MOVES ABSTRACT OFFICE TO SOUTH SIDE

The Scurry County Abstract Company, the oldest title plant in the county, that has been located in the county court house basement since the court house was completed about twenty years ago, have moved their office to the building on the south side of the public square occupied by the Snyder Insurance Agency and will have joint offices with that organization.

The Scurry County Abstract Company has enjoyed the public confidence in title work for a long period of years, having been established about the year 1900 by Judge Arthur Yonge and John Boyd, who were pioneers of the West and Scurry County, and who conducted the business until Judge C. R. Buchanan became proprietor. Judge Buchanan and Mrs. A. W. Buchanan were efficient in the management of the plant till early in 1927 when they retired from the abstract work and H. J. Brice was made manager of the business.

This abstract plant has the distinction of having compiled almost 10,000 abstracts of title on lands in Scurry County, and the services rendered by this company have always been prompt and efficient, covering all work incident to title information and land conveyancing. With a complete record of all instruments of record relating to land titles in their files, this company boasts of one-day service on all title work.

In their new location and with a full corps of efficient clerks, this company will be in a better position to render service to the public than ever before.

In addition to the regular service of compiling abstracts of title, the Scurry County Abstract Company is now in position to issue title insurance, insuring titles against the possibility of fraud, missing heirs, undisclosed dowers, forgery, encroachments or any other defect that may arise to land titles.

NEW OFFICERS ADDED TO FIRST STATE BANK AND TRUST COMPANY

NEW HERMLEIGH SCHOOL HEAD TO RECEIVE DEGREE

Supt. E. E. Kerr was in town this week looking after the interests of the school. Mr. Kerr will take examination for his A. B. degree at Abilene Christian College this week. He says the A. B. degree is nothing compared with what he desires to have, but it is exceedingly hard to get.

Supt. Kerr is a very fine man, indeed, and is facing a very fine school year here next year. Mr. Kerr is well known here, having taught in the school two years previous to this. The students and the patrons will not have to learn to love Mr. Kerr. This has already been accomplished. He is held in the very highest regards here.—Hermleigh Herald.

NEW HERMLEIGH CHURCH DEDICATED RECENTLY

The service at the Methodist Church Sunday in which the building was dedicated was a very impressive one. The Rev. L. N. Lipscomb, presiding elder of the district, was in the best of trim for the occasion. The dedicatory address turned out to be a revival sermon. The Rev. Lipscomb is so overcome of the spirit of evangelism that he can not avoid letting it get into his message, whatever the occasion might be. The revival spirit is the most becoming of any other in the pulpit. If all our preachers would preach the simple gospel message every time they go into the pulpit, we should have better churches. The simple gospel will revive. It begets spiritual life.

The nice little church edifice is clear of debt and is now ready to receive through its open doors everybody who desires to enter.—Hermleigh Herald.

science of manufacturing have multiplied
the purchasing power of the motor car
dollar, that you will surely want to see
it and drive it.
A Plymouth ride is the best demonstra-
tion of the ease with which it leaps from
5 to 60 and more miles per hour—the
quiet of its power and the smoothness of
its flight. You yourself must put your foot
to the light-action internal hydraulic 4-
wheel brakes to know the confidence of
the fastest and safest deceleration you
have ever experienced.
And above all, you must see its beautiful
lines and finish, and stretch at ease in its
deep-upholstered, full adult-size bodies,
to comprehend how completely the
Plymouth surpasses cars heretofore sold
under \$1000.
Please see and ride in the Plymouth. We
believe you will discover there has never
been a car anywhere near its price that
can approach the Plymouth for power,
pick-up, smoothness, easy handling,
safety, quietness and roominess—nor
that can equal it in beauty and style.

Buy Your Oil with Your Eye Open

See the golden color as it pours

Many motorists do no more when buying oil than drive up and say "two quarts." Some go a step further and buy their oil by name. But the motorist who wants Texaco, and knows why he wants it, goes still further and *proves* that the oil he gets is the oil he pays for. He *identifies* it by the clean, clear, golden color of Texaco Motor Oil which is as distinctive and easily recognizable as the trade-mark on a sealed can.

