MARSHALL HIGGINS, Assistant Cashier
HOLLIE LEWIS, Assistant Cashier

FRIENDLY

MILK is the product resulting from the souring or treatment by a lactic acid culture of milk or milk products.

(h) **EVAPORATED MILK** (Unsweetened) is milk from which a considerable portion of water has been evaporated and which contains not less than twenty-five and five-tenths per cent (25.5 per cent) of milk solids and not less than seven and eight-tenths per cent (7.8 per cent) milk fat.

(i) **CONDENSED MILK** (Unsweetened) is milk from which a considerable portion of water has been evaporated to which sugar has been added, and which contains not less than twenty-eight per cent (28 per cent) of milk solids and not less than eight per cent (8 per cent) milk fat.

(j) **CONDENSED SKIMMED MILK** is skimmed milk from which a considerable portion of water has been evaporated, and which contains not less than twenty per cent (20 per cent) of milk solids.

(k) **POWDERED (Dried) WHOLE MILK** is milk from which substantially all of the water has been removed, and which contains not less than twenty per cent (20 per cent) of milk fat, and not more than five per cent (5 per cent) of moisture.

(l) **POWDERED SKIMMED MILK** is a substance produced by re-combining powdered whole milk, powdered skimmed milk, condensed or evaporated whole milk or skimmed milk, and milk fat with water, and shall conform in milk fat percentage and bacterial counts to the provisions of this ordinance relating to milk.

(m) **MILK PRODUCTS** shall be taken to mean and include cream, skimmed milk, adjusted milk, butter milk, cultured butter milk, evaporated milk (unsweetened), condensed milk (unsweetened), condensed skimmed milk, powdered whole milk, powdered skimmed milk and recombined milk.

(n) **PASTEURIZATION**: The terms "pasteurization," "pasteurized," "pasteurize," and similar terms shall be taken to refer to the process of heating milk or milk products to a temperature of not less than one hundred and forty-two degrees (142 degrees) Fahrenheit and holding at such temperature and time being automatically recorded by a temperature and time recording device approved by the Health Officer.

(o) **ADULTERATED MILK AND MILK PRODUCTS** are milk and milk products defined in this Ordinance which do not conform with the definitions contained in this Ordinance.

(p) **MILK PRODUCER**: A milk producer is any person, firm or corporation who owns or controls one or more cows, a part or all of the milk from which is for sale, or sold or delivered to another person, firm or corporation.

(q) **MILK DISTRIBUTOR**: A milk distributor is any person, firm or corporation which has in possession, offers for sale, sells, or delivers to another, any milk or milk products for consumption or manufacturing purposes.

(r) **DAIRY OR DAIRY FARM** is any place or premises where one or more cows are kept, a part or all of the milk or milk products from which is sold or delivered to any person, firm or corporation.

(s) **MILK PLANT**: A milk plant is any place, or premises, or establishment where milk or milk products are collected, handled, processed, stored, bottled, pasteurized, or prepared for distribution.

(t) **HEALTH OFFICER**: The Health Officer shall be taken to mean the Health Officer of the City of Snyder, Texas, in person, or his authorized representative.

(v) **AVERAGE BACTERIAL COUNT** shall be taken to mean the average bacterial count of all samples taken during the grading period, including at least four samples taken upon separate days.

(w) **GRADING PERIOD**: The grading period shall be such period of time as the Health Officer may designate, within which grades shall be determined for all milk and cream supplies, provided that the grading period shall in no case exceed six (6) months.

SECTION 2: THE SALE OF ADULTERATED OR MISBRANDED MILK OR MILK PRODUCTS PROHIBITED: No person, firm, association or corporation shall within the City of Snyder, Texas, produce, sell, offer or expose for sale, or have in possession with intent to sell, any milk or milk product which is adulterated, misbranded, or unbranded.

SECTION 3: PERMITS: It shall be unlawful for any person, firm, association, or corporation, to bring into or receive for sale, therein, or to have on hand any milk or milk product, excepting evaporated milk, condensed milk, condensed skimmed milk, powdered whole milk and powdered skimmed milk, who has not paid his license fee in advance, and who does not possess an unrevoked permit from the Health Officer of the City of Snyder, Texas, and on whose vehicles or in whose place of business there does not appear in a conspicuous

place a placard showing the permit number in figures at least three inches high and one and one-half inches wide.

Such a permit may be revoked by the Health Officer upon the violation by the holder of any of the terms of this or any other Health Ordinance of the City of Snyder, Texas, providing that the holder of said permit, shall, after complying with revocation have the right of appeal to the Board of Health.

SECTION 4: LABELING AND PLACARDING: All bottles, cans, packages, and other containers enclosing milk or any milk product defined in this Ordinance and sold or served shall be plainly labeled or marked with: (1) the name of the contents as given in the definitions in this Ordinance; (2) the grade of the contents if said contents are graded under the provisions of this Ordinance; (3) the word "pasteurized" if the contents have been pasteurized; (4a) the word "raw" if the contents are raw; (5) the percentage of milk fat if the package or other container encloses adjusted milk.

Every grocery store, restaurant, cafe, soda fountain or similar establishment selling or serving milk shall display in a place designated by the Health Officer a card furnished by the Health Officer, stating the grade of the milk at the time when delivered and whether same is raw or pasteurized.

SECTION 5: INSPECTION OF DAIRY FARMS AND MILK

PLANTS FOR THE PURPOSE OF GRADING OR REGRADING: At least once during each grading period the Health Officer shall inspect every dairy farm producing milk or cream for consumption within the City of Snyder, Texas, and all milk plants whose milk or cream is intended for consumption within the City of Snyder, Texas. In case the Health Officer discovers the violation of any item of sanitation, he shall make a second inspection after a lapse of such time as he deems necessary for the defect to be remedied but not before the lapse of three days, and the second inspection shall be used in determining the grade of milk or cream.

One copy of the inspection report shall be posted by the Health Officer in a conspicuous place upon the inside wall of one of the dairy farms or milk plant buildings and said inspection report shall not be removed by any person except the Health Officer. Another copy of the inspection report shall be filed with the records of the Health Department. In addition, a written notice shall be mailed to or left with the owner or manager in the case of violations.

SECTION 6: THE TESTING OF MILK AND MILK PRODUCTS: During each grading period at least four samples of milk or cream from each dairy farm and each milk plant shall be tested by the Health Officer. Samples of milk and cream from stores, cafes, soda fountains, restaurants, and other places where

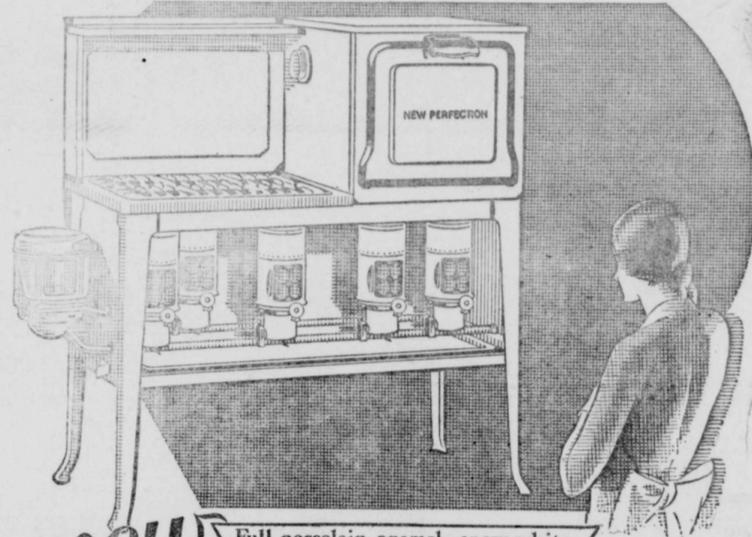

milk products are sold shall be tested often as the Health Officer may require. Said tests shall include the determination of the bacterial count made in conformity with the standard methods recommended by the American Public Health Association, and may include such other chemical and physical determinations as the Health Officer may deem necessary for the detection of adulteration. Notices of bacterial counts shall be given to the producer or distributor concerned as soon as made or to any interested person on request. Samples may be taken by the Health Officer at any time prior to the final delivery of the milk or milk products. All stores, cafes, restaurants, soda fountains and other similar places shall furnish the Health Officer upon his request, the name of the milk distributor from whom their milk is obtained.

Should the market value of any single sample exceed twenty-five cents the City of Snyder, Texas, shall pay the distributor therefor.

SECTION 7: THE GRADING OF MILK AND CREAM. At least once every six (6) months the Health Officer shall announce through the daily press the grades of all milk and cream supplies delivered by all producers or distributors and ultimately consumed within the City of Snyder, Texas. Said grades shall be based upon the following standards: the grading of cream being identical with the grading of

denaturing of misbranded products; regulating repasteurization; providing for future dairies and milk plants; regulating vehicles; prescribing milk and milk products not in conformity with this ordinance; declaring offenses and fixing penalties; repealing ordinances in conflict and providing for validity of this ordinance.

