

We are turning this column over to "Waye" of Texas Thoughts this week. He says:

"Publicity at one and the same time is the most potent influence in modern day life and the most feared. Industry, commerce, development of resources have been made possible by means of well-ordered propaganda. Cities have been built and vast states opened up because their stories have been told. On the other hand, evil practices have been broken up and graft and corruption stopped because those engaged in them have feared the power of public knowledge.

Texas now faces one of the most crucial periods in its history. It is fast emerging from the status of an agricultural and rural state and is taking its place as one of the leaders in commerce and industry. Agriculture always will be a potent factor to the state but like industry and commerce must make the advances that modern progress demands. At this stage of the state's progress, well ordered publicity for the state, its resources and advantages, will furnish immeasurable aid in state development.

Completion of the 1930 census will place Texas in a favorable light. The enumeration will disclose that the state has many cities approaching the quarter million size and a score of other sizeable urban communities. The census also will disclose that enough of the state's rural population has remained on the farms to insure pre-eminence in things agriculture.

A brighter day is dawning. Texas voters this year must take steps to curb the growth of influences and lines of political thinking that are threatening to undermine the very foundations of popular governmental control. More enters into the political question than the mere personalities of the candidates.

Dan Moody brazenly stepped forward in his message to the legislature as a spokesman for the anti-popular interests. He suggested to the legislative bodies in joint session that the machinery of the state should be so changed that only three state officers should be elective. He suggested the election of a governor, lieutenant governor and attorney general. All other state officers, he declared, should be appointive.

Moody may not carry these suggestions before the voters of Texas, but the seed of opposition to popular control has been sown. It has found root in the minds of would-be political thinkers who will attempt to put these principles into execution should they be elected to office. Only careful survey of the platforms of every candidate offering for office can keep some of those espousing these undemocratic ideas from being elected.

That there is a concerted movement to disfranchise Texas voters from participation in the election of many of their officials is borne out by the fact that already a special school law has been enacted for one county whereby the county superintendent's office is made appointive. In that county the office is filled by a man who at the time of his appointment was a non-resident and who does not now represent the popular choice of the people.

More popular control instead of less responsibility to the public should be the demand of Texas voters at this year's elections. The present operation of the highway department is a classic example of what lack of responsibility to the public will promote. The department is fast becoming a government within a government and last year attempted to foist a \$300,000,000 bond issue on the taxpayers of the state. Even without the proceeds of a bond issue it supervises annually the pending of more money than all departments of the state; and since it recognizes no popular responsibility it cares little for what the public thinks.

Popular election of these officials would do much toward placing responsibility upon the highway commissioners, for if they were elected officials they would be held responsible to the electorate.

Popular election of highway officials is being advocated by Earle B. Mayfield, former U. S. Senator and now candidate for governor. His platform contains a clear and concise statement voicing his belief in popular control over all interests affecting the public good. The document will bear close study and should receive the thought of Texas voters who desire to cast their ballots intelligently in the forthcoming elections.

Mayfield will open his campaign Saturday in Willsboro. And it's going to be a grand political melee that Texas will have this year. What with Mayfield, Ferguson, Love, Hatcher, Senter, Young, Small and a dozen or so others in the race, Texas voters have a big problem on their hands.

Quite So!

Objection to hymns because they are emotional is objection to music because it is music.

OKLAHOMA CITY GROUP ARRIVE SNYDER MAY 14

LOUD SPEAKER WILL BRING MESSAGE OF GOOD WILL HERE

Free Souvenirs

High School Band Will Give Concert During Stay in Snyder

A loud-speaker—a mechanical one in addition to several of the human kind—will be a feature of the 29th Annual Oklahoma City Chamber of Commerce Goodwill Tour train which will visit Snyder, Wednesday, May 14th at 11:20 a. m., local Chamber of Commerce officials have been advised by M. E. O'Neill, tour chairman.

It is definitely assured that Governor Holloway of Oklahoma and other state and city officials will accompany the party of 150 Oklahoma City business men, O'Neill said.

"Baggage cars will be filled with souvenirs for distribution to school children and some for grownups, too," O'Neill said. "There will be two diners on the train and local city and Chamber of Commerce officials will be guests of the Oklahoma group at dinner at each of the five night stops, Wichita Falls, Abilene, Lubbock, Altus and Clinton."

The loud speaker will enable speakers to make themselves heard for several blocks and will permit speaking from the train where time or weather may prevent the trippers from going to a meeting place at a distance from the depot. It is being furnished by the Western Electric Company and is guaranteed to call straying trippers back to the train before leaving time—even should some of them happen to be in jail.

"There will be many members of the party who have nothing to sell. They are coming into southwest Oklahoma and northwest Texas because they realize this entire territory comprises a vast empire of which Oklahoma City, like all the cities along the route of the tour, is a part. They want to become better acquainted with those in all communities in this empire that all may work together to a better advantage in developing it as a whole."

Queen Evelyn Crowned With Great Ceremony

Most Colorful Spectacle Ever Witnessed Here Given Wednesday

The third annual May Fete Day sponsored by the Parent-Teachers Association as given last Wednesday night was one of the most colorful and enjoyable spectacles ever given in Snyder. A band concert preceding the principal event of the evening placed the audience in a most receptive mood. Standing room was at a premium.

When the curtain was raised, one of the most beautiful settings ever gracing a local stage was shown to view. Myriads of colored lights with a green background, from which a lattice framework was built up made a fine setting for the location of the two royal chairs in which Queen Evelyn Pratt and King Grady Ferguson later took position. Preceding the raising of the curtain, Supt. C. Wedgworth secured the unanimous vote of the entire crowd that the concert rendered by the band was one of the most enjoyable they had ever heard and likewise endorsed the band itself.

After that the fireworks started and it was a round of applause and many fine features until the final Statue of Liberty in which Miss Louetta Byrd took a most important part.

Announcer W. N. Corry, like Graham McNamee spiced his introductions so notably that following the out-of-town dukes and duchesses one not acquainted with the participants might have taken them to be from Timbuctoo or Heavens Garden.

Participants as they were introduced and appeared follow:
Colorado High—Mildred Johnson,
(Continued on Page 6)

COPS THIRD PRIZE IN WTCC CONTEST

The following letter received from Editor Max Bentley of the Abilene Reporter-News is self-explanatory:

"Dear Jimmie Smith: Here's a dollar for your best essay on 'Why I Love West Texas.' Your piece came within an eyelash of winning second prize of \$5.00, and you are safely in third place among the first 17. Results of the contest, together with the 100 best essays, will appear in our convention number of the 25th. Best wishes. Faithfully yours, (Signed) Max Bentley, Ed. Note—We thank you too, Max, for it was a pleasure to enter the contest that the Reporter-News sponsored."

TOM WHITE HERE

District Mgr. Tom A. White, Lubbock, has been looking over the interests of the Southwestern Bell Telephone Co. here for the past three days. Smiling and debonair as always, Tom never seems to have a worry nor anything that might put gray hairs into his switch. Mr. White is always a welcome visitor to Snyder, and has many fine friends here.

Fire Boys Do Heroic Work

Alamo Hotel Fire Proves Metal and Ability of Local Protectors

"One of the finest bits of fire-fighting that I have ever witnessed since being in Snyder," was the admission of two business men to a Times-Signal reporter, Tuesday noon, when the boys were fighting a herculean task in extinguishing a blaze that had started in the Alamo hotel.

At the noon hour, Tuesday, a sandstorm with high winds that had been raging for several hours attracted the major attention of local inhabitants until the fire alarm sounded. With the high wind and the start that the fire had made from being fanned to a high intensity, the boys had a real job on their hands but with expert attention to every detail, with water pressure that was 100% and with a will to do, the boys led by Fire Chief N. Autry soon had the blaze under control.

Numberless people have asked the Times-Signal to publicly thank the Fire Department for their work and it is indeed a genuine pleasure to pat them on the back and to thank them on behalf of the entire citizenship for their fine work. It stamped them as heroes in the eyes of home owners and those who believe in boosting work, well done.

MOVES TO EAST SIDE

Ollie Bruton who has occupied the corner block of the Manhattan Hotel has moved his Dixie Radio & Tire Co. business to the Elza & Weninger room on the east side. Mr. Bruton would be happy to meet old and new friends at the new location.

TALKS HERE

Dr. S. G. Bennett
The president of Oklahoma A. & M. college will be one of the members of the party of 150 Oklahomans who will visit here during the week of May 12-17 on the train carrying the 29th annual Oklahoma City chamber of commerce goodwill tour. Dr. Bennett has a store of information on the agricultural resources of Oklahoma which will be of interest to local folk.

TAHOKA MOURNS YOUTH DEAD IN PRISON FIRE

CRIMINAL EPISODE IN BOY'S LIFE UNKNOWN TO FOLKS IN HOME TOWN
Mother's Grief At Bier Moves Crowd To Tears

Route of Oklahoma City Good Will Tour

Above is route of the 29th annual goodwill tour of the Oklahoma City chamber of commerce, which is scheduled to visit here during the week of May 12-17. A train of 14 coaches will bring 150 Oklahomans to pay us a "get acquainted" visit during that week.

District Legion Meeting To Be Held in Slaton

The 118th district convention of the American Legion of Texas will be held in Slaton on Saturday, June 14 and 15, according to word received from R. O. Whitaker of Austin, state Legion Adjutant, by officers of Will Layne Post here.

Plans are already being made to entertain a large crowd of visitors expected to attend the convention. The district includes all of northwest Texas, and at least 300 delegates and probably 200 other visitors are expected to be present. L. A. Wilson has been named chairman of the general arrangements committee, and D. E. Kemp and Floyd C. Rector are the other two members of that committee.

The second day of the convention, June 15, will be Slaton's 19th birthday, and local people expect to help make the convention a marked success in connection with this event.

Hobbs High School will hold their annual commencement exercises, Friday night, May 16th. Supt. Ben Thorpe is inviting everybody to enjoy the evening with that hustling live group of school folks.

RAINS MAKE HISTORY FOR SCURRY COUNTY

With a rainfall of 3.61 inches Friday night, Snyder and Scurry county have enjoyed close to 10 inches of rain since it started two weeks ago. Fields in all parts of the section were standing row deep in water.

The total figure of nearly 10 inches of rain comes from W. R. Merrill who takes care of the Government weather reports for this city. Old residents of the city tell the Times-Signal that in all their life they never had known of such precipitation in Snyder which is genuinely happy news. When the crops of 1930 come rolling in, then is when the smiles will fully broaden and the hearts soften in their daily contact with their fellow men.

Not Reliable
With the approach of another campaign the voters should be reminded that the most promising politicians are not always the most promising ones.

EGGS—A CARLOAD

According to figures made available by Agent A. C. Preuitt of the R. S. & P. Railroad, Scurry county is averaging a carload of eggs every week that are being shipped to other markets mostly on the eastern seaboard.

While individual houses have shipped full carloads, as one unit, they are not doing that every week, but collectively the shipments will exceed a carload.

Poultry is one of the important businesses in Scurry county that is building ahead so fast that none of us truly realize just what advancement is being made in this section.

Snyder today is ready for a killing plant as well as a concentration point as an egg market and with it, we need a small creamery or a co-operative plant to help our farmers build along more money-making agricultural lanes. We need them, let's ask for them and keep after them until we get them.

Franchise Vote Brings 627 to Polls, Monday

Majority of 113 Votes to Grant Franchise to New Company

At Monday night's City Council meeting, Mayor Howard G. Towle declared that the franchise election had carried, according to the tally sheet furnished by J. C. Maxwell, presiding officer of the election.

Of 627 votes cast, 370 voted to grant the franchise while 257 were against, giving a majority of 113 votes for the franchise.

According to City Secretary A. C. Preuitt, the minutes of the meeting show that Lee Stinson offered a motion, seconded by Ralph Hicks to defer action on franchise until the Council thoroughly understands the points of the franchise. Mr. Preuitt stated that Glenn Sample was ready to show action. The vote was unanimous with all members of council present except Sam Bradbury who is still confined to his home.

Remember your Mother, Sunday.