See the golden color in the Texaco Comparoscope. Watch the golden stream as it pours. From then on—so long as you continue to buy golden Texaco—your engine will be free from carbon troubles and excessive wear. Consult the Texaco Lubrication Chart for the right grade to use.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Our good editors are very accommodating, but they have not sent us the rain that we indicated last week we were in need of. Now, because of this delay, the situation is getting uncomfortable. In other words, a good rain is badly needed over much of our territory. We understand, however, that the crops to the south of Fluvanna are in fine condition.

Thursday, June 28, was a very hot day—the thermometer registering a maximum temperature of 116—the highest for four years. On June 15, 1924, the same instrument, hanging on the same nail, registered a maximum of 117. The weather in that month was really much hotter than it has been this year, the temperature ranging from 102 to 117 maximum every day twenty days.

Business Affairs
Last week W. L. Power sold the old office building in Fluvanna to J. J. Belew who in turn sold same to B. O. Staveland. The building has been taken down and it is understood that the materials will be used in the erection of a new building.

On last Monday J. A. Jones sold to Winston Brothers of Snyder 16 head of registered one-year-old heifers and one grade heifer of the same age. On the same day Winston Brothers were buying some horses in this community.

On last Monday generous hearted neighbors made a raid on Jim Tatum's crop, giving it a real cleaning. Nine hoe hands, fourteen plowmen in the forenoon and sixteen in the afternoon entered into this worthy undertaking. That was a fine thing to do, and clearly indicates the spirit of neighborliness manifest among the farmers of that community. It will be remembered that Tatum suffered a broken leg early in the season. This was followed by a case of blood poisoning, resulting in much suffering and a lot of expense.

Haley Haynes is now doing the work of master mechanic at the Park Garage.

L. Arlis Haynes is acting as relief agent at Hermleigh this week. J. M. Hunnicutt sends in a full year's subscription to the Scurry County Times-Signal this week. He is also sending the paper one year to his father in Dallas. No doubt the editors will support the contention that this is good business. (You're right, Bro. Tate. That fine business. Keep the good

work going!)

Church Affairs
Regular services were held at the Methodist and the Fluvanna Baptist Churches last Sunday—at the former in the morning only; at the latter, both morning and evening services were held, and two members were received.

Rev. W. H. Harris, pastor of the Methodist Church here, is holding a meeting at Polar this week where he is also pastor.

Regular services will be held at the Presbyterian Church next Sunday, the subject for the morning to be "The Value of a Good Name." Let the people attend this service and then think it over.

Sickness
Travis Taylor went to Abilene last Monday where he underwent an operation for appendicitis in the afternoon of the same day. At this writing the patient is said to be doing well.

Mrs. R. L. Bunch had the misfortune of breaking her left arm below the elbow in a fall last Saturday.

Mrs. Hardy Ainsworth has been right sick for several days.

Charley Bley, having been sick of pneumonia for several days, is improving.

Little Mattie Ruth Koonce is up again after having been sick a few days.

Trips and Visits
A. J. Evans of Hopkins County was visiting relatives here on Wednesday last week.

Mrs. Atwood of Lubbock and Mrs. Spence of Bell County spent the latter part of last week here visiting their brother, J. I. Boren, and his family.

A. C. Garrett Jr. of Rio Hondo visited his aunt, Mrs. Tate, several days ago.

J. T. Mitchel and wife of Post spent the weekend here visiting E. L. and Mrs. Sewalt. Mrs. Mitchel and Mrs. Sewalt are first cousins, but had never met before.

Dale Cribbs, who has been some time in the oil field at Wink, is here visiting his brother, C. D., and family.

Mr. and Mrs. C. A. Boyd of Hallett, Texas, visited the T. A. Faver and Bowden families of this community a few days ago. Mrs. Boyd, then single, taught in the Snellings school some two years ago.

