

Scurry County Bankers Say

Sound Banking... Sound Farming...

Planting time will soon be here and we will be engaged in the business of financing the farmers in the growing of their crops for this year.

Several years ago we reached a very definite decision that we could not safely finance those farmers whose farm program does not make adequate provision for the growing of food and feed crops necessary for consumption on the farm. We are not attempting to dictate to anyone. We are following a policy which we know is right, a safe program approved by successful farmers and bankers throughout the South.

"A PLAIN STATEMENT"

We are not interested in making loans, no matter how good the security, if we think the proceeds of such loans will be used in a way that will require us to realize on the security pledged. We expect to extend credit to those farmers who are careful to grow ample food and feed crops to meet the needs of their farms.

At this time of the year, which is prior to the planting of crops, and also prior to the time we begin making loans, we give much publicity to this policy we have arrived at.

When conditions are such that our farmer customers have been unable to produce food and feed crops needed for their use on the farm, then we, as bankers, stand ready to do our full part in meeting the demands made upon us.

The farmer must solve his own problem—and experience teaches us that decreased cotton acreage and increased feed, with a few cows and chickens will put every farmer where a Wall Street upheaval will not disturb him. Please try this policy and see if we are right!

LOCALS

Mr. and Mrs. Ross Howard, of Chicago are visiting the latter's parents, Mr. and Mrs. D. P. Strayhorn and other relatives.

Mr. and Mrs. A. V. McAdoo and Mr. and Mrs. J. Q. Barnes were visitors at Lamesa Sunday.

Miss Oleta Mitchell entered the West Texas Hospital at Lubbock Friday, for treatment of a badly infected tooth.

Mr. and Mrs. R. C. Grantham and daughter, Miss Rowena, and Mr. and Mrs. Allen Moses of Lubbock, and Miss Edith Grantham of Littlefield, spent the week end with Erle Grantham and family.

Mrs. A. O. Scarborough went to Mineral Wells Tuesday for an indefinite stay.

Mrs. Al C. Flack of Wichita Falls and Mrs. D. C. Edwards of Olney and Ted Williams visited their parents, Mr. and Mrs. H. V. Williamson last week.

Mrs. H. V. Williams and daughter Mrs. D. C. Edwards, and son, Ted Williams, visited their relative, V. P. Williams and family at Slaton one day last week.

Mr. and Mrs. W. A. Merrell have been visiting their daughter, Mrs. Neil Gross and family at their ranch home, for several days.

J. F. Ellis of Throckmorton is visiting his daughter Ida V. Ellis, and his sister, Mrs. W. T. Baze.

Mr. Eugene L. Roberts of Dallas spent Sunday with Mr. and Mrs. J. W. Pesmire.

Roy Pesmire of Sweetwater and Miss Ruth Rutledge of Abilene spent Sunday with Mr. and Mrs. J. W. Pesmire.

Supt. C. Wedgeworth spent the week end with his wife at Temple. Munger Y. Lewis accompanied him as far as Lampasas.

Mrs. Gay McGlaun is greatly improved from her recent serious illness, which is good news to her many friends.

Messrs. Earl Brown and Ed Thompson attended a district meeting of Frigidaire dealers and salesmen held at Lubbock yesterday.

H. H. Thomas of the J. C. Penney Co. spent the first of the week in Lovewell, Kans., at the bedside of his wife who underwent a tonsil operation. Latest reports state that Mrs. Thomas is doing nicely.

Mr. and Mrs. Ivan Teters, Mr. and Mrs. Roy Jones returned Tuesday from a week's vacation spent at Presidio near the Mexican border. Quite naturally they explored the country on the Mexican side of the river.

Judge Horace Holley and the entire Commissioners Court left early this morning for Tahoka where they will attend the two days session of the West Texas Judge & Commissioners convention.

Fine rafts were reported in the west end of the county, Sunday night.

Folks found singing: "It Ain't Gonna Rain No More" will be shot on the spot. The Scurry county law would protect anyone who did the shooting.

Hugh Boren, Jr., will be operated on for the removal of his tonsils during the Easter vacation.

STREET DESIGNATIONS

Orange and black has been used in the marking of all street curbs leading into the public square and make a fine improvement. House numbers are rapidly being placed in position and Snyder will soon be a changed place in which to live whereby one can direct a newcomer to any spot in town.

ROTAN CHORAL CLUB COMES TO SNYDER

The Rotan Choral Club will visit us on Friday, April 25th and give a free program at the School auditorium at 8 p. m. This is a courtesy to the local school in return for a visit made in Rotan by the High School Glee Club.

A fine program was given yesterday morning at 8:30 at the High School Auditorium by the Grammar grades, which included sketches, readings and songs.

LEAVES FOR PARTY

Mrs. Lee Newsom left last night for Monday to visit relatives and attend a party there on Friday afternoon announcing the approaching marriage of her daughter, Miss Thelma Lee Newsom to Mr. Harry Williams, assistant cashier of First National Bank at Munday. The young couple will be married at Stamford on Easter Sunday.

REVIVAL GROWING AT CHURCH OF CHRIST

Interest in the revival service at the Church of Christ that is being led by Charles J. Hardin of Anson is growing as the service continues. Pastor W. M. Speck is assisting in the service, with J. J. Taylor leading the singing. Services are being held at 10 o'clock and 8 o'clock daily.

Mrs. Wilson Hartgrove of Paint Rock, who came last week for several days visit with her mother, Mrs. Dixie Smith, and to attend the parties honoring Miss Mary Lynn Nation Stinson, returned to her home yesterday. She was accompanied as far as Abilene by her mother and Mrs. A. J. Towle.

Mrs. Lois Miller of Abilene was the house guest of Mrs. Wilson Hartgrove and Mrs. Dixie Smith, Monday and Tuesday.

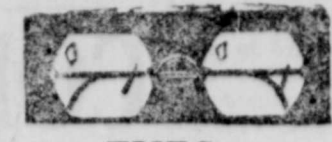

Roy McCurdy of Amarillo visited his parents, Mr. and Mrs. R. H. McCurdy over Sunday.

M. D. Ellis of Fluvanna, who underwent an operation for appendicitis last Sunday at the Emergency Hospital is improving nicely.

Mileage of American aircraft doubled in 1929.

MARRIED IN NEW MEXICO

Miss Grace Bartley, formerly associated here with the J. C. Penney Co., was married to Allen Odell of Wagon Mound, N. M., March 29th. They will reside in the latter city. Read Times-Signal Classified Ads.

Helping to Build Better Poultry in Scurry County

The Star Feed & Hatchery are proud of their connection in aiding the forward movement of the county to bring better poultry, quality poultry, to this section. At present our incubators are full with projects given by a number of Scurry county farmers and ranchers who are demanding the best baby chicks possible to secure—and we have them.

After the chicks, comes a quality feed and "The Feed in the Star Bags"—Economy—there is none better for the baby chick on up to production hens.

We are thanking one and all for the fine co-operation and business that has been given us this season.

STAR FEED & HATCHERY

"Bill" Tatum, Boss in Charge West Bridge Street

PYRON "HI" EAGLE

VOLUME I

PYRON, TEXAS, APRIL 15, 1930.

NUMBER 1

The news herewith is from the monthly publication of the Pyron school and full credit is given to the publication for matter that is contained herewith.

Pyron Will Erect New Auditorium-Gymnasium

The student body and faculty of the Pyron Public school, together with the many patrons and friends of the school, are rejoicing over the fact that the Board of Trustees, M. A. Glass, S. P. Bowen and H. W. Beights, at its last regular meeting decided by a unanimous decision to erect on the campus a modern physical education building.

This new building is to be a combination Auditorium-Gymnasium. It will be a large permanent structure, 40 by 100 feet, and will be modernly equipped throughout. It will provide one of the largest auditoriums in West Texas when completed, and will take care of the many public gatherings held at Pyron. It will also have a spacious stage to take care of the dramatic activities of the school or of other organizations that might wish to use it.

The large auditorium will be convertible into a gymnasium, which will be one of the best in West Texas.

It will be large enough to care for basket ball, will have a court 44 by 84 feet, and all other indoor sports, all physical education classes of the school will be conducted in this building.

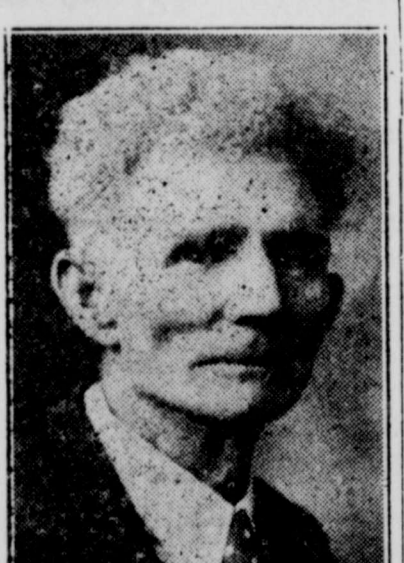

The erection of the gymnasium will mean more to the athletic program of Pyron school than anything the school has ever done. It will also make for the advancement of athletic standards in this section of the state, since this will provide an indoor court and meeting place for the many schools around Pyron. The new auditorium will also encourage better work in dramatics and other phases of public entertainment and instruction.

Pyron school has grown continuously for the past five years, having added during this time three teachers, a two-class room and basement to the building, a Home Economics and Shop room, but even considering this, it is expected that, with the erection of the planned auditorium-gymnasium, a still brighter day will dawn for Pyron school.

The 1930-31 scholastic census shows an increase of 59, making a total enumeration of 254. This increase is due partly to the fact that those six years of age become scholastic and partly to the fact that the Santa Fe has had a large number of workmen stationed here for several months.

G. L. GILMORE DUE MUCH CREDIT FOR PYRON SCHOOL

In 1893 G. L. Gilmore and wife left Ellis county for more fertile fields and where they might have greater opportunities. In casting about for a place to live, they decided that Scurry County was the place for them. But Scurry County then was not a land of plenty, neither was it a place where luxuries were to be had. There were no schools, churches, and in fact very few people. But as Rudyard Kipling put it: The man who can take the tools and the building materials that he has at hand and build a structure of usefulness may never reach his own ideal, but if he builds something better than he found, something more useful, the world will look on with approval. So Mr. Gilmore began the task of something—a school—out of the material at hand.

