#### SCURRYLY SPEAKING

If we are too weak to take charge of our own morality we shall not be strong enough to take charge of our own liberty.

—Calvin Coolidge.

BEFORE another Times is printed, Armistice Day will have passed. For several weeks I have saved an editorial from the Portland (Ore.) News to be used just previous to the thirtieth anniversary of the signing of the peace. Beneath the irony of it is hidden some of the horrors of the Great War, and I trust that these may be magnified in our minds as we pause next Wednesday in memory of the boys who paid the supreme sacrifice.

The editorial, entitled "Rules for the Conduct of the Next War," follows:

"It seems to be determined, by the bankrupt minds that operate the world that the only solution for present troubles is 'another war.' A new war will, it is hoped, kill off surplus labor. This is obviously the easiest means of getting rid of it, and the 'best minds' will, as usual, take the easiest way.

"It is so much easier to start a war than to apply common sense to world ills.

"Well, if we are going to have another war, we might as well have some rules for it. The last war was fought, as the politicians say, 'irregardless' of rules—and it was pretty much of a mess.

"We offer, for public approval, a model set of rules:

"(1) THAT the manufacturers of army raincoats be compelled to wear their own product, pay their own doctor bills when stricken with pneumonia, and defray their own funeral expenses.

"(2) That all congressmen and senators voting for war be given their choice of existing in the shock troops or being shot on the capitol steps.

"(3) That all manufacturers of war supplies be hanged when their profits reach the million-dollar mark.

"(4) That uplift agencies, charged with the moral welfare of the troops, be prohibited from shipping cash registers into the war zone.

"(5) That all four-minute speakers be shot at the completion of their first two minutes of oratory.

"(6) That all holy men who announce to their congregations that the Almighty is fighting with us be dispatched to interview Him personally on the subject and find out.

"(7) That each battleship, cruiser, destroyer and submarine, shall carry as excess baggage, one or more stockholders in battleship building concerns.

"(8) That the secret service be restrained from the discovery of 'enemy plots' every time somebody turns on a light in the parlor.

"(9) That paper manufacturers be prohibited from entering the shoe making trade.

"(10) That restaurant proprietors near concentration camps be enjoined from having two menus—one for civilians, and one, with higher prices, for soldiers.

"(11) That college professors be stopped from delving into history to prove that the enemy always was a low-down scoundrel, anyway.

"There are, of course, many more rules needed. But these will suffice for a starter. We suggest their adoption by luncheon clubs, sewing circles, debating societies and other cultural agencies, and their transmission, with resolutions urging their passage, to congress."

THE backwash of the Great War has left us shivering with the horror of it all. We don't want the new cream of our nation to become cannon fodder. We want to build cities, not destroy them; kill destructive insects, not men; discover health-giving foods, not death-giving diseases; invent faster airplanes, not more fearsome ones.

Our much-coddled depression, too, took root out of the horrors of war. It finds its continuation in our prejudice-filled and comfort-loving minds.

We could make Armistice Day a melting pot for the changing of depression's dross into the quicksilver of hope, prosperity and good cheer. We are bathed in peace, yet we let a brief period of depression drain our resourcefulness to the core. Why not forget our little troubles for at least a day, and let ourselves drink in the beauty of peace and summon a new antipathy for the horrors of war?

McGahey Going to Waco.

Rev. Phillip C. McGahey, pastor of the local Baptist Church, will leave Snyder, with his family, for the Baptist State Convention at Waco. Sessions will be held November 10 through 14. The McGaheys may have company on the Central Texas trip.

#### ACTIVITIES ON UPGRADE TOWN SURVEY SHOWS

Slow But Sure Climb to Normalcy Believed in Sight Despite Low Market Prices.

A rather detailed survey made by The Times this week has revealed that activity is far from a standstill in Snyder, and every sign points toward a slow-but-sure climb toward normalcy despite the low market prices.

No attempt is being made to prove that prosperity is just around the corner, but it is believed that a candid reading of the bits of news below will be a revelation to most Scurry County folks.

A new spirit of optimism was felt among local business men last week, unless Times reporters have gone badly amiss in interpreting the heavy buying of merchandise and its reflection around the square. This spirit goes hand in hand with nation-wide indications that the worst of our 1931 "dog days" are past.

#### HENRY WILHELM GOES TO JUST MOLLIE AND ME

Henry Wilhelm, usually known as "Hank," who has been associated with the Wilhelm-Morton Co. Inc. for some time, became an associate of his father, F. T. Wilhelm, at the Just Mollie and Me Grocery, the first of this week.

The young groceryman, to put it strongly, "knows his onions"—and just about everything else to eat, and he invites his friends to give him a chance to prove it in his new location.

#### NOW FOLKS WON'T BE LOSING ALL RELIGION.

Folks who have been losing part of their religion every time they cross the R. S. & T. tracks on Twenty-sixth Street, can now approach the back-stretching intersection without holding on for dear life.

The train crew has finished putting down heavy boards between the rails to replace the splintered planks that have been used for many moons.

Agent A. C. Preuit and the other Good Samaritans of the road are receiving plenty of thanks.

#### BOB TERRY GOES BACK INTO PRODUCE BUSINESS.

Bob Terry is the new manager of the Titman Egg Corporation produce house here. Bob is back in the business with which he has been connected for a number of years, and says he is glad to get into it.