SPUR EXPERIMENT HEAD CITES WORK STOCK FEED

WITH 15 YEARS EXPERIENCE, SPUR STATION KNOWS NEEDS

Try Cotton Seed

Supt. R. E. Dickson Shows Cheapest and Best Way to Handle

According to advice from the Spur Experiment Station, nearly every one is trying to figure out the cheapest way to get by and at the same time keep his work stock in condition to do the greatest amount of work. The Spur Experiment Station has, however, for the past 15 years been studying the utilization of West Texas feeds and its experience will be worth something to the farmers throughout the country, says R. E. Dickson, superintendent.

"Milo heads are exceptionally good horse feed but it is not perfectly balanced within itself and the maximum amount of work cannot be performed economically on milo heads alone at the prevailing market prices at Spur of \$30 a ton. A much cheaper feed can be provided by using 1200 pounds of milo heads, 400 pounds of cottonseed meal and 400 pounds of wheat bran. The bran and meal can be mixed together and fed to supplement the feed of milo heads," Dickson declared.

"A ton of milo heads contains 126 pounds of protein and 1200 pounds of carbohydrates and fats combined while a mixture as suggested above contains 336 pounds of protein and 1500 pounds of carbohydrates and fats combined in a feed that will produce twice as much energy in a work animal. The latter feed at prices quoted at Spur will cost \$35 a ton compared with milo heads alone \$30 a ton. In other words, milo heads would have to be less than \$18 a ton before one could afford not to use a mixture of other feeds or at least a mixture containing cotton seed meal.

Farm Bureau to Meet at Dallas Next Monday

C. O. Moser, Dallas, Has Asked That Scurry Be Placed With Abilene

According to the Lubbock Avalanche-Journal, directors of the Texas Farm Bureau Cotton Association and members will meet at Dallas next Monday to consider plans for carrying out the work made for the organization of the Texas Cotton Co-operative association.

Announcement of Scurry county men who will attend were not noted in the dispatch that came out of Dallas.

C. O. Moser, official of the Federal Farm Board, has asked if Lubbock will give up a number of counties in District 2 of the Texas Cotton Co-operative association, headquarters at Lubbock, providing credit would be given in contract on the number of members it is necessary to have to discharge the guarantee.

He has asked that the counties of Dickens, King, Knox, Kent, Stonewall, Haskell, Scurry, Fisher, Nolan, Mitchell, Howard, Glasscock, Reagan, Upton, Midland, Crane, Ector, and Winkler be given that a new district might be created at Abilene. Andrews and Martin counties might be kept or given up as Lubbock might see fit.

Action on this request will not be decided until the meeting to be held at Dallas, according to officials of the Chamber of Commerce at Lubbock.

In his write-up of a home-talent play an Oklahoma editor commended a neighbor of his for his "clever impersonation of a gentleman."

EDUCATOR

Dr. F. B. Bizzell
The head of Oklahoma University will be a member of the party of 150 Oklahoma businessmen and civic leaders who will make up the 29th annual Oklahoma City chamber of commerce goodwill tour, scheduled to visit here during the week of May 12-17. Dr. Bizzell formerly was president of the Texas A. & M. college and is well-known in educational circles throughout the country.

WELL SHOT AT 2,230

The J. Wright Moor well that was plugged back to 2,230 feet was shot Friday afternoon with the "shot" bridging in the hole. Prospects for another well look very bright for this block.

TWO SNYDER HIGH STUDENTS REACH STATE SEMI-FINALS

Howell and McClinton of Snyder High reached the semi-finals in the state meet at Austin, Friday and Saturday, the former in the 220-yard dash, and McClinton in the 120 yard low hurdles. Neither placed in the finals, however.

HONOR YOUR MOTHER NEXT SUNDAY

Dedicated to Your Mother and My Mother
It is a wonderful thing to have somebody believe in you. This is one of the great benefits of love. Love idealizes its object. It exaggerates little tendencies into great virtues, possibilities into genius. Love is action and reaction. Where much is expected from an individual, henny rise to the level of events and make the dream come true. Mother-love is the great, surging, divine current that plays forever through humanity. We see it manifest in the dumb animals; in the mother bird who dies rather than desert her young; in the tigress who is invincible when she has her babies to protect. How much men of genius owe to their mothers, will never be told in cold words, because love cannot be analyzed, nor placed under the slide.—Elbert Hubbard's Soap Book.

City Council Will Grant the New Franchise

Desire Citizens to Read Statement on Page 8, This Issue

The Snyder City Council with Mayor Howard G. Towle, Councilmen Earl Brown, Lyman Wren, Lee T. Stinson, Sam Bradbury, Ralph Hicks and Sam Castevens are calling the attention of Times-Signal readers to a signed statement that appears on page eight of this issue. Several erroneous statements have been made, according to the signed notice, that the council wanted every citizen to know their position on the franchise matter that was voted on last Monday.

WELL SHOT AT 2,230

The J. Wright Moor well that was plugged back to 2,230 feet was shot Friday afternoon with the "shot" bridging in the hole. Prospects for another well look very bright for this block.

TWO SNYDER HIGH STUDENTS REACH STATE SEMI-FINALS

Howell and McClinton of Snyder High reached the semi-finals in the state meet at Austin, Friday and Saturday, the former in the 220-yard dash, and McClinton in the 120 yard low hurdles. Neither placed in the finals, however.

Huestis in the pole vault lacked one-half inch of being placed in the semi-finals while Charley Eley of Ft. Worth was likewise unsuccessful.

U. S. Government "Bankers & Landlords are Key to Cotton Acreage Reduction"

-FEDERAL FARM BOARD

South's Leading Bankers Urge Acreage Reduction

JOHN E. WILLIAMS, President, Arkansas Bankers' Association, Newport, Ark.—

It seems to me that if the entire South does not awake to the necessity of materially curtailing production in 1930, that we run great risk of facing 10c to 12c cotton when this year's crop is ready to harvest.

Bankers and others extending credit for crop production will face losses heavy and certain unless they see to it that the acreage is held down to a point where not more cotton will be produced than normal consumption will demand. It should be regarded as an individual problem by every bank and other agency extending credit.

The South is spending hundreds of millions of dollars annually for feed grown in the Northern States. It can ill afford to do this when it is to be paid for with cotton that must be paid for with cotton that must be sold below cost of production, which will be the inevitable result of an excessive crop.

The time to deal with the situation is NOW and it is of such vital importance to the entire cotton belt that surely wide-awake business men will not sleep on the job and permit a condition to be brought about that will mean financial disaster.

& Trust Co.**
**The Snyder
National Bank**
**First State Bank
Fluvanna**

LOCALS

Miss Ann Duncan visited at Sweetwater Sunday.

Post is to get new postoffice head quarters.

Hard work doesn't always pay handsome returns.

Sykes Curry of Sweetwater spent Sunday at home.

Glenn Sample is a business visitor in Fort Worth.

The Texas Press Association meet at Corpus Christi next month.

Mrs. Charles W. Tatum is the guest of her parents at Lubbock.

Since the rain local politics are perking up a great deal.

Claude Cox of Midland spent Sunday with home folks.

Few wives think that they married the best available man.

Incidentally, next Sunday will be a good day to go to church.

Mrs. A. O. Scarborough returned to Mineral Wells Friday morning.

A. D. Dodson, Jr. of Midland, spent the week end with home folks.

R. E. Gray and family moved into their new home in East Snyder last week.

Austin Higgins of the H. O. Wooten Co. has been on the sick list this week.

Mrs. J. A. Hood and daughter, Mrs. Robert Curnette, Jr., spent Friday at Abilene.

Miss Nell Higgins of Spur, spent the past week end with her sister, Mrs. Dixie Smith.

District Judge Fritz R. Smith is holding court at Big Spring with plenty of cases on hand.

Mr. and Mrs. Olan Curry of Sweetwater were the week end guests of Mrs. A. M. Curry.

J. W. Robert of the Times-Signal staff was a business visitor at Chillicothe, the first of the week.

Mr. and Mrs. W. H. Ritzenthaler of O'Donnell are expected here for a week end visit with friends.

Jack Harris and sister, Miss Helen of Sweetwater visited their aunt, Mrs. T. L. Lollar, Sunday.

Homer F. Springfield and Miss Eula Pearl Ferguson attended the State Federated Music Contest at Abilene Saturday.

Mrs. B. G. Hartley who underwent an operation for appendicitis last Thursday at the Emergency Hospital is improving nicely.

Frank Farmer, formerly head of the Bison school and who has been in school in St. Louis, is the guest of Mr. and Mrs. J. A. Farmer.

Frank Kirkpatrick of South Pittsburgh, Tenn., stopped with Mr. and Mrs. E. M. Deakins over the week end, enroute to Los Angeles.

E. F. Renken of the Texas Power and Light Co., returned to his offices in Fort Worth, Tuesday night, after spending the past two weeks here.

Mrs. W. W. Cork of San Angelo visited her parents, Mr. and Mrs. Joe Strayhorn Saturday and Sunday and was accompanied home by Mrs. Forest Sears.

The West Texas Press Ass'n hold their annual meeting this year at Abilene, July 11th and 12th. The program is now in the course of making.

The following Tech students spent the week end at home: Misses Margaret Dell Prim, Thelma Leslie, and Messrs. Gordon May, and E. J. Ely of Hermleigh.

P. M. Chambers of Ft. Stockton spent the week end here with his family, and it was sure good news to see Dick back among old friends, even if only for a few days.

B. G. Johnson, manager of the Community Natural Gas Co, who was operated on for appendicitis at Baird last week is getting along nicely and expects to be home within ten days.

D. P. Yoder left Tuesday night as a delegate from the Northwest Texas Conference to the General Conference of the Methodist Episcopal Church, South, that opened at Dallas yesterday morning.

Freeman Neal, the hustling Linotype operator on the Times-Signal joined a group of Sweetwater friends, Saturday, who made a rapid journey to points in South Texas to spend Sunday with relatives in Concan.

Mrs. J. D. Smith returned to her home in Haskell, Friday after a pleasant two weeks visit with her daughter, Mrs. J. W. Roberts and family. The Roberts family took Mrs. Smith home and returned here Saturday.

Albert L. Martin is enjoying a fine recovery from a case of pneumonia poisoning that kept him on his back for nearly a month. He is now able to come down town and will soon be on the job, which is genuine good news to his many friends.

J. W. Roberts and George F. Smith were business visitors in Haskell Friday. Ordinarily the return trip is made in two hours but owing to the rains of that night all along the route, it required eight hours to return here.

Older residents relate that the sandstorm of Tuesday was the worst since the spring of 1919. At that time one could not see across the street and Tuesday's was not far from being as bad as the 1919 episode, if the advice of old residents is a criterion. If anyone should know, they surely would.

W. B. Rhoads returned to his home near Amarillo, Tuesday afternoon, after a short business visit here. Mr. Rhoads landed in Scurry county in 1906 and resided here with his family up to several months ago when they moved to a farm east of Amarillo.

Mrs. J. W. Lockland brought a live centipede to the Times-Signal office Thursday, the largest one yet, and it appeared to exceed ten inches in length. After a dip in the wood-alki tank, the varmint turned up his toes and passed on to other worlds of endeavor.

Mrs. John Stavely and Mrs. J. R. Patterson of Fluvanna were Snyder visitors yesterday.

Mrs. J. Homer Beall of Gail was an invited guest at the meeting of the Musical Coterie Club, yesterday.

Mrs. F. A. Cary, formerly Miss Eula Richardson of Snyder, and now of Pampa, underwent a major operation there yesterday and reports this morning were to the effect that she was getting along as well as expected.

Dr. I. A. Griffin attended the State Medical Association at Mineral Wells, this week, returning home yesterday.

Mrs. L. E. Trigg was an Abilene visitor Sunday.

Mrs. James K. Mitchell of Gail was a visitor here Tuesday.

Mrs. Clarence Dean and daughter of Fort Worth, Mrs. Martin and daughter of Aurvon, Maine, and Charles Owens of Portales, N. M., were house guests of Mr. and Mrs. J. J. Taylor this week.

