

SNYDER'S OFFICIAL CENSUS SAID TO BE 3,007

Increase 38% Over Nose Counting of Ten Years Ago

According to official data received at the Times-Signal office, yesterday morning, from Irwin E. Barr, Supervisor of the Fifteenth Census, the population of Snyder City as shown by a preliminary count of the returns is 3,007 as compared with 2,179 on January 1, 1920. The figures are preliminary and subject to correction. There were 13 farms enumerated in this area.

The figures indicate a gain of 38%.

Another bulletin that accompanied the Snyder returns gives Hermleigh Town 544 with five farms enumerated in that area. The 1920 census listed Hermleigh Town as 700.

The figures on Snyder and Hermleigh were the only figures that were made available in the data that arrived here yesterday.

New Golf Course To Be Built in City Limits

Miniature Field Is to Be Placed on North Highway

Snyder will have a new industry within the next two weeks when the Green Flag Golf Course will be placed in operation on the H. G. Towle lots, just north of the Woodrow hotel.

Messrs. Maurice Brownfield, Charles Kelly and Max Brownfield are backing the project which consists of a miniature golf field that has become the newest fad in all parts of the country. Laid out as a nine-hole course, with hazards and every obstacle to hinder your game, the play is making expert golfers when they reach a larger scene of play.

Sweetwater now boasts of two courses of the type that will be placed here while practically every other town in West Texas has at least one course.

The promoters plan on placing a roof-beer stand at the place, dressing the corner all up and with its location on an important highway, the place should attract a large number. Congratulations are extended to the Brownfield boys and Kelly.

TWENTIETH CENTURY CLUB SPONSOR BETTER LAWNS

Mrs. Joe Strayhorn, Mrs. Henry Brice, Mrs. W. T. Raybon at Helm

Cash Prizes

\$20 Offered by Sam LaRue Will Be Given to Winners

The Twentieth Century Club are sponsoring a better lawns and garden contest and will give \$20.00 in prizes to the winners. Mrs. Joe Strayhorn, Mrs. Henry Brice and Mrs. W. T. Raybon head the Civic committee of the organization and desire to thank Sam LaRue of the Snyder Laundry for his kindly interest in giving the club \$20.00 that will be divided among the winners.

Three prizes are to be offered for the best looking old lawn and old garden. Three prize likewise will be offered for the best looking new lawn and new garden. Judges have been appointed who will make an inspection every two weeks until the contest closes. Identity of the judges will be kept secret and every resident of Snyder is invited by the Twentieth Century Club to enter the contest. Persons desiring to enter should get in touch with any one of the ladies named in our first paragraph above. The contest will close Sept. 20.

TAKING VACATION

Nate Rosenberg of the Economy Store is taking a two weeks vacation with his father, Charles Rosenberg of Brownwood being on the job in the former's absence.

however, as the dead-beats usually make the rounds, borrowing and promising support, and the candidate who gives them the marble heart is just as liable to receive their support as the one who allows them to pull his leg. Another scheme for fleecing the candidates is to have committees call and urge them to contribute to the building of school houses, churches and other community enterprises. Those who fall to contribute are usually given to understand that their vote will be very light in that precinct. There should be a law prohibiting this form of holding up those who seek official position."

Final Week Snyder Public Schools In Sight

OKLAHOMA CITY GOOD WILL TRAIN ARRIVES

Fine Delegation Greets Boosters from Neighbor State City

Snyder turned out en masse yesterday noon to greet the Oklahoma City Good Will train and to welcome them to Snyder.

Arriving on time after first stopping in Scurry county at Hermleigh, the long train stopped directly in front of the Santa Fe depot with the Oklahoma City Central High School band of more than 30-odd students starting their concert.

Following a band concert, Joe D. Morse of the Home Life Insurance Co., Oklahoma City, speaking into the microphone, started proceedings going after Supt. C. Wedgeworth had given one of his inimitable welcome addresses. Ralph Miller of the Farmer-Stockman gave the principal address and spoke of the tremendous possibilities of this section of West Texas and the agricultural possibilities. Members of the party expressed wonderment at the vastness of West Texas and the fine welcomes that had been given them at every point.

More than 90 representative business men and officials of Oklahoma City were included in the party and provided plenty of "whoopie" with souvenirs and their kindly attentions to the eighty fine group of good-looking Snyder and Scurry county young ladies who joined in meeting the party. Souvenirs, galore, were distributed and everybody enjoyed the visit here of the Oklahoma City folks and hope they may return.

ATTEND TIRE CONFERENCE

H. Howard, John T. Howard and Frank Stevenson, Fisk dealers here attended a conference of West Texas dealers at Abilene, Monday night. Steaks for the banquet served the dealers were brought by airplane from Fort Worth.

SCOUT RALLY TO BE HELD MAY 27

Both Snyder Boy Scout Troops have been invited to participate in the Council Rally at Sweetwater, May 27th at the City Park.

Events will start at 9:30 a. m. and should be over by 5:00 p. m. Dinner will be served on the grounds to all Scouts and officials. This will be free to all.

Prizes will be awarded to First Place winners in each event. All prizes will be of course be the property of the Troop, not of the boys who happen to represent the troop.

According to Scout Executive A. C. Williamson, the following contests are to be staged: "First Aid, Water Boiling, String Burning, Fire by Friction, Fire by Flint and Steel, Knot Tying, Archery, Signaling, Obstacle Race, Tent Pitching and Tug of War. The business men of Sweetwater will contribute prizes for all events. Prizes will consist of useful articles of Scout equipment."

A barbecue dinner will be furnished free to all Scouts and officials.

BEST LOOKING HERSHEY YET

TAKING VACATION

Nate Rosenberg of the Economy Store is taking a two weeks vacation with his father, Charles Rosenberg of Brownwood being on the job in the former's absence.

however, as the dead-beats usually make the rounds, borrowing and promising support, and the candidate who gives them the marble heart is just as liable to receive their support as the one who allows them to pull his leg. Another scheme for fleecing the candidates is to have committees call and urge them to contribute to the building of school houses, churches and other community enterprises. Those who fall to contribute are usually given to understand that their vote will be very light in that precinct. There should be a law prohibiting this form of holding up those who seek official position."

Col. Bill Easterwood Will Deliver Annual Address

Col. Wm. E. Easterwood, Dallas, will deliver the Commencement address at Fluvanna next Thursday night at 8 o'clock in their new High School Auditorium.

Col. Easterwood will likewise give the annual address for Snyder High, Friday night, May 23rd at 8 o'clock, High School Auditorium.

Hermleigh Will Graduate 15 Friday, May 23

Claris Harkins and Vivian Bean Win Honors of Class

Hermleigh High will graduate 15 students, Friday, May 23rd, with Claris Harkins winning high honors as valedictorian. The class this year is the largest in the history of the school, according to Supt. E. E. Ker. Rev. M. L. Moody of the Methodist church there will give the commencement address.

The annual baccalaureate services will be held next Sunday morning at the school auditorium, with Rev. G. W. Parks of the Baptist Church in charge.

DUNN SCHOOL HONORED WITH CREDIT

When the school supervisor was in Scurry county recently, Supt. W. C. Hooks of Dunn asked for a one-half credit in Advanced Arithmetic. Supt. Hooks has just received a letter from the State Dept. of Education which said:

Upon the recommendation of the supervisor who visited your school 1-2 credit in Advanced Arithmetic will be allowed without the submission of material. This method of accrediting was authorized by the Committee on Classified and Accredited Schools as a recognition of very superior work. The retention of the credit will depend upon two factors: (1) whether the schools maintain the high standards upon which this credit was granted; (2) whether material is retained at the school at all times to enable the supervisor to judge the work.

I wish to congratulate your school upon this evidence of good work. (Signed) A. M. Blackman, Chief Supervisor of High Schools

Congratulations are due Supt. Hooks, the school, faculty and the board of trustees. Dunn High are after 4 1-2 more credits this year which would give them a total of 15 credits.

ATTEND CONFERENCE

Messrs. Joe Caton, J. L. Carrell, Austin Erwin, Ernest Taylor, O. P. Thrane and H. P. Welborn made up a party who attended the meeting of the Texas Farm Bureau Cotton Association at Dallas, Tuesday, as well as the Texas Bankers meeting.

LET'S HOPE SO

Our good friend, Max Elser, Sr., whose boosting activity for Scurry county oil matters has never subsided writes the Times-Signal that he will be here shortly, with a friend who is interested in building a new hotel for Snyder. That's good news, Max, we want to tell you that you and your friend are as welcome as the flowers of spring time. Come right on over, the door is wide open and Snyder is the most logical and finest point in all West Texas for a new and modern hotel.

Baptist Church Engage Pastor Philip McGahey

Former Wilson Head Comes to Snyder to Occupy Local Pulpit

Members of the First Baptist Church are overjoyed at the acceptance of the pastorate here by Rev. Phillip C. McGahey, formerly located at Wilson.

The Lynn County News in speaking of the change last week said: "Rev. Mr. McGahey is a young man in the ministry but he has marked ability and consecration. He has been pastor at Wilson two or three years and has done good work there. His friends here and throughout the South Plains are predicting for him a successful pastorate at Snyder and a place of leadership among the Baptists of all West Texas."

The Times-Signal wants to join in a wholesome welcome to the new pastor, and Mrs. McGahey, and that his pastorate in Snyder may lead him to heights heretofore unattained, and that he may take rank among the highest leaders of the church in West Texas. Mrs. McGahey is likewise a leader in church work.

Rev. McGahey is comparatively a young man, being only 28 years of age. He graduated from Wayland College and Baylor University.

LIONS CLUB RECESS TO SEPTEMBER 1ST

Recess of the weekly luncheon meetings of the Snyder Lions Club was made to Sept. 1st at their final meeting yesterday. Abe Rogers was named temporary secretary.

C. Wedgeworth told of the Board of Directors actions in securing a sounder organization when the fall meetings resume with each member paying \$10 at the first meeting for the privilege of belonging to this service club.

Thanks were passed to the ladies of the First Christian Church for the splendid luncheons that had been prepared and President Warren Dodson, who has made a live-wire chairman. "Mussolini" as he is best known to members, blushing accepted the profiered honors.

Justiceburg Is Struck by Babu Cyclone Tuesday

The worst storm that has ever hit in Garza county struck here about noon Tuesday sweeping over the entire city of Post, in gulfs of sand at terrific speed and on east to Justiceburg where the most damage was done.

The ranch of Mr. and Mrs. Forrest Tuffing was the most unfortunate of any hit, tearing down barns, chicken houses and all out-houses and destroying property in general. Neither Mr. or Mrs. Tuffing were injured but Mr. Tuffing who was at work in the field found refuge from the terrific wind by lying flat on the ground and holding to the plow, after turning the horses loose.

The area just south and east of the Tuffing ranch was also wrecked. Some of the buildings on Judge Boren's ranch and the farm house on the Justice ranch were completely destroyed. Windmills, fences, and other minor destructions were reported over the area. The total loss of property damage has not been estimated.—Post Dispatch.

COUNTRY CLUB HOLD ENJOYABLE BANQUET

Members and guests of the Snyder Golf & Country Club to the number of 125 gathered at the grounds, Thursday night, and held one of the finest and most enjoyable get-together sessions they had ever held, and which had fried chicken as the opening remarks. When Dr. Hicks and his bunch defeated Earl Fish and his buddies, a banquet was to go to the winners, so the Thursday night meeting was the culmination of that tournament.

Pat Bullock in his best "bit and tucker" held the spotlight as toastmaster, told a few good stories and had Dr. W. E. Johnson and W. T. Raybon to help out in the speech-making line. But speeches went flat when the chicken hove into sight with all the trimmings.

MRS. E. E. HOLLEY, 75, INJURED IN CAR MISHAP

HOW FAR HAS SNYDER GOT?

One year ago at the completion of a one week community booster program by Capt. Cyrus Nubbaum the following definite needs of Snyder were described by the speaker:

Hotel. Gymnasium and Community Building. Sanitarium. Permanent Fair Association. Placing Scurry County Chamber of Commerce on a firm, solid basis through taxation.

Reader, ask yourself how many of those five pertinent questions have been answered in the past year. It's high time that the citizenship of Snyder woke up to a full sense of their obligations to their home town city. Petty larceny and clans will not help build Snyder, the small penurious citizen should be given a loud clout where he lives.

Others who were in the car and the extent of their injuries were M. Sheppard, driver, unhurt; Mrs. Sheppard, slight cuts and bruises; Mrs. Roy W. Gilbreth, slight scratches; Wilma Jean Gilbreth, 2-year-old-baby, scratches.

All of the people lived at Snyder with the exception of Mrs. Gilbreth and her baby, who are from Ranger. Sheppard was driving at about 45 miles an hour, he stated, and no other car was near him. He was unused to driving and lost control, however, swaying from one side of the road to the other and finally plunging into the ditch.

Dunn Schools Graduate Ten Friday, May 23

George H. Mahon, District Attorney, Will Give Main Address

Dunn High School will hold their annual commencement exercises, Friday night, May 23rd with ten graduates, five girls and five boys, namely, the Misses Myrtle Casey, Johnnie Ivey, Vernice Hairston, Viola Wood and Estelle Thomas; Messrs. Fred Gary, Bill Hairston, Clifton Thomas, John Nixon and Graham Smith. Hon. George H. Mahon, District Attorney of the 32nd Judicial District will give the principal address at the commencement exercises.

