

SCURRYLY SPEAKING

Farming is not a business. —Stuart Chase.

WE HAVE a stranger in our midst. He is evidently an unusually nice fellow, with the good graces to which Scurry County is accustomed.

WHO COMES to see you when you are sick, acts as pallbearer and sends flowers when you have passed from this mortal coil?

WHO GIVES you credit when you don't see how the Sam Hill you can pull through?

WHO BUYS tickets to football games, and home talent plays, minstrel and comedies?

WHO speaks to you when you get to town, pats you on the back and calls you by your first name, asks you how the wife and kids are getting along?

THIS IS NO time for surface treatment of our community ills. This is a time in which the why and the wherefore of future prosperity and happiness must be considered.

SNYDER, TEXAS, THURSDAY, JUNE 25, 1931.

NUMBER 2

HIGHWAY 7 CONTRACT IS PLACED

Provision Is Made for Closing of Unpaved Gap Between Nolan County and Hermleigh.

The final unpaved gap in the Highway No. 7 route from the Snyder to Fort Worth was provided for Tuesday by the Texas Highway Commission.

This contract, as well as others let by the commission this week, was given below the estimated cost.

\$2,700 IN BUS MONEY IS HERE

The nine school buses operating in Scurry County have been granted a license for \$2,700 each, or a total of \$27,000 for the current school year.

Bullock points out that the new rural aid law provides that each school bus will be allowed \$400 for operating expenses next year.

Census of Three Days of Traffic Taken Near Town

A traffic count made for four days and nights on Highways 7 and 83, by the State Highway Department, reveals that 8,282 vehicles of all classes passed during a 96-hour period.

Men were stationed at advantageous points within a few miles of Snyder, and a classification of each car was listed.

J. M. Pagan Raises Plenty of Onions; Gets Cash for 'em

Twelve hundred pounds of white Bermuda onions, of three cents a pound, totals \$36—J. M. Pagan, farmer in the German community, has discovered.

From one-fifth of an acre, Jim will get at least 1,200 pounds of the vegetables, for which he finds a sale at local stores.

Several farmers near Snyder have found the onions easy to raise, and are realizing a nice profit from them.

Organized in 1924 by Captain Sentell, Company G has not only ranked high among National Guard units of the state, but it has provided a training place for 50 to 75 young men, and has left several thousand dollars of government money in Snyder every year.

Sweet and Sour Cream Bought by Local Creamery

Scurry County is being given another chance to sell its sweet and sour cream in Snyder, to be used in the manufacture of ice cream, butter, Bulgarian, buttermilk and milk chocolate.

J. C. Moore and A. J. Williams of Fort Worth have re-opened the local creamery, and are now operating it as the Snyder Dairy Products Company.

Products from the plant will be sold under the trade name "Diamond." Several local retail handlers of ice cream are already serving the local product, and new markets for the butter, buttermilk and milk chocolate drink are being created.

Scurry Asked to Join Sweetwater In Holiday Feast

Sweetwater, June 24—Sweetwater, in celebrating the Fourth of July, has invited Scurry County to join in a holiday feast.

The Sweetwater Municipal Band, Official Band of the Texas American Legion, is to be present, of course, but the Snyder band has been given a special invitation to be present.

A revival of horse races in this section is scheduled for that day, and this is delighting the old-timers who talk of the days when horses from this section, their bodies built by the luxurious mesquite grass, burned up the tracks throughout the country.

Snyder—a good Fourth of July sport—will come off for its share of entertainment with a double-header being scheduled. The City League already has cancelled its games on that day so that all-star aggregations might use Swatter Park.

A dance platform is to be constructed on the grounds, and everybody is asked to bring their lunch, and then putting it all together to serve.

HEALTH MEN IN SNYDER TODAY

A meeting scheduled for 3:00 o'clock this afternoon will be attended by members of the community health committees in the county, and by T. J. Ward, district sanitarian, and Miss Catherine Evary, state health nurse.

More complete plans for the county health drive and the pre-school clinic or drive-up will be made at this meeting (Thursday) afternoon.

The nine-year-old Madding boy, Clifford, was instantly killed when thrown from the wagon with his father and two sisters.

Common Sense Vs. Smallpox

WHICH WILL WIN IN YOUR HOME? A number of people were heard to say last week that they dread having their children vaccinated against smallpox.

Smallpox is an acute, infectious disease characterized by vomiting, severe backache, an eruption and fever. The disease is contracted by infectious secretions from the nose and mouth, matter from the skin or scales of desquamation of persons suffering from the disease.

There is no operation more safe than vaccination. If done by a competent physician, no possible harm can result, provided the site of inoculation of given ordinary protection against anything that might cause infection.

Free smallpox, typhoid or diphtheria vaccination may be had by applying to any school trustee, or to Chairman A. A. Bullock of the county health committee.

LOCAL SCHOOL TO DETERMINE CLUB CREDITS

No Other Restrictions Are Placed On Granting of Affiliation for Girls' 4-H Club Work.

Each recognized high school may determine the number of affiliated credits it gives for 4-H Club work completed by high school girls, according to a statement received this week from the state accrediting board by County Superintendent A. A. Bullock.

A blanket invitation has been extended all Mitchell, Fisher, Scurry, Coke and Miami Counties to be present at the old-time affair.

The high school ruled that any girls' 4-H club is a part of the school and the school would be affiliated with the state institutions of higher learning. No other restrictions were placed on the granting of such credits.

Second Fire For June Takes Toll Of Vaughn Place

Snyder's second June fire resulted in the complete destruction Monday morning of the Vaughn and 3:00 o'clock of the G. A. Vaughn rent house in east Snyder.

No one was in the Vaughn house at the time of the fire. It had been vacated, with the exception of a few pieces of furniture, on Monday morning by Sam Craig and family, and was to be re-occupied Tuesday morning.

The alarm was sounded after more than one half the house had been burned, so the fire trucks arrived on the scene too late to be of much benefit except in preventing spread of the flames.

J. P. Madding Said Not to Be Critically Injured in Accident

J. P. Madding, who was thrown from a wagon filled with hay Wednesday afternoon of last week, is not critically injured, X-ray photographs taken a few days ago reveal.

The nine-year-old Madding boy, Clifford, was instantly killed when thrown from the wagon with his father and two sisters.

Lubbock Host to District Meeting Of Legionnaires

The fifth division of the American Legion held its annual convention in Lubbock Saturday and Sunday.

The convention was attended by several of the local post members, including Post Commander Harrie Winston, Adjutant A. C. Prentiss, Service Officer J. E. Sentell and J. C. Raney.

The program was well arranged for the entertainment of all who attended, local delegates stated. Saturday was spent in receiving the guests and visiting among those who attended, with a short preliminary conference in the afternoon.

The legislative committee reported that constructive and beneficial legislation had been secured during the past year, the most important of which is the child welfare act in the interest of the underprivileged children of the state.

MRS. TOWLE IS NEW PRESIDENT FOR AUXILIARY

Snyder Woman Elected To Head Ladies' Division of the Texas Optometric Association.

Mrs. H. G. Towle of Snyder was installed Tuesday as the new president of the Texas Optometric Association ladies' auxiliary, in conjunction with the thirty-fourth meeting of the American Optometric Association, which started in San Antonio Sunday.

The new state president is installed Tuesday as the new president of the Texas Optometric Association.

Dr. Towle is a member of the entertainment and nominating committees of the association, a member of the state board of optometric examiners, and a vice president of the state group.

B.Y.P.U. Meeting to Have "Hot" as Theme

"Hot Weather Religion" is the theme to be followed by the Mitchell-Scurry B.Y.P.U. Association at its quarterly meeting in Colorado Sunday afternoon, the program committee announces.

Twenty-six Snyder students are enrolled in summer school classes. W. F. Cox is in charge of those taking high school work, and Miss Elva Lemons is teaching the grammar school pupils.

SEVERAL CARS COUNTY SHEEP GO TO MARKET

At least 2,000 head of Scurry County sheep will probably have been shipped to the Fort Worth market before the season has passed.

Eight full carloads, or 1,250 head, have been moved over the R. S. & P. tracks during the past two weeks, and reports have it that more head have gone over-land.

The equivalent of three or four carloads of wool have been shipped from the county, most of it being marketed at Los Angeles through the wool association.

This report should make some of the counties to the south and southwest sit up and take notice, for Wednesday's Dallas News issued a number of counties with less sheep shipments than Scurry, and left this county of the line-up.

Shippers via the R. S. & P. have been: Earl Horn, four cars, 634 head; E. H. Curmeut and T. J. McDonnell, three cars, 500 head; T. E. Geer, one car, 161 head.

Fire Board Asks That Vacationists Use Precautions

Vacationists who leave their homes without occupying them give a note of warning by the local fire board at a called meeting Thursday evening.

