Herman S. Darby is reported on the honor roll at Texas Tech during the last term, having made an average grade of B on 6 courses.

Elinore B. Scott is reported on the honor roll at Texas Tech during the last term, having carried 5 courses with an average grade of B.

Mr. and Mrs. Howell Harpole accompanied Jack Isaacs to Sudan Sunday where he will spend the summer with his sister, Mrs. DeShazo.

Mr. and Mrs. Melvin Newton accompanied Misses Polly Harpole, Mary Bob Huckabee, Lila Mae Williamson and Mable Isaacs to Abilene Wednesday.

O. D. McCoy of Wichita Falls spent last week end with Mr. and Mrs. J. M. Scott, and was accompanied home by his wife and son, who have been visiting here for three weeks.

Mrs. M. E. Boyles of Weatherford, who has been visiting her sister, Mrs. I. P. Byrd, left last Friday for Amarillo to visit her son. Mrs. Boyles was accompanied to Amarillo by Mrs. Byrd.

Rev. H. J. Manley is leaving today for Canadian, Texas, to take over his new charge there. Mrs. Manley will leave Saturday. Good wishes galore go with these folks in their new location.

Mrs. H. G. Towle and daughter, Mary Margaret left last Saturday for a two months vacation in Estes Park, Col. They were accompanied by Mr. and Mrs. J. T. Johnson and Misses Maxine and Vernelle Freeman.

Mr. and Mrs. C. W. Harless and two daughters, Mariwade and Mildred were accompanied home from Waxahachie last Friday by Misses Maxine and Vernelle Freeman.

Mr. and Mrs. W. H. Cauble and three daughters and Miss Nina Frances Banks left yesterday for Carlsbad and other points in N. M. They expect to be gone about three weeks.

Mrs. Joe Strayhorn and daughters, Misses Cecil, Neomah Dorothy, Mrs. Rob Strayhorn and children left today for Ruidosa, N. M. where they will spend several weeks.

Mr. and Mrs. Ernest Taylor and children left Sunday for Santa Fe, N. M. Mr. Taylor returned home yesterday, while Mrs. Taylor and family will remain there several months.

Mr. and Mrs. J. D. Bratcher, who were enroute from Lubbock to Sweetwater were in a car accident last Saturday a few miles from Snyder. Mrs. Bratcher, who sustained cuts and bruises on her limbs, was rushed to the local Sanitarium for attention.

Mr. and Mrs. R. P. Jones and son, Richard, Jr., J. L. Ritzenthaler, Chuby Ritzenthaler, J. J. Coppedge and Misses Davida Curry, Lucille Carpenter and Gertrude Coppedge composed a party, who spent last Wednesday at Clear Fork fishing.

Mrs. Forest Sears and Miss Cecil Strayhorn attended a "tea", last Friday in Merkel that was given by Mes. Yates Brown, Sam Swann, A. R. Boothe and Miss Mary Chloe Boothe, honoring Miss Bill Swann, whose marriage took place in Dallas Sunday.

Mr. and Mrs. Bob May accompanied their sister, Mrs. C. A. Russell to San Angelo Saturday night.

J. D. Mitchell left Tuesday morning for Mineral Wells where he will take treatments for rheumatism.

Bess Johnston is reported on the honor roll at Texas Tech the last term having made an average grade of B plus on 5 courses.

Mr. and Mrs. Homer Jenkins and family left Sunday for Waxahachie where they will visit a week with relatives.

Mr. and Mrs. Paul F. Lawlis were married about three weeks ago in Montague. Mrs. Lawlis before her marriage was Miss Lura Pollard of Montague.

Mrs. Billy Frank returned Sunday from Ferris where she attended the funeral of her Mother, Mrs. Dorsett, who died suddenly on the Fourth.

Mrs. Joe Stinson and two daughters, Misses Mary Lynn and Frances left today for Ruidosa, N. M. where they will spend several weeks.

Miss Ione Bridgeman and Tommy Hood of Amarillo were guests of Miss Bridgeman's parents, Mr. and Mrs. Pete Bridgeman last week end.

Mr. and Mrs. B. F. Womack and daughter, Miss Mildred Hester returned Monday from Carlsbad and other points spent in N. M.

Clyde Bratcher of Fluvanna, who had his appendix removed at the local sanitarium last week, will be able to go home in several days.

Mr. and Mrs. A. E. Wiese and Layton Griffin left last Thursday for Ft. Worth where they are visiting in the home of Mrs. Wiese parents.