Baccalaureate services will be next Sunday morning at the 11:00 hour, with Rev. W. M. Elliott, Colorado, preaching the sermon with special music by the choir.

Other school details at Dunn brings the annual Junior-Senior banquet, Friday night. The Seventh Grade exercises come May 22nd with J. M. Claunch giving the address.

The board of trustees at Dunn have re-elected all teachers in the schools and are laying their plans for another great year of work.

MOOAR WELL GIVEN SECOND SHOT SAT.

The "J. Wright Mooar well was given a second shot of nitroglycerin, Saturday afternoon, at a 2,160 foot level. Indications now point to another well being spudded in close to the present location, but this information is not official.

ELECTED OFFICER

L. D. Worley, of Snyder, a student at Texas Tech has been named sergeant-at-arms of the Geological group.

ANOTHER HEAVY RAIN

Another heavy rain visited all of Scurry county Monday night, bringing anywhere from one to five inches to every part of the county. Dermott reported five inches with the bridge washed out just north of town, while Ennis Creek reported hail as big as hen eggs. Com Ezell said that.

The Santa Fe tracks near Justiceburg were said to be in bad condition from the big rain there.

When the rain first got under way Monday night, reports from Dermott said there was a squall and to which was a quick rise in creeks and while all of them were running brim-full, no great damage has been reported.

Annual Commencement Exercises Will Be Held Friday, May 23

The end of the 1929-30 school term is directly ahead with the annual Senior play coming Friday night, Baccalaureate address Sunday night by the new Baptist pastor, Rev. Phillip McGahey and Commencement exercises coming Friday night, May 23.

Twenty-seven boys and girls will secure diplomas this year, seventeen girls and ten boys, the list including:

Meva Louise Doak, Dorothy Egerton, Audra Jenkins, Gladys Lewis, Mary Ellen Martin, Agnes Othell Morris, Evelyn Pratt, Lia Bee Periman, Mavis Webb, Opal Evalene Weller, Evelyn Worley, Mildred Nell Harless, Floye Brownfield, Kenneth Loraine Alexander, Enid D. Sears, Lucille Brown and Pauline Boren.

J. W. Greene James E. Parker, Anthem Wade, Ted Pitner, Mardell Winter, Lee Francis York, Travis LaRue, J. T. Jenkins, Maxie C. Chenault and G. L. Huestis.

Snyder schools the past year have made remarkable progress and when the bouquets are passed around, many individuals, many boosters have helped the faculty, teachers, board of trustees and all with whom are connected with our schools, to forge ahead. Let us all ways be of the same mind to keep progress and boosting as our heart's desire and effort. Snyder and Scurry county may well be proud of their schools.

Thirty-four political announcements are now running in the Times-Signal. Indications point to several more being added.

Ten pages in this issue, every one of them packed full of news and advertising.

The Times-Signal goes into the mails every Thursday morning.

Drilling is going ahead in the Murphy well near Ira with prospects looking brighter every day.

Now that smoking by ladies no longer shocks anyone, the girls will not enjoy it half so much.

Abilene Boosts Judge Coombes for Chamber of Commerce President

The Abilene Morning News, edited by Max Bentley and among the leading dailies of the State, strongly endorses Judge C. C. Coombes of Stamford for president of the West Texas Chamber of Commerce, succeeding W. B. Hamilton of Wichita Falls. Election of president and other officers will be an order of business at annual convention set to be convened in Abilene.

Under the caption, "Coombes For President." The News runs the following editorial story:

In recent discussions of the West Texas Chamber of Commerce, The News has heard no man mentioned for the presidency as often as Judge Charles F. Coombes of Stamford.

In fact, the consensus of pre-convention opinion seems to be that Judge Coombes, if he wants the presidency of the big regional body, probably will have no opposition. The great work he has done the past year is recognized in all quarters as making his the outstanding name as the convention draws near. Barely missing election at the El Paso convention last October, he threw his whole-hearted support to the man who was elected, W. B. Hamilton, accepting the first vice-presidency and treasurer's post as well, in consequence of which the W. T. C. C. has obtained the major portion of his time since its re-organization; and not only without remuneration, but at his own expense.

The West Texas chamber once more is in tip-top condition financially. It is emerging from the trying days of its complete regeneration in the hands of the new officers and Mr. Bandoen, the new general manager. The Abilene convention will mark the beginning of its new work, the faring forth on the most ambitious program it has ever undertaken for the West—well fortified in system, men and money.

In that program, men and money are the days when the president of the West Texas Chamber of Commerce is a smiling ornament. His job is cut out for him; he must work. Judge Coombes will fit into a situation of that sort as if made to order for it. He is financially able to give the necessary time to it. He has a complete grasp on the organization's problems, and much of its new set-up bears the imprint

500 Scouts To Camp from 16 W. T. Counties

Buffalo Council With Headquarters at Sweetwater to Send Group

JUNE 16-JULY 1 Snyder Troops Eligible to Attend Camp This Year

Five hundred boys from the Buffalo Trails Council of the Boy Scouts of America, with headquarters at Sweetwater, and coming from 16 West Texas counties, will camp at Camp Connelton on the Concho river near San Angelo from June 16 to July 1.

Further plans on the camp will be worked out at a meeting of scout officials at San Angelo May 20. A. C. Williamson, executive, C. A. Paxton, vice-president, and Dr. P. T. Quast, of Sweetwater, will attend the meeting. Dr. Quast is chairman of the camp committee of the Sweetwater council.

Among the counties which will be represented at the camp session are Andrews, Ector, Fisher, Howard, Kent, Loving, Martin, Midland, Mitchell, Nolan, Reeves, Scurry, Stonewall, Ward and Winkler.

WESTERN PRODUCE CO. HAS NEW MANAGER

Manager Billy Franks who resigned from the Western Produce Co. is visiting at Waurika, Okla., with Mrs. Franks.

M. P. White who has been with the company here has been made manager and J. O. Littlepage will serve as book-keeper.

The Times-Signal congratulates all concerned.

What's one man's exercise may be another's dumb.

South's Cotton Income In DANGER

A Substantial Reduction in Acreage This Year Is the Only Means of Insuring a Good Price This Fall when the Crop Is Gathered.

**TEXAS ALONE LOST \$300,000,000 ON THE RECORD CROP OF 1926!
TEXAS CANNOT AFFORD TO LOSE \$300,000,000 AGAIN THIS YEAR!**

Yet Texas is the key to the cotton situation. It does not matter what the rest of the world may do, Texas can make the cotton farmer rich or poor this year. If Texas plants 18,000,000 acres in cotton this year, the price is likely to be around 10c per pound. If Texas plants 15,000,000 acres in cotton, the price is likely to be around 20 cents per pound.

It is up to Texas farmers whether they get 10c or 20c for Cotton, and it is largely up to the bankers and business men of Texas whether the State is rich or poor when the 1930 crop shall be ginned and sold.

By All Means:-

CUT THIS YEAR'S COTTON ACREAGE

SCURRY COUNTY HAS ALWAYS DONE HER PART IN EVERY WORTHY CAUSE—

Let's Not Fail This Year!

LOCALS

Mrs. S. T. Elza, Mrs. J. A. Farmer and Mrs. A. V. McAdoo and son Jack attended the Passion Play at Abilene, Tuesday afternoon.

Miss Alma Williams, Dallas, and Miss Lea Swope, Colorado, were week end guests of the Misses Eula, Jesyle and Vernelle Stimson.

Mr. and Mrs. W. W. Smith and Mrs. Josie Lemley, and Miss Ina Mae Caswell attended the Monday night performance of the Passion Play at Abilene.

Miss Marilu Rosser left Sunday for a week's visit with her sister, Miss Marion, Baylor student. Before returning home she will visit Miss Elaine Rosser at San Angelo.

Mayor Towle and Sec'y Watt Scott were officially introduced to the Oklahoma City Good Will train by the microphone say-so of Supt. C. Wedgeworth. The visitors gave the boys a real hand.

Mr. and Mrs. Howell Harpole and baby son, David, of Hereford, were guests of home folks over the week end and were accompanied home by the Misses Polly Harpole and Katherine Northcutt, students at W. T. S. T. C., Canyon.

Miss Edith Comstock of San Angelo arrived here yesterday to be the guest of her sister, Mrs. George F. Smith. Miss Comstock is a graduate nurse, and has been working in a San Angelo Hospital. She expects to leave shortly for a visit with her mother and brothers in Ohio.

Everybody gets his fill of camp life—even the tick, the redbug and the mosquito.

Tom McMillan here

Tom McMillan, known to many Scurry county folks was in Snyder, Saturday, saying "howdy" to old friends. At present he is handling West Texas sales for the Texas Syrup Co. who produce Red Barrel Syrup and the company is enjoying fine patronage. Mr. McMillan was the guest of his mother, Mrs. T. D. McMillan, and since leaving Snyder four years ago he has resided at Fort Worth. He stated the family hoped to arrive here for a visit this week.

If you're buying an incubator, get one large enough to hatch all the chicks for home use in 2 or 3 hatches. It takes little more time to care for a large machine than to tend a smaller one and the larger allows for growth of business. Allow about five eggs for each good pullet desired next fall.

Announcing

TEXACO-ETHYL

THE "DRY" ETHYL GASOLINE

The Texas Company announces that now Texaco, the original "dry" gas, is available with the Ethyl compound. It means the linking of two famous names in motor fuels to produce one of the finest premium anti-knock gasolines ever offered the motoring public—Texaco-Ethyl!

The Ethyl compound in itself cannot perform miracles. It's the gasoline base that makes the difference in Ethyls. The better the fuel you begin with, the better the resulting Ethyl Gasoline.

The new and better Texaco, the original "dry" gas that vaporizes instantly, plus Ethyl, equals the last word in automobile fuels. Texaco, the driest of dry gases, permits complete and uniform diffusion of Ethyl through the manifold into the cylinders. It creates higher standards of pick-up, power, speed and mileage for any car, old or new. This new premium grade is now available at Texaco Service Stations to all motorists who desire a superior anti-knock gasoline. Try it today!

An Appreciation of COLONEL WILLIAM E. EASTERWOOD, JR., DALLAS, TEXAS

By Jan Isabelle Fortune, Dallas News

Twenty years ago in an obscure little town in the state of Texas, there lived a man who was destined to make his mark in this world—Col. William E. Easterwood, Jr., known then, as now, to everyone as "Bill"—to the more formal acquaintances as "Col. Bill"—but never as William.

I have forgotten who it was who said that nobody ever nicknamed a person unless they loved them, since nicknames are ever a form of endearment. Col. Easterwood is loved by so many people, not because he is one of the biggest men in the South—not because he has made his name synonymous with the advancement of aviation—not because he heads one of the most famous corporations in the country—but because, first of all, he is a human being. Because he always puts himself second in the scheme of things; because his heart beats with the heart of all the world.

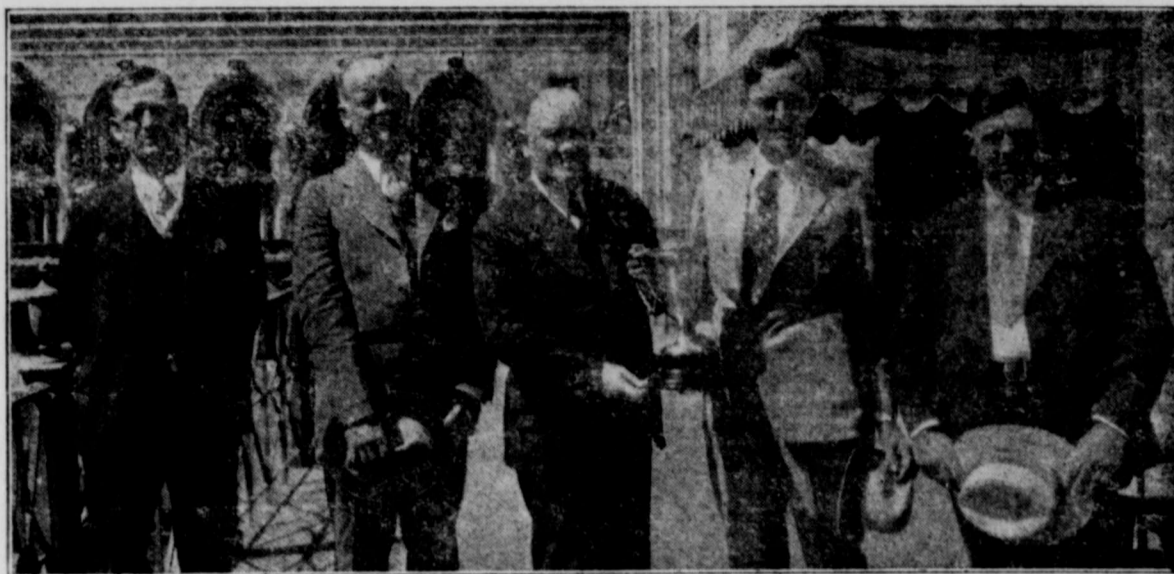

But to get back to Col. Bill's early days, he became a traveling salesman, and his ambition—he has had an ambition all his life—was to be the best traveling salesman this side of the Mason-Dixon line. His eternal good humor, his infectious smile, his bubbling vivacity, soon won him that enviable reputation. He was rated as an A-1 traveling salesman.