#### THIRD SALARY SLASH OF YEAR IS MADE MONDAY BY CITY COUNCIL

For the third time this year, the City Council has cut deep into the salaries of employees. The latest slash was made Monday night, when six workmen were put "under the hatchet," as Mayor H. G. Towle terms the council's action, for a 20 per cent reduction.

"It was an economy move made absolutely necessary by the financial condition of the city government," declared the mayor, speaking for the council. He points out that no warrants have been issued, and that the governing body is doing everything possible to keep the city on a cash basis.

In addition to the six salary cuts, most of which were voluntary, the councilmen deprived themselves of the privilege of drawing pay for called meetings. The mayor draws no salary.

The council also cut the \$1.50 "dry fire" fee from the income of members of the volunteer fire department. The firemen will continue to receive \$2.50 for "wet fires," that is, fires at which use of the heavy hose is necessary.

Slashes made Monday night will mean a saving of approximately \$100 per month to the city.

In addition to salary savings, the councilmen discovered that the "moonlight" schedule for city fighting saved taxpayers about \$100 last month, and decreed that the plan be continued indefinitely. Under this plan, no street lights are burned while the moon is shining real brightly.

The following salary cuts were made Monday night: Walter Camp, marshal, \$150 to \$125; A. C. Preuit, secretary, \$50 to \$40; Dr. J. P. Avary, \$50 to \$40; Fred Joyner, fireman, \$75 to \$65; P. M. Bolin, fireman, \$25 to \$20; H. V. Williams, recorder, \$20 to \$16.

Hymie Iason of Cincinnati, Ohio, is a business visitor in Snyder.

#### Methodists Plan To Hold Regular Conference Soon

Four pastors and at least two lay leaders from Scurry County Methodist churches will attend the annual Northwest Texas conference at Vernon next week, announces Rev. Cal C. Wright of Snyder, who is serving his fifth year as conference secretary. Sessions will be held from Thursday through Sunday, with Bishop H. A. Boaz of Houston presiding.

Rev. J. D. Farmer of Dunn, Rev. A. D. Moore of Hearnigh and Rev. C. W. Young of Fluvanna are the pastors who plan to attend from this county. D. P. Yoder of Snyder, J. L. Carrell of Union, and Mrs. K. B. Rector of Hearnigh are the lay delegates. Mr. Yoder is treasurer of the conference of lay activities.

The northwest conference, one of five in the state, is composed of nine districts. The 65,000 members gave to all causes last year \$1,022,000. Enrollments in various church organizations are as follows: Epworth League, 7,500; Sunday School, 32,000; W. M. S., 6,000. The conference owns church and school property valued at \$5,476,000.

Officials in the conference aside from those mentioned follow: Rev. John W. Prince, statistical secretary, Petersburg; Rev. J. W. Watson, executive secretary of education, Lubbock; Rev. John E. Eldredge, conference treasurer, Tulsa; H. S. Black, lay leader, Childress.

#### Williams Refereeing Biggest Grid Games

Snyder is playing host this year to one of the most-wanted football referees in West Texas. His name is R. L. Williams, and his official position is high school principal.

The latest Williams conquest was at Pampa last week, when he refereed the state's outstanding high school tussle for the week—Lubbock vs. Pampa. On the previous day, Friday, he had wielded the whistle during the Snyder-Slaton affair.

The fast, accurate red-headed caller will probably continue to perform for most games played on the local grid, including the Roby clash tomorrow.

#### Health Nurse To Be At Fluvanna, Union

Catherine Vavra, district health nurse, will be at Fluvanna Friday morning to assist in giving vaccinations. The series of "shots" for smallpox was begun there last month.

In the afternoon of the same day, Miss Vavra will be at Union for another meeting of the adult health club.

#### Trailer Parking On Square Not Allowed

Trucks and trailers occupying more than one parking space are not allowed to be parked on the public square, says Walter Camp, city marshal. Walter says violators will hereafter be subject to payment of a fine.

Long trucks or any vehicle with a trailer attached takes up from two to four regular parking spaces, and they help to make traffic hard to regulate, especially on Saturday.

#### New Fire Hall Chief.

Mr. and Mrs. Fred Joyner, who live at the fire hall, introduced a newcomer to the world Saturday morning in the person of Miss Patricia Anne, weight 10 pounds. She is the third young lady to visit the city fireman and his wife. "She's a mighty fine kid," says Fred, "and the whole bloom'n' family is getting along o. k."

Mr. and Mrs. Clyde Shull were visitors in Dallas the first of this week.

#### ARMISTICE PROGRAM PLANNED FOR SUNDAY BY LEGION POST

Baptist Pastor to Deliver Principal Talk—No Other Special Peace Day Services in Snyder.

The thirtieth anniversary of the signing of the Armistice will be publicly celebrated in Scurry County with a special program at the First Methodist Church of Snyder Sunday evening. Due to the football game and other attractions on Armistice Day, Wednesday, no special services will be held at that time. The program was arranged by the local American Legion post. Every church in Snyder will discontinue in order to allow members to attend the Peace Day celebration.

