

How about Smile Week? The nation gives us a week of every type and description and who in Snyder will lead a campaign for a Smile Week to get us all back to normal, friendly with our neighbor and our fellow man and eliminating the bad things that naturally come to every town once in a while. Let's Smile. Science teaches us that it takes 13 less muscles to smile as to make a frown so let us shake hands, and forget our past troubles and enter the future with a determination to go right ahead.

Smiles make friends; Smiles bring folks back to Snyder; Smiles mean good times, and Smiles are worth dollars and that puts money in the bank.

**LIONS MAGAZINE SAYS THINGS**

Here is an extract from the official report of a district governor to Lions International as published by the Lions Magazine.

He had paid a visit to a town where it had been thought possible to form a Lions Club, but evidently there must be a change in the hearts of the community leaders before a club can get a foothold.

Reports of district governors are highly confidential. The LION never uses them as a source of news about clubs, good or otherwise, so of course the name of this benighted town, and even of the district in which it is, must remain confidential. But it may help our clubs to read what the district governor said of it:

Blankville is a good looking town, but it is inhabited by a breed of humans who are jealous of one another, and afraid of any activity which might favor somebody else. If any town ever needed the doctrine of Lionism it is Blankville, but it is impossible to get a meeting so you can "sell" this doctrine. Use your pleasure. We have no club there, and unless the undertaker can bury a group of the living dead I see no chance.

That sort of spirit cannot and will not exist in Snyder. The town has too many dyed-in-the-wool boosters to ever let that sort of spirit become active in the best small city in all West Texas.

**HOME BREW**

"Home Brew" has come to mean beer or wine or other forms of fermented liquids made at home to be drunk in the home as a substitute for the liquor drunk before prohibition. Judging from some information trickling in from time to time, the stuff resulting from the efforts to turn the home into a distillery and many who started out in the beginning as expert home brewers have given up in disgust and sold or given away their paraphernalia.

However, we ran across a new recipe for home brew that struck us as being easy to make, fine for family use, even for every member of the family, and if one should become overstocked it would be fine to pass around among the neighbors. But we're going to let "About Town" in the Palestine Herald tell you about it in his own inimitable way:

"One of About Town's very good friends, and a most estimable gentleman, one who stands for the very best in everything, today gave us a recipe for 'home brew' and he guaranteed it to be all right. Now, if you love us please don't stop until you have read the rest of the story. To do so would leave us in an awkward fix, and would be unfair to our friends.

"And for fear you may walk out on us we are going to give you his recipe and let you be the judge. And we assure you in advance there is no law against making this kind of home brew. Here is how it is made:

"Home Brew is a vital necessity in life. It furnishes us with the elixir of ambition. It spurs us to the heights of ordinary accomplishments. It carries us on when all other stimulants fail.

"If you don't believe 'Home Brew' will do all of that and more for you, try this recipe: Mix two parts of Path with two parts of Love; add one part of Companionship; then mix one part of Affection with one part of Confidence; add one part of Honesty; gently and continuously work them together and add a little Co-operation as you go along.

"And that is the only kind we would recommend. Try it, and if you like it, let us know. And pass it along to others."

**Thoughts Ahead**

Coch "Red" Moore and Principal W. N. Corry of Snyder High School completed arrangements at Sweetwater, Tuesday, for the annual Thanksgiving football battle between the Tigers and the Mustangs. Snyder High have defeated the Sweetwater team two out of three times in the past three years and they should make it a trio next November to show our Nolan county brethren just how it is done. Preliminary game should be held between the two I have Supt. McLain of the school as center. Pardon the bit about eleven Scurry county members would be going through his position. That would be great sport and the Times-Signal hopes it might be possible.

Anyhow, Sweetwater, the Times-Signal is warning you in advance that the battle next Thanksgiving Day will be no "soup and fork" dish, and Snyder will be right in there playing ball every minute. Spirit will win that battle and Snyder has it.

**Dal-Paso Road Being Promoted**

**Caverns Route Association Convention Scheduled For June 12th**

Seeking Federalization of the Dal-Paso Cavern Highway, which runs in a straight line between Dallas and El Paso by way of the famous Caverns near Carlsbad, New Mexico, officers, directors and delegates of the association fostering the highway will convene at Carlsbad Thursday, June 12 for their fourth annual meeting. It is the first convention of the association to meet on the West end of the highway.

Date for the meeting was settled two weeks ago when O. P. Thrane, of Snyder, president of the Dal Paso Cavern highway association and Wm. A. Wilson of Lamesa, secretary, met at Gall. At that time it was decided that the meeting would take place at Carlsbad the convalesce in the Caverns themselves. The novelty of this great natural curiosity serving as a convention hall will in all probability draw the largest attendance of any previous meet.

Delegates from cities on the highway will meet with county judges of counties through which the route passes at the Carlsbad meet. Election of officers of the association will also be made during the meeting. Present officers are: O. P. Thrane, Snyder, president; W. H. Cook, Breckenridge, first vice-president; R. W. Pittman, Seminole, second vice-president; J. D. Langford, Albany, treasurer; Wm. A. Wilson, Lamesa, secretary. All county judges on the route and officially elected directors numbering six comprise the directorate.

**Full House Hear Class Service**

The annual baccalaureate service for the Snyder High School Senior class given Sunday night at the Auditorium was greeted with a packed house. The class in their caps and gowns made a most impressive spectacle which coupled with the mastery address of Rev. Philip C. McGahey, on "Life's Greatest Choices" made one of the most enjoyable and finest programs ever offered here in a like service.

Rev. Cal C. Wright gave the invocation which was followed by "Recessional" with the Choral Club. Scripture reading was by Rev. T. M. Broadford and prayer by Bro. W. M. Speck. Willard Jones followed with a solo with Rev. McGahey giving the principal address of the hour. Splendidly rendering a fine sermon, Pastor McGahey endeavored himself to the crowd that had come to honor the graduates.

Supt. Wedgworth likewise announced the annual commencement exercises, tomorrow night.

The audience joined in "Come Thou Almighty King" with Rev. E. C. Lambert giving the benediction.

**SCURRY COUNTY BAND WILL GIVE 3 CONCERTS**

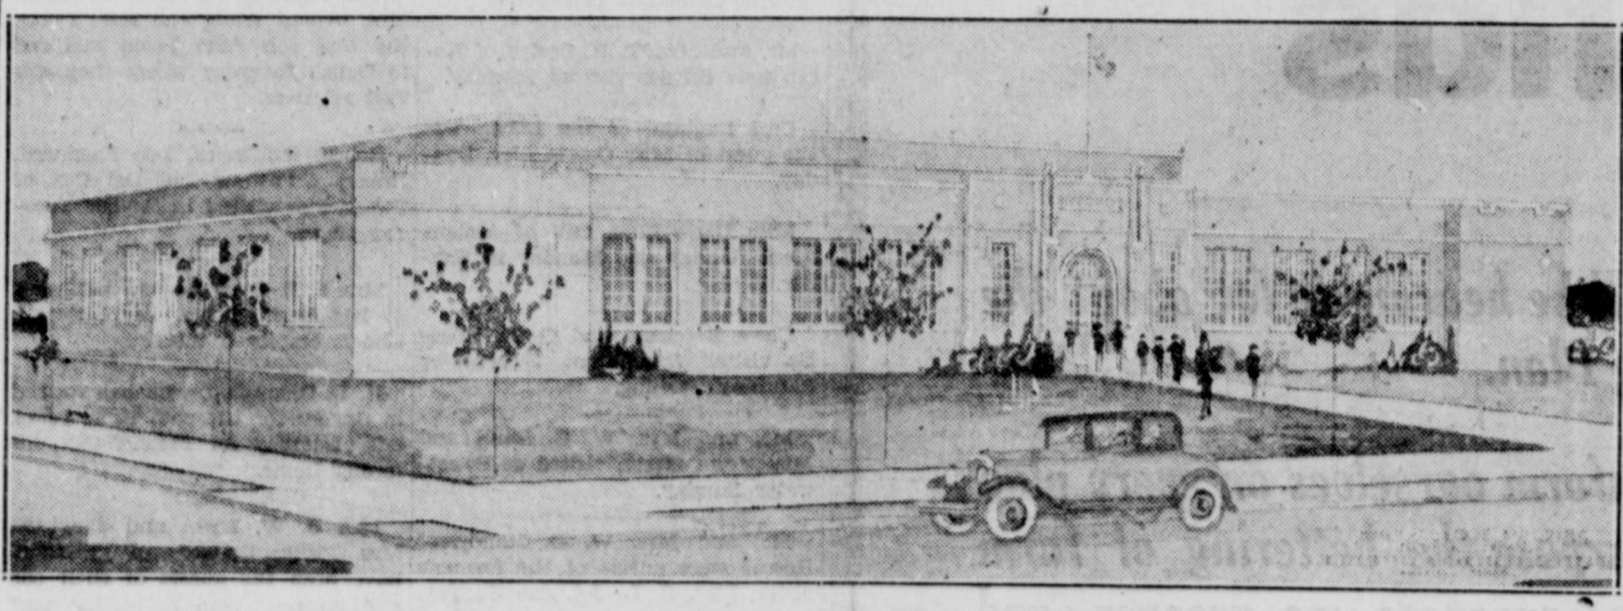

**New Uniforms Ordered by Chamber of Commerce This Week**

The Scurry County Band that is entering the Band contest of the West Texas Chamber of Commerce convention at Abilene will give concerts at the Public Square, the first three nights of next week, and the entire county is invited to hear them.

New uniforms to the number of forty were ordered last week which will be here in time for the concert. White shirts, and navy style trousers, white top cap with patent leather bill will comprise the new outfits, all topped off with gold-color jerseys.

The Chamber of Commerce are taking this entire expense on their own shoulders and the citizenship of the county should come to hear these concerts and assist in a financial way when the "hat" is passed around. A new drum has been purchased and "Scurry County" will be written all over its face, so these Good Will builders are going to Abilene to win a prize, and we Scurry county folks should assist in a real money way to defray their expenses. So folks, dig into your pockets and let us all cooperate handsomely.

**FLUVANNA'S DEDICATION TO SCURRY COUNTY EDUCATION**

Dedication of the new Fluvanna High School Building which cost a total of \$65,000 was made last night in that thriving small city of Scurry county.

Opening with a fine concert by the Fluvanna High School Band, the entire audience joined with one accord in the singing of America, followed by invocation of Rev. R. H. Montgomery.

Introduction of the Board of Education so instrumental in building the most magnificent and worthy structure that is in Scurry county today was made by Supt. E. O. Wedgworth. President J. I. Boren was introduced, then followed Secretary T. F. Koonce, John Stavelly, Will Noel, Mert Noel, H. D. Sneed and W. P. Sims. John Stavelly, who was president during the start and construction of the building has been one of the main factors in the successful completion of what has been termed the most model school plant in the state of Texas today, of any city under 50,000 population.

Supt. C. Wedgworth of the Snyder schools gave the introduction of the main speaker of the evening, Dr. P. W. Horn, President of the Texas Technological College. Stressing the beautiful architecture of the building, the speaker launched into a discourse that held the packed house in rapt attention until its conclusion.

Pians for next year at the Fluvanna schools call for the addition of a home economics department and teacher, another grade teacher, piano instruction, band director and a new art and expression teacher.

Teachers on the faculty for next year include: E. O. Wedgworth, superintendent; E. H. McCarter, principal; Miss Chloé Collins, T. R. Duran, and Miss Ouida Watson. Grammar school teachers are: Cleo W. Tarter, principal; Miss Winnie Houston, R. I. Greer, Uldid Payne, Miss Mary Ely, and Miss Myrtle Turner.

The dedication program will be followed tonight with the annual commencement exercises with eight Seniors will receive their diplomas with Col. Wm. E. Easterwood, Dallas, giving the principal address.

The corner stone to the right bears the names of the school board who were working when the new edifice was started: John Stavelly, President; T. F. Koonce, Secretary; H. H. Haynes, Will Noel, A. Q. Flournoy and J. R. White.

Scurry county joins in one welcoming unit to congratulate the citizens of Fluvanna for their far-sighted and worthy activity in giving the county a school that can be pointed to with pride from any point in the state. The entire citizenship of Snyder, and Scurry county in general join with us in sincerest and best wishes to one of the most thriving zones of living in all West Texas, "Fluvanna." May the shadows of its wholesome boosters never grow less.

**NOW IS THE TIME TO YELL**

Snyder citizens who feel that the preliminary count of the city's population of 3,907 was not sufficient are hereby warned to let out a loud yell now, for after the figures leave the census supervisor's office at Lubbock, it is then too late.

If any reader of the Times-Signal knows of any person or persons who were not counted, please advise the office post haste that inclusion may be secured of every local resident.

Figures received at the office since the announcement of last week state:

Justice Pct. 1—4521. There were 839 farms listed in the area.

Justice Pct. 2—1557. 214 farms included.

Justice Pct. 4, outside Hermitage Town—2,564, with 491 farms enumerated.

As other lists arrive, they will be published.

No one is perfect, and that's why we all have a chance to make a showing.

**C. O. MOSER BOOSTS SNYDER'S FINE SPIRIT**

**Personal Work of Local Men Brings Praise from Cotton Co-Op Head**

Ed. Note: Arrangements were completed Tuesday morning for a mass meeting in Snyder, Thursday, June 5th, when C. O. Moser of Dallas will be the guest of Snyder and Scurry county for an afternoon meeting of the farmers of the county.

Snyder has the greatest opportunity of its career to secure a branch office here and a group composed of the following was appointed as a Steering Committee for the great gathering here June 5th.

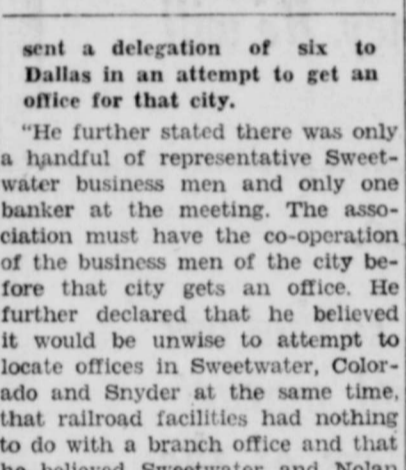

A. A. Bullock, J. W. Scott, Warren Dodson, Harrie Winston, who will join with the following named to constitute the get-together session: Walter Moore, E. J. Anderson, J. L. Carrell, M. W. Bravouset, W. O. Logan. The chairman of the entire committee will be Austin Erwin, "Let's Go" Snyder and Scurry county, all that we need is a guarantee of \$7,500 to make a branch office possible in Snyder and the Committee has already guaranteed that amount.

The efforts of Snyder and Scurry county business men to bring a branch office of the American and Texas Cotton Co-operative Association has been lauded by C. O. Moser, Dallas, general manager of the co-operative cotton marketing association.

