The Scurry County Times

OFFICIAL NEWSPAPER FOR THE CITY OF SNYDER AND SCURRY COUNTY

AND SNYDER SIGNAL

WEST TEXAS' LARGEST WEEKLY NEWSPAPER

FORTY-FOURTH YEAR

SNYDER, TEXAS, THURSDAY, OCTOBER 2, 1930.

NUMBER 16

A hustler has no time for bad luck.

One of the needs of the times is to impress on many persons the importance of slowing up at curves.

Go-getter: One who presses a button and tells somebody else to go get it.

Relatives are people who wander how to contrive to keep on fooling the world.

Men become more active under civilization; they must, in order to survive it.

Of all the words that make girls glad, the pick are these: "Charge it to Dad."

The pay for good magazine stories is too low, and you can't lay that on overproduction.

Banks had to merge. This hunchon club age is producing very few men with cold and fishy eyes.

There's so much bad in the rest of us that it hardly becomes any of us to act as models for the rest of us.

SUBSCRIPTIONS FOUR

The bargain rate of the old home paper has struck bottom—folks are coming from all points to get their names paid ahead on our list, and The Times-Signal thanks them generously and heartily for the fine response that has been given. With forty-three years at its back, with approximately \$30,000 invested in one of the finest plants in West Texas, the paper takes no back seat for any other newspaper in this wide expanse of territory. It pays tribute where it is due, and can with equal facility, kick with any "mule" that walks or crawls—that's the old home paper.

LISTEN TO THAT BAND

Snyder's band under Millard Shaw is making wonderful progress. When their part of the program was ready at Tiger Stadium, Friday, led by Drum Major John Billy Beggs, they looked and acted like a whole million dollars, ably backed by the magnificent team work of the High School Pep Squad with Yell Leaders Miss Ida Sue Wallace and Grover Scott in charge. They were simply fine, and more power to their every effort.

COUNTY BOND ISSUE

Murmuring is heard concerning the bond issue vote for improved county roads, Oct. 18th. Some like it, others don't. Whatever you feel about it, we won't confine your expressions to 300 words and let us print your viewpoint. The bond issue concerns every person in Scurry county. If the majority want it, fine; if the majority says No, that also is fine. Whatever the majority say or do is always of interest and The Times-Signal would be most happy to express your viewpoints in the matter.

OIL NEWS COMES

Manager M. Z. Dibble of the Scurry County Oil Exchange has been spending several days the past week at Rosebud, near Marlin, where the interests he represents have some fine looking oil property, with a "gasser" that has just come in.

Interest in Scurry county oil news continues unabated and it is hoped the Murphy No. 1 well comes through with what appears to be a real well. The well pumped 100 barrels of oil in its first twelve hours test around the 2,850 foot level. If a lower depth is necessary for another test, plans are being laid to handle that matter.

Hon. Charles A. Selfert of Danbury, Conn., who has invested thousands of dollars in Scurry county leases is expected here one day this week to personally inspect the holdings in this section. Announcement of what will be done is not known as this column is being written, but The Times-Signal gladly welcomes Mr. Selfert and his party to the best county in all West Texas, bar none.

OUR DEBT TO MORROW

Dwight Morrow is coming home. He is leaving behind in Mexico a degree of respect and affection rarely accorded by any nation to a foreigner. But that is the point—Mexicans don't think of him as a friend. Even in his official capacity.

Sweetwater to Stage Auction

Despite the postponement of the Midwest Exposition, the twenty-five bulls and ten cows from the best registered Hereford herds in Nolan county's breeding territory are to go on the auction block at Sweetwater Friday, October 3, according to announcement by J. N. Dalaney, Secretary of the Sweetwater semi-annual sale.

SNYDER TIGERS DEFEAT ROTAN HERE FRIDAY

First Conference Game Results in 57-0 Score With 3 Teams on Field

Scoring at will, using three complete and different squads, Snyder Tigers romped through to a 57 to 0 win over the Rotan Yellowhammers, Friday afternoon, in their first conference game. Scoring seventeen first downs to Rotan's one more than tells the story. Rotan made their first down at the end of the last quarter when but three varsity men were on the Tiger squad.

Starting line-up for the Tigers included: Greenfield, lb; Browning, lt; Clements, lg; Dan Trice, center; Capt. L. R. Trice, rg; Drinkard, rt; Jones, re; McClinton, qb; Clark, rh; Erwin, lb; Johnson, fb.

Referee: Pat Murphy, Abilene High School; Umpire: Dr. J. G. Hicks; Head Linesman, Earl Fish; Timekeeper, Pat Bullock.

Erwin kicked 20 yds. to Rotan who went 6 yds. through Snyder's right side on first play; 2nd no gain and penalty for offside with attempt at forward pass which M. M. Clark caught. First play, McClinton went 6 yds. Clark thrown for loss with McClinton punting out at Rotan's 8-yd line. Rotan punted on first play to their 26 yd. line, with Erwin making 2 yds. first attempt; McClinton to Johnson 4 yds. when McClinton went 21 yards with a battering ram drive and the game's first down. Johnson went 4 yards over for a touchdown in 5½ minutes of play.

Snyder 6, Rotan 0, with goal missed.

Erwin kicks 35 yards with Browning and Clark downing Rotan man on their 20 yard line; three unsuccessful line plays and Rotan punts to McClinton who comes back 10 yards; Clark went 20 yards in a hurl and at twilight he was downed; Johnson 5 yards; McClinton another 12; then Johnson drives thru to line and another touchdown in 8 minutes of play.

Score: Snyder 12, Rotan 0, goal missed.

Erwin again kicks and Andy Jones tackled P. Cayue in his tracks. After two plays, Rotan punts and McClinton completes a sensational return of 22 yards; Clark went 14 yards; then Johnson crashes right side for another touchdown.

Score: Snyder 18; Rotan 0. Ferguson went in for Erwin; Isaacs for Clements; Howell for Clark and Smith for Dan Trice as the second quarter started.

Second Quarter

Capt. Trice kicked and after Rotan was stopped in two plays, then punted; Howell was good for 6 yards; Ferguson 12 yards; Johnson 6; McClinton 9; Johnson 3; Johnson 4 when McClinton breaks thru to within 8 inches of the goal line. On the pass, Johnson fumbles, Rotan recovering and they punt. On these plays, Browning, Drinkard, Jones, Greenfield, Trice on the line were doing sterling work. After several plays, Back Howell broke thru and scampered like a deer, 40 yards to another touchdown.

Score: Snyder 24; Rotan 0, Erwin

Saturday Reports Best Business in Many Months

All Business Houses Reported Substantial Increase in Sales

Considerable constructive advertising carried in The Times-Signal the past week coupled with fall prosperity resulted in the largest volume of sales of any one day for several Snyder business concerns in many months.

FOLKS, WHAT ABOUT YOUR MAIL BOXES?

Apparently home owners residing within the territory that will be served by free mail delivery are mostly related to Rip Van Winkle and are asleep at the switch. The quicker that mail boxes are made available, just that much quicker will free mail delivery be made a daily fact in Snyder.

One lady soliciting homes for mail boxes, Saturday said "she was going to carry a sledge hammer and an axe along with her." Such forgetfulness on the part of residents to purchase mail boxes is not to be emulated with other progressive movements.

Snyder stands ready for free mail delivery, but just an atom of cooperation must be given by residents in placing mail boxes at their homes. Wake up, Rips, out of your sleep, spend two-bits and get your box. Selah!

Cotton Burrs Will Serve As Stock Feed

In answer to an inquiry from County Agent Knox Parr, to Mr. F. D. Fuller, chief of the Feed Control Service, Texas Agricultural Experiment Station, the following letter has been received and should be of interest to every farmer and stockman of the county, who will have to purchase roughage for his stock this winter:

"In reply to your letter of September 18th, would say that usually crushed cotton burrs have a greater feeding value than cotton seed hulls and fat and protein contents will depend in a great measure upon the amount of cotton seed present. I believe it is safe to say that crushed cotton burrs occupy a place midway between cotton seed hulls and hay in feeding value."

F. D. Fuller,

Chief Texas Feed Control Service. There are thousands of tons of this material being burned at the pines this year and every other year and it would be wise for the farmers and stockmen of the county to make greater use of this feed than is being made of it. Already quite a few are using these burrs in their feeding and although as is seen from the letter quoted, the feeding value is not very high, but in years like this the burrs can be used to take the place of high priced feeds.

When the farmer takes a load of cotton to gin is the best time for him to get a good load of rough feed for his livestock. Necessarily this hauling of burrs will have to take place during the rush season of farm work, as the ginners cannot allow burrs to accumulate around the gin, thus increasing the fire hazard, but there is not a gin in the county who would not be glad for his customers to haul these burrs home and use them to their advantage.—Post Dispatch.

DALLAS NEWS CARRIES SNYDER BOYS' PICTURE

Front page, section two, of yesterday's Dallas Morning News carried the picture of Joe Tinker and Page Clevenger, Snyder boys, who were en route to St. Louis to see the opening game of the world series. These young men left here last Thursday, and rain held them up in arrival at Dallas, but "their one lunker" as the Dallas News termed their miniature Shaw auto, was hitting along fine as they arrived in that city.

The distance from Snyder to St. Louis is somewhere around 1,000 miles and the hood of the automobile conveys the message that "the boys are world series bound—the longest route in the smallest car." Another sign reads: "Sponsored by Caton-Dodson Dry Goods and Scurry County Times-Signal."

Letters to all city newspapers along the route were furnished the boys and they are receiving front page publicity wherever they land—so they are two real Snyder Good Will builders. Good luck to them.

"AD" TOPPED WEIN TO BE AT S'WATER

"Ad" Topperwein of San Antonio, one of the greatest shooters of all time, is to be in Sweetwater on an exhibition shoot at the Sweetwater Gun Club grounds, south of the city on Wednesday, Oct. 15. It was announced Tuesday.

Colorado Property Deal Involves \$50,000 in Trade

New Owner Related To J. C. Beakley, Mayor Of Dunn

Deal involving transfer of one of the larger business buildings in Colorado in exchange for a well improved irrigated farm in the citrus belt of South Texas was closed here Monday when A. J. Herrington traded his automobile sales and service building at Main and Elm to H. N. Beakley for a 1,000-acre farm in Frio county, says The Colorado Record.

Papers transferring the properties do not describe any given consideration for either the Herrington building or the farm. The Colorado property, however, among the largest and most attractive automobile buildings in West Texas, was erected a few years ago at estimated cost of \$50,000. It is 136 feet by 175 feet in size. The farm acquired by Mr. Herrington in the transfer is all valuable farm soil. It has 600 acres under cultivation, 40 acres of which is under irrigation and devoted to a thriving citrus orchard.

"Every acre of the land I have acquired is richly productive and suitable for cultivation," Mr. Herrington stated Tuesday. "In addition to the 40-acre irrigated citrus orchard on the property, there is considerable attention being given to pecan and English walnut culture, in addition to the cotton and grain crops."

The farm is said to be one of the best improved in that section of the State. Two paved highways pass by the property. In addition to the farm, Herrington acquired all machinery and equipment on the place. Eight good mules, seventeen head of registered dairy cattle and other livestock passed to the Colorado man in the transfer.

The property is about 150 miles north and east from valuable valley farm properties acquired a few years ago by Mr. Herrington and members of his family. He did not state just what his plans as to operating the newly acquired property might be.

Beakley is a brother of Mayor J. C. Beakley of Dunn. He acquired the Herrington property purely as an investment, expressing at the time his optimistic confidence in the future possibilities of the city.

Give us your news.

LATE OIL NEWS

Another production test for the Murphy No. 1 well was started yesterday afternoon at 3:30.

The Seifert-Dibble Blackburne No. 1 well which has been spudded to 132 feet was receiving lumber yesterday for the immediate erection of a standard rig. Art Robinson has been named head driller for this well.

Edward Goos and G. M. Heintzelman of Danbury, Conn., will accompany C. A. Seifert here this week end.

The Strayhorn No. 1 well is down to the 900 foot mark.

FIRE PREVENTION TO BE OBSERVED

Snyder schools in line with the observance of National Fire Prevention Week, Oct. 5th to 11th, will give the following chapel program, Friday morning, which will be in charge of R. P. Tull.

Fire Prevention Proclamation—Supt. C. Wedgeworth.

Meaning of Fire Prevention—John E. Sentell.

Song, led by H. F. Springfield.

Original Poem.

Message to all school children—County Supt. Bullock.

Pledge of Safety.

Dismissal by Fire Drill.

SPECIAL

State Highway Commissioner W. R. Ely will speak in Snyder, Oct. 11th, at Court House Lawn on Road Bond Issue. This information received as we go to press.

5629 BALES GINNED IN SCURRY COUNTY

The ginning report to Tuesday night shows:

Snyder	2789
Snyder	331
Dunn	501
Ira	230
Hermleigh	691
Camp Springs	149
China Grove	545
Inadale	393
Total	6629

Up to the same point last year, 4,005 bales had been ginned.

Estimates from various sources indicate that this year's crop will easily exceed 15,000 bales.

The dry goods stores have some specials in this issue.

Subscriptions Pour in From Every Locality

Special Bargain Rate Has Greatly Increased Renewals And New Readers

Subscribers have been pouring into The Times-Signal from all points of Scurry county with the announcement made early last month that we were cutting our regular rate right in two. Renewals from one to three years have been registering with a regularity that spells happiness to the folks who put The Times-Signal out and we have been happy to make this special concession to our readers, instead of operating a contest as in the past and dividing the profits with just a few people who are making it possible for every reader to enjoy this bargain rate.

Among the many renewals who have come to The Times-Signal during the past week are included the following:

W. J. Evans, L. Caton, J. L. Byrd, Frank Brownfield, P. L. Fuller, Mrs. Della Halla, A. D. McWilliams, T. J. Faught, H. F. Crowson, Nibe Warren, J. E. Jones, J. T. McDonald, A. N. Hamrick, J. H. Pinkerton, Mrs. M. K. Kendall, J. R. Rogers, L. N. Periman, T. J. Green, E. P. Wicker, Ina Mae Caswell and W. R. Wren.

W. G. Ralston, Philip Fisher, L. P. Stirling, Ted Gardner, J. R. Williamson, F. W. Powell, Ellis Abercrombie, Ira Riley, May Motor Co., J. O. Lockhart, J. J. Koonsman, Mabel Y. Gorman, G. R. Austin, Dave Nation, C. W. Morton, Mrs. H. B. Winston, T. J. Thompson, Mrs. J. S. York and John Weller.

J. W. Crowley, C. D. Cribbs, George W. Bruce, W. S. Clardy, E. I. Peterson, E. A. Black, A. H. Griggs, H. P. Winters, Wm. Evans, Z. P. Gillum, J. A. Merritt, J. L. Fields, Mrs. J. S. York, C. C. Head, Clare McFarland, F. W. Woolcott, T. S. Worley, T. J. Trice, Mrs. Mary B. Sterrett and Louise Moor.

Jack Bowling, M. P. Claybrook, Mrs. J. W. Warren, Earl Brown, W. M. Coach, Thomas M. Broadfoot, C. L. Rea, Wm. H. Smith, Mrs. M. Eyles, Mrs. R. C. White, W. R. McFarland, Mrs. J. T. Waits, Lou McGuire, H. L. Williamson, J. L. Fuller and J. W. Tomperton.

J. P. Aycock, Howard McDonald, Mrs. H. VonRoeder, Buford Browning, A. C. Elkins, W. B. Greene, Mrs. J. Longboam, James Turner, Effie Greer, C. H. Callis, Mrs. H. C. Greenfield, A. M. Weller, Travis Rhodes, Mrs. J. K. Mitchell, J. H. Spikes, Mrs. W. T. Murphee, G. L. Rodgers, Mrs. James W. Lynch, A. C. Cargile, W. G. Lee, Joe Roggenstein, Mrs. J. W. Russell, J. H. Hamlett, Dock Kelley and Mrs. W. L. Russell.

T. A. Lindsey, G. K. Crawford, J. W. Harris, W. M. Davidson, J. D. Smith, Mary E. Banks, John Robinson, Jim Ikard, W. A. Merrell, A. C. Morton, John Pavlicek, J. W. Gladson, J. H. Pinkerton, B. S. Pittner, Mrs. Nettie Wasson, Henry Kelley and W. C. Wenninger.

List to Tuesday morning only. The special low price of \$1.00 per year is still in effect, and only subscribers living in Scurry county, and counties adjoining are entitled to special rate. Among the large list of names appearing above are many who subscribed for two years, and a great number took advantage of three years in advance at \$3.00.

