

SCURRY COUNTY TIMES

BOTH ENDS OF THE RAINBOW COME DOWN IN SCURRY COUNTY.

AND SNYDER SIGNAL

OFFICIAL NEWSPAPER FOR THE CITY OF SNYDER AND SCURRY COUNTY

VOLUME XLII

SNYDER, TEXAS, THURSDAY, JUNE 14, 1928

NUMBER 1

TEXAS AND TEXANS

BY WILL H. MAYES

San Saba Plans Airport
SAN SABA is among the smaller cities making plans for securing grounds for an airport. San Saba is on the Pecan Belt Highway that will extend through the state from Fort Sam Houston at San Antonio to Fort Sill, Oklahoma, which is the proposed route for a federal military highway between these two points. San Saba is showing good judgment in getting an airport "while the getting is good."

Community Paper

ADAMSVILLE, in Lampasas County, has started a community paper, 750 copies of which will be published and mailed to the community homes once each week for at least three months, the purpose being to create a better community interest and especially to furnish a means of thoroughly advertising to its own people, and through them to others, the community fair to be held next summer.

Agricultural College Tours

TOURS to the Texas Agricultural and Mechanical College have become quite popular. Recently more than 1,000 Burleson County farmers, farm boys and girls, and some business men made a pilgrimage to the college. The visit had a two-fold purpose: to give the visitors opportunities to learn many things pertaining to agricultural methods, and to acquaint them with the importance of the agricultural advantages offered by the college.

Constitutional Amendment

THE Forestry Association is urging a constitutional amendment to make possible the enactment of laws to encourage private land owners to grow timber, but so far there has not been a realization of the great and constant loss of wealth from deforestation of a kind to secure the submission of such an amendment to a vote of the people. Texans need to make a close study of this subject as a resource of the state that needs safeguarding.

Taxing Growing Timber

VERY few Texans have made a study of reforestation or know anything much about it, though most of us think that unless something is done to replace the vast amounts of timber that are being destroyed constantly, the country will soon be without lumber. Those who live away from the great timber sections of the state give little thought to the value of the timber industry; those who live in the timber sections wonder how long the trees will provide the needed lumber.

The Texas Forestry Association is organized and working to conserve and rehabilitate our forest lands, but find it difficult to interest Texans as a whole in its efforts. But we need to study the timber problem seriously. Leonard Tillison, chairman of the legislative committee of the association, is a man of strictest integrity and unselfish in his love for the welfare of the state. He thinks that to promote reforestation, lands upon which there is growing young timber should be taxed on a basis of the value of the land itself, and that the timber should be taxed until it is cut for marketing. Taxation measures of that kind have been adopted in other states with the result that land owners have been encouraged to plant parts of their lands to young trees and to await their growth.

TOWN PROGRESS TALKS

JUST KEEP ON GOING TILL YOU GET TO THE DEPOT, WHERE I'M GOING TO BUY YOU A ONE-WAY TICKET TO THE NEXT TOWN WHERE WE'RE FED UP ON YOUR KIND OF CROWDING!

An individual who has no pride in himself is likely to grow careless of his appearance and become unattractive and inefficient. Same way with a town. When its residents lose their civic pride, the town becomes shabby and dull. Then the citizens begin speaking enviously of some near-by city. The remedy is for YOU to take an interest in our town and do things for it. This will benefit both you and our town, and the more you do, the more you will want to do, and you will drop out of the "envy chorus," too. Civic pride should be the core of every resident of our town, and those who are unwilling to do anything to benefit this community should move out and make room for folks who will

Dal-Paso To Operate Big Motorcade

Arrangements are now under way to operate a huge motorcade over the Dal-Paso Cavern Highway this fall that will in a measure be larger than the recent Broadway of America motorcade that traversed that wonderful highway several weeks ago. Plans now contemplated call for the start of the motorcade at Dallas and continuing west through the various county seat towns until arrival is made at the Carlsbad Caverns.

After a trip through the Caverns, H. W. Stanley, manager of the Gateway Club, El Paso, has asked the motorcade to come to that city for a meeting. The date for the trip has not yet been named, but will be some time following the West Texas Chamber of Commerce motorcade that will assemble at Snyder in August.

Just a little over a year ago the Dal-Paso Cavern Highway Association was formed at Lamesa. At this meeting every city from Breckenridge to El Paso was represented, together with a number of New Mexico towns. At the organization, more than two hundred delegates attended.

The object of this association is to make a straight and practical route for east, central, south and West Texas to the Carlsbad Caverns, which is now well known as a National Monument. To this end the association set its goal and started its work.

Let's see if it has so far failed to function or if the Dal-Paso Cavern Highway is indeed a highway reality.

First, Three meetings of this association have been held in towns along the route during one year's time. Each meeting was especially well attended and much enthusiasm for the route was demonstrated and considerable business attended to.

SCURRY COUNTY SCHOOLS ADVANCE ALONG MANY LINES

By H. L. GANTZ, Field Editor Texas Farm and Ranch. Article and Cuts by Courtesy Texas Farm and Ranch.

A West Texas county where the thoughts and actions of its citizens are dominated by that spirit of equanimity which makes a visitor feel that warmth of welcome and utter lack of inhospitality, is Scurry County. Here the lines of progress are not evaded, but the advance is inevitable.

Standard type of playground equipment, Scurry County Rural Schools. Photo Shows Scene at Pyron School.

It would not be unreasonable to expect that warmth of welcome and utter lack of inhospitality, is Scurry County. Here the lines of progress are not evaded, but the advance is inevitable.

In recounting the activities of Scurry County within the past year, or even for the past year, it will be impossible to give every item to which my attention was called during one week's visit, but it should be stated that all constructive programs have been a success by united effort and not by any one individual. It is the slogan of all business interest of Scurry County, including the greatest industry of the county—farming—to pull and push to advance the interests of each other.

are potentially fertile be made to make money? Many of the farmers have answered this question for me by stating that careful rotation of crops with plenty of livestock to consume the feeds will do the trick.

Dairying and the raising of poultry are becoming a leading industry on the farms of this good county. County Agent C. C. Willis reports three bull circles which have been organized, the past year. These circles have made

with records of 600 pounds butter fat or better. Twenty-nine registered cows have been imported. The tendency is to have only purebred dairy cows. Terracing has been a major project the past year, resulting in approximately 12,000 acres being put under terracing; 4,000 acres have been terraced by privately owned machinery. The commissioners' court inaugurated a most progressive policy in lending the county road

machinery for building terraces and ditches. It is through such progressive tactics and aggressive methods that counties are reaching the pinnacle to which all seek, and Scurry County with its live commissioners' court stands in the front rank of progress. Too much credit cannot be given to C. C. Willis, county agent, in his efforts to advance every interest of the farmers of the county. Through his efforts three "one variety" clubs were organized and the members planned a standard variety of cotton. These clubs represent 110 members. Two carloads of purebred seed of one variety were distributed in the county and a program for keeping seed pure and working a community gradually into one variety will be encouraged. One ton of pure-type grain sorghum seed was placed in the county last year, and the records from the plantings of this type of seed disclose the fact that the increase in yield was 5 per cent over other seed planted.

Chicken Eggs To Swamp City This Saturday

Next Saturday marks the day that will be known all over Scurry County as Chicken Egg Day in Snyder. Prizes as announced in last week's paper will go to the person bringing the most eggs to town that day, while the largest as well as the most fresh eggs will come in for prizes. Exhibit No. 1 in the fresh egg contest was brought to the Chamber of Commerce Saturday, E. C. Payne delivering an egg that sort of resembles "Old Man Grump" on one side.

Mayfield Speaks to Packed House

Senator Earle B. Mayfield, candidate to succeed himself as our United States Senator of Texas, spoke here Wednesday afternoon at 2:30 o'clock at the court house in the interest of his candidacy.