The laudatory remarks coming from a Nolan county source makes the idea all the more encouraging, with the Sweetwater Reporter saying in their Friday edition, the following:

"According to the report, Mr. Moser was not at all pleased with the reception of the plan by Sweetwater business men and bankers. He is quoted as saying that when he was in Sweetwater there were only a few more than eight business men at the meeting he was to explain the operations of the Association, while Snyder, county seat of Scurry county,

**COMMENCEMENT SPEAKER**

COL. "BILL" EASTERWOOD

Texas has been honored in all parts of the world for the exploits and promotion of aviation by Col. "Bill" Easterwood, of Dallas, who will deliver the main address for the Senior Class of 1930 at the Auditorium, Friday, "Making the World Smaller" is what the Dallas capitalist and the nations foremost exponent of aviation is apparently accomplishing.

Col. Easterwood who only recently returned from Italy where he had the distinction of being the sixth American privileged to interview the great Mussolini, has offered a purse of \$50,000 to the flyer who will make a hop from Hong Kong to Dallas; and a purse of \$25,000 to the aviator who flies from Italy to Dallas, that's a grand total at the present time of \$75,000 to boost aviation.

The Times-Signal editor recently visited Col. Easterwood in his Dallas apartments in the Baker Hotel, and during the conversation related an amusing story about the Long Wang Tong Cafe of Hong Kong where they still maintain the ancient custom of taking off their shoes and stockings before entering. When we asked Col. Bill if he dined at this quaint resort his eyes twinkled ("Ma" Easterwood was not about) and he refused to testify. But we think a man who donatorily puts over world fights the way the Colonel does would be plenty game to meet neighbor Chinaman on his own ground. Besides, the little almond eyed ladies who ate their chop suey sans shoes and stockings might have been quite pretty—who knows!

**1930 HONOR GRADS**

Valedictorian — Maxey C. Chenault with an average of 95.82.

Salutatorian — Gladys Lewis with an average of 95.43.

Closely on the heels of the honor graduates were Ila Bee Periman with 94.16; Meva Doak with an average of 93.95, and Dorothy Egerton with 93.81.

Compilation of the standing is made from the Junior and senior years in High School.

Congratulations are extended these honor students whose grades are so outstanding.

**1930 HONOR GRADS**

Valedictorian — Maxey C. Chenault with an average of 95.82.

Salutatorian — Gladys Lewis with an average of 95.43.

Closely on the heels of the honor graduates were Ila Bee Periman with 94.16; Meva Doak with an average of 93.95, and Dorothy Egerton with 93.81.

Compilation of the standing is made from the Junior and senior years in High School.

Congratulations are extended these honor students whose grades are so outstanding.

**COMMENCEMENT EXERCISES FRIDAY NITE**

**Post Merchants Boost State Made Products**

**Editor Eddie Warren Emphasizes Need of Buying at Home**

According to Editor Eddie Warren of the Post Dispatch who is President of the West Texas Press Association, Post merchants are strongly supporting the "Texas Products" campaign that was inaugurated by the Post Chamber of Commerce several weeks ago.

Mr. Warren says so far this week a score of firms have had on display in their places of business some articles or lines made within the state. Next week these stores will change their exhibits and the following week another line.

A committee from the Post Chamber of Commerce including Sec'y George Sampson, Dr. A. C. Surman, Guy Speck and Ira L. Duckworth were in Snyder Monday in the interests of the "What Texas Makes—Makes Texas" Campaign.

It is surprising what one finds made within the confines of the Lone Star State when a check is made of actual accomplishments. For example, there is furniture, sugar, pickles, dresses, sheeting and cloth, overalls, lumber, cement, oil, gas, paint, corn meal, flour, chicken remedies and feeds, ladies ready-to-wear, pecans, coffee, floor sweeps, and the like. Even toilet articles and barber supplies and accessories are made in some of the larger cities.

Every mail received by the chamber of commerce brings added support.

**27 Snyder Young Men and Women Will Be Given Diplomas**

Tomorrow night, Friday, May 23rd marks the closing exercises of the 1929-30 school year for Snyder High School when twenty-seven young ladies and young men will receive their diplomas.

Maxey C. Chenault with the highest average of the class was named valedictorian while Miss Gladys Lewis with just a fraction less in her grades receives the honors of salutatorian.

The exercises starting at 8 o'clock will be held in the High School Auditorium with the Class March to open the ceremonies.

Rev. E. C. Lambert will follow with an invocation and Miss Maurine Stinson will favor the audience with a solo.

The annual address will be given by Col. "Bill" Easterwood, of Dallas, perhaps the most widely known man in the state of Texas today, not only in this state but over the entire world. He is a gifted orator who knows his audience and the class of 1930 may feel well repaid for the honor that is being conferred upon them in having Col. "Bill" Easterwood to address them.

Following the address, the presentation of diplomas and awarding of scholarships will be made with special music by the Snyder Choral Club, and benediction by Rev. Cal C. Wright.

The graduates who will receive diplomas include: The Misses Meva Louise Doak, Dorothy Egerton, Audra Jenkins, Gladys Lewis, Mary Ellen Martin, Agnes Othell Morris, Evelyn Pratt, Ila Bee Periman, Mavis Webb, Opal Evalene Weller, Evelyn Worley, Mildred Nell Harless, Floye Brownfield, Kenneth Loraine Alexander, Enid D. Sears, Lucille Brown and Pauline Boren.

J. W. Greene, James E. Parker, Anthem Wade, Ted Pitner, Mardell Winter, Lee Francis York, Travis LaRue, J. T. Jenkins, Maxie C. Chenault and G. L. Huestis.

**GOLD STAR MOTHERS ATTENTION**

Any Gold Star Mother in Scurry county who has a boy buried overseas is entitled to a free trip with all expenses that is being provided by the U. S. Government. Those who might be interested should get in touch with Adjutant A. C. Preult of the American Legion at once, at the R. S. & P. Ry. office. He will be proud to make it possible to complete arrangements for any Gold Star Mother to make this auspicious trip.

**COMPANY "G" HIGHEST HONORS OF REGIMENT**

Receive "VS" Rating and Win Set of Steel Lockers

Capt. John E. Sentell has just received a communication from Capt. Robert J. Kirk, of the Regular Army, who inspected Co. "G" on the occasion of its Federal Inspection April 17th, advising that Co. "G" will be given the "VS" rating and this is the highest rating that can be given, but this does not spell the whole story for Co. "G" for Capt. Kirk further advised that a Snyder company will be awarded a set of steel lockers given by the Adjutant General of Texas to the unit of the 142nd Infantry making the best showing at this year's inspection. This is no mean honor when it is remembered that there are eighteen units in the 142nd Infantry Regiment and that Co. "G" had to put seventeen of them down for the count before stepping up to the top and qualifying for the set of fifty steel lockers.

Nor is this all that is to be said about this unit of Uncle Sam's Army when it comes to scoring about the top most rounds for a review of the last four years shows Company "G" leading the Regiment two of these years and on last year, 1929, she was noted out of first place by only a hair's breadth by Company "A" of Brownwood.

This organization is a Snyder and Scurry County institution made up of Snyder and Scurry county young men. Some of them marched with the Stars and Stripes during the World War and the others, who were then too young, are of the same type of patriots. These boys never complain, and ask for nothing, but we should give them something. What? Real cooperation. How? If you have a Guardsman in your employment, make it convenient if possible, for him to attend drills each Tuesday night and start now making arrangements for him to make Camp with his Company during the first part of August.

Let us be loyal to Company "G."

**West Texas Being Advertised Over United States; Work Is To Start at Next Convention**

The district can join with the regional organization for individual and collective exploitation.

An order has been placed by the WTCC for 100,000 sheets of fifteen lithographed stamps and for 300,000 four-color booklet covers as the start of the campaign. Distribution of the stamps and booklet covers will start at the annual West Texas Chamber of Commerce convention in Abilene May 29, 30, and 31. D. A. Bandeen, general manager of the WTCC, is in charge of the campaign.

As a means of acquainting the world with its slogan—"West Texas the Raw Material Capital of the World"—and thereby stimulate development of the territory's resources, the West Texas Chamber of Commerce has arranged for a co-operative advertising campaign to cover the entire United States in which every town and city in

**FLUVANNA SENIORS**

Miss Pauline Haynes was named valedictorian; LeVerns Farquhar, salutatorian for this year's class. The six other graduates include: Matty Lynn Beaver, Pearl Taylor, May Belle Tucker, Ruby Bley, Charley Bley and Jesse Lemons. The annual commencement exercises are being held there tonight with Col. Bill Easterwood of Dallas giving the principal address.

Commencement, Friday.

**SNYDER GIRL IN MY TOWN CONTEST**

Miss Brentz Anderson will represent Snyder in the annual "My Home Town" contest, sponsored annually by the West Texas Chamber of Commerce.

A dispatch from Abilene, Saturday, said:

J. W. Gipson, student of the Turkey, Texas, High School, was the first entry. The eight others who have signed up are Leota Leach, Brownwood; Gertude Dyar, Goodnight; Lucille Carmack, Wellington; Brentz Anderson, Snyder; Lucille Watson, Bowie; Lorene Shoemaker, Eldorado; Myrdelle Kemp, De Leon; and J. Whitney Pittman, McCamey.

May 22 is the final day for registering in the "My Town" contest. Communications received by convention headquarters indicate a large number of participants.

**ANNUAL CLASS PLAY IS ENJOYED BY ALL**

The annual Senior Class play, Friday night, was enjoyed by a large and appreciative audience when "The Goose Hangs High" was offered, with Director Homer F. Springfield in charge.

Participants were: Maxey Chenault, Ila Bee Periman, Grady Wallace, Dodson Smith, Enid Sears, Dorothy Egerton, Mary Ellen Martin, G. L. Huestis, Earl Parker, Mildred Harless, Lee Francis York, Meva Doak.

Their decision was unanimous in their decision that the play was one of the finest ever produced here. It was said that when G. L. Huestis playing the part of "Hugh Ingalls" in a desperate (?) love making scene, said "darling" that it was one of the funniest bits ever noted on a local stage.

**NEW GOLF COURSE WILL SOON OPEN**

Completion of the Green Flag Golf course, just north of the Woodrow Hotel is only a matter of days and the miniature field will get a big run. A cosy and good-looking refreshment stand is also being built and opening day of the course will be a big event in the lives of those who enjoy taking a club and flicking a little pellet here and there.

Announcement of the opening will be made in the Times-Signal.

**PREACHES AT FLUVANNA**

Rev. Cal C. Wright preached the annual baccalaureate address for Fluvanna High School at that point Sunday morning.

**CITIZENS WILL RUN AFOUL LAW**

Marshall Walter Camp is going to enforce the ordinance that makes it mandatory that every car to pull to the curb when the fire siren lets go, and must remain stopped until the fire trucks pass. The fire boys would likewise appreciate a close adherence to this ordinance.

(Continued on Page 6)

# To Our Farmer Friends

Within the next few days you will be hearing a lot about the Government's Cotton Marketing Plan.

Our Banks feel that we should inform ourselves on every plan and program that has for its purpose the bettering of farm conditions, for when the farmer prospers, we prosper, and when he suffers, we are likewise affected.

After a careful investigation, which included a trip to Dallas, we do not hesitate to recommend the new Government Farm Board Plan to our customers.

## Scurry County is to have the privilege of hearing Mr. C. O. Moser, Vice-Pres.

the American Co-operative Association, which is the Government's Cotton Sales Agency. He will speak at Snyder, Thursday afternoon, June 5th.

We earnestly urge every farmer to hear his message.

Scurry County is attempting to get a Branch office, so that our farmers may have the same advantages of price and marketing facilities as is afforded the larger cotton centers of the South. The cotton producer has the assurance that if he will co-operate in this movement, the Government will stand squarely behind him and help him to get the best possible price for his cotton.

### Remember the Date Thursday, June 5th at the City Auditorium. Tell Your Neighbors and be sure and come Yourself

## First State Bank & Trust Co.

## The Snyder National Bank

### LOCALS

Elmo Crowder of Sweetwater spent Sunday in Snyder.

Miss Ann Duncan spent the week end at Sweetwater.

Morris Davis of Lamesa visited Snyder friends, Sunday.

Marshall Higgins spent a few days at Lampasas last week.

Mr. and Mrs. T. R. Seelye of Rotan were Snyder visitors, Monday.

Carl England of Big Lake was the guest of Miss Carrie Eley, Sunday.

Miss Dixie Ellen Gill of Abilene spent Sunday and Monday in Snyder.

Cleve Blackard and G. L. Huestis visited friends at Sweetwater Saturday evening.

Mr. and Mrs. W. C. Shull and Miss Vesta Green visited at Sweetwater Sunday.

Mr. and Mrs. W. D. Handy of Roscoe were guests of the former's sister, Mrs. S. L. Johnson Sunday.

Jess White of Stamford stopped with his brother, M. P. White Saturday, enroute to Sudan.

Mmes. T. L. Lollar, J. A. Hood, O. O. Harris and Lee Newsom spent Sunday in Abilene.

Mr. and Mrs. Frank Patterson and daughter Claire of Westbrook visited Snyder relatives Saturday.

Mr. and Mr. Rob Strayhorn of Rotan spent Sunday with the former's parents, Mr. and Mrs. Joe Strayhorn.

Mr. and Mrs. L. L. Lincozum of Chillicothe are visiting the latter's parents, Mr. and Mrs. S. L. Johnson, this week.

Mr. and Mrs. Jno. D. McIntosh of Oklahoma City are the guests of Mr. and Mrs. H. H. Thomas and family.

Miss Mae McClinton has returned to the J. C. Penney Store. Her many friends are glad to see her back on the job again.

Errol Taylor left Friday on a vacation trip eastward. He will visit Washington, D. C. and other points of interest in the east.

Ixon Joyce underwent an operation for appendicitis at the Baptist Sanitarium at Abilene Tuesday morning and is reported to be improving nicely.

Mr. and Mrs. E. R. Heath and baby left Sunday for a three weeks vacation trip to Harrison, Ark., where they will visit the former's parents, Mr. and Mrs. W. O. Heath.

Miss Maurine Stimson attended the Baccalaureate Sermon at Dunn Sunday morning and sang a solo, which was greatly enjoyed by the large crowd present.

Mr. and Mrs. J. P. Smith of Cross Plains, visited the former's sisters, Mrs. W. W. Hamilton and Mrs. C. C. Higgins last week.

Mrs. O. P. Thrane and sister, Mrs. J. S. Vaughn, Colorado, and neice, Mrs. J. F. Quinney, Colorado, will leave Monday for a month's visit in California.

Manager Johnson of the Community Natural Gas Co. who has been at Baird, recuperating from an operation for appendicitis has returned home, looking his natural self and is happy to be back in Snyder.

Mr. and Mrs. C. A. Tanner and family, of Electra, are the guests of the latter's parents, Mr. and Mrs. Jas. Cruickshank, and sisters, Mrs. B. P. Moffet and Mrs. E. L. Peterson.