Methodists To Meet at Dallas In Conference

D. P. Yoder, Snyder, Will Represent Sweetwater District as Delegate

Interest of 2,600,000 Southern Methodists is centered in Dallas where the 21st general conference of the Methodist Episcopal Church, South, opened yesterday. D. P. Yoder of this city, district lay leader for the Sweetwater district is present as a delegate from the Northwest Texas Conference.

With a membership of approximately 5,000, the general conference is the chief law-making body of the church. It meets every four years for a period of from two to three weeks. In addition to making church laws to govern members, it reviews the work of the church for the preceding four years and receives reports.

Representative Body

More important still, the conference elects and consecrates bishops or general superintendents for the work of the church throughout the world. The general conference is a representative body, its membership composed of delegates from the annual conferences in America and 15 mission conferences.

For the first time in eight years bishops will be elected by the general conference. In 1922 five bishops were elected at Hot Springs, Ark.

It was estimated that from three to five bishops will be elected at Dallas this time, although the most conservative guess was that there would be four—two from east of the Mississippi and two from the west, one of these probably from Texas.

Bishop Warren A. Candler of Atlanta, Ga. senior bishop, will preside at the opening session, and other bishops who are expected to participate are Bishop Collins Denney, Richmond, Va.; Bishop Edwin D. Mouzon, Charlotte, N. C.; Bishop John M. Moore, Dallas; Bishop W. F. McMurray, Fayette, Mo.; Bishop U. V. W. Darlington, Huntington, W. Va.; Bishop H. M. DuBose, Nashville, Tenn.; Bishop W. M. Ainsworth, Macon, Ga.; Bishop James Cannon, Jr., Washington, D. C.; Bishop W. B. Beauchamp, Atlanta, Ga.; Bishop Sam R. Hay, Houston; Bishop H. M. Dobbs, Birmingham, Ala.; Bishop H. A. Boaz, Little Rock, Ark.

Delegates from the Texas conference to the general conference include Rev. J. W. Mills, presiding elder, Beaumont; Rev. R. W. Adams, presiding elder, Houston; Rev. James Kilgore, vice president Southern Methodist University, Dallas; Rev. Ira F. Key, presiding elder, Galveston; Rev. King Vivion, president Southwestern University, Georgetown; W. L. Dean, Huntsville; Rev. A. Frank Smith, pastor First Methodist church, Houston; T. E. Acker, Jacksonville; H. F. Banker, Port Arthur; Carl Markley, Beaumont; Dr. J. W. Torbett, Marlin; John T. Scott, Houston; Mrs. J. W. Mills, Beaumont; Dr. W. C. Windham, Center; W. W. Fondren, Houston; Rev. Glenn Flynn, pastor First Methodist Church, Port Arthur.

BAND CONCERT PLEASURES

The Snyder-Fluvanna Band of 60 pieces gave a concert Sunday afternoon at the Court House Lawn that was highly appreciated by a large and attentive audience. Fourteen numbers were given, ending with the "Old Grey Mare" and it is hoped that Director Crowley will bring these bands together more often and that Sunday afternoon will be featured with a musical entertainment such as the one last Sunday. Some one has suggested a County Singing meet to precede the band concert. Who will boost this onward?

The "All West Texas Manufacturer's Exhibit" of the WTCC is drawing entries from points as far from Abilene as El Paso and Amarillo.

SUCKERS ARE BITING ON MANY OLD BAITS

Never before has there been so many "rackets" being worked in the southwest as at the present time, according to the May 1 Oklahoma Farmer-Stockman. Agents ply the highways, looking for suckers. And as always, the suckers are biting on about every kind of scheme that the fertile brains of the schemers think up.

One of these schemes is the spectacle racket. Folks will order spectacles by mail. Naturally, they don't fit one time in a hundred. The spectacles are sent back and they get others in return. When the buyers find they can't get fitted by mail they want their money back. Rarely do they get it. The "doctor" who is perhaps some unscrupulous shark in Chicago probably laughs at them for even trying to get a refund of their money.

Another sucker told of the following experience:
"One day an agent came to our house saying he wanted just one person in our community to take his correspondence course at a very special price of \$49. I told him I didn't have the money. He said to pay him \$15 and the rest a little at a time as was convenient. The postage on the first shipment was to be 80 cents. When it came, there were collect charges of \$36.65. I didn't pay it and the postmaster sent the books back. The agent had solicited the entire community on exactly the same basis."

Agents are often like that. And if you listen, you are lost.
There are also those who still fall for home work schemes. One woman recently told the story of how she sent \$4.95 for materials to be made into articles for which she was to get well paid. She did the work; the company refused the articles, saying they were not up to standard. That lady paid \$4.95 for materials not worth \$2. There is no way to get her money back.

James E. Rockwell, publisher of the Murphyboro (Ill.) Independent, says:

"That the resident of a city up to 50,000 inhabitants gets more out of life. For \$5,000 a year he can live better than the city man can on \$10,000 or even \$15,000. He can keep a good car on that; his wife can have a maid; he can live in a modern house with a garden around it; he can belong to a golf club; he can hunt and fish; he can make a place for himself in his home town and can speak to every second man he meets on the street. The reason for this is that he has the money to do it. He belongs to clubs and churches. He has the best schools in the world for his children. He can get to a big city on a hard surfaced road in from one to three hours, and have whatever the big city can offer. He has his radio and a first class cinema house. He thinks more, has more leisure, hurries less, knows more, is more cosmopolitan than the city man in the big city. He gets more fun out of life, makes a bigger place for himself in society, and more people miss him when he dies. The average man can "amount to something" in the small town. In the big city only the outstanding man can hope for a place of prominence.

Huge Fighting Tanks in War Film Look Like Steel—Made of Wood

HOLLYWOOD, CALIF.—Will the next war be fought with wood instead of steel?
This question is under discussion here since the recent release of a war feature film in which keen interest is being evinced by army officers in the monster tanks, supposedly made of steel, that are shown in action.
The formidable looking "caterpillars," with guns belching fire from their turrets as the tanks crawl over trenches, fallen trees and other obstructions in their battles on the silver screen, instead of being built of steel, however, are made of a grainless wood. The material is made by exploding chips of waste wood under terrific steam pressure and then pressing the fibrous mass into smooth boards.
Film studio directors declare that while this material called preswood may be utilized with realistic effect in the building of implements of destruction for war pictures, they are

equally interested in its many adaptations for peace-time scenes. Due to its lightness, workability, smoothness, strength and ability to take any finish, they say, this grainless wood is widely used in elaborate movie settings showing interiors of homes and modern offices.

Building experts associated with the movie industry assert that this grainless wood is used for making lockers, kitchen and radio cabinets, bread boxes, breakfast nooks, birdhouses, and even speechboats, and that contractors employ it in making concrete forms.
While the consensus of opinion here is that preswood could only be used in building decoy tanks for war-time use, it is agreed that modern science obviously has perfected a product that has proven to be a boon to the film industry and doubtless will be a big factor in helping to win the war against rising building costs throughout the country.

town. In the big city only the outstanding man can hope for a place of prominence.
It's worth twice as much to live in a small city and it costs less than half as much. And I've tried everything in size from New York to Murphyboro, from 6,000,000 to 13,000.

That many cities have some business concerns who live off the community and give nothing back to the city that supports them. They are run by useless citizens who live by themselves and for themselves alone. When they are asked to help put over some good movement for the home town, they don't answer.
When good money is needed for something that is for the public good, they don't answer.

When some neighbor needs a helping hand, they don't answer. When a call is made for workers, they don't answer.
When they are asked to advertise in local newspapers, they don't answer.

If all merchants of your city followed this example, what kind of a city would you have? Chances are, if all citizens were like them you wouldn't have a city.
A useless citizen has the habit of selfishness, which is the worst habit anyone can acquire.

JUNIOR C. E. HELP

The Times-Signal was pleased to learn through Mrs. George McDowell, who is leader for the First Christian Endeavor work for the First Presbyterian Church that the class were helpers to the United Charity work in Snyder last month when they gave a total of \$1.83 for this worthy cause.

The ladies of Abilene will entertain the wives of the officers and directors of the WICC at an eleven o'clock breakfast at the Wooten Hotel on the first day of the convention, May 29th.

Hundreds of thousands of Frigidaires have never required any SERVICE this is ONE reason why 3 times as many Frigidaires are now in use as any other make of electric refrigerator

KING & BROWN

MOTHER'S DAY AT METHODIST CHURCH

Next Sunday, Mothers' Day will be fittingly observed at the Methodist church. The choir is arranging a special musical program for the occasion, the church will be decorated with floral offerings and the pastor will present a bouquet to the oldest Mother present. If any woman, in the city, wishes to attend Church next Sunday, and if you do not have a conveyance, a car will be sent to you if you will only telephone to Rev. Cal Wright or Mr. A. C. Preuitt.

At the close of Sunday school the rites of baptism will be observed for the infants presented at the altar.
The evening service will begin at 8 o'clock.
You are invited to worship with us.
Cal C. Wright, pastor.

NATIONAL EGG WEEK STARTS

Move Is Now Under Way to Start Consumption of Nation's Surplus

Efforts to move the larger than usual production of eggs into consuming channels this spring are being made by the National Poultry Council to prevent further reductions in price or unduly large storage operations which will have a tendency to decrease prices later in the year. National Egg Week that started last Thursday was sponsored in the concerted effort to show the buying public the value of eggs as a food in promoting health as well as in comparative price.

Texas activities were handled largely by the produce divisions of the meat-packing companies and local chambers of commerce. Local chamber of commerce programs have been devoted largely to educational work among producers leading to better quality, co-operative action in standardizing products and local consumption of eggs.

FIRST TEXAS CHURCH CELEBRATES 92ND ANNIVERSARY

The first organized Protestant church in Texas celebrated its 92nd anniversary near Nacogdoches, Sunday. The Old North Church, located 4 miles north of Nacogdoches was the scene of this unique ceremony.

The principal speaker was the Rev. S. F. Baucum of Abilene, 77, who began his ministerial work fifty years ago as pastor of the Old North Church and who was pastor for ten years. He delivered two sermons during the day, one on reminiscences of his early work and the other on "Immortality," reaffirming his faith in immortality.

NEW SHERIFF CANDIDATE

J. M. Pagan was a Times-Signal visitor Monday afternoon, and told us that he would be ready to announce as a candidate for the Sheriff's office next week. Mr. Pagan has been a resident of the Lone Wolf community in Scurry county for 33 years, has many friends and will make lots of votes in his campaigning. With his announcement, Scurry county now has three candidates for the position, present Sheriff Frank Brownfield, Wren O. Moore and Mr. Pagan. That sure will make some "hoss" race.

MOVE TO NEW MEXICO

J. A. Stroud and family who were formerly located here in the dairy business are now counted among residents of Portales, New Mexico.

"How to Barbecue Beef" for Large Gatherings Valued Contribution to Livestock Literature

HOW TO BARBECUE BEEF — "How to Barbecue Beef" is the subject of a valuable contribution to the literature of the livestock industry. The information is given by a master in the art, none other than the secretary of the American Hereford Breeders' Association, R. J. Kinzer, of Kansas City, Mo., and is made available for publication by R. C. Pollock, secretary and manager of the American Live Stock and Meat Board, with headquarters at Chicago.

The detailed directions for barbecuing beef in large quantities in such a manner as to be a rare treat to large gatherings of people, are a part of the gist that came from the notable feeders' meeting held on the Juniata farm of Captain Dan W. Casement, at Manhattan, Kas., early last fall. Secretary Kinzer directed the barbecuing of a well-fatted steer to be served on this occasion to the visitors to the farm. He had the able assistance of A. M. Paterson, assistant secretary of the American Royal live stock show, familiarly known in livestock circles as "Andy Pat." A coterie of college professors from the animal husbandry department of the Kansas Agricultural college close at hand, assisted in serving the beef, which was so delicious that every visitor wanted more than one serving—and got it. Mr. Pollock, who was present and who delivered one of his masterpieces on meats and their place on the diet, begged Mr. Kinzer for the directions for preparing such excellent barbecued beef, saying that he would like to publish them so they might be called on to barbecue beef for occasions of large gatherings. Mr. Kinzer complied with the request and the directions are now available. They follow in detail:

Barbecued Beef Rare Treat
Barbecued beef, in the true sense of the word, is a rare treat indeed, as anyone will attest who has enjoyed its delicious flavor. Much, of course, depends upon the method of preparation.
The method of barbecuing has been tested thoroughly and found to afford the maximum in satisfaction. It has been made available for publication by the National Live Stock and Meat board with the hope that it will assist those contemplating a barbecue in which a large gathering is to be served.
By this method practically all the juices and natural flavor of the beef are retained. Several hundred people may be served with hot beef in a very short time.

