### Football Fever Hits Western End of Dist. 9

#### Big Spring, Sweetwater and Snyder all Forfeit Games

Football in Class B, District 9, Texas Interscholastic League has been a chaotic state since our last edition, but nothing can dampen the ardor of the mammoth athletic stadium dedication here tomorrow (Friday) when Stamford High comes to play the Snyder Tigers. The ceremonies starting at 2:30 and the game at 3:30 in the new field, the gift of Snyder merchants and residents, is located two blocks south of the high school building.

#### CHANGE IN LINE-UP

Owing to the ineligibility of Charles, Conch Whitaker has changed Curry to his old position at center. Bryan Moore will play end, with Huestis, Merrill and Trigg making up the backfield in the dedication game tomorrow, as well as the Colorado game.

But last Thursday, like a bolt from a clear sky, the Sweetwater Mustangs were declared ineligible when it was found that Oran Browning, their star right tackle, was 21 years old on March 25, 1928, and the League rules say that a boy must not be 20 years old preceding Sept. 1. But if the ineligibility of Browning stood, then last Thursday night the Big Spring Steers would have led the district with forfeits received from both Snyder and Sweetwater. That was the status of affairs last Thursday night, and in fact, they brought out the behavior that Captain Granville Coats of Big Springs was over age, and Snyder notified Supt. Ranken of that school. All games played this year by Big Spring were forfeited. The status then, Friday night, was that Colorado winning one game over Roscoe and receiving forfeits from Big Spring and Sweetwater, would be in the lead with three games won and a game still to be played with Snyder.

Saturday afternoon Supt. McLain and Coach Griffith of Sweetwater came to Snyder. Supt. McLain implied that the Steers would withdraw his protest, but our superintendent stood "hitcheed," and McLain brought counter charges that Bythel Martin and "Hubert Karnes were over the age limit, but he had nothing to do with the charge, nor did he file a protest with the executive committee, which is necessary. But at one and the same time the Sweetwater Reporter carried a story Sunday which had an interview with Supt. McLain, in which he stated that "Snyder has withdrawn its protest"—garbling the news to suit himself to all intents when Supt. Wedgeworth said it was untrue; so did Co. Supt. A. Bullock, who had the entire matter along with R. S. Cox, high school teacher and the senior editor of the Times-Signal.

To cap that climax, the Abilene Reporter-News came out Sunday with a story which said that Scurry County was making many unofficial claims, and that "no official protest has been forthcoming." So much for that.

Monday the executive committee met at Roby, and after Snyder's case had been ably presented by Supt. Wedgeworth, Supt. McLain of Sweetwater gave his version and claims, and the committee decided to await the confirmation of a wire received while they were in session from the County Clerk of Hunt County, which gave the information that Oran Browning, son of J. M. Browning (parent of the Sweetwater Mustang player in question) was born March 25, 1907. As quickly as the committee decides that issue, it will then be known whether or not Sweetwater is entirely out of the game, and let it be on its way. Circles and all, if any Snyder boy is indignant, let him get his head whacked off along with the rest. Fair play hurts no one.

#### RETURN FROM SHRINE

Dr. J. G. Hicks and W. R. Patton returned home Monday from Fort Worth where they attended the Shrine ceremonial and had the pleasure of "walking through the burning sands" themselves, thereby making them full-fledged and unafraid Shriners. Dr. Hicks tells us that "Pat" just got through by the skin of his teeth and only good behavior saved him. As Doc aptly expressed it, "Pat just piggly-wiggled thru."

#### MOVING PICTURES

The Snyder Tiger-Sweetwater Mustang football game of Amistice Day was fully covered by the R & R Theatres moving pictures, which will be shown at the Palace Theatre tonight and Friday.

See your favorites in action, as folks who have seen it, this film declares it is packed full of thrills, no matter what side you were rooting for.

#### FINAL STATUS

Late last night Snyder officials definitely ascertained that Hubert Karnes, star Tiger center, was over age. As quickly as Supt. Wedgeworth could get a phone connection through to Stamford, he forfeited all conference football games in which Karnes was member of the team.

While Snyder was turning this information in to Stamford, Supt. Wedgeworth also found out that the Sweetwater Mustangs were out of the running owing to the ineligibility of Oran Browning.

As the League now stands, the Colorado Wolves are undisputed champions of the western section of District 9, having won their last games to both Sweetwater and Big Spring and have yet to play Snyder. At present, Colorado is dated to play here Thanksgiving Day.

Large Peppy Crowd Attend Lions Weekly Luncheon At Noon Yesterday

#### LIONS COMMITTEE GO OUT BLINDFOLDED

Considerable time was lost yesterday noon when Chairman Wedgeworth deputized Taitwiler Roy Strayhorn, J. E. Blakey and R. S. May, who were sent out to check on the eligibility of newly-weds, and haul him in. Eye witnesses tell that all three of the committee passed Chubby by the street and evidenced that they must have all been blindfolded.

A hurried meeting of the entertainment committee following this exposure of Strayhorn, Blakey and May voted that it would cost the three of them a box of cigars, which, coupled with the fine already imposed on Chubby, will provide plenty of cigars for most any occasion.

But yesterday's meeting was a good one, the thirty-five present giving what they thought on the subject assigned, or picking one of their own on what constructive improvements could be made in the Lions Club. Supt. Wedgeworth was a guest and delivered a most worthy talk on the co-operation and feeling that should be evident between the Snyder County standing football games.

High lights among the suggestions offered included the following:

Commission form of government to get away from antiquated charter that Snyder is now operating under.

Advice to newly-weds was "let the lady do all the talking, and stay at home once in a while." Joe Caton lunged at one.

White way system around public square.

Co-operation and unity of purpose to put across ideas for Snyder. The new athletic stadium was shown as a result of what can be done with everybody working together.

New clocks for the court house. Buy in Snyder.

Pat Bullock laughingly remarked that younger football players were needed and fewer census cards. He didn't mean either one, though. That one of the most outstanding needs of Snyder is more shirts without a collar and with a pocket was emphasized by Pat and got one, if several others.

Joe Caton said he would see to it that Pat got one, if he paid for it.

Judge Fritz Smith said that putting new clocks on the court house was discussed back in 1912 when it was built. The best white way system was a good thing and that cables were already laid around the square; that Sweetwater and Snyder should get together even though a birthright now and then was mislaid; and that Snyder's greatest need was a City Hall. The judge said Sweetwater had a good one, so does Snyder and Colorado, and that Snyder should be the next. About the football championship, Judge Fritz remarked that no matter where it went just so it stayed in his district.

That the Lions Club should be anything but a "knifed and forked" club and that all should work together in co-operation was Glen Sample's speech in substance.

New high school gymnasium needed for Snyder to assist in entertaining the February meet of the West Texas Girls A. A. U. basketball tournament, and for all time use of our public school system.

O. P. Thrane stated that the necessity of the court house for clocks all the way around reminding him of the beautiful racing horse that had no eyes, and that Loyalty and co-operation were particularly stressed by a number of speakers, and when it came time for the vote, Visitor C. S. Perkins of Sweetwater won the prize for making the best speech.

Joe Stinson and Dick Chambers were fined a buffalo nickel, and they paid off, too—for not making their speech.

More than eighty guests were present tonight at the Ladies Night Banquet, which was held at the high school building, when the Home Economics Department will have charge of the feed. The High School Orchestra will render a special program, with Judge Fritz R. Smith as toastmaster.

Chairman Wedgeworth also received a new nick-name during the meeting, modestly forbidding the publication of the unique title given him, but he silently accepted the honors, which were first started by Judge Smith.