In 1901 a one-room school structure was built. This was a great undertaking at that time, but Mr. Gilmore was not easily discouraged, and the laborous task of building a school at Pyron went on. Mr. Gilmore was elected trustee of this fine school and served continuously till 1926 when he asked to be relieved of duties he had performed so long. But with the coming of the Santa Fe in 1911 and the laying out of the Pyron townsite, the need came for a larger school. A two-room structure was built this time. The building was used until 1915

MR. BRYANT RE-ELECTED SUPERINTENDENT

MR. T. J. BRYANT Superintendent Pyron School

T. J. Bryant, who is about to finish his third year as Superintendent of the Pyron Schools, has been re-elected for the 1930-31 term.

School Board Organizes and Elects Teachers

The School Board met in regular session last Monday night, and elected M. A. Glass president and H. W. Beights secretary.

Teachers were elected as follows: Miss Sue McKeown, first grade; Miss Gladys Wiman, second and third grades; Mrs. T. J. Bryant, Millie Wiman, sixth grade and Miss Jessie Trowbridge, Home Economics and English.

GROUND BEING BEAUTIFIED

We now have eight trees growing nicely on our school yard. One, a cottonwood was set out two years ago, one, an Umbrella China, is a year old, and the other six were put out this spring, but are starting off beautifully. They are Chinese Elms, three side of the walk from the school building to the teacherage. Harvey Beights and Mayme Wilson.

EMMA BARRETT Most Popular Student

PYRON BEATS WASTELLA IN FRIDAY'S GAME

The baseball game at Pyron Friday afternoon between Pyron and Wastella ended in a score of 5 to 12 in favor of Pyron. Both teams are made up wholly of school boys, and the game was counted as a regular school game. This game was the second Pyron has won from Wastella this season. The first game was played at Wastella on Tuesday, April 1st.

Neva Borland: "I dropped my vanity and spilled all the powder." Miss Harris: "Do you always carry it loaded?"

when a consolidation with the County Line School was made, which called for a three-room building.

This three-room building was used until 1926 when the present six-room building was constructed. The present building is entirely too small at this time. Yet Mr. Gilmore said "We built each time for the future."

But to give this sketch without saying something about how the community approved this move would fall short of our purpose. About the best test of a man's ability and capacity is the manner in which he handles the job which he has in hand. Another thing that may be taken into consideration is measuring up to the capacity of a real community leader is the manner of approval that the public as a whole gives that individual. Mr. Gilmore in all his school career has never tried to put anything by, but has at all times come out into the open and made a clean fight. The fact that he has been a community leader for all these years is proof enough that he is appreciated.

When Mr. Gilmore retired as trustee, he did not lose interest. Today he is one of the first to suggest progressive steps for our school.

His advice is always inspiring and worthwhile, and to Mr. Gilmore we owe much for his extended faithfulness to the school.

Some Advantages Of a Rural High School

By J. L. CARRELL

By request I am giving some of the advantages of the rural High School or the High School in the country to the boys and girls in the rural districts and especially those boys and girls who live long distances from any high school advantages.

As everyone knows the State Department of Education after many years of the old method under which the most of us who are 40 years old and over received our schooling (for we did not get any education, that is, not a great many of us were really able to become educated in the sense that boys and girls are educated at the present time.)

In the place of the method just mentioned we now have every school in the State arranged in grades from the primary or first grade to and including the eleventh grade. Now this, according to Dr. P. W. Horn, President of the Texas Tech. at Lubbock, when addressing a graduating class of boys and girls at Snyder, Dr. Horn made this statement: "The boy or girl who has completed the eleven grades as required by the high schools of the State of Texas has acquired an education almost equal to that of the young man or woman of 40 years ago who had completed four years in college."

Now, if this is true, and who can doubt it, for Dr. Horn is one of the outstanding educators of Texas, why should not the parents of the children of this great state aspire to give their children this kind of an education and why should these children not have an opportunity to attend just that kind of school?

I don't suppose there are many in Scurry county but would say that they should have just that, by all means. That being true, we are of necessity forced to provide high schools in the country as well as in the towns, for it is impossible for a great many of the parents to send their children to school away from home, and the distance is too great for them to attend and stay at home.

Then, too, the high schools that do exist at present are getting more crowded each year, and they cannot much longer care for so many children from the other communities. So, with these conditions confronting us, everything points to the need of more high schools all over the state. A good high school in the rural communities afford opportunities to the people of that community that they cannot get elsewhere, for we are fast coming to the place where agriculture will be taught in the schools by experimental projects in all branches pertaining to farming and ranching, then our boys and girls will be taught to do practical, efficient farming, livestock and poultry. They can learn to grow and care for the garden and garden products. There they should be taught to feed and care for the dairy cow in the most profitable way. There they should learn to feed and care for hens to get more eggs; to care for the baby chick and produce broilers and fraters at a profit.

There the girls can learn to sew and make their own clothing. They can learn to prepare and cook foods properly and economically. There the boys who have a turn for mechanics can learn to do shop work and carpentry.

In the country there is a tendency to go to the towns for amusement, this tendency could and should be overcome to a great extent by building and equipping a gymnasium and other playgrounds, and by having school programs in various ways and in this way get the parents interested in the upbuilding of the community and then your school building will become the community center.

With high schools over the rural districts wherever needed in our fair state, there will be hundreds of thousands of our country boys and girls who will acquire high school advantages who would and could not secure more than the sixth, seventh, eighth or ninth grades for their educational equipment through life.

Now I take the position that there are very few parents who do not aspire to and give their boys and girls the best educational advantages possible, and the only way for a great majority of the farmers to give their boys and girls high school advantages is for the high schools to be carried to them and not the children to the school.

At present we have here in Scurry county five independent and rural high schools that serve the country boys and girls exclusively and each located, with one exception, in or near some small village or town. Two of these schools have school buses to transport the children to and from school. Each of these schools are securing credits each year, hoping to become affiliated in the near future.

These communities are all proud of their schools, and not one of them is ready or would be willing to return to their old status. But each one of them is now increasing their capacity to care for more boys and girls or else they are planning to do so in the near future.

Now as a man who has reared a

GENEVA GLASS Editor-in-Chief

CONGRATULATIONS PYRON

A. A. BULLOCK County Superintendent

Because of the progressive spirit shown, not only in getting out this splendid school paper, but also in everything that has been attempted in the past few years in the school, I wish to congratulate you, Pyron. I wish to congratulate you, Pyron. I wish to congratulate you, Pyron. I wish to congratulate you, Pyron. I wish to congratulate you, Pyron.

Upon my first visit to the Pyron school in 1925 I found a three-teacher school with a six months school term. At the present time six teachers are employed with prospects of a seventh being added next year, an eight month school, Vocational Agriculture and Home Economics, or Industrial training, and numerous things that have been added to make of an already good school a much better one. Some people might be content after all these improvements, but not so with Pyron. During the coming year if plans work out there will be built at Pyron the first Gymnasium in Scurry county and the Board of trustees have recently built one of the most modern teacher's apartments to be found in West Texas.

For the above mentioned reasons and many more too numerous to mention, I congratulate the good people of the Pyron community as well as the progressive Board and the faculty.

HONOR ROLL FOR LAST SEMESTER

- High School—Harold Borland, Garland Hawkins, Arthur Vernon, Geneva Glass, Daisy Glass. 7th—Troy Bowen, D. Brock, Mildred Vernon, Edith Wilson. 6th—Fay Barrett, Lou Vea Hawkins. 5th—Ola Allen, Berta Nell Borland Wilma Light, Naomi Culp, Bertha Gray, Mary Etta Vernon. 4th—Eunice Light, William Vernon, Lucille Kinney. 2nd and third—Nova Bowen, Lou Vestal, Velda Clark, Etna McGlothlin. 1st—Gladys Light, Tom Bowen, Marvin Beights, J. Z. McGlothlin. Primer—Theida McGuire, Mavis McGuire, Berta Borland, Ava Nell Kinney, Ardis Bettes.

Sophomore class met Feb. 26th and organized for the second semester by electing the following officers: Harold Borland, president; Daisy Glass, vice-president, and Lucille Buckner Secretary and Treasurer.

large family, and knew the difficulties that confront the most farmers in trying to educate their children, I am hoping to see the day that every boy and girl in Scurry county will have high school advantages within reach of their own home. So mote it be.

Why We Should Be Loyal to Our School

We should be loyal to our school. Students who cannot be loyal to their school are not likely to be loyal to anything. Every school needs the wholehearted support of all students. Without the support of the pupils a school can never accomplish anything. Without a sense of loyalty no one can accomplish anything. We should be loyal to our school because it helps us to enjoy our school life. If we do not enjoy our school days we would not go to school very long.

A school may be called a manufacturing plant of the human mind. When a person starts to school his mind is young and tender, and it may be called a raw product. But when he has finished High School his mind is partly developed and may be classed as a finished product. Therefore we should be loyal to our school so that no part of the factory will break, and so that we can keep going to school and furnish material for the factory, thereby gaining knowledge and a foundation for our life's work.

We should be loyal to our school because an education may be considered as a gift to us. It is a gift from our state because the state makes it possible for us to go to school. It is a gift from our parents because they sacrifice the time and money to give us an education. It is also a gift from God because he gives us a mind capable of being developed. For these reasons we should make the best of our opportunities.

We should be loyal to our school to please our teachers as well as our parents. Many teachers are teaching because they like the work and because they want to help young folks over the roughs. If they were teaching for money only, I am afraid they would not have to worry about paying income tax.

While we are in school we should apply ourselves to our studies, and should try to obey as near as possible, all rules made by the teachers or School Board. For it has been truly said, "What soever you sow, that shall ye also reap." By a Tenth Grade Pupils.

GERTRUDE WISENANT Best Looking Girl

PYRON IN TENNIS

The coach of tennis was in the hospital when the time for try-outs came, but the tryouts went on just the same, under the supervision of Mr. Bryant. The ones who won and entered at the county meet at Snyder were: Geneva Glass and Emma Barrett, girl's doubles; Daisy Glass, girl's singles; Arlie Reece and Harold Borland, boy's doubles, and L. M. Reed, boy's singles.

