the reputable home town merchant.

#### CLASS POEM

Up rugged paths and steep we've climbed  
To reach the mountain smiling,  
Nor turned aside for pleasure's call,  
So honeyed and beguiling.  
Each heart was bound by purpose  
Like bands of steel entwining,  
deep,  
To reach the prize on heights above,  
A prize in radiance shining.  
The heights are reached toward which we toiled  
In dark and sunny weather;  
Then must we part, forgetting all  
The days thus passed together?  
O, say not so, as in the past  
Class spirit we kept burning,  
Let now a purpose quite as strong  
Mark every year's returning,  
A purpose deep and well-defined  
Within each heart recessed,  
To help the world along, nor pause  
For pleasure's false caresses  
To freely give the world our best,  
To this our word is pledged,  
In this, as in all other things,  
We stand a class united.  
Ex.  
"She's very modern."  
"How come?"  
"Fights with her sweetie, pulls off her engagement ring and puts it on another finger."

SUPT. C. WEDGEWORTH

Supt. C. Wedgeworth came to Snyder at the beginning of this year to undertake one of the biggest jobs any man could handle—that of straightening out the school system and re-uniting the citizenship to such an extent that all could get together and really boost the school.

He has accomplished all this and more, for under his supervision Snyder gained admission to the Southern Association of Schools and Colleges besides numerous other points of recognition he has gained for Snyder. It is impossible to praise Mr. Wedgeworth, and the members of the Senior Class deem it an honor to have been associated with him.

#### GREETINGS FROM THE SUPERINTENDENT

To the Trustees, Patrons, Students, Co-workers and friends:  
This being the last issue of the "Tiger's Tale," and with the near approach of school closing, I wish to give an expression of gratitude, thanks and special appreciation to the Board of Trustees, patrons, students and co-workers of the Snyder Public Schools for the loyalty and support given the school throughout the school year. Just to what degree of success the school has been left for each one to estimate. Though I might say without that generous support and loyalty that has been manifested, the school year would have fallen far short of its present status. No one could feel more grateful than I for your contribution.

Through your support and co-operation the Snyder schools have gained admission and recognition by the Southern States to that most discriminating group of Accredited Secondary Schools and Colleges. This cannot but be an acknowledged accomplishment of the year to be appraised by all. Another special recognition of the type of work being done was the recommendation and granting of the fourth unit in high school English. This with the other three and one-half units now pending, if granted, will entitle the school to twenty-nine and one-half units of affiliation.

Very soon you, as parents, will look upon the report of your children for the school year. May I ask that when your child comes to you with this report card, whether it be marked promoted or retained, before you assume the adverse attitude and become inclined to offer criticism of the teacher, won't you first pay a visit to the superintendent's office and attempt to ascertain the cause of that child's failure. You will always be given a cordial

welcome, and a special effort will be made to convince and assure you that whatever action was taken was for the good of the child. Too, concrete facts and evidence will be offered to justify such action. You will please remember that when a teacher refuses to promote a child to a higher grade, it is with the purpose of assuring thoroughness and safety for the child and not to humiliate the child or to disappoint the parents. Of all the failures this year in high school, or any other year as for that, ninety per cent can be traced to a lack of thoroughness and application.

There will be conducted in Snyder this summer a summer school for both elementary and high school students. Courses will be offered in subjects according to the demand for them. The teachers will be employed by the school board as in regular sessions. The school will be conducted under the same administration as that of the regular term. The State Department of Education prescribes certain requisites of the summer school if the credits gained are recognized. There must be at least four-fifths of the time of a regular semester spent in summer school and students allowed to carry only two subjects.

Tuition will be charged in accordance to the number of courses taken. High school courses will be \$8.00 per subject for the entire summer school, or \$15.00 for two courses. This is not per month, but per term of two months. The tuition for grammar school subjects will be \$5.00 per subject per term. Primary students will pay \$5.00 per month (not as to subject but as to grade).

May we ask that all patrons of the school assist in getting all library books returned to the library at once. Pupils sometimes draw out books and forget to return them. With your assistance we hope to get all the books in at once. Look on your book shelf and tables and make sure that no fine is charged against your child on account of delinquent books being overlooked.

Again thanking each and every one for their support and co-operation in the past and trusting that we shall continue to merit your friendship and support, I am

Faithfully yours,  
C. WEDGEWORTH, Supt.

#### CIGARETS REACH NEW RECORD IN 1927; GET YOUR SHARE OF SNUFF?

According to statistics furnished by the Treasury Department at Washington, last year the average allotment of tobacco products was 784 cigarettes, 62 cigars, three pounds of chewing and smoking tobacco and one-third pound of snuff for each person in the United States.

Cigaret consumption has increased 200 per cent during the last ten years. In 1927 a grand total of 93,000,000,000 cigarettes were consumed by the smokers in this country alone—a new high figure.

Say! You know me and I know you  
So let us keep this fact in view;  
That you have faults—and I have, too;  
And both have virtues, tried and true!

#### SIMPLICITY HAS CHARM OF ITS OWN

The man pays and pays when it comes to a woman's wardrobe, but 20,000,000 fathers, husbands and prospective husbands are now tipped off on how to stem the tide of bills. Here's the secret:

Tell them to dress according to their personality and that simplicity has a distinctive charm of its own. This inside information went over the country recently when Norma Talmadge, United Artists film star, addressed 40,000,000 people in the Dodge Brothers national radio program. Millions of families heard the voices of their screen idols, but Miss Talmadge's remarks on styles struck a keynote directly affecting father, mother and the children listening in.

"The great trouble with the average woman is that she persists in wearing what all her friends are wearing without the addition of a single deft qualifying touch to stamp her costume with her own personality," said Miss Talmadge. "By giving a little time and thought to the lines which suit her figure best, the colors which bring out the sparkle in her eyes or the glint in her hair, she can look quite as charming in inexpensive clothes as if she had purchased the latest imported models."