### Turkeys Bring Actual Money Profits Here

#### Argument For More And Better Poultry Proven By Cold Cash

Snyder had an ample demonstration of the actual cash money to be derived from turkeys early last week. The Snyder Produce Company showed where \$14,742.56 in cash was personally paid out by Billy Frank for 45,133 pounds of turkeys. If there is any argument against chickens and turkeys for a money crop, let it come forward. As the poor cotton situation this fall had better listen to the tinkle of coin that the cow, sow and hen are bringing to many rural farms and the turkey has been a revelation as a money producer.

The great American bird is not the hen nor the pig, but the turkey gobbler. The fowl is lord of the barnyard and field marshal among the fowls. See him strut in the fullness of his pride, tail feathers spreading, head up, wings trailing, but not inglorious! His crimson comb and purplish wattles give him the appearance of a red-faced and important gentleman who is querulous and vain in everything going on about him. Such pomposity, dignity and swagger is rare. His irritable "gobble, gobble, gobble" strikes terror into the hearts of little children, but is music in the ears of the more sophisticated and discerning turkey hunter.

The turkey has been closely associated with American history from the beginning. It will be remembered that at the famous Thanksgiving feast of the Pilgrim Fathers in November, 1621, in which the friendly Indians participated, wild turkeys was the chief delicacy. Once this elusive bird was plentiful but now the wild species is all but extinct. In only a few sections may be found the wild turkey may be found. It begins to look as though the domestic turkey is destined to go the way of its progenitor. Young turkeys are hard to raise, and Thanksgiving and Christmas demand exceeds the supply. No one wants to see the day when the turkey has disappeared from the land and the proud gobbler struts and fumes no more.

There is no substitute for the turkey gobbler in sight. As compared with him the rooster is plebeian and the gander "a lesser breed without the law." The gobbler is a symbol of prosperity and token of hospitality as well.

Let's all join in making him one of the symbols of Scurry County prosperity.

#### AIRPORT COMMITTEE RECEIVES GOOD NEWS

The Airport Committee of the Snyder Lions Club has been definitely assured that a representative from the Department of Commerce, Aeronautics Branch, will arrive here within the next two weeks to co-operate in the selection of a suitable field to be placed here by local men.

As quickly as made an announcement can be definite, the Times-Signal will be happy to carry the news—because it is good news and will be remembered in getting Snyder on the national airway routes. Snyder's location is as good if not better than any other city within a hundred miles radius, and it is necessary that quick action be taken if we are to be included on mail and commercial routes rapidly being formed.

#### HERMLEIGH PAPER SUFFERS PAPER FIRE

Editor Norman and his Hermleigh Herald tried a new experiment Friday in attempting to light a submarine boat with gas. Result: \$400 damage, which was fully covered by insurance, which was settled at once.

Editor Norman didn't tell us it was water, but we thought a little aid to the story would not impair the good will that the Herald is creating in its home locality. As a snappy, breezy small town paper, filled with personal news, news and happenings, the Hermleigh Herald is proudly fulfilling its mission as a newspaper, and the Times-Signal always wishes the editor and his family every good wish for their success.

#### SCURRY CO. LEADS

The State Department of Education Saturday in an educational gains made in scholastic population in the recent census shows that Scurry County leads with a gain of 342 over 1927.

Dawson County shows a gain of 106, while Fisher County shows a loss of 14.

Garza shows a gain of 63, while Kent County shows a loss of 63.

Mitchell County shows a gain of 10, while Nolan also shows a gain of 110.

### THANKSGIVING PROGRAM

Arrangements are now complete for a big co-operative Thanksgiving program to be held at 7:00 o'clock next Wednesday evening. The churches and the Baptist, Christian, Presbyterian and Methodist Churches—and members from other congregations are cordially invited to attend. Music will be rendered by a union choir from these churches under the direction of O. D. Carter. Rev. W. F. Ferguson of the First Baptist Church will preside at the meeting, and Rev. J. F. Lewis of the First Methodist Church will preach the sermon. The service will be held at the First Christian Church follows:

Voluntary.  
Hymn, "All Hail, the Power of Jesus' Name."  
Scripture Lesson, Psalms 10:1-8, read by W. M. Speck, minister of the Church of Christ.  
Prayer, led by A. J. Cody.  
Hymn, to be selected.  
The President's Thanksgiving Proclamation by C. F. Sentell. Offering for the poor and distressed.  
Thanksgiving Sermon, Rev. J. F. Lewis.  
Doxology, "Praise God From Whom All Blessings Flow."  
Benediction, Rev. E. C. Lambert, pastor of the First Presbyterian Church.

The program will begin on time and close one hour later. A cordial invitation is extended to the entire citizenship of the community, and strangers and visitors will find a hospitable reception.

### Snyder Youth Accidentally Shot Saturday

Alvin Sears, who accidentally and fatally shot himself while en route to Brownfield Saturday afternoon, was buried Monday afternoon in the Snyder cemetery with honors. The school district is in charge of the funeral. He was in the grade of eighth.

While en route to Brownfield with Lon B. Faylor they were playing with a pistol they had in the car, the companion said. The boys had unloaded the gun and placed it on the floor of the car, according to Faylor's story. He was rushed to the Lubbock Sanitarium, where he died Sunday night at 8 o'clock.

He is the son of Ernest Sears, one of the oldest pioneer families of West Texas, having moved to Snyder more than 40 years ago. Many of his relatives from Abilene and Merkel were at the funeral, accompanied by several hundred local people.

#### SCHOOL STUDENTS TO HAVE HOLIDAYS SOON

Supt. and Mrs. C. Wedgeworth, Mr. and Mrs. W. F. Cox, the Misses Georgia and Miss Jessie Stinson and Hattie Hern, C. A. Redman, H. F. Springfield and A. A. Bullock will be the Snyder and Scurry County representatives at the State Teachers Association meeting at San Antonio next Thursday.

Accordingly, Thursday and Friday of next week will be the Thanksgiving holidays.

For the school holidays, according to advice from official sources, schools will let out on Dec. 21 with the new term on Dec. 22. The Southern Association of Colleges and High Schools will meet Dec. 6 at Fort Worth, the first time this noted organization has ever come to Texas. Snyder should be represented at the meeting since our high schools is a member. One or more delegates should be sent.

#### HOOPER VISIT TO TEXAS IS LIKELY

Herbert Hoover is "seriously considering" visiting Texas, a hitherto "rock ribbed" democratic state which cast its electoral vote for the Republican party. Hoover is the leader of the President-elect's pro-revolution forces in this state, notified the Dallas Times-Herald in a long distance telephone call Saturday after an interview with Mr. Hoover in California.

Captain Lucy said Mr. Hoover planned to visit first in Florida at the conclusion of his forthcoming South American trip and that he hoped then to proceed to Texas.

#### FIRE DEPARTMENT TO HOLD BANQUET

Next Wednesday night will be a red-letter night in the history of the Snyder Fire Department when they will hold a Thanksgiving Banquet at the Manhattan Hotel with a special program. Entertainment, plenty of fun and many speeches will be on the program, which will be attended by the firemen and their wives, and a few invited guests.

#### "DAMNED IF I'LL DIE" WHILE G. O. P. IS IN, SAYS PHYSICIAN

Dr. John R. Snell, 87, of Kansas City, observed a birthday anniversary last week.

"I don't believe the 'country has gone to hell,' and if he doesn't 'starve to death' in the next four years 'will live to see another Democrat elected president."

"I was born under a Democratic administration," Dr. Snell said, "and damned if I am going to die during a Republican one if I can help it."

