"YOUR HOME COUNTY PAPER"

SNYDER, TEXAS, THURSDAY AFTERNOON, MAY 4, 1933.

FORTY-FIFTH YEAR

NUMBER 47

QUEEN OF MAY TO BE CROWNED IN FRIDAY FETE

Elaborate Plans Made to Welcome Her Royal Highness and Attendants Friday.

Hill, Queen of the May! When you come to Snyder High School auditorium Friday evening at 8:00 o'clock, Queen Evelyn of the House of Erwin, your path will have been paved for 30 minutes with music by the Snyder High School band and the band of the House of Blakey, although most eyes will turn toward your lovely queen as she is crowned by C. Wiegwerth.

We shall greet your attendants, too, and the Choral Club of girls in summer dress, and the children who shall sing and dance.

Your attendants? Let us introduce them.

Princess of the House of Stinson, maid of honor, and escort, Royce Eiland.

Attendants to Queen.

Dutchesses—Princess of the House of Northcutt, and escort, Clyde of the House of Stinson, Loyal of the House of Westwood, and escort, Jack of the House of Bean.

Princesses—Margaret Deakin, Princess of Tully, and escort, Jess; Browning, Princess of Delany, and escort, Blue Boney, and escort, Billy Lee; Vera Gay Arnold, Princess of Sweet Pea, and escort, Corwin Patterson; Martha Jo Jenkins, Princess of Jougous, and escort, Sam Joyce; Estine Doward, Princess of Blue Bell, and escort, Fred Wolcott; Earlene Martin, Princess of Pussycat, and escort, Emory Smith; Starline Taylor, Princess of Frankie Flower, and escort, Fickas Bell; DeWice McGahey, Princess of Pansy, and escort, John Boren; Dottie Clements, Princess of Rose, and escort, Teddy Vinson; Elizabeth McCarty, Princess of Daisy, and escort, Jackie Scarborough; Wynona Keller, Princess of Daffodils, and escort, Max West.

Miss Boren is in charge.

Miss Helen Boren is in general charge of the May fete, while the elementary grade teachers and Mrs. Elaine Lambert are training a number of their students for dance numbers.

It was originally planned to have the scenes in Tierer Stadium, but the auditorium, with its new stage scenery, curtains and hardwood floor, was decided on later.

The Parent-Teacher Association, sponsoring organization, announces that a very nominal admission fee will be charged.

Institute to Be Held May 26 By Methodists Here

A union Christian culture institute is to be held in the local Methodist church May 26.

The institute is being conducted at the district Epworth League meeting, held Saturday evening and Sunday at Post.

This union includes the Post, Fluvanna, Dunn, Union and Snyder churches. Several courses will be offered by a faculty to be appointed at a later date.

Colorado will be host on May 20 and 21 to the next district rally.

Snyder was represented at the Post meeting by Miss Ruth Yoder, Mrs. Ruby Littlepage, Clarence Walton and Felix Jarratt. Other churches represented included Big Spring, Roscoe, Sweetwater, Roy, Dunn, Fluvanna, Ackerly and Colorado.

At the business meeting Saturday evening Miss Maurine Martin of Sweetwater was elected president of the district young people's group.

Woodrow Adcock of McMurry College, Abilene, brought the inspirational message Sunday afternoon. Rev. J. E. Stevens, Post pastor, preached the Sunday morning sermon.

A unique feature of the meeting was a Saturday evening social in the form of a track meet.

MANY CATTLE BEING SHIPPED

Hundreds of head of fat yearlings are moving out of Scurry and Borden Counties these spring days.

Many are being loaded out on cattle cars, but many more are going overland by truck.

One of the biggest deals of the season was consummated late last week when Lewis Smithberger Jr. of Stanton, Nebraska, purchased 1,200 Hereford steer yearlings from four Scurry and Borden County breeders for more than \$31,000.

The animals were shipped from Dermott at \$26.50 per head, which is said to be the top price paid here this season.

In commenting on the deal, the Nebraska man stated that the steers were the best he had found anywhere. Rates are in good condition, and cattle are being sold in far better shape than during the average year.

SNYDER GUEST

Carl Nesbitt of Mineola, Texas, commander of the American Legion, was guest of a few local post members and business men at a luncheon given in his honor at the Montgomery Cafe Monday night.

He was en route to his home from Dalhart, where he attended the Eighteenth District convention Saturday and Sunday.

STATE LEGION CHIEF SNYDER GUEST MONDAY

Carl Nesbitt of Mineola, Texas, Communist Propaganda Being Circulated Among Buddies.

Carl Nesbitt of Mineola, state department commander of the American Legion, was luncheon guest Monday noon of several local post members and business men at the Montgomery Cafe.

He had been in Dalhart during the week-end for the Eighteenth District convention.

The distinguished visitor, in a brief and informal talk to the luncheon group, declared that the Legion should be the last group to take an un-American attitude toward the president and the government.

He said that an effort would be made to modify portions of veteran legislation that would lessen or erase service connected or supposed service connected compensation, but that the Legion as an organization would not otherwise seek to temper with the president's plan until the next session of Congress.

Compliments Snyder.

The state leader was highly complimentary of the efforts put forth by Snyder in securing the fall session of the district convention.

He introduced George Brown as the man largely responsible for bringing the next convention to Snyder.

Harrie Winston, past commander; J. W. Scott, secretary of the Chamber of Commerce; Warren Dodson, county attorney; Walls Fish, post adjutant, and J. C. Smyth were brief speakers.

First Run In Weeks Made By Fire Boys

Snyder fire boys made their first run since late March when fire broke out Tuesday evening in J. S. Bradbury's wash house, east Twenty-fifth Street.

Flames were taking control when the trucks arrived, but a hasty connection enabled the boys to get the fire in charge after the small building had been gutted.

Presbyterian leaders here have announced that Rev. G. D. Robinson of Lubbock, Sunday School superintendent of the Abilene district, will appear in their pulpits at the 11:00 o'clock hour Sunday morning.

The preacher has been here several times in the past. Members of the denomination as well as others are invited to the special Sunday service.

HAYWIRE FORD CRASHES INTO BOB'S CREAM HOUSE

A Ford that backed instead of forwarding brought grief to Bob Terry's Mistletoe cream station Monday.

Like a scared calf, the machine raced hind part before across Avenue S, and before anyone knew of the broken details, the owner had himself even away, car and all. Bob didn't even get the number.

A broken plate glass, several broken bits of cream testing equipment, and a dislocated wall were Bob's chief damages.

COWBOY BAND GIVES CONCERT MONDAY NIGHT

Johnny Regan and Billie Morrow Also to Feature Monday's Program at School.

The Cowboys are coming! And if Clyde Rowe, local band director, is not mistaken, the most noted and picturesque musical organization in the Southwest will draw a capacity crowd when it opens a concert at the Snyder High School auditorium Monday evening at 8:00 o'clock.

The Famous Cowboy Band, Inc., of Simmons University, Abilene, appears in concert under sponsorship of the Snyder school band.

Advance ticket sale indicates that the musicians will attract hundreds of persons from all parts of Scurry County, and that it will be one of the noteworthy performances in the town's musical history, Mr. Rowe said yesterday.

