Snyder Public Schools Open With Large Attendance Monday

AUDITORIUM IS PACKED FOR PROGRAM AND OPENING Over 1100 Students

Fine Faculty and Board of Education Make for Good Schools.

The high school auditorium was taxed to its fullest capacity Monday morning when the 1928-29 session got under way. Jammed into every conceivable standing and sitting position, Snyder parents showed their eminent interest in the auspicious opening that got under way.

More than 1,100 pupils were enrolled Monday, 100 more than entered at a like date last year, and which will grow to more than 1400 before the second semester. High school enrollment showed more than 275 Monday morning, which will likewise reach a high mark at the second semester.

Dan Moody to Support Smith For President

Governor Moody placed himself on record Tuesday night as unequivocally in favor of the presidential candidacy of Governor Smith and the democratic party's national and state tickets.

"I never intend to backstep on prohibitions," Moody said. "I opposed the nomination of Smith before the national convention, but I accept the decision of the majority and feel it my duty to vote for Smith."

THE TEACHER

School has begun. Don't imagine the school teacher has an easy life. Startling figures come from the state of New York. Seventy-seven per cent of the teachers who retired because of ill health in that state in the past five years retired under the age of 55. With proper working habits and resting habits and proper care, men and women ought to be doing their best work at 55 or over. Sixty per cent of the retirements were between the ages of 45 and 54, while 14 per cent stopped working between 40 and 45.

More Hogs is West Texas Need

The Times-Signal published a story two weeks ago concerning the shipment of a carload of Scurry County hogs sold on the Fort Worth market. Later the Star-Telegram commented on the shipment as being sold to a Sweetwater packing house and sought to bring out the point that in West Texas, which is all fine hog-raising country, each community ought to be raising its own pork and sending it over to the markets, like that one at Fort Worth, for supplying other parts of the state.

Texas Farm and Ranch Field Editor Writes Story of Successful Scurry County Farmer

Registered Jerseys on H. M. Murphy's Farm in Scurry County

Home of H. M. Murphy with the Orchard in the Rear

Scurry County again came into the farm magazine headlines when H. L. Gantz, field editor for Farm and Ranch, wrote a fine story of an outstanding farmer, H. M. Murphy, whose farm is located midway between Dunn and Hermleigh.

The article headed "Remedial Measures" said: It has been reported that the late Marcus Loew, who bought the largest home on Long Island, opened what he thought was a closet door one day and to his surprise found eighteen other rooms. The idea applies to the discovery of H. M. Murphy, a successful farmer of Scurry County, Texas, when some two years ago he became interested in a well-balanced farm program and began by purchasing only a few registered Jersey cows, a good breed of chickens and hogs, and began finishing out on home-grown feeds a good grade of beef cattle.

based on the more general use of purebred sires, he expects to develop his seven head of registered Jerseys an excellent herd that will be a constant and permanent source of income to the farm, and at the same time a great factor, together with the livestock to be finished out for market, in rebuilding the fertility of the soil.

Nothing has been said with reference to hogs raised on this farm, but suffice to state that more than twenty head were finished out last year in addition to a bountiful supply for home use. "We have bought one bucket of more prosperous. The poultry and livestock industry on the Murphy farm will continue to grow in proportion to the ability of the farm to properly care for it and in accordance with intelligent study and practices, which are essential to success.

NEW POSTAL RULES GO INTO EFFECT

Under the Act of May 1, 1928, the registry fees are changed, making provision for the payment of a greater amount of indemnity than heretofore allowed. For mail matter without intrinsic value for indemnity is provided the fee is 15 cents; for registry indemnity not exceeding \$50, 15 cents; for registry indemnity not exceeding \$50 and not over \$100, 20 cents.

Under the Act of May 20, 1928, the following changes in postal rates are effective July 1, 1928:

Parcel Post
 To and including the 3rd zone the rates are the same as formerly. From the 4th to and including the 8th zone on parcels in excess of 8 ounces, the rate is 1c less for each parcel.