#### PROGRESS WINS

The special election held in Snyder Tuesday for the conferring upon the City Council the power to close or part of any street or alley was in favor of granting that power upon the council by a vote of 68 to 50.

### Texas Tech to Hold Extension Courses Here

Dean McDonald of Texas Tech was here Saturday in the interests of establishing an extension course for the benefit of Scurry County teachers, students and members of any of the Snyder County organizations. Nineteen students signed up while Mr. McDonald was here, twelve taking the course in education and seven in history. Twenty-five students must be secured before the school is invited to join with teachers and students in starting the course. At the completion of all courses, six hours credit will be given applying toward any degree.

#### P. T. A. HOLDS TACKY PARTY FRIDAY NIGHT

The Parent-Teachers Association, together with many students and friends held a downright tacky party at the auditorium Friday night, and one witnessing the event might have thought they were in the pages of Aunt Esmeralda's family album, so grotesque were some of the costumes and dating far back into early history.

Among the ladies and young folks Miss Jessie Stinson won first prize in a walk in a wheeling gown on, surely pre-dating Noah's ascendancy into this section. It was a scream. Little Miss Louise Wilsford as the incorrigible freckled face youngster was a treated for eyes.

Among the men W. R. Cauble, acting the part of a dacoit of the suggested lineage, came first with Dawson Bridgeman second, and Entertainment and hamburgers and pies and other good things to eat made up a happy evening. It was a grand and glorious good time in which the P. T. A. added some necessary cash to their reserve and that was what the party was for.

#### HIGH SCHOOL ORCHESTRA BROADCASTS PROGRAM

The Times-Signal overlooked one important item last week, telling of the Snyder High School's wonderful reception from KFYO, Abilene, where they broadcasted a program the previous Friday night.

Telephone messages and telegrams swamped the station, and the broadcasting lobby at the Grace Hotel was crowded by the high school orchestra. "So you were doing their stuff." So we did the youngsters perform they have been asked to return.

The program as rendered over KFYO follows:

Harmony Duo, Trigg and Crenshaw.  
"Mamma's Gone."  
"Ramona."  
"That's My Weakness Now."  
Vocal solo, "Just a Memory," by Maurine Stimson.  
"Milenberg Joys," trombone solo, E. O. Wedgeworth.  
"Once Again," solo, Homer Springfield.  
Piano solo, Eula Pearl Ferguson.  
"So Tired," solo, Maurine Stimson.  
The personnel of the orchestra includes Homer Springfield, director; Eula Pearl Ferguson, first violin; Ralph Crenshaw, Fred Yoder, Bob Gray, George Eoff, Dodson Smith, E. J. Barbury and E. O. Wedgeworth.

### Snyder Water Supply Best in All West Texas

#### Present Supply Is Large Enough for City of 50,000 People

While other cities are looking for more water, Snyder's water supply as well as the new and efficient equipment and system, is meriting the envy of many West Texas cities. Snyder is fortunate in having one of the most bounteous and pure water supplies of any town or city in West Texas—and it has water to spare—plenty of it on every hand. Sinking a well anywhere from 80 to 150 feet gives a water supply that tests nearly perfect in any laboratory.

The new equipment recently placed in position by Sewer and Water Supt. B. L. Baze could deliver 1,500,000 gallons of water a day, or enough to take care of a city of 50,000 people easily.

The present monthly consumption runs between six and eight million gallons, and the two wells now handling the local supply are within sixty feet of each other, and neither takes water from the other. At the present time the city has a contract to furnish 2,000,000 gallons of water a month to the Santa Fe Railway System. The supply of water that comes from the wells here needs no chemical treatment for use in generating steam.

Many business men and various representatives here to inquire into the wonderful water supply that runs all through this section. The city of Rotan voted to purchase the water rights from Camp Springs to relieve them of the "gyp" water they had been drinking for years. Geologists are pronouncing our gyp water supply here for industrial purposes as being the best in this section state that the water sands extend twenty miles east and south and 15 miles east and west with a supply good for hundreds of years.

#### FEEDING THE DAIRY COW TO BE SUBJECT AT FRIDAY MEETING

Dairy cows are paying in Scurry County, however there is no question but that a thorough investigation of feeds and feeding by those who are feeding dairy cows will result in an increase in production and profit. Best profits are obtained by feeding rations containing the necessary constituents for body maintenance and milk production.

Do you know how much protein your cow needs per day for body maintenance?

Do you know how much carbohydrate your cow needs per day for body maintenance?

Do you know how much protein per day your cow needs for milk production?

Do you know how much carbohydrate your cow needs per day for milk production?

Do you know what feeds to feed and how much to feed, for body maintenance and milk production?

Do you realize the necessity of having plenty of fresh drinking water before the cow at all times?

These questions and others concerning feeding dairy cows will be discussed next Friday night, November 23, 8:30 at the school building. The meeting will be conducted by W. C. Logan, county agent, and W. C. Redman, teacher of vocational agriculture. Every person who is interested in feeding dairy cows is cordially invited to be present.

#### BUFFALO TRAIL BOY SCOUTS WILL HOLD THANKSGIVING RALLY

All the troops of the Buffalo Trail Council will meet at Colado on Friday afternoon, Nov. 30, for their regular quarterly rally.

The program will begin at 2:30 with a parade through the business district. The other activities of the afternoon will be at the park. Contests will be directed by T. D. Craft, scout executive of this Council, as follows: pillow fight, fire-by-line and steel, boat race, a first rescue.

A new troop—Number 21—has been organized at Jayton by R. S. Gilbreath. Fifteen Scouts were registered as charter members.

A recent meeting of the Council it was decided to present advancement badges free of cost to all Scouts who are members of the Buffalo Trail Council. Scouts will now receive the Tenderfoot, Second Class and First Class badges free. Merit badges must still be purchased.

The Council office will use air-mail to hurry supply orders. Since there has been such a heavy demand for supplies, it has been decided to send each Monday morning an air-mail order to the New York supply department. The Troop should mail their orders to the council headquarters not later than Saturday morning in order to take advantage of this service. Snyder's two troops will attend the Colorado rally.

#### WEST TEXAS A. A. U. GIRLS TO COME HERE FOR MEET

Invitations will soon be issued from Snyder inviting West Texas girls high school teams to come to Snyder in February to join in the basketball tournament to be held under the supervision of the A. A. U.

#### NEXT WEEK'S PAPER

On account of our next press day falling on Thanksgiving Day, we will go to press Wednesday, Nov. 28, that the entire force can spend the day in giving thanks for whatever they deem is coming to them—and that seems to be plenty.

Correspondents will please govern themselves accordingly and have their news in the office not later than Monday noon. Thank.

### Old Pioneers Coming to Front

Last week the Times-Signal was compelled to omit the old pioneer data as there was not sufficient interest displayed in the few days lapsing from the last publication, so we deferred the matter to this week and have quite a list to add, together with some other data.

The interesting letter from Will Johnston of Dunn caused A. Deats of Albany to send us the following letter:

I am enclosing my check for subscription to your paper, as I know you will enjoy reading letters and statements from the old Scurry County settlers.

Also will you please send me clipping of letters including the one written by myself as published in your paper of about Nov. 2nd.

I cannot at present recall the location of the Johnston family, nor do I remember Deep Creek Johnston, as this has been a long time to remember everyone I knew in that country 47 years ago.

Mr. Johnston states that Mr. Will Peck was killed by lightning south of the river. He is mistaken about this, as he was only a short distance from me when struck by the bolt. I was the first one to see the body just a very few minutes after he was killed. This happened about 400 yards northwest of my old pens on Deep Creek.