BE OBTAINED BY THE CITY COMMISSION, CITY OF SNYDER, TEXAS, AS FOLLOWS:

Section 1: DEFINITIONS: The following definitions shall apply in the interpretation and the enforcement of this Ordinance:

(a) **MILK** is hereby defined to be the whole, fresh, clean, lacteal secretion obtained by the complete milk of one or more healthy cows, properly fed and kept, excluding that obtained within fifteen days before and five days after calving, or such longer period as may be necessary to render the milk practically colostrum free; which contains not less than eight and one-half per cent (8½) of solids not fat and not less than three and one-fourth per cent (3¼ per cent) of milk fat.

(b) **MILK FAT OR BUTTER FAT** is the fat of milk and has a Heichert-Meissel number of not less than twenty-four (24) and a specific gravity of not less than 0.905, (40 C- 40 C).

(c) **CREAM**: sweet cream, is that portion of milk, rich in milk fat, which rises to the surface of milk on standing or is separated from it by centrifugal force, is fresh and clean, and which contains not less than eighteen per cent (18) of milk fat; provided that cream having less than 18 per cent milk fat shall be known as SUB-STANDARD CREAM. Cream having less than thirty per cent (30) milk fat shall be known as LIGHT CREAM. Cream having more than thirty per cent (30 per cent) and less than forty per cent (40 per cent) milk fat shall be known as HEAVY CREAM, and cream having more than forty per cent (40 per cent) milk fat shall be known as EXTRA HEAVY CREAM.

(d) **WHIPPING CREAM AND MANUFACTURING CREAM** are creams intended for whipping or

manufacturing purposes, and the grades of same shall not be based on bacterial count.

(d) **SKIMMED MILK** is milk from which substantially all the milk fat has been removed.

(e) **ADJUSTED MILK** is milk in which the percentage of milk fat has been adjusted by the addition or removal of cream or skimmed milk.

(f) **BUTTER MILK** is the product which remains when milk fat is removed from milk or cream, sweet or sour, in the process of churning. It contains not less than eight and five-tenths per cent (8.5 per cent) of milk solids not fat.

(g) **CULTURED BUTTER**

PROGRESS

The bank of the community is the medium through which progress is made possible.

Banking institutions are monuments to progress and to the confidence-inspiring methods and perfect protection which modern banking affords.

Earnest and whole-hearted co-operation between this bank and its depositors will assure substantial progress for this section.

THE SNYDER NATIONAL BANK

The oldest bank in Scurry County—Nearly a quarter century complete banking service.

WHY NOT A PERMANENT BANKING CONNECTION WITH A PERMANENT INSTITUTION?

Capital, Surplus and Undivided Profits \$150,000.00

CONTRACT MADE FOR MUNICIPAL ELECTRIC PLANT AT SPUR

A contract was made Monday in Spur with the Fairbanks-Morse Co. for the construction and installation of a municipal electric light plant to serve the city with electricity.

The machinery and equipment is to cost the city approximately one hundred thousand dollars, with an additional cost of approximately ten to twenty-five thousand dollars for the site and buildings.

Some 95 per cent of city users of electricity have signed a five-year contract to patronize the municipal plant at specified rates of from ten to two cents per kilowatt.

It is expected that the buildings and installation of the plant will begin immediately.

The West Texas Utilities Co. is at present doing business in Spur with an estimated investment of more than two hundred thousand

dollars. The company is a recognized developer, builder and promoter, and with its enormous investment can not be expected to quietly fold its tent and depart from the field. The Fairbanks-Morse Company is also a strong concern, developer and promoter in its line. It is our prediction that a "bottle royal" will be witnessed in the Spur field for supremacy—and to the victor belong the spoils.—Texas Spur.

SCHOOL ADDS 9TH TEACHER

The Hermligh school has this week added Miss Ethel May Wheeler to the faculty of eight. The school has grown in the last year until eight teachers cannot handle it, and it has become necessary to have nine this year.

Miss Wheeler is a sister to Mrs. Kerr, the superintendent's wife. We are glad to welcome Miss Wheeler both to the school and to the social circles of the town and school community.—Herald.

SNYDER BOY OPENS LAW OFFICE AT BIG SPRING

Tracy Smith has advised the Times-Signal that he has opened up an office at Big Spring for the practice of law and is well pleased with this thriving Howard County city.

Mr. Smith has received a remarkable education in law, and is the son of District Judge Fritz R. Smith. Citizens of Big Spring will find in their new resident a hustler and a mighty fine gentleman.

Tracy's many local friends will join the Times-Signal in extending best wishes. Incidentally, Tracy sent the necessary "spontulicy" for a regular subscription to the home paper.

To Soften Putty

Tough putty with a brush dipped in nitrate or muriate acid. After an hour or so the putty will be soft and can easily be removed.

LOCALS

Mr. and Mrs. Simon Snider and two children of Yuma, Ariz., visited Thursday night and Friday with Mr. and Mrs. E. W. Tullis. Dr. and Mrs. A. O. Scarborough and Mrs. Leonard Daugherty and son visited Sunday in Sweetwater.

Joe Collins, operator on the Avalanche-Journal force at Lubbock, was a Snyder-visitor Sunday.

Roy Strayhorn, Watt Scott and Mr. Cooley returned Tuesday from Dallas with more Fords for the Strayhorn agency.

Miss Lucy Woodard of Tolar arrived last week and has a position in the piece goods department of Bryant-Link Co.

Mr. and Mrs. R. W. Webb accompanied Misses Margaret Dell Prim and Pauline Jones to Lubbock Sunday where they will attend school at the Tech.

B. F. Webb and daughter, Miss John L. Webb, of Boswell, Okla., arrived Friday and are visiting Mr. Webb's sister, Mrs. O. P. Thrane, and his son, George Webb.

Mr. and Mrs. W. J. Hull and family and Mrs. D. M. P. of Rotan were Sunday guests of Mrs. D. J. Hull.

Mrs. J. S. Vaughan and daughter, Mrs. Quinney, of Colorado were guests of Mr. and Mrs. O. P. Thrane Sunday.

E. B. Hull of Sweetwater visited his mother, Mrs. D. J. Hull, Sunday.

Mrs. J. L. Daugherty and little son, Grant, returned Monday from a several days visit with her sister, Mrs. J. M. McKenzie, in Sweetwater.

Mr. and Mrs. Rob Strayhorn and children of Rotan were visitors in the home of Mr. and Mrs. Joe Strayhorn Sunday.

Miss Arvie Bishop of Abilene was a guest of Mr. and Mrs. George Oldham Sunday.

Mrs. John Yates of Waxahachie was a visitor in the home of Mr. and Mrs. Joe Strayhorn Sunday.

Leslie Davis returned Friday from Corpus Christi where he has been for the last several weeks.

Mr. and Mrs. Jesse Woosley and daughter spent Sunday in Tahoka with Mr. Woosley's parents.

Mr. and Mrs. Joe Drake were Sunday visitors in Colorado.

Mrs. Pete Bridgeman left last Friday for Amarillo to visit her daughter, Miss Ione Bridgeman.

D. Hyepeck was carried to the Lubbock Sanitarium Monday morning for an appendicitis operation.

Miss Myrtle Woodfin left Sunday for Lubbock where she will attend the Tech.

Miss Ina Lee Thomas spent the week-end with her parents in Sweetwater.

Mr. and Mrs. J. W. Braswell of Lamesa were here Friday and Saturday visiting their daughter, Mrs. J. L. Daugherty.

Claude Holley, who visited in Portales several days last week, returned home Sunday and was accompanied by his uncle, J. C. Brown.

W. L. Shaw, J. S. Bradbury and J. E. Huckabee accompanied Misses Ora Thompson, Violet Bradbury, Polly Harpole, Jonny Shaw and Mary Bob Huckabee to Abilene Monday where they will enter Simmons University.

G. M. Mauls, old time pioneer citizen of Scurry county, was a Times-Signal visitor Monday morning with the information that he had come here on an inspection tour in 1902, found that there were no saloons, decided it was the place for him and Mrs. Mauls, whereupon he located here that year, coming from Coleman County.

Jack Deakins of Floydada spent last Sunday with his parents, Mr. and Mrs. E. M. Deakins.

Miss Erma Taylor left Sunday for Abilene. Miss Taylor will teach stage craft and voice diction in Simmons University. The past year Miss Taylor was a student in the University of Iowa.

Mr. and Mrs. Roy Bennett are the happy parents of twins, born Sept. 17.

Mr. and Mrs. Wayne Wasson of Dayton, Ohio, came in last Friday for a visit with their parents.

Mrs. L. E. Trigg, Mrs. E. E. Wallace and Mrs. J. A. Hood accompanied Miss Alma Hood to Abilene last Friday where Miss Hood will enter a business college.

Mrs. Jim Woody returned Friday from a week's visit with Mr. and Mrs. Albert Jones and family in Ranger.

S. M. Dohy, formerly associated with the Times-Signal as floor man, has accepted a position on the Littlefield Leader.

Dr. I. A. Griffin spent last week-end in Bell County visiting his parents and friends.

Mr. and Mrs. Raney of Camp Springs brought their 5-year-old son to the local hospital Monday for treatment. Mr. Raney, an uncle of the little boy, ran his car over him Monday and broke his leg. The little fellow is reported to be getting along very nicely.