Mrs. J. H. Hamlett and daughter Charles Ella, and Miss Dorothy Darcy left yesterday for a month's visit at Pasadena, Calif., where they will visit Mr. and Mrs. S. W. Grimes.

Judge and Mrs. W. W. Hamilton and family and the former's father, J. O. Hamilton, spent Sunday at Merkel with relatives. The latter remained here for a few week's visit.

Dr. and Mrs. J. G. Hicks left Monday to attend the Texas State Dental Convention at Fort Worth this week. They were accompanied by Mrs. Wayne Boren and son John Jay who will visit relatives at Fort Worth.

Mr. and Mrs. Harry Keys of Mission, Texas, who have just completed a 4,000-mile trip through Oklahoma, Arkansas and Missouri, stopped in Snyder Sunday, enroute home. Mrs. Keys is a sister of Mrs. Billy Frank.

Miss Edith Comstock of San Angelo, who has been the guest of her sister, Mrs. George F. Smith left Tuesday to visit her mother at Ganauge, Ohio. Miss Mary Jane Smith accompanied her and will go to Leipsic, Ohio, to visit her grandmother, Mrs. V. H. Smith. The travelers were expected to reach their respective towns by this morning.

### HOME GUARD HOME

Nibs Warren, one of the most popular students ever to attend Snyder High was home for the week to visit old home folks. Nibs has been with the Higginbotham Lumber Co. at Morton as bookkeeper, enjoys his work and likes it fine, but always appreciates coming back home and saying "howdy" to the gang. Nibs is a mighty fine young man and it is a pleasure to welcome these old boys back home, if only for a few days.

Mrs. Pearl Irwin and daughter Mrs. Lyman Wade and Miss Dorothy and son Jake Irwin motored to Dallas Saturday where they will visit relatives.

Robert McKissick, Leo Shepherd, Robert Crenshaw and Del Cox of Sweetwater visited in Snyder Tuesday night.

Mrs. E. S. Dorsett spent last week at Big Spring with her husband, who is employed there.

H. L. Champion, who has resided in Snyder for the past three years, left yesterday for Fresno, Cal., his former home.

Mrs. J. W. Irwin and daughter, Mrs. Fisher Pollard of Midland have been the guests of their son and brother, John Irwin, the past week.

Miss Carey Eley is on the sick list this week.

Mrs. Tina A. Lynch of Abilene is assisting at Every Woman's Beauty Shop this week.

W. S. Johnson returned Friday from a two weeks vacation spent with his son at Coleman.

Mr. and Mrs. I. L. Lincozum and family of Chillicothe were the guests over the week end of Mr. and Mrs. J. E. Johnson and family. Mr. Lincozum is a brother of Mrs. Johnson's.

Mr. and Mrs. B. F. Gee and A. J. Riley and son Prentice visited Mrs. Frank Aucutt Sunday at Clovis, New Mexico.

Roy McCurdy who has been employed at Amarillo, has returned home.

Jack and Roy Gee of Big Spring visited home folks Sunday.

Mrs. A. J. Riley is spending two weeks with her daughter, Mrs. Frank Aucutt at Clovis, N. M.

Mr. and Mrs. Owen Cloud (formerly Miss Hazel Cauble) who have been living at Floydada, moved to Carlsbad, N. M., this week.

Frank Aucutt, former Snyder resident, now living at Clovis, N. M., underwent an operation for appendicitis at a Clovis Hospital a few days ago and is reported to be improving nicely.

International Newsreel Photo  
**SON OF THE PRESIDENT SIGNS RADIO CONTRACT**  
Herbert Hoover, Jr., Chief of Radio Communications for Western Air Express signing a contract involving an expenditure of approximately \$170,000 for Western Electric airplane radio telephone apparatus. With Mr. Hoover are (left) Harris M. Hanshue, President of Western Air Express and (right) Harry E. Young, General Commercial Engineer of the Western Electric Company. Mr. Hoover is of the opinion that the use of radio is one of the greatest single factors of safety in aviation.

Mr. and Mrs. W. H. Cauble will leave tomorrow for their ranch home at Aspermont where they will spend several weeks.

W. R. Zinn who has been in charge of the Community Natural Gas Co. offices during the absence of Mr. B. G. Johnson has returned to his home at Sweetwater.

### IRA WELL DRILLING

The Byrd-Harmon No. 1 Murphy well was at 2,735 feet, yesterday noon. The bit was encountering the same old lime. This well, however, has had some fine oil showings, and with new drilling and bailing lines just installed should rapidly finish up the contract depth of 3,500 feet.

Lots of planting being done now. Ground is being punctured in all parts of Scurry county. Weather is just right.

### SENATOR MAYFIELD ATTENDS FINAL SCHOOL ASSEMBLY

Former Senator Earle B. Mayfield was an invited guest at the final school assembly of the year in Snyder schools yesterday morning, and delivered a worthy talk on "The Greatest Service in Life." Introduced by Capt. John E. Senter, the speaker paid high compliment to the singing of the 5th and 7th grades, and launched into a talk, painting word pictures on the things to be gained through educational efforts. He was given an ovation, both preceding and following his talk.

Senator Mayfield is a most popular gentleman in Scurry county, judging from the large number of citizens who attended the assembly program, and will poll a large vote in this section.

## A Pigmy Does A Giant's Work— Metal Hercules Proves Great Aid

A metallic Hercules—weighing 7,700 pounds—can lift 10,000 pounds with the utmost ease and glide about the cable factory of the Western Electric Company at three miles an hour indefinitely, without once pausing for breath.

This prodigy is the answer to a problem which made factory engineers knit their brows. The question to be solved was how reels of lead covered cable could be transported from one part of the factory to another without the use of overhead cranes. When these huge reels leave the lead presses there are several additional operations required before they are ready to be shipped to their proper destinations in the Bell Telephone System. What was needed was a vehicle that could squeeze through narrow places with a maximum of ease.

For some time no solution to the problem was offered. The reels were

taken through the various processes by laborious hand rolling methods not only difficult and awkward but very slow and considerably wearing on both the reel and the man rolling it.

In the early part of last year the answer finally appeared on the floor of the cable plant; an electric truck, run by storage batteries—with a lifting capacity of 10,000 pounds—and no projecting beams or elaborate mechanism to take up badly needed space.

After a trial the new truck went into regular use in the cable shops and since that time has become indispensable in handling cable. During a year an average of 26,000 reels of lead covered cable is picked up three times and carried a total distance of 500 feet. This is the equivalent of lifting one reel weighing 10,000 pounds seventy-eight thousand times and carrying it a distance of approximately twenty-five hundred miles.

### CLASS PROPHECY OF CLASS '29 AND '30

It is a cold November day in the year 1935, at 10:00 o'clock, as has been the custom for the last five years, the students of Snyder High School are assembled in chapel.

On the stage is a beautiful radio, which the graduating class of 1930 has presented to the school, since they made such great amount of money on their play. The chairman of the chapel program comes upon the stage with his face beaming. He turns to the assembled students and says—Children, we have a treat for you this morning. We are to tune in on Station GAB at Wichita Falls, Texas, and we will listen in on the reunion of our 1930 graduating class.—A large cheer sounds through the crowd.

The man turns to the radio and after a few turns of the dial there comes onto the air the voice of the announcer:

"Station GAB, Wichita Falls, Texas. Our program this morning is unusual—the graduation class of 1930 of Snyder High is holding their reunion and each member of the class is to relate to you what he has been doing this past five years. I will now turn the 'mike' over to Mr. R. S. Sullivan, your sponsor, who is very happy over his new baby girl—Mr. Sullivan."

"Hello, everybody. We are having a great old time up here and now we are going to hear a word from our President, Maxey Chenaault."

Then the voice of Maxey is heard:

"Folks, I am happy to tell you about my experience in the past five years. I had three years in A. & M. College, going to summer school so I could finish in three years, and now I am at the head of the Chenaault Contracting Co., with headquarters at Fort Worth."

Now here's Lee Francis York:

"At the present time I am a mining engineer in Old Mexico. We are doing some grand work there—I studied for my degree for four years in the School of Mines at El Paso. Sometimes we have to fight some of the Mexicans who are hostile because we are mining on their land! It is all very exciting!"

"Next we will hear from Kenneth Alexander," said Mr. Sullivan.

"Hello everybody—I have been working as bookkeeper in the Citizens National Bank at Amarillo, Texas for the past three years. I am engaged to my boss and we are very happy because we will be married soon."

"Now Lucille Brown, who is now Mrs. G. L. Huettis will say a few words," Mr. Sullivan said.

"As the wife of G. L. I am very happy. We live at 2309 Pine Avenue in Abilene, Texas. We have been married for two years. Prior to that time we both attended Simmons University. I teach dancing in Abilene and G. L. is at the head of H. P. Brown Grocery Company."

Now a few words from our favorite red-head, Floye Brownfield—

"Gee folks, I had to hustle to get here—I'm all excited 'cause I just got in, now isn't that living up to my old rep? At present time I'm with MGM Lasky Co., in Hollywood making special short reels with me playing the piano. I have composed a few of the recent song hits that you may hear over the radio when you tune in nightly. I studied in Chicago for three years before I went to Hollywood—Gus Chesney is working in a big bank out here now and we expect to be married soon."

Now we'll hear from Meva Doak, 1930 Pep leader:

"It is a pleasure to tell everyone that I have realized my ambition! I have a position in WBAP singing over their station, and of course I play my trusty uke. I suppose everyone was rather shocked that I didn't get married when school was out, because I understand that was what was predicted for me,

but the boy friend took a position with a geological survey that went to South America. But who knows? He may come back.

"Now we'll hear a word from Dorothy Egerton," said Mr. Sullivan.

"Hello, World! How's every little thing? By, howdy, its great here. I guess you wanta know what I've been doing? Well, for two years I studied in Cummins's Business College at Dodge City, Kansas. Then I had two years of experience with the National Bank as secretary to the President in Chicago, Illinois. I'm very happy to relate to you that I'm now working in Detroit, Mich., as private secretary to Henry Ford. Its gobs of fun being around so much money."

Mr. Sullivan comes back on the air with this announcement—"A cable from Jake Greene, who is our ambassador to Timbuctoo, India, expresses how sorry he is that he cannot be with us at this happy time, but that he is having a very hard time trying to get the people to sign an international peace treaty at the present time."

"Here comes our peppy little Mildred Harless! She's just dying to tell you what she is doing now!"

"Hello, Everyone! Isn't this great? Well, I had lotsa fun going to T. C. U. and can you believe that I was selected in 1934 as the Best All-Round Girl in the Senior Class? Aub and I are living on a ranch near Gall now and we have great prospects for an oil well, and whoopee! want that be great?"

"Now I'm happy to introduce Audra Jenkins," Sullivan said.

"I have only a few moments to speak. My life hasn't been so glorious although I did enjoy going to the University of Southern California in my Freshman and only year of college. Then I married John Adams the 'Bug Man'. We lived in Orlando, Florida, and there I met the most wonderful man. I visited my sister in Reno, Nevada, and got my divorce and now I'm Mrs. Ewing Conrad who is a rich lawyer in Reno now. It's a great country up there. We will make a tour of Europe this summer."

Johanne Jenkins will say a few words:

"Hi, there, World, (snapping of fingers is heard) I guess you've all read about me and my famous football team from Stanford, California. The oddity of the team is that I have one of Snyder High's students who is important on the team. Mr. Travis LaRue (we'll hear from him in a few seconds). But I have a system of signals for my team that is very unique. It is a method of snapping the fingers. Its great fun to coach such a team. Some of these girls present may remember my old way of snapping my fingers!"

Now here's Travis—

"Well, folks, its great fun to be on Johnnie's football team. Besides that I'm interested right now in a real estate project in Culver City. When I make a lotta money, I intend to go to Hawaii and see what I can see! I think it is lotsa fun to have a nice reunion like this."

Now from Mary Ellen Martin, another of the brilliant graduates of 1930:

"I am now graying the part of the grandmother in Mr. Springfield's great success, 'Rose Anna', that is now being made into a movie which will be released about January 1, 1936. I'd be very happy for everyone to attend this show because I'm sure you will enjoy it."

Now Gladys Lewis will tell you what she is doing.

Folks, I'm coaching the World's Champion Girls' Basket Ball team during the fall and winter session at Hot Springs High School. In the summer I teach swimming and life saving in Camp Wonder up in the Ozarks. I'm well paid for this and you might be interested to know that I drive my own Packard straight eight."

Othell Morris, one of our blondes, will tell you what the world is do-

ing to her.

"Well, folks, its a great life living in Washington, D. C. Who ever thought I would represent Texas the dear old Lone Star state, in our National affairs? There is a bill making its way through the house now that will repeal the Eighteenth Amendment. I'm against the bill personally and would you believe that Mrs. Nelson, our old history teacher, is a lobbyist working against the bill?"

Now a word from Ila Bee Perleman:

"Hello World—I'm doing what I had always planned upon—that is, I'm at the head of the Antique Curio Shoppe in Vancouver, Canada. I invite you all to come up and look my stock over because it is wonderful to see the many relics that I have."

Now we have Ted Pitner.

"Well, my work has not been so glamorous, but it is indeed a work that fills my interest to the utmost. I'm the proud owner of a 175-acre chicken farm near Lamesa, Texas. My hens are all white leghorns and I have made quite a nice sum of money from this. I studied for this business for two years in John Tarleton Agricultural College."

Here's Evelyn Pratt, The Queen of May, 1930.

"Indeed it is a pleasure to be here with all the class. My life has been varied. I married soon after I graduated but it didn't seem to click so how, and the following year I taught school in Roscoe, Texas. But now I am realizing what I wanted to do. I am to represent Fort Worth in the annual beauty contest at Galveston this summer. Last year I almost won the place as Miss Atlantic City—Ha. I wonder if it is because I have such a bored walk—Ha! Ha!"

Now we have Enid Sears, the old Editor-in-Chief of the Tiger's Tale.

"I had an interesting time since since graduating. I went to T. C. U. Flagstaff, Arizona, where I met the most divine Spaniard, Ramon Mahuel, and how he plays a sax—We decided to make a trip to Spain so I studied Spanish for two more years. He is to go with Mother and I as our translator on our trip abroad this summer. My folks do not approve of Ramon and my engagement but I am happy, so what matters?"

Now from Anthem Wade who has a very odd occupation.

"You may be amused to learn what I am making my life work. I have a flea circus on 25th and Broadway in New York City. I realized that I had unusual powers in that line and, strange as it may seem, it is an interesting work."

"I'm sorry to say," announces Mr. Sullivan, "that one of our members cannot be here. That is Lillian Walton who is a Methodist Missionary to Egypt where she is carrying on a wonderful religious campaign."

Now we hear from Mavis Webb, who was a great Senior.