Harrie Winston, post commander, joins other officers in urging that members to attend the Peace Day celebration. The following program for the service has been arranged: Opening Prayer, Rev. Thos. M. Broadfoot; Special Song Service and Readings, Harrie Winston, Post Commander; Opening Remarks, Rev. Phillip C. McGahey; Closing Prayer, Rev. Cliff Sanders.

#### More Rural Schools Open Monday; Many Patrons and Trustees Attend

With most of the cotton crop moved, rural schools began opening their doors in earnest Monday of this week. Strayhorn, Gannaway, China Grove, Plainview and Turner communities began school activities on that day, with a number of patrons and trustees present at each opening.

As in the other openings staged this year, a spirit of optimism and hope in the future held sway. Programs featured the fact that the schools are going on in a fine way despite financial conditions.

Slaton will be among the schools to open next Monday, and Emma Creek announces that her opening has been postponed until November 23.

McGahey at Plainview.

Rev. Phillip C. McGahey of Snyder was the principal speaker at Plainview. He held up Paul, one of those messengers he read from the New Testament, as a pattern from which young people of today might well copy. Roy Irvin, principal, and J. C. Smyth of Snyder also gave talks.

The good group of patrons, as well as the 35 students present on opening day, seemed ready for a start toward one of the most successful years in Plainview's history.

Mr. Irvin, Clarice Irvin and Miss Erdice Gilmore are teaching at Gannaway. Joe Eicke, W. F. Reid and Cullen Toombs are the trustees.

#### FACULTY SHOW LOCAL SCHOOL ONLY ONE DIME MONEY READY

Admission to the Snyder faculty's "milk and bread" show November 20 will be only one dime for everybody. This announcement has been made by the advertising committee, composed of R. L. Williams, R. S. Sullivan and Miss Vernelle Stinson.

"We intend to sell at least 1,000 tickets and fill the auditorium to overflowing," declared Mr. Sullivan yesterday. "With Homer Springfield as musical director, Miss Stinson as dramatics director, and the entire faculty in the cast, three theatrical musical comedy shows are staged here, and we believe people will support it in every way possible."

All proceeds will be used for the feeding of undernourished children in the local schools during the present term.

#### Roll Call Workers Will Make Final Plans Friday

A meeting of all Red Cross Roll Call workers in Scurry County was held for Friday evening at 7:30 o'clock by J. C. Smyth, chairman. A. C. Preuit, general Red Cross chairman, joins the Roll Call leader in urging 100 per cent attendance of all rural and city workers who have been asked to take any part in the annual membership drive.

The Scurry County goal of at least 400 members will be easily reached if a thorough canvass is made, declares the chairman, and every effort will be made not to let any prospective member pass on through the Roll Call period without being solicited.

Saturday of next week will be the first day of intensive enrollment, but workers will be asked to solicit members any time between Armistice Day and Thanksgiving, the national-wide dates for the Roll Call. The chief appeal will be made on the basis of Red Cross assistance given this county last winter. More than \$12,000 in cash, seed wheat and other donations were made by the organization in Scurry County during the cold months.

Placards, stickers and other advertising material will be placed in local stores within a few days by Boy Scouts, and other methods of

#### Great Messages Heard In Church Gathering Here

A stirring message by Mrs. J. E. Leigh, secretary of the Woman's Missionary Union of Texas, topped the program at the Mitchell-Scurry Baptist Association rally here Friday. "It was one of the most inspirational messages I ever heard," declared Rev. Phillip C. McGahey, local pastor.

The rally was one of a series of associational rallies being held throughout the state in an effort to put the Every-Member Canvass before each church member. A good attendance from practically every church in the two counties was reported.

The sermon of the day was preached by Rev. E. P. Cole, pastor of the First Baptist Church of Lamesa. His subject centered on faith and its relationship to the South-wide campaign. Many hearers declared his sermon to be among the most heartening and uplifting in their experience.

Rev. McGahey, district organizer, presided in the place of Rev. Oren C. Reid of Colorado, associational secretary, who was unable to attend. He presented the goals and purposes of the campaign preceding the devotional, which was led by Rev. G. W. Parks of Roscoe.

Several pastors and laymen in Mitchell and Scurry Counties gave reports of various phases of the campaign. A general spirit of optimism prevailed, and Rev. McGahey is confident that this association will reach and possibly go beyond its quota.

#### BUSINESS AND EATS TO BE ON VETS PROGRAM

Officers to Be Installed—Banner Attendance is Sought By Legion Leaders.

By George Brown.

Monday night is the date set for the next regular meeting of the Will Layne Post of the American Legion. The boys will meet in the National Guard armory at 7:30 o'clock, and it is hoped that every ex-service man in Scurry County will make a special effort to be at this meeting. It is the night for the installation of officers and then they will probably take up and discuss the question of the bonus and what should be done by this post to secure the payment in full of the adjusted service certificates at the coming session of Congress.

Two or three other things are to come up at this time that will be of interest to every ex-service man. It does not make any difference whether you belong to the legion or not—you are more than welcome to attend next Monday night—in fact, you are urged to come by officials of the post.

One of the best parts of the entire meeting—in fact, the feature of the evening—will be a "feed" which will be prepared and served under the supervision of the post chef, Albert Allen Baze, better known to everyone as "Boss."