Trench covering—It is also important that the trench be covered and sealed as quickly as possible after the beef is placed in the trench in order that there will be no loss of heat. The most convenient covering is a piece of sheet iron, but if this is not available, boards may be used. All cracks should be tightly sealed with either mud or sand, so that none of the steam will escape.
Time required—The beef should be placed on the fire about 10 hours before the time it is to be served. However, if placed on the fire ear-

lier it will do no harm, for after 10 hours the heat from the bed of coals has died out and it will not hurt to leave the beef in the trench. It is not necessary to turn the beef while it is being cooked and the trench should not be opened until time to serve. Two good carvers can carve the beef as fast as it can be conveniently served. After carving it may be salted to suit the taste, but no sauce or other seasoning is necessary.

Amount of beef—The amount of beef required depends largely upon the generosity of those serving but it is safe to figure that 100 pounds of beef will serve 300 people.

Preparation of the beef—The quantity of beef to be barbecued should be cut into chunks of as near 20 pounds each as possible. Wrap and tie each piece in two thicknesses of cheese cloth and one thickness of burlap. Old gunny sacks will answer for this purpose if clean. Have the beef cut and wrapped at the trench by the time the fire is ready. Spread the sand on the coals as quickly as possible and without any delay place the wrapped pieces of beef on the sand.
Trench covering—It is also important that the trench be covered and sealed as quickly as possible after the beef is placed in the trench in order that there will be no loss of heat. The most convenient covering is a piece of sheet iron, but if this is not available, boards may be used. All cracks should be tightly sealed with either mud or sand, so that none of the steam will escape.
Time required—The beef should be placed on the fire about 10 hours before the time it is to be served. However, if placed on the fire ear-

turned on it before the growth is big and tough.
Young pigs need plenty of exercise to prevent them from becoming too fat. It is often necessary to force the pigs to take exercise several times a day during the first ten days of their lives. The indications of too much fat are small rolls of fat around the neck and jerky breathing. The common term for this trouble is "thumps."
Payment of premiums for wheat with high protein content and increased use of the combine for harvesting grain have emphasized the need for more farm storage of grain. The U. S. Department of Agriculture has lately issued an 8-page publication, Leaflet 46-L, Farm Grain Storage, which may be obtained free by writing to the department at Washington, D. C.

FARM NOTES

Calves of less than six months of age cannot make the best use of pasture and if put on it should be given, in addition, a full feed of skim milk or milk substitute and enough grain to keep them growing rapidly. Heifers from 6 to 12 months of age, however, need little or no feed other than pasture during the spring and summer when the pasturage is good.
Farmers are warned by the U. S. Bureau of Animal Husbandry against investing their money and placing their faith in hog-cholera medicines. Anti-hog-cholera serum is the only thing known that is a reliable preventative.

AUTHORIZE UNDERPASS

State Highway Commission last week authorized an initial appropriation of \$10,322 for construction of an underpass and box culvert at the Texas Pacific crossing on the Bankhead highway west of Sweetwater, near Lorraine, in Mitchell county.

WAR ON THE CHAINS

"A new battle of evolution is raging in the South," says Harry W. Schacter in The Nation of May 8. "This time, however, the issue is not religious but economic. It has to do with the theory of economics of distribution.

"Within the past five years the chain store has completely altered the economic life of the American community. Louisville, Kentucky, affords a typical example of what has been happening. I have recently made a survey of the retail establishments on the main shopping thoroughfare of Louisville. I have found that from 85 to 90 per cent of the retail business on this thoroughfare is done by chain stores. Five years ago the condition was exactly the opposite. In many sections of the country this revolution has been accepted and its benefits recognized. In the South, however, local sentiment still prevails to a much greater degree than in other parts of the country. It is, therefore, quite natural that resentment against the encroachment of the chain stores should exhibit greater force in the South.

"This feeling," continues Mr. Schacter, "had been smouldering for a long time. Under the leadership of W. K. Henderson of Shreveport it has blazed forth.

"Mr. Henderson, owner of an iron foundry, thought it might be a good idea to build himself a radio station as an adjunct to his business. He dispensed himself by broadcasting nightly on various subjects, and by dint of his uncounted profanity or 'showmanship' succeeded in attracting considerable attention throughout the South.

Inspired by a speech by a local retailer delivered before the Shreveport Chamber of Commerce, Mr. Henderson promptly turned his station KWKH into a radio howitzer wherewith to demolish the chain store as a Southern institution.

"The more he spoke," says Mr. Schacter, "the greater the interest he aroused. So widely did his name and influence spread that when Senator Dill of Washington suggested that his broadcasting license be revoked, no less than 250,000 letters and telegrams of protest poured in on the Radio Commission, with the result that Mr. Henderson was permitted to continue after he had promised to curb his obscenity. Today he has established the chain store menace as the most discussed question below the Ohio.

But Clarence Saunders of Piggly Wiggly fame has taken up the gauntlet, and in behalf of the chain stores has counter-attacked with advertisements in the newspapers throughout the South, the language of which is almost as uncouth and vitriolic as Henderson's own. But Henderson promises to profit the most from all this swashbuckling. For in addition to his tremendous volume of coffee sales at one dollar a pound which he has worked up for himself through his radio crusade he is utilizing the same medium to sell insurance, trips to Mexico, and grapefruit, not to mention memberships in his organization which he has dubbed the Merchants Minute Men.

SEE SNYDER IN PICTURES

Far be it from me to say that Snyder is not a good looking town, but I do believe that if you could see your town in pictures that you would want a lot of retouching done.

We seldom see ourselves as others see us. Did you ever hear the remarks made by a person when first he viewed the proofs of his own photo—hear him exclaim, "My heavens! Do I look like that?"

A mirror is often deceiving, but a camera never lies; therefore if you are not afraid to look at an unretouched picture—see Snyder as others see it—do this:

Take an ordinary camera of four by five film size or larger, go out on one of your main business streets and take a picture, from the middle of the road, on a forty-five degree angle to the right; then straight ahead; then on a forty-five degree angle to the left. Now walk a quarter of a block and repeat until you have taken pictures of each quarter block through and beyond your business district.

Do this on every business street, starting at least one block away from the first business building, and continue at least one block past the last one.

Now go down to the railroad depot and stand in about the position that a person alighting from a train would stand. Take a picture of everything to be seen from this point. Do not try to picture any one thing, but set your camera in such a position that each picture will just overlap the previous one. When this is done, start walking toward the center of the city and, from the middle of the street again, photograph your way up or down town as the case may be.

Next get out on your main highways, about a mile from edge of city, and photograph your way completely through your city.

If you have a public square, stand as near to the center of it as possible, facing south, and photograph straight ahead; then southeast, then southwest. Repeat this to the north, east and west.

Have the pictures developed, and when completed sit down and prepare yourself for a surprise. Take a good look at Snyder as the camera and others see it. Let everybody in town take good look. To say you will be surprised doesn't express it, and it is ten to one that you will say, as those who look at the proofs of their own photographs, "Ye gods! Does our town look like that?"

Study these pictures in sequence as taken. Pick out those things that "Look like Heck", then start out to eliminate them.

See to it that each year Snyder is made to look better. See that each year, each month, it is made a little bit cleaner, a little bit brighter, a whole lot more attractive. And you will soon find that just so it will become a little bit better, quite a bit larger, and much, MUCH more prosperous.

HOW ANYTHING LOOKS IS IMPORTANT, SO MAKE SNYDER LOOK GOOD.

Cranberries

A Useful Fruit

WHY cram all your cranberries into the Christmas season? These delicious tart berries are available in cans at any time of the year. Here are a few recipes for their use which will start you on the right track.

Cold and Tart
Cranberry Cordial: Make a syrup of one cup sugar and two cups water. Add two cups tea, one cup lemon juice, the contents of a No. 2 can cranberry jelly and a No. 2 can unsweetened pineapple juice, and six cups cider. Serve very cold. This makes four quarts.

Cranberry Cocktail: Heat to boiling three-fourths cup pineapple syrup, three-fourths cup cranberry sauce, one tablespoon sugar and one tablespoon lemon juice, and simmer until cranberry sauce is entirely melted. Chill and pour over one and one-half cups

votes shown in the official election returns.

The plaintiffs' petition holds that "A. H. Mathews, George Holly and Will McNew wrongfully claimed the office of school trustees of the Klondyke Independent school district." They were declared elected over the plaintiffs, Thorpe, Latham, and Stephens. Trial of the suit is expected to be held sometime this week.

Cecil Morris, Former Snyder Boy, Marries

The marriage of Cecil Morris to Miss Lois Franklin of San Vineto, was a pleasant surprise to friends here.

Cecil is the son of Mr. and Mrs. M. L. Morris of Post and is a graduate of Post High School. For several years he was connected with the First State Bank and Trust Co. here, but for the past four years has been a resident of San Vineto.

Friends here are sending congratulations to the young couple.

CORRECTION

Last week's Times-Signal carried an ad from the barbers of Snyder regarding new prices, effective May 5th, owing to increased expense incident to the new State Barber

Did you ever stop to think
 by L. S. WAITE

George H. Sweeney, publisher of the Pueblo (Colorado) Chieftan, says:

"What has become of the dreamer?"

"In years past how many times have we heard someone criticized by the words 'He is only a dreamer.' Then it was the man who built air castles for his community's future was regarded as but a dreamer.

"Today, if we but reflect, we probably find that same dreamer far ahead of us either financially, politically, or socially, and there just because he was a dreamer.

"Modern business speed, in fact every modern achievement is but the fruits of some dreamer's fore sight.

"To continue progress, whether it be personal or community, we must all be dreamers, and then, more important than all, we must dream out loud.

"The way to dream out loud is to use proper advertising and repeat it often enough to insure the accomplishment of its purpose.

"America's wondrous business today is but the result of dreamers advertising their air castles. Scan your newspapers, your magazines, listen to your radio, you can but agree.

"Are you, in your personal, in your community life, a dreamer? Most people, most communities, have but to dream out loud to become successful."

GREETER

M. E. O'Neil

As chairman of the goodwill tour committee, M. E. O'Neil will be master of ceremonies when the 20th annual Oklahoma City goodwill tour visits here during the week of May 12-17. O'Neil is a pioneer Oklahoman and is head of the Richards & Conover Hardware company plant at Oklahoma City. He also is an official of the manufacturers and jobbers association of his city.

Don't call a man lazy too hastily. The poor fellow may be suffering from voluntary inertia.

The day after MOTHER'S DAY is wash day

Sunday, May 11, is dedicated to Mother. On that day we render homage to her devotion, her courage, her self-sacrifice. And no tribute can be too great.

But the next morning will find Mother—in many homes—going back to the same weary, dreary task of washing the family's clothes. She will not complain. But how she longs for relief from this heaviest of all household burdens . . . and how easily it can be lifted out of her life, forever!

Our modern method does the washing even better than Mother can do it—for we use hundreds of gallons of pure, soft water on each family bundle. And clothes washed our way last longer—in the long run cost no more than those done at home. Phone for our route now. Make your Mother's Day tribute last throughout the year!

Canyon Schools Honor Trustees

The Home Economics department of the Canyon school was host to the trustees and principal and their wives and County Supt. the 24th of April. A very nice banquet plate was served, all planned and prepared by the girls of the class. The menu consisted of mashed potatoes, string beans, chicken and the trimmings, jellatine fruit salad, ice cream and both devil's food and angel food cake.

This banquet was given in honor of the newly elected board of trustees composed of seven men just assuming their duties under the newly formed independent district. The trustees present were: R. E. Bratton, L. F. Sterling, Ed Taylor, Bro. J. W. McGaha, T. H. Martin, Mrs. L. F. Sterling, Mrs. R. G. Nabors and A. A. Bullock, county superintendent.