"To a certain extent women are slaves of fashion because they dress to receive the approbation of their female friends. Men can help to create a new era of economic prosperity if they will encourage the idea of the personal touch in matters of clothes. The most exclusive costume designer in the world cannot turn out a frock that suits every type—it is up to each individual to add her own contribution to the ensemble."

Hollywood is becoming the style center of America, according to Miss Talmadge, and it is eight months ahead of current fashions.

#### ROSCOE SENDS BOY TO CHICAGO MEET

Elmer Gray of Roscoe was the winner of the mile run at the State Interscholastic League meet that was held recently in Austin, and now the business men of his home town are raising funds to finance his trip to Chicago to participate in the National Interscholastic League which will be held there early in June.

The Roscoe boy made the mile in 4 minutes and 41 seconds and broke the tape fully 150 yards ahead of the rest of the field in the state meet at Austin. The state record for the mile run is 4:32, or just 9 seconds less than the time of the Roscoe runner, and many believe that he can beat, or at least equal this record on a good track.

Besides being a winner in the county, district and state interscholastic meets, Gray also is a capable player in the three major high school sports, baseball, football and basketball. He was the only first place winner in the state meet from Nolan County.

#### HAIL THE LADIES

The Colorado Record thinks it would be a pretty good plan to have one or more women on the city school board—not because the men on the board are not efficient and capable, but because every school board just naturally ought to have some women on it. It quotes the Gainesville Register as bewailing the fact that Gainesville has no women on its board of trustees, and prints an endorsement of mixed boards by State Press of the Dallas News. Dallas and Abilene were among the first cities to pretend to recognize the women in the make-up of the school boards.—Abilene Reporter-News.

#### TOWN PROGRESS TALKS

Success is won, the great men tell us, by concentrating on the job at hand. Any golfer knows that the man in our cartoon has a very small chance of putting the ball into the cup while his gaze wanders over the landscape. "Keep your eye on the ball" is good advice in business, as in golf. If your business does not yield satisfactory returns, perhaps it can be made to do so. Inform yourself on all the new wrinkles in your line and use them, advertise, install new equipment, give your customers better service, see how much you can do for the public. Do this, and it's likely your business will develop to such an extent that you will envy nobody, and have no desire to move to another city.

**DID YOU EVER STOP TO THINK**

By Edson R. Waite, Shawnee, Okla.

A. M. Biggestaff, editor of the Sterling (Colo.) Advocate, says: "Who builds school houses and maintains high standards of instruction for your children?"

"Who provides the convenience of water, light and energy for your home?"

"Who protects your home from fire and the ravages of thieves and other outlaws?"

"Who paves streets and provides sewers, the benefits which you take for granted?"

"Who guards the health of your family?"

"Who furnishes you the opportunity of earning a livelihood by providing employment, or a field for your trade, calling or profession?"

"Who constitutes the society in which you find pleasure in the exercise of your talents and your better instincts?"

"Certainly, you help. But you carry only a small corner of the effort, the labor and the cost of these privileges. You would have none of them if you lived alone."

"It is your neighbor—the man next door and the man next door to him, all living and working collectively. It is only through mutual regard of interests that individuals build communities and enjoy the advantages of towns and cities."

"The Master laid down a rule

thy neighbor as thyself. There is none other commandment greater than these."

"How love your neighbor? Live, and let him live. Extend your love beyond social relations, into the field of business considerations. The natural thing is to patronize him when opportunity affords. To buy of your neighbor; to use his products in preference to those made or produced elsewhere—this is good religion, good business and good sense. To go to another town or city to supply your wants which could be equally well filled in the home town is a violation of the first principles of friendship and neighborliness."

Being loyal to one's community recalls a story that a prominent citizen told about a Panhandle newspaper editor. "He's the biggest liar in town," said the citizen, referring to the editor, "but he does his lying in behalf of our community, and we must excuse him."

#### OUR NEW GRADUATES

Each year we have the pleasure of welcoming into business and social life a new group of young folks who have just finished their high school education. These graduates bring into active being an added impetus, a new life force that carries onward with force that none can deny, the business and the social activities of the community.

Each line of endeavor into which this new energy is injected feels the onward urge and in the strides of progress made shows

the great value to the community at large which this vital force brings.

Youth power, as exemplified by the new graduates from our schools, is the basic hope of Snyder's future growth and prosperity.

Last year Texas produced a wheat crop of 17,946,000 bushels valued at \$21,710,000.

Last year Texas produced 81,200 tons of cabbage valued at \$2,435,000. Nearly all of it was raised in the Rio Grande Valley.

And It's Just As Natural Over Long Distances!

IN your personal contacts with people you don't use the sign language or pass notes back and forth. To talk is natural. Any other method seems ridiculous.

When you want to communicate with someone in your own community, you turn naturally to the telephone.

When you want to communicate with someone in a distant town, you can still use the natural method,—call them by long distance and talk to them. Nothing is as expressive as the voice in communicating thought.

Even to distant points rates are low. You can talk for three minutes as far as 500 miles for only \$2.40.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

Investing in the Future of TEXAS

TEXAS, still relatively sparsely settled, has seen a remarkable growth in electric facilities in recent years.

This company has constructed generating plants, built nearly one thousand miles of transmission lines—an investment for the present and future agricultural and industrial Texas.

It has done this because it has faith in Texas.

And it has done this because it has sought to encourage new capital to flow into the State for the development of natural resources and to stimulate the founding of new industries here, there and everywhere throughout the broad expanse of this mighty empire.

Someone must build! And what can be more practical building than to bring power to places where industries depending on power are earnestly desired?