Picture and Greeting Cards
 Such cards of the general size and shape of the government postal cards are 1c each instead of 2c.

Parcel Post Special Delivery
 For parcels weighing 2 pounds or less, 15c. For parcels weighing over two pounds and up to 10 pounds, 25c. For parcels weighing 10 pounds, 35c.

Parcel Post Special Handling
 For parcels weighing 2 pounds or less, 15c. For parcels weighing over two pounds and up to 10 pounds, 15c. Parcels over 10

pounds, 20c.
 The volume of the parcel post has become so great that parcels and other bulky mail must be consolidated at offices of origin where the quality necessitates it, and at points where mails are transferred between railways, into carload lots which are dispatched at stated hours each day, less frequently than first-class mail is dispatched.

Special Delivery
 By affixing to all mail matter other than first-class the required special delivery rates, such matter is not held for shipment with ordinary bulk mail, but is distributed, dispatched and transported on the same trains as is matter of the first class, and is given immediate delivery at the office of destination.

Special Handling
 By affixing to the matter of the fourth class (parcels) the required special handling rates it is distributed, dispatched, transported and delivered the same as matter of the first class, but is not given special delivery.

Second Class Mail
 Newspapers and periodicals, reading matter of various kinds, mailed by individuals, is now one cent for each two ounces or fraction thereof, regardless of the weight. The former rate was double this amount and limited to eight ounces.

Air Mail
 The air mail rate is now five cents for the first ounce, and 10c for each additional ounce or fraction thereof. Ordinary postage may be used by writing on the face of the envelope the words, "Air Mail."

While we have no direct dispatch for air mail from Snyder, the connections are such that we gain from 12 to 30 hours on eastern mails. Now that the rates are very low for the service performed, this service should be encouraged by a very liberal patronage. For the ordinary letter weighs less than one ounce, the charge is but three cents in excess of the ordinary rate. Much time may be gained to such points as St. Louis, Houston, Chicago, New Orleans and points beyond.

KENT CO. FOLKS HOME FROM TRIP ABROAD

Mr. and Mrs. B. C. Cairns have just returned to their ranch from a trip abroad. They left here in April, spent some time touring Eastern United States and then embarked from New York City for Liverpool, England.

After an extended visit with Mr. Cairns people in Liverpool, Mr. and Mrs. Cairns spent some time in the highlands of Scotland visiting the relatives of Mrs. Cairns. Mr. Cairns was reared in England and came to Texas 22 years ago. Since he has been in this section of the country, he has donated much of his time to experimentation and diversification in farming.

"I like to return to England for a visit," Mr. Cairns said, "and wish that I might go back once each year, but I have no intentions of returning to the old country to live." In other words, we believe that Mr. Cairns still thinks Texas the best place on earth.—Jayton Chronicle.

J. FRANK NORRIS TO SPEAK IN COLORADO DURING CAMPAIGN

Definite assurance has been given the local committee of the Anti-Smith Democrats that Rev. J. Frank Norris of Fort Worth will be assigned to speak in Colorado during the campaign. The exact date will be set in a few days, as soon as the itinerary through Northwest Texas can be mapped.—Record.

KENT CO. OIL TEST WELLS CONTINUE TO GO DOWN AFTER PAY

The two test wells for oil now drilling in Kent County continue to go on down after the pay sand. The Cosden well on the O—O Ranch southwest of Jayton is now down 2045 feet and underreaming. The Phillips Petroleum test well three miles east is down 3465 feet and setting ten-inch casing preparatory to going 4500 feet or more if necessary to reach the pay.

Here is hoping and expecting Kent County to develop oil.—The Texas Spur.

Was Your Boy or Girl Among the 619,712?

The United States Department of Agriculture has just announced that last year 619,712 American farm boys and girls were enrolled in 4-H club work. Club work not only teaches better methods of doing farm work and house work, but it trains boys and girls in habits of cooperation, organization, friendship and comradeship.

If your boys and girls were not among the 619,712 enrolled last year, why not at least resolve to enroll them in 1929?