SNYDER ON THE JOB

The Board of Directors of the West Texas Chamber of Commerce at their annual banquet in Fort Worth next week will have the pleasure of eating two Snyder products, "Em" Virginia Pickles and "It" French Dressing. Ruth Lechner and Francis Harris completed arrangements Tuesday, and a large consignment is already on its way by express. Publicity Manager Whitehead of the West Texas Chamber of Commerce will tell the attendants all about Snyder's famous products.

SNYDER ON THE JOB

The Board of Directors of the West Texas Chamber of Commerce at their annual banquet in Fort Worth next week will have the pleasure of eating two Snyder products, "Em" Virginia Pickles and "It" French Dressing. Ruth Lechner and Francis Harris completed arrangements Tuesday, and a large consignment is already on its way by express. Publicity Manager Whitehead of the West Texas Chamber of Commerce will tell the attendants all about Snyder's famous products.

ROSCOE BOY WINS HONOR AT CHICAGO

Elmer Gray, Roscoe High School boy, won national honors at Chicago last week when he won second place in the mile run held during the National Interscholastic League Meet. The pick of the nation's high school boys were there, and that the winner of first place was less than a yard ahead of the Roscoe flash at the wind-up is an honor well worth advertising to the world. The time for the mile was four minutes, thirty-five and four-tenths seconds.

SNYDER ON THE JOB

The Board of Directors of the West Texas Chamber of Commerce at their annual banquet in Fort Worth next week will have the pleasure of eating two Snyder products, "Em" Virginia Pickles and "It" French Dressing. Ruth Lechner and Francis Harris completed arrangements Tuesday, and a large consignment is already on its way by express. Publicity Manager Whitehead of the West Texas Chamber of Commerce will tell the attendants all about Snyder's famous products.

Snyder Ready For WTCC Meet at Fort Worth

Snyder is ready for his part in the West Texas Chamber of Commerce convention that gets under way Monday morning at Fort Worth.

BUY HOME BOTTLES

Snyder has two good bottling plants that are producing real beverages, yet every week an out-of-town bottle comes in here and averages \$500 a week selling his product. There is no difference in price, his beverages are no better.

Committee Finds Many Pretty Lawns

Inspection of the lawns of Snyder for the Beautiful Lawn Contest was made last Saturday afternoon by the committee composed of the presidents of the study clubs. This committee was appointed by the City Council to judge in the contest. There is a large number of beautiful lawns in this city. Grass, flowers, shrubbery and trees were taken into consideration in judging the beauty of the lawns. Residents seem to be interested in making improvements and in keeping and caring for their yards. The evidence of care is a large item in the judging. All these things help to make a more wonderful little city of Snyder.

Forty-One Years Young

TODAY marks the close of forty-one years of service of the Scurry County Times-Signal and the allied interests that have produced a newspaper for this city and county. The paper has had a varied experience in all those years, and has no doubt strived to the best of its ability to properly represent Scurry County and will ever continue to give the best possible efforts toward the production of a newspaper that will reflect the go-ahead attitude of this growing section of West Texas.

Program Committee of West Texas Press Meets in Snyder

The program committee of the West Texas Press Association, T. E. Jordan of Big Spring, chairman, met with the Times-Signal Sunday to complete the final arrangements for the annual meeting to be held at Big Spring July 13 and 14.

SNYDER MAN HONORED

Judge Fritz R. Smith has been invited by Manager Homer D. Wade of the WTCC to occupy one of the Fort Worth pulpits next Sunday and deliver an address on "Business and Religion." The Judge will accept and will leave for Fort Worth Saturday and will remain over and attend the West Texas Chamber of Commerce convention. West Texas businessmen occupy every Fort Worth pulpit next Sunday, and the committee made no mistake in placing this honor to our local judge whose ability along these lines is too well known for even comment.

Airport Needed to Attract Big Airway Lines

The need for an airport in Snyder is emphasized by an announcement in the daily papers last week-end concerning the establishment of an airplane mail and passenger line which will pass over our city.

Lions Enjoy Full Program at Luncheon

The Lions Club luncheon yesterday was marked by the presence of not only Snyder's sponsor to the West Texas Chamber of Commerce Convention, Miss Ellen Buice Johnson, and her many honors, Miss Dixie Ruth Smith, also by Senator and Mrs. Earle B. Mayfield, their son, John S. Mayfield, and W. R. Clark, Rev. W. B. Elliott of Colorado and Scout Executive F. D. Craft of Sweetwater.

75 Bands to be at Fort Worth

With assurance that at least seventy-five bands will be in attendance, more than the same number of cities and towns in West Texas sending organized delegations, indications are a week in advance of the Tenth Annual West Texas Chamber of Commerce Convention that the event will be by far the greatest gathering in the history of the organization.

Forty-One Years Young

TODAY marks the close of forty-one years of service of the Scurry County Times-Signal and the allied interests that have produced a newspaper for this city and county. The paper has had a varied experience in all those years, and has no doubt strived to the best of its ability to properly represent Scurry County and will ever continue to give the best possible efforts toward the production of a newspaper that will reflect the go-ahead attitude of this growing section of West Texas.

Program Committee of West Texas Press Meets in Snyder

The program committee of the West Texas Press Association, T. E. Jordan of Big Spring, chairman, met with the Times-Signal Sunday to complete the final arrangements for the annual meeting to be held at Big Spring July 13 and 14.

SNYDER MAN HONORED

Judge Fritz R. Smith has been invited by Manager Homer D. Wade of the WTCC to occupy one of the Fort Worth pulpits next Sunday and deliver an address on "Business and Religion." The Judge will accept and will leave for Fort Worth Saturday and will remain over and attend the West Texas Chamber of Commerce convention. West Texas businessmen occupy every Fort Worth pulpit next Sunday, and the committee made no mistake in placing this honor to our local judge whose ability along these lines is too well known for even comment.

Railroad News Coming Slowly, But It's Comin'

New west and east railroads has been coming slowly late, but with the reported sale of the Orient to the Santa Fe Sunday's newspapers carried official news that the new owners were to build directly west from Hamlin, which would bring the new line through Rotan and into Snyder.

Along with that announcement comes last Sunday's Houston Chronicle which contained a front page write-up headed in bold-face type: "\$1,639,000 Raised for New Railroad from Plains County, which reads: Approximately \$1,639,000 in bonuses has been raised for the financing of the proposed new railroad from Roswell, N. M., through the plains county of North Texas to the Gulf, according to El Keenedy, initiator of the project. A meeting of those interested is to be held in Corpus Christi within the next few days to consider the location of the Gulf terminal. The project will be considered from Corpus Christi, Rockport and Palacios.

The bonuses and donations so far raised by Mr. Keenedy have come from Roswell, Cap Rock, Tatum, Bronco, Dallas, Brownfield, the honor guests, Rev. W. M. E. O'Donnell and Fluvanna. Mr. Keenedy said the contract for 170 miles of grading between Roswell and Snyder will let on June 20. Mr. Keenedy turning over to the railroad 2 miles of grade which he constructed a number of years ago at Chaves County, N. M.

The road, which is to be known as the Roswell, Snyder and Gulf is designated to serve a rapidly developing agricultural territory in the northwestern part of Texas and eastern New Mexico, giving that territory a direct connection with a gulf port.

75 Bands to be at Fort Worth

With assurance that at least seventy-five bands will be in attendance, more than the same number of cities and towns in West Texas sending organized delegations, indications are a week in advance of the Tenth Annual West Texas Chamber of Commerce Convention that the event will be by far the greatest gathering in the history of the organization.

Forty-One Years Young

TODAY marks the close of forty-one years of service of the Scurry County Times-Signal and the allied interests that have produced a newspaper for this city and county. The paper has had a varied experience in all those years, and has no doubt strived to the best of its ability to properly represent Scurry County and will ever continue to give the best possible efforts toward the production of a newspaper that will reflect the go-ahead attitude of this growing section of West Texas.

Program Committee of West Texas Press Meets in Snyder

The program committee of the West Texas Press Association, T. E. Jordan of Big Spring, chairman, met with the Times-Signal Sunday to complete the final arrangements for the annual meeting to be held at Big Spring July 13 and 14.