Another list of new and renewal subscribers will appear next week. Three subscribers in renewing their paper the past week emphatically stated that they paid an entire year's subscription through the savings in any single week of The Times-Signal. Our readers have been watching the ads, and these subscribers were especially interested in the Grocery Specials which have been appearing exclusively in the newspaper that is going direct into the homes, that is paid for and that is not sent out free to any selected list. Folks who pay for their paper are likewise the ones who are watching for the bargains which they are getting weekly in the newspaper which has the largest circulation in Scurry county.

POST ANTELOPES HERE

The Post Antelopes come to Snyder, tomorrow, for a battle with the Snyder Tigers. Not much is known here of Post's strength this year but with the rivalry of years gone by, a real game should be on tap. The game is not a conference affair and will have no standing whatever happens in the score, but to beat Post is well worth the attention of every Tiger booster. They have defeated the local team in the past and it would be fine to see the Tigers give them a real trimming this year.

CLUB SPONSORS BETTER LAWN CONTEST REPORT

Travis Rhoades and E. C. Neely First Prize Winners in Their Classes

Prize winners in the Better Homes and Gardens contest that was sponsored by the Twentieth Century Club were announced yesterday by the committee consisting of Mrs. J. P. Strayhorn, Chairman, Mrs. Henry J. Brice and Mrs. W. T. Raybon. Judging of the old and new lawns has been going on all summer and the names of these judges have been a secret.

The prize winners include:

First—Travis Rhoades, Second—Warren Dodson, Third—Henry Shuler, Fourth—G. R. Austin.

Cash for the prizes was donated by Sam A. LaRue of the Snyder Laundry whose worthy gift is appreciated by not only the members of the Twentieth Century Club, but the prize winners as well and the citizenship in general. Such booster proclivities are worthy of emulation.

Judging was based on care and attention, more than the amount of money that was expended for improvement. The contest started early in May and has been a great success, and the ladies of the Twentieth Century Club thank Snyder citizens in general for the generous cooperation and help that has been given them.

SPECIAL LECTURE

Mrs. D. P. Yoder will give a lecture on "My Trip Through Palestine" at the First Methodist Church, next Sunday evening at 7:30 p. m.

Pastor Cal C. Wright is inviting the people of the county to join in his service.

Give us your news.

COUNTY WIDE WINNERS IN 4-H CLUB CONTESTS

BURNING COTTON BURRS VS. FEEDING AND FERTILIZER

It has been well proven that the cotton burrs from the pulled cotton, and cleaned out at the gins, make good fertilizer and land conditioner. They are very rich in potash, and add humus, and help in preventing blowing. The wide-awake farmer that has used them for fertilizer knows it pays well for the trouble of hauling and scattering.

This year there is a shortage of feed, and quite a shortage of roughage. Cotton burrs will help materially to keep the sheep and cows hides filled and give the grain feed or cake a chance to do the utmost good. These burrs may be ground and fed with other feeds to dry cattle or sheep or do as well as hulls. They may be piled up and kept dry and fed as they are, and to say the least as a feed and fertilizer they should be hauled out from the gins this year and none of them burned.

HERMLEIGH BOY ADVANCING IN ARMY AVIATION

Paul Schattel, son of Mr. and Mrs. Emil Schattel who live south of Hermleigh recently passed his aviation examination and is ready for an officer's commission in the U. S. Army. Paul has been at Dodd Field, San Antonio and is Crew Chief of his particular flying group and has been steadily advancing in the aviation service of Uncle Sam. Of 389 students who took the examination, Paul was one of the 72 who successfully passed the required test and stood among the first five students.

Paul built the first plane ever to fly in Scurry county, together with the first steel hangar. This same ship is still in use, with his brother Eugene successfully operating from the Schattel Field at the farm home.

The Times-Signal joins with Paul's many friends in wishing him further and greater success in his aviation journey in life.

LOCAL STORES BUSY

Saturday was one of the biggest business days that Snyder has enjoyed in a long time, especially the four grocery stores who were carrying specials. Each and every one of them report fine sales, both for Friday and Saturday.

Other stores who were carrying specials likewise expressed themselves as agreeably satisfied with the fine response that customers gave them.

FUNERAL SERVICES TUESDAY

Funeral services for James W. Roe, 22, were held from the family residence Tuesday afternoon, with Rev. Philip C. McGahey in charge, and burial at Snyder Cemetery.

The young man had been employed at Ware's Bakery and died suddenly, Monday night, before medical attention could reach him. Besides the parents, a brother and sister survive the deceased.

Club Sponsors Better Lawns Contest Report

Travis Rhoades and E. C. Neely First Prize Winners in Their Classes

Prize winners in the Better Homes and Gardens contest that was sponsored by the Twentieth Century Club were announced yesterday by the committee consisting of Mrs. J. P. Strayhorn, Chairman, Mrs. Henry J. Brice and Mrs. W. T. Raybon. Judging of the old and new lawns has been going on all summer and the names of these judges have been a secret.

The prize winners include:

First—Travis Rhoades, Second—Warren Dodson, Third—Henry Shuler, Fourth—G. R. Austin.

Cash for the prizes was donated by Sam A. LaRue of the Snyder Laundry whose worthy gift is appreciated by not only the members of the Twentieth Century Club, but the prize winners as well and the citizenship in general. Such booster proclivities are worthy of emulation.

Judging was based on care and attention, more than the amount of money that was expended for improvement. The contest started early in May and has been a great success, and the ladies of the Twentieth Century Club thank Snyder citizens in general for the generous cooperation and help that has been given them.

Interesting Displays Shown Friday and Saturday in Farm Contests

Especially pleasing and interesting was the 4-H Club exhibits in competition last week end and interest was very keen in all sections of the work.

Winners among the exhibitors were:

BOYS' EXHIBIT
Milo—1st, S. D. Hays; 2nd, Weldon Jeffries; 3rd, Jim Stirling.

Kaffir—1st, S. D. Hays; 2nd, Weldon Jeffries.

Cotton—1st, H. B. Patterson; 2nd, Johnnie Jordan; 3rd, Terrill Bowlin.

Trips to the Dallas Fair have not been awarded yet due to the fact that some records are not completed, also some good records have not come in, says County Agent W. O. Logan. There are some fifty-odd trips given by the Santa Fe Railway Co., Thomas E. Wilson, and others, to say nothing of watches, medals and some real scholarships. Some of the Club boys have a fine chance of winning prizes, and also of keeping their work completed and the chain unbroken by completing this year's work even though it was dry and real work to finish with any showing.

Winners among the Girls and Womens Clubs as furnished by Miss Jessie Lee Davis show the following:

BEST COMPLETE EXHIBITS
Womens Clubs—Union 1st; Gannaway 2nd; Camp Springs 3rd.

Girls' Complete Exhibits—Ovella Gannaway, 2nd year, Gannaway, 1st; Philomea Wimmer, 1st year, German, 2nd; Sallie Pettitt, 2nd year, Gannaway, 3rd; Daisy Martin, 2nd year, Hud., 4th.

1ST YEAR GIRLS' CLUB WORK

Sewing
Uniform Cap—1st, Emma Schulze, German Club; 2nd, Aurelia Wimmer, German Club; 3rd, Allene Wilson, Bethel Club.

Uniform Apron—1st, Aurelia Wimmer; 2nd, Emma Schultz; 3rd, Pansy Moon, Dunn Club.

Dresser Scarf—1st, Allene Wilson; 2nd, Pansy Moon; 3rd, Philomea Wimmer.

History of Work With Complete Record Book—1st, Aurelia Wimmer; 2nd, Emma Schultz; 3rd, Philomea Wimmer.

Canning
Canned Tomatoes—1st, Aurelia Wimmer; 2nd, Pansy Moon; 3rd, Mary Schultz, German Club.

Canned Fruit—1st, Emma Schultz; 2nd, Aurelia Wimmer; 3rd, Mary Schultz.

2ND YEAR GIRLS' CLUB WORK

Sewing
Undergarment—1st, Ovella Gannaway; 2nd, Sallie Pettitt; 3rd, Daisy Hardin.

Gown—1st, Ovella Gannaway; 2nd, Connie Shepherd, Pleasant Hill Club; 3rd, Daisy Hardin.

Dresser Scarf—1st, Ovella Gannaway; 2nd, Anice Clark, Ira; 3rd, Daisy Hardin.

History & Record—1st, Ovella Gannaway; 2nd, Sallie Pettitt; 3rd, Daisy Hardin.

Canning
Two 2-pound Cans Tomatoes—1st, Ovella Gannaway; 2nd, Anice Clark; 3rd, Ovella Gannaway.

1 Qt. Vegetables—1st, Ovella Gannaway; 2nd, Sallie Pettitt; 3rd, Daisy Hardin.

1 Qt. Preserves—1st, Sallie Pettitt; 2nd, Anice Clark; 3rd, Ovella Gannaway.</

WHAT WOULD YOU THINK

If we were to say there's no need of protecting your important papers, securities, etc?

Just Let Them Burn Up, or leave it easy for some thief to carry them off, as no one but you will miss them.

YOU WOULD HAVE LITTLE REGARD FOR THIS KIND OF ADVICE.

Yet many have failed to heed the warning. It is because they do not know of safe deposit security.

GET UNDER PROTECTION. DON'T DELAY ANY LONGER.

SOMEONE SAVES THE MONEY YOU WASTE— WHY NOT SAVE IT YOURSELF? —

First State Bank & Trust Co. A GROWING BANK

FRIENDLY

Sam Jenkins of Lamesa spent the week end with home folks.

Miss June Smith of Haskell is the house guest of her sister, Mrs. J. W. Roberts.

C. A. Seifert of Danbury, Conn., is expected to arrive in Snyder today.

Mrs. Bob Warren of Post visited Snyder relatives and friends a few days this week.

Mr. and Mrs. Roy Jones, Pete Bridgeman and Mrs. Alberta Bazz visited at Sweetwater and Colorado Sunday.

Babe Bridgeman and family stopped to see Snyder relatives Wednesday morning enroute to their new home at Bronte.

Tom McMillan and family of Fort Worth spent the week end here with Snyder relatives.

Giles Garner and Joe Merrill were business visitors in El Paso, several days last week.

Rev. and Mrs. Ashford of Colorado were among the guests at the barbecue given at Scott's Ranch, Tuesday evening.

Mr. and Mrs. Bob Scott of Colorado were guests of the W. M. Scott family Tuesday evening and enjoyed the fine barbecue.

Mrs. B. L. Baze and daughter Johnnie Ruth arrived in Snyder Monday from Hobbs, N. M. The latter has entered school here.

Miss Frances Hollis of Abilene spent Saturday here with her aunt, Mrs. Mary B. Shell.

H. A. Harmon of Big Spring is in town in connection with the Cub Murphy No. 1 well.

J. M. Stephens is expecting to leave for Roswell, N. M., this week where he intends starting a meat market.

Miss Elizabeth Davis, Les Davis, and William Watkins, all of Post, were week end guests of Mr. and Mrs. George Oldham.

Mrs. C. R. Buchanan went to Meridian Sunday to visit her aunt, Mrs. J. C. Pittle, who has been quite ill.

A. C. Dodson and Bill Huckabee of Slaton were guests of the former's brother, Warren Dodson, over Sunday.

Mrs. R. L. McCormick and little niece Annette Kublak returned to Livingston, Ala., Monday, after a three months visit with her daughter, Mrs. E. J. Anderson and family.

Mrs. J. O. Dodson arrived Friday from Kansas City, having been called back here by the serious illness of her son, A. D., Jr. The young man is slowly improving.

The Times-Signal editor is indebted to some one for three fine watermelons left on our front

porch, Tuesday night. Who is the guilty party? We want to thank them.

Miss Myrtle Murray, Home Demonstration Supervisor for this district, was a week end visitor here, attending the 4-H Cub exhibits and acting as judge. Miss Murray resides at Lubbock.

Mr. and Mrs. M. Z. Dibble spent several days this week at Marlin. On their return here, they will occupy the Dr. A. O. Scarborough residence on the east highway.

Miss Geraldine Baze of Colorado visited her grandparents, Mr. and Mrs. W. T. Baze, last week, returning home Sunday with her parents, Mr. and Mrs. John Baze, who spent the day here.

W. M. Scott told a Times-Signal reporter at the Scott Ranch feast, Tuesday night, that Com Esell had been hanging around the barbecue spot all day—doing nothing—but eating plenty. Com's belt looked as if his statements were true.

Mrs. T. D. McMillan, accompanied by her daughter, Mrs. Chas. Harless, arrived in Snyder last week from Littlefield. Mrs. McMillan has been quite ill the past few days at the home of Uncle Billy Nelson.

Glen Stark, who has been in a hospital at Mason with a broken limb, returned to Snyder Sunday and is recuperating at the home of his mother-in-law, Mrs. J. Longbotham. Mr. Stark is in the employ of the Monarch Engineering Co., at Mason.

Mr. and Mrs. G. A. Hagan visited the latter's sister, Mrs. Clyde Crews, in Dallas last week. Mrs. Hagan's mother, Mrs. W. W. Cur-nutte, accompanied them to the city and remained for a longer visit.

The picture of Miss Meva Doak appeared in Sunday's Star-Telegram in connection with the Fort Worth Ladies' Band. Miss Doak is taking a course at a business college there and is enjoying her work very much.

Postmaster B. F. Womack, after a long siege of illness at his home, returned to the postoffice, Monday, for a short time. While not entirely recovered, Mr. Womack was happy to be back on the job, and it was likewise happiness to his many friends to see his smiling face behind the mail windows.

W. J. Ely and family and L. G. Ely and family attended the fifth wedding anniversary of their parents, Mr. and Mrs. A. B. Ely, at Anson last Sunday. A sumptuous feast was served to about fifty guests, who wished the aged couple every continued happiness.

Mr. and Mrs. Wade Greene and the new baby daughter, Juanita (born July 31st) and Gaines Greene of Albuquerque arrived in Snyder to visit home folks Monday, and remained until yesterday. Mr. Green is now associated with the Continental Oil Company at Albuquerque

and likes his work very much. They had a few days vacation and wanted to take it at the old home, besides showing off their fine new baby daughter.

Editor Sam Roberts of The Haskell Free Press was the week end guest of his brother, Editor J. W. Roberts of The Times-Signal. Sam is one of the most widely known newspaper men of the State and enjoys a wide friendship with the fraternity who are always happy to meet and grasp his hand.

"Chubby" Ritzenthaler writes us from O'Donnell that he is the whole "shebang" now on the Index, and is enjoying his work and residence in that city. Chubby, better run over to the old home land here when the Colorado Wolves land here Armistice Day, for we promise you a real battle.

The Times-Signal editor is indebted to County Agent Logan and Vocational Agriculture Teacher R. P. Pull for two wonderfully fine dinners at the Manhattan Hotel last week. These boys treated us like a King, for which we sincerely thank them.

Mr. and Mrs. S. T. Elza accompanied their daughter, Miss Doris Pope, to Waxahatchie last week, where she entered school at Trinity University. Mr. and Mrs. Elza visited the latter's sister, Mrs. A. F. Cole, at Fort Worth, enroute home.

FUTURE FARMERS OF AMERICA ORGANIZE

At a meeting of the Vocational Agricultural students of Snyder High School yesterday it was decided to go into the organization of a Future Farmer Chapter, and the following students were elected as officers: John Horton, president; Hunter Swan, secretary-treasurer; Billy Mitchell, reporter; and Marshall Jones, sergeant-at-arms.

Representatives from this chapter to the State Convention to be held in Dallas on October 25 and 26 will be Oran Sturdivant, John Horton and Henry Clements.

RUMMAGE SALE TO BE HELD SATURDAY

The Methodist Women's Missionary Auxiliary will hold a rummage sale Saturday in the Wilmeth building. Some real bargains will be given.

ELDERS AT LUBBOCK

Presiding elders of the Northwest Texas Methodist Conference met at Lubbock last night to discuss plans for the annual conference to be held at Sweetwater, Nov. 12th.

\$30,000 bond election October 18.

Commerce—Hart and Wright Realty Co. is new business here.

Lewisville—Pure Food Show held recently.

Dalhart—Pain Store Company leases Wiggins building for establishment of store in this city.

Snyder—New miniature golf course opened just across street from Scurry Co. Produce Co.

Lubbock—Local Texas Cotton Cooperative Association opened for business.

Bowie—New water line for city water well will be completed in short time.

