

FIRST GENERAL FAIR OF YEAR BLANKETS ENTIRE COUNTY

MANY SCHOOLS OF COUNTY ARE ENDING TERMS

Several of Smaller Schools Already Closed, While Others Plan To Continue Until June.

This is the central week of school closings in Scurry County. A few schools have already closed their doors for the term, while others are closing this week-end, and a few will continue into the early part of June.

Fluvanna was the first of the larger schools to close, her final exercises closing last night.

Dunn follows close behind, with commencement exercises coming Friday night of this week. Rev. C. C. Glimmer, pastor of the First Christian Church, Colorado, delivered the baccalaureate sermon Sunday evening. Bob Halston is valedictorian of the class that graduates Friday, while Ray Sherrod is salutatorian. President James F. Cox of A. C. C. Abilene will deliver the main address, while Superintendent Guy Stark will present the diplomas and other awards.

Dunn will hold separate seventh grade exercises Friday morning, with Frances Bowers as valedictorian. J. T. Ross as salutatorian, and Principal Cleo W. Tarter as master of ceremonies.

Hermleigh likewise closes Friday evening of this week. Baccalaureate services were held Sunday. Complete programs for these events were given in last week's Times.

Lloyd Mountain school closed Friday, while Bethel school will end Friday of this week. Ira, another of the county's larger schools, likewise plans closing exercises tomorrow evening. It is understood that Fyron will close next week.

Amendments For Constitution In Times This Week

All four amendments to the State Constitution proposed by the Legislature to be voted on by the people August 26 are carried in The Times this week. Readers who wish to study the suggested changes will probably want to save them for ready reference. They will be run in four consecutive issues.

Senate Joint Resolution No. 39 calls for issuance of \$30,000,000 in state bonds for relief and work relief.

S. J. R. No. 3 concerns adoption of a Home Rule Charter by counties having population of 25,000 or more, and, of course, will have no direct effect on Scurry County.

S. J. R. No. 32 says that the \$3,000 homestead exemption law made effective this year shall not apply to that portion of state ad valorem tax levied for state purposes remitted within those counties or other political subdivisions now receiving any remission of state taxes.

House Joint Resolution No. 43 is the famous beer amendment calling for manufacture and sale in the state of "vinous or malt liquors not more than 3.2 per cent alcoholic content by weight."

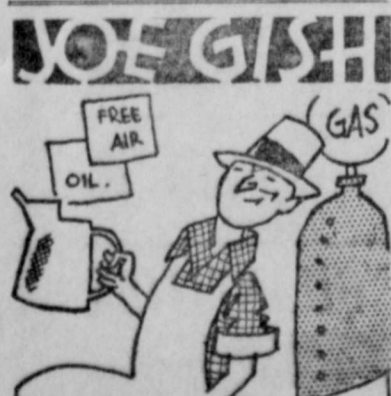

McGlaun in Buffalo Gap At Texaco Meet

Among the Texaco representatives who gathered at Buffalo Gap Thursday afternoon of last week was Alfred McGlaun, manager of the local Texaco Company agency force. Two goats and 100 pounds of beef were cooked for the festivity, attended by 172 Texaco representatives and their families.

O. E. Kolk, representative for zone 10, and E. L. Crawford, zone 9, of which Snyder is a part, had charge of the business meeting. Among the speakers was A. McCrorey, Dallas, sales superintendent.

County Cases Delayed.

The two gasoline shortage cases against the Texas-Pacific Coal & Oil Company, scheduled to have come before county court this week, have been postponed until the next term. C. F. Sentell, attorney for the plaintiffs, said yesterday.

ETH HERMAN SEZ HE'S NOTICED THAT A SQUARE MAN IS SELDOM A ROUNDER.

Pioneer Teacher In County, Mother of H. M. Murphy, Dies

Mrs. Laura Murphy, 85, mother of H. M. Murphy of China Grove, died Thursday at the home of her other child, Mrs. Alice Wilson, at San Angelo. She was a Scurry County pioneer, and is said to have taught the first two schools at Dunn. One sister, two brothers and a stepson, Dr. Murphy of Temple, also survive.

Burial was at Fyron Friday, with Rev. Grady Anderson of Dunn officiating. She was a long-time member of the Methodist Church, of which Rev. Anderson is pastor at Dunn. A large concourse of friends attended final rites.

Pallbearers were her nephews, Oscar Coston of Snyder, B. H. Coston of Slaton, R. C. Watts, J. B. Coston and R. M. Coston of Hermleigh and Lynn West of Tahoka. Flower girls were her nieces, Mmes. Ollie Ely, Opal Coston and Pearl Watts and Misses Verda and Oma Lee Coston, Corine and Lois Vernon.

Out-of-county attendants at the funeral were George Wilson and family of Tahoka, B. H. Coston and daughter of Slaton and Dr. Johnnie Murphy and family of Temple.

W. S. Cathey Is To Handle Times News From Gail

The Times is pleased to announce that W. S. Cathey, Gail postmaster, has been secured as regular correspondent from the Borden County seat town. An old-timer and a citizen favorably known to a wide circle of people in and near Borden County, Mr. Cathey will undoubtedly prove to be one of the most valuable writers on the Times roll of almost 40 correspondents.

This newspaper is particularly pleased to make this announcement because the publishers feel that Snyder should be more neighborly and of more genuine service to its neighbor county and her fine residents.

Mrs. J. F. Maxey writes from Fluvanna that she is turning her correspondent duties over to Mrs. Russell Cavin, since she and her husband are moving to Tazewell. They plan to attend the first six weeks of summer school at Abilene Christian College. "I have enjoyed writing the news," writes Mrs. Maxey.

Mr. E. A. Kruse went back to her writing job at Ira last week, after an absence of several months. At Bison, John Nixon is filling the place just vacated by Miss Zella Lee Addison.

The Times is happy to present these four new writers to the people of Scurry and Borden Counties.

George Mahon Will Seek New Place In National Congress

Announcement was made in The Colorado Record and in the Sweetwater Daily Reporter last week-end that George Mahon, district attorney for the 32nd Judicial District, would be a candidate for congressman from the new 19th District and would announce his candidacy at "the proper time."

"The proper time" is expected to be in the matter, the district attorney is quoted in The Record. "My announcement will come at the proper time and I am pleased to know that I do not anticipate opposition in either the Howard or Scurry Counties, three larger counties of my judicial district."

The youthful attorney received wide notice recently for his successful conduct of the Luther Park trial at Sweetwater. He will be in Snyder next week for the special district court.

Fluvanna Play Will Be Presented Here Thursday Evening

Fluvanna High School will bring its senior play to the local high school auditorium for a performance this (Thursday) evening at 8:30 o'clock. The Sports Club is sponsoring organization. Proceeds will go to the school milk fund. Admission will be 20 to 10 cents.

"Little Miss Jack of the Bowers" is the play title. With Jephtha H. Landrum as stage manager, and E. O. Wedgworth and Mercedes Robertson as directors, the drama will feature the following players: Juanita Ball, J. W. Haynes, Mavis White, Jessie B. Odum, J. Wayne Mears, Elena Clarkson, Homer A. Reeder, Allen Studvant and Cyrus A. Landrum.

Vaudville numbers will include Patsy Snodgrass and Madeline Smith, dance team; Frances Staveley and Madeline Smith, soloists; Barney Pay and Doris May, the Sewall twins, dance team; and "Red" Wedgworth's orchestra.

Aged Resident of Dunn Dies Tuesday

Funeral rites for T. W. Scott, 77, were held at the family residence at Dunn Tuesday morning, 10:00 o'clock, with Rev. T. F. Strother, minister of the Church of Christ at Sweetwater, officiating.