Check your wiring. Watch your gas connections, and be sure every burner is out. Pull your electric switches. Dispose of all trash and old papers inside and outside your house.

Rock Home Is Attractive Snyder's First Modern House Made From Native Stone

W. E. Dever's Cornish game hens don't lay golden eggs, as the hen of fairy-tale fame did, but they do furnish their owner with several over-size products.

Just this week Mrs. Dever brought in an egg three and a quarter inches long by about eight inches in circumference. In justice to this chicken fancier, let us hasten to explain that some really large eggs came from the Dever hens last year.

One Hundred Scurry County Club Members to Attend Session On Lake Next Week

When the six-county encampment of 4-H Club women opens at Two-Draw Lake, Post, Wednesday morning of next week, at least 100 Scurry County women plan to be ready to take an active part in the two days of education and recreation.

The encampment program features both recreational and educational material. Miss Myrtle Murray, district home demonstration agent, will have charge of training in recreation, and will also talk on "Community Problems."

Songs and stunts from each county will feature the Wednesday evening program. The best stunts will be given special mention.

As an early morning swim will open the second day in camp, each club will be given a talk by a talk by Miss Murray, plans for next year's camp, and election of officers for 1932.

STINSON MADE DRUG OFFICIAL

Election of Lee Stinson, local druggist, as second vice president of the Texas Pharmaceutical Association last week, places him in line for the presidency in 1933.

Stinson reports that big times, big speeches and big results featured the convention.

Snyder Is Set For Colorado Match

With more confidence than they have displayed any time this year, local golfers declare themselves to be ready and waiting for the visit of the Colorado squad Sunday afternoon. It will be a Sand Belt Golf Association match play.

The eight players from Snyder made their heaviest impression two weeks ago, when they won three of the five matches of the season. A siege of practice has overtaken the boys, and the elimination tourney has made some of the old-timers sweat.

District Court Will Convene Here July 6

Snyder's second tax-eating district court within a month will convene July 6, according to Louise Darby, district clerk.

Only non-jury cases will come before Judge James T. Brooks of Big Spring, when he takes the bench on the first Monday. It will be in 30 days, as he officially, but not Judge's second visit to Snyder without actually opened court here June 8.

**Dunn Women Meet June 17.**  
The Dunn Women's Home Demonstration Club met June 17. Fifteen members were present.

After the business session, Miss Jessie Lee Davis made an interesting talk on "How to Guide the Children's Reading Hour in the Home." She also taught us how to play some games that will be lots of fun and good exercise for the children.

Our next meeting will be at the Methodist Church on Wednesday, July 1.—Mrs. Jackson Ellis, Reporter.

## Miss Grline Dane Weds Don Lloyd.

The marriage of Miss Grline Dane, formerly of Snyder, and Mr. Don A. Lloyd took place Saturday evening in the home of the bride's parents, Mr. and Mrs. W. B. Dane, in Fort Worth.

Rev. A. L. Leake of Plano, uncle of the bride, performed the ceremony. The bride was like a picture in her trailing white gown as she came down the fern-entwined stairway, where she was met at the foot by her brother, Banker Dane, by whom she was given in marriage.

A large number of friends and relatives were present for the wedding, after which an informal reception was held.

The couple left for Montreal, Canada, from where they will sail June 30 on the steamship Empress of France for several weeks' tour of Europe. They will disembark at Liverpool and from there will go to Paris, later starting on their tour.

Mr. Lloyd is the son of Mrs. E. H. Stegall of Fort Worth.

## Sine Cura Club Given Luncheon.

Members of the Sine Cura Club were guests at a 1:00 o'clock luncheon Tuesday in the home of Mrs. Ernest Taylor, 2701 Avenue V.

The entertaining rooms were attractively decorated with a profusion of beautiful peonies.

An ice course was served to Messrs. and Mmes. George Oldham, W. T. Raybon, G. E. Clark Jr., Wayne Boren, Ivan Dodson, J. G. Hicks, Forest Sears, Albert Norred and Mrs. Herbert Bannister.

## Selective Reading.

How many of us have a definite plan in our reading? It is so easy to pick up anything that comes handy. Yet we have comparatively little time for reading nowadays and by this haphazard method often read things we care nothing about or that are of no benefit to us.

Why not form a clear idea of the things we wish to read and then devote our time to those?

## Auxiliary Will Have Sale.

The Ruth Anderson Auxiliary of the First Methodist Church will conduct a rummage and bake sale this Saturday afternoon, from 12:30 till 5:00 o'clock in the Wilmet building on the southwest corner of the square. Everyone is invited to patronize the sale.

## Solving the Problem of Play Hours.

A group of mothers who felt the need of some definite plan for the children's playtime, especially during the summer vacation periods, evolved a most workable idea which has relieved them of the constant strain of amusing and watching the youngsters, and at the same time is giving the children worth while playtime.

Each mother in the group volunteered to be responsible for all of the children one day in every two weeks. The children were to meet at a designated place and she would supervise their play for that day.

The mothers gave sons thought to this and each one tried, not only to entertain the children, but to have them do something constructive or educational as well.

The children were thrilled by the novelty of the whole thing and looked forward to something new each day. They learned many interesting things as well as group cooperation. They read, made things, planted and cared for gardens, watched bird and animal life, went on short trips to interesting places, learned to swim and so on. Innumerable things can be done, according to the age of the children and the size of the group.

The mothers gained so much by this plan that they could easily give a day in their turns and yet have plenty of free time of their own for the many things they wished to do.

They gained, too, in their knowledge of children. By working with the group and comparing individuals they learned a great deal about the emotions and reactions of children, which gave them a much clearer understanding of child life and its needs.

## M. E. Society Meets In Norred Home.

The Young Woman's Missionary Society of the Methodist Church met in the home of Mrs. Albert Norred Monday afternoon, with Misses Norred and Wayne Boren as charming hostesses.

During the business session, it was decided that the rummage and bake sale would again be held this Saturday in the Wilmet building, for which the doors will be closed at 5:00 o'clock.

Mrs. R. H. Odum directed the program, which opened with prayer led by Mrs. Homer Snyder. Mrs. Gladys Sims read a leaflet, and "Stewardship" was given by Mrs. C. W. Harless. Mrs. V. I. Littlepage read the bulletin.

Delicious croquettes and punch were passed to Mmes. R. J. Randalls, Homer Snyder, J. G. Hicks, A. E. Wiese, John Whitmore, R. H. Odum, Wilmet Cloud, C. W. Harless, A. D. Moore, Claude Sims, Ivan Dodson and V. L. Littlepage.

## Plan Menus Few Days Ahead.

If the housewife will take a little time to carefully plan her meals several days in advance, she will find that her menus are more varied and that food supplies can be purchased to far better advantage.

In this way she can buy larger quantities and, by skilful combinations she will be able to utilize all left-overs in appetizing new dishes. She will lessen her own work, too, because often many operations can be shortened or easily combined when one has definitely in mind what will be needed.

## Notice to Women of Scurry County.

I am now associated with Mrs. John Keller and Mrs. J. R. G. Burt in the Hollywood Shop, and want you to drop in so that I may become acquainted with you. I feel that my experience in this field will enable me to serve you in many ways in Snyder's only exclusive ladies' shop. May I not have the pleasure of meeting you today—or whenever it is convenient for you to call?

## Auxiliary Meets in Lee Stinson Home.

The Methodist Women's Auxiliary met Monday afternoon in the home of Mrs. L. T. Stinson, with Mmes. Stinson, J. W. Templeton and Joe Strayhorn as hostesses.

Songs were sung and prayer was led by Mrs. C. C. Higgins. After a short business session, a Missionary Voice program was directed by Mrs. Ike Boren. Mrs. H. G. Gray gave the devotional, "Daring to Accept the Challenge of God in Prayer."

An article on "Educational Development in China" was read by Mrs. E. Hardy. Mrs. Higgins spoke on "Stewardship," and the bulletin was given by Mrs. W. W. Hamilton.

After the program, an enjoyable social hour was spent, and delicious sherbet and angel food cake were served to Mmes. R. M. Stokes, Ed A. Harris, J. E. Avery, C. C. Higgins, I. W. Boren, A. M. Curry, J. E. Hardy, R. E. Gray, Jarrett, H. V. Williams, R. H. Curnette, D. P. Yoder and W. W. Hamilton.

## Penic Sippers at Home.

The fun of a picnic meal need not be reserved for a trip to the woods or shore. It is just as good, in warm weather, served on the porch or lawn and will be a pleasant change from routine meals served correctly at the dining table.

Incidentally, it means a rest for mother if she does not cook a hot meal and clear up afterwards. Because, of course, to complete the fun, paper dishes should be used.

## Theatre Party Given For Abilene Guest.

Mrs. Lee Stinson entertained a few of her friends Thursday evening with a theatre party, complimenting her guest Miss May White, of Abilene.