**TEXAS ELECTRIC SERVICE CO.**

# OIL

# GAS

## Let these dealers serve you **TEXACO**

The new and better Texaco Gasoline forms a Dry Gas. That's why the new Texaco starts better—gives better results.

GAY McGLAUN, AGENT

Handy to Carry—Handy to Pour

And always handy on the road when you need a fill of oil. The

**TEXACO**  
"Handy-Grip" Can

fits in the tool box of your car. It provides you with two quarts of TEXACO Motor Oil—the clean, clear, golden oil. You never have to fill with "take-a-chance" oil!

WOODEY FILLING STATION

### That new car of yours—

There it is, bright and spotless, ready for its first thousand miles of moderate driving to "break it in."

Every time you go over it with a duster or chamois to keep up its outside appearance—give a moment's thought to the oil. Not only to the amount, not only to the regular crankcase draining, not only to the grade—but to the quality. Just the difference between unsuitable oil and the constant use of Texaco will have everything to do with silent and efficient performance later on.

### —keep it new

Texaco Motor Oil fights off wear; its body and lubricating quality preserve bearings, cylinder walls, pistons and rings. Its visible and provable freedom from tars, paraffin and gummy residues precludes carbon accumulation.

Your insistence on Golden Texaco will be more and more justified as you drive those tens of thousands of miles with a clean engine that runs "like new." Let Golden Texaco help you stave off motor old-age. Buy your oil under the Texaco trade-mark—and identify it by its clean, clear, golden color.

THE TEXAS COMPANY, 17 BATTERY PLACE, NEW YORK CITY  
TEXACO PETROLEUM PRODUCTS

## CLEAN, CLEAR, GOLDEN **TEXACO** MOTOR OIL

Buy gasoline by name  
—TEXACO—the new  
and better gasoline  
that forms a dry gas

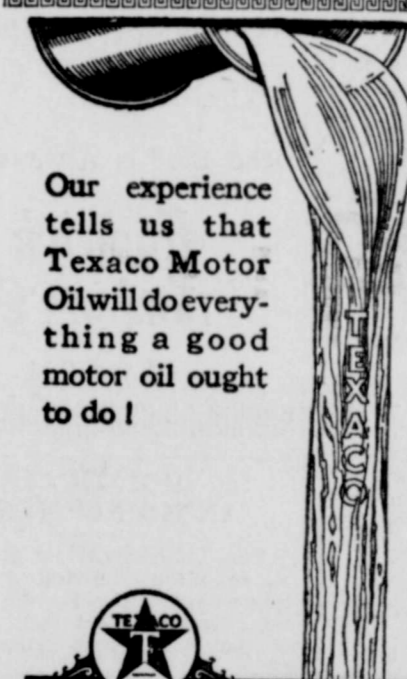

## Yes We know there's a difference!

You will, too, the moment you get the new and better TEXACO into your tank.

There is nothing like it. Drive in. Then notice your engine.

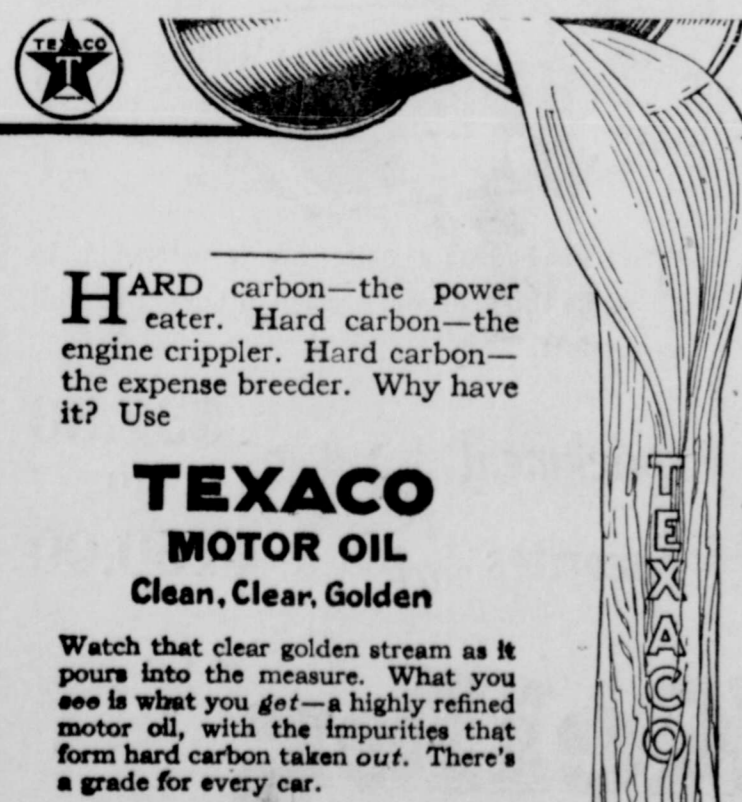

### The NEW and BETTER **TEXACO** GASOLINE

HARD carbon—the power eater. Hard carbon—the engine crippler. Hard carbon—the expense breeder. Why have it? Use

**TEXACO**  
MOTOR OIL  
Clean, Clear, Golden

Watch that clear golden stream as it pours into the measure. What you see is what you get—a highly refined motor oil, with the impurities that form hard carbon taken out. There's a grade for every car.

STIMSON CAMP GROUND

TETERS' GARAGE

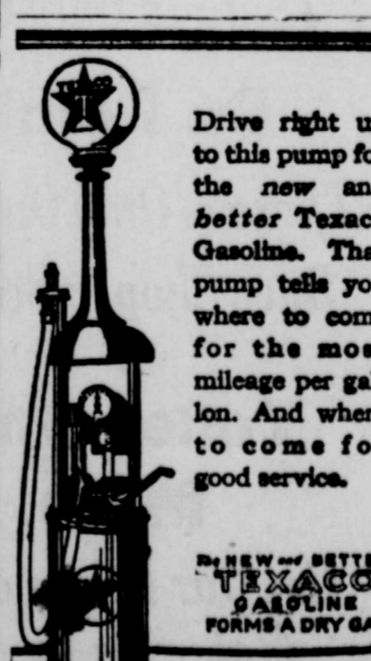

OUR pump now signals a new and better motor fuel—an anti-knock gasoline without poison—and a "high test" gasoline. The result—better, far better, motor work.