Poultry raising has shown most increase recently in Texas. This industry is now producing annually more than \$33,000,000.

Enterprise Builds Great Service

DAWN, high noon, dusk, midnight! All around the clock men give their best efforts to the Texas Electric Service Company service. Hour in and hour out they work hard to maintain an ideal of service to which this Company has held ever since its organization.

Enterprising citizens. They take their responsibilities seriously. They realize that at any minute of the day or night some home, some store, some factory, some school or some church will push an electric button and demand electric service for an emergency. They must be ready. Power must be there to meet that demand.

That is their life. In making this power possible they get their greatest thrill. They accept their work as a great human service, and perform each task accordingly.

Enterprise makes this possible. These men and women of the Texas Electric Service Company have a definite goal. They are industrious. They are proud of the work they do.

In more than 40 Texas cities and towns you will find these men and women. Their high noon may come at 6 a. m., 12 noon, 6 p. m. or at midnight; but whenever it comes you find them happy, alert and eager to serve. Such enterprise makes possible a great service.

He said this is a great new year county.

NEW CITIZEN LIKES SNYDER AS HOME TOWN

A. D. Barnes, who has recently arrived in Snyder from Comanche to take over the general furnishing section at Higginbotham Bros., is the type of citizen that Snyder invites. While only here a short time, Mr. Barnes likes the friendly good will that Snyder is always providing and that goes a long way in making folks satisfied here.

Mrs. Barnes and two children, a son and a daughter, are expected to arrive here next week and will occupy one of the Henry Welborn properties on the West Side.

DISTRICT SINGING MEET WELL ATTENDED

The five-county district singing convention that was held at the City Tabernacle Saturday and Sunday was well attended.

Singers from Nolan, Mitchell, Fisher and Jones County were present together with state-wide notables, and the convention was one of thorough enjoyment to those present.

Officers elected include W. W. Wood, Snyder, president; Horace Holley, Snyder, vice president; J. R. Brown, chairman, and W. J. Ely, Snyder, secretary.

The next meeting will be held at Colorado the second Sunday in March, with semi-annual meetings being held in the future owing to the many responses made for two meetings.

The addition of Jones County now makes five counties in the membership.

OLD RESIDENT HERE

Pete Ingle of Fort Worth, pioneer resident of Scurry County, is visiting here, and for a man 83 years of age, he is as hale and hearty as a man half that old. Mr. Ingle tells many interesting stories of the olden days and bears the proud distinction of being a charter member of Scurry Lodge 706, A. F. & A. M., and is one of three men left who helped to organize the local body. The other two men are J. Wright Moar and Jim Nunn.

Mr. Ingle was a Times-Signal visitor yesterday and stated that he had a political letter from a lady in Washington that he wanted the paper to publish.

BREAKS COUNTY RECORD

Topping the scales at 310 pounds at 6 months of age, a pig belonging to Vernia Prescott of the Loraine High School 4-H Club in Mitchell County broke the county record for the heaviest weight six months pig this year. The county agent states that the pig weighed only 43 pounds at weaning time but that he gained 267 pounds in the last 120 days on a ration composed of skimmed milk, soaked threshed maize and sack of commercial protein supplement.

The total land area of Texas is 167,934,720 acres. Only about 8 per cent of this total amount is in cultivation.

WILKINS FAMILY HURT EN ROUTE TO WYLIE

According to Monday's Star-Telegram, the following was noted: Mr. and Mrs. J. E. Wilkins, Snyder, were injured when the automobile truck in which they and their seven children were riding ran off the Weatherford road 16 miles west of Fort Worth about 8 o'clock Sunday morning, and turned upside down in a ditch. Mrs. Wilkins, seriously hurt, has a head injury which may be a fracture, according to City-City Hospital attendants. Her husband was cut on his face and a hand.

Mrs. Wilkins was brought to the hospital by Frank Hunham, 2800 Avenue H. Sergeant Lee and Emergency Policemen Massey and Harmon took her husband to the same place, and drove the children to the Cottage.