Yours very truly,  
T. A. WILSON, DEATS.

#### TO ADD TO THE LONG LIST OF PIONEERS ALREADY VISITED, THE FOLLOWING HAVE EITHER VISITED THE OFFICE OR SENT THEIR NAMES IN SINCE OUR LAST PUBLICATION:

Mrs. B. S. Gann, 1889.  
Mrs. Walker Huleston, 1881.  
J. C. Murphree, 1907.  
Mrs. Hannah Murphree, 1907.  
John L. Murphree, 1907.  
L. Steve Murphree, 1907.  
Joe A. Merritt, 1905.  
Mr. and Mrs. E. E. Ramage, 1897.  
George Ramage, 1907, was born here.  
R. T. Ramage, 1897.  
Mr. and Mrs. A. P. Morris, '97.  
C. W. Easton, 1893.  
Mrs. W. N. Davis, 1893.  
Ira Robeson, 1904.

Many pioneers who have come to the office have expressed a great deal of pleasure at the completeness of the diary being written for the Times-Signal by Mrs. Thomas H. Lee. The paper wants to secure the name of every pioneer who has lived here twenty years or longer who has not yet appeared in the paper, and not forgetting we must rely on our good readers and friends to help us out.

Pioneers are invited to write of the old time history of Scurry County for the benefit of the present generation and to keep in mind the men and women who have made Scurry County what it is today.

#### WOMAN SLAIN—HER HUSBAND SURRENDERS

Mrs. Billie Green, 37, was killed by a bullet from a Winchester rifle at the farm home four miles southwest of Colorado Friday.

Herb Green, her husband, came to Colorado's headquarter station to the sheriff's department. He made a statement to District Attorney George Mahon, in which he claims the shooting was accidental.

After a preliminary trial he was released under bond to appear before the Mitchell County grand jury, which convenes this week.

There was no witness, Green says. His wife had secured the Winchester to threaten a Mexican woman and he was attempting to take the gun from her when it entered her brain. She is survived by two small children and three stepchildren.

#### FORMER RESIDENT DIES

C. C. Ligon, 52, formerly a resident of Snyder died of heart disease at his home in Eastland on November 15 at 9:00 p. m. He was born in Titus County and was a brother of Mrs. W. T. Manly of Fort Worth and Hugh Ligon of Dallas, both former residents of Snyder. He leaves surviving him his wife and five children—two daughters, Misses Jessie Lee and Eloise Lee, and three sons, J. Wright, W. A. and Everett.

Mr. and Mrs. Ligon were married about 28 years ago in Snyder and lived here until about 20 years ago. Mrs. Ligon is a sister of Mrs. W. B. Lee of Snyder. Mr. and Mrs. Lee attended the funeral in Eastland.

The fellow who wants to begin at the top should become a well driller.

### Chevrolet To Introduce Car of Six Cylinders

#### New Automobile Said to Be Outstanding in All New Phases

Passing on to the motoring public the benefits of economies arising out of trends. The piston production of the Chevrolet Motor Company this week introduces "the outstanding Chevrolet of Chevrolet History—A Six in the Price Range of the Four."

In making this important announcement, W. S. Knudson, president and general manager, points out that the sensational public reception accorded the car in recent years has enabled Chevrolet at this time to offer the added power, speed and smoothness of six cylinder performance at practically the same prices that contributed so much to the worldwide popularity of the four.

Preparations for the greatest year in its history are now being made by the Chevrolet Motor Company. Production of the new car was started last week, and the company's fifteen giant factories across the country will be turning out cars to be shipped to dealers by December 15. Deliveries to the public will start January 1.

In its new offering Chevrolet has retained the highly successful valve-in-head principle. The motor is of the high compression type with a non-detonating head and develops 32 per cent more power than its famous predecessor; its acceleration is measured has been stepped up to satisfy maximum requirements. The piston displacement is 194 cubic inches.

Despite this greatly improved performance standard, thousands of miles of weather under every road and weather conditions at the wheel. I General Motors' new car in addition to many cross-country runs, have shown that the new Chevrolet engine will operate with an economy averaging better than 20 miles to a gallon of gasoline. This is practically a new fuel economy.

By the owners of the previous four cylinder model.

The motor develops 46 horse power at low engine speed, and as a result of the automatic lubrication of the valve mechanism, the motor is exceptionally quiet throughout the entire speed range.

Seven models of passenger cars and three commercial types comprise the greatest line of cars ever produced by General Motors officials, embodies the latest dollar value ever offered in an automobile. Included in the passenger car line are five closed and two open models. All bodies this year carry the famous Fisher stamp of craftsmanship. The commercial car line embraces a new and larger utility truck of one and one-half ton capacity, a new light delivery chassis and the sedan delivery.

Advance showings of the new Chevrolet line will be held in leading cities strategically located throughout the country beginning November 24 and continuing until December 22. First deliveries to purchasers will start January first. No deliveries will be made prior to that time, officials stated.

The showing in this section will be at Dallas and will include the complete passenger car line, the automobile, the sedan delivery and entertainment features have been arranged for the display in each city, and in every case provision will be made to accommodate the hundreds of thousands of visitors who will view the new Chevrolet line between November 24 and December 22.

Advance orders will be taken immediately following the announcement, with deliveries starting in January first, officials stated. They also pointed out that to insure delivery early next year it would be advisable to place orders as soon as possible.

The new Chevrolet, which on its debut November 24, promises to write a new chapter in motor car history, is in every sense a proved product. Four years ago Chevrolet engineers began their research work, engineering, planning and General Motors Engineering and Research Laboratory.

Night and day, in doors and out, in good weather and bad, they designed, built and tested every modern type of motor so that no opportunity would be overlooked—so that every desirable feature might be harmoniously incorporated in the new product. Perhaps a thousand ideas were considered and discussed. More than 100 different motors were built up and given exhaustive test block and road tests before the cabinet of expert engineers, presided over by O. E. Hunt, chief engineer of the Chevrolet Motor Company, finally approved the design.

**Subject: Winter Pasture and Dairy Cows**

Dear Farmer Customers:

Some of us are prone to complain about the bad weather we have been having the past few weeks, when in reality it is a blessing in disguise. Why not turn this rain into an asset immediately by sowing from 5 to 15 acres to wheat, barley, or rye for winter and spring grazing for those dairy cows? It will cut your feed bill practically half and increase your cream checks and egg production substantially.

A few acres of winter pasture on every farm would mean a lot of money to you personally and thousands of dollars to Scurry County.

We are just dropping this thought for what it might be worth to you and to the county in general. If you think well of this suggestion, please mention it to your neighbors.

Good seed wheat can be procured from your local grain dealers.

Your friend,

**CHALLENGE**

Plainview, Texas,  
Nov. 19, 1928.  
Scurry County Times-Signal,  
Snyder, Texas.

Gentlemen:

I wish that you would please publish this challenge:  
I challenge Al Taylor for a 6 or 8 round fight, winner take all, if he will weigh in at 140 pounds, ringside, and not just agree to be at a certain weight and come weighing more as he did some two months ago. I will fight him by any boxing rules, clean fighting, or otherwise with nothing barred.

**COLORADO BAPTISTS TO OCCUPY NEW BUILDING SUNDAY MORNING**

The first service held in the beautiful new Baptist church was on Sunday morning when the congregation occupied the structure for the first time.

The Baptists moved into the new building for their regular services last Sunday, but formal opening of the structure will not be held until next Sunday, Nov. 25, at which time members of the other churches of the city will join the Baptist congregation in the formal opening service, according to the Colorado Record.