R & K GARAGE

Draining a crankcase is dirty work but we don't mind it. Besides it's our business. Stop when you need motor oil and let us drain and re-fill with the correct grade of golden Texaco Motor Oil.

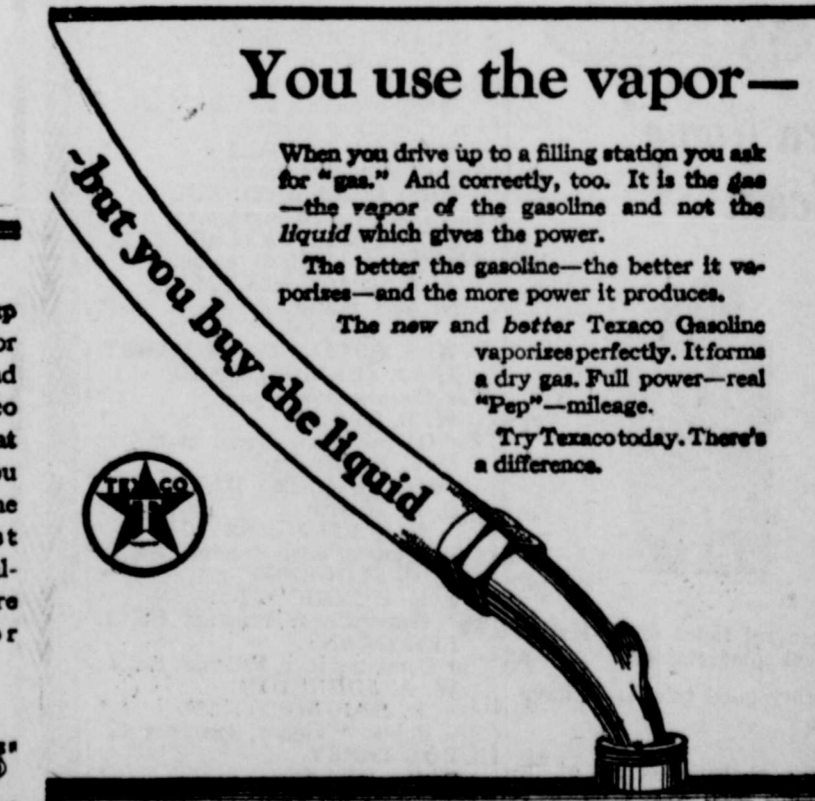

HIGHWAY GARAGE

Drive right up to this pump for the new and better Texaco Gasoline. That pump tells you where to come for the most mileage per gallon. And where to come for good service.

THE NEW and BETTER  
**TEXACO**  
GASOLINE  
FORMS A DRY GAS

MOTOR INN  
T. S. Worley

### You use the vapor—

When you drive up to a filling station you ask for "gas." And correctly, too. It is the gas—the vapor of the gasoline and not the liquid which gives the power.

The better the gasoline—the better it vaporizes—and the more power it produces.

The new and better Texaco Gasoline vaporizes perfectly. It forms a dry gas. Full power—real "Pop"—mileage.

Try Texaco today. There's a difference.

FORMER TIMES-SIGNAL EDITOR WRITES FRIEND

Mr. J. L. Martin wrote a letter to President A. M. Curry of the Wesley Brotherhood Class of the First Methodist Church last week, which was read to the class Sunday morning.

Dear Brother Curry: After a very strenuous month spent for the greater part in Dallas, I am going to make good my promise that would write you a letter.

We soon will have been here a month. Have been figuring on establishing a daily paper in Oak Cliff, but at a meeting of the Commercial Association yesterday, the business men decided that they could not reach my requirements.

I have been attending Sunday school regularly. Was called on to address the Brotherhood Class last Sunday week. There were 104 in the class.

I think of you often, my dear good friend, and you do not know how much I miss your kind words and your christian influence.

To install sanitary fixtures in your home and guard the health of your family, or let the doctor install them in his home at your expense?

Let us help you plan the details. "The Best is Always Best"

Hamrick Plumbing Co. Phone 244

POLITICAL ANNOUNCEMENTS: The Times-Signal is authorized to announce the following persons as candidates for the respective offices, subject to the action of the Democratic Primary July 28:

Advertisement for Cara Nome Talcum, featuring an image of the product and text: "For general toilet use. Makes you feel comfortable. A mighty good talcum to have handy. Has the charming odor of a bouquet of flowers. \$1.00 Warren Bros. The Rexall Store Snyder"

editor, noted for his beautiful wedding notices: "It was a wonderful wedding; the girl was as sweet as any girl who ever lived, but modern. As she walked up the aisle on her father's arm, her lips lightly tilted at the corners with a happy smile she made a picture of modest beauty. She was as nearly an angel as girls get to be in this world. At the altar as she passed from the father, the man she had always loved, to the man to whom she would devote the rest of her life, her dainty slippers touched a potted lily resting on the floor and turned it over. Smiling again, she turned to her dear old pastor waiting at the chancel and said: 'That's a hell of a place to put a lily.'—Rockdale Reporter.

CANDIDATES MUST FILE NAMES BY JUNE 16TH

Candidates for county and precinct offices have only nine days in which to file their names for a place on the official ballot for the July Primary, as Saturday, June 16, is the last day on which names can be filed.