After attending the theatre, the guests returned to the Stinson home, where refreshments were served. The party included Mmes. J. C. Stinson, G. A. Hagan, W. W. Hamilton, R. H. Odum, Joe Caton, A. E. Wiese and the honoree.

## Bridge Club Meets With Mrs. Smith.

The Friday Afternoon Bridge Club met last Friday with Mrs. Gerlie Smith at her home, 2400 Thirty-Second Street.

After enjoyable bridge play, the hostess served a dainty salad course to Mmes. H. J. Brice, E. M. Deakins, T. L. Lollar, W. J. Ely, Joe Strayhorn, Hugh Boren, J. C. Doward, W. M. Scott and A. W. Arnold.

Guests were Mmes. A. E. Wiese and J. W. Leftwich.

## Cheerful Breakfast Tables.

An attractive breakfast table will help a great deal toward starting the day right. Colorful breakfast sets may be purchased at small cost. Pottery is in high favor at the present time and sets a very pretty table.

The linen used with such dishes should be of the coarser type and may harmonize or contrast in color.

**"I know my Baby's Food is Free from Harmful Bacteria"**

Most mothers know that fresh, pure milk is one of the essentials in preventing the illness of babies during summer months. They are aware that on many occasions, illness at this time of the year can be traced directly to their food. The first precaution they take is to buy milk that is fresh and pure; and the second precaution is to see that the milk is kept wholesome after it is in the home.

Proper refrigeration is the only means of keeping baby's milk free from harmful bacteria, and the modern mother knows that her electric refrigerator with its automatically controlled temperature—always below 50 degrees—will keep baby's milk and other foods for the family at safe temperatures.

Drop by our office and see the new models of electric refrigerators, a size for every family. Refrigerators may be purchased for a small cash payment and convenient monthly payments.

**Nurseries and Playrooms**

THE jolliest nurseries and playrooms are rooms which like Peter Pan, have never grown up! They are simple and child-like—alive with imagination—and exactly suited to the needs of the young owners.

A strong primary color—red, blue or yellow—should be emphasized in the decoration of the room. The more delicate pastel tones make no instinctive appeal to the small child. Gray color may be introduced in wall decoration, curtains, floor-coverings or bright furniture.

One of the amusing juvenile wall papers may be used in the nursery. Or large colored prints of story-book characters may be pasted upon plain walls and outlined with hand-painted panels or wood-en mouldings. A light coat of liquid wax glaze will protect wall paper or prints from childish finger smudges; first test the glaze on a sample of the paper. If pictures are applied to the walls, be sure to place them on the level which best suits the child's eyes.

Curtains should be made as simply as possible, of a sheer material which admits plenty of sun-

**THE WEEKLY DOZEN**

That's the Trouble with this Gang Plank.  
 Pessimism Pete has just read of the Chicago gangster who was bumped off and left a wife and four policemen without any means of support. We suggest that the wife join Al Capone and that the four policemen organize a "Me-for-Al" Club.

Edwin Markham Has Philosophy in Him.  
 We have committed the Golden Rule to memory; let us now commit it to life. . . We have preached brotherhood for centuries; we now need to find a material basis for brotherhood. Government must be made the organ of fraternity—a working-form for comradeship. Think on this—work for this.—Edwin Markham.

The Als of the East Are No Als for Us.  
 In Chicago it's "Me for Al." In New York it's "Me for Al." The mid-western Al is an anti-prohibitionist by force; the eastern Al, an anti by politics. The chief difference seems to be in method, not in principle. Why not make the presidential ticket read, "Al Capone, Chicago; Al Smith, New York"? That would settle, once and for all, whether we'd have beer by law or by absorption.

Just Across the Way, But . . .  
 One merchant says: "Business has been better this week than at any time this year." Just across the square, another says: "Business is rotten." One farmer says: "The grasshoppers and dry weather are ruining my cotton and feed." Another, just across the fence, says: "My crops could be better, but I'm looking for a good yield." There's a peculiar similarity between grasshoppers and philosophy.

And Think of the Return of the Smells.  
 The farmer who has raised several hundred pounds of sweet Beaumada onions on his Scurry County place this year is selling them to local merchants at a profit. The dollars he is receiving from one-fifteenth of an acre of onions, which represent an investment of less than \$5, is helping him to keep ahead of the down-and-out brigade, he says. Even after the smell of those onions is gone, the results will linger on.

Determination Is Born of Depression.  
 Texas is due for a period of industrialism, no matter what you may think. "What Texas Makes Makes Texas" is becoming a war-cry as well as a motto. Northern capital is coming "down South" to establish factories, as sure as you're alive. And Texas capital is going to be in the same boat. Snyder may have her opportunity to get a share of this expansion. Post has her cotton mills; Colorado, Big Spring and Sweetwater, their refineries. What will Snyder have?

Washington, the President—And Counselor.  
 It is said that George Washington, while he was president, wrote a letter to niece, in which he admonished her to "supply the want of your fortune with a well cultivated mind, with dispositions to industry and frugality, with gentleness of manners, obliging temper and such qualifications as will attract notice, and recommend you to a happy establishment for life." Washington's advice would fit well into the scheme of things that will help restore normalcy to these United States.

Old King Cotton Coming Into His Own.  
 Cotton fabrics are today the darlings of fashion, and millions of better dressed American women have been sold on the idea of cotton frocks for all occasions. These dainty, fluffy garments are making their appearance at parties, dances, weddings and on country club verandas. No social function now bars the once lowly cotton dress. . . Women are now demanding it, not in order to help use up our surplus cotton and thus help the cotton farmer, but because it is stylish and pretty.—C. M. Hammond, in The Texas Weekly.

The Put-Across Spirit May Be Lacking.  
 It is common talk on Snyder streets that "you can't put anything across these days." Can't you? Sunday picture shows are going across with a bang. A Montgomery Ward resident salesman from Scurry County to the pockets of eastern capitalists. The cold drink stands are keeping the glasses and bottles clinking. Conventions over all the state are being attended as never before. The only thing that isn't going across, it seems to us, is the spirit of sacrifice and optimism in some of our pleasure-mad carcases.

Being a Real Citizen Is a Public Duty.  
 County officials have a heck of a time. If they don't enforce the law, they are censured for being too easy or for taking bribes. If they do try to enforce it, and call for Mr. Ordinary Citizen to act as a witness or on the jury or as a sort of private detective. . . well, you know what happens. Mr. Ordinary Citizen declares that he is "too busy," doesn't want to get "mixed up in that dirty business," or "it will lose customers for me." The only time most of us appear to be citizens in the true sense of the word is when we have a smell of the public pork barrel.

We're Not Down, Nor Nearly Out!  
 Here is a cartoon, drawn by a visitor to this sec-

**A Hick Town Defined.**

National magazines and metropolitan newspapers usually delight in giving warped ideas of small towns—or hick towns, as they are often called. After Sinclair Lewis, the hideous author with the corn cob morals, wrote "Main Street," many city dwellers added "prejudice," "hypocrisy" and "gossip" to their words of small-town description.

Now comes Pathfinder, the busy man's journal of things that really happen, to give a few new definitions of the hick town. These definitions tap at the roots of metropolitan corruption and "surface civilization." They read like this:

- A place where the commissioners do not get away with half the cost of an improvement.
- Where merchants appeal to one's needs rather than to his vanities.
- Where the voice of a respected citizen carries more weight than a bellowing gull politician.
- Where a man's integrity is not measured by dress.
- Where someone is not "telling it to the judge" every morning.
- Where they do not have to hire mourners at the funerals.
- Where people do not need a "Who's Who" to know what's what.
- Where folks are "at home" every day.
- Where there is as much wholesome humor as there are imaginary themes for metropolitan ridicule.

**What About a Hotel This Year?**

Two or three or four years ago, Snyder was all hot and bothered about building a hotel. Just as the dream of a modern hostelry seemed ready to come true, something happened, and we continue to offer fourth-rate hotels to the traveling public.

The hotel-using public can't be fooled. They soon learn that Colorado, Sweetwater, Post, Lubbock and Abilene offer modern hotel accommodations, and that Snyder is a fine town to pass through and admire, but a rotten place for sleeping and resting amidst 1931 surroundings.

We have service and courtesy and good eats at our leading hotel, but these don't avail much when the traveler comes face to face with 1910 surroundings in his room.

What about a hotel this year? If a few business men will get their heads together, the dream will become a reality.

**EDITORIAL OF THE WEEK**

**GOOD NEWS.**

Good news is a word fitly spoken. It has value beyond that of gold and precious stones. The power of good news is as evident as the air we breathe, as necessary as meat and potatoes, and it is nourishing.

A word of approval, a smile of appreciation, and simple praise releases within us something briskly regenerative which kindles to flame the smoldering fires of ambition and aspiration. It is as though a weight has been taken from one's back.

Reality springs from the hard core of the impossible. Real accomplishments in this world have been inspired by the voice of a silver trumpet sounding good news.