Tenaha—Texas Cotton Cooperative Association reports 233 bales of cotton received and shipped in less than two weeks time at this place.

Runge—9,842 bales of cotton ginned in this city up to late date.

Cotulla—Highway work started south of here.

Cross Plains—Callahan County Bankers held quarterly convention in this town.

Huntsville—Northington and Petre store moves to new location to make way for erection of \$75,000 post office on site formerly occupied by them.

Walnut Springs—Local farmers join Texas Cotton Cooperative Association.

Asherton to have Red and White store.

Baird—Babb Bros., new owners of J. R. Black's dry goods and novelty store, move business across street.

Miles—Four local gins baled 440 bales of cotton up to recent date.

Graham—Two rooms in Baptist Sunday School will be used to relieve congestion in schools.

Crosbyton—Receiving station of Texas Cotton Cooperative Association established in this town.

Miles—Fletcher & Son sell truck line to H. E. May of O'Donnell.

Crockett—Plans being made for opening new \$240,000 bridge over Trinity river on Highway No. 21.

Huntsville—Little Ross Filling Station changes hands. Will be known in future as Warner's Corner Filling Station.

Dilley—Up to late time, 110 carloads of feed were shipped from this town this season by railway.

Fabens—Remodeling completed on three story buildings owned by Friedman Investment Co., adjacent to Review office.

Ladonia—Fourth annual Ladonia Fair proved big success.

Bremond—Three gins here ginned 2,399 bales of cotton up to recent time.

Dalhart—Contract amounting to \$6,885 accepted by City Council for construction of Chicago Street storm sewer.

Tascoosa—New \$750,000 steel railroad bridge being built over Canadian at this place.

Haskell—Texas Company to operate two stations here.

Georgetown—Main Street Service Station changes hands.

Total of 4,800 tons of sulphur were shipped from Duval-Texas Sulphur Mines, in Duval county, during period of ten days.—Benavides Facts.

Liberty—New \$25,000 hospital dedicated.

Houston—Plans being completed for new convent building, to cost about \$200,000.

Levelland—Coble-Witt gins begin operations.

Haskell—Re-routing of Highway No. 18 being considered.

Fredericksburg—State Highway Department repairing highway leading to Austin.

Meadow—This city to be served with natural gas by West Texas Gas Co.

Canadian—Santa Fe Railway contemplating construction of new line from this town in Panhandle to Sweetwater.

Needville—Fair and Rodeo to be held here October 9-12.

Nadine—New Catholic Church dedicated here at recent date.

White Deer—Farmers Elevator purchases machine for treating and cleaning wheat.

Mathis—Skidmore Highway to be paved soon.

Goliad—Asphalt plant erected at this town for street paving.

Sanderson—Contract let for school building.

Orange Grove—Contract to be let in near future for road to Jim Wells county line.

Banquette—Work started at Robstown Gin and Ice Co. four miles north of here, on laying caliche on Banquette-Buntzer road, part of recent Nueces county road building program.

Sabinal—64 cars of farm products were shipped from this district during August.

Cuero—Improvement work at courthouse rushed.

TEXAS WEEKLY INDUSTRIAL REVIEW

DID YOU EVER STOP TO THINK

By Edson R. Waite
Shawnee, Okla.

Charles A. Guy, Editor of The Lubbock (Texas) Avalanche-Journal, says:

"It has often occurred to me that the practice of community building—rather than the practice of engaging in it—has never struck close enough home to that great group of our citizens, covered in the blanket characterization of 'the man in the street'."

"That occurrence has led me further; has caused me to ponder over the condition in order to reach some direct reason for its existence."

"In every city, village and hamlet in our country we find as bulwarks of the chamber of commerce, commercial club or whatever the civic vehicle happens to be called, the same little group of business men. This same little group bears the burden for the whole of the community in the expenditure of effort, time and finances. The 'average citizen,' who profits and whose family profits indirectly from the varied labors of the few, doesn't seem to feel that he, too, is responsible for helping make his town just a little bit better than it is."

"The cause of the trouble, as I see it, is that the average commercial organization does not realize that, beyond the few merchants who are vitally interested in civic development, there are scores of other men who could and would help—if properly approached and cultivated. Generally speaking, the chambers make little effort to interest, in actual cooperation, anyone outside the 'faithful few' and as a result the term, 'Chamber of Commerce' is foreign to many who reap a great gain from its activities."

"Man-power is as valuable in civic endeavor as it is anywhere else. From the psychological point, alone, it is priceless in wielding community thought—in the making of that intangible treasure, 'public opinion.'"

If our chambers of commerce will see the light, make a little room for the 'average citizen' and give him an occasional opportunity to be heard, the individual, the city and the chamber itself will be broadened until all are vital parts of the community in which they flourish."

Report on Grain and Other Crops and Livestock

Austin, Texas, Sept. 23, 1930.

George B. Terrell, Commissioner of Agriculture, gave out the following report today on the condition of grain and other crops, and livestock based on conditions of September 15, 1930:

Crops	Condition
Grain Sorghams	53%
Sweet Potatoes	58%
Peanuts	60%
Planted Hay	60%
Prairie Hay	52%

"The continued drought has affected all crops and makes the conditions low."

"Early corn in south and central Texas matured well, and those sections have made enough corn and other feed to do them."

"Late grain sorghams have suffered from the drought, and there will be a shortage in West and Northwest Texas."

"Sweet potatoes, peanuts, and hay crops have all suffered from the drought. Only 1-2 inches of rain is reported during the past 30 days, but some sections received good rains."

"Livestock are reported in good condition except from a few counties in Western and Northwestern Texas."

"The wheat crop for Texas, as reported by the United States Department of Agriculture, is 27,720,000 bushels, as compared with 37,200,000 bushels in 1929; the corn crop is 83,232,000 bushels, compared with 86,127,000 bushels in 1929; and the oat crop is 53,157,000 bushels compared with 47,100,000 bushels in 1929."

"Texas has made 70 per cent of enough ear corn and other feed crops according to our crop reports."

Young pigs are an easy prey for roundworms and until they are four months old special care must be taken to avoid worm infection. Fall pigs may be farrowed in individual houses on a clean pasture sown to a good forage crop on which no pigs have been pastured. Except in the extreme north, pigs born in early fall will be past the age of greatest susceptibility to worms when it is time to put them into winter quarters. However, winter quarters should be thoroughly cleaned before pigs are placed in them.

States and Great Britain."

Dorothy Fooks, delegate to International Law Conference: "I can't seem to make men forget I am a woman."

Howlett Johnson, preacher: "It is vain to dream of noble cities until we provide clean ones."

Kathleen Howard, fashion editor of Harper's Bazaar: "Clothes influence manners more than most people know."

Struthers Burt, writer: "A burglar is merely a man who feels that he isn't as rich as he ought to be."

Herbert Hoover: "There are lots of people who commit crimes during the year who would not have done so if they had been fishing."

Arnold Bennett, British writer: "Good taste is better than bad taste, but bad taste is better than no taste."

BRYANT-LINK CO. Dept. Store SNYDER TEXAS

In keeping with the existing conditions when people are hard pressed for money we wish to again call your attention to some of the many REAL VALUES we are offering. The prices are made possible by our real desire to sell good merchandise at the very lowest price possible—in many cases our profits have been entirely forgotten.

The prices quoted you below are on just a few items and is certainly indicative of what your dollar will do here.

OBSERVATION POST THE T. C. C. A.

Dallas, Texas, Sept. 22, 1930.

NOW THAT WE HAVE POWER

With thousands of new members joining the association each week—more than nine thousand in the first two weeks of September—we can see the bigger aspects of the cooperative marketing movement. Our success is marketing is bound up with our success in adjusting the quality and amount of our production to world needs. For years it has been accepted by every thinking man of the South that the South's money crop, cotton, must be adjusted to world demand. But how? Through organization of the farmers is the obvious answer, but the stumbling block was always raised. Can the farmers be organized? Today that stumbling block is being fast pushed aside. The cotton farmers are organizing, in almost un-

WHAT NEXT?

The association has gone at the problem of marketing the present crop, giving the farmer a maximum amount of cash immediately upon delivery, and merchandising the crop gradually during the season, with a minimum of risk. But cooperation must mean more than collective bargaining after the crop is produced. The fundamental principle is already established when the crop is made, and there are strict limits to the benefits which the association can bring its membership from that time on. The supply must be adjusted through acreage, the quality must be adjusted through better seed, better tillage, better ginning.

GIVING LEADERS THEIR OPPORTUNITIES

Can it be done? It can. How? That is a question which no captain of industry, or no general of fighting forces, is prepared to answer in advance. Give him the manpower, give him the means of war and he will drive through. How he will push through this entanglement, or over that hill, or silence this or that opposing battery, is staff detail to be handled as it is reached. Now that the cotton growers are enrolling in formidable numbers, the strategy of the Farm Board and of the heads of the cooperative association may be put into effective operation. That is the real significance of the record-breaking figures for membership and for cotton deliveries which are being released from association headquarters.

MORE THAN A HOLDING PLAN

These are the facts on which bankers, agricultural workers, and all those who visualize the needs of the South agriculturally, must sell the cooperative marketing movement to the farmer. The hope of the association is the interest being taken by business men, the support which is coming from the business man's ability to advise and direct the farmers' movement. The time is here when the business man can, with sincerity and confidence, point out that cooperation means a great deal more than a cheap method of holding cotton.

TOO MANY OFFICIALS

Now that the election is over and the Free Press less likely to be criticized for comment that might have

TEXAS FARM NOTES

By W. H. Darrow, Extension Service Editor

Three terraced farms in San Saba county have been compared with nearby unterraced farms by the county agent and found to have 40 to 50 per cent bigger crops. This is so generally true throughout the county as to be generally noticeable. The county agent knows, for he's getting applications for terracing aid.

F. O. Masten in Collingsworth county plowed 160 of his 215 acres to a depth of 13 inches last spring to stop blowing. Using home-made mold board plows with wings made twice the usual size, it took seven mules to pull a 14-inch plow, but he thinks it's worth it because not an acre blew out and the crop was absolutely uniform from end to end, and two weeks earlier than usual. Many farmers in regions of light sandy soils are planning to try out similar deep plowing next season.

Speaking of deep plowing, the Texas classic in this line is that in Gaines and Terry counties where county agent demonstrations begun three years ago in plowing up clay on top of the shinary sands stopped blowing and almost doubled yields of grain sorghums and cotton. It is said that this method, the cost of which is not prohibitive, may mean the transformation of a million acres of land from the sub-marginal to the safe farming class. Heavy machinery is used in plowing to depths ranging from 10 to 18 inches. One treatment is said to be enough.

Whenever folks mention deep plowing they usually think of early plowing. Waiting until after Christmas to prepare land is being roundly scored by county agents whose last year's crop demonstrations showed that wheat, feed and cotton crops made substantially bigger yields when the plowing was done in summer or fall.

Women Beautify Yards

Beaumont—Twenty-three home demonstration women of Jefferson county competing in a recent yard beautification contest planted 1530 trees and shrubs, 15,000 hedge plants and 1200 roses and vines.

The contestants followed a plan made by Frank Bertchler, Superintendent of Parks of Beaumont, who judged the yards at the beginning and at the close of the contest. Ten rose gardens were planted and each contestant rooted 25 hedge cuttings for fall planting. At the close of the contest Mr. Bertchler congratulated the club members for their improvements which he said were obvious to any one interested in the subject.

Girl Gardens Successfully

Waxahatchie—One-twentieth of an acre was made to produce 38 pounds of peas, 78 pounds of beets, 338 pounds of cabbage, 27 pounds of onions, 12 pounds of beans, and 17 pounds of tomatoes by Mae Stone, a fourth-year home demonstrator of the girl of Britton, Ellis county. From her garden she has canned 20 cans of kraut, 20 cans of peas, 20 quarts of beets, 13 cans of beans and seven cans of corn.

Club House and Roadside Market Combined

Mineral Wells—With the cooperation of the men of the community the Sturdevant home demonstration club women in Palo Pinto county are building a club house on the Bankhead highway which will also serve as a roadside market for the club. Money to pay for the materials used in the building was made by the women in various ways and the labor will be given by the men. Native stone has been chosen from which to build the house and the land has been donated.

But Fishes Can't Tell

A medal was recently found in a salmon. It is thought the fish held the local championship for just getting away from the biggest angler.

Many insect pests of the vegetable garden find protection under boards, staves and other loose materials left in the garden during the winter. These should be cleaned up. The dead vines or dead leaves of the crop plants may harbor diseases and insects which will attack the crops the following year. As soon as the crop is removed all plant remains should be turned under deeply and thoroughly in order to check the development of certain insects and diseases. If a crop is known to have been badly infested by insects or diseases it is safer to remove the plant remains and burn them even though this involves a loss of organic matter which, under ordinary conditions, should be returned to the soil. If the crop remains are removed and burned it becomes doubly necessary to supply organic matter to the soil in the form of manure, or green manures grown specifically for that purpose.

Week-end Camping

A BRAND new business has grown up in the last few years—one which, in turn, has stimulated other branches of industry. The business of renting out camp sites to tourists has become a popular and lucrative industry, swelling the sales of camp accessories as well as camp food supplies.

As you motor along the highways from California to Maine and see the myriad signs "Camp Sites" with their backgrounds of khaki tents and campfires, you verily believe that the whole world is camping. Not only vacationists, but also those out only for the week-end, seem to have succumbed to the charm of broiling bacon over the open blaze and sleeping under summer skies. And why not, since the new equipment makes this the simple life indeed!

Equipment and Food The ideal equipment for the motor trip is a small grab box,

DAIRYING Dr. L. D. LeGear, V. S. Dr. LeGear is a graduate of Ontario Veterinary College, 1893. Thirty-eight years of veterinary work. Eminent authority on diseases and raising of dairy cows, other livestock, and poultry. Nationally known lecturer, writer and author.

ARTICLE XVII WHEN THE CALF BECOMES A "VEALER"

Many Classifications Are Now Used in Judging the Meat of Young Calves

Editor's Note—This is another story in a series of articles on dairymaking written by the well known national dairy and poultry authority, Dr. L. D. LeGear, V. S., of St. Louis, Mo. The entire series will appear in this paper. Our readers are urged to read them carefully and clip them out for future reference.

To sell, or not to sell, that is the question. If Shakespeare had been a dairyman he might have soliloquized in some such fashion when the question of what to do with his new born calves came up.

The owner of pure-bred stock has the problem pretty well solved. He has a market for all the calves he does not want to keep. But the owner of the average dairy herd must dispose of his excess stock. The market for veal is a big one in this country. Nearly one billion pounds of dressed veal are produced every year, which is quite an industry in itself.

To the average customer of a butcher shop veal is calf meat. But when you get into the subject you find out differently. There are different grades of calves and many classifications of calf meat. Government officials found that out a few years ago when they attempted to call the offspring of a cow under one year of age a calf. Technically they were correct, of course. Even today in some sections of the country animals under one year are sold as calves at so much per head.

Go into the stockyards and you will hear buyers discussing vealers, calves, range calves, dairy calves, etc. In the dressed meat coolers of the packing plants you will again find many different names for the carcasses hanging there, although to the inexperienced one they may all appear to be just veal. There is a split veal, grass veal, calf carcasses and others.

In raising calves for veal on a whole-milk diet it takes about ten pounds of milk for each one pound of veal. Calves weigh around 90 to 100 pounds at birth. The market has the best demand for vealers that weigh from 150 to 175 pounds. It is very easy to figure then about what it will cost you to get the calf ready for market. A 100-pound calf that is sold as a vealer when it reaches 150 pounds, will require 500 pounds of milk. It may take as much as 750 to 1000 pounds of milk before the vealer is sold. These are things to be taken into consideration when the calf is born. I might add that 100 pounds is

Longer Service-Life For Your Motor

Using Velvet Motor Oil regularly is one of the cheapest and surest ways of making any motor run better and last longer. Velvet Motor Oil flows readily and protects moving parts at all speeds and temperatures. Affords a dependable compression seal which resists power losses and crankcase dilution. Forms but little carbon and the little it forms is light and easily removed through the exhaust. Has the lasting qualities to make your motor run smoothly, coolly, and powerfully. Costs no more than ordinary oil. Sold at all Humble Dealers'.

HUMBLE FLASHLIKE GASOLINE

a pretty good weight at birth. Brown Swiss and Holsteins are the largest at birth and will average from 90 to 100 pounds. The Jerseys are the smallest and will average 55 to 60 pounds for both sexes. Male calves will average heavier than the females, and the first and second calves are lighter than those which follow when the mother is in the prime of life.