J. M. HARRIS, Chairman, Democratic Executive Committee.

BIG SPRING NOW BOASTS OF DAILY

Last Sunday was the first issue of Big Spring's daily, the Herald, put out by our good friend Tom Jordan. Twenty-four pages comprised the first number, and it's a "pippin" so to speak for the town which produced the new daily has been lingering for some time with ingrowing pains, and the merchants plead, begged and nearly had to bribe Tom to start a daily.

Big Spring citizens and merchants can feel proud of the new Herald. It fulfills the requirements of a city of 25,000 people, is alive and wide-awake, as full of ads and news as a dog is of fleas. Yep, Big Spring should be congratulated. Their citizens and merchants have stuck by Tom Jordan and his Herald, and the world knows that Tom Jordan has stuck by them, for them and with them.

POLAR NEWS

Brother Harris of Fluvanna preached a good sermon at Polar Sunday evening.

Sunday School was not very well attended Sunday, so everyone

please come out Sunday morning. Miss Irene Anderson is visiting in Polar this week. George Blythe is on the sick list.

Mr. and Mrs. Abb Cargile made a trip to Lubbock Sunday. Mr. Hastings is going to make a crop at Polar this year. He is staying with his grandmother, Mrs. May.

NEEDS TO BE FINISHED

Several members of the Times-Signal force took the beautiful drive down the Cap Rock Scenic Highway Sunday north of Fluvanna. The scenery is remarkable and makes a delightful short trip to anyone living in this section. The only thing to stop a complete and enjoyable trip is that at the Garza end of the improvement it is necessary to open two gates which should be eliminated by their county commissioners. Help must be secured from the Santa Fe railroad to make the improvement 100 per cent done.

SEVEN GRADUATES AT DUNN HIGH SCHOOL

May 25 marked the commencement exercises at the Dunn High School when seven students received diplomas. They included Velma Murphy, Danny Brown, Lillis Garner, Emily Black, Nora Casey, Gladys Bolding and Francis Johnson.

The class roll of the Grammar School graduates is as follows: Ray Amos, Nelson Anderson, Ross-Bowers, Hugh Brown, Eugene Dacus, Woodrow Stodghill, A. D. Egglestone, John Williams, Edith Bolding, Iva Bolding, Audin Crabtree, Maurine Dacus, Edith Murphy, Edna Murphy, Anice Nail, Margaret Parker, Juanita Stodghill, Floy Minton, Myrtle Spruill.

W. C. Hooks is superintendent

FATHER NONE IMPROVED

A letter to the Times-Signal from Supt. C. Wedgworth at Timpson brought the following: "I arrived at my father's bedside on the following day after leaving Snyder and have been almost constantly with him since. I found him just about as low as could be, I thought, but since that time has even been worse. Just now he is just defying death as it would seem from the heroic battle he is putting up. I cannot see how he has lasted this long. Our hopes are about all gone. The many friends of the family here join with the Times-Signal in extending prayers and hopes for this father's ultimate recovery.

BRIDGE FOR DOUBLE MOUNTAIN RIVER TO BE STARTED SOON

The contract for the new bridge at Justiceburg was let this last week to the Austin Bridge Company at a cost of around twenty-five thousand dollars. Mr. Moore, the manager of the company, is on the ground and work will start at once. This new bridge will mean the changing of the route of the Post-Snyder road and will do away with two railroad crossings and also miss Justiceburg about three hundred yards.

O. E. S.

The regular meeting of Snyder Chapter No. 450 O. E. S. will be held Thursday night, June 14, when officers will be installed. The O. E. S. school meets at Colorado June 18.

MASONS ELECT OFFICERS

Scurry Lodge, A. F. & A. M. 708 elected the following officers Saturday night: Worshipful Master, J. G. Hicks; Senior Warden, A. C. Alexander; Junior Warden, Warren Dodson; Treasurer, O. P. Thrane; Secretary, Geo. W. Brown. The lodge is having a remarkable growth.

Out For Votes

J. M. Hunnicutt of Fluvanna, candidate for re-election as commissioner of Precinct No. 2, was a Times-Signal visitor Saturday, and in addition to telling us of the fine rain in that territory, mentioned also that he wanted more candidate cards to prosecute his candidacy for a return to the office that he has so efficiently handled.

SNYDER COACH ALSO ELECTED AT SLATON

While the Snyder Board of Education was electing General Whitaker to be coach for the local high, Slaton was doing the same, but Whitaker elected to accept Snyder's proposition. All of which makes Snyder happy.

GAS TO BE TURNED ON

Snyder citizens will be agreeably surprised when they turn to the back page of this issue and note that "Natural Gas will be turned on at the House of Higgins botham next Monday."

Always Says Lamesa

W. A. Wilson, booster secretary of the Lamesa Chamber of Commerce, stopped off here Saturday en route to Anson, to say hello to Mac Evans at the Chamber of Commerce. When Bill and Mac get together it's fit for tat as to which can laud their county's praises the most. The Times-Signal knows; one of us heard the bout from start to finish.

Go to Robert Lee

Supt. B. M. Gramling of the Hermleigh schools has accepted a position with the Robert Lee schools. During his three years of work in our next door neighbor's

Fame in the Sticks

Ye, there is a difference. To get your name in a city paper, you have to shoot your wife, get gored to death by a flivver, marry a movie star, or do something sensational. But to get your name in the Times-Signal, all you have to do is have a guest, go a-fishing, have a baby at your house, buy a purebred bull, or improve your property.

The Hermleigh ball team, aided by Coffey Whitson and Buckner of Inadale defeated a Snyder team May 27, 6 to 1, in a game played at Wolf Park.

Highest honors for the year in the Senior Class of Colorado High School were announced Tuesday as going to Miss Geraldine Baze, daughter of Mr. and Mrs. John R. Baze. Miss Baze had an average of 96.46 for the year.—Colorado Record.