Miss Bill Swann of Merkel was in Snyder last Thursday and was accompanied home by her sister, Mrs. Forest Sears and Miss Cecil Strayhorn.

Mr. and Mrs. G. H. Boyles and son, who have been visiting Mrs. Edna B. Tinker and other relatives left last Friday for their home in Amarillo.

Mr. and Mrs. Robert Shields left Monday for their home in Brownwood after an extended visit with Mrs. Shields' parents, Mr. and Mrs. M. Stacy.

out the report that the Farmers' Mercantile Company went broke under the management of Pat Johnson, and for that reason he is not qualified to be your commissioner.

We the undersigned former Directors of the Farmers' Mercantile Company believing in honest politics, and without any solicitation on the part of Mr. Johnston wish to state that the above report is wholly untrue, and that the business was in good financial condition, and the Directors authorized the discontinuance of the business, because Mr. Johnston was unable to continue as Manager on account of his health. The business was prosperous and paid the stockholders 18 3/4 average annual dividend from the time Mr. Johnston took charge until we

Home Washing Means Home Working THERE is no form of home washing that does not leave you plenty of work to do. No matter how much mechanical help you may purchase, you know that you cannot get away while your machinery does the washing for you. You know, too, that it does only part of the work, leaving most of it for you. Laundry - washing means no washday! The laundry takes wash-day, with its work and bother and fatigue, completely out of your home. Even our lowest priced service, which costs only a few cents a pound, attends to every bit of the actual washing—enables you to go wherever you want, and do what ever you wish. And no form of home washing—no mechanical appliance—can do as much. Then there are our semi-finished services which, in addition to the washing will do a part or all of your ironing—according to your preference. If you are using a laundress, our fully finished laundry service will save the cost of the laundress, lunch, supplies, heat, power and whatever appliances you may have to provide for the laundress' use. The best way to handle washday is to get it out of your home. And the only way to do that is to use the commercial laundry. Phone us today, and get full information about our various services and prices. SEND IT TO THE LAUNDRY THE SNYDER LAUNDRY

Farm & Ranch Boosts Better Seed Program

By Frank A. Briggs, Editor, Farm and Ranch
"Whatsoever a man soweth, that shall he also reap."—Gal. 6: 7.

St. Paul made this text apply to the development of the mind, the body, and the spiritual life, but he took it from actual experiences in the field, and it is on this material phase of the truth spoken in the days of the apostles that Farm and Ranch is basing a campaign, if you wish to call it such, to increase income on the farms of the Southwest.

The seed situation in the states of the Southwest has become almost intolerable. There is need of a better understanding of the seed laws by breeders, dealers, and farmers, and a more adequate enforcement of them. Farmers should know the law and insist on the dealers complying with its terms. Bankers, merchants, landlords, and the men who actually produce should become convinced of the economy in good seed and join hands in promoting seed selection and in providing protection for those who would buy the best.

Reasons for Better Seed Program
Texas, Arkansas and other Southwestern states have seed laws which are fairly adequate, if enforced.

No Southwestern state has provided sufficient laboratory room and equipment or appropriated even a reasonable sum for inspection and enforcement of the laws. Farmers, and no doubt many seedmen, are ignorant of the provisions of these laws, and farmers especially are unacquainted with the means provided for their protection.

The law is not obeyed by many seedmen and merchants who are familiar with its provisions, and instances are numerous where seed are sold untagged, or the facts misrepresented on the tags used.

Grain seed containing Johnson grass seed, the seed of the careless weed and other weed pests are being distributed in a careless and haphazard manner, to the injury of farmers who buy and plant them.

Cottonseed are distributed as "specially produced for planting," which, when traced back to point of origin, are found to have been purchased in bulk at the mill, partially cleaned, sacked and sold at a high price.

Many merchants handle nothing but cheap seed because the immediate profit is larger than if they handled good seed.

Farmers, many of them, have formed the habit of shopping for seed, and looking for bargains, only to find that the cheapest seed are the most expensive.

There are many "ins" and "outs" in the seed business, depending upon the demand at certain seasons of the year. If the demand is good, because of scarcity of good seed, these men, many of them, buy at low prices and sell at fancy prices, without regard to quality.

There are not enough of the breeders of pure seed to plant 3 per cent of the acreage in cultivation in the Southwest, therefore the necessity for farmers to study seed selection in their own fields—or better yet, secure a small quantity of high-class seed and develop their own planting seed for the following season.