SNYDER MAN HONORED

Judge Fritz R. Smith has been invited by Manager Homer D. Wade of the WTCC to occupy one of the Fort Worth pulpits next Sunday and deliver an address on "Business and Religion." The Judge will accept and will leave for Fort Worth Saturday and will remain over and attend the West Texas Chamber of Commerce convention. An Investment with an EXTRA DIVIDEND

THERE'S a big difference between an investment and a speculation. You can speculate in any old gasoline and hope it will deliver a satisfactory number of miles per gallon. You can invest in Summer Conoco and be sure of an extra dividend—a bonus of extra miles.

Your purchases of gasoline during the touring season represent a substantial investment. Make sure that the returns from that investment are the highest you can get.

Fill at the Conoco pump.

HAY WHILE THE SUN SHINES

In sunny times keep making hay
For it may rain most any day.
The farmer who lets his hay lay down
While he flivvers about or goes to town
Will likely be out of feed
And try to borrow what he may need.
Always push your work, whatever you do,
Instead of letting your work push you.
The Snyder National has high regard
For the man who is willing to work hard.

THE SNYDER NATIONAL BANK

4 Per Cent Interest Paid on Savings Accounts

Snyder, Texas

EARLE B. MAYFIELD

Candidate to succeed himself as junior U. S. senator of Texas, who spoke at the court house Wednesday afternoon.

With Senator Mayfield were Mrs. Mayfield, their son, John S. Mayfield, and William R. Clark. The party left late yesterday afternoon for Sweetwater where the Senator spoke in the evening.

ATTENDING CONVENTION

The Abilene Reporter-News yesterday in commenting on the various visitors at the State Drugists convention there said: "Lee T. Stinson of Snyder was hunting his little brother, Judge James P. Stinson, of Abilene. The younger Stinson declared Snyder is, as usual, up and going rapidly and expressed personal gratification at the manner in which the convention was being handled here."

FUNERAL SATURDAY

Funeral services for Wade Pratt, who died in Lamesa last Friday, were held at the Baptist Church here at 4 o'clock Saturday afternoon. Interment was made in the Snyder Cemetery.

He had two sisters living in Snyder, Mrs. Ixon Joyce and Miss Evelyn Pratt.

The community grieves with the family in the loss of this fine young man.

NEW ICE PLANT TO MAKE FIRST ICE HERE SATURDAY

Snyder's newest industry was getting under a full head of steam today with the start of production of the Citizens Ice Company, and the first ice will come out Saturday.

Glenn Sample, owner, has spared no expense in giving Snyder one of the best equipped ice plants in the state of Texas, and he expects to hold open house one of these days and permit the people of Scurry County to inspect the entire equipment.

ALL OVER AMERICA
WOODY'S SANDWICH SHOP

books, and the result was a nice sum of money added to further equip and decorate their splendid new brick church building.

Seats have arrived for the Methodist, also school auditorium, and work of installation is on for this week.

The largest crowds of the year are attending prayer meeting on Wednesday nights and Sunday school at the Baptist church the past two weeks. There were 86 at prayer meeting last Wednesday night and 102 at Sunday school. Singing Sunday afternoon was well attended, the organization was perfected, and class books ordered.

Chester Johnson (one of our fine young fellows) was baptized Sunday afternoon into membership in the Baptist Church.

O. C. McDermott and Paschal Nail of Simmons University are visiting home folks this week.

Rev. J. E. McDermott and family took dinner with Mr. and Mrs. P. U. Nipp Sunday. They returned the compliment by taking supper with the McDermotts Sunday evening.

Mrs. N. W. West and daughter, Althea, are home from Dallas. Miss Althea has been attending S. M. U. They were accompanied home by Mrs. West's brother, this being his first visit to Dunn since he used to live here 14 years ago. He expressed himself as to the general improvements of the country during his absence.

Mr. and Mrs. Andrew Brooks of Clyde visited Mr. and Mrs. D. L. Nipp Sunday.

Several from Dunn and China Grove attended the deacons' ordination services at Union Church

on first Sunday afternoon. Our carpenter gang is working in Snyder this week erecting a modern residence for S. J. Huestis.

Mr. and Mrs. Hugh Billingsley and daughter arrived Sunday after several months sojourn in McFarland, Cal. Hack was so surprised that the old family cat was still alive and the town having grown so that he says letters and newspapers are not adequate in keeping one's mental picture of the old home town up to date, so he has resolved to stay around close enough to "see things" occasionally.

Mr. and Mrs. Perry Echols started to take dinner with Mr. and Mrs. Eugene Parker Sunday, but Perry got so interested in teaching his young sons the art of motoring that they passed the Parker residence without being conscious of it and drove nearly to Ira.

Miss Viola Wood visited Miss Opal McDermott Friday evening and attended the B. Y. P. U. fish fry on the creek and also the ice cream party at the Methodist Church, after which Miss Opal took her home, but of course O. C. McDermott and Roy Irvin went along to fix flats and open gates.

DEMONSTRATION OF STOVES BRINGS LARGE CROWDS

The Higginbotham Bros. store has literally been a bee-hive of industry this week with the announcement last week of the turning on of gas in their store with a cooking demonstration by E. A. Tidwell, a special repre-

sentative of the New Process Stove Company. While the gas that was turned on was not the natural gas, it was a special gas equally as successful and equally as hot.

Special menus have been prepared every day which have attracted many, while purchases have been reported on a large scale.

An announcement made yesterday at the Lions Club that two large baked hams would be on the bill of fare today will create a land office business and a better opportunity to show just how good the New Process stoves will produce not only this sort of delightful food, but with a wide variety of uses that make a most valuable addition to any home.

GAS COMPANY'S NEW MANAGER HERE

C. W. Abrams of Gatesville arrived in Snyder yesterday to be the new manager of the Community Natural Gas Company. Mr. Abrams has been identified with the gas company for some time and knows the game from start to finish. Mrs. Abrams expects to arrive soon.

The Times-Signal wants to join in a welcome to these new folks.

A Benefactor

A physician who reaches out to benefit humanity leaves a record behind him that is worth while. Such a man was Dr. R. V. Pierce.

His study along medical lines, and his knowledge of the remedial qualities of herbs and plants led to the discovery of his wonderful herbal remedy, Doctor Pierce's Favorite Prescription. It is just the tonic required if a woman is borne down by pain and sufferings at regular or irregular intervals, by nervousness or dizzy spells, headache or backache. Favorite Prescription can be had in tablet form as well as liquid at your neighborhood store.

VALETOR

DEPENDABLE
PRESSING
SERVICE

WOMEN appreciate the finesse of good appearance for themselves—and in the men they meet.

Where you see this sign you will find a service station of good appearance. For the Valetor is a pressing expert. He knows how to press and care for clothes, how to restore to them a look of newness. He makes you feel well-dressed. Yet the Valetor does more than shape your clothes correctly. His method raises the nap and freshens the fabric. It kills germs and removes all unpleasant odors. And the Valetor returns your clothes soft-dried, ready to put on.

DERMOTT WINS 1ST HALF COUNTY BASEBALL SERIES

The hustling baseball team of Dermott won the honors of first place during the first half of the Scurry County Baseball League with a record of seven wins and but three defeats.