I would also make it clear that the figures I have given both as to the age and weight of vealers and calves are not fixed. The things that will determine whether you are selling veal or calf carcass is the condition of the meat itself.

Konjola Did More For Me Than All Else

New Medicine Proves Real Boon to San Antonio Housewife — Earns Eager Praise

MRS. T. G. MOORE

"Three years ago I began having trouble with my liver," said Mrs. T. G. Moore, 314 Mission street, San Antonio. "I was sluggish, my complexion was bad and I had dark blotches on my face. I was troubled with constipation and forced to use laxatives and purges almost daily. These conditions made me very nervous and I did not sleep well. I felt thoroughly down and out. My husband and I decided to give Konjola a trial. After trying this medicine out for a few days I found it different than anything I had ever tried before. Now, after taking Konjola for a month, I am feeling better than I have felt for a long time and am more than pleased with the results it has brought. It has done more for me than all else I tried and I am glad to endorse it."

Although Konjola does work quickly, it is best to take this medicine over a six to eight week period in the average case. Its record has made Konjola a household word in thousands upon thousands of American homes.

Konjola is sold in Snyder, Texas at Stinson Drug Co., and by all the best druggists throughout this entire section.

STURDY PLATFORM BUILT AT DEMOCRATIC CONVENTION; WOULD CUT AD VALOREM TAX

A harmonious Democratic convention met recently and built a sturdy platform. Perhaps the most significant plank in the platform was one looking in a cut in ad valorem taxes through levies on oils and minerals.

Some planks in the Democratic platform are: Impartial and strict enforcement of prohibition and other laws.

Better educational facilities. Possibilities of equalizing educational opportunities within counties also recommended.

Endorsing administration of Gov. Dan Moody.

Mob violence condemned and its cessation demanded.

Plea for the whole hearted support and cooperation for the Sterling administration.

Betterments for the penitentiary system urged.

Recommended better care for insane and tubercular patients of eleemosynary institutions.

Conservation of natural resources and guarding of water supply suggested.

Larger appropriations for State Labor Department.

Make insurance provisions for workers in the State Highway Department.

Investment of outside capital in Texas urged, especially that interested in the building of homes and industries.

Strict enforcement of the anti-trust laws demanded.

Simplified court procedure advocated.

Urged legislation which would give prior rights to municipalities in water supply from public streams over utilities corporations.

Party congratulated on defeat of Fergusonism.

Press and women thanked and congratulated for campaign work.

Republican party denounced as agent of special interests and whose policies have brought the country on the verge of a National disaster.

Played failure of Republican Farm relief and the Republican tariff.

Advocating that State, county and municipal governments extend program for construction of public works in order to absorb unemployment.

The highway bond plan, advocated by Sterling, was "played down" by his request. The Republicans held a convention in San Angelo the same day and adopted a plank opposing the bond plan. Several planks from James E. and Miriam Ferguson's platform were adopted by the Republicans.

We are told that if we go up into the air ten miles we will freeze to death, and that if we were to dig 10 miles down in the earth we would be cremated. Well, there is no place like home after all.—Cuero Record.

A hunter was showing off his collection of trophies to a group of visitors. He was rapturously explaining how he acquired the various exhibits.

"See that elephant?" he said. "I shot it in my pajamas."

"My Gawd," murmured the flapper, "how did it get there?"—Rocheester Reporter.

AS INDUSTRIAL TRAIN
 Within the past few weeks the program for industrialization has made rapid strides.

Following closely upon the heels of an announcement that Texas Legionnaires had endorsed industrial plans advanced by the state's newspapers, came disclosure of the plans for Texas-Industry-on-Tour.

Texas-Industry-on-Tour is a special baggage and pullman car train of industrial exhibits typical of the state's varied manufacturing enterprises.

Thundering over thousands of miles of Texas railways, this train will stop a day or more in almost every town and city which invites its presence.

Texas-Industry-on-Tour is said by a number of leading industrialists to be the greatest traveling educational exhibit ever undertaken in the State.

With particular emphasis will it drive home the truth of the slogan, "What Texas Makes, Makes Texas." It will, for the first time, graphically illustrate the extent and variety of Texas industry and Texas manufactures.

Those in charge say, the train will be open daily from 9:30 a. m. to 10 p. m. In the mornings it will be restricted to Texas merchants and distributors; from 1:30 to 3:00 p. m. it will be open exclusively to escorted school children and from 4:30 to 10 p. m., it will be open to the general public.

Details of itinerary are rapidly being completed and it is understood that an attempt is being made to schedule the train for every town and city that desires to inspect it.

The purpose of the tour is purely educational, and no admission or other charges are contemplated.

Texas-Industry-on-Tour should do much by way of informing millions of Texans upon the industrial advantages offered by their State. It is a logical development of the program for industrial growth and expansion—Editorials of Month.

THE PROSPERITY WEATHERVANE

This week's news proves most encouraging. It seems that the depression is just a mental attitude rather than the basic and economic condition we had thought it to be.

First came the announcement of the Texas & Pacific's \$13,000,000 investment in West Texas; then news that the Sinclair Interests are to spend \$2,000,000 expanding their

THE TOWN DOCTOR
 "A DOCTOR OF TOWNS"
 A FEW POINTED PARAGRAPHS WORTH THINKING ABOUT

A community is just as big as the people in it. It isn't the number of people that makes a small town.

Never before has the importance of "Selling a Community" been so great as it is today. There is a reason for everything and "the reason why" for every community should be found and "sold", first to the people that make up the community, and second to those who are its potential customers. Only in that way can any community keep pace with changing America.

The people of a community can have anything they want if they want it enough. That is the truth, but the trouble is that too few people want what they want to the extent of getting together and sticking together until the end desired is attained. As long as the people place petty jealousies and personal littleness before common sense and the real things of life they have no right to complain if their business and their town is not what they think it ought to be.

"Contemptuous familiarity" works two ways. It blinds the beholder to the treasure itself, and hides from view that which hides the treasure. Many a town is standing still merely because its people are contemptuously familiar with both its advantages and disadvantages.

Now is the time to get going and go to it. There never was a better time to lay a firm foundation for individual and collective business than right now. When things are at their worst they are bound to get better. When people THINK times will get better they WILL get better IF they follow through by ACTING as they think.

This is a good time of year for merchants to re-read the Law of Good Business which says "Business goes where it is invited, and stays and comes back to the place where it is well treated and served best." You can't expect people to do business with you if you do not ask them—that is just another way of saying "You can't Sell 'em if You Don't Tell 'em."

The housewife who has her own best interests at heart will do well to adhere to a plan of buying her needs from the stores that give her a "reason why" she SHOULD buy from them. Price is one thing, but quality and price is another. Ask the merchant to give you a real reason why you should buy from him in preference to his competitor. If he cannot tell you, if he DOES NOT tell you, there can hardly be a reason; and without a reason, how can it be a good place for you to trade?

Watch your newspapers. Read the advertisements and see if the merchants give you a real "reason why" you should trade with them—a reason that is to your advantage. If you cannot find an advertisement of the stores where you have been in the habit of buying it may be because those merchants have no reason; or if having a reason, they are not interested enough in you to lay that reason before you.

Now is the time for all wise buyers to buy it—a few months from now there will be many who will say, "I wish I had bought it when prices were down."

(Copyright, 1930, Dyckston, Inc. Reproduction prohibited in whole or in part.)

ship channel refinery at Houston; and finally an announcement that the Magnolia Oil Company will spend a similar amount upon their refinery at Beaumont.

From the Magic Valley came the important news that coffee has been grown there successfully, crops valued at \$1,000 being produced upon a single acre.

Roger Babson casts himself in a new role. He is now the prophet of prosperity. He asserts that business has turned the corner, that factories must speed up production to take care of increased demand, that the farmer's buying power is much greater than generally has been supposed.

The five announcements, coming at almost the same time, make it exceedingly difficult to hold the old idea that the depression persists.

Especially significant is the fact that these prosperity indications are not mere talk. Babson was the first economist to predict the depression and his words command tremendous influence with capital and industry; moreover, so far as Texas is concerned, his prophecy is given the semblance of truth by the immediate expenditure of enormous sums of money by representative state industries.

If people will talk prosperity as enthusiastically as they have talked depression, better times would seem to be assured.—Editorials of Month.

THE TRUCK MENACE

The greatest menace to the safety of present day automobile traffic is the truck which is driven by a road-hoggin' nit-wit. In the past month there are few Texas newspapers but have had to chronicle the distressing circumstances of a collision in which some truck has played the villain's role.

Unfortunately, however, it is in-

variably the occupant of the light car who is killed or maimed.

Every light car owner at some time or another has narrowly escaped injury at the hands of truck drivers who remain totally indifferent to the rights and privileges of other traffic.

Unless these offending drivers quickly learn that the highways are owned by all the people, unless they become courteous enough to grant the other fellow half the road, an outraged public is certain to exact a terrible vengeance.

Motor freight lines, for instance, have enjoyed much of their patronage by reason of the fact that they made door-to-door deliveries in inter-city freight service. After a month of traffic casualties, in which motor trucks figured a little too prominently, a great Texas railway system announced a door-to-door pick-up and delivery service in connection with railroad freight transportation. The enthusiasm with which Texas newspapers greeted the announcement was tremendously significant.

If operators of motor truck lines possess the ability to read between the lines, they should be pretty much disturbed—not so much by the railroad company's announcement, as by the joy with which the public received that announcement.

Most utilities have discovered that cordial public relations are essential for their survival. Motor freight line operators apparently have not learned that important lesson. In consequence they face an emergency which can be met only by some speedy concessions to the rights of the motoring public.—Editorials of Month.

BREVITIES

To all the other important industrial announcements of the month, add this: Temple gets a new \$600,000 oil refinery. Texas Industry sets its face toward prosperity and marches resolutely forward, quite unconscious of the mournful dirges sung by our dearly beloved pessimists.

A San Antonio undertaking company, organized expressly for the purpose, last week buried General D. Pression under several tons of good West Texas rock. The funeral sermon emphasized the fact that the General's illness had been of the lingering kind. In fact, he lingered so long that the patience of his heirs became quite exhausted. The funeral anthem was set to particularly joyous music, and the funeral march was a boisterous procession. Acquaintances of the General are expected to hear to his demise and burial with much pleasure.

Texas' economic structure has the recuperative faculties of a healthy youngster and the reserve strength of an adult giant. Nothing but the mental attitude of Texans can keep the state long in the doldrums of depression.

Schools in Central Kansas are closed because of an epidemic of spinal meningitis. Texas has been more fortunate, perhaps, than she thinks.

Presidio is our precious-metal mining center. On both sides of the river at that point the hills yield bountifully to the prospector for gold, silver and platinum. Grosser metals are even more profitably

mined. Presidio may never be the hub of another Klondike gold rush, but it teems with a steady mining activity. Give her a better silver market and this unique Texas city will face a most enviable future.

These are County Fair Weeks in Texas. Newspaper accounts indicate that the vast majority of them are eminently successful, too. County fairs are doing much for the cause of diversified farming and deserve every support and encouragement from forward-looking business men.

Newspaper reports have it that Medina Lake (San Antonio) has fallen from a normal depth of 80 feet to a mere 20 feet at the dam. Normally covering some 130,000 acres, the lake is now contained within an area of 900 acres.

Subnormal rainfall through the past two years, together with the demands of irrigation projects, have created two problems: Authorities contend that fish life in the lake is endangered, and San Antonio boating enthusiasts are finding it more and more difficult to stage races there. San Antonio citizens are attempting to remedy the situation by leveling inflow and outflow. Unless conditions are remedied, the state game, fish and oyster commission will remove the fish from the lake.—Editorials of Month.

BANK CALL ISSUED

Call for the condition of all state banks at the close of business, Sept. 24 was issued Monday at Austin. A like call was issued from Washington for all national banks by the comptroller of currency, for the same date.

Judge: Can't this be settled out of court?

Pat: Yer Honor, that's what we was tryin' to do when this other interferred.—County Progress (San Antonio)

Times-Signal, 1 year, \$1.00

ROAD BOND ISSUE
 By J. L. Carrell

Some more truths about the county road bond issue. Having just read the article written by Judge Holley, "The Truth about the Road Bond Issue," I will say that it is a splendid article, plain and to the point, but fails to give the whole truth, but I suppose that that is a habit that all who work in the courts of Texas acquire, for we never hear a trial but that some of the truth is objected to by the lawyers.

In giving us the plans as worked out by the commissioners' court, he tells us that the court is going to guarantee that the home people are permitted to do the work on the lateral roads and that all hauling shall be done with teams and wagons because teams have to be fed and trucks do not. Now we do not doubt that it is the intention of the Court to do just that; but we do doubt the fairness of such procedure; and here and now voice a protest against such attitude (and I, we and Co. do not own a truck); for every fair minded man or woman knows that it would be unfair to discriminate against the man who owns a truck and no team, but needs the work as badly as anyone.

He tells us that the Highway Commission is now requiring contractors to do a certain piece of job of work and use his own teams and tools to do it with, regardless of whom he makes this contract with, was not mentioned in the Judge's article, but nevertheless it is true, and it is also true that the contractor can own all the teams and tools that his neighbors have in these strenuous times with the driver thrown in.

Now, I am sure that the farmers and other laborers of those counties are not getting much benefit from the work our boys are doing and I expect that they are using some rather profane language about the matter, but if they get good from that no one knows it.

The fact that a person can secure contract to do a certain piece of job of work and use his own teams and tools to do it with, regardless of whom he makes this contract with, was not mentioned in the Judge's article, but nevertheless it is true, and it is also true that the contractor can own all the teams and tools that his neighbors have in these strenuous times with the driver thrown in.

As to the cost of this bond issue, he tells us that it will be sixty cents per \$100.00 valuation, or about \$12.00 per quarter section, others in proportion. Now we all know that it will take a \$2,000 valuation to get \$12.00 in taxes and those of us who have thought about it know that not over fifty per cent of the land in Scurry county is valued so that it amounts to as much as \$2,000 with the teams and tools thrown in, so we are asking where is the other fifty per cent to come from. I am leaving that for you to think about while I tell you another truth that perhaps you did not know. That is, that the general tax fund of Scurry county is two or more years behind; in other words, we are more than two years in debt and we are at this very time facing the fact that farm valuations will be raised in Scurry county I believe, within the next 12 months, as that is not an election year.

Now I have that at the present time we have more taxes than we are able to pay and those very persons who are trying to put this bond issue over know it as well as anyone and perhaps better than most of us; therefore I say lay off anything that will create more taxes.

Now here is the whole thing summed up in a nut shell: There are quite a number of our boys in Scurry county who have what I shall call the Grip Grip Complex, which is caused by the other counties south and east of us who have paved highways, or have the money to pave, therefore our boys have caught the fever and are willing to do anything, reasonable or otherwise, to have paved highways across Scurry county; so the recourse to a bond issue.

So state it be.

Mother Leaves Children And Faces Death

Says Farewell Hard, But Recovery Easy Due to Crazy Water

In May, 1929, I was critically ill with Rheumatism; in fact, I was an invalid and had to be helped around. My husband decided to bring me to Mineral Wells, as it looked as if there was no hope for me if I remained at home. But I had no confidence in Mineral Wells; in fact, I did not believe that anything or any place would relieve my suffering. You can imagine how I felt when I told my children "Good-Bye," when I did not expect to see them again.

I arrived in Mineral Wells on May 10th, last year, and in one week of the Crazy Water Treatment, I was able to walk and thirty days from the time I arrived I was well again, only a little weak.

I heartily recommend to everyone suffering from diseases caused by faulty elimination that they spend a few days rest at the Crazy Water Hotel in Mineral Wells, Texas, the home of Crazy Water.

Mrs. F. M. Hilliard, Adv. 16-4c. Tula, Texas.

WHAT GRADE "A" MILK MEANS TO CONSUMERS SAYS STATE OFFICIALS

The following bulletin has been issued by the State Department of Health, Austin:

Grade "A" means that the tuberculin test has been applied to dairy herd and reactors removed; that a physician has examined the dairy personnel and that none were found to have any disease which might be transmitted through the milk to the consumer; that in constructing the barn certain sanitary arrangements have been observed providing for plenty of light, ventilation, painted or white-washed walls; the cows milked on a clean and well drained concrete floor; that the milking process has been done in a clean manner by removing dirt or loose hair from the cows' flanks, cows' udders clean, milkers hands clean

and disinfected, milk stools and milkers' clothes clean, and the milk not exposed to contamination by straining in the barn, out that it has been strained, cooled, handled, and bottled in a clean, well lighted, flyproof, sanitarily constructed and maintained milk house, bottled in a sanitary manner; that the milk utensils and bottles or cans have been cleaned and thoroughly sterilized; that safe water is used; toilets so constructed as to prevent access to germ-carrying flies or disease transmitting agents; that the milk has been produced and handled in cleanly surroundings and all practical safeguards taken to prevent disease-producing infection.