In 1923 he came to Dallas and set up in business for himself on the block on Akard Street, now known as Easterwood Block. He became exclusive factory representative for many large eastern firms, and many organizations sought to have him for their representative in the Southwest. Because of the prestige which he had gained through his own efforts in the field, the Listerated Gum Corporation of New York made connections with Col. Easterwood for marketing their products.

It looked like a sure-fire thing—this Listerated Gum business—so in December, 1923, plans were made by Col. Easterwood to discard all other products and market Orbit Listerated Gum exclusively. The Orbit Listerated was at that time owned by the famous Artemus Ward.

In 1924 Col. Easterwood put on an extensive advertising campaign, and as a result, Orbit became the most popular chewing gum on the market—a nationally known product, which made other chewing gum companies sit up and take notice. So much notice, that in 1925 the Wm. Wrigley, Jr., Co., began negotiations and eventually purchased the Orbit Listerated business outright, retaining as the head of their Southern branch the man who made the gum famous—Col. Wm. E. Easterwood, Jr.

Today at forty-four, Col. Easterwood is a self-made millionaire, and his interest in aviation and his sponsorship of epic-making ocean flights have won for him the admiration and friendship of the entire country. He has just posted \$25,000 for another Hong Kong to

Reprint from the Dallas Times Herald, April 18, 1930. ROCKWALL LEGIONAIRES PRESENT CUP TO DALLASITE

In appreciation of his services to the American Legion of Texas, Colonel William E. Easterwood, Jr., was awarded a silver loving cup April 17 by Terry Fisher Post No. 117, American Legion, Rockwall, Texas. Following a luncheon at the Baker Hotel, Colonel Easterwood was presented the cup at his office in the hotel.

Shown in the photo, left to right, are: Henry Zollner, Commander of Rockwall Post; B. F. Halford, Colonel Easterwood, Forest Stephenson and C. M. Curfman.

Dallas flight, and \$25,000 for a Rome to Dallas flight. The Rome flight is to come by way of New York, The Hong Kong, by way of Tokyo, Honolulu and California.

"And if the Rome to Dallas flight falls," said Col. Easterwood, "then I'll post \$25,000 for a Paris to Dallas flight. I am determined to see a foreign ship settling on the runways at Love field. I'll live and die trying to bring this to pass."

Col. Bill served during the World War with the Marines as Captain. He got his colonelcy on the staff of the Governor of Texas, the Governor of New Mexico, Aviation Staff of Old Mexico, and from the Republic of China and Italy. He has loving cups galore; he has honors and titles, he is feted and dined, and often, we regret to state, run after because of his money. But through it all, Bill Easterwood keeps right on being Bill Easterwood.

His heart is always touched at the sight of need and suffering where little children are concerned. He has no children of his own, his only daughter dying when just twelve months old. He feels a personal responsibility for the blind, the poor, the helpless. His list of charities to which he has contributed number almost fifty, and the sums which he has given are beyond computing. Whenever anything is needed badly for the city of Dallas in a civic way, you may count on Bill Easterwood to secure it. He has contributed to hospitals, to clinics, to the Community Chest, to the Educational Week for the Blind, to orphanages, churches, schools, World War Veterans. The list is endless.

Col. Easterwood is solidly back of aviation. He has predicted, and lo, the predictions have miraculous-

ly come true. He says now that eventually we will build planes which will carry 3 to 4 thousand passengers, and capable of a speed of 1,000 miles per hour. It sounds incredible, but then twenty years ago the present situation would have sounded incredible. It probably will come.

Col. Bill has succeeded during the past year, in securing airports or landing ports at one-third of the towns in Texas. In two-thirds of the towns he has been instrumental in having the names printed on roofs, so the aviators may have something by which to guide themselves from the air. He is a big man in his own state—a prophet with honor in his own country.

That's the Bill Easterwood that many people know—the big man. But to me, the nicest memory of this man which I possess, concerns an afternoon in Dallas at a home for forsaken babies—"Hope Cottage." Col. Bill was on his way to Love Field to take Amelia Earhart to lunch, provided she landed there, which she didn't. He stopped off at Hope Cottage to give a \$500.00 donation, and there he found a baby—a little boy just nine days old—who had no legal parents anywhere, and no place to go except to a home such as this.

Col. Easterwood hung over the little crib. He finally got the baby up in his arms. There was something in his eyes that the big business man had never seen. He wanted that baby. So he made his donation \$1,000 instead of \$500 and he walked out of Hope Cottage leaving his namesake behind him—William Easterwood, Jr.

The matron suggested that he order a layette sent out, and Col. Bill acquiesced. But that layette was never sent. Instead it was car-

ried. Col. William E. Easterwood laid aside the routine of his office, and went shopping that afternoon.

Every article for that little baby was purchased by his own hands and through his own selections, Baby boots, woolen socks, soft fuzzy little shirts, nighties, dainty dresses, warm blankets to dress him in. And then Col. Bill journeyed to Hope Cottage and took them in to the little namesake himself.

Ten days later, while Col. Easterwood was attending the American Legion convention in San Antonio, this little baby lost the unequal fight with life, and died. Judge Royall Watkins and myself happened to be with him when the news came, and I have never seen sorrow on any man's face any more keenly than the sorrow which this telegram brought to Bill Easterwood's face. He immediately began preparations for departure on a special train for Dallas.

And the next day when he arrived, he arranged for and attended one of the loveliest little funerals an unknown baby ever had. Col. Bill chose everything—the little white casket, the dress, the flowers, the minister, the burial spot. It was a lovely and beautiful deed, done with the quietness and beauty which should characterize such an action.

There are many people in this country who hear and read much about Col. William Easterwood, Jr., for what he does is always news. But there are hundreds of things which he does, week after week, and year after year, that the general public never knows about. And for this reason, he is truly a great man—this understanding and always sympathetic "Col. Bill."

H. Galt Braxton, publisher of the Kinston (N. C.) Free Press, says:

THAT it is indeed remarkable how little conception the general run of business men have of the importance of advertising. I do not refer, of course, to those who conduct successful business institutions, but the ne'er-do-wells, those who complain most of hard times and slack business. The first thing that seems to come into their minds when they consider a slash in the expense account is to cut off what little advertising appropriation they have been making, or to reduce it. In this connection, it is interesting to analyze the record of many business concerns and see just what is charged to advertising. One gets the impression that it is the custom of some when they have an expense item which they don't know what to do with, to charge it to advertising.

When the country is passing through a period of somewhat depressed business conditions, as it is at the present time, there is a need for wise expenditure of advertising appropriations. I am not at all certain that it is a time to cut the appropriation, but rather do I think the wise and successful business administrator will deem it necessary to maintain the status quo, if not increase the appropriation and hit

harder. I am convinced from observation that those concerns which do not misjudge the value of advertising and continue to give it intelligent thought and planning, have much less to complain about than do those who think "it's no use to advertise at a time like this." Even the non-advertiser himself will admit that his neighbor who is a consistent advertiser in dull as well as rush seasons is doing a better business. But he too often fails to recognize that his neighbor's success is due to the fact that he is letting no grass grow under his feet and his advertising policy is one of the best indices of that.

The merchant who thinks that he can get along without advertising might as well take the count to begin with and make room for his progressive neighbors.

BAPTIST WORKERS CONFERENCE

(Received too late for last week.) The Baptist Workers Monthly Conference of Mitchell-Scurry Association met with the China Grove church Tuesday, May 6th. The general theme of the meeting was "Baptist as a New Testament Church."

Despite the fact that one of the worst sand storms of the year raged all day, yet there was a large crowd present from all over the Association, and all on the program were present.

The devotional was given by D. G. Wells promptly at ten o'clock. At 10:20, Rev. A. D. Leach spoke on "A New Testament Church." Special music was given by Mrs. Floyd Market. The eleven o'clock sermon was preached by Rev. W. H. Howell, pastor at Roscoe.

Following the noon hour, the men met in a Board Meeting and the women held a W. M. U. session. In the absence of the president, Mrs. Woodfin, the vice president, Mrs. Donaldson of Westbrook, presided. Besides the routine business, the apportionment for the New Orleans Bible Institute were accepted by the different societies. A small offering was taken to send periodicals to the Foreign Missionaries. The members were urged to send Mothers Day greetings to the wives of two pioneer ministers in our association; also to remember

the sick at the West Texas Hospital on that day. Following these two sessions there was a joint meeting of men and women. Mrs. Jack Smith talked on "Why a W. M. S. in every Church?" Rev. G. W. Parks of Roscoe spoke on "Why Be a Baptist?" Rev. W. C. Ashford, pastor at Colorado, spoke on "Why Be a Co-operative Baptist?" Fluvanna was chosen as the next place of meeting to be held June 3rd, 1930. The good women of the church served a most bounteous dinner. Mrs. A. L. Whipkey.

VIEWS AND REVIEWS

"What They Say Whether Right or Wrong"

D'Amaso Berenguer, successor to Primo Rivera: "There is no unrest in Spain today and public order is maintained everywhere."

Nancy Astor, member British Parliament: "I sometimes smoke myself, but I am not proud of it."

Charles Curtis, Vice President: "The leaders of yesterday are giving way to those of today, and those of today must give way to those of tomorrow."

H. L. Mencken American critic: "The American language has come on its way like a runaway horse and is now without bit or bridle."

Lord Hewart: "The connection between discharged bankrupts and large cigars is one of those phenomena difficult to explain."

Hugh Walpole, British novelist: "The two great topics of conversation in America today seem to be money and prohibition."

Irene Rich, actress: "There is more beauty and grace in the long gowns and dresses, and flowing skirts that reach the floor add to every woman's dignity."

George Bernard Shaw, British author: "Instead of being killed at 20 miles or so with 16-inch guns our brave sailors in the future will be killed at 10 miles with 8-inch guns."

Johnny Genaro, Chicago gangster, dying was asked if he knew who shot him: "Sure. Two guys that wore pants and hats and coats. Write that down and don't bother me."

Henry Ford, auto maker: "Almost all enduring success comes to people after they are forty."

G. K. Chesterton, British author: "The evolutionist seems to know everything about the missing link except the fact that he is missing."

Bertrand Russell, philosopher: "The married woman attempts to

make culture take the place of work, while her husband attempts to make work take the place of culture."

Bernard Shaw, British author: "As an expert I say the only method of creating sex appeal by clothes."

Francis P. Garvan, president of Chemical Foundation: "Modern chemistry plus aeronautics has made war impossible. It would be foolish for any warship to leave its dock."

Although the rat, mankind's greatest enemy in the animal world, is probably decreasing in numbers, farmers and others with these pests should not let up on preventative measures. New buildings should be made rat-proof. Close all openings through which rats can enter. Remove all shelter for rats. Dispose promptly of all garbage, trash, and waste on which rats feed. Destroy the rats with poison baits or traps. Fumigate rat burrows and hiding places with poisonous gases. A small dog trained to hunt rats will often

keep down their numbers. Note neighborhood sources of rats, enlist community cooperation for their removal, and work for practical rat-control ordinances in cities and towns.

Correct this sentence: "It is a fine proposition, but I haven't got the money, just at this time."

Some folks think it is smart to take a verbal slap at the church; they don't know what it is all about.

Every household Frigidaire is all

PORCELAIN-ON-STEEL inside and outside. It will never rust, nor scratch, nor peel, nor blister. It is beautiful when you buy it—and it stays that way.

this is ONE reason why 3 times as many Frigidaires are now in use as any other make of electric refrigerator

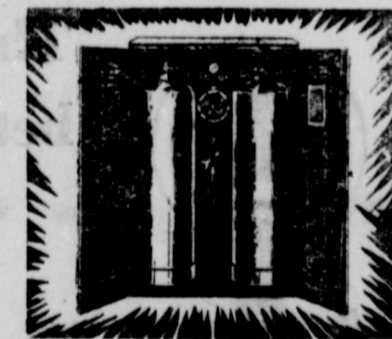

Frigidaire is sold with a definite guarantee, backed by General Motors. And still more important to you as a purchaser is the fact that year after year Frigidaire continues to give satisfaction—long after the guarantee has expired. If service should be required it is rendered instantly and without removing the machine from the premises.

KING & BROWN

ONE man exclaimed during a STARGAS demonstration: "Plenty of steaming hot water always on tap? Why man that means hot water for shaving every morning! Say, that's more than a convenience—that's a necessity." And every man who, time and again, has had to shave with cold water because he didn't have time to heat some water, will certainly agree with that statement. A STARGAS water heater will also give the whole family plenty of running hot water for bathing... plenty for dish washing... for laundering... for any and everything... when and wherever you want it. Running hot water is just

one of the many conveniences that STARGAS brings to your home... no matter where you live! A STARGAS installation means natural gas for cooking, refrigeration, lighting, and ironing. Cooking with STARGAS is a pleasure because you always have an intensely hot flame, instantly. You are never delayed waiting for a burner to get hot enough to cook with. The cleanliness of STARGAS will also appeal to you... no soot, odors, nor fumes. No messy fuel tanks to fill. Mail the coupon today for the complete and interesting story of STARGAS... the safe and economical fuel for everyone who lives beyond the reach of gas mains.

STARGAS Equipment including Range Complete STARGAS equipment, consisting of cabinet, two cylinders of gas, house piping for cooking and STARGAS Range, can be purchased for about \$180.00, depending on the range selected. A small down payment enables you to start cooking with STARGAS at once.