Mr. Scott died Monday at the home of his stepson, J. W. Martin, in Dunn. He leaves a wife, five sons, one daughter and three step-children.

LEGION PLANS POPPY SELLING FOR SATURDAY

Proceeds Will Go To Purchasing Magazines and Supplies For Disabled Ex-Soldiers.

Plans were made at a called session of the Will Layne Post of the American Legion Tuesday evening for an intensive sale of Memorial Day poppies, beginning Saturday of this week.

Memorial poppies, to be worn in honor of the World War dead, will be made available to everyone in the city. The flowers for sale will have been made by disabled veterans in government hospitals, and proceeds will go toward buying magazines and other supplies to make their lives happier.

"No price will be asked for the American Legion poppies," A. C. Preuit, commander, said yesterday. "The post wants everyone to wear a poppy and contribute to the fund for the flower according to his means."

Warren Dodson and John E. Sentell were made members of a committee to arrange a special Memorial Day program for Sunday, June 4. Decoration Day comes next Tuesday.

Although these two major matters were decided at the Tuesday night meeting, the 125 ex-service men were also concerned, as far as discussion went, with the bonus. After a round of speech-making, a resolution was passed that suggested full payment of the bonus balance within the near future.

Ray Fesmire Climbs Into Management of Ranger Ward Store

Ray Fesmire, son of Mr. and Mrs. J. W. Fesmire of Snyder, became manager several days ago of the Montgomery Ward store at Ranger. He had been connected with the Ranger store for 15 months, with the exception of a brief stay in Del Rio. He relieved H. J. Barham, who was transferred to management of the Ward store at Brownwood.

Ray, who began his rise with Montgomery Ward soon after he finished high school at Snyder, has ranked first in the entire south, with the exception of the division of the Ward store at Brownwood.

Ray, who began his rise with Montgomery Ward soon after he finished high school at Snyder, has ranked first in the entire south, with the exception of the division of the Ward store at Brownwood.

Fesmire, in the time he has lived in Ranger, has become well acquainted with the people of this section of the country and has a large number of friends who are glad to welcome him back to the city and who congratulate him on his promotion to manager of the store.

Fesmire is considered a capable man for the position as manager of the Ranger store, which is one of the most important units in the southern division of the company. During the recent Ward Week sale in the store ranked third in the entire southern division, which is a remarkable showing for the local store. Shawnee, Oklahoma, was ranked first in the foreground, other wagons, golden plains and stately mountains in the background.

"The Birth of the Flag" hangs just west of the stage. It depicts Betsy Ross and her three co-workers as they work on the first flag of the independent American union.

Only a visit to the auditorium will give one an realization of the new beauty given by the two works of art.

Couple of Holidays On Tap For Bankers

Snyder bankers will escape the shuffling of figures and loose change for two days quite soon. Tuesday, May 30, will be observed as Decoration Day, while Saturday, June 3, Jefferson Davis' birthday, likewise has a closing day. The Fourth of July, ordinarily a holiday, comes this year on Sunday.

Brother of Snyder Woman Heads M. D.'s

Dr. S. A. Ross of Lockhart, brother of Mrs. Dora Cunningham of Snyder, was named several days ago as president of the Texas Medical Association, which convenes in regular session at Fort Worth. The Lockhart doctor has long been a leader in medical circles. He is well known to a number of local people.

No Snyder doctors attended the state convention, those who planned to go having been delayed at the last minute.

Mrs. Keller Returns.

After a lengthy absence from the Hollywood Shop, due to a major operation at Fort Worth, Mrs. John Keller returned to her place early this week. With the exception of being slightly weak, she is feeling fit and fine.

LOLA MAE LITTLEPAGE GIVEN DESIGNATION AS 'IDEAL GIRL'

Lola Mae Littlepage is the Ideal Girl of Snyder High School, secret ballots cast by all other young women of the school, comprising the Girls Club, said this week. Mary Margaret Towle ran a close second in the voting, while Frances Northcut and Martha Jo Jenkins tied for third place.

Ballots were passed after a representative from each of the four high school classes had given her interpretation of the type of girl that should be selected as the S. H. S. ideal.

In the first selection of the kind ever made—last semester—Frances Clements, a graduate next week, was named, with Evelyn Erwin second and Lola Mae Littlepage third.

Selection as Ideal Girl carries with it a number of honor points toward the place as honor student at the end of the semester.

Miss Mattie Ross Cunningham, sponsor of the Girls Club, deserves credit for fostering the unique contest, and for serving as counselor and friend to the girls throughout the school year.

Following is the ballot used by the girls in selecting the school's Ideal Girl: "Who, of all the girls in our school, is, to your mind, the best example of what a high school girl should be?"

"Which of our girls comes the nearest to your ideal of girlhood?" "What Snyder High School girl expresses in her every-day life the highest qualities of character, and service to school and community, the sunniest disposition, the finest courtesies?"

Rotan Building Bigger Reservoir At Camp Springs

Construction began last week on the 70,000-gallon concrete reservoir one and a half miles south of Camp Springs and will be built by the City of Rotan as an supplement to its 17-mile water pipeline.

Foreman Walter Collins says two weeks will be required to finish the storage tank. It is 60 by 25 feet, with a depth of six feet. City engineers estimate the reservoir will hold 70,000 gallons. RFC funds are paying for the construction of the project.

Rotan has a unique water system among West Texas cities. A six-inch main line 17 miles long carries the Camp Springs water to Rotan. A number of people have tapped the main line between Camp Springs and Rotan. Hobbs High School is a user of the water. The water tests 98 per cent pure.

Approximately \$140,000 was required to build the pipeline system and a reservoir, now being supplemented with one of concrete. Jim Jones runs the pumps.

City alderman of Rotan, under whose sponsorship the system is operated, are C. R. Moon, Mark Strickland, J. V. Holms and W. E. McKinney. Carl McCombs is city secretary—L. G.

Tom Carr Back With Snyder Lumber Yard

Excuse us, Tom. You came back to Burton-Lingo lumber yard a couple of weeks ago, but we somehow failed to tell the public about your arrival.

If we mistake not, you've been in Abilene most of the time since you were with the same yard here back in 1931. We know Manager C. W. Harless is tickled to have you back with him, and your old friends and cronies here are the same, thank you.

Last Half of Taxes Due Before July 1

June 30 is the last day on which payment of the last half of the 1932 county taxes can be made without their becoming delinquent, according to W. W. Nelson, county tax collector.

With the improvement of business and farming conditions it is expected there will be an increase in the payment of the state and county taxes this year as compared to the payment a year ago.

Miniature Field of Battle Is Exhibited

Stirring battlefield scenes based on the World War are being viewed this week by many persons who have paid dimes at the big van across the street from the post office.

The exhibit, in miniature, of course, is showing under sponsorship of the local American Legion post, which will receive 25 per cent of the proceeds. More than a million persons have seen the show.

SERMON TO BE PREACHED FOR GRADS SUNDAY

Rev. Sam H. Young Will Deliver Baccalaureate Address—Senior Exams Held This Week.

Baccalaureate services for the Snyder High School spring graduation class of 1933 will be held in the auditorium Sunday evening, beginning at 8:00 o'clock, with Rev. Sam H. Young, local Methodist pastor, delivering the sermon.

With Miss Helen Boren playing the professional, the Choral Club will enter the auditorium in advance of special guests and graduates, singing "Holy, Holy, Holy." After a congregational song, the invocation, and the scripture reading, Mrs. John E. Sentell will sing. Announcements will precede the sermon. Miss Boren will play the recessional, and announcement of honor students will also be made.