Popular prices—25 and 10 cents—are being charged for tickets to the band concert and its various "extras." The engagement here is one of many the Cowboy Band is filling on its continental tour. It is making in behalf of charity and kindred activities.

Ticket Drive Under Way.

An intensive ticket sales drive is being made in communities throughout the county. The Snyder Band is visiting the various schools, giving concerts, and explaining the ticket sales plan.

Ten per cent of all sales made in the community go to the school there. The Scurry County girl selling the most tickets will be awarded a \$7.50 Simmons diploma, while the boy making the most sales will receive a \$7.50 Simmons diploma.

The Cowboy Band is appearing here as the outstanding feature of the National Music Week, May 7-13.

Other musical programs have been planned by county schools and clubs.

Features of the Cowboy concert here will be the organizer and Director, Professor D. O. Wiley; John Regan, internationally famous cowboy entertainer; and Billie Morrow, xylophonist, former Snyder resident, who has appeared here several times since he became one of the outstanding xylophonists of the state.

On Charity Tour.

Few if any organizations can attempt such an extensive tour for charity purposes as the Cowboy Band. Made up of students and graduate students of Simmons University, it is not a salaried organization. Services of each musician are given without charge.

The band is not making the tour for profit but as a means of doing its bit in bringing relief for the needy in each community it visits.

Not only is it possibly the only internationally known group of entertainers which would attempt such an extensive program for charitable purposes, but it likewise is conceded everywhere it has appeared to be one of the most picturesque organizations appearing on the concert stage in the country today.

Although a Texas organization the Cowboy Band has international fame and as a result of numerous tours it has made through the North and East, lovers of music in those centers are more familiar with the group than this section of Texas.

In the summer of 1930 the Cowboy Band toured Europe, presenting daily concerts for eight weeks in leading theatres of England, France, Germany, Belgium and Holland.

Concerts were given on the Levian, then on both ocean liners. Clyde Rowe, local director, was a member of the European tour band.

Plays In New York City.

Before sailing for Europe the Cowboy Band gave afternoon and night concerts in the RKO Hippodrome in New York City—perhaps the only band from Texas ever booked in this famous showhouse.

The band, which furnished music during the past several years at the State Fair of Texas, Dallas, at the rodeo there, and at Houston for the World's Championship Rodeo, was recently tendered a contract by Col. Johnson of that rodeo to serve for his show to be staged this fall at the Madison Square Garden in New York and for that corporation in Boston and Chicago.

The present tour is a preliminary to the filling of these and other projected engagements in the East.

COWBOY BAND AND COMPANY TO PLAY HERE

These famous entertainers will be seen and heard by hundreds of Scurry County people Monday evening when they appear in the Snyder High School auditorium under auspices of the High School Band. Another feature of the program will be xylophone numbers by Billy Morrow, who is not shown in the picture.

MORE THAN 50 SEEKING WORK

More than 50 young men have already applied for places in Scurry County's quota in the Reconstruction Finance Corporation reforestation corps.

Sam Hamlett, local application handler, said yesterday. Only 25 may be sent from this county.

Selections for the places will be made principally on the basis of need, preference being given young men who are their families' sole support. Applicants must be 18 to 25 years of age, they must have dependents, they must have received RFC aid in some form, and they must pass army examination at Lubbock.

All expenses, plus a salary of \$30 per month, will be paid after the accepted applicants reach Lubbock.

Only two of the 25 men assigned to this county have been sent to Lubbock. They are Joseph T. Kent of Camp Springs and John Q. Gordon of Snyder.

Others will go to Lubbock as calls are made from state headquarters.

New Bread Slicing Machine Installed By Ware's Bakery

A machine that slices a loaf of bread in less than 10 seconds—about 400 loaves an hour—was installed Saturday by Ware's Bakery, north side of the square.

Instead of approaching its job in the manner of meat slicers, the new machine goes after its work more scientifically, its several knives cutting through a loaf at one operation.

W. H. Ware, bakery owner, invites folks to come in and watch the machine in operation.

Mr. Ware stated yesterday that he is well pleased with the reception of the bread he placed on the market recently, which reminds customers of the old-fashioned bread that must be used to make. This loaf, as well as the pullman, is being offered either sliced or unsliced at all grocers or at the bakery.

Sidewalk Being Built.

A half block of sidewalk on Avenue U just south of the Twenty-fifth Street crossing is being put in this week.

The short strip will provide a connecting link between the business part of town and the east side of Avenue U.

Massed Choir of Children Appear in Local Church

Opening feature of Music Week here will be the singing of a massed choir of children at the First Methodist Church Sunday afternoon at 4:30 o'clock, under sponsorship of the Musical Coterie and the Alpha Study Club.

Miss Hattie Herm, who directed the winning school choir in last week's competition between all the participating choirs, will be director, and Mrs. A. C. Preuit will be accompanist.

Following is the full program as presented by Mrs. Elmer Spears of the Musical Coterie:

I. Prelude by piano, while children march into place.

II. Prayer.

III. "This Is My Father's World" (a) Sung by massed choir; (b) story number from winning choir.

IV. "When Morning Glids the Skies" (a) Story by Methodist choir; (b) Song by massed choir; (c) special by Methodist choir.

V. "We Plough the Fields and Scatter" (a) Story by Baptist choir; (b) Song by massed choir.

VI. "The King of Love My Shepherd Is" (a) Story by Baptist choir; (b) Song by massed choir; (c) special from Ira choir.

VII. "God of Our Fathers Whose Almighty Hand" (a) Story by winning choir; (b) Song by massed choir.

VIII. Postlude.

Number of loans asked by Scurry County farmers out of the crop loan fund provided by Uncle Sam is exactly half that of 1932.

Charles J. Lewis, local office manager, said yesterday. The average loan remains at approximately \$80, however.

No applications were accepted after May 30 for these loans. Mr. Lewis found Monday that 228 had applied for loans, as opposed to 462 last year.

Only eight or 10 of those asking for loans were turned down, he said. The loans total about \$18,000.

SPEED ARTISTS ARE INELIGIBLE

School authorities announced yesterday that Bedford McClintock and Clint Fesmire, local speed artists, are ineligible for competition in the state interscholastic league track and field meet at Austin this weekend.

McClintock, Fesmire and Coach "Red" Moore were to have left for the capital city today, but the trip has been cancelled.

Fesmire placed second in the district half mile run.

Bedford's failure to make passing grades means that he will miss his last chance to appear before the public as a high school athlete.

For four years he has starred in practically all lines of sports here, featuring the Tigers as quarterbacking football star and trackman.

Last year he won the state low hurdles event, and with Buck Howell's second place in the 220-yard dash, gave Snyder third place in the state meet.

This year he placed first in the low hurdles, the 220-yard dash and the 100-yard dash. He appeared a certain winner of at least six or eight points at Austin.

Peculiar Malady of Snyder Boy Puzzles Leading Physicians

A peculiar malady that has beset a 10-year-old Snyder boy for more than a week has proven unsolvable to a number of physicians, including specialists from Abilene, San Antonio and Dallas.

The boy is confined at the home of his parents, Mr. and Mrs. D. L. Moffett, in North Snyder. He is reported slightly improved today, although no hope is held for his recovery.