Don't lose sight of the fact that the legion is working for you and your dependents. There are many benefits accruing to the ex-service men and they will all be made possible through the American Legion. You can garner some valuable information every meeting, though it may not be of any help to you at this time, but maybe you know a buddy or a buddy's family, who are entitled to benefits and you can thus be of instrumental help in seeing that they get what is coming to them.

There should be at least 175 ex-service men at the meeting Monday night and the officers of the local post are going to be dissatisfied if the attendance falls short of this number. So, "buddies," get busy and tell every ex-service man that you meet between now and that time to be there, and don't stop at that, but tell him every time that you see him so he can't offer the excuse "I forgot about it."

#### Tailors Settled Down.

Earl Fish and Joe Graham, Snyder Tailoring Company proprietors, say they are well pleased with their new location just south of the square, after several years on the north side. They made the move three weeks ago.

#### ROBY LIONS TO INVADE SNYDER FRIDAY FOR SECOND TITLE TILT

Locals Trek to Roscoe Armistice Day For Annual Traditional Battle With Plowboy Eleven.

#### G. R. Newman Digs 6-Pound Yam; Says There Are More

When G. R. Newman, who lives just south of Ira, stepped into the Times office Friday with a yam weighing six pounds and one ounce, the newspaper bunch was astounded, for it was the biggest sweet spud they had ever seen.

Mr. Newman says the giant sweet potato came from a patch of Porto Rico yams he is trying for the first time this year, and declares that brothers of the prize vegetable weigh more than four pounds—and he has just started digging them! They taste fine, too.

Not long afterward, John H. Lyman of Hearnigh brought in a sweet potato of the Nat Hall variety, weighing three and a half pounds. Mr. Lyman says he and K. B. Rector dug 15 bushels from their patch of six 40-foot rows.

#### TIGERS LICKED BY SLATONITES

The climax to the invasion of Class A gridirons by the local team came Friday afternoon at Slaton, when the tough host eleven took a 25-0 decision. Defeat came hard to the Tigers, who had trimmed the Slatonites 7-0 earlier in the season.

It was just one of those "off" days for Coach Moore's big boys. They let completely down toward the close of the game, it is reported, and the Slaton crew, always on their toes, took the scoring for the day into their own hands.

Every Slaton follower knows that the Plainsmen have improved by leaps and bounds since the season opened, and the Tigers are offering 10 allibs for the beating. Tomorrow is another day. Everyone who has watched the scoring of the team mount this week knows that Roby will meet 11 boys who will fight as if they had been sprinkled with highlife.

Nathan Reynolds returned Sunday from a short stay in Fort Worth. He was accompanied home by his mother, Mrs. W. D. Reynolds, who is visiting with her son at the Reynolds ranch.

#### NEW AND RENEWAL SUBSCRIBERS SWELL TIMES LIST IN TWO WEEKS

When The Times cut its subscription price half in two only 13 days ago, the bars were let down for a stream of new and renewal dollars that look like a return of yesterday's prosperity.

The dollar rate still applies for subscribers in Scurry and adjoining counties, but a final date will be set soon. Subscribers new or old, outside this territory, may subscribe before November 15 for \$1.50; after that the price will get back to \$2.50.

Especially are the publishers proud of the fact that most of the renewals are from old friends of the paper who say they "just can't do without it," no matter how hard the dollars come. A number of new subscribers have been added, too.

#### "Uncle Charley" First.

It was very fitting that the first to renew for the paper was one of the faithful backers and old-time friends of The Times, in the person of E. C. (Uncle Charley) Dodson. His brother, Dr. J. E. Dodson, of California, who is a Scurry County visitor and a former resident here, has also renewed.

A partial list of those in this section who have renewed or subscribed for the first time follows:

J. L. Fields, Herman Seulze, Anton Brom, E. H. McCarter, C. D. Cribbs, Mrs. J. A. Meador, W. E. Lapour, W. J. Strickland, Grady Hamrick, Harry S. Lee, L. N. Perrin, Mrs. Nettie Wasson, D. I. Nipp, Sam Craig, Ed Watkins, Dr. H. E. Rosser, T. J. Shaw, C. A. Cizek, R. L. Jones, J. W. McCoach.

And Plenty More!

W. W. Black, E. F. Henley, J. M. Pagan, W. W. Wood, Mrs. W. G. Ralston, Mrs. H. B. Winston, Mrs. H. von Koeder, H. K. Jones, G. H. Barnhart, W. P. Sims, J. R. Patterson, R. V. Daugherty, F. W. Wenner, S. E. Fickas, J. A. Woodfin, Mrs. W. D. Huffman, W. M. Masson, Althea West, Jas. W. Welch.

#### Snyder's Fighting Tigers, 1931 edition, have become almost strangers to most local fans this season because a full football schedule could be maintained only by jumping from one Class A game to another.

Now, within one week, the Moore-coached eleven will do combat with two conference rivals, and the fans who have become football rusty are whetting their tongues with the stuff that makes the great American game.

Tomorrow (Friday) afternoon at 3:30 o'clock come the Roby Lions from Fisher County. Next Wednesday the Tigers will trek to Roscoe, with a host of supporters on their heels, for the traditionally bitter battle between the football battalions of the two towns. The game was postponed two weeks ago due to bad weather.

Roby Well Coached.

