Miss Mildred Harless And Aubrey Stokes Married Saturday Morning

Marriage of Miss Mildred Harless and Aubrey Stokes took place Saturday morning, 8:00 o'clock, at the home of the bride's parents, Mr. and Mrs. C. W. Harless, 2707 Avenue B.

Rev. S. H. Young, pastor of the First Methodist Church, read the marriage service before a pretty arch of autumn leaves flanked by tall baskets of bride's wreath. The pre-nuptial music and Lohengrin's Wedding March were played by Mrs. Melvin Blackard. Only relatives and a few close friends were present.

The bride and bridegroom entered together. She wore a gown of wine velvet fashioned in long fitted lines with the Antoine shoulder effect trimmed in ivory satin, puff sleeves and a rhinestone buckle. Her slippers were of silver and ivory, and she carried a bouquet of Crotium lilies.

Immediately after the ceremony the couple left for Fort Worth and other Texas points. Mrs. Stokes travelled in a lovely frock of black tulle embroidered with the white wool thread. Her accessories were of black.

The attractive bride is a popular member of Snyder's younger set. Mr. Stokes, son of Mrs. E. M. Stokes, is a well known cattleman in West Texas.

The couple will make their home in Snyder.

Baptist Canvass Rally To Be Held Next Thursday

Baptists of the eighth district will gather in Big Spring Thursday, September 23, for an Every Member Canvass rally, under general direction of Rev. Philip C. McGahey, Snyder, district organizer. A number of local and county Baptists are planning to attend.

State denominational workers will take an active part in the program. T. C. Gardner of Dallas, state Baptist Training Service director, Dr. C. E. Matthews of Fort Worth and Dr. Wallace Bassett of Dallas compose the outside trio.

Following is the full program for the all-day rally:

10:00 a. m.—Song Service—Rev. W. L. Taylor of Lamesa.

10:10 a. m.—Devotional and words of welcome—Rev. R. E. Day of Big Spring.

10:30 a. m.—"The How of Constructive Enrollment"—T. C. Gardner of Dallas.

11:30 a. m.—"Climaxing 100 Years of Texas Baptist Achievement"—Dr. C. E. Matthews of Fort Worth.

12:30 p. m.—Lunch.

1:30 p. m.—"Growing Individuals, Churches and the Denomination Through Constructive Enrollment"—Dr. Wallace Bassett of Dallas.

2:30 p. m.—Associational Conference.

3:30 p. m.—Inspirational Address—Rev. P. D. O'Brien of Colorado.

Each church in the district is urged to set up its own church organization, and send each member of the organization to the meeting if at all possible. Rev. McGahey states:

Standpatter—"Doesn't Jim ever get tired of his wife's continued sickness?"

"I think not. He says when she's good-natured she sings."

"Did the speaker electrify his audience?"

"No. He merely gassed it."

Chuck Wagon Will Serve As Long As Grub Stake Lasts

The Sweetwater Chuck Wagon, a featured attraction at the Fall Round-Up, will serve as many folks as possible each day, but when the grub is out the late comers will just have to eat somewhere else.

Past experience at Stamford, Wichita Falls, Canyon and other celebration points, revealed that 400 to 600 persons can be served each meal. The food will be served in real plates, and it will be real eats reminiscent of old range days.

Lon Greer and John Hendrix of Sweetwater were here Saturday to make final plans for bringing the Chuck Wagon. They stated that meals will be served at 25 cents per plate. After actual expenses are paid, the Scurry County Red Cross chapter will receive all proceeds. All food will be purchased here.

Checking and ticket collecting will be done by local Red Cross officials, the two visitors pointed out.

Mrs. Daugherty Will Offer Music Lessons

Lucile Strayhorn Daugherty, for the past five years a resident of Corpus Christi, has returned to Snyder to make her home. Scurry County residents will remember the talented musician under her maiden name of Lucile Strayhorn.

Mrs. Daugherty held a prominent place in the musical sphere of the coastal city. For three years she was choir director and organist at the South Bluff Methodist Church, was secretary of the Music Teachers Association, and taught a large piano class.

Fall classes in piano, harmony and theory are now being organized by Mrs. Daugherty, who has her studios at the D. P. Strayhorn residence in East Snyder.

Initial Federal Loans Made For Snyder Property

Three loans for Snyder property are now in course of making, according to statement by Ben F. Smith, government appraiser and manager for the Home Owners Loan Corporation for Scurry County. Mr. Smith appraised three pieces of property in Snyder last Friday, the homes of Earl Fish, W. V. Jones and J. H. Day. These loans have been approved by the government, subject, of course, to titles, etc. In each case improvements and repairs will be made by the government before the loans are finally made.