# SOCIETY

## MISS ETHEL ISAACS AND T. H. DUFF MARRY SUNDAY

T. H. Duff and Miss Ethel Isaacs were married Sunday morning at 9:30 o'clock at the home of the bride's parents, Mr. and Mrs. J. D. Isaacs, with Rev. W. Ferguson officiating.

Just before the ceremony, Mrs. Melvin Newton sweetly sang "I Love You Truly," accompanied at the piano by Miss Pally Harpole, who also played the wedding march.

The ceremony was very quiet and impressive and was performed in the presence of relatives and a few close friends.

The bride is the daughter of Mr. and Mrs. J. D. Isaacs, and is a charming and attractive young lady. She has for the past several years taught school in Clovis, New Mexico.

The groom is the son of Mr. and Mrs. A. E. Duff of this city, and is associated with his father in the furniture business in Snyder.

Immediately after the ceremony Mr. and Mrs. Duff left for an automobile tour to South Texas.

Congratulations and best wishes are extended this happy couple for a full measure of happiness and prosperity.

## YOUNG COUPLE GIVEN KITCHEN SHOWER

Miss Ethel Isaacs and Mr. T. H. Duff were honored at an informal party given last Thursday evening at the home of Mr. and Mrs. J. C. Maxwell by Misses Zada and Veda Maxwell. Following an interesting round of forty-two, the honorees were declared winners of high score, and the prize was brought out. Quite to their surprise, they were presented with a large box of useful kitchen things, each article being accompanied by a verse of greeting and congratulations on their forthcoming marriage.

The handle saved off. After the bride-to-be had untied all the nice things and read the verses, the Misses Maxwell served delicious cream and cake to the following: Mr. and Mrs. J. P. Nelson, Mr. and Mrs. John A. Roberts of Anson, Mr. and Mrs. Howell Harpole, Mr. and Mrs. J. M. Newton, Mr. and Mrs. J. C. Maxwell, Misses Wilson of Dunn, Lena Periman, Gertrude Isaacs, Lela Isaacs, and Messrs. Colbie Fish and Otis Carter.

## FRIENDLY HELPERS MEET

Mmes. J. Y. Lemley, Ralph Odum and R. J. Randals were hostesses to the Friendly Helpers Class last Thursday afternoon at the home of Mrs. A. C. Preuitt. After a short business session was held the game of forty-two was enjoyed. Following a series of games a delicious ice course was served to Mmes. C. W. Harless, Mrs. C. Moore, R. J. Randals, J. G. Hicks, E. C. Neeley, W. W. Hamilton, Lee Stinson, R. P. Jones, Dee Singletary, A. C. Preuitt, Ralph Odum, Lambert and N. C. Hooks of Dunn.

## BUSINESS AND PROFESSIONAL WOMEN MEET

The Business and Professional Women's Club met at the Manhattan Hotel Tuesday night with Mmes. Ethel Eiland, J. O. Dodson and Walla D. Fish as hostesses. The usual business session was held, after which the following delightful program was given: Miss Eula Pearl Ferguson gave two piano numbers, then Miss Elaine Rosser gave two readings, followed by an interesting talk by Pat Bullock. Mrs. H. G. Towle gave a talk on the Biennial convention, which was highly interesting. The next meeting will be at the court house.

## MR. AND MRS. R. J. RANDALS ENTERTAIN

Mr. and Mrs. R. J. Randals delightfully entertained the Thursday night bridge club at their attractive home last Thursday night. The reception rooms were beautifully adorned with roses.

After the usual number of games, high score awards went to Mr. and Mrs. Albert Norred, club members, while guest high score honors went to Mrs. George F. Smith and A. C. Preuitt.

Those present other than club members were: Mr. and Mrs. J. S. Schooler of Sweetwater, Mr. and Mrs. George F. Smith, Mr. and Mrs. A. C. Preuitt and Mmes. Tom Gates and Bob Warren and Miss Davida Curry.

A delicious refreshment of ice cream and cake was served.

When a gossip wound up, she usually runs everybody down.

## Spending vs. Investing

Money paid out for modern plumbing is not spent. It is invested in convenience and family health. It also adds more to the value of the property than the same amount invested in any other way.

Let us help you plan for modern up-to-date plumbing in your home. It pays.

"The Best is Always Best"

## PRESBYTERIAN W. M. S.

The Presbyterian Women's Missionary Society met at the church Monday at 2:30 p. m. in the monthly business meeting. There were eleven members present. The president, Mrs. Buchanan, led a very helpful devotional. Several important business matters were attended to. We greatly appreciated the message of cheer from our Presbyterian president, Mrs. J. V. Hellums, and the survey blanks which she sent were filled were promptly returned.

The secretary, Mrs. McAdoo, gave us a happy thrill through the reading of the letter from the National Board informing us that this Presbyterian is included on honor roll of those who are doing distinctive work in the promotion of missionary education throughout the entire church in the U. S. A. Our Mrs. Buchanan is Presbyterian secretary of missionary education, and this society appreciates the honor that comes to us through her faithful and efficient efforts and progress in the program of the work. Mrs. McCoach, Mrs. Eliza and Mrs. McPherson will prepare the programs for the coming quarter. Mrs. Shell was elected young people's counselor, and she is her helpers: Merj Abernethy and Mrs. Wolcott. Next Monday's meeting will be given to aid society work.

Reading of Minutes and other business.

Mizpah benediction.

## LADIES MEET

The Methodist Missionary Society met at the church Monday afternoon continuing the study, "The Missionary Message of the Bible." Chapter IV was presented by Mrs. Lemons. Chapter V was given by Rev. Lawlis. Next Monday these women entertain their husbands and children with a picnic supper.