Mr. and Mrs. A. M. Curry spent last week-end in Miles on business.

Mrs. A. J. Towle spent yesterday in Abilene.

Carter Yoder of Van Alstyne visited his uncles, C. J. and D. P. Yoder last week and attended the fair. He was en route to Lubbock where he will attend the Tech. He was accompanied by Lubbock Saturday by Hal Yoder, who will also attend the Tech.

Mrs. Raymond Sears of Slaton spent last week-end with Mr. and Mrs. E. F. Sears and attended the Scurry County Fair.

Miss Ruth Jane Garner was a visitor of friends in the city last week and attended the fair.

Henry Rosenberg left Saturday night for Fort Worth and was accompanied home Tuesday by Mrs. Rosenberg, who had been visiting her parents.

Mr. and Mrs. Roger A. Burgess, who were en route from Lubbock to their home in Merkel, visited with Mr. and Mrs. John R. Covey Tuesday.

Mrs. Amos Joyce and Miss Alma Nell Morris spent yesterday in Abilene.

TEN FORT WORTH OIL OPERATORS INDICTED

Ten Fort Worth oil promoters were named in the five indictments returned by the special Federal grandjury in partial report to Judge Wilson at Fort Worth Thursday. Each was charged with using the mails to defraud.

After making its report the jury recessed until October 22 when it will report on a number of complaints alleging that oil promoters have used the mails to defraud.

Another special grandjury convened at Amarillo Monday, according to Assistant United States District Attorney McCutcheon and will be in session for a week.

Prevent Tarnishing

Keep a piece of gum camphor in the drawer with the flat silver and it will not tarnish.

SUNDAY SCHOOL RALLY TO BE HELD AT COLORADO NEXT SUNDAY AT 2:00 P. M.

Rev. Geo. E. Alexander, missionary of the Mitchell-Scurry Baptist Association, announces the following program to be held at the First Baptist Church at Colorado next Sunday:

2:00 Devotional, Wren Moore, Snyder.
Congregational singing to be led by J. Q. Woodard, Roscoe.
2:20 Sunday School Evangelism by Rev. W. E. Ferguson, Snyder.
2:50 Special music, supplied by Snyder workers.
3:00 Roll call and reports, all Sunday schools to send representatives and reports.
3:20 Appointment of nominating and program committees.
3:25 Sunday school address, Pastor Graves Darby, Roscoe.

3:50 Nomination and election of officers for the ensuing year.
4:00 Recognition of new officers, presentation of their written duties by field secretary and reception of their pledges to function.
4:10 Presentation of next program with time and place of next meeting.

PRINT WONDERFUL PAPER

Last Sunday's Lubbock Avalanche-Journal was one of the most remarkable newspapers ever issued from any one spot on earth—110 full pages—a good fair to be held there. Among the various sections were 24 pages of rotogravure, said to have been the largest single section of this kind ever issued in Texas. If each individual page were placed end to end, they would pave a road the width of one page, 476 miles in length, the paper stated. Congratulations are due Publisher D. D. Roderick and his splendid newspaper and co-workers.

TIMES-SIGNAL FORUM

ANSWERS ARTICLE

Sweetwater, Texas, Sept. 24, 1928. Scurry County Times-Signal, Dear Editor:

In the last issue of your weekly paper there was an article entitled, "What Kind of a Man is Al Smith?" and written by a man who answers to the name, A. P. Morris.

For the sake of fair play and for the sake of justice, we, the members of "The Newman Club" at Sweetwater, beg you to insert in your paper's next issue a copy of the "Truth About Congressional Record and Knights of Columbus Oath," together with the "Findings Thereabout by the California Free Masons," an article published last Saturday by "The Southwest Courier," a copy of which we herewith enclose.

The Sweetwater Newman Club, Miss Marie Kelly, Editor's Note—Copy of the above is at the Times-Signal office and may be looked over by anyone interested. The text matter was too lengthy for reproduction.

ORDINANCE—

(Continued From Page 2)

milk except that the permissible bacterial limits shall be multiplied five fold in each case.

CERTIFIED MILK is milk which conforms with the requirements of the American Association of Medical Milk Commissioners, and produced under the supervision of the Medical Milk Commission of the Medical Society of Scurry County.

GRADE "A" RAW MILK is milk whose average bacterial count as determined under Section 6 of the Ordinance does not exceed 50,000 per cubic centimeter, and which is produced upon dairy farms conforming with all of the following items of sanitation.

COWS (1) A physical examination and tuberculosis test of all cows shall be made at the owner's expense before any milk therefrom is sold and at least once every twelve months thereafter by a veterinarian who is approved by the Health Officer. A certificate signed by the veterinarian, and filed with the Health Officer shall be the only valid evidence of the above test. Every diseased animal shall be removed from the herd at once and no milk from diseased cows shall be offered for sale. All reacting animals shall be isolated at once and immediately excluded from the premises. All animals failing to pass the tuberculin test shall be branded with the letters "T" or "T.B." on the shoulder, hip, or jaw and removed at once and slaughtered under the direction of the Health Officer. Each letter in the brand shall be not less than two inches high and one and one-half inches wide.

LIGHTING (2) All dairy barns shall have at least three square feet of window space for each animal.

AIR SPACE (3) All dairy barns shall have at least five hundred (500) cubic feet of air space per cow.

FLOORS (4) Floors and gutters of all dairy barns shall be constructed of concrete or other impervious and easily cleaned material approved by the Health Officer and shall be graded to drain properly, and shall be kept clean and in good repair.

WALLS AND CEILINGS (5) The walls and ceilings of all dairy barns shall be whitewashed once each year or painted once every two years, or finished in a manner approved by the Health Officer, and shall be kept in good repair. In case hay or other feed stuffs are stored above the barn the ceiling shall be high.

COW YARD (6) All cow yards shall be graded and drained as well as practicable, and kept clean.

MANURE DISPOSAL (7) All manure shall be removed and stored or disposed of in such manner as best to prevent the breeding of flies therein.

MILK HOUSE OR ROOM (8) "Construction". There shall be provided a separate milk house or milk room for the handling and storage of milk, provided with a tight floor constructed of cement or other impervious material and graded to provide proper drainage. The walls and ceilings of the milk house or room shall be of such construction as to permit easy cleaning and shall be painted at least once each year or finished in a manner approved by the Health Officer. The milk house or room shall be well lighted and all openings effectively screened to prevent the entrance of flies, and shall be used for no other purpose than the handling and storage of milk or milk products and other operations incident thereto. The cleaning and other operations shall be located and conducted as to prevent any contamination one to the other. The milk room shall not open directly into the barn or into any room used for sleeping or domestic purposes.

CLEANLINESS (9) The floors, walls, ceilings and equipment of the milk house or room shall be kept clean at all times.

TOILET (10) Every dairy farm shall be provided with a sanitary toilet constructed and operated in accordance with the ordinances of the City of Snyder, Texas. No outside sanitary privy shall be located and sewerage effluent discharged within 150 feet of any milk house or source of water supply.

(11) The water supply shall be easily accessible, adequate and of a safe sanitary quality.

(12) UTENSILS (constructed) All containers or utensils used in the handling or storage of milk or milk products must be of such construction as to be easily cleaned and must be in good repair. Joints and seams shall be soldered flush. All milk pails shall be of narrow mouth design approved by the Health Officer.

(13) CLEANING. All containers and other utensils used in the handling and storing or transportation of milk and milk products must be thoroughly cleaned by rinsing with clean water after each usage, scrubbing in an alkaline solution, and rinsing with clean water.

(14) STERILIZATION. All containers and other utensils used in the handling, storing, or transportation of milk or milk products shall be sterilized with steam.

(15) STORAGE. All containers and other utensils used in the handling, storing, or transportation of milk or milk products shall be stored so as not to become contaminated until again used.

(16) HANDLING. After sterilization no container or other milk or milk products utensil shall be handled in such manner as to permit any part of the person or clothing to come in contact with any surface with which milk or milk products come in contact.

(17) UDDERS AND TEATS. The udders and teats of all milking cows shall be cleaned and sponged with water containing chloride of lime or any other approved disinfectant, and dried with a disinfected cloth immediately before milking.

(18) FLANKS. The flanks of all milking cows shall be kept free of visible dirt at the time of milking.

(19) MILKERS' HANDS SHALL BE CLEAN AND RINSED WITH WATER containing chloride of lime or any other approved disinfectant and dried with a clean towel immediately before milking. Should the milking operation be interrupted the milkers' hands must be redisinfectated.

(20) CLEAN CLOTHING.

Milkers shall wear clean outer garments during milking.

(21) MILK STOOLS shall be kept clean.

(22) REMOVAL OF MILK. Each pail of milk shall be removed immediately to the milk house. No milk shall be strained in the dairy barn.

(23) COOLING. Milk must be cooled within one hour after milking to 50 degrees Fahrenheit or less and maintained at or below that temperature until delivery unless it is delivered to a milk plant for pasteurization or separation, in which case it must be cooled or pasteurized within two hours of the time of production.