They tell us that Emmett Butts is setting 'em up to free cigars at the R & K Barber Shop since he got married. So folks, remember the name and place.

We always did hate a confounded low-down liar, whether it be common in our own community or of life or the eligibility of a football player.

**NAMES FOR BABY BOYS**

If the Fire Chief has a little son, he should be named Aidan, for that is translated "fire." But if his father is a soldier, the boy might well be named Boris, which means either "fight" or "stranger." If daddy is a Judge, name the boy Clement, which means "merciful." If the little fellow has black hair, call him O'Orsay, "dark." If he is predestined for the ministry, call him Enoch, "dedicated." Gisborn is an old English name, one of the characters in "Robin Hood," and means "pledge-bear." If you would keep him with you, Hamo or Haymo is a name which means "home." In medieval times an English warrior might name his boy Jerram, because it means "war raven." An ancient name meaning "like a lion" is Leonidas, revived in America and modern Greece.

**HOME PROVERBS**

English—He that sleepeth biteth nobody.  
Irish—In spite of the fox's cunning, his skin is often sold.  
French—The absent are always in the wrong.  
Russian—The Russian is clever, but always too late.  
Chinese—It is the wisdom of Heaven not to speak, yet it obtains a response.

### Community Spirit.....

A community is more than a group of stores, houses, schools, banks and outlying farms. A community, organized for progress, is actuated by a spirit of neighborliness and mutual interest, of which faith, co-operation, confidence and team-work are the keystones.

This community will advance in permanent prosperity in proportion that we all pull together with greater things in view. Co-operation with your bank is the first step.

Charley Glen, who recently injured his foot, is able to be up on crutches and will soon be smiling his way to customers at the Shuler & Glen Grocery and Market.

Boss Baze left Tuesday night for Dallas to appear before the War Risk Insurance Board in connection with injuries received while in the service. We hope Uncle Sam treats Boss the way he wants to be treated.

Sterlin A. Taylor, tax assessor, is attending the tax assessors' convention in Austin this week.

**Attend Methodist Conference**  
Rev. J. F. Lawlis and Delegates D. P. Yoder and Mrs. C. C. Higgins left early yesterday morning to attend the annual conference of the Northwest Texas Methodist Conference at Lubbock that opened yesterday with Bishop John Moore presiding.

George Webb has accepted a position at Waurike, Okla., in a jewelry store. Mr. and Mrs. Webb left for that point last week. The best wishes of their many friends will accompany them to the new work.

**OLD FRIEND LEE BACK WITH LAUNDRY**  
H. R. Lee, known to his many friends as "String Lee" has resigned his position at the Ware Bakery and returned to his first love, that of outside man with the Snyder Laundry. "String" counts his friends by the scores; in fact, any one who knows him is his friend, and the Times-Signal congratulates both Mr. Lee and Mr. Larue for getting together. "String" outside and Sam Larue inside make an ideal team of go-getters that brings home the laundered underwear.

M. G. Martin has returned to his old position at the Towle Jewelry Store, and it looks as natural as old life to see him behind the counter. During the time he has been away from Snyder he has been identified with a large jewelry house in Dallas.

**CHURCH OF CHRIST**  
The church work is moving on nicely. All services well attended. The spirit was fine throughout. Good singing, and all were happy.

The Wednesday evening study was fine with 122 present. We are studying "The Bible Lands." Come, let's take a trip to that far away land and look around. Next Wednesday we will take a look at the city of Jerusalem. Come, go with us.

Our young people's 6 o'clock class is fine. Good attendance and finest of interest. It is fine to have such wonderful folks to work with.

The ladies' Bible class on Monday afternoon at 3:00 is doing splendidly. Watch them grow.

All of our evening services have been changed from 7:30 to 7:00 p. m.

Come. Thanks.  
W. M. SPECK.

**THE FIRST KISS MADE WHERE AUTHOR WROTE IT**  
A motion picture, "The First Kiss," was filmed in Maryland, more than 3,000 miles away from Hollywood. It opens at the Palace Theatre next week.

A little more than one year ago Tristram Tupper, short story writer, and a Virginian by birth, spent his customary vacation in a houseboat on the Miles River, near St. Michaels, Maryland. Here he conceived the story of "Four Brothers" which appeared in a

**ENCOURAGING CRIME**  
Carelessness and stupidity on the part of the victims is responsible for much of the thieving and swindling which has reached such alarming proportions in this country, amounting to approximately two billions a year.

Some of the specific weaknesses of our "easy marks" are pointed out by a leading criminologist, who enumerates cashing checks for strangers, leaving automobiles unprotected, carrying unnecessarily large sums of money, buying real estate without seeing it or investigating its title, investing in stocks and schemes without consulting a banker, trying to beat gamblers at their own games, lending money and extending credit to persons of doubtful honesty, and so on.

If people fail to exercise any caution whatever in these matters, no law or official action can effectively protect them from thieves, swindlers and dead beats.

While the punishment of criminals often occurs, it usually happens too late to do the victim any good, so far as recovering his money or property is concerned. Honest people have it in their own power to greatly reduce losses from the above mentioned causes, by merely exercising ordinary good judgment, instead of indulging in reckless practices which encourage crime.

There are 422 fire marshals in Texas. Fires in Texas in August caused a loss of more than \$1,124,165.

Rev. E. C. Lambert has been appointed chaplain of the Snyder Fire Department.

The export business of Texas amounts to more than \$700,000,000 a year, making Texas one of the leading export states.

national magazine a short time ago. It dealt with the love of a girl, and was laid entirely in the Chesapeake Bay country.

On the very same ground, Tupper's story was made into a motion picture. It is released under the title of "The First Kiss" and is the first co-starring vehicle for

Fay Wray and Gary Cooper as "Paramount's Glorious Young Lovers." Rowland V. Lee directed the photoplay which was adapted for the screen by John Farrow.

In support of Fay Wray and Gary Cooper in the picture are Lane Chandler, Leslie Fenton, Malcolm Williams, George Nash and Monroe Owsley.

## The Outstanding Chevrolet of Chevrolet History

*- a Six in the price range of the four!*

The Chevrolet Motor Company announces The Outstanding Chevrolet of Chevrolet History... a Six in the price range of the four!

Spectacular as Chevrolet's achievements have been in the past... notable as its engineering triumphs have proved themselves to be—this remarkable new car dwarfs every previous Chevrolet accomplishment. Not only does it introduce into the low-priced field an entirely new measure of performance, comfort, beauty and style—but it is sold at prices so low as to alter every previous conception of motor car value.

The new six-cylinder valve-in-head engine—developed from more than a hundred motors designed especially for this sensational car—stands out as an engineering masterpiece. With a power increase of approximately 32% over the previous Chevrolet motor, with sensationally greater speed and faster acceleration—it offers a type of performance

that is literally astounding... even to those who have been driving cars costing hundreds of dollars more.

Throughout the entire speed range, it performs with a smoothness and quietness of operation that have never before been approached in a low-priced automobile. At the slower speeds of city traffic it idles along with wonderful silence and ease. On boulevards and country roads it responds with an eagerness that is a constant delight. It takes the longest and steepest hills with an abundant reserve of power

that is a source of pride to the driver. And its economy of operation averages better than 20 miles to the gallon of gasoline!

This revolutionary performance has been achieved as a result of the greatest array of engineering advancements that Chevrolet has ever announced. A high compression, non-detonating cylinder head... a new heavier crankshaft, statically and dynamically balanced... automatic lubrication of the entire rocker arm mechanism... semi-automatic spark control... hot-spot manifold... gasoline

pump and filter... new and larger carburetor, with automatic acceleration pump and improved venturi choke... fabric camshaft gear... heavier driving gears... heavier differential gears... improved crankcase breathing system... improved lubrication... new 4-wheel brakes that are powerful, safe and quiet under all conditions—these indicate the importance of a group of engineering advancements that embrace every major unit of the entire chassis.

