

### HONESTY BEST POLICY

There is no way that will compare  
 With always dealing on the square;  
 All shady schemes it pays to shun,  
 They lead to loss in the long run.  
 The man whose promise always comes true  
 You'll find is he who makes but few.  
 And the man whose word is always good  
 Is seldom ever misunderstood.  
 The Snyder National is looking out  
 For men who go the honest route.

(Copr. 1928 Adam Brown Hunter)

**LETTERS ABOUT PROPOSED BRIDGE**  
 Mr. Smith, Editor,  
 Scurry County Times-Signal.  
 We have been trying to awaken some interest in a bridge across Deep Creek for a long time. It is true that we are interested in some property across the creek, and if a bridge were built we have in mind making some improvements on this property of which we believe the citizenship of Snyder would be proud.  
 There will be enough property

**DICK AND ABE SAY:**  
 Said Brown to Jones, "Your new suit fits you fine, I'd surely give a lot if it were mine."  
 Said Jones, "That new stuff is all the bunk."  
 Wifey found this in the attic in a trunk.  
 It's just last year's suit I'd thrown away.  
 She just had it cleaned and pressed today."

**98 DRY CLEANERS**

**TIME SAVING FOR MOTHERS**  
 Much of the newer ideas in the training of children have arisen out of the fact that in the modern home the mother no longer has to drudge as her mother did—that is, if the home is modern. There's a right height for a sink—there's a right way to provide hot water—there's a heating plant that doesn't require constant attention—there's a bathroom easily kept clean and convenient as the older generation never imagined it could be. These things have helped women secure leisure. Has your home been modernized so that you can do some of the worthwhile things?  
 "The Best is Always Best"  
**HAMRICK PLUMBING CO.**  
 Phone 244

development to take place in our opinion from the direct results of putting a bridge at this point that will more than pay for the improvement by the increase in taxable values.  
 MRS. BETTIE F. HOWELL,  
 MRS. DIXIE SMITH.

To the Editors of the Signal:  
 I am not speaking from a selfish standpoint when I say that a bridge should be built across Deep Creek. This is one of the principal streets in town and should be opened up clear through as there is some of the best building property in town that would be developed if this were done.  
 LLOYD THOMPSON.

Scurry County Times:  
 I have been reading the articles in your paper about building a new bridge across Deep Creek. I have tried for years to get someone interested in having this done. This was the only 80-foot street direct through town, if I remember correctly, and at one time we raised money to put a bridge over this crossing, but in some manner the project was moved one block south.  
 I believe the citizenship of Snyder is entitled to this improvement, and I hope something comes of such a project.  
 When the crossing was built south of the jail there were just a few homes across the creek in that neighborhood. Since then more than a dozen of the best homes in Snyder have been built in that section because of the crossing that was built.  
 I have heard a lot of talk about how very expensive a bridge

would be west of the post office. If people would take the trouble to investigate they will find that a good bridge can be built for a whole lot less money than is being reported. All I want is a fair deal, and believe I have lived long enough in Snyder for people to know this.  
 J. G. LOCKHART.

**SCURRY COUNTY BOY LEADS AT SIMMONS**  
 H. V. Williams, son of Mr. and Mrs. H. V. Williams of Snyder, takes his degree from Simmons University this week and in addition to this was granted the scholarship award to the student standing highest in scholarship, character and general ability to do graduate work.  
 County Superintendent Bullock, in speaking of Mr. Williams, said: "H. V. is a boy who has always made good. I have known him as a student and as a teacher. He is one of the best in any line of endeavor he undertakes, and I want to congratulate him and his good family. Snyder and Scurry County should be proud of young men like this."  
 The following was taken from an Abilene paper: "H. V. Williams Jr., son of Mr. and Mrs. H. V. Williams of Snyder, has been awarded a graduate scholarship to Southern Methodist University for the ensuing year 1928-29. The scholarship has a value of \$225 with an opportunity to aid in special research work in the university. The selection was made on a competitive basis with only one student selected from Simmons, the selection being made on points of scholarship,

character, personality and ability for graduate study. Mr. Williams will probably do part time teaching while in attendance at S. M. U."

**CONFEDERATES TO MEET THIS WEEK IN BRYAN**  
 Their numbers thinned by time, surviving members of Hood's and Green's brigades in the Civil War are to hold their annual convention at Bryan June 20 and 21.  
 The two Confederate Brigades have been meeting annually in Bryan on June 27 for a number of years. This year, however, the date was moved up because of the Democratic National Convention at Houston.  
 Scientists say that flies carry germs of typhoid fever, infantile paralysis, summer disorders and over thirty other diseases. Flies should be killed. FLY-TOX is harmless to people but sure death to mosquitoes, roaches, moths and bedbugs as well as flies. FLY-TOX is fragrant, stainless, sure. —Adv. 3

A HOME OWNED INSTITUTION! GLENN SAMPLE, MANAGER

**SNYDER CHAMBER OF COMMERCE SHOULD FOLLOW THIS RULE**

One of Snyder's near neighbors has a business organization, and when a director or officer misses three consecutive called meetings, he is automatically eliminated from office. Judging from past meetings of the Scurry County Chamber of Commerce that rule would eliminate a greater part of the present board of directors, said to relate.

**ADVERTISING TEXAS**

The National Geographic Magazine, with a circulation of a million and a half copies, gave most of its space this month to Texas, picturing the state profusely and giving facts which will enlighten many people about our state and its resources and accomplishments. The Geographic is one of the leading magazines of the country and is recognized as one which adheres strictly to facts. The article will be of untold value to Texas. As a matter of fact, Texas is attracting more notice just now than ever in her history, and more than any other state in the union. This publicity will cause many people to come here this summer, and many of these will be induced to invest here because of our advantages. We should all make it a special business to be courteous to visitors, and be honest in giving them facts they want.

**STREETS BELONG TO PUBLIC**

Of particular interest to drivers and owners of automobiles is a recent decision of the United States Supreme Court.

The decision held: "The streets belong to the public; pedestrians have the right to walk on any part of the street or roadway, and that cannot be taken away. Driving a car is a privilege that may be revoked at any time; therefore it becomes incumbent upon the driver of an automobile to see to it that he does not strike a pedestrian."

In the case that brought forth this decision, a truck struck a pedestrian while crossing the street not at a cross walk. The injured party sued the company owning the truck and got a verdict of \$15,000. The company appealed the case to the United States Supreme Court on the ground that the cross walk was for the use of pedestrians and that when using any other part of the street he did so at his own risk. The appeal was dismissed with the verdict quoted above.—Wichita Price Current.

**TOM BLANTON CLUB**

Mr. W. P. Bowlin was the first Scurry County resident to enroll in the Tom Blanton Club started last week by the Times-Signal. On the same blank were the names of Mrs. Bowlin, Mr. and Mrs. W. E. Bowlin and Mr. and Mrs. J. R. Bowlin, a total of six. Also pleasing was a note at the bottom which read: "—and we will not vote for Al Smith. Signed, W. P. Bowlin, et al."

**SUDDEN SQUALL PLAYS HAVOC TO RURAL HOME**

While Mr. and Mrs. E. L. Floyd, residing on a farm close to Ira, were attending church services

Sunday evening a sudden squall came up and leveled their home to the ground, scattering contents over a wide area. Not a single thing was saved except the clothing these young folks had on. The same squall took the entire roof off the barn of R. H. Stark.

**COOKING SCHOOL TO BE HELD HERE NEXT WEEK**

A cooking school and demonstration conducted by a representative from the Michigan Stove Co. is to be conducted all next week at the Community Natural Gas Co. offices here.

Demonstrations will be given all day, and class work will be from 2:30 to 4:30. All ladies are invited.

**BOY INJURED**

Weldon Miller, young son of Mr. and Mrs. Bill Miller, was injured Sunday when the car operated by his father ran over him when backing out of the garage. The little fellow was very fortunate inasmuch as he was not seriously injured but received only a bruise on the head.

**COLORADO SCHOOL TO INSTALL CAFETERIA BEFORE NEXT FALL**

A cafeteria for the high school was endorsed at the school board meeting Monday night, according to Supt. Ben S. Peck, says the Colorado Record.

Plans are being made to install it in the two rooms on the ground floor east of the superintendent's office. One of these will serve as the cooking room, and the other will be furnished with tables and chairs.

The food of the cafeteria will be sold at cost to the students, according to Supt. Peck, with no effort made for profit. It will be under the supervision of several faculty committees.

It is thought that the cafeteria will be ready to serve the students at the opening of school next fall. If it proves a success in the high school, one may be established in the grammar school.

**Texas Wool Clip**

TEXAS wool is finding a ready market. Buyers are eager to get the spring clip and the prices are satisfactory. At some points shearing is delayed for lack of labor, but the labor shortage is now being overcome.

**Newspaper Consolidation**

IT IS now the Beville Bee-Picayune, with George Atkins at the helm. A stock company, with Atkins of the Picayune as major stockholder, has bought the Bee from A. M. Shannon. Hereafter, Beville will have of support but one newspaper, but it will be a bigger and better paper than the town has ever had, and will be in better position to serve its people creditably. Both have been good newspapers, but they have been handicapped by being in competition in a town where either of them could have rendered better service alone.

**BLUE BONNET LAND**

"It blooms on hill and on mountain, And in the vale below— No soil so barren or fertile But there blue bonnets grow."

"It steals its tints from the snow white clouds

And heavenly blue above— These represent truth and purity, Which all true Texans love.

"Blue bonnet, blue bonnet, Our vast plains decorate, Blue bonnet, blue bonnet, The flower of the Lone Star State.

The gardens of Eden No fairer flower grew Than sweet blue bonnets of Texas, Of heaven's azure hue.

"Our grandmothers in older times The checked blue bonnet wore, No queenly crowd concealed more charm,

Nor adoration bore. I do not care for a marble shaft To mark my lonely grave, The sweet blue bonnets of Texas, O'er me for ere to wave."

**INTERESTING DATA**

Some very interesting data has been compiled by the Department of Agriculture in farm bankruptcies. In 1913 the number of bankruptcies per 1,000 farmers was 0.15, while in 1917 it rose to 0.30. Following the post-war deflation campaign of the Federal Reserve Board, the number rose in 1924 to 1.22 or four times as many in 1927 and eight times as many in 1913; it rose to 1.23 in 1925, and went back to 1.22 in 1926. Farm bankruptcies do not follow as closely on the heels of financial changes as do commercial bankruptcies; the changes for the worse, like that for the better, come more slowly. In spite of the Mississippi flood, the total for the country in 1927 dropped to 0.99 per 1,000 farmers.