(24) BOTTLING AND CAPPING. Capping shall preferably be done by machine. In case capping is done by hand, the hands shall be disinfected in a manner approved by the Health Officer before the process of capping is begun, and after each interruption. Caps not purchased in sanitary containers, and kept therein until used shall be kept in dust-proof containers and shall be immersed in an approved disinfectant solution immediately before use.

(25) HEALTH CERTIFICATES. Every person whose work brings him or her in regular contact with the production, handling, storage, or transportation of milk or milk products shall hold a certificate from the Health Officer certifying to the fact that within twelve months laboratory and other examinations have been made indicating that said person is free of tuberculosis, that said person is not a carrier of typhoid fever and that said person is free of any disease capable of being spread through milk supplies.

(26) NOTIFICATION OF DISEASE. Notice shall be sent to the Health Officer within twenty-four hours by any milk producer or distributor upon whose dairy farm any case of sickness or any infectious, contagious, or communicable disease occurs.

GRADE "B" RAW MILK is milk the average bacterial count of which is at no time prior to delivery exceeds 200,000 per cubic centimeter, and which is produced upon dairy farms conforming with all of the items of sanitation required for Grade "A" Raw Milk except (2), (3), (4), (5), and (6), provided that cleanliness shall in no case be omitted.

Item (23) shall apply except that the cooling temperature shall be changed to sixty (60) degrees Fahrenheit. Item (14) shall apply except that boiling water may be substituted for steam.

Section 8: (1) BUILDINGS AND EQUIPMENT. The floors of all rooms in which milk is handled shall be smooth, impervious, properly drained, and provided with trapped drains, and kept clean.

(2) WALLS AND CEILINGS of rooms in which milk is handled or stored shall be frequently painted with a light colored paint or finished in a manner approved by the Health Officer, and kept clean.

(3) DOORS AND WINDOWS. All openings into the outer air shall be effectively screened to prevent the access of flies. Doors shall be self-closing.

(4) LIGHTING AND VENTILATION. All rooms shall be well lighted and ventilated.

(5) PROTECTION FROM CONTAMINATION. The various milk operations shall be so located and conducted as to prevent any contamination one to the other.

(6) TOILET FACILITIES. Every milk plant shall be provided with toilet facilities conforming with the Ordinance of the City of Snyder, Texas. There shall be at least one room or vestibule not used for milk purposes between the toilet room and any room in which milk or milk products are handled. The doors of all toilet rooms shall be kept in a clean condition, in good repair, and well ventilated. In case privies

or earth closets are permitted and used, they shall be located at least 100 feet from the building and shall be of sanitary type constructed and operated in conformity with the ordinances of the City of Snyder, Texas.

(7) WATER SUPPLY. The water supply shall be easily accessible, adequate, and of a safe sanitary quality.

(8) WASH ROOM. A wash room shall be provided, equipped with hot running water, soap, and sanitary towels of a type approved by the Health Officer. The use of common towels is prohibited.

(9) MILK PIPING. Only "sanitary milk piping" of a type which can be easily cleaned with a brush shall be used.

(10) CONSTRUCTION OF EQUIPMENT. All equipment with which milk comes in contact shall be constructed in such manner as to be easily cleaned and shall be kept clean.

(11) DISPOSAL OF WASTES. All wastes shall be disposed of in conformity with the requirements of the Health Officer.

(12) CLEANING AND STERILIZING OF CONTAINERS AND APPARATUS. All milk containers and milk apparatus shall be thoroughly cleaned after each usage by rinsing with clean water, then scrubbing in an alkaline solution, then rinsing with clean water, and finally sterilized in a manner approved by the Health Officer.

(13) STORAGE OF CONTAINERS. After sterilization in bottles, cans, and other containers shall be stored in an inverted position in a clean place protected from contamination.

(14) HANDLING OF CONTAINERS AND APPARATUS. Between sterilization and usage all containers and apparatus shall be handled in such manner as to prevent any part of the person or clothing from coming in contact with any surface with which milk or milk products come in contact.

(15) STORAGE OF CAPS. Milk bottle caps shall be purchased and stored only in sanitary tubes and shall be kept therein until used.

(16) PASTEURIZATION shall be performed as described in the definition section of this Ordinance. The time and temperature record charts shall be preserved for a period of three months for the information of the Health Officer.

(17) COOLING. All milk not pasteurized upon receipt shall be immediately cooled to a temperature of 50 degrees Fahrenheit or less and maintained thereat until pasteurized; and all pasteurized milk shall be immediately cooled to a temperature of 50 degrees Fahrenheit or less and maintained thereat until delivery.

(18) BOTTLING shall be done in such manner as to prevent any part of the person or clothing from coming in contact with any surface with which milk or milk products come in contact.

Laundry Satisfaction with ECONOMY!

WHEN your laundry comes back from The Snyder Laundry, you'll find them unharmed and beautifully washed. Scientifically prepared soaps and water and modern machinery make for flawless work.

The price, too, will surprise you. Our rates are surprisingly low in view of the superior service we offer. A test has proven that only three (3c) cents is saved by doing the washing at home. The promptitude and dependability that you find here is well worth the difference and then some. Just call 211—let us wash for you one time. A try will convince you.

SNYDER LAUNDRY

PHONE 211

surface with which milk or milk products come in contact.

(19) OVER-FLOW MILK, which has become machine contaminated, shall not be sold for human consumption.

(20) CAPPING shall be done by machinery approved by the Health Officer. Hand capping is prohibited.

(21) TIME OF DELIVERY. Milk to be consumed in the form of whole milk shall be delivered to the final consumer within thirty-six hours of the time of pasteurization.

(22) PERSONNEL: HEALTH CERTIFICATES. Every person whose work brings him or her in contact with the production, handling, storage or transportation of milk or milk products shall hold a certificate from the Health Officer certifying to the fact that within twelve months laboratory and other examinations have been made indicating that said person is free of tuberculosis, that said person is not a carrier of typhoid fever, and that said person is free of any disease capable of being spread through milk supplies.

(23) CLEANLINESS. All persons coming in contact with milk or milk products, containers or equipment shall wear clean outer garments and shall keep their hands clean at all times while thus engaged.

GRADE "B" PASTEURIZED MILK is Grade "A", "B", or "C" Raw Milk which has been pasteurized, cooled, and bottled in a plant conforming with all of the items of sanitation required for

Grade "A" Pasteurized Milk excepting (2), (4), (24), and the average bacterial count of which at no time after pasteurization and prior to delivery exceeds 100,000.

GRADE "C" PASTEURIZED MILK is pasteurized milk which does not meet the requirements of either Grade "A" or Grade "B" Pasteurized Milk, and the average bacterial count of which at no time prior to delivery exceeds 500,000 per cubic centimeter. Grade "C" Pasteurized Milk shall be sold for manufacturing purposes only and every container thereof shall be marked with the words, "For manufacturing purposes only."

Section 9. SUPPLEMENTARY REGRADING. At any time between regular announcements of milk grades any producer or distributor may make application for regrading his product.

In case the applicant's existing low grade is owing to excessive

bacterial count, said application must be supported by at least two bacterial examinations made subsequent to the end of the previous grading period and indicating that the quality of the applicant's output has improved since the last grading announcement and conforms with the requirements of a higher grade. The samples upon which the said two analyses are made may be brought to the Health Department Laboratory by the applicant.

Upon the receipt of a satisfactory application, the Health Officer shall make at least four bacterial analyses upon samples collected by the Health Officer of the applicant's output within a period of not less than two weeks and not more than three weeks of the date of the application. The Health Officer shall award a higher grade immediately in case the said four analyses indicate the necessary quality.

In case the applicant's existing low grade is owing to excessive

of an item of sanitation other than bacterial count, said application must be accompanied by a statement signed by the applicant to the effect that the violated item of sanitation has been conformed with. Within one week of the receipt of such an application, the Health Officer shall make a re-inspection of the applicant's establishment and, in case the findings justify, shall award a re-grade.

At any time between regular announcements of milk grades the Health Officer may lower the grade of any milk producer or distributor if as a result of inspections or milk analyses a lower grade shall be justified in accordance with the term of this Ordinance.

Section 10. TRANSFERRING OR DIPPING MILK. No milk producer or distributor shall transfer

PRAYER MEETING TICKETS Believing that people appreciate something they have to pay to see and hear more than they do something they can attend free of charge, Rev. H. D. Tucker, pastor of the Asbury Methodist Church of El Paso has begun selling tickets to his Wednesday night prayer meeting services.

As a result of the admission price, Rev. Tucker reported an increased attendance. "I've always observed that people value things more if they pay money for them," he explained. "I'm trying this admission charge idea as an experiment. The pastor sells season tickets to his prayer meetings for \$1.00.

MAN CAN BREAK 20 LAWS BEFORE GOING TO WORK An ordinarily good citizen can break twenty laws on his way to the office mornings, and there are some 30,000 others that he can violate without necessarily becoming a bad citizen, if he is not constantly equipped with a library of law books and accompanied by a legal advisor.