Mrs. Colon James spent last Sunday visiting in Hermleigh.

W. J. Beaver of Roscoe was up Monday visiting the home folks. Probably the real moving power

behind W. J. was the birthday dinner given him by his parents and attended by several relatives and friends.

R. A. Jones and family of Post visited relatives in Hermleigh last Sunday afternoon.

Mrs. M. A. McGregor is visiting at Aspermont this week.

F. W. Lavender, wife and daughter are visiting in Kaufman County this week.

O. S. Willis returned Sunday from a few days' visit with relatives at Ozona.

Andrew J. Cain and family of Big Spring are spending several days here visiting Mrs. Cain's people.

Oscar Gleghorn and family are moving to Pampa on the plains this week.

Mrs. J. G. Landrum was home Sunday from Big Spring where she has been attending the bedside of her brother, who is seriously ill. She went back to Big Spring in the afternoon.

J. L. Roddy and son, Lane, Pat and Mert Jones went down on the Colorado river below Ballinger last week fishing. We have not learned and may never know what those fellows caught.

Jeff Faver, Oliver Odum, John Henry Trussell, Robert Roddy and Roy Boles Fry, led by their presi-

dent, Edd Jones, attended the 4-11 Club meet at Lubbock last week. No doubt the boys had an interesting and profitable trip.

Strange Things
There are a lot of strange things happening along the way of life, but here is just one that weighs on V. P. K. and his writing. Very recently he saw two young fellows drive a good sized car at a pretty fast rate of speed around a business corner and on the wrong side of the street. Suppose another car under headway had reached that corner from the opposite direction just at that time. Problem: How much car damage? How much expense for hospital bills? How much suffering? How many funerals might have resulted from this one foolish act? It is no wonder that more than 25,000 people are killed by automobiles each year in this country. What fools we mortals are!

MEXICAN CONSUL OPENS SWEETWATER OFFICES
Lauro Ixquire, Mexican consul recently from Portland, Oregon, announced last week that he had been sent to Sweetwater to establish a consulate. Limits of the territory to be under his su-

perision will be half way to Dallas, entire Panhandle, about half way to El Paso and south to San Angelo.

REV. FERGUSON AT MEET OF BAPTISTS
Rev. W. F. Ferguson, pastor of the First Baptist Church, will arrive in Snyder Saturday after being away for nearly two weeks attending the Baptist World Alliance in Toronto, Canada, and visiting friends and relatives in New York City, according to a telegram received here yesterday from him at Washington, D. C.

Rev. Ferguson will occupy his pulpit at both morning and evening hours Sunday and will no doubt bring interesting messages on his trip to this largest organization among Protestants in the world. Large crowds are expected at all the services.

BIG ROUND-UP TO BE HELD AT SONORA IN AUGUST

The Fourth Annual Ranchmen's Round-Up will be held at the Ranch Experiment Station at Sonora, Texas, August 14 and 15. This round-up has the reputation of being worth the money and trip. The purpose of the Ranch Station is to study the problems of the ranchmen, and at these

annual round-ups the latest findings on the various problems concerning breeding, feeding, diseases and grazing cattle, sheep and goats are demonstrated and discussed. The county agent has the names of two men planning to make this trip, and an effort will be made to get the party together.

The Times-Signal was closed most of the day yesterday, and late news may receive a severe jolt this week. The boys were

bound to get out and play some place during the day—and we don't blame them. We like to do that ourselves now and then.

CANDIDATES
Candidates of the county are invited to the Union Community Methodist Church Friday (tonight) night, July 6th, to tell why they should be elected.

To the Voters of Scurry County:

Because of my official duties it will be impossible for me to see all the voters of the county personally. I am therefore taking this means of soliciting your vote and influence in the coming primary. I will see all of you personally that I possibly can, but I want those to know that I do miss that it will not be because of a lack of interest on my part, but because of the fact that my duties will not permit an extensive campaign.

