BY JAKE

CUSSING the government has become almost a profession with most Americans. From President Hoover, through congressmen, state representatives, county and city officials, and on down through dog catchers and trash haulers, we go in this delightful task of lambasting anyone who has authority of, by or through any government agency.

Wine, women, weather and government roasting have probably become the four outstanding topics for discussing in this land of stock markets, cotton farmers and gang wars.

If the government were just half as bad as we usually picture it, most of us would be slaves, a few would be political hirelings, and about one-tenth of one per cent would be petty kings.

And if the government weren't created, in theory, at least, by those of us who pay taxes, sell calico and raise Cain, there would probably be twice as much government cussing as we have now.

Just to be different, I'm presenting a few morsels of good Scurry County news from the government this year.

BEGINNING at the present and going toward the past, we are first face to face with the new health work Uncle Sam and Old Man Texas instituted in this county last week.

Here are a few of the services made available by this government health department plan:

1. If your child is sluggish in his studies, mean in his disposition and altogether expiring in his attitudes, the state health nurse will give him a free examination. It may be poor eyes, rotten tonsils, adenoids or bad teeth—not the inherited laziness of his daddy—that is at the root of all the trouble.

2. If your water supply is impure, a state official will tell you why and give you a remedy—free. That also applies to community or school water supplies.

3. If your private, school or community sewage disposal system is functioning improperly, it may be bringing sickness and even death to your family. The state will tell you how to remedy that situation—free.

4. If an epidemic of any sort breaks in your community, the state will step in, furnish the toxin, and nip the disease in the bud—free.

You may read more about this work on the leading article on this page.

WHAT would be happening to Scurry County at this moment if the government had not stepped into the breach and loaned us not far from \$200,000 for feed, seed, food and general use?

Every school child can answer that question.

Every farmer, every business man, every housewife knows that \$200,000 has been a god-send to Scurry County, even if some of it has gone into other parts of the state and the country.

Field after field of maize, begonia, kaffir and other feed-stuffs are being planted, and some are already showing their green sprouts toward high heaven.

Carload after carload of pedigreed and certified cotton seed is being wanted the latter part of April and the first part of May.

Check after check is coming to farmers who would otherwise be regular patrons of the Red Cross.

Perhaps, as some of us contend, the government owes us these loans. If so, should we not be thankful that Uncle Sam is paying off after holding back for over 100 years?

The soldiers' bonus is next on my list.

It is easy to say: "Yeah, the government owes the boys all they can get."

Perhaps that is true. You can tell the world that I believe in the boys who fought, and in the bonus they received.

But isn't it time for a day of thanksgiving to Uncle Sam when he shows in black and white that he has contributed more for the welfare of his fighting men than any other country in the world—England, France, Germany, Italy, Russia and Austria included?

It seems to me that we have been a lot quicker to cuss Hoover and Mellon for fighting against the bonus bill than we have been to thank the senators and representatives for fighting for it.

A HUNDRED smaller items with which our national, state, county and city governments have favored us could be named.

We have the county and home demonstration agents with us.

We have the opportunity of getting planting, breeding, seedling, terracing, poultry and other advice from various government agencies when we want it.

Business men can get the results of an untold number of researches, experiments and suggestions simply by writing to the Department of Commerce.

SNYDER, TEXAS, THURSDAY, APRIL 23, 1931.

NUMBER 45

Wellborn Backed As Director For Co-op in District

If H. P. Wellborn isn't elected as director for the fifteenth district, Texas Cotton Cooperative Association, it won't be because his Scurry County friends are falling to boost him for the place.

A thousand letters to Co-op members in other counties in the district, many personal letters, and news articles to every paper in the district, are among the campaign tools being employed.

Ballots have been mailed to District No. 15 members in Haskell, Baylor, Dickens, Kent, King, Knox, Scurry, Stone and Throckmorton Counties, from the Dallas office. They must be returned not later than April 30. B. Walters of Rule is the other nominee.

Scurry County Co-op members are urged to cast their vote for this home man, the first member of the Co-op in the Abilene district, and a farmer who has made a success of the farming game.

QUEEN WILL BE CHOSEN FRIDAY

Friday afternoon at 4:00 o'clock sharp a contest which determines who will be May Queen will close at the Snyder High School.

The young lady upon whom the honor will be bestowed will be crowned Queen at a lovely May Fete to be given Friday evening, May 1, in the school auditorium, beginning at 8:00 o'clock.

Class candidates for Queen include: Senior, Miss Mary Clark; junior, Miss Maurine Stinson; sophomore, Miss Dinawen Bridgeman; and freshman, Miss Martha Jo Jenkins.

The festival is being sponsored by the Band Mothers, and is under the direction of Miss Vernelle Stinson, assisted by Millard Shaw and Homer F. Springfield. Proceeds will go toward paying for the new band uniforms.

The auditorium will be transformed into a Japanese garden. Beautiful costumes will be seen, and there will be enjoyable specialties.

Snyder Schools Will Finish Term May 22

Graduation exercises for the Snyder schools will be held Friday, May 22. Superintendent C. Wedgeworth announces this week. The commencement session will be de-livered Sunday, May 17.

No other closing plans have been made. Neither speaker for the exercises is yet definitely known.

Mrs. Templeton Has Bible Brought From Scotland By Mother's Uncle

One reason for the excellent preservation of the book is that it has been rebound twice, the last time in a heavy board binding that keeps every original leaf in place. Only while the Templetons lived in East Texas years ago, has kept the book from being as fresh as if it were only a few decades old.

The straight letter "s" in the old Bible, akin to our small letter "f," is another reminder of its age. Mrs. Templeton, who reads the keepsake often, has become accustomed to this peculiarity, and can cover the pages as rapidly as if they were in the type of today.

Excellent drawings of biblical scenes, and Bible help not found in books of any kind, are included in the volume.

WEATHER MAN HELPS COUNTY FARMER AGAIN

Good Planting Season in Section Brought on as Winter Gives His Final Fling.

The weather man has been good to Scurry County during the past ten days.

Even if the old fellow did bring a biting norther, with sand in its craw, he brought enough spring rains to more than make amends.

As the Times goes to press this Thursday, Snyder has received a light wetting since daylight, and heavy clouds are still hovering about as if to prophesy more rain.

Much feed has been planted already, and a few have set their cotton planters to work. Corn is big enough for plowing, some farmers report.

With the heavy planting season just around the corner, and with spring rains being added to the fall and winter season, old Scurry is looking toward a future that seems to spell more and better crops and grazing lands.

SOLDIER BOYS COMPLIMENTED BY INSPECTOR

Company G, Scurry County National Guard unit, regimental leader last year, stood its annual federal inspection Thursday night of last week. The inspector was Major Donald Henley, senior regimental instructor of the 14th Infantry, Texas National Guard.

This is Company G's seventh inspection. It led the regiment of 18 units on two of the inspections.

Although the inspector is not allowed to announce the rating of any unit until the entire inspection of the regiment is over, he told Captain John E. Sentell that he has a fine company, and that he especially wanted to congratulate the performance of his lieutenants—First Lieutenant Wren O. Moore and Second Lieutenant Tim O. Cook.

"Company G is not at all un-plus but what it will receive an S-plus rating, which is the highest of the three ratings given, and believes that it may again lead the regiment," Captain Sentell says. "We expect hard competition, however, from Company H of Amarillo.

How They Lined Up.
Those standing inspection were: Company G headquarters—Company commander, Captain John E. Sentell; first sergeant, Jesse Jones; supply sergeant, Roy Irwin; mess sergeant, Will Crowder; company clerk, Sergeant Charles Dever; artificer, First Class Private Lee H. Price; burler, First Class Private John Hendry; first cook, John Cook; messengers, Ollie Dever and Horace Crumley.

First platoon—Platoon commander, First Lieutenant Wren Moore;

Under-rearing for Scurry Test Longest Tried in This Area

Under-rearing in the Davis-Pender oil test, in Northeastern Scurry County, is reported to have totaled over 1,300 feet since the job started Sunday—the longest under-rearing ever undertaken or completed in West Texas, according to Mr. Pender.

Six and three-quarters inch pipe is being used for the job. The operators expect to get on the drill again Monday.

A good showing of gas was picked up at 5,998 feet a week ago. The drill was stopped at 5,028 feet, at the bottom of one of the deepest holes ever bored in this section.