Girls preparing the banquet were Juanita Golden, Lo'Derrah Bratton and Roberta Bratton. Mrs. C. S. Harris is their teacher.

According to County Supt. Bullock, a wonderful reception like this, the trustees of the District will surely feel like working at the job during their term of office and that they will put forth every effort to make an already A-1 school a better one.

HIGHWAY GARAGE

Postal Employee Enthusiastic About Konjola

Stomach and Bowel Troubles Soon Banished—Medicine Long Ago," He "Should Have Taken Says

MR. FRANK E. NORMAN

"I suffered for a long time with stomach trouble," said Mr. Frank E. Norman, 828 Mississippi street, Amarillo. I had a very poor appetite and after eating I was subject to painful accumulations of gas. I was becoming very nervous and did not sleep well at night. I was troubled with constipation and found it necessary to take cathartics constantly. I was losing strength and energy and no matter what I tried in the way of medicine nothing seemed to help me.

"I seemed to improve in health from the time I began taking Konjola. My appetite picked up and I was able to assimilate my food better. I did not have that tired out feeling in the morning and my work was easier and more pleasant. Constipation soon passed and cathartics were no longer necessary. After continuing the treatment for a time I realized that Konjola was the medicine I should have taken long ago. I am continuing to take Konjola and am recommending it to all my friends."

Given a real trial over a period of from six to eight weeks, Konjola has made a record without parallel in the history of medicine. Allments of the stomach, liver, kidneys and bowels and rheumatism, neuritis and nervousness readily yield to its power.

Konjola is sold in Snyder, Texas, at Stinson Drug Co., and by all the best druggists in all towns throughout this entire section.—adv.

JOE MERRITT IS BOOSTING A. H. KING FOR COMMISSIONER

According to Joe A. Merritt, A. H. King of Throckmorton is a good man for the position of Commissioner of Agriculture.

If Mr. King is elected, he publicly promises the farmer the following:

- (1) To make the farm pay a fair return for your labor.
(2) To take from farm life the dull, drab drudgery that makes your children hate the thought of spending their lives on a farm.
(3) To regulate production by education so that no farm commodity will bring starvation prices.
(4) To broaden and stabilize markets and do away with the "dump system."
(5) To help you fight interest, insects and inadequate prices.
(6) To help dignify the business of farming and place you in a more important position as a citizen.
(7) To do all possible to bring about a restoration of faith in the farm.
(8) To help protect the farm from soil loss and deterioration.
(9) To work together in order that we may not starve separately.
(10) To relieve the farm from the state ad valorem tax.
(11) To find the cause and cure for root rot in cotton.
(12) To protect you from speculative high jackers.
(13) To give out accurate information as to acreage and condition.
(14) To keep the office of Commissioner of Agriculture elective.
If elected, the policy of the Department will be to work in harmony and co-operate to the fullest extent with the A. & M. College, the Federal Farm Board and all other agricultural organizations in their activities for the effective solution of the farmer's problems.
I favor rigid enforcement of the seed laws that will protect the public in the purchase of good planting seed.

SCURRY OFFICIALS SECURED FORGER

Announcement that came out of Colorado last week was to the effect that a female "hot-check" passer had been apprehended there and in her confession stated that she had secured \$80 at Snyder.

The report that the Times-Signal printed last week was incorrect, according to Munger Y. Lewis who tells us that Sheriff Brownfield and County Atty' Warren Dodson had the girl in jail here and had phoned the Colorado officers to be on the lookout for hot checks. They came to Snyder and took the girl over there.

Incidentally the young lady got away with no checks in Snyder and we are happy to correct our unintentional error.

NEW RADIO FAN GETS MIXED PROGRAMS

Here is an anonymous tidbit going the rounds of the West Texas press that may remind you of your own experiences:

A man had just installed a radio. He turned in, getting three stations on the same wave length. One was a minister, one man was telling the condition of the roads, and the third was lecturing on poultry. Here is what he got:

"The Old Testament tells us that your baby chicks should detour one mile south of Salina and listen to the words of the prophet.

"Be careful in the selection of your eggs, and you will find hard surfaced roads on the Garden City. We find in Genesis that the roads are muddy just west of the hen house and clean straw is essential if you would save your soul. After passing through Leavenworth, turn north to Jericho.

"The wise men brought a large sized incubator on account of the detour. The baby chicks were troubled with the pip and a bond issue is being talked in the Holy City. Keep the feet clean and dry, live a life of righteousness and turn south one mile east of the school house. Much care must be used in commanding the sun to stand still as there was a washout on the bridge just south of Paola, and road to salvation is under repair, making necessary for 70 degrees in the the Lord will cause pinfeathers to brood house at all times.

"After you leave Winfield, unless you do these things the wrath of fall out and dour one mile south. Many are culled, but few have any luck unless the graveled road between Topeka and Lawrence are mixed with feed. Out of 500 eggs one man should get good roads from Coffeyville to Tulsa and He commanded Noah to build an Ark just one mile west of Wichita. It rained forty days and nights and caused an eight-mile detour.

"Just west of the hen house many tourists from the House of David are trying Plymouth Rocks mixed with concrete and the desire to do right."

FLUVANNA NEWS

Mr. Raymond Seale of the First State Bank is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him by sending your news and subscriptions to him.

Church Services

Preaching services at the Methodist church were well attended. Sunday night a playlet was given at the Methodist church for the benefit of the superannuated preachers. This was also well attended.

The Sunday School Training Course at the Fluvanna Baptist Church is still in progress although the rainy weather last week caused a few services to be missed. Rev. Green, associational missionary, is conducting the course.

Mother's Day program is to be held at the Fluvanna Baptist Church. The program is not available at this time but I am sure this will be a worth while event and everyone is cordially invited to take part and attend same.

Workers conference which was held at China Grove on the 6th was very well attended and good interest shown. General theme was Baptist as a New Testament Church.

Visits and Trips

Mrs. Nelle Matlock and Mrs. W. P. Sims went to Lubbock Monday. Mrs. Matlock went to turn in the census enumeration for her district which is completed.

Mrs. J. J. Belew went to Brooksmith last week and returned, bringing with her her sister, Mrs. Nesbitt.

Miss Girling Dane of Fort Worth was visiting Mrs. E. V. Boynton Sunday.

Mrs. Z. E. Coleman spent last week with her sister, Mrs. Bill Brashear of Sweetwater.

Miss Burline Boynton of Tech, Lubbock, spent Saturday night with home folks here.

Mr. Roy Craft of Southland was visiting with John and Ola Staveley Sunday.

Mrs. V. L. Patterson has returned from the Milling Sanitarium and is very much improved, which we are very glad to report.

Chas. Bley and S. T. Matherly went to Austin last week to represent Fluvanna at the state meet.

Mr. John Staveley made a business trip to the plains, visiting Olton, Anton, and O'Donnell and other points looking for some feedstuff, but reported it very scarce and priced high.

Miscellaneous

During the band practice last week there were several from Fluvanna went to Snyder and while they were practicing, it rained, a big one, and they stated that the water got up to the running boards of their cars where they were parked.

A good crowd attended the band concert last Sunday when the Fluvanna band met with the Snyder band at Snyder.

Mr. F. J. Moore is reported on the sick list.

Mrs. G. W. Nole, who has been

quite sick, is reported much improved.

Despite the good rains which we have had we have a genuine old fashioned high wind, and plenty of sand. Indications of a storm period.

School Notes

The scenery for the stage and opera chairs have arrived for the new school building and they will be installed soon. Mr. Johnson says the work will be practically finished except the painting this week.

P. S.—How is the sand down there, Mr. Smith? Plenty, eh? Muddy one day and sandy the next. That's West Texas, isn't it? Raymond—We're up to our neck!

STRAW VOTES AND FACTS

Rev. James H. Tate

To the Scurry County Times-Signal:

With the permission of the editors, I wish to say a few things about the Literary Digest straw vote on the prohibition question and relative facts.

Although the straw vote is showing a considerable majority in favor of repeal, or amendment, of the 18th Amendment, and consequent legislative enactments; there is really no occasion for friends of prohibition to feel alarmed. At the same time it is highly important that all prohibitionists keep themselves informed and continue to stand firm for the great and noble cause of sobriety, national prohibition and adequate law enforcement.

We are fighting a royal battle now and, if we hold our ground and make the thing stand up, the rest of the world will, in due time, follow our noble example.

It has become quite evident that the Digest vote is far from expressing the sentiment of the American people—I mean the majority and the best element of our citizenship. There are several reasons for saying this. First: The "Wets" have worked their side of this question to a finish; while the "pros" have not concerned themselves so much about it.

Second: The Digest vote has evidently come, very largely, from cities where the "wets" are usually largely in the majority.

Third: A recent tentative investigation made by Christian Herald, of N. Y. City, makes it quite clear that the women did not receive their proper 50 per cent of the ballots, or voting cards. This inquiry shows that women received not more than one out of every four of these cards. It is easy to see how such conditions as indicated above, will largely affect a vote of this kind.

In comparison with the Digest poll, consider the poll taken by the Pathfinder a little while back, as passed by the Christian Herald, April 26. The Pathfinder received 444,627 ballots from its subscribers. Of these, 272,825 votes were cast for prohibition—a majority of 101,023 DRY. The fact is, the nation is dry in sentiment, and the "drys" know it, and the "wets" know it also, hence, they are doing everything possible to discredit prohibition and break down the 18th Amendment and all laws enacted for its enforcement.

With this view the "wets" are constantly telling us that conditions are "worse than ever before." Such talk is absolutely foolish. I well remember the days of the saloon when drunkenness, cursing and fighting and other attendant evils were common spectacles in every town and village of the country. But how is it now? In January wife and I drove from Fluvanna, Texas, to Redlands, Calif., spending the nights in tourist camps. We spent a day and half and two nights in the city of El Paso and a day and two nights in Tucson, Ariz., and eight days in the city of Redlands, Calif. During all this travel among strangers—where no one knew I was a preacher—we did not see a single drunk man. Think of that! Since locating in Montevine, I am in the city of Redlands two to four times a week and I have not seen a drunk person here yet. Others have made much more extensive trips and testify to the same fact. Where is the anti who can explain this situation without breaking down his own wet argument?

The fact that there is a strongly

organized and highly financed movement, the purpose of which is to nullify the Constitutions and laws of states and the nation, after the people, with the highest motive in view, have caused them to be written into our statutes, is nothing short of shameful and inconsistent with American ideals. Suppose all this effort at nullification was switched to the right side of the question. Wouldn't it bring a boon of law observance, peace and good will among our people?

UNIQUE HAIL DRIFT NEAR SWEETWATER

Snyder citizens report that huge drifts of hail in a gulch on the Bankhead highway near Sweetwater, Sunday morning, was bringing hundreds to the scene.

According to the Sweetwater Reporter, the hail was driven into the gulch either by a swift current or strong wind during the rainfall and hail storm of Friday night and Saturday morning. In some places it was as high as 15 feet.

It was predicted that the ice would remain there for two or three weeks.

BIG OIL DEAL

Sale of oil leases on 145,000 wildcat acres in a number of West Texas counties has been reported made by the Texas Pacific Land Trust to Continental Oil Co. The consideration was not given but was reported to have run into six figures, with Scurry county being included among the acreage agreement.

Edson R. Waite Shawnee, Okla.

That the merchant who has faith in himself, faith in his business and faith in his city is a liberal advertiser.

Advertising not only brings direct benefit to the store that advertises, but it brings people from the surrounding country to the city, and they seldom spend all their money in one store.

Liberal advertising builds bigger, better newspapers.

Newspapers are the leading light of a city; they are city builders; they are leaders in every activity of a city.

No home-seeker, investor or industry looking for a place in which to locate will tarry long looking at

a city that doesn't support its newspapers. When a city has sick looking newspapers, its a cinch the business of that city is sick. Who wants to live or do business in a sick looking city?

Your newspaper is your flag of success. It shows the spirit of progress of your city.