At the county meet our boys lost both singles and doubles, but the girls won both. This year is the fourth year Pyron has won the county championship in girl's tennis, both singles and doubles but the girls won both. Last year we had a very enjoyable time in Abilene playing tennis, coming out third in the district meet, losing to Abilene.

We have played Roscoe several times the last two years, and have never lost a game. All the other games have been played with teams of our own county, Pyron winning practically every game.

PYRON WELCOMES VISITING FRIENDS

- PYRON always WELCOMES visits from OLD and new FRIENDS and when PYRON dedicates the NEW auditorium-gym WELCOME goes to all to BE OUR GUESTS. We THANK you.

Geography, Commercial Law and Latin.

Thursday, April 24th, hours same as above. Algebra I, Solid Geometry, Old Testament and Trigonometry. In the afternoon will come Chemistry, Biology, Bookkeeping and French.

Friday, April 25th, same hours Algebra II, Physics and Physiology. In the afternoon will come German, General Science, Advanced Arithmetic, New Testament, Agriculture and Physiology.

Very truly yours, A. A. Bullock.

SNYDER PEOPLE ATTEND SLATON SERVICES SUNDAY

On Sunday, April 5th, a large group of Snyder people, friends of the Rev. W. F. Ferguson attended the morning services here and at the noon hour a bountiful dinner was served to the guests.

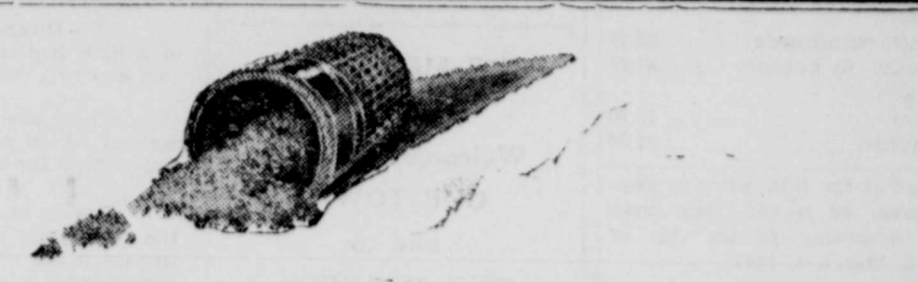

Those making the trip included

Mr. and Mrs. Wade Winston and daughters, Florence and Dorothy, Mr. and Mrs. A. C. Martin and children, Buddy, Jack and Earline, Mr. and Mrs. Onnie Martin, Mr. and Mrs. Jess Sellers, Mr. and Mrs. Will Williams, Mr. and Mrs. Wayne Williams, and little daughter, Mary Ellen, Mr. and Mrs. W. C. Hamilton and sons, Bob, Billie and Jack, Misses Vernell Bradbury and Hilda Gene Williamson.—Slaton Slatonite.

CAPT. NUSBAUM BACK AT REVIVAL WORK

A letter to the Times-Signal yesterday from Capt. Cyrus Nusbaum tells that he had just closed a successful revival meeting at Drumright, Okla., and was starting another three weeks revival at Stroud, Okla. The Captain expects to come to Snyder around May 1 and a real welcome will await him here from his many friends.

Have any visitors? Phone 47.

ONE THIMBLEFUL - A DAY'S FEED FOR ONE CHICK!

THINK OF IT! One tiny thimbleful... all the feed a chick can put in its little crop in one day. On this tiny bit it must live... grow... build bones... build muscles... start feathers. Think of the job feed has to do!

They must depend on feed for so many things! They get them all in Purina Chick Startena (mash) or Purina All-Mash Startena Chow... 12 different ingredients in every thimbleful. Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... these and eight others are there!

These 12 ingredients... think how carefully they must be mixed to make every thimbleful alike. Purina Startena and All-Mash Startena Chow are mixed over and over again... 960 times just to be thorough! You will find the same care taken with Baby Chick Chow (scratch)... to be fed with Startena until your chicks are six weeks old... and with Purina Growena (mash) and Purina Intermediate Hen Chow (scratch)... to be fed from then on until the pullets are laying at 16 weeks.

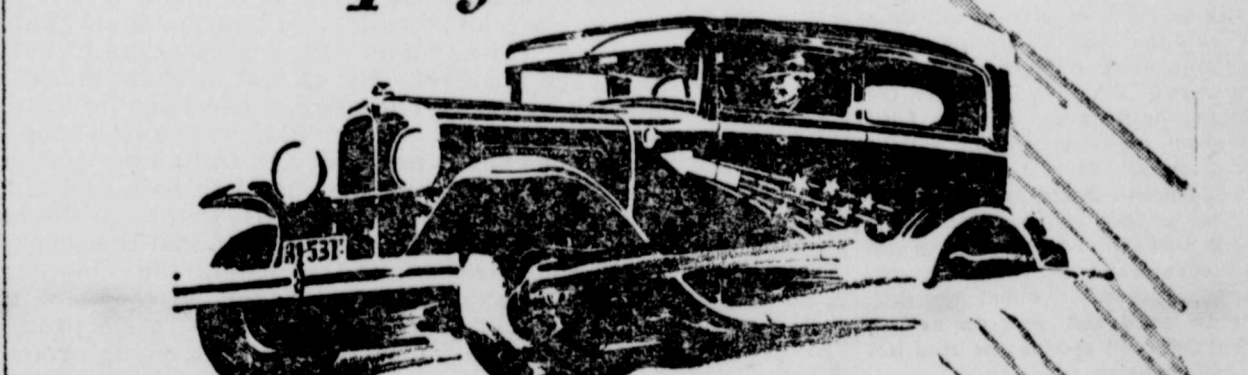

How little feed a chick eats... just one thimbleful a day... yet how important it is... how much depends on it... the chick's very life... its growth... what the pullets will do for you next fall and winter when eggs are sure to be worth good money. You can afford to feed only the best... Purina Poultry Chows.

The Red Rocket

a demonstrator of Pontiac's finer performance

BEGINNING today, the New Series Pontiac Big Six marked with a RED ROCKET will be on the streets of this city. Notice its speed, quick getaway, smoothness and easy handling. Ask for a demonstration—anytime, anywhere you see this car.

EASY HANDLING AND RIDING. A new roller bearing steering system and improved four-wheel brakes make the car delightfully easy to handle. And riding ease is increased by comfortable new Fisher bodies and improved Lovejoy Hydraulic Shock Absorbers.

SPEED AND POWER. A 60 horsepower engine, the largest in any six of Pontiac's price, accounts for this car's great power, speed and acceleration.

SMOOTHNESS. The engine is very smooth due to new type rubber mountings and the Harmonic Balancer which counteracts crankshaft vibration.

Ask to drive the car with the RED ROCKET. Or come to our salesroom and arrange to learn what splendid performance Pontiac now is offering at low cost.

Prices are l. o. b. Pontiac, Mich., plus delivery charges. Shock absorbers standard equipment. Bumpers and spring covers at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Considers the delivered price as well as the list (l. o. b.) price when comparing automobile values. Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

DAIRY SHOW IS A SUCCESS
(BY W. O. LOGAN, CO. AGENT)

The dairy show at Plainview last week was witnessed by thousands of people from all over West Texas and New Mexico. The production contest was won by a Tech cow that produced 91.8 pounds of milk, with 3.09 pounds of butterfat in twenty four hours. Other winners produced 2.65 to 2.02 pounds butterfat in twenty four hours according to class and ages. Under rules of the contest all cows were milked dry at 6:00 p. m. Sunday, then those who wished could milk at 2:00 a. m., 10:00 a. m. and 6:00 p. m. Monday, while those milking twice were checked at 6:00 a. m. and 6:00 p. m. Monday. The winning twelve cows this year averaged 2.24 pounds butterfat while last year the twelve winners averaged 1.96 which shows progress.

There were some two hundred sixty Jerseys on display and all classes were full, and highly complimented by the judge, who said only the National Dairy Show could boast as good in some classes. The National Dairy Show only boasted a little over three hundred entries in Jerseys last year. Why can't the Fannhandie Plains Dairy Show be the biggest show in America if we all do our best and keep it growing as it has these three years?

Two progressive dairyminded Scurry county farmers were over to see first hand how much progress has been made in the Fannhandie Plains country and they came back enthusiastic. Ben Brooks and C. W. Morton, as most everyone in the county knows, have some purebreds and some first class grade cows that are good producers. Watt Scott of the Chamber of Commerce, Mr. Maxwell, and County Agent W. O. Logan also took in the show. The County Agent and Ben Brooks attended the Annual Banquet for the Exhibitors, Directors, and this year the Press were guests of the Association.

Dairy Cattle to Be T. B. Tested
Last year the County Agent and Dr. Lewis of the Livestock Sanitary Commission started Accredited Herd Work in Scurry county, and it will soon be time for another test. There are inquiries about this work as many families do not want to run the risk of having their children drink milk from a tubercular cow. While in Plainview the County Agent talked with Mr. Lewis about the work and he will be back on scheduled time. However, the Livestock Board are not in position to take on more accredited herd work. Dr. Lewis agreed to test all cows listed with the county agent at a very nominal cost. The herds tested last year on accredited plan will receive the free test again, however.

FIVE COUNTY MEN SECURE MUCH PROFIT
Scurry county has five men who are poultry demonstrators working with County Agent W. O. Logan and the Extension Service of A. & M. College. These gentlemen are C. W. Morton, Louis R. Bailey, F. I. Townsend, Walter Leech and Ben Brooks. These men follow out a poultry calendar plan where every phase of the chicken's activities are known and placed down in black and white. The five men keep 1,533 hens that laid 31,199 eggs with the chickens using up \$224.30 worth of feed. Cash received amounted to \$599.60 for eggs and a few culls, leaving a net profit of \$375.30 to the owners. It is interesting to note, according to County Agent Logan, that the standard for March was 16 eggs per hen while the 1,533 Scurry county hens laid 20 eggs each. The above record was for the month of March only. With the above figures that can be ably vouched for, who can offer any argument that poultry is not one of the best paying industries on tap in our section?