Several local dealers are using the creamery's ice cream, and patrons are well pleased with the product. One of the Snyder dairies buys its Bulgarian buttermilk supply from the new men. Smith and Bright believe they will increase their patronage many per cent as more Scurry County people become acquainted with the quality of their products and are assured that the creamery men are here to make their home.

Mayor Says Councilmen Should Plan for City

Fairness, Cooperation, Willingness to Work and Lack of Extravagance Needed

Fairness, cooperation, lack of extravagance and willingness to work for the best interests of the majority are the qualities most needed by city officials, Mayor H. P. Towle told members of the Snyder City Council in letters mailed last week.

"In considering the spending of the taxpayers' money, we should always take into consideration the percentage of the public that will derive benefits from any improvement or investment," is the way the mayor expressed one phase of the councilman's duty to the public.

After naming the new City Council committee, Mr. Towle included these thoughts in his letter to each councilman:

Asks Specialization.
In behalf of myself and the citizenship of Snyder, I want to thank each and every alderman in advance to make a thorough study of all city affairs in general, and to specialize in the departments to which he has been particularly assigned and appointed. This is just good business, and it is what each of us owes to the people who have selected us to act as their agents in the running of the city's affairs.

We cannot do this well without securing all the information possible with reference to the matters which we are considering, and we should be extremely cautious as to finance and improvements. The following points seem to me to be of primary importance in discharging our duties to the citizenship of Snyder:

1. Each and all of us should always keep in mind the present and future necessity of any particular project and whether or not it will

HAVE YOU EVER HEARD OF A SUNDAY SCHOOL COTTON PATCH? HERE'S ONE!

Did you ever hear of a Sunday school cotton patch? Neither did we, until Miss Rachel Hamilton, our Strayhorn community correspondent, gave us the details this week.

The Strayhorn finance committee raised about \$40 in cash with which to tide their newly organized Sunday school over for the time being. But they knew that it would take a few dollars all along to "make the mare go" later.

This is what happened: The committee rented 20 acres a mile west of the school house, to be planted and worked for the benefit of the Sunday school. Accordingly, 20 men with 20 teams met at the field on Wednesday last week, laid off the rows on a water level, and proceeded to list the land and knit down the beds. As a result, the land was in fine shape for the show-ers which have since fallen.

At the conclusion of the day's work, the men and teams lined up at the end of the rows while L. M. Bynum took a kodak snapshot of them. Those in the picture are: R. T. Ramage, Verne Head, T. M. Fherigo, G. C. Roberson, R. J. Pitts, Elza Pitts, W. H. Stokes, Mr. Riggs and son, Mr. Stovall, Mr. Hatcher, Mr. Harkins, Ira Simmons and Truett Simmons.

The committee in charge of the work is composed of A. A. Crumley, R. J. Pitts and Truett Simmons. If they, and the willing neighbors who are backing them, have half luck with their cotton patch this season, the Strayhorn Sunday school should have enough money this fall to use for many months to come.

CREAMERY HAS OPENED AGAIN

The Snyder Creamery, which was closed during the fall and winter, has opened again, with two men of long-time experience in charge.

J. H. Smith of Tahlequah, Okla., and W. E. Bright of Muskogee, Oklahoma, are the new proprietors. Both men have followed the business in Oklahoma and Texas for a number of years.

The creamery has been cleaned up from top to bottom, and several pieces of new equipment have been added. Modern facilities for handling cream will probably be added later, to bring the total cost of improvements to several hundred dollars.

Several local dealers are using the creamery's ice cream, and patrons are well pleased with the product. One of the Snyder dairies buys its Bulgarian buttermilk supply from the new men. Smith and Bright believe they will increase their patronage many per cent as more Scurry County people become acquainted with the quality of their products and are assured that the creamery men are here to make their home.

SNYDER TAKES SECOND PLACE IN BAND MEET

Local Musicians Lose First Rating in Class B Division by Only Fraction of a Point.

Only two-tenths of a point separated the Snyder High School Band from the West Texas Class B Band at the annual contest at Abilene Saturday. Colorado won the challenge cup with a grade of 81.6, opposed to Snyder's 81.4. Midland was third in this division with a grade of 80.8.

The bandmen were awarded a cup presented by the Kilgore Jewelry Company of Abilene. This was officially presented at the local chapel hour Monday.

Snyder took highest honors by winning first place in the Class A division for the third successive year. Albany won first place in the Class B division last year. Abilene placed second in Class A. Wink was first in Class C, and Breckenridge led in Class D.

Director Millard Shaw Jr., who has been with the band only a few months, is being highly complimented for his organization's excellent showing. This former Simmons Cowboy Band performer, pushing his 34 members through to a grand finish in their new uniforms, was also praised by his old "master," D. O. Wiley, who had charge of the 500 bandmen who were Abilene's guests.

"This contest demonstrated the marvelous improvement in West Texas high school bands in the past few years," Prof. Wiley said in announcing the winners. "All of the bands played so well that it was extremely difficult for the judges to determine winners. Competition is getting keener every year, and I expect to see the same improvement next year which I have witnessed in the past."

Personnel and instrumentation of the local organization follows:

Solo Trumpets—Melvin Wylie, Bob Hamilton, Horace Holley.
First Trumpets—Leighton Griffin, Earl White.
Second and Third Trumpets—Clinton Fessire, Raymond Barry.
Solo and First Clarinets—Harold Davidson, Verba Adams, Dodson Smith.
Second Clarinets—T. J. Teter, Miss Maurine Cunningham.
Third Clarinets—Willard "Ikey" Lewis, Billy Smith.
First Trombones—E. J. Bradbury, Hugh Taylor.
Second Trombone—Kenneth Pittner.
Third Trombones—Creston Fish, Earl Wren.
Baritone—Sadie Smith, Borden Gray.
First Horns—Fred Wolcott, Corwin Patterson.
Second Horn—Garth Austin.
Third Horn—Elsie Holley.
Fourth Horn—Ernestine Morton.
Alto Saxophones—Morris Sturdvant, Jackie Scarborough.
Tenor Saxophone—Murray Gray.
Bass—Billy Perry, W. F. Cox.
Snare Drums—Banlie Smith, William Miller.
Bass Drum—Norman "Slick" York.

WOMEN IN COUNTY MAKE CHEESE PAY

Eleven Home Demonstration Club women of Scurry County have made a profit of \$47.31 from making 153 pounds of American cheese, according to Miss Jessie Lee Davis, home agent.

Valuing the milk at 12 cents a gallon, their labor at 25 cents an hour, and including the price of the cheese color and rennet tablets used, it cost \$29.19.

Since the price for this quality of cheese is 50 cents per pound, or \$76.50 for the 153 pounds, the net profit to these eleven women was \$47.31.

Interest Growing In Final Days of Revival Meeting

That interest in the Methodist revival is increasing is proven by the people who have been turned away for two or three services this week. At all evening services the capacity of the church has been taxed, and morning crowds have been large and attentive, Pastor Cal C. Wright says.

The first high point came Sunday evening, when it is said that many people could find no standing room Tuesday evening's special high school service, featuring the Glee and Choral Clubs, was also a leader in interest and crowds. "Playing Life's Game" was Evangelist Ray Johnson's subject for the evening.

Morning sermons this week are on "The Personality and Work of the Holy Spirit." The young revivalist announces a mass meeting Sunday afternoon at 3:00 o'clock, followed by the concluding sermon of the two-week meeting at 7:45 o'clock.

Among the sermon subjects for the remaining night services are: "The Only Message That Ever Came Back from the Other World," "How a Great Man Threw Away Salvation," "The Homeland of the Soul," and "The Anchor of the Soul."

The spontaneous, inspiring preaching of the 23-year-old McMurry College student is stirring the entire town, according to those who know the mind of the people. The remaining services are expected to reach even higher peaks than those of the past ten days.

More Than 1,000 Rabbits Killed in Drive At Pyron

Around two hundred and fifty people took part in probably the biggest rabbit drive ever held in Scurry County Wednesday on the old Pyron ranch, southeast of Hermleigh. It was authoritatively reported that more than 1,000 hares were slaughtered during the roundup, which covered nine sections of land. About a dozen Snyder hunters participated.