More than 1000 bandmen will be at the WTCC Convention at Abilene May 29, 30, 31. Fort Worth is sending five bands while Portales, N. M., to date holds the record for the most distant entry.

Sweetwater and Lubbock are vying for the 1931 convention of the WTCC. Either can adequately take care of this gathering which is outstanding in West Texas.

The membership of the WTCC will formulate its policies from the floor during the Abilene convention. This is an innovation that is meeting with the hearty approval of the member towns.

Science Studies Ways of Hen To Learn Method of Hatching

Thousands of young chicks lives will be saved this spring as the result of a simple new egg turning device for incubators just perfected. This device keeps the eggs with the big end up, saves time and effort and brings the science of artificial incubation a long step nearer the perfecting of nature. Dr. Ellery H. Harvey, director in charge of the scientific laboratory of the University of California, announced recently in presenting his report of hatching tests carried on in the laboratory over a period of two years. "Decreasing the mortality rate of baby-chicks has been one of the major problems of the laboratory," Dr. Harvey said. "More than a thousand chicks have been hatched, with the automatic turner, to test the relation of proper turning to the mortality rate. "Hens are not always ideal mothers. They accidentally break many eggs and often prove temperamental and irresponsible. And they cannot hatch all the eggs required in the modern market. But the principles which the hen uses in hatching her eggs, even her casual movements, have been studied carefully and applied in perfecting incubators. "Proper ventilation, temperature and humidity, taken care of by nature in the hatching of the hen's feathers, her body temperature, and her movements on and off the nest have been determined with scientific exactness in the new incubators. "It is vital to the life of a baby-chicken that the egg be placed with the big end up, that it be turned twice a day, and kept at an angle. The hen's nest with its sloping sides permits the egg to lie at the correct angle, and the hen getting off and coming back to her nest turns the eggs. By means of this new turning device, an entire trayful of eggs in an incubator may be turned at one time, with no difficulty and with no danger that any of the eggs will fall to be turned. "The same degree of ventilation permitted by the ruffling of the feathers of the natural hen-mother, is preserved in the modern incubator, and the temperature of the artificial nest is made to equal that produced in the nest by the hen."

QUEEN EVELYN

(Continued from Page 1) Bill McMurray; Fayrel Plaster and Bill Green. Sweetwater High—Minnie Lee Mitchell, Clyde Scott; Marguerite Browning, Glen Wyatt. Fluvanna High—Matty Lynn Beaver, Jessie Lemons; Pauline Haynes, Wadel Flournoy. Ira High—Ethel Verie Falls, Howard Franks; Anice Clark, Sigmon Lloyd. Trent High—Edith Hale, Bob Howell; Medeah Rawlings, Leonard Strubling. Roscoe High—Rex Pendleton, Winona Adams, William Haney, Isabel Worthy. The following Snyder students appeared after the visitors had taken their place on the stage: Johnnie and Audra Jenkins; Enid Sears and Andy Jones; Creston Fish and Grace Avery; Dan Trice and Allene Curry; Bobbie Chambers and M. M. Clark; Bonnie Miller and Lewis Halston; Janice Thompson and Grady Wallace; Maurine Stinson and Morris Sturdivant; Nona Bess Egerton and Oscar Brice; Doris Doak and John Horton; Charlene Ely and Travis LaRue; Mary Bell Trevey and Hugh Taylor; Jeanette Lollar and Grover Scott; Dorothy Erwin and Henry Clements; Elizabeth Wilford and Norman York; Eva Nell Arnold and York Murphy; Ada Nell Teague and Pocch Piper; Frances Payne Huestis and Jesse Brownning; Margaret Deakins and Bernard Longbotham. Flower girls preceding the royal entourage were the Misses Elaine Davis, Virginia Pruitt, Mary Ellen Williams and Mary Nell Nobles. Pages were Carl LaRue and Boss Staveley. Little Billy Joe Stinson as Crown Bearer was a near rival to Lord Fauntleroy as ever graced a pair of velvet trousers. He was just as cute as could be and caught the attention of the audience as quickly as he hit the aisle. Princess Lucille Brown and Prince Delbert Burdine preceded the King and Queen, followed by Her Majesty, Queen Evelyn Pratt with Train Bearer Lola Joe Rogers and Jeanne Taylor. After taking their position in front of the dais, J. M. Claunch in a most masterly fashion crowned the Queen, after which she, with her escort King Grady Ferguson occupied the royal suite. Pageant Royal Affair Then followed a group of dances and ensemble numbers that had been coached by Director Homer F. Springfield, assisted by the Misses Jessyle Stinson, Nona arr and Eula Ferguson. The youngsters dressed in full costume of their numbers included the following: Spanish dance, Texas Blue Bonnet, Indian Belgian, French, Swiss, Scotch Dutch, Russian, Greeks, Gypsies, English, pirates and many others. During the course of the Rainbow dance, little Miss Wynona Keller was borne to the stage by four husky sailor boys in a chest and as she emerged to start her dance she was as queenly and full of grace as any one activity recorded during the evening and the applause showed her true artistry in a youthful delineation of the Rainbow dance. The pageant closed with the Statue of Liberty portrayal as noted at the start of our story. But the evening was one of delight to the large number who attended. Mrs. Hugh Taylor as General Chairman headed the activity

Seventh Annual Get-Together Rural Schools

A. A. Bullock, Snyder, Will Preside During Meet At A. & M.

Snyder and Scurry county are to be signally honored at the Seventh Annual Conference, Texas County Superintendents and Rural School Supervisors, that will meet at College Station, July 28th to August 1st, when County Supt. Pat Bullock will be Chairman and preside at the sessions. As a special compliment to Mr. Bullock and Times-Signal readers, we herewith present the official program of the week, together with other data that will be of interest to our readers: Chairman A. A. Bullock Presiding Special Lecturer: Dr. Maycie Southall, George Peabody College, Nashville, Tenn. General Theme: Supervision. July 30, 9 a. m. 1. Address of Welcome—Dean C. H. Winkler. 2. Response, Mrs. K. K. Robbins, Milan, County. 3. Some Progressive Tendencies in Texas Rural Education—Miss Mary Shipp Sanders, State Department of Education. 4. Origin, Development and Present Status of Rural School Supervision in America—Miss Southall. 5. Announcements for the week. July 28, 2 p. m. 1. Some Definite Measures for a Constructive Consolidation Program—Supt. T. B. Walters, Jasper county. 2. How I Put Over a County-Wide Program of Education—Supt. C. C. Porter, Bowie county. 3. Needs for and Value of Supervision in Rural Schools—Miss Southall. July 29, 9 a. m. This Program is held jointly with the Conference of Agricultural Writers. 1. The Relations of the Press and School People. a. From the Standpoint of the press—Mr. Fletcher Davis, President Agricultural Writers Conference. b. From the Standpoint of the School People—Supt. Wallace Gregg, Wise county. 2. How School Superintendents and Teachers May Best Use the Press—Mr. J. B. McClung, Field Editor, Texas Farm and Ranch. 3. Encouragement by Rural Teachers of 4-H Club and Vocational Work—Supt. Price Scott, Floyd County. 4. Vocational Agriculture as a Factor in the Solution of the Farm Problem—Mr. C. L. Davis, State Department of Education. 5. Miss Southall with the Rural School Supervisors. July 29, 2 p. m. 1. Methods of Training Rural Teachers in Service—Professor Albert Barnett, West Texas State Teachers College, Canyon. 2. The County Survey as a Factor in the Administration and Supervision of Rural Schools—Mr. R. R. Harvin, Stephen F. Austin Teachers College, Nacogdoches. 3. Duties and Relationships of Principals and Supervisors—Miss Southall. 4. General Discussion. July 30, 9 a. m. 1. Address—President T. O. Walton, A. & M. College. 2. Uniform Seventh Grade Examinations for the Rural Schools—Supt. Delbert Kyle, Lamar county.

3. Direct Supervisory Means of Improving Instruction — Miss Southall. 4. Business Meeting. July 30, 2 p. m. 1. Address—State Supt. S. M. N. Marrs, Austin. 2. Address, President M. D. Fillers, Texas State Teachers Association, Corsicana. 3. The Work of the Committee on Rural Education of the Texas State Teachers Association—Chairman G. O. Clough. 4. Indirect Supervisory Means of Improving Instruction — Miss Southall. July 31, 9 a. m. This program is in joint session with the Agricultural Writers Conference. 1. A Statement of the Problems of Rural Life in Texas—led by Prof. W. L. Hughes, Rural Education Department A. & M. College. 2. Suggestive Remedies for these Problems—Discussion led by Mr. T. O. Richardson, Texas Farm and Ranch. 3. The Organized Community as a Factor in Solving School Problems—Supt. R. W. Stevens, Coryell county. 4. General Discussion. 5. Miss Southall with Rural School Supervisors. July 31, 2 p. m. 1. A Rural School Legislative Program—Supt. L. A. Woods, McLennan county. 2. The High School Tuition Law versus Consolidation of Rural Schools—Supt. P. L. Stone, Bell county. 3. Adapting Supervision to Group

and Individual Needs of Teachers—Miss Southall. 4. General Discussion. August 1, 9 a. m. 1. The Rural P. T. A. and Its Work—Mrs. E. O. Sleske, College Station. 2. Planning a Definite, Forward-Looking Program of Supervision—Miss Southall. 3. General Discussion. 4. Adjournment. Notes (1) Miss Southall will meet with the Rural School Supervisors in a separate room on Tuesday and Thursday mornings, while the Superintendents are holding their meeting with the Agricultural Writers. (2) Board and Room: Room rent will be \$1.50 for the week in one of the College Halls. (3) Railroad Rates: All Texas Railroads will grant the extremely low fare of one cent a mile each way. Ask your local ticket agent.

Signal guessing contest are not diminishing. One or two that we have before us give the following: J. C. Turner, RFD 2, says Snyder will have 3,997, while Scurry county will get 15,073. City Building Inspector P. M. Bolin gives 3,100 for Snyder and 13,750 for the county. At any rate, The Times-Signal can assume that Snyder's census percentage will be above the 50% increase. That's our story and we intend staying right by it. When the figures are all in, the winners in the contest will be announced. ROTAN PAPER SPEAKS OF RECENT MEET HERE The Rotan Advance said last week: The Girls Glee Club, directed by Miss Metty Murhl Stages, visited Snyder last Friday evening and were given a big house and were also splendidly entertained. Soon after their arrival the Rotan visitors were given a buffet luncheon and after the program they were entertained in the home of Mr. and Mrs. Ferguson. There were twenty-two in the Glee Club who made the trip, and others accompanying them were:

Mesdames L. C. Miller, W. L. Allen, J. H. Kennedy, Jas. B. Day, Ed Du-laney, Mary Posey, G. P. Baker, J. E. Kennedy, W. C. Colvin and J. D. Corbin, Miss Treva Miller. Merchants of reliable character have an additional asset when they advertise. If True This is great news for school boys—that the history of a country is to be written in 500 words. Prisoners like music, especially that of the opening bars.

CENSUS INFORMATION As we go to press we are unable to get the official data on Snyder and Scurry county census figures, awaiting every mail for information from Dr. I. E. Barr, Lubbock, district supervisor. However, estimates on the Times-

Bienvenido a Juarez, Mexico WELCOME TO JUAREZ, MEXICO

What Others Think of Juarez Henry L. Mencken, editor of the American Mercury: "If the east knew about Juarez, nobody would stay in the east except to do business." Joseph F. Leopold, U. S. Chamber of Commerce: "Los Angeles would raise a cool million in thirty minutes to have Juarez (and its assets) for a neighbor." Karl Harriman, editor of The Red Book Magazine: "Henry Mencken told me about the delights of Juarez, but even he, with his gift of tongues, did not do it justice. I enjoyed every minute of my visit to El Paso and Juarez and I am coming back to spend a month in this delightful environment." Otto H. Kahn, International Banker: "El Paso has the advantage of being the frontier of a picturesque country. This city's combination of advantages is difficult to surpass. In fact, I do not know its equal anywhere in this country." A Personal Invitation As proprietor in personal charge of the Central Cafe, I take this way of inviting American tourists to visit Juarez and make their headquarters at the Central Cafe. Be sure you will be made welcome and everything possible done to make your visit to Old Mexico and the Central one to be remembered. S. G. GONZALEZ

O'DONNELL RECEIVES HEAVY HAIL DAMAGE

A letter to the Times-Signal from "Chubby" Ritzenthaler at O'Donnell Monday, stated that a heavy hail accompanied the Friday night storm there, breaking the skylights at the index office, together with two to three inches of rain. A small cyclone in the north part of town likewise unroofed a gin.