Not many years ago our local bankers began to ask themselves, "What can we do to make agriculture more profitable for Scurry County farmers?" It is a well-known fact that a one-crop farmer is a poor prospect for a loan. All or many of our farmers were "one-crop" men. What can we do for them any way? Because if he failed on the one-crop method he would not pay his loan until such a time as he made a big crop. Oftentimes the bank had to wait two or three years, and the farmer had two or three years of interest accumulated. This proved very costly farming, in fact, ruinous.

They advised the farmers to raise something besides cotton or one crop of anything. About this time the boll weevil drove cotton out of large parts of the cotton belt, and peanuts and a great diversity of truck, poultry and dairy farming have taken its place. Our banks were unable to go out into the money markets and borrow money from the factors who had financed and grub-staked the cotton farmers at ruinous rates of interest, and could not lend on the

new crop. The farmers needed help; our bankers proposed to lend them money on livestock. The farmers bought cows and supplied their grocery bill with the farm check and the chicken and egg check and paid for the cow with the surplus products of the farm. They had feed at a very low price that they turned into a cream check or their chickens and eggs that would have

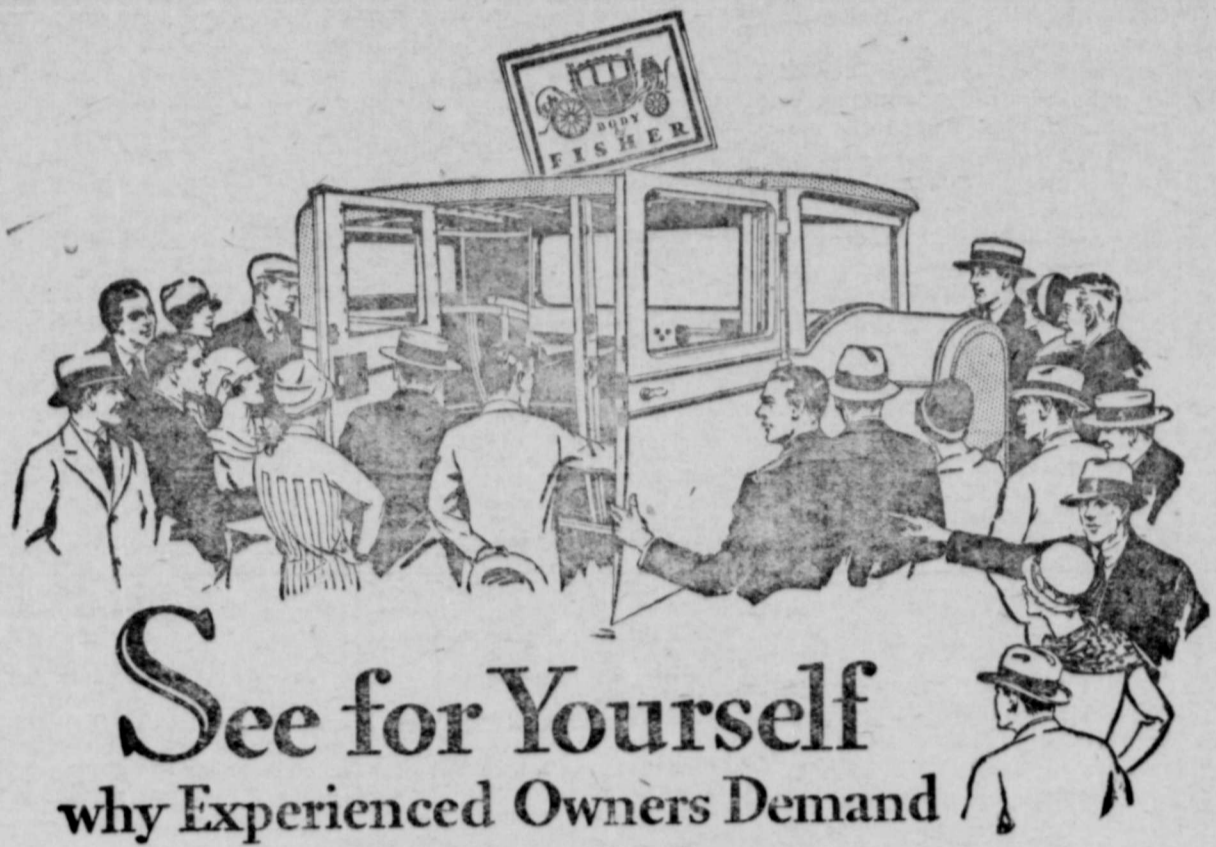

been produced at a total loss on the markets. As a whole, the farmers who had been borrowers become lenders or spent their surplus on improvements, and had the cow, sow and hen left with which to make another crop.

From a statistical survey of the farmers of Scurry County who are adhering to this diversified plan, they are or will be lending money to the banks instead of borrowing,

and it is hoped to see the new era of financing, for it will mean that when new avenues are needed for farm produce markets, the farmers can lend the banks money to finance manufacturers for the raw products.

**Good Castor Oil**

Squeeze one half orange in small glass, add one tablespoonful of castor oil, one-fourth teaspoonful of soda and stir briskly. Drink immediately.

**See for Yourself why Experienced Owners Demand Bodies by Fisher**

In Oakland-Pontiac showrooms throughout the United States a special Fisher Body Demonstration opens Saturday, June 16. Cooperating with the Fisher Body Corporation, Oakland has arranged to demonstrate to automobile owners everywhere the reasons for the superiority and popularity of Fisher bodies.

Oakland All-American Six, \$1045 to \$1265. New Series Pontiac Six, \$745 to \$875. All prices at factory. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

TO BOOST EVERY PROPOSITION THAT MEANS IMPROVEMENT OF THE BEST COUNTY IN ALL WEST TEXAS.

DOES IT PAY?

The Higginbotham Bros. store had a full page ad in our issue of June 7 concerning the coming of gas to Snyder and their line of New Process gas stoves. They gave a demonstration all last week and sold 35 gas stoves to Snyder residents. The excess of the first announcement was so remarkable they are continuing their program. During the opening week's demonstration the store sold their first Pyrofax gas system of Sidney Johnson which in addition to giving his ranch home a gas range also provides a hot water system. This new system provides the same service for country homes far removed from natural gas as the cities afford. The gas that comes in carboys is natural gas refined and makes a delightful addition to any home where it is impossible to secure natural or artificial gas through mains.

OPTOMETRY

It's Value to the Public By H. G. TOWLE, O. D. Snyder, Texas

Should persons with astigmatism wear their glasses constantly? Yes, if the error demands correction, it should be KEPT corrected. An error of vision cannot be CURED? No, it is merely corrected, and it is corrected ONLY when the glasses are worn. Then glasses which correct astigmatism should be put on the first thing in the morning? Yes, and removed the last thing at night. Who are called presbyopes? Those whose eyes cannot focus for close work as well as they could. At what age is this first noticed? Usually about middle life. Is it a natural condition of the eyes? Yes, everyone who lives long enough becomes presbyopic. How is it characterized? By inability to read well or do other close work. When reading, what indicates that reading glasses are needed? The paper is held too far from the eyes. What is the correct reading distance? About 13 inches. Then a person who cannot see clearly to read ordinary print at that distance strains the eyes in attempting to read without glasses? Yes, but the power which the eyes have lost can be restored by glasses. What causes some persons to be distressed on attending moving pictures? One reason is a sensitive condition of the eyes. Can this be overcome? Yes, science has produced a lens especially for this purpose. Is it dark in color? No, merely a tinted lens. Can the Optometrist supply these? Yes, with the patient's correction, ground into them. How long is required to examine the eyes? From half an hour to an hour, depending upon conditions. The Optometrist takes nothing for granted? No, he has practically the same procedure for every case, and depends entirely upon the instruments he uses to indicate the correction. What these instruments reveal can be relied upon? Yes, they determine an error of vision with unerring accuracy. (To be continued)

DRUG STORE WHISKEY

The druggists of Texas in connection with Abilene adopted resolutions urging that steps be taken to revise the methods of handling prescription liquor. Under the present regulations, they say, injustices are worked upon them, and they are powerless to stop practices which tend to cast reflection on the drug business. There is merit in the druggists' attitude. The present regulations almost force drug stores to be almost like the old time whiskey drug stores. The store owner, whether he likes the business or not, is thought of by many persons as a merchant who is in business to sell you liquor if you can get a prescription and thus legally get around the prohibition laws. The druggists are right in their attitude demanding a change.—Sweetwater Reporter.

PATTERSON ANNOUNCES HIS CANDIDACY FOR PLACE IN APPEALS COURT

Judge Burette W. Patterson of Cisco, one of the outstanding members of the bar of West Texas, is a candidate for associate justice of the 11th court of civil appeals of Eastland. He is a man of great activity and of unbounded energy. His long and ardent toil is proverbial in his home city, where he arises at an early hour and by the time the doors of the stores have opened, he is in his office, while frequently one can see the lights burning in his office well into the night, as he ponders over the volumes of his extensive law library, which is considered one of the finest west of Fort Worth. If elected to the court of appeals, the public may be assured that Judge Patterson would give to the service of the public the same diligence and zeal he has given the practice of law. (Political Advertisement)

The Senior Editor is willing to wager the hole in a doughnut that Ruth Lechner and Francis Harris made the fastest time going to the WTCC convention. We know, for we were along with these young ladies, and we started out of here at 3:00 Monday morning, arriving at Fort Worth at 8:00. Coming back with Walt Lechner, Pat Bullock and the Editor left Fort Worth at 5:00 Tuesday afternoon and arrived at Snyder at 4 o'clock yesterday morning. However, I'll admit that Walt was not driving the same kind of a car that we made the original trip in.

HERMLEIGH FOLKS MOVE TO ABILENE

Mr. and Mrs. S. C. Randals will leave right away for Abilene where Mr. Randals has been moved by his company. He will keep the books for the Abilene store. F. D. Mueller, who is to succeed Mr. Randals as manager of the lumber store here, is already on the job. Mr. Mueller is coming to us from Ralls. Mrs. Mueller, who is now visiting in Lorraine, will move here with her husband right away.—Hermleigh Herald.