Commencement exercises will be held Friday evening of next week. Dr. H. C. Pender, professor in the government department, Texas Tech, Lubbock, will be the speaker of the evening. Thirty-three students are scheduled to receive diplomas, and announcement of honor students will also be made.

Seniors are taking their examinations Wednesday, Thursday and Friday of this week. Other high school exams will come Tuesday, Wednesday and Thursday of next week.

Snyder Golfers Lose Sunday's Match To Boys From Lamesa

Lamesa Sand Belt Association golfers proved to be just a little tougher than the local pivot diggers Sunday afternoon when they defeated Snyder on the local course to the tune of 24 to 16.

Following are results of pairings and foursome play: J. W. Roberts lost to Vaughn, Lamesa, taking foursome honors on the eighteenth; Red Hill and Wayne Boren, playing in the last foursome, lost everything to Bass and Bill Tatum.

Snyder's next match will be with Odessa Sunday afternoon on the local course. This match was moved up from June 4 due to the fact that the West Texas Golf Association tournament begins June 1 in Wichita Falls, ending June 4.

Tom Carr Back With Snyder Lumber Yard

Excuse us, Tom. You came back to Burton-Lingo lumber yard a couple of weeks ago, but we somehow failed to tell the public about your arrival.

If we mistake not, you've been in Abilene most of the time since you were with the same yard here back in 1931. We know Manager C. W. Harless is tickled to have you back with him, and your old friends and cronies here are the same, thank you.

Loading Rack Built By Utilities Plant

A loading rack designed for use in re-icing freight cars has just been completed at the local plant of the Texas Public Utilities Corporation. R. Miller, manager, points out that the new rack is built according to the latest pattern for such a rack, and will care for cars quickly and efficiently.

Large blocks of ice are elevated to the rack with an electric hoist. Fruit cars carried from the T. & P. to the Santa Fe by the R. S. & P., as well as other produce hauled by the short line, is the principal source of revenue for the rack.

Bill Paying Claims Most of Court Time

For the second consecutive session the Commissioners' Court had little time of it. When the county dads convened Monday they did little more than pay a big dose of bills, for as Judge Robert H. Curran said, there was little else to be done at the time.

The judge was authorized to complete a deal for hall and tornado insurance on county property, which is to be paid one-third by warrant, one-third in one year and one-third in two years.

Brother of Pastor Will Preach Sunday

The Baptist pulpit here will be occupied Sunday morning by Rev. C. P. McGahey, brother of the pastor, Rev. Philip C. McGahey. The church will dismiss in the evening for the high school baccalaureate services. The local pastor has been attending sessions of the Southern Baptist Convention at Washington, D. C. He is expected to return early next week.

A quartet composed of four Simmons University girls sang several numbers last Sunday morning, but illness of one of the members prevented carrying out the full program. A delayed Mother's Day program was staged Sunday evening by the younger departments of the Sunday School.

Seventh Graders To Stage Exercises In School Here June 2

County-wide graduation exercises for seventh graders will be held in the Snyder High School auditorium Friday morning, June 2, at 7:30 o'clock, according to Frank Farmer, county superintendent.

In making this announcement, Mr. Farmer points out that teachers should have their seventh grade papers and reports into his office before Thursday of next week, and not later than Monday if possible.

The superintendent and R. S. Sullivan, principal of the local grammar school, are arranging a full program for the morning. O. D. Dial, minister of the Church of Christ, will be principal speaker for the occasion.

Practically all schools of the county will send one or more seventh grade graduates to the exercises, with Snyder furnishing the largest number, of course. Scurry County was one of the first counties to inaugurate county-wide uniform seventh grade examinations and graduation exercises.

Mildred Harless Snyder's Cowboy Reunion Sponsor

Miss Mildred Harless has been named as Snyder's sponsor to the Texas Cowboy Reunion, which will be held at Stamford July 2, 4 and 5. H. G. Towle, as mayor, made official announcement of the appointment yesterday, at the request of reunion officials.

The local representative, daughter of Mr. and Mrs. C. W. Harless, is in charge of the city water office. An elaborate program of entertainment is being prepared for the sponsors from various West Texas cities, according to word from Stamford. The reunion annually attracts a number of Scurry County citizens, especially old-timers and those directly interested in the cattle business.

Three prizes are being offered for the most attractive sponsors who attend the reunion. Sponsors must be mounted, and both horse and rider will be considered in judging for the prizes, points being given on the girl's horsemanship as well as on her mount and equipment. Sponsors must provide their own mounts, equipment and costumes, but the reunion management will provide grooming and feed for the animals.

Dickens County Man Runs For Congress From 19th District

Fred C. Halle of Spur, Dickens County, said Monday while in Snyder that he planned to enter the race for the new 19th District congressional seat. He contemplates no opposition from the 118th State Representative District, composed of Scurry, Dickens, Kent, Stonewall, Garza and Borden Counties.

Mr. Halle, who operates an insurance company at Spur, was a candidate for state representative last year. He led the group of five candidates in the first primary, but was defeated in the final race by Joe Merritt of Scurry County.

Judge Clark M. Mullican of Lubbock announced his candidacy immediately after the new district was created, and District Attorney George Mahon of Colorado made an informal announcement of his candidacy last week.

New State of West Texas To Be Talked

A discussion of the new state of West Texas will be given over radio by W. W. Halcomb, Dumas publisher, Monday evening, May 29. The talk, scheduled for 7:00 o'clock p. m., will be broadcast through station KGBS, Amarillo.

Halcomb, publisher of the Moore County News, is known to his readers as the "World's Worst Hick." He presented a discussion of the new state subject at the recent convention of the Panhandle Press Association.

Official Opening of New Bridge Delayed

Vehicles have been using the new Deep Creek bridge to some extent for a week, but the structure has not been officially opened because of delay in finishing the caliche topping. F. Yoder stated yesterday that the final touches should be given before the week has passed.

Rails have been erected along each of the approaches, heavy rock abutments bolier either side of the structure, and a well graded street now features each approach.

New Jewelry Store Opened By Ansonite

J. J. Dyer is operator of the jewelry and watchmaking shop that opened last week on Twenty-fifth Street, just west of Bert Baugh's tailor shop. Signs telling of the new business adorn the building's front.

Mr. Dyer comes from Anson, where he was reared, and where he has been in the same line of business for some time. He and his wife have moved their household goods to Snyder.

DRY WEATHER SIEGE BROKEN BY DOWNPOUR

Water and Hail Damage Reported in Several Areas—Cloudy Skies Continue To Threaten.

Clouds that have been hovering over the county, practically every day recently burst forth in pleasing fury Wednesday, leaving a trail of soaked fields and beaming faces.

The rain broke a near-drought that had lasted since late in 1932, and gave farmers some opportunity to plant their cotton after a weary delay. Ranchers are also grinning, for their pastures were beginning to tell a tale of sweeping winds despite the deep winter season.

The downpour that began in Snyder late in the afternoon had increased this morning to 1.27 inches, and murky skies continue to threaten Old Man Dry Weather.

Heavy Fall in North. The northern part of the city received a heavy rain before war clouds vept for Snyder. Fluvanna reported around three inches, while the Dermott and Polar county was drenched to the bone. Deep Creek bore the brunt of the downpour, and went out of its first banks during Wednesday night.

At the Tom Davis place, between Snyder and Dermott, a small twist-er sucked the barn and rent house off their moorings, leaving Tom and Les Davis, and a negro tenant, practically roofless, but unharmed. Extensive damage is said to have been done on the place.