The standing of the teams at the close of the split season follows:

| Team | W | L | Pct. |
|--------------|---|---|------|
| Dermott | 7 | 3 | .700 |
| Knapp | 5 | 4 | .600 |
| Fire Dept. | 5 | 5 | .500 |
| East Side | 5 | 5 | .500 |
| West Side | 4 | 5 | .444 |
| Camp Springs | 1 | 5 | .167 |

The official schedule for the last half that started Tuesday is as follows:

- June 12, Camp Sp. vs. F. Dept.
- June 13, Knapp vs. East Side.
- June 14, Dermott vs. W. Side.
- June 19, Camp Sp. vs. Dermott.
- June 20, Knapp vs. Fire Dept.
- June 21, E. Side vs. W. Side.
- June 26, Camp Sp. vs. Knapp.
- June 27, W. Side vs. Fire Dept.
- June 28, Dermott vs. E. Side.
- July 3, Camp Sp. vs. W. Side.
- July 4, Knapp vs. Dermott.
- July 5, Fire Dept. vs. E. Side.
- July 10, Camp Sp. vs. E. Side.
- July 11, Knapp vs. West Side.
- July 12, Dermott vs. Fire Dept.
- July 17, Dermott vs. Fire Dept.
- July 18, Knapp vs. East Side.
- July 19, Camp Sp. vs. W. Side.
- July 24, Dermott vs. Camp Sp.
- July 25, Knapp vs. Fire Dept.
- July 26, East Side vs. W. Side.
- July 31, Dermott vs. Knapp.
- Aug. 1, W. Side vs. Fire Dept.
- Aug. 2, Camp Sp. vs. E. Side.
- Aug. 7, Dermott vs. W. Side.
- Aug. 8, Knapp vs. Camp Sp.
- Aug. 9, Fire Dept. vs. E. Side.
- Aug. 14, Knapp vs. E. Side.
- Aug. 8, Knapp vs. Camp Sp.
- Aug. 16, Camp Sp. vs. F. Dept.

Baseball Sunday

The Sweetwater team will play a picked Snyder team at Wolf Park Sunday afternoon starting at 2:30. Large crowds have been enjoying these Sunday games.

DUNN DOINGS

We skipped an issue because of being so busy.

The Christian Church tried out their splendid new tabernacle the first Sunday of the month with preaching all day and dinner on the ground. Large crowds were in evidence and the accommodations were adequate, consequently it was pronounced a good day. Rev. W. W. Riley is away attending summer school.

The Methodist ladies served ice cream, cake and lemonade at the Church last Friday evening. A splendid crowd attended and business was fine, the young and old yielding to the weakness of the flesh, allowed their appetites to run over, persuaded their pocket-

DRY CLEANERS

TIME SAVING FOR MOTHERS

Much of the newer ideas in the training of children have arisen out of the fact that in the modern home the mother no longer has to drudge as her mother did—that is, if the home is modern. There's a right height for a sink—there's a right way to provide hot water—there's a heating plant that doesn't require constant attention—there's a bathroom easily kept clean and convenient as the older generation never imagined it could be. These things have helped women secure leisure. Has your home been modernized so that you can do some of the worthwhile things?

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Weather and Crops
 Since the writing of our last issue several rains have fallen in sections of the Fluvanna territory varying in quantity in different directions from town. On Friday evening the wind and that preceded the rain did some damage to young cotton, making it necessary to do a little ranting, but the rain that followed and which was heavier to south of town, did much good. There was also a nice rain west of town, covering a part of that territory the latter part of the week. Another nice rain fell Saturday night which was also heavy south of town. Then Sunday at the great rain which covered so much country was heavier to the north and eastward. Usually these were all fine rains were free from hail. Necessarily crops are starting late, but outlook is very good. It will well for people to keep an eye on these June storms, for they are apt to do the unexpected and be the extreme thing. It does cost anything to be cautious, before watch.

Church Services
 Aside from Sunday schools there was only one church service in Fluvanna last Sunday. This was at the Presbyterian church in morning. The night service, which time a stereopticon lecture on Bunyan's Pilgrim's Progress should have been given, was cancelled by the rainstorm. Before this very interesting piece was carried over to Tuesday night. Next Sunday there will be services at the Fluvanna Baptist church.

On next Saturday, 11 a. m. Preaching Elder L. N. Lipscomb of setwater will preach at the Methodist Church. There will be a conference in the afternoon. Services will also be held Saturday night and Sunday morning. In afternoon Rev. Lipscomb will preach at Dermott at 3 o'clock.

Sickness
 There are several new cases of measles in the community, but so far as we have been able to learn, all are getting along very well. Several of the earlier patients are able to be out again. Know of no other cases of measles.

Visits and Trips
 Mrs. Moses and daughter of go, Okla., were pleasant visitors at the home of W. G. and Miss Race Sims a few days last week. W. J. Beaver Jr. of Roscoe at the week-end here with the neffs. Miss Vernay Boynton, after spending a year in Simmons University, is home again. On last Thursday Mesdames Ink Cole of Fort Worth, Arch-

Farmer of Dallas, Roscoe Grantham, Tom Elza, Miss Doris Elza and Miss Maurice McClinton of Snyder were very pleasant visitors at the home of Jas. H. and Mrs. Tate. These elderly women are all sisters and were formerly all of Snyder, and are all warm friends of V. P. and wife. Arlis Haynes made a business trip to Big Spring last Thursday.

Mrs. E. V. Boynton at this writing has been in Fort Worth several days attending the bedside of her sister-in-law, Mrs. W. B. Dane, who is seriously ill. Mrs. Jim Reynolds and her six interesting young folks were very pleasant visitors here with the Tate family last Saturday afternoon.

Will Noel and wife have been away several days on a fishing trip down on the Concho river. Elmer Coleman, Hardy Hulsey and Jess Hale hied away on last Sunday afternoon to a point on Canyon Creek southwest of Ira in quest of fresh fish. It seems that the sportsmen got plenty of fresh water but no fish, they having been caught in the big rain of Sunday night and were out all night, reaching home early Monday morning wiser for their experience but still hungry for fish. It seems that at least one of the party became penitent enough since, as we understand Hardy has stated that he "would have given a leg to be back home with his wife."

Miss Mildred Roddy of Abilene spent the week-end here with homefolks. We understand that J. L. Roddy, while taking his daughter back to Abilene Sunday evening, was caught in the big rain at Trent.

John Stavely and his mother and Miss Vera, also Cyrus Allen and J. C. Landrum, departed early last Sunday for Christoval where Mrs. Stavely and daughter will spend some three weeks while Miss Vera is taking some special lessons in art. John, likewise, got very much in the mud.

Misses Naydine and Pauline Haynes are spending this week with their paternal grandparents at Big Spring.

Emmett Josey and family of Big Spring were here Sunday visiting his sister and family, Mrs. J. G. Landrum.

Prof. Massey and Miss Colon James drove to Slaton last Sunday for a visit with the Sealy sisters now of that place. A Social

On June 9 Mr. and Mrs. W. J. Beaver entertained their son, Leo H., with a birthday party. After a series of games, ice cream and cake were served. The following named persons were present to enjoy this pleasant occasion in addition to the immediate family: Misses Ruby Blye, Rosa and Mae Frances Beaver, Alma Lemons, Angie Haynes, Horace Sims, Ver-

may and Berline Boynton, Vera Stavely and Ruth Truss; Messrs. Charley Bley, Clifford Haynes, Frank Coleman, John Truss Jr., Hood Wills, Jesse Lemons, Sid and Roy Reeder, Mark McGuire, Ed Jones and W. J. Weaver Jr. of Roscoe. Also Mr. and Mrs. Pat Jones, Mr. and Mrs. John Truss and son, Joe, and Dr. and Mrs. J. T. Jones were in attendance.

Miscellaneous
 The 4-H Club of Fluvanna will meet on Wednesday, June 20, at the school building for straight work, judging contests of pigs and dairy cows. All members take notice. Geo. M. Hanback becomes a

new subscriber this week. That's good business.

We understand that one night on or about June 2 some pilfering person or persons visited the Christian Church, now in course of construction, pried open two tool chests and took therefrom some \$60 worth of carpenter's tools belonging to C. E. Tarter and Oscar Sewalt. Of course the readers of this column know what V. P. thinks of conduct of this kind. Persons who commit offenses of this sort are not fit for the dogs to bark at, and yet they should be dog-bitten—even more—they should find their proper place in the penitentiary. We

would council and pray with such persons all night if necessary, but never condone crimes of this sort. Such persons are not fit for American citizenship until they have fully repented and returned the goods.