If King George really wants to hold his American radio fans, he'll have to choose some other hour than 5 a. m.

Toronto, Metropolis of Ontario, Building "Fez City" to Accommodate Shriners Who Will Convene There in June

COMMISSARIAT COAL LINEN KITCHEN ICE BARBER SHOP PHOTOGRAPHY RESTAURANT BEAUTY PARLOR CIGAR AND CANDY STANDS. A new city on wheels, "Fez City," for the accommodation of 8,000 visiting Shriners, is being built at Toronto by Canada's railways for the June convention of the Ancient Arabic Order of Nobles of the Mystic Shrine. Although the Royal York Hotel is the largest in the British Empire, having 1,104 rooms, it cannot accommodate the tens of thousands of delegates who are expected to visit the "Queen City" of Canada. "Fez City" will be composed of 600 sleeping cars, while marquees will take the place of administration and service buildings. It will adjoin the exhibition grounds where the Shriners, between 30,000 and 40,000 in number, will hold their convention and will be fully equipped with a miniature hospital, restaurant, barber shop, beauty parlors, news stands, cigar and candy stands. It will be directed by "The Midway," from which the "streets" will radiate in numerical order, and "Rameses Drive" will handle the motor traffic. Railway and city police will co-operate to protect the new city, which will be brilliantly illuminated by electric light. The Shriners' host in Toronto will be Hon. George S. Henry, Potentate of Rameses Temple. The retiring Imperial Potentate is Leo V. Youngworth of Los Angeles, Cal., and the incoming Imperial Potentate is E. A. Fletcher of Rochester, N. Y. Years before adventurous white men penetrated inland in America the name "Toronto" was given by the Indians to the place where trails and water routes converged at a bay on Lake Ontario's northern shore. "Toronto" means "place of meeting" in the Indian language, and thanks to the amazing progress of modern transportation it has grown from a tiny settlement where goods were brought for exchange to one of the largest cities in Canada, and a great railway center. Toronto has beautiful residential sections and its new Union Station is one of the finest railway terminals in America.

ESTEN A. FLETCHER, INCOMING IMPERIAL POTENTATE. A new city on wheels, "Fez City," for the accommodation of 8,000 visiting Shriners, is being built at Toronto by Canada's railways for the June convention of the Ancient Arabic Order of Nobles of the Mystic Shrine. Although the Royal York Hotel is the largest in the British Empire, having 1,104 rooms, it cannot accommodate the tens of thousands of delegates who are expected to visit the "Queen City" of Canada. GIRL SCOUTS NOW OFFICIALLY ORGANIZED

Girl Scout Troop Number One officially came into existence on Monday evening, May 5, when 13 girls were enrolled in a very pretty ceremony about the camp fire on the school campus.

These girls passed their Tenderfoot tests a few weeks ago and are now officially recognized as Girl Scouts by the national organization. They are a very eager and enthusiastic group of girls and are enjoying the Girl Scout work very much. They have great plans for the summer and for next year. There were about fifteen other girls present for the ceremony. These girls are studying scouting and hope to be able to pass their tests in a short while. More are becoming interested in this very worthwhile organization, we are glad to say. Let's get busy and force the organization of a second troop by next fall.

We are also proud to state that the mothers of nearly all the enrolled girls were present and expressed themselves as being very well pleased with the progress the girls are making. The ceremony was held about sundown and was begun by singing the "Hymn of Scouting." Then Miss Inez Caskey was given her commission as first lieutenant of the troop. She then assisted the captain, Miss Elva Lemons, in registering the Girl Scouts. The girls were brought forward one by one, gave the Girl Scout promise and were given their registration cards and Scout pins.

The meeting closed with the singing of "America." The girls who are now proudly wearing their Girl Scout pins are: Frances Northcutt, Estine Dorward, La Frances Hamilton, Nedra Lynn Rogers, Irene Spears, Edna Mae Dunnam, Mary Margaret Towle, Alma Alice Caskey, Valdean Keller, Rosanna Reynolds, Mittie Idellah Crowder, Elizabeth Blakey, and Geneva Glasscock.

izing the most Junior clubs during the past year. The Art Guild and Altrurian Daughters of Snyder are under their sponsorship and the major club divided the prize money equally between the two clubs.

DANCE RECITAL
Pupils of Miss Marita Rosser will give a dance recital at the High School Auditorium, Friday night, starting at 8 o'clock. The public is invited to be guests of Miss Rosser and her class.

MR. AND MRS. IVAN DODSON ENTERTAIN BRIDGE CLUB
The Thursday Night Bridge Club members and a number of guests were charmingly entertained by Mr. and Mrs. Ivan Dodson on Friday evening, May 2, at the home of Mr. and Mrs. R. H. Curmutte, Sr.

The house was profusely decorated with roses. Club members winning high score prizes were Mrs. Geo. Oldham, and Albert Norred, and guest prizes went to Mrs. W. R. Johnson and W. O. Logan.

Refreshments were served to Messrs. and Mrs. Wayne Williams, Wayne Boren, Raymond Sims, J. G. Hicks, Albert Norred, W. T. Raybon, Clyde Shull, Geo. Oldham, J. E. Sentell, G. B. Clark, Mmes. Fritz R. Smith, W. R. Johnson, members, and Messrs. and Mrs. J. M. Harris, G. A. Hagan, O. M. Longmeyer, R. H. Curmutte, Sr., and W. O. Logan.

PIANO RECITAL
Piano pupils of Mrs. A. C. Prentiss will give a recital at the High School Auditorium Saturday night, commencing at 8:00 p. m. Invitation has been extended to local and nearby citizens to attend this event as guests.

CLUB ENJOY SESSION
Mothers' Self Culture Club was entertained in the home of Mrs. E. F. Sears, Tuesday afternoon. During the business meeting two new members, Mesdames I. H. Spikes, Jr., and Edgar Wilson, were officially received into the club. The new yearbooks for the year 1930-31 were distributed. It was also decided that the Mothers Culture Club would close its year's work with a picnic honoring their husbands and children, May 29.

Mrs. B. M. West was leader for the day and the following program was given by children whose mothers were club members:
Reading: "One Club Is Enough for Me"—Grace Avery.
Piano number, Saxton West.
Reading: "My Mother's Hand", Kenneth Alexander.
Paper, "Mother" Mrs. West.
Vocal solo, Billy Cauble; Eula Pearl Ferguson accompanist.
Two piano numbers were rendered by Eula Pearl Ferguson and Mrs. R. L. Gray, guests.
Mrs. Sears served a delicious plate to the following members: Mmes. J. P. Avery, F. M. Brownfield, J. L. Caskey, W. H. Cauble, P. C. Chenuault, E. T. McCarty, E. E. Trig, B. M. West, W. G. Williams, Edgar Wilson, Estelle Williams, and guests, Mmes. R. L. Gray, Mable German, Hugh Taylor, J. D. Monroe, Sears and Misses Kenneth Alexander, Grace Avery, Eula Pearl Ferguson and Enid Sears and Billy Cauble.

B. & P. W. CLUB
OBSERVE MOTHERS' DAY
The Business and Professional Women's Club enjoyed an interesting Mothers' Day program Tuesday evening at the Chamber of Commerce rooms, with Mrs. R. E. Gray, Mrs. E. M. Deakins and Miss Ina Mae Caswell as hostesses. Upon arrival, members and guests were presented with unique programs, and red and white roses. The following program honoring "Mother" was given:
Song—"We're Glad We're Here"
Prayer—Mrs. C. R. Buchanan
"The Old-Fashioned Mother"—Miss Effie McLeod
"Mother's Task"—Miss Eloise

The Altrurian Club were awarded \$5.00 cash prize at the Seventh District meeting at Pampa, Texas Federation of Women's Clubs owing to their notable work in organizing the most Junior clubs during the past year.

Scott
Dialogue, "The Modern Mother"—Virginia Wills, Evelyn Harris
Song—"That's What God Made Mothers For"—Harold Brown and Vernelle Stinson
Reading—"And Then He Married Mother"—Ernestine Morton
"Our Grandmothers"—Mrs. W. W. Smith

Song, "Mothers and Daughters Together"
"The Three Gems"—Miss Eula Stinson
Song—"Coming Home"—Mrs. D. P. Yoder
Song, "Home Sweet Home"
Guests of the club included Mmes. J. W. McCoach, W. A. Morton, Joe Monroe, T. S. Egerton, Estelle Wylie, D. P. Yoder, J. W. Scott, Ed Wade, and Miss Maude Akers, and little Miss Josephine Kelley.

IRA HIGH SCHOOL GRADUATES SEVEN
The annual commencement exercises of Ira High School are being held this evening at their auditorium. Seven graduates will receive diplomas.

Members present were: Mmes. Alfred McLaughlin, Wayne Boren, Ralph Odum, Wade Winston, C. F. Sentell, Wayne Williams, J. G. Hicks, Joe Graham, Raymond Sims, Clyde Boren, Albert Norred, Melvin Blackard, Ixon Joyce, J. E. Sentell, G. B. Clark, Jr., and Miss Neoma Strayhorn and guests, Mmes. Earl Fish, J. M. Harris, Austin Erwin, Billy Lee, R. J. Randall, Sam Hamlett, M. Brownfield, Camp, and Miss Gertrude Herm.

METHODIST TRAINING SCHOOL IN SESSION
The Methodist Training School that got under way last Sunday is offering the following courses:
"Organization and Administration of the Sunday School" taught by Rev. Cal C. Wright.
"The Church and Its Work," taught by Rev. M. B. Norwood of Rotan.
"The Worker and His Bible" taught by Rev. W. E. Hamilton of Dalhart, who is also acting as Educational Director.
There is an enrollment of about fifty and splendid work is being done. Certificates of credits will be awarded at the close of the class periods, Friday evening.

The general public is invited to participate in these services that are being held nightly.

TAKES LEADING PART
Miss Erma Taylor, daughter of Mr. and Mrs. J. J. Taylor took a leading part in the production of "Holiday" in the Abilene Little Theatre there one evening last week. Mr. and Mrs. Taylor and Mrs. W. T. Raybon attended the play and report a most enthusiastic reception was given the players.

PROGRAM COUNTY-WIDE SEVENTH GRADE PUPILS
The program for the third annual county-wide 7th grade graduation exercises, Snyder High School Auditorium, May 23, 10 a. m. Processional—H. F. Springfield Invocation—Rev. Cal C. Wright. Welcome Address—Prin. W. N. Corry.
Special Music—Snyder Class.
Remarks—A. A. Bullock.
Class Address—Judge Jas. P. Stinson.
Presentation of Diplomas—J. M. Claunch, Prin. Grammar School, Snyder.
Benediction—Rev. W. M. Speck.
On Friday, May 23, at 10 a. m., the third annual County-wide 7th grade graduating exercises will be held at the Snyder High school auditorium. Having been asked each year for a picture of the group

by the editor of the Rural school section of the Texas Outlook, we are having the exercises in the day time in order that we may get a picture of the group. We earnestly urge that all the parents of the children in the class be present as well as all friends of the class and those interested in the on-going of the work in the county. Those attending will hear one of the outstanding educational speakers in the state, Judge Jas. P. Stinson of Abilene will deliver the address and it will be well worth your while to hear him.

Diplomas will be given to some one hundred-fifty graduates at this time.
A. A. Bullock, County Supt.