Heavy hail beat a path west and northwest of town, but it is believed that ranch country received the brunt of the attack and little damage was therefore done. On the west county line, and onward to Gail, it is reported that heavy rains rushed across fences and gullies and pastures, wreaking some damage.

As far as The Times has learned, all the county except a small area around County Line, south of Snyder, received from an inch up to four inches during Wednesday.

A report this morning made possible through courtesy of the W. R. Merrell family, who operate the official government gauge, shows the year's rain total at Snyder to have been 4.93 inches through this morning—a total much higher than the average observer would have opined.

Final Exercises Held Last Night By Fluvannaites

Final graduation exercises were held last night by the Fluvanna schools, first of the county's larger educational institutions to close for the year. John E. Sentell of Snyder delivered the address of the evening, and H. H. Haynes, president of the school board, delivered diplomas to senior seniors.

Cyrus Landrum is valedictorian of the graduating class, and Josie E. Odum is salutatorian. The seven other graduates are as follows: Juanita Ball, Homer Reeder, Allen Studvant, Odell Hall, J. W. Haynes, Wayne Mears, Jephtha Landrum.

Fluvanna graduates from grammar school to high school also received their diplomas last night. The senior play, "Little Miss Jack," played to a good house last Saturday night.

Rev. Choise L. Bryant, minister of the Church of Christ at Fluvanna, preached the baccalaureate sermon Sunday morning. Music was provided by a choir of 50 voices.

Good Reason Why Business Is Bad In All Parts of U. S.

The Chamber of Commerce at Wichita, Kansas, recently tested the salesmanship of that town in the effort to find out why "business is bad."

Ten men were given \$10 each and sent out to make trifling purchases of 50 cents or less. They were instructed to buy whatever the clerk's suggestion was, until their capital was exhausted.

At the end of the day 10 turned up with \$96.40 still in hand. Suggestions from salesmen, all, and of the \$100 clamor, had been spent the stores got by.

Is there a tip here for salesmen in New York, Chi and Los Angeles?—Los A. Herald-Examiner.

The Times thinks such a would be interesting if cond in Snyder.

### Club Meets In Home Of Mrs. W. J. Ely.

The Twentieth Century Club held its last meeting for this season Tuesday afternoon in the home of Mrs. W. J. Ely.

"The God's Arrived" by Edith Wharton was reviewed by Mrs. B. M. West. Mrs. Joe Strayhorn, leader, gave an editorial on Alice Duer Miller, and Mrs. Ely told the story, "Forsaking All Others" by Alice Duer Miller.

Refreshments were passed to Misses H. J. Brice, Nelson Dunn, B. M. West, C. E. Fish, J. E. LeMond, P. C. Chenuault, W. C. Hamilton, W. M. Scott, Joe Strayhorn, Allen Warren, J. J. Taylor and O. S. Williamson. Mrs. L. G. Ely was a club guest.

### Business Women Have May Breakfast.

The annual May breakfast for the Business and Professional Women's Club was given Tuesday morning at the country home of Mrs. R. W. Webb, at which time Messrs. Webb, Louie Dodson, Dora Morris, S. H. Young, Elsa von Roeder and Bernice Adams were hostesses.

The menu consisted of oranges, delicious fried chicken, hot rolls, coffee, jam, preserves and jelly.

Guests were Mrs. A. V. McAdoo and son, Jack, Mrs. H. C. Moore and Erlene, Mrs. T. L. Lollar and little Miss Ann Webb. Members present were Misses Hattie Wade, Woodie Scarborough, Edith Hull, Mae Rogers, Ethel Eiland, Daisy Smith, Vera Miles, Edna Tinker, Nancy Caton, Ida Merrill, Adelle Smith, Mable Deakins, Katherine Thrane, Misses Kenneth Alexander, Grace Avery, Pauline Boren, Grace Holcomb, Ora Norred, Glennie Moschel and Lil Jo Wilson.

### SOMETHING TO HOLLER ABOUT!

EXTRA! EXTRA! Red & White STORES SCORE A SALES KNOCKOUT!

WHEN a brand new system of co-operative grocery marketing was introduced in Scurry County on the second of October, 1931, members of the volunteer group quite naturally decided to employ newspaper advertising

—In The Times, of course,—as the most profitable means of "telling the word." A special eight-page section of The Times, featuring a double-page ad by the Red & White Stores, plus a number of ads from manufacturers, introduced the system.

NOW, after twenty months of outstanding merchandising success for the group of nine R. & W. Stores in this county, newspaper advertising is still the principal medium used for reaching the folks. "It pays," says W. C. Hamilton, local manager of the Wooten Grocery Company, wholesalers for the group of stores in this area; and he is joined by each of the nine retail stores that compose the Snyder branch.

THE eight-day selling campaign to make "a million new friends," which ended early this month, proved such an outstanding success that R. & W. members have renewed their firm belief that consistent newspaper advertising, plus wide-awake, cooperative merchandising efforts, is almost equivalent to the fabled goose that laid the golden eggs.

There's a Reason for consistent advertising in The Times, Mr. Merchant... it pays and pays!

### Musical Coterie Is Entertained Recently.

The Musical Coterie met recently in the home of Mrs. R. L. Williams, with Mmes. Williams, J. E. Sentell and Melvin Blackard as hostesses.

A very enjoyable program was given, Mrs. Sentell being director. Members answered roll call with current events.

"Power and Glory" by Sousa was a piano selection played by Mrs. Homer Snyder. Mrs. W. W. Hamilton sang "Howdy Do, Miss Springtime" by David Guion. A piano number, "Southern Nights Waltz," also by Guion, was played by Mrs. Roy Stokes.

"Little Mother o' Mine" by Burleigh was the title of a vocal selection sung by Mrs. J. R. Sheehan, and violin solo, "To a Wood Violet" by Felton, was played by Mrs. J. E. Hardy.

At the conclusion of the program refreshments were served to Mrs. J. H. Sears and Mrs. Dora Cunningham, guests; and to Mmes. W. W. Hamilton, J. E. Hardy, A. C. Frett, W. W. Smith, Homer Snyder, Roy Stokes and Elmer Spears and Miss Ora Norred, members.

### Art Club Enjoys Picnic Monday.

A picnic given Monday evening, 6:00 o'clock, was the last get-together meeting for members of the Art Guild for this club season.

An enjoyable program, with Mrs. Exon Joyce as leader, was given at the picnic scene. Response to roll call was "My Favorite Recreation." Miss Effie McLeod spoke on "Gardening as an Art," and a reading was given by Miss Maurine Cunningham. Miss Bonnie Gary gave a short story, after which the members engaged in a discussion on "Reminiscences of the Club Year."

Members present included Misses Loyce Clark, Jo Bailey, Mattie Ross and Maurine Cunningham, Hattie and Gertrude Herm, Effie McLeod, Opal Wedgeworth and Bonnie Gary; Mmes. Omah Ryan, Mary Clark, Overa Jones, Mary Ruth Spears, Albert Snyth, Ellen Joyce and Leola Williams. Miss Doris Pope Elza, a new member, was also present. Mrs. Joe Caton and Mrs. Alfred McGlaun were guests.

Mr. and Mrs. John Langford were visitors in Abilene Wednesday.

### Saretta Morrow Is Presented In Recital.

Miss Saretta Morrow, violinist, daughter of Mr. and Mrs. W. M. Morrow, former residents of Snyder, was presented with Lorraine Middleton, pianist, in a recital Friday evening at the home of Dr. and Mrs. E. R. Middleton in Abilene.