Bad Condition
 It is a matter of common knowledge that there is a considerable amount of conduct on the part of a lot of young folks—some of whom not so young—which is very far from being what it ought to be. Youngsters are chasing around in cars at unseemly hours burning gas, disturbing the rest of older people, cultivating bad habits and doing themselves no good. Very few

people have any business out on street or roads after 10 p. m., but many are out at a much later hour. Why all this night reveling? Say what you may, kind reader, V. P. is affirming that there is something radically wrong; and that these extreme, unsane and unwholesome practices are going to bear fruit. "Whatsoever a man soweth that shall he also reap." In fact, the reaping has already begun, but it will, under present conditions, increase yet more and more. Who can imagine what the end may be?

Neighbors (not only of Fluvanna, but everywhere) can't you read "the handwriting on the wall?" Already trouble is brewing, and "brew" is having something to do with it, too; drinking "bootleg"—a sort of commercial slop—an occasional scrap, parts from cars disappearing, tools being stolen, a mother saying "I can't control my daughter," parent sending child from home to avoid bad association (but, pray, where is it better?); young men and women going about with arms around each other, women exposing too

much of their anatomy—all of these things and much more is going on. "What shall the end be?" Where is the family having three or more young people in it that has all present for supper, evening prayers and a normal retiring three days out of a week. Hold up your hands, please. If "Home is the chief school of human virtues," and the average modern home is but little more than a "filling station," when and where shall essential virtues be inculcated? Under these conditions, what may be expected twenty-five years hence?

Laundry Washing

Prolongs the Life of Daintiest Fabrics!

HARD WATER has the same effect on your clothes as it has on your hair. You simply cannot make a real sudsy lather to cut the acid dirt. . . . and though it may look clean, you feel your hair and know better. Nor will hard water rinse out the soap and dirt. There's nothing miraculous about laundry methods. Although modern laundries are scientific institutions dedicated to cleanliness, their results are obtained in a simple manner. Your clothes are gently washed with pure soap and filtered in rainsoft waters of accurately determined temperatures. . . . and with from nine to thirteen complete changes of water. Instead of rubbing the life out of fabrics to get them clean, the washing action in the modern laundry is as gentle as when you wash lingerie in a bowl of warm water in your home.

The LAUNDRY
does it best!

The modern laundry irons your clothing with equipment so delicately adjusted that tissue paper may be passed through it without tearing.

Every modern laundry washing formula has been evolved with scientific, prescription-like accuracy.

Vote For Jim Reynolds for Sheriff

I stand for the enforcement of all laws.

I believe that the prohibition laws should be enforced continuously and consistently, and not occasionally.

Lax law enforcement is a bait for the young lad to get into the liquor business. If elected I will endeavor to keep the peace. I will do my utmost to prevent law violations. My main effort will be directed toward keeping down petty thievery, but I do not claim to be able to catch the thief after the crime is committed.

I will not embarrass good citizens of this county by requiring them to sign complaints when they wish me to investigate some disorder. I will appreciate and keep in confidence any information.

I honestly believe I can prevent the sale of beer to a large extent.

I will not interfere with beer where made for personal use unless it becomes a nuisance or someone signs a complaint. (The drinking of your own beer will depend upon your conscience and the lining of your stomach.)

I absolutely will not tolerate drunkenness in public places.

We are living in a civilized age and are supposed to be humane, and I will try to conduct myself accordingly.

Remember, no Sheriff has held office for more than two years in succession for the last six years.

Voters, you are the employer, and I am asking you for this job. Won't you please investigate my ability and reputation to your own satisfaction?

I will appreciate your vote. If I can get it, I will appreciate your Good Will.

second and third in their class, and third and fourth by showing in the open classes as summer yearlings in a class that was won by Oklahoma A. and M., and second prize going to Largent at Merkel. The average price received by the boys on the calves they exhibited and sold was \$99.70 per head. The women's and girls' clubs, under the able direction of Miss Jessie Lee Davis, home demonstration agent, are working enthusiastically. Every effort will be put forth this year to standardize home-grown products for market and as much interest is shown in the new contest of butter judging. Scurry County will have a representative in this contest during the Farmers' Short Course at

nine women's clubs and fourteen girls' clubs, each with an increasing membership. So well are these clubs organized that should the home agent be absent at the club meetings the work is carried out with the same precision and interest as if she were present. **Real Leadership** County School Superintendent A. A. Bullock is a real school man, possessed with infinite tact, kindness, and persuasion. He is building a system of schools that it may not be said that rural boys and girls are underprivileged with reference to educational facilities. During the first three years of Superintendent Bullock's administration eighteen new buildings have been built at a cost of \$70-

of the schools, annual trustee-teacher banquet, county school fair, and county-wide seventh grade examinations. These and others have been the order of the past and present, but to get a real view of the vision of better schools for Scurry County, read carefully the plans for the future, so well planned and thought out by this able school superintendent. They embrace the following: County-wide grouping of schools, thus creating ten high schools under the rural high school law; a teachers' home for every rural school; all schools working toward standardization; modern lighting system in all schools; the county school paper to be made larger and better; to fully realize such worthy ac-

It is my hope that the reader may take into consideration that this is an organization composed of the citizens of the community banded together for the purpose of furthering and developing every phase of community life, socially, educationally, commercially, and industrially. It is a wonderful plan and those who are putting their time and effort into it are not only bettering their individual conditions, but broadening their lives and their social and business contacts. Scurry County schools are known for their active Interscholastic League work. The fitting climax was the mammoth school parade and the school exhibits during the county meet. More

era could have played a better meteorological role than was managed on the day when these splendid school children united in parade to receive the spectacular plaudits of the multitudes assembled for the county meet. It is said that Snyder had never before seen such a day or such a throng of young Americans representing our country's greatest resource—the boys and girls. Many of the schools deserve special mention for their outstanding work, but to sum it all up, including the schools and the farming interests of the county, it is difficult to over-estimate the significance of all that has been accomplished and the possibilities of future development.

SNYDER MASONS ASSIST IN CONFERRING DEGREES AT IRA ON THURSDAY
A party composed of Messrs. E. Baugh, Lyman Wren, Warren Dodson, A. Rhodes and Leonard Gatten attended the Ira Masonic Lodge Thursday night and assisted in conferring the Master's degree on two candidates. Following the work a short social session was enjoyed.

Mr. and Mrs. Ixon Joyce and baby and Miss Evelyn Pratt left for Stephenville Sunday to visit their grandparents. Maxey Chenault had his tonsils and adenoids removed Tuesday morning and is reported to be doing nicely. Misses Mary Bob Huckabee and Polly Harpole went to Abilene Monday where they entered Simmons University. Misses Lila Mae Williamson and Mabel Isaacs went to Abilene Monday and entered Draughon's Business College.

INFORMATION WANTED
The address of Miss Lucy Brown, winner of first prize in the "My Home Town" contest in the Snyder public schools. Notify the Times-Signal, please.

STATE DEMOCRATIC MEET IN DALLAS SEPTEMBER 11
Dallas was chosen for the state Democratic Convention to be held September 11 at the 90-minute session held by the State Democratic Executive Committee at Waco Monday night.

SAYS GAS HAS BEEN AT STORE A LONG TIME
Lyman Wren sort of pulled a fast one on Manager George Northcutt of the Higginbotham Bros. store Friday, after reading George's full page ad in last week's paper concerning "Natural Gas to be Turned on Monday." It so happened that Mr. Wren walked into the store and in the presence of a house-full told George that "natural gas has been a known quantity in and at the store ever since George landed in Snyder." There was no need, Lyman further stated, to announce the fact either. You know how George blushes fast one did it, shook hands and thus another little act of kindness had been rendered. Sunday is Father's Day. Now, we all remembered Mother—let's think a moment about Dad. Baseball Sunday at Wolf Park. Why does gasoline cost 22 cents in Snyder?

Baseball Sunday at Wolf Park. Why does gasoline cost 22 cents in Snyder?

"Judge Electrical Service by its Results"

Says George E. Roberts, Vice-President, National City Bank, New York

Science may measure electricity in terms of volts and ohms; business, in terms of kilowatt hours and the curve of production; homemakers, in terms of its labor saving and comfort-making advantages.