Wilkins told police that his truck was crowded off the road by a west-bound bus, which he said failed to stop. The Wilkins family were on their way from Snyder to Wylie.

ANTI-SMITH RALLY IS HELD THURSDAY

Snyder, not to be outdone by larger cities, enjoyed an anti-Smith rally at the court house Thursday night when Rev. J. F. Lawlis of this city and Rev. Ewell of Colorado were the principal speakers.

There was nothing left undone to show that Al Smith should not be elected president.

An invitation was extended to President J. D. Sandefer of the Texas anti-Smith forces to be the principal speaker at another rally to be held at the court house Thursday night at 8 o'clock. Dr. Sandefer gave his assurance that he would be here, and a big crowd is expected to attend this meeting. The organization of the Scurry County Anti-Smith Club will be perfected Monday night.

WINS CONTEST

Joe York won first prize at the Comanche Fair recently in the calf-roping contest which he consummated in 17 seconds. The second day Mr. York won second money in the same contest. Congratulations are in order for those folks who keep Snyder's name before the world.

RESIDENCE BURNS

The Jeff Trice residence, located on the north highway, was completely destroyed by fire Monday morning. The alarm was turned in around 3:00 a. m. and before the fire boys could reach the scene the house was practically in ruins. Several narrow escapes from serious injury were reported. Oscar Wilson was burned and injured in leaping from the second floor to the ground. Faulty electric wiring is presumed to have caused the fire. H. G. and A. J. Towle owned the house, which was partially covered by insurance.

ABILENE EDITOR IS WEST TEXAS BOOSTER

Recently the Times-Signal called the attention of the Abilene Reporter-News editor to the shipment of a carload of eggs to Havana. Editor Frank Grimes in replying said: "Thank you for your note concerning the eggs. It is indeed a fine record, but it merely goes to confirm what I have long firmly believed—that West Texas can raise more stuff, raise it more economically, and get it to the market quicker than any other section of the well-known foot-stool."

"In my editorial work I always try to keep that fact before the public. West Texans are boosters, but they're not half as braggy as they ought to be. It's the greatest country on earth!"

Attaboy! So say we.

BANK MAKES REPAIRS ON BUILDING INTERIOR

Extensive repairs have just been completed at the First State Bank & Trust Company that greatly enhance the appearance of the banking home. Under the new order of things more room is given the executive end of the business, with likewise a remarkable change made to the interior as well.

Tuesday a remarkable work of art, an oil painting entitled "La Remuda," or the final round-up of Arizona wild horses, was hung on the north wall. The picture was from the hands of Charles S. Rawles, a member of the art colony at Santa Fe, N. M. Mr. Ernest Taylor purchased the picture while vacationing there recently.

Mr. and Mrs. Robert Lunsford were Snyder visitors for a short time Tuesday. Mr. Lunsford is identified with the reportorial department of the Dallas News, and his wife was formerly a Snyder girl, Miss Eleanor Fullilove, who lived on a ranch southwest of here. The two were completing a vacation that had taken them to El Paso and many points of interest in New Mexico.

Boost the County Fair.

(Continued From Page 1) AIRPLANE—

According to County Agent Willis, everything is coming fine, and indications are that Scurry County is going to have one of the biggest fairs that the county has ever had. It is true that the crop exhibits will not be present in such numbers as they have in past years, but people all over the county are showing a remarkable spirit, a spirit that characterizes West Texas in doing the very best they can with just what they will have. Everyone says, "I won't have much, but I will have something to show to help make the fair." This is what is going to put the county fair over and make it succeed in what now appears to be a most unfortunate year, but old Scurry always comes through.

Hermleigh, Fluvanna, Dermott, Union and Rison communities will have community exhibits with others to be heard from by Saturday.

Citizens of Hermleigh invite every person in Scurry County to join with them in their community fair next Saturday.

OUR POLICEMEN

Two people stop to think of just how valuable to residents of a city is the protection given by the police department of the city government. True, they do not prevent all crimes, and do not catch all who commit crimes, but by their watchfulness they prevent a great number of deprecations which, but for their protecting eye, would be committed.