Rural Conditions

By Prof. W. L. Hughes, A. & M. College

Much is being said and written about the rather deplorable condition of rural life in Texas. In spite of all that is being said and done, the farmer, year by year, sinks lower economically and socially. In a recent issue, the Houston Chronicle had the following to say: "The interest of every one of us is linked with the interest of the farmer. Wealth has to be produced; somebody has to produce it; we can't pick it out of thin air. Those of us who do not produce material things profit only as we are able to exchange non-material things for the material things—news in exchange for bread, for instance. "But all prosperity is based on the production of material goods, and throughout the South that means largely agricultural goods. If we who live in the cities could only realize this—realize our vital interest in farm welfare—we might be stirred to do something effective to bring real prosperity to our far-flung agricultural lands."

The Chronicle is absolutely correct. Yet, what are we doing for the farmer? Out of every 100 farmers in Texas, more than 60 are tenants. Social conditions have driven the landowners to the cities. Tenantry is increasing rapidly, yet practically nothing is being said or done concerning land tenure. A commonwealth of renters and absentee landlords can mean only one thing—that rural life will be so unsatisfactory that intelligent and high type of citizenship cannot be retained on our farms. So long as such conditions prevail, the rural schools will continue to lag behind, and the son or the daughter of the poor renter will have a poor chance to acquire an education. We are expecting the farmer to feed and clothe us, but what do we give them in return? His children plant, cultivate and harvest the crops that make our cities such as Houston, Dallas, San Antonio and others possible; and they do it at a time when other children are in school. Notwithstanding, we offer them a school system that is more than a generation behind the times. Houston, to be sure, has a fine school system, but how about Harris County?

COMPLETE LIST OF STATE CANDIDATES

Following is the complete list of names filed with State Chairman D. W. Wilcox: For the United States Senate: W. A. Rowe, Houston; Tom Connally, Marlin; Thos. L. Blanton, Abilene; Earle B. Mayfield, Austin; Mrs. Minnie Fisher Cunningham, New Waverly; Alvin Owsley, Denton; Jeff McLemore, Hebbronville.

For Governor: Dan Moody, Taylor; William E. Hawkins, Breckenridge; Mrs. Edith Williams, Dallas; J. L. Wardlaw, Ft. Worth. For Lieutenant Governor: V. E. Arnold Houston; Thomas B. Love, Dallas; D. L. Darwin, Paris; Barry Miller, Dallas; John D. McCall, Beaumont; J. D. Parnell, Wichita Falls. For State Treasurer: Grover Cleveland Harris, Dallas; W. Gregory Hatcher, Dallas. For Commissioner of Agriculture: George B. Terrell, Austin. For State Superintendent: W. C. James, Austin; W. F. Garner, Nochochoches; W. W. Bennett, Groesbeck; N. H. P. Davis, Austin; S. M. N. Marrs, Austin.

For Land Commissioner: J. T. Robison, Austin; Otis Terrell, Austin; E. I. Flynt, Quanah; Andrew J. Britton, Quitman. For Court of Criminal Appeals: W. C. Morrow, Austin. For Attorney General: Claude Pollard, Houston. For Judge of Court of Criminal Appeals: Lee P. Pierson, Amarillo. For Judge of Supreme Court: T. B. Greenwood, Austin.

IS IT A JOB OR POSITION SOUGHT?

"How many of you expect positions after you graduate?" was the question put by a prominent banker to senior commercial students in a Salt Lake City high school. Nearly all raised their hands. Then the speaker added: "Now, let's see the hands of those who expect a job."

Obviously there is a difference between a position and a job. The former you accept; the latter you hunt. The one permits white collars, the other calls for sleeves rolled up. There is generally an office with one—and perhaps a rose on the typist's desk; there is work any old place with the other—and perhaps a trace of perspiration. Perhaps a position is more permanent; a job, at best, is only temporary—a stepping-stone perhaps.

But to go back to the story. Only one was interested in a job. "You come and see me after you graduate," was the banker's only comment. If there is any moral in this, no doubt it will be apparent to the tens of thousands of enthusiastic young folks who are about to finish school, and are wondering what the world has to offer.—Christian Science Monitor.

Mrs. Willis Winters and son, Jack, of Gorman spent last weekend in the home of Mr. and Mrs. George Northcutt.

GEOGRAPHIC JOKE

Panama perpetrates one of the greatest geographic jokes on those who visit it. It convincingly makes east west. For Panama city the sun rises out of the Pacific, which to most American minds is the proper place only for setting suns. And he who sails through the canal from the Atlantic to the Pacific travels not from east to west, as he naturally expects to do, but from west to east, or, more accurately, from northwest to southeast. One gets the impression, as one writer has phrased it, that "there is something crooked about this." The crookedness is found to be in the isthmus, which runs predominantly east and west, instead of north and south, and in addition makes a double curve like the letter S, so that at one place the waters of the Atlantic are actually west of those of the Pacific.—National Geographic Society Bulletin.

REPUBLICANS PLEDGE PARTY TO DRASTIC PRO ENFORCEMENT PLANK

Prohibition was made the paramount issue in the presidential campaign last week at Kansas City by the Republican board of strategy, which was guiding the convention. The Republican party is prepared to pledge itself to the most drastic dry enforcement program since the advent of the eighteenth amendment and to go to the con-

DID YOU EVER STOP TO THINK

THAT business concerns that want to increase their business should ADVERTISE. THAT concerns that are willing and ready to go after business should ADVERTISE. THAT advertising brings volume business; those who advertise know it—that is why they ADVERTISE. THAT the invitations they send the public through the advertising columns are very graciously received. ADVERTISE! THAT the public appreciates this service; they show it by buying in the concerns that ADVERTISE. THAT advertising is the road to success. ADVERTISE! THAT there is a great future for a concern that builds its business by quality, price, service and ADVERTISING. THAT when a firm advertises it means the public will know more about their business. ADVERTISE! ADVERTISING IS ALWAYS WORKING FOR BUYERS AND SELLERS. KEEP IT WORKING. ADVERTISE!

Dora—I want a pair of bloomers to wear around my gymnasium. Salesman—Yes, ma'am. And what size is your gymnasium?

A RADIO FOR EVERY FAMILY

Mr. Bonfils, through his Denver Post, tells the world that he wants every family in the United States to own a home, an automobile and a radio, because such ownership would increase tremendously the happiness and prosperity of all our people. In our judgment every family should have a home whether it lives in that home or resides elsewhere the greater part of the time. Every family should have an automobile. As a saver of time and as a factor of wealth production hardly has there been created in the life of any person now living any machine that has helped as has the auto. Of course, there are people so foolish as to misuse it, but the same can be said about practically every other good invention that the world has ever known. Not only should every home have a radio receiving set, but every school room in the land should be so equipped. A democracy is dependent upon co-operation, and the people cannot cooperate unless they are thinking about the same things. The newspapers, magazines and radio are powerful instruments of education, and every family should have all of these it can use advantageously. In education what a wonderful thing it would be to have it possible for the state superintendent of public instruction, the governor and others to be able to speak to the entire citizenship of this state at any given hour! Fort Bend County has a radio in every school and broadcasting equipment in the superintendent's office. Miss Frances Stinson went to Rotan Tuesday and is a guest of Mr. and Mrs. Rob Strayhorn.

1400 New Maytag Owners every day THE Maytag's only rival is another Maytag. The New Maytag has broken Maytag's world record for washer production. Every day 1400 new Maytag owners in every section of the country are introduced to Wash-day Happiness—happiness because of washings done in less time, about one hour; happiness because of clothes washed beautifully clean without hand-rubbing. And it is happiness that has come to stay because the Maytag is built for a lifetime of service. It is the only washer with a non-breakable, cast-aluminum tub—the tub that keeps water hot for an entire washing, then empties and cleans itself. Because of the silent, smooth-running, steel-cut gears, and the fine engineering in every part, there is a remarkable absence of vibration, and vibration is a washer's greatest enemy. Would you know washday happiness, try a Maytag. See the new soft Roller Water Remover with safety feed board and automatic tension adjustment—test and compare its many outstanding features. PHONE Without cost or obligation do your next washing with a Maytag. If it doesn't sell itself, don't keep it. Deferred Payments You'll Never Miss THE MAYTAG COMPANY, Newton, Iowa Founded 1894

DAIRY BUILDING STATE FAIR OF TEXAS

Dallas, Texas (Special) The first annual show under the auspices of the recently organized Southwestern Dairy Association will be held during the first week of the 1928 State Fair of Texas (Oct. 6 to 12), in the new dairy building shown above. Dairy products machinery and supplies used in all branches of the dairy industry will be displayed in this structure. The various breeds of dairy cattle, comprising the choicest specimens from the best known herds in America, will be housed in the large live stock buildings shown in the background on the picture.

Texas, it is said, is making great strides toward supremacy in the dairying industry and exhibitors from all over the United States will be represented at the show. The State Fair of Texas is the largest in the world and was attended last year by 1,028,317 persons.

CHRYSLER-DODGE OFFICIALS OUTLINE FUTURE POLICIES

Acquisition of Dodge Brothers, Inc., by the Chrysler Corporation, now awaiting approval of the stockholders will not affect the identity or products of either company, according to statements just released by officials of the two corporations. The products of the two manufacturers will continue without interruption. Dodge Brothers will continue to be Dodge Brothers and Chrysler will be Chrysler, says the statement, and the sales organizations will be unrelated except as they shall mutually share in the advantages of the consolidation. Their cars will continue to be produced and marketed independently.

MARVIN JONES OWNS A CROWING HEN

A three-year-old hen that crows like a rooster, owned by Marvin Jones, who resides in the southwest part of Floydada, the hen having developed the looks and ways of the male species of the bird in the past six months. The hen, until her transformation, was the regular cackling variety that scratches in the garden and lays eggs. Some six months ago this hen and another were scratching in the road, when a passing motorist killed the other hen outright and injured the hen that escaped with her life. Following the accident, the owner put the hen up for safe-keeping and soon thereafter noted that she began to make efforts to crow. Gradually, also, the fowl began to change in appearance, looking more and more like a rooster. Now the transformation in appearance has become complete, and the hen can crow along with the best rooster that wakes folk up in the morning, Mr. Jones says.

RECEIVES DECREE

Supt. Earl E. Kern of the Hermitage schools, formerly of Snyder, is receiving his B. A. degree at A. C. C. at Abilene this month.

"MAKING A GOOD NAME BETTER" VICTORY SIX SLOGAN

"Making a Good Name Better." That's the prize-winning slogan in Dodge Brothers \$20,000 contest to find the best one describing the Victory Six car. Of the 340,000 slogans sent in from every state in the union and many foreign countries, C. C. Michael of Colorado Springs, Colo., submitted the winning one by unanimous decision of the judges. Michael has been awarded \$1,000 first prize, and checks have been mailed to the entire list of 364 prize winners scattered over 44 states and Canada.