"In the business world today, the positions of leadership and responsibility are held by men who have been advanced to them under a system of competition and elimination. The test of fitness is an economic test—a test of ability to produce economic results. The fact that as a rule the men in positions of responsibility have come up from the ranks is proof that the system is fundamentally sound and effective. Society cannot afford to change from the economic test of leadership to an arbitrary or political system of selection."

—George E. Roberts

However measured, its extension and application by the electric light and power companies to every department of our industrial and domestic life stands out as among the most important basic causes of America's well-being. From its wires has sprung the golden flood of America's unprecedented prosperity.

But economists no longer limit wealth to things. They echo John Ruskin's sound doctrine, that "there is no wealth but life." And judged from this point of view also, the development of electric service in America will go down as one of the most far-reaching events in history.

These things have been made possible by the application of the sound American principle of leadership through competition and elimination—in short, by the principle of individual enterprise.

To the degree that this principle is maintained will the benefits derived from electric light and power continue to be multiplied.

Two World's Records Broken

Last week's Dairy World brings the news that Darling's Jolly Lassie has at last been beaten in butter fat production. The Lassie cow hung up the record of 1142.2 pounds of butter fat back in 1923. Abigail of Hillside 457241 is the name of the new champion cow, and she completed a record of 1197.5 pounds of butter fat (1409 pounds of butter) and 23,677 pounds of milk in 365 days ending May 20, 1928. Recently an Australian cow had completed a record of 1149.38 pounds of butter fat and 21,032 pounds of milk, but was beaten almost before her record was published.

Abigail is a half sister to the cow, Madeline of Hillside, that held the record on milk production for so many years. She has not only beaten all other Jerseys in both fat and milk production, but she has beaten all cows in all breeds in fat production that were milked three times a day.

We are not expecting any Jerseys to be produced in Scurry County that will even approach the record of Abigail, although it would not be impossible. It is said that the most profitable cows produce about 450 pounds of butter fat per year.

What we wish to call attention to most is the grain ration that was fed Abigail while she was making the record. The grain mixture was as follows: 380 lbs. corn gluten feed, 340 lbs. choice yellow hominy, 320 lbs. old process linseed oil meal, 250 lbs. E. S. pure ground oats, (40 lb. clipped natural) 200 lbs. standard wheat bran, 140 lbs. cottonseed meal, 100 lbs. corn distiller's dried grains, 100 lbs. standard wheat middlings, 100 lbs. molasses, 20 lbs. steamed bone meal, 20 lbs. lime, 20 lbs. salt—total 2,000 pounds in mixture to which was added equal amount in bulk of ground oats. All this ration was ground thoroughly and mixed. An average of 24 pounds of the mixture was fed each day. Her grain was never changed during the year, and she was never left off her feed.

Anyone that is interested in proper feeding of a milch cow will do well to study the above ration. It will be noted that cottonseed meal was small in this ration, only about 100 pounds to the ton. It will be noted that corn in one form or other made up about 600 pounds to the ton. It must be remembered corn in some form, or good substitute, is absolutely necessary in milch cow's ration. There is nothing said about alfalfa in the case of the above champion cow which is due to the fact that this cow was bred and reared on a hillside farm in Massachusetts where there was no suitable land for alfalfa.

We're On The Dal-Paso Cavern Highway

is showing up wonderfully well with a milk feeding program. Mr. Trevey is a twentieth century farmer and knows how and what to do around the farm, and to say that Secy Evans and the Senior Editor enjoyed the day is saying it only too mildly.

HEAVY RAINS AND VIOLENT WINDS HIT HERE SUNDAY NIGHT

Heavy rains and violent winds were reported in all sections of Scurry County Sunday night, with more than an inch precipitation in several localities.

Heaviest winds were reported from the vicinity of Ira where a house and its contents were entirely blown away.

Nolan and Fisher Counties also reported heavy rains and winds, the Clear Fork of the Brazos river being entirely out of its banks and in many places washing out crops with property damages heavy.

Mitchell County reported that in the vicinity of Westbrook tops of garages were blown off and numerous small buildings damaged.

J. L. Caskey left Monday for Abilene to attend the druggists convention which was held there this week.

Miss Lura B. West, who has been attending the College of Industrial Arts at Denton, has returned to her home here.

Mr. and Mrs. R. J. Randalls and little son, James Thomas, left today for Denver, Colo., where they plan to spend their vacation.

Mr. and Mrs. F. L. Joiner and little daughter, Bille Frances, were Sunday visitors in Sweetwater.

Miss Merle Delle Warren arrived Sunday from Abilene and is the house guest of Mrs. J. W. Warren.

W. A. Merrill and daughter, Miss Polly, left last Saturday for Dallas where they will visit with relatives.

Mrs. Howard McDonald and little daughter, Martha Lou, spent last week-end with her parents in Sweetwater.

Mr. and Mrs. H. G. Towle will leave tomorrow for Austin where Mr. Towle will attend a meeting of the State Board of Optical Examiners.

Rev. W. F. Ferguson left last Wednesday for Iowa Park and accompanied his family home Tuesday.

Sweetwater reports 83 rattlesnakes having been killed in May. A bounty of 25 cents is paid by the commissioners.

OPTOMETRY

It's Value to the Public

By H. G. TOWLE, O. D.

Snyder, Texas

Is Far-Sight a Question of Age?

No, age has nothing to do with it. In fact, most children are far-sighted to some extent.

Does far-sight in children cause distress?

That depends upon the extent of the error, and other circumstances.

It would be possible for a person who is far-sighted to suffer greatly and not recognize the cause of the trouble?

Yes, thousands are so afflicted.

How is far-sight corrected?

By the Optometrist determining the extent of the error and supplying glasses that make seeing as nearly normal as desirable.

The error is not always fully corrected?

No, comfortable vision can often be secured by giving a partial correction.

How does the Optometrist determine how much of the error to correct?

His studies and experience guide him in this respect.

Errors of vision prevent progress at school?

Yes, the naturally bright child, if he has an error of vision, cannot succeed as he might.

What percentage of children need optometrical service?

About 25 per cent.

How was this estimate determined?

By the actual examining of thousands of school children's eyes.

Some persons are near-sighted?

Yes, a certain percentage are.

This defect is more likely detected than others?

Yes, there is a possibility of near-sight being detected because the person cannot see as far as he should, and is likely to complain of the fact.

Can near-sight be corrected with glasses?

Yes, a near-sighted person is often astonished at the improvement in vision on wearing a correction.

Astigmatism is another error of vision?

Yes, and it is often very detrimental and sometimes difficult to correct.

How can it be determined?

Only by an examination.

Can this error be automatically overcome as can far-sight?

Yes, and that is where the difficulty arises. Being overcome, its existence is not suspected. See next article.

(To be continued)

SUPT. WEDGEWORTH'S FATHER SUCCUMBS

Word was received here Saturday of the death of Mr. J. R. Wedgeworth at Timpson, father of Supt. Wedgeworth and E. O. Wedgeworth. The true sympathy and condolences of the entire community are extended to this fine family in the irreparable loss of a good father and husband. Resolutions of respect were prepared by the Board of Education the Men's Bible Class of the First Baptist Church of which Supt. Wedgeworth is president, and by the Lions Club.

Mrs. J. V. Stryker of Long Beach, Cal., arrived Sunday to be present at the Alexander-Stryker wedding Monday.

Mr. and Mrs. F. P. Stryker of Iowa Park arrived Sunday for the Alexander-Stryker wedding Monday morning.

EMMETT TREVEY GIVES LOCAL MEN HAND-OUT

Secretary Mac Evans of the Chamber of Commerce and the Senior Editor were invited to the country home of Mr. and Mrs. Emmett Trevey near Ira Friday for a feast of good things to eat and social contact. In addition to a royal fried chicken repast pre-

pared by Mrs. Trevey which was highly enjoyed, Mr. Trevey showed the visitors some Jersey cow projects that surely show the trend of the times in that great section of the county, a part and parcel of Scurry County.