METHODIST CHURCH

Cal C. Wright, Pastor

The revival at the Methodist Church will continue several days. The pastor, Rev. Cal C. Wright, is undecided just when the meeting will close, as great crowds are attending and the interest seems to be growing.

The Rev. Mr. Wright has been preaching on the great doctrines of the Bible, such as prayer, Leadership of the Holy Spirit, Justification, Salvation by Faith, Growth of Truth and other cardinal doctrines.

The singing is fine and attractive, under the leadership of E. D. Curry.

Services are held at 10 o'clock and eight o'clock daily. A special service, for the High School students, will be Friday night. Sunday morning will be the Easter services for the Knight Templars, while Sunday evening will feature the Redemption song, an Easter Cantata.

You are invited to all of these services.

Augusta, sixth of new cruisers, is launched at Newport News.

PRESBYTERIAN CHURCH

E. C. Lambert, Minister

One of the special features of the Easter morning service at the First Presbyterian church will be the music furnished by the Girl's Choral Club, under the direction of Mr. Homer Springfield.

The theme of the morning hour of worship will be "The Resurrection of Jesus."

Ordination of Elders will be announced.

EVERYBODY INVITED

You are cordially invited to attend the Easter Opera and Toy Orchestra program given by the primary department of the Snyder Public Schools in the school auditorium Friday, April 18, at eight o'clock.

SPRING HAS COME!

This is the time of year when most people get the urge to spruce up. Go into most any store and you will see people buying all sorts of things to make their surroundings look better—yard and garden tools, seeds of all descriptions, paint and lacquers, wall paper and porch furniture—everything to clean up and brighten up.

The ladies are talking housecleaning. The men who are not talking and thinking gardens are anxiously watching to see how the greens and fairways are coming along, and everywhere there seems to be a sort of taking-on of a new lease on life.

The papers are carrying column after column of copy on "Clean-up Campaigns." Yard and Garden contests will be started, and on every hand there will be a freshness, light-heartedness and general goodwill; for "Spring has come."

That's fine for everybody, business included. Too bad we don't have spring more often; but then if we did it would be like a lot of other things—we would get used to it, and always that which we get used to, we fail to appreciate.

The Clean-up Campaigns of many communities always remind me of a little boy taking a bath—he misses so many places. And a town is just as clean, just as attractive, as the places that are left dirty.

There are six places that most towns overlook in their cleaning—each of which costs thousands of dollars in business, and at the same time lowers the morale of it's people, which is equally costly.

One of these is the highway entrances to the town, which are to the community what the doorway and show windows are to a store. Every strange motor car that enters Snyder has a cash business value of \$5.20, and it takes only one car a minute each way during the traveling hours of the day to make this traffic as valuable to your community as a factory with a payroll of two million dollars annually. Here are those who will refuse to believe this, but it is a fact nevertheless, and easily proved.

The first impression is often the lasting one, therefore it is nothing more than good business to see to it that the highway entrances are clean, and are KEPT clean. Go out on your highways and look at the entrance to your city. If you see a lot of unpainted, dilapidated, cheap-looking road signs scattered all along the road, make a list of them. Then write, telephone or go see those whose signs they are and ask them to either fix them up—or, better yet, eliminate them entirely.

Billboards and road signs are proper enough, I suppose, in their place; but they have no right to stand where they will spoil and clutter up an otherwise beautiful roadside, and certainly they have no right where they will detract from the business of the community.

If there are any old tumble-down shacks, open city dumps, junk yards or other abominations, go to the proper authorities, call them up, write them a letter, and keep it up until they do something about it. Such

other feature of special interest in the morning worship.

Sunday School, 9:45 a. m. Christian Endeavor Program by the Juniors at seven o'clock in the evening.

We sincerely hope every member of the church will be present in these services. An invitation is extended to each and every one who may desire to come and worship with us in these services.

Our congregation is dismissing the night service to join in worship with the Methodist congregation.

Ortiz Rubio thinks Hoover will visit Mexico.

EVERYBODY INVITED

You are cordially invited to attend the Easter Opera and Toy Orchestra program given by the primary department of the Snyder Public Schools in the school auditorium Friday, April 18, at eight o'clock.

TOWN DOCTOR

thing not only drive business away from a community, but actually cast a reflection on you, your family and your business. You do not have to tolerate such things, but it's up to you. If you stand for it, you have no one but yourself to blame.

While out on the highways look to see if there are any "Welcome" signs. Welcome signs are all right if the community lives up to what they say, but very often the opposite is the case. It is better to have no sign at all than to say to people who enter your community "Welcome to Snyder," and then have them get a cold shoulder.

I know a town that spent several thousand dollars erecting beautiful arches with electric sign reading "Blankville is a friendly town," and you couldn't get a pleasant smile in the town if you paid for it. Welcome signs that don't mean what they say had better be taken down if the community cannot be sold on the idea of really extending a cordial welcome.

See to it that your highway entrances are cleaned up—you don't have to take a pick and shovel and do the work yourself, unless you personally are responsible. Use your influence—public opinion can get anything done. Create public opinion to SELL Snyder to the people who travel by motor.

(Continued from Page 1)

EIGHTY-THREE—

cially he told about Lee Stinson, who in turn made one of his briefest and most inimitable addresses and told about Jodie Monroe in war time and peace time and for the production of the aforementioned "Gentleman From Odessa."

It was here that the food started, and the K. P. boys had it in shipshape and by the armload.

Mr. Winston then turned the meeting over to toastmaster W. R. Johnson who handled the position so well that "Doc" will surely be called upon for many more entertainments of the type that he gave. His at point, Mr. Cooper launched took him off his feet as "Bill" Cooper, the notorious Kent county advocate of justice and rights to all was slated on the program to talk. It stumped the toastmaster and finally when "Bill" rose to his large sized feet, with every bristle of hair that adorns that head of his at point, Mr. Cooper launched into one of the best talks of his entire career, checked though it might be. He was privately presented with a bouquet of pansies following his talk but the gang surely enjoyed his part of the program.

Magician Oille Bruton, than whom there is no whomer, gave a brilliant exhibition and had a lot of fun, even with "Bill" Cooper bringing in one or two Jacks with it.

Snappy talks were given by Capt. John E. Sentell and Melvin Newton with a group of old songs being worked in with "Bos" Stavelly and "Red" Wedgeworth of Fluvanna stopping the show with a group of duck numbers.

"Buddy" Griffin of Kent county told some good stories, Nate Rosenberg briefly spoke of memberships and Adjutant Joe Frasier of Colorado told of some of the inside details of Legion work. Bob Adams, Hermleigh, was called with Commanding Harrie Winston completing an evening of full enjoyment by stressing the importance of Legion membership, followed by Adjutant A. C. Preuit on organization details.

Thanks were passed to the Meat Markets of Snyder, Lee Stinson, Jodie Monroe, Piggly Wiggly, Hill Coffee Co. through Hugh Taylor & Co., Boss Baze and the Times-Signal.

PROGRAM

Junior Christian Endeavor Program at the Presbyterian Church Easter Sunday.

Opening song—"He Lives on High." Prayer.

Welcome Address Scripture, John 20:1-17. Solo—"When He Cometh." Play—"Jewels from Everlyland." Song—"A Fair White Tulip." Offering.

Closing prayer. O. E. S.

Special meeting Friday night, April 18, 8 p. m. Mrs. Florence Reid, Grand Visitor, will be here.

Easter programs are being given in practically every church in Scurry county next Sunday.

To The People Of Scurry County
It has been and shall continue to be my aim to promote the poultry business as much as possible, and in order to do that it is my desire and it is necessary for as many people as possible to have and keep a keen interest in the business. This cannot be done unless the individual succeeds in the business. The more general the interest and the success of everyone the better it is and will continue to be for everyone in the business. It has never been my aim to hamper the success of anyone in the business, but on the other hand to help and aid everyone. My desire is to get as many people in this country in the business as possible, and for them to have the best success, and that everyone additional going into the business is just that much more co-operation and not competition. In other words, to build the business up on a large scale among the people so that there may be co-operative production and marketing on a large scale. There is more than enough room for everyone that can go into the business here, for it is a big business just in its infancy. Let's co-operate for the betterment of the business for the benefit of all of us. I have all of the business that I can take care of and it is and has been far from me to say or do anything that would injure the other fellow or cause him to misunderstand me.
I have not intentionally said or done anything that would injure anyone, and wish to say that any misunderstanding on the part of anyone to the contrary is through mistake or misconception of what may have been said or intended. I do not know of anything that I may have said that could be rightly understood to mean what some have seemed to understand. Specifically, all that I have said was in discussing legitimate business methods used by poultrymen to make good their guarantees in filling orders and contracts. If I sell eggs and guarantee a 100 per cent hatch, it is not probable that there will be a 100 per cent hatch, and then, of course, I have to make up the shortage either in reduction of price or by supplying additional chicks from other eggs, which I would do from the same quality of stock or better, and I suppose that the other man would do the same thing, and I have not intentionally said or done anything that could be understood otherwise.
Anything to the contrary can only serve to injure all of us, and I hope that no steps will be taken to hinder the splendid start that the poultry business already has in this county. Let's stay together and do the best we know how.
Respectfully,
Giles Garner
adv.

FLUVANNA NEWS

Mr. Raymond Seals of the First State Bank is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him by sending your news and subscriptions to him.

Church Services

Church and Sunday school services were well attended Sunday, and the Sunday School of the Fluvanna Baptist Church young people's class is still increasing. We are glad to note the young people's interest in the work increasing.

The Fluvanna Baptist Church had the misfortune of losing their pastor, Rev. D. G. Wells of Lamesa who resigned Sunday, but we pray that the Lord will bless him in his work wherever he may be.

The Ladies Missionary Society met at the Church Monday and next Monday will be a social and business meeting combined. It will be held at the church also.

Sunday School Program

The District Sunday School Convention will be held at the Fluvanna Baptist Church next Sunday, April 30th, program as follows:

- 2:30 Song Service, J. M. Newton, Snyder, leader.
- Prayer, P. A. Miller, Ira.
- 2:50 The Sunday School as an Evangelistic Agency, G. W. Parks, Roscoe.
- 3:15 Special Music, E. O. Wedgeworth, Fluvanna.
- 3:20 The Joy of Teaching, A. C. Alexander, Snyder.
- 3:40 Helping Your Teacher, Forrest Huffman, Union.
- 3:50 Song
- Closing Prayer, Rev. T. L. Nipp, Dunn.