This is the estimate of William S. Dutton, writing in the September American Magazine. Mr. Dutton, interviewing Silas H. Strawn of Chicago, president of the American Bar Association, discovered that there are about 10,000,000 laws and ordinances in the books of the United States, with 200,000 laws and ordinances being added every year. Forty-eight state legislatures, 16,000 incorporated cities, towns and villages and about 3,000 counties are in the lawmaking business, and more than 100,000 lawmakers duly elected are incessantly busy making new laws.

All of these, declared Mr. Strawn, do not pertain to individuals but a conservative estimate is that there are 30,000 laws, 10,500 of which are federal, which may affect any one citizen. "The Bible," says Mr. Dutton, "covered the whole field in ten laws, while Justinian felt that 2,000 laws were enough to rule the Roman Empire, but our own lawmakers have refused to take a chance with any such flimsy structure and have covered everything from the length of bed sheets in hotels to the hours a housewife may use an electric vacuum cleaner. There are good laws, bad laws and freak laws, all of which cost the public from \$100 to \$600 each."

BROTHERS MEET FOR FIRST TIME IN 25 YEARS Four Swann brothers met here Monday for the first time in 25 years, when three brothers came to visit Dr. A. R. Swann, who has been very sick. The visiting brothers were W. D. Swann of Tyler, J. H. Swann of Comanche, and J. S. Swann of Merkel. With them were Mrs. Sam Swann and Miss Nellie in the Swann of Merkel. These four brothers are all that are living of a large family. Their ages range from 69 to 83 years. Dr. Swann being the youngest of the brothers.—Rotan Advance.

ENJOINS SALE OF POWER PLANT EQUIPMENT GREENVILLE, Sept. 14.—A temporary injunction was granted last Wednesday restraining the Fairbanks-Morse Company from endeavoring to sell equipment for a municipal light and power plant at Commerce. Officials of that city on Thursday said that the site had been selected and that erection of the plant would start immediately.

The temporary injunction was granted in district court here upon application of the Texas Power & Light Company. The petition recited that the plaintiff had been serving the city of Commerce with lights and power under a contract entered June 22, 1923, and extending to July 30, 1930. As an alternative to the injunction the Texas Power & Light Company asks damages of \$250,000.

ROAD MEETING AT GAIL IS CANCELLED

The good roads meeting that was planned to be held at Gail last Thursday was cancelled. Delegates from Post sent word that they were not in position to open a new road now as the funds had been expended in the erection of a bridge in Garza County. Judge Dardard of Borden County upon being informed of this by Post City delegates decided it was useless to hold the meeting. Garza County was unable to participate.

Haskell Sheriff Contest Sept. 24 Al Cousins, sheriff of Haskell County, is contesting the election of W. T. Sarrells to the office in the last primary. Hearing in the case has been set for district court which convenes there Sept. 24.

COLORADO SCHOOL ENROLLMENT LARGER THAN LAST YEAR Enrollment of Colorado schools is 915 for the first week, Sept. 24. Of this number 288 are in the high school. High school enrollment last year was 247. Grammar school enrollment is 325 and primary is 302. Primary enrollment at the end of the second month last year was 238. The first grade has 152 students. The Freshman class this year has 84 enrolled, and last year only 44 graduated from the grades.

All in all, according to Supt. Peek, there is an increase of about 100 this year in the enrollment over that of last year. There are 30 new students in the high school coming from surrounding country schools.—Record.

PASTORS RAPPED BY SHERMAN JUDGE "Withdrawal of 'patronage' from pastors 'who make political stumps out of their pulpits' . . . in the circulation of false slanders designed to lead uninformed persons away from the democratic party" was advocated by Judge Rice Maxey, Sherman, in an address to the organization meeting of the Dallas County Woman's Democratic Campaign committee at Dallas Thursday. Governor Moody was extolled in addresses by Mrs. Clara Driscoll Sevier, democratic national committee woman of Texas, and Mrs. J. E. King of San Antonio, member of the democratic national advisory committee.

TOWN KILLERS People who kill a town: Those who oppose improvements. Those who run it down to strangers. Those who never advertise their business. Those who distrust public-spirited men. Those who show no hospitality to anyone. Those who hate to see others make money. Those who oppose every improvement that doesn't originate with themselves. Those who put on an extra long face when a stranger talks of locating in their town. Those who oppose every public enterprise that does not appear of personal benefit to themselves.

LIGHT PLANT INJUNCTION OFF

A hearing was held before the federal judge in Dallas last Friday on an injunction brought by the Texas Power & Light Company against the Fairbanks-Morse Company in the matter of the last named firm installing a light plant in Seymour. Injunction proceedings were instituted on the grounds that the Fairbanks-Morse Company did not have a franchise for operating a light plant, and that their actions were confiscatory in not preparing to take care of all features of power service, for instance, gin plants. The light company undertook to prove that the business left to it after installation of the other plant would not be of a profitable nature.

The injunction was denied by the judge, and work is going forward on the Fairbanks-Morse plant. In fact, the company had given bond for damages, and work never had stopped.—Baylor Co. Banner.

COLORADO GIRL IS STUDYING FLYING AT MIDLAND AIRPORT Miss Eleanor Thomas of Colorado is in Midland taking flying lessons under Pilot M. M. Beach.

er of Midland Airport. She is to teach school this year on a ranch near Marfa and is taking these instructions prior to that time. Miss Thomas is a granddaughter of Dr. P. C. Coleman, prominent West Texan.—Midland Reporter.

BIG SPRING HERALD SPEAKS OF SNYDER VISITOR D. P. Strayhorn of Snyder was a business visitor in Big Spring Friday. Mr. Strayhorn, who was formerly a resident of Big Spring, at one time owned large land interests in this territory. Mr. Strayhorn still owns several choice residence lots in the City & Strayhorn addition. This addition was named for D. P. Strayhorn and W. R. Cole, who at one time owned practically all of the land in that section of town. Mr. Strayhorn stated that he noted a wonderful growth in Big Spring since his last visit here and is delighted with the prospect of the Big Spring country.—Herald.

SOCIETY

W. M. S. MEETS

The Women's Missionary Society of the Methodist Church held its regular monthly meeting Monday afternoon in the home of Mrs. R. H. Curnutte, Mrs. C. C. Higgins presiding. Good reports were given from the various officers, and a fine program was outlined for the fall work. Among other things it was decided to hold a "Rummage Sale" about the last of October. Mrs. W. W. Smith reported excellent sales of Skidoo. After the business session, the following program was rendered: Devotional period, "Even Unto Death," Mrs. W. W. Hamilton. Discussion, "What is Involved in Life's Dedication?" Mrs. J. C. Dorward leader.

Prayer, Mrs. D. N. Price. Discussion of the temperance issue, Mrs. W. W. Smith. Stewardship, Mrs. H. G. Towle. Bulletin, Mrs. J. E. Hardy. At the conclusion of the regular program the visitors were called upon, and Mrs. Upton responded by giving one of her radio readings, "Make Tomorrow Better Than Today."

Mrs. Curnutte, assisted by Mrs. Ivan Dodson, Mrs. Enfield, Mrs. Hagan, Mrs. Rob't Curnutte, Jr., Mrs. Homer Snyder and Miss Ruth Smith, served lovely plate lunches to twenty-five members, ten children, and the following guests: Mrs. Whittaker, Mrs. Thomas of Houston, Mrs. Curnutte, Sr., Mrs. Bowlin of Bridgeport, and Mrs. Ellen R. Upton of Los Angeles, Calif.

MRS. J. R. HICKS HOSTESS TO SAN SOUCI CLUB

Tuesday evening Mrs. James R. Hicks was the charming hostess to the members and guests of the San Souci Club.

Beautiful fall flowers and fol-

lage carried out the color scheme of yellow, when attractive vases and baskets were placed in vantage points about the rooms.

The guests were refreshed with fruit punch while playing. At the conclusion of the play of forty-two, a delicious salad course was served to Misses Cecil and Neoma Strayhorn, Mrs. Forest Sears, Mrs. Sam Hamlett, Mrs. Lee Newcorn, Misses Hattie and Gertrude Horn, Edith Grantham, Mrs. W. E. Smith, Mrs. J. P. Nelson and Mmes. Pat Brown, Perry Alford, Carl Yoder, J. T. Whitmore, Lee Stinson, H. G. Towle, C. R. Buchanan, O. P. Thrane, Fritz R. Smith, J. E. Sentell and Misses John L. Webb of Oklahoma and Sally Evelyn Boone of Camp Springs, a house guest of Mrs. Hicks and who also assisted Mrs. Hicks in hostess duties.

MRS. FRITZ R. SMITH ENTERTAINS AT BRIDGE

A pretty compliment to Mrs. Harold Enfield of Hollywood, Cal. was given when Mrs. Fritz R. Smith was hostess for seven tables of bridge at her attractive home last Thursday afternoon. The spacious home was adorned with vases and baskets of carnations carrying out the color scheme of pink and white.

Tables were daintily appointed with bridge accessories and a series of interesting games was enjoyed, after which a dainty salad course was served to twenty-eight guests.

PICNIC

Mrs. Wright Huddleston and Misses Reis Chandler and Othalee Clark celebrated their birthdays jointly Sunday when they invited a number of their friends to a picnic supper Sunday night at the Chandler home about fifteen miles south of town.