Blindness, protruding eyeballs and swelling of the body are principal effects of the malady. Glenn was carried to the West Texas Baptist Sanitarium at Abilene several days ago, where specialists, through laboratory findings, could not decide the nature of his illness.

Glenn has been conscious through all his suffering, and developed fever only a few days ago. He has been the recipient of many kindnesses from Snyder people.

Mr. and Mrs. Nathan Rosenberg spent last week in Dallas. They have moved this week to the former Northcutt home on Thirtieth Street.

Eighteenth District of American Legion Will Convene Here in Fall

This Is Last Week For Free Swap Ads

No more free swap ads will be run in The Times after next week.

The special swap columns that have run continuously since early in the year have attracted considerable attention and have been responsible for many good trades.

Now that planting time is here, folks are evidently just about swapped out, so swap ads coming after next week will be run at the regular classified rate.

The Times is not unmindful of the numerous expressions of thanks regarding the free swap ads feature. We only hope that we may continue to render this service of this type to the good people of Scurry and adjoining counties.

MAYOR TOWLE ASKS SUPPORT OF WTCC MEET

Cites Accomplishments of Regional Group, And Urges Attendance At Big Spring May 11-13.

Among ardent Snyder supporters of the West Texas Chamber of Commerce is Mayor H. C. Towle, who urges this week that this city join the remainder of West Texas in sending a sizeable delegation to the annual convention of the regional organization at Big Spring, May 11-13—Thursday, Friday and Saturday of next week.

"The WTCC for 15 years has been a potent factor in the development of West Texas, and has fostered a program that has been of great benefit and value to Snyder," the mayor said yesterday.

"The program in which it is now engaged is of direct benefit to this city, other than we avail ourselves of its services and cooperate with the other splendid cities of West Texas under its banner in the promotion of the common welfare of this section of Texas."

Snyder has been asked through its civic organizations, public officials and the WTCC director and committeemen to participate in the convention program. He urged that as many citizens as possible attend the convention at Big Spring.

I also urge that while in attendance at Big Spring they attend all the convention proceedings with a view to bringing back to our city the many benefits of the program.

"It occurs to me that now is the time for West Texas to reassert its confidence in itself, and to strengthen the loyalty and enthusiasm that we have in our city, and for West Texas, and that this convention offers a splendid opportunity for all West Texans to do that very thing."

Wednesday Storms Leave Damage Trail In West Texas Area

From Abilene Morning News.

Spasmodic showers, followed by rain and hail, blew through the southern section of Taylor County Saturday at Spur, Dickens county, and clipped out a path of desolation in Fisher County late Wednesday as West Texas was marked on the weather map as an extensive area of low pressure.

More than a score of homes were laid low, but residents in the paths of twisters, for the most part, took refuge in storm sheds, and no serious injuries were reported.

Rain and hail followed in the wake of the windstorms, and other points also reported high winds and rain.

Barred had a heavy hailstorm, and one and one-half inches of rain. Clyde received an inch of rain, while the cloud jumped Anson and Stamford, where only high winds were reported.

Coleman received a half inch; Winters and Ballinger had only heavy sprinkles as did Sweetwater, Merkel and Snyder. A heavy hailstorm was reported 18 miles north of Sweetwater.

At 4:00 p. m., a cyclone funnel was sighted three miles southwest of Sylvester, traveling eastward. It came within a quarter of a mile of the town, leaving a barren path several hundred feet wide. A half dozen homes were destroyed, but no one was seriously injured as the storm came slowly enough to allow residents to take shelter.

The funnel moved on to strike McCauley at 4:15 p. m., demolishing three homes but leaving no injuries in its wake.

Bob Mueller Dies At Home of Relatives

Funeral services were conducted Friday afternoon, 2:00 o'clock, at the Hermligh Catholic Church for Bob Mueller, 23, who passed away last Thursday. Bob was a nephew of Mr. and Mrs. G. H. Ellicher of Hermligh.

Pallbearers were Herman Schulze, Frank and Alfred Wimmer, Adolph Senkirk, Frank Schulze and R. J. Kubera. Annie Belle Ellicher and Philomena Wimmer were in charge of flowers.

Interment was in the Hermligh cemetery.

Snyder Selected at Dalhart Meeting Local Post Plans Reception Of 1,000 Visitors.

During the business session of the Eighteenth District American Legion convention, held in Dalhart Sunday, Snyder was chosen as the next city to entertain the convention in the early fall.

This meeting will draw a crowd of approximately 1,000 legionnaires and their wives to the city for a two-day stay.

Snyder was represented at the convention by George Brown, who reports that the Saturday sandstorm from Amarillo to Dalhart was the worst one he had ever seen in the 35 years he has lived in West Texas.

Notwithstanding the bad weather Saturday, first day of the convention, there were more than 700 present at the meeting.

Dalhart Is Fine Host.

The Dalhart post "did themselves proud" in their entertainment of delegates, and it was the general opinion of those present that they were all glad that they attended, and that they regretted to leave.

Many prominent state, district and division legionnaires were present, among them being: Carl Nesbitt of Mineola, department commander; Dr. Roy A. Webb of Pampa, division commander; G. Ward Moody of Perryton, better known to the legionnaires of Texas as "the duke of Wellington," district committeeman of the Eighteenth District. The Legion Auxiliary was well represented by their state president and Mrs. Tillman Jones of Post, first vice president.

Many thanks came before the meeting, there are of interest to every ex-service man in Texas, first among them being the Legion's attitude toward the present economy act, which will affect every disabled ex-service man who is drawing citizens compensation or disability allowance.

Meeting Here Monday.

It is the hope of the officers of the local post that every ex-service man in Scurry County will be present at the regular meeting in Snyder Monday night, May 6, at 8:00 o'clock in the county court room, at which time actions of the district convention will be given as will the plans of the state department and the national body of the Legion in reference to the economy act.

The local post was given a nice recognition in election of George by the convention to the legislative committee of the state convention.

This is considered one of the most important committees in the state organization.

Special mention is made here to the telegrams sent to the convention at Dalhart by J. W. Scott, secretary of the Scurry County Chamber of Commerce, and H. G. Towle, mayor, inviting them to hold their next meeting in Snyder, and their cooperation is greatly appreciated by the local Legion post.

Drive On Rats Is Getting Results Says New Agent

Meetings held early this week in a number of communities indicate that the county-wide campaign against rats will net remarkable results.

County Agent W. R. Luce said yesterday. Mr. Luce is working with J. M. Hill of the biological survey in presenting plans of the rodent drive to farmers and other interested persons.

The first meeting was held Monday morning at Crowder, and the next at Snyder in the evening. Groups gathered at Pleasant Hill, China Grove, Pryor and Hermligh Tuesday. Yesterday's meetings were at Stanton and Anson. The agent reported that more than 50 persons were present at Hermligh, the four Tuesday meetings netting more than 100 attendees.

Other meetings are scheduled as follows: Thursday—Turner, 9:00; Union, 10:30; Ennis, 2:30; Dermott, 4:00; Fluvanna, night.

Friday—Pleasant Hill, 8:00; Big Sulphur, 9:00; Minirey, 10:30; Gannaway, 2:00; Lloyd Mountain, 4:00; Camp Springs, night.