Everyone is cordially invited to attend this program and we are sure that each one attending will receive a blessing out of the service.

Visits and Trips

Miss Nealy Squyres is home again now, her school ending last week. Mr. and Mrs. W. R. Craft and daughter Agnes of Southland were visiting their daughter and sister, Mrs. Ola Stavely Sunday.

H. L. Parks and wife and John Lankford of Arsh attended church here Sunday.

Bos Stavely and wife and Jas. W. Crowley and wife of Snyder went on a fish fry last week on the Dewey Everett place near Gail. (We wonder if they caught the fish.)

Ted Melton and wife spent Monday afternoon with W. H. Hamilton and wife in Borden county.

Mr. and Mrs. Jno. Stavely accompanied by Miss Verney Boynton went to Sweetwater Sunday to attend the Moslah Temple Shrine Band concert. They went especially to see some friends and relatives from Fort Worth who were attending the concert. Among the number were Miss Girene Dane, formerly from here, Don Lloyd and Dick Long. They report a fine time and a very fine program including band selections, solos and other music.

Sickness

Mr. R. L. Lightfoot is reported on the sick list this week.

Dual Ellis was carried to the Emergency Hospital Sunday where he underwent an operation for appendicitis.

Miscellaneous

The occurrence of the partial eclipse Saturday night (of which the writer was a close observer) is said to be the only Lunar phenomenon that will be visible to this part of the country this year. Saturday night being clear and all made the eclipse very distinct although it was only a small chip of the southern edge of the moon that passed through the shadow of the earth. The eclipse began to show distinctly around 11:30 and continued until 12:30, reaching its best at about 12:00 o'clock. About two eclipses of the moon occur each year, but it is said that only about one-half of the world gets to see each Lunar eclipse even if the weather is clear. For that reason

being brought up in a great city, which has its full quota of modern temptations, these boys are being brought up "In the nurture and admonition of the Lord". That's fine.

Well, I started out to write a few lines about California flowers, but I had to digress long enough to say a word about human flowers—those good old friends of ours. No doubt those good friends of mine—those who know me best—will smile when they see that I am writing about flowers, for they know that I never knew the names of very many flowers. He that is it may; I know when a thing is pretty. Yesterday we took a little drive in Smiley Park. Now I am lost already for my limited vocabulary makes it impossible for me to offer even an approximate description of the entrancing beauty—beauty of every imaginable hue—that met our eyes from almost every angle. There was plenty of the rugged mountain and landscape beauty to charm the most indifferent; but I am now writing especially of flowers. Flowers everywhere—all along the streets, in the yards, in beauty spots here and there and along the scenic drive. I need not try to tell you the names of these flowers. That would, indeed, be impossible; but it is probably just as impossible for me to convey to the mind of the reader a fair conception of the entrancing beauty that meets the eye almost everywhere, in this locality and at this season.

BEAUTY! BEAUTY!!

Rev. James H. Tate

"Flowers of May, flowers of May; Come and see me every day;" but, by the way, Mr. Editor, this is not the state of my recent adoption; and then there come letters in which the writers tell of how they read my letters in the paper. This, of course, encourages me to write again, for I delight in doing that which may bring pleasure and profit to others. I was very much surprised a few days ago when a letter came from a friend in San Marcos, Texas, telling me, among other things, how he and his family are reading and enjoying my articles in the paper. I may remark, in passing, that these good people now of San Marcos were formerly citizens of Ira and Snyder (now guess); and it seems that they are keeping pretty close tabs on the rest of us. Even so, we were mighty glad to hear from you, Leslie.

Another surprising evidence of the fact that our steps are being more closely watched than we might think, was the rather startling but none the less enjoyable and happy surprise that came our way last Sunday morning when W. W. (Little Billie) Nelson and family of Los Angeles were almost in our house before we knew that they were anywhere near us. They said they had been reading my pieces in the paper all the while and thus they were keeping right up with us—Say, Mr. Editor, does everybody take your paper? It sometimes seems as if they do. Somehow most folks know a good thing when they see it.

Well, Billie is a former Snyder boy—the son of Uncle Billie, as you know—and we were exceedingly glad to see and have him in our home. And then as to his wife—well, I have known her longer than Billie has—ever since she was born, over in Shackelford county, Texas; hence it is hardly necessary to say we were glad to see her. And then the two fine boys—William and Jack—princely fellows they are, and worthy of a place in any home or community. Although they are

think of 8 different colors of the snap-dragon; think of 3000 tulips with their deep, barrel-like, crimson blossoms bowing a welcome to the thousands of visitors (at this season) as they pass admiringly along the streets and roads through the kinds of flowers and tell me truly, could an amateur be expected to describe such a scene. Then, in addition to all this; as one drives along the streets and roads through the orange district, he not only sees the singular combination of the evergreen foliage of the orange but the ripe fruit and white blossoms all at the same time on the same trees; and, if he is so careless about looking he can't help smelling; for now the air is laden with the rich fragrance of the orange blossom so that one wants to breathe more rapidly and deeply in order to get more of it. Hasn't our Heavenly Father been good to us in that He has provided so many things to cheer and brighten the pathway of life?

Rev. James H. Tate

Ed. Note—We thank you, Brother Tate, for your nice suggestions and hope you will not defer writing us more regularly. Our readers not only enjoy your good words but we folks here in the office likewise get a thrill, so keep up the good work.

OLD PIONEER LAID TO REST SATURDAY

J. R. Manry, 71, who was brought back to Snyder, two weeks ago, from San Angelo, passed quietly away Saturday to the last rest with funeral services being held at the First Presbyterian church, Sunday afternoon.

Years ago, Mr. Manry was one of the leading merchants of Snyder, first operating a grocery store on the south side of the square and later a dry goods store.

The funeral services were conducted by Rev. E. C. Lambert, assisted by Bro. W. M. Harris with interment at the Snyder cemetery.

JUST TRY IT

Ask your Oldsmobile-Viking dealer to give you the famous "11-Test" demonstration that proves Oldsmobile's Balanced Design.

The surest way to learn all the facts about a motor car is to drive it yourself. Then you can tell exactly how it suits you. Then you are in a position to compare it with other cars on a price and performance basis.

For this reason, we urge you to come in—to inspect Oldsmobile's many fine features—to drive the car and put it through your own performance tests.

Without changing the tried and proved fundamentals which have made this car so dependable and so popular, Oldsmobile offers important improvements which add materially to style, comfort, performance, and value.

These advancements include smarter Fisher Body lines, resulting in longer, lower appearance—increased roominess in body interiors—more comfortable seats—greater engine efficiency—more responsive steering—and improved, fully-enclosed four-wheel brakes. Just try Oldsmobile and you'll know why it is gaining in public favor everywhere.

E. F. SEARS, Snyder, Texas

UNION DOTS

By J. L. CARRELL

Well, as we have been quiet for some time, I guess we had better start something. As usual, another wait, when we of the Methodist church at Union had the privilege of entertaining the second quarterly conference of the Fluvanna Circuit and had with us our presiding elder, the Rev. L. N. Lipscomb of Sweetwater and our pastor, Rev. J. I. Kelly and wife, W. P. Mathis and Mrs. J. I. Bowen of Fluvanna, and Mrs. A. M. Curry and daughters Allene and Ruby of Snyder.

The ladies of the Methodist church prepared their meals and brought them to the church and after preaching Saturday morning the boys placed some of the seats together across the church building and the ladies spread their good eats and called dinner. Now I say dinner because it wasn't just a lunch, for you know we who have been reared, raised, or just grew (grewed) up in the country just simply can't get used to the word lunch in connection with the noon-day meal, for you know we can't remember any word in our whole life that we were fonder of than the word or words "come to dinner" when we were boys and girls, and say, Jimmy, it sounds good yet when the belt begins to get loose about noon.

Well, at any rate the women folks had lots of good eats there and every one seemed to enjoy the sermon, the eats and the Quarterly

Conference which was held in the afternoon. Bro. Lipscomb remained with us and preached Saturday night at 8 p. m. and Sunday morning at 11 a. m. Bro. Lipscomb is a good preacher and we all enjoyed having him with us and hearing him preach.

Well, the rain man got on the job yesterday and thundered around to beat the band but did not get over much rain.

I guess he was just practising up getting ready to wet things down the good old way real soon, at any rate we are hoping.

Elmer Bentley had the misfortune to get his brooder house and about 225 young chickens burned one day last week. The cause of the fire is unknown but it is supposed it was caused from the brooder catching on fire.

Now this accident, and others like it, cause Union Dots to say that no oil burning light, stove or burner of any sort is entirely safe and the only way to make them any way near safe is to keep them cleaned real often, removing the bits of charred wick and any oil and sand that may have accumulated on the burner.

The little son of Mr. and Mrs. Arlie Elke was operated on last week to remove an accumulation of puss from his lung. We all are hoping and praying for his recovery. Mrs. Carwell McCormick was taken to the hospital at Big Spring one day last week where she underwent an operation for appendicitis. She is reported as doing as well as could be expected.

Since our last communication there has come to the home of Leo Kiker and wife a fine baby girl and as usual Vera and Leo think she is about the only baby that has

ever come to any home, and by the way, isn't that just about the attitude of most folks when the first baby comes? Now, all who don't believe that just look back and think honestly and you will be convinced. Well, the children are all off to school and the Missus wants the garden plowed, so I guess I had better ring off.

So mote it be.

ATTEND GRAND COMMANDERY

Porter King, Ernest Peterson and Clyde Shull represented the Snyder Commandery at the Grand Commandery Conclave at Corpus Christi last week. The boys brought back a 19 pound drum fish and had it on exhibition in the Piggly-Wiggly window. Some said they had bought the fish which was a most unkind thrust. Anyhow, they brought plenty of fish back with them and report a splendid meeting of the Masonic bodies.

Advertise in the Times-Signal.

W. M. U. GIFT FUND SUBJECT AT 1ST BAPTIST CHURCH

The W. M. U. silver anniversary gift fund for Simmons University was discussed in the Snyder Baptist church Sunday by a group of Abilene speakers and musicians.