Having been your sheriff for the past two years, I feel that you have had an opportunity to know what I have done and tried to do. If re-elected for the second term, I will promise to continue along the same line that I have pursued in the past, and will only say that I shall do my best to serve you efficiently.

All of you who read this will please take this as a personal solicitation for your support in July.

Assuring you that I deeply appreciate the vote tendered me last election and that your support this time will be no less appreciated, I am,

SENIOR B. Y. P. U. ENJOY WATERMELON PARTY

The Senior B. Y. P. U., having as guests the Spizerintum Union, enjoyed a lively party Monday night on the lawn of the First Baptist Church.

Games of skill in mental and physical alertness proved interesting to the more than twenty-five young people in attendance. Forfeits for lack of proficiency in the games were paid and redeemed according to the wishes of several solemn judges, and the result was a wide variety of entertainment.

After the evening of jollification on the beautiful moon-lit lawn, watermelons were sliced and enjoyed, while Victrola music and watermelon music combined to make the occasion one long to be remembered.

Wiers are the Nerves of Industry

HAVE you ever seen a progressive city without wires, hidden or exposed—the copper wires, the metal nerves of industry?

Every surgeon knows that to cut a tendon, sever a sinew, part a nerve, is to restrict the functioning of the human body.

Every engineer likewise knows that to separate a community from its source of light and power is to set that community back a long span of years. Were this separation to be prolonged suspended animation would take effect and city progress would be done a death blow.

We are accustomed to the free use of hands and legs and we are also accustomed to the daily advantages of reliable and ample electric light and power. It is only as we picture what deprivation would mean that we can fully appreciate the blessings of this modern age of health and light and power and the other conveniences that are ours.

LISTEN, FOLKS!

Snyder, Tex., July 5, 1928. To the Voters, Public Weighers Precinct No. 1, Scurry County: Having been kept busy in my crop, I have not been able to get around over the district and see each and every voter personally in behalf of my candidacy for the office of Public Weigher, and it may be that I will not have time before the primaries to call on all of you, so I take this method of cordially soliciting your support and to assure you of my sincere appreciation of your vote. And I shall be very grateful to you for any assistance you may extend my candidacy through your influence. I am asking the support only of the solid citizenship of the district—the representative men and women of the electorate—and when I am elected by this vote, it will be an inspiration to give the duties of the office the best that is in me. I shall make a hurried trip over

club members who has made the best record to date in club work. The admission to these shows will be 15 and 25 cents, and they are to be purely entertaining. The program will consist of five reels, a two-reel western, two reels of comedy, and a one-reel cartoon comedy. Several of the clubs are working up musical numbers to be sure and give everyone his full money's worth. No boy that has previously made this trip will be given a free trip. In those communities that do not have electricity, Ed Thompson, agent for Delco Light at Snyder, is going to furnish the juice free of charge for the boys. The shows will be held at the following places and will start each night promptly at 8:30: Camp Springs, Wednesday, July 11. Plainview, Friday, July 13. Plevanna, Saturday, July 14. Turner, Wednesday, July 18. Pleasant Hill, Tuesday, July 17. Dunn, Saturday, July 21. Bison, Friday, July 20. Ira, Thursday, July 19. Sharon, Monday, July 16.

CARD OF THANKS We want to thank the citizenship of Snyder and of Scurry County for their many acts of friendly kindness during the illness and following the death and burial of our dear Mother and Father. Words are inadequate to tell you at this time what is in our hearts to say, but we want to personally thank citizens and merchants of Snyder, friends and residents of Scurry County, the Rotary Club of Abilene, Scurry County Chamber of Commerce, Snyder Lions Club, and all who in any way by act or thought came to us in our time of greatest sorrow. To the several pastors, those who brought floral tributes, the choir—all of you—plain words fail to state what is in our hearts and minds. Mr. and Mrs. James P. Stinson Mr. and Mrs. George Stinson Mr. and Mrs. Joe Stinson Mr. and Mrs. Lee Stinson Mr. and Mrs. Guy Casey.