Saturday—Cottonwood, 10:00. Monday—Canon, 8:00 a. m.

SLOW SESSION OF COUNCILMEN

Routine matters stole much of the City Council's time during the regular session Monday night, but several transactions of note were finally completed.

A new equalization board was named. It will include Forest Sear, A. C. Preuit and W. C. Wreninger. Expenses of two firemen will be paid to the state convention at Corpus Christi next month. It was decided after Fire Chief N. W. Autry had spoken briefly to the council.

Tax collections for April totaled \$493.22. fines were \$45.10, and water and sewer collections were normal.

New Street Work.

The latest street work in Snyder is being done on the west side, just north on Thirtieth Street. Caliche is being used for the wide residential thoroughfare. Several other streets in all parts of town are rapidly rounding into shape since the caliche has been hauled and spread.

What Inflation Means to Our Farmers

By Frank Parker Stockbridge, Written Especially for The Times.

The United States of America has "gone off the gold standard." That sounds shocking to people who fear all change, and it takes some mental adjusting on the part of the rest of us who have not yet become accustomed to the rapidly changing world which everything is changing today.

What does it mean, this going off gold? What is the purpose? What will the effect be? What has it to do with this talk about inflation? What is inflation, anyway? Who will it benefit and who will it hurt? Those are the questions on the tip of everybody's tongue.

The United States went off the gold standard on March 4 when President Roosevelt declared an embargo on shipments of gold abroad and called all hoarded gold placed into the Federal Reserve Banks. Since then we have shipped no gold abroad except on contracts already entered into. Since then nobody

holding a gold certificate or other paper money calling for payment in gold had been able to get gold for it. We still have the gold, nearly half of all the gold there is in the world, more than four thousand million dollars of it in our treasury

and banks, but we have stopped using it.

The purpose of our action is, as President Roosevelt stated, to bring about higher prices. The first place it has affected prices is in our foreign trade, for the principal use of

gold as money is in settling trade balances between nations. It is the

The WOMAN'S Page

Faculty Members Enjoy Picnic Friday.

It was somewhat late in the evening when the singing was begun by a large and congenial group of Snyder school teachers, families and friends around a comfortable camp fire on East Creek last Friday. The picnic was this year's event, an annual occurrence, and well it may be an annual affair for health's sake because everyone partook freely of the many fried chickens through generosity of C. Wedgeworth, much salad, buns, cake, ice cream, coffee and iced tea.

While the chickens were frying there was a bit of target practice and sock-odrig, and before the taste of ice cream and the memory of fried chicken had gone there came the singing which was closely followed by a bombardment of imitated audible expressions of a variety of animals in which the cat seemed to excel.

A remarkable display of questions and answers was enjoyed when "coffee pot" topped the evening's enjoyment, and with the antics of a laughter still resounding, the group disappeared.

The personnel was: W. W. Hill, E. O. Wedgeworth, Mr. and Mrs. E. L. Williams, Virginia Thompson, Helen Brown, Mr. and Mrs. C. Wedgeworth, Mr. and Mrs. W. F. Cox and sons, Mr. and Mrs. W. Smith and Wallace, Mr. and Mrs. J. P. Nelson, Mr. and Mrs. Clyde Rowe, Mr. and Mrs. R. S. Sullivan, Mrs. J. R. Wedgeworth, Mr. and Mrs. C. E. Ross, Lacy W. Clark, Elvira McFarland, Mr. and Mrs. Odell Ryan, Elva Lemora, Herman Darby, Frank Yoder, Estie Horn, To Halley, Gertrude Herm, Joe Rue, Lemley, Jessie York Lemley, Jessy Stinson, Blanche Mitchell, Bonnie Gary, Mattie Ross Cunningham, Doris Pope Elza, Katherine Northcutt, Roma Carr, Maxine Cunningham, Gertrude Herm, Alene Curry.

Business Women Entertain Mothers.

Miss Mildred Harless and Pauline Boren and Mmes. E. J. Anderson and Max Brownfield entertained members of the Business and Professional Women's Club, their mothers and friends Tuesday evening in the home of Miss Harless on Avenue J.

A profusion of roses was used in decorating the house.

A special Mother's Day program of music and other entertainment included a welcome given by Mrs. E. J. Anderson; "The History of Mother's Day" by Mrs. R. E. Gray in her most charming manner; Mrs. W. W. Smith sang "Mother Machree," accompanied by Miss Ora Norred; and a parable on "Mother" was told by Elaine Lambert, reader.

An ice course, carrying out a pink and white color note, and with rose buds as plate favors, was served while Miss Margaret Dell Prim entertained with piano numbers.

Guests were Mrs. L. E. Scott of Dallas, Mmes. I. W. Boren, C. M. Eley, R. E. Gray, J. P. Avary, F. M. Brownfield, A. C. Alexander, C. W. Harless, W. Norred, J. W. Scott, Ottis Moore, J. D. Scott and Hilton Lambert and Misses Gwendolyn Gray and Margaret Dell Prim.

Members present were Mmes. Ida Merrill, Katherine Thirney, Nancy Caton, Vera Miles, Edith Hull, Doris Morris, Woodie Scarbrough, Daisy Smith, Clara Jones, Edna Tinker, Adelle Smith, Maye Rogers, Elsa von Roeder, Mabel German and Misses Grace Avary, Ora and Marian Norred, Kenneth Alexander and Glennie Moschell.

A salad plate was passed to Mrs. Ivan Dodson and Mrs. Billie Wilsford, guests; and to Mmes. W. R. Bell, H. P. Brown, Joe Caton, R. D. English, G. A. Hagan, W. W. Hamilton, J. C. Stinson, O. P. Thirney, L. T. Stinson, H. G. Towle, J. C. Dorward, C. J. Yoder and R. L. Miller, members.

Altruists Meet With Mrs. Curutte.

Mrs. R. H. Curutte was hostess to the Altruism Club Friday afternoon, at which time a Federation Day program was given, with Mrs. L. T. Stinson directing.

Mrs. J. C. Stinson, delegate to the District Federation meeting at Hereford in April, gave a report on the convention. A poem was given by Mrs. Carl Yoder, and Mrs. R. L. Miller gave a splendid review of "Good Earth" by Pearl Buck. A round table discussion on "Federation Facts" was led by Mrs. O. P. Thirney.

A salad plate was passed to Mrs. Ivan Dodson and Mrs. Billie Wilsford, guests; and to Mmes. W. R. Bell, H. P. Brown, Joe Caton, R. D. English, G. A. Hagan, W. W. Hamilton, J. C. Stinson, O. P. Thirney, L. T. Stinson, H. G. Towle, J. C. Dorward, C. J. Yoder and R. L. Miller, members.

Helen F. Watkins Is Birthday Honoree.

Helen Frances Watkins was made honoree at a birthday party given by her mother, Mrs. N. A. Watkins, last Wednesday afternoon. Helen was seven years old.

Gift packages were opened, after which many games were enjoyed. A pretty pink and green color note featured in the table decorations. The hostess was assisted in entertaining by Misses Lorraine Robinson, Glenna Sheid and Maxine Watkins.