Tom Weaver, proprietor of the ranch, had charge of the drive. He and his helpers provided lunch for the nimrods and their families, even an old-fashioned chuck wagon playing an important part in the meal serving.

Singing Convention Meets Saturday and Sunday at Mt. Zion

Large delegations from Mitchell, Fisher and Nolan Counties have already been assured for the monthly Scurry County Singing Convention when it convenes at Mount Zion Saturday according, according to Emmett Butts, secretary. A record crowd is expected to attend this first spring meeting.

A song feast will be held Saturday night. Then an all-day affair will be staged Sunday, beginning at 10:00 o'clock. Everyone interested in singing is invited.

Walter Holmes is president of the county musical organization.

Maybe You Weren't There When—

Buster Stacy raced toward the square from Brown & Son's store behind a fast-stepping Rhode Island red hen.

It rained five inches here between April 23 and 27, 1930.

That pretty pony almost went overboard from a trailer crossing the square.

Principal R. S. Sullivan ventured forth in the first straw in town.

The hardest "sandie" of the year shoveled an earful of gravel down a wandering reporter's neck.

It came a regular flood just south of Durin, and didn't rain a drop in Colorado.

Arah School Has Two Winners at District Contest

The Arah school won two of the three literary places taken by Scurry County schools at the district Inter-scholastic League meet Friday at Abilene. Snyder took the other place.

HEALTH WORK TO BE STARTED BY UNCLE SAM

Free health service for Scurry County is being offered by the United States Department of Health, under administration of the state department, a committee of county officials were told last week by two state men.

At a second meeting of the committee Tuesday afternoon, plans were laid for acquainting the entire county with the work, with the school as the center in each community.

Dr. Barnett, of the State Department of Health, and E. D. Hopkins, state sanitary engineer, explained last week that the work plans to include every man, woman and child in the county who needs to be examined for ailments of any kind. Especially do the officials hope to assist communities in immunization, or prevention of contagious diseases through vaccination and other means.

Other Purposes Explained.
Public health education and general sanitation are the other two chief works of the department. School trustees and communities may ask for investigation of water supplies, sewage disposals and other local problems.

It is hoped by the county committee and by the local committees that have been appointed in the centers of the county, that children in every school in the county will be examined for defects of eyes, ears, nose and throat.

Examinations will be given free of charge by a health nurse, who will be sent to this county whenever necessary. The services of a sanitary engineer will also be at the disposal of Scurry citizens.

Fisher County Road Job Up For Letting

Among the bids to be taken on April 29 and May 1 and 2 by the Texas Highway Department is one for 16.4 miles of grading and drainage structures from Roby to the Scurry County line on Highway No. 83. That stretch of road is now in the worst condition of any portion on the Fort Worth-Snyder route.

Several other West Texas projects are included in the \$4,343,000 worth of work to be let by the department.

District No. 19 to Be Divided in Half When Legislature Agrees on Division

Regardless of the decision made by Texas' long-winded legislators, Scurry County will have only about half as many bedfellows in Congressional District No. 18 as she now has; and the number would be changed to District No. 19 by both plans.

The 53 counties that have been presided over by Congressman Marvin Jones of Amarillo for 14, these many years, would be reduced to 23 by the House grouping plan, and to 26 by the Senate plan.

Texas, you understand, is entitled to three more districts under the 1930 census. Most of the legislators would give West Texas smaller districts, since the population trend has been thusward for several years.

Snyder Junior Club Wins Award In Seventh District T. F. W. C. Contest

The second prize, five dollars, for the best club report during the year, was captured by the Altrurian Daughters Club of Snyder in the seventh district, Texas Federation of Women's Club contests, announced Wednesday of last week at the closing session of the three-day conference in Memphis.

The Junior Home Progress Club of Miami was awarded first place for the best club report. The Civic Culture Club of Slaton was awarded a prize for showing the best work in citizenship during the year, and Miss Allene Sprinkle of Slaton won a citizenship essay contest.

Snyder's delegation to the session, including Mmes. J. T. Whitmore, H. G. Towle, Wayne Boren, J. D. Scott, H. J. Brice, W. T. Rayburn, R. D. English, J. G. Hicks and Ivan Dodson, returned home Thursday.

Canadian was selected as the 1932 convention city of the seventh district. Mrs. C. T. Hunkapillar, Pam-

Family Enjoys Picnic Sunday.

Sunday, April 19, was an enjoyable day at the W. V. Jones ranch near Camp Springs, where a family picnic was held.

Dermott Wins Rural School Loving Cup With 1080 Points

SECOND SCORE MADE BY BISON

Practically All Schools Are Many Points Above Standard Set By State Department.

Following is a list of the smaller schools of the county and the score made on the official score card put out by the State Department of Education at Austin. All the larger schools are far above the required standard, County Superintendent A. A. Bullock says, and the score card is not used on them for that reason. "By far the majority of all other schools are above the required standard score of 800," the superintendent states. "Some have fallen a little below the standard because of the lack of funds to carry on the work during the hard times, as it has been carried on before."

The loving cup offered each year by Mr. Bullock for the school scoring the highest number of points, which was won by Bison two years and Pylon two years, goes to Dermott this time. Dermott scored 1,080 points, and Bison was a close second with 1,069 points, while Canyon was not so far behind.

The card that is used is reproduced here so that the patrons of the schools may see where they are lacking if their score is not as high as it might be.

Score Card.
Possible score, 1,000, with additional credits for "special points of merit." Required for standard school, 800 points (400 on each scale).

All numbers marked * must be made in full. In schools of more than one teacher, score each room separately and average points.

Scale A—Plant—500 Points
I.—Grounds and Outbuildings—110 points:

1. Location—Accessible, 5; near main roads, 5; removed from annoying and dangerous conditions, 5; (Total 15.)

3. Playground—Ample, 10; attractive, 5; adapted to play, 5. (Total 20.)
4. Toilets—Two; sanitary, 20.
5. Playground equipment—At least four kinds, 15.
6. Water Supply—Well or cistern, supplying pure water, 20.
7. Walks—From schoolhouse to road, well and toilets, 10.

II.—Schoolhouse—190 points:

1. Construction—At least 15 square feet floor space per pupil, 10; at least 200 cubic feet air per pupil, 10; light admitted only from left or right and rear of pupils, 15; glass areas at least one-sixth of floor space, 15; doors opening outward, 5. (Total 55.)
2. General Repair—Paint outside and inside in good condition, 10; good foundation, tight walls and floors, no leaks, 10; good locks, 5; floors oiled, 5. (Total 30.)

Something Else—

Snyder won a laurel at the Dal-Paso Highway Association meeting at Lamesa that we failed to note last week. Aside from furnishing the largest number of delegates except from Lamesa, Snyder secured the association meeting for next year. It will be remembered that O. P. Thrane was made a national association delegate and J. W. Scott was made a director.

3. Heating and Ventilating—Approved system, 20.
4. Cloakrooms—Separate for boys and girls, 5; lighted and ventilated, 5; hook for every child, 5; shelf for lunches, 5. (Total 20.)

7. Attendance—Compulsory attendance law enforced, 10; attendance 85 per cent for past two months, 10; not over 2 per cent tardies, 6; school hours closely observed, 5. (Total 30.)
8. Housekeeping—Careful attention at all times to proper lighting, heating, ventilation of schoolhouse, cleanliness of buildings and grounds, conservation of equipment, 30.
9. Attitude of Pupils—Orderly, polite, neat, industrious, loyal to school and careful of school property, 30.

Several Smaller Schools Closing Doors This Week

With two schools closing this week and one completing its work last Friday, those happy vacation days are here again for three rural institutions of learning. Other short term schools will be added to the list before the month is out.

Cottonwood school closed last week, and China Grove and Dermott are giving the finishing touches this week. County Superintendent A. A. Bullock advises teachers that the seventh grade examination questions are available, and will be sent out when schools are ready for them.

BETHEL NEWS

Nellie Barnett, Correspondent

In submitting the score card and the scores made by the school this year, County Superintendent Bullock says: "I hope that each patron will study the card closely and then work with the teachers and children in helping to build the score up. There can be no score added that will not make your school a better school. Since the introduction of the card five years ago the scores have climbed steadily until this year and the falling off this year is due largely to the lack of funds to do the things the trustees and teachers would like to do."