Rev. A. T. Douglas spoke at the morning service in the First Baptist church in Snyder, and music was furnished by Misses Ruby Fay Myrick and Joyce Miller. In the afternoon Mrs. Douglas and Mrs. Jentry Holmes spoke and the Brazilian trio gave a fine group of numbers. In the trio are Misses Virginia and Jessie Lee Peden and Doris Deter.

Middle Life Suffering

"THREE years ago, I was in bad health," says Mrs. J. B. Bean, of Kirbyville, Texas. "I was going through a critical time, and I suffered a lot. My back hurt almost all the time, and my legs and ankles ached. My head hurt me until sometimes I would be almost past going."

"As I had used Cardui before, and knew how much I had improved after taking it, I got a bottle and started taking it. I continued to use it for several months. After a while I regained my health, and I feel that I could never have gotten through that awful time without Cardui."

CARDUI
Helps Women to Health

Take Theford's Black-Drainage for Constipation, Indigestion, and Biliousness.

"No Medicine Ever Helped Me As Did Konjola"

Tulsa Lady Is Enthusiastic About New Medicine—"Best in the World", She Says

MRS. G. I. CRABBAUGH

"No medicine ever helped me as did Konjola," said Mrs. G. I. Crabbaugh, 739 Quaker Street, Tulsa. "For more than nine years I had trouble with my stomach. Gas accumulated after meals and I bloated terribly. The pains and pressure often made me short of breath and dizzy. Constipation was another of my worries and I became an almost daily user of cathartics. I had terrible headaches and found my general condition badly run down.

"I am delighted with the results I obtained from Konjola. Before I had finished the second bottle my constipation has been relieved and my stomach greatly improved. As I kept on with this great medicine my general health improved until I am feeling better today than I have in a long time. I have an excellent appetite and eat heartily without distress. Even neuritis which attacked me occasionally has been totally driven from my system. I cannot say too much in praise of this great medicine."

Though Konjola works quickly, six to eight bottles are recommended as a fair trial. Although many people are benefited within a few weeks, the longer period is best.

IRA SCHOOL DIST. NOW NUMBERS THREE

With the addition of County Line School to the Ira Independent School District they now boast of a consolidation that effects three former separate districts. Ira, County Line and Sharon. The consolidation will give a total scholastic population of 250 with eight teachers now and probably nine by the start of the next school year. Congratulations.

FLUVANNA HIGH AT DISTRICT MEET FRIDAY

Representatives of Fluvanna High who will be entered at the district meet at Abilene, tomorrow, include: Girls' debating team—Pauline Haynes and LaVerne Farquhar. Extemporaneous Speaking—Ruby Bley.

Senior boy's track—Charley Bley. Junior boy's track—Henry Flournoy and Lawrence Shipman.

PLEASANT HILL CLUB NEWS

The girls met at Mrs. Earl Shepherd's last Friday. All the girls had their work. The house was called to order, and each member gave a brief report of what they had done since the last meeting.

Ruth Merritt was elected as secretary and Lela Bills as reporter. Miss Davis then looked over the girls' work. This question was left up for the members to decide on: "How we should make up the money for our treasury."

SNYDER MAN ELECTED HEAD CLARA SCHOOLS

According to the Wichita Falls Times, H. V. Williams, Snyder, was re-elected head of the Clara Independent school district for the second year. The Times said: Mr. Williams is a man with personality and the qualities that make for leadership. Clara is one of the oldest schools in Wichita county and one of the strongest rural schools in the state.

COLORADO EDITOR—
(Continued from Page 1)

terfere in any way with his other farm work. "When asked what he planned to do about his cotton, wheat and other staple farm crops this year, Garner stated that he would continue to farm as in the past, insofar as cultivation of the farm is concerned. "But, from here on those crops will be sidelines with me," he said. "I am making money from these birds and expect to continue in the poultry game."

"The Colorado Chamber of Commerce, the county agent and all interested farmers of Mitchell county were extended an invitation to pay to Garner Egg Farm a visit. "Tell them that I would appreciate a check up on what I am telling you and that they will be most welcome any time they wish to come. There is much in that old story about "seeing is believing..."

"What are advantages of California in profitable poultry production, as compared with West Texas?" Garner was asked. With a look of surprise, this typical West Texas farmer replied in a tone expressing semi-resentment at the suggestion. "Say, buddy, get that out of your system," he said. "West Texas is a better poultry producing section than this much-touted California country, and you can rely on that. I have seen both and know what I am talking about. A West Texas White Leghorn, pitted against her California sister, will produce 25 more eggs a year."

Other Poultry Data

The Times-Signal surely wants to thank Editor Cooper for his fine remarks which fully bear out what this paper has said many times.

While Mr. Garner has the largest poultry project in Scurry county, many others are fully into the game on a big scale.

Among some of the noteworthy recent happenings in matters poultry, for Scurry county, is the story that comes from the home demonstration agent, Miss Jessie Lee Davison, in connection with some of the work of her department. She reports that Mrs. Guy E. Casey of the Camp Springs community has made \$196.26 from 298 white leghorns in the last three months. The figures were made public last week during the visit here of Miss Myrtle Murray, district home demonstration agent. Mrs. Casey is one of nine special poultry demonstrators in the county who keep specific records on feeding, housing and caring. The egg sales for January, February and March total \$213.04, and adding \$41.03, the market value of eggs used in the home, gives a grand total of \$254.08. Subtracting feed costs which were home grown, at market prices was \$58.82, leaving net profits of \$196.26.

Another gentleman who is getting into the poultry game on a big scale is R. H. Curmutte. It surely is a fair indication that poultry has proven its financial independence when a banker steps directly from that game into raising chickens such as Bob Curmutte is now doing. He

is planning on having 2,000 laying pullets by fall.

W. H. Sterling of the Ira community set 3,000 eggs last week and hopes to have 1,000 laying hens by fall time.

F. I. Townsend is getting into the game on a bigger scale and at this time is starting the construction of a five-unit chicken house, each unit of which will have a front 23x30.

The construction of the buildings will be brick cement, the machine for making same is the first brick making machine that we have ever seen in Scurry county. The buildings will be either of the shed or monitor type, as Mr. Townsend has yet to decide which one he will select. Material is now being delivered for the work of construction and when completed, he will have one of the finest chicken homes for his fine white leghorn flock in the section.

Nathan Reynolds will have around 2,000 laying pullets at the Nine-R Ranch by fall and is a new booster for poultry.

Elmer Bentley has 2,160 eggs on their way for adding laying pullets to his farm place.

The Baro Poultry Farm, west of Ira, operated by Mr. and Mrs. L. R. Bailey is one of the show places of the county.

The above list is only a partial one and the Times-Signal would enjoy hearing of other poultry projects in Scurry county. One item that nearly escaped our attention was the announcement last week by the Green Hill Hatchery that they had contracted for four more electric incubators of 16,000 eggs capacity each, which would give this one hatchery alone, 96,000 eggs capacity. They are planning on setting 4,000 eggs daily.

THE 36,000 CAPACITY BATTERY BROODER OF GILES GARNER IS ALSO STARTED AND IS ATTRACTING WIDESPREAD INTEREST.

The plant is located on West Bridge street.

FORMER SNYDER MAN IS INJURED IN FALL

"Uncle" Billie Nelson tells the Times-Signal that W. A. "Billie" Johnson, now living at Pasadena, Cal., fell and broke his hip last week and will be confined to his bed for a period of three months. Mr. Johnson, who at one time was President of The First State Bank & Trust Co., is now in his 70th year.

SHE PULLS NEW GAG ALL ALONG THE ROUTE

Saturday an ill-dressed woman went about the streets of Midland soliciting funds. Without investigating, kind-hearted people paid off, just as kind-hearted people this week bought out-of-town advertising, that is considered by most advertising men as worthless.

It costs nothing to have all out-of-town advertising schemes and begging plans probed, and if they are approved, the Midland chamber of commerce vigilance committee will make written endorsement of it.

This action is taken by request of business men for their protection.—Midland Reporter.

They used to say that home is where the heart is, but now the heart seems to be out in the garage.

EASTER
(Printed by Request)

Through the eagerly curious crowd that followed the young Messiah, the despairing Jairus forced his way. Ruler of the synagogue but made humble now by the feet of the One who was reported able to heal the sick, either of body or mind. And Jairus besought Him greedily, saying: "My little daughter lieth at the point of death: I pray thee, come and lay thy hands on her, that she may be healed; and she shall live."

Jesus, always compassionate of the suffering, at once went with him. But as they were on their way, there came from the house of Jairus certain ones who said: "Thy daughter is dead; why troublest thou the Master any further?" And it is recorded that Jesus said to the grief-stricken father: "Be not afraid, only believe."

This is the eternal message of Easter. In it man ever may find renewal of that assurance so exquisitely expressed in Stevenson's lines:

He is not dead, this friend—not dead,
But in the path we mortals tread
Got some few trifling steps ahead
And nearer to the end;
So that you, too, once past the bend,
Shall meet again, as face to face,
This friend
You fancy dead.

Jarius, his daughter restored to his arms; the sisters of Lazarus; the widow at Nain, her son returned to her side, were witnesses to the prevailing of life over death. In their glad hearts was a confirmation of the words:

"For He is not a God of the dead, but of the living; for all live unto Him."

He gained funds in her own home town, then garnered from the "easy" all the way enroute to Midland.

Fourth, she was so adept at the profession of begging that she declined to admit she was begging; she called it "soliciting" and indignantly declared "I have as much right to solicit as the Salvation Army." and "People are giving to them men playing that nasty old fiddle" referring to blind men who "made" Midland Saturday.

It costs nothing to have all out-of-town advertising schemes and begging plans probed, and if they are approved, the Midland chamber of commerce vigilance committee will make written endorsement of it.

This action is taken by request of business men for their protection.—Midland Reporter.

They used to say that home is where the heart is, but now the heart seems to be out in the garage.

OFFICIAL DATA

Taken From Records of the County Clerk

Birth
Mr. and Mrs. John R. Day, Ira, a girl, April 7th.

Marriage License
S. B. Craig and Mrs. Bethel Carley, April 11.

for Economical Transportation

it's wise to choose a SIX!