Boys and girls present were Mary Sue, Dorothy Pay and Charlette Holland, Martha Lee, Naomi, Pearl and Joanna Howard, Dorothy Mae, Jonell and Marcia Yvonne Deaver, Billie and Laverne Graham, Celia Hainey, Rachel Walton, Mary Frances Sheid, Jeanette Rollins, Junior and Barbara Riggs, Alma and Pauline Rogers and Veda and Eva Nellie White.

Bride Club Meets With Mrs. Smith.

The Tuesday Afternoon Bridge Club met this week with Mrs. Gertrude Smith, 2400 Thirty-Second Street. Following the enjoyable games, a salad plate was served to Mrs. H. G. Towle and Mrs. Neil Gross, guests, and to members, Mmes. T. L. Lollar, E. M. Deakins, R. L. Miller, J. C. Duvard, W. M. Scott, Clyde Shull, Joe Strayhorn, W. J. Ely, W. H. Cauble and Sidney Johnson.

Mr. and Mrs. Scott Entertain Friends.

Mr. and Mrs. J. D. Scott were hosts to a few of their friends recently when they entertained with three tables of bridge at the home of Mr. and Mrs. J. C. Stinson on Avenue J.

Following the games, in which Miss Dorothy Strayhorn and J. P. Strayhorn were high score winners, a lovely plate was served to Mrs. W. W. Cork of San Angelo, Mr. and Mrs. Ottis Moore, Miss Waunita Darby, Mr. and Mrs. Max Brownfield, Miss Opal Wedgeworth, Miss Dorothy Strayhorn, Miss Helen Boren, Mr. and Mrs. Felix Parker and J. P. Strayhorn.

Mrs. G. B. Clark Jr. Entertains Club.

Mrs. Wayne Boren, guest, and Mrs. J. D. Scott, member, were winners of high scores when Mrs. G. B. Clark Jr. entertained the Wednesday Afternoon Bridge Club and guests in her home this week.

The entertaining suite was beautifully decorated with roses of various hues.

An ice course was served following the games to Mrs. George Oldham of Big Spring, Mmes. Clyde Shull, C. Wedgeworth, J. G. Hicks, Wayne Boren and Maurice Brownfield, guests; and to Mmes. Anos Joyce, Herbert Bannister, J. D. Scott, Ottis Moore, P. W. Cloud, Gaither Bell, W. H. Hill, R. H. Curutte Jr. and Max Brownfield and Miss Doriette Beggs, members.

Margaret Dell Prim Junior Club Hostess.

The Altruism Daughters Club met Monday evening with Miss Margaret Dell Prim, at which time Mrs. Elmer Spears directed a most interesting Texas Day and Federation Day program.

An outstanding force. A group of girls who are interested in the finer things of life are organized. Tremendous good, in many avenues, can be accomplished by cooperation.

Through club membership leadership is developed. We are trained to become thinking women and to do something for others. Good taste usually characterizes women who have thus been trained.

I believe junior club membership has aided me more than any other force in my life to become acquainted with myself. I have acquired needed knowledge about myself. We can also gain much valuable information by being willing to compare our interests, abilities and character traits with those of our fellow members. If we do this, not with the idea of priding ourselves on how clever or how good or how strong we are, but with the idea of trying to find out where the qualities which we possess can be employed to the best advantage, both for our own success and for human service, we shall find it a worth while experience.

Junior club work has given me a deeper understanding of human nature. Thus friendships and companionships which perhaps would never have been formed have been developed through this avenue. It has helped me to have a greater sympathy for people with whom I come in contact.

Nobility of character is strengthened through club work. Nobility of character may be regarded as the sum total of the moral qualities that shine on the life and conduct of the individual. As the ethical combination of virtues that stand for the highest types of womanhood in human conduct.

The great enemies of the nation are ignorance, vice, selfishness, bigotry, dishonesty and dishonesty for law; its chief friends are intelligence, efficiency, morality and patriotic devotion. As an agency to eradicate the former and guarantee the latter the junior club occupies a most conspicuous place.

Club work helps me to rejoice at the success of others. It helps me to exert myself to attain something worth while. It teaches me to grasp my opportunities and to strive to overcome my own shortcomings.

What a glorious privilege to be living during a time when we may be members of the junior clubs which offer us limitless opportunities! The coming generation will trail us down the ages by the beautiful things we caused to grow along the pathway as we traveled.

We have an interval and then our space knows us no longer. Our one chance lies in expanding that interval in getting into it as many pulsations as possible. Our aim should be for these pulsations to prove that we have developed in ourselves the finer art of living which may be developed to an admirable degree through our junior club work.

Roses Used To Beautify. Forty-six rose gardens were recently set out by Home Demonstration Club women in Victoria County for a total cost of \$13 for 485 roses obtained in a pooled order. Cutting beds have been started by 12 women with 12,991 cuttings donated by town people and court house authorities. It is all a part of a county-wide farmstead beautification program.

Black Tigers Better Than Lamesa Sunday

Howard Hunter, baseball tosser superb, almost shut out the colored team from Lamesa Sunday when he led the Snyder Black Tigers to a 11 to 3 victory on the local diamond in South Snyder. A Lamesa man knocked a double which he stretched into a homer on errors, with two men on base in the eighth inning.

A number of white folks witnessed Sunday's game here, and declare some fine ball playing was exhibited by the Snyder blacks.

The Snyder boys will go to Lamesa Sunday for a return game, according to Roy Jennings, manager.

DISTRESS AFTER MEALS Relieved By Black-Draught

"I had sour stomach and gas," writes Mr. Jess Higgins, of Dawsonville, Ga., "and often I would have bilious spells. I read about 'Theodor's Black-Draught' and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headaches and to keep the system in good order." Get a package at the store. Try it! Now you can get Black-Draught in the form of a S'CRIP, for Children.

Snyder, Texas, Thursday Afternoon, May 4, 1933

The Times Creed.
 For the cause that needs assistance;
 For the wrong that needs resistance;
 For the future in the distance,
 And the good that we can do.

THE WEEKLY DOZEN.

The Flowers That Bloom.
 The flowers that bloom in the spring, tra-la-lal, cost us at least a dollar extra on our city water bill.

Just Like the Others.
 Pessimism Pete observes that Sunday may be a day of rest for some folks, but it's just another day of ar-rest for a lot of drunks, speeding fools.

The Auditor's Report.
 Moore Lynn, state auditor, has just issued a report that should cause every adult citizen of Texas to have nightmares and day thoughts. Watch for some of the gory details in this week's Times, and also in coming issues.

Beauties of the Morning.
 Business men who almost never walk to town in the early of the morning are missing some of the beauties that nature has stored for them in trees and birds and shrubs and flowers. The day may have but a single eye, as the poet has said, but the early morning offers a thousand eyesful.

Who Has an Apartment?
 If one judges from the number of inquiries that come to the Times office, Snyder is woefully lacking in modern furnished apartments. We're not real real estate brokers, but it seems to us that a fellow with a couple of thousands to invest would do well to investigate the possibilities of apartments de luxe.

Cartooning of Mortals.
 A cartoonist gave a striking picture several days ago of the fads that have spread over this country recently. He veered from yo-yos to technocracy to jig-saws to inflation. But no cartoonist has yet been able to give a true picture of the sock-o-evil, which reminds us of a recalcitrant car—just one miss after another.