Raskob Hit In Address of Mayfield

Law Enforcement Outstanding Question, Candidate Says in Speech FOR PRISON REFORM

Declares Opposition to Proposed State Highway Bond Issue

WINNSBORO, Tex., May 10—The outstanding question engaging the attention of the people is law enforcement, former United States Senator Earle B. Mayfield declared in an address here today opening his campaign for the Democratic gubernatorial nomination.

Mayfield said that disrespect for law is the quicksand in which the blessings of government perish while respect for the law is the rock on which governments endure. He charged it was common belief among the "higher-ups" that laws were made for the poorer classes and that the rich can violate the statutes with impunity. It is this influence which is undermining the supremacy of the law, he said. Referring to prohibition, Mayfield declared the Volstead and attendant laws were here to stay. He asserted the wheels of progress never turn backwards and pointed out that no amendment to the federal constitution has ever been repealed. Opponents of prohibition offer nothing to take its place and repeal of the Eighteenth Amendment means legalizing the sale and manufacture of intoxicating liquor. Mayfield stated this could not prove satisfactory because government sale of liquor has proven a greater failure than prohibition.

Mayfield scored John Raskob as chairman of the Democratic National committee for contributing money to the Anti-Prohibition association and declared he was as much opposed to Raskob being head of the Democratic party as he was to "any other Republican being in that position." The purpose of the anti-prohibition association is to elect "wet" Republicans over "dry" Democrats, Mayfield said.

Much Wealth Not Taxed

He promised, if elected governor, to use his influence to prevent a repetition of "the fiasco that took place at the Beaumont convention." The speaker asserted that Texas would send a committee to the national convention that would use its influence to unhorse Raskob and vote solidly against the nomination of Governor Al Smith of New York or any other Democrat for president who is in sympathy with the "organized movement" to break down the prohibition laws and repeal the Eighteenth Amendment.

Commenting on the tax problem, Mayfield said that more than one half of the taxable wealth of the state now is escaping burden has been shifted to the farmers, ranchers and small home-owners. Modernization of the tax system that would bring about an equitable distribution of the tax burdens should be effected at once. He declared the present system is inadequate since it permits billions of dollars of corporate wealth to go untaxed and urged that all public utility concerns and other corporations doing a state wide business be placed under the tangible tax law.

Favors Tobacco Tax

He also advocated a tax on the sale of ginger ale, malt extract and kindred products, a tax of one cent on each cigar and each package of cigarettes purchased in Texas and a tax on money, stocks, bonds and credits. Mayfield said that taxes of this kind would produce enough revenue to cut the ad valorem tax down to five or six cents per \$100. Mayfield charged the present prison system was responsible for a large part of the crime wave because it tended to breed and increase crime instead of training prisoners for useful and honorable

lives. He stated the prison system should be constructed on the lands now owned by the state. The failure of the penitentiary system to be self-supporting is due to antiquated methods of management, he claimed.

He also asserted that test wells for oil should be drilled on the Imperial farm since one oil company has produced more than 4,000,000 barrels of oil on an adjoining tract since 1927.

Opposes Highway Bond Issue

Touching on the pardoning power of the governor, Mayfield said it should be used with discretion and should not be abused. He declared he was opposed to the proposed plan of financing a state highway system through the proposed state-wide bond issue and urged the pay as you go plan instead of the one whereby the state would lose \$163,000,000 in interest. He also announced himself as favoring an elective highway commission that would be responsible to the people.

Among other things he urged that land titles be made secure through the establishment of recognized corners and boundaries; recommended that the state interest itself in impounding the water of its rivers for navigation, flood control and power purposes; advocated the preservation of the right of labor to organize and bargain collectively; urged appropriations to make the education system of Texas the best in the United States; favored increased relief for World War veterans and increased appropriations for the Texas National Guard; declared himself as favoring control of chain stores to prevent monopoly; stated the department of agriculture should be raised to a high state of efficiency; declared that a commission should be organized to draft a plan of court reform; asserted that regulation of public utilities should be placed in the hands of the railroad commission; promised improvement in the operation of charitable institutions.

Mayfield also stated that he favored uniform legislation in the cotton growing states as a means of farm relief in the event the federal farm board failed of its objective and stated that if elected he would call a conference of cotton growers, governors and bankers to devise some means of aiding the farmer.

He urged state aid for persons seeking to own their own farms through the establishment of rural credit system, declaring that when farms are owned by the tillers it will bring about better conditions.

LEGAL HOLIDAYS IN TEXAS

The following are legal holidays in Texas:
 January 1—New Year's Day
 February 22—Washington's Birthday
 March 2—Texas Independence Day
 April 21—San Jacinto Day
 May 30—Decoration Day
 June 3—Jefferson Davis' birthday
 July 4—Independence Day
 September 1—Labor Day
 October 12—Columbus Day
 November 4—General Election Day
 November 11—Armistice Day
 November 27—Thanksgiving Day
 December 25—Christmas Day

Ill 12 Years Konjola Wins Real Victory

Stubborn Case Soon Yields to Power of New Medicine—Grateful Lady Eager to Tell Others

MRS. LILLIAN LORANE

"I suffered for twelve years from kidney trouble and nervousness," said Mrs. Lillian Lorane, Mablevale, Ark., near Little Rock. "My kidneys were in a very bad state and I was forced to rise many times each night. This naturally made sleep difficult. My nerves were in very bad condition and this seemed to affect my eye sight. I seemed to have no energy for anything. I tried a great many medicines and treatments but nothing seemed to do me the least bit of good. I finally decided to give Konjola a trial and the benefit which I received from this medicine is almost unbelievable. Konjola built up my health until I am in better condition than I have been in years. My kidneys are normal and I can sleep without interruption. My entire system seemed to respond to this modern medicine and my friends all remark upon the improvement in my appearance."

Konjola has become the most talked of medicine in America because it makes good. Taken after meals over a period of from six to eight weeks, this great medicine has made a remarkable record in the most stubborn cases.

Konjola is sold in Snyder, Texas, at Stinson Drug Co., and by all the best druggists in all towns throughout this entire section. adv.

CATHOLIC LECTURE AT HERMLEIGH

According to the Hermleigh Herald, Rev. Michael Frassrand, C. S. P., of Chicago is giving a series of lectures on Catholicism at Hermleigh this week. The program started last Sunday and subjects for the balance of the week are:
 May 15—Holy Eucharist.
 Friday, May 16—Church Put to Test.
 Sat. May 17—The Judgment.
 A question box will be placed at the convenience of those desiring to know more about the Catholic church with a cordial invitation to all to attend.

Some of the news that you read in the newspapers isn't news; it's propaganda.

"MOTHER"

The following poem on "Mother" was written by Miss Ila Martin of Brady, formerly identified with the Times-Signal:
 Of all God's gifts to His children,
 Is one that I know is the best—
 The gift of a MOTHER is sweetest,
 And needed much more than the rest.

She gives you your life, and forever
 She serves you the best that she can—
 She loves you when you are a baby,
 Admires you when you are a man.

Her love makes her worry through
 measles,
 And whooping cough keeps her
 from sleep—
 She gets out of bed and steals
 softly—
 And all through the night does
 she peep.

She sends you to school fresh and
 happy,
 Each morning she fixes your
 lunch,
 She puts in a nice apple extra,
 The nicest of grapes—a big
 bunch.

At college she waits for your letters,
 She saves that you may attend,
 And finally, when its all over,
 Regrets not the money you spend.

Prepared for a job you go forward—
 Success does not come as you
 planned,
 But MOTHER still watches and
 takes you,
 Right back to her competent
 hand.

You're a man now, and very suc-
 cessful—
 To MOTHER you owe a great
 debt—
 Sometimes you neglect just to call
 her;
 Sometimes you are prone to for-
 get.

Of all life's gifts that you boast of,
 A MOTHER is sweetest of all;
 As long as she lives does she
 serve you,
 And answers you when you may
 call.

Don't ever forget that she loves you,
 And when she is feeble and old,
 Don't neglect her but treasure her
 ever—
 The greatest of gifts that you
 hold.

COLORADO MILK CO. IS ORGANIZED—WILL ERECT PLANT

Mitchell County Farmers and Business Men Subscribe to Stock of \$7,500.00

The Colorado Milk Company, joint stock corporation being formed here to build and operate a milk pasteurization and sales plant, has completed organization, insofar as placing the company's capitalization of \$7,500.00 is concerned, committee directing stock subscription drive reported Thursday. Recently a number of local dairymen formed a tentative organization to build such a plant here. A

committee composed of R. M. Hardison, I. K. Galley and H. T. Hall was appointed to place the capital stock. Hardison stated Thursday that the amount had been sold to thirty-seven farmers and business men of the county.

"The company proposes to build and operate a modern milk plant at Colorado," Hardison stated. "The men entering this corporation propose to afford facilities for handling milk second to none in this section of the state. Nothing but Grade 'A' milk will be offered for sale by the company."
 —Colorado Record.

POLL TAX PAYMENTS

Payments for Scurry county total 2,877 as compared to 3,333 last year.

Other counties in this district include Mitchell with 2,900 against 3,100 last year.
 Nolan county with 3,720 against 3,980 in 1929.
 Kent paid 1,902 for 1930 against 1,165 last year.
 Garza with 1,457 this year and 1,739 last year.
 Dawson with 3,295 against 3,329 in 1929.
 Fisher with 3,120 this year and 3,875 last year.
 Howard with 3,924 in 1930 and 2,803 last year.
 Jones with 4,700 in 1930 and 5,863 last year.

BURIED AT IRA

Bob Wilson, 60, who was injured ten days ago when a mule kicked him in the face, died Tuesday night from the results of the injury. Mr. Wilson, a bachelor, had lived with his brother Jim, 12 miles west of town for many years and had been in Scurry county for more than 30 years.

Funeral services were held for this lovable and noble character, yesterday afternoon at Ira, with burial in the cemetery there. The many friends of this gentleman will join in extending sincerest condolences to the remaining members of the family.

WORK STARTS ON SLATON TO LUBBOCK ROAD

Preliminary work has begun and actual construction started this week on paving the Slaton-Lubbock highway, part of State Highway No. 7. Contract calls for a little more than 15 miles of paving. J. W. Zempster company of Amarillo has the contract. Completion is expected by early fall or perhaps by late

summer. Work is being started out of Slaton, heading toward Lubbock.
 This is the first work on a \$991,000 paving program voted last December by Lubbock county. Other contracts will be let during the next year or two, it is expected. State Highway No. 7 begins at Center, Shelby county, near the eastern line of Texas, and comes westward through Waco, Brownwood, Abilene, Sweetwater, Snyder,

Post, Slaton, Lubbock and to the New Mexico line at Farwell, Texas. It crosses the Bankhead Highway, intersecting it at Abilene and leaving it again at Sweetwater. Highway No. 83 is crossed at Snyder, and No. 9 at Lubbock. This latter road extends northward to Amarillo, and southward to Lamesa, Big Spring, San Angelo, Mason, Fredericksburg and San Antonio, thence to the Gulf.

SKILLFUL CAREFUL

SNYDER TAILORING COMPANY

PHONE 60

"SPRING CLEANING" has grown to be a more and more important phrase, going so far as to serve as the title of a witty drawing room drama by Lonsdale. In truth, Spring Cleaning IS important; even delightful, if negotiated with the assistance of Snyder Tailoring Co., whose methods of handling clothes, rugs, drapes, etc., are remarkably thorough and conducive to long wear.

Back Quit Hurting

"I was in a very weak condition from a serious sickness," writes Mrs. L. Leonard, of 571 Joseph St., New Orleans, La. "I was so weak, I wanted to sleep all the time. I did not have strength to do anything. My back ached nearly all the time. I was just in misery."
 "My mother told me I must arouse myself from the sleepiness, and take something to help get my strength back. She had taken Cardui and had been helped, so I decided to take Cardui, too. After my first bottle, I could see that it was helping me. I took four bottles at this time. My strength came back and I gained weight. Pretty soon, I was my old self again. My back quit hurting, and I haven't had any more trouble since I took Cardui."

TEST OF CONOCO'S GERM-PROCESSED TENACIOUS FILM . . .

. . . Compared with Popular Oils at Pike's Peak . . . Reveals 76.4% Less Motor Wear! . . .

We sincerely believe that this disclosure alone will cause you to begin using CONOCO Germ-Processed Motor Oil . . . such decided reduction in motor wear . . . such triumph over the savage attack of friction and heat . . . such positive supremacy over the oil you have been using, all have a definite appeal to your pocketbook and judgment.

Charts prepared from the Pike's Peak Test records indicate a longer life for your motor by lubricating it with Germ-Processed oil. Too, you will save substantially on your gasoline cost, and in oil expense, by using this oil. And the fact that Germ-Processed oil penetrates metal surfaces means, that after starting your car on a cold morning you can safely drive at top speed with less likelihood of damage . . . for CONOCO'S film is already on the job.

Less Carbon—Less Cost—More Mileage and Less Heating—More Compression. All these things mean a better all-around motor. It is truly unusual for a motor oil to so excel competition as CONOCO did in the Pike's Peak Tests. Tested out on the Pike's Peak Highway, scene of many famous automobile tests, was a memorable struggle for supremacy. . . . On the one side, three of America's representative and popular oils—on the other, Germ-Processed oil. And CONOCO Germ-Processed Motor Oil won, by all tests applied.