"I am now a designer of millinery and dresses in the Elite Shoppe in Springfield, Illinois. I own the shop and some of you ladies and girls probably buy my little house dresses which are called the Dorothy Louise. This trade mark was taken from the names of my two friends, Meva Louise Doak and Dorothy Egerton."

Now we will hear from Mardell Winters.

"At this time I'm a 'bug inspector' at the station between Colorado and Big Spring. I'm with the United States Department of Agriculture and I have a great interest in this work. I also own a large farm in Scurry county."

Evelyn Worley, the other blonde girl, has a few words to say.

"I went to Tech for four years and received my B. A. degree. This following summer I am going with my family on an extended tour of the United States. This next year I intend to go to Georgia Tech for further study."

Last of all we hear from Opal Weller.

"I am working as county clerk of Fisher county. It is indeed a nice position and is filled with interest. We are all enjoying our reunion and I hope we may do it again in 1940."

"Now that all of the students have told you what they are doing, we sincerely hope that you have enjoyed the program as much as the students have enjoyed it."

This is Station GAB signing off at exactly 11:30, a. m., Central Standard Time!"

Meva Doak and Dorothy Egerton.

The Tiger's Tale.

**DENTAL HYGIENE**

By J. E. WATSON, D. D. S.

Most people think they can keep a clean and healthy mouth by keeping their teeth clean but this is not always true. A tooth brush cannot reach every place in the mouth, therefore it is in these remote spots that infection is first found, for whatever diseases originate in the mouth, the germs or bacteria get their start in these hiding places or spots where they have a chance to develop and not on the clean surfaces of the teeth.

Infection about the teeth is no difference from infection in any other part of the body. If we clean up and get rid of the places that are harboring bacteria, we eliminate the infection. Bacteria can attack tissue cells only when they are growing in masses, and when we reduce the number of bacteria in the mouth to the minimum, we need have no fear of infection.

Don't worry too much about the starving Chinese and the struggling Russian peasants; there are matters nearer enough for your attention in Texas.

### SENIOR CLASS SONG

Carry me back to memory's lane,  
Of eleven years we've trod side by side,  
Each day a different story of records  
That will soon be forgotten in a day.

There shall be those going east and west,  
And to those going north and south,  
We bid to all that sweet farewell,  
But remember in all thirty-two.

Yesterday was so precious to recall,  
And today there's always calling,  
Someone answering on down the roll,  
So remember our glad times together—the rest let's pass by.

Chorus—  
So carry me back to the days that are gone by,  
For tomorrow we shall say goodbye,  
Each one takes its tasks alone,  
So let's hope for the ship to come home.

Tune: Carry Me Back to Old Virginia.

Floye Brownfield and Audra Jenkins.

—The Tiger's Tale.

### MRS. WEDGEWORTH TO RETURN SOON

Mr. Wedgeworth reports that Mrs. Wedgeworth is rapidly improving. She has been moved from the hospital to her mother's home in Tenaha where she will stay for about two weeks. It is hoped that she will be able to be in Snyder by the first of June.

—The Tiger's Tale.

### SUMMER SCHOOL

It has been announced that there will be a summer school of nine weeks, starting June 9, 1930.

Mr. Cox and Mr. Sullivan will be in charge of the classes. One, two or three courses may be taken but three is the limit. Quite a number of students have enrolled already.

—The Tiger's Tale.

### UNCLE BILL SAYS:

that—it's time to say good-bye and goodbye to all.

that—the world is not so large, and we're not so old; it is probable that we'll meet again.

that—the earth may be round, yet, it still has plenty of rough corners.

that—making new friends is one of the grandest sports the world offers.

that—Rabbi Ben Ezra, was talking beyond his ears, when he said, the past has been good—

—The best is yet to be.

that—significant words at this time are—it is great to know you—it has been lovely to be your friend—good cheer, good luck, and good-bye!

(Signed) W. N. Corry.

—The Tiger's Tale.

### TO THE CITIZENS OF TEXAS

Since I am asking your support for the office of State Comptroller of Public Accounts subject to the action of the Democratic primary to be held in July, you are entitled to know who I am, my qualifications, my political faith, what I stand for, and how I propose to conduct the office to which I aspire.

I was born in McLennan county in 1875, the son of an ex-Confederate soldier, and during my childhood moved with my parents to West Texas, where I have since resided. I was reared on a farm and ranch, and attended the public schools and normals. After completing my education, I taught in the schools of that section for many years. I served my county as tax assessor, was elected President of the Tax Assessors' Association; served five years as Mayor of my home city, Sweetwater; and was

at the time of my appointment as Comptroller engaged in business in Sweetwater, Texas. Any success that I may have had in any positions that I have accumulated must be attributed to hard work. Therefore my sympathy is with that large group which comprises the laboring masses.

I am a Democrat of the Jefferson and Jackson faith, a life-long prohibitionist, and a member of the Board of Stewards of the First Methodist Church of Sweetwater. When appointed to serve the unexpired term of Honorable S. H. Terrell, resigned, as Comptroller, and on my name being sent by the Governor to the Senate for confirmation, my appointment was confirmed without a dissenting vote. I am under no political obligations to any man or any organization other than the Christian fellowship and the Democratic Party, and, in my official capacity, to the entire citizenship of Texas.

I believe in the strict enforcement of all laws on our criminal statutes, both State and Federal. I have fixed ideas as to the manner in which this office shall be conducted under my supervision. Realizing that the Comptroller's office belongs to the people and that they are entitled to an audit of my stewardship, it is my aim and ambition to have a complete accounting system inaugurated during my administration so that information concerning the financial condition of the State may be available to every tax payer, and in order that this may be accomplished, I solicit the counsel and hearty cooperation of every county and state official. I shall devote as much time to my campaign as my official duties will permit so that I may personally discuss with the people my views of conducting the business of this department.

That the people may know my attitude with regard to the present personnel of the office, will say that I have made no changes, but should I be convinced that a change should be made in any division in order to render the public a more efficient administration, I will not hesitate to make such change.

Upon assuming charge of this office and in asking your favorable consideration of my candidacy, I do so fully realizing the duties and responsibilities incumbent upon the head of this important branch of our State Government. Feeling that I am fully capable of rendering my State the service to which its citizens are entitled, I place my candidacy in your hands, and should you honor me by reposing this trust in me, I promise to devote my time and ability in an honest effort to render you a service that will justify your support and confidence.

Respectfully submitted,  
GEORGE H. SHEPPARD,  
Comptroller of Public Accounts.

**PAULINE HAYNES**  
Maintaining the highest general average, Miss Pauline Haynes was named as Valedictorian of the graduating class of Fluvanna High School. She has been active in every department of school affairs.

**LAVERNE FARQUHAR**  
An outstanding member of the Senior class, Miss Farquhar since coming to Fluvanna has been a natural leader. She was named the Salutatorian. Miss Farquhar has been active in all school affairs.

**E. H. McCARTER**  
Two full years of real constructive work has brought re-election to E. H. McCarter as High School Principal. Organization and co-operation with all are watchwords of this fine young gentleman.

This ends the school year.

**CLEO TARTER**  
As Principal of the Fluvanna Grammar schools, Cleo Tarter has won recognition for his part in the successful and onward march of education in that neighborhood. His department has been on a par with every phase of the school's activities.

### HERMLEIGH SCHOOL GRADUATES FIFTEEN

Commencement exercises of Hermleigh High School were held last Thursday morning with fifteen receiving diplomas, the largest graduating class ever to come out of that school.

The graduates included: The Misses Claris Barkins, valedictorian; Vivian Beane, salutatorian; Ruby Kinzey, Leola Caffey, Jessie Fae Todd, Orlena Sturgeon, Bessie White, Verda Coston, Virgie Spikes, Lillian Groves, Lois Allen, and Messrs. Bill Teaff, Boyce Jones, Edward Stevenson and Joseph Groves.

Rev. M. L. Moody delivered the commencement address with County Supt. Bullock presenting the diplomas.

**PIKE'S PEAK TEST JOLTS AMERICA'S MOTOR OIL OPINIONS**

CONOCO

**Here's How** Some men prefer one kind of motor oil, some another. The jolt comes when the Pike's Peak Tests prove that most of these opinions may be comfortable, convenient, but not correct. . . . The generality that certain brands are better merely because they come from certain States has been quietly exploded. . . . Thousands buy by a respected color or trade mark, and not a few just don't care, and still buy on price. . . . The time is ripe for real facts. By the Pike's Peak Tests, conducted under the supervision of AAA observers, we are prepared to present dependable facts on CONOCO Germ-Processed Oils.

The outstanding results of these Pike's Peak Tests reveal many points of unusual significance. Under the conditions of the tests, which were comparable to severe service, these points were:

**Motor Wear** . . . Germ-Processed oil reduced it 76.4% throughout these tests, under that of the other oils used as a group. **Cost of Lubrication** . . . Germ-Processed oil showed an appreciable saving of 6.1%. **Oil Economy** . . . wins by 3.9%. **Gasoline Economy** . . . a gain of 7.2%. **Loss of Viscosity** . . . Germ-Processed oil was in 34% better condition after the tests than were the others! **Carbon** . . . shows an appreciable decrease after Germ-Processed oil was used. **Water Temperature** . . . was lower with CONOCO Germ-Processed Motor Oil.

Remember, CONOCO uses Mid-Continent paraffin base crude, then the "germ-essence" is added, which gives this oil that remarkable ability to penetrate metal surfaces. "Penetrative Lubricity."

The Germ-Process is Conoco-owned, And Germ-Process positively will reduce your car-operation expense, and lengthen motor life, by providing Penetrative Lubricity.

We invite you to select any operating conditions, no matter how severe, and we guarantee that CONOCO Germ-Processed Motor Oil will meet them better than the oil you have been using!

THE NEW FREE BOOKLET, "Pike's Peak Tests Confirm CONOCO'S Challenge," is ready. It will give you the detailed story of these tests, with photographs. Address Continental Oil Company, Ponca City, Oklahoma, or inquire at the nearest service station displaying the Red Triangle.

**THE MONTH'S NEWS**

May, the gentle inspiration of so many poets, this year stepped out of her character, and became a furious hellbag.

In consequence, headlines which appeared on front pages found their way to the editorial columns and provoked ream after ream of learned discussion.

Storm, mobs and census established a virtual monopoly on Texas news.

At Sherman, where a negro had confessed to the most heinous crime in the books, an infuriated mob usurped the prerogatives of the law, murdered a prisoner in custody of officers of the state, burned the court house, sacked and pillaged a large area in the negro quarter, and terrorized a large percentage of the negro population.

Tornadoes, sweeping through portions of the state, slewed death, want and destruction in their wake. The sympathy of the state was expressed through liberal donations to the Red Cross emergency funds.

And, finally, friendly disputes of ten years standing are being adjusted by announcements of the census supervisors. Especially significant is the fact that Texas now has two cities which rank second and third, respectively, in the South and a third city which lagged behind fourth place. New Orleans, long undisputed metropolis of the South, is alarmed and begins to fortify itself against an assault upon its standing. Texas cities, great, near-great and soon-to-be-great, recorded tremendous growths. Only the most daring venture predictions as to what Texas' standing will be in the 1940 census.

Not one Texas editor lifted his pen in defense of the Sherman mob, and practically every editor in the state urges that leaders and members of the mob be convicted and punished. One editor calls attention to the fact that Georgia, since it convicted a mob leader to life imprisonment some three years ago, has not experienced a single lynching to blacken its record. The artful suggestion has been noted and accepted by many Texas editors.

A rather novel solution of the problem is advanced by one editor and deserves more attention than it has received. While he confessed a constitutional aversion to weekend and Sunday labor, he contends that ever identified member of the Sherman mob should spend his Saturday afternoons and Sundays for at least a year to come, in reconstruction of the property which the mob destroyed.

There may be some legal difficulties to overcome before such punishment could be assessed against mob-members. It is certain, however, that the threat of such punishment would act as a powerful deterrent to incendiary and destructive tendencies of the mob.—Editorials of the Month.

**AN INDUSTRIAL-MINDED PEOPLE**

Texasans are becoming more and more industrial-minded. If editors of the weekly and daily press are a trustworthy gauge.

With the center-of-population creeping consistently westward and southward, the necessity for development of manufacturing enterprise in new and populous areas becomes more and more apparent.

Moreover, the state which invites and fosters industrial development now is the state which five and ten years hence will stand out as consistently prosperous.

Texas, perhaps, more than any other state in the Union, possesses all of the resources essential to sound and healthy industrial development. If Texas so will it, the 1940 census will reveal that she stands in the forefront of the industrial and prosperous states.—Editorials of the Month.

**TEXAS A TOURIST STATE**

Travel agencies in Europe and elsewhere are complaining that American overseas trade has fallen off to alarming extent. Editors point out two reasons for this condition: one, of course, is the business depression in this country; but the chief reason lies in the fact that American travelers are learning their own country offers a variety of attractions quite comparable to the best of old-world lures. In these travel-trends, Texas editors see an opportunity to develop within the state a profitable industry which distributes cash in liberal quantities, yet depletes none of the state's resources and competes with none of its established businesses.

Within the tremendous empire which is Texas, are found a wealth and variety of travel attractions which are challenged by few, if any, of the American commonwealths. There is the wide plains country, upon which persists the picture of the last frontier; there are the mountains of West Texas, surrounded by a semi-arid region of unique beauty; there are the forests of East Texas; there are miles of coast with incomparable beaches and travel by ways; and finally, there is the Magic Valley with its semi-tropical vegetation and its warm winter skies. To all of these attractions, too, must be added the lure which attaches to historic shrines, the romance of old civilizations, and the thrill of traveling highways first marked by the conquistadors and later dotted with America's own covered-wagon caravans.

Were this not enough, there remains the lure of that other civilization, and those other customs, which beckon from across the Rio Grande.

With a climate that attracts year round tourist trade, and with scenic grandeur to support the climatic appeal, there seems to be little reason why Texas should not take rank in the forefront of the tourist states.—Editorials of Month.

**COMMENCEMENT EXERCISES**

The Commencement Exercises are to be held Friday Evening, May 23, at eight o'clock at the High School auditorium. Col. "Bill" Easterwood of Dallas will deliver the address to

**TO THE LADIES OF SNYDER**

Men often think that they are the ones, too often the only ones, that can "build" their community, but I might as well let it be known now that I learned many years ago that if you want ANYTHING in a hurry—get the ladies behind it.

When it comes to choice of the men or ladies to "back" a given project, I choose the ladies for when you have the ladies you automatically have the business men.

Without the ladies there would be no community life—without the ladies there would be no communities and in their hands is the power to do anything, the power to get anything done—IF they will use it.

The men have their Chamber of Commerce, their Service Clubs and their this and that. They think they are the ones that run the town, but who do they depend upon when it comes right down to a job they are afraid to tackle; who does the vote seeker cater to at election time and WHO BUYS WHAT IS BOUGHT IN SNYDER?