Saretta, only 12 years old, displayed unusual talent in the playing of "Andante" by Gluck, "Nachtstück" by Schumann, "Madrigale" by Simonetti, and "Mazurka, Op. 25" by Zarzky.

Miss Inez Caskey and Mmes. W. L. Jones and J. Vaughn were visitors in Colorado Tuesday.

Mrs. Dixie Smith is visiting with friends and relatives in Spur this week. Bessie Smith has returned to Snyder from Paint Rock.

### Baptist Women To Be Fifth Monday Hosts.

Ladies of the First Baptist Church will be hosts at the fifth Monday meeting of Woman's Missionary Societies of Snyder Monday afternoon, 3:00 o'clock, at the Baptist church.

The following program has been arranged:

Opening song. Devotional—Mrs. R. S. Snow. Special Music—Methodist Church. Talk, "Parable of Jesus"—Mrs. Fred A. Grayum. Reading—Mrs. John Irwin. Closing prayer.

Ladies of all churches in the city are invited and urged to attend this meeting, according to those in charge.

Each day brings new arrivals in graduation gifts. Towle's Jewelry.

Washington—A new wrinkle for the spending of taxpayers' money has been worked out here by the office of education, which is helping the radio station of the country to answer the criticism that there is too much advertising on the radio.

One C. M. Koons, a member of education office, has been designated as "senior specialist in education by radio," and is now visiting radio stations all over the country for the purpose of discussing with broadcasters the problems they face in planning daily programs.

The office of education itself has taken the initiative in this movement, we are told, by sponsoring a series of programs and acting as a clearing house for the exchange of radio manuscripts "dealing with educational and cultural subjects of general public interest."

In his visitations, we are politely informed, Mr. Koons finds that the broadcasters "are eager for new ideas on what to give the radio listeners."

To create this "eagerness" it is costing the American taxpayers a pretty penny, and one naturally wonders why the office of education should be devoting the time of a federal employee to assisting radio stations which are run primarily for private profit for their owners.

Since the service was started about a month ago, "the desire of stations to use the programs" furnished at the expense of the government "has been growing, and more requests are being received every day."

This is not at all surprising, for the broadcasters have a reputation of wanting to get something for little or nothing. Witness their fight against the Society of Authors, Composers and Publishers, which has demanded decent royalties from the radio stations for use of writings and musical compositions by the

**Says Her Husband Lost 16 Pounds In 4 Weeks**

"I have never found a medicine that 'peps' you up like Kruschen Salts and better still, leaves you 'pepped up.' I take it two or three times a week—not to reduce but merely to feel good and clean. My husband took it to reduce, he lost 16 pounds in four weeks."

Mrs. E. A. Ferris, Washington, D. C. (December 29, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one-half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts four weeks costs but a trifle—at any drugstore in the world, but be sure and get Kruschen Salts, the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.—adv. w-1

Estelle Taylor, former wife of Jack Dempsey, threatened to subpoena "Half Hollywood" to prove she never touches intoxicating liquor, in her suit for \$150,000 damages in an anti-sterilization suit.

society's members. Under energetic management of Mr. Koons, we are further told by the office of education that "surveys of trends have been made by this office," and the "senior specialist in education by radio," who was appointed by the Hoover administration, "has followed the development of jazz programs, the crooner, the mystery dramas and comedy skits."

Holders of broadcasting licenses have never paid the federal government a nickel for the privilege of using the people's ether. They have profited handsomely from radio advertising, and just why the office of education, which is under the Department of the Interior, should expend more federal funds in order to give the listening public decent programs is not quite clear.

I suspect that the nigger in the woodpile is that Mr. Koons's program gives Mr. Koons a junket at the expense of the American taxpayers.

Unless I miss my guess, the suggestion was hatched by American Association of Broadcasters, which can not have ignored the growing protest from the American public against the tawdry musical programs that have been mere excuses for nauseating advertising baloney. I hope that the intelligent and progressive Mr. Ickes will not be taken in by such sophistry as the title of "senior specialist in education by radio." Let him look into this whole subtle business and insist that if the broadcasters are too dumb to give the American public decent programs, the time has come to reorganize broadcasting and take it out of the hands of organizations and individuals operating radio stations for selfish, private gain.

**Several Young Men Sent To Lubbock As Reforestation Aids**

Three more Scurry County young men were called to Lubbock late last week for entry in Uncle Sam's reforestation army. They are Felix Jarratt, Stanfield Cooper and James Bowen. A card from the boys indicates that they have been trained for Ft. Sill, Oklahoma, without examination.

Two others were sent from here two weeks ago, and it is presumed that they, also, were sent to the Oklahoma training site. The county's quota of 25 men is ready to embark at once, Sam Hamlett, in charge of the office here, said this morning. Word has come from headquarters that all applicants who are accepted will probably be entrained not later than the first week in June.

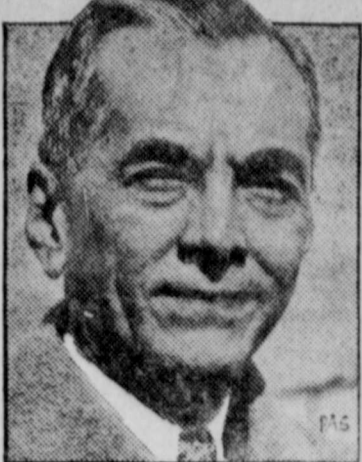

There was serious riding in a certain Texas town, and the mayor wired to the governor of Texas for Texas rangers to quell the disturbance. When the next train arrived from the capital, one ranger stepped off.

"Where is the rest of your outfit?" demanded the mayor. "The rest?" replied the ranger. "You ain't got but one riot, have you?"

"Well, now," said an Englishman at last, "suppose you tell us something you can't do, and, by jove, I'll undertake to do it myself." "Thank ye," replied the Scot, "I canna pay ma bill here."

The Times Creed.

For the cause that needs assistance;
For the wrongs that need redress;
For the future in the distance,
And the good that we can do.

THE WEEKLY DOZEN.

A Game for the Big Shots.
During a recent Mexican election several men failed to vote because they had no ammunition.—Elkhart Record.

Hick Town Definition.

A hick town is one where the folks know all the news before the paper comes out, but merely take the paper to see if the editor got the story according to the way they heard them. Well, that includes a lot of great big places.—Trenton, Missouri, Republican.

Concrete Evidence.

A concrete evidence that business is improving is being felt by the weekly newspaper in a decided increase in national advertising during the past two or three weeks. Big business, which has been more shy than the little fellow, is now saying with cash that better days are here.—Stamford American.

Maybe It Is the Horse Laugh.

Since the vast majority of newspaper and public men have become outspokenly anti-prohibitionistic, a few friends of the Times have intimated that our dry editorial policy deserves the horse laugh. We take it that only horses, with only enough brains to look a few hundred feet into the future, are capable of giving horse laughs.

More Signs of the Times.

C. Wedgeworth, local superintendent of schools, spoke truth during a Sunday School lecture a few days ago. He related that public sentiment, public morals and public conscience are about-facing as completely as they did two or three decades ago, when quick means of communication and travel first came into being. Beer, betting, sex, satiety.

The War Lies.

With so many serious accidents to warn of the danger of fast and reckless driving it does look as though folks would come to their senses and try to eliminate the threat of death from our streets and highways. A person is not quite as safe on our highways these days as were soldiers in no man's land during the World War.—Big Spring Weekly News.

Character Education.

The present emphasis on character education is an attempt to help America grow up morally. Needed changes in modern society will be brought about, not by bludge and better prisons, nor by more legislation, but by supreme effort of greater individual integrity. This may well be our major responsibility.—Mary D. Barnes, Continental School, Elizabeth, New Jersey.