Have you such a word for us? You, our friends and neighbors, have you a good word for us who are struggling to do a day's work well before the sun goes down? Say something to hearten us. Give us the word that will set us afire with resolution to do better and to go farther than ever before.

Be generous, spread your good news far and wide so that none within the sound of your voice will go untouched, uncomfited. Sing us a song of the first robin of spring delayed. Speak to us of the good we have done aforesaid, and prophesy of the great things we are to do by and by. Feed us with faith and arm us with courage, and we will go out and accomplish the impossible, and return singing songs of praise for the sustaining strength of your good news.

Be a harbinger of good news. Forget the bad news. Many of us are too conscious of our earth-bound condition. It is ever present, weighing us down. Doubt and fear have tied clogs to our feet. Ignorance and misunderstanding have laid heavy burdens upon our backs.

We look to you who know us, who work beside us, sharing the fortune of the day, to speak good news while our ears may still hear. Speak and set wings to our heels. Our great need is for the words that tear away the leaden sky and let the stars shine through.

Could you perform a greater service than this? Is there a higher calling than that of trumpeter of good news? Great is he who hews out the way, but greater still to the hearts of men is he who whispers the right word of hope, inspiration and courage. Every good deed, every worthy action, every pleasant thought that has graced and blessed the world, has been born of the good news that some shining soul passed along the line.

When you start out tomorrow morning, try to see how much good news you can pass along, and the help you give your fellow men, will help you.—Senator J. V. Weber, Herald, Slayton, Minnesota.

"How did you get your auto all smashed up?"  
 "I tried to climb a telegraph pole in it."  
 "But you know autos are not made for that."  
 "Yes, but another autoist wanted to use the road."

Ham—"Hey there, Sam, where you gwan?"  
 Sam—"Ise jest gwan down to de hot house to find out why blackberries is red when dey is green."

Man—"Lady, your daughter is spoiled, isn't she?"  
 Lady—"No, that's just perfume."

Most people in the future . . . Faith in Our Maker.  
 Faith in the future when future-gazing citizens tell them that a change from materialism to spirituality is necessary before America and the world will sit on the pedestal of prosperity. In the meantime, Roger Babson, greatest statistician and business prophet in the world, says "Return to God." The message is thundered from pulpits. It is shouted from the columns of religious publications. It is broadcast through microphones. It is written in the history of the world. It is spoken by our president. . . Anyone can laugh at such handwritings on the wall; it takes men and women of courage to face the facts in the case.

**CURRENT COMMENT**

By LEON GUINN

In Chicago last week Al Capone pleaded guilty to 5,000 federal counts charging violation of the prohibition amendment. The big shot is technically on the spot and is prima facie evidence that prohibition enforcement is a reality. In fact, the big drive is just getting under way. Woodcock's addition of 500 men to his force, concentration of efforts in key cities and the drive for the big shots in the racket reveal that there comes a time when a free people become tired of vice and rise up to overcome a wrong.

This prohibition is a fundamental, vitally important question is evidenced by press space devoted to its discussion. It is important. It is a national question. Many assert it is a personal question, a state issue and a degree of freedom. Nothing is further from the truth. It is a national question; it is no personal right; and the drinking of legal or contraband liquor or beer is one way to destroy the tissues of one's physical assets. Whiskey and other intoxicants are, it is true, effective poisons.

There are a few cock-sure old weather prophets who personally think a drink is all right, but vote dry. Men even slip to the back of establishments, pay \$3 per pint for booze, and swear prohibition is not effective. Apparently a twisted sense of humor! A person who thinks liquor is o. k. is not frank with himself, his wife or his community. If you further contend drinking is smart, show me a heavy drinker over a five-year period, and I will show you a physical, mental and financial wreck.

For your benefit, remember that God created man in His likeness. If you burn up your physical temple by drinking you weaken your brain, harden your arteries and invite stomach trouble and other complications. If you doubt this, a good physician is your source of information. Mr. Citizen, you have aspirations for your children to cut a niche in the world, yet you still persist in the destructive drink habit.

If you are desirous of being prematurely dependent, of having a log chimney red nose and spending your money—that's your narrow viewpoint—not your privilege or right. If you want to burn the candle at both ends, whiskey is your match. After all, the drinker is not smart, intelligent or broad-minded if he doesn't quit drinking. He has no license to do so. You say if you want a drink, that's your business—but where did you get your idea? No law or custom says it's your business; you have no right to do so.

One may be classed with swine if he wants to wallow in the mire. Did drink make the constitution? How many president were drinkers? Why doesn't drink keep money in your pockets? Many take a drink, then the drink takes them. Drink is good as medicine but destructive in producing artificial gaiety.

One person asserts if whiskey were flowing like water and conditions were like they were in the good old "daze" we'd be all right. If whiskey were that free, if this person would take a bath in said stream, he'd be pickled in alcohol, too. Say what you will, drinking, like crime, doesn't pay.

As a result of nine Swisher county 4-H club boys feeding out litters of pigs last year by self feeders made according to A and M College Extension Service plans, a Tulsa lumber company has made and sold farmers 15 self feeders and farmers have built 20 more for themselves.

**Taxpayers Protest.**

Recently an Oklahoma banker wrote a letter to one of his customers relative to a request for a check. The letter apparently was the last straw. It broke the camel's back. This was the reply the banker got:

"I wish to inform you that the present condition of my bank account makes it impossible for me to send you a check in response to your request.

"My present financial condition is due to the effects of federal laws, state laws, county laws, corporation laws, by-laws, brother-in-laws, out-laws and mother-in-laws that have been foisted upon an unsuspecting public. Through these various laws I have been held down, held up, walked on, sat on, flattened and squeezed until I do not know where I am, what I am and why I am.

"These laws compel me to pay a merchant's tax, capital stock tax, income tax, real estate tax, cigar tax, street tax, syntax and carpet tax.

"In addition to these taxes, I'm requested and required to contribute to every society and organization that the inventive mind of man can organize—to the Society of St. John, the Woman's Relief, Navy League, the Children's Home, the Policemen's Benefit, the Dorcas Society, the Y. M. C. A., the Boy Scouts, the Jewish Relief, the Near East, the Gold Diggers' Home, the Policemen's Home, also every hospital and charitable institution in town, the Red Cross, the Black Cross, the White Cross, the Double Cross and the Purple Cross.

"The government has so governed my business that I do not know who owns it. I am suspected, expected, inspected, disrespected, informed, examined, re-examined, commanded, required, compelled, until all I know is that I'm supplicated for money for every known need, desire or hope of the human race, and because I refuse to fall and go out and beg, borrow and steal money to give away, I am cussed, discussed, boycotted, talked to, talked about, lied to, lied about, held up, held down and robbed until I am nearly ruined, so the only reason I am clinging to life is to see what the hell is coming next."—Eastern Retailer.

By butchering two hogs he had fed out and selling the pork products locally, Winston Adams, Castro county 4-H club boy, made a profit of \$35.54 on his feeding demonstration conducted in cooperation with W. C. Hale, county agent. The hogs cost \$7 and were fed 21 bushels of grain worth \$14.70 and 800 pounds skim milk valued at \$32.84. The meat sold in town for \$50.54.

Orders for standardized canned citrus products have been received from Honolulu, Minneapolis and Corpus Christi by Cameron County home demonstration club women.

**Struggle to Win.**

All business as now conducted—particularly those lines of business which embrace the so-called industries—requires specialized training and technical education. In fact, so much scientific knowledge that the distinctive line between "business" and "profession" is fast disappearing.

Anyone who hopes to achieve success, even the average, must know more, or at least as much, about some one thing as any other one, and not only know, but know how to do—and how to utilize his experience and knowledge for the benefit of others.

The crying evil of the young man who enters the business world today is the lack of application, preparation and thoroughness with ambition but without the willingness to struggle to gain his desired end. Mental and physical strength comes only through the exercise and working of mind and body.

There is too little idea of personal responsibility; too much of "the world owes me a living," forgetting that if the world does owe you a living you yourself must be your own collector.—Theodore N. Vail.

I owe all my success in life to having been always a quarter of an hour beforehand.—Lord Nelson.

**A Dog.**

The one absolutely unselfish friend that man can have in this selfish world, the one that never deserts him, the one that never proves ungrateful or treacherous, is his dog. A man's dog stands by him in prosperity and in poverty, in health and in sickness.

He will sleep on the cold ground, where the wintry wind blows and snow dries fiercely, if only he may be near his master's side.

He will kiss the hand that has no food to offer, he will lick the wounds and sores that come in encounter with the roughness of the world.

He guards the sleep of his pauper master as if he were a prince.

When all other friends desert, he remains.

When riches take wings and reputation falls to pieces he is as constant in his love as the sun in its journey through the heavens.