TEXAS LEADS IN THOROBBRED JERSEYS

NEW YORK, June 6.—Texas leads the country in number of thoroughbred Jersey cows, says a report submitted Wednesday at the annual meeting of the American Cattle Club.

The figures for all states show an increase in the registration of thoroughbred Jerseys of 29 per cent, with Texas heading the list at 7,282. Ohio, Tennessee, Missouri, Indiana and Mississippi follow in that order.

The silver president's cup, given annually to the owner of the Jersey cow with the best record, was awarded to R. L. Shuford of Newton, N. C. His "Red Lady" gave 1,028 pounds of butterfat in 360 days.

Four new members of the board of directors were chosen. They were J. W. Ridgeway, Fort Worth; Thomas Dempsey, Westerville, Ohio; George W. Sisson, Potsdam, N. Y., and A. H. Henderson, Ruston, La.

Best Proof of Humanity Humanity is much more shown in our conduct toward animals, where we are irresponsible except to heaven, than toward our fellow creatures, where we are restrained by the laws of public opinion and by fear of retaliation.—Paul Chatfield.

BELL CHALLENGES JONES TO DEBATE

The congressional race in the 18th district is warming up. Judge J. Ross Bell of Cottle County and Congressman Marvin Jones are the candidates. Both men are now speaking over the district. Judge Bell recently sent the following telegram:

"Hon. Marvin Jones, Amarillo, Texas. 'I understand that in your speeches you take issue with me on your salary raise and other questions. I challenge you to meet me in joint debate in every county of the district that the people may know the truth about this issue and others. Wire me your answer at once that we may arrange places and dates.'"

"J. ROSS BELL." Both men are able speakers, and since the challenge provides for a debate in each of the 53 counties of the district, it is anticipated a real fight will develop, and the supporters of both men are looking for further developments.

Jones Replies to Challenge. Amarillo, Texas, June 13, 1928

Hon. J. Ross Bell, Paducah, Texas. Dear Sir:

Your telegram received. There is no issue on the salary raise. Your suggestion that I voted for it is all wrong. I not only voted against it but gave my reasons for so voting. The Dallas News representative who saw me rise and vote against it, published the following in the Dallas News of February 21, 1925, page 3, column 5:

"The following members of the Texas delegation stood and were counted among the ninety-three who opposed the adoption of the salary provision: Black, Box, Briggs, Connally, Garrett, Sanders, Lanham, Jones, Blanton, Mansfield and Buchanan."

As to meeting you in joint debate, you have been campaigning for months while I have been at my post of duty. I have seven weeks in which to cover the fifty-three counties of this district. Manifestly, I haven't time to listen to you speak.

In the limited time at my disposal I intend to make my report directly to the people and strictly in accord with the facts.

Sincerely yours, (Signed) MARVIN JONES.

Outdoor Salad or Dessert Peel and dice 12 apples, 12 oranges, 12 bananas and 3 fresh pineapples. Add about one and one-half pounds of sugar, the juice of 6 lemons and a can of large white cherries with juice. Mix thoroughly and serve on lettuce as a salad, in a fruit cup or as an appetizer, or as a dessert. An excellent dish for picnic or automobile party. Will take care of from 30 to 40 people, according to liberality in serving. A favorite with boy scouts and fruit lovers in general.

Mr. and Mrs. Joe Caton were guests Sunday of Mr. and Mrs. Jesse Eoff who are in a sanitarium in Sweetwater.

NEW POSTAGE RATES EFFECTIVE JULY 1

Congress has passed and President Coolidge has signed a new postage bill. It is a compromise between the Geist bill of the house and the Moses bill of the senate, the compromise being on newspaper postage rates. The new rates become effective July 1. The flat rate of 1 1/2 cents per pound on reading matters remains as it has been, but the rates on the advertising portion of the paper will, after July 1, be as follows:

Table with 2 columns: Zones, Rates. 1 and 2 - 1 1/2 cents per pound, 3 - 2 cents per pound, 4 - 3 cents per pound, 5 - 4 cents per pound, 6 - 5 cents per pound, 7 - 6 cents per pound, 8 - 7 cents per pound.

On the third-class mail the general effect of the bill will be to restore on practically all third-class mail the old rate of one cent for each two ounces, instead of the present one and one-half cents.

The passage of the bill means a reduction in postage costs to the metropolitan daily newspapers and periodicals of more than \$8,000,000 a year, and to those doing business by mail, especially the mail order concerns, a reduction in postage costs of more than \$10,000,000 a year. To the general public it means an increase in deficit in the Post Office Department to be made up from the general revenues of the government.

Outdoor Ham and Cabbage

Dig a trench about 18 inches deep, four feet long and 18 inches wide for your fire. Build fire and allow to burn until there is a good bed of live coals before putting dish on to cook. Into a copper bottomed wash boiler place two 8-pound hams. Cover with water and place boiler across trench to boil. Boil until ham is done, then lift ham and set aside. Quarter about nine or ten small cabbage, add three or four onions minced, and proper seasoning, and boil. When cabbage is almost done, place ham with it again and heat through. Serve while piping hot. An excellent main dish for an outdoor meal for thirty or thirty-five people.

FARM BUREAU DISTRICT MEETING TO BE HELD AT COLORADO JUNE 23

The district meeting of the Texas Farm Bureau will be held at Colorado Saturday afternoon, June 23, in the district court room with members invited from Scurry, Mitchell, Nolan and Fisher Counties.

Honors are to be given to E. M. Baldwin, retiring state director, and Harry Williams, secretary-general manager of the association, will give the principal address.

All members are urged to be in Colorado next Saturday afternoon, and according to W. W. Porter, a good, enjoyable meeting is guaranteed to all.

PATRICK ELECTED SUPERINTENDENT AT FLUVANNA

W. S. Patrick, who has been the efficient vocational agricultural teacher in the Snyder High School, has been elected superintendent of the Fluvanna school. "Pat," as his many friends know him, will be greatly missed by his many friends here, but a step up in promotion is always agreeable, and his many friends will congratulate him on the change.

Watt Scott tells us that Tom Huffman had his first experience with red nettles last week in East Texas and was calling them red ants until they got in what little hair he has left, and then the fun started. Watt says he figures on taking Tom outside the county now and then so he can get acquainted with the various dangers that one meets up with in any journey.

Home-Made Cake Flour

To use ordinary flour in a cake recipe, from each cup of sifted flour remove 2 tablespoons of flour and replace with 2 tablespoons of cornstarch; sift twice.

Measure of Greatness

DR. S. P. Brooks, president of Baylor University, is a big man with big ideals and a vision almost without restriction. In a chamber of commerce talk at Waco recently he said: "Our city will not be bigger and better unless we want it to be. It is bunk to expect others to invest in our city unless we have confidence enough to do the same."

That fits Waco, and it fits every place in Texas. It also fits every man and woman in the state. No place need expect to be bigger and better than it wants to be. No person need expect to be bigger and better than he wants to be. It is not enough, either, merely to have a willingness to improve; the desire for growth must be intense — of the kind that brought Dr. Brooks from the position of a railroad section hand to the presidency of one of the greatest educational institutions in the South, from an unknown laborer to a leadership among leaders.

It is bunk to expect others to invest in us unless we invest and invest heavily in ourselves.

Gonzales County Park THE Gonzales Inquirer says that there is no more beautiful spot anywhere in Texas than the County Park, "a pretty retreat nestling on the banks of the San Marcos," and that numbers of tourists from other states are stopping there these days, all of them enthusiastic in their praise of the beautiful park. The tourists travel for the season is already under way, and if a place wishes to have any considerable part of that travel, the "beauty spots" must be cleaned up and put in shape to induce tourists to tarry awhile.

Why does gasoline cost 22 cents in Snyder?

The prosperity of Scurry County is attested by the federal census of 1920 which places a ratio of indebtedness to values as the seventh lowest in the United States. Snyder has seven miles of municipal water lines and an equal total of sewer lines. The city needs a great deal more of water and sewer lines right away.

"Mother, wouldn't it be nice if you had the toothache instead of sister?" "Why do you think it would be nice?" "Because you can take your teeth out and sister can't." Tell the average man or woman they have a smudge on their nose and they will thank you. Tell either there is a smudge in his or her table manners or conduct and they will want to fight. Why!

Under Scurry County top-soil may be found immense deposits of brick and tile clay, kaolin, gypsum, cement clay, building sand and gravel. All are close to transportation lanes.

Advertisement for DUNLOP tires. Features large text: '160,000 ACRES OF COTTON'. Text includes: 'WHAT OF IT?... Supposing Dunlop does require all the cotton from 160,000 acres. What does that mean to my pocketbook?' 'Just this. Dunlop has grown great because Dunlops save money. Over 26,000,000 Dunlops are now in use—each one saving money for its owner. Last year, Dunlop required the cotton from 160,000 acres, and all of this cotton was spun into cable-twist cord at Dunlop's own cotton mills. Dunlops are better tires—with greater safety, greater tread mileage, and greater carcass strength. Otherwise they couldn't have justified their slightly higher initial cost. "DUNLOP CITY" Throughout the world, the productive Dunlop Properties cover so vast an area that—if combined into one place—they would form a "Dunlop City" of over 100,000 acres. Dunlop Tires and Tubes Are Recommended and Sold by Greasing & Washing Telephone 338 Snyder, DALPASO SERVICE STATION West Bridge St., Texas M. C. CARROLL'

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Weather and Crops

We have been having some good old summer weather lately, and with an unusually strong wind for the season this has been hard on the young crop just getting started. It could be worse, however—in fact it is and has been a lot worse in many places. Our crops have not been blown or haled out; neither have they been washed out. At the same time, according to reports, the three forms of disaster have recently occurred in many places. In some localities hail has wrought havoc, in other places thousands of acres of cotton have been destroyed by the blowing sand, and in still other places crops have been seriously damaged or completely ruined by extremely heavy rains and flood conditions. We sympathize with the toiling farmers who have met with these disasters; at the same time we rejoice with our farmers because they have thus far escaped. The disastrous tornado which destroyed Blair and Frederick, Oklahoma, last Saturday evening, was uncomfortably close to us. While 125 miles away, we were in line with it and had a low barometer at that time. On last Friday night there was a severe hail storm out at the new oil well. The new rubber roofing was beaten off the camp houses recently erected there. At the same time a considerable section of country lying just west of Fluvanna had a fine rain. Last year that section was extremely dry. This year that area is getting fine rains.