Stiles Trevey, 16-year-old son of Mr. and Mrs. Trevey, has 4 Jersey cows and three Jersey calves; R. J. (13 years old) has 4 Jersey cows, while "Pap" Trevey has 8 Jersey cows, 8 Jersey calves and a registered Jersey bull. Both boys are hard workers in 4-H club activity, and their dad sits right down and assists them in their work. R. J. has for his 4-H club project a pig-feeding stunt that

Man So Nervous Feels His Stomach Jump

"I got so nervous my stomach felt like it was jumping. Vinol entirely relieved the trouble. I feel better than in years."—J. C. Duke.

Vinol is a compound of iron, phosphates, cod liver pentone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired, people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. Warren Bros., Druggists. (T-4)

55 MILLION RUBBER TREES

WHAT OF IT? Granted that Dunlop does require all the rubber that 55,000,000 rubber trees can supply . . . What difference does that make to my car?"

Simply this: Dunlop tires must be better tires. Otherwise Dunlop could never have grown so great. Otherwise there could not be 26,000,000 Dunlop tires now in use.

Millions of motorists have stuck to Dunlops year in and year out. Their friends have been amazed at the quality of Dunlops. Each year, thousands of new users have adopted Dunlops.

That is how Dunlop has grown so great . . . so great that, last year, the rubber from 55,000,000 trees was required.

26,000,000 Dunlop tires are now in use. If you would profit from the experience of these millions of motorists, your next tires will be Dunlops.

DUNLOP

"DUNLOP CITY"

Throughout the world, the productive Dunlop Properties cover so vast an area that—if combined into one place—they would form a "Dunlop City" of over 100,000 acres.

M. C. CARROLL

METHODIST CHURCH

Sunday school at 9:45 a. m. A good Sunday school, but not as good as we should and can have. Is it a good thing? You can be sure of this—the Sunday school is one of the very best investments of time and self for the boy and girl, the young man and the young woman, the father and the mother, that can be made. You can't beat it for real and actual dividends in anything else that can be found. It will bring you more joy and pleasure, more rest and profit, more present peace and future comfort than working, staying at home, going visiting, or going off to some other town on business or pleasure. The Sunday school makes better the social life, the business life, the educational life and the church life of any community. It will destroy dishonesty and vagrancy, wretchedness and poverty, sin and sadness quicker than any one thing in a community. It will impart joy and gladness, usefulness and thrift, honesty and godliness quicker than anything else thus far tried. The Sunday school has an ideal to teach, which ideal is at the very center of all true greatness, without which ideal no one can really and truly be great and noble. It is worth your time and effort. You rob yourself of present and future good when you stay away. Then come! If

SOCIETY

MISS ALEXANDER AND F. J. STRYKER WED

F. J. Stryker and Miss Katherine Alexander, both of Lubbock, were married in Snyder at the home of the bride's brother, Rev. Geo. E. Alexander in East Snyder Monday morning at 10 o'clock, with Rev. Alexander officiating. Preceding the ceremony, Mrs. Geo. E. Alexander sang "All For You," by Guy De Ardelet, accompanied at the piano by Velma Finley, who also played the wedding march. The ceremony was very quiet and impressive and was performed in the presence of relatives and a few friends.

The bride is the attractive daughter of J. H. Alexander of Lubbock. She has for the last several years taught school in Barton. The groom, a very energetic and dependable young man, is engaged in farming near Lubbock. Immediately after the ceremony Mr. and Mrs. Stryker left for a brief visit to the Carlsbad Caverns in New Mexico. They will be at home after June 18 in Lubbock.

The out-of-town guests at the wedding were: J. H. Alexander, father of the bride, of Lubbock; Mrs. J. V. Stryker, mother of the bridegroom, of Long Beach, Cal.; Mr. and Mrs. L. L. Fulton of Brownfield; Mrs. O. L. Sims of Wolforth; and Mr. and Mrs. P. Stryker of Iowa Park.

EUZELIAN CLASS ENJOYS WEEENIE ROAST

The members of Mrs. George Northcutt's Sunday school class and their husbands and families met at the First Baptist Church last Friday night at 7:30 and enjoyed to Thompson's Dam where they enjoyed a weenie roast.

MISS MARY STRAYHORN ENTERTAINS WITH DINNER

Miss Mary Strayhorn delightfully entertained a few of her friends with a dinner at her home last Wednesday night. Those enjoying this hospitality were: Misses Edith and Vera Nell Grantham, Mrs. Lee Newson, Mr. and Mrs. J. P. Nelson and Messrs. Joe Drake, Herbert Bannister and W. H. Ritzenthaler.

MR. AND MRS. FOREST SEARS ENTERTAIN

Mr. and Mrs. Forest Sears delightfully entertained the members of the Thursday night Bridge Club at their lovely home last Thursday evening.

In the interesting games of the evening, Mr. and Mrs. Maurice Brownfield were the lucky winners of high score awards.

The delicious refreshments consisting of fried chicken, fruit salad, potato chips and ice cream were served to Messrs. and Mesdames Sam Hamlett, W. T. Raybon, Maurice Brownfield, Albert Norred, George Oldham, R. J. Randal, Wayne Boren and Miss Bill Swann.

WILLIAMS-FORE NUPTIALS ANNOUNCED

Of interest to numerous Wichita Falls friends of the couple is the announcement of the marriage of Miss Maude Williams of Snyder and Clifford Fore of this city, which took place Sunday morning. The ring ceremony was read by Dr. S. S. McKinney, pastor of the First Methodist Church, in the presence of relatives and a few intimate friends.

The bride is the daughter of Mr. and Mrs. H. V. Williams of Snyder, and has been a popular teacher in the Wichita Falls school for several years. She is a former student of the Texas Woman's College at Fort Worth, State Normal at San Marcos and a graduate of the West Texas State Teachers College at Canyon.

Mr. Fore is the son of J. S. Fore, pioneer Wichitan, and is a former student of the University of Texas at Austin.

Mr. and Mrs. Fore left immediately following the ceremony for a wedding trip, after which they will be at home at 1001 Pecanway Drive—Wichita Falls, Texas.

LADIES MEET

The study of the "Missionary Message of the Bible" was continued by the Methodist Missionary Society Monday afternoon. Discussion of three chapters was led by Mesdames Hamilton, Higgins and Lemons, respectively. The picnic for the women of the society and their families was postponed until next Monday on account of the weather.

CHRISTIAN LADIES AID

Mrs. Sparks entertained the Ladies Aid of the First Christian Church at her home in West Snyder Monday. The hostess served a lovely lunch of ice cream with strawberries, angel food cake and gold cake to Mesdames Tom Boren, Hugh Boren, Hamlett, Johnston, Lane, Pierce, Wasson, Stanfield, Fritz R. Smith, Temple, and Miss Bess Johnston.

MRS. WAYNE BOREN HOSTESS TO SINE CURA CLUB

Mrs. Wayne Boren was the charming hostess to the Sine Cura Club members Tuesday afternoon at her home. Colorful summer blossoms gave the entertaining rooms gay decoration and provided a setting of charm wherein the guests were entertained.

Interest was high in the series of bridge games, and at the termination when scores were compared, top honor went to Mrs. R. H. Curran and second high to Miss Cecile Strayhorn.

At the refreshment hour a delightful two-course luncheon was served to Mesdames H. G. Towle, Dixie Smith, W. W. Wilsford, G. A. Hagan, Ernest Taylor, R. H. Curran, W. W. Lechner, E. J. Anderson and Misses Cecile Strayhorn and Ruth Smith, and Mrs. John Hines of Fort Worth, who was the guest of the club.

MISS MILDRED AND MARIWADE HARLESS ENTERTAIN

Misses Mildred and Mariwade Harless entertained Mrs. Louise Darby's Sunday school class last Thursday afternoon at the home of their parents.

Following a business session a delicious plate luncheon was served to Misses Grave Avary, Lucille Brown, Rayolene Smith, Aline Curry, Adella Burdett, Daisy Ann Popejoy, Gwendolyn Gray, Gertrude Coppedge and Mrs. Louise Darby.