MRS. GATES ENTERTAINS

Mrs. Tom Gates honored her mother last Thursday afternoon with a cleverly planned surprise birthday party. Fall flowers of pink in beautiful vases about the rooms created an attractive environment for the charmingly furnished home.

Gifts from the honoree's many friends which were hidden all over the house were found by Mrs. Warren. At the conclusion of the play of forty-two refreshments of ice cream molded into the form of a rose and cake, which reflected the chosen color scheme, were served to Mmes. H. G. Towle, Dale Warren, W. R. Johnson, Hugh Taylor, Pat Brown, Allen Warren, H. E. Rosser, Billy Wilsford, Will Williams and Miss Elizabeth Smith.

EL FELIS CLUB MEETS WITH MRS. FRITZ R. SMITH

The members of the El Felis Club enjoyed an unusually delightful session this week at which time they were the guests of Mrs. Fritz R. Smith at her attractive home. In a setting of charm tables were arranged for the play of forty-two.

At the refreshment hour a tempting two-course luncheon was served to Mmes. A. J. Cody, Albert Norred, J. C. Dorward, C. C. Higgins, Com Ezell, J. G. Hicks, Hugh Boren, Gertrude Smith, Clyde Shull, Charles Harless, W. D. Egge, W. M. Scott, George Northcutt, W. W. Hamilton and Bob Warren.

The members of the Intermediate B. Y. P. U. held a social gathering at the First Baptist Church Monday night with Mrs. Eiland leader and Allene Curry, Mabel Reichardt, Leota Glenn and

SELF CULTURE MEETS

Mrs. W. H. Cauble was hostess to the Mothers Self Culture Club last Tuesday. The study for the afternoon, "Ideals of the Various Groups of Colonists Surviving in Our National Life," was led by Mrs. J. A. Woodfin. After answering to roll call, each naming a typical man of the colonial period and a short sketch of his life, the following subject were discussed: "Symbols of the American Spirit" and the "Declaration of Independence" by Mrs. P. C.

An entirely new scheme of body lines and contours... the most costly paneling employed on any automobile in the world... and the richest upholstery and appointments distinguish Buick's new Masterpiece BODIES by FISHER

The Silver Anniversary Buick is kindling more interest—drawing more people to the display rooms—winning more praise—and creating a demand so sweeping and so insistent that Buick's vast factories have reached new levels of production in attempting to keep pace.

—all because it is not only the most brilliant performing automobile of the day, but also because it marks a new style—a thrilling new mode of car design—more beautiful, more luxurious and more graceful than any the world has known!

An entirely new scheme of body lines and contours—softly rounded steel panels, the most costly employed on any motor car—a continuous moulding, with double bead running around the body and dividing the lower from the upper structure—all impart an atmosphere of unrivaled beauty.

If you want beauty—if you want individuality—if you want up-to-the-minute smartness—there's only one choice... the choice of America... the Silver Anniversary Buick with new Masterpiece Bodies by Fisher. It's the new style—the new mode—in motor cars!

THE SILVER ANNIVERSARY
BUICK
With Masterpiece Bodies by Fisher

May Motor Comyany

THE Telephone Company, like any other industry, operates on the money it receives from its customers for service furnished them.

The greater portion of this revenue is used to pay operating expenses,—wages, taxes, rents, maintenance of equipment. Then dividends must be paid to the thousands of stockholders who have invested their savings in the telephone company, and who are entitled to a fair return on their money.

The remainder goes to provide financial stability through periods of depression and emergency, and to give more and better service to you and other telephone users.

It is the fundamental policy of the Company to provide the best possible service at the lowest possible cost.

SOUTH SIDE SQUARE SNYDER, TEXAS

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

NOTE—Inasmuch as I am asking the good editors for extra space this week in order to reply to Mr. Townsend's article of last week, I am endeavoring to be brief in this article.

The Fair
We take it for granted that all our people were very much interested in the Scurry County Fair held at Wolf Park, Snyder, last week. There are many things that we might say, and would like to say about this fair, but, as all know about it—know more about it than this scribble other possibly tell, we are making our comments brief. Suffice it to say that we really had a splendid fair. This is not only our own opinion, but as I was told, there was a gentleman from the fair one day who had visited many county fairs in Texas this year, and he declared that ours was the best he had seen. Of course we had our difficulties, but we also had a good fair. Of course, there would have been more booths. Let us hope that there will be more next year.

Naturally enough, we Fluvanna people were inclined to think that we had the best booth—the best exhibit of all, but the judges did not quite think so, so we got second prize. But after all, that is not bad, especially when it is remembered that there were only 12 points difference between our score and that of Union, who won first. It is all the more encouraging when we remember that very many disinterested spectators considered our exhibit the best of all. Dunn, Bison and others put up splendid exhibits, as would do credit to most any community. But let us all do better next time. Look out, neighbor Union, we expect to be in the race again. In addition to our second best in the booth, our community had several other trophies. Will Hood won first and championship on his Hereford bull and second on his calf; John Henry Trussell first on his pig; O. T. Higgins first on potatoes; J. A. Jones first on maize heads; Bob White third in the old fiddlers contest, and, best of all, T. A. and Mrs. Faver's baby boy proved to be the best in the county. Thus we find that Fluvanna is not only a good place to make a living, but it is a good place to live and raise babies—the best of babies. A Fluvanna baby won last year. There may have been other prizes won, but if so V. P. failed to get them listed, hence the omission.

Business
J. R. Willis shipped one car of fat cattle to Fort Worth Monday. Mrs. J. L. Green brought in the first bale of cotton Monday for the present season. It was ginned at the Boren & Taylor gin in the afternoon, weighed 411 pounds, and in addition to the market price, brought a \$25 premium.

Church Services
Regular services were held at the Presbyterian Church last Sunday morning and evening; also at the First Baptist Church. Services were also held morning at evening at the Christian Church—Rev. Kemmell of Slaton doing the preaching. We understand that there was a very good attendance at all these services. So far as V. P. knows, there will not be any preaching service in Fluvanna next Sunday morning, but there will be services at the Presbyterian Church at 7:30 p. m. Let all the people attend if possible.

School Notes
"Pop" exams seem to be the order of the day. All teachers, especially in the high school, are testing their pupils by these daily quizzes. There are very few "lame ducks" to be found, which speaks well for the student body. The different classes have already met and organized. The officers of the Senior Class are: Ruth Truss, president; Alma Lemons, sec'y-treas.; Nadine Haynes, reporter; Hood Willis, Lloyd Ainsworth, Opal Barnes, Burline Boynton, Evelyn Moore and Charlene Tarter compose the social committee. The class is composed of nine members, seven girls and two boys. Supt. E. O. Edgeworth was elected sponsor. The Junior Class, which is also composed of nine members, met last Monday afternoon and organized. Frank Taylor was elected president; Matty Lynn Beaver, sec'y-treas.; and Pauline Haynes, reporter. Chas. Bly, Maybel Steker and Chas. Bly are the social committeemen. Miss S. Sykes, the efficient and lively high school teacher, was elected sponsor. Much work and many activities are expected from both classes.

Fluvanna will be heard from later in the way of basketball. Already, through the efforts of our competent superintendent, we have two new basketballs, the best to be had, two sets of new goals, two sets of new backboards and posts, ten sweat shirts for the boys, and plenty of pep and vim. Both our boys and girls teams are fast whipping into shape for our opponents.

Time is passing very swiftly. Already two weeks have gone by. Christmas will be here before we hardly realize it.

Miscellaneous
Aunt Martha Green (mentioned last week) is quite ill in the home of J. E. Jones.

We understand that Norman Rogers, an old-time stockman of this section, residing several miles north or northwest of Fluvanna, died at Post last Monday morning.

Uncle George Garner of Snyder was here the first of the week visiting the Carmichael family. Mrs. Della Boswell of Willis Point, in company with Dr. and Mrs. N. C. Letcher of Snyder, visited the W. P. Sims family last week.

Jay Harris of Winters is visiting the Ellis family this week.

Clifford Jones has gone to Greenville where he became a student in Wesley College.

Several of our people had occasion to attend court at Gail last Monday.

W. O. Christopher and wife and Mrs. J. A. Martin visited in Post last Sunday.

REPLY TO TOWNSEND

In the last issue of this paper, Sept. 20, there appeared a lengthy article by Mr. F. I. Townsend, replying to a previous article by me under the caption, "Preachers and Politics," published in the issue of September 6. I am now replying to Mr. Townsend, but I want it understood that there is no animosity between me and that gentleman. We have been good friends for many years, and so far as I am concerned, this relation shall continue. It is, however, only a matter of justice that I be allowed to defend my position. In fact several people have urged me to make reply.

Mr. Townsend says that my "statements and inferences are so misleading," that he feels "impelled to reply." I now undertake to show that there was nothing deceptive or misleading in what I wrote. An eighth grade school boy could understand what I meant to say. Whatever fight I make now, or at any time, for the cause of righteousness is made in the open.

His first objection to my article is "converting the pulpit into a political rostrum," etc. My reply is, I have not done so. I have not preached any political sermon or delivered any lecture, on present issues, at Sunday morning or night services, either in or out of the church. My article under criticism was written in my home on a week day. We did, however, hold an anti-Smith mass meeting in our church here on Sunday afternoon, Sept. 16, but since neither the officers nor the members of the church objected, it was nobody else's business.