In appearance, this Outstanding Chevrolet is destined to become an automotive sensation—so smart, so stylish and so distinctively appointed that it rivals the costliest custom creations. The new Fisher bodies are longer, lower and roomier with adjustable driver's seat in all closed models—and reveal the matchless artistry of Fisher designers. With their modish new colors, their smart dual mouldings and their distinctive concave pillars, they achieve a degree of original beauty that has

seldom been equalled in motor car design.

You are cordially invited to visit our showroom and secure complete and detailed information on this sensational new car which will be ready for delivery beginning January 1st.

**A "LEGACY" FAUX PAS**

One of our good banker friends has contributed the following as a prize winning offer:  
 There was a little lawyer man  
 Who gently smiled as he began  
 Her dear dead husband's will to scan;  
 And thinking of the coming fee,  
 He said to her quite tenderly,  
 "You have a nice fat legacy."  
 Next morning as he lay in bed,  
 With plasters on his busted head,  
 He wondered what the — he'd said.

Other store changes are said to be ready for announcement the first of the month. January 1st will also see a new J. C. Penney store coming to Snyder which will occupy the rooms where the Bryant-Link Company is now located. Bryant-Link will move to the Higginbotham Bros. location.

**Fluvanna News Notes**

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

**School News**

Wednesday being our regular chapel day, the student body was very much pleased as well as surprised at the program given by Mr. Johnston and company, this being the first time we have ever had the opportunity of being entertained by that particular company. The student body and visitors enjoyed this program more than any chapel program of this school year. Some say it was the best, and by that you may know it was good, because we have had some mighty good programs. The program included a play entitled "Renting the Pickaninies," and a reading "When Malinda Sings." After the program the students returned to their respective rooms with a smile on their faces as they went about their work. Shortly after the program, those taking a part in it were discovered to be none other than Angie Haynes, Saluda Wills and Mrs. John Stavelly, acting as the pickaninies. Mae Frances Beaver was their mother, and Vera Stavelly the proud father. Mrs. J. R. Patterson and Mrs. Clarence Dowdy were Miss Howe and Miss Benson who came to rent the pickaninies. Mrs. E. Y. Boynton gave the reading. We appreciate

ed this program rendered by patrons and visitors and hope they will come again soon.

We had more visitors on last Wednesday morning than we have had at any time this year. We are proud to say that such a large number are taking an interest in our school work. There were about fifty visitors present. We invite them back to visit us any time they like. Our auditorium being small makes it very crowded, but the old saying goes, "there is always room for one more."

On last Saturday morning the Fluvanna school was glad to have as their guest Mr. Cox, the head of the science department at Snyder. We are always glad to have anyone who can visit our school.

On last Monday morning Rev. Massey also paid our school an appreciated visit.

We are proud to say that our library made an increase of over 200 new books in the last week, including books of fiction and reference books. Our school is indeed proud of this new improvement and will do our best to keep these books in good condition.

On last Friday afternoon the sixth and seventh grades defeated the fourth and fifth grades in a

spelling match.

Since the school has had its library improved, the high school students have subscribed for several good magazines. The school is already taking the American, and The Literary Digest, and several other good magazines are being added to the list.

**Visits and Trips**

C. D. Kennedy and family of Post were here Sunday visiting a sister, Mrs. John Buchanan.

J. R. Truss departed last Friday for Fannin County on business.

Mrs. Avant of Oxford, Miss., sister of Dr. Jones, is here for a week's visit with her brother.

Mr. and Mrs. Ramsour have recently moved back from Tyler to their farm home near Arah.

Jim Green and wife, after a visit of several weeks among many relatives here, have recently returned to their home at Plainview, New Mexico.

Two Gordon families and John Mauldin and family loaded emigrant cars here the first of this week for Gordon, Texas.

Virgil Wills and wife of Killean, Texas, are here visiting relatives, especially their daughter, Mrs. T. J. Rea.

Rev. C. R. Hardy, student in McMurtry at Abilene, who was pastor of the Methodist Church at this place last year, appeared among our people the first of this week, accompanied by his bride whom he took unto himself at Houston on the 14th inst. All good wishes to this worthy minister and his helpmeet.

**Church Affairs**

Church services were held at three places here last Sunday—morning and evening. We have not learned the name of the minister who reached at the Christian Church.

Rev. Massey, pastor, held his regular monthly services at the Fluvanna Baptist Church. Special mention is made of the good music on this occasion. On Monday the women of this congregation were busy providing a box of quilts and other suitable articles to be sent to Buckner Orphan Home at Dallas.

Rev. W. H. Harris closed his year's work with the Methodist Church here last Sunday. At 3 p. m. the League of Snyder came and joined with the local League and put on what is generally described as a splendid program. Such meetings are always inspiring, and it is hoped that such occasions will be repeated. Rev. Harris, in company with the district steward, Brother Carrell, of Union, is attending the annual conference at Lubbock this week. It is also reported that Fowler and Mrs. Mathis are also attending the conference.

On next Sunday it is expected that Pastor Leslie will fill his appointment with the First Baptist Church.

Regular services will also be held at the Presbyterian Church Sunday morning and evening.

**Oil Prospects.** The Dohey-Kannan No. 1 oil well test some 14 miles (on air line) north of west of Fluvanna in Borden County, has reached its contract depth of 3,500 feet where drilling ceased for two or three days. Orders from Mr. Dohey directing that the contract be extended another 300 feet. It is understood here that this extension of contract was made in view of the favorable prospects existing at the depth above mentioned.

Two other wells are in prospect, one a few miles south of Fluvanna, and the other a few miles to the southwest of here. In view of these enterprises, considerable interest is manifested in securing leases in these localities.

**TURKEYS, Then and Now**

**HOW DIFFERENT then!** First a tree was felled. Then it was cut up in suitable lengths for the huge oven-fireplace... a tedious, tiresome task. Next a wild turkey was hunted down in knee-deep snow with the aid of a cumbersome blunderbuss. Then the patient, Puritan housewife fired up the fireplace and amid stifling heat—roasted the turkey... and herself.

But now... a plump turkey is purchased ready-dressed. No tree is felled and no stifling heat enters the kitchen. The housewife, in a cool, crinkly house dress roasts the turkey in the oven of her spotless gas range. Simply the turn of a valve to release this care-free fuel that cooks in a cool kitchen! And in other rooms of the home, the same fuel is used to heat where heating is desired.

Has not gas made a wonderful difference 'twixt this first Thanksgiving and the one today?

**WHAT'S DOING IN  
WEST TEXAS**

V. I. Pierce, of Ozona, Crockett County, breeder of registered Rambouillet lambs, has purchased 50 head of registered lambs from George Williams of Eldorado at \$50 a head.

The sixth annual Registered cattle auction will be held at Hereford on January 30 and 31. Members of the committee sponsoring the sale announce that over a hundred head of cattle will be sold. The sale will be widely advertised.

J. S. Neely of Winters, who was a member of the West Texas Chamber of Commerce Agricultural Motorcade to California in September, produced three peppers which placed together measure twelve inches. He is producing 400 to 500 bushels of peppers per acre.

The new \$16,000 school building at Ira is the culmination of a system of schools that started as a dugout, then became a one-room school, later with additions, and finally the fine brick building that is Ira's today. The opening was attended by officials and visitors.