There is one sure way to get greater value in a low-priced car today—choose a Six!

This greater value is instantly obvious when you drive a Chevrolet Six. You notice first of all its greater smoothness. There is no tremor in the steering wheel—no rattle in the floor boards—no rumble or drumming in the body.

In addition to the finer performance of its six-cylinder motor, the new Chevrolet gives you truly remarkable economy.

Its six-cylinder smoothness saves the entire car from the strain and wear of vibration. This, of course, lowers the cost of maintenance and assures a longer-lasting, longer-satisfying automobile.

From the standpoint of operating expense, Chevrolet is equally economical. No other automobile consumes less gasoline and oil. No other shows a lower expense for tires. And

no other car costs less for service. Because of its modern engineering, Chevrolet also assures a high resale value.

Chevrolet gives you fully-enclosed, weather-proof, 4-wheel brakes; a modern fuel system—with the gasoline tank mounted in the rear; four long semi-elliptic springs, mounted lengthwise in the direction of car travel. It gives you beautiful Fisher bodies built of combination hardwood-and-steel. It gives you a heavy, rigidly-braced channel-steel frame. And it gives you a full ball bearing steering mechanism.

Before you decide on any car in the low-price field, see and drive the Chevrolet Six. The more thoroughly you investigate, the more certain you are to conclude that it's wise to choose a Six—for value, for performance . . . and for economical transportation!

Easter Wedding of Mary Lynn Nation Stinson Announced Last Friday

The spacious home of Mr. and Mrs. Joe Strayhorn was the scene of a gay party Friday afternoon when Mrs. L. T. Stinson, Mrs. Walter Cork, San Angelo, and Mrs. J. R. Strayhorn, Rotan, were hostesses at a tea announcing the engagement and approaching marriage of Miss Mary Lynn Nation Stinson, and Mr. J. D. Scott, son of Mr. and Mrs. W. M. Scott, which will be solemnized at the home of the bride's parents, Mr. and Mrs. J. C. Stinson on Easter morning. The house was profusely decorated with Easter lilies.

Guests were received by the hostesses and Mrs. W. M. Scott, O. D. McCoy of Wichita Falls, H. G. Towle, J. P. Stinson, Abilene, and E. W. Ledbetter, Abilene, Lou Adams and C. R. Moon of Rotan, and Miss Mary Jane Mitchell of Sweetwater.

From the receiving line, guests were ushered to the dining room by Mrs. Dixie Smith and Mrs. Ernest Taylor.

The table was laid with Normandy lace over green satin and centered with a crystal punch bowl. Tall green tapers were in crystal holders at either end of the table, and crystal chandeliers held yellow mimis shaped like roses.

On each refreshment plate, a small scroll, tied with yellow ribbon and spray of Lily of the Valley, was placed, and held the following inscription:

Another secret a little bird told
Of two lovers whose vows are
pledged;
And this is the story sweet and
old:
On Easter Morn they'll be
united.

J. D. Scott and Mary Lynn Nation Stinson.

Sunrise Easter morning in Snyder as well as a series of pre-nuptial entertainments, is of interest to numbers of Abilene friends and relatives of the bride-elect, Miss Mary Lynn Nation Stinson of Snyder. Following in the wake of the announcement of her engagement to J. D. Scott of Snyder, there at a tea Friday, a luncheon of unusually pretty appointments was given in her honor here Saturday.

"The luncheon was given in the home of Judge and Mrs. J. P. Stinson in Elmwood with their daughter, Mrs. William Ledbetter, cousin of the bride-elect, hostess.

"Black and white tones were artistically favored in appointments for the luncheon table, made unusually pretty by ebony and etched crystal glass service.

Honoree Favored

"The honoree's favor was the ebony and crystal console set and sherberts. Places were marked for the following other guests: Misses Eloise Scott, Snyder, Frances Brooks, Caroline Couch, Naomi Stone, Mmes. J. R. Strayhorn, Rotan, J. C. Stinson, Lee Stinson, W. M. Scott, Snyder; Wilson Hartgrove, Paint Rock; Walter Cork, San Angelo; O. D. McCoy, Wichita Falls; Lacy Beckham, Pliny Armour, Dub Wood, LeRoy Jennings, Lois Miller, Bob Fields, J. W. Couch, Guy Paxton, C. M. Caldwell, T. F. Grisham and Nib Shaw.

"A clever feature of the affair was the presentation of little Miss Tommie Gaye Grisham as a miniature bride who read "Don't Tell" and Geraldine Shaw as the groom who sang "I Love You Truly." They also did a clever dance.

G. A. MEETING

Friday afternoon, April 11, at four o'clock, the Intermediate Girl's Auxiliary met at the home of Mrs. Wren Moore, one of the sponsors. The house was called to order and business attended to, and an interesting lesson was enjoyed by all present.

Several interesting games were played and delightful refreshments were served to Mrs. Morton, Mary Nelle Morton, Alta Bowers, Ernestine Taylor, Eva Nelle Arnold, Maxine Shuler, Ida Mae Maule, Vernelle Bradbury, Louise Wilsford, Mavis Shuler, Jeffie D. Isaacs, Earline Martin, Estelle Roe, Nadine Summerault, and the hostess.

The Auxiliary, with their sponsors, Mrs. Wren Moore and Mrs. Morton, are planning to have a sunrise breakfast soon.

Army squadron flew 3,700 miles in zero weather.

MMES. SMITH AND HARTGROVE ENTERTAIN FOR BRIDE-ELECT

Following several brilliant social affairs honoring Miss Mary Lynn Nation Stinson, bride-elect, a delightful bridge luncheon and miscellaneous shower was given by Mrs. Dixie Smith and daughter, Mrs. Wilson Hartgrove of Paint Rock, on Tuesday afternoon for this same popular honoree, at the home of Mrs. Smith.

A delicious three-course luncheon was served to forty-eight guests. Table centers in colors of blue and gold, were cupids holding shower umbrellas anchored in small tubs of rice, and tiny umbrellas in same colors made clever guest favors, while bride and groom tallies were in perfect harmony with table appointments carrying bridal designs.

After luncheon, the guests were assembled in the large dining room, where a huge rain barrel was produced which was covered with crepe paper and maline in rainbow colors, and filled to the brim with lovely gifts for the honoree.

A series of bridge and forty-two games were played later, when Mrs. W. R. Johnson captured high score, prize. Second high went to Mrs. H. G. Towle, and Mrs. W. W. Cork of San Angelo won high for out-of-town guests.

Those enjoying the hospitality were Mmes. W. M. Scott, Allen Warren, W. W. Hamilton, J. M. Harris, H. G. Towle, Watt Scott, Ernest Taylor, Fritz R. Smith, J. C. Stinson, Joe Strayhorn, A. D. Erwin, G. A. Hagan, C. C. Higgins, Joe Caton, O. Randolph, Com Ezell, Amos Joyce, Forest Sears, C. H. Cooper, R. H. Curnutte, Sr., A. H. Sams, O. P. Thrane, Billy Lee, W. D. Beggs, Lee Stinson, Cal C. Wright, Garrett Harrell, R. H. Curnutte, Jr., A. C. Preult, Sam Hamlett, Roy Strayhorn, W. R. Johnson, Geo. F. Smith, M. Brownfield, Rob Strayhorn, Rotan, W. W. Cork, San Angelo, Dristy Miller, Abilene,

O. D. McCoy, Wichita Falls, and the Misses Fay Harrell, Frances Harris, Dorette Beggs, Brooksie Wright, Eloise Scott, Neoma Strayhorn, Vera Nell Grantham, Martha Gray, Myrtle Harrell, and the honoree.

ALTRURIAN DAUGHTERS HONOR PRESIDENT

Mrs. L. T. Stinson and Miss Eloise Scott entertained the Altrurian Daughters and a number of guests on Monday evening at the home of Mrs. Stinson, honoring the club's president, Miss Mary Lynn Nation Stinson, bride-elect of J. D. Scott.

The following program was given:

Reading, "Original Criticism on 'Ramona'."—Mary Lynn Nation Stinson.

Reading, "Out Where the West Begins."—Inez Caskey.

Picture Story, "Ramona Scenes Today."—Vera Nell Grantham.

Parliamentary Drill led by Marilu Rosser.

At the close of the program, Mrs. W. W. Hamilton, a sponsor of the club, gave a short talk divulging the secret of the approaching marriage of the honoree. A toast to the bride was given by Martha Gray and a toast to the "Left O'ers", a clever bit of witticism, was given by Eloise Scott.

At this point, little Billy Joe Stinson dressed as a rabbit, hopped into the living room and led the bride-elect into the dining room, where the table, laid with white lace, was centered with a huge Easter basket with yellow streamers leading to two white rabbits. Yellow tapers were in crystal holders at either end of the table, and in front of the basket stood a miniature bride and groom.

When the honoree searched the basket she found it filled with beautiful ebony and crystal glassware, gifts of the club and attending guests.

Those present were: Misses Eleanor German, Ola Lee Cauble, Oleta Mitchell, Mabel Isaacs, Mary Harkey, Vera Nell Grantham, Martha Gray, Marilu Rosser, Brents Anderson, Lucille Brown, Inez Caskey and Mildred Patterson, members, and Mrs. Joe Caton and Mrs. W. W. Hamilton, sponsors of the club, and Mmes. W. M. Scott, O. D. McCoy of Wichita Falls, Joe Stinson, Watt Scott, Walter Cork, San Angelo, Wilson Hartgrove, Paint Rock, Kenneth Camp, and Miss Neoma Strayhorn, guests.

GANNAWAY LADIES MEET

The Gannaway Women's 4-H Club met Wednesday, April 9, in the home of Mrs. F. D. Muller. Mrs. D. E. Watson, president, called the meeting to order and members responded to the secretary's roll call with suggestions for bedroom improvement. Minutes of last meeting were read and approved; and a report of the membership committee was heard.

Mrs. O. C. Maule, leader, directed a discussion of Bedroom Improvement:

Walls and their finish—Mrs. J. W. Wade.