It means further that the milk has been produced, bottled, handled, and labeled under the supervision of the city and State health authorities and the United States Public Health Service. The same supervision applies to the milk if it is pasteurized. No other milk regulation has the advantages of such a triple supervision by local, State and U. S. health authorities and this is the best guarantee the consumer could have that grade "A" milk is the safest and highest quality practicable to produce and that the label more nearly represents its sanitary

quality on account of so many reliable checkups.

ELECTION NOTICES HERE

Sheriff's Department To Distribute Them to Each Voting Precinct

Governor Moody's proclamation of an election for November 4 was received by County Judge Holley Monday morning. The election notices indicating the purpose of the ballot on November 4 and including amendments on which the citizens will vote will be distributed immediately by the sheriff's department to each election precinct in the county. Distribution must be thirty days ahead of the election date.

SELLS INTEREST

George Dixon has sold his interest in the delivery business of the American Refining Co. to the Snyder Garage and with his family has moved to Artesia, N. M. The Dixon family have been high class residents during their Snyder stay and The Times-Signal regrets very much to see them leave this city, but wishes for them every success in their new location. They will keep in tune with old home news through The Times-Signal.

NEW!

"HEAVY DUTY" tells you what it is--but not how fine it looks!

STUNNING looking

... be sure to see it before you buy tires!

This new Goodyear Heavy Duty is more than an extra-mileage, extra-endurance tire—it's an extra-STYLE tire as well.

It gives your car a new and smarter look. It's bigger, handsomer, more massive. The All-Weather Tread is extra thick—with the outer rows of blocks primed down into the silver-striped side-walls—for beauty PLUS more rut traction and curb protection!

It has an extra strong six-ply body of stout SUPERTWIST CORD, Goodyear patented and obtainable ONLY in Goodyear Tires. Come in and see it!

Only the Price is Ordinary!

Get our Special Offer on a Pair or a Complete Set

HIGHWAY GARAGE

Goodyear can give you greater values because Goodyear builds our

1/4 of all the tires sold in America—... MILLIONS MORE than any other company.

Better Breakfasts

HAVEN'T you seen a shadow pass over your husband's face when you served him the same old breakfast for the umpteenth time during the year? It was probably nothing, just the most fleeting of frowns, but there is a way of avoiding it, and it is worth avoiding. The more shadows and frowns that are eliminated from family life, the better you it really is.

Why not take advantage of one of those convenient 8-ounce cans of fruit, and make your breakfast a little different. Here is a menu which includes a fresh fruit, too, and some tempting jam, and which will send him away to the office full of pep:

Chilled Concord Grapes
Farina Mold with Raspberries and Cream
Poached Eggs on Whole Wheat Toast
Gooseberry Jam Coffee

To make the farina mold, combine two cups of water with the juice from an 8-ounce can of raspberries, one-half teaspoon salt and one tablespoon sugar, and bring to boiling. Add one-half cup farina slowly, stirring constantly. Place over boiling water, and cook ten minutes. Pour into individual molds wet with cold water, and chill. Unmold and serve with the drained berries and cream on top of milk. This recipe serves four.

FLUVANNA NEWS

Mr. Raymond Seale of the First State Bank is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him by sending your news and subscriptions to him.

Church Services

Services at the Fluvanna Baptist church Sunday were well attended and four new additions to the church were made. Rev. T. L. Nipp conducted the services.

Visits and Trips

D. A. Jones returned to the mountains at Ruidosa where he is planning on staying for some time before returning. Boles Fry returned Monday from New Mexico where he has been with his grandfather, E. A. Boles. Miss Pauline Haynes left Monday for Snyder where she will enter school. Mrs. Nipp from Dallas is visiting her son, Rev. T. L. Nipp.

Lewis Jones and wife of Nebraska are here visiting his parents, Mr. and Mrs. J. E. Jones. Miss Laverne Farquhar left Monday for Temple where she enters a school for nursing. Oscar Gleghorn has moved back

to our city and we welcome him and his good family back.

Miscellaneous

We regret very much to report that at this writing Mrs. C. P. Landrum is very low. Mr. and Mrs. Wilburn Sewall came from Juyton to be at the bedside of his sister, Mrs. C. E. Landrum. Mr. M. Stavelly and wife of Post are also here. Mrs. John Buchanan is improving some at this writing. Mrs. Alvin Leach of Monahans, died last week. Mrs. Leach was an aunt of Mrs. J. W. Clawson of this city. The Band is progressing nicely under the supervision of Prof. E. O. Wedgeworth. Mr. Wedgeworth is a very efficient director and works in most every place he is put. The damp weather has slowed up the cotton gathering to some extent. It is hoped it will let up so that the farmers can gather the cotton that is now open.

Football

(Continued from Page 1)

kicking goal, making it 25-0. Capt. Trice kicked 25 yards and tackled the receiver in his tracks; a Rotan forward pass was blocked by Johnston; second play Brown and Jones tackle Rotan fullback behind line and throw him for nine yard loss. McClinton shot a beautiful forward pass to Andy Jones, good for 55 yards and who was stopped within 2 yards of another touchdown when the whistle ended the half.

Ceremonies

Both the Rotan High and Tiger Pep squads put on a colorful entertainment between halves, the Tiger Band strutting their stuff like nobody's business. The Tiger Pep Squad with Ida Sue Wallace and Grover Scott at their head are putting more "pep" into their part of the work than has heretofore been noticeable. They are doing great work, and the Pep Squad are hitting right back of them.

Third Quarter

Leslie Browning went in for Isaac; Clements for Capt. Trice; Erwin for Ferguson; Clark for Howell. Rotan kicked to Marcus Johnston who fumbles, then recovered and makes a fine return of 22 yards; Johnston went 1 yard; Clark 6 yards, and Erwin for 18 yards. Erwin then punts a trick and went 16 more yards; M. M. Clark snakes through the entire Yellowhammer squad for 32 yds and another touchdown.

Score: Snyder 37; Rotan 0.

After Rotan received the kick, the Tigers took the ball away from them, when McClinton makes a return of a punt 45 yards, slashing, ramming and knocking down everything in front of him; then M. M. Clark swirled, twirled and a few other curly-ones 12 yards to another touchdown.

Score: Snyder 44; Rotan 0.

Erwin kicked the extra point. Erwin again kicks to P. Cayce of Rotan who formerly lived in Snyder; and on a forward pass Erwin catches the ball and goes 28 yards to another touchdown.

Score: Snyder 50; Rotan 0.

Erwin kicks to Rotan and they punt; forward pass McClinton to Dodson Smith good for 21 yards; another forward, McClinton to Greenfield went 18 yards when Clark breaks through for another touchdown.

Snyder 56; Rotan 0.

Erwin kicked the point making it 57 to 0, the final score of the game. At this point, a wholesale substitution took place and on the first kick, Snyder to Rotan, Richard Jenkins (substitute) recovers the ball for the Tigers; Creston Fish went 2 yards and a fumble gave Rotan the ball; here they made their first down, and they punt at once; Buck Howell goes 48 yards and after several line plays, Snyder loses the ball, then Rotan punts again and just as the game ended with one play the exception, McClinton heaved a beautiful forward to Howell, good for 23 yards.

Touchdowns: Erwin 3; Clark 2; Johnston 3; Howell 1. The game was done, won by the Tigers and that's that.

Ask Dad, He Knows

Two modern little girls, on their way home from Sunday school, were solemnly discussing the lesson. "Do you believe there is a devil?" asked one. "No," said the other promptly. "It's like Santa Claus; it's your father."

MASONIC BULWARK UP AGAINST PIUS XI'S ATTACK ON SCHOOLS

Supreme Council Votes To Shield America's Ideal From Design of Pope

That bulwark of Freemasonry which comes under the jurisdiction of the supreme council of the Scottish Rite was erected Friday to shield and defend public schools against a shrewdly concealed but nonetheless bold and violent attack upon the public school system which, the fraternity dignitaries said, has been promulgated by Pope Pius XI, head of the Roman Catholic Church.

Denial of right of any church to control or supervise the free school system was contained in a resolution adopted unanimously by the council at its closing session in Dallas. The council left to the action of the several Masonic grand lodges in the United States decision with reference to celebrating in 1932 the 20th birthday of George Washington.

Col. John H. Cowles, 33 degree sovereign grand commander, said the session here this week had been the most successful ever held by the body.

Encyclical Letter Quoted An Encyclical letter recently published and generally circulated throughout the United States, the resolution regarding the attack on the public schools said "indirectly but with evident purpose and design of injuring and, if possible, destroying our American ideal of public education, condemns and severely criticizes all schools and systems of education not dominated or supervised by the Church of Rome."

It set forth: "It is asserted by the Pope in his Encyclical, that exclusive State control of public education is the cause of great evil; "That the educative mission of the Church of Rome extends over all peoples without limitation and with no right in any civil power to oppose or prevent it.

"That the Church is independent of all earthly Government or power in the exercise of its educative mission; "That the Church of Rome has independent right to judge whether any system of education is helpful or harmful to the people; "That every system of education must be subject to the rules of divine law, of which the Church of Rome is the exclusive, infallible custodian, interpreter and teacher;

"That it is the duty of the State to help the Church (meaning the Roman Church) maintain its religious schools by aid from public funds and equally the duty of all Catholics, as an act of religion, to demand that the State perform this duty."

Claims of Right Denied The Masonic organization then asserted that "We, as citizens of the United States and Freemasons, hold these declarations of principles and claims of right and authority to be false and contrary to our institutions of liberty and equality, directly opposed to our ideals of public education as exemplified by our free public schools, and especially subversive of the eternal principles, ideals and teachings, both of Freemasonry and of free government."

Its resolution, then, as the supreme council of the Ancient and Accepted Scottish Rite of Freemasonry of the Southern Jurisdiction of the United States, was: "That we deny now, as we have always denied, the right of any church or ecclesiastical power, foreign or domestic, to control or supervise the free public school system of the United States, or the educational system of any State or Nation wherever on earth situated.

"That we believe now, as we have always believed, in the ideals of liberty, both religious and political, as typified by the principles enunciated in the Declaration of Independence and written into the Constitution of our Republic and those

of the several States of which it is composed. "Ideals Enemies of Fanaticism "That we honor now, as we have always honored, the devotion of Freemasonry to the ideals of education, instruction and enlightenment of the masses because we hold these ideals to be the mortal enemies of that "fanaticism and bigotry which persecute for opinion's sake and initiate crusades against whatever they deem contrary to the law of God or the verity of dogma.

That we reassert our unqualified faith in the fundamental soundness of our public system of free schools, which we hold to be the hope and the cherished institution of the common people of our country, one of the foundation stones and chief supports of our democracy and the surest guarantee of our ideals of liberty and equality.

Defense Proclaimed "That we proclaim to whomsoever may be concerned that we shall continue, as in the past, to shield and defend our public schools against the attacks of all who seek, by whatever means and for whatever purpose, to weaken or destroy them, even to the last iota of our strength and the last farthing of our resources.

"That we are opposed to and will employ all lawful means to prevent the expenditure of public funds, whether State or Federal, for the use, support or maintenance of sectarian educational institutions.

"That we controvert and condemn the false claims of right set forth in the aforesaid encyclical and appreciate the unworthy purpose of its promulgation, in that it seeks to attack and destroy the confidence of the people in our free school system and in the principle of State control of education.

Alert Press Commended "That we commend that section of the American Press which called attention to the false claims and unsound principles set forth in the encyclical, exposing its inquiries with a vigorous defense of our system of free public schools and a warning to all powers and associations, whether religious, political, or social, that though they are free in this country to proclaim what they may choose, the free public school system shall be preserved as the heritage and a beloved institution of a free and independent people.

"That we strongly protest, as against an unfriendly act, the effort of any foreign power which seeks to disturb or overthrow the peace and harmony of our citizenship, while at the same time enjoying in our Nation greater freedom of belief and action, rights and privileges than those accorded by such aggressors in their own domain."

The resolution made the observation that "eternal vigilance is the price of freedom, and the liberties of the people, once lost, are not easily regained. These truths must be maintained if government by the people shall not perish from the earth."

Members of the supreme council party left Friday night for Austin, San Antonio, Galveston and Houston and then will return to their respective homes.—Dallas News.

DR. CARL'S DISCOVERY STOPS GAS, CONSTIPATION

In his private practice, Dr. Carl Wescheke first perfected the simple mixture now known as Adierika. Unlike most remedies, Adierika acts on BOTH upper and lower bowels and removes old poisons you would never believe were in your system.

Stops GAS bloating in 10 minutes! Relieves chronic constipation in 2 hours! Let Adierika give your stomach and bowels a REAL cleaning and see how good you feel! It will surprise you! Stinson Drug Co. adv. M-5

See the newest 10-POINT Frigidaire with the Quickcube Ice Tray... and 9 other outstanding advantages

Every feature that you would want has been combined in this new 10-POINT Frigidaire.

- 1—The Quickcube Ice Tray; 2—Porcelain-on-steel inside and outside; 3—Cabinet of striking beauty; 4—The new "Cold Control"; 5—The famous Hydrator; 6—Elevated food shelves; 7—Incredibly quiet operation; 8—Surplus power; 9—High speed freezing chamber; 10—Low operating cost.

Let us tell you about all these features—what they mean in greater convenience, greater satisfaction and greater value.

Decide to stop in now. Ask for a complete demonstration. And get full details about our special payment plan—a plan so liberal that no one need delay a moment longer.

Terms If Desired

King & Brown Telephone 18

Just What Did He Mean? A merchant received from one of his customers a letter regarding a long past-due account which read as follows: "dear sir, I got your letter about what I owe you, now please be patient and as soon as some fool pays me I will pay you."

MOVES TO SNYDER Mr. and Mrs. E. E. Weathersbee, son and daughter of Rotan have moved to Snyder where the Mr. will be associated with Bryant-Link Co. Mr. Weathersbee is well known here, having worked in Snyder for the same company from 1923 to 1926 and would be happy to meet old, and make new friends. The Times-Signal welcomes the family to our city and wishes for them every success.

ENTERTAIN TEAM The Indoor Golf course and the Snyder Drug Co. were hosts to the Tiger football team, pep squad and guests, Monday night, the second they have given this group in the past two weeks. The bunch had a royal time and voted their hosts as real entertainers.

There are two ways of supporting the churches of Snyder. The first is to attend them and the second is to give them some of your money.

O. E. S. Regular meeting, Snyder Chapter No. 450 Thursday, Oct. 9, 7:30 p. m. Post High tomorrow.

ANNOUNCEMENT OF THE TIGER'S TALE Snyder High School will publish its school paper, The Tiger's Tale, again this year, according to a decision reached by the Press Club and approved by the faculty. Eight issues of 500 copies each, beginning in October, will be published under student management, with Miss Aileen Powell and Mr. R. S. Sullivan as faculty sponsors.

In reaching this decision the faculty and students are not unaware of existing financial conditions, but they are also unwilling to see Snyder High School lag behind in this important phase of school activity. Three years ago The Tiger's Tale made its first appearance, in the next year a prosperous one, both an annual and the paper were published. Last year The Tiger's Tale again made its appearance. And now, school pride and school spirit demand that The Tiger's Tale be continued this year.

Other schools in this section are putting out school papers, for example, Stanton, Roscoe and Hermitage. Must Snyder lag behind her sister schools? Not only has The Tiger's Tale helped to bind the students closer together and to promote fellowship and school spirit, but it has served as a medium for bringing school news to parents. It has provided valuable experience for the students in news writing and training in practical business training and in general contact with fellow-students. It has been an important adjunct of the English department as an opportunity for practice in writing. Any high school, not only Snyder, finds a vital need for a school paper. In answer to that need Snyder High has agreed to continue with The Tiger's Tale.