If fortune drives the master forth an outcast in the world, friendless and homeless, the faithful dog asks no higher privilege than that of accompanying him to guard against danger, to fight against his enemies.

And when the last scene of all comes, and death takes the master in its embrace and his body is laid away in the cold ground, no matter if all other friends pursue their way,

there, by his graveside, will the noble dog be found, his head between his paws, his eyes sad but open in alert watchfulness, faithful and true even to death.—George Graham Vest.

**Don't Rasp Your Throat With Harsh Irritants**

**"Reach for a LUCKY instead"**

When you visit your physician for your periodic health examination, one of the very first things he asks you to do is to open your mouth wide, and to say "Ah." He is examining the delicate lining of your throat. "Ah!" There is not a man or woman who could even make this simple sound, if in the throat there were no Adam's Apple. For your Adam's Apple is your larynx—the voice box containing your vocal chords. And what a delicate piece of Nature's handiwork the Adam's Apple is. A slight cold—even a tiny particle lodged in the throat—and our voice often grows husky. In acute cases, we may even lose our voice for several days. Don't rasp your throat with harsh irritants—Reach for a LUCKY instead—remember, LUCKY STRIKE is the only cigarette in America that through its exclusive "TOASTING" process expels certain harsh irritants present in all raw tobaccos. These expelled irritants are sold to manufacturers of chemical compounds. They are not present in your LUCKY STRIKE. No wonder 20,679 American physicians have stated LUCKIES to be less irritating. LUCKIES are always kind to your throat. And so we say "Consider your Adam's Apple."

sluggish feeling

NEXT time you are out of fix as the result of irregular or faulty bowel movement, try Theford's Black-Draught for the refreshing relief it gives thousands of people who take it. Mr. E. W. Cecil, construction superintendent in Pulaski, Va., says: "When I get constipated, my head aches, and I have that dull, tired feeling—just not equal to my work. I don't feel hungry and I know that I need something to cleanse my system, so I take Black-Draught. We have found it a great help!"

Sold in 25-cent packages.

Pre-School Child Summer Clinic Is Of Great Benefit

By Catherine Vavra, District Nurse. Up until a few years ago, very little attention was given to the needs of the child of two to six years concerning health.

The younger child the pre-school protection it needs against disease. More children die between infancy and five years than any other age group.

The pre-school clinic—or summer round-up, as it is called—has for its purpose to find defects early so they can be corrected as soon as possible.

Whenever you have some nagging ache or pain, take some tablets of Bayer Aspirin. Relief is immediate!

There's scarcely ever an ache or pain that Bayer Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They don't depress the heart, or otherwise harm you.

Famous Cripple Creek Area Visited By Former Scurry County Resident

To the Best County Newspaper and My Old Home Again: I wish to come again and tell my Texas friends of our thrilling trip to Cripple Creek, the "City of Jacks."

Sunday, May 31, Mr. and Mrs. Jack Payne and family of Canon City, Colorado, Mr. and Mrs. Cliff Fowler and former Scurry County little girls, I left home here at 8:00 o'clock in the morning and went up Phantom Canyon High way, a real mountain road, for a stretch of 45 miles.

At some places the road was so rough that there was no way other than to "go through." So we went through some long, dark, solid rock tunnels.

The only way I know how to describe the roads is that it was all curves. When we got around one curve we went around another, each one carrying us higher. We traveled in three cars. At some places each car would be going in a different direction, yet all on the same road, headed for the same place.

Trench Silos Are Cheap Method to Put Up Feedstuff

Trench silos, of which it is estimated there are less than 100 in Texas, are cheap to construct and are a fairly satisfactory way of preserving feedstuff.

Some of the advantages of trench silos noted by Mr. Bentley are their low cost of construction, convenience of filling, wind, fire and frost-proof features, and ease of removing the ensilage.

Complete details for building the trench silo may be obtained from county agents or from MS-78 "The Trench Silo in Texas," distributed by the Extension Service at College Station.

POLAR NEWS

Mrs. J. A. Martin, Correspondent

Polar people are looking blue on account of the dry weather here, but crops are holding up fine and cotton is growing.

The new Kent County home demonstration agent, Miss Jonnie Reed, met with Polar Monday and organized a club of 13 members.

Bro. Gail Shultz, who is conducting the revival meeting at Polar, has preached to a full house every night during the past week.

The following friends and neighbors went on a fishing trip Saturday and Sunday night, V. G. Carlisle, Ford, Johnnie Hoyle, Homer Cecil and Zed Randolph.

G. M. Elkins and A. C. Elkins and family motored to Lubbock Friday, where G. M. Elkins received another treatment for his eyes.

Mrs. B. A. Moore, who has been receiving medical treatment at Abilene for the past two weeks, is able to be with us again.

Miss Elvare Cumble of Jayton has been a guest in the T. V. Cumble home for the past two weeks.

Mr. and Mrs. Alva Webster and daughter were family last week.

Mrs. Wyman Green and children of Ft. Worth and Mrs. Ball and daughter, Mildred, of Snyder, are camped in our community, attending the revival.

The following are out-of-the-community visitors who spent Saturday night and Sunday here: Mr. and Mrs. Vester Clanton, Corbit Clanton and family, Luther Bythe and family, Ernest Ford and family, all of Vealmore; and Mr. and Mrs. Ben Peterson and Mrs. Gore of Snyder; and W. L. Sellers of Kansas. There were others whose names I did not get.

Club Girls Furnish Family Food. One hundred and ten 4-H Club girls of Delta County are serving vegetables on their family tables from the gardens which are the club's produce demonstrations of their club work.

Instead of paying a big commission to a high-powered sales promoter, and instead of scattering circulars, to the four winds, the pioneer dry goods merchant is using the home county paper as his advertising medium and his own employees as sales promoters.

Many of the special prices will be found in the full-page ad in this issue of The Times.

I don't think much of a man who is not wiser today than he was yesterday.—Abraham Lincoln.

When Is a Man Poor?

A man is poor: If he is without friends; if he has low ideals; if he has a guilty conscience; if he has lost his self-respect; if his morals are questionable; if he has lost his grip upon himself; if he is selfish, uncharitable or cruel; if he has forfeited his health for wealth; if his soul has been neglected; if he has traded away his character for money; if his wife and family do not love and respect him; if he has a disposition that makes enemies and repels friends; if making money has crowded out the cultivation of his spiritual life; if worldliness has caused him to lose fellowship with Christ; if love of money has hardened him until the love of Christ and His gospel does not stir him to do his best; if all his investments are laid on earth and he has no treasure in heaven.—Selected from the Watchman-Examiner.

Let all remember that the ordinary study of the subject hell falls far short of being an exhaustive study, not one-tenth of the tremendous value being placed on hell which the Bible places there.

We shall be happy to have every one in reach to come and study with us. The invitation is extended to the entire rural population as well. Load up your cars and come. A 30-minute drive after the sermon will be a fine preparation for a splendid night's rest after a study of God's work. Come, and make our church-home your home!—Thomas M. Broadfoot, Minister.

I honor any man who in the conscientious discharge of his duty cares to stand alone; the world, with its ignorant, intolerant judgment, may condemn; the contumacious relatives of friends may be averted; and the hearts of friends may cool; but the sense of duty done shall be sweeter than the applause of the world, the contumacious relatives or the hearts of friends.—Charles Sumner.

"Shipmates" Drama Of Navy Life, Will Be Shown at Palace

Robert Montgomery will be seen in his first starring role in "Shipmates," a spectacular story of navy life, which will open Friday at the Palace Theatre.

This picture climaxes one of the most spectacular careers in the history of the screen. Making his debut barely two years ago in "So This Is College," Montgomery subsequently scored one success after another in such vehicles as "The Big House," "The Divorcee," "Inspiration," "The Easiest Way" and "Strangers May Kiss."

Montgomery's leading lady in his initial starring role is Dorothy Jordan, who was teamed with him in "Strangers May Kiss."

What a great blessing is a friend with a heart so trusting that you may safely bury all your secrets in it, whose conscience you may fear less than your own, who can relieve your cares by his conversation, your doubts by his counsels, your sadness by his good humor and whose very looks give you comfort.—Seneca.