Sometime when you see your city marshal, J. A. Woodlin, or Night Watch Camp or Sheriff Brownfield, say a word of commendation to them. True, they are paid for their services, but the pay they get is small remuneration for the risks they take. They have to stand between you and the worst element of society. They are the first line of defense between you and every possible crook who might desire to rob or otherwise harm you or your loved ones.

Take off your hats to the law—they are entitled to every commendation.

JUDD GRAY'S DAUGHTER RECEIVES BIRTHDAY LETTER FROM HIM

NORWALK, Conn., Aug. 25.—A little Norwalk girl received a letter from her father on her eleventh birthday. That in itself is nothing unusual, but this little girl's father is dead. His name was Gray—Judd Gray—and he died because the law last January demanded his life and that of Mrs. Ruth Snyder for the murder of Albert Snyder.

This little girl does not know all that—all she knows is that her father is dead and that before he died he prepared a series of letters to be given her, one on each birthday until she reaches 21. The letter was delivered by Samuel L. Miller of New York, who was attorney for Gray in his fight for life. It was not made public.

Beat two eggs in a teacup and finish filling the cup with sweet cream. Turn into a mixing bowl and add one cup of sugar, using the same cup for a measure. Flavor with any flavoring desired. Bake either in two layers or in a loaf.

Texas is second only to Iowa in total value of the live stock industry. The annual production in Texas is about \$300,000,000.

Two champion stalks of sugar cane were brought to the Times-Signal yesterday by Coy Watkins, the largest measuring twelve feet in height.

NOW IS TIME TO OVERHAUL CHICKEN HOUSE

Overhaul your poultry houses now, before the brooding season begins. Wise poultry men give special attention to thorough disinfection, to eliminating any possible leaks in the roof, and to setting up the houses so that they face the south and are protected from the weather. The old theory favored upon front houses for fresh air. It is now known, however, that the benefits supposedly coming from the fresh air actually come from the sunlight. Modern houses are warm and tight and get the sun through ultra-violet ray glass. This is translucent, and its wire base makes it easy to install. Sunlight is the best disinfectant.

ROBY'S NEW HOTEL SOON TO BE READY

Roby's new 30-room hotel is expected to be open to the public on or before October 1, according to E. C. Cox, lessee, of San Angelo. Mr. Cox is an experienced hotel man, and he promises to give the people first class hotel accommodations.

The building is being erected by E. D. Ballard of Brownfield, and the contractor is B. L. Thompson, also of Brownfield.

This is a two-story structure and will have 30 outside guest rooms. The building will be gas heated, and the rooms will be equipped with the best of furnishings.

The ground floor will be given over to the hotel lobby and business houses.

Roby and the owner and lessee are to be congratulated along with the contractor on this fine building, and much credit should go to the Roby Chamber of Commerce in the efforts they put forth in securing this structure for this place.

A long felt need is soon to be realized in the building of this modern hotel in Roby, and the people of this place should not hesitate in boosting and advertising this enterprise in every way.

—Roby Star-Record.

And Snyder idles by without any perceptible effort directed toward a new hotel.

When Orange Grove and Dilworth communities in Jim Wells County voted to grow one variety only of cotton next year, it brought the list of such standardized communities up to five, which produce 90 per cent of all cotton in that county. A system has been worked out by the county agent and ginners, grovers and bankers for keeping this cotton pure at the gins and for buying seed next year at cost.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

Anti-Al Smith Rally

In keeping with a previous announcement an important and enthusiastic mass meeting was held in the Presbyterian Church last Sunday afternoon. Although a good many people went to Snyder for the singing convention, a large audience assembled for this meeting.