If the ladies want anything they can have it—if they want it badly enough. Men know that. There isn't a merchant or a seller of anything that will not do their bidding, for they are the ones that buy what is purchased.

I believe I would be safe in saying that there isn't a lady in Snyder that would not like to see and be willing to help make Snyder a more tidy, cleaner, brighter, and therefore better community in which to live and raise their families.

I don't like the word "duty", but it IS the duty of every woman to see that Snyder is in spic and span order and if others, who are supposed to run things, do not make it so, I say to the ladies—take the matter in your own hands and do it.

If the men don't clean up the city dumps and rubbish heaps, if the streets are left dirty and disease provoking, if buildings owners won't clean up and paint up, if a merchant absolutely refuses to make his store do not do what they are SUPPOSED to do, to make things pleasant, healthy, beautiful, sanitary, and attractive, YOU can MAKE them do it.

The men may not like this—I may be severely reprimanded for putting this thought in your mind, but if MEN don't know this already, if the men do not recognize it now, it is time they were finding out.

I would be glad to hear from any women's organizations, any group of ladies or individual lady interested in building Snyder and my services are always available to help you in any way I can to assist you in any effort to make Snyder a bigger, better and more interesting and attractive community for you and yours to live, work and play and make money.

**the graduates.**

Following is the program:  
 Class March  
 Invocation — Rev. E. C. Lambert  
 Solo — Maurine Stinson  
 Address to the Senior Class  
 Col. "Bill" Easterwood.  
 Presentation of Diplomas  
 Awarding of Scholarships  
 Music — Snyder Choral Club  
 Benediction — Rev. Cal. Wright  
 The valedictorian of the 1929-1930 class is Maxey Chenuat, with an average of 94.8, the salutatorian is Gladys Lewis with an average of 94.4.

**FLUVANNA SCHOOLS**

The annual Grammar School commencement of Fluvanna schools will be held Friday night, with Principal J. M. Claunch of the Snyder schools giving the principal address.

"A Prairie Rose" will be given by the Dramatic Club, Saturday night with the following players included: E. V. Boynton, E. H. McCarter, Cleo Tarter, E. O. Wedgewood, J. W. Crowley, R. I. Greer, B. O. Staveley, Mrs. E. V. Boynton, Miss Chloe Collins, Colon James and Vera Staveley. Miss Staveley in the character of Rose Wilder, a prairie rose, takes the leading role.

**TURNER NEWS**

Mell Thompson  
 Turner Play

The Turner community staged a two hour and thirty minute play on Friday night, May 16. The name of the play was "No Account David." The characters were represented as follows: Mrs. Golden, a dear old lady, Mell Thompson; David Benton (Dave), a wanderer out of the depths, Victor Drinkard; Jean Mathews, a school teacher; Tiney Poteet; Ned Golden, Gran's grandson, a weakling, Clarence Williamson; Sheriff Frank Barnes, who does his duty, Jolly Irion; Mrs. Mattie Zona, a vaudeville performer, Ruby Berry; Zetta Zona, her daughter, Lorena Patterson; Chum Zona, her husband, Price Holt; J. C. Cooley, who holds the mortgage, Jolly Irion, and Bill, a small boy, Horace Patterson.

At the same time, the diplomas of attendance and non-tardy were delivered to J. C. Williamson, Temple Bates and Eunice Taylor. A trio reading was given by Joyce Clarkson, Hazel Berry and Nila Irion. The music was furnished by Mr. George Brumley, Mr. Clint Head of Turner and Mrs. Jones of Bethel community, while Mr. Green of Woodard community played and sang the song "The Old Fashion Mother," which helped carry out the theme of the play, "No Account David." Mr. Green also gave a few readings.

About five hundred people were present at the play even if it was a little cool for an outdoor play.

Roy Bates who is attending Tech at Lubbock spent Sunday with the J. N. Bates family.

Wanda Bernell Cornes visited little Miss Inogene Birdwell Sunday evening.

Mr. and Mrs. L. H. Johnson and family visited Mr. and Mrs. Parson's family Sunday.

Mr. and Mrs. F. O. Clarkson and family of Fluvanna were visitors of Mr. and Mrs. W. E. Clarkson Sunday afternoon.

Mr. and Mrs. A. P. Smith and family visited Mr. Smith's parents, at Dunn Sunday.

Mr. D. White and Mr. F. Shepherd were visitors of Mr. Victor Drinkard at Snyder Sunday.

Mr. and Mrs. John Williamson and family, Eunice Taylor and Johnnie Lee Holt spent the day, Sunday in the home of Mrs. J. C. Williamson.

Mr. and Mrs. L. H. Johnson and family spent Sunday with Mr. and Mrs. Parson.

Mr. Oscar Crawford spent Sunday night with Loraine Goss.

Mr. and Mrs. W. B. Head and family spent Sunday with Mr. and Mrs. J. S. Head and family.

Mr. and Mrs. L. M. Irion and family spent Sunday with Mr. and Mrs. June Irion at Snyder.

Mr. and Mrs. J. R. Williamson and family of Pleasant Hill visited in the home of Mr. S. C. Williamson.

Mr. and Mrs. Roy Neiley of Snyder visited Mr. and Mrs. H. B. Patterson and family.

Our community was made sad by the visit of the death angel into the home of Mr. and Mrs. W. S. Allrede in which he carried away little Odeal, aged eight.

**SOIL SURVEY SOON**

The U. S. Government, Soil Survey that has been promised for Scurry county the past two years will start within the next two months, according to word from A. M. College. Each farm in Scurry county will be given individual attention and this survey when completed will be a matter of public record and will give definite information on every bit of ground in the section. This survey will be one of the greatest improvements ever to come to Scurry as each farmer will know from Governmental test, exactly what seed his ground is best adapted for. Scurry county is growing and improvements are coming in all lines of diversified activity.

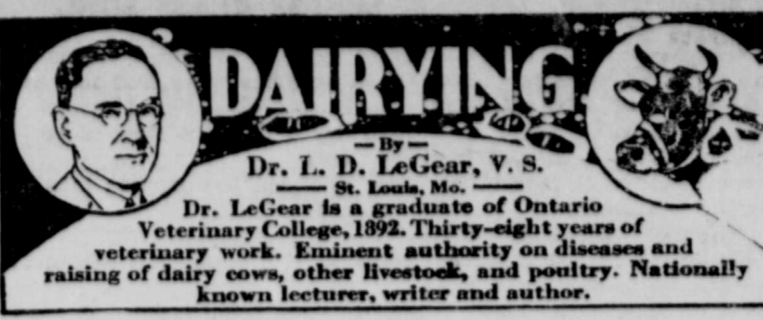

**WELCOME VISITOR HERE**

James R. Record, managing editor of the Fort Worth Star-Telegram was a welcome visitor at the Times-Signal last Thursday morning, just as we were going to press. Mr. Record with the Mrs. were taking a quick overland auto trip to various points in Texas, Snyder being a key town in their angle of promotion, it was indeed a pleasure to have this gentleman with us, as well as the Mrs. whom Jimmy carries along to keep his batting average at the proper angle of preservation.

**NO SCHOOL TODAY**

There will be no school today in the Snyder schools but all children are presumed to come Friday (tomorrow) morning for their report cards, is an announcement made from the school office, Tuesday morning.

A front page story in last week's Times-Signal that placed a question "How Far Has Snyder Got?" has not been answered as we go to press this morning. It is not likely that it will be, and that don't mean any perhaps, either.

**IT IS BLESSED TO GIVE AND RECEIVE**

The Dairy Cow Contributes to the Profits of the Farm and at the Same Time Helps Maintain the Value of the Land.

Editor's Note—This is another story in a series of articles written by the well-known national dairy and poultry authority, Dr. L. D. LeGear, V. S., of St. Louis, Mo. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

A friend of mine who traveled abroad this summer was struck by two observations he made while motoring through Bavaria and southern Germany. Houses and barns were built together under one roof. The very finest country homes were erected in that way so that it was not a matter of economy. The other thing that impressed him was the value placed on fertilizer. Out in the front yards, alongside the highways, one would see carefully stacked piles of manure, guarded and cared for as if it were so much grain.

This leads us to one of the most important benefits of dairying—its relation to fertility of the soil.

The history of farming shows that the raising of grain is always the first development. It is true the discoverers of this country brought some cattle with them. But it was two hundred years after the coming of Columbus that we began to think seriously of the dairy cow. Then we decided to import a few improved breeds from Europe where dairying was already an outstanding industry.

The year 1850 is given by most writers as the date when dairying in this country really came into its own. About that time we inaugurated milk trains, which furnished the city with milk from distant points. It is said the first cheese factory was established in New York in 1851. Condensed milk was discovered in 1856. Here followed in order the cream separator, which revolutionized the dairy industry, the Babcock test, cold storage, the formation of dairy associations, instructions in agricultural colleges, studies of nutritive values in milk, and the present era of improved herds and greater production.

But the raising of grain crops has always been the mainstay of the American farmer. The inevitable result is a decline in the fertility of the soil. The ground must contain nitrogen, phosphorus and potassium in proper quantities to be productive. Those chemical elements are removed when grain is harvested and sold. They must be returned to the soil in the form of fertilizer. For instance, if we replace the chemicals that a bushel of wheat takes away with it, we spend about 27 cents for fertilizer. A bushel of corn robs the soil of about 23 cents worth of fertilizer.

Dairy products on the other hand take little from the fertility of the

**ARTICLE II**

farm and the herds return in the form of manure the most valuable form of fertilizer we have.

It is estimated that the value of fertilizer produced by the average dairy cow in a year's time is equal to about \$28.00 in commercial fertilizer. If proper methods are employed, 80 percent of the quantity of fertilizing element from farm animals can be saved and used.

It seems to me that in this article and the one preceding it I have established a pretty good case for the farmer who includes the dairy cow in his program. First of all, milk is an essential food in our as I have attempted to demonstrate in the above, the dairy cow contributes very materially to the fertility of the farm land. When we have learned the value of natural fertilizer as the European farmer has learned it, we will place dairying in its proper place throughout agriculture.

**"BILLY THE KID" GETS GRAVE MARKER**

According to Mrs. Lizzie Lee, now at Corona, New Mexico, after years of neglect in which nearly all traces of their graves have been obliterated, Fort Sumner business men have marked out the boundaries of Billy the Kid's grave.

A marker will eventually designate the spot where lies the remains of the Southwest's most famous young outlaw, the light haired boy who had killed 21 men by the time he had reached his majority.

Lying in the old cemetery near Fort Sumner are Billy the Kid, Charley Boudrey and Tom O'Phallion, all of whom wrote flaming chapters of southwestern history.

A concrete curbing has been placed around the three graves, located side by side and a concrete slab has been placed over the grave of Billy.

The little cemetery contains about an acre and a half and is enclosed by wire fence. In the past twenty years only families of the old-timers who witnessed stirring history of the 60's have been permitted burial in the little plot. Among the families buried here are the Maxwells, Beaubiens, Abreu and Jaramillo.

**SINGING NORMAL OPENS AT SWEETWATER**

The first annual Singing Normal for West Texas will open at Sweetwater, Sunday, June 1 and continue for four weeks. Frank H. Stamps and his quartet will be in charge.

**PASTOR 100 YEARS SPEAKS AT LAMESA**

The Reverend T. A. Boycan, Dawson county's 100-year-old preacher, delivered a sermon Sunday at the First Methodist Church at Lamesa. Boycan, who was born in Belfast, Ireland, in 1830, came to America when he was five years old and has been preaching for 82 years. He reads without glasses and can hear well. The aged pastor says he has walked 17,000 miles on preaching tours and that he has baptized 11,000 people.

**NOT WHAT IT COSTS BUT WHAT IT WILL DO**

The price tag on a machine is not always the best indication of its true worth, says the research department of the National Association of Farm Equipment Manufacturers.

The hayloader of twenty years ago saved two men in the field, each of whom was paid about \$1 a day. Today the hayloader still eliminates the same number of men, but the saving in dollars and cents is probably three times as much.

No unusual mathematical skill is required to demonstrate that a machine which saves \$4 a day is a much better buy than the same type of machine at even half the price, several years ago when labor was considerably less of a problem than at present.

Not so many years back, the tractor was a one or two purpose machine. The tractor of 1930 is not only greatly improved over the pre-war product—or that of only five years ago—but its use has been materially broadened and its earning

power proportionately enhanced. Murray Wilson, a New York farmer, has been averaging nearly \$3,500 annually doing custom work for his neighbors, in addition to using his tractor for jobs on his own place.

When we think of farm machines in terms of money earned or dollars saved through elimination of expensive labor, we begin to realize more fully that the true measure of an article's value is not what it costs but what it will do.

**CANDIDATES INFORMATION**

June 14 last day for Precinct and County officers to file requests for name on ballot.

June 23 last day for candidates to pay assessment of expenses.

July 26, Primary election day. Polls open at 8 a. m. and close at 7 p. m.

No communication, unsigned, has any chance of being printed in the Times-Signal.

**"Things I Ate Hurt Me"**

"I HAD a severe case of indigestion," says Mrs. Bell Bucklemeister, 7 River St., Piedmont, S. C. "So many things that I ate hurt me, I almost quit eating."

"I would burn in my chest. I had severe headache, and such a tight, smothering feeling. I would be obliged to eat a little, then it would hurt me."

"A friend said to me: 'Why don't you take Black-Draught?'"

"I was just too weak then to do my work. I began taking small doses after meals, and in just a few weeks I could eat anything I wanted to, then take my small dose of Black-Draught and feel fine. I soon regained my health and strength."

Costs only 1 cent a dose.

## Church Services

Sunday School at all the churches was very well attended.

The Baccalaureate service was the outstanding event of Sunday. It was held at the High School Auditorium. Beginning about 11:30 a. m. was the processional, music by Mrs. R. A. Jones. Invocation was by Rev. R. L. Montgomery. Two songs were rendered by the choir, followed by the scripture reading by Rev. W. H. Harris. B. O. and Ora Stavelly sang a special duet, followed by another song by the choir. The sermon was delivered by Rev. Cal C. Wright of the First Methodist Church, Snyder, followed by song, benediction, and recessional.

This was a very fine program, and we consider it a real treat to have heard the message that was delivered by Bro. Wright. A very good crowd was present and all seem to have enjoyed the whole program.

Preaching services were held at the Methodist Church Sunday night.

Ladies meeting at the Fluvanna Baptist Church Monday evening and the Sunday School manual was taken up as a study by them in connection with their regular work.

## Visits and Trips

Mr. Hardy Hulsey of Crosbyton is visiting here this week.

Mr. Garrett Bley of Olton is visiting with his parents, Mr. and Mrs. J. B. Bley.

Mr. W. J. Beaver, Jr., of Roscoe is visiting his parents.

Miss Mae Frances Beaver who has been attending school at El Paso is visiting her parents here this week.