A Matter of Time.

Our legislators have been spending the past three months trying to devise new taxes for the people to pay so as to increase the state revenue. If the legislators had spent the same time trying to devise means of collecting the taxes that are already operative, they probably wouldn't have to have any new tax measures to meet the alarming deficit.—Honey Grove Signal.

The Price of Arson.

The American people are paying \$200 a minute for arson—\$168,000 per day—the Industrial News claims. In any period arson is a prevalent and dangerous crime. In periods of depression it increases amazingly. The past 18 months, says this periodical, home fires have been 30 to 40 per cent more in number than for a like period before the depression.—Floyd County Hesperian.

"Street Closed."

A number of Snyder motorists evidently can not read. The sign leading to the new Deep Creek bridge said "Street Closed" for some time, but car manipulators evidently feel that a street is closed only when it is impassable. . . . And speaking of impassable streets, aren't Guy Adams & Company doing some fine work in surfacing residential streets with caliche? The oil will come later, say the city dads.

A Place for Everything.

There's a place for everything, they say, and we believe the place for advertising is in the newspapers. For instance, after paying from \$18 to \$500 for a radio with which to get prize fights, ball games, political speeches, jazz and classical music, some "bird" starts telling you the merits of some patent medicine when there's not a thing in the world the matter with you. Lord, give us air!—Winters Enterprise.

A Century of Progress.

Some of us gaze when a Snyder laborer offers to do for 15 cents an hour. We should gaze a little higher when we learn that nine per cent of the men workers in more than 200 Chicago factories live less than 2 1/2 cents an hour as regular wages. . . . You may call that progress, but it seems to us that the English people brought about an economic revolution several generations ago, when such wage rates existed.

On to the World's Fair!

A surprisingly large number of Scurry County people are planning to attend the World's Fair at Chicago. The Century of Progress exhibition, which in itself could be ranked as several of the world's wonders, is scheduled to open Tuesday of next week and to end November 1.

It is not too rash to guess that upwards of 50 out of Scurry's 12,000 inhabitants will be in the Windy City for a portion of the Fair. Nor is it too rash to guess that those 50 persons, no matter what may be their prime purpose in attending the giant exhibit, will return with their educational backgrounds and their visions broadened by several years.

Dale Miller points out in The Texas Weekly that Texas's display will probably not be placed in Chicago prior to July 1. Folks from this section would do well to keep this fact in mind when they plan their Chicago trips. "Inasmuch as the Fair will last until November 1, Texas's belated entrance should not prove detrimental to its publicity value," remarks Mr. Miller. "Millions of people, many of them who plan to await the cooler fall months before making the trip, will witness the Texas exhibit and be attracted to the Centennial celebration just three years away.

"Chicago, of course, is in an unhappy plight. Scenes such as gang warfare, an almost bankrupt city government, unpaid teachers roaming the streets, and children burning in effigy a former vice president, are difficult to reconcile with the fanfare and ceremonial pomp attendant upon an exposition grandly termed a Century of Progress. But perhaps the determination to build the exposition high above these travesties of civilization of the World's Fair will fit it not in its pride in the past but in its faith in the future. If it promotes the ultimate attainment of the progress it now purports to depict, it will have served a lasting purpose."

If There Is a Depression.

If there is a depression on in Scurry County no one could tell it by glancing at the pages of The Scurry County Times, published at Snyder. Owing to a liberal amount of advertising from the local merchants, The Times was compelled to issue 10 pages a couple of weeks ago. Last week the regular edition of eight pages was loaded to the brim with paid messages from the local merchants.

The Times is an eight-page, eight columns to the page, contains 22 inches long, requiring an immense amount of reading matter and advertising to fill the paper, and The Times always has both.

It stands to reason that Snyder merchants are not paying out good hard-earned dollars in advertising for the pleasure they get out of seeing their names in large and bold ad type, or solely as a measure to put dollars in the pockets of the publishers of The Times. They are patronizing their home town newspaper because their advertising is bringing results. They are enjoying a good business in return for the business they are giving to The Times. If advertising were not a paying investment, is anyone so void of intelligence to harbor the idea the merchants are advertising with The Times just because The Times is an institution whose alms must come from the charitable inclined? No, not on your tinfoil! Snyder merchants are broad gauged business men. They are wise to the fact that if they expect to compete with keen competition that is set up in the larger cities close by, they must adopt the method employed by their competitive merchants—that is, advertise their wares, and make their messages so attractive that the trading public will beat a path to their stores.—Stanton Reporter, May 12.

First Man—"May I ask what piece of paper that is which you are gazing at in such a melancholy way?"
Second Man—"You may. It's a diploma from the great school of experience."
First Man—"I don't understand."
Second Man—"It's a canceled note I've just had to pay for another man who came in hurriedly one day and asked me to endorse it."

"Handsome home Dr. Carver is putting up! Wonder how much of an outlay it represents?"
"As a rough guess I would say no less than 40 appendicitis cases, 50 tonsil cases and half a dozen tumors?"

Mr. McDonald and M. Herriot may have been somewhat at sea for a few days regarding what they said to President Roosevelt, but now they have reached home, the politicians who stayed in London and Paris are making it all clear to them.—Exchange.

CURRENT COMMENT BY LEON GUINN

With black smoke darkening the landscape in steel centers and increased orders in the textile industry, we have this week two bright spots in industry, somewhat erratic, but always an interesting business barometer. . . . Cleveland steel mills were last week up to 54 per cent of capacity, which sounds good to the farmer having cream and eggs to sell, and indicates to the merchant things are on the up and up. . . . Like a fruit cocktail to the Cotton Textile Institute is the highlight that 600,000 spindles have recently been set humming, wages increased 10 per cent in South Carolina. . . . Textile units with increased orders are rayon, dress, overall and shirt factories. . . . The automobile and rubber industry finds booked orders upping. . . . Yet 13,000,000 unemployed Americans create dark clouds on the horizon, although the eccentric William Green of the American Federation of Labor has it the figure is 13,250,000.

For the first time since the mellow master, Time, started the twentieth century rolling along, the U. S. Department of Agriculture finds the wheat crop prospect below estimated needs. . . . In the wheat belt of the Southwest it will be recalled farmers with low price pains intended last winter to use wheat for fuel. . . . Among other advice nuggets, it is suggested goodly supplies of flour and sugar be purchased within the next 15 days, elevator and sugar beet men assert. . . . The government subsidy, known as the Cotton Stabilization Corporation, has retired from cotton dealing. . . . Bookkeepers conclude about \$94,000,000 was the loss this price-piddling cost.

The Literary Digest, which caters to high crust opinions concerning news happenings, drapes its pages with the influence of a new editor, Arthur S. Draper of the New York Herald-Tribune. . . . When Draper was elected science editor of the Tribune he thought of a college theme concerning street-car lighting he tried many times to sell Tribune editors. . . . As he had a \$15 weekly allowance to purchase manuscripts, he purchased the street-car lighting theme, ran it in four installments. . . . The Literary Digest borrowed from the magazine Time the idea of condensing news picture stories by quoting under the pictures a line from the story text. . . . You would be surprised to learn how widely The Digest is read in Scurry County (the subscription bureau does not care to state). . . . High school students find it useful for currently condensed events.