Jas. H. Tate, who had planned and announced the meeting, called the house to order and presided. After song and prayer, E. V. Boynton spoke briefly, setting forth certain definite reasons why he was opposed to the election of Alfred E. Smith to the presidency of the United States. Following this the chairman introduced Rev. J. F. Lawlis, pastor of the Methodist Church of Snyder, who delivered a very clear and effective address on the subject. He then introduced Prof. John R. Covey, principal of the Snyder school, who likewise delivered a telling address covering several important phases of the question at issue. Then with the audience stood and sang "America," a collection was taken to help defray expenses of the state anti-Smith campaign. This was followed by a snappy address by the chairman setting forth three outstanding reasons why he could not support the democratic nominee. Prof. D. Snellings of San Marcos being present, was introduced and spoke encouragingly on the subject.

Following the speaking an Anti-Smith Club was organized with E. V. Boynton chairman and W. H. Jones secretary-treasurer. Including the follow-up campaign Monday 115 voters signed a paper pledging themselves to work and vote against Mr. Smith. A few of these belong to other voting precincts, but more than a hundred of them are of the Fluvanna precinct. ON WITH THE BATTLE!

School Opening

On last Monday morning another important turning point marked the course of the passing year. The doors of the public school building swung open to receive the faculty and student body of our public school. The opening exercises were held in the nearby Presbyterian church. Approximately 300 people were in attendance. Superintendent E. O. Wedgworth had charge of the program. After songs and invocation W. H. Jones, secretary of the Board of Trustees, spoke in behalf of the board and urged the hearty cooperation of all the people with the school, reminding the patrons that the school does not belong to the trustees. Supt. Wedgworth next spoke briefly, setting forth his plans and expressing high hopes of a very successful year. Then V. P. was introduced and given the privilege of speaking as long as he might wish, but he chose to be brief and practical, placing additional emphasis on the word "Cooperation," which had become the key-word of the meeting. He warmly commended the superintendent's avowed purpose to cooperate so far as possible with all phases of community interest and to do more than simply earn his salary. V. P. is strongly of the opinion that every school teacher justly owes something to the community in which he teaches, apart from the

school. Rev. Harris, pastor of the Methodist Church, and Rev. Massey, pastor of the Fluvanna Baptist Church, each offered seasonal words of encouragement.

The school opened with the members of the faculty all present and scheduled as follows: E. O. Wedgworth, superintendent, teacher of the sciences and history; E. H. McCarter, principal, teacher of mathematics and English; Miss Spikes, history and mathematics; Miss Winnie Houston, 6th and 7th grades; Miss Mary Ely, 3rd, 4th and 5th grades; Miss Ellis, 2nd and 3rd grades; and Miss Ruth Hardy, 1st grade.

Church Services

Regular preaching services were held at the Presbyterian Church last Sunday morning, the evening service being called off out of deference to the protracted meeting scheduled to start at that hour. A good congregation was in attendance, and the church had been neatly decorated, giving the scene a pleasing setting. Apparently the message was well received.

A protracted meeting began Sunday night at the Fluvanna Baptist Church, the pastor doing the preaching. Both morning and evening services are being held.

Business Affairs

Frank Coleman recently purchased a residence at Thurber, took same down and shipped to Fluvanna. The material will go into a new residence just east of town.

E. P. Ainsworth last Monday sold and delivered to W. G. Jameson of Coke County fifty cows and calves, consideration for cow and calf being \$100. These were delivered at Dermott for shipment. Seventy dry cows at \$75 each are contracted to the same buyer for delivery November 1.

The Dr. J. O. Lane residence, occupied by Will Clawson, is being overhauled—repaired and re-painted. This is a fine thing to do—clean up and brighten up. The Snellings school house, the Jumbo school house and the Moor school house are all undergoing repairs preparatory to the opening of school, as we understand, next Monday. At the Snellings school Misses Nova

Odum of Hopkins County and Geta Landrum of this place will be the teachers.

Visits and Trips
Dolph Favor and family departed Tuesday for Wichita Falls where they will spend a few days visiting Mrs. Favor's sister.

John Stavelly went to Southland last Saturday night from whence he returned Sunday bringing his wife and daughter who had been visiting there the past week.