Roby is said to have one of the best-coached little squads in West Texas. B. E. Hill, former Abilene Christian College star and recently freshman coach at his alma mater, is the mentor. The team's average weight is just under 160, but 180-pound tackles and one or two other big customers in the line are said to be hefty enough for anybody's eleven.

Coach Hill declared in a telephone conversation Wednesday that his boys would rate below par tomorrow because of injuries sustained at Roscoe last week, and with their annual Rotan tilt on tap for Wednesday. "Red" Moore, however, doesn't have any for meekies along this line, for he has just brought his lads through a tough Class A schedule, and has the all-important Roscoe game just around the corner.

Only One Loss for Lions.

Only one loss has been chalked up against the visitors this season. Eastern, one of the favorites in the Eastern half of District 9, trimmed them 20 to 7, but they have the following games in the win and tie column: Roby 19, Blackwell 0; Roby 9, Post 0; Roby 7, Merkel 0; Roby 13, Hamlin 0; Roby 2, Rule 0; Roby 12, Roscoe 12.

That last mix-up, a conference counter, came last week. This tie, plus Snyder's recent easy beating of Rotan, makes the locals 1,000 per cent favorites, in spite of Roby's impressive record, for Roscoe is reputed to be none too strong.

The Roby crew will probably be followed by a hefty line-up of fans. Peppers to Perform.

That eye-ripping Tigerette pep squad, coached by Miss Opal Wedgeworth, will greet the Fisher County visitors 50-strong between halves.

The study on "The Orchestra" was directed by Mrs. Roy Stokes and members named favorite orchestra numbers for roll call. A discussion of the early stages of the orchestra was by Mrs. Ivan Dodson. Mrs. Stokes gave general formation and description of the orchestra. Mrs. J. G. Hicks illustrated stringed instruments by playing a violina record. Other records illustrating percussions, woodwinds, brasses and a symphony were played by Mmes. Wayne Boren, Forest Sears and the leader, Mrs. Stokes.

Esther Boren, Ophelia Blackard, Alice Clark, Lila Dodson, Ruth Hicks, Ellen Joyce, Rosalie McGlaun, Eva Ernest Taylor, Fritz R. Smith, Verne McMullan, G. A. Hagan, H. G. Boren, Forest Sears, A. J. Towle, Billie Lee and Albert Norred.

## This Woman Lost 64 Pounds of Fat

Mrs. H. Price of Woodside, L. I., writes: "A year ago I weighed 190 pounds. I started to take Kruschen and now I weigh 126 and never felt better in my life and what's more, I look more like 20 years old than the mother of two children, one 19 and the other 18. Every one of my friends says it's marvelous the way I reduced!"

To lose fat with speed take a half teaspoonful of Kruschen in a glass of hot water before breakfast every morning—don't miss a morning—an 85-cent bottle lasts four weeks—get it at Stinson Drug Company, or any drug store in America. If not joyfully satisfied after the first bottle, money back.

**The Times Creed.**

For the cause that needs assistance;  
 For the wrongs that need resistance;  
 For the future in the distance,  
 And the good that we can do.

**THE WEEKLY DOZEN**

**The Judge Hears One This Time.**  
 Pessimism Pete, who watched Judge Fritz R. Smith when the judicial one received news of his first grandchild's birth this week, declares the grin spread from mouth to nose.

**State Flower Recognized.**  
 Those beautiful Texas blubonnets will probably be sticking their blue heads from more flower beds here next spring than ever before. The Boy Scouts are on the job, and they have been selling a number of packages of the seed and using the profit on their new meeting hall. There were a few lovely patches of the state flower in Snyder last spring. Let's have a big increase this year.

**In the Name of Gratitude.**  
 Those who sit idly by without having their names placed on the Red Cross membership roll call will be guilty of giving gratitude a severe jolt—provided they can possibly raise a dollar or more. There are other reasons for supporting "The Mother of Humanity," but Scurry County should never lose sight of the thousands of dollars in cash and supplies sent to her by the Red Cross last winter.

**We Congratulate Hermleigh and Bell.**  
 The Hermleigh trustees who came for their school bus last week, and took the shining red vehicle home with them, are to be congratulated for the recent election that consolidated Bell school with their own. But the heartiest congratulations go to the Bell school patrons, who have been given first-class educational advantages at little additional cost. May the day be speeded when every rural school has such opportunities.

**Are You Cussing Your Neighbor as Yourself?**  
 Do your neighbor's chickens get in your new fall garden? Does your worthless little pup slyly kill your neighbor's chickens no matter where he finds them? Are your neighbor's turkeys eating up a lot of your feed? Is your fence so straggly that your stock gets out occasionally and ruins some of your neighbor's young crops. Quarreling, gossiping and backbiting won't cure evils such as these. This is the best year in our history to be neighborly and unselfish and considerate of the other fellow.

**What's in the Papers Now?**  
 Every farm paper or magazine, every daily newspaper, and every jerkwat weekly is trying to help the farmer find something to plant in the place of the outlawed King Cotton. It is a wise and popular move, but it is doubtful if many farmers will pay much attention to the suggestions. Most of them know what to plant in the place of cotton, but few of them just haven't done it very much because of that age-old belief that cotton is the only "money crop." This age-old belief is being toppled along with a lot of others in the South.