JUDGES WANT BONDED ROADS

Financing of Texas highways through state-wide bonds was recommended in a resolution passed by West Texas county judges and commissioners in their Abilene convention last week. The resolution passed after a spirited discussion, in which several antis fought the proposal.

Scurry's delegation included Judge C. R. Buchanan, and Commissioners John C. Day, H. C. Flournoy, Lee Grant and W. C. Dowell.

Motor Line Purchase O'K'd by Commission

Pete Bridgeman, owner of Snyder Transfer Company, was in Austin Tuesday, where he met with the State Railroad Commission. The recent purchase of the South Plains Motor Line from E. J. Anderson was sanctioned by the official body, Mr. Bridgeman states.

The motor line, running from Lubbock to Abilene, will continue to be operated under the original name for the time being, Mr. Bridgeman says, and business of the line will be carried on at the transfer office, as it has been since its acquisition several months ago.

More Paint, Doctor!

W. J. Turner was busy for several hours this week painting the awning over the sidewalk in front of Calton-Dodson's Dry Goods Company and Jim Lockhart's barber shop, as well as the other front woodwork.

Training Courses Being Taught in Baptist Churches

Training courses are being given this week in twelve Baptist churches of the Mitchell-Scurry Association, and several hundred people are taking part as sponsors, teachers and students. This first B. Y. P. U. Revival and Study Course Week in the history of the association gives every indication of being a success, according to J. C. Smyth, Snyder, president.

Hunter B. Lyon of Dallas, state Baptist Training Service worker, is in general charge of the study week. He is being assisted by Miss Clara May of Wilson, another state worker. Lyon has charge of the work at Roscoe, and Miss May is at Scurry. Snyder, the other member of the trio of larger towns in the association, is not having the courses this week, due to interference with the Methodist revival.

Afternoon meetings of workers were held Monday and Wednesday at Dunn, and another is planned for Friday afternoon at 2:30 o'clock. Colorado will be the scene of the final meeting Sunday afternoon at 2:30 o'clock. All workers and those who are attending the classes will be there at that time to hear final reports of the study course week and to find which church will be awarded the general efficiency banner for the week.

Churches cooperating in the revival are: Colorado, Loraine, Roscoe, Westbrook, Fluvanna, Dunn, China Grove, Looney, Union Chapel, Polar, Champion and Wastella. Workers out of Snyder are assisting in the work at Dunn, China Grove and Union Chapel.

BIG SULPHUR

Josie Mahoney, Correspondent

Miss Edna Wilson of Colorado is visiting her cousin, Miss Lois Allen, this week.

Miss Carrie Sutton, formerly of Grapevine, has come here to make her home with her sister, Mrs. Carroll Ryan. We are glad to have Miss Sutton in our midst.

Rev. J. F. Fields, Misses Emily Black and Foy Allen were callers at the home of Rev. Philip C. McGahey at Snyder Sunday.

Mr. and Mrs. Jim Shattles, son and daughter, Roy and Pearl, and Mrs. Earle Miller of Sweetwater, visiting in the A. J. Mahoney home Thursday.

Rev. J. F. Fields filled his regular appointment here Saturday and Sunday. Rev. Fields was accompanied by his son, J. T.

A good crowd heard out pastor, Bro. Fields, preached Sunday on "It Is Finished." Three additions to the church were recorded.

Mrs. Henley Is Hostess.

Mrs. Ernest Henley was hostess at her home Sunday, April 19, honoring her brother, Smith Adams, with a birthday dinner. The following were present: Lois Allen, Nelle Dobson, Hallie Burney, Reta Allen, Edna Wilson of Colorado, Fay Allen, Jewel Burney, Jack Elliott, Fred Werner, Doyle Parmer and the honoree. This was Smith's twenty-second birthday, and all who enjoyed the occasion are wishing him many more happy birthdays.

Students of Big Sulphur school are practicing on a play for the last of school. The date of the play will be announced later.

Among those visiting in our school the past month were: Mrs. Earley, Mrs. Clifton Ryan, Otis Franks, Mrs. Davis, Mrs. Jack Caffey, Pearl and Bessie Collins, Jack Elliott, Doyle Parmer and Lewis Pierce, formerly of this place, now of Turner.

Your Big Sulphur correspondent received her Toddlers Times last week. I is a helpful little paper. Come on, all you correspondents, and let's get writers from the places the editors listed.

We were indeed sorry to learn of the death of our friend, Newt Hagerston, at Lone Wolf. The deceased was well known here, and was liked by all who knew him. We extend our sympathy to the bereaved.

"Your friend Lawyer McFee does not seem to rise very high in his profession."

"No, he's one of the few who prefer to stay on the level."

Fluvanna Players to Go to Dunn and Ira

Four hours of superb entertainment is promised the people of the south end of the county Thursday and Friday evenings. Two hours each will be presented at Dunn and Ira, when E. O. Wedgworth presents a troupe of musicians and vaudeville performers on the stages of the two schools.

Dunn school auditorium will be the scene of the entertainment on Thursday evening. An admission fee of 10 and 15 cents will be made. The Ira auditorium will be used.

Snyder, Texas, Thursday Morning, April 23, 1931

The Times Creed.

For the cause that needs assistance; For the wrongs that need redress; For the future in the distance, And the good that we can do.

THE WEEKLY DOZEN.

Pessimism Pete on Girls' Clothes. Pessimism Pete says it makes no difference whether some village belles wear silk, lisle, cotton or homespun...

If We Could Just Eat Cotton. The only way we can make Cotton Week a success is to wear cotton, think cotton and then cut cotton acreage.

And Diligent We'll Try to Be. This period of depression will pass, but it will rain again, the president of the American Society of Newspaper Editors told his fellow members the other day.

Abilene Paper Gives Scurry "Position." The Abilene Reporter-News gave a pair of Scurry County articles good places last Sunday. That story of the city farm was reproduced from The Times of two weeks ago...

We Are All Ready for Them. Roger W. Babson, the trade prophet, has advised President Hoover that better times are on the way. Business, he says, has turned the corner and now is definitely on the upgrade.

The Texans Will Make a Good One. If the Democrats don't put their heads together all over the United States and choose enough House members to elect a donkey speaker for that sedate body, they should be compelled to stay behind the high tariff wall a few more seasons.

Our Home County Has a Good Start. The safest farming plan for 1931 includes an increase in the production of vegetables, eggs, poultry, meat and milk for home use and for local markets where they exist.

What Texas Makes Texas. Twelve state officials, including Governor Sterling and Charley Lockhart, are urging Texans to give a prominent place in 1931 commencement exercises to Texas' most beautiful flower and her most valuable agricultural product—the bluebonnet and cotton.

We Just Naturally Grow Winners, Anyway. As usual, Scurry County went out and "got the grapes" last week. The Snyder athletes won second place in a field that included Sweetwater, Abilene, Big Spring, Colorado, Roscoe and Haskell.

Scurry May Be Put in New District. This will never do. Scurry County is now in Congressional District No. 18. The proposed changes in grouping would give her only 22 bedfellows, in District No. 19, according to the House plan; and 25 bedfellows, in District No. 19, by the Senate plan.

The Cooperative Move Will Still Live. Here is a good word for the Federal Farm Board from one of our exchanges: "Since the Federal Farm Board withdrew its support from the wheat market a clamor has gone up for abolition of the board.

ketting and more effective control of production. The board is now free to continue its organization work unhampered by any agricultural miracle working."

And We're Not a Politician, Either. It appears that the Republicans will hop on the dry wagon as the chief presidential campaign issue. They will attempt to drown all protests against their gross neglect of economic issues in the clamor for the prohibition issue.

The Tobacco Question. We are glad to reprint, at the request of A. B. Dunnam, a Times reader, excerpts from an article on the tobacco question, written by Ernest Crutcher, M. D., of Los Angeles.

Man's physical investment is cared for by sixteen or more diligent, vigilant servants, his ductless glands. His progress through the world depends entirely upon their functioning. He is sick or well according to these mysterious agents' activities or sloth.

The thyroid gland is most active in childhood. At puberty it lessens in size and activity, else the child could not develop the characteristics of adolescence. The boy then remains infantile, with long legs, slouching gait, high-keyed voice, feminized; the girl is undeveloped, flat-chested, unwomanly.