The Times-Signal received a letter yesterday from our old friend, H. L. Williamson, business manager of Trinity University, that surely paid compliments to Snyder High School's new athletic coach, General Whitaker. Mr. Williamson promised to come to Snyder one of these days to enjoy a Lions Club luncheon.

## CATHOLICS DOMINATE TAMMANY HALL

Tammany Hall is not quite 100 per cent Catholic, states an article in the May issue of Plain Talk. Out of its thirty-six district leaders, thirty-two are Catholics and the other four Jews, says the Scottish Rite News Bureau.

It was stated further that William A. Olvany, a Protestant and Mason, was singled out for leadership, six months later he became a member of the Roman Catholic Church. One of his predecessors in the position, Croker, though of Protestant stock, also became a Catholic.

## NEW JERSEY GROCER USES NOVEL SCHEME

A New Jersey grocer puts an order blank in each package his store delivers, and in every package carried from his establishment. The order blank carries his name and address at the head, also the phone number. The sheet is ruled and is divided into two columns. One is for the quantity; the other for the item. The order blank serves the customer as a list to be given the delivery boy when he calls for orders, as a list to carry to the store to do the day's shopping, and as a list to be given over the phone.

ONE WAY OF LOOKING AT IT

The matter of reducing taxation is the easiest thing in the world. How? Cut down expenses and get along without the modern conveniences of life. The writer of this item does not want to do that and neither does the reader. Get what enjoyment you can while living. You'll be a long time dead, and what's the use of leaving property that you can't take with you for your heirs to quarrel over after you have passed beyond?—Madison Press.

Texas is the leading producer of the Bermuda onion. In 1926 the state produced 2,552,000 bushels valued at \$3,402,000.

## TALL MONEY FOR A KISS

In a small Southern town a justice of the peace who is very popular with the colored folk had just married a couple. The groom made inquiry as to the fee, and the J. P. replied it would be a dollar.

"A dollah? Pahson, yo' don't mean tell me yo' is gwine charge me a dollah jes' fo' sayin' dem few words when Ah works all day fo' dat much?"

"Why, yes," said the J. P. "That kiss you just got was worth that much."

"Well, jes' he'p yo'se'f, pahson, jes' he'p yo'se'f!"