**School Optimism Again.**  
 Not long ago this page contained a short editorial concerning the genuine beauties of a rural school opening to one who stays so closely confined to his business that he gets the dollar grin. It was reprinted in the Abilene Morning News along with gleanings from other West Texas weeklies. We wish to repeat the sentiment of that editorial, and to congratulate every rural school in Scurry County for the spirit of optimism reported at school openings. Agriculture may be held down, but it is not out so far that it can't educate its offspring.

**Snyder Gets Busy.**  
 Maybe it's just a coincidence, or maybe it's something in the air that says prosperity is just around a few more corners. At any rate, a front-page article in The Times has picked up a number of little improvements that have been going on in town, just to show that some dollars are being spent by future-looking folks. The little jobs have not only given employment to several who needed it badly, but they have just naturally helped the landscape. Come on, you fellow with a little spare cash, do your improving now, while labor and materials are dirt cheap.

**The Cotton Raiser's Battle.**  
 The Times desk is flooded with editorials, booklets, state bulletins, news articles and other writings concerning reduction of cotton in Texas next season. The consensus of opinion seems to be that the farmer who attempts to fight or evade the acreage reduction law—and the law of supply and demand—will not be spitting the legislators or anybody else but his own stubborn hide. There is a heavy overabundance of cotton, and anyone who attempts to prove otherwise is either ignorant of the figures in the case or working some selfish plan to feather his own nest.

**Warning—And a Word of Praise.**  
 Now, while it seems that Snyder is taking a rest from her brief step of summer fires, is a good time to drop a word of warning—and another word of commendation. The warning applies to the fellows who dash madly to fires without regard for the fire

**An Editorial on Football.**

Yes, this is an editorial on football, and a four-square boost for one of the greatest loads of fellows in West Texas—the Snyder High School Tigers.

The Times has no patience, or ever will have, for that group of so-called fans who rip and snort and tear their hair for the Tigers when the team is winning and then began criticizing from tooth to toenail when the boys get whipped.

We don't know why the Tigers have lost by such topheavy scores to some of the best football teams in Texas. But we strongly suspicion that it was because the fans have been so willing to talk the team down and so slow to give the youngsters and Coach Moore an occasional boost. It is small wonder that the total score didn't mount higher when Abilene, Lubbock and Sweetwater were played. Who could expect the Tigers to win at Slaton when practically everybody in town could tell you in advance that the big Class A squad would mop up on them? We repeat that Snyder has met three of the strongest clubs in Texas. There is probably not a Class B team in the state that can withstand the onslaughts of those Class A clubs. Nobody expected the Tigers to do it. But they fought good fights as long as as many as one-tenth of the fans were willing to fight a hard battle for them on the sidelines.

Our conference season has barely started. We stacked up just about as many touchdowns as we wanted against Rotan a few weeks ago in our only game so far that really counts. Now we have two important games within one week—one at home and one abroad. Will the fans continue to find flaws and defects in the way games have been scheduled, coached and played, or will they give the boys and coaches the biggest hand tomorrow afternoon that they have received this season?

You know the answer. Snyder fans will be loyal and helpful and cheerful. And if the boys don't make more than eight or ten touchdowns, the fans'll say: "Well, they'll do better next time, and you may lay to that."

**EDITORIAL OF THE WEEK**

**PLENTY TO EAT AND HAPPY.**

"I want to show you my cellar," he said. And down we went.

Along the sides of the storm cave were shelves from floor to ceiling and every foot of shelf space was filled with food. Tin cans, glass jars and bottles of many kinds were filled with fruits, vegetables, pickles and preserves.

Enough food to last for a year and a half, maybe two years.

"And now I want to show you my meat hogs." And he did. Five shoats which come Christmas will make a year's supply of meat.

"And look at the feed I've got." I looked. A big bin of oats, hay, bundle feed, some wheat and corn yet to gather. More than a year's supply.

"See these cows. Making all the milk we can use and bringing in a fat check of \$5 a week. And the pullets, 80 of them, already laying."

With what pride he showed his food and feed, security and happiness for himself and family for the year ahead.

"I never had so little money, or was so happy in my life," he told me. "Been cropping all my life. Never did get through my head that I could raise a living from the farm. Always tried to grow cotton, wheat and corn to sell. But I learned last year that a living is the most important thing after all."

He is a renter. Told me he doesn't owe anything, and added that he has the best landlord in the state. "But don't put anything in the paper about me," he said.

But I just had to do it.—Oklahoma Farmer Stockman.

**Saying It In Rhyme.**

Note: The Times does not pose as a discoverer of literary talent. Nevertheless, we are usually glad to use contributions of would-be writers, young or old, who wish to see their brain children put in print. In most cases, we must admit, the contributions are more ambitious than literary; still, we herewith donate this space to budding poets.

**TO A BRIDE.**

'Twould be foolish to wish for you  
 A life of joy and gladness;  
 Such things are dreams that ne'er come true,  
 'Tis little less than madness.

For light becomes a blinding glare,  
 With no shadows hovering near it;  
 And life and joy are only rare,  
 When grief and pain endear it.