Miss Naomi Jones of Post is visiting her sister, Mrs. Warren Chorn, and family.  
Mrs. Harvey Smith and little son left Sunday morning to join from husband's father at Tulsa, where they will make their home.  
Mrs. J. S. Golden and daughter, Juanita, of Canyon community and Mrs. Horace Holley of Snyder spent Thursday in home of their daughter and sister.  
Mr. and Mrs. Clarence Dowdy, Mr. and Mrs. Roy Patterson and Mrs. Cora Patterson and son, Royce, all of Fluvanna, and Minnie Lee Williams and daughter, Minnie Lee, enjoyed Sunday in the home of Mrs. L. T. Patterson.  
Friday afternoon a picnicking party loaded W. L. Jones' truck with bedding and lots of good eats and started to Deep Creek, near Dunn, where they remained until afternoon Saturday. They carried a portable along and were enjoying the music and other amusements on a concrete dip about a mile from camp when suddenly a car containing Jay Vaughn, Boyce Jones, Scott Patterson, Dee and John Earl Brock and Hudson Kinsey drove up. They thought they would scare the girls, but instead—well, I don't guess they exactly got scared, but they decided the girls were quite brave. Boyce didn't take time to jump the fence, and sustained several cuts; John Earl discovered a ditch by falling in it. Suppose the boys thought they had found an Indian camp from the way they ran in all directions. Mr. Werner reported that his business was greatly increased by having to mend trousers. Those enjoying the picnic were: Misses Maudine and Mary Neal Farr, Elsie and Fern Ebergrade, Zoe Mobley, Ernestine Rector, Oleta McMillan, Lois Vernon, Sue Belle Peart, Evelyn Seay, Edith and Edna Murphy of Dunn, Vera Barfoot, Verma Moore and Loretta Williams; with Misses N. E. Farr, K. B. Rector, Jake Brawley and Jay Vaughn as chaperones. They are planning another picnic soon.  
Misses Pearl and Ida Vernon returned home this week from Mineral Wells, where they have spent a two weeks' vacation.  
Mrs. Ben and Edna Stevenson spent Saturday night with friends in Snyder.  
Mrs. R. M. Coston was hostess to a birthday dinner in her home on Wednesday of last week, honoring her daughter, Miss Vera, and her father, Mr. J. L. Farr. They had Miss Ernestine Rector as their guest.  
Grandmother Higginbotham returned home Sunday from Wichita, Kansas, where she has been visiting her son, Clani, and family for some time.  
W. W. Early was quite sick Monday but is improving.  
Mr. and Mrs. W. W. Barfoot and daughter, Mrs. Virginia, and Mr. and Mrs. John, at Tahoka Sunday.  
Mr. and Mrs. E. H. Higginbotham of Abilene spent Sunday in the home of Mrs. J. E. Vaughn.  
Mr. and Mrs. R. B. Kirk and daughter, Elizabeth, of Blackwell, took dinner in the home of Mr. and Mrs. C. Karnes Sunday. Elizabeth will teach in the home economics department of the Hermleigh High School next session.  
Mr. and Mrs. A. J. Knowles of Sea Cliff arrived Monday for a few weeks' visit with the latter's parents, Mr. and Mrs. W. W. Early. We are glad to report that Mrs. J. L. Farrason returned home Tuesday. Her mother, Mrs. C. H. Callis, of Snyder will be with her for a few days.  
Mr. and Mrs. Hush Vaughn, Mr. and Mrs. Jay Vaughn and Mr. and Mrs. George Haggerton spent Sunday in the home of Mr. and Mrs. Mark Vaughn in the German community.  
Mr. and Mrs. Roy Sturdivant, Miss Jewel Sturdivant and Lewis Newby, both of Snyder, visited Mr. and Mrs. Claude Cox of Big Spring. Mrs. Cox is the daughter of Mr. and Mrs. Ed Moore.  
Miss Ina Early is enjoying a visit with her brother, Worley, this week at Snyder.  
Mr. and Mrs. Bill Hunter of Dunn visited Mrs. J. F. Drennan Sunday. Mr. Ferguson of Lorraine, manager of the telephone company, was in town Tuesday.  
Messrs. Laverne Drennan and Esceell McQuaid caught several nice fish at Deep Creek Monday.  
Mr. and Mrs. F. Drennan and Mr. and Mrs. C. W. McQuaid motored over the country last Thursday looking at the crops, and they report that they are looking fine, considering the hot dry weather.  
Mrs. Henry Lewis fell last week and was painfully injured, but is better at this writing.  
Manuel McKausky, 15-year-old son of F. W. McKausky, died Tuesday morning at his home south of town. Interment was in the Roscoe cemetery Wednesday.

## ARAH NEWS

**Retta Battles, Correspondent**  
Sunday school was held Sunday afternoon at the regular hour, with a good attendance, after being postponed the previous Sunday on account of threatening weather.  
The Primitive Baptist people did not have services at Arah Sunday, as had been previously announced.  
Turner and Arah baseball teams played an interesting game Sunday afternoon at Arah. Score was 5 to 6 in favor of Turner.  
Miss Pauline Trussell of Fluvanna spent Saturday night and Sunday with Miss Retta Battles and Mrs. Opal Huddleston. Also Miss Sunday morning, who, with Welch and Scribner of Dermott, made a flying trip to Gail in the afternoon.  
A birthday party was given for Miss Retta Battles at the home of her parents, Mr. and Mrs. G. B. Battles, Saturday night. A large crowd of young people, as well as some older ones, from this and adjoining communities, enjoyed the games and music. Music was furnished by Cecil and Archie Langford and Mr. and Mrs. Bob White of Fluvanna. Many nice gifts were received by the honoree.  
A total of 353 beaves were butchered in Rannels county for the six months ending May 1st, the home agent reports, of which 83 were hung up for fresh use and from the remainder 35,271 quills were canned. The net profit is placed at \$18,722.10.

Misses Willie, Geraldine and Ardel Woolver and Gladys Huffman spent the week-end with friends at Pleasant Hill.  
Mrs. J. C. Brown and daughter, Avanelle, of California, and Miss Stanley of Lamesa were guests in the home of Mrs. W. H. Huckabee Sunday.  
Julia Hamilton and family of Colorado visited in the J. R. Wilson home Sunday.  
Rev. E. L. Whitacre was a guest in the W. W. Merritt, E. U. Bullard and J. R. Wilson homes Saturday and Sunday.  
Word was received here last week that our former pastor's wife, Mrs. T. L. Nipp, of Fluvanna was critically ill. We were very sorry indeed to hear of Mrs. Nipp's illness, but we are most glad to report that she is much better at this writing. Those of this community who have visited Mrs. Nipp are Messrs. and Mrs. H. G. Moore, Wray Huckabee and C. L. Devenport, Misses E. U. Bullard and Willie Mae Willis and Misses Marie Devenport, Mable Parks and Lois Huckabee.  
Mrs. E. L. Crowder and grandson, Wayne Wilson, are spending a few days at Dunn this week. We are more than glad to know that Wayne is able to be up and going again after an illness of about a month.  
Rev. E. L. Whitacre of Big Spring filled the pulpit at the Baptist Church Saturday evening, Sunday morning and Sunday evening. Rev. Whitacre began preaching when only 15 years of age, although he can be termed nothing more than a young man now.  
Bob Shultz of Big Spring returned home Sunday after a month's visit at the home of H. C. Shuler. Mrs. Orlie Belk, Miss Hattie Paie and Mr. and Mrs. Emmett Butts of Snyder visited Mr. and Mrs. Holley Shuler.  
Mr. and Mrs. Holley Shuler were contributors to a surprise birthday dinner Sunday, June 14, in honor of Mrs. Shuler's father, W. R. Shultz, at Snyder. There were 25 children and grandchildren present, who spent a very enjoyable day.  
Thirty-three members of this community gathered at the home of Joe Wilson early Tuesday morning to help work out his crop. This deed of kindness is due to the fact that Mr. Wilson has been very unfortunate this spring, both sick and death having entered the family circle recently.  
Harvey Carrell, son of Mr. and Mrs. J. L. Carrell, will fill the pulpit at the Union Chapel Methodist Church Sunday, June 28. It is his first sermon since he surrendered his life to become a preacher. Harvey is a graduate of Snyder High School and attended college one year at Cisco and one at Abilene. He has countless friends in this community, and they are looking forward to hearing him. We would ask that each one remember him in their prayers.  
A number of friends enjoyed a delicious birthday dinner in the home of Mr. and Mrs. John Berry Sunday, in honor of Mrs. Berry's daughter, Mr. and Mrs. Hazel. Those present were Misses Thelma Huffman, LaRue, Newman, Alene Wilson, Lorene Blakely, Eleanor Hays and Florine Bullard.  
A play party was enjoyed in the home of Mr. and Mrs. J. C. Witherspoon Thursday evening, June 18.  
Miss Margaret Carrell, the charming daughter of Mr. and Mrs. J. L. Carrell, became the bride of Raymond Wilson of Tulsa Sunday afternoon at 2:30 o'clock at the home of her parents, six miles west of Snyder. The home was beautifully decorated with a profusion of flowers. It was indeed a scene long to be remembered as the couple posed beneath an arch of greenery. The bride appeared in a tailored blue gown, with accessories to match. Intimates of both families and a few select friends were present, with Rev. Cal C. Wright of the First Methodist Church of Snyder officiating. The couple left immediately for Tulsa, accompanied by his mother. From there they are expected to visit points in New Mexico and Colorado.