Only CONOCO can make Germ-Processed oils. CONOCO can give you these new motor oil merits, including penetrative lubricity. We hope to serve you soon, at stations displaying the Red Triangle.

SEND NOW for the new Free Booklet which describes in detail the story of the Pike's Peak Tests. Illustrated with photographs and charts. Address Continental Oil Company, Ponca City, Okla., or at the station with the Red Triangle.

CONOCO GERM-PROCESSED MOTOR OIL

35c Per Quart for All Grades Except Special Heavy and Extra Heavy

Goodyear can give you greater tire values because Goodyear builds more than 1/4 of all the tires sold in America, the remainder being divided among some fifty manufacturers. "More people ride on Goodyear Tires than on any other kind."

BY NO MEANS "ONE OF THE STANDARD MAKES"

The leading tire companies are sometimes called "the big five"—their tires "the standard makes." We think this is a grand "break" for the other four, but something of a hardship on Goodyear. The fact is, Goodyear builds MILLIONS MORE tires than any other manufacturer. GOODYEAR GAINED THIS WORLD-LEADERSHIP BY BUILDING TIRES THAT ARE EMPHATICALLY AND CONSPICUOUSLY SUPER-STANDARD! More people ride on Goodyears because Goodyears are BETTER tires to ride on! They are PROVABLY superior—SUPER-standard! We will show you WHY before you buy. Low 1930 prices on all types: Will you call—or shall we?

A really STUNNING new tire you ought to see—

New HEAVY DUTY GOODYEAR

It gives you extra-style, extra-endurance; extra mileage, at ordinary heavy-duty prices.

MOTHER'S DAY

Mother's Day in Snyder and Scurry county was accorded the reverence and honor that is due this wonderful day with proper and respectful ceremonies in all the churches. Tributes were paid to our mother's worth and central position in the institution of the family, which is still the basis of our social system.

The home life revolves about the mother. Usually, she is the one who gives tone and direction to its activities. Father, to be sure, contributes his part, but after all it is the mother who creates the atmosphere that gives charm to the home.

To set aside a day in which the family pauses to recognize her accomplishments and her important place is a fine tribute to pay to her. Millions of mothers were reminded of the respect and love of their husbands, and the affection of their children on Mother's Day. Many thousands of sons and daughters who had forgotten to write home for months sent an epistle that cheered and comforted their mothers. The letters, and flowers and boxes of candy gladdened the hearts of many mothers on that day.

But why single out only one day or one week for this purpose, and then express the affection with a gift? Why not speak a helpful and cheerful word whenever opportunity presents itself year in and year out? A wee bit of recognition of this kind, coming in the weeks in which there is no Mother's Day observance, will accomplish much more in making her happy than will the card or token that she receives because Mother's Day reminded a son or daughter of her negligence and forgetfulness.

The spontaneous words of appreciation and love that are spoken when no special occasion prompts them are much more effective and gracious than those which are conveniently uttered on Mother's Day. Mother's Day this year is a good starting place for a continuous appreciation of mother's love and affection. If the sentiments of the celebration this year aroused in all of us a keener desire to show an appreciation every day of the year the observance created a fine attitude toward our mothers, which will make their lives happier and more cheerful for the manifestations of love which we are showing daily.

All who participated in the large number of programs that were arranged this year received inspiration for a better and more constant love for their mothers. The pur-

ABOUT THE VALUE OF MOTOR TRAFFIC

There has been more than usual newspaper comment recently regarding the amount of money expended by the motor traveling public, and for what the money is spent.

This is due to the fact that many highway commissions are avoiding the business districts in routing highway traffic and often build new highways completely around, rather than through any portion of the communities along the route.

Some communities think this plan ruinous to business and loudly voice their protests; others believe that it is sound sense.

In the controversy that has arisen it has been stated that the motor traveling public is of no value to a community—the cash expenditure of motorists is confined to hot dogs, a bottle of pop and an occasional ice cream cone. A pure case of where a "man can appreciate only that which he knows." In this case he neither does not know or it "sours grapes."

The advisability of routing highway traffic away from a town does not enter into this—I take no issue with any highway official—but I will say that the average town, regardless of the fact that they worked hard to get hard roads, does not deserve the traffic, for they have not only failed to take advantage of the business that this traffic has made possible, but have in many cases openly driven the business away from their towns by their unthinking practices and poor business judgment. Every highway is literally "Acres of Diamonds", but like the story those who dwell upon it are blind to it.

Every strange motor car that travels the highways through Snyder has an average potential cash value of \$1.04, not only to Snyder, but to every other town, regardless of size, through which it passes. These cars are to a community the same as pedestrians to a store. Every individual that passes a store has a certain potential value, but the store has to get them inside before they can even expect to sell them; still no merchant would say that those who passed, but only looked in his windows, were of no value to him.

The same is true with motorists—you can't sell them unless you STOP them, and if you stop one out of five, each one stopped is worth average of \$5.20.

One hundred cars stopped a day is equivalent to a factory payroll of \$23,000 per month, and the traffic of the average highway is sufficient to get several times that.

What would Snyder do, what would Snyder give to get a factory with a payroll of twenty, fifty, or one hundred thousand dollars monthly? Several thousand expense accounts of motorists will prove that expenditures cover everything in the mercantile line—directly or indirectly—there is no line of business that does not profit. It is not just the hot dog stand, nor is it the hotels, cafes, garages, and gas stations alone that make money from motor travel.

Any town can get its share of this business if they will start. (Editors Note—Write the Town Doctor if there is any information desired regarding the Value of Motor Traffic. All that is necessary for a reply is to say that you are a reader of the Times-Signal and enclose a 2c stamp. Address your letter to McCormick Bldg, Chicago.)

COUNTY WIDE GRADUATION EXERCISES

Diplomas will be given to 150 graduates at the annual Seventh Grade County-Wide exercises, Friday, May 23rd, and which was reported in full last week. The program starts at 10:00 a. m., at the High School Auditorium. The Texas Outlook want a picture of the graduates this year which is the reason for the day program. County Supt. Bullock is completing arrangements for the picture.

Judge James P. Stinson of Abilene will give the principal address which insures a real program that will bring parents and school boosters to the exercises.

ONE BOOSTER TELLS OF OTHER BOOSTERS

Dear Mr. Editor:

The biggest constructive work that has been done in Scurry county in many years has been the development of chicken farming on a large scale. It is the basis of establishing the industry. A few far-sighted like Giles Garner, Green Hill Hatchery, Mr. Curmutte, Bailey farm near Ira and others have gone into this investing their own funds and their own efforts. People like these are demonstrating that this can be done. The marketing of broilers throughout the year in quantities is their intention.

Petaluma centered on egg production exclusively and because they were close, compact and working together made a success. Scurry county is now building foundation for the broiler business which can be placed on a parity with Petaluma provided the same co-operation of quality and breed the county over in the hands of competent producers will bring this about. With the knowledge gained in past years in the poultry industry there is no reason why this standardization cannot be effected. Promiscuous marketing of varying type and quality cannot gain the end in

sight. The sooner our poultry farmers get together in a big way and act collectively in the development of a mutual program the sooner will profitable results be obtained. It is somewhat strange to me that those of us who should be most interested in this big effort have not awakened to what is actually taking place.

E. J. Anderson.
 Ed. Note: Thanks, Mr. Anderson and we would enjoy hearing from other poultry boosters and projects.

CHILTON HEADS WAR VETERANS

Thomas H. Chilton, district court reporter was elected temporary post commander of the Spanish War Veterans at Sweetwater Saturday night in a meeting of the organization at the Blue Bonnet Hotel. Tom Crutcher was named as temporary adjutant.

Twelve veterans of the war with Spain have signed up to join the chapter, and papers asking for a charter were prepared at the meeting. Permanent officers will be chosen when it is received.

GOOD LUCK, BIG JIM

Football fans in West Texas will learn with regret that "Big Jim" Cantrill, coach of the Colorado high school for five years, has resigned. The Colorado Record says the popular coach will manage a filling station there.

A PLAIN STATEMENT TO THE CITY COUNCIL OF SNYDER & CITIZENS IN GENERAL

It seems to me that the City Council is now trying to explain their views on the franchise situation and with their publicly printed comments I have a legal right to express my personal views after reading their notice to the citizens.

The franchise was sent by City Attorney John E. Sentell to Mr. Painter at Houston, who is Legal Advisor for the Municipal League of which Snyder is a member. Corrections were made, questions were asked, and explanations made and the Council has had this before them for more than one year, and all indications point that they have never favored the franchise but in order to put themselves in the clear so as not to be censured they asked for public opinion. It was my understanding, as well as the public, that if the election favored this that the council would without hesitation, jointly and willingly sign the franchise, but instead they now publicly remark according to the minutes of the council meeting "to defer action on franchise until the Council thoroughly understands the points of the franchise." Their published statement last week regarding also an escrow agreement or good bond that would hold me to some obligations they may require which would cause me to forfeit the franchise in case I could not secure enough customers at the present time to put the plant on a paying basis, therefore in this manner gain their point in getting me out of the utility's way.

The Council HAVE NEVER SAID they would not sign the franchise but WHY COME NOW with additional items which the public was not informed about AND AGAIN why did Mr. J. M. Harris, local attorney for the Utility Company write each councilman and the Mayor a letter asking them to wait until he returned before signing the franchise as he was compelled to leave the city and wished to meet with them and go into the franchise more carefully?

The City of Snyder have their own attorney. Why not ask his opinion? What does this all mean?

I have never seen a city make progress without harmony and co-operation and to do this the officials and Chamber of Commerce must do their part in order to make a success. Have they done this? I have come to the conclusion that I am not going to get this under the present situation and be able to get satisfaction as I have set out in the franchise that the city council will have full power to pass ordinances, as to the location of poles, guy wires, etc., and not having the full co-operation and their good will and feeling as they do at this time, I am of the opinion that they will be inclined to be just a little tight with their privileges. However, I have said and still wish to make myself clear to the citizens of Snyder that I am ready and willing at all times to be 100% with the City Council in their actions in order to make a city that they, themselves, may be proud of. I am satisfied to remain in Snyder and make this my home. I must live somewhere, so why not in Snyder? I know there are cities that will welcome such an opportunity I have offered here to you, so why not Snyder?

"Citizens, Let's Talk Snyder" with a purpose of having faith in your fellow man with whom you are depending on in your daily toils to give fair dealing!

I have explained that I will not in any way bring a burden on any citizen in Snyder by taxation and as my competitors have told you, that should the city take over this plant then taxes would be increased to pay for it. Allow me to say that under the contract in which this plant would be bought and paid for, that the following appears as taken from the Texas Revised Statutes law of 1925, Article No. 1114 which says:

"The holder hereof shall never have the right to demand payment of this obligation out of any funds raised or to be raised by taxation."

Therefore the obligation must be met by the earnings from the plant itself and from no other source so how can a bond or tax be placed on the people? This statement is only made as to whether or not the city of Snyder should ever want to take over the plant and make it municipally operated. We have not tried to sell the city on the idea of having a municipal plant, only added the idea to the franchise to prove our absolute fairness that we are here to help Snyder and its citizenship and if such a large profit could be made from light and power that we would sell to the city. But utility men suddenly appeared in Snyder from two to three weeks ahead of the election and used their every effort and argument that Snyder needed no municipal light and thought with this smoke screen they could gain the popular approval of the people. Even they used an editorial in a local paper but a majority of 113 votes for the franchise proves that the majority of the citizenship were for granting the franchise.

I have often wondered if the City Council would be proud of its actions could I proceed to show what could be done and the greatest wonder of all would be "why" they were not more responsive to the wishes and desires of their constituents, their neighbors and their friends rather than the insistent persuasive request of a foreign corporation.

The power corporation is the most corrupting influence in American politics today. Its muddy footprints lead into the city hall of every city, into every capital of every state, into the halls of Congress and actually into the office of the Chief Executive of the nation.

These same dirty footprints lead into the schools, colleges and universities, also into the editorial columns of the newspapers published in this country. This octopus is reaching out its arms in every direction seeking to enslave not only the cities and states but the entire nation.

One of the chief power magnates of the United States of America recently made the following statement:

"The Power Trust is a myth." Lord have mercy upon us and incline our hearts to keep the law: "Thou shalt not bear false witness." He probably had his fingers crossed when he made this solemn sweeping statement. The greed of this giant power chain for political influence, possession of property, and tribute knows no bounds.

With all our religious and modern business ethics insofar as the power trust is concerned, few changes have been wrought since the day that Uriah was treacherously thrust into the front ranks to be slain in order that the King might embrace the beautiful Bathsheba.

I am asking for fairness from that citizenship of Snyder who have made Snyder what it is today and striving to remove the "hoodwink" which has held us in darkness. Open wide your vision and seek opportunity that is open for you.

I am still open for any criticisms you may have to show that I am unfair to you or the citizens of Snyder.

Very respectfully submitted,

CITIZENS ELECTRIC SERVICE CO.

FLUVANNA NEWS

Mr. Raymond Seale of the First State Bank is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him by sending your news and subscriptions to him.

Church Services

Brother Green, missionary, conducted the services at the Fluvanna Baptist Church Sunday delivering a very fine message.

The Mothers Day Program at the Fluvanna Baptist Church was well attended and a fine program was given. This was a union program and the co-operation and hospitality were shown in the rendering of it.