The J. H. Day home, which sustained major damages in the windstorm early in the summer, is to be repaired, repainted and repapered throughout. The Earl Fish home is to be repainted on the outside. The Jones place, in the east part of Snyder, is to receive two coats of paint on the outside and be repapered on the inside. The government is requiring all property to be put up in first class shape where loans are made.

There have already been about 40 applications filed with the local corporation office, according to Mr. Smith. Facilities of the government through the corporation are available to every home-owner in Scurry County, regardless of location, where he is in distress either with loans and mortgages against his home or taxes due. Taxes are first on a homestead in this state, and can be sold for either state, county, city or school taxes. Homes in any part of the county can classify where the acreage is such that same will not come within a farm unit—30 acres or less. The Federal Farm Loan Bank has jurisdiction in all units above 30 acres, and homes suburban or country that have less acreage than 30 acres come under the intent and purpose of the home owners' loan act.

Mr. Smith is anxious that Scurry County people—home owners—who owe taxes and can not pay them and whose property is clear of all other indebtedness, to take advantage of the organization the government has set up and which he represents in Scurry County. By paying taxes in this manner, spreading them out over a period of 15 years at a low rate of interest, the owner helps himself, the state, county, city and city if he lives within the corporate limits of city or other incorporated towns in Scurry County. The appraiser explains that some people understand that property can not be sold for taxes where it is a homestead, but they are mistaken. Taxes must be paid some time, and the only reason foreclosures have not resulted in Snyder and Scurry County in many cases is for the reason that the county, state, city and school have been lenient.

Final Voting On Football Sponsor Closes Thursday

Interest in selection of a football sponsor for Snyder High School is at fever pitch as the time for final voting—4:00 o'clock this afternoon—draws near.

Bonita McGahey, senior candidate, and Florenz Winston, sophomore candidate, are survivors of the preliminary vote, in which Frances Northcutt, junior candidate, and Dewayne McGahey, freshman, were eliminated.

The winner will not only be football sponsor for the season, but will represent Snyder High School as rodeo queen in the Round-Up parades Friday and Saturday.

Votes are based solely on sale of Lamesa-Snyder game and seasonal football tickets. Each penny collected on ticket sales means a vote for the seller's candidate. Season tickets for the four conference tilts to be played here are sold to adults for \$1, to children for 50 cents. Prices of Friday afternoon's game are 20 and 35 cents.

Pike's Peak Record Broken by Goodyear Equipped Speed Car

When Al Miller established a new record for the Pike's Peak climb on Labor Day, he negotiated the distance in 19 minutes, 52 seconds with a Goodyear-equipped Essex terraplane, according to J. R. Hicks, local Goodyear dealer.

"The Pike's Peak course," states Mr. Hicks, "is a rough gravel trail that ascends from an altitude of 9,150 feet to 14,109 feet with 160 treacherous curves en route.

"Miller broke the existing record by one minute, 27 seconds. Immediately following his successful climb he wired Goodyear the following message: 'Your tires played important part in my record breaking climb up Pike's Peak and helped me win this event today with Hudson Essex terraplane.

"The sharp edges of your all-weather tread design enabled me to take the dangerous curves at a speed that I believe would have been impossible with any other combination. Your tires took tremendous punishment and it was a real test of your super-tread cord construction."

Bingo—"How do you like that used tire you bought?"

Stingo—"I don't like it at all. It makes so much noise that I can't hear anything my wife says."

Bingo—"How much will you sell it to me for?"

Science says Today use a LIQUID Laxative
 If you want to GET RID of Constipation worries—

Any hospital offers evidence of the harm done by harsh laxatives that drain the system, weaken the bowels, and in some cases even affect the liver and kidneys.

A doctor will tell you that the unwise choice of laxatives is a common cause of chronic constipation.

Fortunately, the public is fast returning to the use of laxatives in liquid form.

A properly prepared liquid laxative brings a perfect movement. There is no discomfort at the time and no weakness after. You don't have to take "a double dose" a day or two later.

In buying any laxative, always read the label. Not the claims, but the contents. If it contains one doubtful drug, don't take it.

Dr. Caldwell's Syrup Pepsin is a prescriptive preparation in which there are no mineral drugs. Its ingredients are on the label. By using

it, you avoid danger of bowel strain. You can keep the bowels regular, comfortable, and you can make constipated spells as rare as colds.

The liquid test:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics:

First, Select a good liquid laxative. 2. Take the dose you find is suited to your system. 3. Gradually reduce the dose until bowels are moving regularly without any need of stimulation.

Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used. It contains senna, a natural laxative which is perfectly safe for the youngest child. Your druggist has Dr. Caldwell's Syrup Pepsin.

Don't Suffer from Sour Stomach, Indigestion
 Indigestion, acidity, heartburn and sour stomach often lead to serious stomach trouble. Dr. Emil's Adia Tablets counteract these conditions. Give quick relief.—Stinson Drug Co.