My wish for you is that you may  
 Be brave, be strong and true,  
 Though shadows sometimes cloud the way,  
 God's sun will shine for you. The Skipper.

boys or anyone else. The commendation goes to Chief N. W. Autry and his fire boys, who do more work and take more risks for the small amount they receive than any other group in town. Those who say the fireman's life is a snap and "easy money" are always on the sidelines, you will notice. Snyder is extremely fortunate in not having any disastrous fires in the business district in recent years, and the fire department deserves much of the credit.

**Our Unselfish Teachers.**

When the Snyder teachers give that play November 20 for the benefit of underfed youngsters, they will deserve a full-to-over-flowing auditorium—and The Times believes they will get it. In the first place, the cause is one of the most worthy we can imagine, for students whose parents are unable to give them the proper nourishment not only lose their zest for study, but become easy victims of disease and immorality. In the second place, those teachers can act, and don't you forget it. Without the benefit motive, the play would still be worth anybody's money, even in hard times, for we need something to cheer us. This unselfish move of the teachers is made in face of the fact that they have not received enough salary since April to pay half their grocery bills.

**The City of Sales—And Funny Patriotism.**  
 Snyder is truly the city of sales this season. Last week the only three dry goods merchants in town who had not already started a big selling campaign let their fireworks start. That all the sales have brought hundreds of people into the stores and have offered bargains not heard of since pre-war days is known to even a casual observer. But while we are crowing about the bargains offered by our merchants, permit us to ask those same merchants: What do you say of the farmer, housewife or man-about-town who buys his dry goods and other necessities from mail order houses? Nothing very complimentary, we can say through experience. In the face of their constant warfare against mail order houses on the ground of patriotism to home enterprises, we can hardly see how one or two of these merchants can have their circulars printed out of town.

**CURRENT COMMENT**  
 BY LEON GUINN

Texans, are to a degree, as humorous as law allows. From Fort Worth comes a little pamphlet that attacks sandwich eaters with a calvary, infantry, and air attack with no quarter bombardments. Southern epicures have insisted for a good while that a hog's left ham is more evenly flavored, more tender than the right ham. Now the proprietor of an inn there sums up the results of Southern fanatics in regards to eating "left ham sandwiches" by bombarding us, logically thus:

"When a hog scratches his starboard or right side, he does a Charleston with his right foot. That develops muscles. When he scratches his left flank, he does a gentle shimmy against a tree or post. Therefore, the right hams are far more muscular and less tender. . . . One way to prove this is to watch hogs on the hoof." This psychoanalysis of the squeal hog should give us a new slant on the subject, when we go to kill our hogs this season. Personal note: Thanks, Mrs. Abernathy, for your compliment in the October 15th issue of The Times.

The Country Gentleman further enhances this left ham sandwich logic, with a few pot shots of its own, thus:

"The argument is impressive. But suppose we consider for a moment that enterprising creature, the razorback hog, which learned long ago how to scratch equally well with any one of its feet, or, for that matter, with all four feet simultaneously.

"The razorback, as everyone knows, is endowed with boundless energy, enthusiasm and agility. It is so ruse for a living and in so doing becomes as fleet as Dan Patch or Twenty Grand. If no razorback is listed among the winners of the Kentucky Derby, it is only because none have ever been entered. But it goes without saying that a life of such prodigious activity does not result in sweet hams, either right or left. In texture and flavor, razorback meat closely resembles a worn out tire etc."

If this left ham had become a habit, sons and daughters may soon demand of dad "left ham" and—the spices. That might create a surplus of ye right hams. Then the young man with that sweet young thing with him would be forced, when driving, to demand of the sandwich shop, "two lefties with cherry cokes." But the razorback is lankiness extreme, hence an over-fed hog might cause its right ham to be over muscular, hence destroy some of its flavor. Which may sound like Corn Belt philosophy, absurdity, or super-sensitive taste; facts come and go, the hog must grow forever.

By the way, won't each of you cooperate with J. W. Scott, secretary of Scurry County Chamber of Commerce, in that you help make Canning Week a success? Won't some of you taking cattle or hogs to Fort Worth stop at Snyder and donate an animal to help along? Some more of you can no doubt find a hog, sheep, or beef that you can donate. You that have donated, and you that will donate, are the type that creates the charity spirit. Other countries are receiving generous contributions, and I have enough faith in Scurry people to believe that they will help to make

FINE AND JAIL TERM GIVEN IN F. GREER CASE

Attorneys File Notice of Appeal on Aggravated Assault Charge Against Fluvanna Man.

Frank Greer, charged with aggravated assault in connection with the shooting of Oliver Willis, deputy sheriff, was assessed a 90-day jail term and a \$500 fine by a district court jury Wednesday morning.

The verdict followed more than six hours of deliberation by the jury. It was delivered Wednesday morning at 10 o'clock, after Judge Fritz R. Smith had given the charge Tuesday evening at 6:00 o'clock.

Hundreds of people from all parts of Scurry and adjoining counties heard testimony of a number of witnesses Monday and a part of Tuesday morning. Lawyers' arguments were concluded in the afternoon.

Jim Stinson and E. T. Brooks of Abilene, and Raymond Greer, brother of the defendant, were defense attorneys. District Attorney George Mahon was assisted in the prosecution by Warren Dodson, county attorney.