Realizing that the business men of Snyder cannot be expected to give The Tiger's Tale their financial support in such degree as in previous years, Supt. Wedgeworth has arranged a plan whereby the principal financial support will be derived from other sources. Plays, produced by the Dramatic Club, and presented by the four classes in high school in turn; a penny-a-vote contest for the election of a staff; and subscriptions at fifty cents per year, will all bring in funds for the support of the paper. The cost of publication will also be materially reduced. Finally, advertisements from merchants will be reduced in cost to a maximum of one dollar per ad per issue, instead of the four or five dollars of previous years. Thus no merchant will be solicited for more than eight dollars worth of advertising for the entire year.

With this plan in mind, the faculty and students hope to publish this year, a readable, worthwhile, Tiger's Tale.

WHAT IN HELL IS COMING NEXT? An Enid Bank recently received the following letter from one of its customers: "I wish to inform you that the present condition of my bank account makes it impossible for me to send you a check in response to your request. "My present financial condition is due to the effects of Federal Laws,

State Laws, County Laws, Corporation Laws, By Laws, Broter-in-Laws and Out Laws that have been foisted upon an unsuspecting public. "Through these various laws I have been held down, held up, walked on, sat on, flattened and squeezed until I do not know where I am, what I am or why I am.

These laws compel me to pay a merchant's tax, capital stock tax, excess tax, income tax, real estate tax, property tax, auto tax, gas tax, water tax, light tax, cigar tax, street tax, school tax, syntax and carpet tax.

"In addition to these taxes I am requested and required to contribute to every society and organization that the inventive mind of man can organize. To the Society of St. John, the Women's Relief, Navy League, the Children's Home, the Policeman's Benefit, the Dorcas Society, the Y. M. C. A., the Boy Scouts, the Jewish Relief, the Near East, the Gold Diggers' Home, also every hospital and every charitable institution in town. The Red Cross, the Black Cross, the White Cross, the Double Cross and the Purple Cross.

"The Government has so governed my business that I do not know who owns it. I am suspected, examined, inspected, disrespected, examined, reexamined, informed, commanded and compelled until all I know is that I am supposed to provide an inexhaustible supply of money for every known need, desire or hope of the human race, and because I refuse to donate to all and go out and beg, borrow and steal money to give away, I am cursed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, held down, and robbed, until I am nearly ruined, so the only reason I am clinging to life is to see what the hell is coming next."

Employer, Oklahoma City.

Angelo Hotel Owner Makes A Statement

"Yes, I Suffered 25 Years With Stomach and Digestive Troubles But Argotane Has Restored My Health and I Feel Fine," He Says

It is not what the manufacturer claims for it but the testimony of the multiplied thousands who have been benefited by it, that has made Argotane the most famous medicine in the world today.

"Argotane was advertised so highly and since almost everyone here had been talking it up myself I bought a bottle and tried it from the very first few doses I began improving.

Beef Cattle Pay Good Prices for Surplus Feeds

COLLEGE STATION, Oct. 1.—Farmers received \$10 per ton above market prices for their home-grown feeds by using beef calves, a their marketing agency last year, and better than market prices may be expected the coming season when there is a surplus of feed on the farm.

Carefully summarizing ten typical demonstration records submitted by county agents from every part of Texas, Mr. Smith finds that these men fed 539 calves an average of 115 days with daily gains of more than two pounds per head.

The average ration consisted of car corn or grain sorghum heads and sorghum hay supplemented with cottonseed meal.

T. & P. SEEKS TO CUT PASSENGER FARE IN TEXAS

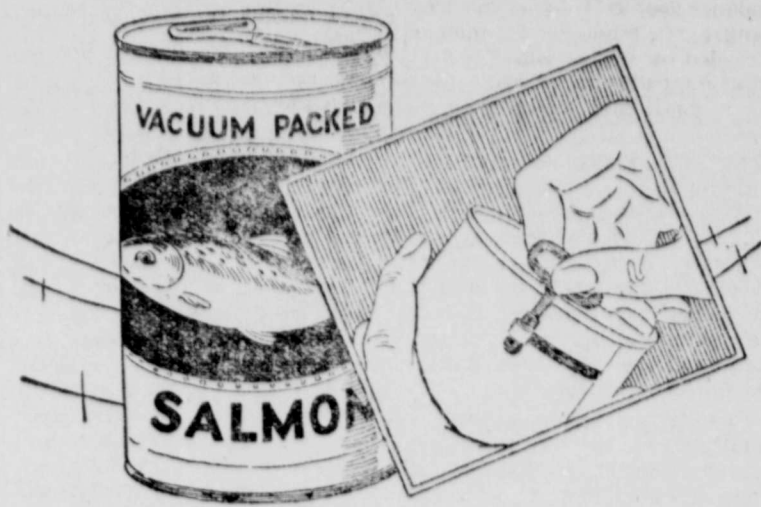

The Texas & Pacific Railway company proposes to reduce passenger fares between Fort Worth and Big Spring, and between intermediate points 1.6 cents per mile, according to an application with the state railroad commission.

Hearing on the application has been set for October 1 in Dallas.

R. H. Lones, local agent, said last night the existing rates figure 3.6 cents per mile.—Big Spring Herald.

As we understand it, Almee Sempie McPherson will recover in two weeks from the fight she didn't have with Ma Kennedy.—Dallas Journal.

A Flash of Silver

A FLASH of silver as the fine fat salmon darts for the mouth of the river where it was born. That is where the great salmon fleets wait to catch and can the salmon when it is in the finest condition.

Key on Top of Can A flash of silver as you tear back the strip of tin from the newest tall vacuum packed salmon can. This thin strip of tin to be rolled back with a key crimped to the top of the can has diagonal grooves cut in heringbone fashion so that if it does not tear evenly, these grooves at an angle will guide the tearing.

movie hero here will contest in the rodeo, as will Chug Wilson of Fort Worth who won the Canadian Championship at the Calgary Stampede, Paddy Ryan and many other rodeo notables.

FIRST CHURCH OF CHRIST Thos. M. Broadfoot, Minister

The Scriptures say, "thou hast created all things, and for thy pleasure they are and were created."

Is God, then, a selfish God? Was anything made for man? Has man any prerogative at all in nature, except to submit as a slave? Where are his much-boasted liberties? These are high points of the study Sunday morning in, "All Creation for God's Glory."

When is faith not faith? What faith saves a man? Will any faith do? When is faith accounted for righteousness? What faith is denied to man? These constitute high points of the Sunday evening study in, "The Faith That God Condemns."

The local minister will be in the pulpit in these studies, which are taken entirely from the Bible to answer the questions of the age. Cordial invitation to all.

WEST TEXAS FAIR OPENS AT ABILENE

With entries in many departments more numerous than ever before, and a program of entertainment that surpasses any previous attempt, the fourteenth annual West Texas Fair opened Monday for a six-day run with thousands of visitors flocking into the fair grounds.

An inch and a half rain which fell Sunday failed to mar the opening attendance. It was children's day and several thousand school children, including those in Abilene, who had been given a full holiday, turned out.

Big Spring sent 400, who came to see their high school lose a football game to the Abilene Eagles, 33 to 0. Exhibit halls were thronged throughout the day. Nearly 100 Jerseys were entered in the dairy show, and sheep and goat entries numbered 275, both representing a large increase over last year.

At the present time the regents of the University of Texas are not permitted to invest proceeds or income from sale of University lands in anything except United States and State bonds. Senate Joint Resolution No. 7, if adopted, would permit investment of university funds from sale of lands in school, municipal, road or other good interest bearing bonds, and enable the regents to create a permanent university fund from all sources of revenue.

It has been suggested that many voters often turn hands down on all constitutional amendments because they do not understand them, regardless of the fact that many provisions of the present constitution will not meet present day needs that have come with the great changes in political, social and economic conditions during the more than 50 years that have passed since its adoption.

PANHANDLE-PLAINS EXPOSITION OPENS

With one of the biggest opening day crowds, more and better exhibits and fair weather, officials of the Panhandle-South Plains fair were more than pleased with the opening of the six-day exposition Monday at Lubbock.

County exhibits from Ochiltree county on the Oklahoma line to Dawson county on the south edge of the South Plains and with a big exhibit from the State of New Mexico, are set up in the agricultural building with no trace of a drought represented in the entire lot.

The women's building, which was enlarged, giving 50 per cent more space this year, is filled to capacity and judging was completed Monday. The live stock barns are crowded and judging started Tuesday.

Amherst High School football team and the second team of the Lubbock High School locked horns in the afternoon as an amusement feature, along with free acts. A fireworks display was given at night.

All Lubbock was on hand for the fair Tuesday, Lubbock Day. Every store in Lubbock was closed. Clerks, employes and employers took the afternoon off and saw the fair.

Wednesday was school day and the kiddies flocked in from all over the Plains to be guests of the fair association.

Head and Back Quit Hurting

"A few years ago, I found that I was very weak and nothing I ate seemed to give me any strength," writes Mrs. R. B. Douglas, 704 South Congress St., Jackson, Miss.

"I suffered intense pain in my head and back. At times I would have to hold to something to steady myself, so as to do my little work. I was worried about my condition."

"My mother told me that I should take Cardui. After taking two bottles, I felt stronger, but I kept on taking it until my head and back quit hurting. I took about six bottles in all, and have never quit praising Cardui."

CARDUI FOR WOMEN USED OVER 50 YEARS

Take Cardui's Blood-Purifier for Constipation, Indigestion, and Biliousness.

Four Proposed Amendments to Texas Constitution to Be Voted on Nov. 4th

Texas will vote on four constitutional amendments in the general election November 4. These were passed for submission to the electorate by the Forty-first Legislature.

Senate Joint Resolution No. 19 provides for a regular session of 120 days, the first thirty days of which are to be devoted to the consideration of emergency measures submitted by the governor; during the next 30 days committee hearings will be held on pending measures; and the last 60 days will be taken up with the passage of bills and resolutions that may be pending. It is said that this would do away with the haste and lack of orderliness under present laws. It is further provided that the present mileage allowed legislators be reduced 60 per cent, but that the per diem be raised from \$5 to \$10 to partially compensate for the increased cost of living since the constitution was adopted in 1876.

House Joint Resolution No. 2, if adopted, would make it possible for the Supreme Court of Texas to remain in session, throughout the entire year, if necessary, whereas, under the present law, the court is closed from July to October, regardless of the crowded condition of the docket, which is said to be from five to six years behind.

House Joint Resolution No. 11, provides for the levying of county taxes upon University of Texas lands not now subject to taxation. The legislature is called on frequently to extend financial assistance to many counties in Southwest Texas because of the large areas of University land that cannot be taxed. Inasmuch as the State is paying county taxes on penitentiary lands in a number of counties, it has been suggested that it should be properly done on all the State lands.

After fruit, cowpeas, alfalfa and onion stories, it's quite a drop to a grass story, but since grass is the biggest crop in the world and rather fundamental in livestock production, we'll end up in Robert Gillespie's sudan patch in Colorado county. It was worth \$2.67 per acre to him this summer for his 13 cows that grazed its 13 acres.

McCULLOCH COUNTY TO VOTE ON BONDS FOR ROAD BUILDING BRADY—A county-wide road bond election on a \$1,055,000 issue was called Saturday by the McCulloch county commissioners' court for November 8. The issue would provide for the permanent improvement of Highway 9, 10, 107, 74, throughout McCulloch county, and \$300,000 for local road improvement.

Tom C. Moore of Abilene, associated with the General Foods Company assisted the Piggly-Wiggly store in their two big day's sale, last week end.

They're drilling deep for oil on A. Gudden's place in Tom Green county, but it's alfalfa yields he talks about and not oil. From 5-1-2 acres in a demonstration started in April 1929 he has cut and baled 875 bales which he says is worth 50 cents per bale.

Up in Rockwall county, B. H. Branch planted 12 acres to Bermuda onions last spring. He had all kinds of luck, got 'em too far apart, had a gully overflow on them, and didn't use enough plants per acre. But the county agent says 121 1-2 crates were sold for \$151.25 and that the expense came to \$56.35, which is \$80.33 net per acre.

After fruit, cowpeas, alfalfa and onion stories, it's quite a drop to a grass story, but since grass is the biggest crop in the world and rather fundamental in livestock production, we'll end up in Robert Gillespie's sudan patch in Colorado county. It was worth \$2.67 per acre to him this summer for his 13 cows that grazed its 13 acres.

McCULLOCH COUNTY TO VOTE ON BONDS FOR ROAD BUILDING BRADY—A county-wide road bond election on a \$1,055,000 issue was called Saturday by the McCulloch county commissioners' court for November 8. The issue would provide for the permanent improvement of Highway 9, 10, 107, 74, throughout McCulloch county, and \$300,000 for local road improvement.

From the general indications during the past few weeks, it is beginning to look as if the farmers will be able to find relief only in the dictionary.—Polk County Enterprise.

Velvet Hammer

(Continued from Page 1)

as United States ambassador the Mexican got the idea that he was still their friend, that he was looking out for their just interests no less than the interests of his own people.

Put on its lowest terms, his success has been highly profitable to American traders and investors in dollars and cents and highly profitable to the American government in converting a near-enemy into a close ally. Put on its highest terms, Morrow's success has restored friendship between the Mexican and American peoples.

The manner in which Morrow has worked this seeming miracle of diplomacy has been as obvious, yet as hard to practice, as the golden rule. Morrow's secret was that he forced himself to see and feel things from the point of view of the other fellow. To pass on that principle of international relations, which is as effective as it is just, Morrow in his final appeal as ambassador asked the American people to be less pharisaical in their patriotism.

What Morrow is coming home to, no one knows. He may win or he may lose his campaign as a wet U. S. Senator from New Jersey. But whatever happens to him in domestic politics this fall or thereafter, the American government and people will always be indebted to Dwight Morrow for his great service as ambassador.

HERE AND HELPED Tom C. Moore of Abilene, associated with the General Foods Company assisted the Piggly-Wiggly store in their two big day's sale, last week end.

Tom C. Moore of Abilene, associated with the General Foods Company assisted the Piggly-Wiggly store in their two big day's sale, last week end.

32,225 ROAD SIGNS COME DOWN

The disreputable road sign has had a hard summer in Pennsylvania, where employes of the Department of Highways have completed the destruction of 32,225 road signs embodying every "type of daub, blur, scrawl and tattered legend."

The campaign was statewide. Illegal signs came down, whether on right-of-ways or on private property without specific permission or lease. Those that initiated official markings were ruthlessly destroyed, as were all "Stop" or "Warning" signs.

Erle county, according to reports, led in the movement, getting rid of 6,427 signs. This good work could be followed with profit by every state and county in the union.

BARBECUE DINNER AT SCOTT RANCH

One of the happiest and most enjoyable affairs of the season was the barbecue feast at the beautiful country place of Mr. and Mrs. W. M. Scott, and Mr. and Mrs. J. D. Scott, Tuesday evening.

More than 250 friends and invited guests participated in the feast which was spread on long tables among the trees, west of the home. Commencing at 5 o'clock, the guests commenced arriving and from that time until nearly dark, they were coming to enjoy the wonderful hospitality that the Scott folks are noted for.

Sam Keene of Gail, a pastmaster in the art of "barbecuing" had been engaged to oversee the preparing of the heavier portion of the feast, that of the beef, mutton and goat. One long trench had been prepared. Assisting Mr. Keene at various portions of the work were Messrs. J. C. Dorward, Bill Williams and Com Ezell—and by the way, what is politely known as something else, and which was generously served during the feed, was named "Com Ezell." That gives you one guess as to what it was.

Assisting in the serving of the sumptuous repast were: Mr. and Mrs. W. M. Scott, Mr. and Mrs. J. D. Scott, Mr. and Mrs. Com Ezell, Mrs. Herbert Bannister, Melvin Newton and Mrs. Hugh Taylor. As the visitors passed the table, these folks piled high the plates with one of the finest and most enjoyable feasts ever spread in the section.

Previous to the feed, Supt. C. Wedgworth gave a short talk and introduced Rev. Phillip McGahey who gave the invocation.

Following and during the serving, friends gathered in groups, talking of this and that and the cordiality and enjoyable conversation, coupled with the goodness of what was served, made of the evening one long to be remembered day in the social activities of the section. Old friends of a life time, and new friendships that were started are happy incidents in life.

ALTRURIANS MEET

Mrs. Hugh Taylor was hostess to the Altrurian Club, Friday, Sept. 26, at the home of her mother, Mrs. Joe Monroe.

The Altrurian study course is given over to three subjects this year, Literature, Art and Music, these coming in the order named.

A most interesting program, built around the story "A Young Soldier's First Battle", by Stephen Crane, was directed by Mrs. Higgins.