Sideshifting the Tramps.
 And lest we forget, those who apply for federal aid now must agree to plant and cultivate a garden. In other words, we have flared back more than 300 years to the time when Captain John Smith made the ruling that "he who refuses to work can not eat." Sometimes, after all, the old way is the best way.—Terry County Herald.

Governmental Intimidation.
 Intimidation by the government and against the government may work in some parts of the globe, but in America we demand that we be led, not driven, into things new and radical. Roosevelt has caught the idea. And it was well expressed by the state Legion commander, here Monday, as he decried the bonus army's activities.

Let a Little Sunshine In.
 When things looked gloomy nearly everyone assisted in painting the picture just a little blacker; now that things have taken a turn for the better let us not be doubting them, but be equally ready to magnify the sunny side of the picture and by our words and actions say a word in passing on the good news and stimulating confidence in others still inclined to be fearful.—Brampton (Canada) Conservator.

It's Not Oil Right.
 Oil is one of the wrongest things under the Texas sun, and the Texas Railroad Commission seems so powerless to know what to do that we can only consider them quite human. Through all the smoke and fume we can not find an honest operator or sidelineer who does not believe that our natural resources should be promoted in some way. It is suicide to believe that greedy man should be allowed full charge of all God's creations.

The Clothes We Wear.
 Out in this corner of God's footstool we do not wear our clothes very strictly according to eastern modes, nor yet not according to the modes of Coleman or Ahlene or San Angelo. White suits for men are less frequently seen than modestly-begging garments for women. Yea, and Straw Hat Day may come on Easter for some stylists, but for us it may not come at all; westic k to our felts, and like 'em for the dear weeks sake.

People Who Live Here.
 Only three or four states of the nation have a record which equals that of Texas for consistent, rapid growth of population. During each of the decennial census enumerations since Texas became a member of the Union by annexation in 1845, this commonwealth has shown a large increase in population. With only 185 per cent of the total area of Texas in cultivation at present (and with less than one-half of the good cultivable land under the plow) Texas could, without especially intensified methods of cultivation, feed and clothe a population of 25,000,000 within its own bounds and ship abroad a surplus equal to that consumed at home.

The Conventions Are Coming.

Snyder must have made a record for convention getting during the last two weeks of April. She went to Big Spring and to Brownfield and to Lamesa and to Dalhart, and she returned with the good news that four major district gatherings are to be held here within the next year.

The largest convention will come later in 1933. It will bring to Snyder upwards of 1,000 visitors, members and guests of the American Legion's Eighteenth District organization, composing more than 50 counties. Methodists of the Sweetwater district will come to Snyder for their next session, it was decided at Big Spring two weeks ago. They will come several hundred strong for the two-day program of business and inspiration.

Bankers of the South Plains area decided on San Jacinto Day that the county seat of Scurry would be the ideal place for their 1934 meeting on the same holiday.

Now comes word that the Parent-Teacher organization of this great South Plains section has decided on Snyder as its next convention city.

The first inclination of some of us is to cringe back into our shells and wonder how we shall conduct ourselves during the four gatherings. Some think the larger convention can not be safely cared for here.

But that's all poppycock. Huge hotels in small cities have been liabilities for, lo, these three or four years, and we should be thankful that we don't have one to be paying on. Paved streets by the mile-full and modern public buildings by the hundreds of thousands of dollars worth sounded fine in 1926 and 1927, but they have broken the backs of thousands of individuals and governments.

What a city needs if it is to entertain a convention successfully is plenty of good old West Texas hospitality. We have that hospitality in abounding measure, plus a clean town, plus beautiful homes and yards, plus plenty of faith in the future.

Those four conventions will find that Snyder has open arms.

Consider Your Newspaper.

You wouldn't drive into a filling station and order a windshield wipe, free air, free water, etc.—and then whiz out of that station right across the street to another one and fill up with oil and gas, would you? You wouldn't go to the doctor for free advice as to your ailments—then to another for your prescription, would you? You wouldn't ask one banker all your advice and deposit your money with another, would you? Well, if you would, you shouldn't.

The Journal had a painful incident of a free water and air customer the other day—in whose behalf we have dished out some mighty valuable publicity—driving elsewhere to fill up with gas and oil. We were splendid folks for the free—but could not get in on the pay.

A doctor does not mind giving you a little free advice every now and then, but when you really get sick he expects you to call on him. A filling station doesn't mind tendering you its free service, but expects to sell you gas and oil when you do need it. This newspaper doesn't mind giving free publicity—in fact, it takes a delight in helping to put forward all public enterprises, boosting the town, helping organizations in their efforts to raise funds; that is what it is here for. But the Journal does not delight in seeing the paid matter of said enterprises, organizations, etc., go elsewhere. All free and no fee makes Jack a broker and broker boy.

And remember, it's Jack Hawkins running this paper (trying to) and not Big Gump or John D. Rockefeller. When President Roosevelt sent out his call for hoarded gold, we did not answer the call—we had already spent all ours trying to keep this sheet going. Mister, can you spare a dime?—Groesbeck Journal.

CURRENT COMMENT

BY LEON GUINN

Since West Texans are interested in horse flesh as a power medium in crop production from contoured rows, a few figures compiled by Wayne Dinmore, secretary of the Horse Association of America, are presented in order to sketch the valuable position old Dobbin occupies. . . . In 1930 there were 500,000 mules and 2,000,000 horses in the United States, whereas in 1920 there were 1,500,000 mules and approximately 3,500,000 horses on the farms. . . . Which represents a decline of 4,500,000 mules and horses under the four-year age line. . . . Although the average horse is today worth \$75, it is more difficult to obtain fresh blood in the breeding line than was the case in 1932. . . . With the exodus back to the soil it is evidently clear the market for good "hosses" will pick up encouragingly from now on.

The rodent control program as worked out in this county under our new agent, W. R. Luce, will be of vast benefit in saving some \$3,000 worth of grainstuffs alone annually. . . . Here is a most remarkable statement by James Silver in the official United States Department of Agriculture bulletin No. 1,533, issue of June, 1927, with code II at five cents per copy to the taxpayer. . . . "The permanent exclusion of rats involves primarily the proper construction, repair and upkeep of buildings and keeping the premises in sanitary condition. . . . Rats require both food and shelter for their well-being, and they can not persist where either of these elements is lacking. . . . Rat infestation of premises can usually be traced to some condition favorable to the animals, and the removal of this condition discourages their presence and generally means permanent reduction of rat damage." . . . Considering the five cents, a most remarkable analysis! Very remarkable, indeed!

A Scurry County reader, J. H. Jones, requests this column to explain just how the amount of money in circulation will be increased in West Texas, far from the moneyed vaults of stock brokers. . . . He cites the fact that veteran compensation has been reduced, commodity prices have upped by 25 per cent for staples (flour, etc.). . . . First it was either discard veteran payments, or adopt a 25 per cent cut, which was done. . . . Therefore, the circulation of money has been reduced from this source. . . . Second, gold was started to Federal Reserve Banks preparatory to easing off the gold standard, until Roosevelt does adjust foreign debts, relieve us by higher cotton, cattle and merchandise prices this autumn. . . . Third, an increase in money circulation will not be felt fully here for 30 more days. . . . It is believed America will shortly return to the gold standard. . . . Reader Jones adds that a barrel of this 3-point-2 would do him a thousand years.