Mr. Townsend undertakes to instruct the protestant ministry along the lines of political affairs, in the Constitution of the U. S. and in the Bible. Pretty wise guy, isn't he? He says that "A preacher who preaches political sermons from his pulpit or delivers so-called lectures," etc., is violating the spirit of our National Constitution. Well, who said so? Where is the authority for this charge? Neither the Constitution, any of the 19 amendments nor the Bill of Rights contain or imply any such thing. Here is all that is said about it:

AMENDMENT 1. "Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof, or abridge the freedom of speech, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances." It will be seen that instead of ministers and churches being prohibited from speaking out on the fitness or unfitness of a candidate for office; exactly the reverse is true

—the freedom of speech is guaranteed. The rest of Mr. Townsend's argument is about as fallacious as this; in fact, his entire article is set up on a false premise.

Then Mr. Townsend undertakes to disqualify my references to Moses, Nathan, Daniel and Elijah on the ground that these are Old Testament cases. What of that? Every minister in the land, including those of Mr. Townsend's own church, preaches from time to time on Old Testament texts. It was only the ceremonial Law (continued in ordinances) that Christ abrogated. Paul so states it in Ephesians 2:14, 15. One wonders if our critic knows that the Ten Commandments are the very heart of the Mosaic Law. Are they abrogated? No one questions the place and authority of the Great Commission given by Christ and quoted by Mr. Townsend from Mark 16:15, but let us look to the same thing in Matthew 28:18-21 where it is more fully expressed. Here teaching is twice mentioned—"Teach-

ing them to observe all things whatsoever I have commanded you." Notice the "all things." That involves everything that Christ taught. It thus includes what he said in Luke 20:25—"Render therefore unto Caesar the things which are Caesar's." As I stated before, Caesar here represents the government. And the principle involved does not stop at Rome. Townsend says that "Caesar was the head of the Roman government." Here he is wrong again. Julius Caesar (whose image was on the coin) had been dead more than 70 years when Christ made this statement. In brief, loyalty is the lesson here taught. Now, at such a time as

this, how can a citizen be more loyal, patriotic and true to the best interest of his government (and humanity), and how can he better guide and guard the best interest of the same than by endeavoring to choose, and in helping others to choose, the wisest, best fitted and most noble men possible to fill our public offices? This is what about ninety per cent of our protestant ministers are trying to help do just now—that is, defeat a demagog and put a worthy man in the White House. A most noble purpose, is it not? I suspect that I am as much opposed to any particular church trying to control the government as is Mr. Townsend; and this is

one reason why the ministers of scores of denominations are now in the fight against a man who, if he is loyal to his own church, is subject to the dictation of the Pope of Rome; while, at the same time, we are supporting a man who is a member of a church other than any one of the churches we represent. Mr. Townsend professes to deplore narrowness, bigotry and intolerance among

church people and discourses on the havoc it has wrought in the past. I also very much deplore these conditions of both past and present history, but it may be well to remember, just now, that practically all that horrible and bloody carnival in the past—including the martyrdom of such noble men as Huss, Tyndale, Lat-

GENERAL ELECTRIC Refrigerator

There are three important things to consider when you buy a refrigerator. The mechanical quality of the product (its efficiency, its quietness, its simplicity, its cost of operation), the character of the organization which makes it.... and the actual amount of shelf space it gives you for storing food.

You will be amazed to see how unusually roomy all the models of the General Electric Refrigerator are. The scientifically designed, extremely compact chilling chamber allows the very greatest shelf space. The model illustrated, built for the use of a medium size family, has twelve square feet of shelf space for storing food.

Come in today and study the many models. See the way all the machinery is sealed in an air-tight casing of steel. None of its efficiency can leak out—no trouble can creep in. We never see the mechanism, you never have to give it a thought. It was all tested and re-tested before it was allowed to leave the General Electric factory. You really should see these refrigerators and compare them with all others before you decide to buy. Do this, in fairness to yourself. Why not do it today?

Send today for an interesting booklet.

ORDINANCE—

(Continued From Page 4)

fer milk or cream from one container to another upon the street or in any vehicle or store or in any place except a bottling or milk room especially used for that purpose except as may be specially permitted by the Health Officer in the case of milk being delivered in bulk. The sale of dip milk is hereby expressly prohibited.

Provided that nothing contained in this Section shall prohibit the serving of milk or milk products in cafes, soda fountains or similar establishments in a sanitary manner approved by the Health Officer.

Section 11. MILK NOT TO BE PASTEURIZED OUTSIDE OF SCURRY COUNTY, Texas. No milk or cream shall be sold in the City of Snyder, Texas, that has been pasteurized outside the County of Scurry, Texas, except as may be authorized by the City Health Officer.

Section 12. SPITTING. No person shall spit except into a receptacle provided for the purpose in any part of any room, vehicle or other place used for the sale, storage, handling or transportation of milk.

Section 13. VEHICLES. All

vehicles used for delivery of milk in the City of Snyder, Texas, shall be so constructed as to protect the milk from the sun and from contamination. Such vehicles shall be kept clean while used in transporting milk or milk products. No substance capable of contamination to milk or milk products shall be transported with milk or milk products.

Section 14. DENATURING MISBRANDED PRODUCTS. The Health Officer shall immediately denature with rennet or some harmless coloring matter any milk or milk product found misbranded with respect of grading or sold without a permit.

Section 15. RE-PASTEURIZATION PROHIBITED. No milk or milk product shall be pasteurized more than once.

Section 16. FUTURE DAIRIES AND MILK PLANTS. All dairies and milk plants from which milk is supplied to the City of Snyder, Scurry County, Texas, which are hereafter constructed, shall conform to the requirements of the Health Officer.

Section 17. Every person, firm or corporation selling or transporting milk or milk products in the City of Snyder shall be subject to inspection, and before selling or delivering milk or milk products in the City of Snyder

shall apply to and secure from the City Health Officer a written permit to engage in such business in the City of Snyder for a period of one year thereafter, provided there be paid to the City of Snyder in advance for such permit for such year a license fee graduated as follows:

Annual license fee for the sale and delivery of milk or milk products acquired from or distributed by milk plant, \$30.00.

Annual license fee for sale or delivery of milk or milk products acquired from or produced or delivered by each dairy a minimum of \$3.00 plus \$2.00 per cow, heifer or bull up to and including ten head, and plus \$1.00 per head for each such animal in addition to said ten head, provided that in no case shall the maximum fee exceed \$30.00 for any one Dairy.

Section 18: No unclean or unsanitary milk bottle or container used for milk or milk products shall be deposited or collected outside of a fly proof inclosure; it being the intention of this provision to avoid among other things the spread of diseases by placing or collecting such bottles or containers where flies may be attracted.

Section 19. PROSCRIBED MILK. Milk or milk products which do not conform with any one of the grades described in this Ordinance shall not be sold in the City of Snyder, Texas.

Section 20. PENALTY. Any person, firm, association or corporation who shall violate any provision of this Ordinance shall be fined not more than one hundred and no-100 dollars (\$100.00).

Section 21. REPEAL AND DATE OF EFFECT. All ordinances and parts of ordinances in conflict with this Ordinance are hereby repealed; and this Ordinance shall be in full force and effect immediately upon its adoption and its publication as provided by law.

Section 22. Should any section, paragraph, sentence, clause or phrase of this Ordinance be declared unconstitutional or invalid for any reason, the remainder of said Ordinance shall not be affected thereby. Each and every violation of the provisions of this Ordinance shall constitute a separate offense.

Passed and approved by majority vote, first reading 18th day of September, 1928.

Passed and approved by majority vote, second reading, 18th day of September, 1928.

H. G. TOWLE, Mayor.

A. C. PHEUETT, Secretary.

ONE YEAR AGO

From "The Times-Signal"

SEPT. 22, 1927

Snyder High defeated Idalou High Friday, 25 to 0.

Thieves have been visiting a number of local homes. B. L. Baze grappled with one Sunday night but the man escaped, while Joe Strayhorn found his pants hanging out on a tree Sunday morning.

The Dallas Steers defeated Snyder Saturday 11 to 4.

DERMOTT NEWS

We are authorized to say that the Methodist fourth quarterly conference will meet at Polar Sunday afternoon.

Our Sunday school is progressing. We have an average attendance of 67. Come and join us.

Brother Newsom preached Sunday night.

Mrs. M. J. Morris of Lone Wolf, Okla., is visiting her daughter and son-in-law, Mr. and Mrs. Newton Frisbie, this week.

Mrs. Dovie Edmonson of Abilene is visiting Mrs. Myrtle Edmonson this week.

Mrs. Hardin of Post spent the first of the week with Mrs. Johnnie Browning.

Mrs. Myrtle Edmonson has been quite ill this week. She had a serious attack of heart trouble Wednesday, but is improved.

Mrs. Jim Russell of Dermott is having her residence remodeled.

Len Hogan and family returned from an extended trip to East Texas Sunday.