Church Services

Regular services were held at three of our churches last Sunday. According to announcement in last issue, the presiding elder was present, held quarterly conference on Saturday and preached several times for the Methodists. A splendid dinner was served at the church on Saturday. Surely it was good to be there.

Rev. Massey failed to get for his Saturday night appointment, but was here for the usual Sunday services and a good day is reported.

The new Christian Church edifice, in course of construction, was near enough completion for use last Sunday. Accordingly, Rev. E. Christian of Lubbock came on invitation and preached the first sermon in that commodious and comfortable building. The sermon was a good one and well worth any person's time and effort to hear. The congregation is certainly to be congratulated on its achievement thus far. When the building is completed it will be second to none in the town.

Regular services will be held at the Presbyterian and First Baptist Churches next Sunday. Let all the people attend church.

Miscellaneous Notes

John Brown bought three cars of stock sheep last week off the Edgar Hicks ranch southwest of Fluvanna and shipped same to his ranch near Trescott, Texas.

All the teachers for our school have been employed except the principal, Prof. W. S. Patrick of Snyder has been secured in the capacity of superintendent. The other teachers are as follows: Messrs Houston, Hardy, Eley and Spikes. Of these Miss Spikes is the only new one. The other three are already well and favorably known to our people. At the same time Miss Spikes is not a stranger. Judge A. S. Mauzey of Sweetwater, candidate for the office of district judge, delivered the op-

POLITICAL ANNOUNCEMENTS

The Times-Signal is authorized to announce the following persons as candidates for the respective offices, subject to the action of the Democratic Primary July 28:

- For Associate Justice, 11th Court of Civil Appeals, Eastland: BURETTE W. PATTERSON. For Representative 118th Dist.: W. R. JOHNSON. J. W. McGAHA. For District Judge: FRITZ R. SMITH. A. S. MAUZEY. THOS. J. COFFEE. For District Attorney: GEORGE H. MAHON. For County Judge: C. P. SENTELL. J. A. MERRITT. A. RHOADES. HORACE HOLLEY. For Sheriff and Tax Collector: FRANK BROWNFIELD. J. J. "JIM" REYNOLDS. A. A. (EDD) KARNES. For County Clerk: MRS. MABEL Y. GERMAN. For County Attorney: WARREN DODSON. For County Treasurer: MRS. EDNA B. TINKER. For County Tax Assessor: STERLIN A. TAYLOR. J. R. WEBB. W. C. DEVER. DOCK LITTLETON. E. F. PARKER. Public weigher, Pre. No. 2: J. W. CLAWSON. For Public Weigher Precinct 4: T. J. HODNETT. For Justice of the Peace, Pre. 1: DAVE NATION.

ening speech of his campaign in Fluvanna last Saturday afternoon. The speech was not lengthy but to the point and well received.

Mrs. H. C. Flournoy has been in the Lubbock Sanitarium for several days where she is receiving special treatment for her affliction. She is said to be improving nicely and is expected home early this week.

Dr. Dargitz, an elderly citizen, has been quite ill for some time.

J. A. Martin is suffering from bruises received the other day when a cow fell out a truck on him. Fortunately J. A. was about as big as the cow and was able to hold his own fairly well. If V. P. had been in his place, there probably would not have been much left of him.

Now, Mr. Editor, why did we not celebrate—shut shop and take a day off the first of this month? Did you ask why? Well, because at that time this correspondent completed three years of service with your good paper, during which time our column has only failed to appear about three times, due to absence from home. We have stayed on the job even though the service has been very imperfect. Somehow, perfection has always lain in a realm just beyond our reach. Anyway, we have done what we could to interest our people in the reading of the paper, to keep Fluvanna on the map, to encourage a higher standard of morals and good works and to help make the paper a success. As there is no salary for this job (and we have done had our part of the fun out of it), we shall be glad to resign on the very day that someone else is found who can and will agree to do it better. Who'll be the next?

NOTE: The Times-Signal is not unmindful of the ever faithful and efficient service rendered the paper by its good friend James H. Tate, the Village Preacher, who, by the way, is none the less a success as the Village Scribe of the thriving little city of Fluvanna. Brother Tate, we would have you and our readers know that we truly appreciate the faithful service rendered this paper, and we know that the large number of subscribers in the Fluvanna section will agree with us when we say that yours has been one of the most interesting, helpful and inspiring columns it has ever been our privilege to publish. You have adequately represented this paper in your community by receiving subscriptions and printing orders, as well as helping us preach to the world those worthwhile things of life, and we trust that it shall be our pleasure to continue working with you for many years to come. We thank you!—The Editors.

Visits and Trips R. P. Daniel left the first of this week for Hot Springs, N. M., for the purpose of bringing his wife's parents back with him. The old people will probably live with Mr. and Mrs. Daniel indefinitely. Mrs. Will Clawson and daughter, Rose Marie, departed Mon-

SHOULD SUNDAY AUTO-MOBILING INTERFERE WITH WORSHIP OF GOD?

The automobile has become an alibi. Folks use it as an excuse for not attending church.

Intense desire for fresh air, country scenery or a surf bath creates a tremendous lure.

So the family, in many instances omit God from the Sunday schedule.

This is another illustration of making a useful convenience a harmful influence.

And there is no need to omit worship of God, even with the Sunday trip.

On nearly every highway may be found a church or chapel. Their doors are open for all who will enter in.

And it is God who is worshipped there as in the home church.

The eager Sunday automobilist who meets with accident calls up on God.

The recreational needs of the day are lost sight of in the help God may give.

The coming of summer sends

WORLD'S WORST PAPER HANGER

The world's worst paper hanger has turned up in Iowa. His

latest activities are reported in a letter from an Iowa farm woman to the editor of Farm and Fireside, national farm magazine. She writes:

"I hired this fellow the other day to paper my farm parlor. He was an itinerant workman, but he assured me that he knew his business. I put him to work and had to be away most of the day on various affairs.

"When I looked over the job in the evening, I noticed some peculiar bumps on the wall, and I asked the paper hanger for the reason. He scratched his head and replied: 'I knew that I had forgotten something. They must be the doggone pictures!'"

W. W. Lechner left Friday on a business trip to Dallas.

Increased numbers forth on Sunday automobile trips.

Every preparation possible is made except an hour of worship and communion with God.

Why not study the road map so as to pull-in beside some church at the hour of worship?

Why not receive the same spiritual help to meet needs which winter worship satisfied?

The automobile has become one of man's most useful helpers. Let us not make it be said that it drives men and women away from God!

—Ralph Welles Keeler.

A Very Urgent Invitation to the People of Snyder and Trade Territory to Attend the Classes in

DUCO DECORATION

WHICH WE WILL HOLD IN OUR STORE ON

Saturday, June 23

You will want to join the interesting and profitable classes in Duco decoration which we will hold in our store. An experienced decorator will conduct these classes and will gladly help you solve your decorating problems. There is color everywhere in the home today. Sombre tones are giving way to bright, cheerful colors. The old-fashioned garden has transferred its delicate colors into the living room. Soft blues and greens for tables and chairs, warm reds and yellows for desks and dressers. Even the kitchen, mother's own workshop, has blossomed forth in color. It's so easy to use Duco—even without any painting experience you can be certain that the finished result will live up to your expectations. Duco dries so quickly that an article finished in the afternoon is ready for use the same evening, and the deep, rich Duco surface will remain bright and lustrous for many seasons to come.

INSTRUCTION IS FREE TO ALL WHO ATTEND!

In the decoration classes many new and novel finishes will be demonstrated and taught. Learn the art of stippling, of stenciling, of antiquing; let the decorator show you how to obtain the beautiful tiffany and two-tone effects. Bring in some small article from home and finish it in Duco yourself, under the guid-

ance of the decorator. The only charge will be for whatever materials you may use.

This practical demonstration will enable you to transform scores of articles you now have in your home—which you may think are worthless—into objects of beauty and practical use.

### "Asleep on a Mine of Gold"

A very prominent agriculturist made the above remark when visiting one of the cotton growing sections of the South.

Twenty-odd years ago Wisconsin was a state largely of worn-out farms, made so by a system of one-crop wheat farming. Then they took up the dairy farming habit, and today Wisconsin farms are more fertile than they were when the state was first put in cultivation.

In Wisconsin dairy cattle have to be kept in shelter more than one half of the time. They have a short growing season, and if they can make money dairying, what ought this country to do when it can have green pasture practically the year round?

If this community had and was properly caring for 3500 additional good milch cows the revenue therefrom would be equivalent to—

3,500 BALES OF COTTON AT 20 CENTS PER POUND

—and a proportionate amount of brood sows and poultry would be equivalent to—

4,000 BALES OF COTTON AT 20 CENTS PER POUND

Why do we hesitate to push a program? All of us admit that it is the thing to do, but we are not awake yet. One man said a few days ago that there was not room in this community for so many cows. We reminded him that there was about 400 square miles in the community (going out 10 miles each way from Snyder would make that much area.)

This generation may not, but a succeeding generation will start fencing Scurry County farms, and then will be the dawn of a new day.

WE ARE HERE TO SERVE YOU IN A REASONABLE WAY.

## THE FIRST NATIONAL BANK

SNYDER, TEXAS

"The Bank Where You Feel at Home."

We're On The Dal-Paso Cavern Highway

### "GO, BRING THY LEDGER"

A contributor to the "British Weekly" recalls a sermon that was preached more than thirty years ago by the late Dr. J. H. Jowett: "The subject was Christ's interview with the Samaritan woman, and the preacher had just stated that the command 'Go, bring thy husband,' had revealed to the woman, as by a flash of light, her past evil life. Then, leaning over the pulpit desk and with pointing finger, Dr. Jowett, in solemn tone, said, 'Christ may not say to you, 'Go bring thy husband,' but 'Go, bring thy ledger.' I was conscious that a startled shiver swept through the crowded congregation, largely composed of business men."

### THE MOON AND CROPS

There's one thing we've heard a lot of argument about, yet one thing no one has been able to explain to our satisfaction, and that is what effect, if any, the moon really has on farm crops and garden vegetables. A lot of successful gardeners would no more plant cucumbers or peas when the "signs" are wrong than they'd chase a polecat in their Sunday suit. Yet agricultural college experts argue it is all bunk or superstition. They say the moon doesn't affect plant life.