Landlady—"I hear you have been kicking about the roaches in your room."
 Boarder—"Why, I wouldn't think of getting near those horrible creatures, much less kick them about!"
 "Do you believe in dreams?"
 "No more than when I'm awake—I'm a cynic."

SIDE-LIGHTS

By MARVIN JONES,
 Member of Congress from
 18th District of Texas

Everyone seems to feel that the new administration has gotten off to a good start. This is presumably a time for action, and the president is certainly a man of action.

The Congress has voted him broad powers along many lines. No doubt other powers will be granted to him in his effort to work out of the emergency with which the country is faced.

He is not only endeavoring to secure essential legislation and to carry out the program which he has in mind, but he is trying in every way possible to reduce the expenses of government in accordance with his pre-election pledges. Many bureaus have been abolished and others have been merged in such a way as to do away with overlapping activities.

I have been called into conferences with other members a number of times at the White House, and we have been amazed at the fine knowledge the president has of the entire situation, as well as his ability to stand the strain of long hours of continuous work. He works day and night, and seems to remain in good health and in good spirits at all times.

It was my privilege to be assigned the task of introducing the president's farm mortgage refinancing bill and of handling the same in its passage through the House. It was voted on April 13 by the record vote of 387 to 12.

I regard the farm mortgage situation as one of the most pressing problems of the hour, and I hope the Senate may see fit to pass the bill at an early date, either separately or as part of the general farm bill to which it has been attached.

The establishment of credit facilities, the adjustment of freight rates which are discriminatory against agriculture and the adjustment of trade barriers in the interest of markets are also important steps in the farm program. I hope that all of these may be worked out.

For some time a number of us have been urging that the currency be liberalized in such a way as to make the dollar more truly a measure of values. Several methods have been suggested. The result of the adoption of any of these methods would mean an increase in commodity prices. It seems to me an increase in the price level in farm and other commodities is essential to national recovery.

The day this is being written the president has issued a statement in which he announces his determination to enhance the basis of our money in such a way as to increase the general price level. I believe that the carrying out of such a program will be in the interest of the entire country.

We are in a great national emergency which calls for discarding of selfish interests in an effort to save our institutions. For this reason I expect to continue to support the president in the program which he has planned.

I am glad we have a man in the White House who is unafraid, who is willing to assume responsibility and who has a program. The American people are thrilling with a new hope under his leadership.

I have every faith that he will lead us forward into the full promise of better times and happier conditions.

Mr. and Mrs. W. P. Cox were guests of friends in Abilene during the week-end.

Street Cars and Men.

Surely no one will consider us lacking in reverence if we say that every one of the "principles of modern salesmanship" on which business men so much pride themselves are brilliantly exemplified in Jesus' talk and work. The first of these and perhaps the most important is the necessity for "putting yourself in step with your prospect." A great sales manager used to put it in this way:

"When you desire to get aboard a street car which is already in motion, you do not run at it from right angles and try to make the platform in one wild leap," he would say. "If you do, you are likely to find yourself on the floor. No. You run along beside the car, increasing your pace until you are moving just as rapidly as it is moving and in the same direction. Then you step aboard easily, without danger or jolt."

"The minds of busy men are in motion," he would continue. "They are engaged with something very different from the thought you have to present. You can't jump directly at them and expect to make an effective landing. You must put yourself in the other man's place; try to imagine what he is thinking; let your first remark be in line with his thoughts; follow it by another with which you know he will easily agree."

"Thus, gradually, your two minds reach a point where they can join without conflict. You encourage him to say 'yes' and 'yes' and 'that's right' and 'I've noticed that myself,' until he says the final 'yes' which is your favorable decision."

WOMEN: watch your BOWELS

What should women do to keep their bowels moving freely? A doctor should know the answer. That is why pure Syrup Pepsin is so good for women. It just suits their delicate organism. It is the prescription of an old family doctor who has treated thousands of women patients, and who made a special study of bowel troubles.

It is fine for children, too. They love its taste. Let them have it every time their tongues are coated or their skin is sallow. Dr. Caldwell's Syrup Pepsin is made from fresh laxative herbs, pure pepsin and other harmless ingredients.

When you've a sick headache, can't eat, are bilious or sluggish; and at the times when you are most apt to be constipated, take a little of this famous prescription (all drug stores keep it ready in big bottles), and you'll know why Dr. Caldwell's Syrup Pepsin is the favorite laxative of over a million women!

SYNOPSIS—Pauline, sentimental, beautiful, sincere and loving love, becomes engaged and marries Dennis O'Hara in the belief that their blissful happiness will continue through all the years...

when you heard they were coming to town. The street looked dreary and deserted, there was not a light in any window of the tall block of flats...

Dennis caught her in his arms.

NOW GO ON WITH THE STORY:

Pauline moved hurriedly, her pretty face flushing with pleasure at the casual word of endearment. Barbara noted it pityingly. Later when she was dancing with Jerry Barnett, she said suddenly: "Have you ever noticed, Jerry, that when a man begins to call his wife 'my dear' it's the end of romance?"

rest and a sight of you will put me right. How are you, sweetheart? Your letters tell me so little, and I long to see you and know that you are happy. Of course, if Dennis will come, too, we shall be only too pleased to have him, but I am sure he must be anxious not to leave business after such a long absence...

PLAN PROGRAM OF WTCC MEET

Fluvanna School Complimented by State Inspector

"It is indeed gratifying to review the history of the progress made consistently in all departments," reads a portion of the report of Opal Gilstrap, state school supervisor, following her inspection of Fluvanna schools recently.

"The report was addressed to Superintendent E. O. Wedgworth, who is serving as head of the schools for the fifth consecutive year.

"Proceeding further, Miss Gilstrap wrote: 'The school is now occupying an attractive, comfortable and well-equipped building. Especially noteworthy is the excellent janitor service that is in evidence throughout the plant.'

"Good work is being done in all departments, and the teachers are working cooperatively. During the activity period all teachers and pupils were on the grounds. There is definite evidence that the school has an effective organization."

Service Station Is Offering Certified Lubrication System

A new system of lubrication, one that is designed to eliminate guess-work, has been announced by Roy Wade, manager of the Wade Service Station.

The system, known as "Texaco Certified Lubrication," includes a complete line of Texaco oils and greases specially developed for automatic lubrication, together with a system of checking, employee training and special equipment.

"The use of the new Check-Chart, prepared with the assistance of every automobile manufacturer in the industry, insures complete and scientific lubrication for all the chassis and motor of every American-built passenger car, says Foy.

"As the life and service of a motor car depend on the care and thoroughness with which it is lubricated," Foy emphasized yesterday, "we now have an Automatic Lubrication Encyclopedia that enables us to guarantee a lubrication job to be as complete and efficient as it would be done at the factory where the car was built."

If business would go straight, politics would go straight, too, says a writer. Yes, and if politics would go straight to where most business men say business has gone it would be o. k. with practically everybody.—San Benito Light.

Washington—It seems reasonably certain that as soon as all the emergency legislation is out of the way and Congress settles down to routine business the drive against the present radio commission set-up will begin.