The exclusive use of good seed will increase farm income above the initial cost, a minimum of \$100. If used on all farms in the Southwest it would increase farm income in this area more than \$100,000,000.

Program and Platform
Farm and Ranch has dedicated itself to the task of assisting to the utmost of its ability and resources in bringing about a more permanent and prosperous agriculture in the Southwest.

Fully convinced that among other important agricultural problems, that of bringing about an almost universal planting of the best seed obtainable ranks high in the list, Farm and Ranch proposes to join and cooperate with all other agencies in improving the situation in the Southwest.

ing seed, and an adequate staff for field work in enforcing the laws. We know of no better way to aid farmers.

Farm and Ranch will conduct through its columns a campaign of education, seeking to inform farmers of their rights under the seed laws of the various states, and will join them in working for such added protection as may be determined as necessary.

We will co-operate with all breeders, distributors and merchants who demonstrate that they are sincere in their desire to provide farmers with good seed, free from Johnson grass and noxious weed seed.

We will cooperate with the extension service and any of its divisions in organizing seed associations by communities and counties in order that an abundant supply of good seed may be had in season.

Farm and Ranch will endeavor to stress the economic side of good planting seed in such a manner that landlords will be interested in helping tenants secure the best obtainable, and that tenants will be equally interested in planting them and making selections for the following season.

We believe that community planting of pure seed of uniform type, whether it be cotton or grain, is essential to the production of sufficient good seed to plant the acres in cultivation in the Southwest, and therefore Farm and Ranch will encourage this move, which is now making some progress, to the utmost of its ability.

And last, but not least, Farm and Ranch will refuse all seed and advertising of every character if those desiring to advertise cannot satisfy the publishers that they are able and willing to deliver both in quality and quantity according to description, the goods advertised, or in case of error immediately make exchange or refund money without question.

Crime Against Agriculture
Bad seed are a crime against agriculture. The man who knowingly distributes such seed, or seed with a large content of noxious weed seed or other pests, has robbed the farmers to whom he has sold of their labor and their investment. There is no law which prohibits the selling of any kind of seed, provided the buyer is fully informed as what he is getting, but to sell seed of undesirable character under some form of misrepresentation, whether it be on the tag, or by word of mouth, should be punished severely.

Farmers who buy poor seed because they are cheaper by the bushel, are without protection. They have committed a crime against themselves and their families by reducing their own income. Merchants who advocate cheap seed, cheap because of poor quality, are, to say the least, exercising very poor business judgment, for by so doing they are lowering the purchasing power of their own customers.

A Code of Ethics
As a matter of interest to seedmen, whether breeders or merchants, we published the code of ethics adopted by the Farm Seed Association of North America. It follows:

1. Obedience to the law of the land, and in particular to the laws regulating the sale of seed.

2. The dedication of the technical and practical knowledge and services of the association and of its members to the improvement of agriculture and horticulture.

3. In all sales and contracts of sale and advertisements, the members of the association shall practice entire good faith, shall give full and truthful representations of the quality and description of seed sold or offered for sale; shall scrupulously observe every contractual obligation, and in their trade relations shall studiously avoid the use of terms or expressions which are false or misleading.

4. To competitors in business, the members, their agents and employees, shall act fairly and honorably, which may be defined as the practice of the Golden Rule of "doing unto others as ye would have them do unto you."

This association pledges itself to take every possible means within the powers granted by its constitution and by-laws to enforce the pronouncements set forth in this code of ethics.

Ice and plenty of it—and plenty fast and snappy delivery is now the order of the day in Snyder. It's good too—because its hot and nothing quite like the seed...

tilizer will be sufficient at the start and after that a good soaking when the ground becomes dry will suffice.
Give the eggplants three feet of space each way. If they grow as they should they will occupy it. Peppers can be grown as close as a foot apart with good results. The tomatoes, if grown to single stalks or to three stalks tied to stakes, can be spaced two and a half feet apart in small gardens or three in larger areas where wheel hoes are used.

A few seeds of tomatoes may be sown now in a seed bed for the latest crop to come into bearing just before frost, and to furnish green tomatoes for pickles and various condiments. The earlier tomatoes give their main crop through September and a later planting is needed to "renew" the supply in late September and October.

Put in a few plants of the small hot peppers for the family manufacture of piccalilli, chow chow and the various relishes which call for hot peppers. The big pepper plants should be of the sweet fleshed varieties for salads and flavoring.