The thyroid is largely concerned with the teeth, hair, skin and eyes. It is a sex gland, also, and affects instincts and emotions. A good nose bridge indicates a good thyroid and good pituitary. Fine teeth cannot be had without a good thyroid and adrenals.

Uncontrolled, cigarettes will cause the decadence of our beloved America. It is the menace of our noble land. Doctor David Starr Jordan said: "When a young man begins to smoke cigarettes, he no longer worries about his future. He has none. The cigarette-smoking boy rarely makes a failure in after life. He has no after life."

EDITORIAL OF THE WEEK

PARIS TAKES UP COTTON. Good news for American cotton farmers has recently come from an unexpected source. And it is from a most potent and authoritative source at that—the world's fashion headquarters—Paris, France.

An association of cotton manufacturers engaged in promoting a greater use of the South's fleecy staple has just issued a bulletin which contains the following: "Parisian dressmakers are featuring cotton this season as never before. The French people, although they do not produce a single pound of cotton within their own country, are nevertheless the greatest friends of the American cotton grower today."

Have You an Open Mind?

It is amazing to how great an extent some human minds can resist information. Even some young minds lock the door against truth, not only declining to accept facts but even refusing to listen to an honest analysis of an unfamiliar problem or situation or plan, and, as a result, live in ignorance and poverty when they might enjoy and possess knowledge and riches.

An inquirer asking Rastus about his native village: "Rastus, how many people live in this town?" "Bout 4,000 people, suh." "How long you lived here, Rastus?" "Bout 40 years, suh." "How many people when you came here?" "Bout 4,000 people, suh." "You mean to tell me there were 4,000 people 40 years ago, and only 4,000 now? Hasn't the population grown? Have no people moved in; no babies been born?"

The census taker approached a little tumbled down shanty on the outskirts of Savannah and pushed his way through a bunch of little pickaninnies who were playing in front of the door. He knocked. The door was opened by a large lady of color. After the usual preliminary questions the statistics gatherer asked: "What is your husband's occupation, Lizzy?" "He ain't got no occupation. He's dead. He done passed away fo-teen years ago, suh," replied the negress.

Life.

Note: This poem was written by a 14-year-old school girl, who has composed several verses of unusual merit. Some say life's what you make it. To others it's just a game; But to me it isn't either— Both ideas seem pretty lame.

For me life holds so very much: All of its joys and strife. The pleasure comes, and the sorrow comes And it cuts deep, like a knife. I shall try to live just as honest, As upright and fine and true As any of the other patriots Born under the red, white and blue.

And then after that, if I stumble And receive a very hard fall, I'll not be like a quitter And be ready to give up all.

I shall meet it with all my courage, Pay the fiddler some might say— And ask my dear Father in heaven To send me a better day.—M. N. Barnes.

Letters From the People

Praying for Rain. I read an excerpt in some of the papers not long since of a certain group of ministers who held a meeting, and one of the questions discussed was, "Are prayers for rain answered?"

Two of the leading preachers in that meeting said it was futile to pray for rain. Two of these preachers said there was no connection between God and a rainstorm and that praying for rain was an attempt to invoke God in a cooperative scheme to maintain present American living standards.

According to the above statement, when we pray for our daily bread, our clothing or any other necessity of life, we are trying to involve God into a cooperative scheme. We notice the first statement: "There is no connection between God and a rainstorm." These scriptures prove otherwise: I Sam. 12: 17-18, James 5:17-18, II Chron. 7: 13-14, I Kings 18:44, John 16:23.

In the meeting of the ministers already referred to, the majority agreed as to the suggestion of the two leading preachers. "No imaginable connection exists between man's inward spiritual attitude and a rainstorm!" Yet such Bible scholars as Dr. B. D. Gray, who was there, said it was right to pray for rain as well as any other blessing of life. See II Kings 8:35-36.

I wish to say here that the greater part of my life has been spent in the ministry, and often have I called my people together to pray for rain, and not in a single instance did it fail to rain. At Stamford a few years ago one of our Christian preachers called his people together and they prayed for rain, and before they were through with their prayer service a great rain fell all over that section of the country and the great drought came to an end.

Perhaps someone will say that there are certain scientific laws that govern the rain; also ordained laws of God, which cannot be changed. We might call attention to a few incidents where nature's law has been changed. The incident of Daniel in the lions' den: The nature of this ferocious beast is to destroy, but it is said that the mouths of the lions were shut. The three Hebrew children who were cast into the fiery furnace: Not even the smell of fire was on their garments. There is a text that asks, "Where is your faith? Might this be the time when all of you who profess to be Christians; who is on the Lord's side? And all things whatsoever ye shall ask in prayer, believing, that shall ye receive." Matt. 21:22. ELDER R. W. ROE. Camp Springs, April 16.

Mrs. Bright—"I hear you've got a new organ in your church. Now all you need is a monkey." Mrs. Gnasty—"And all you need in yours is an organ."

In the Days When...

TEN YEARS AGO From The Snyder Signal, April 15, 1921. The Chamber of Commerce made an extensive trip to Ira on Wednesday afternoon, the sixth. Fifteen members of the chamber were in the party and found Prof. Williams with his school awaiting their arrival.

Those present from Snyder at the institution of a Masonic commandery at Spur Tuesday evening were: A. J. Towle, J. C. Stinson, W. E. Doak, Guy E. Paxton, J. W. Couch, Hugh Boren, A. C. Leslie, R. G. Davenport, G. W. Garner, H. J. Brice, H. F. Rogers, W. B. McCormick, S. J. Castevens and E. B. Barnes.

Mrs. Willis B. Brown, one of our oldest settlers in the community and esteemed by a large circle of friends and acquaintances, died on Thursday morning at 4:35 o'clock at the home of her only daughter, Mrs. George Smith, of this city.

J. C. Maxwell has received a knife from his son, Dr. Elmer Maxwell, that he got while in Germany. The knife is a very peculiarly constructed kind of weapon, and is several tools in one. Dr. Maxwell was a surgeon in the American army and went over into Germany with the army of occupation.

Among the stork visits were: D. P. Yoder and wife, a boy; Clyde M. Boren and wife, a boy; Roscoe Williams and wife, a boy; C. C. Harless and wife, a girl; T. J. Green and wife, a girl. Marriage licenses: Clint Davis and Miss Rhea Duncan; N. P. Cochran and Imogene Turner; Ernest Greenfield and Miss Neva Slish.

TWENTY YEARS AGO From The Snyder Signal, April 28, 1911. Reports received this morning over the wires of the Scurry County Telephone Company state that the rain was general over the county.

In a letter from Scott Stanfield, who is at Boston, Mass., he states that he is under training with the Red Sox but has not been given a try-out this season. Buster Brown is in town today with his famous dog, Tige. The coming of Buster and his dog creates as much interest among the little folks as the coming of a circus.

Snyder public schools will close May 12. There are six young men and ladies who will be graduated at the end of the session, as follows: D. Elmer Bibbee, Era Bynum, James V. Curmrite, Overton P. Davenport, Ruth Kirkpatrick and Charlie K. Winston.

Judge Brewer's family arrived in Snyder this week from Colorado to join the judge, who has been here for several days. They are now

THIRTY YEARS AGO From The Coming West, April 11, 1901.

During the past eight or ten months hundreds of home-seekers from the East have visited our county and a large per cent of these have permanently located. It would seem that the prevailing sentiment abroad is that this is indeed the land of Hesperides which, if not literally true, approaches very near the truth.

Work on the new college building will soon begin, and when completed Snyder can offer advantages in the educational line unsurpassed in West Texas. The location of the college will be somewhere on the campus of the present high school building, and when equipped will be such as the manhood and womanhood of Snyder merit.

Dodson & Wesson are now prepared to let you have anything in furniture, dress, queensware, musical instruments, stationery, jewelry, etc.

A country minister was driving a spirited horse through a village when he overtook the local doctor and offered him a lift. Ten minutes later the horse bolted, upset the carriage and spilled both men. The doctor rose to his feet and turned angrily towards the clergyman.

"What do you mean by inviting me to ride behind such an animal?" he demanded. "Well," replied the minister, mildly, "it was lucky that this time there were no bones broken, but I always like to have a doctor with me when I drive that horse."

"My son, do you think that chorus girl is the sort you could bring home and introduce to me and your sisters?" "Sure, mother, but I'd hate to trust the old man with her."