# NATURAL GAS

Will Be Turned On

at the

## House of Higginbotham

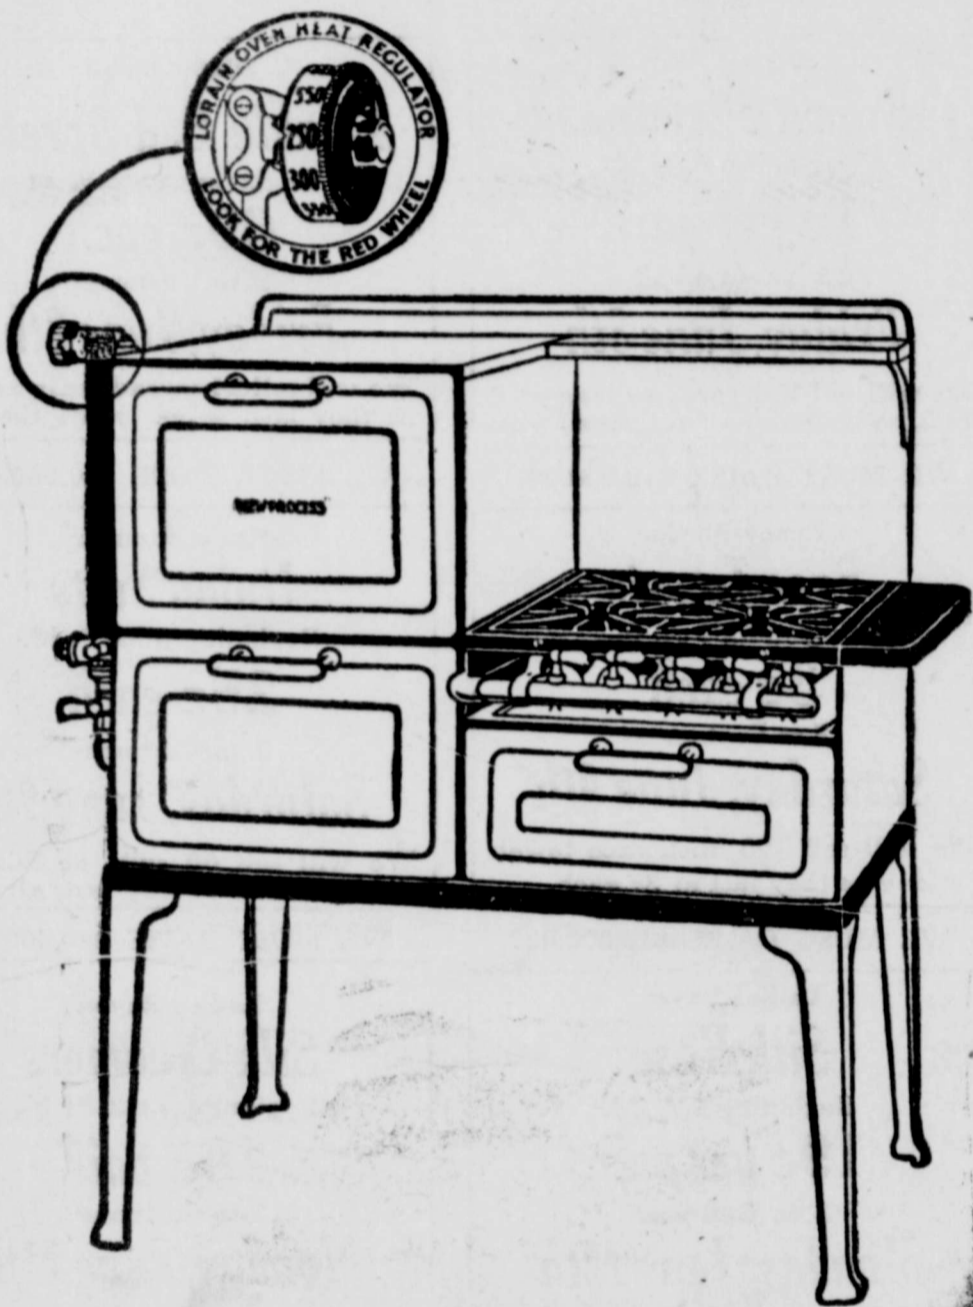

### Monday Morning, June 11

\*\*\*\*\*

## Free Cooking Demonstration

### All Next Week

June 11 to 16 Inclusive

NEW PROCESS

Here Is Your Invitation

### YOU ARE INVITED

WE WANT YOU to attend our demonstration and see what a help the New Process Gas Range with Lorain can be in your kitchen.

No bolts mar the smooth enamel surfaces of the New Process Red Wheel Gas Range. The hingeless doors have large, cool, porcelain handles. Flue-connection is concealed, leaving the oven-top clear. New Process Gas Ranges are not only beautiful and efficient but also reasonable in price and economical to use.

E. A. Tidwell, direct from the factory at Cleveland, Ohio, will be in charge of the demonstration at our store.

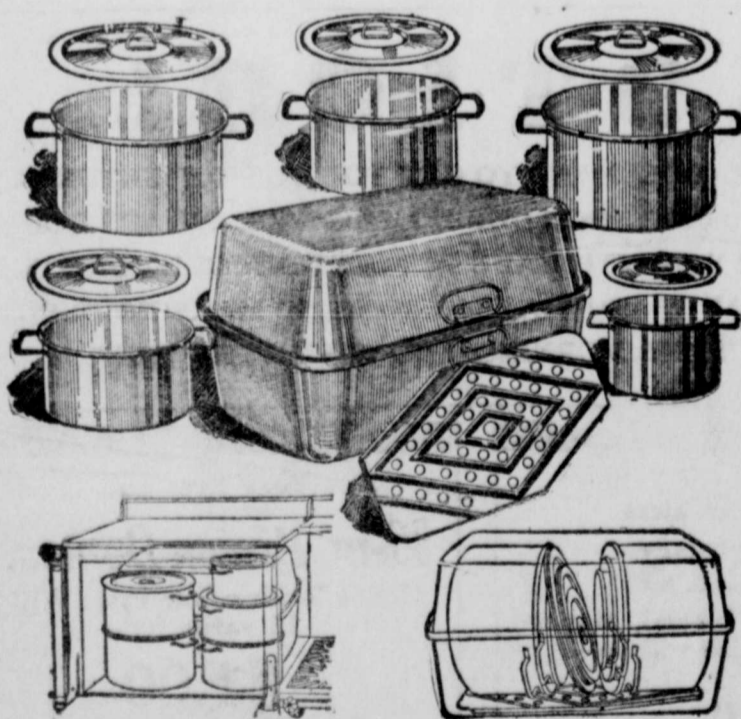

### DEMONSTRATION

THE REMARKABLE cooking-advantages of New Process Gas Ranges with the Lorain Red Wheel will be demonstrated at our store. Keep the following date in mind:

June 11th to June 16th

New Process ranges have beauty and strength, plus perfect baking qualities. Door frames constructed to do away with oven front frame, giving a pleasing appearance and eliminating hinges and door-catches. No exposed bolts. Flush grates allow utensils to be moved without danger of tipping. The burners are both economical and efficient. Flue-connection placed at back of range.

The entire cooking set can be put in the oven at one time.

When not in use all small pieces can be telescoped to fit the roaster.

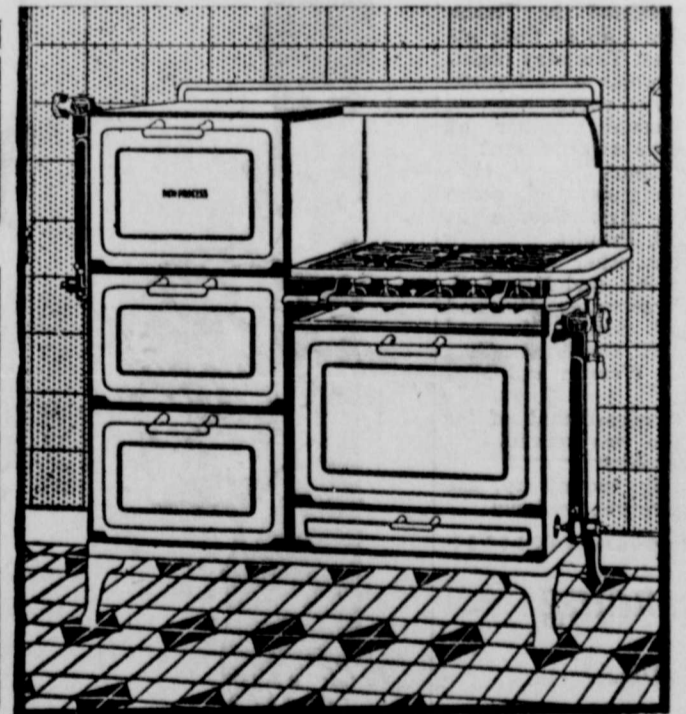

### IMPORTANT

A fair price will be paid for your old stove and liberal terms on balance.

# FREE!

6-piece aluminum cooking set for Whole Meal Oven Cookery given Free with each range equipped with the Lorain Oven Heat Regulator purchased during this demonstration only during next week.

When the new and better things come to Scurry County, you will find the House of Higginbotham in the forefront and leading the parade. You'll find the real merchandise at this store.

### GUARANTEE

We guarantee these Gas Stoves to be equal to any and excelled by none in quality, workmanship and operation.