GUIDE FOR MOTORISTS

Motorists who plan to take a vacation tour this summer will be interested to know that the Automobile Club of America has just published the fourteenth edition of its annual road book, the 1928 Associated Tours Guide, which is now ready for distribution. The Guide in its 128 pages con-

ains a wealth of useful information for exactly planning where to go on your vacation trip and how to get there. The motor maps, mileages and itineraries shown in the Guide, covering the vast area of the U. S. east of the Mississippi and eastern Canada, as well as the popular transcontinental and trans-Canadian routes, afford the motor vacationist a wide range of touring fields from which to select.

Water Worth More Than Oil
Starting a few months ago with one man and a tank wagon, J. Kerby of Midland has built up one of the largest industries of its kind, selling water to oil field towns and to supply companies and camps.

Supplying McCamey, Crossett, Wink and Garvin with soft drinking water, Mr. Kerby now has a crew of 25 men and operates 10 trucks. He has 10 railroad tank cars leased. He also supplies 100 oil camps, including every camp within a 25-mile radius of McCamey. He carries a big surplus of water at Wink.

Mr. Kerby owns his own water supply at Alpine and ships the water brings 40 per cent more money or barrel than oil is now bringing, according to the Midland Reporter.

FORMER RANGERS OF TEXAS TO MEET IN COLORADO SOON
Invitations to attend the ninth annual reunion of the Texas Ex-

Rangers Association, to be held at Colorado August 1, 2, and 3, have been received by M. C. Lambeth and T. W. Clark of Abilene, members of the association. Judge Lambeth and Mr. Clark were members of the famous Texas frontier patrol when Indians were still to be found in West Texas. Judge Lambeth spent several years on the border patrol. Mr. Clark was quartered in the section around Brownwood and San Angelo during a greater part of his enlistment. The invitations were sent by Major W. M. Green of Colorado. —Abilene News.

EL PASO GETS NEXT WTCC CONVENTION

El Paso will have the 1929 convention of the West Texas Chamber of Commerce, it was decided as the tenth annual convention closed its three-day meeting at Fort Worth.

Next year's convention was on to El Paso when Waco drew its bid.

Mayor R. E. Thomason of El Paso invited the convention to his city. A. N. Boushland Vernon was installed as the president.

While You Wait and you don't wait long
LONG-DISTANCE telephone service is now about twice as fast as it was a year ago.
Now, when you place your call, in most cases the operator asks you to "Hold the line, please." Three times out of four she will complete the connection while you wait.
The average interval between the time when you place your call and the time the connection is completed or a report given is a little more than two minutes. A year ago it was about five minutes.
Your service will be even faster if you give the number of the distant telephone. Try it!

COUNTY AGENTS' NOTES

With the coming of rain and the assurance of a feed crop there is nothing that should be more interesting to 4-H Club Boys of the County than the feeding of a calf for the Ft. Worth Stock Show.

28 YEARS AGO

Dr. Warren of Dunn was in town Tuesday. Our efficient tinner, E. B. Baugh, leaves tomorrow for Cleburne to visit friends.

LORAINE BOY GRASS WITH MILK FED PIG William Griffith, 4-H club member of Lamesa, has just completed a four month test in which a balanced ration was compared to an unbalanced ration in feeding hogs.

LAMESA TO VOTE ON TAX FOR BAND

An election has been called for July 17 for purpose of permitting the voters of Lamesa to decide whether a special mill tax is to be levied to go toward the support of a municipal band.

Here's a good menu for a summer evening party: Fruit salad, made from lettuce, oranges, pears, peaches, cherries and sliced pineapples, dressed with whipped cream, and garnished with nut meats; crackers spread with cottage cheese or Roquefort cheese; iced tea or fruitade of any kind.

The world's largest porcelain enameling plant is a part of the factories of Frigidaire Corporation, being used exclusively in the manufacture of porcelain Frigidaire cabinets.

CHICAGO PLANS 75-STORY BUILDING

Chicago, Ill.—The world's largest and tallest building, a gigantic 75-story structure, costing \$45,000,000, has just been announced for Chicago. It will be built by the Apparel Manufacturer's Mart Building Corporation on Wacker Drive.

10 YEARS AGO

W. G. Ralston was married to Miss Fannie Childers of Roscoe last Sunday. Twenty-six of our soldier boys left for Camp Travis. Over a thousand people were at the depot.

DOING FINE AT T. C. U.