DeWitt Coleman of Post has come to work for Roy Elkins of the L. P. ranch.

Dermott people were among the winners of awards at the county fair. J. A. Scrivner won first on registered hogs and first on goats. Dermott won sixth on its community booth.

Miss Georgie Elkins, Baby Doll Elkins and Mrs. Mary Hulsey Lawrence made a business trip to Post Wednesday.

Mrs. Mola McDonald and family and Mr. and Mrs. Arch Lavender of near Fluvanna spent Sunday with Mr. and Mrs. Charlie Johnson and family.

John Browning, Jessie Browning, and Miss N. E. Browning went to Abilene on business Monday and visited relatives while there.

Burford Browning left Sunday of the week to visit her sister near Lubbock where he will attend the Tech.

Miss A. D. Johnson left the first of the week.

CALIFORNIA VISITOR ARRIVES IN SNYDER

Mrs. Ellen R. Upton of Corona, Cal., arrived in Snyder last weekend to be the guest of Mrs. John E. Hardy, and she proudly lays claim to having held the wheel of a Ford car a total of 91,798 miles, just what the car registered when she with Mrs. Hardy went Times-Signal visitors Monday.

The newspaper contained a story last week concerning Mrs. Upton's travels which stated that she had driven from California to Decatur, Ill., at a cost of \$2 This should have read \$2.00.

Mrs. Upton requested that the Times-Signal publish the following hymn, which was the favorite of Abraham Lincoln. Its title is "Your Mission" and was written from memory by Mrs. Upton herself, who was one of the most welcome and pleasant callers it has been our pleasure to meet.

The Abraham Lincoln hymn verbatim reads:

If you cannot on the ocean Sail among the swiftest fleets, Rocking on the highest hollows, Laughing at the storms you meet.

You can stand among the sailors Anchored yet within the bay, You can lend a hand to help them As they launch their boats away.

If you are too weak to journey Up the mountain steep and high You can stand within the valley As the multitude goes by; You can chant in happy measures As they slowly pass along, Though they may forget the singer, They will not forget the song.

If you have not gold and silver Ever ready to command, If you cannot toward the needy Reach an ever open hand, You can visit the afflicted, O'er the erring you can weep; You can be a true disciple, Sitting at the Savior's feet.

If you cannot in the harvest Garner up the richest sheaves, Many a grain both ripe and golden Will the careless reaper leave; Go and glean among the briars Growing rank against the wall, For it may be that their shadow Hides the heaviest wheat of all.

If you cannot in the conflict Prove yourself a soldier true, If where fire and smoke are thickest There is no work for you to do, When the battle field is silent, You can go with careful tread, You can bear away the wounded, You can cover up the dead.

Do not then stand idle, waiting For some greater work to do, Fortune is a lazy goddess, She will never come to you, Go and toil in every vineyard, Do not fear to do or dare, If you want a field of labor, You can find it anywhere.

This old hymn has been lost to print, or at least a part of it, and I want it kept as it was when I learned it when a child.

Signed: ELLEN R. UPTON.

10 YEARS AGO

From "The Snyder Signal"

JUNE 7, 1918

The Scurry County Hobby-for-Governor Club has been started.

Prof. Bullock has been elected principal of the Hernaligh Public Schools.

W. H. Caudle and little son of Albany came in Monday to close up the deal for the B. Longbotham ranch.

Ten years ago last week the American army took the salient at St. Mihiel. For four years it had been a thorn in the side of the Allies who had spent thousands of lives trying to take it but failed. After the American victory there was no longer any talk about our boys as French or British replacements. They had shown their stuff.

NOTICE OF APPLICATION TO MAKE MINERAL LEASE

Guardianship of the Estate of Esther McDermott, a minor. In the County Court of Scurry County, Texas. Notice is hereby given that Dovie McD. Edmondson, guardian of the estate of her daughter, Esther McDermott, a minor, has this day filed her application for said guardianship for an order of the county court of Scurry County, Texas, authorizing her as such guardian to make a lease for oil and gas prospecting purposes upon such terms as the court may order and direct, on the following described real estate lying in Scurry County, Texas, to-wit:

All of the South 333 4-10 acres of Section 453 in Block 97 of the H. & T. C. Ry. Co. surveys in said Scurry County. Said application will be heard by the County Judge of said county at the Courthouse in the City of Snyder, Texas, on the 5th day of October, A. D. 1928, at which time any persons interested in said estate may appear and contest said application, if they desire to do so. DOVIE McD. EDMONSON, 15-1tp Guardian.

BILL SMITH GLAD "IT WAS A BOY"

Billy Smith, on learning that a new brother had been born last Wednesday night, remarked to one of the men of the Signal force that he was "glad it was a boy. Girls have no sense, and do you know, Jane Ann (that's his baby sister) is the dumbest thing imaginable." The Senior Editor doubts all this, for Bill seems to have a lingering smile and a most beautiful disposition with the feminine species close by him.

COLORADO YOUTH KILLED BY TRUCK

Robert Soenksen, 14, high school pupil, son of Mr. and Mrs. S. L. Soenksen of Colorado, was fatally injured at noon, Friday when he was run down by a gas company truck as he left the school building for home. His skull was crushed. He died at five o'clock.

DUNN DOINGS

Mrs. Sallie Wilson died at her home four miles east of Dunn at 3:30 p. m. Monday. Funeral services were conducted by Rev. J. W. McGaha at the Baptist Church in Dunn. The largest crowd was in attendance that has assembled in Dunn in many months. Mrs. Wilson was 72 years of age, and had lived in Scurry County 45 years. Her husband, Sam Wilson, died in 1916. They were of the highest type of that venturesome

generation of pioneers that opened up the West for the present prosperous and happy generation. Mrs. Wilson leaves four sons and two daughters and several grandchildren to mourn her loss. Her beautiful life and Christ-like influence will be a great loss to the entire community. Rev. J. E. McDermott was an Abilene visitor Monday and Tuesday of this week, attending the opening of Simmons University. An anti-Al Smith club was organized at the Dunn school auditorium last night. A very good representation of the voters was present. Will Johnston was elected president, E. M. Parker, secretary. Mr. Preuitt of Snyder was present and spoke to the assembly; also Rev. Mr. Clark of Johnson County was present and made a good speech on the moral issue of the impending presidential campaign. School opened Monday morning with a large attendance of parents as well as students. Supt. Wedgworth of the Snyder schools and Co. Supt. Pat Bullock were also present and made some good speeches. The P. T. A. held a meeting at the close of the school exercises and made plans for the activities of that auxiliary. Mrs. Amos is president, Mrs. Oscar Bowers vice president and Mrs. Grooms secretary. We anticipate great success for the school this term. JIM PEACH.

Twenty thousand dollars has been subscribed to a \$75,000 hotel for Merkel. According to plans \$40,000 is needed before the hotel building will start.

POLITICS—

(Continued from Page 8)

imer, Ridley and Cramer; also the 'Thirty Years' War and the massacre of St. Bartholomew and the horrible Spanish Inquisition and the burning of Bibles' by the whole are all chargeable to the Roman hierarchy; and the Roman Church of America today never cooperates with protestants in revival campaigns, thanksgiving services or any kind of religious activities. Then who is most chargeable with intolerance?

But in spite of all this, we preachers and the major part of our church membership oppose the candidacy of Mr. Smith MAINLY on the ground of his anti-prohibition record and his avowed present position, the opinion of Mr. Townsend to the contrary notwithstanding. Smith is as wet as the Atlantic Ocean, and we all know it. He is mainly responsible for the practical nullification of prohibition in the state of New York, and now, in spite of a dry plank in the Democratic platform, he declares in favor of a revision of the 18th Amendment. Thus, with us preachers, it is strictly a moral issue, and Mr. Smith, in his speech of acceptance, admits that much.

Furthermore, we oppose the election of Al Smith because of his close relation to Tammany Hall, which for many years has been, and now is, nothing less than a corrupt political machine. That organization was so corrupt that neither Cleveland, Bryan nor Wilson would have anything to do with it except to oppose it.

I readily grant that many of us are opposed to a loyal Roman Catholic being elected to the presidency of these United States, and here are three reasons for this position:

Their stern opposition to our public school system; their repudiation of and disrespect for all protestant marriages; and the dominating influence of the Pope over all their members. While there are some exceptions among individual members of the Roman Church, every informed person knows that the priestly and official part of that church has always bitterly opposed our public free school system. They denounce it as of the devil. They also brand every couple not married by a Catholic Priest as living in concubinage and their children as being born out of wedlock. How does that strike you and your family, Brother Townsend? That is what your man, Smith, thinks of you and us. Finally, we object to any man, of any party, being placed at the head of this great nation who is under the constraining influence of a foreign power, such as the Pope of Rome. That will be the case if Smith is elected, but such is not the case with any member of any protestant church.

Then, to sum up in one sentence: Every citizen who has his eyes open knows that practically the whole mass of riff-raff and off-scourings, bootleggers, and other criminals, of both parties, are going to support Alfred E. Smith. Which side are you on, neighbor? None of the above mentioned conditions will be true in the case of Mr. Hoover. Therefore, let us elect him. JAS. H. TATE.