SYNOPSIS—Pauline, sentimental, trusting, sincere and loving love, becomes engaged and marries Dennis O'Hara. The bride, that their blissful happiness will continue through all the years. On her wedding morning she awakens with a strange premonition that maybe love does change, a thought buried in her mind by a letter from her closest friend, Barbara, the night before. Pauline adored Barbara, who had been married, was the mother of a child which died, but now divorced and living a life which some of her friends could not understand. Between Dennis and Barbara is a seeming wall of personal dislike by both. Six months after Pauline's wedding, Barbara comes for a short stay. During this visit Barbara confesses to Pauline that there is a man she really loves, but she refuses to tell his name. Barbara decides suddenly to go home and Pauline is shocked to drive her to the station. Irritated, Dennis drives recklessly, and they are in a crash. Barbara escapes injury but Dennis's leg is broken. As he returns to consciousness he learns who the man is that Barbara loves. It's himself. Dennis stays several weeks in the hospital. Barbara returns to stay with Pauline, but on one pretext or another fails to visit Dennis. Pauline plans highly for Dennis's return home. . . . ### Banker Who Had Start In Snyder Goes To Capitol

An energetic young man who received his first banking experience in Snyder—at \$30 monthly—is making good under the big dome at Washington, D. C.

He is C. L. Ezell, son-in-law of W. W. Nelson, who left his place in El Paso in March to become associated with the comptroller of the currency. He is now chief overseer of more than 100 banks in the Southwest that opened under government restrictions after the banking holiday.

Mr. Ezell was in the drug business in Knox City when he married Ida May Nelson, "Uncle Billie's" daughter. Shortly afterwards, in order to learn the banking business, he offered to work at the First State Bank & Trust Company, Snyder, without a salary. But the directors, including Mr. Nelson, gave the newcomer \$300 a month as a starter. That was in September, 1929.

The remainder of Mr. Ezell's interesting story, as told in a recent issue of The Hamlin Herald, by J. W. Ezell, bank president there and a brother of C. L. Ezell, follows:

About March, 1909, he was requested by the commissioner of banking at Austin to come there for the purpose of taking an examination, looking to the appointment as a state bank examiner. In this group there were 18 bankers from over the state to take the examination, and only three made satisfactory grades. Ezell's grade being the best. He was given the first appointment as an examiner from the list.

This work took him to El Paso, and after a year on the force of state examiners, he resigned to return to the banking business in El Paso, being elected cashier of the Security Bank & Trust Company, a bank he had just finished consolidating with the Commercial National Bank of El Paso. He remained an officer of this bank until it was consolidated with the Border National

Bank in 1922 and then became its vice president. In May, 1924, the City National Bank of El Paso was closed and as a result the Border National Bank was forced to close due to withdrawals by depositors as a direct result of the City National's closing.

Ezell was retained by the receiver of the Border National Bank in its liquidation, and nine months after it closed the depositors received an average of 87 1/2 per cent on their deposits.

In September, 1931, Ezell was selected by the receiver, S. O. Porter of the First National Bank of El Paso, as his assistant. In November, 1931, he was appointed receiver of the Nogales National Bank of Nogales, Arizona, but declined the position to remain with the liquidation of the First National Bank of El Paso. In January, 1933, he was appointed receiver by the comptroller of currency for the Marlin Citizens National Bank at Marlin, but on account of plans for reorganization of the bank his appointment was revoked.

Mr. Ezell also served the government in 1918 and 1919 by being appointed a committee member from El Paso and West Texas by the board of directors of the War Finance Corporation on lending money on livestock during the period following the war, serving at Fort Worth under the chairmanship of said committee by the late Marlon Sanson.

After the passage by Congress, on March 8, 1933, of what is now known as the emergency act, pertaining to banks and banking, Ezell was ordered to Washington by the comptroller of currency March 15, 1933, to report for duty in his office, whose work, it is understood, has to do with the carrying into execution of this bill.

### Reward.

Every once in a while, surprisingly often, in fact, Rotary's motto of "He profits most who serves best," works out with gratifying literalness. For instance:

An insurance agent, writes a reporter for the Detroit News, sat in his office. Business wasn't any too good. While he was staring gloomily at the door, it opened, and in walked one of Detroit's best known business executives. The agent greeted him, puzzled. For a few minutes they talked of this and that. Then the business man said:

"Mr. Agent, I'm in need of \$250,000 worth of insurance. Will you get it for me?"

The agent recovered enough from his astonishment to say he would. When the details were all cleared up, the agent said to the business executive:

"While I've known you for a good many years, I believe I have not once mentioned insurance to you. You must know dozens of insurance men. Will you tell me why you thought of me when you needed \$250,000 worth of insurance?"

"Well," said the executive, "I have noticed that whenever there's been a community fund drive on, or anything else that asks a man to give of his time and money to a good cause, you've been right on the job. Whenever they've had anything that took a lot of hard work, and thankless work, you've slammed your desk shut and dug in."

"Of course," the executive went on. "I know enough about getting contacts to realize you've gotten some indirect financial benefit out of your civic work, but not enough to pay you for the time you've given. So when I realized my need for this \$250,000 worth of insurance, I sat down and thought about it, and decided that a man who could forget

Ollie Stimson recalls that it rained cats and dogs in Scurry County for several days in succession, just 33 years ago. He came to this county, with his family, in May of 1900, when the country had been as dry as a powder house all year. The constant rain for several days changed the entire aspect of things, and a bumper crop was had by all.

These memories are pleasant to Mr. Stimson since yesterday's fine rain.

### Henry Ford Dearborn, Mich.

May 15, 1933

Time and again I am told—by my own organization and by others—that I penalize myself by quality.

Friendly critics protest our putting into the Ford V-8 what they call "twenty-year steel." They say such quality is not necessary; the public does not expect it; and that the public does not know the difference anyway.

But I know the difference.

I know that the car a man sees is not the car he drives—he drives the car which the engineer sees. The car which is seen, comprises beauty of design, color and attractive accessories,—all desirable, of course. The best evidence that we think so is that they are all found on the Ford V-8.

But these are not the car. The car proper, which is the basis of all the rest, is the type of engine and its reliability; the structure of chassis and body, ruggedly durable; the long thought and experiment given to safety factors; the steady development of comfort, convenience and economy. These make the car.

A car can be built that will last two or three years. But we have never built one. We want the basic material of our car to be as dependable the day it is discarded as the day it is bought. Ford cars built 15 years ago are still on the road. It costs more to build a durable car—but two items we do not skimp are cost and conscience. A great many things could "get by"—the public would never know the difference. But we would know.

The new Ford V-8 is a car that I endorse without any hesitancy. I know what is in it. I trust our whole thirty years' reputation with it. It is even better than our previous V-8. It is larger, more rugged and mechanically a better job all round.

I readily say this in an advertisement because I know the car will back it up.

### STINSON MADE STATE LEADER OF DRUGGISTS

#### Snyder Man Named at Galveston To Head Largest Pharmaceutical Group in the World.

Lee T. Stinson of Snyder was re-elected last Thursday for his 17 years of faithful service to the Texas Pharmaceutical Association. His fellow druggists elevated him from the vice presidency to the presidency of the largest organization of druggists in the world. He succeeds L. C. Benner of Gonzales.

Hardly had the new president been ushered into office when a resolution voicing opposition to a sale of groceries and beer in drug stores passed under his sponsorship.

Congratulatory messages have come to Mr. Stinson from many sources, including one from Lieutenant Governor Edgar Whit.

#### Long-Time Member

Mr. Stinson's membership in the druggists' organization dates back to 1916. He was chosen last year as vice president, and his elevation by seniority was made without opposition. He is the fifth president of the group, which is composed of about 9,000 members.

Not only has the local man been active in state affairs of druggists. He was made president in 1930 of the West Texas Druggists Association.