### BEWARE OF OVER-CONFIDENCE

Ever study "bagology?" No? Well, it's worth studying, for it gives you tips like this: If anyone working for you gets a "sweated head," just call him in and tell him this story. It concerns a chap who conceived the idea of becoming a tight rope walker. He practiced. He stretched a wire on the ground and equipped with a balancing pole attempted to walk the wire.

### "Funerals" are being held every day for men who throw away their balancing poles too soon.

Confidence is an asset, but over-confidence is a liability. A WISH Oh, that I might kinder be To every one I know, And never say an unkind thing Of neighbor, friend or foe. Oh, that I might truer be To ones I hold most dear, And nothing but their goodness see, And help their loads to bear.

### WILLIS URGES CULLING

County Agent C. C. Willis says that June is the best time for poultrymen to cull their flocks, as many of the birds will start loafing now, and there is no use in feeding them all summer. Many poultrymen over the state are using the new four hand system of culling, which is the next thing to trap-nesting.

### ESSAY ON NEWSPAPER MEN

I don't know how newspapers got into the world, and I don't think God does, for He ain't got no record of it in the Bible. I think the editor is the Missing

Link we have read of, and stayed in the bushes during the flood and then came out and wrote the thing up, and has been kept here ever since. If the editor makes mistakes, folks say he ought to be hung, but if the doctor makes mistakes, he buries them because they can't read or write Latin. When the editor makes a mistake there is a big law-suit and swearing, but if the doctor makes one there is a big funeral, cut flowers and perfect silence.

### NOW AT ALBANY

N. S. Crenshaw of Snyder has accepted a situation with the Rex-all Store as prescription clerk. Mr. Crenshaw comes highly recommended as an expert behind the prescription desk, and a fine gentleman. He brings Mrs. Crenshaw with him, and they will be sure enough bona fide citizens of this commonwealth. We extend the glad hand to this new couple, with the wish that they will fall in love with Albany, one of the biggest little towns, and the best one on earth, none excepted.—Albany News.

### DUNN DOINGS

The week's sand storm caused some damage to growing crops, but not serious to any large acreage. Mrs. J. W. Ivey has been seriously ill since the second Sunday and was taken to the sanitarium at Stamford Tuesday of

this week. We hope she will soon be well again. Fred Farrar and Miss Ola Mae Luiseum were quietly married Saturday morning, Rev. J. E. Mc-Dermott performing the ceremony. J. S. Gentry of Colorado and Miss Lorena Johnston of Dunn community hied away to Sweet-water Saturday evening and were married by Rev. Whaley. We wish a long, happy and prosperous life for all these fine young people.

### B. Y. P. U. was well attended,

after which a large crowd assembled at the home of John Brown where they had singing. The Methodist pastor being away attending summer school, Rev. Mr. Russell, formerly of Shelby County, occupied the pulpit Sunday morning, but had no preaching Sunday night.

Rev. D. R. Todd filled his regular appointment at Big Sulphur school house at the 11 o'clock hour Sunday.

Miss Alta Bowers is the new secretary of our mid-week prayer meeting. Interest still holds up; had 79 present on last Wednesday evening.

Bill Taylor had his Buick worked over this week, but he didn't say why. We are suspicious that vacation trips are in the program.

Mrs. J. P. Billingsley is visiting relatives near Albany this week. Omer Ross wrecked his Oldsmobile sedan down near De Leon last week and is sending it to the factory branch at Dallas for rebuilding. It was a severe jolt for him and his sister-in-law, who was accompanying him home from Waco, when the car swung into the end of a concrete culvert, but they were lucky in that neither was injured. JIM PEACH.

The yearly rainfall for Scurry County averages 24 inches. The elevation of Snyder is 2405 feet. Mrs. Pete Bridgeman was a visitor in Lubbock Sunday.

## Buy the only fine car that has been proved by Two Million Owners...

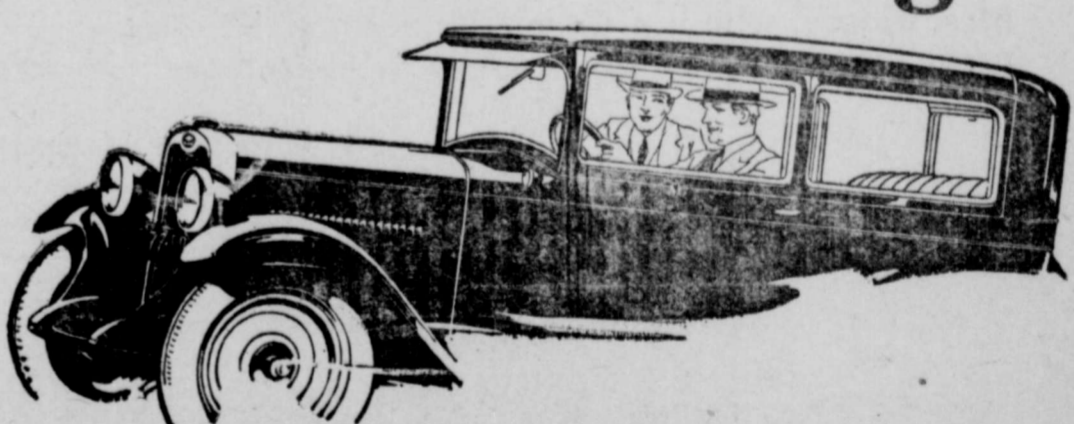

You will search in vain for a longer or more brilliant record of service than Buick's. Two million Buicks have proved Buick value on the road. More than a million and a half, still in service, attest Buick stamina. Every Buick has—"regular equipment,"—power in excess of any need, beauty and luxury beyond compare—and a degree of dependability which has long been traditional. You're sure of real value when you buy the car that two million owners have proved.

All Buick models have Lovejoy Hydraulic Shock Absorbers, front and rear, as standard equipment. SEDANS \$1195 to \$1595 SPORT MODELS \$1195 to \$1525

YOUR CITY HAS A SOUL

Your city is not an inanimate pile of brick and stone—it is a living, breathing thing.

Snyder is but the reflection of the minds and souls of the individuals composing it, and of necessity has the personality of the different types and temperaments of these people.

This being true, Snyder must be controlled by that immutable law of nature which says that for any living thing to endure, it must grow, multiply and expand—or the species perishes.

Our struggle for an increase in population and expansion in commerce and industry is not for the mere pride of seeing how many people can be assembled in a given spot, nor how great an amount of wealth can be amassed in one place.

Surely, then, the one organization in your community which devotes its entire time and energy to this end and purpose has justified its existence to a point where it is not longer a debatable question.

the other animals in many ways—in strength, in sureness of instinct, oftentimes in good sense. Other animals do not do violence to their instincts. Man at his worst does. But man has something that makes him totally different. He has aspiration. Where did he get that? This is important.—Grove Patterson, in the Mobile Register.

ONE-CROP FARMER

"Cotton is my shepherd and I am in want. It maketh me to lie down without supper; it leadeth me beside mortgage windows; it restoreth my doubt in one-crop farming; it leadeth my children from the paths of education for the crop's sake. Yea, though I walk through the valley of starvation, I will fear no evil, for the crop will feed me; the pig and the hen they comfort me. Thou preparest a reduction in my income before me in the presence of my creditors, thou anointest my household with debts, my expenses runneth over my proceeds with the cow, pig and hen; misery and poverty will follow me all the days of my life, and I will live on a mortgaged or rented farm forever."—Farm Bureau News.

NOVEL WAY OF TAKING CASTOR OIL

No, this newspaper is not reverting back to patent medicine pamphlets, nor do members of its staff consider themselves authorities or well versed in any channel of ancient or modern therapy.

Furthermore, we realize that this method of giving castor oil may be known to every other human being, but just to be on the safe side, we'd rather print this simple formula of an age-old problem. It was sent in by a harassed young mother who said that when any of her progeny needed medicine of any kind, she felt like calling out the fire department and naval reserves. But here is the recipe for Good Castor Oil.

Good Castor Oil

Squeeze one half orange in small glass, add one tablespoonful of castor oil, one-fourth teaspoonful of soda and stir briskly. Drink immediately.

An Old Choate Story

Nearly everybody is familiar with the reply attributed to Mr. Choate of the sudden question: "If not yourself whom would you wish to be?" His instantaneous answer was: "My wife's second husband." I have always understood that Mrs. Choate was within earshot at the time this question was put and answered.—Sir James Agg-Gardner, in "Recollections."

COMMIT TO MEMORY

What is the "Spirit of West Texas"? Some fellow asked that question, and Wm. A. Wilson, secretary of the Chamber of Commerce of Lamena, has undertaken to answer it. Here is his definition: "The Spirit of West Texas is that generous, courteous, congenial, considerate, forbearing, forgiving, pleasant, happy, gracious,

graceful, magnanimous, progressive, ambitious, peppy, healthy, vigorous, helpful, patriotic, religious, independent, interdependent, square dealing, man to man, brotherly keeping, what you are today, friendly and neighborly attitude and action generally and originally assumed and possessed by the one hundred per cent Anglo Saxon, red-blooded West Texas people living in West Texas."

Honor Paid to Mule

Trustees of Berea College, Berea, Ky., have authorized the erection of a bronze tablet on a spring house nearby in honor of Rube Baker, a stalwart mountaineer, and "Jenny," his mule. The memorial celebrates the fiftieth anniversary of the completion of a roadside drinking fountain which has proved a source of pleasure and help to thousands of travelers.

Finding a Link

Since the name of George Rogers Clark, conqueror of the old Northwest, has sprung into prominence there are many who claim some distinction because of ownership of a thing Clark once owned, or touched, or because an ancestor fought with Clark, or because Clark camped one night near an ancestor's home. But the strangest, and not at all unusual of all claims, so the Clark memorial commission says, is that of a number of persons who insist they were descendants of George Rogers Clark, when Clark lived and died a bachelor.

Writes to Beethoven

A letter addressed to the composer Beethoven was received in Vienna the other day from a woman in the provinces. She wrote she had recently heard some of his music and was anxious to place her daughter under his tuition. The postal authorities delivered the letter to the house in which Beethoven lived and where he died 92 years ago. The concierge said no such man resided there, so the postman sent it to the dead letter office.

UP-TO-DATE MARY

Mary has a little lamb. Like she had long years ago. But she has a pair of calves. That she delights to show.

They go with her to school each day. As faithful calves should do. Where Mary draws a teacher's pay. For imparting knowledge true.

Ye pedagogues of other days Would deem her calves too shocking. Bu tMary says it always pays To buy a high-priced stocking.