 Mrs. J. P. Hunter, Mrs. J. M. Kirby and children, who live near Colorado, were visitors in the W. A. Hunter home Sunday.
 The freshman class of the Dunn High School went picnicking Friday night on Deep Creek. All reported lots of fun and plenty to eat. The class sponsors are Miss Maurine Grimes and Mrs. L. A. Scott.
 Our two debating teams, composed of Boyce Grimes and Martin Murphy, and Jessie Brown and Edna Murphy, went to Abilene Friday to compete in the district debating of the Interscholastic League. Both teams lost to Abilene.

In Memory of E. L. Crowder.
 Gloom was over our entire community when the message came telling us of the death of E. L. Crowder. All was done that could be done to restore him to health, and we with the arms of affection would have held him back, but life who doeth all things well saw fit to unlock for him the portals of eternal life.
 "Leaves have their time to fall, And stars their time to set; But thou hast all seasons, O Death."

How truly do these words find echo in our hearts when we think of the passing of this noble life! Being of a kind, loving, self-sacrificing nature, he was always ready to help with a kind word or deed anyone who was in distress.

Though he has gone from us, Mr. Crowder's influence will continue in the lives of his boys and girls and friends, who loved him. He was a kind and loving father, a faithful and devoted husband, a dutiful brother and a consecrated Christian; what more could be said?

He will be missed by his friends, for to know him was to love him. But most of all, his presence is gone from home, where his children and grandchildren loved to gather. There the vacant chair and a silence that broods over all is eloquent of the sweet memory of his life.

He has answered the call, and now the family circle is broken here. May God grant the family an unbroken one in heaven.
 "There is a world above, Where parting is unknown; A whole eternity of love, Formed for the good alone, And faith beholds the dying here Translated on that happier sphere."

POLAR NEWS
 Mrs. J. A. Martin, Correspondent
 Dear correspondents: Don't you think we have the nicest bunch of newspaper editors in the world. I'm sure all of you welcomed the second spasm of the Toddling Times as I did, and it does not seem half as toddling as the name implies. Personally I would like for every one of you to visit me sometime, all at once. This might not be as elaborate a party and eats as our editors gave, but—well, just think about the man without a shirt you read about last week, and you will know what kind of parties I give.
 News in service this week, but folks must know we are still here.
 A goodly number met for singing Sunday night. Dennis singing class will be here next Sunday night and the two classes will decide the proposition of singing together, here one Sunday and Dermott the other. The Kent County Singing Convention will be with Polar the fifth Sunday in May. Singing all day, with dinner on the ground. We are expecting some good singing.
 Scott Lovelady, John Davis and Ed Ware went on an interesting rabbit hunt with their dogs last week.
 Mr. Bettis of Lubbock was a Sunday visitor of G. M. Elkins and wife. He was accompanied home by Mrs. Bettis, who has been a guest of her parents, Mr. and Mrs. G. M. Elkins, the past week.
 Oris Bullock, who teaches school at Union, in Borden County, was a guest of his sister, Mrs. Jesse Jones, last Wednesday.
 Lee Byrd and wife of Snyder were business visitors at W. G. Williams' ranch last week.
 Mrs. Johnny Hoyle is a guest of her parents, Rev. and Mrs. S. B. Wilkerson, near Snyder this week.
 J. A. Martin and family were Saturday night guests of J. W. Chider and family and Sunday dinner guests of Mr. and Mrs. D. K. Allison near Post.
 Mrs. Eldon Nance of Justiceburg was a week-end visitor with her mother, Mrs. Kindred Elkins, who has been ill for some time.
 Mrs. Carol Moore of Snyder, another daughter of Mrs. Elkins, was with her mother a part of last week.

COUNTY LINE
 Mrs. Dick Hardee, Correspondent
 Our rain last week was a very welcome visitor. We hope before it is over it will be a good general rain. A few of our farmers have quite a bit of planting done, and others were waiting for the rain.
 Fletcher Brown and wife of Taos Junction, New Mexico, are back on a visit. Fletcher and Jim have filed on land out there and are well pleased with their choice for home.
 We are glad to know that Miss Carter, the Cuthbert school teacher, is able to be back in the school room teaching again. Cuthbert school has been closed for the past two weeks, Miss Carter having undergone an operation for appendicitis.
 Our debate last Friday night was an enjoyable affair. Only two of the debaters were present, those being Bro. Fields and Mr. Allen. Rather than disappoint the crowd, we sang a few songs while Mr. Allen rustled two men who would debate. Bro. Fields and son, J. T., challenged Mr. Allen and Emmett Trevey to a debate on the subject: "Resolved, That the jury system be abolished and all power of decision be given to the judge." The negative side won, being represented by Bro. Fields and J. T. All four men made interesting talks and kept the crowd laughing. We invite these people to come back and be with us again. We all surely did enjoy your arguments, and we will know who to call on next time when one of our debaters fails to come, and that will be Mr. Trevey of Sharon. He can take either side of any subject.
 Barney Autry and little son, Jake, of Stanton spent last Friday night in the home of Dick Hardee. Barney has moved to Stanton, from Lenora, trying to find a place as good as the one he left, County Line. We look for him back to live in our community soon.
 County Line is still growing, when it comes to the upbuilding of the community. We organized a literary society last Friday night. Mr. Allen was elected chairman, Mrs. Holley vice chairman, Jeannette Allen secretary-treasurer, Mrs. Dick Hardee, Mrs. Sam Brown and Mrs. Lloyd Holley as program committee. Our first meeting will be Friday night, May 3. Please remember the date and come help us out. We want to teach our younger generation to sing, recite, debate and other things. These meetings will be a help to all and we hope to make a success of them.
 Mr. and Mrs. John Dosier of Ralls spent Thursday night with Mrs. Rea Crowder on their way to Angelo.
 Uncle Bill Thompson and wife and Irene Thompson of Snyder spent last week-end with Ben Thompson and wife of this place.
 Your County Line correspondent received her second copy of the Toddling Times last week. It is a small paper, but full of good things from beginning to end. I certainly do appreciate what the Times force

FLUVANNA NEWS

 Rev. Johnson from Abilene Christian College, Abilene, will preach at the Christian Church Sunday, April 26.
 Mrs. R. B. Willis and Mrs. A. L. Gledhill spent several days in Sterling City with their husbands, who have work there.
 Mrs. G. W. Noel has gone to Portales, New Mexico, to visit a sister, Mrs. Jim Livingston. Mrs. Noel expects to be gone about three weeks.
 Mrs. Ted Melton and babies have returned from Post after a short visit with her sister, Mrs. W. A. Chaney.
 A B. Y. P. U. training course is in progress at the Fluvanna Baptist Church. Rev. T. L. Nipp, Mrs. Nipp and Miss Chloe Collins are the instructors.
 Mrs. H. H. Haynes returned home Sunday after spending several days in Big Spring, where she visited her daughters, Mrs. Andrew Cain and Miss Nadine Haynes.
 Mrs. L. F. Beaver spent several days in Snyder with her daughter, Mrs. W. B. Snodgrass, who has been very sick.
 When the Sunday mail came in, in it was a tiny envelope. And on opening and reading its contents, this is what it said: "Idan Avery, April 17, weight 8 pounds. Mr. and Mrs. Raymond Seale." The many friends of this splendid young couple will rejoice with them over the arrival of their first born.
 W. A. Spencer accompanied his uncle, D. A. Whitley, from Lamesa Saturday, returning the same day. W. A. once lived in Fluvanna, and has many friends here.
 Mr. and Mrs. Arless Haynes went to Big Spring Friday, returning home Sunday.