Roll Call—A Modern Realistic Poet. Parliamentary drill directed by Mrs. J. T. Whitmore.

Personality Sketch of Author—Mrs. L. T. Stinson.

The Bride Comes to Yellow Sky. Review—Mrs. O. P. Thrane.

"A Young Soldier's First Battle"—Questions answered.

The hostess, assisted by her mother, served a delicious plate to Mmes. Anderson, Roland Bell, Pat Brown, Joe Cator, R. D. English, R. L. Gray, W. W. Hamilton, C. C. Higgins, J. W. Leftwich, A. C. Prentiss, L. T. Stinson, O. P. Thrane, H. G. Towle, J. T. Whitmore, C. J. Yoder, and guests, Mrs. C. Wedgworth, Mrs. J. R. Wedgworth and Mrs. Sidney Johnson.

MR. AND MRS. IVAN DODSON ENTERTAIN BRIDGE CLUB

The Thursday Night Bridge Club members were delightfully entertained by Mr. and Mrs. Ivan Dodson last Thursday evening, Sept. 25.

At the conclusion of the interesting bridge play, Herbert Bannister and Mrs. Raymond Sims received lovely prizes for high scores.

Refreshments were served to Messrs. and Mmes. J. G. Hicks, Wayne Boren, W. T. Rayson, A. R. Norred, Herbert Bannister, Melvin Blackard, W. C. Shull, George Oldham, Raymond Sims and G. B. Clark, Jr.

ALTRURIAN DAUGHTERS

The Altrurian Daughters met Monday evening with Miss Lucille Brown as hostess. After a short business session, the following program was given:

Roll Call—Historic Trees, Towns and Monuments in Texas. Director—Mrs. John Irwin.

Nolan's Expedition—Mrs. John Irwin.

Ellis P. Bean—Brents Anderson. How Texas Was Governed by Mexico—Margaret Dell Prim.

Lovely refreshments were served to the Misses Ola Lee Cagle, Brentz Anderson, Margaret Dell Prim, Ina Mae Caswell, Marilu Rosser, Martha Gray and Eloise Scott; Mmes. J. D. Scott, John E. Irwin, Herbert Bannister and Joe Cator.

Mrs. H. P. Brown was a club guest.

ART GUILD MEETS

Members of the Art Guild met on Monday evening, Sept. 22 at the home of Mrs. C. R. Buchanan.

During the business session Miss Elva Lemons was elected President, succeeding Miss Eula Stinson, who is teaching art in Dallas. Miss Vernele Stinson was elected Vice-President.

The following program was given: Roll Call—Italian Masters. Italian Artists—Cimabene, Giotto,

FRIENDLY HELPERS CLASS MEET MONDAY

The Friendly Helpers Class of the Methodist Church met Monday with Mrs. J. E. Blakey as hostess, and Mrs. Glenn Stark, assisting.

After their business session, refreshments were served to the following: Mesdames Freeman, Trice, L. A. Vaughn, L. T. Stinson, C. J. Yoder, Claude Sims, Wellington Taylor, Estelle Wylie, J. G. Hicks, W. P. King, W. W. Hamilton, R. L. Gray, George Dixon, Jessie Lemley, Jeff DeShazo, Mrs. Head and Mrs. E. C. Neeley.

THE LATIN CLUB

Last Wednesday, Sept. 24, the Latin Club met and elected the following officers:

President, Saxton West; Vice-President, John Blakey; Sec.-Treas. Evelyn Erwin; Reporter, Margaret Miller; Sponsor, Miss Mattie Ross Cunningham.

The club decided on purple and white as their colors. Lilac was selected as the flower.

The club plans to have a very enjoyable and interesting year.

MRS. W. R. JOHNSON HOSTESS AT LUNCHEON

Mrs. W. R. Johnson entertained the Sine Cura Bridge Club with a delightful three-course luncheon on Tuesday at 1:00 p. m.

Vases of lovely roses and late summer flowers added beauty and fragrance to the entertaining rooms.

At the conclusion of the bridge games, Mrs. G. A. Hagan was declared winner of high score, and Mrs. E. J. Anderson, low.

Club members enjoying this fine hospitality were: Mmes. R. H. Curmutte, Sr., Ernest Taylor, Dixie Smith, E. J. Anderson, O. P. Thrane, A. D. Erwin, W. B. Lee, Wayne Boren, H. G. Towle, A. R. Norred, A. J. Towle, G. A. Hagan and Geo. Jimmie Smith; and guests were: Mmes. Garrett Howell, Forest Sears, and Ivan Dodson.

SUNRISE BREAKFAST

The Girl Scouts met at the City Tabernacle last Saturday morning at 6:30 and enjoyed a fine sunrise breakfast.

Those attending were La Ruth Johnson, Valdeen Keller, Martha Jo Jenkins, Alma Caskey, Cecile Travis Smith, Edna Mae Dunnam, Rosanna Reynolds, and Miss Elva Lemons. Captain, and visitors were: Marjorie Reynolds, Mrs. Smith, and Allene Hutton.

GANNAWAY CLUB MEETS

The Gannaway Women's 4-H Club met Wednesday, Sept. 24, with Mrs. Campbell, with 6 members present.

The program consisted of reports from the club's three poultry demonstrators, Mrs. Jones, Mrs. Watson and Mrs. Campbell, with Miss

DAVIS' COMMENTS.

Final plans were made for the 4-H Exhibit on Sept. 26-27.

This meeting was held at Mrs. Campbell's so that an inspection of her poultry equipment might be made, similar inspections having already been made of the equipment of Mrs. Watson and Mrs. Jones.

Mrs. Jones, who has cleared almost \$50 for each month of this year from her flock of 278 hens, showed her unique arrangement providing hens with an abundance of fresh water during hot weather. The overflow from a storage is piped to a shaded trough and the overflow from the trough is, in turn, piped to a pit some 2 1/2 feet square and dug to a depth of 5 feet, but filled in four feet with good-sized stones and a thin layer of earth. The pit is covered with poultry wire to prevent chickens scratching in the moist earth or drinking stagnant water; though the water rarely reaches to top of stones.

The Club meets Oct. 8 with Mrs. J. W. Wade.

S. S. CLASS SOCIAL

Misses Gladys and Blanche Mitchell were hostesses to the Crusaders Class of the Methodist Sunday School, Friday evening.

A business session was first held, with Miss Jo Halley presiding. The following officers were elected for the coming year:

Miss Gertrude Herm, President; Mrs. Sallie T. Pate, Vice-President; Miss Neoma Strayhorn, Sec.-Treas.; Mrs. Louise Darby, Reporter; Miss Gladys Mitchell, Missionary Supt.

Mrs. R. H. Odom will continue to serve as teacher.

After the business meeting several games of "42" were enjoyed, and dainty refreshments were served to the following guests:

Mmes. J. M. Claunch, J. P. Nelson, and R. H. Odom; Misses Loyce Clark, Jo Halley, Neoma Strayhorn, Mary Alice Underwood, Elva Lemons, Blanche, Gladys and Oleita Mitchell.

MISSIONARY MEETING

The Cooperative Meeting of the Women's Missionary Societies of Snyder was held at the Presbyterian Church, Monday afternoon at 3 p. m.

Mrs. J. W. McCoach presided and Mrs. Dora Cunningham read the devotional from Romans, 8th chapter.

The main talk of the afternoon was given by Mrs. D. P. Yoder, in which she gave a detailed account of her recent travels through foreign lands from the viewpoint of Missions.

At the conclusion of the meeting, refreshments consisting of coffee and wafers were served.

LITTLE AMERICA CLUB

The following program was given by the "Little America Club" yesterday morning at the school building:

Low 6th A. M. Springfield. Piano solo, T. J. Peters. Story, Ruth Letcher. Song, Thana and Thaba Benbenek. Piano Solo, Virginia Yoder. Reading, Dorothy Terry. Three Jokes, Matthew Casey. Dawson Moreland, Monologue. Frances Jarrett, Riddle. G. L. Autry, Joke. Song, By the room. Lucille Green, Reporter.

PARENT-TEACHERS MEET

The first meeting of the Parent-Teacher Association met at the High School Auditorium, Thursday night, with the new president, Mrs. Wade Winston, in charge.

Mrs. J. C. Dorward, chairman of the Organization Work of the association, gave a most interesting talk on her department of the work. Plans for the year and other details were completed with the opening session presaging many other successful meetings for the year.

TWENTIETH CENTURY CLUB

Mrs. W. T. Rayson was hostess to the Twentieth Century Club on Tuesday afternoon at her West Side home.

After a brief business session, the guests were furnished real entertainment in the presentation of the one-act play, "Saved." The play was directed by Mrs. J. J. Taylor, and enacted by other club members.

Characters: Miss Minnie Tremaine, Mrs. Alen Warren; Miss Emily Tremaine, Mrs. Henry Brice; Miss Sue Tremaine (their niece), Mrs. W. T. Rayson; Miss Zillah Birdsong, Mrs. B. M. West; Mrs. Ada Bostick, Mrs. Earl Fish; Mrs. Saunders, Mrs. H. M. Blackard.

Setting—A Southern home with antique furniture; a missionary meeting, making dresses for heathen children.

Music furnished by Richard Brice. After the play, lovely refreshments were served to club members and the following guests:

Mmes. T. L. Lollar, Bill Miller, Charles Noble, W. R. Bell, W. D. Sims, J. G. Hicks, R. Stokes, E. F. McCarty, H. E. Rosser, Ollie Brunton and Clyde Boren.

GOLF PARTY

Mmes. H. E. Rosser, Earl Fish, I. A. Griffin and B. M. West jointly entertained with a Golf Party at the Indoor Golf Course, yesterday, from 2 to 6 p. m.

The entire enclosure was beautifully decorated with autumn flowers.

The hostesses were assisted by the following young ladies: the Misses Mildred Harless, Lucille Brown, Marilu Rosser, Claribelle Clark, Alta Bowers, Saxton West, and Mrs. Otis M. Moore.

After a round of golf, guests were refreshed with fruit punch and cake. About 160 ladies enjoyed this lovely party.

INFORMATION RECEIVED

Loren C. Cotton, who disappeared from Snyder, Sept. 18th, was heard from at El Paso this week.

The information came to the Sheriff's office. Foul play had been suspected but to all appearances, Loren is among the living and we hope to see him back home soon.

New Subscriptions to The Times-Signal have been pouring in on the average of three to five a day.

Give us your news.

UNION DOTS

Miss Gertrude Binion

Miscellaneous

R. W. Newman and family were week end visitors in Old Glory.

J. C. Williamson, son of Mrs. Williamson of the Turner community, was taken to the Lubbock Sanitarium Friday week, where he underwent an appendicitis operation.

Miss Bonnie Ramsey of Snyder spent Friday night in the home of Helen Witherspoon.

Mr. and Mrs. Emmett Maddox of Mineral Wells are at present in the home of Mrs. R. M. Johnson.

Mr. and Mrs. Joe Ekkie and family spent Sunday in the home of Mrs. Ekkie's Mother, Mrs. W. H. Huckabee.

Mr. and Mrs. H. G. Moore spent last week end in the home of their son, Dewey Moore and wife of Slaton.

Mr. and Mrs. Arthur Turner of Camp Springs were guests of Mrs. Turner's parents, Mr. and Mrs. T. I. Bynum, Sunday.

C. L. Devenport is still in an Abilene hospital, his case having been discovered more serious than at first suspected.

Mrs. H. G. Moore, her daughter Ruby and friend Clarice Blakely were Sunday afternoon callers at the home of Mrs. Pete Bolin of Snyder.

Afton Buttrell, who is employed at San Angelo, is with his parents for a short stay.

BYPU HAVE FROLIC

A crowd of young people met at the Baptist Church Saturday afternoon at 6:30 and journeyed to a sequestered place on a creek in Mr. Devenport's pasture where a fire was built and chicken was deliciously fried. Of course there was bread and pickles and cake—in other words "accessories to match." The weather was only cool enough to make the fire a pleasant necessity.

Those enjoying this occasion were: Mr. and Mrs. Joe Wilson and children, Wayne and Allene, Mr. and Mrs. Forrest Huffman and little daughter Billy Fern; Mr. and Mrs. Alfred Weathers; Misses Marie Devenport, Willie Mae Willis, Lois Huckabee, Paye Bullard, Florine Bullard, Gertrude Binion, Mae Rogers, Mary Light, Gladys Huffman, Ruby Berry; Messrs. Ernest Berry, Clyde Binion, Charles Binion, Leonard Brumley, M. H. Brumley, Afton Buttrell, Roy Davis, John Deavers, Orville Deavers, Coy Deavers, Clifton Devenport, Lloyd Devenport, Homer Devenport, Glenn Huffman, Travis Rogers, Curtis Rogers, J. C. Witherspoon, and Jack Witherspoon.

Mitchell-Scurry BYPU Meets At Hermleigh

A group of Union people attended the Mitchell-Scurry BYPU Association rally at Hermleigh last Sunday afternoon. Several BYPU enthusiasts appeared on the program and a real genius was discovered in the person of Mr. Lewis Kirby, a young man from Wastella who made a splendid talk on

"Young People and Modern Amusements."

Two banners were awarded. The Attendance banner won in the last meeting at Colorado by Hermleigh was carried off by the Bison BYPU with a representation numbering 25; and the Efficiency banner was claimed by the Hermleigh BYPU, having been won last time by the Union BYPU.

There are sixteen BYPU's in this association. The next meeting will be held at Roscoe on the fourth Sunday in November. Be there!

Those attending the meeting last Sunday afternoon from Union were: Rev. and Mrs. T. L. Nipp, Lloyd Devenport, Marie Devenport, Willie Mae Willis, Curtis Rogers, Travis Rogers, Ernest Berry, Ruby Berry, Lois Huckabee, Leonard and M. H. Brumley, Faye Bullard, Maudie Devenport, Florine Bullard, Clifton Devenport, Gertrude Binion, and Mr. and Mrs. Joe Wilson.

Shuler's Entertain

Many of the community's singers enjoyed a delightful social hour at the home of Mr. and Mrs. Holly Shuler Tuesday evening. The evening's enjoyment consisted of song practice from the new song books ordered recently by the Singing Class.

Epworth League

The regular council meeting of Epworth League Officers was held Monday evening at the home of Mr. and Mrs. Paul Carrell.

COLLISION NEARLY RESULTS IN TRAGEDY

A collision between two Ford cars, occupied by school children coming to Snyder, Monday morning, nearly resulted in tragedy when Inez Sanders driving, with Johnnie B and Vera Parker, and Lavanna Richeson in her car struck the other auto. The Sanders car was thrown into the ditch along with its occupants, Johnnie B. Parker, 8, suffering a broken limb near the hip and Miss Richeson receiving several cracked ribs. J. Wesley Harris was the first to arrive on the scene and with quick help, the injured were rushed to the Emergency Hospital. All were reported getting along in good shape, Wednesday.

Correspondents are always wanted at The Times-Signal who will represent their parts of Scurry county.

FINE PALACE SHOW

The film, "Grumpy" that showed at the Palace the first two nights of the week was one of the best shows ever to appear in Snyder. With Cyril Maude in the title role, there was a laugh and a kick in his every line and action. We'll bet some wives and mothers here saw in old "Grumpy" a counterpart in some instances, of what they have to put up with at home. We'll bet you on that, too.

Give us your news.

Your Own Interest in Fire Prevention Week

This Year—October 5-11

You have a personal reason for helping to observe Fire Prevention Week. It concerns your family—your home—your business—your community. If you take no part in the public observance, you can at least, make the valuable contribution of your own better preparation to resist fire through preventative measures.

Increased public cooperation should result in reducing fire losses and in that way justify further reductions in the average cost of fire insurance—a cost which has consistently declined over a long period of years.

STOCK FIRE INSURANCE

companies—through the National Board of Fire Underwriters, Chambers of Commerce and other organizations, have done much toward making Fire Prevention Week popular and effective for all property owners whether insured or not.

That the owners are: J. W. Roberts and George F. Smith, both of Snyder, Texas.
 That the known bondholders, mortgagees, etc., are:
 First State Bank & Trust Co., Snyder, Texas; and Grady Roberts, Chillicothe, Texas.
 GEORGE F. SMITH
 Sworn to and subscribed before me this 1st day of October, 1930.
 (Seal) HUGH BOREN,
 My commission expires June, 1931.