And Mary wears expensive gowns, That are very light and airy, Not so showy for their cost, But they show a lot of Mary. —Royal Arcanum Bulletin.

Dead Notes

When Geraldine Farrar was a little girl in Medford, Mass., and

first began to show her musical talent, she drove the neighbors frantic with her budding vocal efforts.

"Do you really have to do that?" a little boy in the neighborhood asked her one day.

"Of course I do," declared Jerry. "Beautiful music" always seems to haunt me!" "That's because you murder it first!" decided the wag, and the future grand opera star crossed his name off her party list.

Thinks Ships Lessen Rain

To explain the 1 per cent de-

crease in the world's rainfall noted by weather records of the last 50 years, a meteorologist from India puts forth the theory that modern methods of transportation are responsible. He suggests that the lack of rain may be due to an oil film, less than a millth of an inch thick, spread on the surface of the seas by ships that burn oil for fuel, thus preventing the evaporation of ocean water that is the chief source of rain.

Lead models of dogs have been found by an expedition of the Uni-

versity of Pennsylvania in Palestine, says Popular Mechanics Magazine. The figures are believed to be at least 3,300 years old, and show that dogs then closely resembled some of the modern species.

Scurry County has 6,124 Jersey cows and three registered bull circles.

Scurry County originated the "Cow, Sow and Hen" slogan, and E. J. Anderson was responsible for the suggestion.

Reliable Prescription Druggists Disinfectants and Insecticides

Modern science has provided ways and means of shutting out germ life from your home. Special preparations are for sale to do this work; there are old familiar safeguards which should be used at frequent intervals. These ounces of prevention are worth many pounds of cure. If you are not familiar with what to use and how to use it, we will assist you. Health demands disinfectants and a vermin-free house.

Stinson Drug Co. No. 2

VIOLIN STUDIO

Now located in home of Mrs. H. V. Williams two blocks east of high school. Two private lessons a week. Prospective students invited to call at studio or phone 413.

# SOCIETY

## MISS LUCILLE EOFF ENTERTAINS

Several girls met at the home of Miss Lucille Eoff Monday afternoon for the purpose of organizing a bridge club. It was decided that they would meet every second Thursday at the different homes of the club members. The next meeting will be at the home of Miss Pauline Boren. After all details of the club were arranged, the girls went to Doak's swimming pool where they enjoyed a swim.

Those present at this affair were Misses Elinor German, Nona Carr, Lura Bee West, Ruby Bell and Pauline Boren, Wainita Darby, Lucille and Christine Eoff, Maurice McClinton and Dorris Pope Elza.

## MRS. H. G. TOWLE HOSTESS TO ALTRURIANS

The Altrurian Club members held their regular semi-monthly meeting at the home of Mrs. H. G. Towle, president of the club. Mrs. J. C. Stinson, vice president, presided. Yearly reports of all outstanding committees were read showing progress in all lines of work during the year.

Mrs. H. P. Brown called the roll which was answered with outstanding characters of the Bible. Mrs. C. J. Yoder and Joe Caton read the papers on the Bible, which were very instructive and much enjoyed. After the program Mrs. Towle gave the report of her visit to San Antonio as a delegate to the Biennial. The hostess served refreshments to club members and Mrs. Hagan and Mrs. J. H. Keith of Walnut Springs, guests. This was their last regular meeting until next September.

## PICNIC AT WOLF PARK

The members of the Methodist Missionary Society and their families enjoyed a picnic at Wolf Park Monday evening. Many outdoor sports were indulged in, after which a delightful picnic lunch consisting of chicken, stuffed eggs, salads, potato chips, tea, cake and pie were thoroughly enjoyed by those present.

## JUNIOR C. E.

Presbyterian Church June 24, 7 p. m.  
Subject, Juniors World Friendship and Missions. Leader, Laura Banks.  
Song service.  
Prayer by Sam Werner Wilborn.  
Scripture, Psalm 29: 1-4, by leader.  
Christ for the World, John Covey Jr.  
Offering presented.  
Altar Circle of Prayer.  
Missionary Story by Irene Wolcott.  
"Ted's Way," a reading, by Jack Reynolds.  
Reading of minutes and other business. Bible study questions. Closing prayer by Mrs. Abercrombie.

## UNION HAPPY HAMMER CLUB MEETS

The Union Happy Hammer Club met June 8 at the Methodist Church. This was magazine day, and a very good attendance with two new members was recorded. The ladies who joined were Mesdames Ed Wilson and Ora Brock.

The Happy Hammers met again on June 15 at the home of Mrs. J. L. Carrell. This was spring garden day, and to the roll call each lady present answered by naming the different varieties of vegetables planted in her garden. Mrs. Joe Wilson discussed the control of insects most destructive to the garden plants and vegetables.

Mrs. Carrell gave a demonstration on pruning and staking vegetables. The routine of business was attended to and one new member received.

Mrs. Lora Wren of Iaton, who was the first president of the Happy Hammer Club, was present, and all were delighted to have her as a visitor.

At the close of the business session Miss Mary Belle Carrell

## MISS ILA MARTIN HONORED THURSDAY NIGHT

The farm women of the Union community are beginning to recognize the good that the home demonstration work is doing in the county and are joining in to help the good work on. Every member is requested to be present at the regular meeting to be held at the Methodist Church July 6. Miss Jessie Lee Davis will be present on that date. A social meeting will be held and plans for the short course will be discussed. Refreshments will be served.

## MISS ALMA NELL MORRIS AND DAVIDA CURRY ENTERTAINED WITH A CHICKEN FRY AT THOMPSON'S DAM LAST THURSDAY EVENING IN HONOR OF THEIR HOUSE GUEST, MISS ILA MARTIN OF DALLAS.

At 7:30 the happy crowd gathered at the home of Miss Curry where cars were waiting to take them to the chosen picnic spot at Thompson's Dam. The refreshments consisted of fried chicken, potato chips, rolls, pickles, ice tea and pie. Those enjoying this delightful outing were Messrs. and Mrs. Tom Gates, Amos Joyce, R. P. Jones, and Misses Ila Martin, Davida Curry, Alma Nell Morris, Lucille Carpenter and Messrs. Nibs Warren, Paul Lawlis, W. H. Ritzenthaler and Joe Drake.

## MRS. CATON'S CLASS ENJOYS SUNRISE BREAKFAST

Mrs. Joe Caton's Sunday school class enjoyed to the fullest extent a sunrise breakfast on last Thursday morning. A very appetizing breakfast which consisted of toast, eggs, bacon, hot coffee and fruit, was enjoyed thoroughly by Misses Gwendolyn Chambers, Dixie Ruth Smith, Mary Lynn Nation, Dorothy Strayhorn, Martha Gray, Mary Lawlis, Dorette Beggs, Lura Bee West and Mrs. Caton.

## MISSIONARY SOCIETY

The Baptist Women's Missionary Society met June 18 at the church. Following is the program rendered:  
Song, "Make Me a Channel of Blessing."  
Prayer, Mrs. R. D. English.  
Scripture reading, Mrs. Henry.  
Prayer for the Lord's Help in our Study of Africa.  
Sailing for Nigeria, Mrs. Howell Harpole.  
Y. W. A. work, Violet Dean.  
Girls' School in Africa, Mrs. Newton.  
Prayer that the W. M. U. work may be done efficiently in Africa.  
Song, "The Morning Light is Breaking."  
Missionary offering.

## A. N. HAMRICK TAKES CLASS ON PICNIC

The Sunday school class of junior boys of the First Christian Church enjoyed an outing last Tuesday night at Thompson's Dam, accompanied by A. N. Hamrick. They enjoyed a swim in the "ole swimmin' hole," then built a fire and prepared their supper. After a hearty meal they spread their blankets on the grass for a good night's sleep in the cool breeze. Arising at daybreak, they enjoyed a good breakfast and returned to town.  
"There was not a cross word spoken among the boys," Mr.

Hamrick said. "Not one profane or indecent word was heard. They were real gentlemen. We hear a great deal of criticism of the coming generation, the same that has been said of all the generations before; that they are going to the dogs, moral degeneration, inability to carry on the world's business, corrupt government and our country headed for the rocks, but I want to say that with the fine cultured and noble boyhood and girlhood of the present time, I am willing to place more faith in the future generations that I could have in any generation of the past."

## MISS NONA CARR HOSTESS TO PICNICERS

Miss Nona Carr was hostess to a jolly group of young folks on an enjoyable picnic outing on Dunn Creek Thursday night of last week. Arriving at the appointed place about dark, the young folks enjoyed a delicious picnic lunch, followed by two or three hours of exploration, conversation and song.

Those attending the delightful outing were Misses Maxine Whitmore, Elinor German, Nona Carr, Juanita Whitmore, Ima Lee Thomas and Genoa Cole, and Messrs. O. D. Cutler, Jess Sellers, Truett Carr, Joe Woodfin, Tom Carr and Dean Cochran.

## MISS EVELYN IRWIN AND EARL HICKS MARRY

The wedding ceremony which united in marriage Miss Evelyn Irwin and Howard Earl Hicks was performed by Rev. J. F. Lawlis, pastor of the Methodist Church, Sunday morning at the home of the bride's parents, Mr. and Mrs. T. E. Erwin. The happy couple left immediately following the ceremony for Santa Fe, N. M. After their return they will be at home in East Snyder.

The bride is sweet and lovable and has endeared herself to all who know her because of her charming traits of character. She is a graduate of Snyder High School. The groom is also held in high esteem by all who know him. Mr. Hicks is one of Snyder's most promising young business men. The many friends of the couple extend sincerest good wishes for a full measure of happiness and prosperity.

## BUSINESS WOMEN ENJOY SUNRISE BREAKFAST

The Business Women's Club members enjoyed a sunrise breakfast at Wolf Park Tuesday morning with Mrs. Mabel Y. German, Mrs. Billy Frank and Miss Martha Gray as hostesses. A short business session was held when civic, education and financial committees were appointed. Reports of other Texas Business Women's Clubs were read by the president, with a motion as to consideration of federating with the State Business Women's Club. All club members, please remember the hostesses for the next meeting are Meses. Sam Hamlett, Gray and C. P. Howell.

Mr. and Mrs. C. O. Smith and family, Misses Georgia and Warren and C. A. Jr. and Earl, all of Joplin, Mo., formerly of Snyder, have been house guests of Mr. and Mrs. Ed W. Thompson. They will visit Mrs. Earl B. Clanton of Big Spring and other relatives in Lamesa, Winters, Dublin and Fort Worth before returning home. Miss Georgia will visit relatives and friends until August when she will return to Joplin to resume her work as a doctor's assistant where she has been employed for the past three years. Ray Fesmire was a Sunday visitor in Sweetwater.