Visits and Trips

Mrs. Howell of Rotan was visiting relatives here and attended the Mothers Day program.

Mr. and Mrs. Byrd from Goldthwaite were passing through and stopped by visiting with old friends and acquaintances, also attending the Mothers Day program.

Mr. L. L. Seale and family of China Grove were visiting with the writer and wife Saturday evening.

Mr. J. R. Patterson left Monday for the Texas Bankers Association meeting being held at Fort Worth Tuesday, Wednesday and Thursday.

Mr. and Mrs. O. S. Wills and Mrs. J. M. Hunnicutt went to San Angelo last week to the sanitarium where Charley Honeycutt of Ozona, formerly of here, underwent an operation.

Mr. O. A. Sewall and family moved to Post City Monday.

Mrs. Jno. Buchanan and Mrs. E. V. Boynton attended workers conference at China Grove Tuesday.

Mrs. E. O. Stavely went to Lubbock Thursday returning that afternoon with her husband who had been in the Lubbock Sanitarium where he underwent a serious operation on his eye.

Miss Edna Davidson of Tatum, N. Mexico is visiting her aunt, Mrs. B. O. Stavely.

Mr. Jno. Stavely and family visited in Southland Sunday.

Mr. Ted Melton went to Slaton Monday.

Virgil Hale moved Monday to the W. J. Beaver farm.

Miss Vernay Boynton spent the week end with her parents.

Miscellaneous

I believe that Fluvanna has at last got WET for Monday night almost everything was covered with water. The amount of rain has not been determined as all gauges were blown over due to high wind and so we do not have the measurement, but it was equally as large a rain as we have received up to the present time. That brings the rain here well up around six or eight inches or more of rain. All the lakes are full, and if the ducks will only come around we will enjoy some duck hunting. The good rains are much more welcome than the sand and storms as we had last Tuesday which did considerable damage to sheds, barns, houses and chicken houses. This was rather an unusual and unexpected event, and it was very easy to distinguish from our regular old-time sand storm. And we hope that we will not be witnesses of another such event.

Considerable damage was also done Monday night during the rain storm. Some few report the barns and sheds blown and washed down and windmills torn up. It seems that this is a stormy year, and people should be on the watch for we might be visited with a tornado before the storm period is over.

Reports received this morning are that north of town and at Jus-

A chartered training school for nurses is conducted in connection with the sanitarium.

Wright will deliver the message. A special choir will have charge of the music.

High School Graduation

The High School Graduation exercises will be held on Thursday night of the 22nd. The speaker for the occasion has not been arranged for as yet.

Grammar School Exercises

The Grammar School exercises will be held Friday night of the 23rd. Prof. J. M. Claunch of the Snyder Grammar School will deliver the address.

Dramatic Club Play

Then last but not least will be the Dramatic Club play which will be given on the night of the 24th. The play will be "A Prairie Rose," in three acts. Mrs. E. V. Boynton will have charge of the production and she says that a splendid cast has been selected. Miss Vera Stavely will have the leading role in playing "Prairie Rose." She is great so don't miss seeing her in this great production.

Senior Exams
The senior exams are being held this week and the honor students will be announced some time this week. There are only eight in the senior class this year, namely: Matty Lynn Beaver, Charley Bley, Ruby Bley, Pearl Taylor, Pauline Haynes, Mae Belle Tucker, LaVerne Farquhar and Jesse Lemons.

Junior-Senior Banquet

The Senior class was the guest of the Juniors last Saturday night at one of the prettiest banquets of the year. About forty guests attended the affair which was enjoyed by the Seniors, the Juniors faculty, board of education and several honor guests.

A splendid program was arranged consisting of readings, music, etc. Miss Turner will be remembered for her Butting Billy Goat. Mrs. R. A. Jones added plenty of pep to the program presiding at the piano.

The main speakers for the occasion were Mr. Wedgeworth, Mr. H. D. Sneed and Supt. A. A. Bullock. Mr. Bullock brought the main address.

Mr. S. T. Matherly was the splendid toastmaster for the occasion.

Senior Play

The annual Senior play will be staged next Saturday night at the High School auditorium. The Seniors say that it is going to be the best yet so you can't afford to miss it. This will be the first program to be staged in the new auditorium. "Take My Advice" is the name of the production with Jesse Lemons taking the leading role. We won't tell you about it too much, so be there and find out about it for yourself.

Sermon Sunday

The baccalaureate services will be held next Sunday morning at the High School auditorium beginning at eleven o'clock. The Rev. Cal C.

NOTICE TO RANCHERS

TEACHERS! PARENTS!

Rumors are being circulated that DUBBLE BUBBLE Chewing Gum is harmful and injurious. These stories are utterly ridiculous and untrue.

DUBBLE BUBBLE contains pure cane sugar, corn syrup, natural gums (treesap), finest of flavor and vegetable color—nothing more. Everything in it is good for children and the best that money can buy.

TO YOU, THE ADVISORS OF CHILDREN vitally interested in their health and welfare, we pledge that DUBBLE BUBBLE always has been, and always will be, pure and wholesome. DUBBLE BUBBLE is made in compliance with Federal Pure Food Laws in a sanitary, daylight factory and is machine-wrapped for cleanliness.

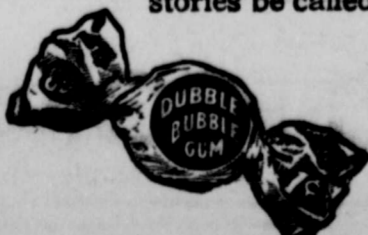

We agree with teachers and parents that chewing gum should not be used in the classroom. We do hope, however, that teachers in enforcing class discipline will not forbid children to use DUBBLE BUBBLE outside of the school, and that they will not, by inference or otherwise, seek to frighten children by giving further circulation to "poison stories" which are so obviously untrue, and which were originated solely for the purpose of injuring the sale of this popular product.

No other chewing gum has become so popular in so short a time. Such popularity must be deserved. DUBBLE BUBBLE is the kind of chewing gum the children really like.

As responsible manufacturers for more than 15 years, jealous of our good reputation, and making a pure product that is sold internationally as well as nationally, we resent the circulation of tales and rumors that DUBBLE BUBBLE GUM is harmful or injurious in any way.

We rely upon YOUR sense of fair play to assist us in refuting this "Poison Propaganda," should any of these stories be called to your attention.

THE FRANK H. FLEER CORP.
PHILADELPHIA

Response, Cleve R. Austin, Lamesa.

Appointment of committee

Lunch, fried chicken dinner to all visitors through the courtesy of the Tahoka Chamber of Commerce.

Afternoon session.

Address "What the Public expects of the Postal Employees," W. C. Rylander, Lubbock. Address, What the Postal Employees Expect of the Public," W. E. Suddarth, Tahoka. Address, W. L. Fletcher, Hamlin, Secretary-Treasurer of the Texas Rural Letter Carriers Association. Address, J. D. Dyer, Post.

Four Minute talks on the subject "My Responsibility as a Postal Employee," by a postmaster, by a clerk, by a city carrier, and by a rural carrier.

TERRACING AND CROP ROTATION MAKES PROFITS

By terracing and following a definite system of crop rotation, D. P. Smith, Mitchell county farmer, has made a 40-acre field produce as much in one year as it formerly did in two.

Until six years ago the land had been planted to cotton and never had made over 10 bales. Six years ago it was terraced and the next year it made 18 bales due to the fact that the moisture was conserved.

The next year it was planted in milo with cowpeas in every other row. The following year it made 20 bales of cotton. The next year it was in feed and peas again and in South Plains towns.

Three hundred or more postal workers are expected to attend the meeting, John L. Vaughn, Lubbock postmaster, and president of the organization estimates.

The organization is composed of all the postal workers, including postmasters, clerks, supervisors, rural carriers, and city carriers in the Eighteenth Congressional district.

In addition to President Vaughn, Cleve R. Austin of Lamesa, secretary and Foster Carroll, Slaton, vice president of the South Plains Organization were present at the meeting. Others present included G. H. Shirley, Floydada; John R. Green, Lubbock; W. C. Foote, Petersburg; M. L. Garrett, Littlefield; B. A. Cantrell, Lubbock; W. E. Suddarth, Tahoka; and W. L. Underwood, Post.

The program follows: The meeting is to be called to order by L. N. Nichols of O'Donnell. Song by audience, America. Invocation by Rev. R. T. Breedlove, Tahoka.

Welcome Address, E. I. Hill, editor of Lynn County News, Tahoka.

As a young man the late Dr. R. V. Pierce, practiced medicine in Pennsylvania and was known far and near for his great success in alleviating disease. Finally he moved to Buffalo, N. Y., and put up in ready-to-use form, his GOLDEN MEDICAL DISCOVERY, the well-known tonic for the blood.

This strength builder is made from a formula which Dr. Pierce found most effective when in private practice. It aids digestion, acts as a tonic and enriches the blood—clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. All druggists. Tablets or liquid.

5 1/2 %
LONG TIME LOANS
SNYDER NATIONAL FARM LOAN ASS'N
Hugh Boren, Sec.
5 1/2 %

1929 it again made 20 bales.

In six years the land made 88 bales of cotton and three good feed crops.

NEW HUMBLE STATION OPENED FOR CO. WORK

WHOLESALE STATION
OPENS WITH W. E. OTEY
AS MANAGER

75 Millions

Company One of Greatest
Operating in State and
Employs 10,500 Men

Ed. Note:—The announcement of the new Humble Oil and Refining Company bulk station for Snyder with W. E. Otey as manager brings one of the greatest operating organizations to this city that is now doing a national business. The new bulk station located near the E. S. & P. tracks, close to the Lambeth-Ely Gin Co. is one of the finest to be placed here. The Times-Signal in line with its progressive program of assisting in the building and onward activity asked the advertising representatives of the Humble company for a story which comes from Mr. M. Burvant of the Chambers Advertising Agency, New Orleans. Mr. Burvant says:

Motorists, noting the large truck trains of the Humble Oil and Refining Company along the highways, their up-to-date filling stations and bulk distributing stations, and those who have seen their modern refineries, would probably be surprised to know that this company was, not many years ago, a very small one. The men who are responsible for the beginning of this great institution have practically all of them been with it since the beginning, and are among the pioneers of every phase of the oil industry in the state of Texas. Each of these executives has had years of experience either with a small company of his own, which was later merged with the Humble Oil & Refining Company, or with some of the large oil companies of the world.

In the beginning, the company was known as the Humble Oil Company and was quite limited in the scope of its operation, most of its activities being confined to the territory around Houston. Upon the organization of the Humble Oil & Refining Company, the institution became not only statewide in its operation, but extended to Oklahoma, Arkansas and Louisiana.

The Humble Oil & Refining Company was incorporated in Texas, 1917, with original capital stock of \$4,000,000. Its capital stock is now \$75,000,000. Production has been doubled, tripled and quadrupled, and is now counted in the millions instead of the thousands.

In Texas alone, not to mention Arkansas, Louisiana, and Oklahoma, it has over one million acres under lease and over 1500 wells producing and drilling. Mile upon mile of pipe line carry the oil, and also a great amount of oil produced by others, to its seven refineries

over the state and to tide-water for shipment to the far corners of the earth. These stupendous operations give employment to many people.

In 1917, the Humble pay roll was \$547,902; today, the employees in Texas number 10,500 and the payroll exceeds \$1,000,000 monthly. In addition to this, 3000 more engaged in contract work depend upon the Humble Oil & Refining Company for a livelihood. In addition to payrolls, bonuses, and rentals for leases held by the Humble Oil & Refining Company have tided the farmers of the state over many lean periods, and millions of dollars yearly have been paid out to Texas citizens through royalties, materials and supply purchases, and other sources connected with the production, transportation, refining and marketing of crude oil and its products.

Before 1919, the Humble pipe line facilities were extremely limited, consisting of a 4-inch line from the Burkburnett field to a loading rack in Iowa Park, on the Fort Worth & Denver Railway, a distance of about seven miles from the field; and a small gathering system at Goose Creek, where this production was gathered and loaded aboard tank cars and barges. About this time, new fields were brought in at West Columbia and at Ranger calling for increased pipe line facilities and the Humble Pipe Line Company was then organized and chartered in the state of Texas as a subsidiary of the Humble Oil & Refining Company, with a capitalization of \$12,000; all of which stock was owned by the Humble Oil & Refining Company.

Since 1919 the Humble Oil & Refining Company has been among the pioneers of practically every worth while field in the state of Texas and in Louisiana, Arkansas and Oklahoma, and it has become necessary to extend its gathering system in many directions. To provide additional funds for this development, the capital stock of the Humble Pipe Line Company was increased in 1928 from \$12,000 to \$50,000 and its pipe line facilities now stretch from the giant tank farm at Webster, below Houston, to Hull, West Columbia, Pierce Junction, Goose Creek, Liberty, and other coastal fields; to Central Texas, serving the Ranger fields and other adjacent territories of northern Texas gathering the oil produced in Archer, Wichita, Willbarger, and Young counties; to Grosbeck for the crudes from Mexico, Currie, Richland, Powell and Wortham fields, and there is still another line from the West Texas fields down through San Antonio to tide-water near Corpus Christi.