Miss King of Petersburg is visiting with Miss Turner.

Mrs. T. C. Hoy and daughters of Crosbyton are visiting with her parents, Mr. and Mrs. F. W. Park.

Mr. John Buchanan and E. V. Boynton attended the Sunday School Association meeting held at Union last Sunday.

J. R. Patterson and wife went to Abilene Tuesday.

Mrs. Cecil Smith of Justiceburg was in town Tuesday.

Mr. C. J. Davis of Treadway was in town Tuesday on business.

## Miscellaneous

Miss Jeta Landrum entertained her pupils with a picnic at the close of her school.

Mrs. H. H. Haynes entertained the Senior Class with a turkey dinner Sunday.

The Senior Play which was given at the High School Auditorium Saturday night was said to have been one of the best plays to be given at Fluvanna. The title of the play was "The Prairie Rose", a very typical Western play given by the Dramatic Club. In connection with this play will be given special music by the band and comedy and other entertainment between the acts. We hope you will all be present at this time, for another enjoyable evening.

## Birthday Entertainment

(Delayed from Last Week)  
On last Wednesday afternoon Berry Cibs entertained a number of his friends in honor of his tenth birthday. A number of contests and sports were enjoyed in the yard, after which the youngsters went into the house where more games and stunts were enjoyed. They then went to the dining room where the large birthday cake with its ten candles adorned the table. Each child lit a candle after which they all enjoyed the cake together with lemonade. Those present were: Carl and Lenora Pat-

## Konjola Ended Neuritis And Kidney Trouble

Well Known Waco Photographer Enthusiastic About New Medicine. "Proven Wonderful Remedy," He Says

MR. H. O. BRUBAKER

"I suffered for six years with neuritis, kidney trouble and constipation," said Mr. H. H. Brubaker, well known photographer, residing at 623 1-2 Austin Avenue, Waco. "My ankles and my limbs above the knees were badly swollen and gave me considerable trouble. It became an effort for me to walk. My kidneys were out of order making night risings necessary and causing me to lose restful sleep. My eyesight seemed to be falling on account of these conditions."

"Much to my surprise, I began to get immediate results after taking this medicine. The swelling left my ankles and limbs and I became stronger. I can now go about my work without stopping to rest. I have been relieved of constipation and my eyesight has improved since taking this medicine. I have and will continue to recommend Konjola to all who suffer from such ailments as I had. Konjola has proven to me that it is a different and wonderful medicine. It certainly proved its merit in my case."

Konjola was not designed to afford mere temporary relief. Taken systematically, over a period of from six to eight weeks, this medicine will amaze sufferers by the results obtained.

Konjola is sold in Snyder, Texas, at Stinson Drug Co., and by all the best druggists in all towns throughout this entire section. adv.

Abilene is well equipped to house the West Texas Chamber of Commerce convention meeting there on the last three days in May. In addition to 1000 hotel rooms, accommodations in homes for twenty-three tourist camps, some of them being the most modern in the west, a solid carload of cots has been ordered to take care of the hundreds of band boys who will attend the convention.

An Unexpected Expression  
Aspiring Poet: "Have you received any expression of public opinion on my new volume?"  
Publisher: "Well, one man with the same name as yours has asked us to announce that he is not the author."—Birmingham Express.

The only time a horse gets frightened on the road nowadays is when he meets another horse. —Chicago Daily News.

If you like people, you'll generally find they like you.

## Says It Was A Big Surprise

Young Business Woman in Charge of Coffee Shop Naylor Hotel, San Angelo Praises Argotane

"I have gained wonderfully in health on three bottles of Argotane and feel like my old self again," said Miss Billy Preston, in charge of the coffee shop, Naylor Hotel a few days ago.

"I was in a very much run-down condition," she explained, "from stomach disorders and most everything I would eat gave me trouble. My food would sour on my stomach and form gas that made me miserable for hours. My nerves were all on edge so I got little rest at night and when I went to bed I had headaches almost all the time and felt so wretched and no-account I hardly had any life or energy to do anything."

"I heard so many people telling about the good that Argotane had done them that I decided to try it. The way it took hold of my troubles was one grand surprise, too, and I hardly know how to begin telling of all the benefits I have derived from using it. I can say though that it has made a new person out of me. The gas has stopped forming in my stomach, my complexion is clearing up, I can eat anything I want without trouble. I sleep well at night and feel well all the time."

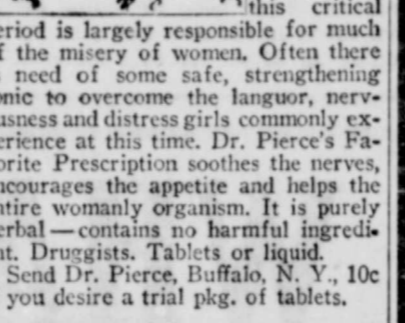

Genuine Argotane may be bought in Snyder at the Stinson Drug Co. adv.

The Hon. Carl Williams who represents cotton on the Federal Farm Bureau is coming from Washington to speak on the second day of the WTCC convention. This address and the debate on the Farm Board resolution will be of great interest to the business men of all towns of West Texas who are interested in securing a marketing unit of the Texas Cotton Co-operative Assn. which operates the Federal Farm Board.

## Girlhood

The trying time in a young girl's life is reached when Nature leads her uncertain steps across the line which divides girlhood and womanhood. Neglect at this critical period is largely responsible for much of the misery of women. Often there is need of some safe, strengthening tonic to overcome the languor, nervousness and distress girls commonly experience at this time. Dr. Pierce's Favorite Prescription soothes the nerves, encourages the appetite and helps the entire womanly organism. It is purely herbal—contains no harmful ingredients. Druggists, Tablets or liquid. Send Dr. Pierce, Buffalo, N. Y., 10c if you desire a trial pkg. of tablets.

## POST MERCHANTS—

(Continued from Page 1)

port from other towns in West Texas. The idea is taking hold in other towns in districts 1 and 2 of the West Texas Chamber of Commerce.

The organization at its Abilene convention the last of the month, is to be given the opportunity to go on record supporting the program. Local merchants and leaders in the chamber of commerce declare the movement is just in its beginning and is bound to become state wide.

"The beauty of it is that it does not require a big outlay of money to start," Secretary George Samson of the chamber of commerce said today. "All of these stores, and others, have articles made in Texas. If they would but call the attention of the people to what they have, it would mean a great deal for Texas manufacturers."

Some of the stores that have had special window displays the past week, with placards, calling attention to the products: Constitutional Farmers Store, lard; Piggly-Wiggly, pickles, pecans, coffee and sugar; Davis-Mason, furniture, made in Ft. Worth; Greenfield Hardware Company, collars, harness and floor sweep; Warren Bros. Drug Store, poultry supplies and candies; W. O. Stevens, dresses; Gollehon Grocery, flour made in the South Plains; Higginbotham - Bartlett Lumber Co., lumber, cement, nails, plaster, brick, lime and paint; Krauss Dry Goods Co., overalls, for men and boys and ladies ready-to-wear; Bryant-Link Co., Postex sheeting and ladies-ready-to-wear; Sorger Barber Shop, barber accessories; Graeber Grocery, blackberries and corn meal; Hamilton Drug Co., candies and toilet articles;

The Lockhart Barber shop are receiving some handsome new signs from the brush of A. E. Harvey, master craftsman at that sort of work.

## COLORADO BOY NOW TEACHING IN COLUMBIA UNIVERSITY

Joe Earnest, son of Judge and Mrs. C. H. Earnest of Colorado, has been elected to the position of professor of English Classics in the extension department of Columbia University, New York, according to word received by his mother last week. He also wrote that he will sail on June 14 for the British Isles.

The former Colorado boy and graduate of Colorado High School is teaching in the Riverdale-on-Hudson School for Boys in New York City this year.

Not yet thirty years of age, Joe is a graduate of Texas University, Sewanee University and received his master's degree from Columbia University two years ago, winning for himself during these school years high honors.

He will sail on the New Amsterdam June 14 for a three months' tour of the British Isles, spending most of his time in the Shetland Islands preparing himself for his teaching post in Columbia. Joe made a tour of Europe about two summers ago.—Colorado Record

## How Will the Farm Board Help the Cotton Farmers of West Texas?

Questions and Answers Prepared by the Organization Committee of the Texas Cotton Co-operative Association

Interesting data for Scurry County Farmers to check on previous to the big mass meeting to be held at Snyder, Thursday, June 5th. All business houses in Snyder will close their doors from 1 to 4 o'clock, the day of the meeting that every co-operation and activity may be given to Mr. C. O. Moser in his meeting here.

The following questions and answers should be carefully studied by Times-Signal readers.

**Q. How can the Texas Cotton Farmer receive aid from the Federal Farm Board?**  
A. The only way the Texas farmer, or any other farmer, may receive aid from the Farm Board is through a co-operative association.

**Q. Has the Farm Board named an association for the cotton farmer to join?**  
A. Yes. The Board has helped to create the Texas Cotton Co-operative Association, and is carrying on its Texas work through that association.

**Q. What is the chief reason that the cotton farmer should join the association?**  
A. The cotton market is controlled by world-wide conditions, and the cotton farmer can know little about such conditions, and if he knew, could do little about them without being organized. All big businesses are organized in order to know how much goods to produce, what kind, and when and where to sell it.

**Q. Haven't the cotton farmers been organized before, to do this?**  
A. Only three bales out of each hundred were handled by the cooperative associations in Texas under the old Texas Farm Bureau Cotton Association.

**Q. How is the Texas Cotton Co-operative Association different from the old Farm Bureau Cotton Association?**  
A. (1) All cotton is sold by the new association through the American Cotton Co-operative Association, under supervision and with the aid of the Farm Board.  
(2) The new membership contract may be cancelled by the member any year after the first two years.  
(3) Under the new contract, the member is not required to deliver all his cotton to the association. He is required to deliver every other bale until he has delivered ten bales. After that, he is free to deliver or not. The man who grows two bales must deliver one and may sell the other as he pleases; the man who grows twenty bales must deliver ten. After that, there are no more compulsory deliveries. The member may sell all the rest of his cotton in any manner he pleases.  
(4) The new contract provides that the cost of handling cotton shall not be more than 3 per cent, with a maximum of \$2.50 a bale.  
(5) It provides for audit and supervision by the Farm Board.  
(6) The new plan provides for branch offices in the larger cotton points in Texas. They will be in charge of federally licensed cotton classifiers, who will grade and staple members' cotton free, tell them what the price is that day according to grade and staple, give them general market and crop information, and render general service.  
(7) The new plan provides for separating Texas into six or more districts, each to become independent as soon as possible, and in the meanwhile, each to have an advisory committee to represent it on the state board.  
(8) Receiving agents will be appointed at points where branch offices are not located, to help members in shipping cotton, having samples graded and stapled, making advances and rendering other service.  
(9) Members will be allowed to place their cotton in "optional" pools, and to order it sold at any time, as well as in the "seasonal" pools formerly used.

**Q. Is there any other reason why the new association will prove more satisfactory to the farmer than the old association has?**  
A. Yes. The biggest thing of all is that the government of the United States is now backing the cooperative with hundreds of millions of dollars, and with the leadership of men, selected by President Hoover and Congress, who are considered the best-informed and most able men in the nation in regard to agricultural affairs. They will supervise and audit the affairs of the Texas Cotton Co-operative Association.

**Q. How is the cotton farmer represented on the Federal Farm Board?**  
A. Mr. Carl Williams, editor of the Oklahoma Farmer-Stockman, and a leader in cooperative marketing for many years, was appointed at the request of thousands of business men and farmers of the South, to represent the cotton growers on the Farm Board. There are eight other members, representing each of the important farm crops.

**Q. What is the Farm Board doing now for the cotton farmer?**  
A. The Farm Board has helped to create the American Cotton Co-operative Association, through which all cotton farmers of the South may sell cotton and receive information from the Farm Board, and join in all the movements which the Farm Board puts forward from time to time to aid the cotton grower.

**Q. Why can the American Cotton Co-operative Association sell cotton better than the individual farmer or small cotton merchant?**  
A. The American Cotton Co-operative Association is supplied with information by the Farm Board, from all over the world. It finds out what the market can, how

ed by the various state and national departments.

**Q. Will there be an important improvement in the condition of the cotton grower at once, as a result of this improvement?**  
A. That depends upon the promptness with which the cotton growers join it. The Farm Board is starting a movement which will take many years to reach its full usefulness, and will grow fast or slow in proportion to the manner in which the farmers fall in line. Mr. Legge, chairman of the Farm Board, says that when the farmers unite, the government will be for them a "stone wall from which they need never retreat."

### THE NIGHT LIGHT FOR BABY CHICKS

The favorable results secured by a large number of poultry raisers with the use of a dim light for baby chicks are being confirmed by experiments at the Massachusetts Agricultural College. Prof. Wm. C. Sanctuary reports that with 327 chicks under observation, the chicks aided by lights showed a gain in weight at four weeks of age which varied from 8 to 15 per cent depending upon the breed. This gain did not come from eating during the night but it was noted that the dim light kept the chicks spread out in the most comfortable sleeping belt available and enabled them to find their way back to the hove without becoming chilled. It was also observed that on cold mornings the lighted group of chicks lost no time before starting to drink and eat while a large portion of those in the unlighted group first took time off to get warm under the hove.

Where electricity is available either from a farm lighting plant or transmission line, a ten-watt light was recommended. This assures a dependable light which will not blow out or become an extra fire hazard, observes the research department of the National Association of Farm Equipment Manufacturers.

**Q. Doesn't the farmer who grows good staple now get more money for it than for short staple?**  
A. As a rule, no. The usual custom is to buy at "hog round" or "point" prices. The average staple of all the cotton bought determines the price.

**Q. Doesn't the farmer get as much this way as he would selling each bale on its individual merits?**  
A. He gets more for inferior cotton and less for good cotton.

**Q. How does growing short staple hurt the cotton farmer?**  
A. It puts him down on a level with the cheap laborer in other countries, who can also grow short staple, but most of whom cannot grow good staple.

**Q. What is the remedy?**  
A. To sell each bale on its value, from a staple standpoint, and so discourage the man who grows inferior staple and encourage the man who grows good staple.

**Q. How will the Association help encourage growing of good staple, besides helping to get a better price?**  
A. Good staple can be obtained by improving the land, by planting better seed, and by better ginning. The Association will work with other agencies to encourage community pure seed projects; and to work for better ginning. All these can be done much better by organized effort than by individuals alone.

**Q. Who will do this work for the Association?**  
A. The Association will have a field staff which will work with the association members in each county, and will aid the agricultural workers who are already employed.

**WHAT WILL THEY BE?**  
Since population figures have been made by Snyder and Hemphill, folks wonder what other points in Scurry county will show. The 1920 census shows the following figures:  
Eluvanna 375  
Dermott 75  
Dunn 50  
Ira 85  
Inadale 10  
Knapp 10  
Hud 15  
Pyron 25  
What will 1930 show?  
The Right Word  
"That baritone sings the same old song over and over again."  
"Yes, some repeatory!"