Greer is alleged to have shot Willis during an argument on the west side of the Snyder square. Jurymen in the case were: W. R. Shultz, foreman; Bill Giddens, M. M. Maple, Dewey Davis, S. W. Ansel, Junius Williams, D. E. Watson, J. W. Berry, C. M. Cary, W. A. Wade and W. B. Werner.

A. A. (Ed) Karnes, charged with driving a car while intoxicated, was sentenced to serve a year and a day in the state penitentiary. Motion for a new trial has been filed by C. F. Sentell, attorney for the defense. Mahon was the sole prosecutor. Interest ran high in this case also, and the court room was almost filled during the trial.

Mr. and Mrs. C. J. Yoder and son, Carlos were visitors in Austin last week. They were accompanied from Walnut Springs to the capital city by Jack Keith, Mrs. Yoder's brother, and his family.

Broken Neck Found On Accident Victim By X-Ray Pictures

G. W. Garner, car accident victim the middle of May, discovered last week that his neck was broken in the crash, and that he is one man out of a thousand to live to tell such a story.

His neck caused considerable pain after he got on his feet five months ago, but since no X-ray had been taken of that portion of his body, no definite treatment was given. After dislocated ribs and other ailments were corrected, while driving through Lubbock last week, the pioneer Scurry Countian decided to interview doctors at a sanitarium there. An X-ray of his neck showed clearly that it was broken, and several prominent physicians declared it to be one of the most unusual cases they ever saw.

Mr. Garner's entire body and head, with the exception of face and arms, was promptly put in a plaster cast, and he is now going about his business as usual except for a stiff body and occasional slight pains.

Lubbock physicians believe the neck will gradually heal and say stiffness will probably be the only permanent injury.

with new formations and marches. The band, propelled by Professor Homer F. Springfield, will add the musical touches throughout the game.

Turning again to the Tiger squad, we discover that the local huskies have been strutting their stuff in practice this week. If they became a little staid during five Class A games, they have put on their new fighting clothes this week, and they have looked like a million dollars. No casualties are reported, with the exception of McClinton, whose cracked nose is just about healed.

A couple of changes in the lineup may send Dunn to left end and shoot White at left guard. Theo Rigby has earned his spurs as one of the greatest linemen on the club, and will again be seen at right tackle. No changes will probably be made in the backfield.

About the Roscoe Game. Roscoe-Snyder games are just about as uncertain as West Texas rains. For that reason, and because the year-after-year friendly rivalry between the two clubs will be aggravated by the holiday atmosphere, the Armistice Day tussle should be one of the most interesting and the very best attended affair of the season.

The local pep squad and band will turn out in force, and the Flowbers are expected to produce plenty of pep of various varieties. Minus the services of Mike (The Great?) Hicks, the Nolan County Farmers are said to have picked up consid-

Economy Feature Of County Judge Meet Last Week

Ways and means of putting county governments back on a sound financial basis formed the subject of the annual meeting of judges and commissioners at El Paso last week, according to John E. Sentell, Scurry County Judge.

Judge and Mrs. Sentell were accompanied to the border city by Commissioners John C. Day and Lee Grant. The quartet report one of the most enjoyable and helpful trips they have ever taken.

Although this was the first convention Judge Sentell has attended as a county official, he was chosen as one of five members of a steering committee, which will form a legislative committee when supplemented with other members to be chosen by the original five. This committee will attempt to present facts before the Legislature that will help pass laws that will be of benefit to the people.

"Every corporation of any size and many other interests have lobbyists at Austin, but the people seldom have anyone to plead their cause," the judge points out. "The legislative committee was appointed to fill this job." It was brought out at the convention that the judges and commissioners have never asked the Legislature for a measure that would be of selfish benefit to themselves.

The convention passed a resolution, among other recommending that certain offices in the city and county governments be combined in order to prevent a waste of money. These offices include assessors, collectors, law enforcement officers, justices of the peace and recorders.

ably in the past two or three weeks, and the Tigers may find plenty of opposition. It will be the third and last conference game for the Tigers, and will place them in position to play the eastern half winner, provided that they win from both Roby and Roscoe.

Eastern Division Tights. Anson and Stamford are neck and neck leaders in the eastern section of Snyder's district, with two wins each. They will probably decide where the championship will go when they play in Stamford Armistice Day. Haskell, last year winner, has already lost a game and is probably out of the running. Hamlin has lost one game, while Merket has lost three.

If that's not enough dope for the fans, come around to the Times office Thursday morning and we'll tell you all about how the Tigers will win the last lap of the 1931 District 9 bunting race.

ZACK TAYLOR GARAGE REBUILT DURING WEEK.

The garage and store house on the Zack Taylor place in West Snyder is being rebuilt this week. It was gutted by fire recently, and further destruction was saved by quick work of the volunteer fire department.

The sound of hammers and saws is a welcome addition to the noises west riders have become accustomed to in recent months, and the residents hope that it may move on to other places.

FURNITURE SHIPMENT RECEIVED BY KELLER.

Instead of sitting in his store and pining for business to come his way, John Keller is seeking the business. Last week he finished uncrating a big shipment of brand new furniture and has placed the up-to-date pieces on display in his show rooms.

Mr. Ross says local folks have given him good patronage. He does generator, radiator and general repair work on all makes of cars. He is assisted by J. B. Myrick.