Miss Ollie Coston writes from the Texas Christian University that her work in the High School and under local expression teachers here is commended by the faculty at T. C. U. It is quite a big thing, not only for the individual but for our school to have this fine compliment paid our own Miss Coston.

SIX MAJOR EVENTS

Thomas A. Edison has selected the commercialization of electric refrigeration as one of the outstanding events of 1927. He also includes among the major events of the year; interconnection of power lines in the United States, the St. Louis tornado, Chinese wars the Mississippi floods and the commercialization of ultra violet glass.

The area of the three great oceans of the earth are as follows: the Atlantic 41,321,000 square miles; Pacific 68,634,000 square miles; Indian 43,821,000 square miles.

POLAR DOTS

The Methodist meeting is progressing nicely, a large crowd every night. I have been requested to announce that some of the Kent County singers will meet at Polar the third Sunday in July which will be next Sunday, to sing. The singing will start at 1:30 p. m. Everyone is invited to come.

visited in Polar Saturday night and Sunday. The 4th of July was very quiet at Polar this year. Few of the people want to stay; but most of them stayed at home. Miss Glen Weatherby was the guest of Miss Gladys Vick Sunday. Speculation is rife as to what business will occupy the rooms made vacant by the removal of the First National Bank. The success of an operation depends upon the preparation for it.

Can Your Wife Change a Tire?

by W. C. Wenniger

In most families now-days, Mama drives the car. And it's a hard-hearted Papa who lets her start out without being dead certain that the tires are absolutely right.

It's so easy to hand out a line like this: "Darling, will you just stop off at W. C. Wenniger's for a minute this morning and have them check over our tires?"

You'll be surprised how it works! Just try it.

PERSONAL TO LADIES—You haven't any idea how pleased the old man will be if you tell him you have made arrangements to have the tires gone over every week at Mr. Wenniger's. Tell him Mr. Wenniger will take care of the greasing and oiling, too, and that you're going to help reduce expenses on the car.

And when you need a new tire you can send Mother or Daughter over here and be certain that she'll come home with a dollar's worth of miles for every 100 cents.

Our prices are honest—the same to inexperienced tire buyers as to you. And we sell only GOODYEAR TIRES—the new ALL-WEATHER that is "The World's Greatest Tire," and the Pathfinder, most for least money. You just can't go wrong.

May we see you, or the Missus—or both of you—this week?

W. C. Wenniger

Phone 27 Wholesale and Retail

YES

Dodge Brothers Standard Six is the fastest car, with the fastest pick-up, under a thousand dollars.

HOWEVER

That is only HALF the story. The IMPORTANT point is that this exceptional speed is made practical by Dodge ruggedness of chassis and body construction.

OTHERS

Might succeed in building a car at this price with equal SPEED, but to do so successfully they would also have to build a car with equal STURDINESS.

AND

That is where Dodge Brothers, with years of experience in building a dependable low-cost product, are years ahead of the field.

YOU

Can buy the Standard Six knowing that it is not only the fastest car in its class but the sturdiest—and the one is every bit as important as the other.

Yoder Anderson Motor Co

THEY ALL MEAN TO BE CAREFUL. He who hesitates is hit. Say it with brakes and save the flowers. Angels are made at railroad crossings. Don't try to scare a locomotive with your horn. Look before you weep. One good leg is worth a pile of crutches. It is better to be safe than glory, and go meant nothing to Joe. He's with the angels now. Take your time or take eternity. Constant caution keeps the undertaker guessing. The clown who used to blow out the gas now step on it. Bill passed them all on the road but he had some funeral. Wear a soft hat when riding through the windshield.

WHEN TO BE MARRIED

In ancient times the most desirable month for marriage was the month of June. Modern dames, however, look with favor upon October as well as June. May, sometimes finds favor, yet May, by others, is considered an unlucky month—the same as Friday is considered an unlucky day and the 13th of the month an unlucky date, still it is the apple-blossom month in the North, and one can have an apple-blossom wedding, which is very sweet and suggestive, but who had not rather have a June wedding, with June roses, or an October wedding with the leaves red and golden?

ISN'T IT THE TRUTH

"Girls," said an uplifter to an assembly of that kind, "bobbed hair, low necks, short skirts, and thin stockings are making you a race of weak-minded, weak-bodied femininity, you invite pneumonia, tuberculosis, asthma, quinsy, fallen arches, halitosis, dandruff and many other life-shortening things that would be avoided." And then the girls went out and brought home several silver cups and a...