Late in February Representative Rayburn prepared a bill for the creation of such a commission, discussed it matter with Mr. Roosevelt and intimated that it had the president's support.

The Washington situation, which has been escaping attention, are due soon to yield their proportionate share of taxes.

Up to now the cost of maintaining the radio commission has been paid out of the general levy, the broadcasters not even paying in fees sufficient to make the commission self-sustaining.

The Canadian Radio Commission's rule limiting advertising matter to five per cent of the program time has been sorely perplexing to the broadcasting chains on this side of the border.

One would think that American broadcasters would learn a lesson from what happened to the microphone brotherhood in Canada.

The country was given a demonstration of the power of radio advertising contrasted with the other media.

A disturbing result of the financial collapse and the ensuing bank holiday is the emergency legislation enacted in many states to permit bank commissioners to alter, rescind or suspend regulations respecting withdrawal of funds from insurance companies.

That something would have to be done in the way of readjustments was expected, but few believed that such drastic measures would be taken by the states.

Inflation will help the debtor class because it will take less wheat, cotton, shoes or what have you to get the necessary number of dollars with which to pay.

Who will benefit most? We have beneficiaries of inflation the farmers who will get more dollars for their crops.

Just what form domestic inflation will take remains to be seen. The president's request of power to adopt any or none of various means of inflation indicates that he will be guided by conditions as they arise.

The state department has been flooded with demands for a complete investigation by the diplomatic corps in Germany of reports that Jews are being persecuted under Dictator Hitler's regime.

As this was being written it seemed certain that Roosevelt's farm relief bill, as used by the House by a vote of 311 to 98, would eventually be passed by the Senate.

Snyder Golfers Defeat Colorado In Sunday Match

Colorado's Sand Belt golf team went down in defeat against the Snyder team Sunday afternoon for the first time since the association was organized some three years ago.

The game was played during a West Texas wind storm which caused medal scores to mount with but few exceptions. To say the least, it was trying on the nerves of any golfer.

Beard Boren, playing in sixth position, captured medalist honors, a 76, which was low for both Snyder and Colorado players.

Feed Burned While Farmer Is In Town

While J. W. Jennings, farmer living eight miles east of Snyder, was in town Saturday, a large amount of bundle feed and some fencing were burned on his place.

INFLATION

(Concluded from Page 1)

of the growers of the South are not to suffer. In Texas alone, it has been figured out, the loss to entire state from the fall price of cotton in the export trade has been over \$400 for every family in the state!

It seems highly important, then, to get the highest possible prices for these goods in the world market. But when foreign markets have let their money depreciate they can not buy as much or pay as good a price so long as we maintain our dollar on the gold basis.

So in going off gold we have cheapened our dollar to meet the other cheap monies of the world, and already commodity prices have begun to rise.

The gold embargo is a very mild form of inflation. It is certain to be followed by other forms, directly applicable to our internal affairs. It makes no difference, really, what the value of the dollar is in foreign money except when we deal in foreign trade, because a dollar at a low value will pay a debt incurred in dollars when they were at high value.

Who will benefit most? We have beneficiaries of inflation the farmers who will get more dollars for their crops.

JUST AS GOOD & COMPANY

Cheer up! You are no exception. Everyone has had the experience of buying—and regretting—just as good & company's.

They display their wares artfully. Prices are attractive. You stop to look and examine. You tell the clerk you have in mind an advertised brand (a quality standard built up by years of fair dealing and sincere publicity).

A disarming smile and the ready assurance that "This is just as good," momentarily lowers your guard—and the spider has caught another fly.

For careful, wise, safe spending of your money it pays to buy advertised merchandise.

Advertising gives you honest information. It brings you the services of specialists—men and women who intimately know about materials, making, color, proportion, texture, durability and value.

You can have the advice of leading style authorities in the selection of your clothes. You can profit by the advice of the world's foremost electrical engineers, child specialists, dietitians, artists and designers.

Best of all you have the assurance of men and organizations who have created standards of quality—without which Just as Good & Company could not do business.

Be guided by the advertisements and save yourself regrets!

FIGURES DON'T LIE

By O. Myking Mehus, Northwest Missouri State Teachers College, In Texas Outlook.

In the discussion of prohibition we need facts and more facts. As I discuss this problem with folks on the train, in their places of business, in the college classroom, I always find a woeful lack of knowledge of the simple facts in regard to the history and results of national prohibition.

So many well-meaning folks seem to believe that national prohibition was foisted upon the American people by the Anti-Saloon League and the W. C. T. U., when all intelligent people were busy making the world "safe for democracy" and fighting "the war to end war."

Furthermore, our constitution is difficult to amend and any amendment that becomes a part of our constitution can do so only because it has a tremendous number of people favoring it.

Cost of Enforcement. We are told that the enforcement of national prohibition has cost the country "billions of dollars."

Repealing prohibition will put put 1,000,000 men to work, we are told. How this is going to be done is indeed hard to see, for in 1914 when the brewing industry was at its height, it employed only 75,000 people.

Economists tell us that a million dollars invested in the brewing industry will give employment to 78 people, while the same sum invested in other industries will give employment to an average of 318 people.

There are perhaps intelligent people who honestly believe that legalizing beer would practically solve the farmer's problem by giving him a tremendous market for his grain.

Who will benefit most? We have beneficiaries of inflation the farmers who will get more dollars for their crops.

hibition is all wet." In this connection it is well to remember that Al Capone's chief henchman, Senator Dan Serricola, was the most active backer of the forces that tried to repeal the Illinois prohibition law, because he knew that where there are no state enforcement laws, bootlegging can flourish unopposed.

When we are told that there has been a tremendous increase in drinking since the eighteenth amendment was adopted, Colonel Amos W. Woodcock, prohibition director, answers this point effectively by pointing out that the government has moved the amount of liquor used in the machine gun, bomb, acid, vial, torch and the quick get-away afforded by the auto and the airplane.

Our large newspapers and magazines continually tell us that it pays to advertise. It is almost to suppose that the consumption of liquor can be increased by driving that industry into the back alleys and away from the bright lights and best corners on main streets.

On the other hand, the brewers themselves have declared that if the law is changed so as to legalize beer, they are going to spend millions of dollars a year in advertising.

When Ontario, Canada, changed from prohibition to government control, the motor accidents increased 60 per cent, although motor registration increased only 25 per cent from 1925 to 1928.

Some folks seem to think that gangsterism and prohibition go hand in hand. Fortunately, the recent investigations in regard to the income tax violations of Capone gave us some definite figures in regard to just how large a percentage of the income of the gangsters came from booze.

The income of the racketeers comes from gambling, vice and other rackets. When he was on his way to federal prison, Al Capone told newspaper reporters that he is opposed to prohibition.

Many Delegates Sent To Roscoe By Church Here

An all-time record was set by the First Baptist Church Sunday when it sent 102 delegates to the quarterly meeting of the Mitchell-Scurry B. T. S. Association at Roscoe.

An audience that crowded the Roscoe church to capacity joined in services under direction of J. G. Woodard. A sword drill for internedians was won by Roscoe, with Snyder second.

During the business session Lorenzo was awarded the next quarterly meeting, and the same church was given the efficiency banner.