Rev. Jas. H. Tate and wife went to Clairmont last Thursday where V. P. held the funeral service over the remains of D. I. McCombs, a well-known stock farmer of Kent County who had resided at Clairmont for 29 years and was 8 years sheriff of that county. A large crowd of people attended the service, many of whom being old timers.

Dr. J. O. Lane and wife of Comanche, accompanied by their son, Theron, and his wife and baby of Brownwood, the first three mentioned being former citizens of this place, were here for a few hours Monday on business.

Fred Williams of Snyder was visiting relatives of this community Monday.

Lee Garrett, wife and four children of near Weatherford called on Mrs. Tate, a sister, for a short visit last Saturday.

Jas. H. Tate and J. A. J. Jones were in Post City Tuesday, Wednesday and Thursday attending the meeting of the Presbytery of Abilene. D. A. Jones was also in attendance the last two days.

W. G. Sims, John Truss, Cotton and Ed Brown and Marcus McGure all departed last Sunday for Fannin County for a more or less extended stay.

Sickness
We have learned, while writing these notes, that the 14-year-old son of W. M. Wilkerson, residing on the Park farm some fifteen miles west of Fluvanna, is seriously ill with appendicitis. Arrangements were being made for an operation at the home Tuesday afternoon, but little hope for recovery is entertained.

Albert and Mrs. Browning became the parents of a 9-pound son, their first born, last Sunday. Mother and child are said to be doing well.

Raymond Daugherty of Lamesa but formerly of this community, and whose arm was badly broken near Baird several days ago, is still in the hospital at Lamesa, but is said to be doing very well.

Strange Things

A porcupine was captured in

Waldon Wills' field two miles west of town last Sunday. The strange animal was on exhibit at the C. & M. Garage Monday. This reminds us of the armadillo which the Arch Odum family captured in their yard a few weeks ago. These are rather strange looking animals for these parts. We had always thought that one would have to go to the zoo to see such things, though old timers tell us that both these kinds of animals were occasionally found here many years ago.

MRS. PARIS McPHERSON GIVEN SHOWER

Mrs. Paris McPherson, who became a bride last week, was complimented with a miscellaneous shower at the home of Mr. and Mrs. W. B. Lemons in West Snyder last Friday afternoon.

Upon her arrival, Mrs. McPherson was told that she must travel the "rocky road to happiness" and was given a gayly decorated pink

and white basket in which to carry stones which she would gather along the way. The path led to a pink and white throne in the living room where the bride was told to be seated and to inspect the "stones" she had gathered. When she did so, she found them to be many beautiful and useful gifts.

Misses Elva and Faye Lemons, hostesses, and Margaret Carrell, sister of the bride, served punch and cake to about twenty guests.

GOOD ROADS MEET AT GAIL TODAY

A delegation of Howard County citizens plan to leave next Thursday for Gail to confer with good road enthusiasts of Borden and Garza Counties relative to the construction of a hard surfaced highway between Post City, Gail and Big Spring.

It is hoped a big delegation can be secured to attend this im-

Important conference.—Big Spring Herald.

Salt River is a mythical stream upon which all defeated candidates are supposed to sail. While the voyage is not a pleasant one, the voyagers have good company, and the landing is not as hazardous as that of some airplane trips across the ocean.

SPECTACULAR SUCCESS

is proving it "Chief of the Sixes"

In the tremendous success which Pontiac Six is enjoying is ample reason for designating this great General Motors car "Chief of the Sixes." Never has any new car risen so rapidly in the estimation of motor car buyers for during the first six months of 1928, over 136,000 Pontiacs were sold—the largest volume ever achieved by any car during the first half of its third year in production! This great public acceptance tells more of what Pontiac offers at \$745 than even the most complete listing of such features as Fisher bodies, 186 cu. in. engine, the G-M-R cylinder head, cross-flow radiator, foot-controlled headlights, coincidental lock, etc., etc! Come in for a ride today and learn why its sales sweep ever upward.