# June Brides

1898 ————— 1931

**Can you lucky brides of 1931 imagine what your kitchen would have looked like if you had married in 1898, when most people didn't have the advantages of natural gas service? Let's try.**

First, the unattractive bulk over against the wall is your wood stove. Since you have been married only two weeks, friend husband is home early to help. Having brought in an armload of wood, he is now industriously trying to start a fire while fanning the smoke away with his new derby. In about thirty minutes your stove should be hot enough to boil water, which is conveniently near in a big bucket with a handy dipper. Ice? Why my dear, ice was a luxury in those days.

**But enough of inconveniences--back to 1931 with its myriad conveniences for housewives both old and young. Your glistening gas range gives you instant heat at the turn of a handle. Most of the evening meal has already been cooked in the automatically controlled oven. The oven's insulated walls have kept all the heat inside, leaving the kitchen cool and comfortable. Plenty of steaming hot water is constantly on tap. The automatic gas refrigerator has kept everything fresh and crisp and made plenty of ice without a single sound. The scraps from the evening meal are disposed of by your odorless, gas-fired incinerator.**

Is it any wonder that the modern bride keeps young--pretty--sweet-tempered--happy--many years longer than the bride in the days before gas comforts?

**15c** The price of an ice cream soda will buy a day's supply of natural gas for cooking, heating and hot water supply. (The average gas bill amounts to about 15c a day throughout the year.)

## PREMIUM FOR CONSOLIDATION WILL BE GIVEN

### Rulings of Recent Legislature Will Vitalize All Schools of County, Bullock Says.

Raising of the bonus for consolidation of small rural schools, and increasing the allowance for school buses among the outstanding features of the rural aid law passed for the years 1931-33 by the recent Legislature.

A. A. Bullock, county superintendent, declares the new law to be the most beneficial rural aid measure ever passed in Texas.

The law is reproduced in full, for the benefit of trustees and patrons of rural Scurry County schools.

### Rural Aid Law—1931-1933

Be it enacted by the Legislature of the State of Texas:

Section 1. For the purpose of promoting public school interest of rural schools and equalizing the educational opportunities afforded by the state to all children of scholastic age living in sparsely settled and financially weak school districts: there is hereby appropriated out of the general revenue \$2,500,000, or so much thereof as may be necessary, for the school year ending August 31, 1932, and \$2,500,000, or so much thereof as may be necessary for the school year ending August 31, 1933, to be allotted and expended in accordance with the provisions of this act; provided that an unexpended balance occurring at the close of the year 1932 may be transferred and added to the appropriation for the year ending August 31, 1933.

Section 2. State aid under the provisions of this Act may be distributed in such manner as to assist all schools of not fewer than 20 scholars and not more than 300 scholars located in districts of not more than 400 scholars, and consolidated districts which have an average of not more than 200 scholars for each original district composing the consolidated unit, and all districts composed of entire counties having a population of less than 5,000, to maintain the school solely out of state and county available funds for a term not to exceed six and one-half months; provided, that in no event may a school receive more state aid than is needed to maintain the contract term not to exceed nine months, as shown by the difference between all available funds and the total disbursements. The allotment of all state aid shall be subject to such rules and regulations as may be adopted by the State Board of Education consistent with the provisions of this act.

Section 3. No common or independent school district shall be eligible to receive aid under the provisions of this act unless it shall be providing for the annual support of its school by voting, levying and collecting for the current year a local school tax of not less than 75 cents on the \$100 property valuation in the entire district; and provided further that property valuation shall not be less than said property is valued for state and county purposes; and shall not be less than one-third of its fair market value; provided that the maintenance tax requirement shall not apply to schools maintained solely for Indians.

Section 4. The trustees of school as authorized in Section 2 of this act may send to the state superintendent, on forms provided by the State Department of Education, a list of the teachers employed in the school showing the monthly salary, experience and training of each, together with an itemized statement of expected receipts and expenditures; the length of term, and any other information as may be required, and the State Superintendent with the approval of the State Board of Education, may then grant to the school such an amount of this fund as will with the State and county available funds maintain the school for a term not to exceed six and one-half months; provided that if the school has sufficient state and county available funds to maintain the school for a six and one-half months term according to the salary schedule adopted by the

State Board of Education or with its local maintenance tax, to maintain the desired term, not to exceed nine months, as provided in Section 2. It shall not be eligible to receive state aid; provided further that the county superintendent shall approve all contracts with teachers, supervising officers and bus drivers in all schools to which state aid may be eligible to receive state aid under any provisions of this Act.

Section 5. It is hereby provided that schools in sparsely settled counties having less than 1400 scholastic population in the common school districts, may be exempted from the minimum restriction of 20 scholars; provided that each district applying for aid is levying and collecting limit of local support as provided in Section 3 of this act.

Section 6. No part of the aid herein provided shall be used for increasing the salary of any teacher, but the funds provided for in this act shall be used for the exclusive purpose of extending the length of the school term of the schools situated in the district receiving such aid on the basis of a schedule of teachers' salaries to be determined by the State Board of Education. Any district violating any of the provisions of this act or any rules or regulations adopted by the State Board of Education shall forfeit all rights to such aid and be disqualified to receive aid of any nature under any section of this act for the current year. Should any school which would otherwise be eligible to receive aid agree, provide or living in with teachers to pay a smaller salary during the remainder of the term provided out of local funds than is paid out of the state funds, then such school shall forfeit its right to receive aid.

Section 7. Any county in this state that has a special equalization fund derived from state and county available funds and which contributes to the said funds for the benefits of its rural schools out of its own funds as much as \$40,000 per annum shall receive from the appropriation herein provided \$18,000 for each year of the biennium to supplement the equalization fund thereof for all purposes, without inspections being made by the State Department of Education; provided such counties, in addition to such state aid may be granted reimbursement for high school tuition.

Section 8. State aid under the provisions of this act shall be allotted upon the basis of one teacher for any number of scholars from 20 to 35; two teachers for 36 scholars; and one additional teacher for additional 30 scholars. The basis for calculation shall be the net scholastic enumeration including transfers into the district, and excluding transfers out of the district for the current year; and there shall be deducted all scholars who have completed the course of study in their home school as authorized by the county board of trustees; provided that in unusual or extraordinary conditions of actual enrollment, the number of teachers may be made by the state superintendent with the approval of the State Board of Education.

Section 9. State aid may be granted to any one school in the district employing four or more teachers which will provide for the proper instruction and demonstration in farm mechanics, agriculture and home economics, according to a program approved by the State Department of Education, and which shall be employing a teacher or teachers whose qualifications shall be approved by the state superintendent; provided that the maximum aid to be granted for each of the above courses cannot exceed \$50.

Section 10. On the agreement of the board of trustees of the district concerned and subject to the approval of the county superintendent and the state superintendent, the trustees of a district which may be unable to maintain a satisfactory school may transfer its entire scholastic enrollment, or any number of grades thereof, to a convenient state classified or accredited school, and in such event all of the funds of the district, including the state aid to which the district would otherwise be entitled under the provisions of this act, or such proportionate part thereof as may be necessary, may be used in carrying out the said agreement; provided that the scholars so transferred shall be entitled, without the payment of other tuition, to the entire term maintained by the receiving district; and provided also that if any of the scholastic residents of the district are not so transferred sufficient funds must be retained to provide them with school facilities for at least six months; and provided further that if the district consolidates during the year the consolidated district shall be entitled to consolidation aid as otherwise provided in this act.

Section 11. It is hereby further provided that in consolidated districts formed under the provisions of this act, with buildings and equipment approved by the state superintendent, which shall maintain a four-year high school employing not less than three teachers, including the principal, doing high school

## ONE OF THE NINE SCHOOL BUSES IN USE IN COUNTY

This pictured evidence of rural school progress in Scurry County was published in the June issue of The Texas Outlook in connection with the article on our high schools, as reproduced in last week's Times. The bus is one of three used by the Ira consolidated school. One of the Ira buses is equivalent to two of the type shown here. Fluvanna has five buses, and Dunn has one.

work exclusively, and whose valuations shall not be less than \$750,000, may be granted out of the appropriation of this act the sum of \$1,000 for each entire district included in said consolidation; consolidated districts formed under the provisions of this act which shall maintain a three-year high school, employing not less than two teachers, including the principal doing high school work exclusively, whose valuations shall not be less than \$500,000, may be granted out of the appropriation of this act the sum of \$600 for each entire district included in said consolidations; and consolidated districts formed under the provisions of this act which shall maintain a two-year high school, employing not less than one teacher doing high school work exclusively, and whose valuations shall not be less than \$300,000 may be granted out of the appropriations of this act the sum of \$400 for each entire district included in said consolidation; provided that the amount of bonus herein authorized for each district shall in no case exceed \$50 for each scholastic enumerated in each district in the last preceding scholastic census; provided such rural high school districts are units in a county-wide system of such high school districts mapped and planned for the entire county under the direction of the county board of school trustees, approved by the state superintendent of public instruction; provided, also, that nothing herein shall prohibit any one unit from receiving such aid on account of any other unit in such county failing to comply with this act or to put in effect county-wide plans of consolidation; provided that any building constructed from the proceeds of bonds voted to accommodate the incomplete unit shall be located at the high school center previously designated by the county board for the entire unit; provided further that if additional district or districts be annexed to or consolidated with any existing high school unit, that there shall be granted out of the yearly appropriations of this act the sum of \$500 for each such district annexed to or consolidated with such existing high school district. Provided further, should any district be annexed to or consolidated with a high school district in an adjoining county, a bonus shall be paid out of the yearly appropriations of this act, the sum of \$500 for each original school district included in said consolidation or annexation that has not previously been granted a bonus for consolidation; and provided further that such plan of consolidation is agreed to by the boards of trustees of both counties involved and is ratified by the State Department of Education.