STRAYHORN
 Rachel Hamilton, Correspondent
 Miss Oleta Crenshaw was charming hostess at a party in her home Friday night. A large crowd and a good time were reported.
 Mrs. T. C. Martin visited Irene Crumley Sunday morning.
 Mr. and Mrs. Lee Nichols and son, Glynn, and Marion Smith of Plainview visited in the A. A. Crumley home Sunday.
 Mrs. J. A. Bates of Hamlin spent the week-end in this community with her parents, Mr. and Mrs. W. A. Pitts.
 Mr. and Mrs. Roy Sumruld and Mrs. Maule visited Mr. and Mrs. A. D. Ware at Hobbs Sunday.
 Miss Oleta Crenshaw took supper with Ozie Wall Sunday.
 Rachel Hamilton spent the past week in Snyder.
 Sunday, April 5, the people of the community met at the school house and organized a union Sunday school. J. P. Hatcher was chosen superintendent, A. A. Crumley was elected vice superintendent, and Miss Della Mae Hatcher was named secretary. Teachers elected were A. A. Crumley, Miss Lulu Stokes, Mrs. L. M. Bynum and Mrs. Marion Hamilton. A finance committee was appointed to raise funds for Sunday school literature, song books and for purchasing a piano. The committee consists of A. A. Crumley, R. J. Pitts and Truett Simmons. About \$40 has been raised. Sunday school literature is on hand, and a nice piano has been installed.
 See page one for the article on how more Sunday school money is being raised.

CAMP SPRINGS
 Mrs. J. P. DeShazo, Correspondent
 Mr. and Mrs. Bill Ayers of Comanche County spent part of last week with Mr. Ayers' sister, Mrs. D. L. Moffett.
 Mr. and Mrs. Claude Smith left last week for Ozona, where Mr. Smith will be employed as a ranch hand.
 The farmers in our community have been enjoying some rabbit drives the last two weeks. Thursday of last week the drives began about two miles south of Camp Springs and the crowd worked toward town arriving about 1:00 o'clock at the tabernacle where lunch was served. In the afternoon they proceeded north about two miles circling back east of town about a mile where the drive ended. It was estimated that about 1,000 rabbits were killed during the day. A number of Snyder citizens enjoyed the sport as well as the lunch.
 Rev. E. W. Roe returned last week from Oklahoma City where he attended the funeral of his son, Rev. E. P. (Gene) Roe.
 Mr. and Mrs. C. P. Gilmore and daughter were Rotan visitors last Friday.
 Mrs. Grace Oliver and children of Abernathy returned to their home Friday after a week's visit with her cousin, Mrs. Annie Jewel Metcalf. Her mother, Mrs. Will Adlington and her husband, both of Abernathy came Wednesday and accompanied her home.
 Mr. and Mrs. Joe Adams of Pyron were the week-end guests of their daughter, Mrs. C. P. Gilmore.
 Mr. and Mrs. John Baker of Snyder spent Thursday evening in the E. D. Basham home.
 Mrs. Eula Bailey and family of near Snyder were the guests of Mrs. Eloise Basham Sunday afternoon. The two families, accompanied by Miss Margie Boone, visited Dripping Springs and Double Caves north of Camp Springs.

CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drug store; the genuine always bears Chas. H. Fletcher's signature.

Tigers Place Second at Abilene

Mac, Carroll and Buck Lead Squad

Greenfield and Buck Howell taking the lead, as expected, Coach Ottis Moore's Tigers took second place in the district meet at Abilene Saturday, trailing the fast-stepping Abilene squad.

McClinton, with a first in the low hurdles, a second in the high hurdles and a third in the 100, tallied 10 points, just behind Smith and Green of Abilene for high point honors.

Greenfield, with a first in the shot put, a second in the discus and a fourth in the javelin, was fourth high point man in the meet, with a total of 9.

Howell, with a second in the 220-yard dash and a fourth in the 100-yard dash, tallied 4 points, and M. M. Clark, with a third in the 440-yard dash, took 2, bringing Snyder's total to 25 points.

Abilene took 54 points, and Big Spring trailed the Tigers by four points. All other teams were far behind.

Colorado was fourth with 11, Moran fifth with 10, and Haskell sixth with 7.

Heavy showers throughout the day slowed all events down, so that only one record was set during the day—a new mark by Reid of Big Spring in the mile.

McClinton was expected to bring a new low hurdles mark back to Snyder, but he missed by five-tenths of a second.

He tied the meet mark of 26.4 in a preliminary heat, but heavy footing and full preliminaries slowed him down to 26.9 in the final race.

Greenfield heaved the shot 46 feet and 10 inches, the best mark he had ever made, even in practice. It is said.

First and second place winners go to the state meet.

Other events entered by Scurry County athletes were: Grant, Snyder, high hurdles, 220-yard dash; E. White, Snyder, 220-yard low hurdles; Johnston, Snyder, 220-yard dash and high jump; Pitner, Snyder, 880-yard dash; Shipman, Fluvanna, 880-yard dash; Crowley, Snyder, and E. Jones, Snyder, mile run; K. Clark, Snyder, 440-yard dash; Sam Houston, Fluvanna, pole vault; J. T. Trice, Snyder, shot, javelin and discus; Howell and McClinton, Snyder, broad jump.

Snyder and Fluvanna entered mile relay teams.

FIRST FOOTBALL TRAINING BEGUN BY COACH MOORE

With a successful track season just about cast into history, Coach "Red" Moore this week is putting his young huskies through their first football sprints of the year.

Tuesday was calling-out day, and a hefty squad reported for the initial work-out.

Stars who helped carry the Tigers to a regional championship last season are mingling with greenhorns who crave the feel of pigskin.

While some of the holes made by graduating stars will be hard to fill, Moore believes he will have a smooth-working machine that will deal any Class B school in the region plenty of misery next fall.

Tigers Gain 10 1/2 Points Over 1930

The Tigers made 10 1/2 more points this year than last year in the Abilene district meet, a comparison of figures reveals.

Buck Howell took a first in the 220-yard dash, and a third in the 100-yard dash last year, while Bedford McClinton was taking a first in his favorite, the low hurdles.

Huestis, in the meantime, was tying for second in the pole vault, and the relay team was taking fourth in the mile relay.

Charles Bley of Fluvanna added five points to the Scurry County total last year, when he took a first in the 440-yard dash.

Unless we can discipline ourselves we must pay someone to do it for us.

Colorado to Play In Class A Loop

The hungry Wolves of Colorado have been admitted to the newly-organized football District 4, Class A, of the Interscholastic League Saturday, taking the place of the Brownwood team, which voluntarily withdrew.

The Mitchell County teams were formerly in the Class B District 9, of which Snyder is a part.

Members of District 4, carved from the Oil Belt in doubling of the districts in the state to 16 since last season, are: San Angelo, Big Spring and Sweetwater, formerly in the Oil Belt, and McCamey, Midland and Colorado, which have been in Class B.

Colorado has always been ambitious. Back in 1929, her long-heralded pack was fazed by two or three touchdowns when the Tiger wrecking crew went into their midst.

Last year, with Harry Taylor at the helm, the Mitchell pig-men were beaten by an easy score.

Lamesa Golfers to Visit Snyder Links

Lamesa golfers will be the guests of local club members Sunday. Their chief mission here will be to beat the Snyderites in the second round of play in the Sand Belt Golf Association tournament, which began two weeks ago.

Snyder lost her first round, to Colorado, and Lamesa won her first round, but the locals play on their home links, and that should give them at least an even break to win.

The hulk greens at Colorado had a lot to do with the last match.

That calls for more history. It was in 1929 that the Tigers whipped the Sweetwater Mustangs until it wasn't funny. Last year the Tigers could have licked Midland with half of their regulars gone.

Tigers were appointed as official trainers for going-to-be, want-to-be and already-is West Texas Class A aggregations. That designation might give them a little morale for the 1931 regional championship race.

Like a Symphony . . . the best Gasoline is Blended

IT'S primer knowledge to the orchestra conductor that each group of instruments in the ensemble brings a necessary influence into the symphony's finished blend of tone. In the unaccompanied "sopral" of the bass horns the overlay of melody provided by singing violins and mellow woodwinds is lacking. All must be blended by the baton of the conductor according to the expert formula of the composer before the perfection of the symphony is achieved.

CONOCO long has realized that harmony is as necessary to gasoline as to music. So CONOCO gasoline is blended—and balanced. One type of gasoline is no more satisfactory than is an orchestra of bass horns. So CONOCO refiners take the three types containing the elements of the perfect fuel and deftly combine them until they blend in absolute harmony.

That's why CONOCO contains: Natural Gasoline, for quick starting . . . Straight-run Gasoline, for power and long mileage . . . Cracked Gasoline, for its anti-knock qualities.

No single type of gasoline can contain all these qualities. They are present, though, in CONOCO Gasoline . . . Blended there into a symphonic, harmonious whole, with CONOCO's master refiners wielding the baton. For, after all, it's in knowing how. That's why some musical directors, as well as some refiners, achieve fame.