The Humble Oil & Refining Company has been an important factor in the development of the economic history of Texas. Much of the oil produced in the state could not be satisfactorily marketed if it were not for the gathering system of this great institution. Large and small producers alike have bene-

fitted and, in addition, the opening of new fields has been made possible, thus bringing prosperity within the reach of all.

During 1928 oil transported by pipe line and tank cars to tide-water has made entirely the cargoes of 550 large tankers that have moved from the docks of the Humble Oil & Refining Company at Baytown and Texas City to the far corners of the world. A great proportion of the exports from the new port of Corpus Christi is made up by the Humble Oil & Refining Company.

While the Humble Oil & Refining Company is very well-known throughout the state of Texas for its activities in production, pipe lines, and through its extensive geological department to which great credit is due for the company's success in drilling, still most Texans know the company better from its products which are manufactured at Baytown, on the ship channel below Houston, and at its several other refineries located at Ingleside, near Corpus Christi, at San Antonio, at McCamey, at West Texas, at Breckenridge, at Chilton near Waco, and at Neches between Palestine and Jacksonville. These products are sold to motorists in Texas under the names of Humble Flashlike Gasoline, Humble Flashlike Ethyl Gasoline and Humble and Velvet Motor Oils and Greases. They provide fuel for, and lubricate motors of all descriptions, from the internal combustion motor in your automobile motor boat, or airplane, to the steam plants in sawmills, ice factories, electric light plants, cotton gins, and factories of every description entering into every phase of personal and business life in the state of Texas.

The Pyron Singing Class recently presented \$38.00 as a donation to the Pyron Cemetery Fund which will be used in putting up a windmill in the cemetery.

Census Figures Showing Gains All Over Texas

Snyder Official Figures Are
Not Given Out As
Yet

The Times-Signal tried to get information from Dr. I. E. Barr, Lubbock, Monday, as to the official census figures for this city and county. He stated that he expected to have the preliminary report for Snyder into the mails within the next few days, which would bring this information to us least by today if the population figures for Snyder and Scurry county do not appear to be as large as we think they should, the time to make a "howl" is right now and not until the figures are sent into Washington. If you who read this know of anyone in either Snyder, or any part of Scurry county or towns who have not been enumerated, please send or bring that information direct to the Times-Signal office and at once.

Census returns from many points of Texas indicate a growth that is outstanding. Dallas has a population of 290,397, which by including two outlying suburbs, University Park and Dallas Heights brings the total to 272,399. San Antonio and Houston both claim more. Lubbock has had a tremendous growth and at present is right in the midst of an advertising campaign that is selling their real estate and they are growing substantially as well.

Snyder needs some of the same kind of dynamite to stay in the procession, less heckling, less personal grievances and an open mind to do the things that are right. If one fellow does not agree with what you think it should be, the square-shooting man or woman cannot hate you for having a mind to think with, yourself. Open mindedness, whether for civic or

for business enterprise is what we need and plenty of it.

Getting back to the census matter, the following list of towns may indicate just how fast Texas is growing:

Dallas	260,397
El Paso	101,975
Waco	52,825
Austin	51,435
Amarillo	43,107
Arlene	23,129

Roscoe	1,350
O'Donnell	984

DAWSON PLANS THIRD HIGHWAY BOND ELECTION

Undaunted by two previous defeats in road bond elections, sup-

way program are preparing to wage another campaign to vote bonds to hardsurface the roads of Dawson county.

At the last election, held this spring, the bonds lost by 144 votes of having the necessary two-thirds majority.

Just now, many of those who have led the fight, are quietly preparing to start another campaign to vote bonds. The vote may be called late in the summer.

One of the important highways in the county and one which it is expected will aid greatly in changing sentiment to in favor of a hard surfaced program is the Dal Paso-Carlbad highway. This road is now being used widely by tourists bound for the caverns of Carlbad and for El Paso and Old Mexico.

North and south is Federal Highway 385 connecting with Lubbock on the north and Big Spring on the south. The Brownfield-Slaton road is another important artery of travel.

Your Friend
as well as ours

YES, the electric meter with the round face is a pretty square fellow after all.

He plays no favorites. He's on your premises to protect your interest every bit as much as ours.

Look on Mr. Meter as a true indicator of this vast electrical system ready to leap into action at any time to give an honest day's work for an honest day's pay.

"Your Electric Servant"

TEXAS ELECTRIC
SERVICE COMPANY

AND VELVET MOTOR OILS ARE NOW AVAILABLE IN SNYDER

Establishment of new Humble bulk station brings popular motor products to this district

The door to new motoring satisfaction has been opened for automobile drivers in this town and the surrounding territory. With the establishment of a Humble bulk station here, Flashlike Gasoline, Ethyl Flashlike Gasoline, Velvet Motor Oils and Greases will soon be available to the public at conveniently located filling stations throughout this entire district.

These products, made with painstaking care in big, modern refineries, are scientifically designed to give you a new degree of power, service, and economy in the operation of your car. Whether your motor is old or new—a four, six, or eight—Humble Products will fill its need in a way that will be a revelation to you.

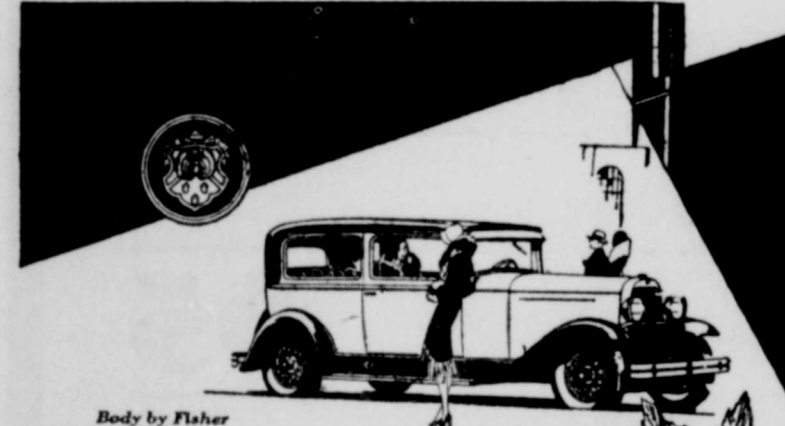

Drive up to the first station you see which displays the Humble Sign and have your car serviced with Humble Products

Enjoy the thrill of flashlike motoring! Get better and longer service from your car. When you are in a hurry—every minute counts. You want your motor to start instantly—to pick up eagerly—to take you swiftly.

With Flashlike Gasoline in your tank, press the starter. The low boiling point of this highly refined gasoline affords quick vaporization. The spark flashes the motor immediately into action. With a turn or two of the crankshaft, full power is developed. Gears are shifted and away you go!

Then you enjoy a real pleasure—the thrill of "flashlike" motoring! Power such as you never thought possible! New smoothness and flexibility. Always clean burning—with less crank-case dilution, more mileage, longer service from your oil!

With Flashlike Gasoline, use Velvet Motor Oil. It has the body and easy flowing qualities to protect bearings at all driving speeds and temperatures. Its efficient piston seal holds compression and adds to the motor's power.

APPROVED
by the
PUBLIC

Thousands everywhere have seen and approved the finer Oldsmobile. They have examined its new features of style, comfort, and convenience. They have tested it and found additional sources of motoring satisfaction. They have heartily endorsed these advancements . . . and the way they have been added without changing proved fundamentals. Come and see this Oldsmobile. Learn why thousands are finding it better than ever—and saying so.

PIANO RECITAL

A large and attentive audience greeted the piano pupils of Mrs. A. C. Preull, Saturday night, at the High School auditorium.

Those who appeared on the printed program included: Brent Anderson, Dodson Smith, Gwendolyn Gray, Sadie Estelle Jenkins, Margaret Deakins, Virginia Yoder, Imo Morton, Ruth Wright, Frances Northcutt, La Frances Hamilton, Acie Dell Morton, Louetta Byrd, Ruth Yoder, Mrs. Melvin Blackard and Mrs. Fritz R. Smith.

The numbers were highly enjoyed and applause added zest to the many bright spots on the program.

MOTHER'S DAY LUNCHEON AT TURNER SCHOOL

On Thursday, May 7, the Home Economics girls of the Turner school gave a luncheon in honor of their mothers.

The neat little dining room was decorated in white and pink colors, with pink and white carnations on the table.

The menu consisted of cherry orange basket cocktail, tuna fish rosettas, Potato a la peas, green cut beans in patty shells, olives, clover leaf bread, cheese wafers, perfection salad, iced tea, Peaches with whipped cream and Angel food cake were served as dessert.

The following ladies were guests at the luncheon: Mrs. J. C. Williamson, Mrs. Dalton Hughes, Mrs. Taylor, Mrs. L. M. Irion, Mrs. A. P. Smith and Mrs. W. B. Bates.

This luncheon finished up the main luncheons of the class for the year. The class final service will be an ice cream supper given in honor of one of the girl's birthday.

Both Manual Training and Home Economics classes have made wonderful strides along the lines that they have followed. The classes are looking forward to a wonderful time in the work next year. There will be an elementary and advanced class in each of the departments next year.

Ed. Note—The Times-Signal is indebted to Principal Mell Thompson of the Turner schools, and thanks are extended for getting this fine news item to the paper.

MRS. THRANE HOSTESS TO SINE CURA CLUB

Members and guests of the Sine Cura Club enjoyed an interesting session of bridge on Tuesday afternoon, at the home of Mrs. O. P. Thrane.

Vases of pink and white roses were nicely arranged in the entertaining rooms, where four tables were in play.

Mrs. R. H. Curmutte won high score prize, while Mrs. J. M. Harris was the winner of second high.

A delicious two course luncheon was served to Mmes. R. H. Curmutte, G. A. Hagan, W. R. Johnson, J. M. Harris, Ernest Taylor, Wayne Boren, Albert Norred, H. G. Towle and Geo. F. Smith, members, and Mmes. W. D. Beggs, Joe Stinson, Hugh Boren, C. H. Cooper, Ivan Dodson, and Miss Neoma Strayhorn, guests.

DANCE RECITAL

Pupils of Miss Marilu Rosser gave a dance recital at the High School auditorium, Friday night, that was

ALTRUIAN DAUGHTERS

Miss Martha Gray was a charming hostess to the Junior Altruists Monday evening, at the home of Mrs. W. W. Hamilton.

Their program was as follows: Business session: Lesson—"Crossing the Plains".

Roll Call—"What We Owe These Adventurous Folks."

Reading, "Harvest and Seed," John Greenleaf Whittier—Miss Ola Lee Cauble.

"Life in the 'Covered Wagon'", Emerson Hough—Miss Eloise Scott.

"Life of Mark Twain"—Miss Mabel Isaacs.

Report of Federation Meeting—Miss Martha Gray.

Sandwiches, frozen salad and tea were served to the Misses Eleanor German, Brent Anderson, Vera Nell Grantham, Inez Caskey, Mabel Isaacs, Ola Lee Cauble, Eloise Scott and La Frances Hamilton, and Mmes. Joe Caton, J. D. Scott, and W. W. Hamilton.

CLASS MEET

The Faithful Followers met for a business meeting in the home of Eva Nelle Arnold Wednesday, May 7th, at 4:00 p. m. The house was called to order by the president, Alta Bowers. Prayer by Mrs. Ollie Bruton. After business transaction, the house adjourned. The following members enjoyed a pleasant social hour: Mary Nell Morton, Vernelle Bradbury, Louise Willsford, Mae Beth Smith, Alta Bowers, Ernestine Taylor, Estelle Roe, Nadine Sumruid, Mavis Shuler and Mrs. Bruton.

BIRTHDAY DINNER PARTY

Mrs. J. T. Whitmore was hostess at a lovely birthday dinner party, at her home, Tuesday, honoring her father, W. H. Hale, of Colorado, the occasion being his seventy-eighth birthday.

The house was beautifully decorated with spring flowers with roses predominating, and in the dining room, flower decorations and table appointments carried out a general color scheme of pink and white.

The large dining table was centered with a birthday cake bearing seventy-eight candles, and a bountiful feast was served in family style.

Those enjoying this family party were Mr. and Mrs. W. H. Hale, Mr. and Mrs. J. C. Hale and family, Mr. and Mrs. J. E. Hale and family, all of Colorado, and Mr. and Mrs. J. D. Whitmore and Dr. J. T. Whitmore.

ART GUILD

The Misses Blanche and Gladys Mitchell and Mae McClinton jointly entertained the Art Guild, Tuesday, at the home of the Misses Mitchell.

Program given as follows:
Roll Call—A Texas Artist and His Work.

Early Christian Art—Byzantine Mosaics, Miss Eula Stimson.

Early Italian Art—Miss Blanche Mitchell.

"Art of the Renaissance"—De Viriel, Michael Angelo, Raphael, Titian—Miss Mae McClinton.

"American Painters"—Loyce Clark.

Members present were Mmes. Joe Caton, C. R. Buchanan, and the Misses Loyce Clark, Eula and Jessie Stimson, Mae McClinton, Blanche and Gladys Mitchell, Mattie Ross Cunningham and Alma Nell Morris and guests were Mrs. Mitchell and Miss Maude Roper.

MRS. LEWIS BLACKARD HOSTESS TO SAN SOUCL

San Soucl Club members and guests enjoyed an interesting session of bridge on Friday evening, with Mrs. Lewis Blackard as hostess.

High score prize winners were Miss Hattie Herm, member, and Mrs. Geo. Oldham, guest.