Section 12. Consolidated districts, formed in accordance with Section 11 of this act, and all consolidations, formed prior to September 1, 1931, and all other districts embracing

territory in excess of 50 square miles, which make provision for transportation of pupils to and from schools at public expense, may be granted from this appropriation, a sum equal to one-half of the cost of transportation, not to exceed \$400 for each automobile truck required, provided contracts for such transportation have been approved by the state superintendent, provided there is levied and collected annually a tax of not less than 75 cents on the \$100 of property valuation for school purposes in the entire district.

Section 13. Any school district which has a tax valuation for school purposes of not to exceed \$1,000,000 and any consolidated school district which has a taxable valuation for school purposes of not to exceed \$1,500,000 and which levies and collects a local tax of \$1 on the \$100 valuation of property, and which is maintaining a high school of 50 or more resident scholars shall receive from the appropriations of this act an amount equal to the state per capita appropriation for resident high school pupil enrolled in school for that scholastic year. Districts which have high schools of fewer than 50 resident high school pupils shall be eligible to receive this aid provided that the number of grades offered in such school shall not exceed one grade for each 10 pupils enrolled in the school. Provided further that no school may receive more aid from this appropriation than is necessary to supplement the state and county share of the school, together with the local maintenance tax to provide a term of school of not to exceed nine months according to the schedule of teachers' salaries adopted by the State Board of Education and busier expense for such local maintenance approved by the State Department of Education.

Section 14. It is hereby expressly provided that an amount not to exceed \$400,000 or so much thereof as may be necessary, of the appropriations made herein may be used each year of the biennium for tuition of rural high school pupils according to the provisions of chapter 181 of the General Laws of the Forty-first Legislature regular session, as amended by Senate Bill No. 10, passed at the first called session of the Forty-first Legislature provided that nothing in this act shall be construed as giving the district trustees control over the transfer of high school students.

Section 15. In all districts that comply with the foregoing provisions of this act and in addition thereto levy and collect tax of \$1 on the \$100 valuation of property, and after provision is made for a term of six and one-half months on the ratio of the number of teachers provided for herein and on the basis of the salary schedule fixed by the State Board of Education, the proceeds of the local maintenance tax may be supplemented with suffi-

cient amount from the appropriation provided herein to guarantee a local maintenance fund equal to \$125 per teacher or as much thereof as may be necessary to maintain a term of not to exceed nine months.

Section 16. No aid shall be granted to any school under the provisions of this act which is located within two and one-half miles of another school of the same race, unless on account of the conditions of the roads and other physical features, it is unreasonable and impracticable for the pupils to attend another school; provided that this restriction shall not apply to elementary schools in a consolidation formed under this or any subsequent act nor to any district which at some previous election has voted

to remove such conditions by consolidation.

Section 17. It shall be the duty of the State Board of Education and it is hereby authorized to take such action and to make such rules and regulations not inconsistent with the terms of this act as may be necessary to carry out the provisions and the intentions of this act, and for the best interests of the schools for whose benefit the funds are appropriated. It shall be the duty of the state superintendent to send one of the rural supervisors hereby authorized to make a thorough investigation in person of the grounds, buildings, equipment, teaching force and financial condition of each school applying for aid; and no aid shall be granted unless it can be shown that all provisions of this act and regulations made by the State Board of Education have been complied with, and that such amount of aid is actually needed.

Section 18. Arrangements for all money granted under the provisions of this act shall be transmitted by the state superintendent of public instruction to treasurers or depositaries of school districts to which

state aid is granted in the same manner as warrants for state appropriations are transmitted, and it shall be the duty of all treasurers or depositaries to make and itemized reports under oath to the state superintendent of public instruction of the expenditures of all money granted under the provisions of this act.

Section 19. Rural schools accepting the provisions of this act shall be entitled to share in the distribution of state and county available school funds and in all other funds in the same manner as all other school districts; and in case high school grades are maintained, the community shall still be entitled to participate in the distribution of any state aid that may be extended by the Legislature of Texas for vocational or industrial purposes to high schools of Texas for vocational or industrial purposes to high schools of the state; provided, however, that no school or school district shall be denied rural state aid for failure or refusal to buy any books, equipment, charts or school supplies offered by any person, firm

### County Exhibits to Be Awarded \$1,200 At Lubbock's Fair

One thousand two hundred dollars in cash will be awarded to winners in the county exhibit class at the Panhandle South Plains Fair this year at Lubbock, September 28 to October 3, inclusive.

The winner of first place will be awarded \$200; second place gets \$175, third \$150, fourth \$125, fifth \$100, and sixth \$75.

The winners of seventh, eighth, ninth and tenth places will receive \$50 each, and other winners will receive \$25.

"There is a prize for every exhibitor in this class," A. B. Davis, manager of the fair says. "These premiums will more than take care of the expense of placing the exhibit here if the matter is handled in an efficient manner."

#### Awning Being Reformed

### Year's Outstanding Fire Record Lauded By Prevention Body

Praise for the exceptional fire record made by Snyder since January 1 was heard on all hands when the fire prevention board met last Thursday evening. The board has been given credit, in large measure, for the record, by Mayor H. G. Towle.

The board, after investigation, reported that the Edward Thompson place, in Southeast Snyder, was burned last week as the result of a stroke of lightning. Detailed investigation of each fire occurring inside the city limits is made by the board, whose work lies in this field as well as in that of prevention. Mrs. Dixie Smith, chairman, N. W. Autry, P. M. Bollin, G. H. Leath and J. W. Scott compose the board.

### "Nut" Comedians Run Wild In New Hilarious Talkie

Those rollicking "Cuckoos," Bart Wheeler and Robert Woolsey, have gone wild again and the result is one of the most hilarious and entertaining comedies of the year. Titled "Cracked Nuts," this picture, opening Sunday at the Palace Theatre, lives up fully to advance expectations.

Radio Pictures has given the team a story packed with original comedy situations and a plot which is considerably more pretentious than other stories the team has done. Wheeler buys himself a revolution in the beautiful, but thoroughly mythical kingdom of El Dorania. Simultaneously, Woolsey wins the crown through the medium of an "African golf" game. This farcical situation pits the comedians against each other in a duel to the death.

Never has a picture been packed with so many "nut" comedians. In addition to the stars, the following cut capers throughout the film: Dorothy Lee, Edna May Oliver, Harvey Clark and Stanley Fields.

Miss Polly Porter, who is attending summer school at the Technical College at Lubbock, spent the week-end here with her parents, Mr. and Mrs. S. C. Porter.

Like tobacco ... the best Gasoline is Blended

YOU may prefer Burley tobacco with a touch of Turkish or a mixture which includes Perique. Whatever the preference, every good smoke is blended, expertly.

Of the various types of gasoline no one is a perfect motor fuel. So CONOCO refiners have developed their balanced blend, using: Natural Gasoline, for quick starting; Straight-run Gasoline, for power and mileage; Cracked Gasoline, for its anti-knock properties.

As expertly as the tobacco leaves are mellowed and combined these three elements are produced and blended to make CONOCO Balanced Blend Gasoline. You will find this better gasoline wherever you see the CONOCO Red Triangle. Try it today.

General Usefulness of Tractor Is Great Aid to the Farmer

Great as were the advances in farming methods made by the invention and development in subsequent years of the single-purpose tractor until it could do farm work more efficiently than man or horse-power, manufacturers and farmers soon realized that these did not solve the problem of power farming.

Knowledge Gained by Members of 4-H Clubs of Untold Value to Many

By Mrs. R. S. Canter in The Dallas Semi-Weekly News. In reviewing the work accomplished by 4-H Club girls and boys one is amazed at the versatility that is in evidence. They acquire useful knowledge on all subjects of practical benefit to them daily.

While the boys are learning terracing, pig and calf raising and judging, soil peculiarities and scores of other things pertaining to farming, the girls may be engaged in similar work, or in the more feminine phases of home-making. The wonderful thing about 4-H work is that it covers such a broad field, and that every type of project may be entered into by its members.