You'll find this triple-test gasoline with the balanced-blend wherever you see the CONOCO Red Triangle.

RELIEF

From Headaches Colds and Sore Throat Neuritis, Neuralgia

Don't be a chronic sufferer from headaches, or any other pain. There is hardly an ache or pain Bayer Aspirin tablets can't relieve; they are a great comfort to women who suffer periodically. They are always to be relied on for breaking up colds.

It may be only a simple headache, or it may be neuralgia or neuritis, rheumatism. Bayer Aspirin is still the sensible thing to take. Just be certain it's Bayer you're taking; it does not hurt the heart. Get the genuine tablets, in this familiar package for the pocket.

NEW SORGHUM SEEDS ARRIVE

New shipments of state certified grain sorghums have been received this week at the warehouse here, and many farmers are already securing hegar, maize and kafir for planting during April.

Farmers are asked to place their orders for both grain sorghum and cotton seeds, whether state certified or merely pedicered, at once, since the local committee does not wish to order too much and have a number of bushels left on hand.

The warehouse continues to be a busy place, as farmer after farmer comes for seed with which to raise the Scurry County standard of products.

Things Look Good Says Writer

Mrs. Dick Hardee, County Line correspondent for The Times, was all smiles when she came to town Monday.

"Dick has corn already up, feed planted, and cotton seed ready to go down," she said. "We had a big rain last week, and it looks like we should have fine crops."

Mr. Weller was born in England in 1854. He came with his family to America at the age of 16 years. After living in Oklahoma for a number of years, he moved to Texas. He has been a resident of Scurry County for the past 25 years.

Old Flag, War Relic, Is Given to Chilton

An historic relic of the Filipino insurrection has come into possession of T. H. Chilton, court reporter of this district and commander of the George Green Camp, United Spanish War Veterans, here.

Mr. Chilton has been presented a battle-scarred flag by J. S. McKinney of Coahoma which was captured from one of Arnaldo's generals in a skirmish 30 miles from Manila in 1899. The flag was taken by Captain Jack Thompson and Sergeant McKinney, a cousin of the Coahoma man. They killed the native officer who carried the colors which has 15 bullet holes in it and another large hole made by Captain Thompson's bayonet.

The flag was sent to McKinney from the Philippines several years ago.—Nolan County News, Sweetwater.

Scout Leader In Sweetwater For Council Meeting

Scoutmaster Roy Irvin of local trip No. 48 was in Sweetwater Monday for a special meeting of scout leaders and executives in this the Buffalo Trail Area. The principal speaker of the afternoon was Gunnar Berg, national director to volunteer training.

Roy's account of the meeting follows:

Mr. Berg, a typical grown-up boy, gave us a very interesting insight into the possibilities of scouting as a medium of character building. He pointed out the three things for which boys enter scouting, namely: Fun, adventure, and romance. Mr. Berg then gave some suggestions as to how each of these might be put into the troop program.

According to Mr. Berg, the number of scouts and leaders in America now approaches very near the one million mark. "The tragic thing about scouting," said Mr. Berg, "is that 49 out of every 100 boys enrolled as scouts for one year never come back." Think of that—49 per cent of the boys either do not find the things in their troop that interests them or do not get the proper backing from parents and friends.

Then following a general discussion of this problem, and many points were brought out to help overcome at least a part of the defects. Perhaps a great number of those boys who never return do not

have the opportunity. In rural communities a school teacher or some other leader may organize a troop and register its membership one year and then move away the next, leaving no one to carry on the work. I dare say that if you ask any boy who has once been a scout the question, Are you interested in scouting? his answer will be, yes, regardless of whether or not he is registered in a troop at that time. Boys are interested in scouting. The word itself appeals to a boy when he reads so-outing.

Give me the boy who wants to put a pack on his back and hike to some beautiful spot for a day and night of fun and adventure. These boys grow to be men who can take whatever life gives them of good or bad and always smile. He has learned to play the game, and the scout oath and law mean more to him than just something to memorize. Mr. Berg especially stressed that one point, making scouting a great game.

Sam Jenkins was a business visitor in Lamesa Saturday.

Mrs. Joe Strayhorn returned last week from San Angelo, where she had been visiting with her daughter, Mrs. W. W. Cork, and husband. Mrs. Cork accompanied her mother home and remained in Snyder during the week-end visiting with relatives and friends.

Friday, Saturday, Monday—88c Days at Economy Store.

Mrs. J. C. Lovelady of Rockwood and Miss Alta Lovelady of Sweetwater were guests in the home of their cousin, Mrs. Dora Cunningham, Saturday and Sunday.

Mr. and Mrs. W. A. Morton have as their guest Mrs. Annie E. Day of Eastland.

Scouts Planning to Attend Rally at Big Spring This Week

With Scoutmaster Roy Irvin at the helm, 25 or 30 Snyder members of Troop No. 48 will leave Saturday morning for Big Spring, where they will join in a Buffalo Trail Council rally.

Parents and friends of scouts are urged to volunteer the use of their cars for carrying the boys to Big Spring, since every boy in the troop is anxious to make the trip and enter some of the competitive events.

The group will leave the First Baptist Church at 7:00 o'clock Saturday morning.

Hermleigh Singers Will Give Program

The Hermleigh High School Glee Club will give a free concert in their school auditorium Saturday evening, according to Principal T. B. Hicks. Chorus and individual numbers will be rendered.

Mrs. Blanche Patterson is in charge of the group of 30 singers. The young men and women have been preparing for this concert for some time, and Hermleigh folks, along with many from adjoining communities, are expected to turn out en masse.

Fluvanna Trustees Reelect All Teachers

As a testimonial of their belief in the ability of the present corps of instructors, the Fluvanna board of trustees re-elected all 14 teachers of the northern Scurry County educational center at a meeting held Friday evening. The school year just closing, although during a hard hit season, has been probably the most successful in the history of the school, largely as a result of the efficient and thorough work of the teaching force.

E. O. Wedgeworth was re-elected superintendent of the schools there several weeks ago.

Already plans for next year's term are being formulated. Superintendent Wedgeworth states that a new course will be added in the commercial department next session.

A state school inspector of the Fluvanna institution first of this week, and his report, a very favorable one, was made Wednesday afternoon.

THIS IS FINAL LOANING WEEK

Farmers are again reminded that they should file their government loan applications not later than Saturday of this week if they want to be assured of getting returns.

Actual figures compiled by Warren Dodson through Wednesday of this week reveal that \$38,840.36 has come to this county. The figure is expected to run much higher than this when all applications are returned with checks. Something over 700 government loan applications have been made.

Miss Mildred Harless, who has had charge of records in the loan office, has promised complete figures from various angles revealed by the loan applications. This data will be published in the near future.

Many Baptists of Scurry County Go To Abilene Meet

A score of Snyder Baptists and several from other parts of Scurry County were in Abilene last week to attend the annual state convention of Sunday school workers. The convention is described by all attendants as one of the greatest in Baptist history, and some say it eclipsed world and national conventions in spirituality and actual good accomplished.

All attendance records for such conventions were broken on the first day of meeting, and the second day brought much larger crowds.

Snyder attendants included Harvey Shuler, Mr. and Mrs. H. L. Wren, A. C. Alexander, Mrs. Wren Moore, Mrs. J. M. Newton, Mrs. W. M. Scott, Mrs. Fred Fryman, Mrs. Melvin Neal, Mrs. E. F. McCarty, Mrs. O. S. Williamson, Rev. Philip C. McGahey; Misses Jeffie D. Isaacs, Maxine, Mavis and Geraldine Shuler, Kenneth Alexander, Grace Avary and Vernelle Bradbury.

Mrs. Keenan Directs Recent Style Review

Mrs. Ruth Smith Keenan of Big Spring, daughter of Mrs. D. C. Howell of Snyder, recently directed a style show given by the Chic Shoppes of which she is owner, at the Settles Hotel in Big Spring.

The exclusive Big Spring shop presented three lines of wearing apparel—sports clothes, evening and afternoon dresses, and night attire. Seven girls modeled the beautiful clothes furnished by the shop. The style show was a climax to an evening of entertainment, featured by dancing.

Bob Turner and his Settles Hotel orchestra played the accompaniment for the style review.

Mrs. Keenan formerly lived in Snyder.