"I do not deserve the high honor that has been accorded me," Lee said when he returned to Snyder several days ago, "but I shall put my best efforts into the office, with the intention of building our organization to even greater heights of usefulness."

#### Roosevelt Commended

Full cooperation of the association was pledged President Roosevelt in his efforts to rehabilitate the nation's business.

A program jammed with good things, notably varied entertainments and forward-looking speeches, was crowned with a drug show that easily tops all others held under the sun. Twenty-five distributors of drug supplies operated display booths. Mrs. Stinson, Billy Joe Stinson and Miss Frances Stinson accompanied the druggist to the Gulf city.

A. H. Seely of Belton was named as first vice president, C. O. Harris of Houston as second vice president, and Walter A. Adams of Forney was re-elected secretary-treasurer. The next meeting place, sought by Mineral Wells and Texarkana, will be determined by the executive committee.

### Summer School Will Be At Tech As Usual

The regular summer school session, with two terms of six weeks each, will be held this summer at the Texas Technological College, Lubbock, according to announcement of President Bradford Knapp. He pointed out the need of the summer school to allow a class of approximately 130 to complete work for their degrees to be awarded in August; also the session will enable students to finish up courses on the term basis preparatory to the change to the semester plan this fall.

The first term will open Tuesday, June 6, the day following commencement, and will close July 17. The second term will start July 17. In addition to the regular classes, special sessions will be held for students who are unable to attend the regular classes.

### Relative's Funeral Attended by Locals

Mr. and Mrs. C. F. Sentell and daughters, Juanita and Frances, left Thursday night of last week to attend funeral services at Brandon, in Hill County, for A. J. Hewitt, brother of Mrs. Sentell, who died suddenly Thursday. They returned Monday afternoon.

"Corn, cotton and other crops, as well as pastures, were certainly in fine condition in that part of the country," Mr. Sentell said Tuesday. "But," he hastened to add, "we're in much better shape than those farmers down there, who have heavy mortgages plastered on land that sold sky-high during prosperous times."

### Senior Play Makes Double Hit in Week

"The College Hobo," senior play presented by the local graduating class, was approved by two audiences within less than a week. It played before its home audience Friday night, then moved to Ft. Worth Monday night for a repeat performance. Frances Clements and Morris Casey, playing the lead parts, gave an able performance as the fast-moving comedy was unrolled. They were capably supported by Damon Worley, Eldon Birdwell, Ruby Lee, Willard Lewis, Mildred Stokes, Opal Crowder, Wanda Newsom, Mary Alice Simpson, Theo Rigby and Jesse Browning. W. W. Hill was director.

### More Advertising Declared Surest Prosperity Road

The use of advertising media on a more general and extensive scale is the surest way to end the current economic situation and to prevent them in the future, according to Edward A. Flene of Boston, speaking before the New York Advertising Club a few days ago.

Declaring that good advertising, with all it implies, will show the way and lead toward a habit of prosperity such as the world has never known, Mr. Flene held that a good advertisement is just as productive of social and economic values as a good potato patch or a good clothing factory.

Advertising is not a distinct step which is separable from the rest of the economic machinery, but merely is a cog in the wheel and a necessary part of the whole, he continued. Advertising, linked with mass production and distribution, he said, "all help to get bread and butter and other things, the necessities of life and the luxuries of life, which should be available to everyone for every dollar he spends and suggested that the best way to do this would be through low unit costs and low unit profits.

"The problem of the advertiser in these days is not to make people want to buy," he continued. Who doubts that the American consumer wants to buy better clothing, better housing, better food, a higher standard of living all around? The problem is to enable people to buy. I maintain deliberately and with no sense of paradox that this is precisely what advertising ought to do and what advertising can do."

Mr. Flene envisaged the future in most optimistic terms. "Looking ahead out of this present dark hour before dawn," he said, "I see a possible future which is incomparably brighter. I see mass distribution linked with mass production—an enrichment of individual life, a gain in leisure, in enjoyment, in freedom of choice, in liberation from anxiety. The machine is not enslaving mankind. Man is enslaving the machine, and in so doing setting himself free."

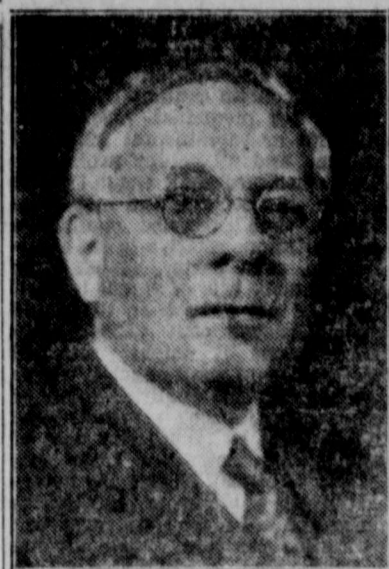

Asserting that in order to maintain its independence a newspaper must have sufficient advertising revenue, Mr. Flene expressed himself in opposition to a reduction in newspaper advertising rates.

Askit—"Do you believe anyone can do more than one thing at once?"

Tellit—"Certainly. There's a typewriter girl in our office who can type, write, and in so doing setting herself free."

Mr. Flene expressed himself in opposition to a reduction in newspaper advertising rates.

### Association Head of All Advertising Agencies

JOHN BENSON—NEW YORK

As President of the American Association of Advertising Agencies, Mr. Benson is easily the outstanding advertising man in the world today. This is the first time he has agreed to address a state press association group and our Texas members are very fortunate that they may hear him at the Texas Press Association Houston convention, June 8th. Texas business men are invited to attend and listen to Mr. Benson's views on advertising the business world today.

### New Industry at Tahoka

Development of a brand new industry for Texas is under way at Tahoka, where J. B. Wolton, former city engineer of Big Spring, is developing a deposit of silica that is known to cover roughly 80 acres. Out of the deposit—residue from a volcanic eruption in prehistoric times—he is making a pumice soap, a floor sweep and cleaning powder that are meeting with a very satisfactory response in the way of sales. Plans for materially enlarging the relatively crude plant now in use are under way.

### MODERN CAMP HOUSES BUILT

Three modern camp houses are being erected at the Stinson Camp Grounds, on the north highway. When completed, they will represent the latest improvements in tourist camp housing, according to the Stinson brothers. Gas, hot and cold water, up-to-date furnishings and other features will be offered tourists.

The Stinsons feel confident that the tourist trade will be considerably increased this summer over last summer, and if conditions continue to improve steadily, they plan to erect more camp houses to care for travelers. Completion of the three houses now under construction will make a total of 14 for the Stinson grounds.

### Rural Children Are Told of Exams Here

Rural children above the ninth grade who expect to enter Snyder High School next term are urged to come in at once and arrange to take entrance examinations. As R. L. Williams, principal, points out, it is extremely difficult for students to pass examinations after a whole summer has elapsed since completion of their work.

Regular exams are not held here until next week, but prospective transfers are urged to make arrangements at once.

### 3 RULES

#### big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a full tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleansing-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

## Tire prices may never be so Low again!

GOODYEAR certainly makes it worth while for you to put money in tires now. Your dollars never bought tires to equal the quality, the safety, the mileage which Goodyear is today building in every tire wearing the Goodyear name—

And because Goodyear now concentrates on two main lines of tires—a real saving in costs is passed on to you.

Look at the present prices of the world's most popular tire, the Goodyear All-Weather — and the prices of the thrifty Goodyear Pathfinder — and you'll certainly agree, it's smart to buy Goodyears NOW—while prices are still down close to bottom, and your money buys more than it may ever buy again.