A delicious ice course was served to Mmes. Forest Sears, Melvin Blackard, Dan Gibson, Wayne Boren, Albert Norred, and the Misses Hattie Herm, Neoma Strayhorn, Blanche Mitchell, Mrs. Eva Nelson, members, and Mmes. Tate Lockhart, G. B. Clark, Jr., M. Brownefield, Wayne Williams, Ixon Joyce, Amos Joyce, Alfred McGlaun, Geo. Oldham, Clyde Shull, and Miss Gladys Mitchell, guests.

GRANDMOTHERS HONORED BY TWENTIETH CENTURY

The annual Grandmothers Party given by the Twentieth Century Club, was held Tuesday afternoon at the home of Mrs. Joe Strayhorn.

The following program was given, with Mrs. C. E. Fish as leader:
Roll Call—"The Bible Character I Love Best."

Hymn—"I Love to Tell the Story"

A Word of Welcome—Mrs. Joe Strayhorn.

Talk: "Why Old Hymns Should Be Preserved"—Mrs. O. S. Williamson.

Talk: "Being a Grandmother"—Mrs. J. W. McCoach.

Piano solo—Miss Frances Chenault.

Reading: "Papa Kissed the Cook"—Miss Cyrella Fish.

Poem: "Oh Mother," by Grace Nell Crowell—Mrs. J. Nelson Dunn.

A lovely bouquet of carnations was presented to Mrs. E. J. King, the oldest grandmother present.

Beautiful pink rose buds were used as favors, and refreshments of angel food cake and brick ice cream were served to forty-five grand-

mothers and sixteen club members present.

This annual party at the Strayhorn home is looked forward to with keen anticipation and interest by the older generation and the Twentieth Century Club ladies are due much credit for this real hospitality.

MISS BOONE HOSTESS

Miss Sally Evelyn Boone entertained a group of friends Tuesday evening at her home at Camp Springs.

Guests met at the home of Mr. and Mrs. Ralph Hicks, and drove to the home of Miss Boone at Camp Springs where several games of forty-two were enjoyed, and a lovely picnic lunch was served.

Those present were Mr. and Mrs. Ralph Hicks, Mr. and Mrs. J. M. Claunch, Miss Elva Lemons, Mr. and Mrs. Fred Boone, Mule Shoe, Mr. and Mrs. J. D. Boone and Miss Maggie Boone of Camp Springs.

MRS. CAUBLE HOSTESS TO EL FELIZ CLUB

Mrs. W. H. Cauble was hostess to El Feliz Club members and guests on Friday afternoon.

The usual play of forty-two was enjoyed, and refreshments were served to Mmes. H. G. Towle, Hugh Boren, H. J. Brice, R. S. Snow, T. L. Lollar, Geo. Northcutt, Wade Winston, J. C. Dorward, C. W. Harless, A. J. Cody, Gertie Smith, R. L. Gray, A. E. Wiese, G. A. Hagan, members.

Guests were Mmes. Joe Monroe, Hugh Taylor, Sidney Johnson, B. M. West, Earl Henry, Warren Dodson, L. E. Trigg, Dora Cunningham, W. J. Ely, P. C. Chenault, C. W. Hutchinson, Dick Randalls, W. B. Stanfield.

The next meeting of the club will be with Mrs. A. J. Cody on May 23.

Members of Local Business And Professional Women's Club Will Attend State Meeting in Valley

Great enthusiasm is being evidenced by members of the Business and Professional Women's club who are planning for a large delegation to attend the state convention of Business and Professional Women's clubs in Harlingen, June 19, 20 and 21, according to Mrs. Blanche Fulgham, president of the Valley Federation.

Among the national officers who will be in attendance at the convention is Miss Mary McClench of Ann Arbor, Mich., president of the National Business and Professional Women's club which is composed of all the clubs throughout the United States. Miss McClench will address the convention.

Miss Daisy H. Leake, of Temple, second vice-president of the Na-

tional Federation, the only officer of the national organization from Texas will also be given a featured place on the program.

State officers include Miss Mary Jane Higgins, Fort Worth, president; Miss Julia O'Brien, Brownsville, first vice-president; Miss Mary O. Lilyerstrom, Beaumont, recording secretary; Miss Rhoda Murray, Fort Worth, corresponding secretary; and Miss Anna Stallworth, Cameron, treasurer.

The nine Business and Professional Women's clubs in the Lower Rio Grande Valley are joining together to act as hostesses to the convention, according to Mrs. Fulgham.

These nine clubs, each run as a separate organization, have a Valley Federation so that they meet together quarterly. It is this federation which will entertain the state convention, the nine clubs with a membership of 130 representing a population of over 200,000 people of the Lower Valley section which covers an area about sixty miles long and about thirty miles wide.

MOTHERS AND SIXTEEN CLUB MEMBERS PRESENT

This annual party at the Strayhorn home is looked forward to with keen anticipation and interest by the older generation and the Twentieth Century Club ladies are due much credit for this real hospitality.

MISS BOONE HOSTESS

Miss Sally Evelyn Boone entertained a group of friends Tuesday evening at her home at Camp Springs.

Guests met at the home of Mr. and Mrs. Ralph Hicks, and drove to the home of Miss Boone at Camp Springs where several games of forty-two were enjoyed, and a lovely picnic lunch was served.

Those present were Mr. and Mrs. Ralph Hicks, Mr. and Mrs. J. M. Claunch, Miss Elva Lemons, Mr. and Mrs. Fred Boone, Mule Shoe, Mr. and Mrs. J. D. Boone and Miss Maggie Boone of Camp Springs.

MRS. CAUBLE HOSTESS TO EL FELIZ CLUB

Mrs. W. H. Cauble was hostess to El Feliz Club members and guests on Friday afternoon.

The usual play of forty-two was enjoyed, and refreshments were served to Mmes. H. G. Towle, Hugh Boren, H. J. Brice, R. S. Snow, T. L. Lollar, Geo. Northcutt, Wade Winston, J. C. Dorward, C. W. Harless, A. J. Cody, Gertie Smith, R. L. Gray, A. E. Wiese, G. A. Hagan, members.

Guests were Mmes. Joe Monroe, Hugh Taylor, Sidney Johnson, B. M. West, Earl Henry, Warren Dodson, L. E. Trigg, Dora Cunningham, W. J. Ely, P. C. Chenault, C. W. Hutchinson, Dick Randalls, W. B. Stanfield.

The next meeting of the club will be with Mrs. A. J. Cody on May 23.

Delegates attending the convention will be taken on a tour of the Valley and entertained in the towns where there are Business and Professional Women's clubs.

The Business and Professional Women's clubs of the state will report at the convention on the work they have accomplished during the past year, their clubs in each of the local communities taking their places alongside the Rotary, Ki-

wanis, Lions and other service clubs which have exclusive men's membership.

MARRY AND GET \$250 to \$1000. Our Company is bonded in the Hartford. See A. P. Morris. 48-1tc

TO THE VOTERS

After being solicited by scores of friends to enter the sheriff's race, I have decided to do so. As for who I am, I have lived in Scurry county for 33 years, have never done any great things but have tried to make it better by being a clean citizen. As for my qualifications I don't boast of. I was with our honored sheriff, J. D. Boles during his reign as sheriff and for which I feel proud.

My idea of the office is to think right, think quick and go ahead. As it is late and that good rains and crop time is here, I can't make a house to house canvass. I will try to see you but don't think hard if I don't get there.

I would thank the ladies very much to ask your friends anything they wish to know of me. I feel sure that I will meet the most of you at your towns.

As for the two other gentlemen in the race, I know to be perfect gentlemen, and I have no fight against. I want the office because I think I can fill same.

Thanking you in advance for your vote and influence, I am,
 Yours for sheriff,
 J. M. (Jim) Pagan 48-1tc

Minister Says Daughter Now Health Picture

Suffered Night and Day All of Life—Like Different Child Now—Father Praises Argotane

"My little daughter, Mary Ann, has gained wonderfully on Argotane and now she's getting to be the very picture of health," said Reverend C. L. Nickelson, well-known Methodist minister at Water Valley, Texas, while in the Schwab Drug Co., San Angelo, Texas, a few days ago.

"She was troubled with something like nervous indigestion almost ever since she was born," continued Rev. Nickelson, "and there wasn't a day or night she didn't suffer until we got Argotane for her and she's now three years old. Her stomach was in such a bad condition we had to feed her on malted milk and things like that and she couldn't eat any kind of meats or vegetables. She would have pains in her stomach all the time and would toss and roll all night for she couldn't sleep well at all. She looked pale and sickly although we gave her most every kind of medicine and tried doctors' treatments but nothing seemed to help her.

"After hearing of some of the good work Argotane was doing we got some for Mary Ann and it has done wonders for her. She actually looks and acts like a different child and she has taken only one bottle of the medicine. She commenced picking up as soon as she started Argotane. Her indigestion is much better now and she can eat more substantial food than formerly. She's not nervous nor bilious now and sleeps better at nights and we never hear anything out of her from the time she goes to bed until she gets up in the morning. Her skin is clearing up and her cheeks look fresh and rosy. You can just look at her and tell she's being helped by Argotane."

Genuine Argotane may be bought in Snyder at the Stinson Drug Co. adv.

The unsanitary camp is one reason why boys and girls leave home—permanently.

Birthday Party In The Air

Forty-Station Hook-up to Give Globe-Circling Service June 1

IS UNIQUE ATTEMPT

Churches of Christ Prepare for Nineteenth Centennial on June 8

A birthday celebration with plans for participation of six million people is certainly in keeping with twentieth-century progress. The local Church of Christ at corner of Twenty-seventh street and Ave. S., Snyder, Texas, T. M. Broadfoot, pastor, is planning to have full part in this extraordinary movement. While it is unusual to speak of it as a party, the assembly is in honor of the nineteenth-hundredth birthday of the return of the Holy Spirit into the hearts of men, and occurs on Sunday, June 8, 1930.

While the six millions participating are from all lands and languages and will not assemble in one crowd, yet they are planning to be 100 per cent in attendance in one place, and that place is at the

Lord's table. They are to be with one accord and to have one program in over one thousand churches in a world-girdling service.

Nineteen-Hundredth Birthday of the Church. In preparation for this unprecedented attempt, a chain radio broadcast will take place one week before, giving final suggestions to all members in all lands as to the part to be played by each in the world-wide service of the following Sunday. The time of the broadcast will be Sunday, June 1, 4 p. m., Eastern Standard time; 3 p. m. Central Standard time; 2 p. m. Rocky Mountain time; 1 p. m. Pacific Coast time. The broadcast will be made over the Columbia Chain of New York, and will have more than forty stations in the hook-up, covering all North America and carrying, by short wave, around the world. The churches in Europe, Asia, Africa and Australia are planning to use short wave sets to pick up the broadcast. The nearest stations of this hook-up for this section are Wichita, Kan., KFI, 1300; Denver, Col., KLZ, 560; Little Rock, Ark., KLR, 1390; Oklahoma City, KOP, Dallas, Texas, KRLL, 1040.

Plans of Local Church

The plans of the local churches are practically identical with all the churches of America. They plan to have every member of both church

and Sunday School at a local radio receiver for the June 1 broadcast. They also plan for a 100 per cent attendance of the church membership at the Lord's table June 8. The Church officers plan to take the emblems to the sick and shut-ins. Those who are compelled to work at the regular hour for communion may attend the church communion at the opening of the evening service, or at such other time as they may arrange for. Unidentified and visiting members are urged to attend. All people are cordially invited to be present at the services.

Cables have been received assuring that the plans are working perfectly in other lands. A

cable from Russian Christians gives assurance that, with all their present difficulties, they are planning to be present at the communion service with 100 per cent attendance.

World Circling Plan

The service will start at 11 a. m. Sunday, June 8, in the churches of Christ in New Zealand. That will be 5 p. m., Central Standard time, Saturday, June 7, in North America. Church bells are to be rung at the hour of the beginning. Then, with the same song service, the same Scripture lesson and the same theme, the service will move westward hour by hour, encircling the earth, all churches of Christ participating, and closing twenty-

four hours later in the First Church of Christ, Honolulu. The plans are unique and bid fair to fulfill the highest expectations of those participating.

TOO LATE TO CLASSIFY

FURNISHED light housekeeping rooms for rent. Phone 456. 48-1tp

WANTED—Will buy 4 or 5 room modern house if price and terms suit. A. N. Hamrick. 48-1tc.

Snyder merchants ask Snyder people to patronize them. The majority of them advertise in order to let customers know what they have for sale.

2 Minutes to Wrap 1 Minute At Phone 3 minutes- Your washing Done

Washday becomes just that simple for women who avail themselves of the modern method we offer.

Two minutes gathering the washing together; one minute at the phone—and washday's work and worries are over.

We take the entire washday; wash everything as gently and thoroughly as you would yourself; iron everything that requires it, and return it quickly to you—sweet smelling, beautifully finished, complete.

We have other services, too, that will interest you—telephone and we will have our representative call and tell you all about them.

Do this today and washday hereafter will cease to be a problem.

OUR DRY CLEANING PLANT is at your service, six days a week.

The SNYDER LAUNDRY

Mr. and Mrs. Sam LaRue

The Snyder Laundry likewise wants to thank the Civic Committee of the Twentieth Century Club for the thanks they have tendered us in our part in the Better Lawns and Garden contest.