## Dawson County Farmer Feeding Out At Home

Shows By Example Money Possible Finishing Cattle at Home

Reports from Dawson county last week emphatically show the possibilities of raising beef cattle at home and finishing them in the county, instead of shipping them to other markets for fattening. The results as will be shown indicate a new source of income for Scurry county farmers who will follow the lead established by W. T. Williams, who lives near Lamesa.

According to County Agent W. W. Evans, he first cited the net income on beef cattle of \$3,920 on an original \$740 investment. In April Williams sold 30 head of home-raised and home-fed baby calves averaging 11 months of age and 705 pounds at \$11 per hundred. He received a total of \$2,326.50 for them. These calves consumed one ton of ground milo heads and 200 pounds of cotton seed meal each. The local price of maize during the feeding period from December 10 to the first of April was \$20 per head for feed. Williams charged himself \$40 for the feeder calves plus \$25 for feed and deducting freight and selling expenses which amounted to \$120, the total cost was \$2,070. This

left a net profit on feeding of \$256.50. Williams prefers to add the profit to the grain raised on his farm and which was consumed by the calves. By this method he realizes \$282.55 per ton for his grain and forage.

Williams has a square mile of land, 400 acres of which is in meadow grass and 240 acres in cultivation. He charges the mother cows with \$1 per acre on the 400 acres for pasture grass and \$8 per acre on 60 acres of cultivated pasture planted to sudan which equals \$27.50 per head on 32 head and \$2 per head for pasture in fields after harvest. This makes 30 head of calves cost him \$32 each, or \$960. By this method of calculation he makes a profit of \$8 per head by selling his own calves in his own feed pen. By adding the \$8 per ton over the local

market to 30 tons of home grown feed consumed, he makes a net profit of \$16.00.

Last year on the same marketing day with the same class of cattle, he received \$14.50 per hundred on a car of home grown, home fed calves and realized \$48 per ton for grain. He is not disappointed at the present price levels for beef and is planning to increase his feeding operations this year.

Four years ago Williams purchased 21 Hereford heifers at \$20 per head, and one pure bred bull at \$50. He increased his herd to 32 head of mother cows on an initial investment of \$740. Prior to 1929 he sold from his herd \$900 worth of stock cattle and \$1,837 worth of calves. He now has on hand 25 calves valued at \$750 and 32 cows at \$60 each. The total is \$1,920 including a bull costing \$100.

His total sales and stock on hand give him \$7,833.50 at an expense of \$3,520 during the four years and a book, and actual profit of \$4,313.50. Williams plants half of 240 acres of his cultivated land in feed crops and the other half in cotton. He began raising beef cattle when the prices were low and realizes the value of a continuous plan of production for marketing rather than a short time plan.

**CURB SERVICE**  
From the Bellville TIMES:  
Curb service is an extravagant habit, the invention of a lethargic mind. It is also detrimental to good health. A car will drive up and sound its horn; out comes the clerk, takes the order, returns to his place of business, brings back the desired drink, returns inside to wait on other customers, comes back upon a second sounding of the horn, returns to the house with an empty glass and a twenty-five cent piece, makes the change and goes back to the car to give the patron the change and finally returns to his place of business. The clerk has made eight trips—from behind the counter to the honking auto and back—a distance of not less than 50 feet for each trip or a total of

four hundred feet, sold a few cents worth of merchandise, and frequently compelled other customers in the business house to wait for service. While a soft drink is deposited on the door of the auto a gust of wind occasionally blows a heavy cloud of street dust into the glass filled with a delicious drink, and the curb patron of course gets the full benefit of this dust with a million germs thrown in for good measure. We can think of nothing to say in favor of curb service and believe it to be a nuisance.

### JONES WILL HAVE TWO OPPONENTS

Congressional politics in the 18th District of which Scurry county is a part and parcel are warming up with the announcement that the present incumbent, Hon. Marvin Jones will have two opponents, though the campaign is not yet under way.

The 18th Congressional District is the most extensive in the state of Texas, comprising 53 counties, as follows:  
Armstrong, Bailey, Borden, Briscoe, Carson, Castro, Childress, Cochran, Collingsworth, Cottle, Crosby, Dallam, Dawson, Deaf Smith, Dickens, Donley, Fisher, Floyd, Foard, Gaines, Garza, Gray, Hale, Hall, Hansford, Hardeman, Hartley, Haskell, Hemphill, Hockley, Hutchinson, Kent, King, Knox, Lamb, Lipscomb, Lubbock, Lynn, Moore, Motley, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Scurry, Sherman, Stonewall, Swisher, Terry, Wheeler and Yoakum.

### SENIOR EDITION OF TIGER'S TALE OUT

With Miss Enid Sears as Editor-in-Chief, the final Tiger's Tale of the 1930 season came to a close, Monday, when Times-Signal presses ground out the edition. Assisting in the number as shown by the editorial mast head of the paper were:  
Associate Editor, Bobbie Chambers

**WITHOUT A CARE!**

Such care is integral with our moving service that there's not a worry left for you. Such a system is employed, and so expert are our men that hardly is an interruption noted in your daily habits. We move you with dispatch, with least expense in time and money.

## Palace Theatre

Western Electric Sound System  
Sound at Its Best  
PROGRAM FOR THE WEEK

FRIDAY, MAY 23rd.  
"Caught Short" with Polly Moran and Marie Dressler and Anita Page. Also Fox Sound News and Comedy.

SATURDAY, MAY 24  
"Mountain Justice" starring Ken Maynard with Kathryn Crawford. News and Comedy, "Huntin' the Hunter."

MON. & TUES.  
May 26-27

"The Vagabond King" starring Dennis King with Jeanette MacDonald, Warner Oland, Lillian Roth. Paramount's All-Technicolor singing romance. Also Stan Laurel and Oliver Hardy in "The Hoose-Gow" all talking comedy.

WED. & THURS.  
May 28-29

"Young Eagles" starring Charles (Buddy) Rogers with Jean Arthur. Like another Wings but All Talking. Cartoon Comedy.

Coming May 30 & 31  
"PARAMOUNT ON PARADE"

## Baby Chicks

We now have 30,000 eggs setting, and are soon setting 30,000 more. These are Leghorn Eggs from the very best flocks in Scurry County.

**We Don't Buy Our Setting Eggs From A Grocery Store Like Our Competitor Does**

Now is the best time to buy Leghorn Chicks to get those Fall Layers. We are brooding 15,000 June Chicks, and you are welcome to come out and look at our plant—

*The Cleanest Up-to-date Hatchery and Brooding Plant In West Texas*

—THANKS!

## Green Hill Farm

We Are Still Leading—While Others Are Still Trying to Follow!

# WHAT DOES THIS PROVE?

If you are a merchant, go back over your books for ten years or twenty years or as long as you have been in business.

You will find that your biggest sales year was the year you did the most advertising in the Times-Signal and that your poorest sales year was the year you did the least advertising in the Times-Signal.

What does this prove?

Simply that volume produces volume and that anyone can determine which store is doing the largest business in town by picking out the store that is doing the best job of advertising in the Times-Signal. Watch this prove itself out every week.

Goods that are right in quality, bought right and priced right can always be sold profitably through Times-Signal advertising. There are no exceptions.

The SCURRY COUNTY  
TIMES-SIGNAL

# Society Events

## SPIZZ B. Y. P. U. ENJOYS PICNIC

The Spizz B. Y. P. U. of the Baptist Church enjoyed a picnic at Green Springs Tuesday evening. The cats were prepared in baskets and consisted of everything that makes a picnic lunch good.

Those enjoying the occasion were the Misses Lela Isaacs, Pauline Jones, Lila Mae Williamson, Ila Mae Erwin, Mable Isaacs, Clarice Erwin, Sadie Tell Jenkens and Messrs. Hershel Rucker, Jake Smyth, Roy Irwin, Forrest Wade, Arthur Duff, Melvin Newton, Jr., and J. M. Newton.

Mr. and Mrs. J. M. Newton were chaperones.

## SUNRISE BREAKFAST AT WOLF PARK

Mmes T. L. Lollar and Lee Newsum were hostesses at a delightful sunrise breakfast given for members and guests of the Business and Professional Women's Club Tuesday Morning at Wolf Park.

Delicious berries, bacon, eggs, rolls and coffee were served to the following members: Mmes. Melvin Blackard, Alma Buchanan, Ethel Casstevens, Nancy Caton, Louise Darby, Ethel Eiland, Bess Fish, Mabel German, Edith Hull, Inez Hamlett, Eula Keller, Mabel Deakins, Dora Morris, Jack Byrd, Daisy Smith, Katherine Thrane, Edna Tinker, Misses Georgia Bolin, Mattie Clark, Martha Gray, May McClinton, Blanche Mitchell, Gladys Mitchell, Elmer German, Ina Mae Caswell, Vesta Green, Ora Norred, Anne Duncan and Eloise Scott.

Club guests were Mmes. H. G. Towle, Ray Ferrell, L. E. Trigg, J. A. Hood, W. C. Shull, O. McClinton, Misses Mildred Paterson, Jeanette Lollar, Loree Trigg, Margaret Deakins.

The club voted to adjourn until September and Mrs. Alma Buchanan, retiring president, gave an interesting talk, voicing her appreciation for the cooperation given by each and every member of the club during the past year. Words of praise and welcome were extended to the newly elected president, Mrs. Daisy Smith, who responded in a fine way.

## FAREWELL PARTY

The Misses Dixie Davis and Saxton West gave a farewell party, Friday night, following the Senior Class play for Miss Mary Janet Smith, who left Tuesday to visit relatives in Ohio. The youngsters enjoyed games and refreshments and wished Janet a happy journey and a most enjoyable summer.

## CHICKEN FRY

Members of the Young People's Missionary Society of the Methodist Church, and several guests, enjoyed a fine picnic and chicken fry on Thursday evening. The party met at the church and motored to the Rucker Ranch where a delightful spot was chosen and all were invited to partake of a full share of fried chicken.

The party was chaperoned by

Rev. and Mrs. Cal C. Wright, Mr. and Mrs. Warren Dodson and Mrs. Joe Strayhorn and all report a wonderful outing and fine time in general.

## THURSDAY NIGHT BRIDGE CLUB

Mr. and Mrs. W. T. Raybon entertained the Thursday Night Bridge Club at their West Side home on the evening of May 15.

In the series of bridge games, high score prizes for members went to Mrs. G. B. Clark, Jr., and Dr. J. G. Hicks, and guests winning high score were Mrs. Forest Sears and O. M. Longnecker.

A lovely plate refreshment was served to Messrs. and Mmes. Wayne Boren, Ivan Dodson, Geo. Oldham, Albert Norred, Raymond Sims, J. G. Hicks, R. H. Curnutte, Jr., J. E. Sentell, W. C. Shull, Wayne Williams, and G. B. Clark, Jr., members, and Mr. and Mrs. Forest Sears, Mr. and Mrs. O. M. Longnecker, Mrs. T. L. Lollar and Mrs. J. J. Taylor, guests.

## CHRISTIAN ENDEAVOR UNION MEET JUNE 12-15

The Fortieth Annual Convention of the Texas Christian Endeavor Union will meet at Wichita Falls, June 11-15. This convention is attended by many hundreds of young people each year from all sections of the state. With large delegations already registered and overland caravans organized in several centers, all indications point to a large attendance this year.

## MRS. YODER HOSTESS TO ALTRURIANS

The Altrurian Club held their regular meeting on Friday, May 16, with Mrs. C. J. Yoder as hostess.

After a short business session, Mrs. C. R. Buchanan led the following program:

Poem, Writer of the West—Mrs. Joe Caton.

Roll Call Response, Wherein Lies the Charm of a Western Story? Report on Placements—Writers in the West—Mrs. C. R. Buchanan.

Better English Drill—Mrs. J. W. Leftwich.

Delicious refreshments were served to attending members and the following guests: Mmes. D. P. Yoder, Porter King and W. W. Smith.

The Club will be entertained by Mrs. Joe Caton on May 30, which will be the final meeting of the Club year.

## ESRUDOMA CLASS MEETING

The Esrudoma Sunday School Class of the Baptist Church met with Mrs. Walla D. Fish on Wednesday afternoon, May 14.

After a business session and short program, a social hour was enjoyed by Mmes. Forest Sears, Amos Joyce, Collie Fish, Alfred McClain, Jim Brooks, G. B. Clark, Jr., Wren Moore, Joe Graham, Leonard Daugherty, Willard Jones, Wayne Williams, and the Misses Alma Nell Morris and Lucy Bean.

## ALPHA STUDY CLUB

Mrs. Albert Norred was hostess to the Alpha Study Club on Tuesday afternoon, when the final meeting of the club year was held.

The appropriately named program, "Our Journey's End" was led by Mrs. Chas. Noble, and given as follows:

Roll Call: The Program I Enjoyed Most.

Article from National Geographic—Mrs. G. B. Clark, Jr.

Story of the Opera—Mrs. R. H. Odum.

Discussion of Art from Literary Digest—Mrs. Melvin Blackard.

What the Year's Study Has Meant to Us—Leader, Mrs. Noble.

A lovely salad course was served to Mmes. Raymond Sims, R. H. Odum, Chas. Noble, Bill Miller, Homer Snyder, Clyde Boren, G. B. Clark, Jr., Melvin Blackard, Wayne Williams, C. F. Sentell, J. E. Sentell, Wade Winston, Joe Graham, Alfred McClain, Forest Sears, Ivan Dodson, and the Misses Hattie Herm and Neoma Strayhorn.

## O. E. S.

Special meeting of Snyder Chapter No. 450, Saturday, May 31st, at 2:30 p. m. We will have several Grand Officers present, and the new officers will be installed for the ensuing year.

Visiting members welcome.

By order of the Worthy Matron.

## SNYDER GIRL MARRIES IN ALBUQUERQUE

Miss Lela Lee Casey and Mr. A. C. Hulsey were united in marriage at Albuquerque, N. M., Saturday, May 10, 5:30 p. m., Rev. Howard E. Malone, pastor of the First Christian Church, officiating.

Those present were Mr. and Mrs. Wade Greene of Albuquerque.

Miss Casey is the daughter of Mr. and Mrs. A. L. Casey of Ira, and has been employed at the Montgomery Ward store in Albuquerque for the past several months.

She has a large circle of friends who extend to her and her husband the very best wishes.

Mr. Hulsey is a prominent young man of Albuquerque who is connected with Swift and Company.

The happy couple will leave immediately for points east, after which they will return in two weeks and make their home in Albuquerque.