SPIZZ B. Y. P. U. PROGRAM

Subject, "The Atonement." Scripture reading, I Cor. 1:17-24; II Cor. 5:17-21. Le Roy Fesmire.

Introduction, Mildred Ross. The Central Truth Taught in the Scriptures, Violet Bradbury. Christ Died in Our Place, Jonny Shaw.

What it Cost Christ to Save Us, Roy O. Irwin.

What is Wrong? Davis Shaw. False Teachings of the Atonement, Katherine Northcutt. Because He Loved Us So, Violet Dean.

SWIMMING PARTY

A group of young people enjoyed a swimming party and a picnic at the Country Club Monday evening. After the swim a picnic

lunch was thoroughly enjoyed by Misses Mildred and Mariwade Harless, Bobbie Chambers, Floy Brownfield, Eula Pearl Ferguson, Gertrude Coppedge, Dale Warren, Lucille Brown, Reva Lewis, and Mrs. R. P. Jones, chaperone.

MRS. JOE CATON'S CLASS ENTERTAINED

Mrs. Louise Darby's and D. P. Yoder's Sunday school classes entertained Mrs. Joe Caton's class with a picnic last Friday night. The Methodist Church was the chosen meeting place, and when the crowd had gathered they motored two miles south of Dunn where they enjoyed many outdoor sports after which a picnic lunch was served to those present.

YEARBOOKS DELIVERED

The yearbooks for the Twentieth Century Club were completed this week at the Times-Signal office. Judging from the remarkable program that is being offered the paper will be able to contain many fine expressions from this

well known study club when the season opens in September. Members of the club are: Mesdames H. M. Blackard, I. W. Boren, H. J. Brice, P. C. Chenault, J. C. Dorward, J. Nelson Dunn, W. J. Ely, C. E. Fish, C. W. Miller, W. T. Raybon, Charles Noble, H. E. Rosser, W. M. Scott, C. F. Sentell, J. E. Sentell, W. D. Sims, W. W. Smith, Joe Strayhorn, Allen Warren, R. W. Webb and O. S. Williamson.

INTERMEDIATE B. Y. P. U. ENJOYS SOCIAL

Several delightful hours were spent by the members of the Intermediate Baptist Young People's Union Tuesday evening at Green Springs where a social gathering was sponsored by Mrs. Ethel Eiland. Numerous games were carried through, and a picnic lunch was spread which was thoroughly enjoyed by those present.

MRS. WELLINGTON TAYLOR ENTERTAINS YO SAN

Wednesday afternoon found the members of the Yo San Club assembled at the home of Mrs. Wellington Taylor anticipating pleasant hours spent at their chosen pastime.

Mrs. A. D. Casstevens and Miss Ha Martin came through the games winning high score. Mrs. Casstevens received club member's high score prize, while Miss Martin received guest prize.

Lovely refreshments consisting of tongue boose, lettuce sandwiches, ice tea, olives, potato chips and frozen fruit salad were served to Mesdames R. H. Bell, J. W. Evans, R. P. Jones, W. H. Ware, C. J. Sims, N. C. Von Roeder, A. D. Casstevens, D. B. Hutchison, J. E. Johnson and the guests, Misses Ha Martin of Dallas, Davida Curry, Alma Nell Morris and Waunita Darby.

MISS REVA LEWIS ENTERTAINS

Miss Reva Lewis entertained a few of her friends Monday afternoon at her home with a party in honor of Miss Dale Warren of Abilene. Many games were enjoyed after which dainty refreshments were served to Misses Mariwade and Mildred Harless, Lucille Brown, Gertrude Coppedge, Dale Warren, Floy Brownfield, Eula Pearl Ferguson and Bobbie Chambers.

GRANDDAD AGAIN

Grandpa W. T. Baze was advised Monday that his daughter, Mrs. J. L. Suits, at Lorenzo had become the mother of a fine baby girl that day. Dad Baze said that Blanche and the baby were doing fine but that since this was the first baby in 13 years, he could not imagine what it might do to the editorial father of the little miss.

Buy the only car whose sales equal the combined sales of any other three cars in its field

Demand for Buick has increased at such a remarkable rate that Buick sales equal the combined sales of any other three cars in its field.

What better testimonial to Buick value than this? What more convincing evidence that Buick, of all cars at or near its price, best measures up to the world's conception of what an automobile should be?

Buick's vibrationless six-cylinder Valve-in-Head Engine—most powerful engine of its

size in the world—the Buick Sealed Chassis, and a score of other exclusive features explain Buick's popularity.

The world-wide preference for Buick is your guarantee of satisfaction. Choose the car which outsells any other three cars in its field.

post office address. Also furnish names and address of any disciples you may know who are not meeting with any congregation.

To Members at Large If you need the services of a gospel preacher in any way, let me know. Yours for service. Address Price Bankhead, Snyder, Texas, Box 711.

NOTICE OF APPLICATION FOR SALE OF REAL ESTATE

No. 521, Estate of Joseph Heimer, deceased. In County Court of Scurry County, Texas.

THE STATE OF TEXAS, To the Sheriff or any Constable of Scurry County, Greeting: You are hereby commanded to cause to be published, once a week for twenty days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county for a period of not less than one year, the following notice:

THE STATE OF TEXAS, To all persons interested in the estate of Joseph Heimer, deceased:

You are hereby commanded that Walter Gentry, executor of the Will of Joseph Heimer, deceased, did, on the 7th day of June, A. D. 1928, file his application in the County Court of said Scurry County, to sell the following described real estate belonging to said estate, to-wit: All of the South one-half of Section 140 and the East 315

Enjoy golden hours of restful, refreshing sleep. Each summer night may be calm, peaceful, undisturbed. Everyone may have them. Just by using FLY-TOX. Spraying the sleeping rooms. Killing the mosquitoes. Everyone knows mosquitoes are disease carriers. They must be killed. Health authorities advocate FLY-TOX. It is the scientific insecticide developed at Mellon Institute of Industrial Research by Rex Fellowship. Simple instructions on each bottle (blue label) for killing ALL household insects. INSIST on FLY-TOX. It is safe, stainless, fragrant, sure.—Adv. 2

acres of Section No. 141, all in Block 3 of the H. & T.-C. Ry. Co. surveys in Scurry County, Texas, containing an aggregate of 635 acres of land.

Now, therefore, all persons interested in said estate are hereby notified to be and personally appear at the next regular term of the County Court of said Scurry County, to be held at the court house in the City of Snyder on the second Monday in July, A. D. 1928, the same being the 9th day of said month, and then there to show cause, if any, why said sale should not be made.

Given under my hand and the seal of said court at office in Snyder, Texas, this 7th day of June, A. D. 1928. MABEL Y. GERMAN, (Seal) Clerk County Court, Scurry H&B-52-4tc County, Texas.

Mr. and Mrs. A. C. Humphrey spent last week-end at Stamford with relatives.

Miss Prudence Grant, who came last Friday from Lamesa, is the house guest of Miss Connie Grant-tham.

Mr. and Mrs. J. M. Hyden and daughter, Jessie Mae, of Amarillo spent a few days this week with Mrs. J. C. Dorward.

Mr. and Mrs. Sid Airington and Mrs. J. T. Reeves of McKinney were guests in the home of Mr. and Mrs. J. K. Woosley Sunday.

Two Days More Demonstration

"CARE-FREE!" —for the whole afternoon

DO YOUR cooking-tasks "run into" the afternoon to spoil your plans for an early leaving?

They need not—if you'll buy a NEW PROCESS Gas Range with Lorain Self-regulating Oven. Its automatic oven cooking gives you the entire afternoon free to use as you please—matinee, club, shopping or whatnot. No need for watching the cooking. You'll find it to be perfectly cooked upon your return hours later.

New Process Gas Ranges combine designs of sanitary simplicity with sturdy construction for hard service. Smooth porcelain enamel finish. Hingeless flush fronts eliminate door catches, exposed bolts and other dirt-catching projections.

Unless the Gas Range has a RED WHEEL it is NOT a LORAIN