4-H CLUBS TO HAVE BENEFIT PICTURE SHOWS Most of the 4-H Clubs in the county are planning to hold in each community in which clubs are located motion picture shows for the benefit of one of their

Roscoe Tuesday. Rev. J. E. McDermott preached at Pleasant Hill last Sunday morning to a large and appreciative audience. O. C. McDermott, student in Simmons University, spent the week-end with homefolks. Cotton chopping is the order of the day here this week, and crops are doing as well as could be expected considering the high winds. Very little has blown out in this immediate vicinity. Fourth of July was quiet in Dunn. Some workers, some went visiting, and others picnicked and fished. JIM PEACH. Messrs. Geo. Oldham, Maurice Brownfield, George Northcutt, P. L. Fuller, Lee Byrd and Ed McCarty of Wichita Falls left Tuesday morning on a several days' fishing trip.

DUNN DOINGS Mrs. I. W. Ivy is home from the sanitarium at Stamford and is improving in health. Mrs. Bob Garner of Hyman community is on the sick list at the home of her parents, Mr. and Mrs. Hubbard, near China Grove. The infant daughter of Mr. and Mrs. Frank Wilson died Saturday afternoon and was buried in the Dunn cemetery Sunday afternoon. Homer Grubbs' small daughter suffered from sunstroke last week but is reported better at this writing. Mrs. Erwin of Marlin is visiting in the home of Will Johnston this week. She has with her the youngest daughter of Lee Johnston. They are here to visit the other four children, and the occasion is one of happy reunion for them. Gibb Bowers, Mr. and Mrs. Jim Norred, Mr. and Mrs. J. E. McDermott were among those attending workers conference at

PIONEER MOTHER GOES TO REWARD Funeral services over the remains of Mrs. T. C. Stinson were held Friday afternoon at the First Baptist Church, with Rev. M. A. Jenkins of Abilene, Rev. J. F. Lawlis and Rev. H. J. Maulby in charge of the services. Mrs. Stinson, who came to Scurry County from Tennessee 26 years ago, was one of Snyder's most lovable and respected mothers. No one could know her without loving her for the true Christian spirit that always was manifested in her life. She was 79 years, 3 months and 7 days old at death, and passed quietly into a beautiful sleep to await the resurrection morn. She is survived by her husband who is quite feeble, four sons, Joe and Lee Stinson, residing here; Judge James P. Stinson of Abilene and George Stinson of Colman, and one daughter, Mrs. Guy Casey of Camp Springs, all of whom were at the bedside when death came. Of loving remembrance and spirit to this kindly mother was the closing of Snyder stores during the funeral, and the coming of a delegation of seventeen members of the Abilene Rotary Club to pay their respects to the mother of their retiring president, Judge James P. Stinson. Floral tributes were many and profuse, and the church was fully crowded with those who came to pay their respects and devotion to a true and worthy mother. Beautiful are those thoughts to those whose death has been an inmate and still more beautiful are they to those whose mother is being laid away. Our heartfelt sympathies join with those of the community in the passing of Mother Stinson. O. E. S. The regular meeting of Snyder Chapter No. 450 will be held on Thursday night, July 12. Everybody come. FAIR DIRECTORS TO MEET A meeting of the directors of the Scurry County Fair Association has been called by J. A. Merritt, president of the 1928 Fair, Saturday afternoon, July 12. It is very important that all of the officers be at this meeting, for it is time to begin work for the 1928 Fair, and there are many problems that must be considered at this meeting that will need the representation of every section of the county. Mrs. Lee Stinson had the misfortune to fall from a ladder Monday afternoon, receiving what appears to be a fracture of the right elbow. Miss Pearl Hurley is spending the week in Abilene visiting friends. Mr. and Mrs. Henry Boyles and son of Amarillo are visiting relatives in the city this week. Mrs. H. Boyles of Weatherford is the guest of her sister, Mrs. Edna Tinker, and other relatives this week. L. L. Merrill and little son, Billy, of Lubbock spent last week-end with his parents, Mr. and Mrs. W. R. Merrill.