Two companies in Brady have already opened business to handle the turkey market. It is not known how the turkey crop will compare with former years, although it is known that a large number of birds will be sold.

W. E. Weatherby of Del Rio recently purchased 82 registered Hereford bulls from W. F. Lewis of Gainesville and took them to his ranch in Mexico. These pure bred bulls will be used for breeding purposes.

Canyon has a children's theatre which offers juvenile plays for

very young children. One of its objectives is to develop the dramatic and literary sense of the child. The plays range from "Red Ridinghood" to Treasure Island."

The authorities at Spearman are cooperating with the towns of Perryton, Woodward, Booker Darouzett, Folle and Shattuck in improving the roads in that community, particularly between Shattuck and Woodward. Telephone service will also be improved.

Removal of the sand from the road bed of the Midland to Andrews road has been completed lately at a cost of only \$264.60 which was taken from the regular chamber of commerce budget at Midland. H. L. Hart, McCaskeyville farmer, supervised the work.

Thirty cents per pound is the price live turkeys are bringing in Childress. Reports from the Childress Produce Co. say the supply will be about the same as last year. The demand from the wholesale companies is good at this time, but local demand is not heavy.

November 1 the largest shipment of cattle over the new Fort Worth & Denver extension from Quitaque was loaded. The cattle occupied sixty-five cars, or two train loads.

Material arrives daily at Crowell for construction work on the Lee Highway. A car of steel to be used in reinforced concrete work on culverts and bridges is the latest to arrive. Work on this stretch of the highway is progressing rapidly.

**PALACE THEATRE TO  
PRESENT LOCAL MYSTIC**

The Palace Theatre is presenting Friday night Ollie Bruton, who will impersonate Prof. Zanni in a program of magic, hypnotism and thrills.

Early tomorrow morning Prof. Zanni will hypnotize a local man in the front window of the Wilhelm store, leaving him there until the evening performance when he will be awakened on the theatre stage.

Ollie has some entirely new tricks, one of which is making Mrs. Bruton disappear in full view of the stage and will be presented for the first time Friday night.

Prof. Zanni is a home town boy, and we Snyderites owe him every consideration for becoming a finished artist in his particular line of work.

"The Great Earl of Cork," Richard Boyle, was born Oct. 3, 1516, at Canterbury and educated at Cambridge, afterwards being privy councillor of all Ireland.

DINNER PARTY

Miss Zilpha Webb entertained several of her friends with a dinner Sunday evening at the home of her parents, Mr. and Mrs. J. L. Webb.

MRS. H. G. TOWLE HOSTESS TO EL FELIS CLUB

Mrs. H. G. Towle was hostess to the El Felis Club last Friday afternoon at her home. The use of autumn leaves about the rooms created an attractive environment for the charmingly furnished home.

Albert Norred, R. J. Randals, Hugh Boren, A. J. Cody, Clyde Shull, George Northcutt, Bill Miller, Bob Warren, Charles Noble, J. G. Hicks, L. O. Smith, Wade Winston, W. M. Scott and Miss Edwena Barnes of Ropes.

THURSDAY NIGHT BRIDGE CLUB MEETS

The attractive new residence of Mr. and Mrs. George Oldham gave the lovely environment for the meeting of the Thursday Night Bridge Club last week.

In the bridge games Mr. and Mrs. Wayne Boren held high score for members, while Mrs. G. B. Clark, Jr., and Evans Palmer received guests high score.

Unusually delicious refreshments were served to Messrs. and Mesdames J. G. Hicks, Wayne Boren, W. T. Raybon, Maurice Brownfield, G. B. Clark Jr., Sam Hamlett, Albert Norred, Clyde Shull, Ivan Dodson, Lewis Blackard, Mrs. J. E. Sentell, Tom Gates, Miss Ruth Smith and Messrs. Evans Palmer and Leslie Davis.

sored by one division of the Women's Missionary Auxiliary of the Methodist Church.

The house party included the following ladies: Mesdames Ernest Taylor, R. H. Curnutte Sr., C. C. Higgins, W. D. Beggs, Dixie Smith, W. W. Hamilton, Bob Warren, Tom Gates, Wayne Boren, Albert Norred, Ivan Gatlin and Miss Ruth Smith.

PROFESSIONAL AND BUSINESS WOMEN MEET

The business and Professional Women's Club met Tuesday evening at 6:30 at the Presbyterian Church with Mesdames Sam Hamlett and C. Wedgeworth hostesses.

The following entertaining Thanksgiving program was given: Two piano numbers by Miss Eula Pearl Ferguson.

Roll call, answered by various things they were thankful for. Reading by Mrs. Richard W. Webb.

A story of Thanksgiving by Miss Clark. Thirty-two members were present and two guests, Miss Eula Pearl Ferguson and Mrs. Bobbie Wright Dollins of Detroit, Texas.

who was a former resident of Snyder.

BIRTHDAY PARTY

Horrence Leath celebrated her fifth birthday with a party Monday afternoon. An hour was spent in games after which the little folks were ushered into the dining room. The lovely pink and white cake with its five pink candles centered the table.

More than fifty guests called during the afternoon.

SOCIETY

Alpha Study Club Mrs. Tom Gates was hostess to the Alpha Study Club Tuesday afternoon at her attractive home.

Mrs. Homer Snider was leader of the program for the afternoon. Little Miss Patty Joyce Hicks favored the club with a Thanksgiving reading and Glenn Curry Snider with a song.

Unusually delicious refreshments served in two courses were passed to seventeen club members and Mesdames Bob Warren, R. N. Wilson and W. H. Ritzenthaler, guests.

SELF CULTURE CLUB MEETS WITH MRS. McDONALD

Mrs. Howard McDonald was hostess to the Self Culture Club Tuesday afternoon at her home. Mrs. G. H. Leath was leader for the afternoon.

The lesson was on the lives of Washington and Lee. Mesdames D. M. West, E. J. Anderson, P. C. Chenault, and W. F. Ferguson had parts on the program. Miss Genoa Cole gave two violin numbers.

Mrs. W. H. Ritzenthaler honored at shower Mrs. Amos Joyce and Miss Alma Nell Morris were hostesses to a cleverly planned dining room shower and bridge party Wednesday afternoon, honoring Mrs. W. H. Ritzenthaler, a recent bride.

The house was very artistically decorated, carrying out the Thanksgiving motif in every detail of the party.

At the conclusion of the bridge games Mrs. R. N. Wilson received high score prize, and Mrs. J. G. Hicks received cut prize, while Mrs. W. H. Ritzenthaler received second high and was presented with a shower of lovely gifts.

MR. AND MRS. H. G. TOWLE ENTERTAIN

Mr. and Mrs. H. G. Towle entertained several friends with a supper last Friday evening at 7 o'clock at their beautiful home on the west side.

Bridge and forty-two were the games of the evening following the delicious two-course supper. Those attending were Mr. and Mrs. Hartman, Mr. and Mrs. Joe Graham, Mrs. Gracie Smith, Mr. and Mrs. Joe Stinson, Mr. and Mrs. A. J. Towle, Mr. and Mrs. W. H. Ritzenthaler, Mr. and Mrs. O. D. Carter, Miss Cecile Strayhorn, W. O. Logan and Joe Furneaux.

new Chevrolet valve-in-head six cylinder motor. Speed, acceleration, power and smoothness to an unusual degree, are offered in the new motor. It is of the high compression type, fully enclosed and with a non-de-tonating head.

The motor develops 32 per cent more horsepower than its famous predecessor and has an abundant source of reserve power for fast getaway, heavy roads and steep grades.