MAY BREAKFAST
Mrs. Forest Sears and Miss Hatfield were joint hostesses at a May Breakfast given for members and guests of the Alpha Study Club, at 8 a. m. Saturday, at the home of Mrs. Sears.
Lovely spring lowers, with roses predominating, were artistically arranged throughout the entertaining rooms.
While a delicious two course breakfast was served, the following poem was given:
Roll Call—Texas Flower or Bird Poem from "Voices of the South"—Mrs. Clyde Boren.
Indian Legend of the Bluebonnet—Mrs. J. E. Sentell.
History of May Day Customs—Mrs. Raymond Sims.

IRA SERVICES ENJOYED
The annual baccalaureate services for Ira High School, held Sunday night, was greeted with a packed house. Rev. Cal C. Wright delivered the sermon. The church choir rendered special numbers that added to the enjoyment of the program.

ALL-NIGHT HIKE FOR "HIGH" BOYS
Coach "Red" Moore is taking 5 companies of Snyder High boys on an all-night hike tomorrow. The companies are well organized with a Headquarters outfit offered by the following: Capt. G. L. Huestis; Supply Sergeant, Buddy Martin; Mess Sergeant, Delbert Burdine; Transportation, J. T. Trice; Clerk, Bedford McClinton; Capt. Guards, Andy Jones.
Captains of the four other companies include Jess Browning, Dan Trice, Austin Erwin and Grady Ferguson.
The boys are planning on a big time and their destination was unknown as we go to press.

The excessive rains of the past two weeks have made new roofs necessary on many buildings, one of them that houses Stinson No. 2 store was more like a sieve during one of the rains than a roof. Water poured into the business place as if a small creek was intended running into the store.

Static troubles were many, Tuesday, following the sandstorm and many cars were unable to move until their difficulties were overcome. Nine cars were towed past the Times-Signal office, Tuesday, enroute to some garage that could relieve them of their troubles. But the sandstorm did not last long and it made nobody sore when it stopped.

SIDELIGHTS
By Marcy B. Darnall
One of the finest feats of heroism ever performed by an American sailor is recalled by the death of Lieutenant Mons Monssen, retired. In 1904, when a gun turret of the battleship Missouri blew up, Monssen saved the entire ship from destruction by leaping through flames into a magazine, closing a heavy door and isolating the fire. He was an enlisted man at the time, and received the Medal of Honor for his gallant act.

Dr. Ho, psychologist, says that a floorwalker should be "lively, aggressive, responsive, alert, and pleasant." The same qualities would make success in almost any calling.

Chicago's Plight
Chicago has been taken for a ride, and now it's walking back.—The Cincinnati Times-Star.
Every Time
An ambulance has the right of way because the pedestrian has the right of way and there is a pedestrian in the ambulance.
Explained
General Sumner says soldiers well dressed are better fighters. This explains that old description "dressed to kill."
Ditto
Galli-Curci is quoted as saying that "opera is a relic of the past." The high cost is now explained.
Truth Will Out
A banker says "a college education sets a man back three or four years." Why speak vaguely of "a man?" Why not come out frankly and say "Father?"

A Wonderful Help to Mothers
Dallas, Tex.—
"Dr. Pierce's Favorite Prescription was a wonderful help and comfort to me as a tonic and nerve. I found it especially beneficial during pregnancy. It kept me in such good condition that I was able to do my work, hardly realizing my condition, and when a woman gets along without suffering at this time her mental condition is greatly helped. Also Prescription babies are healthier and stronger."
"Dr. Pierce's Pleasant Pellets are the best regulator of the bowels."—Mrs. L. J. Bryant, 3723 Race St. Dealers. Write to Dr. Pierce's Clinic in Buffalo, N. Y., for free medical advice.

Constipation Troubles
"I HAVE used Black-Draught as a family medicine for a good many years," says Mrs. Sallie Laughlin of Huntlake, N. C. "I have found it an excellent remedy for constipation and the troubles that follow it. I have suffered frequently from gas pains, and when I am bothered that way I begin at once to take Black-Draught. Relief follows quickly."
"I give Black-Draught to the children when they are constipated, and it is not long until they are running around again."
Thousands of others have reported good results from the use of this purely vegetable medicine. Insist on the genuine Theoford's
Black-Draught
for CONSTIPATION, INDIGESTION, WOMEN'S BILIOUSNESS
who need a tonic should take Black-Draught. They'll never be bothered again.

SEALED IN STEEL
So TROUBLE PROOF
that even drowned in water it still runs on

THEY submerged it in water—and it still ran on. Think of the significance of such a test to you! Dust, dirt, moisture, rust—that lead to breakdowns and repair bills—are powerless to halt the flawless operation of General Electric mechanism. For in that small, round casing you see on top of every General Electric Refrigerator—the entire mechanism is barricaded with impregnable walls of steel hermetically sealed! Dust, dirt, moisture and rust can never get inside.

Here is a refrigerator that gives you all the recognized advantages of electric refrigeration—mechanism so efficient that your electric current bills are cut to but a few cents a day. An incredible quietness of operation the day you buy—and always. A freezing regulator that is accessible right at your finger-tips. A snow white porcelain-lined cabinet that will wear like steel—because it is steel. And the entire mechanism permanently oiled, and hermetically sealed against trouble.

Small down payment.
Pay balance in 24 months with electric service bill.

ANOTHER POULTRY BOOSTER STARTS
 Another Scurry county poultry booster officially started yesterday when Bob Cur-nutte had 2,750 white leghorns 3 weeks old baby chicks delivered from the Giles Garner Battery Brooder to his home on the West Side where he had a project already arranged for their reception.
 When Mr. Cur-nutte's poultry project is fully under way, it will be much larger than Giles Garner's present ranch.
 Scurry county is building and pioneer boosters are aiding in that great development. More power to their every activity.

Sitting as police judge, Adam Smith of West New York, N. J., heard his son, Adam Smith, Jr., charged with violation of prohibition laws, possession of gambling equipment, and attendance at a stag smoker where there were indecent carryings on. The father placed the son under \$1,500 bond to await action by a grand jury.

That Important Color

There are so many times when color is a factor in the attractiveness of the meals that you serve. If you are entertaining guests with salmon salad, for instance, it is most important to have the prettiest as well as the tastiest salad into which they ever sink a tooth. Do you know which kind of salmon to ask for at the grocer's?
 If your table decorations call for a deep red, you should call for a can of Sockeye salmon, also known as the Red or the Blueback. This is a deep red only fish of excellent quality. If the color scheme of your luncheon requires pink, ask for Humpback or Pink salmon, or get Chum or Silver salmon and select the pinkest pieces. And, of course, you'd like a salmon salad recipe that is unusual to serve at this luncheon. Here is one that is not only pretty but nourishing.

Snyder County Proud of This Candidate

Scurry county is proud of its candidate for State Treasurer in the person of Charley Lockhart who was Treasurer of the county for sixteen consecutive years. Faithful and efficient were terms that the older residents of the county pay as a loving tribute to Mr. Lockhart since he left here ten years ago to become Depository Manager in the State Treasury Department.
 West Texas will gladly join with the old home county of Charley Lockhart to put him across and clubs are being organized today in many sections to help this worthy candidate to win the position to which he aspires and to which he is eminently fitted.
 True to his public trust always, true to the friendships of all with whom he comes in contact, Charley Lockhart will ever remain as the most potential candidate for the position of State Treasurer and the Times-Signal is happy and proud to count itself as one of his friends and pledge our support and vote to this old Scurry county booster who has always maintained that this county was his old home county, even though Dallas county claims the honor of his birthplace.
 Old friends should join in a campaign of letterwriting to all points of the state to tell them to vote for Charley Lockhart. Charley Lockhart is not a wealthy man as money goes, but in friends, he's a multi-millionaire.

Snyder School Events

- May 9—Overnight Hike for "Hi" boys.
- May 16—Senior Play
- May 18—Baccalaureate Sermon
- May 19-23—Final Exams.
- May 23—Commencement.

LIONS CLUB HOLD REGULAR MEETING

The Lions Club in their weekly luncheon yesterday were entertained by the Snyder High School Band which organization has been sponsored by the Lions membership since starting here. Following the regular luncheon, the band as a body were given a real feed and they enjoyed every moment of it.
 Pres. Warren Dodson stressed the fact that several important matters were coming up at next Wednesday's session. That Lion Sam LaRue had donated \$30.00 for the cash prizes in the beautiful lawn contest that is being sponsored by the Twentieth Century Club. The chairman wants every member present next week.

Lion Rev. W. E. Hamilton of Dalhart gave a short talk on Cooperation in which he made it plain that every citizen must work together with the other to get any place in any civic enterprise.

J. W. CROWLEY NEAR HOLD-UP MONDAY

Bandmaster J. W. Crowley in returning from Fluvanna, Monday night, escaped a near hold-up when two men tried to stop him as he was coming down the long hill near the Santa Fe tracks as he drives into Dalhart. They stepped out to the road but Crowley never stopped and they shot his right casing, throwing him into the ditch, but he was able to keep moving and reached Dalhart without further injury. When the car went into the ditch it was badly damaged, although able to move under its own power.
 My! My! wouldn't a six-shooter come in fine at that one point—and at that one time?
 Most of the war-time second lieutenants have probably lived it down by now.

Snyder Girl Wins Second Piano Prize

Snyder was notably honored last Wednesday at Abilene when Miss Helen Boren won second piano prize at the 15th annual convention of the Texas Federation of Music Clubs.
 Miss Boren, who is a student at Texas Christian University, is the daughter of Mr. and Mrs. Hugh Boren and genuine felicitations has been extended to this musical genius for being among the leading prize winners at the Abilene gathering.

FACULTY TEACHERS FOR SNYDER HIGH

At the Board meeting, Tuesday night, Principal W. N. Corry was re-elected in High School.

V. K. Jones of Eden was elected to head the Vocational Agriculture Class in place of J. P. Jamison who has accepted the superintendency of the Garden City schools.
 Miss Aileen Powell of Canadian will be the new English teacher.
 Principal J. M. Claunch was also re-elected to head the grade schools.

Fire and water damages at the Alamo Hotel were considerable, Tuesday, as the high winds blew

a roaring furnace of the entire rear of the building before the firemen could get their sledge guns in action. The A. P. Morris family lost a majority of their clothes by damage, together with a large amount of furniture and household fixtures. That the building was saved at all was only through the miraculous work of the fire boys.

Ugo Zacchini is shot from a cannon by his brother Bruno as a daily feature of Ringling's circus. Recently the brothers took time out to participate in a double wedding at Sarasota, Fla., where they married two German girls from Berlin.

A Boston man promised to retire when he had made a million, and he kept his word. We are sometimes tempted to make a similar vow.

FIRST GROWN HERSHEY

Marvin West who lives 7 miles southwest of Hermleigh was the first Scurry county farmer to bring grown Hershey to the office. According to Mr. West this Hershey was planted in his garden on April 4th and was fully headed on May 4th and was had been irrigated. But that Hershey is a fast growing feed and forage crop was more thoroughly proven when Mr. West brought the sample to the office and which is on exhibition to anyone who is interested in seeing this first grown crop in the county.

NOTICE To The Citizens of Snyder

The City Council is going to comply with the will of the majority of the citizens of the town as expressed at the polls Monday, May 5th. We have never intended doing anything else. Had we felt otherwise this whole matter could have been disposed of in the City Council without being put to a vote of the people and been absolutely legal, but it has never been the desire of the Council to ride over the absolutely in any way, so we let you vote on the franchise. There is considerable future responsibility in issuing a franchise of this kind and we wanted the people to speak on the matter, (they did) and we are absolutely satisfied with the results and want Mr. Sample to build his \$150,000 plant just as quick as he can, just as he has promised the people and the City Council.

There seems to be some false reports out on the City Council in that we refused to issue Mr. Sample a franchise. This is truly a mistake. A franchise runs for many years, and we feel that it is our duty to make such a contract as will assure the citizens that all the agreements made by Mr. Sample will be faithfully carried out, and that the citizens will be fully protected. In order to fully protect the citizens' rights in this matter we should exact a good sufficient contract put in escrow in one of the Snyder Banks or a good bond.

We wish to thank the citizens of Snyder for this expression and trouble of voting on this matter. You will find us ever ready to abide by a majority rule and at all times we welcome suggestions for the benefit of your town. We are at your command for a better, bigger and more prosperous Snyder.

THANK YOU