1. Color in Relation to the room.
2. Wall Finishes.
- Care and Cleaning—Mrs. Lon Harrel.

1. Daily Care.
2. Thorough Weekly Cleaning.

After adjournment a social hour was enjoyed. The hostess passed dainty plates of sandwiches and cake with lemonade to Mesdames Lon Harrel, E. R. Jones, O. C. Maule, D. E. Watson, N. B. Wallace, J. W. Wade, and H. C. Campbell, and Misses Johnnie Watson and Katy Ruth Wallace, guests.

Mrs. N. B. Wallace will be hostess to the club on April 23.

BIRTHDAY DINNER GIVEN SUNDAY

Mrs. C. C. Brackeen celebrated her 56th birthday Sunday, April 13 at her home in West Snyder, with a bountiful dinner.

Those enjoying the occasion were Mr. and Mrs. B. F. Womack, Mr. and Mrs. L. B. Cope, Mr. and Mrs. W. E. Brackeen and two little sons, M. A. Garden, Stone Garden, Mother C. A. Carrold, Miss Mattie Garden, Dee Myers, Miss Mary Warren.

Out of town guests were: R. L. Berditt of Roby; Bill Barry, Lamesa; Mrs. Mary Berditt and daughters Adella and Laline, Lamesa.

Mrs. Brackeen received many lovely gifts, all wishing her many more birthdays.

YOUNG PEOPLE MEET

The Young Peoples' Auxiliary met Monday at the Methodist parsonage. After the business meeting an interesting short program was given with Miss Martha Gray as leader.

The following members were present: Misses Jo Halley, Martha Gray, Ora Norred, Mildred Patterson, Brooksie Wright, Mariwaide Harless, Layce Clark, Neomi Stray-

horn, Eda McFarland, Rubye Curry, Agnes May, Gertrude and Hattie Herm, Mmes Dodson and Wright.

The officers for the year are: Hattie Herm, president; Brooksie Wright, vice president; Mariwaide Harless, corresponding secretary; Rubye Curry, treasurer; Ora Norred, Supt. of Mission Study; Mary Lynn Nation, Supt. of Publicity; Maggie Norred, Supt. of Supplies.

The next Auxiliary meeting will be Monday, April 21, at the Methodist parsonage. An interesting program will be given.

The Musical Coterie will sponsor a Sunrise Song Service, Easter morning at The First Christian Church, commencing at 7 o'clock.

This is a community program and it is desired that as many as can be present and enjoy the service. The following program will be rendered:

Song, "Praise Him," No. 237—Congregation.

Scripture Reading—Rev. E. C. Lambert.

Prayer—Rev. Cal C. Wright.

Mixed Quartet—"The Nail Scarred Hand"—Messrs. Cody and Brown, Mrs. Cody and Miss Smith.

Duet—Misses Maurine Stinson and Louise Carlton.

Chorus—"The Holy City" by Muniton men want peace. Du Pont says in letter read over radio.

High School Choral Club. Solo—Willard Jones.

Duet: " 'Tis Midnight in the Garden"—Mesdames Hamilton and Dixon.

Song—"All Hail Emanuel", No. 296—Congregation.

Benediction.

Everyone in Snyder and Scurry county is invited to join in this service, Easter morning.

Colorado is giving the cantata, "The Crucifixion" Friday night. A number of Snyder singers will assist them in giving this beautiful Easter number which is in charge of Conductor Thomas Dawes.

Editor Grady Roberts of the Chillicothe Valley News was the over-Sunday guest of Editor and Mrs. J. W. Roberts. Grady had to run down and see how J. W. was liking his new location and found him so well satisfied that the visit was a most happy one all the way around.

"PAPER SHELL" JAIL BREAK AT SWEETWATER

The Sweetwater County Jail has become the "slow-joke" of West Texas with the large number of escapes that have been made from what they term their "pecan-shell" cage. Eight disappeared from the jail Tuesday, the fifth escape noted since the first of the year. The Times-Signal offers to aid our sister city in the use of the Scurry county jail where jail breaks don't happen and if they do and Sheriff Brownfield is occupied, the Mrs. steps to the rescue and stops them with a gatling-gun. Come on over, Sweetwater; Snyder is proud of the safety of its jail.

Money To Loan On Farms and Ranches

5 1-2% interest—payable semi-annually or annually—with option to pay any part or all of loan without extra cost to the borrower after 5 years.

It has been circulated that the Federal Land Bank at Houston is not making loans at the present time, **which report is not true.** The bank has been making loans continually at the cheapest rate of interest.

See me when you need a loan on your farm or ranch.

SNYDER BRIDE-ELECT HONORED IN ABILENE HOME JUDGE STINSON

Following the Friday announcement party here, the Abilene Reporter-News in their Sunday edition said:

"A wedding to be solemnized at

Suffered Constantly With Backache and Pain in Side

Gonzales, Tex.

"A short time ago I was suffering constantly with backache and pain in my right side. My sister knew of my condition and advised me to take Dr. Pierce's Favorite Prescription. She said it had helped her so I took five bottles and by that time I was feeling fine. All my aches and pains are gone and I have had no trouble since." — Mrs. James Campbell, Route No. 3.

All dealers. Fluid or tablets. Ingredients listed on label.

Send 10c to Dr. Pierce's Invalids Hotel, Buffalo, N. Y., for trial pkg. of 6 tablets and write for free advice.

Hugh Boren Sec.-Treas.

SNYDER NAT'L. FARM LOAN ASSOCIATION

We Are Here To Help Build Snyder

The Snyder Council have called an election for Monday, May 5th as to whether or not the citizens of Snyder will grant our company a franchise to furnish power and light to the citizens. We are asking our friends and well wishers to co-operate with us and vote for the City Council to grant us a franchise to put a \$175,000 modern and new electric light plant here.

Watch for further announcements.

The Citizens Electric Service Co.

FLUVANNA GIRL AN HONOR STUDENT
 Miss Emma Leata Landrum of Fluvanna was announced as one on the list of 10 percent highest students at McMurry College, Abilene, Saturday.

A new electrically operated machine can turn out 5,000 doughnuts an hour.
 French seek higher rating than that imposed at Washington.

ORGANIZES MEXICANS INTO SUNDAY SCHOOL
 Miss Maurine Cunningham, Spanish teacher in Snyder High School made a survey of the Mexicans living in the Snyder section, inviting them to attend Sunday School at the Baptist church in which a Spanish Bible would be used. Miss Cunningham now has an enrollment of 14 scholars and later intends starting an English class and is doing a wonderful work for these folks.

Miss Cunningham has won enviable honors with her work in Spanish and congratulations are due this young lady for such constructive and whole-hearted effort. More power to her.

MANAGER CLOUD OF PALACE THEATRE TELLS HOW FILMS TALK
 What makes the movies talk? That is the question hundreds of fans are asking and it seems almost as much of a mystery as it was when talking pictures first came into vogue three years ago.

Manager P. W. Cloud who has just installed the Western Electric Sound system in the Palace Theatre, offers a clearcut explanation of the process by which talking pictures are recorded and reproduced.

"There are two methods of recording and reproducing, generally referred to as the film and the disc method," he explained.

"With the film method the sound record consists of a band about one-eighth of an inch wide, called the sound track, which runs down one side of the film and consists of microscopic lines. The density of these lines depends upon the loudness of the sound, so that the greater the contrast between light and dark lines, the louder will be the sound. In other respects the film resembles the ordinary kind of film.

"The disc method employs disc records that are similar to the best types of phonograph records except that they are much larger and run at about half the speed of a phonograph record. In this way it is able to play through a whole reel. The film used with the disc method resembles an ordinary film except that it has special markings at the beginning of a reel to give the starting point for the disc synchronization."

By providing both the film and disc method of reproducing in the Palace, Manager Cloud will be able to give the motion picture fans of Snyder the best talking picture entertainment turned out by every producer in Hollywood.

"Devil-May-Care" featuring Ramon Navarro is the Palace attraction Saturday. Navarro sings a group of songs in this production.

"MUSSOLINI" DODSON PRESIDES AT MEETING
 While Pres. Warren Dodson denied the appellation of "Mussolini" yesterday noon, Lions Club members with J. E. Biekey to lead the attack claim the nom de plume is there to stick—so she sticks.

In one of the best sessions held in a long time, in which Pat Bullock was in charge of the program, the hour was spent in good fellowship. Following a group of songs in which the gang joined, Supt. W. C. Hooks of Dunn High School briefly told of the appreciation of their school and town for the co-operation that had always been so happily given from Snyder. Introduction of Martin Murphy and Boyce Grimes of the Dunn school was made. These fine young men will represent Scurry county in debate at Abilene, tomorrow. The best wishes were given by the club in a body, that they succeed.

E. F. Rankin of the Texas Electric Service Co., was a guest and when being introduced as a "visitor" declined that honor inasmuch as he once lived in Snyder during a four year drouth. He was admitted without further ceremony. Munger Y. Lewis will be in charge of the program next week.

Snyder Invites "Katy" Whistle Any Old Time
 City Would Welcome the "Dead-End" at Rotan Being Brought Here

The Times-Signal wants to go on public record as welcoming any and all whistles that the M. K. & T. Railway system have on their engines in view of their present disposition to cut the noises out at night.

The Richardson Echo said last week: "A test of whistles to save sleep for people in towns through which the Katy Railroad is operating is being conducted. The whistle must be of sufficient volume to warn motorists at grade crossings, and it must not disturb residents along the tracks too much, say the railway officials. In this move the Katy is making an effort to be considerate of its neighbors and patrons and show due respect for their hours of slumber. Perhaps if some one would suggest to the Southern Pacific that they use some such method, the inhabitants of all the small towns between Dallas and Denison would not be disturbed at all hours of the night by shrill shrieks from whistles unnecessarily blown as their trains lumber through town."

If the Katy folks will only bring their present "dead-end" at Rotan on into Snyder, our entire citizen-

ship would want the rail officials to tie the engine whistles down and let them rear and tear for straight 24 hours, if they could stand it we surely would welcome that kind of noise.

Katy officials, each and every one of you, upon behalf of an entire and united Snyder and Scurry county citizenship, we welcome with open arms all the whistles that you care to use as you steam an engine, or an arm-load of them, into your Snyder yards. Boy, Howdy! bring on the engines, the tracks and all the dad-blamed whistles you want to give us.