## SHAMBERGER—EDEN

The wedding ceremony which united in marriage Miss Lucille Shamberger of this city and J. W. Eden of San Angelo was performed by Rev. W. F. Ferguson, pastor of the First Baptist Church, at the home of the bride's parents, Mr. and Mrs. P. M. Shamberger, Saturday afternoon. Immediately after the ceremony the happy couple left for their home in San Angelo where Mr. Eden is connected with the Tom Green County Abstract Company. The out-of-town guests who attended the wedding were Mr. and Mrs. Homer Shamberger, Roy and Ermine Shamberger of Ft. Worth, and Mr. and Mrs. John McCombs of Rotan.

## HELP!

A family in Central Avenue was having some cleaning done and a very high step ladder was left in one room. Mrs. X— was surprised to hear a shrill cry coming from this particular room: "For heaven's sake! Someone come here quick and get this child down before he breaks his neck!" She rushed into the room and found her small son perched on top of the ladder. "What is the matter, son?" she inquired. "Oh, nothing," he answered, "I was just saying what grandma would say if she found me up here."

## SIDE ROUTE FOR HIGHWAY 83 PLANNED

The regular meeting of the directors of the O'Donnell Luncheon Club was held Monday morning in the offices at the rear of the First National Bank with a goodly number present, says the O'Donnell Index.

The important question discussed at Monday morning's meeting was that of building and east-west highway through O'Donnell, connecting with Highway 83 eight miles west of Gail, going west from O'Donnell to Roswell, New Mexico. C. H. Doak, chairman, reported the assurance of cooperation from the Borden County officials. They have already agreed to begin at Highway No. 83 and build a first class road bed above the cap rock, work to begin in the very near future. As soon as possible they expect to complete the grading to the Lynn County line at which place it will be taken over by the Lynn County officials completing it to the west county line.

The O'Donnell Luncheon Club is only a few months old, but the club is sufficiently organized two hundred strong to put over most any kind of public improvement they deem worthy. Splendid results have been accomplished since its organization.

## STATE COMMITTEE ADOPTS THE PLEDGE

June 11, 1928. To all Democratic County Chairmen: As directed by the State Democratic Executive Committee of Texas at a meeting held in Waco on June 11, we beg to quote here in a resolution passed by said State Democratic Executive Committee for observance in the Democratic primary elections to be held on July 28, 1928, and August 25, 1928: "Resolved: That all white Democrats who are qualified voters under the Constitution and laws of Texas and who subscribe to the statutory pledge provided in Article 3110, Revised Civil Statutes of Texas, and none other, be allowed to participate in the primary elections, and further that the chairman and secretary of the State Democratic Executive Committee be directed to forward to each Democratic County Chairman in Texas a copy of this reso-

## lution for observance."

Accordingly, you are so directed and requested to communicate said resolution to all other parties.  
Yours very truly,  
D. W. WILCOX,  
Chairman State Democratic Executive Committee.

## PUBLISHER CARTER COINS A NEW SLOGAN

The Fort Worth Star-Telegram, published by Amon G. Carter, who was reprimanded by Gov. Miriam A. Ferguson for yelling "Hurrah for Dan" at a Texas A. & M. football game, has coined a new campaign slogan for Louis J. Wardlaw, Fort Worth candidate for governor, which is: "We've had a woman for governor!"

We have a boy governor, Let's have a man for governor."

## BRIGHT COLORS POPULAR ON PORCH FURNITURE

"Color will be more popular than ever before on porches this spring," said George Northcutt of Higginbotham Bros. & Co. yesterday. "The use of color is an important part of interior decoration in all rooms in the home, but nowhere is it more effective than on the porch."  
"Duco has proved so satisfactory for porch furniture that hundreds of women are renewing porch chairs and tables this season. Many of them are particularly enthusiastic about the small hand sprayer for use in painting furniture. The sprayer makes it easier to reach the hidden strands than is possible with a brush."

Among the popular color schemes for porches this season, Mr. Northcutt mentioned the following:

Table finished with black, chairs of jade green, cushions of black and red cretonne, flower boxes finished with black, a large bowl finished with rich red.

Orange table with chairs finished in buff, dark green flower boxes, cushions and decorations of orange and green.

Table finished with rich red, chairs with French grey, flower boxes of Brewster green.

Acting upon the supposition that if from 4 to 8 inches of clay were turned up and mixed with top sand on shinnery land a clay loam could be made that would be tillable and could be handled under most conditions, the commissioners court of Gaines County had two ten-acre plots plowed to the depth of 24 inches, using the county tractors and graders for the breaking.

These plots were broken in February and neither blowed. They have just been planted, and the seed came up quickly and are growing off faster than are the plants by the side of the plots. The soil looks quite different to that which was not broken. It is of a clay-sand loam that cultivates well and does not blow. While it will take time to determine the productivity and the holding qualities of this new soil, yet it offers a possibility that may turn this worthless deep sand area into one of the best farming sections of the South Plains. Soil experts of the U. S. Department of Agriculture as well

as of the Texas Experiment Station and manufacturers of plows are also interested in these experiments of Gaines County in her effort to make a top soil that can be held.

One plot is located on the farm of O. L. Berry of Seagraves, while the other is situated on the farm of J. H. Woodard near Seminole. It will be well to pay

a visit to these plots and observe the soil and growth made by the crops.

## 100,000 PICKERS TO BE NEEDED IN RIO VALLEY

Approximately 100,000 cotton pickers will be required to handle the cotton crop of the Lower Rio Grande Valley and adjacent ter-

ritory, it is estimated by the farm labor division of the United States Department of Agriculture.

Special agents are to be stationed at San Antonio where pickers will register for placing during the harvest season. They will be assigned to various places as requests for pickers are turned in.

# To the Voters of Scurry County:

Because of my official duties it will be impossible for me to see all the voters of the county personally. I am therefore taking this means of soliciting your vote and influence in the coming primary. I will see all of you personally that I possibly can, but I want those to know that I do miss that it will not be because of a lack of interest on my part, but because of the fact that my duties will not permit an extensive campaign.

Having been your sheriff for the past two years, I feel that you have had an opportunity to know what I have done and tried to do. If re-elected for the second term, I will promise to continue along the same line that I have pursued in the past, and will only say that I shall do my best to serve you efficiently.

All of you who read this will please take this as a personal solicitation for your support in July.

Assuring you that I deeply appreciate the vote tendered me last election and that your support this time will be no less appreciated, I am,

Frank Brownfield

TO MY PATRONS

I am leaving June 28 for a two months' stay with the Mayo Clinic in post graduate study in some special lines at Rochester, Minn. Most of my patients in course of treatment I have taken this up with personally and made arrangements for you with other doctors. Those whom it has not been possible to see at the proper time may get the necessary information at any time at Warren Bros. Drug Store. It is quite a sacrifice for any doctor to leave a busy field and especially at this season of the year, but as this is the only time of the year I could get this work, I am compelled to take it now. You will be notified of my return through these columns. H. E. ROSSER, M. D. 1-2c.

TO OUR CLASSES in music and expression and those who have expressed a desire to enter classes next year, we wish to say that we are leaving this week for New York for special study in our respective specialties. We shall bring to you the latest and the best methods for the next term, and we hope you will relax dur-

ing the summer and be ready at the opening of the new school year for a year of real progress. We also wish to say that we do not find it best for the pupil to pursue independent study into new grounds or splice in, so to speak, with new classes during the hot summer months. Rest and relaxation for the growing child must be had at some time of the year, and summer is the natural time for that. To mix different methods is only confusing, and instead of time saved, it is really lost. As our classes were filled to capacity most of the past year, we advise you to register early for the next year. We shall be on the ground the first week in September. Thank you. Marilu and Elaine Rosser. 1-2c.

CARD OF THANKS

We wish to thank our many friends for their kindness shown us in the sad hour of our husband and father's death. God only knows how thankful we are for each kind word of consolation spoken to us in this sad, sad hour of life, and we thank each who gave floral offerings. May God's richest blessings rest upon each of you. Mrs. J. F. West, Orval M. West, Mr. and Mrs. F. M. Adkinson, Children, Mr. and Mrs. F. I. Townsend Jr. and Children. 1-tp.

NOTICE OF APPLICATION FOR SALE OF REAL ESTATE

No. 521, Estate of Joseph Heimer, deceased. In County Court of Scurry County, Texas. THE STATE OF TEXAS.

To the Sheriff or any Constable of Scurry County, greeting: You are hereby commanded to cause to be published, once a week for twenty days, exclusive of the first day of publication, before the return day hereof, in some newspaper of general circulation published in said county for a period of not less than one year, the following notice: THE STATE OF TEXAS.

To all persons interested in the estate of Joseph Heimer, deceased; You are hereby commanded that Walter Gentry, executor of the Will of Joseph Heimer, deceased, did, on the 7th day of June, A. D. 1928, filed his application in the County Court of said Scurry

County, to sell the following described real estate belonging to said estate, to-wit: All of the South one-half of Section 140 and the East 315 acres of Section No. 141, all in Block 3 of the H. & T. C. Ry. Co. surveys in Scurry County, Texas, containing an aggregate of 635 acres of land.

Now, therefore, all persons interested in said estate are hereby notified to be and personally appear at the next regular term of the County Court of said Scurry County, to be held at the court house in the City of Snyder on the second Monday in July, A. D. 1928, the same being the 9th day of said month, and then and there to show cause, if any, why said sale should not be made.

Given under my hand and the seal of said court at office in Snyder, Texas, this 7th day of June, A. D. 1928. (Seal) MABEL Y. GERMAN, Clerk County Court, Scurry County, Texas. H&B-52-4tc

NEW PROCESS

New Process ranges have beauty and strength, plus perfect baking qualities. Door frames constructed to do away with oven front frame, giving a pleasing appearance and eliminating hinges and door-catches. No exposed bolts. Flush grates allow utensils to be moved without danger of tipping. The burners are both economical and efficient. Flue-connection placed at back of range.

When the new and better things come to Scurry County, you will find the House of Higgin both in the fore-front and leading the parade. You'll find the real merchandise at this store.

OUR GUARANTEE

We guarantee these Gas Stoves to be equal to any and excelled by none in quality, workmanship and operation.

OLD STOVES ACCEPTED!

A fair price will be paid for your old stove and liberal terms on balance.