NOTICE OF COUNTY ROAD BOND ELECTION

THE STATE OF TEXAS: COUNTY OF SCURRY: TO THE RESIDENT PROPERTY TAXPAYING VOTERS OF SCURRY COUNTY, TEXAS:

TAKE NOTICE that an election will be held on the 18th day of Oct. 1930, within Scurry County, Texas, to determine whether said County shall issue bonds, and whether ad valorem taxes shall be levied in payment thereof, in obedience to an election order entered by the Commissioners' Court on the 15th day of September, 1930, which is as follows:

ON THIS, the 15th day of September, 1930, the Commissioners' Court of Scurry County, Texas, convened in special session, at the regular meeting place thereof, in the Court House at Snyder, Texas, all members of the Court, to-wit: Horace Holley, County Judge, presiding; and John C. Day, Commissioner, Precinct No. 1; H. C. Flournoy, Commissioner, Precinct No. 2; Lee Grant, Commissioner, Precinct No. 3; W. A. Johnston, Commissioner, Precinct No. 4; Mabel Y. German, County Clerk and Ex-Officio Clerk of the Commissioners' Court, being present, came on to be considered the petition of L. T. Stinson and 78 other persons, praying that bonds be issued by said Scurry County, Texas, in the sum of SIX HUNDRED THOUSAND DOLLARS (\$600,000.00), for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not ad valorem taxes shall be levied annually upon the property of said County, subject to taxation for the purpose of paying the annual interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

IT APPEARING TO SAID COURT that said petition is signed by more than fifty of the resident property owning taxpayers voters of said Scurry County; and

IT FURTHER APPEARING that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property in said Scurry County;

IT IS THEREFORE CONSIDERED AND ORDERED by the Court that an election be held in said County on the 18th day of October, A. D. 1930, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said County shall be issued in the amount of SIX HUNDRED THOUSAND DOLLARS (\$600,000.00), bearing FIVE AND ONE-HALF PER CENT (5 1/2%) rate of interest, and payable at such time or times as may be deemed most expedient by the Commissioners' Court, not to exceed THIRTY (30) years from date thereof; and whether or not ad valorem taxes shall be levied upon all the property in said County, subject to taxation, for the purpose of paying the annual interest on said bonds and to provide a sinking fund for the redemption thereof at maturity.

THE SAID ELECTION shall be held under the provisions of Chapter 16, of the General Laws passed by the Thirty-ninth Legislature, at its Called Session, in 1926.

ALL PERSONS who are legally qualified voters of this State, and of Scurry County, and who are resident property taxpayers in Scurry County, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots, the words:

"FOR THE ISSUANCE OF BONDS AND THE LEVYING OF AD VALOREM TAXES."

And, those opposed, shall have written or printed on their ballots, the words:

"AGAINST THE ISSUANCE OF BONDS AND THE LEVYING OF AD VALOREM TAXES IN PAYMENT THEREOF."

The polling places and the presiding officers of said election shall be, respectively, as follows:
 Precinct No. 1. Polling Place, County Court Room; Presiding Officer, S. T. Elza; Assistant Judge, Mrs. H. L. Davis.
 Precinct No. 2. Polling Place, School House; Presiding Officer, E. G. Murphy; Assistant Judge, Campbell Helms.
 Precinct No. 3. Polling Place, School House; Presiding Officer, J. C. Ezell; Assistant Judge, W. A. Wade.
 Precinct No. 4. Polling Place, School House; Presiding Officer, C. H. West; Assistant Judge, H. E. Greenfield.
 Precinct No. 5. Polling Place, First State Bank Bldg.; Presiding Officer, J. G. Landrum; Assistant Judge, Ed Lemon.
 Precinct No. 6. Polling Place, School House; Presiding Officer, W. E. Clarkson; Assistant Judge, A. P. Smith.
 Precinct No. 7. Polling Place,

School House; Presiding Officer, Walker Huddleston; Assistant Judge, Marvin Key.
 Precinct No. 8. Polling Place, School House; Presiding Officer, J. A. Thompson; Assistant Judge, Athler Chandler.
 Precinct No. 9. Polling Place, School House; Presiding Officer, J. E. Murphy; Assistant Judge, E. E. Carille.
 Precinct No. 10. Polling Place, School House; Presiding Officer, Holley Shuler; Assistant Judge, R. L. Jones.
 Precinct No. 11. Polling Place, School House; Presiding Officer, J. E. Brown; Assistant Judge, Oscar Bowers.
 Precinct No. 12. Polling Place, School House; Presiding Officer, C. P. Lobban; Assistant Judge, J. M. Pagan.
 Precinct No. 13. Polling Place, School House; Presiding Officer, H. E. Brock; Assistant Judge, W. D. Kinney.
 Precinct No. 14. Polling Place, J. P. Office; Presiding Officer, W. A. Louder; Assistant Judge, J. R. Coker.
 Precinct No. 15. Polling Place, School House; Presiding Officer, Guy E. Casey; Assistant Judge, W. C. Davidson.
 Precinct No. 16. Polling Place, School House; Presiding Officer, L. P. Sterling; Assistant Judge, Ed Taylor.
 Precinct No. 17. Polling Place, School House; Presiding Officer, J. R. Dabbs; Assistant Judge, Luther Morrow.
 Precinct No. 18. Polling Place, School House; Presiding Officer, Bruce Ramsour; Assistant Judge, Mrs. Tom Chapman.
 Precinct No. 19. Polling Place, Co. Supt. Office; Presiding Officer, J. I. Baze; Assistant Judge, Ed J. Thompson.
 Precinct No. 20. Polling Place, School House; Presiding Officer, S. L. Brown; Assistant Judge, R. A. Hardee.
 Precinct No. 21. Polling Place, Com. Court Room; Presiding Officer, S. J. Casstevens; Assistant Judge, E. C. Dodson.
 Precinct No. 22. Polling Place, J. P. Office; Presiding Officer, A. Rhoades; Assistant Judge, Mrs. O. P. Thrane.
 Precinct No. 23. Polling Place, School House; Presiding Officer, J. A. McKinney; Assistant Judge, Sherman Blakely.

The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the Act hereinbefore referred to. Notice of the election shall be given by publication of a copy of this order in Scurry County Times-Signal, a newspaper published in this County, for four successive weeks, before the date of said election, and, in addition thereto, there shall be posted by the County Clerk other copies of this order at three public places in the County, one of which shall be at the Court House door, for three weeks prior to said election.

THE COUNTY CLERK is hereby ordered and directed to give notice of said election as required by law, and as herebefore directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this Court.

The above order having been read, it was moved by Commissioner H. C. Flournoy, and seconded by Commissioner W. A. Johnston, that the same be passed and adopted. Thereupon, the question being called for, the County Judge put the motion to a vote of the members of the Commissioners' Court and the following members of the Court voted "AYE":
 John C. Day, H. C. Flournoy, Lee Grant and W. A. Johnston; and none voted "NO".
 (Signed) HORACE HOLLEY
 County Judge
 JOHN C. DAY
 Commissioner of Precinct No. 1
 H. C. FLOURNOY
 Commissioner of Precinct No. 2
 LEE GRANT
 Commissioner of Precinct No. 3
 W. A. JOHNSTON
 Commissioner of Precinct No. 4

IN WITNESS WHEREOF, I have hereunto signed my name officially and affixed hereto the seal of the Commissioners' Court of Scurry County, Texas, this 15th day of September, 1930, pursuant to authority given by law and the above order of the Commissioners' Court of said County.
 (Com. Court MABEL Y. GERMAN
 County Clerk and Ex-Officio Clerk of the Commissioners' Court of Scurry County, Texas. 14-tfc.

Justice and Mrs. Jeff Justice, Jr., and little son, of Post.

STATE DEPT. OF AGRICULTURE
1b Texas Cotton Crop Estimated at 3,995,000 Bales Up on Conditions of September 15th
 GEORGE B. TERRELL, COMMISSIONER OF AGRICULTURE, HAS GIVEN OUT HIS SEPTEMBER COTTON CROP REPORT, ESTIMATING THE TEXAS CROP AT 3,995,000 RUNNING BALES. HIS STATEMENT FOLLOWS:

REPORT BY DISTRICTS

District	Counties	Condition	Est. Production
Eastern District	49 Counties	62%	690,000 Bales
Eastern District	22 Counties	63%	590,000 Bales
Western District	44 Counties	48%	220,000 Bales
Central District	44 Counties	64%	1,235,000 Bales
N. Western District	58 Counties	45%	615,000 Bales
S. Western District	37 Counties	69%	705,000 Bales
Average for State			58% Total 3,995,000 Bales

There are 16,975,000 acres in cotton in Texas, or practically 17,000,000 acres. The estimated yield is about 116 pounds of lint cotton per acre or 4 1-2 acres to the bale.
 Our estimate of August 15th placed the Texas crop at 4,250,000 bales, and the U. S. Government estimate of Sept. 1 placed the Texas crop at 4,321,000 bales.
 Our reports from all parts of the State show continued deterioration, causing us to reduce our August estimate 255,000 bales. Only two districts—the Southwest and Central districts—indicate a higher yield than last year.

Big Counties
 During the past years Ellis, Williamson, Hill, McLennan, and Nueces counties have produced over 100,000 bales, but Nueces is probably the only county that will reach the 100,000 bale mark this season, as more than 100,000 bales were ginned up to Sept. 1st, and the county will probably make 145,000 or 150,000 bales.

Market Conditions
 "This is the most disastrous year for the cotton farmer since the beginning of the World War. The crop is short and the price the lowest since 1914, being less than ten cents at some interior points. This price is below the cost of production, and farmers cannot continue to produce cotton at such a price. Our reports show that one-third of the crop is being held for better prices. Every bale ought to be held until the price advances if it were possible for the farmers, merchants, and bankers to finance and hold it.

Mitchell County Fair Started This Morning
 "Live-at-Home" Idea Attracting Widespread Interest

Be it so that as a rule crops are depreciated and conditions are not suggestive of "good times", the initial Live-at-Home Fair, to open in Colorado this Thursday morning is to usher in an exposition truly portraying a season of farm prosperity in Mitchell county, says Editor Cooper of The Colorado Record. Exhibits to fill every department at the exposition are to be up to the standard of quality usually found at the average West Texas show according to claims being optimistically advanced by officials of the association.

Opening day of the fair is to be given over largely to viewing the exhibits, judging in all departments and the announcement of prize awards. Accredited judges have been obtained to judge exhibits in the agriculture, livestock, rabbit, arts, culinary and other departments.
 Thursday evening will usher in the big social event of the fair, when ceremonies attending the coronation of her majesty, the queen, are to be observed. Ladies of the Mitchell County Federation of Women's Clubs directing this feature of the exposition, announce this program to be one of the most colorful and successful pageantry events ever attempted here. Election of the queen is to be announced early, after final counting of ballots now being cast in popular contest is announced.

Following coronation of the queen, her majesty and court attendants are to be special guests at banquet to be given at Hotel Colorado by the Mitchell County Rabbit Breeders' Association. Scores of reservations have already been made for this gala affair, and many others may be entertained. Reservations should be filed with R. H. Barber, secretary of the host association.
 Other social features of the first evening include the queen's ball, a band concert under direction of Roy Hester, Western rodeo events, exhibiting among other things roping, stunts by artists who cannot be excelled in this country. The first evening will be concluded with the old fiddlers contest and the harmonica contest. Several entries including "old-timers" who, in the long ago, fiddled for frontier cow-hand dances, have entered in contest.

Friday, October 3, second day of the fair, is school day. The program will be opened in the morning with a parade of several thousand school children who, marching to martial music by the Colorado Municipal band, will parade through the business section of the city. Every school student of the county is extended an urgent invitation to participate in this parade. Races, featuring the sturdy burro, and others, will go to make up a full day's entertainment. On this day the annual horse-shoe pitching contest is to be staged. Teams representing several rural communities of the county have been entered in the contest. The second day will close with presentation of one-act plays by schools of the county and a band concert for the evening.

Saturday a series of entertaining features are announced for the afternoon and evening. More one-act plays by the schools, another band concert and a battle royal by five negro boys will conclude the entertainment program.
 Colorado and Mitchell county are inviting Snyder and Scurry county to join with them in their "Live-at-Home" Fair.

DEMURRAGE CHARGES ON DOMESTIC COLLECT-ON-DELIVERY MAIL EFFECTIVE OCT. 1, 1930
 Effective Oct. 1, 1930, section 1074 Postal Laws and regulations of 1924, is further amended by the addition of the following paragraph 14 (a), (b) and (c):
 14 (a) * * * Under such regulations as the Postmaster General may prescribe and collect-on-delivery parcel which the addressee fails

Fire Hazards Described In State Warning
 Placing Stoves Too Close To Woodwork Is Common Cause

AUSTIN, Sept. 27.—Particular attention should be paid by homeowners and builders to the elimination of fire hazards through careful installation of main heating units, J. W. DeWeese, state fire marshal and insurance commissioner, said in commenting on the dangers of fire from this cause.
 The main cause of fires from this source is placing the stoves or furnaces too close to unprotected woodwork and insufficient clearance, DeWeese said.
 "Dries Out Woodwork"
 "Though the chimney and flues are necessarily attributes to the heating plant as a means of maintaining a draft and carrying off smoke they are not the source of heat and the source usually represents definite dangers. Furnaces should be at least 15 inches from the ceiling provided the ceiling is satisfactorily covered. If the ceiling is not covered the furnace should be between two and one-half and three feet away. Woodwork subjected to prolonged heat becomes excessively dry and requires only a spark or perhaps only a little extra warmth to ignite it.
 "Furnaces should be placed on solid foundations with the sides and top encased in non-combustible material. It is well wherever possible to have the furnace section entirely cut off from the rest of the building. "Kitchen ranges not resting on legs should have foundations of brick or cement at least three inches thick and should stand 18 inches from any woodwork, unless the latter is protected by asbestos or metal sheeting, having an air space behind it, or by both materials, in which case a six-inch clearance is considered sufficient.
 "Sheet Metal Protection"
 "The floor beneath all stoves supported by legs should be protected with sheet metal having a layer of asbestos beneath it and extending about a foot and a half in front of the ash receptacle so as to render harmless coals that drop out.
 "The use of oil burning furnaces is on the increase and they present several dangers in addition to the ordinary hazards of heating plants. Such furnaces should be installed in accordance with safety regulations.
 "The modern oil cooking stove is safe enough if installed properly and maintained. If carelessly operated it becomes a real menace. A stove of this kind should be set up firmly with legs so adjusted that it is level and secure. The legs should not be propped up with scraps of wood or other material which will become dislodged and cause the stove to tip or upset. Burners should be kept clean for the sake of efficiency and safety and should

be boiled occasionally in a strong solution of lye or washing soda and water. Oil stoves should never be filled near an open flame light and are best attended to during the daytime, nearby woodwork should be protected with sheet metal and asbestos and the supply of kerosene should be stored in an outer shed.

A DISTINGUISHED EXAMPLE
 Not a great many years ago the "hunger" was as unwelcome as the leper. People were afraid to be near him; he had the greatest difficulty in finding a place to stay. A morbid fear of the dread white plague caused its victims and their families to keep the knowledge from the outside world. They threw out a protective smoke screen of silence.

But the world's attitude toward tuberculosis persons and toward the disease itself has undergone a change for the better. Surgeon General Cummins of the United States Public Health service has issued a statement commending President Hoover and his family for permitting it to be known that Herbert Hoover, Jr., his incontinent tuberculosis.

"Less than 20 years ago," said Dr. Cummins, "to make a diagnosis of tuberculosis was to write final social, domestic and professional life of the patient—if not to pronounce a simple sentence of death. There arose, consequently, the very foolish sentiment of shunning the disease. Symptoms were pool-pooed, patients were pronounced 'under suspicion' of it, and treatment was hidden or delayed. Intelligent persons have quite outgrown these old notions, but there still persists an unfortunate subservience to them where they do the greatest harm to the cause of eradication."

He added that the Hoover example will encourage others to seek advice earlier and will influence more doctors to make diagnosis as soon as possible.—Abilene Reporter.

Now is the time to dip livestock for lice, sheep ticks, true ticks, and mange. These pests will be more troublesome later on, when it will be too cold to dip stock.

In regions where parasites interfere with sheep raising, breed ewes in time to lamb early, advises the U. S. Department of Agriculture, and market the lambs before the worms share your profits.

Even the most careful feeding may leave the horse in poor condition if its teeth are not sound so as to permit proper chewing. Sometimes the milk teeth of young horses remain longer than they should, and cause permanent teeth to grow crooked. Watch this and if necessary remove the milk teeth with forceps.