A WONDERFUL CHANGE

Do you know why since 1898 (only 30 years) the average human life has been lengthened 15 years? Our doctors say that the major part of this change has been brought about by "sanitation." The groom is also of Hermleigh, being the youngest son of Mrs. L. G. Ryan. He has very faithfully cared for his widowed mother and managed the Ryan farms east of town. However, beginning with the first of this month he became connected with the Glover confectionery and Bus Terminal of Snyder. Miss Genoa Cole, formerly of Sweetwater, gave a violin and piano recital at the High School Auditorium Monday evening. She was assisted by Miss Ina Lee Thomas, soprano, and Mrs. J. C. McClure of Sweetwater played the accompaniments.

Miss Cole's first violin group consisted of "Serenade D'Amour" by Von Blon, "Cradle Song" by Houser and the ever popular favorites, Dvorak's "Humoreske" and Dradla's "Souvenir."

Following this opening group, Miss Thomas sang "Carissima" by Penn.

Miss Cole's next group included Grieg's "To Spring," Donizetti's "Sextette Lucia," Kreisler's beautiful "Lobesfreud," and "Le Cygne" by Saint-Saens.

Miss Cole next played a group of piano numbers in which she showed her art in piano interpretation as well as violin. The group included the Allegro movement from Mozart's "Sonata in C Major," Paderewski's immortal and universally popular "Menuet a L'Antique," and Chopin's "Polonaise Militaire."

Miss Thomas sang the beautiful "La Serenata" by Fosti, and Miss Cole concluded her program with "Il Trovatore," by Singelee.

MOTHERS CLUB

The Mothers Self Culture Club met Sept. 11 at the home of Mrs. E. J. Anderson, with Mrs. Carl Yoder as leader. An interesting program was enjoyed, the subject of discussion being "American Principles and Ideals." Mrs. H. L. Davis gave an interesting talk on "The Two Ideals." History and the value of history was discussed by Mrs. Jack Harris. "The Hall of Fame" was Mrs. P. C. Chenault's subject, and "The Value of the Study of Ideals" was the subject of a talk by Mrs. G. H. Leath.

BRIDGE LUNCHEON

Adding an interesting and delightful date to yesterday's social calendar was the lovely bridge luncheon given in the home of Mrs. A. D. Erwin with Mrs. P. M. Chambers and Mrs. Erwin hostesses.

A rare and lovely setting was provided by the hostesses for the entertainment of their guests with a beautiful color theme being featured in all the details of the party. Roses lent their grace and fragrance to the pleasing background of this brilliant affair.

In the bridge and forty-two games Mrs. Jack Harris was the successful winner of high score in bridge and Mrs. W. M. Scott in forty-two.

A delicious luncheon was served to about forty guests.

Higginbotham

This is How Higginbotham Are Preparing for It

Great things are taking place at Higginbotham's store. Things are happening "behind the scenes," as it were. There is a bustling activity and a feeling of suppressed excitement everywhere, for we're getting ready for a new season—and that's INTERESTING, the most interesting thing in our entire store life! If you were down here working with us for a few days, here's what you would see:

—You would see much express coming. That means "fashion" merchandise, the new dresses, coats, shoes, hats, accessories, silks, woolens and all the other things that well-dressed people prefer.

—You would see great cases of freight that come by steamer and train. That means the immense array of "staple" things you will see this fall at Higginbotham's—the sheets, the blankets, the gingham and the hundreds of other similar things.

—You would see carloads of freight being unloaded at both our store and warehouse. That means for our hardware and furniture needs, also the farm implements that mean so much to the productivity of Scurry County soil.

—You would see parcel post packages. That means, perhaps, samples from manufacturers, or small items of merchandise, or "fill-ins" of goods that are already selling.

—And you would see report after report from our Dallas office—giving in detail just what is taking place, just what new things are offered, just what merchandise is selling best—and of most importance just what the newest fashion tendencies are.

—And you would see, finally, that The House of Higginbotham is making the greatest preparations for a prosperous season we've ever made. You would see that Higginbotham has faith in the community, in Scurry County—has faith in the people, and is backing up that confidence with many thousands of dollars.

This Fall, More than Ever,—
"It Pays to Buy at Higginbotham's."