Attractive new colors and a new order of beauty in Fisher body design characterizes the entire passenger car line. The high tire designed hood and the gleaming chromium radiator shell supply the keynote of unusual smartness and grace.

Appointments are the richest and most luxurious ever offered by Chevrolet. The seats are wider and more restful.

Added safety in night driving has been accomplished through the use of a light control switch at the left of the clutch pedal. Instead of dimming the lights the same effect is attained by changing the angle of the new two-beam headlights by pressing the floor button with the foot.

All models are equipped with parabolic type headlamps, with parking bulbs, operating from the lighting switch. A theft proof electro-lock is also standard.

Both open cars have curtains that open with the doors, and a full vision windshield with weather strip and wiper. Coach, coupe, sedan, cabriolet and convertible landau are equipped with military sun visors, afisher VV type windshield with automatic type wiper and narrow windshield shells which eliminate blind spots.

Oct. 2, 1780, Major Andre was executed as a spy at Tappan, N. Y., by British troops. The storming of Monterey by American forces taking possession of California from the Spanish began Sept. 20, 1863 and lasted four days.

Major Andre was arrested, through the treason of General Arnold, Sept. 23, 1780.

On Sept. 24, Ft. Orange, New York, was renamed Albany.

**CITATION BY PUBLICATION**

**THE STATE OF TEXAS,**

To the Sheriff or any Constable of Scurry County—Greeting:  
You are hereby commanded to summon A. F. McCain, his executors, administrators, his heirs, and the heirs of his heirs, and the heirs of Mrs. M. E. McCain, deceased, to wit: Alice McCain, Albert F. McCain, Burnice McCain, William McCain, Anna McCain, and Hazel McCain, and the executors and administrators of their estate, and the heirs and the heirs of the heirs of the said Alice McCain, Albert F. McCain, Burnice McCain, William McCain, Anna McCain, and Hazel McCain, whose names and places of residence are alleged to be unknown to plaintiff, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Scurry County, Texas, on the 4th Monday in December, A. D. 1928, same being the 24th day of December, A. D. 1928, then and there to answer a petition filed in said Court on the 20th day of November, A. D. 1928, in a suit numbered on the Docket of said Court, No. 2514, wherein Irene Logan is plaintiff and A. F. McCain, his executors, administrators, his heirs, and the heirs of his heirs, and the heirs of Mrs. M. E. McCain, deceased, to wit: Alice McCain, Albert F. McCain, Burnice McCain, William McCain, Anna McCain, and Hazel McCain, and the executors and administrators of their estate, and the heirs and the heirs of the heirs of the said Alice McCain, Albert F. McCain, Burnice McCain, William McCain, Anna McCain, and Hazel McCain, whose names and places of residence are alleged to be unknown to plaintiff, are defendants, and the cause of action being alleged as follows: Suit in trespass to try title and possession of all of Blocks numbered Fifty Three, Fifty Four, Fifty Eight, Sixty, Fifty Four, and Fifty Nine, in the Grayum & Nelson Addition to the town of Snyder, in Scurry County, Texas, save and except the P. & N. T. Ry. Co. right of way and Public Road on part thereof, which property is fully described in deed from J. S. Eades and wife to C. C. Logan, dated September 2, 1921, recorded in Vol. 46, page 256, Deed Records of Scurry County, Texas, referred to and made part of petition for description in fee simple and by the statutes of five and ten years adverse possession, plead by plaintiff in herself and her immediate grantors, whereby the interest of defendants in said property is rendered void.

**CITATION BY PUBLICATION**

HEREIN FAIL NOT, but have you before said Court on said day of next term thereof, this writ, with your return thereon, showing how you have executed the same.  
Witness my hand and official seal at my office in Snyder, Texas, this 22nd day of November, A. D. 1928.

**TURKEY PYE**

Since Thanksgiving will be here in another week or so—Nov. 23 this year—here is an old time recipe this week, a "Turkey Pye" handed down from 1730, probably much older than that.  
"Bone the turkey, season it with savory spice, and lay it in the pye with two onions, or two wild ducks cut in pieces to fill up the corners; lay on butter and close the pye."  
Lincoln made a preliminary Emancipation Proclamation Sept. 22, 1862, stating that the slaves were to be freed the following January 1, so Sept. 22 is known as Emancipation Day.

**BUTTS BUTTED THROUGH**

At divers times the writer of this short squib of news has been in on shirt-tail parades, fraternity mix-ups and what-nots, but what we started to say was that Emmett Butts, newly-wed, surely was put through the third degree and one or two other things Sunday following his marriage to Miss Velma Finley that morning. Anyhow, the boys meant nothing by it, and Emmett surely rode the "roller-coaster of delirium" in the mad scramble around the pub-

Scurry County, to be holden at the Court House thereof, in the City of Snyder, on the 4th Monday in December, A. D. 1928, the same being the 24th day of December, A. D. 1928, then and there to answer a petition filed in said Court on the 21st day of November, A. D. 1928, in a suit, numbered on the docket of said Court No. 2515, wherein G. L. Autry, Owen Williams, Morgan Smithers, S. T. Dozier, T. B. Faver, Lon B. Faver, M. M. Gideon, and Mrs. C. M. Baze and her husband, W. T. Baze, are plaintiffs, and Walter B. Whitlock, his executors and administrators, his heirs, and the heirs of his heirs, whose names and places of residence are unknown to plaintiffs, are defendants, and for cause of action plaintiffs allege as follows: Suit in trespass to try title, and for title and possession of the North 1/2 of Lot 1 and all of Lot 2 in Block 36, and all of Block 35, all of said property in the Lundy Park Addition to the town of Snyder in Scurry County, Texas, which property plaintiffs hold in fee simple and by the Statutes of five year and ten year peaceable and adverse possession, plead by plaintiffs.

**CITATION BY PUBLICATION**

HEREIN FAIL NOT, but have before said Court, at its above said next regular term, this writ with your return thereon, showing how you have executed the same.  
Given under my hand and the Seal of said Court, at office in Snyder, Scurry County, Texas, this, the 21st day of November, A. D. 1928.

lic square. As we write this, we are sorry now that we could not have pulled the same thing on Otis and Chubby. That pair were not properly initiated, and while the gang never even gave Emmett something coming yet, according to Com Ezell and Forest Sears, passed through it all carefully and Howdy!

**A GOOD SHOT To Bring Us Your Furs And Hides!**

**RECEIVE CASH!**

THE many friends in Scurry and adjoining counties have been after me to represent one of the larger St. Louis fur houses, and starting today, bring your furs here where ready cash awaits your coming.

Bring your furs and get the cash. Do not wait. The houses we represent have always made a market for West Texas furs and built up the largest fur businesses in America.

Trappers should get in touch with us today—first—we have the market and can handle your furs—paying you SPOT CASH.

**Wrinkles!**

Tell Tales!  
Face wrinkles tell of advancing age, and there's nothing disgraceful about that, but—

**Clothes Wrinkles Are Inexcusable!**

—and they are a dead give-away to a man's lack of pride in his personal appearance.

**KEEP NEAT LOOKING—IT PAYS!**

Have us press your suits, regularly — clean them — repair them. It's an inexpensive habit that pays big returns.

**POWER AND LIGHT SERVICE IN GREAT AMERICAN CITIES**

It is interesting to note that the greater American cities are litten with electric power by privately owned and operated power and light companies. Experience over long periods of years has proven that private ownership makes for greater efficiencies and economies. These cities are capable of having the best of utility services, and their experience might well point the way for communities with the ambition to grow greatly.

The Texas Electric Service Company serves a great number of Texas cities with electric light and power which is unexcelled anywhere in this country.