## GANNAWAY 4-H CLUB MEET

The Gannaway Women's 4-H Club met Wednesday, May 14, in the home of Mrs. J. W. Wade with Mrs. D. E. Watson presiding. Members answered roll call with "A short cut I have learned in sewing." Minutes of last meeting were read and approved. After a short business session, Miss Jessie Lee Davis, Home Demonstration Agent, gave an instructive talk on care and storage of clothing with special reference to arrangement of clothes

closets. Entrants were enrolled for the street dress contest; rules of the contest and special help in designing garments intended for the contest were given by Miss Davis.

A feature of the social hour was the gift basket instituted by the Sunbonnet Sisters, auxiliary of the club. Refreshments were served to the following members and guests: Mmes. Lon Harrill, E. R. Jones, F. D. Mueller, Morgan, D. E. Watson, J. W. Wade, H. C. Campbell, and Misses Ovella Gannaway, Ruth Wright, Mary Joyce, Jessie Lee Davis and Johnny Watson.

The club meets May 28th with Mrs. Campbell.

## CLUB MEETS

The German Girls' 4-H Club met May 15 at the home of Mr. Robt. Schulze.

Miss Davis gave a lesson on food preparation. The next meeting will be held at the home of Mr. Frank Wolfe.

## MISS CLARK HONORED

On Thursday evening of last week, at the home of Mr. and Mrs. Eric Grantham, the ladies of the Presbyterian Church were delightfully entertained, with Mrs. S. T. Clark, Jr., Melvin Blackard, Wayne Williams, C. F. Sentell, J. E. Sentell, Wade Winston, Joe Graham, Alfred McClain, Forest Sears, Ivan Dodson, and the Misses Hattie Herm and Neoma Strayhorn.

Among the pleasurable features of the entertainment was the advertising guessing contest in which each one discovered her name cleverly implied. During the art session when each was asked to portray in a drawing a designated animal or bird, Mrs. McPherson was given a prize for superior ability, her sketch being, supposedly, that of a quail.

In the latest simplified spelling contest, Mrs. Elza was forced to adjourn the class on a tie, she being unable to think of another word the speller could not spell.

Grateful words of appreciation were expressed for the faithful, loyal service to the church and Sunday School given by Miss Clark, and Miss Clark, in turn, gave a message of encouragement.

Mrs. F. C. Mellard of Marfa, Mrs. Joe Strayhorn and Miss Neoma Strayhorn were appreciated guests. Members of the class or church present were: Mesdames E. C. Lambert, George McDowell, A. M. McPherson, John Abercrombie, J. W. McCoach, T. E. Egerton, W. F. Bertram, J. W. Roberts, J. W. Hendryx, C. R. Buchanan, Miss Mattie E. Clark, Miss Eupha Bertram, and the hostesses.

The white and green color scheme of the evening was carried out in the pretty ice course which was served.

## ART GUILD MEETS

The Art Guild met Monday, May 19th, at the home of Mrs. C. W. Harless, with Miss Loyce Clark and Miss Mattie Ross Cunningham as hostesses.

Program given as follows:

Roll Call, Quotation on Art.

Flemish Art, Van Duck, Rubens—Alma Nell Morris.

Dutch Art—Rembrandt, Hale, Gladys Mitchell.

German Art, Durer, Hoffman—Elva Lemons.

Elizabeth Ney—Jessyle Stimson.

Delicious refreshments were served to:

Mrs. Joe Caton, Mrs. C. R. Buchanan, and the Misses Elva Lemons, Mae McClinton, Blanche Mitchell, Mattie Ross Cunningham, Loyce Clark, Jessyle Stimson, Gladys Mitchell, and Alma Nell Morris.

The next meeting will be held in the home of Miss Alma Nell Morris, May 27th.

## ANNOUNCEMENT

The Snyder Cemetery Association Committee announces that the first week in June will be general clean up week at the Snyder Cemetery. They hope that the public will cooperate.

## BABY DIES

Frank Troy Beavers, 4-month-old baby son of Mr. and Mrs. C. H. Beavers of Camp Springs died May 15. Buried at Camp Springs Cemetery May 16th.

## SNYDER BOY NAMED TO U. S. RANGER DUTY

L. B. Worley, junior geology student at Texas Tech, has been appointed a member of the United States ranger service for the summer, according to an announcement received this morning from superintendent of the service.

Worley is to serve during the summer in Yellowstone National park and will leave for Wyoming following commencement exercises at the college. He will return to Tech next fall.—Lubbock Avalanche

## FINE HERSHEY CROP

L. B. Cope who lives at west corporation line brought a number of Hershey stocks to the Times-Signal yesterday, that are as good as any samples that we have ever seen.

Mr. Cope planted his Hershey on April 1st and it was fully matured May 15th. He stated that his crows and chickens seemed to relish the feed very much. The more of this feed and forage crop that is coming in seems to improve on previous samples that have been shown at the office. Hershey seems to have started something in Scurry county.

The new Texas Pacific Coal & Oil company station is open. Odell Blackard is in charge.

THAT well advertised products are of a consistent and uniform quality.

Continuous advertisers always take great pride in giving careful attention to the requirements of their customers. They always make an effort to supply them with products of more than ordinary worth.

No one should have any hesitancy in buying well advertised products. They are the best that skill and modern equipment can produce.

Well advertised products are better products and should receive the consideration they deserve.

Everyone will find the advertisements both instructive and profitable.

Advertisers have a determination to impress upon their customers that they appreciate their business. Advertisers realize that they owe a duty to their customers and they work hard to discharge that obligation.

Business concerns who have worth while merchandise or service appeal to you through the advertising columns.

You get the best money can buy when you buy from regular advertisers.

Gasoline was down to 14 cents at one station here, Saturday.

## ON TO CANYON

The 16th annual assembly of the Epworth League will be held at Canyon, June 2nd to 6th. Clarence Walton will head a group of Snyder folks who will attend these great meetings.

## BOREN-GRAYUM INSURANCE AGENCY

Notary Public  
Legal Instruments Drawn  
Office under the First State Bank & Trust Co.

### NOTICE TO RANCHERS

Being personally acquainted with a great many people in the Graham and Young County Oil Field, I am in position to find a buyer for your farm or ranch.

See me and we will talk it over.

**A. N. HAMRICK**  
2nd Door South Palace Theatre. P. O. Box 788  
45-1fc

Governor Dan Moody delivers the principal address on Thursday, the opening day of the West Texas Chamber of Commerce at Abilene, May 29, 30, and 31.

Thank goodness June 2nd is final date for state candidates for so many Governor aspirants are going to be dashed to the far-flung thickets that its going to be a hardship on some one. So mote it be.

## JOE STINSON UNDER KNIFE AT ABILENE

The many friends of Joe Stinson will be happy to learn that he successfully underwent a major operation at the Baptist Sanitarium at Abilene, Monday, and expects to be back home in ten days.

### THANKS FROM SIMMONS COWBOY BAND

Sec'y Watt Scott of the Chamber of Commerce received a letter Tuesday from G. B. Sandefer, Business manager of the Simmons University Cowboy Band stating that the entire band wanted to thank the city of Snyder for the courteous treatment they had received on their last visit.

Incidentally, their Bandmaster, D. O. Wiley stated during his visit here "that in J. W. Crowley, they had one of the outstanding band men in the State of Texas." Snyder likewise appreciates that fact for Crowley has more than won his spurs here.

Advertise in the Times-Signal.

Yoder-Anderson Motor Company. 49-1tc

**SCURRY COUNTY HENS MAKE 28c PER HEN PROFIT DURING APRIL**

According to official figures from County Agent Logan's office, a summary of 1,646 hens in the flocks of six county poultry demonstration leaders showed a profit of 28 cents each, above feed bills for April.  
F. I. Townsend with white leghorns, and Charlie W. Morton with Anconas were leading with approximately thirty-four cents per hen profit above feed during the month. However, their profits were raised some because they were selling setting eggs.

**FLUVANNA VISITOR FLIES TO NEW YORK**

Miss Dean Whatley, daughter of Mr. and Mrs. Dan Whatley of Wichita Falls, who has spent most of the winter on the Whatley farm near Fluvanna has returned from a three weeks' visit in New York City, making the trip in the McKanna six place Travelair plane with Mr. and Mrs. Jas. E. McKanna, William M. Nichols and the two pilots, Fred Bidenour and Burt L. Walker.  
They took off from the Wichita Municipal airport, landing in New York in seventeen hours, flying over Niagara Falls, West Point and several other interesting places. Enroute home, she visited her sister, Miss Happy Whatley, who is a student in the University of Iowa at Iowa City.

**KEEP THE PULLETS ON FULL FEED**

County Agent Logan  
Particular attention should be given the pullets all the summer if they are given a chance to lay fall and winter eggs. The cockerels should be sold or taken out as soon as possible, and the pullets should not be allowed to run with old hens.  
Pullets should have plenty of room, plenty of shade, and cool water. Pullets do rather well on heavy grain feeding through the summer and old hens should have only light grain feedings. The most desirable way to develop pullets is to feed grain and growing mash in hoppers, the grain and mash hoppers should be the same size, giving each pullet one inch feeding space on mash hopper and the same on grain hopper. The hoppers should be in the shade, and out in growing sudan grass is a good place, with water convenient.  
There is little danger of getting pullets too fat if fed on starting mash, hen growing mash; if the mash is kept before them at all times. Late hatched and some of the early hatched pullets will need full grain ration if they are large enough and ready to start laying in October.  
A very good grain ration would be milo or kaffir, 50 pounds, wheat 25 pounds, and oats 25 pounds, well mixed and kept in hopper at all times for pullets. Some fellows like to use yellow corn and in that case use corn and milo or kaffir equal parts, 30 pounds each, and wheat and oats 20 pounds each.

**APPENDICITIS FATAL**

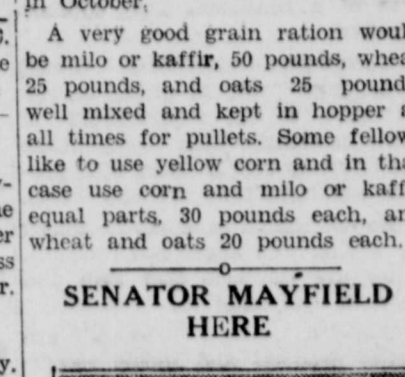

Adelle Aldredge, 7 year old daughter of Mr. and Mrs. W. S. Aldredge, living on the Joe York ranch west of Snyder, died Saturday, May 17, of gangrenous appendicitis. The little girl was rushed to the Emergency Hospital on Wednesday, May 14. An emergency operation was performed and the

**Church School Goes Bankrupt At Littlefield**

**Snyder Had Opportunity At One Time To Secure School**  
Littlefield College, owned and supported by a division of the Church of Christ which is opposed to Sunday School in church services, filed voluntary bankruptcy proceedings Saturday, in the Lubbock division of Federal Court. Officers of this same school made overtures to Snyder in several mass meetings to bring the college to this city but there was not sufficient local response given. This was in 1928.  
Established in September of 1928, when the City of Littlefield donated 1,200 acres for a site, the college, which has an enrollment of 60, is completing its second year's existence in the Lamb county city.  
Moved from Gunter  
Littlefield College was originally Gunter College, which was established in the Grayson county town of that name in 1901 by N. L. Clark, who is now principal of North Side High School, Fort Worth. When the institution was moved from Gunter, John R. Freeman, now of Elk City, Okla., was president. R. F. Duckworth, who taught at Gunter, was named president of the college when it was re-organized at Littlefield.  
The college rigidly enforced a rule which prohibited participation in intercollegiate athletics. Improvements of the college on the Littlefield site are valued at approximately \$25,000.  
Support Inadequate  
The college, which depended upon subscriptions among members of the denomination who were opposed to Sunday Schools, has never been adequately supported, it was said. Indebtedness of the institution is not known, due to the fact that no schedule has yet been filed.  
Fourteen resolutions, having to do with the development of West Texas and of the State, have been submitted for consideration of the Abilene convention of the WTCC. These will be debated on the floor of the convention, voted on by member towns and the result will be the work program of the organization.  
Renew your subscription NOW.

space on mash hopper and the same on grain hopper. The hoppers should be in the shade, and out in growing sudan grass is a good place, with water convenient.

**SENATOR MAYFIELD HERE**

Following an engagement Tuesday night at Albany, former United States Senator Earle B. Mayfield spoke here at 2:30 yesterday, in the interest of his candidacy.

During the course of his remarks, Senator Mayfield dwelt for a time upon the chain store problem.  
The speaker made a decided hit in his talk here which was listened to by a packed court room.  
County Chairman Frank I. Townsend paid tribute in his introduction of the speaker, while Judge C. F. Sentell likewise paid high compliment to the ability of Senator Mayfield. Senator Mayfield has a platform that will win for him the Governor's chair when the final results are known.

C. M. Harger, editor of the Abilene (Kansas) Reporter, says:

THAT building a town is not a matter of a few men erecting and owning buildings or enterprises. That may be done and yet the town as a whole have but a faint touch of the enthusiasm needed to carry it to success. Nor is the largest town always the best. The best place to live is where there is the most of contentment and a job for everyone who wishes it.

A chamber of commerce is not a panacea for every ill that afflicts nor is it a preventer of all disaster. What it does do is to unite the business interests of the community to secure for the town every good thing that will add to comfort and development. This includes streets, lights, schools, libraries, parks, new enterprises and advantages. It reaches into the intimate life of the people and means a benefit to all.

Towns do not simply grow. Nor can a town ever have everything it desires. It is smart if it does not waste time trying to get something it knows it can never secure. It is smarter if it does make the best of what it has and can conceivably obtain and brings that possession up to the highest point of usefulness for all the people.

A chamber of commerce is the index of town life. It should have the support of every firm and every professional man as the most useful medium for developing the community.

**WEST TEXAS**

(Continued from Page 1)  
manager, announces.  
**Towns to Aid**  
All towns in West Texas will be asked to use the stamps and booklets. Each local chamber of commerce will sell the stamps to business and industrial establishments in the community served for use on all correspondence.  
The booklet covers will have a special cover design with sufficient blank space to allow each town to publish a distinctive piece of community advertising literature that will have an individuality and at the same time carry out the general idea of connecting each town using them with West Texas and the general campaign to advertise the territory, the general manager says.  
Each of the fifteen stamps will carry the WTCC slogan and also call attention to some outstanding feature or fact of the section.  
Approval of the plan has been accorded by a large number of commercial organization executives in West Texas and the chambers of commerce of Fort Worth, Amarillo, El Paso, Stamford, Graham, Coleman and Sweetwater, together with the Wimberly-Hubbard Agency of Fort Worth have joined the regional organization in sponsoring the undertaking.  
All towns in West Texas, no matter how small, will be enabled, Banden declares, through this cooperative advertising campaign, to

issue a booklet giving information about the community, with an outlay of money that can be afforded. The stamps will be sold at a low price, but one which will give a margin of profit over the cost and the difference will be used to pay for the literature, according to the plan of the campaign.  
When I love most, Love is disguised In Hate; and when Hate is surprised
